ONE CENT

ELECTION DAY
IN MANITOBA

There Are 144 Seeking 51 Places
Two Elections Are Deferred
— More Men Than Women Voters — Candidates in Winnipeg Number 41.

(Canadian Press)
Winnipeg, Man., June 29.—Manitoba today is electing a new legislature, and 208,816 registered electors are entitled to go to the polls. Elections are deferred in the Pas and Rupert's Land, and the voters in those constituencies are not included in the total given.
Fifty-one members are being elected today, and these, with the two deferred elections and two members elected by acclamation, make up the membership of fifty-five in the next legislature.
More men than women are entitled to vote. The last voters' list showed 107,455 males and 97,961 female electors. The new list shows 129,943 men and 108,246 women. The city of Winnipeg holds 62,555 voters, nearly thirty per cent of the provincial total.
One hundred and forty-four candidates are in the field, and ninety-three of them are bound to be defeated. Winnipeg has a field of forty-one starters and only ten can win. Winnipeg voters under proportional representation in the election are entitled to elect a woman. The last voters' list showed 107,455 males and 97,961 female electors. The new list shows 129,943 men and 108,246 women. The city of Winnipeg holds 62,555 voters, nearly thirty per cent of the provincial total.

THEY EXPECT TWO
LIBERALS TO BOLT

Go Over to Farmers' Party on Matter of Increase in Indemnity.

(Special to Times)
Ottawa, Ont., June 29.—When the second reading of the bill amending the House of Commons act to give increased salaries and indemnities to premier, ministers and members of parliament comes up on Tuesday afternoon, the Liberal Party is faced with the prospect of two bolters to the Farmers' Party, Roch Laundot, member for La Prairie, and Edmond Frouin, member for Prescott. These have come in for considerable criticism because of their stand against the increase for the present parliament, and they contend that their associates in the progressive party would be more congenial to this and other topics.

WRITES LETTER;
TAKES POISON

Young Woman Ends Her Life in a Quebec Hotel.

Montreal, June 29.—A mysterious suicide took place recently at the Central Hotel, Quebec, when Miss Germaine St. Laurent, whose address is known, swallowed an ounce and a half of bromide and chloral compound. She had hired a room at the hotel, and was still living there on Wednesday. She went directly to the room and wrote three letters, one to Montreal, another to Toronto and a third to England. These she posted early in the evening and then retired.
Thinking that she was resting her maid did not disturb her until noon on Thursday when she found Miss St. Laurent still living but very weak and foaming at the mouth. A physician was unable to save her life.
An envelope with a \$10 bill pinned on the outside contained a request for the doctor to sever an artery so as to make sure that she would not be buried alive. Beyond the fact that the poison had been bought in Toronto and that there were car tickets for two cities in Ontario in her possession, there was no clue to her address.

M. T. PEARSON
OF C. P. R. PASSES
AWAY IN MAINE

Word reached the city this morning that M. T. Pearson, traveling passenger agent of the C. P. R. for the State of Maine and northern New Brunswick, had passed away in Houlton, Me., following an operation for appendicitis. He is survived by his wife and five children. He was in the employ of the C. P. R. for sixteen years and during that time won the confidence of his employers and the esteem of his fellow associates. He was frequently in the city during the winter season looking after the interest of passengers traveling through his territory and while here made a host of friends who will regret the loss of his life.
Farmers and Wheat.
Ottawa, June 29.—Farmers will receive fifty per cent of the excess due them on Canada wheat bonus participating certificates about July 15 next.

JUNE BRIDES

A very pretty wedding was solemnized at the home of Keith K. Barber, Torreyburn, this afternoon at one o'clock, when his youngest daughter became the bride of Robert Clark Stewart, of West St. John. The ceremony was performed by Rev. J. G. Gough in the presence of immediate friends and relatives. The bride, who was given away by her father, looked charming in a silver and white gown with a white sash and a white veil. She carried a bouquet of roses. The groom was in a dark suit and a white shirt. The ceremony was a simple one, and the bride and groom left on a honeymoon trip to Quebec, Montreal and Toronto. Returning they will reside in Clarendon street. They were the recipients of a large number of magnificent presents, testifying to their popularity.

FERRY PASSED

Council Decides to Contribute \$2,500 Towards Purchase and Up-keep

On account of the desire of Commissioner Thornton to attend the police chiefs' meeting at Moncton this afternoon, the weekly meeting of the common council was held this morning. The mayor presided and all the commissioners were present.

CLAIM AGAINST CITY FOR
DAMAGE TO TRUCK — TENDERS FOR
LUMBER ACCEPTED — THE
NORTH END PLAYGROUNDS —
PRINCE WM. STREET PAVING —
GERMAN GUNS ARE HERE.

A communication from the department of justice at Ottawa to the city for the cost of the St. John Rifle range was read. It was stated that the department of justice had given the city a bill for \$2,500 for the purchase and up-keep of the rifle range. The mayor stated that he would refer the matter to the council.

TRUBLE AT SEARA

Serious Situation Reported at Seaport in Dalmatia — Mission to Albania.

London, June 29.—A Rome despatch to the London Times stated Monday says a serious state of affairs is reported from the Albanian coast. It is said that the Italian admiral, Miro, appealed to the Italian government for assistance. The despatch adds that it is reported that the cause of the trouble is not indicated in the despatch.

IS DISMISSED

Petition for Separation from Former Rector of All Saints, Montreal.

Montreal, June 29.—The petition of Mary A. M. Stevenson asking for a judicial separation from her husband, Maurice Daly Baldwin, formerly rector of All Saints' Anglican church, this city, and son of the late Bishop Baldwin of the Huron diocese, Ontario, was dismissed by judgment of the superior court yesterday by Mr. Justice Howard.

WEATHER
REPORT

Issued by authority of the Department of Marine and Fisheries, St. John, N. B., by P. St. George, director of meteorological service.
Synopsis—Pressure is relatively high over the southern states and lowest in the Pacific states and in Ontario and Quebec. Thunder storms have been most general from the Georgian Bay region to Quebec, while a few light scattered showers occurred in the western provinces.
Showers and Thunder
New England—Showers and thunder storms probably tonight and Wednesday. Some heavy showers Wednesday. Fresh southwest winds.

DECORATION FOR
LT. COL. POWELL

To be Honored by Czechoslovakia in Force Here.

Lieut. Colonel A. H. H. Powell, assistant adjutant general for military district No. 7, is to leave today for Valcartier, where he will be decorated by Colonel Vuchterik, commander of the Czechoslovak contingent there. Colonel Powell was in Siberia and served for some time, and it is probably in connection with his service there that the decoration is being conferred. No details were received except his notification to appear and receive the honor.

DIED SUDDENLY

Mrs. Louis J. Hanson of Ludlow Street, West End.

The many friends of Mrs. Clara Belle Hanson, wife of Louis J. Hanson, 108 Ludlow street, West St. John, will regret to hear of her death, which took place last night at 10.30. She had been ill for some little time but was apparently improving until last night when she was taken ill. Her husband was at her bedside and she died peacefully. She was a daughter of Mr. and Mrs. Moore of Freepoint, N. S., and thirty years of age. She was an active member of the St. John's Baptist church and was a member of the St. John's Ladies' Aid Society. She was a devoted mother and a kind and generous friend. Her death is a great loss to her family and to the community. The funeral will be held tomorrow.

REPORT SOVIETS
GET SWEDISH
ENGINE WORKS

Stockholm, June 29.—It is reported that Sweden's greatest locomotive works, which are being transferred to the Soviet Union, have been sold to the Soviet government. The works are being transferred to the Soviet Union and will be used for the production of locomotives for the Soviet Union.

CLUBS MUST CLOSE
AT NINE O'CLOCK

Ruling Affects Sale of Beer and Wine in Montreal.

Montreal, June 29.—A ruling handed down yesterday by Judge Choquette declares that clubs are in the same class as licensed premises in regard to the sale of beer and wine. They must close at 9 p. m. This was the Laurier Political Club test case and the ruling means that all clubs must close at 9 p. m. It is probable that the judgment will be a relief to many clubs which have been closed by the police.

FOR NEXT ELECTION

Organization of Farmers to be Discussed in Winnipeg on July 12.

MARY PICKFORD
CAUSE OF HITCH
IN PROCEEDINGS

Buffalo, N. Y., June 29.—When balloting for officers for the opening year was started by the Northern Baptist convention here yesterday afternoon the presence of Mary Pickford and Douglas Fairbanks caused a hitch in the proceedings. The report of the nominating committee was opposed by a motion to substitute the name of the Rev. James A. Francis of Los Angeles for that of the Rev. J. W. Brougher, also a Californian. Mr. Brougher performed the marriage ceremony for Douglas and Mary and since coming here as a delegation to the convention has made a public address in which he emphasized his belief that it was not contrary to church law to marry divorced persons.

SUDDEN DEATH OF
REV. GEO. E. ECKMAN

Scranton, Pa., June 29.—Rev. Geo. F. Eckman, pastor of Elm Park church, formerly editor of the Christian Advocate and a big figure in Methodism, died here yesterday. He was 72 years of age and had been in poor health for some time. He was a devoted minister and a kind and generous friend. His death is a great loss to the church and to the community. The funeral will be held tomorrow.

NEW RECORD MADE
IN PARACHUTE DESCENT

Dayton, Ohio, June 29.—Sergeant Bertie McCook Field yesterday made a parachute descent of what was said to be 19,500 feet, believed to be a new record.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbourn, "I have changed my mind about going to Ottawa to form a new government."
"It 'ud hardly be worth while to try," said Hiram. "Not being a farmer you wouldn't last long if you did get a start."
"Not only that," said the reporter, "but since the indemnity has been increased to \$2,500 I could get along nicely as a private member, without any worry at all. I've just long desired to get a chance for an \$1,000 a year, and this seems providential. They must have had me in mind."
"You ain't the only one," said Hiram. "I wish my petticoats 'ud give as big a feller's board bill just over the limit he gets paid for the extra, an' it don't cost him a cent to travel all the year round. An' that ain't all he gets. I wouldn't mind being a member myself—if I could count Hiram to run the show."
"Yes, sir," said Hiram. "They'll swarm—like Hiram's bees. The wood'll be full 'em. Everybody'll want to be in the new union that kin fix its own pay without sign'g out on strike. If a feller's board bill just over the limit he gets paid for the extra, an' it don't cost him a cent to travel all the year round. An' that ain't all he gets. I wouldn't mind being a member myself—if I could count Hiram to run the show."
"One moment," said the reporter. "I've another idea. Let everybody else be a candidate for you and I will be the intelligent elector. There will have to be somebody to give the casting vote." "Kin't you," said Hiram, "well think it over—but we'd be awful lonesome."

SAYS ENGLAND
"PUT ONE OVER"

Dr. Michael Clark on Canada's Navy Plans

SAYS SHIPS SHOULD NOT HAVE
BEEN ACCEPTED — HON. W. S. FIELDING SAYS GOVERNMENT SHOULD TELL ENGLAND
WE NEED BREATHING SPELL.

(Canadian Press)
Ottawa, June 29.—The House early this morning took up the matter of the committee of supply, the naval estimates totalling two million dollars. Dr. Michael Clark said that the government had been short-sighted in accepting England's gift of ships, in consideration of the financial condition of the country and the fact that the naval policy remains to be discussed at an imperial conference in 1921. England had "put one over" on the Canadian government. He expressed belief in the influence for peace which the League of Nations would exercise in world politics and deplored the waste of money on armaments in Canada. It would be better spent on the education and domestic welfare of the Canadian people. The war of armaments would lead logically to actual war. Sir Robert Borden said the national policy could be better decided on results than on conjecture as to how the nearest war would be. Naval defence was as essential to Canada as to any other portion of the empire. Safety zones on the high seas in time of war were important to Canada. Force was an argument not to be denied in world affairs and one that they could not ignore. Hon. W. S. Fielding said that his creed on naval affairs was unchanged since 1909 when his government had resolved that Canada should co-operate with Great Britain in naval defence. That policy had never been carried out until now this government proposed belatedly to carry it out. While he did not suppose that war was at an end for ever, it could be said with safety that war was not imminent. The navy was needed in 1909 and there was money to pay for it. If on the other hand money could not be found for needed domestic developments, how could the government justify the introductions at the end of the session of an increased estimate of \$1,000,000 for naval expenditure. The government should define England's gift of ships for the time at least.

SUGAR FROM CANADA

Chicago, June 28—Four million pounds of sugar arrived here from Canada this month, customs reports show. It was purchased in Cuba by English merchants, sold to Canadian consignees and re-sold in this country.

FUEL OIL FAMINE

Vancouver, June 28—A famine in fuel oil faces the paper making industry in British Columbia and if the famine comes there may be no newspapers in Vancouver, Seattle and Tacoma and other Pacific coast cities as far south as San Francisco and San Diego.

The Evening Times and Star

ST. JOHN, N. B., JUNE 29, 1920. The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

SOME ENCOURAGEMENT. The city council acted with commendable promptness in deciding to permit the C. N. R. to lay more tracks in Water street. It is said there is room for still another track beside the grain elevator, and if so it should be offered to the railway. If now an arrangement is made to secure the present Digby post wharf as a grain berth in winter it would help to relieve the congestion, which would be still further relieved by erecting grain conveyors to two or three more berths at West St. John.

AT OTTAWA. The Ottawa correspondent of the Standard press in this word-picture of the House of Commons— "During the past few days members have acted as a lot of children. There are, of course, exceptions; men who realize that such chaos as now prevails is both bad and dangerous, but they are a small minority. The overwhelming bulk of all parties, seemingly oblivious to the storm that is gathering in the country, are pocketing their indemnities and rushing vital legislation through at a rate that prohibits consideration."

AN EXPLANATION. A good deal of disappointment has been expressed, and many enquiries come to the office this morning from persons who desired to know exactly what was in this newspaper was not a member of the baseball team from this establishment which covered its opponents with glory last evening. It may be said in reply that the editor offered his services to the staff in any capacity whatever, with a preference for the position of short-stop. The offer was rejected with laughter and scorn. The captain of the team said that for once they proposed to control the space themselves and use comas instead of stops if they so desired. They used comas, and undoubtedly had all the space they could fill. The manner in which the printers handled the stick was positively painful, and in the matter of chase they left nothing to be desired except somebody to pick up the ball. The forms were locked up before they went on the field. Hence none of them could show any. There were neither heads nor tails. As rollers they excelled, and the dust provided them with an excellent blanket, but the press broke down before the run was half completed. It is needless to say more about these players. Every reader knows the type. The movie men very consistently drew the curtain, after having snapped the ball, and screened the film of tears which obscured the eyes of the pained spectators. After all, the editor scolded.

NOVA SCOTIA'S PREMIER. After twenty-four years of honorable and successful leadership, Premier Murray of Nova Scotia is once more appealing to the people. The manifesto he has issued reveals a long record of useful and advanced legislation, which has greatly contributed to the development of the resources of Nova Scotia, and to the welfare of its people. The health of Liberal leadership. He is beloved at home and honored and respected throughout Canada. It is a privilege as well as an honor to have served one so long and to such good purpose. The opposition has had one leader after another in its efforts to defeat the Murray government, but the people trusted his leadership and returned him to power after term. In the campaign which has now begun there is no scandal to be aired, but the electors are asked to make their decision on matters of public policy. In regard to agriculture, industry, public health, education, highways, labor legislation and laws relating to social welfare the government can point to a very noteworthy record. It is expected the farmer movement will have some influence in certain counties, and it would not be surprising if some farmer candidates were elected, although the movement has not yet gained as much headway in that province as in some others. To the casual observer the return of the Murray government to power would seem to be assured. One paragraph in the premier's manifesto is of special interest to New Brunswick. It says:— "At the last session of the legislature a resolution was passed calling for an early conference with the governments of New Brunswick and Prince Edward Island in reference to the claims of the maritime provinces against the federal government with respect to western lands and the cash subsidies paid to western provinces in lieu of lands. I find this matter of the very highest importance, and shall press our claims with the utmost vigor for a readjustment of the federal subsidies on such a basis as will give to Nova Scotia a fair compensation for the alienation of vast territories in which our province had a proprietary interest."

TRAIN ROBBERS ARE SENTENCED. Quebec, June 28.—Hon. Justice Deseray has sentenced the following train robbers: George Topping, the alleged leader of the Van Stueben in a 1400-ton gross ton vessel, with accommodations for 1200 passengers. She was built in Stettin, Germany, in 1901. The G. W. V. A. team of this city will play in Moncton on Dominion Day, and not here as previously announced. The line-up of the team will be—Killen, catcher; Kirkpatrick, Henderson and Beattie, pitchers; Gorman, 1st base; Marshall, 2nd base; Pendrigh, 3rd base; McGowan, short-stop; Case, left field; Garnett, centre field; Howard, right field.

BOAT HELD OVER. Bantry, Ireland, June 28.—Refusal of the trainmen to work trains carrying soldiers and police has been followed by similar action by the officers of the Bantry Bay Line steamer Lady Elsie, when the vessel was ready to start for Castletown-Berberaven, twelve armed police came aboard and refused to leave, whereupon the officers declined to man her. She is now at the pier with police aboard.

QUIET AGAIN. Rome, June 28.—Quiet was restored today in the centre of Ancona according to despatches from that city, the anarchists who have been creating serious disorders there retiring to the suburbs. The central part of the city was cleared when a detachment of Carabinieri, protected by artillery, marched through the quarter, where the anarchists forces had been in possession.

Bids for Steamship. Washington, June 29.—Sealed bids for a resolution was passed calling for an early conference with the governments of New Brunswick and Prince Edward Island in reference to the claims of the maritime provinces against the federal government with respect to western lands and the cash subsidies paid to western provinces in lieu of lands. I find this matter of the very highest importance, and shall press our claims with the utmost vigor for a readjustment of the federal subsidies on such a basis as will give to Nova Scotia a fair compensation for the alienation of vast territories in which our province had a proprietary interest."

Rippling Rhymes by Walt Mason

(Copyright by George Matthew Adams)

LAND SHARKS. We used to journey off to Rome to spend the long vacation; but now we jaunt around at home, for rest and recreation. Our native land has all the goods that any country offers; our mountains and primeval woods rebuke the world-tour scoffers. We have a string of gorgeous parks, and rivers, lakes and oceans; we also have all kinds of sharks who stir up wild emotions. When any region makes a hit, and people go to view the natives say, "Before they get their rolls, beset by it!" The stranger who's within their gates, in his new bib and tucker, is trimmed by proffering skates who greet him as a shark and charge, with his up-serve of steel, two dollars and a quarter. The pirate of the roosting shark charges set you weeping. The system's foolish and insane, so profiteers find it; and gaudy advertising's vain if piracy's behind it. The man who's stung in Glossy Glen will tell the world about it; and he won't seek that gin again, and his friends will float it.

CANADA—EAST AND WEST. Dominion Happenings of Other Days

ATTACKING QUEBEC. On June 26, General Wolfe, British commander to whom had been entrusted the task of capturing Quebec in the new world, was making a gallant stand against the French leader, General Montcalm. For several weeks he had been endeavoring to find a way to capture the French stronghold, but he had been unable to save his ships from the fire ships sent against the British by Vaudreuil, one of the French commanders.

WHY THEY CUT PRICES. My, but what a lot of noble patriots are blossoming among our retail merchants! At least, hundreds of newspaper advertisements tell us so. Almost every announcement of a cut in prices has been accompanied by the statement that the merchant has been actuated by the praiseworthy, unselfish, patriotic desire to do something for the "dear public." They have pictured themselves as heroic soldiers launching a frontal assault upon profiteering producers, manufacturers and everybody else except themselves. They—these fearless champions of the public—have decided to rise up and slay the voracious army of profiteers and spear into death that monster, H. C. L. The truth is that merchants in New York, in Omaha, in Kansas City, in Philadelphia, in Chicago and elsewhere are scarcely unable to dispose of their spring stocks promptly and are being called upon very insistently by the banks to meet their obligations. So long as the public were fools enough to pay whatever ridiculous prices retailers cared to tag on their goods, there was not one among them who dreamed of announcing wholesale cutting of prices. They gouged the public to the last minute possible. When, finally, the more sensible element among the public refused to pay at exorbitant prices, there was revealed by and by. How near certain mercantile establishments came to going under, perhaps be disclosed, if the whole truth becomes known. Ugh! hypocrisy indulged in by some merchants will open the eyes of the public—Forbes Magazine (N. Y.).

SUGAR SUPPLIES. (Toronto Globe). Better news as to the outlook for sugar has been heard of late; that is, taking the world's supplies as a whole. Gradually various countries in Europe are increasing their stocks of beet-sugar. Their efforts, however, are seriously hampered by lack of fertilizers, at present scarce, and by large stocks in Great Britain, the quantity at the end of April, including glucose and molasses, being 7,816,000 tons, or more than double the quantity held in April, 1918. Reports from Germany show a reversion to beet industry, a recent estimate of the German crop being 1,650,000 tons against 750,000 tons last season. French production is expected to be 1,500,000 tons, and the country became an importing instead of an exporting nation in sugar. As the northern portions of France are restored, the industry will rapidly expand. The Belgium crop, which in 1918 was only 70,000 tons, rose to 150,000 tons last year, and may reach 150,000 tons this year.

LORD OF THE LANDS. Lord of the lands, beneath Thy bend, On field and flood, where'er our banner flies, Thy people lift their hearts to Thee, Thy grateful voices raise: May our Dominion ever be Thine own! Thy will alone let all enthralment; Lord of the lands, make Canada Thine own! The Almighty Love, by Thy mysterious power, In Wisdom guide, with faith and freedom down; Be ours a nation evermore, That no oppressor's rights, Where Justice rules from shore to shore, Freely lead to Northern Lights, May Love alone for wrong atone; Lord of the lands, make Canada Thine own!

MUST CARRY LIQUOR. License Board's Order to Express Company Invalid. Toronto, June 29.—Justice Masten, who gave judgment a few days ago in favor of Graham and Strang, who had a liquor dispensary at Kenora, Ontario, ordering the Dominion Express Company to accept shipments of liquor, even though the Ontario License Board had forbidden the company to do so, stated his reasons for the judgment. They are as follows:— "(1) The defendant is a common carrier; (2) carrying liquor is a part of its possessed business; (3) it cannot at its own option refuse to carry for a particular class, though that class is designated by the Board of License Commissioners for Ontario; (4) the power to the Board of License Commissioners to interfere in the manner herein attempted, with the export of liquor from Ontario; (5) if it did, the act would be ultra vires of the provincial legislature."

The Steady Death Rate. Wary after twelve months' hard work, the pretty typical sought solitude among the healthy hills of Halberst. The advertisement had attracted her. Halberst was described as the best, prettiest and finest and everything-elsest spot in the world. "Tell me," she said on her first day, when she met a stanch old relic of the district, "what is the death-rate in Halberst?" The local walking advertisement noted his head reassuringly. "Wonderful steady, 'naam—wonderful steady!" he replied. "The death to each person."—Mail and Empire.

TAKE UP MATTER OF CITIZENS' FORCE

Interesting Features Deal with at Commercial Club Meeting. The most important question taken up for discussion at the meeting of the Commercial Club last evening was the citizens' police force in aiding the enforcement of traffic regulations. H. R. McLellan, secretary of the club, made the suggestion, and W. J. Byrnes spoke in favor of such a force. E. W. Mackay thought this force, which was proposed to be composed of seventy-five or 100 citizens, members of the club, should not be a full-time force, but a part-time force.

RECENT WEDDINGS

Right Rev. John J. Walsh, V.G., D.P., officiated at Holy Trinity church yesterday morning at the marriage of Giovanni Juliano and Miss Thurlie Lavigne of 128 Mill street.

Mrs. Laurie F. M. Morgan, wife of the late Rev. A. R. Morgan, of Newfoundland, was united in marriage yesterday at the home of Mr. and Mrs. H. H. Stuart, Sunny Bess, to John S. Johnson, of Newcastle, N. B. Rev. H. Stanley Young performed the ceremony.

Mrs. Jane V. Cotton, of Commonwealth avenue, formerly Miss Jane V. Eaton, daughter of B. D. Eaton of New York, formerly of Calais, was united in marriage in Boston on Saturday to Major Guy Murchie, formerly of Calais.

RECENT DEATHS

James McNaught, a well known and highly respected resident of Sussex, dropped dead of heart disease on Friday and the funeral was held yesterday. Mr. McNaught was seventy-eight years of age and is survived by his wife, four sons and four daughters. The sons are James, Lawrence, Dennis and Walter, at home; and the daughters are the Misses Anna of this city, Nora and Ella of Sussex and Mrs. John Kerr, also of that town.

The death of Mrs. James F. Connors took place suddenly at her home in Chatham on Saturday. She leaves her husband, who is police magistrate of Chatham.

The death of Mrs. John McDonald took place at the Hotel Dieu Hospital, Chatham, on Sunday, after a lengthy illness. She is survived by one brother, Rev. Father Hannon of Barnaby River.

James Keenan died at the Hotel Dieu Hospital, Chatham, on Friday, after a lengthy illness. He leaves three sons, four daughters and five sisters.

Mrs. James Crossman died on Sunday evening at the home of her son in Moncton, at the age of seventy-two. She leaves four sons and two daughters.

SUGAR 26 CENTS A POUND IN LAND WHERE IT GROWS

Honolulu, T. H., June 28.—With fields of sugar cane stretching for miles across the island from the outskirts of the city, Honolulu likely will be paying twenty-six cents a pound for its retail sugar in the near future, says the growers. The dealers say they have been buying sugar at 24 1/2 cents a pound and they are allowed two cents profit by the United States attorney general's order.

The remaining property of the Crescent Candy Company was sold at auction yesterday by Sheriff A. A. Wilson under an execution out of the county court. High prices were prevalent and bidding was brisk.

Stores Open 8.30 a.m., Close 5.55 p.m.—Friday 10 p.m., Saturday 12.55 p.m.

Warm Days Bring Forth New Summer Frocks of Foulard and Printed Georgette

Delightful in Color and Fabric

To have one of these simple, yet elegant, frocks is to rest assured that one is never in the state of having "nothing to wear," for they fit in surprisingly well with one's summer needs. The values are really exceptional.

Some of these smart frocks are as follows:—

One youthful model is developed in Copen and White Foulard. The neck is cut in becoming V shape, finished with fine lace collar. Waist is in basque effects with wide tie-back sash and the smart skirt is fashioned with six full pleated frills, one over the other. It has short sleeves.

A Brown and White Foulard Frock, with its long waisted, loose hanging lines is very charming. The round neck and loose sleeves are filled in with soft cream frilled net, trimmed with bands of silk. A jaunty shoe-string belt with tiny metal buckles adds a distinctive touch.

Black and White Printed Georgette is used in another very smart creation. The neck, sleeves and long overskirt are all edged with a double ruffled frill of black taffeta. Sash has a pretty up and down bow at back.

Still another fascinating frock is of dark and light Blue Printed Georgette over navy taffeta. The pattern is prettily outlined around bottom of overskirt with crystal beads. The belt is fashioned of navy and rose folded silk, and the square neck is finished with lace edged organdy collar.

Other combinations are—Navy Satin with Sand and Navy Georgette Tunic, Navy and White Foulard with dark blue accordion pleated over-dress. There are more styles, too, all attractive and lovely.

LOCAL NEWS

The boys of St. David's church left yesterday by the D. J. Purdy for their annual "Camp Galahad" at Holder's Point on the river. The advance party went up on Saturday, with the tenting and the big marquee and make ready the grounds. About twenty-six boys are in camp under the leadership of A. R. Crookshank, Rev. J. A. Mackeligan, Robert Reid and F. J. Punter.

The boys' and girls' choir and the sanctuary boys of the Cathedral parish had a picnic at the grounds at Porter's charge of the Sisters of Charity. The young lady Sunday school teachers were in attendance. His Lordship Bishop LeBlanc and the priests of the palace went to Torriburn at noon to have dinner with the young people.

The celebrated drama by J. Hartley Manners, "The House Next Door," was ably presented last evening in St. Patrick's hall, West St. John, by the Assumption Dramatic Club. All the members of the cast played their parts with ability and a crowded house witnessed and enjoyed the performance which was much enjoyed. The play was staged under the direction of Stephen Hurley and Joseph Hart and much credit is due the directors for the success of the performance. It will be repeated this evening.

Important problems now facing the country were discussed last evening in an address to Orangemen by Rev. H. A. Fish, P. G. C. of British North America. The meeting was held in the Orange hall, Germain street, and was for members of the order in good standing only. Francis Kerr, county master of St. John, and several prominent members of the order in this city were present.

Mrs. Woodhall of Calgary, who has been the guest of Mrs. W. Edmond Raymond while in attendance at the National Council of Women, left last evening for her home in Calgary. Mrs. Cole of Port Arthur, another delegate, also left last night for her home. Mrs. L. A. Hamilton of Toronto left last evening for Bedford, N. S., to spend a month. While here she was the guest of Mrs. W. Frank Hatheway.

Sadie Willa Fisher, young daughter of Charles Fisher, 57 Adelaide street, was injured on Sunday evening while playing in front of her home. The Millidgeville bus was passing the house and it is supposed the child ran out and was

Proper Thing Now Is to Peel Off Soiled Skin

Those who abhor sticky, greasy, shiny, streaked complexions should religiously avoid creams, powders and rouges during the heated days. There's no need for them, anyway, since the virtues of mercerized wax have become known. No amount of perspiration will produce any evidence that you've been using the wax. As it is applied at bedtime and washed off in the morning, the complexion never looks like a make-up. Mercerized wax gradually takes off a bad complexion, instead of adding anything to make it worse. It has none of the disadvantages of cosmetics and accomplishes much more in keeping the complexion beautifully white, satiny and youthful, free from freckles, pimples, blotches and other blemishes. Just get an ounce of it at your druggist's and see what a few days' treatment will do. Use like cold cream.

struck by the iron step at the rear. Her knees were cut and her side bruised. Dr. Dalton was called in yesterday and found her left foot so badly swollen that it is not known if any bones are broken or not.

A surprise party was tendered to Mr. and Mrs. William P. McDonald, 16 Exmouth street, last evening, the occasion being the fifteenth anniversary of their marriage. Frank O'Hara read an address and made the presentation of a handsome set of china. Edward Hennesberry and J. L. Kerr gave readings and games and dancing were indulged in. At the close of the evening, refreshments were served.

At a meeting of the Municipal Chapter, I. O. D. E., held yesterday afternoon in the government rooms with the recent Mrs. A. W. Adams, in the chair, a report of the annual meeting in Calgary on May 24-29 was given by Mrs. Adams. Mrs. Heber Vroom, who was also a delegate, spoke of the war memorial fund. Reports from the junior

chapters were received relative to the prizes given in the local schools. No more meetings of the Municipal Chapter will be held during the summer.

MORNING NEWS OVER THE WIRES

Earl McLean, the C. N. R. brakeman who was seriously injured in an automobile accident near Collier Mountain, Albert county, a day or two ago, is slowly improving and is expected to recover. He was at first reported dead. The cancer patients being treated by Dr. T. J. Glover of Toronto with his newly discovered serum are said to have improved remarkably under the treatment. They had been pronounced incurable and were suffering terrible agonies, which the serum has relieved.

The inland revenue department at Ottawa has announced that a decision has been reached not to begin collection of the new taxes by means of the revenue stamps until Aug. 1. All methods of cancellation of the stamps have been

considered, and it has been decided that the most satisfactory method will be by means of a punch. This punch will be supplied by the department at cost to all merchants.

Seven deaths are reported in the C. N. R. Employees' Relief and Insurance Association during the month ending June 25. This is an unusually small number. A big labor demonstration is to be held in Chatham on Dominion Day. It is expected that 2,500 men will take part in the parade. In the afternoon a big programme of sports will be run off and teams from Moncton and Chatham will meet on the baseball diamond. In the evening there will be a dance in the exhibition building.

ALL ACCOUNTS IN ORDER.

Ottawa, June 28.—The report of the select committee on public accounts was tabled in the House at the opening of this afternoon. In the matters investigated it was found that vouchers were available for all payments made and that all accounts were in order.

NOVA SCOTIA COAL

Visitor Learns with Amazement About the Estimated Quantity.

(Maritime Merchant.)
The man sitting beside us was from Oklahoma, or Kansas (we forget which), and as the train sped through from Yarmouth he asked us an occasional question about the resources of Nova Scotia. "You have some coal in this country?" he said. "Yes," we replied, "we have a little. Hon. E. H. Armstrong, our commissioner of public works and mines, who is sitting on the other side of the aisle, can tell us approximately how much we have." Mr. Armstrong turned his head in the direction of the enquiry and said: "Well, I sup-

pose there is a certain amount of guess-work about it, but some geologists estimate that with our coal extensions into the Gulf of St. Lawrence along the Cape Breton coast, we have about 9,000,000,000 tons; others more moderate say we have 6,000,000,000 tons."
"Six billion five hundred million tons! Think of it!" exclaimed the man from Oklahoma, or Kansas, or wherever he was from. "Even the lower estimate seemed to take his breath away. "Six billion five hundred million tons!" he exclaimed again. "About enough to pay off the world's war debt if turned into cash at present day values."
The visitor was very much impressed. And so he should have been. With such enormous coal deposits as these there is nothing in the world that can stop the industrial expansion and increase of wealth of the province of Nova Scotia. It is not only what this coal means to her in direct sales, but what it promises indirectly, that is of significance. It was cheap coal to some extent that made the old country the trading centre of the world. She sent out coal and exchanged it for the goods of foreign countries. It was coal that gave her the outward

Make this Delicious Beverage in your Own Home!

In a few minutes! 32 whole glasses of sparkling goodness, ready as you want it. Tang filled, cooling thirst-quenching.
FAM-LY-ADE comes to you in a small glass tube—a rich concentrated essence of true fruit flavor—enough for 32 glasses. Your own clean sugar and pure table water are the only other ingredients. Quickly made—simple directions on each package.
Five luscious fruit flavors:

**ORANGE LIME CHERRY
LEMON RASPBERRY**

FAM-LY-ADE is sold by grocers, druggists, confectioners and department stores.
Give your family this treat every day—its surprisingly inexpensive. Made in Canada by Power-Keachie, Limited, Toronto.

AN INTERESTING WORD PICTURE OF ENGLISH DERBY

Epson Downs, Eng., June 11—(A. P. Correspondence)—The great English Derby, always a fashion show and a carnival as well as a horse race this year, culminated the records of its hundred and fifty years with an attendance which crowded the race course to standing capacity and populated the hills in a day with a crazy-patterned city of hundreds of thousands of merry-makers, to whom the racing was only an incident in the celebration of the annual festival.

My lord and my lady, the barmaid and the cooler-monger, and all classes of Britons between were there, hobnobbing with pleasure-seekers from other lands—Americans, Frenchmen, Belgians, Italians, Russians, Czech-Slovakians and titled as well as work-worn Orientals and Aulais. The low green hills and hedged-in fields about the famous course were blackened with a multitude of nearly 1,000,000 persons, thousands of whom slept in the warm sun throughout the day, apparently unconcerned about the "Derby" contest.

The pilgrims to the downs began the day before the Derby. An unbroken tide of strange equipages flowed to Epson over all roads. Luxurious limousines crawled along the crowded ways in the wake of the wheelbarrow, donkey carts, and the caravans were checked with the picturesque turnouts popular before motor-driven vehicles limited their usefulness—the chaise, the coach-and-four, the Irish jaunting car, the dog cart, and odd home-made wagons and carts. Not infrequently appeared disabled army officers riding through the dust in motor-driven wheel chairs.

Throughs afoot trooped in across the fields. Children lounged in the grass along the roads, hailing the fine automobiles and their silk-hatted occupants cheerily. Here and there a woman with a baby in her arms begged a penny. While yet a mile from the course the later arrivals were forced by the congestion to park their vehicles and walk—carrying with them their luncheon baskets, and jugs of ale or whiskey and all the countryside was fantastically illumined.

Even when the king and the queen and attendant nobility appeared there was only a ripple of applause, consisting chiefly of perfunctory "hear, hear" and a nodding of heads indicating approval. Above this the raucous cries of the tipsters and the horse jargon of the bookkeepers could be heard.
Few persons except those in the stands saw the race and these displayed no excitement, beyond calling out, "they're off" or making premature announcement of winners.
The crowds stood up when the horses entered in the Derby run, but relaxed into lazy attitudes when the winner was known. It was still the middle of the afternoon and few left when the racing was finished. They made it a full holiday, wandering around and over the course, patronizing the vendors of sausages, lemonades and fish, or try-your-weight machines, or the three-card man, until night had fallen.

EARTHQUAKES IN TAHITI
Papeete, Tahiti, June 29—Earthquakes which have shaken the islands of Tahiti, Moorea and Mehetia without more than a week or two intervals since the autumn of 1918, still continue and have increased in frequency and strength. Of late there have been on an average of two or three a day, usually in the early hours before dawn.
A recent but unconfirmed report affirms that the island of Tubuai, about 400 miles to the south of Tahiti, is also shaking.

This, it is held, would tend to confirm the theory that the source of the disturbance is a submarine outbreak somewhere to the south and west, in that part of the Pacific where volcanic indications would never be seen.

PLAGUE IN THE SOUTH; KILL RATS, IS HIS ADVICE

Surgeon General Cumming Urges Wholesale Extirmination to Avert Serious Epidemic.

Washington, June 29—Calling attention to the discovery of bubonic plague in several American and Mexican gulf ports, and renewing his warning regarding the introduction of plague from Mediterranean ports which are known to be infected, Surgeon-General Hugh S. Cumming has urged communities throughout the country, and especially along the coast, to inaugurate rat-extirmination and rat-proofing campaigns.

"Entirely in accordance with forecasts made by the public health service over a year ago," said Dr. Cumming, "bubonic plague has made its appearance in the United States. At the moment, foci of the infection are known to exist at New Orleans, Pensacola and Galveston and in Tampico and Vera Cruz, Mexico. In Vera Cruz the disease appears to have assumed the proportion of an epidemic and especially so to the role played by rats, the situation should cause no alarm or panic among the people of this country. Nevertheless the very real menace of bubonic plague calls for an energetic campaign of extermination directed against the rat and other rodent pests."

"With the definite knowledge we now possess regarding the transmission of this disease, and especially as to the role played by rats, the situation should cause no alarm or panic among the people of this country. Nevertheless the very real menace of bubonic plague calls for an energetic campaign of extermination directed against the rat and other rodent pests."

"Bubonic plague is primarily a disease of rodents, especially rats," continued General Cumming, "and the disease can be controlled effectively by measures directed against the rat. The extermination of rats is all the more to be desired because of the tremendous economic damage they cause."

According to conservative estimates made by the public health service on the basis of numerous surveys, there is at least one rat for every person in the United States. This estimate coincides with that for Great Britain and Ireland, and with authoritative figures from Denmark, France and Germany. The annual up-keep per rodent was computed by the same authorities as \$1.90 in Great Britain, \$4.20 in Denmark and \$1 in France. The depredations of the rats in the United States will very probably exceed the estimate for Great Britain. One-half a cent a day is considered conservative, but even on this computation it costs the United States \$168,000,000 a year to support its rat population. This does not include mice.

"The public health service is prepared to detail trained experts to assist communities in organizing the fight against rats," said General Cumming. "Many of our officers have had extensive practical experience in this work, and now how to make it really effective. In the seaport cities the work of extermination should be supplemented by bacteriological laboratory examinations to determine whether or not plague infection is present among the rodents. In the inland cities this is not necessary."

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JUNE 29, 1920

AT THE UNIQUE

Sheldon Lewis in Dr. Jekyll and Mr. Hyde Gives Fine Interpretation.

The Pioneer version of "Dr. Jekyll and Mr. Hyde" which is now being screened at the Unique, shows that Mr. Sheldon Lewis has made a careful and intelligent study of his dual role. In his portrayal there is displayed ability to get at the essence of nobility in Jekyll, quite as well as the hideous perversion of Hyde. It is a feature that will hold almost any audience.

Mr. Lewis is capably supported by clever cast and the settings are admirably chosen. Considering these values, and the drawing power of a story so widely read, the pioneer version of this new masterpiece should prove a winner for those who patronize the Unique this week.

Business matters in connection with the club were discussed last night at a meeting of the Carleton Curling Club, held in the club rooms in Rodney street, with Fred B. Byles in the chair.

IN PARLIAMENT

(Canadian Press.)

Ottawa, June 29—Yesterday in the House of Commons an amendment to the railway act which grants to the railway commission powers to deal with the coal situation was given third reading. A bill providing for increases in salaries of judges was given first reading. Third reading was given a bill which provides for extending the operations of the wheat board after Aug. 1 should this be necessary. Third reading of the franchise bill was taken up and some amendments were lost on division.

In the senate third reading was given a bill amending the criminal code which provides that racing continue under present regulations until Oct. 15 instead of Sept. 1.

Bills providing for settlement of differences between the dominion and provincial governments, respecting Indian lands and enfranchisement of Indians were given third reading. Second reading was given a bill to assist shipbuilding.

James Melick led his class, Grade V, in the Hampton Consolidated School, being with the boy whose name was given as class leader in yesterday's paper.

"CHEROKEE BILL" IS 123.

Aged Indian, Veteran of the War of 1812, Celebrates Birthday.

Grand Junction, Colo., June 29—Cherokee Bill, veteran of the plains and soldier in the war of 1812, has just celebrated his 123rd birthday at the county home here.

Cherokee Bill is the only name he knows. In the early days of the country he fought with bow and arrow with the Indians and even used that primitive weapon, he says, when he fought the British in 1812, enlisting in the army when he was 18 years old. He was born June 6, 1797, and was twice listed in the United States census as the oldest native of America.

The aged Indian recently made a cap for himself out of the down of cat-tails and wears this proudly when he hobbles along the streets occasionally with the aid of a cane he has owned since the civil war. He is getting feeble, though he still has a good appetite.

GABY'S JEWELS ON VIEW.

Dancer's Collection of Pearls Called the Finest Ever Seen in Paris.

Paris, June 29—The Jewels of the late Gaby Deslys, French dancer and actress, who died Feb. 11, were placed on exhibition here prior to their sale the benefit of the poor of the city of Versailles, as provided in Mile, Deslys's will.

According to connoisseurs, the collection comprises the finest assortment of pearls ever seen in Paris. Although diamonds, rubies, sapphires, emeralds and other precious stones are adequately represented, they are not quite so conspicuous, the dancer's hobby having been pearls.

One necklace contains fifty-seven pearls valued at several million francs, and there are two pendant pearls, weighing 100 grams each, being absolutely the same in size and weight. Another pearl, black in color, weighs 140 grams, while there are seven other pearls weighing from 70 to 100 grams each. All the pearls were selected and matched with exquisite taste.

U. S. PAYMENTS TO EX-SOLDIERS AND THEIR HEIRS

Washington, June 29—Announcement made today by Director Cholmeley-Jones of the Bureau of War Risk Insurance is that aggregate payments on awards of compensation and of insurance to former service men and their beneficiaries by the bureau totalled \$223,847,687.72.

A recent compilation of compensation payments showed payments on account of death of \$18,914,785.96 and for disability of \$84,527,403.20, both of these aggregating \$103,442,189.16, and including retroactive payments under the new law increasing compensation which became effective Dec. 24, 1919. The payments of insurance alone aggregate \$122,942,625.56, of which \$24,317.66 is on converted insurance.

Jiffy-Jell The New-Type Quick Fruity Desserts Fruit Juice Flavors in Vials

The finest berry flavors Oregon Loganberries

8 Fruits on Call
Real fruits—in Jiffy-Jell desserts

No mere flavors
Millions of homes in the past three years have adopted a new-type quick gelatine dessert.

You know the old type. The fruit flavors come in dry form in the mixture.

In Jiffy-Jell the fruit flavors come in liquid form, in vials. There's a bottle in each package.

You get no mere flavors, no artificial flavors. You get the real fruit juice condensed to an essence. You get the healthfulness and the delights of fruit.

Fruits are crushed
Jiffy-Jell flavors are made by crushing the ripe fruit. Then the juice is condensed to an essence, and sealed in glass.

A wealth of the real fruit flavor comes in each dessert. For instance, we crush half a pineapple to flavor one Jiffy-Jell dessert.

The half-pineapple would cost you about as much as the whole dessert. But we crush the fruit in Hawaii—fruit too ripe to ship. And we bring you a rich pineapple dainty at a trifling cost.

So with loganberries. We crush many berries to make the flavor for Jiffy-Jell dessert. And so with all the fruits we use.

Fruits cost little
You get the real fruit in Jiffy-Jell at trifling cost. And fruit is a daily essential. In jam or marmalade equal fruit would cost you several times as much. Jiffy-Jell makes a tart green salad jelly.

Lime-fruit
This flavor makes a tart green salad jelly.

NO OBLIGATIONS.
London, June 28—No obligations have
been entered into by Great Britain to
give assistance to the Greeks in their
operations against the Turkish Nation-
alists, Premier Lloyd George announced
in the House of Commons today. The
premier declared that the Nationalist
Army was recognized as a combatant
army, subject to the laws of war.

STOPPED HER
HEADACHES

Years Of Suffering Ended
By "Fruit-a-tives"

112 Hazen St., St. John, N. B.
"It is with pleasure that I write to
tell you of the great benefit I received
from the use of your medicine "Fruit-
a-tives," made from fruit juices. I was
a great sufferer for many years from
Nervous Headaches and Constipation.
I tried everything, consulted doctors,
but nothing seemed to help me until I
tried "Fruit-a-tives."
After taking several boxes, I was
completely relieved of these troubles
and have been unusually well ever
since." Miss ANNIE WARD,
50c. a box, 6 for \$2.50, trial size, 25c.
At all dealers or sent postpaid by Fruit-
a-tives Limited, Ottawa.

IMPERIAL HAS A MARVELOUS PICTURE

In Paramount Production of Robert Louis Stevenson's "Dr. Jekyll and Mr. Hyde" — John Barrymore's Unquestioned Masterpiece.

That a story by Robert Louis Stevenson should be fashioned into a moving picture that will be classed as one of the screen's sensational successes belongs to the natural order of events. The author of "Treasure Island," "Kidnapped" and the rest of his wonderfully dramatic romances was bound to prove an Aladdin's Cave of precious material for the Silver Sheet. "Dr. Jekyll and Mr. Hyde," now playing at the Imperial, is Stevenson's unique contribution to the imperishable literature of the world and all his writings the tale that is best adapted to being told on the shadow stage. Its compact plot, the frank employment of the supernatural, the breadth and engrossing power of its theme, the dread fascination of its dramatic values that utilize every resource of film art.

Such a story demands the highest skill in each phase of its making. The dual role of the scientist and the Nemesis of his own creating is one to test the talents of the greatest masters of acting. Happily for the screen it has fallen to an actor who measures up to the full task to embody the two characters in the Paramount-Atteract production. By its selection of John Barrymore the Famous Players-Lasky Company has guaranteed the moving picture public the services of the foremost tragic actor of this country in a part that allows him to be seen at his best. All the intellectual force, glow of imagination and command of the preternatural that are Barrymore's to such an unusual degree find complete expression in "Dr. Jekyll and Mr. Hyde."

Critical examination of the screen version of the Stevenson story discloses considerable original material and a well defined departure from the author's conception of the monster Hyde. Most of this added matter relates to the repulsive being called into life by the scientist, and shows certain human characteristics in Hyde that are not hinted at by the author of the story. At this late stage it is hardly necessary to recite the full plot. The reading public has long been familiar with the fictitious history of Henry Jekyll, the philanthropic young doctor who experiments until he succeeds in compounding a mixture that enables him to separate the good and evil in his nature and live as two distinct personalities. Although he knows the danger of such a course he cannot resist tampering with the divine law and ends by destroying himself, body and soul.

Glogged Nostrils Open, Breathing Made Easy, Catarrh Cured!

It is a new method of treatment, that of medicated air, and cannot fail to be beneficial. It goes wherever air can go, thus reaching all the affected parts. It purifies as by fire, simply burning up the disease germs. Catarrh is a non-poisonous and healing agent. It therefore acts upon the mucous tissues of the throat, nasal passages, and bronchial tubes, destroying all microbe life, and at the same time heals up all the inflamed parts. As a cure for Catarrh, Bronchitis, Asthma, La Grippe, as a strengthening for the throat, Catarrh is unequalled.

It is a guaranteed cure, and is highly endorsed by prominent physicians who use Catarrh in their practice. Sufficient Catarrh for two months' use, price \$1.00, smaller size 50c; at all dealers.

PAT M'GRATH GIVES EVIDENCE

Says Tanlac Relieved Him of Eight Years of Stomach Trouble.

"Tanlac has made a strong, healthy man of me when nothing else so much as helped me," was the emphatic statement made by Patrick McGrath, of Colliers, Conception Bay, Newfoundland. Mr. McGrath is a well known carpenter and has been all over the United States, Central America, South America, and worked on the Panama Canal. "I tried every kind of medicine I ever heard of," said Mr. McGrath, "and spent a good deal of money on my stomach, but no relief for all until I took Tanlac. For eight years I suffered from a bad case of chronic indigestion and no matter what I ate it caused me to bloat up with sour gas which pressed up around my heart making it beat very irregular, and at times it seemed to stop altogether. Sometimes I was so overcome with shortness of breath that I thought I was going to smother, and at nights I couldn't go to sleep for hours. In the mornings I was so tired that I had to get up and go to bed at all, and I had such little energy that I just had to force myself to work."

"I read in the papers here about a person who had suffered for nineteen years and found relief in Tanlac and it was so sincere that I made up my mind right then to try it, and I'm mighty glad I did for it has simply done me a world of good. Why, it has only taken four bottles to make me feel like a new person entirely, and I can now eat anything I want and am never bothered with indigestion. I go to sleep just as soon as I get in bed and sleep good and sound all night long, and in the mornings I feel just as fine as anyone, and find real pleasure in my work. Tanlac has given me health and strength, and I'm so strong for the medicine that I simply give it my unqualified indorsement."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Caldwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. E. Hanson, Lepreau; E. L. Conley, Leonard; and N. H. Jamson, in the general district, and by the leading druggists in every town.—(Advt.)

MARINE NOTES.
The schooner Anna Laura McKenny arrived here from Boston about 4 o'clock yesterday afternoon. She docked at No. 7 berth and will load lumber for W. Malcolm Mackay. Nagle & Wigmore are the local agents.

The steamer Canadian Warrior sailed at 8 o'clock last evening for Havana with general cargo. She had been in port for several weeks, having been held up for necessary engine repairs.

The Canadian Signaller, which is loading cargo at the east side of Long wharf, is expected to sail about the middle of the week.

Mrs. G. A. Akeley, M. W., grand mistress Ladies' Orange-Benovolent Association, intends making a tour of Nova Scotia to organize several lodges. She will go first to Campbellton and later to Prince Edward Island.

"DANDERINE" Stomach And Liver Trouble

Stops Hair Coming Out; Doubles Its Beauty.

Once the liver fails to filter the poisonous bile from the blood, there is a clogging and poisoning of the whole system, which causes many troubles to arise. Therefore upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They live up the liver, get the bowels back to their proper condition and tone up the stomach.

Milburn's Laxa-Liver Pills are \$2c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Rheumatism Left Him As If By Magic!

Had Suffered Over 50 Years! Now 83 Years, Yet A Big Surprise To Friends

Regains Strength Goes out Fishing, Back to Business, Laughs at "URIC ACID!"

How the "Inner Mysteries" Reveals Startling Facts Overlooked By Doctors and Scientists For Centuries

Dr. Pelletier, who has been vitally independent ruler of the state of Massachusetts, declared false rumors that his knees were holding the Gulf petroleum district. These rumors, he said, were being partly disseminated and the principal officers transferred. General Pelletier described his relations with the war department as entirely amicable, and expressed the belief that the government probably would assign him to the Tanco military sector.

HOW IT HAPPENED.
Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief that false theory that "URIC ACID" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and leg complaints, by taking treatments supposed to drive URIC ACID out of your system.

These statements may seem strange to some folks, who have all along believed to believe in the old "URIC ACID" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.

NOTE: If any reader of this paper wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries, simply send a post card or letter to L. P. Clearwater, No. 233 Z Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever! If not a sufferer yourself hand this good news to some afflicted friend.

Accept "California" Syrup of Figs only—look for the name California on the packages, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

ITALIAN CHAMBER TWICE SUSPENDED

CHARGED WITH THEFT OF MORE THAN \$11,000,000

Four German Soldiers Arrested — They Had Retired to Easy Life.

BERLIN, June 28.—(Associated Press Correspondence)—The mystery surrounding the robbery of 60,000,000 Roumanian lei (formerly worth about nine cents each), which took place a year ago, has now been cleared up by the arrest of four soldiers, who were assigned to the task of guarding paper money and treasure which was stored in the Spanish capital.

The men, who were drafted for army service and subsequently assigned to garrison duty, jointly plotted the robbery, eventually carried it out, and then disappeared.

On being questioned the men admitted that the Roumanian currency had been disposed of through Russians and Roumanians, who insisted that they are no longer in possession of any of the 60,000,000 fund notes.

The origin of the Roumanian money is not yet explained, but at the time of the robbery it was said it comprised the German army treasure which was transported back from Roumania.

A Berlin afternoon paper states that the money was printed in Germany and destined for the use of Mackensen in his Roumanian campaign.

The robbery took place at the famous Julius tower at Spandau where the German war treasure was stored. The names of the four men who have been arrested in connection with the affair are Kuhn, Wanta, Eisner and Peschges. The first named is said to be the leading spirit of the quartette and he and Eisner quietly retired into the country on their respective shares of the robbery.

It was through Peschges, who, having spent his share of the robbery in riotous living and was subsequently arrested on a charge of burglary, that the whole affair came to light. The police caught Wanta just as he was about to emigrate with his family.

HEAVY FINE FOR EVADING FEDERAL INCOME TAX

Hamilton, Ont., June 28.—For attempting to evade the federal income tax, W. B. Hopkins, well-known Hamilton physician was heavily fined today.

The department doubted the doctor's returns and put an inspector on the books. The evidence showed a return in 1917 of \$12,000, while receipts were \$8,000; \$4,000 in 1918, with actual receipts of \$13,000, and \$3,000 last year with receipts of \$12,000. It was estimated that nearly \$10,000 of last year's profits came from liquor prescriptions. The magistrate delayed for a time about the physician's claim for six months but finally imposed a fine of \$3,000.

ONIONS ARE PLENTY AND POTATOES SCARCE

Washington, June 28.—Onions have become a drug on the market for the first time in years, the department of agriculture reported in its weekly market review. On the other hand potatoes are two or three times as high as a year ago and comparatively scarce.

Because of the slight demand for onions, the department of agriculture says to an over-supply and to refusal of the retailers to lower prices as wholesale prices decline, California onion growers are plowing under their crops because the onions are not worth the cost of marketing.

NEARLY EVERY GIRL CAN MAKE HERSELF PRETTY AND ATTRACTIVE

SOME WHOLESOME TRUTHS EVERY GIRL SHOULD THINK ABOUT.

Probably you know just such a girl. Perhaps she is just—good to look at, and pretty—quite interesting because she reflects the graces and charm that give promise of happiness to herself and others. But she is not strong. Her color in her cheeks, once so rosy, has faded away—her eyes are listless—the buoyancy of spirit and vigor she once possessed are sadly lacking. Perhaps, friends, this girl needs Ferruzone—needs it to restore her color—bring back her old-time energy—give brightness to her eyes and vivacity to her spirits. In Ferruzone there is endurance—that drives away morning tiredness and languor. For the girl who wants to be happy, healthy, winning—who values her own cheeks, laughing eyes and abundant good spirits, nothing compare with Ferruzone. 50c per box or six for \$2.50. Get it today from any dealer in medicine or by mail from The Catarrhose Co., Kingston, Ont.

RED PIMPLES ITCHED TERRIBLY

On Chest, Face, Arms, Burned Badly. Cuticura Heals.

"Ever since I can remember, my chest, face, and arms were filled with dry, red pimples. They were scattered all over me, and itched terribly at times, and I scratched them, causing them to fester and get sore. Sometimes they would dry away and form scales which burned badly. "Then I used Cuticura Soap and Ointment. I had used them two or three times when I felt better and I was healed with one box of Cuticura Ointment together with the Cuticura Soap." (Signed) Miss Bertha Kase, Russell, Manitoba, February 19, 1919.

PROFITTEERING CHARGES AGAINST COAL OPERATORS

(Canadian Press Despatch) Scranton, Pa., June 28.—Charges of profiteering and monopolistic control in the anthracite coal industry were made before the anthracite coal commission today by W. Jett Lauck, former secretary of the United States War Labor Board, and now consulting economist of the United Mine Workers of America.

Mr. Lauck appeared in hearings on the demands of the anthracite workers for wage increases that will bring their earnings to a level with those of the bituminous workers with a minimum wage of six dollars a day.

"A survey of the anthracite industry," said Mr. Lauck, "shows an increase in net profits of the principal operators for the period 1916-1918 over 1912-1914 of nearly ninety per cent as compared with an increase in production during this period of less than twelve per cent."

"The actual increase in profits during the war years of the coal companies which market their own product is indicated by the income account of the Pennsylvania and Reading Companies. This company which had no selling expense for concealing its profits increased its production only eleven per cent during the war years, but increased its profits nearly 600 per cent and its profit per ton of output 486 per cent."

Signor Bonomi, minister of war, assured the house that a mutiny of the Bersaglieri at Ancona had terminated and that the officers had resumed command of the troops.

When the Socialists insisted that Signor Bonomi tell the chamber where the troops were being sent from Ancona, there was a great tumult in the chamber and the president suspended the sitting. The sitting was resumed at 10 o'clock. Giolitti was challenged on the subject of Ancona. To the challenge he replied that the Italian troops at Ancona had been attacked by the enemy and had to defend themselves. This provoked another uproar, and again the sitting was suspended.

TAX LIMIT ON TAILORED SUITS

Ottawa, June 28.—Men's clothing made to measure is not taxable at a lower price than \$60 for suit or overcoat under a new ruling of the minister of inland revenue today. This tax is retroactive to June 15 on clothing delivered since that date and not paid for. Clothes that have been paid for are not subject to a refund of any taxation paid.

THE POST OFFICE.

To the Editor of The Times:—For the information of the public, I would state that on Dominion Day, the General Post Office will follow the instructions of the department along the same lines as on last year. The money order branch will not be open; the general delivery window will be from 10 a.m. and from 6 to 7 p.m., as was also the registration window.

There will be no letter carriers' delivery.

EDWARD SEARTE, Postmaster.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless prescriptions and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and a daggled and heavily lined face, there are evidently thousands of men and women who are evidently suffering from thinness. Thinness is a weakness and a weakness is a defect. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food element, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

An increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

LOCAL NEWS

SUNDAY BOSTON TRAIN

The Sunday train service between here and Boston will go into effect on next Sunday, a train from Boston is due to arrive here at 1:45 p. m., daylight time, and one leaving at 7 p. m. o'clock daylight time. The Boston suburban service will become effective on July 1, trains leaving here daily at 1:25 p. m. and returning to the city at 4:25 p. m. except Sunday.

TO CHIEFS CONVENTION

R. G. Chamberlain of Montreal, chief of the Investigation Department of the C. P. R., passed through the city this morning en route to Montreal to attend the chiefs' convention. He was accompanied by Chief Moffatt of the North West Mounted Police and Chief Thompson of Peterboro, Ont.

THAT CORRECTION

A paragraph in The Times which corrected a printed statement that all of the original Dumbells were in the present party touring Canada was written to discredit the party, since it includes nearly all the originals as well as later members of the Dumbells, and is further strengthened by talent from other overseas concert parties. The Times paragraph was merely printed in justice to two of the originals who are not now with the party, and who might otherwise be charged with falsehood concerning themselves.

LOCAL TURF

Peter Farren, local pacer, is in training at Moosepath and is beginning to round into form. His owner, David O'Keefe, says he will not start him in a race before July 27 when he expects to have him in good condition. Asked regarding his opinion of the three or five heat racing, he said he strongly favored the latter system of best two out of three heats had been the subject of much discussion and is said it is not generally favored in these parts.

BURIED TODAY

The funeral of Mrs. Edward McLaughlin took place at 8:45 o'clock this morning from the residence of her son, Leo B. McLaughlin, 284 Douglas avenue. Her eldest son, Rev. William McLaughlin, C. S. S. R., of London, Ont., officiated at a solemn requiem high mass, which was celebrated in St. Peter's church at 9 o'clock. He was assisted by Rev. Edward Scully, C. S. S. R., as deacon, Rev. William Hogan, C. S. S. R., as sub-deacon, and Rev. J. Woodcock, C. S. S. R., as master of ceremonies. Monsignor Walsh was in the sanctuary. Services at the grave were conducted by Father McLaughlin, C. S. S. R., assisted by Rev. Fathers Hogan and Scully.

SUIT FOR \$20,000

Compensation Sought for Loss of Boy's Arm Because of Injury in Mill.

The circuit court re-opened this morning with the commencement of the hearing of the case of Bishop v. Sayre & Holly Lumber Co., a claim for \$20,000 in compensation for the loss of an arm. The arm was lost by Harry Bishop, aged 13 years while an employe in the company's mill at Chipman, N. B. He gave evidence this morning that in last October he was at work upon a part of the mill machinery and that while engaged in directing the course of some logs along a run his arm was caught in one of the cogs and an amputation was necessary. The boy said he had been paid \$1.50 a day for the work he was doing.

Corroborative evidence was given by the boy's father, Archibald Bishop, and Dr. Davis of Chipman told of having attended the lad. It is understood that the father claimed in behalf of the boy under the Workmen's Compensation Act, but finding that the most recompense he could receive was about \$800, decided not to accept this amount and according by brought suit for the figure mentioned. The case will continue this afternoon. Dr. J. B. M. Baxter, K. C., and F. H. Taylor, K. C., appear for the company, and Dr. W. B. Wallace, K. C., and W. R. Scott for the plaintiff.

ORDINATION

Rev. H. G. Ramage Raised to Dignity of Priesthood in Cathedral.

His Lordship Bishop LeBlanc officiated this morning at the ordination of Rev. Harry Graham Ramage, son of the late George Ramage and Mrs. Ellen A. Leitch, of this city. The ceremony took place at the 8 o'clock mass which was attended by a great many friends of the newly ordained priest.

His Lordship was assisted by Rev. A. P. Allan as arch priest; Rev. Raymond McCarthy, first chaplain, and Rev. Simon Oram, second chaplain to the bishop. Rev. V. M. Duke was master of ceremonies and Rev. A. S. McDougall, of St. Joseph's College, Memramcook, acted as assistant to the new priest. Rev. Joel Laundry was also in the sanctuary.

ALL WERE SAVED.

Stockholm, June 28.—All the 2,000 war prisoners on a Bolshevik steamer which sank recently in the Neva River were saved, according to a despatch from Helsinki.

NEW WEST SIDE SYSTEM WOULD WORK AT PROFIT

Commissioner Jones Makes Further Report on Spruce Lake Extension

Annual Cost Would Be \$52,000, and Revenue \$56,900, with Prospect of Increase to \$70,000—Comment on City Supply.

Commissioner Jones made a further report regarding the proposed extension of water mains to Spruce Lake at weekly meeting of the common council, which was held this morning. He said:

"In the report recently made by me on the west side water system, it was clearly pointed out that while there was an ample supply of water available from Spruce Lake for all purposes, the supply lines were inadequate for the maximum consumption demands, and as a consequence many of the citizens on the west side of the harbor, especially those on the higher levels, have been at times wholly deprived of water.

"The remedy, as well as the cost of installing the necessary facilities to improve conditions, were fully set out in the report. It was suggested that the contents of the report be condensed to that each member of the council would be enabled more readily to grasp the essential features of it and thereby determine for himself whether or not the conclusions reached by me were correct. I do not regret that I have been requested. I think it would not be inopportune for me to say that in the year 1917, in accordance with the expressed wish of the citizens, this council employed F. A. McInnis, the chief engineer of the Water Supply Department of Boston, to make a report on the west side system. He strongly advised the construction of a 38-inch reinforced concrete pipe from Manchester's corner to Spruce Lake, and this view was also taken by Mr. George Smith, the consulting engineer for the Board of Fire Underwriters who asked for this extension, more particularly for fire protection purposes.

"The city engineer's estimate for this extension is \$337,000, and the extra charges for interest, sinking fund and maintenance is estimated at about \$24,000. Added to the present charges the total annual charge would be \$32,000. Our present revenue from the western side of the harbor is \$20,000. The additional revenue is estimated at \$4,000 from the pulp mill and \$2,000 from other sources during the year following the completion of the extension, being a surplus of receipts of about \$4,000. It is also estimated that in ten years the receipts would amount to about \$70,000. A statement concerning receipts and expenditures is submitted.

"With the new extension fire protection would be increased, sanitation would be facilitated, and an ample supply will be available for many years to come for the natural and inevitable development of the west side.

"If the council decides to proceed with this work, it can be started at once and finished by August, 1921."

Commenting on the report, Mr. Jones said that at times it was impossible to get a sufficient supply in Douglas avenue. Commissioner Frink remarked that this would seem to indicate that the extension to Loch Lomond was in vain or there was something wrong with the distribution system. In view of these facts he moved that further consideration be given the report by the committee of the whole.

Bringing to the time when seven streams were put over the buildings at the foot of King street Commissioner Jones said he had been told recently that the service to the North End had been shut off at the time of the test.

Commissioner Frink's motion was carried.

HOW THE VOTE WENT IN 1898

Prohibition Election Figures of That Year—The Situation Today.

There have been many enquiries as to the result of the prohibition plebiscite in New Brunswick when the Dominion plebiscite was held in September 1898. Here are the figures—

For Prohibition Against

| | | |
|--------------------------|------|------|
| St. John City and County | 3686 | 1749 |
| Albert | 1147 | 283 |
| Kings | 2088 | 870 |
| Westmorland | 8880 | 1517 |
| Northumberland | 1619 | 827 |
| Restigouche | 819 | 128 |
| York | 3133 | 872 |
| Charlotte | 2160 | 128 |
| Carleton | 2890 | 180 |
| Queens and Sunbury | 1645 | 247 |
| Kent | 924 | 109 |
| Victoria and Madamaskwa | 457 | 560 |
| Gloucester | 890 | 477 |

Majority for prohibition, 18,780.

The total registered vote in the province then was 80,898. Thus only about 40 per cent. of the total vote was polled, and 80 per cent. of it went for prohibition. There are registered in St. John alone today more than one quarter as many voters as there were in the whole province in 1898; almost as many as there were votes cast for prohibition then; and about three times as many as in women's vote the friends of prohibition think they should do better than in 1898.

DEATH OF EDWARD G. BROWN AT AGE OF 93

Edward G. Brown of St. Martins, died yesterday afternoon after a brief illness. He was in his ninety-third year and had enjoyed good health until recently. He is survived by three sons, Alward I. and Frank M. of St. Martins, and R. Caggy, of St. John. He was a life-long resident of St. Martins and was a ship carpenter by trade. Many friends in this city will regret to learn of his death.

A Cedar Chest For the Bride-to-Be

There is nothing the average woman prizes more highly than her cedar chest, because she can confidently place therein her finest furs, silks and other wraps without fear that they will be moth eaten or ruined by dust when she again wishes to wear them.

To the bride-to-be the cedar chest is the modern "hope chest" which her grandmother so highly treasured. Most coming brides buy their cedar chest when they begin to prepare their trousseau. It is the first step toward home-making.

If you treasure your clothing there is no better insurance against moths and dust than a well made cedar chest.
