NORTH ESSEX SEAT FOR M. W. DOHERTY

Member elect There Reported Willing to Vacate DRURY IN POWER TOMORROW

He May Not Get Centre Simcoe Seat—Place for Nick's If He Accepts Post of Attorney-General—The Western Farmers—Quebec Political Rumors

Toronto, Nov. 12.—It is expected that the Drury government will assume power tomorrow. Rumor has it that Centre Simcoe may not be opened for Mr. Drury after all. It is said that G. Murdoch, U. F. O. member-elect for Centre Simcoe, who offered his seat to Mr. Drury, has changed his mind and wants to be in the legislature.

Manning W. Doherty, who is to be minister of agriculture, may seek a seat in North Essex. It was rumored today that riding by a big majority as U. F. O. candidate, is willing to make way for Mr. Doherty.

W. F. Nickle, ex-M. P. of Kingston, who has been offered the attorney-general's position in the new government, arrived here yesterday afternoon and was in conference with Premier Drury. It was nothing was given out. It is thought he will accept.

Kingston, Ont., Nov. 12.—It is said that in the event of W. F. Nickle accepting the post of attorney-general in the Drury cabinet, he might secure the Kingston seat by the retirement of Hon. Dr. A. E. Ross, who would be willing to give up politics if he could get the closest friend, Hon. Mr. Ross was elected by acclamation.

Farmers of West, Winnipeg, Nov. 13.—Whether there should be an interprovincial conference of representatives of all agricultural nations which have for their main object the election of members pledged to support the farmers' platform, was debated at the Canadian Council of Agriculture yesterday. The following propositions were submitted by Secretary Muesiman of the Saskatchewan Grain Growers' Association: That the executive of the Canadian Council of Agriculture be instructed to endeavor to arrange for a conference of representatives of all the political organizations in the various provinces which have for their main object the election to parliament of representatives pledged to support the farmers' platform.

Quebec Rumors. Quebec, Nov. 12.—There is renewal of rumors that Sir Lomer Gouin had announced his resignation. It is generally conceded here even by the Liberals that Sir Lomer will soon retire from leadership in the province of Quebec. When asked if there was any truth in the stories of his resignation, he is said to have replied: "No. The session has been called."

It is known that Sir Lomer is to leave for Europe after the session, and he may resign before he leaves. Rumor also announces that he will be succeeded by Hon. J. E. Carson, minister of agriculture. The object of this, it is said, is to prevent any movement in this province to start a united farmers party such as exists in Ontario.

GABINET MEN DENY OWNERSHIP OF SHARES

Chamberlain, The Two Geddes and Long Get 250 Guineas Each From Daily News

London, Nov. 13.—Four members of the cabinet—Austen Chamberlain, Sir Eric Geddes, Sir Auckland Geddes and Walter Hume Long—took the witness stand in the lord chief justice's court yesterday and publicly denied statements printed in the Daily News with reference to their holding shares in various public companies, in consequence of which they brought libel suits against the newspaper.

After their testimony, the announcement was made that the suits had been settled on terms arranged outside the courts. The proprietors of the Daily News agreed to pay to each of the plaintiffs 250 guineas, and also the costs.

Writs were issued on July 30 against the London Daily News, charging the cabinet members for alleged libel. The specifications concerned comments on charges that the complainants possessed shares in various Russian mining and development companies.

DUTCH STEAMER HITS A MINE, TWENTY-TWO PEOPLE ARE DROWNED

Amsterdam, Nov. 13.—The Dutch steamer Zann, bound to Revel, struck a mine off Trischelling, with the result that twenty of the crew and two passengers were drowned by the capsizing of a boat.

Over The Side in Fearful Sea to Attempt Rescue of One of Prince's Sailors

British Tars From The Renown Make a Fine Effort

Battle Cruiser in Rough Weather on Way to New York for Prince of Wales Loses Two Sailors and Midshipman Has Legs Broken

New York, Nov. 13.—William Franklin and John Light, able-bodied seamen of the crew of the British battle cruiser Renown, were lost at sea on last Sunday morning when the Renown, ploughing through a gale, was coming here from Trinidad to take the Prince of Wales home. Midshipman Richard Knight was taken from the big battle cruiser yesterday to the Presbyterian Hospital with both legs broken as the result of the tempestuous weather. Soon after running into the gale, Midshipman Knight, with a crew of four, hastened to make fast some of the movable gear of the ship. A heavy sea swept over the bows and jammed them against the breakwater, fracturing the midshipman's legs and carrying Light overboard.

A lifeboat was lowered, manned by a crew of fourteen. As this boat reached the water it was capsized by another huge wave and its occupants were thrown into the sea. General quarters was sounded and a port side lifeboat was lowered, and the crew of the first lifeboat except Franklin were rescued.

BUYER HAS RIGHT TO EXAMINE GOODS BEFORE HE MUST PAY

Montreal Judgment in Matter of Potatoes Sent to Firm There From P. E. Island

Montreal, Nov. 13.—Mr. Justice MacLennan in the superior court yesterday delivered judgment in which he maintained that as a principle of law, a buyer of goods shipped to him from a distance has the undoubted right, before acceptance and before becoming liable for the price, to examine the goods to see if they are in accordance with the contract, even if they were shipped f. o. b. at the place of purchase.

The case was one in which Bruce McKay & Company, Limited, of Summerside, P. E. I., sued William Schmidt & Company of Montreal, trading as the St. Louis Grain and Feed Company, for \$1,054.04, balance alleged due on the sale of a car of potatoes which were shipped f. o. b. Summerside to Mile End station, Montreal. The plaintiffs sent the bill of lading to the Bank of Commerce, Montreal, and made a draft against the amount.

The potatoes reached Montreal on July 4, 1917, but the defendants refused to accept them because the plaintiffs declined to allow the potatoes to be examined and inspected on arrival. They pleaded that the potatoes had been sold f. o. b. Summerside, and "stock guaranteed good when shipped."

Mr. Justice MacLennan dismissed the plaintiff's action.

MRS. WOOLWORTH TO HAVE INCOME OF \$443,000 A YEAR UNDER WILL

New York, Nov. 13.—Mrs. Frank W. Woolworth, widow of the late head of a chain of five and ten cent stores, will receive an income of \$443,000 a year from her husband's estate.

BRITISH STEAMER RUNS DOWN FRENCH BARK, 12 LIVES ARE LOST

Dover, England, Nov. 13.—Twelve lives were lost when the French bark Colbert was run down in the English channel off Portland, by the British steamer Dumerac. The bark sank in two minutes. Two survivors saved by the Dumerac have been landed here.

SINN FEIN M. P.'S SENTENCED TO PRISON FOR TWO MONTHS

Dublin, Nov. 13.—The Sinn Fein members of the British House of Commons who were arrested on Tuesday in raids on the offices of the Sinn Fein parliament were arraigned in the police court yesterday on the charge of participating in forbidden proceedings. They refused to recognize the court, and each was sentenced to two months' imprisonment.

As Hiram Sees It

"Hiram," said the Times reporter, "I've about made up my mind that there's got to be a new deal. Things don't suit me. Here come to the office every morning and grind all day and never get any farther ahead. Bye-bye I'll fall over the edge of the grave and that will be the end. I'm allowed one wife. I can't afford a car. I can't stay home on stormy days or have good time on the days. It's grind, grind, grind. I'm sick of it."

"Why not?" sharply demanded the reporter. "Why don't you live in the best house in St. John and ride around in the best car? Am I not as good as anybody?" "Kin you drive a car?" asked Hiram. "No I can't—I don't want to."

E. S. CARTER WRITES TO FREDERICTON CLEANER TO MAKE OPEN STATEMENT

(Special to Times.) Fredericton, N. B., Nov. 13.—The following letter was forwarded today to the Fredericton Cleaner:—

Dear Sir,—The following is an extract from the editorial in your issue of yesterday under the caption, Provincial Government. "There have recently been some rumors as to actions against the present St. John and Quebec Railway Company, or members thereof, in which the public will be quite interested if a settlement is not soon made at the expense of the province. These rumors, it is said, will, if settlement is not effected, lead to a light upon methods recently employed by the purist friends and hangers-on of the provincial government, and it may be let in upon the methods whether the actions preferred or not."

EARL BRASSEY, KNOCKED DOWN BY LONDON CAB, DIES FROM INJURIES

London, Nov. 13.—Earl Brassey, who was knocked down by a cab a few days ago, died here yesterday from his injuries.

JELlicoe LOOKING OVER SITES FOR NAVAL BASES

Victoria, B. C., Nov. 13.—The battle cruiser New Zealand with Viscount Jellicoe and his staff, left Esquimaux harbor yesterday for Vancouver. It is understood that he will inspect suggested sites for naval bases. At Port Alberni an investigation was conducted into the feasibility of the Alberni canal as a base. Admiral Jellicoe will leave Vancouver on Nov. 19 for Ottawa.

CLEMENCEAU'S SECRETARY SHOT AT IN TROUBLE OVER THE FRENCH ELECTIONS

Bordeaux, Nov. 13.—An attempt was made yesterday to assassinate Georges Mandel, Premier Clemenceau's chief confidential secretary, who is a candidate on the Nationalist ticket for the department of Gironde.

SNOWFALL STOPS WORK IN BRITISH SHIPYARDS

London, Nov. 13.—Shipbuilding work on the Clyde, the Tyne and the Tees was virtually stopped today by a heavy snowfall which also seriously affected the mining districts of England and Wales. The storm extended as far south as the Isle of Wight. London was slightly sprinkled by the fall.

Miners Defer Matter of Appeal From Court Order For Injunction

Y. W. P. A. NOW ARE SELLING BONDS

A feature of interest in connection with the local Victory Loan campaign today was the entrance of the members of the Y. W. P. A. into the selling staff. They opened booths at various centres through the city early this morning and before noon sales had been reported from our patriotic depots, those at S. H. Hawker's, corner of Main and Paradise row; Robertson's grocery, Douglas avenue; R. B. Travis, 542 Main street, and Glenmore, 4111 Main street. The members wish it understood that any commissions accruing to them from their sales will be devoted to the work of their association for patriotic objects.

CHARGES OF IMMORALITY OF ENGLISH WOMEN WAR WORKERS HEARSAY

London, Nov. 13.—A preliminary report of the lords' committee on the Douglas Pennant case attracted widespread comment. Gossip about the immorality of English women war-workers was common in certain circles. The Pennant case brought this to a head, demonstrating the groundlessness of the statements. Earl Stanhope cuts a particularly inglorious figure. He championed Douglas Pennant in the lords, making a speech under the peer's privilege against the common sense. When serious enquiry came, it demonstrated that his charges were based upon hearsay. He apologized but critics declare that had he made similar charges in the open court, it would have been his ruin.

PRELIMINARY REPORT OF LORDS COMMITTEE ON DOUGLAS PENNANT CASE

(Special Cable to The Times by F. A. McKenzie. Copyright.) London, Nov. 13.—A preliminary report of the lords' committee on the Douglas Pennant case attracted widespread comment. Gossip about the immorality of English women war-workers was common in certain circles. The Pennant case brought this to a head, demonstrating the groundlessness of the statements. Earl Stanhope cuts a particularly inglorious figure. He championed Douglas Pennant in the lords, making a speech under the peer's privilege against the common sense. When serious enquiry came, it demonstrated that his charges were based upon hearsay. He apologized but critics declare that had he made similar charges in the open court, it would have been his ruin.

REVIEW REPORT OF BIG PULP MILL AT MOUTH OF OROMOCTO

(Special to Times.) Fredericton, N. B., Nov. 13.—It is reported that American and Canadian capitalists are entering into a project to erect a pulp mill at the mouth of the Oromocto river. A site near Stocker's Hotel on the Brennan property is said to be in view, with a plant costing in the neighborhood of a million and a half. This is not the first time that this report has been in circulation but it is said that this time there is basis for it.

OPPOSITION IN NEWFOUNDLAND NOW HAS TWENTY SEATS

St. John's, Nfld., Nov. 13.—William Warner, oppositionist, has been elected in the Fortune Bay district over Henry Elliott, government candidate. The vote was: Warner, 1,782; Elliott, 451. The standing now is: Opposition, twenty seats; government, twelve seats; to hear from, four seats.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Sturart, director of meteorological service.

RAIN AND GALES

Maritime—Fresh southeast winds, followed by rain; Friday, winds increasing to gales. Lower St. Lawrence and Gulf and North Shore—Southwest winds, showery, Friday, colder with some snow. Washington, Nov. 13.—Forecast—New England—Fair, much colder tonight and Friday. Moderate northwest winds.

Miners Defer Matter of Appeal From Court Order For Injunction

Y. W. P. A. NOW ARE SELLING BONDS

Booths Opened in Various Districts—More Than Million From City Yet Required

A feature of interest in connection with the local Victory Loan campaign today was the entrance of the members of the Y. W. P. A. into the selling staff. They opened booths at various centres through the city early this morning and before noon sales had been reported from our patriotic depots, those at S. H. Hawker's, corner of Main and Paradise row; Robertson's grocery, Douglas avenue; R. B. Travis, 542 Main street, and Glenmore, 4111 Main street. The members wish it understood that any commissions accruing to them from their sales will be devoted to the work of their association for patriotic objects.

INDIANAPOLIS, IND. NOV. 13.—THE UNITED MINE WORKERS OF AMERICA, CONTRARY TO PREVIOUS ANNOUNCEMENT, HAVE DECIDED TO WITHHOLD THEIR APPEAL ON THE RULING OF THE FEDERAL COURT IN INJUNCTION PROCEEDINGS WHICH RESULTED IN THE CALLING OFF OF THE STRIKE OF COAL MINERS.

It had been generally believed that, regardless of developments in the situation, the miners would fight their case in the courts to the last ditch and attorneys for the coal workers announced on Tuesday that their appeal would be filed within two or three days. However, Henry Warran, chief counsel for the mine workers' organization, last night said that the outcome of a conference of miners' representatives and coal operators with Secretary of Labor Wilson in Washington on Friday would determine to a large extent whether or not the case would be carried further. The miners' counsel have thirty days in which to file their appeal.

The decision of the miners is taken to indicate that they have accepted the government's assurance that the suit against the miners was not an attack against the right to strike but was solely to prevent violation of the law—in this case, the Lever Act.

The possibility of speedy agreement at the Washington conference, according to opinion here, is marred only by the question of when a new wage scale would become effective. Miners' spokesmen have said that if the operators go to the conference in a spirit of conciliation, agreement would be only a question of hours, but it is known that the union object to the position taken by the operators that the wage scale in effect before the strike still is in effect.

Pittsburg, Pa., Nov. 13.—Cool operators of the Pittsburg district and the central and western Pennsylvania fields reported today that union miners in this area returned to work today, according to reports indicated that the miners were standing firm and would not go back until notified by a district officer of the union in person, that the strike had ended.

Columbus, Ohio, Nov. 13.—Although practically all locals of the United Mine Workers had received official notice of the recall of the nation-wide strike order, few of the 40,000 union coal miners in Ohio returned to work today, according to operators and headquarters of the United Mine Workers of America here.

At the headquarters here of the United Mine Workers it was said no reports had been received of union miners resuming work. Reports from the mining districts indicated, it was said, that the men would not return to the mines until a new agreement is reached between the scale committee of the miners and operators.

MINORS AND MAJORS BURY THE HATCHET

Baseball Business Relations to Be Resumed in Springfield

Springfield, Mass., Nov. 13.—Business relations between the minor and major baseball leagues, strained a year ago with the abrogation of the national agreement, will be resumed as a result of action taken yesterday by the National Association of Professional Baseball Leagues in its annual meeting. According to Secretary John H. Farrell's report, following an all-day executive session, the minors have decided it is best to work in harmony with the major leagues. He made no announcement, however, as to the methods to be followed in bringing the subject before the American and National League representatives. Among other things, the new agreement would mean the re-establishment of the drafts and optional agreements.

DESTROYING TREES AT ROCKWOOD

It is a pity that all our people do not take greater pride in the natural and acquired beauties of the city and surroundings, but some must wreak destruction. The latest report in this regard comes from Rockwood Park and has to do with the pulling up of baby spruce trees which line some of the walks. Why they do so is known only to themselves, but they should give thought to the fact that this destruction, seemingly small at the moment, is of large consequence in the future. And the spirit of the thing is bad.

ASK CITY TO PAY OFF THE MORTGAGE

Grant of \$10,000 to Clear G. W. V. A. Building

DELEGATION IS HEARD

A delegation from the Great War Veterans' Association, accompanied by three of the trustees of the Veterans' building in Wellington row, was before the common council this morning to ascertain if the council would make a grant of \$10,000 to pay off the mortgage on the Veterans' home in lieu of a grant of \$15,000 voted by the council some time ago towards the erection of a memorial building for the returned men. The mayor promised earnest consideration.

The delegation consisted of William Vassie, Alexander McMillan and W. J. Brown, of the G. W. V. A., and M. E. Agar, Allan Schofield and George Warwick, trustees of the present building. Mr. Vassie said that the building, which originally cost \$28,000, of which \$8,000 was taken in stock by some local citizens, \$4,000 was subscribed by the provincial government, and the association took up another \$3,000 in stock, and this year paid off another \$3,000, leaving a mortgage of \$10,000 against the building. It was pointed out by Mr. Vassie that the wiping out of this mortgage would save the association about \$600 interest annually, which, when added to the \$630 taxes on the property, made a fairly heavy burden.

He said that the expenditure for the period from May 1 to Oct. 31 this year amounted to nearly \$3,000, and it was estimated that the balance of the year would cost about \$2,065, while with the present membership of 1,400, the income from dues was \$7,200. He said that he decided to make the grant as requested, it would put the association on a self-supporting basis.

Mr. Schofield said that so far as he knew the city as a whole had not done anything to amount to much towards a memorial to our soldiers, and he thought this was a way in which the city could do something to show their appreciation of what these men had done. This might take the form of a memorial which had been talked about a year ago recently. He thought the amount asked for was not out of the way.

Mr. Warwick and Mr. Agar also spoke along the same lines. Mr. Agar added that the proposal has a good deal of reason behind it. The council decided to consider the matter, and the delegation withdrew.

SAYS ALARMIST REPORTS CAME FROM BELGIANS WHO ARE FOR ACTION

Matter of Relations of Belgium and Holland Over Questions of Scheldt and Limbourg

Paris, Nov. 13.—(Associated Press)—Alarmist reports of high tension and possible rupture of diplomatic relations between Belgium and Holland, which have been current for the last few days in Brussels and in diplomatic and peace conference circles here, have their source in the interior politics of Belgium, and are fostered by the political party favoring an energetic policy toward Holland, according to a member of the Belgian peace delegation at Paris.

"The situation," he added, "is neither more strained nor better than it has been since the opening of negotiations between Belgium and Holland, which have been current for the last few days in Brussels and in diplomatic and peace conference circles here, have their source in the interior politics of Belgium, and are fostered by the political party favoring an energetic policy toward Holland, according to a member of the Belgian peace delegation at Paris."

FOUR YEARS IN PENITENTIARY AND WITH HARD LABOR

In the County Court this morning Judge Armstrong passed sentence on Crawford, who pleaded guilty to the charge of breaking, entering and stealing from the store of T. Collins & Co. Market street. His Honor, in sentencing the prisoner to four years in the penitentiary with hard labor, said that it had ever come before him, and that it was on account of Crawford's bad influence and it being a first offence for Crawford that the latter was allowed to go on suspended sentence. His Honor went on to say that he hoped that Crawford would learn a useful trade while serving his sentence and might have the latter reduced by good conduct.

SAV PEOPLE WANT ALL GRANULATED SUGAR AND THERE LIES THE TROUBLE

Ottawa, Nov. 13.—(Canadian Press)—The Canadian Trade Commission is convinced that the clamor for more sugar is due largely to people insisting on getting all granulated sugar to the practical exclusion of yellow.

PRETTY HEBREW WEDDING

I. D. Gordon Wedded to Miss Fanny Gordon at the A. O. H. Hall

(Halifax Recorder Tuesday.) The A. O. H. Hall, Quinpool Road, was last evening the scene of an exceptionally pretty wedding when, amid a thronged church, Rabbi, the Rev. William Berhvalts, joined in the holy bonds of matrimony, Fanny, daughter of Max Gordon, grocer, Cornwallis street, and H. D. Gordon, grocer, son of Myer Gordon, of St. John.

The bride, who was given in marriage by her father, wore a magnificent gown of white silk and lace, the conventional veil was caught with blossoms of orange and her bouquet was a shower of white roses. She was attended by two bridesmaids and two winsome little flower girls. The bridesmaids were Miss Getta Gilbert, of St. John, and Miss Sarah Gordon, of Moncton. Both these young ladies looked particularly charming in gowns of white and white bouquets. The groom's supporters were J. Gordon and Eli Gordon, of Halifax. The little flower girls, also attired in charming frocks of white, were the Misses Fanny and Mary Gordon, sisters of the groom.

Immediately after the wedding, there followed a reception of characteristic Jewish splendor. Some three hundred guests were present, among them being many from out of the city. The reception which started at 8 o'clock was not concluded till long after midnight. During the evening, the Rabbi gave a most enjoyable address in Hebrew which was both novel and interesting. The groom's gifts to the bride were two handsome rings, one of gold, the other studded with diamonds. Among the collection of wedding gifts were valuable articles of gold and silver.

The out of town guests were Miss Ray Gilbert, Mr. Gilbert, Mr. Eli Zatzman, Mr. Louis Boudovitch, Miss Coleman and Mr. Ross. The happy young bridal couple will reside at 92 Agricola street. A most enjoyable event of the ceremony was the reception for which the Strand orchestra furnished the music.

CONDEMNNS EXCESS OF PRESCRIPTIONS

Halifax Medical Society Deplures Action of Some Physicians and Liquor Vendors

At a recent meeting of the Halifax Medical Society a resolution as follows was adopted:

Whereas it is alleged a few physicians have prescribed and vendors have supplied, alcoholic liquors far in excess of normal amounts for medicinal purposes. Therefore be it resolved that this

Society strongly condemn the action of those physicians.

We would recommend that this Society urge the Government to so amend the law that salaried vendors only be appointed, who will not have the temptation of profit and who will faithfully supply pure liquors at moderate prices for medicinal purposes only.

We further recommend that this Society ask the Government to adopt the duplicate prescription method with monthly reports to the department by both physicians and vendors, copying the law recently passed by the Federal Government of the United States.

A. W. ROBB TO INTERNATIONAL CONVENTION OF THE Y.M.C.A.

Andrew W. Robb, of Halifax, formerly general secretary of the local Y. M. C. A. and a man well known in St. John, was in the city yesterday. He is on his way through to Detroit (Mich.), where he will attend the international convention of the Young Men's Christian Association on November 19-23. Mr. Robb will represent Halifax and the maritime provinces. Delegations will be present from China, India, Japan, South America and Europe as well as from all parts of North America.

Vital questions of future policy will bring up general discussion at the meeting on how to further work in the war zone and increase activities that have been developing for thirty years in other countries. Workers in all foreign countries have been recalled in order to get their views before shaping a worldwide programme of social welfare.

COUNTY LOCAL HOUSING BOARD As per advertisement in another part of this paper it will be seen that the County Local Housing Board are now prepared to entertain applications for loans from parties who may require some financial assistance in either completing homes for themselves, which may now be in course of erection or the building of which may be contemplated.

The board are also having at present plans drawn for the different types of houses they purpose building on behalf of applicants who wish to pay for same on the "monthly payment" plan. These plans they expect to be ready for public inspection within a short time.

FINE STUDENTS \$2,000. Toronto, Nov. 13.—The discipline committee of the students' administrative, University of Toronto, has recommended that the first and second year medical students should be fined \$2,000 for taking part in a parade and "affair" at the Gayety theatre without the authorization of the proper authorities. It further recommended that three students who came out on the platform at the theatre should be suspended and that the person who threw the lighted cigar which inflicted injuries to the eye of one of the actresses should be expelled.

The ladies of the Fair Vale Outing Club met at the residence of Mrs. J. S. Frost yesterday afternoon and formed an auxiliary with Mrs. J. S. Frost, president; Mrs. K. Spear, first vice-president; Mrs. Gregory, second vice-president; Mrs. L. T. Dow, secretary; Miss K. Gooderich, treasurer.

WAITING LIST NOW FOR PLACE ON BOSTON POLICE FORCE

(Special to Times.)

Boston, Nov. 13.—More than a sufficient number of new men to fill the places vacated by the striking policemen have been recruited and a waiting list of about 100 is being maintained to have men available to fill places which may

be vacated soon by retirement of old loyal patrolmen.

The police commissioner called for 1,100 men after the strike and 1,228 men have qualified for the force. With about 350 loyal men this gives a sufficient number.

Miss Mary Allison, Y. W. C. A. secretary for girls' work, will leave this evening for Stanstead (Que.), where she will be one of the speakers at the Y. W. C. A. convention.

At Humphrey's Tea and Coffee Store 14 King Street

That "New-Like" Appearance

YOUR furniture need never become dull, dingy or lifeless in appearance. There is a way—and an easy way—of keeping a beautiful finish on all your furniture and woodwork. A few drops of

on a cloth dampened with water, will form a soft, soapy lather that thoroughly cleans—and so brings out the blended beauty of the grain. The final operation is a light rubbing-over of the surface with a dry cloth. This imparts a high, dry, lasting lustre—a lustre that will not collect dust, because there is no trace of gummyness or stickiness—nothing but the natural beauty of the wood itself.

Floors may be cleaned and beautified in the same simple manner, by the use of the O-Cedar Polish Mop. Its use is not confined to varnished hardwood—painted floors and linoleums are preserved and polished with a light rubbing daily with this Mop.

The Polish 25c. to \$3.00 sizes. O-Cedar Polish Mop, round or triangle, \$1.50. Both at any hardware or grocery shop.

LOCAL NEWS

Dr. J. F. L. Brown, district medical health officer, returned last evening from Sussex, after inspection of dairy conditions in Kings county.

Four hundred men have been placed on farms in the province through the Soldiers' Settlement Board, all returned soldiers.

The Fraser Companies, Ltd., are planning the erection of two lumber mills at Campbellton, N. B., one for the manufacture of long lumber, the other for shingles.

Sir Frederick William Lewis, Bart., recently appointed chairman of the Furness-Withly Co. Ltd., is expected in St. John in the near future on a tour of inspection of the branch offices.

Chief Coughlan of the Chatham police force was in the city yesterday, having brought a patient to the Provincial Hospital. The chief is a brother of Policeman Walter B. Coughlan of the local force.

The Commercial Brokerage Co., Ltd., was reorganized yesterday. W. S. Allison was elected a director. The other officers and directors are: S. K. Smith, president; A. S. Merritt, vice-president; Miss Lucy Comeau, secretary-treasurer; and W. A. Taylor, sales manager.

INFLAMED GUMS— A CAUSE OF LOOSE TEETH

Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line. They inflame. They prevent many tiny openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments.

Against this Pyorrhea (Gums' Disease) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's—if used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well. Brush your teeth with it. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

38c and 60c tubes. All Drugstores. **FORHAN'S, LTD.**, Montreal.

At a meeting of the Women's League of St. David's church yesterday, Mrs. A. Morrison presiding, reports in behalf of the organ fund were presented, showing \$850 recently procured in a pantry and superstitious sale.

At a meeting of Retail Dry Goods and Gents' Furnishers' Clerks in the board of trade rooms last evening, a new organization was formed, with 100 charter members. The following officers were elected: President, A. C. Wilson; vice-president, George Andrews; secretary, Miss McKay; treasurer, Edward Waters.

Cecil Cartwright, sixteen years old, of Clarence street, was severely shaken up last evening in Charlotte street by being knocked down by an automobile driven by Edgar L. Stevens. Policeman Killen took him to Dr. McAlpine, who found he was not badly injured. Witnesses said no blame attached to the driver of the car.

Besides the local priests, the following were present at the diocesan meeting of the St. John diocese held in the Bishop's Palace yesterday: Rev. Louis Guerton, C. S. C., president of St. Joseph's University; Rev. Monsignor Belliveau, Grand Dignitary; Rev. F. X. Robichaud, Pos. Creek; Rev. F. L. Carney, Fredericton; Rev. H. L. Coughlan, St. Martins; Rev. Francis Walker, acting pastor of Johnville, and Rev. John Flaherty, St. Stephen.

Mr. Wolfe had been in charge of the plant for about fifteen years.

GROUND TO DEATH BETWEEN THE COGS

Simcoe Man Meets Terrible Death in Wheelhouse of His Mill

Simcoe, Nov. 13.—Homer Wolfe, superintendent of the Simcoe Wool Stock Company, was instantly killed, his body passing between the two large bevel cogwheels in the wheel house at the mill. There were with him at the time two workmen of the plant, who stated that just previous to the tragedy the unfortunate man was a short distance from the wheels, in line with the vertical wheel on the transmission shaft. Endeavoring to ascertain the cause of a tremor in this shaft, one of them turned his back for a moment, and hearing a shout turned off the water. The body was literally cut in two.

At a meeting in the Union Club last evening the paid-up charter members of the St. John Society of Music were reported as numbering 850. A meeting will be held soon for the election of officers. L. McLachlan, W. F. Hatheway, Misses Louise Knight and Pauline Bederman were appointed a committee to arrange for it. A. N. McLean presided last evening.

The smoker and entertainment which was to have taken place at the G. W. V. A. hall last evening was postponed as the committee were unable to have the colored troupe there to perform and it

was decided to hold the smoker at the address on athletics and playground work in the city at a meeting of the Loyal Order of Moose last evening. W. J. Crawford, dictator, occupied the chair. A letter from the supreme secretary told of the work being done at the Mooseheart Home for Children at Mooseheart (Ill.), where 700 children, five per cent of whom were of Canadian or British origin, were being cared for. It was decided to hold a series of entertainments during the winter.

A Nervous Wreck

BY DR. VALENTINE MOTT FIERCE.

How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

RECENT WEDDINGS

A quiet wedding was solemnized at Trinity church yesterday afternoon at 6 o'clock, in the presence of a large number of friends, which Rev. Canon R. A. Armstrong, rector of the church, united in marriage Miss Lillie Gertrude Andrews Heales, daughter of Mr. and Mrs. Charles Heales, and Harold Aubrey Lynnam. Both bride and groom were unattended. They left by the Boston train immediately after the ceremony for a wedding trip of about ten days. On their return they will reside at 231 Princess street. Both bride and groom are well known in the city and they have the best wishes of a host of friends for their future happiness. Mr. Lynnam is a member of the firm of Northrup & Co., of this city.

Truro, N. S., Nov. 12.—(Special)—A wedding of more than local interest was solemnized at 7:30 o'clock this morning at the Church of Immaculate Conception when Miss Kathleen M. Hallisey, second daughter of J. T. Hallisey, superintendent at Truro (N. S.), and now manager of the Royal Bank of Canada branch at Blackville (N. B.), the officiating clergyman was Rev. Father Kinisella.

After the wedding breakfast at the home of the bride's parents, the happy pair left on the north-bound Ocean Limited for their honeymoon trip. On their return they will reside at Blackville (N. B.).

by the conference on Finland's admission appeal would be taken to the permanent court of international justice. The court has not yet been organized but is provided for in the treaty of peace.

Sir Malcolm opposed the admission of Finland on the ground that it would read into the treaty a meaning not intended by the powers which signed it.

Government delegates from Norway, Sweden and Denmark supported the request of Finland.

In the commission on hours of work labor delegates opposed a declaration in favor of a forty-eight hour week without guarantee that the maximum working day would be eight hours. No definite action was taken.

Sir Wm. Osler Better.
Oxford, Eng., Nov. 12.—Sir William Osler, regius professor of medicine at Oxford, is convalescent. This announcement follows upon marked improvement in his condition during the last few days.

The St. John Law Students' Society last night decided to hold a banquet before Christmas.

Elgin—

"The Spirit of Achievement"

The Banker

THE Banks of Canada are models of financial achievement. Bankers today are not mere custodians of public and private funds. They are our advisors in financial and commercial undertakings—symbols of public confidence, of safety, of efficiency, of service to the people.

The modern Banker is like the Elgin watch—his success rests on accuracy. Not alone accuracy in accounting, but accuracy in its broader sense—in reading character, in understanding human nature, in absorbing and digesting information, in giving advice to clients.

To the Banker the Elgin is the token and the measure of accurate time, and as a result his work and the work of the staff under him is regulated with Elgin-like efficiency.

Take the Elgin as the register of your daily schedule—make each day a day of achievement.

There is a jeweler in your vicinity who is equipped to help you safeguard your Time.

FOREIGN PORTS. Portland, Nov. 12-Ar'd, schr. Abbie Walker, Nova Scotia for New York. Boston, Nov. 12-Sid, schr. Emily S. Baymore, Apple River, N. S. Corfu, Oct. 29-Ar'd, schr. Fotis. (Greek), Montreal for Pictou. City Island, Nov. 12-Bound south, schooner Doris L. Corkum (Br.), Sherbrooke, N. S., for New York. MARINE NOTES Six American tugs arrived at Halifax yesterday from the lakes on their way to American ports on the Atlantic. The Captain Edwin C. Long, R. G. Douglas, and the Edward Lanes were built by the United States government for mine layers, and will now be used for harbor work. The other three, the Mastiff, Sampson and Retriever, are of a smaller type, and are to be used as tug boats. The latter three will tow the steamer Hoxie to Boston. She was towed in to Halifax with three propeller blades broken. Quebec reports that there is some hope that the steamer Germanicus, which is ashore at Bic Island, will be saved. The Furness-Whitby office have been advised that the R. M. S. P. Chaleur, will not sail on Friday from Halifax, as her schedule calls for, but will be held over until Sunday morning at 9 o'clock. This postponement is due to the delay caused in her sailing by the recent Atlantic storm. The steamer Lady Evelyn, owned by a French company, is reported stranded on a reef near Pictou Island, N. S. Tugs were ordered out from St. John's, Nfld., yesterday to search for a new three masted schooner reported floating bottom up ten miles off this port by the steamer Sable upon its arrival from Sydney. Stole Wedding Gifts. During an evening wedding reception recently at the residence of George Wood, Hazelbrook, P. E. I., wedding gifts were stored in a room upstairs. A thief made entrance to the house by means of a ladder to an upstairs window and succeeded in getting away with nearly all the gifts. Among the presents was gold coin to the amount of \$800.

LOCAL NEWS

CIVIL COURT.

A large number of civil cases were disposed of in the city court this morning.

POLICE COURT.

In the police court this morning four men, charged with drunkenness, pleaded guilty and were remanded.

BIRTHDAY PARTY.

About twenty-five little friends of Audrey Warren Magee were entertained at her home in Canterbury street yesterday from 4 p. m. until 10 p. m. in honor of her sixth birthday.

THE BANK CLEARINGS.

The St. John bank clearings for the week ending today were \$3,148,924; last year, \$2,139,865; in 1918, \$2,186,033. Halifax clearings for the week were \$4,641,340; last year, \$3,190,567.

ANNIVERSARY.

The sixth anniversary of Dominion Lodge, No. 444, I. O. G. T., was celebrated nicely on Tuesday evening at a gathering in their hall, Temple building, Main street. A pleasing program was enjoyed and refreshments were served.

PICTURE OF SON'S GRAVE.

It is a picture of her son's grave which has been received by Mrs. Mary Mulaney, mother of the late Lieut. Maurice Mulaney of the 26th Battalion, and not a picture of her son as announced yesterday.

AFTER TWENTY-SEVEN YEARS.

Old friends have been extending hearty greetings to Thomas McAndrews, who has been visiting his mother, Mrs. Annie McAndrews, at 102 Brussels street after absence of twenty-seven years from home. He is located in Boston and plans to return there this week after a very pleasant stay here.

FOUND NO LIQUOR.

Complaints have reached the liquor inspectors that several ships coming into the harbor recently have had on board a supply of liquor. Several ships were searched yesterday by Inspectors McAlinh, Merryfield and Kerr but nothing was found except some medicated wines which were for ship's stores. This information was given to the Times this morning by Inspector McAlinh.

MEDICAL SOCIETY.

The St. John Medical Society held their fortnightly meeting last evening in the Physicians' club rooms, Charlotte street, with the president, Dr. A. E. Logie in the chair. General routine business was transacted and papers and addresses—reports of their observations at the recent congress in New York city—were given by Dr. W. W. White, Dr. A. E. Macaulay and Dr. J. H. Allison.

DECIDE FOR THE PAVING OF FOUR STREETS

Douglas Avenue First in Favor, Then City Road and Brussels Street to One Mile House

The city council at last decided this morning to get ahead with the paving arrangements for next year and in committee decided on the paving of four streets by contract, if it is found possible to carry out that much work next year, Douglas avenue receiving first favor with City Road, Brussels street and the Marston road as far as the One Mile House following in the order named. Commissioner Fisher also said that he was planning on doing Market square, the north end of King street, Adelaide street and King street West, St. John, using the plant of the public works department. The class of pavement was not definitely decided on for all the streets.

Commissioner Fisher moved that plans and specifications be prepared for the paving of Douglas avenue with bituminous concrete on a foundation of broken stone, including the track section, with curbing, providing granite is not available.

The paving of track sections with granite blocks, the commissioner explained, would cost about \$12 a running foot while the street railway company's contribution would be \$1.90 a foot.

Mr. Thornton said that the paving question had been discussed time and again and in order to bring action he seconded Commissioner Fisher's motion.

Commissioner Fisher then moved that City road be paved with the same material between Pond street and the Marsh bridge. This was also carried.

He then moved for the paving of Prince William street. The mayor favored the Marsh road as the next choice.

Mr. Jones said Brussels street was ready for paving and that was the worst street he had in the city.

The mayor moved in amendment that the Marsh road be the third on the list. Both amendment and motion were lost and a motion to pave Brussels street was carried. Marsh road was decided on as next in order.

ACTION FOR GRANT FOR VOCATIONAL TRAINING IS NOT YET TAKEN

Commissioner Fisher Moves For \$5,000 But Decision Is Deferred

The action to be taken by the city with regard to a grant towards the establishment of vocational training schools in the city was discussed at this morning's committee of the common council, but although Commissioner Fisher moved that the amount of \$5,000 asked for by the board be granted no decision was arrived at.

The matter was brought up by Commissioner Fisher who moved that the council should include in the \$5,000 asked by the Vocational Training Board to carry on their work between the present time and next March.

Commissioner Jones said he thought that before definite action was taken some idea should be gleaned as to other grants which will likely come up. He was quite sure that the teachers would be asking for more money by the first of the year and there was also the matter of new school buildings. He said he was under the impression that the school curriculum could be arranged to deal with the matter of vocational training.

Mr. Thornton said that although he doubted before if this scheme would reach the people for whom it was intended, the fact that in the past people were not able to get the benefits of vocational training, was no reason why they should deny that chance to the young people of today.

Mr. Fisher said that the move was a good one and they should go ahead with it. The night schools would not fill the want which would be taken care of by vocational training.

HOME TEACHER FOR BLIND; HEADQUARTERS TO BE IN ST. JOHN

Canadian National Institute For Blind Extending Its Work in The Maritime Provinces

H. B. Campbell, who is in charge of the maritime division of the Canadian National Institute for the Blind in Halifax, is in the city in connection with the maritime work. This is Canadian wide and its general object is to ameliorate the condition of the blind throughout Canada. The institution is working for the education and vocational training of the blind in Canada so that they may be independent and earn a substantial living. There are several departments throughout the dominion including an industrial department for men in Halifax, a department for men and women in Toronto and shops for men in both Winnipeg and Vancouver. There are three men from this province in the industrial shop in Halifax with four other applications recently received. They are taken in as apprentices and receive \$9 a week to start, while after completing their course it is possible for them to earn from \$12 to \$17 a week. This shop, which is manufacturing brooms, will soon be able to turn out 100 dozen a week and in that case will need to employ several men for this work. While many of those afflicted are prepared to take a course in industrial training in the various institutions throughout Canada there are others who cannot do so and with this view in mind the institute has arranged a system of home teaching to co-operate with the blind and relieve their affliction as much as possible by giving them industrial training at home. The institute has arranged to have a home teacher for the maritime provinces with headquarters in St. John. Miss Lexie Penney of Prince Edward Island, who has graduated from a school for the blind in the city at the Y. W. C. A. She is well qualified to carry on the work. It is asked that names of blind in this city or province be handed to Miss Penney.

Some of the most prominent men in Canada are at the head of this institution. T. H. Estabrooks of this city is a member of the maritime board, while other members are Sir Frederick Fraser, Dr. J. A. McDonald and Dr. F. H. Sexton. The board is not yet completely organized.

WAS LAST HEARD OF IN NEW BRUNSWICK

The British Columbia Retailer tells the story of a group of auto contest men who cleaned up considerable cash in Saskatchewan and then went to British Columbia. The Retail Merchants Association of Saskatchewan warned the B. C. Association with the result that the promoters of the scheme had to get away and two stores in New Westminster and two in Vancouver were fined for operating the plan. The Vancouver police raided the office of the promoters and it was closed. A warrant was issued for the leading promoter but he left the city. The British Columbia Retailer says that when last heard of he was in New Brunswick.

Sixteen Labor Mayors.

London, Nov. 12.—(By Canadian Associated Press Cable)—Sixteen labor mayors were elected throughout England Wales yesterday.

BIG MEN OF THE SHIPPING WORLD IN CITY TODAY

Sir Frederick Lewis Head of Furness Withy Co. and Mr. Blackiston on Inspection Visit

Sir Frederick Lewis of London, England, one of the prominent shipping men of the world and chairman of the Furness Withy Co., Ltd., arrived in the city at noon today, accompanied by H. C. Blackiston, director of the Furness Withy Co., Ltd., with headquarters in New York. They are here to inspect the local office, after which they will leave for Halifax.

Sir Frederick Lewis succeeded the late Lord Furness as chairman of the company in 1912. At the age of thirteen years he entered the employ of Christopher Furness & Co., Ltd., and from the bottom of the ladder he rose until he reached the top—the chairmanship. For many years he was closely associated with Lord Furness in all his shipping ventures, and was well qualified to follow in the footsteps of his predecessor. He was only forty-two years of age when he became chairman and since 1912 has been actively engaged in that capacity. In 1916 he was elected by the British government as a member of the Shipping Control Commission.

He is a member of the committee at the present time. He is also chairman or director of a large number of steamship and other companies, which are all associated with the Furness Withy Co., Ltd. It is his first visit to St. John.

Mr. Blackiston is an outstanding figure in the shipping world and has control of the Furness Withy Co., Ltd., interests in the United States. They will go through to Halifax tonight. Sir Frederick Lewis' wife and daughter also arrived in the city today from New York and went through at noon to Halifax.

Logic

When you pay a trifle more for merchandise advertised as unusual and of the better sort you naturally assume you are to benefit.

We've advertised apparel of the finer sort since 1850—to three generations—and each inquiry eventually makes a friend for us.

D. Magee's Sons, Limited—Saint John, N. B.

ENGLAND MUCH STIRRED OVER THE RUSSIAN MATTER

Premier's Intimation of Proceedings For Peace

SOME HISTORY BEHIND IT

Recent Visit of Kolchak Representative and Embassy of Soviet Government — London Press Divided Over The Matter

(Special Cable to Times by F. A. McKenzie. Copyright.)

London, Nov. 13.—The premier's intimation that the government contemplates concluding peace with the Bolsheviks overshadows every other topic here. It is generally understood that Lloyd George long has favored this course but had been overborne by his cabinet colleagues.

The inner history behind the premier's announcement is interesting. Three weeks ago Kolchak's personal representative arrived in London and afterwards visited Paris, with the assurance that the white armies had the Russian situation entirely in hand and had reconciled all differences between their generals, only delaying the capture of Petrograd in order to accomplish it with the least possible bloodshed. They had arranged plans for the summary trial of Bolshevik leaders. British and French authorities apparently fully accepted these assurances, although many with an intimate knowledge of Russian developments ridiculed them.

Kolchak's defeat and retirement completely altered the situation. Simultaneously Colonel Malone arrived with Lenin's new peace proposals. These were largely similar to the offer made by the Soviet government, including an immediate armistice, restoration of trade, removal of economic blockade, general amnesty withdrawal of Allied troops from Russia and definite recognition by the Soviet government of responsibility for old Russian French debts. The Soviet asks for an answer by Nov. 15, intimating that otherwise it would transfer its offer to the Central Powers.

Helped Anti-Movement. The anti-Soviet movement here received a great impetus last week from Ward's impassioned speech in the commons. Ward's well known democratic sentiments and his position as labor leader gave his words added weight. The press is sharply divided. The Times leads an anti-Lenin campaign, agreeing that our policy cannot continue to be one of armed intervention but demanding steady moral material, political and diplomatic encouragement to those fighting the battle of the Allies in Russia and Asia.

It says the prime minister foreshadowed a policy but a negation of policy. He speaks as though he is seeking a pretext for complete abandonment of our Russian friends to their fate in the probable event of their refusal to treat with Bolsheviks. What would have been the effect upon Anglo-American relations, it asks, had the British premier called upon the north and south in the war of secession to sink their differences be-

cause the world could not afford the devastation caused by a protracted struggle over an issue which men like Abraham Lincoln held to be vital.

Some such effect, it says, would inevitably be produced upon the minds of patriotic and democratic Russians when they hear, as they will speedily hear, the revival of the Prinkipo policy. It pictures them turning to seek help from the Germans and the German grip established upon Russia and Siberia and other regions of Asia, the league of nations turned to a fabric, a dream, powerless to act upon so vast a political, military and economic agglomeration.

The Daily Mail sums up the premier's new policy as shaking hands with murderers. These sentiments undoubtedly represent an enormous mass of opinion here.

Papers like the Daily News, Manchester Guardian and labor organ, the Daily Herald, take opposite grounds. The News declares that there is obviously a door of settlement open. It asks if the government is destitute of a Russian policy unless its policy is starvation and says the chance ought to be regarded as a godsend. It says there is not much on the premier's record in the Russian matter that does him credit but says he has at least seen the right way more than once which might be forgiven him if now he would go further and take it. The Express, which actively favored the withdrawal, declares it is unreservedly glad that the premier has been convinced.

H.P. SAUCE
continues to arrive from England.
Has a new and delicious flavour, no sauce just like it.
Wouldn't it be worth your while to try a bottle, now?

"I regard BOVRIL as a great protection against INFLUENZA."

"Not only may it be employed to ward off the disease but it might be resorted to, to prop up the constitution during its course, and to obviate its pernicious effects."

From Statement made by Sir James Crickson-Brown, M. D., F. R. S., etc., etc.

The great body building power of BOVRIL does not admit of argument. Its use to keep the system strong, and fit it to resist fatigue and the attacks of prevalent diseases, is recommended by the most eminent food Specialists.

The daily use of Bovril is advisable, both as a food-drink and as a strength giving addition to stews, gravies, etc.

REPORTED MAKE-UP OF THE ONTARIO CABINET

Toronto, Nov. 12.—Premier Drury announced that R. H. Grant, member-elect for Carleton, had accepted the portfolio of education in the Ontario cabinet now being formed. Mr. Drury also stated that he had wired W. F. Nickle, K.C. of Kingston, offering him the portfolio of attorney-general.

The Farmer's Sun which is regarded as the official mouthpiece of the premier, gives today the following list of the new cabinet: Premier, E. C. Drury; minister of agriculture, Manning Doherty; education, R. H. Grant; lands and forests, Benish

Bowman; public works, F. C. Biggs; labor and health, W. B. Rollo; mines, H. Mills; provincial secretary, C. Nixon; provincial treasurer, Peter Smith; attorney-general, W. F. Nickle. Without portfolio, Lieut.-Colonel D. Carmichael, D. S. O. Messrs. Nickle and Smith have not finally accepted. The new cabinet will have a conference tomorrow.

Will Return to Germany.

Paris, Nov. 13.—Field Marshal von Mackensen, one of Germany's most successful commanders on the eastern front in the campaigns against the Russians and Rumanians, is to be permitted to return to Germany from Salonica. The Supreme Council decided to permit the return of the field marshal, taking into consideration his age and the poor state of his health.

BOSTON EXPECTS SENSATIONAL DEVELOPMENTS

Looked For in Connection With Activities of "Reds"

ARRESTS ARE PREDICTED

Effort to Quash Indictment Against One Man—Colonel Raymond Robbins Faces Soviet Sympathizers and Talks Plainly

(Special to Times.)

Boston, Nov. 13.—Sensational developments are expected within a few days in connection with the activities of the "Reds" in Boston. Assistant District Attorney Gallagher said today that every investigating agency connected with the nation, state and city is hard at work to bring the matter to a head. Another special session of the Suffolk county grand jury is hinted at. District Attorney Tufts of Middlesex County has also begun an active campaign against the "Reds" in the territory within his jurisdiction and he intimates that within a short time several important arrests will be made. Their information is coming from many sources. Even "right wingers" of the Socialist party (the conservatives of the movement) are known to have disclosed certain facts which the prosecuting officers consider valuable.

Close watch is kept on the so-called intellectuals. It is said that their work done in a quiet way has as great an effect as that of the "left wingers" of the movement (the radicals) in their open form. Already strings are being pulled by a state senator to quash an indictment reported by the Suffolk grand jury under the Massachusetts anti-anarchy act of 1919, against Solomon Prest, one of the first three to be arrested in consequence of the investigation by the grand jury. The request was emphatically refused. The police are seeking one of the leaders of the radical movement and as soon as an arrest is made there will

CANNOT MAKE AMERICA BOLSHEVIK

In the face of tumultuous enthusiasm for communist theories expressed by a Faneuil Hall audience almost wholly composed of sympathizers for Soviet Russia, Colonel Raymond Robbins, who for two years represented the American Red Cross in Russia declared on Tuesday night that there was no basis for their hope of bringing Bolshevism to America, although he joined with them in demanding that the blockade against Russia be lifted and soldiers withdrawn to prevent the starvation of thousands of women and children.

His address was a plea for America to assert its principals of liberty and freedom, leaving Russia to work off the

poison of anarchy as he said it was bound to do in its own way and time.

"The last two years," said he, "have been a period of stupid blundering, starvation and misery, of stupid and criminal blockade and intervention. Our policy has stamped Bolshevism in, instead of stamping it out. It has put behind Lenin and Trotsky millions determined to save the sacred soil of Russia from the invader. It has made heroes of these fiends."

Whiskey From Montreal.

Brockville, Ont., Nov. 13.—During the last month Inspectors Taber and Sykes of this town seized a total of 540 bottles of whiskey and seventy-five gallons of alcohol in transit from Montreal to points in Ontario. The wet goods were confiscated principally on railway passenger trains.

UGGENHEIMS GIVE \$250,000 TO MT. SINAI

Gift Makes a Total of \$600,000—Used in Construction of Memorial Pavilion to Parents

(New York Evening Post.)

Through the gift of \$250,000 recently made by the Guggenheim brothers, Daniel, Murray, Isaac, Simon and Solomon, Mt. Sinai Hospital is ready today to begin the erection of the pavilion for patients, designed to be a memorial to the parents of the donors, according to announcement made today. The five brothers donated \$250,000 for this purpose three years ago, with a second contribution and now the third. Their contribution amounts to \$600,000, said to be the largest sum ever given to any Jewish charitable organization in the city of New York.

The pavilion will cover the entire block on Fifth avenue, between Ninety-ninth and One Hundredth streets, and when completed will represent an outlay of \$1,000,000.

This building was projected before the war, but in common with most others was not commenced until the government's embargo on materials had been lifted.

The proposed building will provide accommodations for 120 patients in private rooms, according to George Blumenthal, president of the hospital. There will be sun exposure for all the rooms, half of the total number facing Central Park. The remainder will face upon a wide court running through from Ninety-ninth to 100th street. Many will be provided with private balconies and spacious sun parlors placed at the level of the roof.

The new pavilion will be equipped with its own kitchen, laboratory, operating and treatment rooms. In fact, it will be a complete hospital in itself. A new feature will be the installation of the electro-cardiograph system. By means of this system the heart action of any patient can be taken and recorded and studied by the attending surgeons from a central station while the sufferer lies in his bed undisturbed.

WANTED TO SHOOT KING

London, Nov. 13.—A Scotchman, with a police permit to buy a revolver and one from the military to import explosives, has been arrested in Dublin because he said he intended to assassinate the king. He was charged in the Dublin courts with being a dangerous lunatic. His name is Henry Ferguson, of Waterford. He described himself as the manager of the Ardmore Mines which were worth \$200,000,000 to Ireland. On Saturday afternoon, according to the evidence, he was at the College Green and told the constable who arrested him of his intention to go to Buckingham Palace to shoot the king. He also said he had a taxicab waiting to take him to the manager of the Royal Marine Hotel and his assistants. He was committed to the Richmond Asylum.

DETAILS REVEAL THE CRIME MOST SHOCKING

Murder of Girl by Soldier Near Lunenburg N. S.—His Suicide Follows

A Lunenburg, N. S., account of a murder and suicide forty miles from there last week, before referred to, follows:—

The murder of Miss Madie Smith, and the suicide of Wilson Huey, at Mount Pleasant, has caused intense interest in this town.

Wilson Huey, a returned soldier, formerly of Mount Pleasant, was married to a Miss Smith of Henford, with whom he lived apparently on a friendly basis up to the time of his enlistment, but during his absence at the front, Mrs. Huey was earning her living at Bridgewater. It appeared that Huey became infatuated with Miss Madie Smith, daughter of Mrs. Stuart Smith, and although his attentions were not reciprocated, he visited her home.

At a late hour on Saturday night he was given permission to remain for the night, and, taking a light and his rifle, which he had with him, he proceeded up stairs.

Found Both Dead.

Mrs. Smith and her daughter retired, both occupying the same room. Through the night Huey came downstairs and entered their room. Mrs. Smith raised her head from the pillow and told him this was not his room, and asked him to go to his own room. With that he fired at her, the shot grazing the side of her face. She immediately left the house and got to the home of Joseph Colp, at two a. m., a distance of one mile through the woods. She was in an exhausted and highly nervous condition, but nevertheless returned with Colp to her home to find that her daughter had been slain by Huey having dashed her brains out with the butt of the gun. Huey then went upstairs and blew his brains out with a shot from his rifle.

An inquest was held and a verdict given in accordance with the facts. Mrs. Smith has the respect of everybody in the settlement, and Madie was a beautiful girl in looks and character.

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches. The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

Send the coupon below and see for yourself how Pepsodent cleans teeth.

Apply Pepsin

Every Day to Your Teeth

All Statements Approved by High Dental Authorities

To Fight Film

DENTAL SCIENCE has proved that the great tooth wrecker is a slimy film. You can feel it with your tongue. Most tooth troubles are caused by it. It clings to the teeth, enters the crevices, hardens and stays. And teeth will discolor and decay where that film stays, however much you brush them. That is why millions of tooth brush users fail to save their teeth.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Scientists have for years sought ways to combat that film, but the methods proved inadequate. Then one man, after extensive research, applied activated pepsin—a digestant—to the film. And many clinical tests seem to clearly prove that he solved this great film problem.

We ask you to see for yourself. This pepsin method is employed in Pepsodent, and we offer a 10-Day Tube. See what it does when you use it. See the results in ten days. It will show you a way to clean your teeth as you never have cleaned them before.

See How They Glisten

Analysis shows that the film is albuminous. Pepsin digests albumin. The object in Pepsodent is to dissolve the film, then to constantly combat it. But pepsin alone is inert. It must be activated, and the usual agent is an acid harmful to the teeth. So pepsin long seemed forbidden.

Now a harmless, activating method has been found. And that method, used in Pepsodent, makes efficient pepsin possible.

Able authorities have proved Pepsodent by convincing clinical tests. It has been adopted, and is now endorsed, by leading dentists everywhere. It does what nothing else has done, and everyone should use it. We urge you to prove it yourself. Ask us for a 10-Day Tube. Look at your teeth and see what it does. See how they glisten. Do this for your sake and your children's sake.

Learn the way—the only way—to cleaner, safer teeth.

HOLLAND IS NERVOUS.

The Hague, Nov. 13.—In spite of the fact that the passenger traffic of Germany is practically suspended, the Dutch are obviously getting extremely nervous, fearing the spread of possibly revolutionary trouble across the German border and have strengthened their guards on the eastern frontier. While the suspension of passenger train service in Germany, which is as much a political as an economic measure against the revolution celebrations, is a relief to Holland, it has greatly affected the economic relations and blocked all postal, telegraphic and telephonic communications.

USE The Want Ad Way

Today We Go Even Further

Fifty years ago—before Sir Joseph Lister founded antiseptic surgery—surgical operations often were followed by gangrene and blood poisoning.

Today such consequences are rare exceptions, and medical science has so extended the idea of *sickness prevention* that the great plagues of the past no longer ravage the world. Serums, vaccines, anti-toxins, sanitation—all stand guard before the citadel of health.

Now science has developed an effective agent against that general condition that underlies 90% of all human disease—constipation.

That effective agent is Nujol.

Leading medical authorities agree that pills, salts, castor oil, etc., simply force and weaken the system. Nujol softens the food waste and encourages the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

The standard health builder—"Thirty Feet of Danger"—New York Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, N. Y.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark as shown here. Beware of products represented to be "the same as Nujol". You may suffer from substitution.

REG. U.S. PAT. OFF. For Constipation

SICKNESS PREVENTION

To the Protestant People of New Brunswick

Some of the little boys and girls at present having all the comforts of a well-conducted private home in the Britain Street Protestant Orphan's Home, St. John.

YOUR ASSISTANCE IN CASH AND HOUSE FURNISHINGS—particularly the former—is respectfully asked in behalf of The Protestant Orphan's Home situated in St. John for the past 66 years, which is now broadening the scope of its work by the temporary leasing of the Martello Hotel in the western part of the city.

THE PROTESTANT ORPHANS' HOME is an old familiar and very worthy institution with hundreds of splendid citizens male and female to its mothering credit. It is now in need of funds to pay the rent of the additional building, in which 85 more parentless children may be cared for, and to renovate and furnish it costly and homelike.

TO FEED, CLOTHE AND HOUSE THESE EXTRA KIDDIES will take many additional dollars and in spite of Victory Bonds and other righteous claims upon the people's funds just now the appeal is made widespread throughout the province, for the Protestant Orphan's Home is conducted under provincial charter and is open to all N. B. orphan children of the Protestant faith.

MARTELLO HOTEL, THE NEW ANNEX TO THE OLD ORPHANAGE, is practically brand new, with modern heating and plumbing, nicely renovated; bright, airy and unquestionably healthful and pure. Medical experts say it is ideally located and sanitary throughout. The building is surrounded with spacious lawns and it is located on a public park, Queen Square (W. E.)

A SPECIAL WARD FOR INFANTS OF ALL AGES, is being furnished in the Annex Home and with the greatly increased facilities this will be but a stepping stone to the directorate's scheme for a magnificent central institution on most modern lines in a short time, this being the ultimate aim of the present expansion.

PLEASE REMEMBER THIS IS THE OLD ORIGINAL PROTESTANT ORPHANS' HOME OF BRITAIN STREET, St. John, and well-wishers and intending contributors should not confuse it with any other similar movement at this juncture. Having alone been caring for the Protestant Orphans of New Brunswick for over three score years, the institution merits the whole-hearted assistance of the community in this day of its expansion and greater effort.

600 CONTRIBUTORS HAVE KEPT THE ORPHANAGE GOING IN THE PAST. SURELY NEW BRUNSWICK CAN DO BETTER THAN THIS?

TREATMENT IN CASES OF 'FLU

Simple Home Treatment to Ward off Attacks in Early Stages.

The experience in the frightful flu epidemic of last year taught us that the disease should be fought in its early stages. Here the symptoms are similar to a cold in the head and the same treatment should be used, usually with effective results.

Any physician will tell you that the drugs to use in such cases are Aspirin, Phenacetine, Quinine, Salol, Caffein Citrate and Camphor Monobromate. The action of these is to quickly break up the cold and even conquer the advanced stage of Grippe.

These drugs are offered the public in Grip Fix, a preparation for use in the home. It has been on the market for ten years and did wonderful work during the 'flu epidemic of last year. It comes in capsule form, convenient to take and giving quick action. It relieves a cold in a night and usually breaks up an attack of grippe in 48 hours. There is nothing in Grip Fix which works injury to the system. On the contrary, it has a general toning up effect.

Grip Fix is for sale by all druggists. Get a box today and have it in the house. Prompt treatment of colds is half the battle. When asking your druggist for it be sure to get Reid's Grip Fix as there is no preparation "just as good" for colds. It sells at 35 cents per box or three boxes for \$1.00.

CARUSO BACK TO NEW YORK AGAIN

Charmed With Mexico—Country Prosperous and People Contented

(N. Y. Times.) Enrico Caruso returned to New York last night from Mexico City, full of enthusiasm over his tour in that country and over the gold currency which, he said, was in circulation in that country in \$250, \$50, and \$10 pieces. He traveled from Mexico on a special train, entering the United States at Laredo, Texas, and arriving at the Pennsylvania station at 6:30 o'clock.

"Before I went to Mexico," he said, when seen at his apartments in the Hotel Knickerbocker, "I heard that the people and the country were 'bad' and that I might not get my money. I have been most agreeably surprised. Truthfully, I am enchanted with Mexico and hope to go there again."

"In my twenty-five years on the operatic stage I have never been treated with such exceeding kindness and hospitality as there. With previous contracts I have always had some expenses to pay out of my own pocket. But on this trip I did not have to pay one cent from New York back to New York."

"A house was provided for me to live in during my six weeks' stay in Mexico City, and Mexican girls, who had been trained in an Italian family, did the cooking. The stores are excellent, the people quiet and industrious. The coun-

There's Nothing Like

Zam-Buk's soothing and healing power. "Zam-Buk has been our household balm for fourteen years, and we could not do without it," says Mr. George A. Kilburn of Swan Lake, Man.

For eczema and skin troubles of all kinds Zam-Buk has no equal; also for old sores, ulcers, abscesses, boils, pimples, blood-poisoning, piles, cuts, burns, bruises and scalds.

All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

try, as much of it as I saw, appeared prosperous. The electric street car system is good, and the Mexicans have small, open motor vehicles with ten seats, which carry passengers rapidly to all the principal points at 1 and 2-cent fares.

Took in \$30,000 a Night. "The receipts for the opera averaged from \$25,000 to \$30,000 a night, and the

END THAT COUGH!

Peps will end it! Simply dissolve Peps tablets in your mouth. The fine forest vapors which are thus released are breathed down to the remotest parts of the air passages and lungs, soothing and healing the inflamed membranes and bringing quick relief from that irritating and exhausting cough.

Mrs. Luther Brown, of Wilson's Beach, N.B. writes: "For two years I was troubled with a very bad cough. At nights it became worse and I coughed incessantly and could not sleep. I tried every remedy I had ever heard of, but nothing did me any good until I used Peps. Even the first few tablets gave me relief. I continued their use, with the result that my cough has entirely disappeared."

These breathable Peps are also unequalled for colds, sore throat, bronchitis, catarrh, asthma and chest and lung troubles. 50c. box, 3 for \$1.25. All dealers or Peps Co., Toronto.

PEPS

people yelled for me to come again. At my last performance in the bull ring there were 30,000 present. We gave an

act from "Martha," "Pagliacci," and "Elisir d' Amore." After it was over, the audience swarmed into the arena and hugged and kissed me until my breath was almost gone. A troop of cavalry had to come an hour later to get my automobile away, because of the people standing on it to talk to me.

"Did you see any brigands?" was asked. "I did not," he replied. "I did not go to the mountains to look for them. I understand these banditti are revolutionists, each trying to place his individual party at the head of affairs. I did not see President Carranza, but he wrote me a very kind letter and placed a private railroad car at my disposal."

"Two days before I left Mexico City, the minister of the interior sent his chief of the press bureau to see me and asked how I liked Mexico. He particularly asked if I had been paid, and I replied I had received every centime due me."

"It has been my experience that wherever one goes the people will treat one well if one carries out one's contract. Even cannibals are appreciative and will applaud if you give them something good. Some small artists have gone to Mexico City who were not competent to fulfill their contracts and the management has sent them away. They have returned and complained they were not paid."

"The Mexican skies are blue like those of Italy, but the climate is heavy for strangers. I suffered a little the first two weeks. I prefer to sing in the Opera House rather than the bull ring, because there is no privacy in the ring, and if an artist sneezes at the side the people think it part of the opera."

Afraid of Bandits at First. "I felt a little nervous at the first performance, because my mind was full of tales I had heard about bandits, but after a few minutes I felt I had the

FRAGRANT and full of flavor. The quality of KING COLE Orange Pekoe is well expressed in the phrase "The Extra in Choice Tea." Always ask for it by the full name KING COLE Orange Pekoe. Perfectly packed in bright lead foil and price marked on every package.

audience with me, and was never in doubt afterward. If you tell the Mexicans you are pleased with them and their country, they will lift you to the skies in transports of joy." The tenor did not think he would be able to go to Mexico next year, as he had almost contracted to sing in South

America and go to Australia. He said his plans would depend upon his wife's health. Caruso appeared in excellent health, and said his voice was in good trim. He saw the directors of the Metropolitan Opera Company last night, and he will begin rehearsals in "Aida" with the company today.

Carrying Home The Canvass

The Y. W. P. A. has accepted as an Organization the performance of an important part of the Final Clean-up of the Victory Loan Campaign. The Young Ladies will take charge of Twenty-five booths, located in every ward of the City, Fairville, Beaconsfield and outlying districts

Look For These Booths and Buy a Bond!

The Ward Canvassers have by no means finished their work and their captains are pushing the sale of Victory Bonds to the limit in the hope of sending St. John over the top with a good margin. Just as a reminder, here are the names of the ward captains, their residence and 'phone numbers:—

- GUYS—J. Firth Brittain, 206 Winslow street, West Side. 'Phone W. 496.
- BROOKS—J. A. Gregory, Lancaster. 'Phone W. 129.
- SYDNEY—W. R. Stewart, 95 Coburg street. 'Phone M. 194.
- DUKES—C. W. DeForest, 155 Sydney street. 'Phone M. 1988.
- QUEENS—W. A. Lockhart, 40 Orange street. 'Phone M. 808.
- KINGS—C. H. Smythe, 183 Princess street. 'Phone M. 1519-21.

By "BUD" FISHER

"WAS THE RIGHT THING FOR ME"

Farmer Gains Thirty-eight Pounds and is Restored to Health by Taking Tanlac.

The best proof that Tanlac was the right thing for me is the way it has gotten me over my troubles and built me up," said John Rowe, a well known farmer of Pilot Mound, Manitoba, while at Liggett's Drug Store in Winnipeg, recently.

Mr. Rowe was a member of Company A, 28th Infantry battalion. He returned from France and received his discharge last January, after four years and four months in the world war, and went back to his former home and occupation at Pilot Mound. Continuing, Mr. Rowe said:

"During the past nine months I have suffered beyond words to tell with my stomach and had fallen off on account of it until I was amazingly thin. At the time I began taking Tanlac I only weighed one hundred and twenty-seven pounds and you would hardly believe it when I tell you that I now balance the scales at one hundred and sixty-five—making an actual gain of thirty-eight pounds.

"My appetite had gone back on me entirely and what little I did manage to eat would sour and bloat me up until I was miserable. This gas would press on my heart and cause such awful spells of palpitation and shortness of breath that I could hardly stand it. For months I could eat no meats or very few vegetables, as such things were like poison to me, and I had to live mostly on cereals and the very lightest of things. If I ventured to eat meats or anything the least bit heavy, I would almost double up with pains in the pit of my stomach. I suffered a great deal with headache and neuralgic pains through my temples and eyes. I was very nervous and between this and my other misery I was awake all hours of the night never getting any sound sleep. I was in such a bad shape that I often had to stop my plow or whatever I might be doing and lay off for a day or two.

"Well, I just kept peering along in this awful condition until I came here to the drug store a few weeks ago and bought myself some Tanlac. I had no idea at the time I would make a statement to be printed in the papers, but I have been helped so much that I want everybody to know what it did. I have an appetite like a bear and can eat all kinds of meat, vegetables, or anything else I want and everything I eat agrees with me perfectly for I never have a pain or a sign of indigestion. I have gotten entirely rid of the headaches and nervousness and sleep like a child every night. I never miss a day's work on my arm any more. In fact I am feeling as strong and well as I ever did in my life and there's nothing too good to say for Tanlac."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Advt.)

GRAND TRUNK TO GO ON AS NOW FOR SOME LITTLE TIME

Interest in Personnel of Management Committee and as to Fate of Present Officials

(Special to Times.)

Ottawa, Nov. 12.—For some time to come the Grand Trunk Railway will continue as at present with no material change in management. It will be fully a year before the board of arbitration, under Judge Cassels of the exchequer court, can bring in its award. It has to fix the value of the preferred and common stock which the government is taking over, giving in return non-voting bonds and becoming owners of the system. The shareholders still have to approve of the agreement but it is practically certain that they will do so.

Interest will now centre on the personality of the committee of management, consisting of two men appointed by the government, two by the Grand Trunk Company and a chairman selected by these four. In the meantime the operation of the road will go on as at present. The board of management will be appointed in a short time. Its duties will be concerned with making up the service of the Canadian National Railway system on the most efficient lines. There is considerable amount of duplication on the two western lines, which it will be the object of the board to eliminate so far as it is consistent with efficiency, though it will have to proceed carefully in this direction. There is naturally a good deal of personal interest being manifested by officials of the different systems as to their fate. There will have to be a considerable amount of cleaning out of ticket offices, for example, but it is thought that, just as occurs when banks amalgamate, places will be found for most of them. In Ottawa, for example, there will be only one office maintained but the staff will be increased and the same will probably happen at other points. The ablest men will be put in the city offices and the others distributed as far as possible elsewhere.

NEW YORK SUPPORT FOR GOVERNOR COOLIDGE FOR THE U. S. PRESIDENCY

(Special to Times.)

Boston, Nov. 12.—A despatch from Syracuse, N. Y., says that Mayor Stone, president of the New York State Mayors' Conference, announced yesterday that he would leave no political

CATELLI'S HIRONDELLE MACARONI

The Food for Fall and Winter

CATELLI'S MACARONI is all nourishment—all heat producing, strength giving food. It is rich in gluten—the substance that builds the body and keeps it warm. Scientific tests show that a pound of CATELLI'S MACARONI has more food value than steak, eggs, cream, chicken or home-made bread.

Eat it often. Serve it several times a week. Every member of the family will enjoy it; for there are over a hundred different ways of preparing it;—with cheese and tomatoes, with eggs, left-over meat, fish and so forth, either as the chief dish for dinner or supper or as the basis of puddings for dessert.

CATELLI'S MACARONI, Spaghetti, Vermicelli, Ready-Cuts, Noodles, Alphabets and Animals are made of the finest Canadian wheat *without the use of artificial coloring (yellow)*, and packed in tightly sealed packages. The Catelli products come to you absolutely pure and clean.

Be sure to insist on having CATELLI'S MACARONI—It is delicious, nutritious and economical food—the purest and most wholesome Macaroni sold in the country.

The C. H. Catelli Co. Limited, - Montreal.

You can plan a lot of good things to eat with CATELLI'S MACARONI.

Our new Cook Book tells how to prepare CATELLI'S Macaroni, etc. in 115 different and delicious ways. Write for a copy—its FREE.

Try This Recipe BAKED MACARONI
Prepare 1/2 package CATELLI'S MACARONI by boiling. Put in a steppan with a pint of milk to cover, add 2 oz. of butter, 2 oz. of grated cheese, pepper and a little nutmeg. Stir over the fire a few minutes, pile on a hot dish, strew plenty of bread-crumbs over it, brown in a brisk oven and serve.

HERE'S YOUR CHANCE TO SAVE MONEY

Store Open Till 10 p.m. Every Night

At 9 O'clock on Friday Morning, Nov. 14, The Ideal Stores Will Offer to The Public \$50,000 Worth of Boots, Shoes and Furnishings at One Half The Present Day Prices

CURLING.

St. Andrew's Officers.
The annual meeting of the St. Andrew's Curling Club was held Tuesday evening in the club headquarters. Fifteen new members were elected. They are: W. H. Lugsden, R. Keltie Jones, Jr., A. F. Stillwell, Roy Daniels, W. C. Sindal, A. P. Patterson, Victor Crosby, A. S. Bowman, A. L. McLellan, G. S. McDonald, C. F. Inches, Ralph Hayes, E. J. Terry, W. L. Paterson, H. G. McBreath and R. R. Haley. The annual reports showed the club was financially prosperous. Officers elected were: W. J. Wetmore, president; H. F. Rankine, vice-president; C. H. Ferguson, secretary-treasurer; managing committee, W. K. Haley, S. P. McKeown, F. C. Beatty, A. L. Foster, F. W. Coombs and D. W. Ledingham.

BILLIARDS.

Five Tie for Lead.
Cleveland, Nov. 12—Five of the ten players competing in the national three-cushion billiard championship tournament are tied for first place. By winning today and tonight, E. L. Canelax of New York, Charles McCourt of Cleveland, Otto Reisel of Chicago and Pierre Maupome of Milwaukee are on even terms with Clarence Jackson of Detroit, with three games won and one lost. Jackson was idle today. Reisel defeated Hugh Heal of Toledo tonight, 50 to 37 in fifty-five innings. Maupome won from Byron Gillette of Buffalo, 50 to 25, in sixty-four innings. Reisel's run of seven was high tonight.

ATHLETIC.

Forfeit Amateur Standing?
St. Louis, Mo., Nov. 12—The amateur athletic world has lost its greatest athlete. He passed out last week without attracting even a ripple of comment. Unless an eleven-hour reversal changes his decision, Robert I. Simpson, the fastest high hurdler the world ever knew and classed among the leading all-round stars of the country, will become a paid professional coach at the University of Missouri.

Automatically Simpson will lose his amateur standing and be barred from all competition in simon-pure events. As there are practically no professional track athletes in this country, it is probable that he will never figure publicly in an athletic competition, unless it should be of an exhibition nature.

THE RING.

Champion Outpointed.
Philadelphia, Nov. 12—Joe Lynch of New York outpointed Pete Herman, bantamweight champion, in six rounds here tonight.

A Knockout.
McKeesport, Pa., Nov. 12—Jack Perry, a welterweight of Pittsburgh, knocked out Eddie McAndrews of Philadelphia in the eighth round of a scheduled ten-round bout tonight. Perry outboxed McAndrews in every stage of the game, the latter holding his own in only one round, the sixth.

BASEBALL.

How He Got Scoop.
Here's a rich one from the world's series on how "Tiny" Maxwell, a Philadelphia sport writer, beat the whole country on the petition of the four umps to the National Commission asking that their fee in the series be raised from \$1,000 to \$2,000. The umps went about it in a dignified way and kept the matter to themselves. They had a public stenographer in a Cincinnati hotel type-write their request.
Now a couple of days later Mr. Maxwell was in his room at the same hotel, writing his story on his Corona. He had use for a sheet of carbon paper, so sent a bellhop for it.
When the boy returned "Tiny" picked up the black paper to stick between two sheets of copy paper. He noticed that one impression had been made on the carbon.
He was curious enough to scrutinize the inverted typewriting. All newspaper men read writing backwards with facility because they get used to reading type in the form. When he saw the

carbon had reproduced a letter written to the commission he quickly devoured every word of it and had a big beat for his paper.

The Boilermakers and Helpers' Union held a well attended meeting in the Painter's hall, Charlotte street, last night. Routine business was discussed.

**A REGULAR HOCKEY
SEASON FOR NOVA SCOTIA**

According to the Halifax Herald, Halifaxians are hockey mad and clamoring for a rink that may be used for hockey this coming winter. According to reports negotiations are under way for the use of the market building and the old buildings at the exhibition grounds this winter and if these are successful, hockey will boom over Nova Scotia, Sydney, Glace Bay, and it is understood New Glasgow are certain to have teams, while the new arena in Amherst will no doubt be ready shortly after the new year, and this will give that town a chance to get back on hockey map once more. Springhill will place a team on the ice, and if Halifax gets the rink they speak of one and possibly two teams will represent the capital city. By the way Halifax will have several hockey leagues, including the collegians, semi pros and amateurs.

**DIVISIONAL TRAIN
HOLDS REUNION**

The first annual reunion of the 2nd Canadian Divisional Train Association was held in Bell's restaurant last evening, when about one hundred members were present. An elaborate dinner was served, after which an interesting programme of speeches and musical numbers was carried out. The toast list included the King; Our Departed Comrades, proposed by W. A. Dougherty; Our Guests, proposed by G. H. Patterson and responded to by His Worship Mayor Hayes; the 2nd Divisional Train, by W. L. Jones and Major Knox; the Ladies and the Press, by A. Carlos and E. N. Willis, respectively. Others taking part in the programme were M. F. Furlong, William Tufts and others. R. I. Carlross, president of the association, was in the chair. Letters of regret were received from Lieut-Colonel A. E. Massie and Major Frederick T. McKeen.

**REDROSE
TEA is good tea**

ONLY an artist can blend colors to match the beautiful Red Rose.
Blending teas is even more difficult.
It requires expert knowledge and a highly cultivated sense of taste to select teas from many different gardens and produce a uniform blend day after day.
Only the largest companies can afford to employ men who are expert tea tasters and blenders.
Red Rose Tea is an example of the fine art of tea blending, more than a dozen varieties of choice teas being used—principally rich, strong, full-flavored ASSAMS.
Its delightful and distinctive flavor is exclusive to Red Rose. And its rich strength means economy in your tea pot.
Try a sealed package of this expert blend.

**REDROSE
TEA is good tea**

Red Rose Coffee is as generally good as Red Rose Tea

Keep the Wheel of Prosperity Spinning

MACHINERY spins and roars in our factories.
Smoke ascends from our foundries and mills. In the fields the threshers hum.
All Canada is alive with the activity of production and distribution.
There's a demand for what we make.
There's a market for what we grow.
The wheel of prosperity is spinning.
But it doesn't turn itself.
We—You and I—must help to keep it turning.
The driving force of the wheel of Prosperity is the Victory Loan.
It will keep up the foreign market for our surplus agriculture and industrial products.
It will help finance our National undertakings and expenditures.
It will keep the Wheel of Prosperity turning.
Do you realize what it would mean to have the Wheel of Prosperity slow up and stop?
It would mean loss of employment and agricultural and industrial stagnation. It would result in loss to you and each and every one of us.
So get behind the Victory Loan.

There is only one way to keep the Wheel of Prosperity turning—that is to

BUY VICTORY BONDS

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

OPERATION WAS NOT NECESSARY

"Fruit-a-lives" Restored Her To Perfect Health

153, Papineau Ave., Montreal.
For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.
I heard about "Fruit-a-lives" so decided to try it.
The first box gave great relief and I continued the treatment. Now my health is excellent—I am free of pain—and I give "Fruit-a-lives" my warmest thanks.
Mme. F. GAREAU.
50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

A Wide Challenge.
Kenz Jackson, a heavyweight colored boxer, called on the sporting editor of the Times this morning, and said he was anxious to secure a bout with any man in the Dominion. He weighs 172½ pounds and looks to be in the pink of condition. He is a returned soldier and was a member of the 5th C. M. R. He formerly resided in Sherbrooke, Quebec, but is now living at 86 Spar Cove road.

Remember this—when you buy a Pippin Cigar you buy a St. John Product—

One that ranks high in Cigardom—higher than any 7c Cigar in North America.

AMATEUR SPORT WILL BE PLACED ON OLD FOOTING

A. W. Covey Speaks on Reinstatement and Registration of Athletes

(Amherst News.)
Amateur sport is due for a big boost, within the coming months, and the conditions that have been existent in sport for the past five years, will have to be abolished. So said A. W. Covey, vice-president of the Maritime Branch of the Amateur Athletic Union of Canada, to the News in an interview today.
Nova Scotia, New Brunswick and Prince Edward Island, are now holding a house cleaning along the lines of amateur sport—inclusive of baseball, hockey, football, basketball and all track events. Practically every line of sport is included in the list, with the exception of bowling.

The maritime branch of the A. A. U. of C. has been reformed. Different clubs have been notified of this fact, and already the five organizations in St. John that conduct the sporting events of that city, have fallen in line with the idea. Athletic clubs in Moncton, Sussex and Fredericton have already come into the fold of the reconstructed association. In Halifax, the Wanderers have been steady upholders of amateur sport, the numerous other clubs in the Nova Scotian capital are likewise in line. The colleges, namely Dalhousie, Acadia, Kings, Mount Allison, St. Francis Xavier, University of New Brunswick and St. Dunstan's have applauded the renovation, and joined up.

Maritime sport will be given a thorough cleaning—not a whitewash. In the future every athlete, in competing against bona-fide amateurs, must have his registration card, and in making this application, the entrant, if not a member of any club, must be sanctioned by three people.

Reinstatement is being accorded all athletes who have not competed for money. Competition against professionals did not count against reinstatement. In fact to be candid, there is hardly an athlete in the provinces particularly in the more active games, that has not some time or other, played with or against professionals.

Applications for reinstatement and registration cards can be made to L. Gastonguay at Halifax. A small fee is charged for the cards, but next summer, when the sport season becomes more active, registration will certainly prove invaluable to the man who has intentions of participating in any branch of athletics.

In conclusion, Mr. Covey mentioned Amherst as a great sport centre. He was surprised when we informed him

Good-bye, Cold on the Chest! Here's Thermogene!!

QUICKLY come—quickly gone! That's the Thermogene principle. With the aid of this wonderful curative wadding you can root a cold just as suddenly as it attacks.

SIMPLY apply Thermogene to the affected part to-night, for instance. By morning the trouble has vanished!

THERMOGENE CURATIVE WADDING (Vandembroeck's Process)

Is potential heat in dry, convenient form. The moment it is applied, chemical action turns this into active energy—a soothing, comforting warmth that goes straight to the source of the pain—gives instant relief—and continues its good work till a cure is complete.

It's a wonderful advance over the old-fashioned, messy, uncomfortable plasters or plaster. Ready as it comes from the box—full directions enclosed. Used by British Red Cross, Royal Navy, Army and Hospitals.

At All Druggists—50 Cents per Box

Invented by Vandembroeck, the famous Belgian Chemist. British-made by the Thermogene Co., Ltd., Hayward's Heath, England.

JIMMY WILDE GETS ROUSING RECEPTION

Is Enthusiastically Welcomed Upon His Arrival in New York; Has Four Bouts in Prospect

(New York Times.)
Jimmy Wilde, heralded as the greatest little fighting machine developed in Eng-

land since the prime of Jim Driscoll, arrived in this country yesterday for a tour which he hopes will end with him in possession of the world's bantamweight championship. The sensational little British flyweight has come to America for the purpose of demonstrating his ability before American followers of the ring sport, against American boxers in American rings. While here Wilde will mix pleasure with business, for he plans a tour of the country, particularly the western section, which will commence in about a week and continue until January. His American representative, George Dwyer, stated yesterday, however, that Wilde will arrange for matches under reasonable conditions as frequently as the promoters here submit attractive inducements.

In the Laughable Yet Exciting College Yarn

"THE GIRL DODGER"

HE WAS ACTUALLY AFRAID OF THE GIRLIES!—a sad fact but nevertheless a fact. Whenever Cuthbert saw a pretty Miss he hid in the linen closet. But a joke on Cuthbert's bashfulness developed into a crisis and the crisis developed into a whirlpool of serious excitement. A regular gale of fun, pretty people and tense situations. A Paramount masterpiece.

"The Gay Old Dog," a Pathe Play in 6 Acts

"Beckett is the best boxer England has had in years," Wilde stated when asked about the British heavyweight champion. "He hooks most of his blows. His left hook is the best. At times he uses a straight punch to the heart, which does damage when it lands. The blow with which he knocked out McGoorty was a right hook to the chin. He has one falling, however. He does not remain cool. When an opponent is going Beckett gets excited in trying to land the finishing punch and loses much time."

Wilde didn't care to discuss Beckett's chances against Jack Dempsey, but referred to Fulton with an anecdote of one of the plasterer's fights. It was against Townley, and Wilde was telling of the finish. "Townley," he said, "was a good judge. He wasn't knocked out, but he said, 'No more.'"

Riga is reported freed of danger of menace from the German-Russian forces, the Lettish forces having won an important victory there.
