Lamps and Candles Were In Readiness

London Prepared For a Night of Darkness

BUT STRIKE POSTPONED

Power House Engineers May go Off Duty on Saturday Night—Volunteer Movements for Carrying on Public Works in Metropolitan

London, Feb. 7.—In expectation that electric light would be cut off last night, the city was a great sea of lamps and candles during the day, but at six o'clock in the evening it was announced that the electrical trades union strike had been postponed. It is understood that the latest plan is to call out the engineers in London's sixty power houses at midnight on Saturday.

While the outside electrical workers will strike today, there is another union—the Electrical and Engineering Association—which is a sort of aristocracy among electrical workers. Its secretary said yesterday that the members would stand by their work and would insure a reasonable supply of electricity.

One newspaper here estimates that five million hours of work is being lost daily, apart from the losses of shopkeepers, theatres and railroads as a result of the strike. One result of the inability of thousands to reach their places of business has been such a congestion of telephone business that the company has been forced to appeal to the public to limit itself to strictly necessary calls.

While a majority of the newspapers are against the strikers, the Westminster Gazette, one of the most influential journals here, summarizes the men's case, saying that "the government picked up the pieces of the strike and must put it together again for peace."

The strike has brought out several movements for volunteers to carry on public works and for societies to combine the middle classes for their own protection.

The Bus Men.

London, Feb. 7.—The effect of the agreement which has ended the strike on the railways leading into London on the days which may be made by employees of buses and tram car lines, is not yet definitely determined. The secretary of the licensed vehicle workers' union said today:—"As the terms of settlement appear to be satisfactory to the parties concerned, any action of our members is obviously delayed or held up."

London, Feb. 7.—Some of the electricians struck during the evening, but up to a late hour none of the power houses were working as usual.

LABOR PLAN FOR RAILROADS IN UNITED STATES

Government Ownership; Operation by One Corporation

Profits to be Shared With Employees—Reduce Rates When Gains Exceeded a Fixed Amount

Washington, Feb. 7.—Railroad labor interests today proposed government ownership and private operation by one large corporation, co-operatively organized, and sharing profit with employees, as their solution to the railway problem. Testifying before the senate interstate commerce commission on behalf of the four principal railroad brotherhoods and other employees' organizations, Glenn E. Plumb of Chicago recommended that the government acquire all railroad property at a price fairly representing the property valuation and entrust the operation to a corporation to be directed jointly by employees, officers and the government. Earnings would be divided equally among employees and the government, and rates would automatically be reduced when profits amounted to more than a fixed rate.

TWO DEATHS IN PARKS HOSPITAL

Joseph C. Bennett passed away at four o'clock this morning in the Parks Hospital. Mr. Bennett was taken from his home, 17 St. Andrews street, on Feb. 4, suffering from Spanish influenza. He had been a resident of this city for the last five years. He was born in Newfoundland, he was a large circle of friends in St. John and was well respected by all with whom he came in contact. He was a member of the membership with regard to the loss of a good workman from among them. Besides his parents, John C. and Clara Bennett, he leaves his wife and three children, two of whom are in the hospital in a serious condition suffering from the same disease. He also leaves two brothers, Charles, serving in France with the 10th Canadian Battalion, and Albert, with the same unit, and two sisters, Mrs. Henry Pyne and Mrs. Frank Osborne. Mr. Bennett was thirty-four years old.

NEW YORK TIMES PUBLISHER ON STAND IN O'LEARY CASE

New York, Feb. 7.—Jeremiah A. O'Leary, on trial on charges of violating the espionage law, took the conduct of his defence into his own hands yesterday, cross-examining Adolph S. Ochs, publisher of the New York Times, and other witnesses summoned by the government.

O'Leary questioned Mr. Ochs, seeking to draw an admission that his newspaper was controlled by British influence or money. Mr. Ochs testified that he owned 44 per cent of the stock and that the remainder was owned by other Americans. He said he never discussed with Lord Northcliffe the editorial policy of the Times. He denied a suggestion by O'Leary that the Times was antagonistic to Ireland.

when representatives of the Veterans' Association may be heard.

Paving Problems. Mr. Fisher suggested that legislation be secured to relieve the Union street property owners of pavement assessments under the local improvements act.

In reply to the mayor, he said that he did not think it would be possible to carry out new paving works under this act, and he suggested a plebiscite on the matter.

Mr. Jones spoke in favor of payment for pavements by general assessment, except in cases where the property owners wanted a special class of pavement than the city was willing to provide.

Mr. Fisher said that if the general assessment policy was adopted, the payments under the local improvement act by the Union street property owners would have to be returned; also those of owners in Sidney, one block of Germain street, and on King square. Other streets paved under the act, he considered, were in a different class. No action was taken.

No More Sea Giants To Bring Home The Soldiers From England

Smaller Ships To Be Used and it is Believed the Monthly Rate of 30,000 Can Better be Kept

London, Feb. 7.—(Canadian Associated Press)—The Canadian Associated Press learns that in order to secure the greatest dispatch in the handling of troops on their arrival in Canada, it has been decided that the monster ships will no longer be used. It is said that while this facilitates the handling of troops on their arrival in Canada and prevents delay there, it greatly increases the difficulties here in finding the necessary transport. The number of ships is limited, and great competition is taking place to secure them among different parts of the empire and the United States. Even when the Canadian authorities have secured ships there are labor troubles and other difficulties, which often means that the ships are not dispatched on the arranged dates. It is suggested, therefore, that the question of arrivals in Canada should be considered, not by results of any one week, but on the average for a month.

FOR LEAGUE THAT WOULD TAKE IN ALL PEOPLES

Socialists' Meeting at Berne—French Speaker Says Paris Conference Must Note

Berne, Feb. 7.—The International Socialist conference yesterday accepted unanimously a resolution on the league of nations. The question had been discussed for two days. The chief opinion was that a league of nations must be formed immediately and comprise all peoples without exception; that it must be a league of peoples, and not a league of governments.

Arthur Henderson, British labor leader, declared that the Paris peace conference was attentively watching to see what the Berne conference would decide in regard to the league of nations, while Pierre Renaudel, leader of the French Majority Socialists, said the Paris conference must be forced to consider the will of the Berne conference.

IN DISTRESS IN THE ATLANTIC; HELP NEAR

Halifax, Feb. 7.—Word that the steamer Toronto was standing by the oil tanker San Zefirino, which was yesterday reported in distress about 900 miles off Halifax, was brought here by Captain Everett of the steamer Manchester Corporation, which arrived in port this morning from Manchester.

Captain Everett says that he picked up an S.O.S. call from the San Zefirino. He was about to go to her assistance when he received another message, stating that the Toronto was alongside.

The Toronto, of 3,894 tons net, is last reported as sailing from New York on Jan. 19 for Hull, England, and is evidently on her way across again.

"We will call on the old German spirit of Weimar," he said. "We will be an empire of justice and truth." WORK TOWARDS LEAGUE HALF COMPLETED

Getting on Well With Draft of Constitution

COMPULSORY SERVICE

Objection by Italy and France Causes Striking Out of Clause—Paris Paper Sharp in Query About Britain and Arabia

LEAGUE OF NATIONS

Paris, Feb. 7.—Substantially one-half of the draft of the constitution for the society of nations has been covered by the chief conference commission dealing with this question and the commission reached an accord, it is said, on certain questions of the greatest importance concerning the positive functions of the league.

The paragraph concerning abolition of compulsory military service unless required by reasons of national defence under extraordinary circumstances was approved by President Orlando of Italy and Leon Bourgeois of France. It was decided to leave to each country freedom to select a system of recruiting its forces up to the amount of troops which will be fixed by the society of nations.

Another paragraph which caused animated discussion concerned the method of applying military coercion to the countries refusing to comply with the decision of the society of nations, or breaking its rules. Owing to very conflicting views the commission decided to postpone a definite decision.

The supreme council today heard the claim of King Hedjaz, of Arabia, speaking through his son, Prince Feisal. He is said to have advocated Great Britain as the mandatory for Arabia. This has aroused sharp criticism from French newspapers owing to the French interests in Syria. The semi-official Temps declares today that the prince had received large British subsidies and asked in an editorial:

"Has the prince who addresses the great powers today some particular obligations towards some of his hearers?"

League of Nations. Paris, Feb. 7.—The Society of Nations commission of the peace conference held a session last night attended by all the nineteen members. It is a brisk march tune and the end is especially affecting, conveying the departure of the troops of singing soldiers telling France they will never forget her. A timely reminder of the navy's part—Let Us Forget—is conveyed in "The Navy Will Bring Them Back" and is on the reverse side. Hear it as sung on the Victor Records at KERRETT'S, 222 UNION STREET Open Nights. Phone 1933-31. "Welcome Home" Banner on Sale.

THE HOUSING QUESTION

A million dollars would build 400 houses at a cost of \$2,500 each. If another million were added by the province and the municipalities, the number of houses at \$2,500 each would be 800.

WATER POWERS.

Premier Foster points out that there are three ways of dealing with water powers:—Public ownership, private ownership and a combination of the two.

GOOD GOVERNMENT.

Hon. Dr. Roberts and Dr. G. G. Melvin, provincial health officer, occupied a prominent position at the recent health conference in Ottawa because this province has an exceptionally fine law relating to public health.

STRIKE DEVELOPMENT.

An interesting development in connection with the strikes in Britain is that the strikers have in some cases disregarded the leaders of their own organizations. Some of these strikes are unofficial, and opposed by the union leaders.

Certain signs of an arrogant spirit in Germany are observed by the French press, and are said to be due to a belief that there may be a split among the Allies, and to the defeat of the Spartacan element in Germany.

Mr. Archibald Hurd declares that immediate steps should be taken to rebuild the British mercantile marine. A steel shipbuilding plant at St. John would help.

Are Your Bread and Buns Always the Same?

You may use the same recipe, and yet get varying results, the difference, very often, being due to the flour.

LA TOUR FLOUR is milled up to the same standard, always (being made from Finest Manitoba Hard Spring Wheat), so, its use, following your present good recipe, will produce uniformly delicious bread.

THE CHILDREN'S LAXATIVE

Children should never be given ordinary cathartics. Many cases of chronic Constipation in after-years have been caused by harsh purgatives.

Abbey's Effer-vescent SALT is a gentle, efficient tonic laxative, that will keep the kiddies well and protect them against the usual stomach and bowel troubles of childhood.

Being in granular form, the dose can be regulated to suit the individual needs of every member of the family.

To answer this question, THE LITERARY DIGEST has asked the editors of journals voicing various phases of labor opinion in this country to give it their opinions, and the result is published in this week's LITERARY DIGEST.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre with Grandmother's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's Vegetable Compound made Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick and could not get on my feet. I was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to sell the world the good your medicine has done me as I shall praise it always."—Mrs. A. L. DE VINE, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. De Vine did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial. For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

26TH PROBABLY WILL RETURN AS A UNIT

Mayor Hayes received a letter yesterday afternoon from Hon. F. B. Corvelli, minister of public works, in which he expressed the opinion that the 26th Battalion will return home as a unit.

The steamer Corsican with 1027 troops on board, is due at St. John's, Nfld., where she will land the troops if weather conditions are favorable; if not she will proceed to Halifax for disembarkation.

A report from the imperial war Graves Commission is to the effect that they favor removing bodies of soldiers lying in isolated graves and segregating them in cemeteries where they can be cared for. Their sentiment is against bringing home bodies of fallen heroes.

In the casualty list published yesterday appears the names of N. H. Keith of Campbellton, who is reported dead, and that of R. Thompson of Apohaqui, reported killed in action.

BATTALION SMOKER

Murray Long Leads the Band—Hun Hats Off as Regiment Parades the Streets

A St. John officer sends home the following interesting story of a battalion smoker of the 26th Battalion, Bonn, Germany, Jan. 12, 1919.

The officers of the 26th Canadian Battalion held a very enjoyable smoker and social last night at Battalion Headquarters, a fine big building in the Bonner Talweg, Bonn. It was presided over by Lt. Col. Brown, D. S. O., and among the guests were Brigadier General Tremblay, O. C. 6th Inf. Brigade; Major J. Kennedy, brigade major; Lt. Col. (Rev. Father) French, D. S. O., former chaplain with the 26th; Major A. McMillan, Major Stewart, Capt. Taunton, Capt. Box and Capt. M. Hope.

Music was furnished by the battalion brass band under Bandmaster Murray Long. This is but a recent acquisition, having come just a few days ago to the battalion, it having been with the 18th Reserve in England since the break up of the 104th, to which it had belonged. The band is in excellent shape and one of the best in concert work in the corps. In addition to its musical contributions last evening, some of its members gave various numbers, including Bandmaster Long, Sergt. Lanyon, Bandsman Green, Edwards and Douglas, while among the officers taking part in the programme were Major McMillan, Capt. Box, Lieut. Buddell, Lieut. Dever, Lieut. Thompson and Capt. Hope.

Addresses were given by several of the guests and touching reference was made to many familiar old time figures now among the absent, especially Lt. Col. McKenzie, but whose names will always be held in enduring memory by the comrades of the 26th.

Refreshments were served and a highly enjoyable evening spent by all present. Yesterday, in the forenoon, the first battalion parade, with band and colours, was held through the streets of Bonn. Almost every Hun in the streets doffed his hat to the colors and a few who did not are sorry now for they found their "chapeaux" knocked from their heads by the color guard and sent spinning in the roadway.

CURED OF DYSPEPSIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are numerous and diversified in different individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

To get rid of dyspepsia a careful arrangement of the diet is necessary and due time must be given to the digestion of the meal.

You will find that Burdock Blood Bitters will help with this digestion. It does this by toning up the stomach in such a way that the dyspepsia soon disappears.

Mr. Robt. Baldwin, Winifred, Alta., writes: "I cannot speak too highly of Burdock Blood Bitters for curing dyspepsia, of which I have been a sufferer for years. I have tried a good many doctors and proprietary medicines, and on one day I thought I would try something different. I got a bottle of B. B. from our local store, as it was about the only remedy he kept, and I can certainly say that I was more than pleased with the result, as I got better right away. I will always recommend it to other sufferers."

How Gray's Syrup Breaks Your Cough

In breaking up your cough and correcting the accompanying ailments, you will find that Gray's Syrup brings prompt relief in three distinct ways.

First—Immediately on taking Gray's Syrup the dry, inflammatory condition of the throat is eased. Swallowing becomes less difficult and the throat performs its natural functions in comfort.

Second—no matter how tight and dry a cough is, Gray's Syrup loosens it up. The cough rapidly diminishes under consistent treatment and does not again become distressing enough to continue to strain the throat and lung muscles.

Third—the sibilant which collects on the affected parts and clogs the tubes is quickly raised. The heating and soothing influence of Gray's Syrup coming into direct contact with the affected parts brings them back to their normal condition.

KIPLING POEM IN HONOR OF ROOSEVELT

Eulogizes "Great Heart," the Man of "Plain Faith in Plain Dealing"

London, Feb. 7.—The Daily Telegraph announces that it will publish on Saturday a new poem by Rudyard Kipling dealing with the memory of Theodore Roosevelt.

The poem bears the title "Great Heart," and the author prefaces it with a pregnant sentence from Pilgrim's Progress.

"The interpreter then called for a man servant of his—one Great Heart." In the four line stanzas of the ballad measure says the Telegraph, Kipling pays his noble tribute to this great heart of the modern world, this man of "plain faith in plain dealing," and expresses with the vigor and eloquence entirely his own, the admiration and even affection in which so many Englishmen hold the memory of the great American.

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.
Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and how to give him sympathy with all unfortunates who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints." In the spring of 1888 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and after doctor but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply fill out the coupon below and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Don't that feel why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mr. Jackson is responsible. Above statement is true.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge, which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Catarrh Of The Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind, and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer. In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bisurated Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the Bisurated Magnesia is an excellent solvent for the hot water treatment. Moreover the Bisurated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bisurated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bisurated Magnesia with other forms of magnesia, milks, citrates, etc. but get it in the pure bisurated form (powder or tablets), especially prepared for this purpose.

Legislature To Open on March 6

Premier Foster announced last night in Fredericton that the legislature will open on Thursday, March 6. The government devoted its sessions yesterday to the consideration of estimates and legislation to be dealt with at the coming session. One of the matters under consideration is the apportionment and regulations regarding the use of the \$1,000,000 to be advanced to the province by the federal government to aid in the construction of dwellings.

According to district routine orders Captain William E. Latimer, C.A.S.C., has been transferred from Military District No. 6 to M. D. No. 7. Nursing Sister Isabelle Draffin, C.A.M.C., has been struck off the strength of the C. E. F. while Lieutenant George Edward Carter has been placed on the reserve list of officers.

PAINS AND ACHES YIELD QUICKLY TO SLOAN'S LINIMENT

Are you tormented by Neuralgia, Lumbago, Sciatica or any of those aches that require a counter-irritant? Then let the soothing, warming application of Sloan's Liniment stop the pain by drawing the blood away from the congested part. It is the pressure on the nerves by the blood rushing to the inflamed muscle or joint that makes you ache. So when Sloan's Liniment relieves the swollen blood vessels by setting up a counter-irritant on the surface, the circulation is equalized, sympathetic nerves all soothed, and soreness or lameness disappears. Sloan's Liniment is probably the counter-irritant most widely used to overcome painful inflammation in cases of neuralgia, sore muscles, wrenched joints, strains, bruises, gout. Rubbing is not required. This clear, clean liquid is easily applied as it does not stain the skin. Made in Canada. Generous size bottles at your druggists.

Rev. A. F. Bate united in marriage Miss Lulu Cogswell, daughter of Mr. and Mrs. Martin Cogswell of Oranoceto, to Urban Miller of St. John, recently.

TO IMPOSE FULL WILL OF ALLIES ON GERMANY

The supreme war council will meet at Versailles today to take measures to impose on Germany the "full will of the Allies," because of the unwillingness of Germany to carry out the full terms of the armistice and of the display of arrogance towards the Entente.

The Russian Soviet government has been appointed chief representative of the empire on a commission to define the future boundaries of Greece and Roumania. The Russian Soviet government has announced that it is willing to consider a cessation of military activities and to acknowledge the financial obligations of Russia to creditors of entente nationality, and to pay interest on Russian obligations by the delivery of raw materials.

Victory Bonds for Princes.
Letters from Lady Borden and others, received by Mrs. Pugsley, wife of the lieutenant-governor, indicate that the wedding gift of the women of Canada for Princess Patricia may take the form of Victory Bonds. Local ladies have expressed their approval and a telegram to this effect has been sent to Lady Borden.

A MOTHER'S STRENGTH

Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

NO DOUBLE-RUNNERS
Complaints have been made to the chief of police that some children have been taking advantage of the privilege given them for coasting by using double runners instead of single sleds. When the order was given that children could coast on certain hills in the city it in no way meant that they were to use double runners, as the use of these was strictly forbidden and even while coasting with single sleds they were to do so under the supervision of the police. Unless the practise of using double-runners is stopped, the names of those using them, and also of those violating the order in any way will be taken and they will be brought before the police magistrate to be dealt with.

DICK-SECORD
The wedding of Miss Elsie W. Secord, daughter of Mr. and Mrs. C. Secord, to Harold Dick, timekeeper in the Grant & Home shipyards, was quietly solemnized last evening at the residence of Rev. H. C. Fraser, Coburg street, pastor of Knox Presbyterian church, who performed the ceremony. There were no attendants but the bride was given away by her brother Arthur H. Secord. She looked very pretty in Belgian blue silk with sequin trimmings and with picture hat. After the ceremony the bridal party drove to 164 Paradise Row where Mr. and Mrs. Dick will make their home for the present and where they were showered with congratulations by relatives and friends. Many presents bear testimony to their popularity and the good wishes entertained for their prosperity and happiness.

A TRAFFIC MATTER
Solomon McConnell, of 11 Wright street, who was driving an automobile owned by the Board of Health, was before Magistrate Ritchie this morning on complaint of not obeying a stop sign given by the traffic police on duty at the junction of Pond and Mill streets. The officer said that he saw two teams moving slowly across the railway tracks and feeling a collision, signalled Mr. McConnell to stop, but said he paid no attention to the signal and said he knew what he was doing. Mr. McConnell told the magistrate that he was driving down Mill street and when in front of the White's Express Company sounded his horn. He said he did not see the signal given by the officer and as he did not see any reason for stopping did not do so until confronted by the officer. He also said he thought that the officer was too officious. A fine of \$10 was imposed but was allowed to stand.

Mrs. D. Mullin, In Eloquent Address, Presents French Flag

Silken Emblem Gift of T. P. Tansey of Montreal in Recognition of Royal Standard Chapter's Patriotic Work

An outstanding feature of the annual meeting of the Royal Standard Chapter, Daughters of the Empire, last evening was the presentation of a silk French flag donated to the Chapter by T. P. Tansey, of Montreal, in recognition of the patriotic work of this chapter. The presentation was made by Mrs. Daniel Mullin in the following address:

Ladies:
Coming with the request of our regent, Mrs. E. Atherton Smith, to whom we offer congratulations upon her continued unanimous election to the position she has so ably filled in the past, it affords me great pleasure to make formal presentation of a beautiful French flag which has been so generously donated to the Royal Standard Chapter by Mr. T. P. Tansey of Montreal. I had occasion recently to communicate with this gentleman, who especially noted our many successful campaigns resulting in such large sums of money being raised to assist the various needs consequent upon the war. In recognition of our patriotic activities of our chapter. He spoke in glowing terms of our achievements since the beginning of the world tragedy and especially noted our many successful campaigns resulting in such large sums of money being raised to assist the various needs consequent upon the war. In recognition of our patriotic activities of our chapter was the first New Brunswick association to place an order with his house for flags Mr. Tansey said it was fitting now the peace had come that he should seize this opportunity to give tangible expression of his gratitude to our organization, to which he gave credit for the opening of a successful business since conducted with the province.

In token of this appreciation Mr. Tansey stated he was sending a French flag as a present for our chapter. In due course the gift arrived—this beautiful silken tricolor which I have now the honor, in the name and behalf of Mr. Tansey, to present to the Royal Standard Chapter. Needless to say that, dear as this flag was to the hearts of the French people in the past, it has become today even more precious because of the sacred and imperishable memories associated with the war. This glorious emblem appeals to all hearts who love liberty, esteem justice and admire heroism. To our American cousins and our own Canadian people as well as the people of the British Isles and of all the other overseas dominions of our mighty empire the unconquerable spirit of France, who with intrepid little Belgium bore the brunt of the savage and brutal onslaughts of the unspeakable Hun, has been a perennial source of inspiration and encouragement. In common with the whole Allied Nations we all pay a tribute of respect and admiration to this symbol of a dauntless race, and for our selves rejoice that during these last ever memorable years it has become entwined with our own immortal Union Jack, which is crimsoned with the record of countless victories on land and sea.
Mrs. Mullin was heartily congratulated on the address and a resolution was passed to send it to the press for publication.

PRUDENTIAL STAFF IN HAPPY GATHERING AT MANOR HOUSE

The local staff of the Prudential Insurance Company enjoyed a banquet and a pleasant social gathering last evening when the agents met for dinner at the Manor House. With them as their guests were the superintendent, the three assistant-superintendents and R. S. Shanklin, a former agent and a friend of the staff. Sitting down to the table at half past six o'clock, they did full justice to a most satisfactory menu arranged by the Manor House management and when this was disposed of, turned their attention to the second feature of the evening.
Harry L. Crocker acted as toast master in an efficient manner and Victor Lunney presided at the piano. The programme was as follows: Toast, "The King" national anthem; song, "Good Luck to the Boys of the Allies," spoken to by W. E. Collins, W. L. Hatheway and C. C. Vall; song, "O Canada"; toast, Canada, W. F. Robertson, C. E. Yeomans, F. M. Cochran; toast, The Guests toast master and musical honors; toast, the Prudential Life Insurance Company, H. A.
