Beaver Line Advent To Takes Steps To Stem Tide CHANGE PO Recalled

29 YEARS AGO

Prominent City Men Speak Of Mr. Campbell And Winter Port Start

A pioneer of the Saint John winter port work died this morning at his home in Montreal in the person of David W. Campbell, general superintendent for Canada for the Elder, Dempster Steamship Company, according to word received today by J. T. Knight, local agent for the company. ight, local agent for the company.
Campbell had been in failing health
some time. He was today credited
Wheat Market Chaos
TO DEVELOP HUNDON step towards the revival of the port of Saint John as a shipping centre in Empire affairs.

In 1895 he came to Saint Johon, accompanied by a Mr. Harcourt, as representatives of the Beaver Line of teamships, with the proposal that if a federal subsidy could be secured for their ships they would institute a chedule of sailings between Saint John and Liverpool, a direct line to the Motherland.

ed, here yesterday, a statement was issued which said that while "deploring the condition of chaos in the market the board "sees no cause for anxiety on the part of their members, in view of the strong position of the pool."

DIED OF POISONING

Sir J. Douglas Hazen told The limes-Star today that at that time he and the late John Chesley represented his constituency in the federal parliament, and they, accompanied by dessrs, Campbell and Harcouri, also he Mayor, the late George Robertson, seen to Ottawa had a satisfactory inserview, secured the subsidy and the arview, secured the subsidy and the formerly of Peterboro, Ont., and Mrs.

call the days of the old pioneer craft
Lake Superior, with its venerable Captain Stewart, frequently referred to as the "Father of the Winter Port," as it was his steamer which first came here in the Beaver Line service. Sir Douglas Hazen today recalled the enthusiastic banqueting party aboard this vessel in celebration of this event and the prophetic things spoken upon that occasion, many of which have been materialized many fold.

BROOK HAVEN, Miss., April 3.—
The earth is dropping at an estimated rate of a foot a day near the village of Union Church, just west of here, according to scientists. Within an area a quarter mile long and 40 feet wide, the earth is cracking and sinking, leaving deep chasms behind it. Underground chambers are blamed.

SAINT JOHN GOT BUSY. Then there were the other "lake" boats, the "Lake Ontario," "Lake Winnipeg" and others. Contemporaneous with these sailings was increased wharfage construction at Sand Point, the days of Engineer Hurd Peters and the feverish haste with which Saint John prepared for the splendid port equipment it now possesses.

rerish haste with prepared for the splendid general to one possesses.

HERR LAST FALL.

D. W. Campbell was in Saint John of Itady will be arraigned in the proof of the Pince William of the Common Council. DEADATAGEOF 64 British Industry, Alarmed FRAN Over Foreign Competition,

TO DEVELOP HYDRO

By HERBERT BAILEY

British United Press. ONDON, April 3.—A serious effort to find out what is wrong with British industry, why Britain is finding it increasingly difficult to compete in the markets of the world with other nations has been begun with the bringing together of employers and men on the four leading industries of the country, cotton spinning, coal mining, shipbuilding and engineering. It is expected that within a few days the railways will also come into this unique conference. The object of the gathering is to get down to the bed rock of the reasons why Britain is thus lagging behind and to discover some remedy.

Co-operative Wheat Producers, Limited, here yesterday, a statement was

review, secured the subsidy and the leaver Line service began.

WINTER PORT.

This was the Genesis of the winter t, and to Mr. Campbell's activity this farsightedness in selecting Saint mas a point of entry and departure the Beaver Line, then Canadianed, Sir Douglas gave full credit, and to Mr. C. R. Stewart, who must be claims of Saint and solve the search of the winter the death of Nathan Melmoyle, of Fonthill, formerly of Peterboro, Ont., and Mrs. Rose Kahn, wife of a Buffalo business man, whose bodies were found in Mc-limoyle's cottage, near here, on March 11, according to the verdict under Coroner Stackhouse, in Ridgeway, last night.

Dr. G. R. Stewart, who makes the conducted as a governmental enterprise, he said and solid would be introduced in the Dail immediately.

ORIENTAL MYSTICS
IMPERIAL NEXT WEEK
Commencing Monday afternoon,
April 6, at 3.45 the Imperial will pre-Commencing Monday afternoon,
April 6, at 3.45 the Imperial will present thrice daily the Oriental Mystics,
Jovedah de Rajah and the Princess
Alga, in marvelous demonstrations of
telepathy and occult science. The added attraction in the Imperial's usually
fine programme should pack the big
house at all three demonstrations, two
of which will be at 8.30 and 10 p.m.
Saint John is like every other city
lows: 9.25 a.m., Minnedosa, 235 miles

of which will be at 8.30 and 10 p.m. Saint John is like every other city when it comes to delving into the ún-known. There is a fascination and romance about it that enthralls. Therefore interested people are advised to have their truoblesome questions already for handing to the Rajah as he walks through the audience next week. There are no doubt thousands of questions that can be asked in this city ions that can be asked in this city upon which these eminent telepathists can throw some light or which they can at least give assistance in solving. There will be no extra charge for Imperial's shows next week and what's more the picture bills are most attractive.

CAR OFF TRACK No. 1 street car went off the track at the end of the line on Manawagonish road last evening at nine o'clock and it was after midnight before it was on the rails at Fairville. It lost two front wheels.

WITNESSES TESTIFY TO

Examine Into Tests by Farmer.

PARIS, April 8.—The little village of Avignonet, near Toulouse, has sudhousands of incurable invalids in rance owing to reports of the wonderful healing powers of Jean Beziet, a derful healing powers of Jean Beziet, a local farmer. Since Beziet first discovered his powers nearly six years ago he has won a great reputation in his least, but it is only recently that the neral public has heard of him, and now his fame is spreading so rapidly that an average of 100 patients visit him on each of his tri-weekly consulting days.

him on each of his tri-weekly consulting days.

Besiet's method is a combination of magnetism and faith heeling. First he breathes with all his power on the affected part of the patient's body, continuing this breathing until he is momentarily exhausted. Then, laying his hands on the spot, he prays in a loud voice for divine intervention to effect

He began In 1919.

He began his healing work in curious circumstances in 1919. A woman neighbor had a daughter who was insane, and for some reason which she has never been able to explain the conviction grew upon her that Beziet could cure the girl by touching her. Beziet, after long hesitation, decided to humor the woman, and did so with surprising results, for soon after he had laid hands on the girl she became calm, and within a week her-reason was restored.

The story of the miracle quickly spread, and Beziet successfully treated in similar fashion other cases of insanity, tuberculosis, cancer, deformity, and paralysis. Some of the cures in his register are vouched for by medical men. He is now to submit to tests under the control of a committee of scientists of repute.

#### SAINT, JOHN, N. B., APRIL 8, 1925,

WORK THE ONLY CURE.

entirely apart from the basic question, which is as to how work may be resumed with a fair likelihood that it will be continuous, that there will be peace instead of a truce merely. The situation cannot be impossible of solution. Indeed those who are honestly aceking a way out must find some help in the increased tariff on bituminous slack, which, as the Premier of Nova Scotia has said, will enable the Nova Scotia mines to market a great deal more coal. The mining trouble in the American soft coal fields, and the news that a disturbance in the sarily diminished speed, is thought

scotia trouble to an end should be expedited.

It will be just as easy to disclose the governing facts now as it will be one week or six months hence. Dr.

It was a continuously districts and the governing facts now as it will be one week or six months hence. Dr.

It was a continuously district to greatly diminish to greatly J. W. Robertson's suggestion that a elimination of level crossings must go are fact-finding, investigation is advisable has not yet been improved upon by anyone who has contributed to the discussion of the situation. His idea eath traps under modern conditions ever made. He did it by buildings, ever made, He did it by buildings, and focussing the camera so that the slim edge of protecting roof wouldn't show. You could look straight down to the pavement below, and that little death traps under modern conditions was that if an impartial tribunal were o' traffic. appointed to get at the facts and make them public a settlement would be possible, and while such a body was

and in having such conditions made and the people of Nova Scotia, who own the mines, and it demands that in no permanent settlement. What is wanted is the sort of settlement that will do justice to both sides; and both

#### sides must be content with that. THEY WANT COKE.

If coking plants can be established In Saint John, Halifax, Quebec, Montreal and Toronto, as it is hoped they will be, the Maritime Province coal industry would enter upon a period of unexampled prosperity, the Toronto that the income tax payable by Canaa fuel expert who has been conducting paid by men of the same income in the United States, a fact to which Presition of the fuel situation. J. L. Landt. States probably will not allow the exportation of anthracite." This sounds improbable, but no such threat is needed to convince Ontario, or any part of Canada, that we should be thaking a much greater use of Canadian recell houses it is desired. coal, because it is desirable that we incomes at a moderate rate than at a thould not be so dependent upon a high rate. When the rate is too high large incomes disappear, leaving all is even more important, because we the burden of taxes on the wage-earnshould be keeping at home the vast ers and people of small means." The American coal.

The Star quotes Mr. Landt as most hopeful that the whole situation may be revolutionized by the establishment

pathered data that warrants the taking is true that East and West can do a of definite action in making Canada very great deal to help one another, iess dependent on fuel supplies from and that co-operation and harmony are other nations. By encouraging the in every way to be desired." construction of coking plants and

#### The Evening Times Star

exaggerating the distress existing. Undoubtedly there is enough of it without exaggeration, and while it is quite true that the Nova Scotia municipalities have the power to assess for relief, it is sufficiently significant that outside aid is both asked for and welcomed.

But work—the resumption of mining coal under reasonable conditions—is the only cure for the situation in Cape Breton. The question of relief is one curves to shut off the view of the pharaohs had they possessed such the Pharaohs had they possessed such an engineer!

"The cost of the original Mayflower was, approximately, \$4,000. That of the duplicate, built by Charles Ray, was estimated at \$65,000. Tons of specially designed machinery, beneath the vessel, served to rock it during the filming of the furious gale.

"The great wind-effects in The Old Homestead' were produced by substantial wind-machines and contributing dust above the screen-scape.' A battery of these air-

feared, all constitute additional by the Florida read authorities to be reasons why efforts to bring the Nova sufficiently effective to greatly diminish

#### INCOME TAXES.

possible, and while such a body was being selected and set to work, mining might be resumed pending the conclusion of the investigation. What is called "a fight to a finish," to which both sides appear more and more committed, is, after all, only a phrase. It must be established before a jury of public opinion what the conditions are under which coal can be and should be lifted in the publicly-owned Nova Scotla mines. Delay in resuming work and in having such conditions made

Of late the Institute has been comknown can result only in injury to the Canada with that in the United States, miners, to the operators and to the keeping in mind the fact that this mands just conditions, fair to all country must always be in competition three parties, the miners, the operators, for capital, and that therefore it is with its neighbor for population and necessary that it should rid itself of every handicap which can be avoided. of one side or the other would result The population of this country, according to the Dominion Bureau of Statistics, had increased by 3.1 per cent. at the end of 1924 as compared with 1922, yet during that period there was a decrease of 17.7 per cent. in the number of individuals paying income taxes and of 32.7 in the number of corporations paying such taxes. The greatest decrease was in individuals or

corporations having incomes of \$30,000 The Institute quotes figures showing dians is far and away in excess of that Board, has expressed the view that rent Beatty of the C. P. R. referred within the next few years the United pointedly in an address he delivered a amount of money we now pay for meed for reduction applies to incomes of all sizes.

"The people of the Eastern Provinces," says the Manitoba Free Press, of coking plants which could convert "can do much to help solves the most Maritime seft coal into coke which pressing of our western problems, and could, be substituted for American westerners in turn should give fair and unprejudiced attention to the problems In discussing the outlook for a of the East. While it is hardly true coking industry, with plants in the that East and West are mutually and Maritime Provinces, as well as in equally interdependent in a business the Mackenzie King Government "has largely on the export market-yet it

eonstruction of coking plants and making it possible for Ontario and Quebec to use Nova Scotian and Albertan coal, it will promote a new hational policy which will draw the provinces closer together and hasten the provinces closer together and hasten the teturn of prosperity."

CAT CAUSES \$40,000 FIRE.

CARDIFF, Wales, April 3.—A cat chasing a mouse caused a \$40,000 firc here recently. While pursuing a mouse in a warehouse, the cat knocked over a box of matches from a table. It ignited when it fell on the floor.

The FOLEY POTTERY

Odds and Ends would be impossible, immense expense."

## "You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Tricks in Movies

Some of the tricks of the movie business are explained in the March issue of St. Nicholas Magazine by Fred Gilman Jopp, who recently took an exploration trip through the largest studios of Hollywood.

One of the most important men of the entire industry—and one of the least known—is the engineer, or "hotdog engineer" as he is called in movie parlance.

A Night at the Show.

He—"I took Maud to a musical evening last night."

She—"Was it good?"

He—"I don't know. I didn't hear much of it. Maud was telling me how fond she is of music."—Northern Daily Telegraph.

parlance.
"He supplied Cecil De Mille with a which public attention is directed in startling fashion from time to time by tragedies of the road, commands increasing discussion as spring brings on an all the idleness are some five weeks old, and conditions are growing rapidly worse. There is no occasion for rebuking Canadians who have contributed out of the goodness of their hearts to relieve distress among the miners, and of course no useful end can be accomplished by exaggerating the distress existing. Un-

Breton. The question of relief is one entirely apart from the basic question, approaching trains. The Florida plan, isn't set in concrete. The cyclone

ed was no place for any one but a man with steel nerves. The make-believe corners were built in just far enough so that a fall could be pre-vented—if the actor worked fast—and

The 45 Volt "B" Battery to use where Variable Taps are required

EVEREADY 45-volt "B" Battery No. 767 is designed for use on all sets having not more than four tubes using 90 volts. On account of its large, powerful cells this battery is most economical on this service. It is especially adapted for use on receiving sets having soft detector tubes, as it is provided with seven Fahnestock spring clip connectors giving to 221/2 and 45 volts. There is an Eveready Radio Battery for every radio use. Buy them from your dealer. Manufactured and Guaranteed

City's Business.

SYDNEY, N. S., April 3.—The following resolution, presented by Alderman A. A. McLeod, seconded by Alderman H. M. Israel at last night's meeting of the Sydney City Council, was withdrawn, after practically every alderman had spoken in opposition, principally on the ground that the matter was "none of the city's business":

"The Mayor and City Council of Sydney resent as unwarranted and prejudicial to interests of the community, the personal attack of Mr. William Duff, M. P. for Lunenburg, on Vice-President and General Manager J. E. McLurg of the British Empire

Steel Corporation.

"While taking no sides in unhappy differences between employers and employers this Council feels that Mr. Mc-Lurg enjoys in a large measure the confidence and respect of the citizens the dimedities under which he is carrying on are not of his making, but the department of years and personal attacks of this nature are unfair and only aggravate the situation."

#### ARRANGE TO BUILD STEAMER ON CLYDE

Direct Passenger and Freight Service, Montreal to New-

QUEBEC, April 2—There will be a direct steamship passenger and freight service this summer between the ports of Montreal, Quebec and Newfoundland. The company sponsoring the move in local shipping circles is the Clarke Steamship Company, Limited. The company recently completed arrangements to have a steamer built on the Clyde. This vessel is now under construction and will make her appearance in these waters during the coming summer.

One hundred first class passengers will find accommodation on this vessel, and eighty second class passengers. Here length will be three hundred feet. QUEBEC, April 2-There will be a

Adam Team, First Aid

The presentation of the provincial first aid championship trophy of the St. John Ambulance Association to the winning C. P. R. team of McAdam will winning C. P. R. team of McAdam will take place at the Imperial Theatre this evening between the two shows. Col. C. A. Hodgetts, C. M. G., M. D., Ph. D., director-general of the association in Canada, will be present and, with Dr. James Magee, president of the New Brunswick branch of the association, will take part in the formal presentation of the trophy, a very handsome shield which last year was won by the St. John police team.

## COAL STRIKE SEEN

U. S. Officials Fear Danger of Widespread Trouble

WASHINGTON, April 2—Danger of widespread labor troubles in the soft coal fields which may profoundly affect the coal supply in both Canada and the United States is felt in responsible quarters here. While the strike in West Virginia is confined now to the northern part of the state, there are fears that it will reach the southern part, and there may be trouble in other bituminous fields.

Wage differences are causing the present trouble. Futhermore, the outlook for fenewal of the wage agreement in the anthracite fields five months hence is unsatisfactory.

ARRIVE IN ENGLAND Letters have been received from Dr. A. Pierce Crocket and Mrs. Crocket A. Pierce Crocket and Mrs. Crocket telling of their arrival at Liverpool, England, on March 21. Among those on the steamship was Lady Parkin, widow of Sir George Parkin, who was going to London to dispose of her property there before taking up her residence in Toronto with her daughter, Mrs. Grant

#### Fables On Health

PULSE STIMULATION A MODERATELY slow pulse is

no disadvantage, and should not cause half so much worry as it does, Mr. Mann of Anytown learned.

It is rather an indication of a

strong heart, provided the slow pulse is natural. If, however, the pulse has become slow as the re-sult of disease, then there is a cause for worry, and a physician should be called.

be called.

Sometimes a slow pulse is caused from liver disorder, from excessive use of tobacco, coffee and other næcotics. Also it may be caused from anemia and the use of headache powders.

Treatment of a slow pulse consists, first in removal of the cause, and second in application of measures calculated to improve the heart's action.

If the patient is young and of vigorous constitution, the pulse

#### Adventures of the Twins

THE SCISSOR GRINDER.

"Now that the Rag man and the Um- | working cross-word puzzles that I brella Mender are started on their spring haven't looked at the date since last travels," said the March Hare to the November."

Twins, "it is high time that we got the Scissor Grinder started, too."

"Well," said the March Marc, solemnly wagging his ears—"it's hair-cutting time for one thing." "Where does he live?" asked Naney.

"In the winter he lives on Do Nothing Street in Wait-awhile Town. That's where he is now. We'll go there right away."

So the Twins hopped on the March Hare's back, and away he went lippitty hop to Do Nothing Street in Wait-awhile Town. And there they were, right at the Scissor Grinder's door. "Come in," said the Scissor Grinder's door. "Come in," said the Scissor Grinder's door. "Whoth waiting to be asked twice they went right in.

"How d' do!" said he.

"How d' do!" said everybody.

"Sit down," invited the Scissor-Grind-start along."

"Wagging ins tat's hait-cutting time."

"Hair-cutting time," cried the Scissor Grinder. "What's that?"

"Hair-cutting time," cried the Scissor Grinder. "What's that?"

"Just what I said," remarked the hare. "All winter long mothers are afraid to cut their bables' hair for fear they catch cold. Now that warm days are here any they have to have new bonnets, it's hair-cutting time. And hair-cutting time means that they will be needing sharp scissors."

"Ho, ho!" laughed the Scissor Grinder.

"Ho, wd' do!" said he.

"How d' do!" said he.

"How d' do!" said everybody.

"Sit down," invited the Scissor-Grind-start along."

hey went right in.

"How d' do!" said he.

"How d' do!" said everybody.

"Sit down," invited the Scissor-Grind"And it's a

"And then there is the pruning to do," said the Hare. "Everyone who has a garden has to get out early and prune his shrubs and bushes. Scissors again."
"Perhaps I can do with two puzzles," said the Scissor Grinder.

This valuable cold and cough remedy has been on the market for the last 35 years; you don't experiment when you buy it; put up only by The T. Milburn Co., Limited, Toronto, Ont. said the Scissor Grinder.

"And as it's house-cleaning time there will be wall papering to do. And the paper hangers will need scissors every minute."

Then Nancy spoke up. "But the chil- year has been sold.

MOTHER :- Fletcher's

Castoria is especially pre-pared to relieve Infants in arms and Children all ages

dren need them for doll clothes and cut-outs and everything." "T'll go at once," declared the Scis-sor Grinder. "I'll put on my old clothes and oil my grinder and be off this very

And if you listen, my dears, most any fine day you may hear a voice calling out, "Scissors to grind! Scissors!" So have your all handy when he

## DO YOU COUGH, COUGH

(To Be Continued.)

Caution should be taken when the person is known to have a weak heart, which often is shown by a shortness of breath, blueness of the lips or swelling of the ankles.

Ninety per cent. of India's population cannot purchase anything except the bare necessities of life, says the U. S. Department of Commerce.

Who do do? said everybody.

"Sit down," invited the Scissor-Grind"Sit down," invited the Scissor-Grind"And it's dress-making time, also,"
"And the March Hare. "Everybody has to have a new dress for Easter. More sharp scissors are needed for that. In fact I heard Mrs. Morris say she was going to start her spring sewing right away."
"Perhaps I'd better just work three more puzzles," said the Scissor Grinder thoughtfully.

"And then there is the pruning to down the leaf of the leaf of the leaf of the dress for Easter. More sharp and the march Hare. "Everybody has the march Hare."
"And then there is the pruning to down the leaf of the leaf of the lea

AFRICA LIKES WHALES. will be wall papering to do. And the paper hangers will need scissors every minute."

"One puzzle then," said the Scissor rinder. "I'll only take time to work off."

Then Nancy spoke up. "But the chile was been said."

Land Turned Into Paradise in Short Time.

Mrs. H. A. Lynam and Miss H. Dykeman ushered the guests to the dining room where Mrs. W. G. Smith and Mrs. R. G. Fulton presided at the prettily appointed tea tables, which were centred with large bowls of mauve sweet peas and daffodils. Candles were effectively used for lighting. Those who assisted were Christmas, swept southward along the west coast of South America in greater volume than was ever known before, bringing with it tortential showers which visited parts of South America which have not known rain since the days of Pizarro in 1551, acsince the days of Pizarro in 1551, according to Dr. Robert Cushman Murphy, assistant director of the American Museum of National History, who told of studies of ocean currents had not known rain for seven or eight when the choir of St. John's church

able bridge of four tables yesterday and novelty shower last evening at the home of her parents, Mr. and Mrs. Harold Climo, 53 Dorchester street, who told of studies of ocean currents off the coasts of Ecuador and Peru, from which he has just returned.

Paradise Over-night.

El Nina turned thousands of miles of desert into paradise almost overnight, according to Dr. Murphy, as it caused millions of hardy seeds which had lain dormant in the ground through decades of drought, to sprout and grow, with an incredible vigor. In a week brown and red landscapes had been painted green and Dr. Murphy and his companion, Van Campen Heilner, daught hundreds of fish in the streets of desert oil town of Talaro, where rain had not fallen previously for 34 years. This town was in a parched plain as lifeless as the Sahara when the scientists first saw it before January 12, when The Child sawn have been against rain. They were all sieves.

All be bridge of four tables yesterday and novelty shower last evening at the home of her parents, Mr. and Mrs. Harold Climo, 53 Dorchester street, when the choir of Str. John's church arrived in the early evening bringing lovely gifts with them. A weding bell was arranged in one of the large rooms and from it were suspended the gifts, when the coars from the devastations of the preferences over other shipments because there is a food shortage along the coast from the devastations of the streets of desert oil town of Talaro, where rain had not fallen previously for 34 years. This town was in a parched plain as lifeless as the Sahara when the scientists first saw it before January 12, when The Child sawn have been washed away.

Whole towns have been washed away.

"For hundreds of miles in this region there was not a roof that it had ever been necessary as a protection of the latter's approaching marriage at a pleasant part part to a protection of the latter's approaching marriage at a pleasant part part to a protection of the latter's proposed the protection of the protection of the protection o aparched plain as lifeless as the Sahara when the scientists first saw it before January 12, when The Child swam down the coast, but on March 7, when they reached it, the horizon was one of grasses, flowers and foliage, and the town was a Venice with myriads of minnows swarming down its canals.

The rains, torrential and continuous, which came down for weeks after the arrival of El Nina off the coast, had interlaced the whole desert with streams, connected them with distant rivers and carried billions of eggs from spawning places to cover the desert with minnows. That was the theory of the explorers, although the natives said the fish came from the ocean.

The deluge fell on some spots which

F. W. DANIEL & CO.

#### PRESENTATION.

A. D. Smith, formerly of Saint John, but for the last 13 years connected with the Rhodes Curry Woodworking Co., of Amherst, as purchasing agent, has resigned his position with that firm. Mr. Smith has begun a sales agency of his own. He was presented a wardrobe trunk and a set of pipes by the employes and officials of the company.

The members of 'Prentice Boys' Lodge, ..o. 30, of West Saint John, entertained their wives and friends at a social evening in the banquet rooms at the 'Prentice Boys' hall last night when forty-fives were played and dancing and mixing were also entered.

robe trunk and a set of pipes by the employes and officials of the company.

Congratulations To

Jews From Premier

Premier Mackenzle King has forwarded, on behalf of the Canadian Government, a cable of hearty congratulations to the Zionist organization on the opening of the Hebrew University in Jerusalem. I. Ellman, president of the Zionist organization here, received the following telegram from the Zionist Organization of Canada in Montreal: "Broadcast during celebrations message of Government cable: Government of Canada desires to join with the Government of Great Britain with the Government of Great Britain with the Government in the organization the 'Prentice Boys' hall last night when forty-fives were played and dancing and músic were also enjoyed. The orchestra was composed of Ralph Melvin, who played the acordion, and Prof. W. Davis, pianist. The committee in charge consisted of William Price, R. Anderson and Ralph Melvin, Dainty refreshments were served.

\*\*Montreal: "Broadcast during celebrations message of Government cable: "Government of Canada desires to join with the Government of Great Britain with the Government of Great Bri with the Government of Great Britain and the other Governments in the Brit-ish Empire in extending congratulations to the Hebrew University at Jerusalem upon its inauguration and the best wishes for the high education and cultural aims it is intended to serve. Signed, King, Prime Minister."

New Freeman Pub. Co. **Directors Re-elected** 

The annual meeting of the New Freeman Publishing Company, Ltd., was held last night with M. E. Agar, was held last hight with M. E. Agar, president, in the chair. The report of the manager, B. P. McCafferty, was very satisfactory and the directors extended hearty congratulations to him. The meeting was held in the Freeman office and all of the directors were reoffice and all of the directors were re-elected. The directors are as follows: President, M. E. Agar; vice-president, James P. Quinn; secretary-treasurer, W. J. Mahoney; additional members, Dr. W. P. Broderick, F. J. McInerney, F. I. McCafferty, P. J. Fitzpatrick, J. D. Creaghan, Newcastle, and D. J. Col-lins, Grand Falls.

SCENT BOTTLES LATEST. LONDON, April 3.—Scent bottles in the shape of stork, sheep, cows, elephants, pigs, horses and tigers are now the vogue here. The scent drops from the bill or mouth of the bird or ani-

## and only one price!

-A Policy that built up the largest made. to-measure, one-price tailoring organizations in the world.

After all, is there really any good, sound economic reason for a "Sale?"

Suppose a suit of clothes is actually worth \$24. Is there any reason why you should have to pay \$85 for it if you buy it in September or wait till January and—(after being told with a great blare of trumpets that it means a "tremendous saving" to you)—get it for \$22.95?

In Force This Fall

Wouldn't you rather pay \$24 for a \$24 suit when you want it—and be able to get it at that price— ANY TIME IN THE YEAR-in season or out

Tip Top Tailors think that the average man would. That was the policy on which their business was founded fourteen years ago in a very small way.

And that is the policy that has made it, within that comparatively short time, THE LARGEST ONE-PRICE TAILORING ORGANIZA-TION IN THE WORLD!

We were right then. We think we are right now.

We are making the very best quality of men's made-to-measure clothes our vast tailoring organization can possibly produce to sell at \$24—and we believe it's the very best clothing value any man can obtain anywhere in Canada.

Tip Top Made-to-Measure Clothes are not "cheap" clothes. The price is extraordinarily low for their fine quality because of the vast business we do and because of our policy of specializing on one price and one price only, and having just that one price throughout the entire year.

Tip Top Clothes are not "Cheap" clothes.

If they were, is it likely that more than one million men would have worn and be wearing them-men in all walks of life, who appreciate good value and who know what they are getting for the money

If they were, is it likely that men would come back to Tip Top Tailors year after year? For by far the greatest percentage of Tip Top sales are "repeaters," men who have bought Tip Top Clothes once and will continue to buy them always because they have been thoroughly satisfied and have saved

If they were, is it likely that we would have built up, within fourteen years, the largest one-price tailoring organization in the world?

Of course we have a host of imitators.

All great business leaders have. But the men who know value, who insist on it, won't be misled. When they want a Suit, Topcoat, Overcoat, Tux; edo or Evening Dress Suit made to their measure at a fair price they know where to go.

They know they can choose from well over 300 materials, made up in any style they want, to fit them perfectly, if they come to Tip Top Tailors. They know that at Tip Top Tailors they can get REAL VALUE and REAL SATISFACTION or their money back.

## DECIDED SUCCESS Is Keenly Enjoyed in Queen Square Methodist Church Hall —Performers Entertained.

It was an Old Tyme Concert given by the pupils of "Aunt Polly Hopkins' singing school," that was staged in the hall of the Queen Square Methodist church last night under the auspices of the Young People's Society. The event was a conspicuous success. The programme was composed entirely of old time songs and rounds. The singers wore gowns and suits and headgear of about 70 years ago, and were known by names that were favored in the olden days.

Everything was in keeping, even to

olden days.

Everything was in keeping, even to the refreshments, as instead of conducting a sale of candy during the intermission an efficient committee composed of Mrs. A. L. Robertson, Mrs. Fred Blair, Mrs. McArthur Morgan, Mrs. A. L. Gray and Miss Grace Bailey conducted a sale of gingerbread and milk.

milk.

Mrs. L. V. Lingley was the director of the concert. There was also a short playlet in which four girls took part. The performers were afterwards entertained delightfully at the home of Mr. and Mrs. F. G. Spencer. Those who took part in the programme were Mrs. L. V. Lingley, Miss Daisy Stephenson, Mrs. G. Clayton Teed, Mrs. Charles Scott, Miss M. Anderson, Miss P. Brewster, Miss Gilmour, Miss H. Biggar, Miss L. Moore, Mrs. A. Wood, Miss R. Hanson, Mrs. Newton Rogers, Mrs. Blair McLean, Miss Esther Welsford, Miss K. McLaughlin, Mrs. LeRoi King, Miss M. Irvine and Miss H. Smallie, Alfred Stephenson, Newton Rogers, Blair McLean, William McGowan, C. H. Mercereau, G. Todd and LeRoi King.

Laclede Gas Suffers Overnight Slump of Thirteen Points

MONTREAL MARKET STRONG AND ACTIVE

Asbestos Stocks Particularly Firm-Brazilian, Unchanged in Price, Active.

NEW YORK, April 3 — Confusing price movements marked the opening of today's stock market. Buying of the oil shares was stimulated by the recent reduction in output but gains were confined to fractions. An overnight loss of 13 points was recorded by Laclede das which opened at 155 and subsequently moved up to 158. Nash Motors declined 2 points and National Lead advanced two.

declined 2 points and National Lead advanced two.

In Montreal.

MONTREAL, April 3—The local stock market was strong and fairly active at the opening this morning, some of the more important issues displaying good overnight advances. The Asbestos stocks were particularly firm, the common rising half to a new high at 60 and the preferred 1½ to 9311-2. The most active stock was Brazilian, but it was unchanged at 511-4. Consolidated Smelters and Atlantic Sugar preferred each gained quarter to 601-4 and 65 respectively, while Shawinigan was up 3-8 to 1353-8. The only other change worthy of note was in Abiti which strengthened 1-2 to 661-2.

TABLETS

Morning Stock Lettet

NEW YORK, April 3—The market acts very well. Numerous attempts to depress stocks yesterday met with scant success and seemingly a number of stocks are now meeting with good support. We believe this market will go higher again and that on any weakness good stocks can be bought. At the same time we see no hurry to purchase stocks and would consequently not follow rallies up with buying orders. Think there will be plenty of reactions in the next several weeks on which one can buy. (Steel Common was sold yesterday on reports that the unfilled tonnage statement for March would show a considerable decline in forward business. Since the figures are not definitely known yet, it is impossible to say how nearly correct the estimate is. That steel operations have been reduced in the last several weeks is a fairly good indication that there has been some decrease in forward business. At the same time on this reaction we think Steel Common can be bought. Ralls have not yet recovered from break as well as the Industrials, and we believe that on this dip Southern Railway. Central, Atchison, Mop Pfd., Texas Pacific, R. I., and PWA can be purchased. Among the Industrials we believe May Department Stores, Col. Gas, Sloss, OV. Pfd., CHM. and Allis Chalmers will sell higher.

**Tenders for Vocational** 

School

Sealed Tenders will be received by the undersigned up to four p. m. on Monday, the 6th Day of April, 1925, for the complete work, including all labor and materials required, for the erection and completion of a Vocational School building to be structed on Develop and materials required, for the erection and completion of a Vocational School building, to be situated on Douglas Avenue, Saint John, N. B., according to plans and specifications to be seen at the office of the Architect, Mr. F. Neil Brodie, 42 Princess street. Each tender to be accompanied by a certified cheque for five thousand dollars (\$5,000.00), which will be forfeited if the Tenderer refuses to sign the contract when called upon by the Board so to do. The successful Tenderer will require to be bonded by a reputable Bonding House for the sum of twenty-five per cent. (25 p. c.) of the amount of his contract, and his deposit cheque will then be returned. —The whole of the work is to be completed on or before the 81st. day of December, A. D. 1926, under the forfeit of one hundred dollars per day for every such day therefore that the work remains unfinished. All tenders must be made out on forms furnished by the Architect, the lowest or any tender not necessarily accepted.

The Board is desirious that New Brunswick materials be used as far as possible, all things being equal. Each contractor will therefore attach to his tender a schedule of materials other than New Brunswick products which he intends to use.

UPSTAIRS SHOPS FROM COAST TO COAST

THE EVENING TIMES-STAR, SAINT JOHN, N. B. FRIDAY, APRIL 3, 1925

#### END LEAGUE FORWARD TO BANNER

# COMPETE IN THE PENNANT RACE

Portlands, N. B. Champions, to Represent Water Dept.

Having experienced two highly successful seasons, during which extended improvements were made to the grounds and the class of ball steadily improved, the South End League is looking forward to an even stronger and better year this summer with some of the best amateur talent in the province competing. Under the energetic leadership of S. C. Payne, the grounds committee has already discussed plans for a grandstand and other improvements and has also definitely settled on the number of teams that will compete, the Trojans, champions of 1924, the Saint John the Baptists, close runnersup, the Royals, and the Water Department. The last-named takes the place of the Garrison team and its advance line-up comprises several of last year's Portlands, New Brunswick champions, including Snodgrass and Charlie Gorman, if he remains in town for the summer. As most of the members of the Garrison team still have several good seasons left in them yet, they will have no trouble in catching on with the other teams and this will thereby strengthen the league considerably.

mother point that will make for the ball this year, apart from the vidual improvement of each player bush experience, is the fact that the vals have been quietly bolstering melves and will put up sterner op-tion than heretofore. Under the hing leadership of Earl Nelson, the pred boys took on a spurt in the me moments of the league last year ying moments of the league last year hat tied matters up in a knot and orced the championship into overtime lay. Few fans who were present will orget those games he pitched the Royls to victory over the Trojans and aints when both games meant pretty lear the title for them.

Trojans Line-Up.

Trojans Line-Up.

The champion Trojans will present a strong line-up this year, according to reports. "Eddie" Cox will captain the team and with his battery mate, Lesile Kerr, batting champion of the league, is expected to turn in several wins for the Orange and Black. Wiley, Walter Bartlett, Daley, Greig, Mac-Gowas, Nixon and other standbys will be back along with some new blood. Dalton Saints' Star.

If there is one team in the league that can be counted on to acrap for this year's title from the drop of the fast that bunch is the Saints. After dropping seven straight games in a row at the opening of last year's season, they staged a sensational comback that drew them to within striking grasp of the title, largely through the outstanding work of "Tack" Dalton. Dalton's work last year stamped aim as a boy with a great natural state for the game and he should have an even better year this year. Realizing that those lost games at the opening of the season really beat them out, the Saints have been marshalling their forces for an impressive barrage, at the opening of the league schedule. They have several of the Garrison players on their list and, should reports of the break-up of \$t\$. Roses prove correct, the South End League should enjoy a season of unprecedented success this year—the greatest since the advent of pro. ball several years ago.

Mr. Payne announced this morning that a meeting of representatives of each team had been called for next Wednesday evening when matters pertaining to the schedule, etc., will be dealt with Chairman Payne and his failed was forced to suspend his training to the schedule, etc., will be dealt with Chairman Payne and his associates on the grounds committee six highly enthusiastic over the prospects for the coming season and are planning a big celebration for the dealt with by wire agreed to the new date for the bout.

mouth, Representative for Nova Scotia and New Brunswick.

Along The Sport Trail

IT WILL BE A surprise to many baseball fans to learn that Honus Wagner is still in the game. After years with the Pittsburg Pirates he passed out of the major leagues to make room for a younger man. Despite his age he has never really given up the game and each spring he dons a uniform and appears on sandlots about Pittsburg. This season he will take to the road with a team of Elks in the Alleghany County,

JOHNNY DUNDEE, former world's featherweight champion, who surrendered his title when he realized that he could no longer make the required weight and still be strong enough to defend his title, has applied to the New York Boxing Commission for reinstatement. It will be recalled that he was put under the ban when he unexpectedly withdrew from a match with Fred Brentonnel in Paris. From the inner circle an intimation has leaked out that he will in all probability receive favorable consideration. He is keen for a bout with Louls (Kid) Kaplan, who is recognized as his successor, and if this materializes it will in all probability be staged in Madison Square Gardens on May 5, thus giving the veteran Italian the distinction of participating in the last match at the old arena, Dundee's case will be dealt with by the Commission next Tuesday.

THE WORK OF Eddie Collins, manager of the Chicago White Sox,
Bob Shawkey of the Yankees and "Bullet" Joe Bush of the St.
Louis Americans will undoubtedly be watched with keen interest by local ball fans this season. It will be recalled that these three American League stars paid a visit to New Brunswick last fall and enjoyed a hunting trip as a guest of Joe Page, passenger traffic representative of the C. P. R. Many local fans had the pleasure of meeting these celebrities of balldom and found them dandy sports and likeable chaps. As a result they will naturally be anxious to see them make good again this year.

GRANTLAND RICE, a well known sport writer in the States, was recently asked if he had his choice between Frankie Frisch of the Giants or Rogers Hornsby of St. Louis, which one he would pick. He said he would take Hornsby above any man in the National League, infield or out, pitcher or catcher. There is no doubt Mr. Rice is entitled to his own opinion, but if the question was put to a vote among fans it would not be surprising if Frisch was the popular choice. The Giant's star has a shade on Hornsby in several departments of the game, although the latter is undoubtedly a better hitter. Last year both participated in 143 games, Frisch had 391 pút-outs, 537 assists, 27 errors and a fielding average of .972. Hornsby had 301 put-outs, 517 assists, 30 errors and an average of .965. Hornsby hit for .428 while Frisch ended the season with .328. However, Frisch scored as many runs, 121, had 22 stolen bases to his rival's five. Frisch also has the advantage of youth and is versatile, being able to play any infield position. It is a safe bet that McGraw would not trade Frisch for Hornsby and he should have a pretty good idea which is the better man.

OFFICIALS IN CHARGE of the Boston marathon have introduced of FFICIALS IN CHARGE of the Boston marathon have introduced some stringent rules this year. The race is to be held on April 20 and an order has been issued that all bicycle, motorcycle or automobile attendants for contestants will be banned. It is proposed to follow the Olympic plan of having relief stations along the course. These will have a Red Cross worker and each will be an official, checking station. Two state motorcycle officers will patrol the last half of the course to give aid to runners in distress. Any runner who receives aid from any source outside the relief stations or police patrol will be disqualified. These mandates seem fair and should be acceptable to the runners. In addition, however, all vehicle traffic should be stopped along the course until the race terminates. It is not an uncommon thing for contestants to be struck by passing automobiles and forced to retire as a result of injuries. Canada's representative will be Victor McAuley of Windsor, N. S.

City Tournament Gets Away to Good Start-Play to be Con-

CHICAGO. April 2—Billy Sandow, manager of Ed. "Strangler" Lewis, champion of the world's heavyweight wrestling, signed an agreement with Floyd Fitzsimmons, Michigan City, Ind., promoter for Lewis, to wresle Wayne (Big) Munn, also claimant of the title, at Michigan City on May 30 for a purse of \$60,000.

Fitzsimmons posted a \$30,000 forfeit in a Chicago bank. Munn has not yet been signed but Fitzsimmons said he expected to close a contract by Monday with Gabe Kaufman, Munn's manager.

COAL MINE CRICKET.

Good Start—Play to be Continued Tonight.

The City Badminton tournament got away to a good start on the Armoury courts last evening. Play started at 7.30 o'clock, and continued until 11.30. There were 120 entries, and many of the players drew byes during the first round. The tournament will be continued this evening and some classy playing is expected to develop in the finals. There was 11 clubs represented in the tournament, the Saint John Garrison, Trinity, Stone, St. Andrews, St. James, St. Pauls, St. Judes, Y. M. C. L. K. of C., C. W. L. Senior Girls

Derbyshire coal miners started playing cricket with a shovel as a bat and a piece of coal as a ball. The first drive hit a spectator in the eye and the cricketers were fined.

Dwellings which are supposed to date back to 7000 B. C. have been discovered by workmen digging along the shores of the Lake of Zurich.

## Suit - a - Year Tailoring

Beyond all doubt or risk, you know where you stand when you feel the fine fit and style of a true test Suit as made to measure by the Triple C Tailors.

You know how the cloth shapes up. You know how much it is good for. You have the exact measure in weight, strength and purity. You have a guarantee against sun, sea and air.

Triple C patrons buy no more than one Suit a year. And they pay a lot less for that Suit than anywhere else. None quote their lowness of price for their top height qualities. Because the 35 Saint John tailors in the Triple C organization have a team-work that turns the trick at less expense than any. The largest patronage of all permits the lowest profit percentage of all. And they give you a try-on before the final sewing.

# IN HAVERHILL, MASS

Former Saint John Man Succumbs to Pleurisy-Dr. W. B. McVey is Brother.

cover of a manhole in Prince William street was off yesterday. The water department repaired matters at once.

POLICE CALLED.

The North End police were called out twice yesterday afternoon to houses in Main street to quell domestic quarrels there.

NO FRESHET YET.

Sad news came to Dr. W. B. McVey today in an announcement of the death of his brother, Dr. James J. McVey, which occurred on Wednesday in Haverhill, Mass., where he had attained success and a high place in his profession as a dentist. He was a son of the late Andrew McVery, and many will remember him and the other members of the family as resident for a long time in Paddock street. He left Saint John as a young man some 18 years During the warm spell' a few days ago there were indications of the spring freshet in the Saint John River about Indiantown harbor, but since the temperature dropped the water has not raised to any appreciable extent.

Itime in Paddock street. He left Saint John as a young man some 18 years ago, studied at Tufts College, and on graduation began practice of dentistry. He had also taken public interest in the conduct of affairs in his new home and was active in politics. Dr. McVey was 39 years old. His death was caused by pleusies.

Patrick street yesterday to investigate a complaint regarding a horse. He found it in poor condition and notified the S. P. C. with the result that this morning the animal was shot by Policeman McElhinney. A horse owned by C. Moore was shot by Policeman Gibbs at the owner's request.

\*\*EEP OFF GRASS\*\*

William McCann, 28½ Brooks street, was found guilty in the police court today of a charge of having liquor unlawfully on his premises and was fined \$200 or three months in jail by Magistrate Henderson. Inspector Killen gave evidence that the liquor taken had been analyzed at the hospital and found to contain 60 per cent alcohol. Only 2

Kings Represented in

The following re tral station to Deskman Thomas two balls of yarn with needles, in addition to instructions for knitting bootees for babies. A child's purse was found yesterday by Walter Edwards and Vallie McAndrews, and turned over to Police Sergt. McLeese. A woman's glove was found in Union street, West St. John.

The MacCantain, Property Soan Street. Executors of J. M. Hastings to E. L. Murchison, property Simonds. Harriet S. Hazen to H. T. Hazen and others rights as devisee of Sarah E. Hazen in lands in City of Saint John. Beatrice E. Ryan and husband to J. G. Lake, property Union street. H. W. Sweet to Florence E. McLeod, property St. Martins.

Byron Verge of Freeport, Maine, song writer and composer, is in the city. Mr. Verge is a native of Bridgewater, N. S. He has been visiting various towns in the province, including St. Stephen, Fredericton, Moncton and Chatham, and the press of those places gives very flattering notices of his singing in hospitals and other institutions, including schools, the St. Stephen and Fredericton Rotary Clubs and in churches. Two of Mr. Verge's latest compositions are "Boom Canada" and "The Royal Thoroughbred," which is a tribute from Uncle Sam to the Prince of Wales on the occasion of his American visit. Mr. Verge is staying at 10 German street for a few

#### 3 Traffic Cases Bring Fines Today

Several traffic cases came before Magistrate Henderson in the police court this morning and in each case a fine was imposed. John Lipsett, reported for driving his car past a standing street car, pleaded guilty and was fined \$10. Policeman Howard
