DEMANDS AGREED TO, ROUMANIA WILL SOON BE LINED UP ON SIDE OF THE ALLIES, IS REPORT

FRENCH AIDED BY BELGIAN TROOPS BATTERING GERMAN POSITIONS IN THE WEST

Belgians Throw Battalion Across the Yser and Destroy German Blockhouse South of Dixmude — Germans Claim Another Success Against Russians in East — Expected Announcement of New War Budget Did Not Materialize—Roumania Likely to Come in Soon.

Rome, via Paris, June 14—A despatch to the Giornale D'Italia from Sofia says: "M. Filipescu, leader of the Roumanian Conservatives, declared today that the Quadruple Entente powers, (Great Britain, France, Russia and Italy), have agreed to the demands of Roumania. There fore, a definite conclusion of an understanding for the intervention of Roumania in the war is imminent.

"Greece and Serbia will send an identical note to the Bulgarian Premier, M. Radoslavoff, and his cabinet, declining the proposals of the Quadruple Entente powers for the cessation of Macedonia territory to Bulgaria."

The correspondent of the Giornale D'Italia in his despatch adds: "I am assured that Greece and Serbia are sending a note of protest to the great powers, declaring that it is impossible to accept a Balkan understanding on such terms. M. Radoslavoff and his cabinet will use pressure on Serbia and Greece, because in the end the conception of the Quadruple Entente is based on right, and a just consideration of national aspirations in the Balkans must prevail."

EARL GREY IN BUCHAREST

New York, June 15—A despatch from a staff correspondent in London to the American says:

"Sir Edward Grey, Secretary of State for Foreign Affairs, who, according to official announcement, is taking a vacation to rest his eyes, is not likely to get much rest, if reports current in diplomatic circles here are based upon truth.

"It is said Sir Edward has gone to Bucharest to bring about the intervention of Roumania in the war on the side of the Allies, exactly in the same way that he went to Rome about Easter time to bring in Italy, although it was then announced he had 'gone fishing.' He landed a big fish on that visit, and is expected to be equally successful in his present venture.

"It is a safe prediction that in a week or so, something will be heard from Roumania that will be pleasant news for the Allies."

Germans Claim Another Success in the East

London, June 14—Germany today claimed another decided success along the eastern line. Northwest of Moskala, in the region of Sienawa, the German report said that along a line extending over forty-three miles the entire positions of the Russians were taken, and that 16,000 prisoners fell into their hands. The Russian official report, however, only mentions the locality where this action is said to have taken place, in a paragraph which declared that the Austro-Germans, after heavy losses in the region of Moskala Friday and Saturday, did not resume the offensive.

According to Petrograd the Austro-Germans have made another crossing of the Dnieper, where a brilliant cavalry charge at Zaleszczyki resulted in a local Russian success, but no claim is made that the invaders were pushed back across the river. A crossing of the river at this place may not be a serious affair for the Russians, as it is remote from Lemberg, and an advance from it might expose the Austro-German flank.

On the western front the French continue their battering tactics against formidable German positions, with some assistance from the Belgians, who have thrown a battalion across the Yser to the east bank, where, south of the Dixmude railway bridge, they destroyed a German blockhouse. They claim that they have retained this position, despite German counter-attacks.

Berlin claims that the French suffered a severe defeat on the front north of Souchez, and Paris admits the loss of German trenches previously captured in that sector.

The full returns of the Greek elections are not yet available, but the triumph of M. Venizelos, former premier, seems certain. The continued illness of the Greek King may prevent the victory of the war party from having any immediate results.

Great Britain, which had braced itself for the shock of the announcement of the issue of another £1,250,000,000 war budget, must wait another day, as the House of Commons rose this evening without Reginald McKenna, Chancellor of the Exchequer, having made the expected announcement.

London, June 14—Germans, an important German station on the Venue river, German West Africa, surrendered unconditionally to the Anglo-French force, June 11, says the Governor-General of Nigeria, in a telegram to the Colonial Office. The attack against the station began May 31.

ACCORD SAME TREATMENT TO ALL PRISONERS

Germany Follows Great Britain's Lead — Discontinue the Retaliatory Measures Against British Officers Held Prisoners.

Berlin, via London, June 14—As a result of American mediation the exceptional treatment which was being accorded German submarine prisoners in England and an equal number of British officers prisoners in Germany, has been discontinued. Germany today notified the American embassy that the British officers who were selected for retaliatory treatment here would, like the submarine prisoners in England, hereafter be confined with the other prisoners of war, and given the same treatment.

With this incident out of the way, it is hoped that the negotiations between Germany and Great Britain for the release of them of enemy civilians who are incapacitated for military service, which were interrupted when the captured crews of submarines were placed in confinement, may be resumed. The negotiations at that time were virtually complete.

SOLDIER READ OUT OF RANKS IN DISGRACE FOR INSUBORDINATION

Ignominiously Discharged and Sentenced to Three Months' Hard Labor—First Case of Kind in Years.

Niagara on the Lake, Ont., June 14.—Discharged in ignominy, and sentenced to three months hard labor in the Lincoln County jail, Private D. J. Kane, of the 36th Battalion, was publicly read out of his regiment at noon today. Kane, who enlisted at West Toronto, was convicted of insubordination and threatening an officer.

This is the first instance of the kind in years. The culprit was paraded in front of the battalion by a picket. The charge sheets, conviction and sentence were read, and the battalion was told that Kane was ignominiously dismissed. Kane was marched away, to be delivered to the jail authorities.

MISSION SOCIETY OPENS SESSIONS

Sessions of the St. John Presbyterian of the Women's Foreign Missionary Society of the Presbyterian church will commence this evening in St. David's church with a business meeting. The meetings will continue on Wednesday and Thursday, and delegates will be present from all parts of the province.

WOULD STOP SMOKING AMONG MEN AT THE FRONT

Toronto, June 14.—The encouragement of smoking among soldiers at the front was unanimously condemned by the members of the Toronto Methodist Conference this afternoon. Not a single dissenting voice was raised against a resolution to this effect. The resolution was brought before the conference by Rev. George H. Purchase, secretary of the Sunday School Committee.

FRENCH WARSHIPS BOMBARD ENEMY PORT IN ASIA MINOR

London, June 14, (7.10 p. m.)—A report has reached Athens from the island of Chios to the effect that two French warships entered the Port of Tchesme in Asia Minor, forty miles southwest of Smyrna. According to this report, forwarded by the correspondent of the Exchange Telegraph Company, the warships bombarded the telegraph station at Tchesme and sank two sailing ships. The bombardment lasted for forty minutes. The inhabitants of the town fled in panic to the mountains.

PAVING THE WAY FOR A SETTLEMENT BETWEEN BERLIN AND WASHINGTON

The Lokal Anzeiger Says Difficulty Can be Solved if all Parties Display Good Will—No Need to be so Hasty in Sending Out Declarations of War.

Berlin, via London, June 14.—The Lokal Anzeiger prints a noteworthy article on German-American relations by its general director, Eugene Zimmerman, which, coming on the heels of Friday's conciliatory article, is taken to mean that influential representatives of politics and business are standing behind this paper and exerting their efforts for a German-American understanding.

"President Wilson," says Herr Zimmerman, "desires nothing more and nothing less than an understanding between Germany and the United States—the former of maritime warfare, which, at the same time, will insure the safety of American passengers. The task is not light, considering the development of naval warfare, but it can be solved if all interests display good will."

A new form might be given to naval warfare, Herr Zimmerman continues, on the basis that passengers on ships with special marks of identification and sailing under the government guarantee that they are unarmed,

BETTER PREPAREDNESS ON PART OF U. S. URGED

New York, June 14.—Better military and naval preparedness on the part of the United States was urged here tonight by speakers of national prominence at a mass meeting at Carnegie Hall under the auspices of the National Security League, which today began a two-day peace and preparation conference, at which twenty-five States were represented.

The speakers tonight included Jacob M. Dickinson, and Henry L. Stimson, former secretaries of war; Charles J. Bonaparte, former secretary of the navy; Judge Alton B. Parker, who is honorary vice-president of the League, and Dr. Lyman Abbott.

MONTREAL MAN BACK FROM FRONT SUFFERING FROM GAS POISONING

Was Two Weeks in the Trenches at Ypres and Rendered Unconscious by Deadly Fumes.

Montreal, June 14.—Major E. Ranser of the 65th Regiment, Montreal, who was in the battle of Ypres and suffered severely from gas poisoning, returned home today. He was in the trenches two weeks before Ypres, with the men of the 65th, as well as other Canadian regiments, and was rendered unconscious by gas fumes. He is still suffering from the gas.

BRITISH GOVERNMENT SEIZES CARGO OF COPPER

London, June 14.—Four hundred tons of copper on the steamer Zamora from New York for Stockholm, which was thrown into prize court, was requisitioned today for the British government. The copper was "banned" to the Swedish Trading Company at Stockholm.

WASHINGTON MORE CHEERFUL OVER THE GERMAN SITUATION

TWO MORE VICTIMS OF SUBMARINES

A British and a French Steamer Sunk—Danish Vessel Held up but Submarine Fled when Patrol Boats Appeared.

London, June 14.—The French steamer Diamant has been sunk by a German submarine off Pendine, Wales. The crew was given two minutes to take to the boats and was landed at Plymouth.

British Steamer Sunk.

London, June 14.—The British steamer Hopemount, of 3,300 tons gross, was torpedoed and sunk today at a point west of Saint Ives, England, by a German submarine. The crew of the Hopemount was saved.

The Hopemount, on her last voyage across the Atlantic, left Newport News April 14th, bound for St. Nazaire.

Danish Schooner Held Up.

London, June 15, 1.20 a. m.—The Danish schooner Marie, which has arrived at Leith, reports that last Thursday, while on the passage from Christiansand, she was held up by a German submarine, forty miles off the Isle of May, Scotland. The crew of the schooner was ordered to their boats, and the Germans boarded the Marie with the intention of setting fire to her, according to the story, but on the appearance of two British patrol boats the men returned to the submarine, which disappeared. A patrol boat towed the Marie to Leith.

GIRL SPY MAKES DASH FOR LIBERTY

Outwitted Matron and Jumped Through Jail Window but Captured—Came to Canada from Bernardo Home, London.

Toronto, June 14.—Louisa Markfeldt, the alleged girl spy, now held on the charge of vagrancy, is still a source of mystery to the local police authorities. It is stated that the girl was sent by the Bernardo Home of London, England, to Canada in 1907, when she was ten years of age.

It is believed the war has unsettled her mind, or that she has fallen into the hands of Germans in Toronto who have used her to their own ends.

The girl today made a determined dash for liberty from Court street police station, but was caught before getting very far away. By some means she outwitted the matron and jumped through an unguarded window to the ground thirty feet below, but escaped without injury.

CABINET MINISTERS TO GIVE EVIDENCE

Winnipeg, June 14.—The cabinet ministers of the late government will be called to the stand before the Royal Commission as soon as the evidence of Salt and Horwood, taken at Minneapolis, is transcribed, and this may be tomorrow. Messrs. Hook and Elliott will be put on the stand again, in light of statements made at Minneapolis bearing on the connection of these two men with the contracts for the parliament buildings.

There was no session this afternoon, but the C. P. R. Telegraph Company turned over its entire file of telegrams asked by the commission.

Chances for Peaceful Solution Looking Much Brighter.

WILL DELAY SENDING NOTE TO GREAT BRITAIN.

Protest Against Interference With Neutral Trade by Allies Will be Deferred Until Discussion with Berlin Shapes Itself More Definitely.

Washington, June 14.—President Wilson feels encouraged by reports that the pending negotiations between Germany and the United States most likely will have a peaceful outcome.

Those who have discussed the situation with the President and other officials in the last day or two have found a belief prevalent that the chances for an amicable understanding with Germany are much better than they have been at any time since the Lusitania tragedy.

This feeling is understood to be based on both official and unofficial reports from Berlin, telling of the favorable reception there of the American note and on the hope, too, that the dispatches carried by Dr. Anton Gerhardt for Count Von Bernstorff, the German Ambassador here, will impress German officials with the American point of view.

It was learned that the President does not plan to send another note to Great Britain, protesting against the interference with commerce between the United States and neutral countries of Europe, until the discussion with Germany has shaped itself more clearly. This does not necessarily mean, it was stated, that the President will wait until a reply is received from Germany, though the British note scarcely will go forward until some definite idea has been gained of the character of the next communication from Berlin.

PEODLARS' CARTS AND DELIVERY WAGONS REPLACE STREET CARS

All Kinds of Conveyances Pressed into Service in Chicago — State Arbitration Board Intervenes.

Chicago, June 14.—The State Board of Arbitration undertook a solution of the street railwaymen's strike by addressing letters to both sides to the dispute, asking either party to apply for arbitration through its organization.

The 1,500 operators of the downtown telephone exchanges, who are housed at nearby hotels, were entertained tonight at theatres and the hotels. Private dancing parties were almost continuous, the entertainment being continued by the operators of the different working periods as they returned from work.

Traffic on the business streets was more difficult than usual in spite of the absence of street cars. There was more than the usual number of motor vehicles and a perfect flood of slow going horse-drawn buses, express wagons, peddlars carts and delivery wagons, converted by means of a couple of chairs and a few boards into passenger-carrying omnibuses.

The two branches of the Chicago river, one running to the northwest and the other to the southwest sections, served to carry many persons. Motor boats left the mouth of the river at regular intervals, and stopped at most of the bridges to take on or let off passengers.

The Illinois Central Railroad, which serves one section of the south side with suburban service and handles an average of 40,000 persons daily, reported they had carried 280,000 passengers during the day.

MERELY QUESTION OF KIND OF SHELLS CANADA CAN TURN OUT QUICKLY

Sir Geo. Perley Taking Up With War Office Matter of Canada's Share in War Munitions Orders.

London, June 14.—General Bertram's statement at Toronto, attributing to the British authorities the blame for the lack of munition orders for Canada, is being taken up with the War Office by Sir George Perley. The latter finds a discrepancy between that statement and the War Office's assurances, recently given, that Canada will receive all the orders it is possible to give her. It is largely a question, he suggests, of what sort of munitions Canada could supply in large quantities. The War Office requires complete and high explosive shells.

As regards the assertions of Mr. W. W. Butler, vice-president of the Canada Car & Foundry Company, that J. P. Morgan & Company have raised opposition to some of the Canadian contracts, Sir George points out that the War Office deals directly with the Shell Committee at Ottawa, which has the decision concerning the placing of orders with Canadian firms. Any antagonism from the United States, Sir George surmises, would refer only to sub-contracts for parts given to American factories.

If Canada can supply the exact article wanted, the Imperial government can have no incentive to pass over offers made by Canadian concerns.

ARCHBISHOP DANGEROUSLY ILL

Montreal, June 14.—Monsignor Lavigne, Archbishop of St. Boniface, Manitoba, is seriously ill at the Hotel Dieu, Montreal, and his recovery is doubtful. His condition tonight was regarded as so critical the last rites of the church were administered. He is sixty years of age.

INCIDENTS OF THE STRUGGLE FOR THE DARDANELLES

ON BOARD A BRITISH WARSHIP, PREPARING A LADDER ON DECK FOR TROOPS TO DISSEMBARK

WITH THE AUSTRALIAN TROOPS, TRANSPORTS IN BACKGROUND

The situation in the Dardanelles becomes at one moment a military affair, the next moment a naval one. Here is illustrated chiefly the naval side of the operations. The views are direct camera pictures obtained when opportunities have occurred during the preparatory periods preceding the major operations on land and sea. "We cruise up and down," writes a British correspondent, "and at dawn are just off the entrance. There looks as if there was nothing to stop your ship from passing right up into the Sea of Marmora and on to Constantinople. There are the battered ruins of Seddul Bahr and Kum Kale to remind you there has been a fight, but otherwise you cannot see a fort, a battery or a single human being. They might all have cleared out for all the interest they take in us, although we are only half a mile from the shore and well within rifle shot."

front to the east and southeast of Jaroslau was broken, and the enemy was forced to retreat with very heavy losses.

"Since last night the Russians have also been retreating near Miasnicka and to the southeast of that place. We captured sixteen thousand Russians.

"Battles south of the Dniester are continuing. Near Derzow, south of Mikolow, our troops repulsed four strong attacks. The enemy was routed from the battlefield.

"Northwest of Zurawna the allied troops advanced against Zydaczow yesterday and captured it, after heavy fighting. North of Tlamez an attack is also in progress, many prisoners, the number of whom has not yet been fixed, have fallen into our hands.

"In the region about the Queen-nevera farm we made slight progress in the branch trenches and inflicted serious losses to the enemy's reconnaissance. Throughout the day the artillery engagement has been quite lively.

"In Lorraine we have carried our lines forward in the region of Embermenil, and the forest of Parroy. Our progress in that sector continues without interruption."

BELGIUM

Havre, June 14.—The official statement issued from Belgian headquarters on June 13, reads as follows:

"During the night of June 12-13 offensive actions along the entire front were marked by an effective artillery fire. We sent forward a detachment on the right bank of the Yser towards Dismude. One of our detachments destroyed and occupied a German blockhouse. The enemy, who attempted to re-occupy the post, was dispersed by the fire of our machine guns.

"The German artillery showed little activity today, bombarding only mildly various points on the lines comprising Ramscapelle, Oesterkerke and Noordschoot. Our artillery replied energetically."

AUSTRIA

Vienna, June 14, via London (11 p. m.)—The following official statement was issued today from general headquarters:

"In the Russian war theatre the allied armies again attacked yesterday in Central Galicia. After stubborn fighting the Russian

ENGLAND IN WAR TIMES

(Copyright, 1915, by The N. Y. Evening Post Co.)
Sir Valentine Chirol writes in the London Times as the conclusions of his personal experience: "The signal mark of confidence displayed in sending the Indian army straight into the field of European operations, to fight shoulder to shoulder with the British army, appealed to Indian sentiment as nothing else could have done. Indians saw in it an immediate and generous acknowledgment of the great outburst of loyalty from princes and peoples which had followed the first announcement of war. Had the cooperation of Indian troops been confined to subsidiary operations, there might still have lingered among many Indians the suspicion that they were regarded merely as useful 'hewers of wood and drawers of water.' The most jealous champions of the equal rights of India within the Empire felt that there could be no more striking recognition of those rights than that the Indian army should be admitted to share with the British army the foremost post of danger and of honor. Among the things which impressed themselves upon me while I was in India this time I will quote only two illustrations, from very different quarters, of the new spirit, which it has called forth—the alacrity and earnest-

opportunities for women doctors, said that there was now a great demand for women doctors for private practice, especially in the country, where their work was much appreciated. Speaking of the future, she said that women were badly needed to attend the diseases peculiar to infants and young children. Infant clinics were needed all over the country to insure a system of inspection. Ninety fully trained women were now engaged in the medical inspection of children. Great opportunities awaited women doctors in public health departments. Women were now working in half a dozen London hospitals, and it was hoped that the positions of visiting physician and surgeon, which had so far been restricted to men, would soon be open to women, especially in the hospitals for women and children.

The following resolution has been passed by the Bishop of London's Ordination Candidates Council: "That no application on behalf of any candidate be considered unless the candidate proves to the satisfaction of the Council that he is unable to serve for the war."

Lacrosse players will be interested to learn that some of the Canadian troops at the front use lacrosse sticks for throwing hand grenades into the German trenches, and are able in this way to throw them further, more accurately, and with less risk than otherwise.

Progress in Dardanelles Slower Than at Beginning Owing to Nature of The Country, and Fighting More Difficult

HAVE ORGANIZED EVERY INCH OF GROUND GAINED

French War Office Issues Summary of Month's Fighting in Dardanelles

BATTLEFRONT IN FORM OF TRIANGLE

Strategic position taken in surprise attack by a daring band of volunteers.

Paris, June 14.—An official note given out today presents a summary of the operations in the Dardanelles from May 15 to June 1, as follows:

"Heavy fighting has taken place during this time. Today our progress is somewhat slower than it was in the beginning, but every inch of ground gained has been organized in such a manner as to permit of the repelling of counter-attacks, and each advance of the country made fighting extremely difficult and dangerous, as the battle front presents the form of a triangle.

"During the second half of May there were attacks on the Turkish line of entrenchments in front of Kereves, and the redoubt called the 'Douchet,' which we took May 8. All the Turkish counter-attacks failed completely.

"Our position being assured here we endeavored to capture a small fortress situated on the extreme left of the enemy's line, on account of the strategic position of this fortress it was impossible to take it in the ordinary way by an artillery attack followed by a bayonet charge. Such a method would have resulted in heavy loss of life.

"A heatack had to be a surprise. On the night of May 28, a mixed company composed of thirty-four white and thirty-two negro troops, all volunteers, under the command of a lieutenant, received orders to slip out of our first trench, one by one, and crawl on their hands and knees to the opposing trench. Here they were to surprise the occupants and kill them without firing a shot. Two other companies bringing up the rear were to go at once to the assistance of the first company if the plan failed.

"At 11:45 p. m. our men, having crept forward in accordance with instructions, rushed over the embankments of the enemy trenches. The Turks were completely surprised. They discharged their guns into the air and immediately took to flight. Thanks to the rapidity of our attack our only casualties were one sergeant and two men wounded.

"The Turks attacked twice without success, and dawn saw us firmly established in our new positions."

JUMPED 40 FEET FROM WINDOW IN TOMBS INTO WARDEN'S ARMS

New York, June 14.—Hyman Liebman, a prisoner in the Tombs, was to have been placed on trial today for murder. Jumped from the fourth tier of the prison cells today, forty feet, into the arms of Warden Hanley. The latter had heard the keeper's shout, looked up and braced himself to catch Liebman as he fell from possible or serious injury on the stone flagging. Liebman escaped with only a shaking up and a few bruises. Warden Hanley was bruised, but not hurt.

PREMIER BORDEN SHOWS HIS KEEN INTEREST IN RECRUITING CAMPAIGN

Special to The Standard
Ottawa, Ont., June 14.—Sir Robert Borden's keen interest in the recruiting of men for the Canadian forces at the front is manifested in a letter to the recruiting committee of the 43rd Regiment, Ottawa. The Prime Minister sends his "Congratulations and thanks for the good work which you have undertaken." He adds "It is hardly necessary to assure you of my entire sympathy with your efforts. In this struggle the Empire is fighting for its very institutions and liberties cannot be preserved except by the earnest and united efforts of all. The experience of the past ten months should bring home to us all the tremendous nature of the conflict which has been forced upon us."

ONE CENT TAX ON AMUSEMENT TICKETS IN MONTREAL

Revenue from tax will be devoted to Hospitals and other Charitable Institutions.

Montreal, June 14.—The one cent amusement tax became law yesterday, when the City Council passed a by-law providing for the collection of the tax. It is to be for the benefit of the hospitals in this city, also charitable institutions. Henceforth a tax of one cent will be charged in connection with every ticket purchased for a theatre, moving picture show, amusement hall, concert hall, circus, playground, race course or skating rink, and it will be payable in cash or by means of tickets issued by the city.

Washington, June 14.—President Wilson, speaking at Flag Day exercises here today, urged United States citizens to remember their patriotism on other days than national holidays, and to carry the flag of the country ever in their hearts.

MANITOBA GOVERNMENT PLACES CAVEAT AGAINST CONTRACTORS' PROPERTY

Winnipeg, Man., June 14.—A caveat has been placed against all the property of Thomas Kelly and Sons, Limited, in Manitoba, by the provincial government. This step is the first formal move towards a suit to recover for the province any money that may have been improperly received by the firm of contractors in connection with the parliament building construction. The caveat covers some seventeen parcels of lands and buildings, aggregating in value more than one million dollars.

The Royal Commission enquiring into the parliament buildings contracts resumed its session here this morning. Liberal counsel suggested that Dr. Simpson, late president of the Winnipeg Association, but now at the front, be asked to return to give evidence. C. A. Andrews, K. C., said probably Dr. Simpson's military duties were such that he could not get away. Chief Justice Mathers thereupon remarked he could not conceive any duties so imperative as that duty Dr. Simpson had in clearing his good name.

Science Has Not Solved The Submarine Problem; German Undersea War

(Continued from page 3)
The submarines will have any decisive effect on the fortunes of the war is very unlikely; but if the struggle is prolonged they will doubtless cause serious annoyance, and much loss of life and property. Every day the war is prolonged, every submarine that Germany launches, means additional burdens that the navy must assume, for it is vital to England that her merchant ships come and go. Her merchantmen bring to her ports the food of 24,000,000 people, and the raw material for the industries which provide the livelihood of 40,000,000. More torpedo boats, destroyers, and small craft of all descriptions will have to be detached from the battle fleets to patrol the headlands and approaches to merchant shipping ports and that will leave the great ships more exposed to submarine attacks. Ultimately the German navy will come out and give battle—public opinion will force it to before Germany submits—and the grand fleet will be accompanied by squadrons of submarines and clouds of Zeppelins and aeroplanes. And it will be a hard and terrible fight.

THE GERMAN STEEL RESOURCES.
An impression prevailed in Canada that England could continue this war indefinitely, that for her policy of attrition was the best. Well, I begin to doubt that. Since the war broke out Germany, while maintaining great armies in the field, has been producing three times as much steel as this country. The late government did not rise to the occasion; the country is not organized for war as Germany is. And the present government is going to have a very difficult and delicate task to organize the nation, and assure co-operation between employers and workers, who even in this crisis are indulging in strikes and lockouts, prosecuted with great bitterness. Men whisper to you darkly: "Conscription is coming," and shake their heads. Rev. Dr. Clifford addresses a letter to the papers, declaring that if conscription is adopted there will be rebellion. If one may judge from the tone of the numerous labor papers conscription, unless very carefully applied, will be bitterly resented. Don't think the British working class have no heart for this fight. They have. The volunteer armies are composed mostly of the upper and working classes. But I judge from reading many different trade union organs that the workers had no confidence in the late government; that they feel it permitted the middle class to exploit the necessities of the situation while asking great sacrifices of them. Today the Daily Citizen, organ of the London trade unionists, says: "Do the employers really think the mass of the people are fools? Have they not the common gumption to realize that Labour can let them down with a crash?"

If I quoted some other sentences from this editorial I doubt if The Standard would print them; many things being said in London papers, labor and otherwise, might be considered high treason in St. John. But all is not right in England. Not, I say, because the masses are unpatriotic, but because a government posing as radical has, instead of adjusting, emphasized the differences between the classes and the masses. Canada, as a part of the Empire should know the truth; we should disabuse our minds of the idea that the Imperial government is always composed of peerless statesmen. For a long time my own view has been that the English are a great people, great contributors to civilization, in spite of their governments. I know half a dozen Canadian politicians—we would not call them statesmen—who I would sooner see in the position of Minister of Munitions than Lloyd George; they would at least know that the first thing necessary was to inspire the confidence and enthusiasm of the workers. Lloyd George is a versatile person; he may rise to the emergency; but the bitter attacks made upon him in the labor papers may cause some doubts. Arthur Henderson's inclusion in the Cabinet may make a big difference, but we have to live to learn. Let us hope the war will not be unduly prolonged. If it is I think the Imperial government will be re-organized again, and that men from Canada, Australia, New Zealand and other overseas Dominions will be called in—men who are prepared to recognize that in an Empire crisis the interests and welfare of the masses are quite as important as the interests of the classes.

TRAINING WOMEN FOR FARM WORK IN ENGLAND

Shortage of 170,000 men for farm labor—Several hundred women being trained to do the work.

London, June 14.—There is a war shortage of 170,000 males agricultural laborers on the farms of England, Scotland and Wales, according to a report from the Board of Agriculture. During the next two months the board hopes to fill virtually all these vacancies with women. Already women have come to the assistance of farmers in the counties of Essex, Norfolk and Lincolnshire, in planting the potato crop and in truck gardening. Several hundred women are being trained and employed in place of men laborers in dairy farms in Cheshire, Dorset and Berks, where the wages paid range from \$3.50 to \$5.00 a week. There is one feature of dairy work which the board hopes to see taken over everywhere by women for the duration of the war, and that is the twice daily drive to the station with the milk, or the delivery of the milk to the customers. It is a common sight in Ireland to see the women drive the milk to the station or creamery in a donkey cart.

CANADA LINER COLLIDES WITH ANOTHER STEAMER, AT QUEBEC DOCK

Quebec, June 14.—While manoeuvring to reach her wharf here about six o'clock this morning, the Canada Line steamer Quebec, arriving from Montreal, crashed into the side of the Athena, that was lying at her dock at the breakwater. The Athena was uninjured, but the Quebec had her stem badly damaged. She will continue her service, however. The collision is attributed to the tide.

GEN. O'BREGON DENIES HE IS DEAD

New York, June 14.—Francisco Elias Carranza Consul-General in this city, announced late today that he had received a cablegram from General Alvaro Obregon, the Carranza commander, whose death was reported yesterday, denying the truth of the report. The message was sent today. Mr. Elias said, from Lagos, fifty miles north of Leon.

PERSIST IN STORY OF TORPEDOING OF A BRITISH CRUISER

Innsbruck, Austria, via Paris, June 14.—The Austrian submarine which, according to the official Austrian announcement last week, torpedoed and sank a small British cruiser off the Albanian coast, returned yesterday to the Austrian naval base at Pola. The members of the crew assert the submarine fired two torpedoes at the cruiser, one of which hit the cruiser.

MAY CHANGE DESIGN OF ZEPPELINS

Lt. Warneford's successful attack on Dirigible may cause makers to alter plans of latest models.

Romanshorn, Switzerland, June 14, via Paris.—The exploit of the Canadian aviator, Lieut. R. A. J. Warneford, in destroying a Zeppelin in Belgium last week, may result in a change in design of Zeppelins manufactured hereafter. Some of the engineers at the Zeppelin works at Friedrichshafen have been in issue with Count Zeppelin on the question whether the dirigibles could be attacked successfully by aeroplanes. The Count, however, dissented from this view, deciding there was no danger of successful attacks. Count Zeppelin is expected to arrive at Friedrichshafen shortly, and the question of changing the design of the dirigibles probably will be re-opened. When last seen, they say, the British warship had a decided list. Owing to the near presence of hostile torpedo boats the submarine was obliged to submerge itself.

MONUMENT TO THE MEN WHO DIED IN BATTLE OF THE MEUSE

In Memory of French and Germans Alike—German General Makes Address in French.

Sedan, France, June 14.—A Franco-German monument, erected to the memory of the German and French soldiers who fell in the battle for the crossing of the Meuse, was dedicated yesterday at Noyers, near here. The German army commander, Gen. Von Elnem, and many other high officers and detachments of German troops who were engaged in the battle, were present at the exercises.

OBITUARY.

John B. Scovil Hampton, Kings county, June 12—Another aged and most highly respected resident of the parish of Hampton passed away on Thursday, June 10th, in the person of Mr. John B. Scovil, a lifelong resident of Smithtown, after a painful illness of some months, in the eighty-first year of his age. Besides his widow, with whom he spent a happy married life of sixty-six years, he leaves surviving four sons, Robert C. of Rothesay, Harry Hazelock of St. John, and Ernest C. and Whitney J. of Smithtown, and five daughters, Mrs. Stephen Spiller and Mrs. Harmon Ellis of Eatonville, N. S., Mrs. William Henderson and Mrs. James A. Blair of Hampton, and Mrs. Harry Filmore of Damascus. Also three sisters, Mrs. Barbara Reid of Bloomfield, and the Misses Margaret and Phoebe Scovil of Smithtown, besides twenty-seven grand and great grand children. He was a man who always took a lively interest in the moral welfare of the community in which he lived. He was for years a deacon of the Baptist church, an efficient Sunday school and temperance worker, a district school trustee, and a firm supporter of the Liberal-Conservative party. Naturally he was greatly respected wherever known, and greatly beloved by his large family and their descendants. His funeral this afternoon, which was held at the homestead, was in charge of the Rev. Mr. Hobson, pastor of the Smithtown and associated Baptist churches, brought together the people from all the surrounding country who thus testified to the respect and affection in which he was held and the body was laid to rest in the Titusville burial ground.

Mrs. Elizabeth Lang Many friends of Mrs. Elizabeth Lang were sorry to learn of her death which took place in Moncton Saturday at the residence of her brother. The funeral will take place today from the Union Depot on arrival of the train from Moncton.

James Ingraham After a short illness James Ingraham, a teamster, died at his home, 55 City Road, yesterday. He was in the 43rd year of his age and leaves a wife and four small children.

Daniel Fitzgerald Daniel Fitzgerald, who had been ill for several months, died at his home, 49 Carleton street, yesterday morning. He was a shoemaker and his place of business was on Dock street. He is survived by his mother and two brothers.

Peter S. Walsh Peter Walsh of Douglastown, died last week at the sanatorium, North Reading, Mass., aged forty-one years. He leaves his wife, his father, Mr. James Walsh, Westboro, Mass., one brother, James, Jr. of Marsfield, Mass. also four children by his first wife and one by his second wife.

William Brodie Wm. Brodie, a well known carpenter and prominent in Fredericton Labor Council, died suddenly at his home, Fredericton, Sunday, after a few days' illness of pneumonia. He was aged sixty-one years and besides his wife is survived by two sons, Medford and Harry, both of Fredericton; one brother, Edward of Gagetown; and two sisters, Mrs. John Carson of Prince William, and Mrs. Henry Anderson of Woodstock Road.

CHURCH CONFERENCE CONTINUES SESSION; IMPORTANT REPORTS

Discuss Analagamation of Wesleyan and Christian Guardian.

FINANCIAL REPORTS. Matter of Church Training School is Also Considered.

The Methodist conference resumed its session yesterday morning. A prayer service was held in the conference church at 7 o'clock by Rev. A. E. Chapman, B. A., afterwards devotional exercises commenced at 9 o'clock, during which Rev. Charles Flemington delivered an eloquent and thoughtful address on "The Teaching of Jesus Christ concerning His Death."

Parsonage Aid. The report of the Parsonage Aid Committee was presented by Rev. R. J. A. Ives and adopted.

A discussion on the proposed Wesleyan and Christian Guardian amalgamation followed, and it was decided that the matter would not be in the interest of the work of the conference.

Those present were pleased with the address and report of Rev. Dr. Borden respecting the finances and work of Mount Allison University.

Dr. George J. Bishop, superintendent of the Training School, is a man of marked spirituality and gentleness. Those who know him best sincerely pray that he may long be spared to Methodism in the capacity.

The number of deaconesses at work and locality of each, especially Halifax, was next touched upon. In Canada Methodist deaconess work was started in 1894 with the late Miss Alice Thompson as superintendent.

Dr. George J. Bishop, superintendent of the Training School, is a man of marked spirituality and gentleness. Those who know him best sincerely pray that he may long be spared to Methodism in the capacity.

Reference was made to the non-enforcement of the Canada Temperance Act in the town of Sackville, and the danger which resulted in having liquor within easy reach of the students.

Rev. A. D. Morton, treasurer of the general superannuation fund of the Methodist church presented a financial report for the year showing an income of \$24,745.69, and an increase of \$226.67.

The capital account shows that the assets of \$152,556. He urged the church to make a supreme effort to furnish funds to meet the job of caring for aged ministers and their families. In conclusion Dr. Morton said that the claim of the fund was supreme, and was the first claim upon the sympathy of the church.

The conference session continued in the evening at 8 o'clock with a meeting held in the church presided over by Rev. Dr. Spragg. The first business was a report of the committee on Social Service.

An address was to have been given by Miss Harriet Jost, representative of the Deaconess Home and Training School, Toronto. However, she was unable to attend and sent in her place Miss Winter from the same school.

Deaconesses Work. Miss Winter in the course of her remarks said that deaconesses work was not so well known in the Maritime Provinces as in Toronto, the centre of Canadian Methodism, but the possibility for results even here was great.

Thunder Storms and Bursting Shells Are Same to Fighting 15th

Captain "Chick" Sturdy, who has recently been sent to the front with the 15th Battalion, writes an interesting account of dodging into shell holes when the lightning strikes during a thunder storm blast to prevent snipers from killing soldiers. The letter follows:—

15th Battalion, 1st C. E. F. France, May 26, 1915.

Dear Mother—

Have not heard from you for a long while. I am hoping there is one on its way. You will see from the above that I am at last in France; been over here about three weeks now and have had my first taste of active service and I tell you it is no fun, unadorned hell. We have not been out of the trenches three days for a rest and no doubt will be back again shortly. Had one or two pretty close shaves but so far have a whole hide and glad of it.

We are having beautiful weather, typical of sunny France. Had my first bath yesterday for three weeks; some dirt, in fact during that period I did not have my clothes off at all, but when we arrived from the trenches early Sunday morning I was a sight. We left the firing line about 11 p. m. Saturday night, and the whole battalion came along in single file, one man behind the other and well closed up, so we would not lose touch with the man ahead. All this was done at a very slow pace on account of the ground being full of shell holes, besides this we were shelled by the Germans every

and the results to be obtained for the extension of the Kingdom of God in Canada were not to be disregarded.

The speaker went on to enumerate the general board of the deaconess Society, and to tell about the situation of the school in Toronto.

inch of the way until we were out of range and it was not very much fun wondering when you would be the next one to get hit. About half way out of the trench I saw a flash of lightning and it rained cats and dogs, which of course added to our comfort to a great extent. The great trouble is, you can hear a shell coming and down on your stomach you go just where you are, irrespective whether it is a shell hole full of water, a filthy, dirty ditch, or one of a dead German, who, has been rotting for a couple of weeks, but when the thunder crashes, the noise is quite different from a shell, but if they both come together you have to trust to luck. You have to duck as well with each flash of lightning so you won't be killed and picked up by the snipers. Outside of the seriousness of the situation some of the most ridiculous things happened. For instance, during a flash of lightning I saw one poor chap go head first into a filthy ditch about three feet deep completely out of sight, rifle and all his equipment and we had to pull him out. One could not help but laugh when you saw him come out and the curses would knock your eye out. I personally went into two holes and when I got here about daylight with a week's growth of beard, filthy dirty and a stunk at a garden party would be a perfume factory as compared with me.

Well mother what is going on, you might drop in a late Standard now and then so I can see what is going on.

your sympathy; stand behind this department and we shall be able to conquer and save Canada from the bonds of evil.

The speakers were tendered a hearty vote of thanks by the conference for their admirable addresses.

EXPECT THAT 55TH WILL SOON RECOVER FULL COMPLEMENT

Recruiting is Progressing Rapidly Throughout Province.

225 MEN REQUIRED.

Vigorous Campaign to be Carried on During Week.

Two hundred and twenty-five more men are required to complete the 55th New Brunswick Battalion and the officers hope to secure at least one hundred of these from St. John. Thirty-six recruits have been enlisted at Edmunston and other parts of the province have done well. A vigorous campaign to secure the men needed will be carried on during the present week and it is hoped to fill up the ranks of the New Brunswick regiment by Sunday.

The uptown office for receiving recruits for the 55th was open all day yesterday and will be continued. Officers of the regiment expressed the hope that the young men of St. John would come forward and offer their services to the Empire. Already many had gone from St. John and a great number of these are married men. It is felt that the unmarried men should take a hand and come forward in larger numbers.

A heavy brigade of artillery is to be formed in Canada and one hundred and thirty men are to be furnished from Halifax and St. John. Men with artillery experience will be given the preference for the service and those who come up to the physical requirements will be given a chance.

Lieut. Col. B. R. Armstrong went to Halifax on Saturday, and yesterday word was received from him that twenty-five more men were needed for the completion of the 28th Battery now stationed at Fredericton.

ST. JOHN PUPILS ALL MAKE FINE SHOWING

St. John High School graduates made excellent showings at the different universities during the year just ended. At the meeting of the School Trustees last evening Dr. Bridges read a list of those who had won honors. He explained that at several of the universities St. John students had done well, but he had not yet obtained the official lists.

Miss Roseline Waterman took first class honors in Latin and Greek and won the Chapman gold medal at McGill University. She also took a prize for public speaking in the Delta-Sigma Society.

Fred Manning, a second year student at Acadia, led his class in every subject. He took first class honors in English and won a prize. Mary Lindsey, daughter of the city chamberlain, graduated from Mount Allison with honors in English and won a prize of \$25. Gordon Green at Mount Allison took honors in mathematics and won a prize. Georgia Melvin, daughter of the medical health officer, won the Colser memorial prize at McGill. This prize is awarded to the student from the Maritime Provinces making the highest marks. Miss Mona McGrath, a graduate of St. Vincent's High School, took honors in Latin in her second year at Dalhousie.

Rash in Patches. Could Hardly Sleep or Keep from Scratching. Cuticura Soap and Ointment Healed.

Germania, Ont.—"My eczema broke out with a rash just in patches about an inch long. It came out like little blisters with water in them and got a little larger and then they broke and the water-like mass ran out. The eczema was red and caused discomfort for the time being. The sores itched awfully and even pained down to my throat. I could hardly sleep or keep from scratching them. I started to use Cuticura Soap and Ointment. They cured me in two weeks without leaving any disfigurement." (Signed) Miss Rena Greb, Jan. 2, 1914. Sample Each Free by Mail With 25-c. skin Book on request. Address post-card "Cuticura, Dept. D, Boston, U. S. A." Sold throughout the world.

The attendance has been about the same as last year, fifty-five all told. The school has a complete staff in classics, English and history, mathematics and modern languages. Special attention has been given to the boys in the lower school, ranging from twelve to eight years, and new facilities have been provided for teaching these younger pupils. Efforts have also been made to keep them as much as possible from the senior pupils. The Cadet Corps is a special feature, the boys making a fine ap-

ROLLER SKATES IN LIEU OF STREET CARS

Chicagoans using various means of locomotion pending settlement of Street Railwaymen's strike.

Chicago, June 14.—The first day of the big Chicago street car strike passed without serious mishap. No surface cars were run and only a few trains on the elevated. There was nothing resembling regular service, except on the suburban lines of the steam railroads, and these were far from adequate. A brick thrown through a window of an elevated train was the only violence. The strike was the big question before the regular meeting of the City Council tonight. Various resolutions looking to a settlement were proposed, but nothing was accomplished. All manner of amusements were pressed into service, even roller skating among some of the younger generation, but tens of thousands walked to their places of employment. The streets had the appearance, except for the general good humor, which the situation was accepted, of the avenues of some city in the war zone from which the population was flying. By a vote of eleven to three the finance committee of the City Council decided to take under consideration for two weeks the request of Chief of Police Healey for an emergency appropriation of \$477,364 to employ 1,000 additional patrolmen for strike duty.

THE 'BACK TO NATURE' FOOD

Under the leadership of Dr. Harvey Wiley, the famous pure food advocate, the people have learned that the real food value of grains lies in the darker portions—the parts which are eliminated by the modern millers. It is these which build muscle, bone, brain, blood. The white parts are not food—they only produce heat and stimulation. A steady diet of white bread, made of bleached "snow-white" flour, and of refined cereals, causes indigestion and is a prolific source of constipation. Dr. Jackson's "Roman Meal" is the only "back to nature" food. It contains all the dark, nourishing parts of wheat, rye and flaxseed, which is as odorous and tasteless as white flour. "Roman Meal" is the coarsest and darkest food known, and can be made into porridge, the most delicious pancakes, puddings and all baked products. It aids digestion and positively prevents constipation. Ask your doctor. All grocers, 10c and 25c.

In the SOLDIER BEST SEEN IN T

Epiplets with all its usual melody, absolutely sent by a company superior to that of last year mounted and costume probably the best since heard in St. John for the old favorites among the new members of cast to the old. "The Choccolate Soldier" followed several attractions in its book with that disadvantage priority to most of the first high class attraction and it is to be expected public will not be slow to appreciate the merits of the production.

A year or so ago, "The Soldier" followed several attractions in its book with that disadvantage priority to most of the first high class attraction and it is to be expected public will not be slow to appreciate the merits of the production.

Miss Niven, the contralto of good quality, while his vocal part as well as his presence and voice sufficient for the opera.

The Lieut. Bumerston, Mr. Green, in a not meet the first part as well as his presence and voice sufficient for the opera.

Mr. Tallman of last year, the role of Alexander Mascha and was best in the diet with Alexius.

The opera was very special scenery in manner befitting story. It is by long draw capacity business performance. The people have the reputation high class attraction; that reputation attraction offered that.

The remains of were laid to rest yesterday afternoon at Moore street, at 2 remains were conducted by Rev. Hector Bell in the old church. The funeral of place yesterday afternoon at Rev. Hector Bell in the old church. The funeral of place yesterday afternoon at Rev. Hector Bell in the old church.

In the Amusement Houses

THE CHOCOLATE SOLDIER BEST EVER SEEN IN THIS CITY

Replete with all its sumptuous richness of melody, absolutely refined, presented by a company on the whole superior to that of last year, splendidly mounted and costumed, possessing probably the best singing chorus heard in St. John for years, with some of the new members of capabilities equal to the old, "The Chocolate Soldier" opened last week's engagement in the Opera House, last evening, and delighted an audience not nearly as large as the merit of the production called for.

A year or so ago, "The Chocolate Soldier" followed several good musical attractions in its bookings, but even with that disadvantage proved its superiority to most of them. This year it returns to provide St. John with the first high class attraction of the season and it is to be expected that the public will not be slow to appreciate the fact.

"The Chocolate Soldier" music is well known and while light is more ambitious than most other compositions of its kind. Probably "My Hero" is the most whistlable number in the piece, but there are several other sprightly selections all of which were rendered with good effect. Particularly good was the chorus, the only complaint that they did not have enough to do, but that is the fault of the composer not the company. In the finale of the second and last acts, however, they were heard to splendid advantage. They have both volume and tone, sing with precision of attack and phrasing rather unusual in the ordinary run of companies coming this way and provide as much melody as aggression numerically stronger—and there would ordinarily expect from an aggregation of about thirty-five voices in the company.

Miss Tena Rasband, the prima donna soprano, who sings the role of Nadina, has a sweet voice, particularly pure in its upper register, and sings at all times with nerve and animation. Her numbers the gem was "My Hero," but "The Chocolate Soldier" with Mr. Greene, the "Letter Song" and the delicious haunting sympathy aria were all well done. Moreover, Miss Rasband is young, and sings with a present and historic ability sufficient for the demands of the opera.

Miss Niven, the contralto, has a rich voice of good quality. Miss Kitty Burke, who sings the role of Nadine, is highly nervous at the opening of the first act, with a pleasing Mascha and was probably at her best in the duet with Mr. Tallman as Alexis.

The Lieut. Bumerl of the production, Mr. Greene, in appearance, does not meet the conventional idea of a young man, but his predecessor of last year. Nature has been too kind to him in the matter of stature and avoirdupois, but this is forgotten when he sings. He has an excellent voice of quality and power and is a better actor than one usually finds in light opera. His solo numbers were all well done while his work in the duets with Miss Rasband left nothing to be desired.

Mr. Tallman of last year's company sang the role of Alexis and duplicated his former successes. Particularly good was he in the second act when his splendid voice was given its best opportunities. W. H. White, another former favorite, was heard in his old role of Casimir and invested it with the quaint comedy of yore. Also he handled his little song in the second act in a manner which won high commendation. There remains but Francis Boyle, he of the stentorian tones and mobile face. Mr. Boyle's every appearance was a signal for laughter, while his mousethat and eyes were in every man's eye. A suggestion might be made that Mr. Boyle be provided with an interpolated solo as the occasional snatches of song with which he favored the audience were very warmly received.

The opera was very well staged with special scenery and costumed in a manner befitting the locale of the story. It is by long odds the best attraction of the season and should draw capacity business at every performance. The people of St. John have the reputation of appreciating a high class attraction; they should support that reputation this week for the attraction offered is certainly all of that.

THE YORK TRIO IMPERIAL'S NEW VAUDEVILLE ACT

The York Trio at the Imperial Theatre diversified St. John's entertainment to a considerable extent yesterday with their unique form of singing and dancing. The act is composed of two gentlemen and a very pretty young lady, all of whom were immaculately clad. They worked together comically on the stage and as they sang they stepped about most gracefully, executing some of the difficult dances of the hour as well as furnishing a sort of dancing accompaniment to their splendid popular songs. The act was pretty and also held the merit of being tuneful and catchy. There is one thing certain, nobody could take objection to any part of it.

Miss Virginia Underwood, whose singing has attracted widespread attention, was especially entertaining in her rendering of one of the brilliant Arditl waltzes. The picture that headed the list had some special interest for Canadians in the fact that the scenes of the story, "The Lady of the Snows" (three rees) was laid in the historic quiet town of the Esquimaux Co. were some of their best players were cast for the various roles. There was a resumption of "The Hazards of Helen" series in which Miss Holmes proved herself once again an extremely ready actress as which she is at the ready famous. There was the Animated Weekly and a pretty little comedy by the Lubin Co. in which an actor dissuades his wife concerning the glamor of the stage.

Tomorrow and Thursday should be big days at the Keith house because of the fact that the conspicuous English star, will be seen in her inimitable little comedy "The Captives of Kitty."

A STUPENDOUS UNDERTAKING.

Rex Beach's romance of Alaska "The Spoilers," indicates that fiction may have at high or higher aim than fact, for in addition to telling a gripping and absorbing story he has reflected certain phases of civilization's advance that will never come again. Undoubtedly this Western world has experienced the last of the great gold rushes. These picturesque and frenzied pilgrimages that commenced with the Spanish invasion were continued with the journeys of the Pioneers over the great plains and the mountains of our West, in the days of '49; and concluded with the tollsome rush to the Klondike, or the sailing over seas to the Arctic shores of Nome. These were potential and picturesque periods in the big advance that made conquest of the unknown to gratify man's never ending thirst for gold. In providing the big "properties" for this stage that runs hundreds of miles up and down the Pacific Coast from Washington to Alaska, it was necessary to charter vessels for voyages. The steamships "Ohio" and "Santa Maria" were engaged for this service, and half a hundred vessels were leased to live life to the foreground or background of the water scenes. Special railway trains were secured; locomotives were leased to serve the desperate ventures of strong men fighting with every energy and resource to retake their own possessions from their oppressors. This famous story will now be seen on the screen at the Imperial Theatre next week. The picture was played to capacity houses at the Princess Theatre, Montreal, for two weeks, and on the last night in the management of the house, the bride and groom left for a honeymoon trip through the upper provinces, and will visit Canadian cities. They will reside in Montreal. The bride's going away suit was navy blue and sand colored hat with pink trimmings. The groom's outfit was a beautiful present of cut glass and silverware received. The L. C. R. of the stores department, with whom the groom is employed, presented them with a beautiful dinner set; father of the bride a substantial cheque. The groom's present to the bride was a cheque, to the maid of honor, pearl brooch, to groomsmen, pearl tie pin.

ITALIAN POET IS CALLED TO THE COLORS

Rome, via Paris, June 15.—The Giornale D'Italia says that Gabriele D'Annunzio, the poet, has received an order to rejoin his regiment, in which he is second lieutenant.

THE BEST TREATMENT FOR CONSTIPATION

The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First.

It is not difficult to secure a medicine that will effect movement of the bowels. To cure constipation and the complications which arise from it is another matter. Constipation of the bowels is usually preceded by torpid action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right. And here lies the secret of the success of Dr. Chase's Kidney-Liver Pills. They awaken the action of the liver and insure a good flow of bile, which is nature's cathartic. The liver, kidneys and bowels are invigorated and regulated, and the troubles with the digestive system disappear.

Mr. H. M. Bell, Inverfall, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose during my life I have used nearly all the best-known pills, as I have been subject to Constipation and digestive troubles. A friend recommended Dr. Chase's Kidney-Liver Pills, and I can honestly say that of all the pills I have tried nothing has suited me better. No gripping-action always insured, and fine for the kidneys. This is how I have found them after a thorough test, and you may use this statement if you like."

This letter should convince you of the merits of Dr. Chase's Kidney-Liver Pills, but there is nothing like personal experience. If you do not feel like risking 25 cents for a box, write to us for a free sample box, mentioning where you saw this advertisement. Put this medicine to the test when you have indigestion, constipation, biliousness, backache or kidney derangements. The results will soon prove to you the superiority of Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box; all dealers, or Edmondson, Bates & Co., Limited, Toronto.

CHARLES CHAPLIN CREATES SENSATION AT UNIQUE THEATRE

Charles Chaplin, who has a reputation all over the world as having the man from Borneo backed right clean laughing, is appearing in one of his best vehicles at the Unique Theatre. Yesterday the many admirers of the little fun-maker thronged the Unique and enjoyed Chaplin in every scene in which he participated in the brilliant comedy, "Between Showers." It is a most assured fact that this subject was built for laughing purposes only and the acting of "Charlie" enhances its value in this respect a hundred fold. Laughter pure and simple resulted in his every move and his acting when threatened with the arm of the law was one of the most amusing pieces of business that he has yet presented. Two other stars of comic fame, Chester Conklin and Ford Sterling, support Chaplin and add materially to the success of "Between Showers."

Animated war notes of timely interest and showing the result of the recent battles are presented by The Gaumont Graphic, the latest film news and these were appreciated. "The Floating Calla," special two-part Reliance feature, with sensation as its word, is another strong item. It is a story of a man who jumps from a roof into the creek below, the battle with the police and the raid of the Italian den are some of the outstanding scenes in an ideal dramatic feature.

WEDDINGS.

Campbell-O'Hara.

West Quaco, June 10.—A very quiet and pretty wedding took place at 8 o'clock on Wednesday morning, June 10, 1915, in St. William's church, St. Martins, when the pastor Rev. W. P. Hannigan united in marriage Margaret T. O'Hara and James S. Campbell. Following the ceremony breakfast was served at the home of the bride's mother, Mrs. Mary O'Hara.

Steeves-Steeves.

Hillsboro, N. B., June 12.—On Wednesday evening last, June 12, a very pretty wedding was solemnized at Shenton's, at the home of Mr. and Mrs. John W. Steeves. The bride, Miss Mary Steeves, was united in marriage to Mr. William W. Steeves, of Moncton. The bride was most beautifully and becomingly dressed in white duchess satin with shadow lace and pearl trimmings, with bridal veil and orange blossoms. She wore a beautiful necklace of Oriental pearls and carried a shower bouquet of white carnations and maiden hair fern. The bride was attended by her cousin, Miss Ida Steeves. The groom was escorted by his brother, Murray Steeves, of Moncton. Miss Lola Steeves rendered the wedding march very effectively, and the ceremony was performed under an arch of apple blossoms and greenery. The groom performed his duties with grace and with apple blossoms and out flowers. After the ceremony, which was performed by Rev. S. W. Schurman, in the presence of eighty guests, a delicious wedding supper was served. The bride and groom left for a honeymoon trip through the upper provinces, and will visit Canadian cities. They will reside in Montreal. The bride's going away suit was navy blue and sand colored hat with pink trimmings. The groom's outfit was a beautiful present of cut glass and silverware received. The L. C. R. of the stores department, with whom the groom is employed, presented them with a beautiful dinner set; father of the bride a substantial cheque. The groom's present to the bride was a cheque, to the maid of honor, pearl brooch, to groomsmen, pearl tie pin.

Miss Janet Paterson Robertson was united in marriage yesterday afternoon to Charles Peters Logan. The officiating clergyman was Rev. MacKeig, who was reading took place in St. Andrew's church. The bride was given away by her uncle Struan Robertson, and Carleton Peters supported the groom.

DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You get this the label and wrapper as this preparation is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

VIOLENT ATTACKS OF DYSPEPSIA

Suffered Tortures Until She Tried "Fruit-a-lives"

St. Jean de Matha, Jan. 27th, 1914. "After suffering for a long time with dyspepsia, I have been made well by 'Fruit-a-lives.' I suffered so much that at last I would not dare to eat for I was afraid of dying. Five years ago I received samples of 'Fruit-a-lives' and after taking them I felt relief. Then I sent for three boxes and I kept improving my lost weight—and now I eat, sleep and digest well—in a word, I am fully recovered, thanks to 'Fruit-a-lives.'"

SUMMER SCIENCE COURSE, JULY 14TH

Woodstock, June 11.—The date of the Summer Science Course to be held in the Vocational School, Woodstock, has been changed from July 7th to July 14th, and will continue for four weeks. It is expected that 90 pupils will be in attendance.

H. B. Dorset, instructor in bee-keeping for the province, is arranging for a bee-keepers' field day at the apiary of Messrs. Peabody Bros., near Woodstock, to take place early in July. Morley Pett, provincial apiarist for Ontario, will be there to demonstrate in the handling and management of bees, and to give information to any who ask it. An illustrated lecture will be given in the evening at the Agricultural School.

HAD DYSPEPSIA

So Bad Could Not Take a Drink of Water Without Suffering.

Dyspepsia is one of the most difficult diseases of the stomach there is to cure. You eat too much. Drink too much. Use too much tobacco. You make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of a short time before dyspepsia follows.

That old, forty year old remedy, Burdock Blood Bitters, will cure dyspepsia and will cure it to stay cured, as we can prove by the thousands of testimonials we have received from time to time.

Miss Sarah McRae, Newfield, Ont., writes: "I write to say that I have used your Burdock Blood Bitters, and have found it the best remedy I have ever used for dyspepsia. Two years ago I had stomach trouble so bad that I could not even take a drink of water without suffering. I took six bottles of B.B.B. and have been entirely cured and can now eat anything without any bad after effects."

Burdock Blood Bitters is an old and well tried remedy but on account of the many substitutes we would ask you to make sure that our name appears on both the label and wrapper as this preparation is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ORDERS FOR ALL FACTORIES CAPABLE OF TURNING OUT SHELLS

Minister of Militia Says, but it All the Applications Closely Investigated to Prevent Grafting.

Special to The Standard
Ottawa, Ont., June 14.—In reply to a statement that many factories which could manufacture shells were unable to secure orders for them, General Sam Hughes said that there were no factories capable of turning out shells in a reasonable time which could not get orders. There were many applications being made and "crooked inducements" being offered in order to secure orders, said General Hughes, by companies that were not in a position to make shells, but wanted to arm them out. He added that every factory for which an order was sought was carefully inspected by an official of the shell committee first.

Two Interesting Competitions For Boys and Girls

On Saturday I published another picture which I want all boys and girls who are not over 14 years of age to color same with either water colors or chalk.

To the young artist who does it the best I will give a first prize of a dollar.

It's a simple competition, no hard rules, no entrance fees, just cut the picture out, paint or color it the way you think best, save three coupons the same as the one shown on this page, cut from The Standard, fill them up, pin them to the painting and send them all together.

June 15, 1915.

The Prize winner's name will appear in the Children's Corner of The Standard on June 19th.

A Word-Making Contest.

This week I have decided to let you have a different contest.

How many words can you make out of the letters in the word "Transatlantic"? You must only use the letters included in the word. For example, a word like "train" is correct, but "settle" would be wrong, as there are not two letters E in the word.

To the boy or girl not over 14 years of age who sends in the most number of correct words I shall award a special prize. Each list must have three coupons attached to it, filled in, and be sent by next Thursday, June 17th to

UNCLE DICK Children's Corner, THE STANDARD, St. John, N. B.

The prize will be worth trying for.

REVIEW OF MARKET CONDITIONS BY J. S. BACHE & CO.

Copper Stocks seem certain to reap a great earning harvest—The general outlook—

Speculation follows industrial activity, and in the market for stock, the first place in the attention of dealers. Any company which may be known or suspected to have anything in its equipment for supplying the belligerents, receives attention. The speculation extends not only to the listed stocks, but to the curbs and unlisted markets all over the country. It is said that on the local curb alone 40,000 or 50,000 shares of war stocks were dealt in one day at material advances, and that securities which have been unnoticed for a long period in Boston, Philadelphia, St. Louis, Denver, Minneapolis, and as far as the Pacific Coast, are changing hands daily in large amounts and at rapidly increasing prices.

With the situation what it is in the copper market and with a permanent insistent demand for a long period ahead, the copper stocks seem certain to reap great earning harvests.

The uncertainties of the Mexican situation must proceed slowly, but the trend is in the right direction and will benefit materially such companies as the American Smelting and Refining Co. The advance in the price of lead is also a great gain to this latter company, whose net earnings will be increased by the present high price of the metal, to the extent of about \$2,000,000.

Good industrialists have certainly a most bullish outlook. The solution of the rate difficulty is gradually being worked out for the railroads. Barring an unsatisfactory reply from Germany, which, of course, is among the possibilities, good stocks, notwithstanding the advance, are still a purchase, and for the long carry, irrespective of what Germany may do, will, in our opinion, show good results.

Late Gossip Of The Sporting World At Home And Abroad

PROSECUTE LEAGUE AUTHORITIES

Some time ago President A. L. Gerthwaite, of the Hamilton Canadian league club, announced that members of the Lord's Day alliance in Hamilton had approached him regarding the playing of Sunday ball in Hull, Quebec, where the Ottawa club stages its Sunday games. He was asked to assist the alliance in its attempt to put a stop to the Sunday games, but refused, telling the alliance officials to air their troubles with President J. P. Fitzgerald. This they have done, the latest bulletin from the league headquarters being to the effect that the L. D. A. intends to prosecute.

"Our schedule calls for Sunday games and we intend to adhere to it strictly," said President Fitzgerald, of the Canadian league, when informed of the proposed action of the Toronto Methodist conference to prevent baseball on Sunday. At yesterday's session of the conference attention was called to the fact that games were being played on the Lord's day by teams in the Canadian league. Ottawa was the Sunday town, but strictly speaking, no baseball is played there on the first day of the week, the games being transferred to the Quebec side of the Ottawa river at Hull.

The Rev. David W. Snider, secretary of the Lord's Day Alliance, stated yesterday that permission has been granted by the attorney-general's department to prosecute. He said that public sentiment in Quebec supported Sunday sport, and there was danger of its encroaching on Ontario. The alliance, he intimated, would commence a prosecution in the Quebec courts. President Fitzgerald points out that nobody but the attorney-general of Quebec or his department could institute proceedings with the hope of bringing the matter to trial. "I cannot understand why the Canadian league is made the object of the attack," said President Fitzgerald. "The Eastern and International leagues have been

TAKES SIX TO QUELL JACK M'LEAN

John J. McGraw, manager of the New York National League Club, has announced that the career of the catcher Lawrence ("Larry") McLean, with the Giants had ended. The announcement was made as a result of a fight early Thursday morning in the lobby of a St. Louis hotel, in which McGraw, McGraw, "Dick" Kinsella, scout for the Giants, and a dozen other men participated. McGraw was said to have been the aggressor.

"I am done with 'Larry' McLean," McGraw said. "He will never play with New York again." McGraw, according to witnesses, escaped from the fray by jumping into a passing automobile. He could not be found later. McGraw and Kinsella, giving their version of the fight, declared that McGraw came into the lobby with a number of rough companions and accused Kinsella of inducing the New York manager to suspend the catcher for ten days. After a brief interchange of words they said McGraw attacked Kinsella and the fight became general. McGraw said two chairs were broken on McGraw.

"I picked up a chair and broke it over McGraw's head," said Kinsella. "That frightened his gang of ruffians and they fled." McGraw continued to fight until McGraw and I chased him to the street, where he jumped into an auto, mobile filled with women and begged for protection." Patrons of the hotel who saw the scrimmage said that six ball players assisted in routing McGraw. The witnesses said that as McGraw entered the hotel Kinsella remarked to McGraw, "I'm going to bed." McGraw, they said, then cried, "Not unless you are carried there."

CALDWELL IS SOME SLUGGER

Ray Caldwell, besides being one of the best pitchers in baseball, is a slugging good hitter, and in a recent game when he was called on to hit in a pinch for the Yankees he cleaned up with a long home run wallop over the fence.

quickly as a cat. Big Ed Sweeney of the Yankees, who draws a yearly salary of \$9,000—perhaps more money than Schalk receives from Comiskey—was as slow as a cart horse in comparison. There is no doubt that Comiskey made a profitable investment when he paid \$50,000 in real money last winter for the release of Eddie Collins from the Athletics. Collins is the king pin in the White Sox infield. He has made Buck Weaver play shortstop better than ever and he also has inspired all of his companions with unlimited confidence. Collins is covering second base with the same old snap and dash with rather poor luck now and then. His appearance in the White Sox uniform has been a big attraction in all the cities he has visited so far, and when the team plays the Athletics in Philadelphia next week the Quaker fans surely will receive him with a temporary show of enthusiasm. Schalk and Collins are not the only high-priced players on Comiskey's team. The Old Roman paid \$7,500 for Backburne, the former Providence insider, several years ago, while the release of Feisch also cost a pot of money.

ANTI-BETTING LAW.
Mineola, L. I., June 13.—Justice Jaycox, of the Supreme Court, has refused to grant a writ of certiorari applied for by Charles T. McCarthy, as counsel for Charles Jandorf, and William P. O'Connell, who are awaiting action of the Nassau County Grand Jury on a charge of violating the anti-gambling law during the race meeting at Belmont Park. In behalf of the accused men it was contended that no evidence has been submitted to show that their conduct has been such as to place them in the professional class of book-makers.
Assistant District Attorney Wood said he desired to test the anti-gam-

RECORD HAMMER THROW.

New York, June 14.—Pat Ryan, the giant weight thrower of the Irish-American Athletic Club, made a world's record throw with the 16-pound hammer this afternoon at the Irish-American A. C. games at Celtic Park. He hurled the weight 191 feet 4 1/2 in., but overstepped the circle by about half an inch and thereby lost the mark. The circle was a poor one, and it was the opinion of the officials and experts present that with a proper ring he would not have fouled. He won the event with a throw of 178 ft. 4 in.

Around the City

Thrown from Carriage.
Sunday afternoon while driving in the Marsh Road, James Stephenson was thrown from his carriage when the horse reared. Mr. Stephenson was shaken up but escaped serious injury.

Moonlight Sail Tonight.
The Temple Band Moonlight Sail will be held this evening on the steam-er May Queen, leaving her wharf in Indiantown at 8.15, and returning at 11.30. Tickets 50c. Dancing and refreshments.

Fist Fight.
A large crowd of people gathered on the North Market wharf yesterday afternoon to witness a fight between two young men on the deck of a schooner. The fight did not last long, but the crowd that gathered thought some person had fallen into the water and had been drowned.

Display Flags Today.
Mayor Frink suggested yesterday that citizens generally should display flags today in honor of the anniversary of the signing of the Magna Charta and also on Friday in commemoration of the battle of Waterloo. His Worship thought this was a fitting time to display flags and bunting.

Rails in Place.
Workmen were still engaged yesterday in constructing their roadway about the street car tracks in Union street. The rails are in place again and the concrete for the foundation and surface is being put in position. It is expected that the street cars will be using the tracks during the latter part of the week.

Illegal Selling.
While persons holding beer licenses in the city have been careful of late not to sell on Sunday, some soft drink merchants in the county districts have not taken warning with the result that last Sunday County Policeman Saunders reported E. Wetmore of Brookville and Max Morris at Coldbrook for selling beer contrary to the law. It has also been stated that the vendors of beer and soft drinks have taken warning and have closed their resorts in the parks on Sunday.

Council Meets Today.
The Municipal Council will meet in special session this afternoon to consider the building of new sewers in Lancaster. Plans for the sewers have been prepared by G. G. Murdoch and these will be before the councillors today. A bond issue will be required and the council must give its consent before the parish may raise the money. The new sewers are necessary on account of the large number of new buildings erected recently in Lancaster.

Laymen's Association Meets.
The Laymen's Association of the N. B. and P. E. Island Methodist Conference was held yesterday afternoon. The following officers were elected for the ensuing year: A. C. Lawson, President; Col. F. S. Moore, vice-president; P. W. Brewster, secretary-treasurer; additional members of the executive: Messrs. Lamont, Sampson, Kingston, McLoon and McLoon.

PERSONAL.
Mrs. Wm. J. Smith and Mrs. J. H. Fleming, of St. Stephen, N. B., are guests of Mrs. F. L. Potts, 176 Duke street.

V. G. R. Vickers, superintendent of the Dominion Express Company, was in the city yesterday.

Mrs. Sergeant of Nelson, N. B., arrived in the city last evening and will spend the week in St. John.

Rev. Mr. Lawrence and Mr. R. N. Allen were in the city yesterday, having returned from their missionary tour in the diocese of Fredericton.

Mrs. Jas. McAvity returned to the city yesterday afternoon.

Rev. M. B. Fletcher returned to the city last evening on the Boston Express.

LOST CHILDREN ARE FOUND WANDERING ON THE NEW BRIDGE

Are Taken to Their Homes Suffering Little from Experiences.

ABSENT 27 HOURS.

Three Years Old Girl Spent Time in Open Without Food.

After being absent from their home for about twenty-seven hours, spending the days and nights in the open, being without food and causing the families the greatest worry, while the police with a large number of men and boys searched high and low for them, Beatrice Hogens, aged fourteen and Mary Garnett, aged three, were found about 5.40 o'clock yesterday afternoon on the Suspension bridge, making their way towards Lancaster. The Hogens girl owing to an accident some few years ago is said not to be very sound mentally, and this is given as a reason for her staying away from home, taking with her the little Garnett girl, who is too young to tell about her wanderings.

The Hogens girl is a daughter of Samuel Hogens, who resides at 22 Brunswick street, and she was adopted by Mrs. Marjorie Cosman, who resides in a house in the rear of 97 Erin street. Mrs. Cosman is the grandmother of little three year old Mary Garnett and the latter resides with her, while the Hogens girl in doing work about the house is assigned to look after little Mary. Mary Garnett is the daughter of A. Garnett, who resides on Elm street. Her mother is dead, but her father has married a second time. Last evening when a Standard reporter called at the Cosman home, off Erin street, the little tot was as happy as could be and was clinging to the neck of her father, while her stepmother was in a state of collapse as the result of the suspense she had undergone during the long hours that her stepdaughter had been missing.

Gave No Account.
When asked last evening what news he had regarding the whereabouts of the two girls during the time they were away from home, Mr. Garnett said that he could not learn anything about the affair. The Hogens girl, he said, appeared to be worn out and in a deep sleep. She did not give any account of her wanderings when she returned home, other than saying that Sunday night she and little Mary slept under a pair of stairs near their home, being afraid to go in the house. There was little use in asking Mary Garnett any questions as she was too young to realize where she had been and when asked any questions she would only laugh and cuddle her arms about her father's neck. Her father said that he had questioned his daughter but could not make her understand. The little girl looked in the very best of health and shows no ill-effects of her adventure. When found the clothing of the two girls did not show any signs of untidiness, were dry and did not appear as if they had been out in the rain, or had slept in any place that was dirty.

Taken to Police Station.
The girls were discovered by a man named West who telephoned to police headquarters and Chief of Police Simpson instructed a pair of policemen to take the man to hand the youngsters over to a policeman. Acting Sergeant Goshline of the Western Division took them to the police station. Chief Simpson then sent an officer to inform Mrs. Cosman that the children were found and instructed her to call at police headquarters for them. While awaiting for Mrs. Cosman the chief of police attempted to get some kind of a story from the Hogens girl but all she would say was that they spent the night under a pair of stairs near their home as they were afraid to go in the house. When Mrs. Cosman called, a coach was secured and the woman with the two girls were sent to their home on Erin street.

The Hogens girl, however, was more talkative than she was at first, when found. The Hogens girl stated that as they did not go to Sunday school on Sunday afternoon they walked out to the park. Toward evening they came into the city and went to the bench until quite late. They then proceeded towards their home on Erin street, and being afraid to go in the house the Hogens girl said that she and little Mary spent the night under a pair of stairs near the house.

Awakening early yesterday morning, she said, that she was still afraid to go home, and taking Mary by the hand she started to walk to the West End where she claimed to have relatives. They wandered through the city streets, went through the North End, and were on their way to the West End when they were found and taken in charge.

School Trustees Meet And Award the Fuel Contracts For Year

A short session of the Board of School Trustees was held, last evening, when the awarding of tenders for fuel was approved. The estate of C. Colwell was granted the contract for supplying hard coal to the West Side schools, while R. P. and W. F. Starr, Ltd., will supply hard coal of the schools on the East Side. The soft coal will be bought from the Dominion Coal Co. The arrangement for wood will be left to a special committee.

The members present at the meeting were: R. B. Emerson, chairman, M. Coll, T. H. Bullock, M. E. Agar, Mrs. Dever, Mrs. Taylor, Dr. Bridges and the secretary.

The business of the last meeting was reconsidered by the board and the action taken at that time confirmed. At that meeting there was not a sufficient number of trustees present and the matters passed on then, were approved last night.

The Playgrounds Association was granted the use of the school grounds for the summer vacation.

The report of the secretary showed nineteen teaching days in May with 6,537 pupils in average daily attendance. The percentage of attendance of those belonging was 83.13.

Nine Pupils Die.
During the month nine pupils have died. There were 115 reported sick and 157 left the city. There were seven truants and four were suspended.

The Board of Health reported four cases of typhoid and one of diphtheria among the pupils of the St. John schools.

Several applications for positions on the teaching staff were referred to the teachers' committee.

The resignations of the following were accepted with regret: Miss Ethel A. Saunders, grade 6, Winter street school; Miss E. A. Stevens, grade 7, Winter street school; Miss E. A. Willis, King Edward school; Miss Mary Emery, grade 8, Victoria school.

Miss Machum was granted an extension of her leave of absence. Lieutenant Henry, now in Halifax, but formerly a teacher, was also given extension of his leave till the last of the term.

The secretary reported that a special committee had secured St. John city bonds in place of the old water bond formerly held on behalf of the Parker medal fund. The proceeds of this fund are used annually for the purchase of a medal for presentation in the high school. The secretary was authorized to deduct the amount of taxes assessed against each teacher from his or her salary.

T. H. Bullock Retires.
T. H. Bullock announced that his term as a trustee had expired and he had decided to retire permanently from the position. He had been a trustee for a long term and felt that he should now give place to some one else. This was the last meeting of his term. He referred to the work of the board and the good feeling that had existed among its members.

M. E. Agar also announced that his term was also at an end and he was only waiting for a successor to be appointed in his place. He has been a member of the board for five years and has taken a deep interest in the work. He thanked the members of the board for their kindnesses.

Mr. Emerson hoped the two members would reconsider their determination to retire from the board. They have done excellent work as members and will be greatly missed should they decide to permanently retire. Mrs. Dever, Mr. Coll and Dr. Bridges also expressed their regrets in respect to the retirement of the two trustees.

BOY SCOUTS SCOUR WOODS IN SEARCH OF LOST CHILDREN

Quickly Respond to Call of Rev. Percy Dennison.

EAGER FOR WORK.

Are Marched to Rockwood Park, where They Get Instructions.

A systematic and thorough search was carried on by the Boy Scouts of the city yesterday afternoon, for the two lost children. In response to a call from Rev. Percy Dennison of the Tabernacle Baptist church where the children attended Sunday school, the boys assembled eager for the work on hand. The muster call was sent out by P. J. Legge, boy scout secretary, to the different scout masters, with the result that seventy-five boys paraded at the Y. M. C. A. at 1.30 o'clock yesterday under command of Commissioner Ingleton, who had with him Mr. A. C. Skelton, Col. Wedderburn, Gordon Holder, Scoutmaster McPherson, C. H. Currier, J. Willis Jones, Wm. Hodson and P. J. Legge. They marched to the entrance of Rockwood Park where they were divided into patrols of five each and instructed to separate at intervals of thirty yards. The boys beat the bush from Lily Lake back to Dark Lake and Long Lake, then swung around by Frying Pan Lake until they came out on the Marsh Road.

Although the boys were successful in finding the children they were glad to do the searching and deserve great credit.

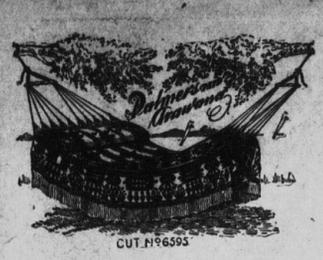

NEW BRUNSWICK GIRLS WIN DIPLOMAS

A Maritime Province girl who has just completed a successful year at Macdonald College, Quebec, and qualified for a teacher, securing a Model School diploma, is Elsie H. Boucher, of Campbellton, N.
