### EVIDENCE COMPLETELY VINDICATES GENERAL HUGHES AND THE SHELL COMMITTEE, MR. JUSTICE DUFF SAYS

**Absolutely Nothing in it That Points to Corrupt or Dishonest Act on Part of Minister of Militia or the Committee—Mr. Hellmuth, Summing Up Testimony, Shows the Kyte-Carvell Charges Absolutely Unfounded—Carvell Talks for Four Hours, but Fails to Find Point Substantiating the Charges.**

Special to The Standard.

Ottawa, June 7.—"I can find no evidence at all before the commission of a single corrupt or improper act on the part of General Hughes.

"There is not a bit of evidence that General Hughes, corruptly or otherwise, induced the Shell Committee to give these contracts.

"There is not a single bit of evidence that General Hughes was consorting with Allison in regard to these fuse contracts.

"There is no evidence that General Hughes had anything to do with these contracts—except to be called in at the last moment to give them official recognition.

"The evidence shows that the Shell Committee was directed by nothing but a sense of duty of getting these fuses as speedily as possible. There is no suggestion that there was any improper motive influencing any one of them.

"There is no evidence but that Col. Carnegie (Shell Committee adviser) was influenced by anything else but his judgment.

"It is impossible to conceive of anything approaching a greater failure than the suggestion that there were improper motives in high places in regard to these contracts.

"These charges were made to lead the people of this country to believe that their affairs were being dishonestly and incompetently handled. I can find no evidence before this commission to support such a charge."

—Mr. J. F. Hellmuth, summing up evidence before Duff-Meredith Commission.

"There is absolutely nothing in the evidence that points to any corrupt or dishonest act on the part of the Shell Committee or Sir Sam Hughes. My mind is quite clear on that point."

—Mr. Justice Duff.

Major E. L. Jones, previously reported wounded, is now reported missing.

Lieut. L. B. Butstead previously reported missing is now reported wounded.

"A number of batteries were captured intact by our infantry, with all their guns and limbers. In the recent fighting the enemy had actual proof of the increase in our war material. The actions have strengthened our confidence that as this material develops, the enemy's fortified lines will be more effectively destroyed."

Great Valor and Dash.

"The valor and dash of our troops were proved by the results achieved in only three days fighting. His Majesty's superior commander at ten o'clock last night telegraphed from headquarters the following despatch congratulating the troops of Gen. Brusiloff, on the success attained:—

## OVER 40,000 OF ENEMY CAPTURED ALREADY IN RUSSIAN DRIVE

Petrograd, June 7, via London, 6.35 p. m.—In their new offensive movement the Russians have captured more than 40,000 men, it was announced officially today.

The statement says that on the line between the Pripet and the Rumanian frontier, over which the campaign is being fought, the Russians thus far have taken 900 officers, 40,000 men, 77 guns, 134 machine guns and 49 bomb throwers.

The text of the official statement follows: "The successes of our troops in Volhynia, Galicia and Bukovina are developing. The total number of prisoners and troops captured in the fighting, which resulted in the enemy being dislodged from his powerfully fortified positions, continues to increase."

Only Brief Reports Permitted.

With the exception of the brief official communications regarding the new offensive movements, which are bare of details, almost no information has been received in regard to the new campaign of the Russians. It is being conducted on a front of more than 250 miles, and although it has every indication of being a major operation, carefully prepared for, the story of the campaign thus far has been kept from the world. Petrograd correspondents have been permitted to cable only a few dispatches regarding the expected effects of the movement and other subsidiary features. They have been allowed to estimate the Austrian forces engaged, but not the Russian, placing the former at about 600,000 men.

The lack of information concerning this campaign probably is due to the policy of General Brusiloff, the Russian commander on this front. It has been reported that one of his first acts on assuming command was to send the newspaper correspondents back to Petrograd.

The official Russian report of yesterday stated that about 25,000 men had been taken, so that today's report indicates the capture of 15,000 additional men in the intervening twenty-four hours. There have been no indications in regard to the sections of the front on which the principal successes have been won.

"Caucasus front: In the direction of Erzurum our artillery stopped an offensive movement by large bodies of Turks. In the direction of Bagdad, in the Khanikin region, we occupied strongly fortified Turkish positions after a fight, and our cavalry attacked the Turkish trenches there, capturing several battalions of the enemy."

"(Signed) NICHOLAS."

"Prudence does not permit us at present to divulge the names of the valiant battalions, which fought some time with the loss of all their officers. It is equally impossible to publish the names of the brave general officers killed or wounded, or the localities where the combats occurred."

## FORT VAUX FALLS BEFORE HUN ATTACKS?

Berlin Report Claims that the Garrison has Surrendered.

BRITISH LOSE  
 AT ONE POINT.

Germans Succeed in Taking  
 Front Line Trenches which  
 Run Through Village of  
 Hooge.

Bulletin—Berlin, June 7, via London—Fort Vaux, one of the Verdun defenses has been captured by the German troops, according to the official statement issued from headquarters today. "What remained of the French garrison finally surrendered and in an attempt to relieve the fort Tuesday resulted in the capture of 700 unwounded prisoners.

London, June 8.—British trenches running through Hooge have been captured by the Germans, according to the British official statement, issued at midnight, which reads: "Last night and today there were heavy artillery bombardments on both sides east of Ypres. In the fighting yesterday the enemy succeeded in capturing our front line trenches, running through the ruins of the village of Hooge.

"Attacks made against other portions of our line failed."

A further small infantry attack delivered early this morning against our trenches west of Hooge was repulsed.

"During the night our Australian troops entered German trenches east of the Bois Grenier, inflicting loss and bringing back prisoners. Our troops also carried out a successful attack east of Cinehu.

"Hostile artillery and trench mortars were active today against our trenches around Oviliers, Hamel, Souchez, Loos and Neuve Chapelle. Our artillery shelled enemy batteries about Levin, east of Souchez, and about Loos. There has been some mining activity by the enemy northeast of Neuville-St. Vaast and Givency."

French Line Heavily Bombaraded.

Paris, June 7.—The official communication, issued tonight by the war office, reads: "On the left bank of the Meuse there has been great artillery activity in the region of Hill 204."

"On the right bank the very violent bombardment continued against our first and second lines from the region of Douaumont to Dambloup."

"The Germans announce today that Fort Vaux fell into their hands on the evening of June 6. On June 7, at 3.50 o'clock in the morning, Fort Vaux was still in our hands. Since that hour, by reason of the violence of the bombardment, it has not been possible to effect any communication with the fort."

"In the Vosges German reconnaissances against our positions south of Cellesz were repulsed by our fire."

"There was an intermittent cannonading on the rest of the front."

The Belgian communication: "Quiet prevailed today."

The Turkish Statement.

Constantinople, June 7, via London, (4.55 p. m.)—The Turkish war office today issued the following statement: "Mesopotamian front: Russian forces, on the night of May 31 advanced in the direction of Kasr-i-Shirin and Khanikin, and in three columns attacked our advanced detachments near Khanikin while their troops tried to get around our detachments on the right and left wings."

"They were, however, attacked by our reserves in the flank and rear. The troops on the wings of two other enemy enveloping columns were dispersed, put to disorderly flight and pursued for some time by our troops."

# RUSSIA FEELS KITCHENER'S DEATH HER LOSS TOO

## "K. OF K'S" VISIT TO HAVE UNIFIED RUSSIA'S EFFORTS WITH ALLIES"

British Ambassador at Petrograd Showered with Messages of Condolences—Officials and Public Had Looked Forward to His Visit with Intense Interest as Significant of Close Co-operation in the Great Struggle.

Petrograd, June 7, via London.—Field Marshal Earl Kitchener's death has profoundly affected the whole of Russia. His proposed visit to Russia had been looked forward to with intense interest, not only by officials but by the public generally, as evidence of the further cementing of the growing cordiality between Great Britain and Russia, and as a concrete token of complete co-ordination between the fighting forces of the respective countries. Russia's momentous recent defeat has prevented the close co-operation which exists between France and Great Britain, and Earl Kitchener's visit was expected to unify Russia's efforts with the other nations with which her lot is cast. For this reason the loss of the British war secretary has come to Russia as a national calamity. Foreign Minister Sazonov, immediately the news of Earl Kitchener's death was received here, cabled an expression of sympathy to London on behalf of the imperial government. Baron Schilling, under secretary of foreign affairs, in the temporary absence of M. Sazonov, said with regard to the death of Earl Kitchener: "The Allies have sustained a grievous loss in the death of Earl Kitchener, whose ability and worth were fully recognized by Russia. His loss, however, great as it is, can have no appreciable effect on the future conduct of the war."

Sir Geo. W. Buchanan, the British ambassador, has been the recipient of a constant stream of messages of condolences on the death of Earl Kitchener from Russian officials and men of all ranks and classes. "Russia will feel his loss almost as keenly as England," said the ambassador today. "After all he had accomplished his unfortunate death at this time comes as a tragic end to a brilliant career. I had received no specific instructions regarding the purpose of Earl Kitchener's visit to Russia, but assumed it was personally to acquaint himself with the details of the Russian fighting organization, and bring the military operations of the allies into closer rapport. The interest displayed in his prospective visit had been extraordinarily keen."

## TO MEET TRADE DISLOCATION AFTER WAR

Sir George Foster Calls Conference of Manufacturers, Business Men of all Classes and Bankers to Discuss Matter.

Ottawa, June 7.—Sir George Foster, Minister of Trade and Commerce, has decided to call a big conference next autumn of manufacturers, bankers and business men of all classes to discuss the best means of meeting the industrial and commercial dislocation that will come on the termination of the war.

Sir George states that he believes that "this transition period will prove more grave and critical than that which marked the plunge from peace to war in 1914."

## YESTERDAY'S EVENTS IN THE WAR GAME

## GERMAN PRESS ON DEATH OF KITCHENER

Berlin, June 7, via London.—The newspapers devote much space to Earl Kitchener, whom they generally acknowledge to have been an organizer of the greatest ability. But there seems to be no disposition to exaggerate the importance of his death, or to base particular hopes thereon. The Lokal Anzeiger, commenting rather bitterly, declares that Kitchener indulges in personalities, spearman and half naked wild peoples, and that the Boer war was really won by interned women and children and permitting thousands to die. Count Von Reventlow, in the Tageszeitung also indulges in personalities. The other papers, however, for the most part refrain from attacking Germany's dead opponent.

The Taglich Che Rumschau openly confesses to dislike, but also has admiration for Kitchener, saying: "He was an honorable enemy. He never visited Germany to admire our manoeuvres. He never dripped with honeyed phrases about a re-approchement and never pretended to love us. We thank him in death for that. He was a brutal man, but he was a man."

## METHODIST CONFERENCE AT SUMMERSIDE

Sixty Ministers Answered Roll Call at Opening Session Yesterday—The Supernumerary List.

Summerside, P. E. I., June 7.—The ministerial session of the 33rd annual conference of New Brunswick and P. E. Island convened in the Methodist church, Summerside, at 2 p. m. Rev. Richard Opie, president of the conference, presiding. Sixty ministers answered to their names.

## AN AMERICAN TRIBUTE TO MEMORY OF KITCHENER

New York, June 7.—A silent but intensely impressive tribute to the memory of Lord Kitchener was paid by a large and representative audience at a theatre in West Forty Fifth street last night. The tribute was spontaneous, and was not anticipated by anyone in the audience.

## SECOND EDITION SUSSEX OPERA HOUSE WIPED OUT BY EARLY MORNING FIRE

Sussex, June 8.—The handsome Opera House in which the citizens of the town have taken just pride is undoubtedly a total loss. The Depot House may also meet a like fate unless the efforts of the firefighters succeed other buildings are in danger of being wiped out by fire which broke out this morning about half past two in the Opera House.

The origin of the fire is a mystery as yet. As soon as the fire was discovered the apparatus turned out, but the flames had already gained considerable headway and the building was a prey to the flames. Despite the best efforts of the firemen the fire spread to the barn in the rear of the Depot House and this building is now in flames. It is hoped however, that in view of the fact that there is no wind the conflagration will be confined to these buildings. Several families in the immediate vicinity have moved out.

## EVIDENCE COMPLETELY VINDICATES GEN. HUGHES AND THE SHELL COMMITTEE, JUSTICE DUFF SAYS

## DEATH OF WAR CHIEF STIMULUS TO RECRUITING

Argument in the Kite charges before the Duff-Meredith Commission was begun today with addresses by Mr. Hellmuth, government counsel, and Mr. F. B. Carvell, counsel for Mr. Kite, and will continue tomorrow. Mr. Hellmuth's address took the form of a statement which was a model of lucidity and weight. He spoke less than three quarters of an hour. He analyzed the Kite charges to show that what the member for Carleton had actually sought to convey to the country was that the Shell Committee had let contracts as a blind to mushroom companies in the United States to enable a corrupt rake-off to be divided among General Hughes, Col. Allison and members of the committee. In other words Mr. Kite and Mr. Carvell had sought to convey the impression to the Canadian people that their affairs were being incompetently and dishonestly conducted. Mr. Hellmuth submitted that there was not a particle of evidence brought before the commission to warrant any such assumption.

Mr. Carvell on the other hand maintained that the assertions made by Mr. Kite in the House of Commons, and which the Royal Commission was created to investigate, had been fully proven by the evidence. Mr. Carvell's address was in striking contrast to the cold, matter-of-fact logic of Mr. Hellmuth. It had all the member for Carleton's characteristic industry and ability, but it was marred by the looseness and generalities associated with a certain type of parliamentary eloquence. Mr. Carvell indulged in a good deal of braggadocio at times, and was once or twice sharply called to order by Justice Duff and Meredith.

## MAJ. GAULT SHOT THROUGH BOTH LEGS

Edmundston man came down Transcontinental Line Carleton Co. and, Sh. Moose Last July.

The King vs. Geo. Ringgold Edmundston was before Police Magistrate Parkhill of Chipman last day. This was a case where Ringgold and four others from Edmundston came down the Transcontinental railway on a speeder to Carleton county last July and shot a man who was seen lying wounded in the thicket part of the battle on Friday last. Since then German wireless information picked up on the field confirms the fact that he was found and taken away by the enemy.

Profits for 12 Months Ending Mar. 31 Largest in History of the Company. Montreal, June 7.—The Dominion Steel Corporation reports for the year ended March 31, as presented at a meeting of the directors today, show the largest profits in its history, net manufacturing earnings rising to \$7,084,318, an increase of \$3,433,258, or 97 per cent., over the previous year, and an increase of \$2,290,000 or 31 per cent. over the banner year of 1912-13.

## YUAN SHI KAI HAD NO DESIRE TO BE EMPEROR

Peking, June 7.—The last words of President Yuan Shi kai were an expression of regret for the monarchical movement, which had brought disaster to China, he said, and had hastened his end. Calling Hsu Shih-Chang, former premier to his bedside, Yuan Shi Kai whispered: "I did not wish this end. I did not aspire to be emperor. Those around me said the people desired a sovereign, and had named me for the throne. I believed, and was misled."

## DEATH OF WAR CHIEF STIMULUS TO RECRUITING

London, June 7.—Speaking at luncheon of the Admiralty Balfour referring to the North Sea battle of last week said: "One result of the North Sea battle is that for many months it will be impossible for the Germans to attempt naval movements which they might have undertaken before the battle was fought." Mr. Balfour said it was impossible at the present, to go into details of the battle, as he had not a complete view of the whole action from an authentic source. Admiral Jellicoe's despatch giving his views had not been received. British losses had been stated accurately, while German reports, which Mr. Balfour declared were tainted from the first. He said the ship which the Germans still held was sunk (evidently referring to the Warapfel) had been "safe in port since Thursday."

## GOVERNMENT'S PROHIBITION ACT PRAISED

Strong Endorsement of Measure and Government's Action at Meeting of Kings Co. Temperance Workers.

Apoahqui, June 6.—A very interesting meeting was held in the Baptist Church, Apoahqui, last Friday evening. It was one of a series being held in Kings County, and other Scott Act counties, to advise and persuade the electors, to come under the jurisdiction of the lately enacted New Brunswick prohibition law, instead of remaining under the Canada Temperance Act, commonly called the Scott Act. In the Scott Act counties, the votes of the electors to come under the New Brunswick law, simply decided away with the Scott Act, and give them a stronger and better temperance law.

## DR. WAITE TO APPEAL FOR NEW TRIAL

Counsel of Dentist who is to Die for Murder Files Notice.

New York, June 7.—Counsel for Dr. Arthur Warren Waite, sentenced to die during the week of July 10 for the murder of his father-in-law, John E. Peck, filed a notice of appeal for a new trial today. This action will necessarily delay the time of execution. Walter R. Deuel, Waite's counsel, declared that the appeal was made with Waite's approval, although Waite, after his conviction, had insisted that no appeal be taken. After a conference yesterday, he said, Waite finally was persuaded to consent to the legal step.

## Suffered No End of Pain FROM BACKACHES.

If a pain attacks you in the back you should stop and think what it is and what causes it. If the kidneys are at fault—and in nine cases out of every ten they are—you should attend to them at once, as it is impossible to have a well, strong back unless the kidneys are performing their functions in a proper manner. Anyone with a bad back should appreciate how to get a good one. It is a very simple matter. Use Doan's Kidney Pills. They regulate the kidneys, and there is no further cause for any kidney trouble to exist.

## Red Cross Benefitted.

The Royal Fruit Store and Ice Cream Parlors on the corner of Union and Coburg streets were handed over to the Red Cross Society yesterday, and young lady members of the society attended the patrons. Ten per cent of all fruit sales, and the entire amount taken in for the sale of ice cream, were handed over to Miss Walker for the local Red Cross funds by the proprietors, A. Demer & Co. The proceeds amounted to the sum of thirty-seven dollars.

## SCORE ONE FOR SIR SAM AND THE SHELL COMMITTEE.

There is absolutely nothing in the evidence that points to any corrupt or dishonest act on the part of the Shell Committee or Sir Sam Hughes. My mind is quite clear on that point.—Mr. Justice Duff.

This is the opinion of the Liberal member of the Meredith-Duff Commission of Enquiry appointed to probe the allegations made by Mr. F. B. Carvell and Mr. G. W. Kite as to corruption and dishonesty in connection with the fuse contracts. When the charges were made in the House of Commons Sir Sam Hughes, Minister of Militia, was specifically named by Mr. Carvell as "the man directly responsible for all these nefarious transactions." The opinion of Mr. Justice Duff, as expressed from the bench, yesterday, clearly vindicates both Sir Sam and the Shell Committee, and while the official report of the enquiry has not yet been made, it is fair to infer that it will follow the line so clearly indicated by the member of the commission who has openly expressed his mind.

When the report is in and all the cards are on the table it will be time enough to consider the future of the men who staked their political fortunes on the charges they fathered. That can well be left for later discussion. The opinion of Mr. Justice Duff, however, will afford ample food for reflection on the part of the men and newspapers who planned their faith to Mr. Carvell's muckraking ability and supported him in every dirty move he made to paint Canada as the abiding place of thieves and grafters.

## THE TIMES AND COL. BULLOCK.

Lt.-Col. Bullock, officer commanding the 237th Overseas Battalion, arrived in St. John two days ago and, yesterday morning, the Standard called attention to the fact that he had given an interview to the Liberal Ottawa Free Press in which he made some interesting statements concerning F. B. Carvell and his associates in promoting the fuse charges in the House of Commons. The Times last evening became particularly vicious over the interview, and waved the big stick at Col. Bullock. It claimed that he had no foundation for the statements he made and at any rate he had no right to make them. In conclusion it said:

"As an American citizen it was at least unusual for Lt.-Col. Bullock to give any such interview, and if he did give one reflecting upon one of the honored leaders of a Canadian party he should have given the names of the persons he quoted. Now he appears to have come to New Brunswick with a chip on his military shoulder, which no Canadian officer, however partisan, has yet done. It is said that Lt.-Col. Bullock attempted to interrupt Mr. Carvell in his speech at Moncton, and the Government press featured the fact that he sat on the platform directly facing Mr. Carvell, the inference being that his martial glare was fatal to the speaker. If Lt.-Col. Bullock understands a soldier's duty let him perform it. That should keep him fairly busy."

Col. Bullock is an officer and a clergyman and it is at least no more than fair to assume that he would not make statements concerning any public man unless he could substantiate them. From the viciousness of the Times attack it would almost appear that newspaper's desire to silence him arises from fear of what he might be able to say.

## DUFF VS. CARVELL.

"I stand by every word that Kite said. I go further, because the evidence warrants me." This is what Mr. Carvell is reported to have said in Ottawa yesterday. Over against the windy boast of the Carleton County muckraker we can place the statement of Mr. Justice Duff, one of the members of the Commission investigating the charges. Mr. Justice Duff said:

"There is absolutely nothing in the evidence that points to any corrupt or dishonest act on the part of the Shell Committee or Sir Sam Hughes. My mind is quite clear on that point."

Mr. Carvell's remark is interesting, in that, by it, he accepts full responsibility for the charges made by Mr. Kite. When the report of the commission is in, and if it is as sweeping in its vindication of the Minister of Militia and the Shell Committee as Mr. Justice Duff's opinion indicates, then the people of Canada will know how to deal with the men who made it necessary to spend thousands of dollars in probing allegations which were never intended to do more than provide Orin campaign material.

## LETTERS TO EDITOR

**For Blind Soldiers.**  
St. John, N. B., June 7th, 1916.  
To the Editor of The Standard.  
Sir—The Permanent Blind Relief War Fund for Soldiers and Sailors, under the patronage of His Majesty the King, Queen Mary, Queen Alexandra, the President of the French Republic and the King and Queen of Belgium, has recently been started for the purpose of providing permanent homes for the brave soldiers and sailors who have become blinded in the service of their country, where they can be taught certain arts and trades so that they may be assured of a definite future, instead of becoming merely objects of charity. The committee appointed includes many prominent Americans, Cardinal Bourne, the Archbishop of Canterbury, the Chief Rabbi

## THE ELEVATOR SITE.

It is to be supposed that in considering possible locations for the new government grain elevator due attention will be paid to the outcry raised up a few weeks ago, that the elevator was so sorely needed that it must be ready for business by next winter. Hon. Mr. Hazen secured the vote of \$500,000 for the new structure and plant and Mr. Gutelius of the I. C. R. announced that if tenders were called for without delay it would be ready for next winter's trade.

At the meeting of the council yesterday, Commissioner Russell made the statement that if the Water Street site was selected the elevator would be ready next season. If not, it might be some years before it could be built. If that statement is correct and the elevator is as badly needed as has been represented by the Telegraph and Times and certain Liberal members of the Board of Trade then the logical thing to do is to adopt the Water Street site. If, on the other hand, the pressing necessity has been represented by the Telegraph and Times and certain Liberal members of the Board of Trade then the logical thing to do is to adopt the Water Street site. If, on the other hand, the pressing necessity has been represented by the Telegraph and Times and certain Liberal members of the Board of Trade then the logical thing to do is to adopt the Water Street site.

## MARRIAGES.

**Hamm-Williams.**  
An interesting event took place at the home of Mr. and Mrs. F. E. Williams, German street, yesterday afternoon at three o'clock when their daughter, Mabel Louise, was united in marriage to George Parker Hamm, son of R. Parker Hamm of Douglas Avenue, by Rev. Hammond Johnson. The bride wore a gown of white satin and princess lace with madonna veil and orange blossoms, and carried a shower bouquet of roses and lilies of the valley.

Among the beautiful presents received by the happy pair is an artistic cut-glass electric lamp, the token from employees of the Blue Ribbon Beverage Company, of which the groom is manager, and from the employees of Messrs. Hamm Bros.

A substantial cheque came from the bride's father, and the bride received from the groom a silver toilet service.

Mr. and Mrs. Hamm will motor through New Brunswick on their honeymoon trip, and will reside on Main street in their return.

The home of Mr. and Mrs. R. W. Keith, Victoria street, was the scene of a happy event yesterday afternoon at three o'clock when Rev. David Hutchins united in marriage their daughter, Bina Adeline, and Walter Andrew McKinney. The bride was charmingly gowned in white silk crepe de chene with cream shadow lace overdress. Little Catherine Keast, niece of the groom, acted as flower girl. Among the many presents received was a purse of gold from the groom's mother, cheque from the brother of the groom, bed-room set complete from the bride's parents. The groom's present to the bride was also of gold. They left on the Boston train last night for a trip to New England cities. On their return they will reside on Victoria street.

## RULES OF HEALTH FOR DYSPEPTICS.

**DIETING UNNECESSARY.**  
There are two ways by which people who suffer from indigestion, dyspepsia, sour stomach, flatulence, etc., can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugar and foods containing them, thus prohibiting bread, potatoes, fruits and most meats. About the only safe foods are curries, breads, spinach and small quantities of white meat of chicken or turkey. This diet is almost a starvation one, but it is sometimes quite effective. The second way, which appeals especially to those who like to eat hearty meals of good foods, is to eat whatever is reasonably digestible, neutralise the acid and stop fermentation by the use of a good antacid such as bisulphate of magnesia, a teaspoonful of which in a little water immediately after eating or whenever pain is felt, instantly neutralises the acid, stops the fermentation and permits the stomach to do its work without pain or hindrance. Owing to its simplicity, convenience and effectiveness this latter plan is being adopted, instead of the old-fashioned, expensive, weakening starvation process. In this connection it is interesting to note that since the widespread use of bisulphate of magnesia was established, many druggists have arranged to supply it in 5-gr. tablets, 2 or 3 of which are equivalent to a teaspoonful of the powder form and are such more convenient to carry.

## THE CHICAGO CONVENTION.

In sporting parlance Theodore Roosevelt "drew first blood" at the convention of the Republican party which opened in Chicago yesterday. It is reported that the mere mention of his name resulted in a storm of applause lasting thirty-four minutes. It is not to be supposed the ovation was solely due to the natural enthusiasm of the delegates. Rather it is likely to have been largely the result of careful organization and a keen regard for psychological effect. But it illustrates that the Roosevelt forces are determined to grasp every straw, which may tend to place their man as the official presidential candidate of the G. O. P. Roosevelt is already the favorite with those who make such matters the subject of wagering, while

of England and France, the Prime Ministers of England and France, Admiral Jellicoe, the late Lord Kitchener and a large number of other influential men and women.

Mr. John Galt, the president of the Union Bank of Canada, has been appointed treasurer for Canada and I have been asked to act in the same capacity for the province of New Brunswick. The members of the De Monts Chapter of the Daughters of the Empire, very willingly took the matter up and appointed their regent, Mrs. A. W. Adams, Mrs. Busby and Miss Sydney Smith to act as a committee for St. John.

I may say briefly, as far as the British people are concerned, this fund is intended to assist and supplement the existing institution in London under the presidency of Mr. C. Arthur Pearson, himself a member of the central committee, to which reference has recently been made in the local papers, and to which many subscriptions have already been sent.

So many appeals have recently been made for objects connected with the relief of suffering caused by the war that the De Monts Chapter have considered it advisable to postpone any general canvass until later in the summer. In the meantime, I shall be glad to receive any subscriptions or furnish any further information.

Yours truly,  
F. T. SHORT,  
Union Bank of Canada.

Letter from George Carvell.

To the Editor of The Standard.  
Sir—I wish to correct some statements which appeared in one of this morning's papers, viz. that I claimed the Bishop was building a garage on Waterloo St., and that he did not pay taxes.

I did not mention the Bishop's name, as he has nothing to do with this affair, neither is the church property concerned in it.

I did not object to the public garage the Bishop built on Cliff St. I want to build one myself just opposite his.

## Little Benny's Note Book

There was a dubbel header being played yesterday, and me and Puds Shimkins was standing outside the ball park leaning against the fence and wishing we was inside, and we could hear everybody yelling and all, and Puds sed, G, if it wassent for this fence, we wood be seeing the game.

They ust to be some holes in the fence, but I don't see any now, they must of filled them all up. I sed, if I had a ball park id fill the fence full of holes, wats the diffrance.

If I had a ball park id leave all the hole in for 5 cents, and if they didnt have 5 cents id leave them in anyhow, sed Puds.

Wich jest then a man stopped in front of us, being a skinny man with wite whiskers on the sides of his face, saying, Well, well, little men, I sippose you want to see the game, dont you, well, well.

Yes sir, sed me and Puds.  
"Well, well, sed the man, I sippose all you need is the munny, isent it.  
Yes sir, sed me and Puds, and the man sed, Ho ha, I thawt so, I no boy nature, I do.  
Im 9 years old and hes 8 and a half, I sed.  
Im 8 and a half and hes, 9, sed Puds.

We are both in the same grade in skool tho, I sed. Wich we are, and the man sed, Glad to hear it, well, I must be on my way, but I want to tell you boys I can sympathize with you, because mesny a time wen I was a boy I've stood outside of ball parks feeling jest the way you feel.

And he wawked away as if he thawt he was sumbody grate, and Puds sed, Aw, heck, wat do we want with his sympathy.  
Aw, heck, I sed. And we keep on leaning against the outside of the fence a wile longer, and then we went away, on account of wat good did it do us to leern there. No good.

**AUSTRIAN SIDELIGHTS.**  
Captain D. D. Sheehan, M. P., described in a recent issue of the "Daily Express" an officer's night in the trenches. A private in the York and Lancaster Regiment, who has read Captain Sheehan's article with keen appreciation, here supplements his story by a brief account of a Tommy's night in the trenches.

After "Stand-to" if fuel can be found, the lads make a fire in the bay, which is generally occupied by about ten men under a lance-corporal. Working parties mending the parapet, etc., and carrying parties are always on the go, and a man has to take his turn when his hour of sentry duty is over. Those detailed for patrolling, wiring, or listening-post work are allowed to take things easier.

At 8.30 p. m. tea is served out, and work ceases on till midnight, when it quiets down a little.

Our dug-outs are about six feet by four feet and about four feet high, but we are not allowed to remain in them at night at all. If the bitter cold does not prevent sleep and the opportunity to snatch an hour comes, we are allowed to have a nap on the fire step in the open. So, with the pack for a pillow, the oilskin to lie on, and covered by our "Teddy Bear" mac, and

THIS WEEK'S RACE PROPOSALS AN EXCITING FINISH WHOSE HAND WILL COMPLETE WORK BEGUN BY KITCHENER? Present Indications Are That New Members Will Forge Ahead and Carry Off The Cash Prize.

We are not breaking any rule nor violating any confidence when we say that those members who were winners in the previous extra contests and who now head the list, will receive a rude awakening if they hope to carry off this week's prizes on the work they have sent in up to date. Too much confidence is a dangerous thing. Many members who had not been exerting themselves before have seen in this week's special cash offer an opportunity to secure a prize, even though they had not previously hoped to win one of the main awards. These members, already encouraged by their success this week, and further cheered when they carry off this week's prizes, will, we believe, jump into the fray and make some of the present leaders sit up and take notice. Our advice to those who hope to win is this: Spend no valuable time during the balance of the week clipping coupons; Do not go out of your way to collect renewals, let these wait until next week; Map out your time for the few remaining days and spend every minute you can spare in a Personal Canvass of all friends and acquaintances whom you know are not now subscribers to The Daily Standard; Show them just why no Canadian home should be without a daily paper at this time; Point out the very many excellent features of our paper and go after their new business as if you meant it. Do not be discouraged if some turn you down, try again and then again. When they see you are in earnest they will rally to your support and will take an active interest in your success. There is no royal road to winning these prizes. Success will be attained mainly by sincerity and perseverance. There is but little change in the relative standing of members today. Considerable effort has been turned out by the members who do not wish to have their full standing published as yet. A Few Do's and Don'ts. Will members bear in mind our previous requests to send in their coupons before the date of expiry and please put the number plainly on the top coupon, so that we will not have to count and recount them. We don't mind doing so, but we really haven't the time. When filling in the address on the remittance stub be sure to get the correct Post Office address and not just the name of the whole locality. Be careful to spell the subscriber's name correctly and mark plainly whether it is a new or renewal. The rules governing this week's special prize contest are very strict about this last point. Members should not permit themselves to run out of receipt forms. When your last book is half gone write for more. Canadians who now send in what ever renewals they have on hand. There will not be any more extra prizes offered during the campaign. Many subscribers who have paid members are wondering why their date labels have not been advanced. If you so desire we will not publish your total vote standing but there is positively no advantage in holding back collections from now on.

Stomach Was Bad. Could Eat Hardly Anything. When the stomach gets out of order the whole system seems to become affected in one way or another. The breath becomes foul, the tongue furred, the appetite becomes disturbed, nausea and vomiting occur, there is a rising and scurrying of food caused by the acidity of the stomach, and the stomach and bowels become distended causing flatulency. Unless these symptoms are met with immediately, dyspepsia or some other serious trouble is liable to follow as a consequence. That grand old remedy, Burdock Blood Bitters, has been on the market for the past forty years, and we claim, without any fear of contradiction, that there is not another medicine on the market to-day that can compare with it for the cure of all disturbances of the stomach. Miss Lillian E. Phillips, Plumwescop, N.B., writes: "My stomach was so bad I was in pain and misery. I could eat hardly anything. I had been treated by skillful doctors for it, but they did me no good. I was giving up in despair when I happened to hear of Burdock Blood Bitters. You can't think how fast it helped me, for I had only taken two bottles when I was better. I will recommend your medicine very highly to all my friends and sufferers." ## LAST NIGHT'S GAME WON BY GOOD WORK OF THISTLE FIELDSERS

### St. Peter's League Contest Was Very Interesting— Large Score, but Sharp Play.

The clever work of Dever, Howard and White in the outfield played a prominent part in the pleasant happenings of last night's game. Everything seemed to fall right into their hands and the balls that needed chasing were gathered in with big league style. Dever and Howard certainly were there last night with the goods and took in flies that seemed almost impossible.

The Thistle infield although out-classed by the outfield, played a prominent part in the pleasant happenings of last night's game. McGuligan had all kinds of support. It is doubtful if such a fielders' game will be repeated this season.

Jennings' bunch were away off, although up until the fourth they were playing good ball. The downfall of the Shamrocks can be attributed to the muff made by Butler in the sixth when he dropped Gibson's fly which allowed McGuligan to cross the plate tying the score 4-4.

From that time until the ninth the heart seemed to fall out of the team. Perry in the box tried to win by his pitching as the field failed to give him any support. He had fifteen strikeouts, yet lost his game.

The Shamrocks made a slight attempt to rally in the ninth, but only succeeded in increasing their score by three runs.

The last hit in the game was pulled off by Callahan when he slapped Perry for a three-bagger. He also had a two-bagger along with Dever and McGuligan.

The fielding of the Shamrock's outfield was not up to the standard. Howard in left field fell away off and Butler was a close second.

Murphy and P. Howard on the inner guard were the only two that played natural ball for Jennings.

The game last night puts the Thistles one ahead.

**BASEBALL HAS CHANGED.**  
"Baseball certainly has changed from the old-days when I first broke into a major league," remarked Napoleon Lajoie during a tanning bee. "Nowadays if a pitcher is asked to warm up he has to have a new ball. An old ball or a slightly soiled ball will not do him. The ball must be brand new. When I was a kid with the Phillies the manager merely put his hand in the bag and handed out the first one he put his hand on when he wanted a pitcher to warm up. A pitcher, too, thinks he should have three or four days off after working a full nine-inning game."

**SEE SPORT IN RACING.**  
When the big betting rings on the New York tracks were closed it was believed that racing could not survive. But today the biggest men of the turf admit that the abolition of public gambling was a good move. Although the turf has been a long time, thoroughbred competitors for the richest stakes in the history of the American turf, the desire for gambling was a predominant factor. With 350 bookmakers in line prepared to handle the public's money, thousands of persons visited the New York tracks for the sole purpose of betting, rather than to enthuse over the splendid trials of speed and endurance. At times it was charged that \$1,000,000 changed hands in a single afternoon, and that the bookmakers lost their bank rolls. The operations of spectacular plungers also became a menace to the sport and the prevalent craze for money soon provided the reformers with powerful arguments in favor of adverse legislation. Racing has gradually come back without these obnoxious features and there is little chance for another hostile crusade against the very limited method of speculation now in vogue.

**PLAIN FREAK.**  
In a game between the Toledo and Milwaukee teams of the American Association, Rawlings, of Toledo, lammed the ball down the third base foul line. As he swept past third, the ball curved in on foul territory and eventually pulled up in a roll of canvas which was in that vicinity. Rawlings' swat ordinarily would have been a two-bagger; but before the Milwaukee left fielder and shortstop could extract the pellet from the roll, the Toledoan raced around the bags for a circuit swat.

Eddie Rousch, ex-Fed star, has been decorating the bench with the other Giants who have failed. Getting caught off first base something like nine times in a dozen games made Manager McGraw think it wouldn't hurt the ex-Fed to watch the pitchers' motions from the coop.

Even McGuligan picked them off the bat.  
Knudson's base running diet: Two pounds of metal, preferably lead, taken between two bricks before each game.  
Haggerty had to enter the lower

regions to take in Lennihan's fly. Never mind, Howard, old boy, it takes a good man to field a ball in the Alps.

"I'll buy no more meat from Butler," remarked a fan when Butler muffed that fly.  
Harrington fielded for the Shamrocks in the grandstand.

## MRS. GRAHAM-WHITE GRANTED DIVORCE

### From Noted Aviator, Now a Flight Commander in British Aviation Service.

London, June 7 (3.12 p. m.)—Mrs. Claude Graham-White, formerly Miss Dorothy Taylor, of New York, today was granted a divorce from her husband, the aviator. The decree was granted on the ground that Graham-White, now a flight commander in the British aviation service, had not complied with the decree for the restitution of conjugal rights, granted to his wife last January.

## MUCH CENSURE FOR LEONARD.

Benny Leonard is coming in for much censure in Philadelphia because he turned down offers for bouts with both Johnny Kilbane and George Chaney. Leonard has been praised so highly on account of his good showing with Freddie Welsh that he apparently hates to risk his prestige by tackling either of the featherweights. Leonard met Kilbane some time ago and neither man emerged from the encounter with much credit. It was a very tame clinching affair all the way, Leonard being the more guilty of the two. But that bout took place before Leonard found that he had a wallop concealed about his person. Since then he has improved in every way, and should be able to more than hold his own with the clever featherweight champion. As for Chaney, he does not class with Leonard at all, and the latter will make a big mistake if he shies off merely because the Baltimore "Lajoie" during a tanning bee. "Nowadays if a pitcher is asked to warm up he has to have a new ball. An old ball or a slightly soiled ball will not do him. The ball must be brand new. When I was a kid with the Phillies the manager merely put his hand in the bag and handed out the first one he put his hand on when he wanted a pitcher to warm up. A pitcher, too, thinks he should have three or four days off after working a full nine-inning game."

Manager Robinson of the Dodgers is grooming Jimmy Johnston as a first baseman. Since the passing of John Hummel the Brooklyn club has had no understudy for use in case of accident to Jake Daubert. Robinson thinks Johnston will make a nifty first sacker, though he is somewhat small for the job.

## Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "meat" should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women believe can easily add from five to eight pounds in the first fourteen days' by following this simple direction. And best of all, the new flesh stays put. Sargol does not itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—preparing it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. All leading druggists in this vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back as found in each large box.

If you find a druggist who is unable to supply you send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine street, Montreal, and a complete ten days' treatment will be sent you postpaid in plain wrapper.

Go to the City Hall, Carleton, Tonight  
The City Hall, Carleton, should be crowded this evening at the splendid entertainment for the benefit of the Children's Aid Society. The young ladies of East St. John will present the three-act comedy "The Farmerette." They will be assisted by the band of the 115th Battalion and Walter Pidgeon, C. A. Munro, (Arvan, Mrs. B. Ferris, Mrs. Murray Long, Miss Wayne and Miss Heffer. There will also be brief remarks by Commissioner McLeish and A. M. Beidling.

## CENTENARIAN DEAD

Fredericton, June 7.—A New Brunswick centenarian died last night in the person of Timothy Sullivan, sr., of Oromocto, Sunbury Co. Born in County Cork, Ireland, on March 16, 1813, he was thus 103 years old, and until near the end of his life had retained all his faculties. He came to Canada in 1845, and since then had resided at Oromocto, where he was generally respected. His wife predeceased him by ten years. He is survived by four sons, John, Florentine and Daniel Sullivan, of Oromocto, and Timothy Sullivan, Jr., of Oromocto, and four daughters, Mrs. Daniel Durgan of Portland, Me., Mrs. Catherine Burns of Lewiston, Me., Mrs. Henry Casey of Millinocket, Me., and Miss Bridget Sullivan at home.

## GREAT PACING STARS.

Hal Boy and White Sox, the famous pacing rivals of the Pacific coast region, may be campaigned along the Grand Circuit this summer. The chances are that if both horses are shipped to the east the bulk of their racing will be against each other, as there is intense rivalry between their owners.

of presentation will begin at two o'clock sharp, and will take place in the McManus field adjacent to the Park. A splendid view of this field can be had from the rising ground around. The regimental bands will furnish music for the carnival in the Park through the afternoon and evening. Brunswick Chapter will furnish delicious sandwiches, cake, hot tea and coffee for the small sum of 25 cents.

Hal Boy and White Sox have met twice in special races. Honors are even. Some time in June or July a special \$3,000 race between the two will be run either on one of the Grand Circuit tracks or in California in case the horses are not shipped to eastern tracks. Stroughton Fletcher owns Hal Boy. The White Sox horse is the property of Charles Berry, of Los Angeles.

TRADING ON SMALL SCALE ON MONTREAL MARKET

Most Active Features were Lyall at 80 to 85 and Wayagamac Which Rose to 55 1-4, New High.

Special to The Standard. Montreal, June 7.—Trading in the local lists today dwindled down to a content in buoyancy between Lyall in the listed and Wayagamac in the unlisted department. Elsewhere the dealings were on a small scale and the changes in prices confined to fractions.

The most active features were Lyall at 80 to 85, the highest in this move, while Wayagamac made a new record at 55 1-4 after opening at 53, later reacting to 54 1-4.

A CURTAINMENT OF SPECULATION

Previously Due to the Impending Political Developments at Chicago.

RAILS WERE THE CHIEF FEATURE

C.P.R. Shares Showed Temporary Improvement—Bond Market was Firm, New High for Marine 4 1-2's.

New York, June 7.—Impending political developments were primarily responsible for the pronounced curtailment of speculative activity today, the financial community focusing its attention largely upon the course of events at Chicago.

In general rails were the strongest features and gave the markets such foundation as it really possessed. Norfolk and Western followed up its recent record by a further advance of 2 1/2 to the new high price of 137 1/2.

## HILLSBORO

Hillsboro, June 6—Mr. and Mrs. J. L. Peck have returned from their recent trip to the West, accompanied by their daughter, Miss Flora, who has graduated this year from Acadia Ladies' Seminary.

Mr. and Mrs. C. Steeves spent this weekend in Moncton, guests of their daughter, Mrs. George Chapman.

Miss Pearl Roster of Dorchester, is a guest at the home of Mr. and Mrs. James Blight.

Mr. Arthur S. Schurman of Amherst, Rev. S. W. Schurman of Hillsboro, Miss Hattie Steeves of Acadia Ladies' Seminary, is spending the summer at her home.

Miss Mildred Lockhart of Calgary, is a guest at the home of her sister, Mrs. Bliss Duffy.

Mrs. Margaret Randall and daughter, Mrs. M. Duddy and little daughter, Mrs. D. Duddy, are guests at the home of the former's daughter, Mrs. Duddy.

Miss Hazel Lowthers is visiting friends in Moncton.

Lieut. Robert R. Duffy of Ottawa, is the guest of his parents, Mr. and Mrs. W. B. Duffy.

Rev. W. B. Croswell of Harvey, occupied the pulpit of the Surrey Baptist church, on Sunday evening last.

Misses Ella Beatty and Annie Sharp spent this weekend with friends in Moncton.

Mr. and Mrs. Milner Edgett and son George, arrived on today's train from Boston, to spend the summer at Edgett's Landing.

On Friday evening of last week the monthly meeting of the Hillsboro Board of Trade met in the town hall. The attendance was not so good as it might have been, but not withstanding, several important questions were dealt with. Among these was the question of the Mill Street drain, which has for some time caused considerable annoyance to the citizens of that locality. Dr. Murray of Albert, chairman of the Board of Health, was present. Information was received to the effect that the Government would defray one half the expense necessary for improvement of the drain, and the residents of the town would be called upon to do their part. The question of fire protection was also discussed.

The town was disturbed on Thursday night at about one o'clock by the sudden cry of "fire." It was found that fire had broken out in the building owned by the Albert Mfg. Co., formerly used as a milliner store by Miss Ella Sears and was burning rapidly. The adjoining building owned by J. L. Peck and occupied by Mrs. Ellen McDonald and Mr. and Mrs. Albert J. Robertson and family, was soon in flames and the fire spread to the ground. The result of the fire was considerable loss to all parties concerned.

Today at about twelve o'clock eleven automobiles containing officers and brass band of the 145th Battalion from Moncton, arrived in Hillsboro. Accompanying the party were the Hon. C. W. Robinson, His Worship, Mayor McAnn, F. W. Sumner, J. T. Hawke, R. Kinnear and other prominent citizens. The party left for lower county, intending to hold brief meetings at Hopewell Cape, Riverview, Hopewell Hill, and Albert. To-night a meeting of unusual interest will be held at Alma, where it is expected a number of recruits will be obtained. Up to the present, Alma has not been worked for recruits that other sections of the county have been, and consequently numbers of recruits have not been so great as that of Hillsboro, Hopewell Cape, Coverdale, etc., but it is hoped that the present campaign will bring those sections now a little backward to the front.

Big meetings will be held at Albert on Tuesday and at Hillsboro on Wednesday and at both these meetings the officers and band of the 145th will take part, together with leading citizens of Moncton and Albert county.

## BELLEISLE STATION

Belleisle Station, June 6—A number of the friends of Miss Della Nease met at her home here on Friday evening and tendered her a variety show in anticipation of an interesting event which will take place this week.

An enjoyable evening was spent by all.

Dick Bros. are expecting here this week to ship the copper ore on the surface and also search for more ore.

Wm. Quirk has his mill here, and number is being shipped from here.

Roy Shanklin, St. John, spent Saturday with his brother, Frank.

Mrs. Amanda Keirstead has returned from Sussex.

There will be no service in the Methodist church on Sunday next, owing to the pastor attending conference on the island.

The funeral of the late W. Jones took place at Shanno, and was largely attended. Rev. Mr. Hopkins conducted the service.

Miss Robinson, Norton, spent the holiday at the home of J. Neill.

Miss Elsie Hayes is spending the summer with her sister Mrs. J. Neill.

The sale of household goods held by C. Pearson was largely attended.

C. Pearson is home from Moncton, to remain the summer.

## APOHAQUI

Apoahqui, June 6—The energetic ladies of this village once more gave evidence of their enthusiasm in connection with the Soldiers' Comforts, when on Saturday evening a number met at the Public Hall, and dispensed ice cream and cake, to an encouraging number who fully enjoyed the frozen dainties and also the opportunity to aid in a financial manner, the splendid efforts of those who wish to contribute to the comfort of the heroic men who are leaving so many homes of comfort and luxury to fight the battles of the Empire and endure the hardships to be encountered.

Many expressions of condolence have been received by Mr. and Mrs. Heber E. Sinnott, whose son Elmer E. Sinnott was killed on May 5th "Somewhere in France."

Among the letters of sympathy received were those from Sir Sam Hughes, Sir George E. Foster and Hon. H. D. Hazen.

The funeral of the late John Little took place at the Riverbank Cemetery on Tuesday morning and was attended by many friends who mourn the sudden passing of one in the prime of life. Mr. and Mrs. Irvine Little and James Little of Boston, were here to attend their brother's funeral.

The friends of Colby Jones, son of Geo. B. Jones, M.L.A., will be glad to know he is now comparatively comfortable, though he has suffered considerably from the injuries received on Friday last, when in attempting to start a spirited horse he was taken to the hospital, sustaining a fracture and sprain of the bones of the ankle.

Miss Helen Corbett, St. John, spent the weekend and holiday with Mr. and Mrs. S. A. Corbett and her aunt, Mrs. W. G. McLeod.

Robert G. McCreedy, editor of the Sackville Post, Sackville, was an over Sunday guest of his parents, Mr. and Mrs. Cyrus B. McCreedy.

R. H. McCreedy, Bangor, Me., also spent a short time here last week, with his parents.

Mr. and Mrs. Roy Robertson, and children, St. John, and Miss Grace Jones of Kars, were holiday guests of Mr. and Mrs. Frank Small, making the trip by automobile.

Mr. and Mrs. M. H. Parlee, and Master Lorne Parlee, Hampton, motored from the shiretown, on Sunday, and spent the day with Mr. and Mrs. Walter T. Burgess.

Miss Alta McLeod and Miss Rouse of Orono Hill, spent a few days of this week with Mr. and Mrs. J. P. McAuley.

Miss Ethel Wright, Sussex, was a weekend guest of her parents, Mr. and Mrs. Ivan Wright.

Robert Gilchrist, Great Salmon River, spent part of last week in the village.

Rev. Leon H. Jewett and Isaac P. Gamblin, left on Tuesday to attend the sessions of the N. B. and P. E. Island Methodist Conference which are being held in Summerside, P. E. I.

Geo. Lutz, Moncton, was a weekend guest of Mr. and Mrs. Davis.

Miss Grace Small and Master Harold Small spent the early part of the week with relatives in St. John.

Miss Adeline Humphrey, St. John, was a weekend guest of her parents, Mr. and Mrs. Seth Humphrey.

Mr. and Mrs. H. A. White, and Miss Louisa White, Sussex, were visitors to Apoahqui on Saturday.

## CAMPOBELLO

Campobello, Char. Co., June 6—Captain Thomas Mitchell and son, Leander, who are employed repairing the Stmr. Grand Manan's wharf at Grand Manan, spent Sunday at their homes here.

Married Saturday, May 28th, at the rectory, Rev. G. E. Tobin officiating, Mr. Arthur Malloch and Miss Marion Zwigger, both of Lubec, Me.

Mr. John M. Calder who has been on the sick list for a time, is much better.

The Misses Cora Calder and Louisa Calder attended the memorial services held on Tuesday at Lubec, Me., and also remained a number of days at the guests of Mr. and Mrs. Harold Pike.

The first of our summer visitors arrived this week in persons of Mrs. Travis Cockeran and daughter, Miss Mae Cockeran, and four servants, and are occupying their summer home here. There are others to follow their example soon.

A despatch from the Magdalen Islands on Thursday stated that the Schrs. Francis May, Capt. Silas McAlister, was loaded and returning home. Some of our American neighbors who have been there for herring; Schrs. Baker and others have already returned with full load.

The St. Ann's Sewing Circle and the Women's Auxiliary met by invitation on Monday evening at the home of Mrs. Thaddeus Calder, and were very hospitably received. Quilting and knitting were the events of the evening, and a delicate repast was served by the hostess.

On Saturday the Sewing Circle in connection with the Wilson's Beach Baptist Church enjoyed an excursion around the island, having luncheon at the hotel on the grounds, and as the day was fine a very pleasant event was the outcome of the day sports. The ladies returned at nightfall to their homes by the Casco boat which does the service of the Stmr. Vikings now laid up.

The Red Cross met as usual at the church hall on Thursday evening.

The interior of the Anglican church will be newly varnished and painted this spring, work to be done this week under the supervision of Mr. E. M. Cherry of Eastport, Me.

Miss Agatha Casey of Milltown, N. B., has taken the place in the office of John F. Calder, Inspector of Fisheries, made vacant by the resignation of Miss Grace Dalziel.

Mrs. Afton Batson and son, Cecil, returned home from St. John on Friday.

Inspector McLean visited the public schools here during the first of the week.

## ARRIVED WITH COAL

The S.S. Edward G. Height arrived in port yesterday from New York with a cargo of coal for R. P. & W. V. Baker. Capt. William E. Sprague is in command.

## System Was Full of Poison;

### Pains in Side and Back Had Constipation for Many Years, but was Entirely Cured by Dr. Chase's Kidney-Liver Pills.

The most common ailment and the greatest cause of disease and suffering today is constipation. Artificial food and sedentary indoor life combine to induce torpid, sluggish action of the liver, kidneys and bowels. As a result poisonous waste matter remains in the system and gives rise to pains and aches and affords a starting point for serious disease.

Infections and contagious diseases are little known to persons whose liver, kidneys and bowels are kept in healthful activity, for there are no suitable conditions for disease germs to thrive in. Even common colds usually take their start when they find the system in a constipated, poisoned condition.

Mrs. Ed. Miller, West Flamboro, Ont., writes: "I can truly say that Dr. Chase's Kidney-Liver Pills have cured me of constipation. I suffered with constipation almost

## CANADIAN GOVERNMENT RAILWAYS EXPRESS TRAINS QUEBEC AND WINNIPEG

A New and Fast Portion of Canada in the Making to be Seen While Travelling in Modern Railway Comfort.

A new chapter in the railway history of Canada, and in fact of North America, will be written with the inauguration of the new express service between Quebec and Winnipeg by the Canadian Government Railways.

More fitting names could hardly have been selected for the two express—the "Western National" and the "National Atlantic." The mere mention of such a service in normal times would have attracted "national" attention—of the opening of a direct railway route with a thorough sleeping car service, a route independent of junction or terminal changes, under Government ownership, management, and making a new link between the Atlantic and the Pacific, is surely of "national" import.

Commencing June 16th, the "Western National" will leave Quebec at 2 p. m. Tuesday, Thursday, Saturday, and arrive Cochrane, Ont., 4:30 p.m. Wednesday, Friday, Sunday, there connecting with the "National" from Toronto, and arrive Winnipeg 4:30 p. m. Thursday, Saturday and Monday. On the Eastern trip the through sleeping car will leave Winnipeg 6:15 p. m. Sunday, Tuesday, Thursday, arrive Cochrane 6:55 p. m. Monday, Wednesday, Friday and the "National Atlantic" will leave Cochrane 7:15 p. m. Monday, Wednesday, Friday, arriving Quebec 9:10 p. m. Tuesday, Thursday, Saturday. This is 40 hours of travel, and the quickest time between the two cities. Observation sleeping cars will be operated, thus giving an opportunity of seeing a new portion of Canada in the making while travelling in modern railway comfort.

The "National" travellers will note the hardy pioneer has not only braved the trail, but has commenced settlement, for here and there along this—the most northerly of the eight Transcontinental routes—are already flourishing farming areas. He will see development in the lumber and pulp industry, and the vast possibilities for extension in those directions. He will stop at La Tuque (population over 4,000) and Cochrane (population over 2,000) modern towns with schools, churches, hospital, electric light, built on lands which only a few years ago were in the heart of an unknown wilderness. Other towns in the making and town sites will be observed. He will cross noble rivers and ride in human calculation. **Women's Institutes.**  
The Salmon Beach W. I. is doing its part for home and country. A position lottery brought in \$15.55 for Red Cross work. Fifty-two pairs of socks sent to St. John in May, and a box of comforts sent to Fredericton.

**Ripples W. I.** is most active in patriotic work. During April, \$18.90 were sent to Mrs. Rivers-Bulkely of London to assist in rendering aid to the Canadian soldiers held as prisoners. In May the Provincial Chapter of the I. O. D. E. received the generous sum of \$30 from this branch.

**Household Hints.**  
To give a delicious flavor to a bread or custard pudding, add essence of ginger—as much as you would want in an extract were you using it instead.

To keep linoleum spot and stain, pour a little turpentine in a mixture of equal parts of turpentine and linseed oil.

To clean a raincoat, rub it with a brush cut potato, wipe it with a dampened flannel and dry.

To make sheets have them three yards long and two breadths wide, unless made of full-health linen. Linen sheets wear longer than cotton ones, and in hot weather are the most comfortable. In our variable climate cotton sheets are much preferable, however, especially for delicate or rheumatic people.

To remove screws and nails that have become rusted into wood so that it is impossible to turn them with ordinary tools, rub a little kerosene oil over them and after soaking a short time the rust will give way. Nuts and bolts that have been fixed by rust for years may be made to turn by similar oil damage, pour a little kerosene oil over them and after soaking a short time the rust will give way.

When washing mauve prints and mullins, put a little soda in the water in which they are washed in order to keep the color from running out. Soda is said to have exactly the opposite effect on mauve that it has on other dyes.

**A Bathing Cap That Serves Two Purposes.**  
Most women roll up their bathing suits and tuck them into the silk crepe chief for easy carrying; and some ingenious soul, noticing this, conceived the idea of a bathing cap that could be turned in—in an instant in to a convenient bag. The idea was carried out, and now any woman may possess one of these practical swimming accessories. The bag is fifteen or sixteen inches long and has a deep heading drawn up on narrow tapes or ribbons at the open end. The opposite end is shaped to fit the head. Midway of the bag is a tuck and through the upper half of this tuck an elastic is stretched. When it is desired to turn the bag into a cap, the bottom of the bag is pushed up inside and the shirred tuck with its elastic band becomes the edge, with a becoming trim around the face. The heading at the top of the bag, drawn up tightly on the ribbon, makes a fluffy pompadour at the top of the head.

**Masked.**  
"Such a lot of things happened this afternoon, dear," said Mrs. Youngbride to her husband. "I complained to Nora about the stove not being blackened and she put on her things and left. Then I decided to black the stove myself, and right in the midst of it she should call but Mrs. De Style."

"What in the world did you do?" "I just put some more blacking on my face, went to the door and told her I wasn't in. And off she went, saying she would be again."

Though the Famous Players have established a unique reputation for the beauty and appropriateness of their settings, it is safe to say that never have more carefully selected backgrounds been seen in any production. The most beautiful Japanese gardens in America were obtained for the scenes which transpire in the island kingdom and every property which appears in the film was selected with the assistance of one of New York's most celebrated Japanese art dealers in order to assure the producers against the slightest inaccuracy of detail in the mounting of the photoplay. That these extraordinary precautions have been more than worth while will be the verdict of everyone who sees the finished product.

**Her Seatmate Won a Watch.**  
Newcastle, N. B.  
Dear Uncle Dick—  
I have not tried any contests before, but my sister has tried one or two. I read the Corner every Saturday evening and like it fine. I was going to try some of the contests before, but I didn't have time. I am going to try the Jumble Word Contest, and hope I am the lucky one. My playmate, Marjorie Kennedy got a lovely watch from you, and I am going to try and see if I can't get one. I think I will close, as my letter is getting long and doubtless, you are tired reading it. With best wishes,  
Your niece,  
Edna Jardine.

**Dear Uncle Dick—**  
I wish to join the Children's Corner, which I have seen in the St. John Standard for this long time. I have done the puzzle, in the last week's paper. This is the first letter I have written to you. So I cannot think of very much to write. I have one sister and one brother. And one boy which we took when he was nine years old. He is fighting in France now. I live on a farm and I go to a country school. It is very pretty around here. The flowers are all out in bloom. I am in the third reader at school and third arithmetic. There is twenty-seven on roll at my school, I am the only little girl which has joined your Corner at my school. On Standard Day at my school we each have to have a recitation about our flag. We also sing songs and learn about our flag. Well I guess I will close.  
Yours truly,  
Miriam Anderson.

I wish to join the Children's Corner, which I have seen in the St. John Standard for this long time. I have done the puzzle, in the last week's paper. This is the first letter I have written to you. So I cannot think of very much to write. I have one sister and one brother. And one boy which we took when he was nine years old. He is fighting in France now. I live on a farm and I go to a country school. It is very pretty around here. The flowers are all out in bloom. I am in the third reader at school and third arithmetic. There is twenty-seven on roll at my school, I am the only little girl which has joined your Corner at my school. On Standard Day at my school we each have to have a recitation about our flag. We also sing songs and learn about our flag. Well I guess I will close.  
Yours truly,  
Miriam Anderson.

**Among the new motoring coats is one made of white khaki-kod silk. Its deep cuffs, rolling collar, belt and ten-inch stripe around the bottom are all handpainted in what is known as the rainbow stripe, being composed of wide stripes in the seven colors. A large, white hemp straw hat, also handpainted in wild-flower design around the brim and faced with pale silk, is worn with the coat.**

**Striped parasols will be worn extensively for motor use this summer, to match the new striped dresses.**

**Tomato and Cauliflower.**  
Boil cauliflower until tender, drain and chill. Break it into separate flowers. Peel tomatoes, chill them, and scoop out the top of each a cavity big enough to hold one of the cauliflower sections. Serve with mayonnaise or a cream dressing.

**Are you in earnest? Seize this very minute. Whatever you can do or dream you can begin to do. Boldness has genius, power and magic in it. Only engage and then the mind goes to work. Begin and then the work will be completed.** —Goethe.

**Household Hints.**  
To give a delicious flavor to a bread or custard pudding, add essence of ginger—as much as you would want in an extract were you using it instead.

To keep linoleum spot and stain, pour a little turpentine in a mixture of equal parts of turpentine and linseed oil.

To clean a raincoat, rub it with a brush cut potato, wipe it with a dampened flannel and dry.

To make sheets have them three yards long and two breadths wide, unless made of full-health linen. Linen sheets wear longer than cotton ones, and in hot weather are the most comfortable. In our variable climate cotton sheets are much preferable, however, especially for delicate or rheumatic people.

To remove screws and nails that have become rusted into wood so that it is impossible to turn them with ordinary tools, rub a little kerosene oil over them and after soaking a short time the rust will give way. Nuts and bolts that have been fixed by rust for years may be made to turn by similar oil damage, pour a little kerosene oil over them and after soaking a short time the rust will give way.

When washing mauve prints and mullins, put a little soda in the water in which they are washed in order to keep the color from running out. Soda is said to have exactly the opposite effect on mauve that it has on other dyes.

**A Bathing Cap That Serves Two Purposes.**  
Most women roll up their bathing suits and tuck them into the silk crepe chief for easy carrying; and some ingenious soul, noticing this, conceived the idea of a bathing cap that could be turned in—in an instant in to a convenient bag. The idea was carried out, and now any woman may possess one of these practical swimming accessories. The bag is fifteen or sixteen inches long and has a deep heading drawn up on narrow tapes or ribbons at the open end. The opposite end is shaped to fit the head. Midway of the bag is a tuck and through the upper half of this tuck an elastic is stretched. When it is desired to turn the bag into a cap, the bottom of the bag is pushed up inside and the shirred tuck with its elastic band becomes the edge, with a becoming trim around the face. The heading at the top of the bag, drawn up tightly on the ribbon, makes a fluffy pompadour at the top of the head.

**Masked.**  
"Such a lot of things happened this afternoon, dear," said Mrs. Youngbride to her husband. "I complained to Nora about the stove not being blackened and she put on her things and left. Then I decided to black the stove myself, and right in the midst of it she should call but Mrs. De Style."

"What in the world did you do?" "I just put some more blacking on my face, went to the door and told her I wasn't in. And off she went, saying she would be again."

Though the Famous Players have established a unique reputation for the beauty and appropriateness of their settings, it is safe to say that never have more carefully selected backgrounds been seen in any production. The most beautiful Japanese gardens in America were obtained for the scenes which transpire in the island kingdom and every property which appears in the film was selected with the assistance of one of New York's most celebrated Japanese art dealers in order to assure the producers against the slightest inaccuracy of detail in the mounting of the photoplay. That these extraordinary precautions have been more than worth while will be the verdict of everyone who sees the finished product.

**TODAY'S LITTLE JOKE.**  
Little Willie felt indisposed, and the family doctor offered him to take a powder. "Come on, dear," said mother coaxingly, when the powder arrived. "I'll take this; it will make you quite well at once." "Don't want to!" wailed Willie, backing away from the teaspoon. "Oh, Willie," his mother said reproachfully, as she drew the small boy near to her, "you've never heard me complain about a little powder, have you?" "No, an' neither would I," was young Willie's startling reply. "If I could just put it on my face as you do. But I have to swallow it!"

**EXTRACTS FROM THE MAIL BAG.**  
Enjoying the Corner, N. B.  
Dear Uncle Dick—  
I have been reading the letters in the Children's Corner, and think them very interesting. So seeing the Jumble Word Contest, I thought I would try it. With love and best wishes to yourself and Corner.  
Your loving niece,  
Garda Alexander.

**P. E. Island New Member.**  
Summerdale, P. E. I.  
Dear Uncle Dick—  
I would like to join your Corner. I read the Corner every Tuesday, and I like it very much, especially the Uncle Wiggly stories. I hope I will be able to join the Corner. With best wishes,  
From your niece,  
Elna Blizard.

**Her Seatmate Won a Watch.**  
Newcastle, N. B.  
Dear Uncle Dick—  
I have not tried any contests before, but my sister has tried one or two. I read the Corner every Saturday evening and like it fine. I was going to try some of the contests before, but I didn't have time. I am going to try the Jumble Word Contest, and hope I am the lucky one. My playmate, Marjorie Kennedy got a lovely watch from you, and I am going to try and see if I can't get one. I think I will close, as my letter is getting long and doubtless, you are tired reading it. With best wishes,  
Your niece,  
Edna Jardine.

DATE CHANGED FOR DEPARTURE OF THE 132ND

Col. Mersereau's Battalion Not to Go to Valcartier Just Yet—No Word Concerning Other Units.

The 132nd Battalion, C.E.F., which was to leave New Brunswick on Saturday for Valcartier will remain in this province for awhile longer, according to advice from the military authorities.

The men had their first drill in adjusting the new overseas kit yesterday here on Barrack Square, after which the different companies held a short march out with the new kit on.

The advance party consisting of one hundred men and two officers will leave Saturday for Valcartier. The remainder of the battalion will follow on Tuesday next.

Today will be spent in the usual routine work with Lieut. Scott as orderly officer.

The battalion held a route march yesterday out as far as Seaside Park. Here the boys were put through the battalion drill by Col. Beer.

Today the regular routine work will be carried out and probably a march to Seaside Park will be held this afternoon. Lt. Thorne will be the orderly officer, with Lt. Granman next for duty.

Saturday, June 10th, will be the day on which "B" class of the Provincial School of Infantry will be held. There will be present at the examinations Major Carter, 140th Battalion, as president, Captain Cress and Lieut. Tanner of the 25th Battalion.

The final class "C" will be commenced here but it will probably be completed at Aldershot, N. S. There are about eighty-five to be examined.

Captain Wetmore informed The Standard yesterday that there was still an opening for a number of men in the Composite Battalion on Partridge Island, which is to be converted into a siege battery in a few weeks.

Persons desirous of enlisting in this branch of the service can apply either at the recruiting office or to Captain Wetmore.

Captain P. D. Tilley is expected home today. Capt. Coyne of New Brunswick command will leave today for St. Leonard.

An inspection of the ordnance stores of the 115th Batn. will be held on Saturday. The board of inspectors will consist of Major G. S. Kennedy, Captain L. G. Goodlife and Capt. D. S. Bill.

Major Brooks left last night for Sussex to join his battalion, the 104th. The 150th Battalion, stationed at Amherst, will leave for Valcartier on June 17th.

A Peterson on behalf of the many friends of Lieut. F. J. Nesbit at Renforth, presented him with a sleeping bag of the type used at the front, on Saturday evening at the club rooms of the Renforth Outing Association.

Captain Grant attached to the 237th American Battalion was in the city yesterday. Captain Hawkins and Lieut. Myles will be in St. John today in the interest of the American Battalion.

Ritchie Roseborough enlisted yesterday at Fredericton for the 115th Battalion. Captain Lawrence arrived in the city yesterday from Sussex. Lieutenants Simons, Fawcett and Cavers returned to Sussex last night to the 104th Battalion.

Don't forget the Patriotic Carnival, at Seaside Park Saturday afternoon and evening. The big attraction of course will be the presentation of the regiments colors to the 115th, and the new band instruments to the 140th. Throughout the afternoon and evening a regular Pike will be in evidence, and the ladies will be on hand to see that everybody has a chance to spend their loose change in a good cause.

The ladies of Brunswick Chapter I. O. D. E. will be in charge assisted by the Junior Red Cross. They will serve sandwiches and coffee, and ice cream, so come along and have a good time.
