## DESIRE FOR PEACE TO POPE

### BRITISH FORCES HOLD ALL THE GAINS THEY MADE IN FLANDERS

**Was Highly Successful Battle for Commanding Position and Great Victory Leaves the Enemy in Wide Tract at Most Serious Disadvantage.**

**Field Marshal Haig's Men Captured More Than Three Thousand Prisoners—British Repel Several Strong Counter-Attacks, Enemy Losing Heavily.**

British Front in France and Belgium, Sept. 21.—This morning found the British still holding strongly the important positions which they had wrested from the Germans. The consolidating process effected in the night was facilitated by the British artillery, its effective work preventing the Germans from bringing up their reserves. The importance of the new ground won, lies in the fact that it was high ground, taking in the ridge on which the Anzac's flag now flies and extending southward and constituting the keys to one of the German defenses here. Over this the on-rushing British yesterday swept with irresistible force. Aside from local operations southwest of Gheluvelt, the situation south of the Anzac stronghold was virtually unchanged. The Germans shelled the left of this front heavily during the night and showed considerable activity also immediate to the north.

**Disperse Counter Attack.**  
The fighting yesterday was very bitter in many places. The enemy battled determinedly to hold their positions and when once forced from the lines they were defending, continued to return to the attack in an effort to oust the British. During the day no less than six counter-attacks were delivered on the front north of the Anzacs, but in each instance the assaulting troops were hurled back.

**British Improve Line.**  
Throughout this time the British continued to improve their line, reaching out here and there to occupy positions which would give them a stronger hold.  
In the day's success, many parts of the empire were represented, Australia, South Africa, England, Scotland, all gave of their magnificent troops, who pushed out across the inhospitable marshlands and battled their way through concrete machine gun emplacements and redoubts. The whole operation was a remarkable demonstration of what organization backed with plenty of big guns can accomplish.

**Over 3,000 Prisoners.**  
London, Sept. 21.—The number of German prisoners taken by the British in yesterday's fighting on the Belgian front now exceeds 3,000, according to a statement issued by the British War Office. The British yesterday repulsed several strong counter-attacks of the enemy who suffered exceptionally heavy losses.

**Further evidence of the continuous and obstinate nature of the enemy's counter-attacks yesterday in which he suffered exceptionally heavy losses and gained no advantage.**  
"During today fighting of minor character has taken place on different parts of the battlefield. We have advanced our line at a number of points and have beaten off further German counter-attacks. This morning English county troops attacked and captured a collection of German trenches and converted strong points south of the Tower Hamlets.  
"Later in the day the enemy launched a powerful counter-attack against the Tower Hamlet Ridge. This attack was repulsed after heavy fighting. East of St. Julien, regiments from Liverpool and Lancashire gained possession on a fortified farm, where a party of the enemy had succeeded in holding out during a previous attack. These regiments also cleared up a number of dangerous and strong points lying in front of their new position. This evening another German counter-attack east of Langemarck was broken up by our artillery.  
"The number of prisoners taken by us in yesterday's fighting so far reported exceeds 3,000."

**Indomitable Gallantry.**  
London, Sept. 21.—The British War Office Agency—Telegraphing from British Headquarters in Flanders, Reuters, correspondent says: "The more one admires the mastery tactics and indomitable gallantry displayed.  
"Never has the British Army had to tackle a tougher proposition than that set by the attack on a defensive area of great depth, held so densely that it may be estimated that there was an average of over four Germans to every yard of front.  
"To the Anzacs and some of the

### BERNSTRÖFF REVEALS NO SURPRISE

Deliberate and Brazen Attempt by German Machine to Influence Congress.

SEVERAL MEMBERS UNDER SUSPICION

Investigation of Senators and Representatives May Be Held.

Washington, Sept. 21.—Secretary of State Lansing today made public an astounding addition to the series of disclosures covering German intrigues in America and elsewhere, a message sent by Count Von Bernstorff, in January of this year to the Berlin foreign office, requesting authority to pay out \$50,000 to influence congress through an untried organization, apparently known to the Berlin authorities.

**Information in the possession of the government, but not yet revealed, is said to show conclusively a more direct connection of the German machine in America with the Irish question than that indicated in Count Von Bernstorff's message.**

**Today's announcement by the state department is the first official utterance of the government with regard to the German ambassador's active personal participation in the mass of plots and intrigues conducted for Germany's benefit in this country since the beginning of the European war.**

**Little surprise was occasioned either in official circles or at the capitol, although members of congress were highly indignant. There was some talk at the capitol of demanding an investigation.**

**Count Von Bernstorff, who declared he had sent the same letter to the papers but that they would not publish it. He said he was utterly opposed to conscription, military, industrial or otherwise and held with Emerson "that it is right to disobey a wrong law."**

**Draper Heard From.**  
The Montreal Trades and Labor Council, wishing the delegates successful in the deliberations and hoping that the spirit of the proceedings "will be a protest against the autocratic legislation of the government, especially the conscription bill."

### TEUTONIC ALLIES DECLARE DESIRE FOR END OF WAR

**German Government in Reply to Peace Note of Pope Benedict "Cherishes Lively Desire" That Appeal May Meet With Success—Emperor William Consulted High Officials on Subject.**

**Emperor Charles of Austria Sees in Pope's Plan Suitable Basis for Initiating Negotiations Toward "Just and Lasting Peace"—Expresses Hope Opposing Nations May Agree.**

Amsterdam, Sept. 21.—The German government in its reply to the peace note of Pope Benedict, a copy of which has been received here, "cherishes a lively desire" that the appeal may meet with success.

**THE AUSTRIAN REPLY.**  
Amsterdam, Sept. 21.—The reply of Emperor Charles of Austria-Hungary to the peace note of Pope Benedict, says a despatch from Vienna, was handed to Monsignor T. Valfre Di Bonzo, the Papal Nuncio, at Vienna on Thursday.

**Freedom of the seas is one of the peace hopes of Emperor Charles in order that heavy material burdens could be taken from the nations of the earth and new sources of prosperity opened to them.**

**Freedom of the seas is one of the peace hopes of Emperor Charles in order that heavy material burdens could be taken from the nations of the earth and new sources of prosperity opened to them.**

**Text of Reply.**  
The text of the reply follows: "Holy Father:—With due veneration and deep emotion we take cognizance of the new representations Your Holiness, in fulfillment of the holy office entrusted to you by God, made to us and the heads of the other belligerent states with the noble intention of leading the heavily tried nations to a unity that will restore peace to them."

**With a thankful heart we received this fresh gift of fatherly care which you, Holy Father, always bestow on all people without distinction and from the depth of our heart we greet the moving exhortation which Your Holiness has addressed to the governments of the belligerent peoples. During this cruel war we have always looked up to Your Holiness as to the highest personage, who in virtue of his mission, which reaches beyond earthly things and thanks to the high conception of his duties laid upon him, stands high above the belligerent peoples, and who is in accessible to all influence, was able to find a way which may lead to the realization of our own desire for peace, lasting and honorable for all parties.**

**Peace Would Blossom Forth.**  
"If, as we most heartily desire, agreements should be arrived at between the belligerents which would realize this sublime idea and thereby

### MOVEMENT TO ELECT GERMAN CANDIDATES

Teuton Plot in Saskatchewan Exposed by the Government.

Debate Waxing Warm at Times and Personalities Indulged In.

Special to The Standard.  
Ottawa, Sept. 21.—A movement is on foot to elect Germans to parliament for Saskatchewan. The "German Canadian Provincial Bund of Saskatchewan" is the title of a union of Saskatchewan Germans which has been formed at a meeting held in Regina and in Toronto regarding which has been sent to the government here. The meeting decided unanimously to found a "propaganda and campaign fund."

**A circular sent out to their countrymen asking for funds says: "It is useless to mention here that such matters concern us only as Canadian citizens. There are the people in this country who have a better opinion of us Germans, especially now in time of war."**

**Further north the South Africans were doing splendid work. They swept forward toward their mark with irresistible force and although it is yet too early to gather the full story of the deeds of those spring-boks, who are still almost the model of the English line regiments and who shall say that either got the best of it in that glorious competition. They got there, one and all and they made up their minds to stay.**

**WATERS RE-ELECTED.**  
Ottawa, Sept. 21.—President Waters was re-elected at the closing session of the Trades and Labor Congress.

**NEW CHIEF OF STAFF.**  
Washington, Sept. 21.—Major-General Tasker H. Bliss today was named chief of staff of the United States army, to succeed Major-General Hugh L. Scott, who retires tomorrow.

**LIGHTNING HITS JUDGE.**  
Bytner, N. S., Sept. 21.—Lightning last night struck the home of Judge D. Finlayson, county court judge, formerly M. P. for Richmond. Judge Finlayson sustained a slight shock. The house was slightly damaged.

### FAVOR OWN CANDIDATES

Washington, Sept. 21.—Secretary of State Lansing today made public an astounding addition to the series of disclosures covering German intrigues in America and elsewhere, a message sent by Count Von Bernstorff, in January of this year to the Berlin foreign office, requesting authority to pay out \$50,000 to influence congress through an untried organization, apparently known to the Berlin authorities.

**The reference to avoiding war is taken as an indication that Ambassador Bernstorff had prior knowledge of his government's intention to proclaim a mercifully widespread submarine warfare and that he was equally confident that the United States government could not be easily placated by mere promises.**

**Information in the possession of the government, but not yet revealed, is said to show conclusively a more direct connection of the German machine in America with the Irish question than that indicated in Count Von Bernstorff's message.**

**Little surprise was occasioned either in official circles or at the capitol, although members of congress were highly indignant. There was some talk at the capitol of demanding an investigation.**

**Count Von Bernstorff, who declared he had sent the same letter to the papers but that they would not publish it. He said he was utterly opposed to conscription, military, industrial or otherwise and held with Emerson "that it is right to disobey a wrong law."**

**Draper Heard From.**  
The Montreal Trades and Labor Council, wishing the delegates successful in the deliberations and hoping that the spirit of the proceedings "will be a protest against the autocratic legislation of the government, especially the conscription bill."

### PATRIOTIC FUND WINS THE DAY

Amendment in Trades Congress That Workers Withdraw Beaten.

SESSION LASTS MANY HOURS

Circular Issued Appealing to Friends for Financial Support.

Ottawa, Sept. 21.—When the Trades and Labor Congress resumed this afternoon, a letter written by the members of International Moulders' Union, No. 26, of Hamilton, to Sir Robert Borden and Sir Edward Kemp, was read to the delegates. The letter contained sentiments of loyalty to the government in the enforcement of the conscription bill but urged that something be done to lift the discrimination against the Canadian and British born subjects of allied countries by an immediate arrangement with the government of the conscription and by imposing a tax, according to income or earning power, upon males of enemy countries, naturalized British subjects and residents in Canada.

**The members of the union wrote that some doubt existed in their minds as to the government's attitude towards unnaturalized and alien males of the ages specified in the conscription bill report for medical examination following the proclamation of British birth? If the latter, such discrimination would be to the detriment of Canadian and British manhood. Something should be done to remove this discrimination. Allens in Hamilton and elsewhere were already boasting of the fact that the conscription would open the cream of the jobs to them.**

**The letter pointed out that Hamilton moulders had given a lot of men to the front and "we are determined to see the war through to the end for the cause of right against might."**

**This letter was received and filed as was a letter from John Lyons, well known in Ottawa, who declared he had sent the same letter to the papers but that they would not publish it. He said he was utterly opposed to conscription, military, industrial or otherwise and held with Emerson "that it is right to disobey a wrong law."**

**Draper Heard From.**  
The Montreal Trades and Labor Council, wishing the delegates successful in the deliberations and hoping that the spirit of the proceedings "will be a protest against the autocratic legislation of the government, especially the conscription bill."

**Peace Would Blossom Forth.**  
"If, as we most heartily desire, agreements should be arrived at between the belligerents which would realize this sublime idea and thereby

### CAN BE TRIED FOR JURY BY SEDITION

Judge Lanctot Gives Decision in Case of Anti-Conscriptionists.

Montreal, Sept. 21.—Ferand Villeneuve, P. E. Mongeau, Alfred Cote and Antoine Grenier, four of the anti-conscriptionists under arrest on charges of sedition, have the right to choose as to whether they shall be tried by a jury or not. So Judge Lanctot decided this afternoon, after the Crown counsel and counsel for the prisoners had argued the question long and ardently. The judge ruled that this is the inalienable right of the prisoners. However the choice was deferred by their counsel until after the preliminary hearing. Paul Lafortune, the fifth anti in custody, comes up before Judge Lee.

### \$11,000,000,000 U. S. WAR CREDIT

Washington, Sept. 21.—The eleven billion dollar war credits bill conference report was adopted today by the House and the measure went to the White House for the President's signature. The Senate acted yesterday.

**FUSION IN REGINA.**  
Regina, Sask., Sept. 21.—Conservative of Regina are being called together next Friday for the purpose of appointing a committee to meet with a Liberal committee and bring out a fusion candidate for the Regina federal seat.

# MILLIONS IN WAR ORDERS COME TO MILLION

## IMPORTANT BOOST FOR THE TRADE OF CANADA

### Millions of Dollars Worth of Orders Being Placed for Food Stuffs, Munitions, Cotton Goods and Woolen Gloves—Canadian Credit for \$150,000,000.

Special to The Standard.  
Ottawa, Sept. 21.—Provision by the Canadian banks of credits amounting to upwards of \$150,000,000 was considered today in a conference between Sir Thomas White and the executive of the Canadian Bankers' Association.

These credits, which are apart from the coming international war loan which will enable the British government to make purchases in Canada, which otherwise might go to the United States.

## 14 CANADIANS ARE KILLED

### C. McRae of St. John Who Was Prisoner of War Now Released.

Ottawa, Sept. 21.—In a casualty list of 139 names issued from the record office of the militia department to-night, 14 Canadian soldiers are reported killed in action, nine died of wounds, twenty repatriated, one missing and the balance wounded, gassed or ill.

Maritime names:  
Killed in Action—Infantry.  
C. H. Duffey, Charlottetown, P. E. I.  
B. H. Matthews, address not stated.  
Lieut. of Wounded—  
Acting Corporal F. L. Pike, Barrington, N. S.  
E. G. Stinson, Amherst, N. S.  
Wounded:  
Acting Corporal F. J. Thibodeau, Moncton, N. B.  
Gassed:

## RIVERSIDE LADY NEW PRESIDENT

### W. C. T. U. Elects Officers at Closing Session—Sackville To Be Next Meeting Place.

Special to The Standard.  
St. Stephen, Sept. 21.—A very successful and profitable convention of the W. C. T. U. was brought to a close today, Sackville being chosen as the place of the meeting next year.

## NEW IDEAS SEEN IN YORK STORES

It brought visions of snow and ice, this coat of fur. With collar, cuffs and a wide, irregular border of deep-toned Hudson Seal for contrast, there was also a narrow belt which itself in the grey squirrel of the coat itself, its length reached to just above the knees.

## ST. JOHN CASES DECIDED BY APPEAL COURT

### Judgments Given on Number of Important Cases by Supreme Court of Appeals at Fredericton.

Special to The Standard.  
Fredericton, Sept. 21.—The supreme court of appeal handed down a number of judgments today, a few of which are of direct interest to St. John litigants.

## CURING SKIN TROUBLES

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritation that a word of advice is necessary. It is a great mistake for such sufferers and those with bad complexions to smear themselves with greasy ointments.

## PATRIOTIC FUND WINS

### Delegates on Trade Unionism amongst Women, Urging the Co-operation of the Members of Congress and the Appointment of a Committee to Work with the Women's National Trade Union Movement of the United States.

Montreal, Sept. 21.—The eighth annual convention of the grand division Canadian Brotherhood of Railroad Employees was brought to a close this evening.

## WOMEN IN INDUSTRY

R. A. Rigg, of Winnipeg, moved, and the resolution was adopted, that "executive control of this congress appoint a committee of men and women to work continuously upon the question of women in industry in Canada with the view of co-operating with the National Women's Trades Union League in order to prevent the women workers, whose exploited condition is pitiful in the extreme, besides forming a continual menace to the existing standards of their brother workers."

## NEW FALL WEIGHT OVERCOATS

### Some smart 20th Century Brand Slip-ons have just come in—Grays and Browns.

We like you to see these, they are excellent examples of skilled designing and fine tailoring. The fit and drape come very near perfection.

### Remember the trousers sale ends tonight. A clean up of stock at \$1.00, \$2, etc. a pair.

### Gilmour's, 68 King St. Open Saturday Evenings.

## THE WEATHER

### Maritime—Moderate to fresh north-westerly to northerly winds, fine and cool.

### New England—Fair Saturday and probably Sunday, moderate northwest winds.

### Toronto, Sept. 21.—The weather has been fine throughout Canada today, quite warm in the provinces and comparatively cool elsewhere.

## MINIATURE ALMANAC

Arrived on Friday, Sept. 21.	Departed
Steamers: Grand, Mann, North Head, John L. Cann, Westport, St. John, Alma, Chatham, Advocate Harbor.	Steamers: Grand, Mann, North Head, John L. Cann, Westport, St. John, Alma, Chatham, Advocate Harbor.

## To Relieve Catarrh Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed.

## LUNENBURG REGATTA

Lunenburg, N. S., Sept. 21.—Fine weather favored the second annual fishermen's regatta held here today.

## STEAMER SUNK

New York, Sept. 21.—The British steamship Vienna, 4,170 tons, chartered by the French Line, has been sunk while on a voyage from Bristol to New York.

## STEWART KENDALL WAS SHIPWRECKED ON THREE SELS AND WAS THRICE TORPEDED.— IS NOW HALIFAX.

Halifax, Sept. 21.—The lure of the sea is great and those who follow the life find it hard even in face of untold danger and hardship, to give up following the ocean as a means of livelihood. It is this same indomitable spirit that caused Thomas Kendall to cook and steward on the tern schooner Annie L. Warren, about to sail for Newfoundland, to continue the sea-faring life.

## THE POLICE COURT

In the police court yesterday C. S. Lusk was excused after being reported as driving on the wrong side of Main street.

## UNSEEMLY SCRAMBLE BY GOITS

Rush for Hon. A. D. Richard's Office Before it Was Vacant—Alphonse Would Like Job, But Legere May Get It.

## MAJOR LEWIS PROMOTED.

Ottawa, Ont., Sept. 21.—The promotion of Major E. M. Lewis, M. P., to the temporary rank of lieutenant-colonel, while specially employed as announced in military orders gassed today.

## DIED.

ROBSON—On the 30 inst. at his home, St. John street, West St. John, William Robson, aged 82 years, leaving his wife, three sons and six daughters to mourn.

## IF YOU WANT HEALTH YOU CERTAINLY NEED BEECHAM'S PILLS

you can have it, by heeding Nature's laws. Keep the stomach strong, the liver active, the blood pure, and the bowels regular, and you will seldom be ill. Take good care of these organs, and at the first sign of anything wrong—promptly take Beecham's Pills.

## Real Wonder-Worker For Wrinkled Faces

Those who have tried all sorts of so-called "wrinkle-removers" in vain, and who are weary, can scarcely wait for the magic formula, once they have tried it, as well as its marvelous effectiveness, as well as upon the very one—Beecham's Pills.

## THE POLICE COURT.

In the police court yesterday C. S. Lusk was excused after being reported as driving on the wrong side of Main street.

John K. Kennedy was fined \$10 for allowing his car to stand in front of his office on Main street from 5.15 to 6.10 o'clock on the afternoon of the 20th.

## Memories of "the nicest cup of tea I ever tasted"

ROBSON—On the 30 inst. at his home, St. John street, West St. John, William Robson, aged 82 years, leaving his wife, three sons and six daughters to mourn.

DIED.

THE POLICE COURT.

# TRICE SHIPWRECKED AND THrice TORPEDOED

## NEAR DEATH SIX TIMES, BUT REFUSES TO QUIT THE SEA

### Stewart Kendell Was Shipwrecked on Three Vessels and Was Thrice Torpedoed — Is Now at Halifax.

Halifax, Sept. 21.—The lure of the sea is great and those who follow the life find it hard even in face of untold danger and hardship, to give up following the ocean as a means of livelihood. It is this same inclination that is causing Thomas Kendell cook and steward on the tern schooner Annie L. Warren, about to sail for Newfoundland, to continue the seafaring life. Since May, 1916, Kendell has been torpedoed three times and shipwrecked three, a total of six narrow escapes from a watery grave in fifteen months. In May, 1916, he went on a steamer to the Great Lakes service. After serving a time on this steamer he shipped on a schooner called the schooner Lique, which was bound for an American port with a load of lumber. The schooner arrived safely at her destination, and was on her way back with a load of hard coal, when going over the Nantucket shoal, she struck a submerged wreck. Life savers rescued every man on board. Kendell is now aboard the tern schooner Annie L. Warren as steward. He returned to Halifax, and a few days left for Montreal to join another steamer.

Again in Trouble.

He served a time on this steamer and returned here and shipped on the schooner Lena F. Oxner. This vessel was bound for an American port with a load of lumber, and three days out from Halifax she became waterlogged and put into port again. Kendell once more returned home, only to leave in a few days for Lunenburg to join the tern schooner Maylo, which was loading fish for Europe.

The vessel started on her long voyage, which was never completed, for when she was within seventy miles of her destination, a German submarine appeared and another fine vessel went to the bottom. The crew landed on the coast of Portugal and later were sent to Lisbon. At Lisbon they were sent on a steamer to England, and as the ship was short of crew they worked on the passage to help out. The steamer had a total of 1,200 persons on board. Nearing the English coast a submarine appeared on the surface and sent three torpedoes into the steamer. The number saved was about four hundred, including a number of children. Capt. Hamilton, who was in command of the ill-fated Maylo, was among those lost.

The boats, which were crowded to capacity, were being picked up by another steamer, when she was torpedoed and all her crew lost. Finally the sent three torpedoes into the steamer.

Another Experience.

Returning to Halifax Mr. Kendell spent twelve days in hospital as a result of his latest experience and on coming out of hospital shipped on the schooner Lique, which was bound for an American port with a load of lumber. The schooner arrived safely at her destination, and was on her way back with a load of hard coal, when going over the Nantucket shoal, she struck a submerged wreck. Life savers rescued every man on board.

Kendell is now aboard the tern schooner Annie L. Warren as steward. He returned to Halifax, and a few days left for Montreal to join another steamer.

### WAGE RAISE FOR A QUARTER MILLION

United States Steel Corporation Makes Announcement of 10 Per Cent. Advance.

New York, Sept. 21.—The United States Steel Corporation announces that an advance of ten per cent. in wages will be granted on Monday, Oct. 1st.

The advance will be followed by most of the independent companies in the United States and will affect fully 250,000 persons.

### WOMAN STOLE HER HUSBAND'S CASH

Set Fire to Barn and Cuts Up Other Capers While Hubby is at Lodge.

Halifax, Sept. 21.—Mrs. Stone, wife of George Stone, a farmer at Fall River, ten miles outside the city, today confessed to having set fire to her husband's barn and taken the cash out of his safe. The night of the fire Mrs. Stone, who was alone in the house, ran to the Orange Lodge, where her husband was attending a meeting and told him that two men had set her barn afire, and entering his house, had stolen all his money. The police could find no trace of the supposed robbers and today Mrs. Stone broke down and confessed that she herself was the culprit.

### CAPT. McDONALD IS SUSPENDED

New Glasgow, N. S., Sept. 21.—The court of inquiry into the sinking of a schooner at the entrance of Pictou harbor a few weeks ago, by the C. G. S. Arammore, has given its decision. J. D. O'Connell to Evelyn Dobson, Captain McDonald of the Arammore has had his certificate suspended for nine months.

### MUNITIONS MAN AND MACHINIST MAY GET REWARD

\$5,000 Going to Some Persons for Capture of Alleged Dynamiter and Bandit.

Montreal, Sept. 21.—The \$5,000 reward for the capture of Henri Monette, alias Charles Edouard Girard, the alleged bandit and dynamiter, who was arrested last Tuesday afternoon at Pointe Aux Trembles, may go to Coursoi Mathieu and Joseph Bastien, the former a machinist and the latter a munitions worker of this city.

### ROYAL SCARLET CHAPTER

A largely attended meeting of the Royal Scarlet Chapter, of St. John county east, was held last night in the chapter room, Orange Hall. Six candidates were advanced to the rank of knighthood. Delegations were present from Baywater and other outside points and the meeting was most enthusiastic one. A number of addresses were delivered and refreshments were served.

## NEW FALL WEIGHT OVERCOATS

Some smart 20th Century Brand Slip-ons have just come in — Grays and Browns.

We like you to see these, they are excellent examples of skilled designing and fine tailoring. The fit and drape come very near perfection.

### To Relieve Catarrh Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief by the discharge of mucus from the middle ear. Sufferers who could scarcely have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows: Secure from your druggist 1 oz. Eumatin (Double Strength), about 90 cents' worth. Take this home and add to it 1/2 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Eumatin is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results fit gives are nearly always quick and effective.

Every person who has catarrh in any form should give this recipe a trial.

### Real Wonder-Worker For Wrinkled Faces

There are those who have tried all sorts of so-called wrinkle-removers in vain, and who have failed to express their delight with the results of the Real Wonder-Worker. This is a trial. The means of the Real Wonder-Worker is not only to remove the wrinkles upon the forehead, but also to remove the wrinkles upon the eyes, and its effectiveness is only equalled by its safety. It is not only the most effective and safe remedy for wrinkles, but also a most effective and safe remedy for all sorts of skin troubles.

## UNSEEMLY SCRAMBLE BY BRITS

### Rush for Hon. A. D. Richard's Office Before it Was Vacant — Alphonse Would Like Job, But Legere May Get It.

Special to The Standard.  
Dorchester, Sept. 21.—There is a merry fight on for the office of registrar of deeds, wills, etc. in Westmorland, which position has been made vacant by the death of Hon. A. D. Richard. So anxious were some of the applicants that others should not be ahead of them that applications to the Carter government were made some time before the office became vacant. There are many very active applicants for the office and many others who regard it with longing eyes, but realize that they have no chance against the politicians and political heeled in the running.

Among those whose claims it is rumored, are being pressed most strongly for the registrarship are C. M. Legere, M.L.A., Hon. F. J. Sweeney, M.L.A., Alphonse LeBlanc, warden of the county, John Doherty and Frank C. Robinson, brother of Hon. C. W. Robinson.

Other names mentioned in connection with the vacancy are Geo. H. Cochrane, Moncton; Patrick Hebert County Treasurer and G. A. Taylor, County Secretary.

Among the numerous applicants it is difficult to predict who will land the plum, but it is reported that a member of the government has said that the job must go to a French-Canadian, in which event it is believed C. M. Legere stands the better show. The office has been dangled before the eyes of several of the applicants and the Carterites will have some difficulty in reconciling the different factions to the appointment no matter who the lucky man is.

### THE POLICE COURT.

In the police court yesterday C. S. Leach was excused after being reported for driving on the wrong side of Main street.

W. H. Bell's chauffeur was reported for driving on the wrong side of the street. The case will be heard Monday.

John K. Kennedy was fined \$10 for allowing his car to stand in front of his office on Main street from 5.15 to 6.10 o'clock on the afternoon of the 20th.

One drunk was remanded.

## Pay Will Be The Same

Men selected under the Military Service Act will receive the same pay as those now on active service receive. Pay will start from the time a man reports for duty. Money from the Patriotic Fund and Separation Allowance will also be available for selected men.

Canadian soldiers are well paid. The fact that wages in Canada are generally higher than those paid in Europe is recognized in the system of remuneration for men on active service. Clothing and all equipment in addition to food is also supplied to the Canadian soldier, leaving him with no expense except personal incidentals.

The rate of pay for men in the Canadian Expeditionary Force, other than commissioned officers, is as follows:

Rank	Pay	Field Allowance
Warrant Officers	\$2.00	30 cts.
Regimental Sergt-Major, if not a Warrant Officer	1.85	20 "
Quartermaster-Sergeants	1.80	20 "
Orderly Room Clerks	1.50	20 "
Orderly Room Sergeants	1.50	20 "
Pay Sergeants	1.50	20 "
Squad, Batt., or Co. Sergt-Major	1.60	20 "
Colour-Sergeant or Staff-Sergeant	1.60	20 "
Squad, Batt., or Co. Q.M.S.	1.50	20 "
Sergeants	1.35	15 "
Lance-Sergeants	1.15	15 "
Corporals	1.10	10 "
Lance-Corporals	1.05	10 "
Bombardiers, or Second Corporals	1.05	10 "
Trumpeters, Buglers, and Drummers	1.00	10 "
Privates, Gunners, Drivers	1.00	10 "
Sappers, Batmen, etc.	1.00	10 "

As in the case of those already gone overseas, Separation Allowances will be available for those dependent for livelihood upon selected men. The Separation Allowance is \$20.00 per month for the rank and file, \$25.00 for sergeants and staff-sergeants and \$30.00 for warrant officers. The experience is that many men can afford to assign half their pay to dependents, in addition.

A considerable number of men who have enlisted in the Canadian forces have found themselves better off under the army rate of pay, which is granted in addition to board, lodging, clothing, equipment, transportation, etc., than they were while in civilian positions. Their wants are provided for, and they receive a steady addition to the bank account each month.

Issued by The Military Service Council.

## WILCOX'S SATURDAY AND MONDAY SPECIALS

Here's a chance to save \$1.00 on every \$10.00 you spend by taking advantage of the special discount for Saturday and Monday only. TEN PER CENT. # FINDERS VICTORY GREATEST OF ENTIRE YEAR

## COMPLETE SUCCESS BY BRITISH CONFIRMED BY LATE DETAILS

### Canadian Troops Gradually Squeezing Enemy Forces Out of Lens—Crown Prince Defeated at Mont Haut—Japan Not to Send Soldiers Just Now to Aid Allies.

## THURSDAY'S VICTORY PRONOUNCED THE GREATEST OF PRESENT YEAR

London, Sept. 21—Field Marshal Haig, in later reports regarding the British offensive on the Belgian front yesterday, when the British troops pushed through the German lines for a distance of more than a mile, says that the completeness of the British success is confirmed by detailed accounts of the battle.

The war office, after the receipt of Field Marshal Haig's report, issued the following bulletin:

"More detailed accounts of yesterday's battle confirm the completeness of our success.

The Enemy Losses Great.

"During the evening local attacks delivered by us in the neighborhood of Tower Hamlets and northeast of Langemarck cleared up several strong points and completed the capture of our objectives in these localities.

"It is now established that in the many counterattacks delivered by considerable forces of the enemy during the afternoon and evening his casualties were unusually heavy.

"The clear light of the latter part of the day enabled our troops to obtain warning of impending attacks, and in every case the advancing lines of German infantry were destroyed by the concentrated fire of the guns of our men.

"The obstinacy with which the enemy constantly repeated his attacks only added to his losses without recovering for him any of the valuable ground which we had won."

Is Greatest Victory of Year.

British Front, Sept. 21—(Associated Press)—Today from the newly acquired enemy stronghold known as Anzac, southeast of Zonnebeke, flutters the Australian banner, symbol of the greatest victory, which has marked British operations in the western theatre in the last year, not excluding that at Messines.

Southwest of Chévalvert, the Germans still are holding a position which the British desired, and today at 9.40 o'clock Field Marshal Haig sent a local attack here.

During the night the British forces with comparatively little opposition consolidated and considerably improved the new line which they had won in their offensive against the Germans to the east of Ypres.

Light British Losses.

Exhausted by his previous efforts, the enemy made no counterattacks during the night, and our troops were able to consolidate the positions undisturbed. Our own losses in the battle are light. In the course of the night small hostile attacks were driven off west of Havincourt and west of Lens.

Great British Gains.

British Headquarters in France, Sept. 20—(Associated Press)—The British offensive which began at dawn over a wide front east of the Ypres salient found the attacking forces late today holding many new positions of vital importance and continuing the fight in German territory along a line which in many places represented a gain of a mile in depth.

Strongholds Captured.

Such redoubtable strongholds as Nun's Wood, Glencorse Wood, Inverness Copse and Shrewsbury Forest, which have withstood numerous fierce assaults recently were entirely overrun by the British, who reached points well beyond them. Heavy fighting was continued at close range at various points, and the Germans were massing troops with the evident intention of delivering a counter-attack.

It had been a day of great success for the British army, for the possession of the wooded heights which they captured east of Ypres is unquestionably of crucial importance from the keystone of the German structure of defence in this sector. The greatest gains have been made between St. Julien and Hellebeke, which was as had been planned, for within this stretch of country lie the important defences just mentioned.

The troops that went out to the attack represented some of the finest men in the British army. They entered the conflict in high spirits and eager for the fray. Their advance was preceded by one of the most perfect and heaviest barrages fires yet attempted.

Stripped For Fray.

The men went over the top stripped light and, as a result of this, coupled with the fine artillery support, they were enabled to negotiate the first stages of the difficult ground rapidly. They had swept through Glencorse Wood, Inverness Copse and the eastern part of Shrewsbury Forest by eight o'clock, two hours and twenty minutes after the attack began, and other advanced positions were reached with equal rapidity.

The German Strength.

Grand Headquarters of the French Army in France, Sept. 21—(By the Associated Press)—Thirty-five German divisions have been engaged in the fighting in Flanders from July 15 to August 30, eight of which are still in the front line. Nineteen of the German divisions have been withdrawn and are now undergoing reformation in rear zones, the other eight being

has been occupied by us, almost without a struggle.

The Germans are being literally squeezed out of Lens, and it credence may be placed on the reports of prisoners as to conditions in the city, the garrison would welcome the order to evacuate.

Enemy orders are still to hold on at all costs, but there is reason to believe the cost is becoming too great, since our occupation of the northern suburbs permits the projection of gas into the town from the north as well as from the south and west.

Crown Prince Falls

Paris, Sept. 21—Troops of the German Crown Prince last night attacked the French positions at Mont Haut, in the Champagne region, but they were repulsed with serious losses.

No Jap Troops Yet.

Tokyo, Sept. 15—(Delayed)—The Chinese government has sounded Japan on the proposed despatch of Chinese troops to Europe and the indications are that Japan will offer no opposition.

Commenting on the advocacy abroad of Japan's participation in the land fighting, the semi-official Times declares that, as Japan is not directly menaced by Germany no sufficient reason exists to send troops, and that the Allies should be satisfied with Japan's naval and other assistance.

Russians Win.

Petrograd, Sept. 21—(British Admiralty, per Wireless Press)—The Russians on the Riga front have repulsed an attack by the Germans with great losses to the invaders, according to the statement issued today by the war office.

The Roumanians were compelled to abandon enemy positions that they had occupied in the region of Oena.

Wear E. & S. Woollen Co. Clothes and Save the "Middleman's Profit."

## Mr. Hoover, United States Trade Controller, Publicly Endorses Statement Of Allied Trade Experts

That Middlemen Annually Extort Millions of Dollars from the Buying Public.

THIS is one of the strongest endorsements of the "underlying principle" of the English & Scotch Woollen Co's "MADE-TO-MEASURE" Tailoring Service—that has been voiced in years, coming as it does from public-spirited, and Nationally honored men.

Unusual as it may seem the Eighteen Great Tailor Shops we operate are not conducted altogether for the dollar, but more for a matter of pride and ambition to build one of the greatest "MADE-TO-MEASURE" clothes businesses on the Continent or the whole World, favorably known for its integrity and personal service—the fulfillment of an ideal. So all the preparations have been made with the end in view of doing the seemingly impossible, and now we announce that our Fall Fabrics are on Display in our conveniently located Tailor Shops, at no advance in price over last season, and the quality will be maintained.

We will take your measure today and make your new Fall Suit or Overcoat as you want them, from fabric of your own choosing; you save the "Middleman's Profit."

## GERMANY A FORMIDABLE WAVE OF DRUMFIRE LAUNCHED BY BRITISH, SAYS BERLIN

### Official Report of German War Office Admits Field Marshal Haig's Men Were Able to Advance Into Crown Prince Rupprecht's Defeat Zone.

Berlin, Sept. 21—The text of today's official statement reads: "Western theatre: Army group of Crown Prince Rupprecht—Troops of the fourth army fighting under the leadership of Infantry General Von Armin have successfully withstood the first day of the third battle of Flanders."

"The fire effect of the last days presented a powerful effort on the part of the English and the concentration of fighting means employed by the enemy on September 20, on a front of twenty kilometres, and the attack reached the limit of its intensity at Hoochtmaas."

Behind a formidable wave of the most intense drumfire from guns and mine throwers of all calibres three advanced to attack in close formation in the morning between Langemarck and Hellebeke at least nine British divisions, including several Australian divisions, which were often supported by armored cars and flame throwers."

British Advance.

After fluctuating fighting as a result of the attack the enemy was able to advance as much as one kilometre deep into our defence zone at Passchendaele and Gheluwe enemy at times pressed forward. West of Passchendaele was pressed back again. In counter-attacks, North of the Ypres road a portion of terrain remained in his hands.

"In all the other sectors of the front the English sustained heaviest losses, were thrown to the crater field of our fight by the stubborn and heroic of our troops which lasted up in the afternoon. Reinforcement of the enemy, which were newly up into the fire throughout the day, were not able to gain any ground. The villages situated in the fighting one are all in a session."

"From this morning the have not resumed the battle, the former battles in Flanders leaders and troops reached the point of efficiency."

"From our other armies western front and in the east Balkan theatre there were no events to report."

## WOMEN FIGHTERS IN SMALL RIOT

### Girls Attack Commander at Moscow and Muss Her Up—Government Agent Killed.

Petrograd, Sept. 20—A small riot occurred today in the ranks of the women's battalion drilling in Moscow and it resulted in an attack by the girls upon Vera Butchikoff, twice wounded girl officer, who instigated a woman strike soldier organizations. According to the Bourne Gazette, an infantryman rescued Commander Butchikoff after some rough handling from the infuriated girls who resented some acts of their leader.

In a second riot a crowd of women wrecked the militia headquarters and having in her pocket as in days her pipe and tobacco, which she had smoked had not been roughly extinguished. The anti-tobacco set fire to her dress, clothing was soon fanned into a fire which quickly as it toward the house she was proceeding enquired flames, only in small quantities, as it died within a few hours.

"The deceased was an entirely healthy and her fragile death is shock to the community."

## KAISER WILLIAM HAVING TROUBLE

### Goes to Sofia to Settle Bulgarian Difficulties.

London, Sept. 21—A despatch from Budapest through the British admiralty through Wireless Press, says:—"Emperor William has returned to Sofia, the Bulgarian Emperor is believed to be the intention to try to smooth over the differences which have arisen between Germany and Bulgaria."

"Germany and Austria have demanded military aid which has refused. On the other hand, Kaiser has asked similar aid of the Central Powers have refused."

## THE COUNTRY MARK

Very little change from last week is reported in the country prices. Moose steak is arriving only in small quantities, as it is very scarce this fall. Potatoes, 40c a peck; peas, 10c a bushel; cabbage, 10c a head; green beans, 10c a bushel; cucumbers, 10c a bushel; cranberries, 10c a bushel; apples, 10c a bushel; tomatoes, 10c a bushel; corn, 10c a bushel; wheat, 10c a bushel; flour, 10c a bushel; sugar, 10c a bushel; coffee, 10c a bushel; tea, 10c a bushel; rice, 10c a bushel; oil, 10c a bushel; butter, 10c a bushel; eggs, 10c a bushel; chickens, 10c a bushel; ducks, 10c a bushel; geese, 10c a bushel; turkeys, 10c a bushel; hams, 10c a bushel; bacon, 10c a bushel; lard, 10c a bushel; tallow, 10c a bushel; soap, 10c a bushel; candles, 10c a bushel; matches, 10c a bushel; paper, 10c a bushel; ink, 10c a bushel; pens, 10c a bushel; pencils, 10c a bushel; books, 10c a bushel; newspapers, 10c a bushel; magazines, 10c a bushel; toys, 10c a bushel; games, 10c a bushel; sports, 10c a bushel; clothing, 10c a bushel; shoes, 10c a bushel; hats, 10c a bushel; gloves, 10c a bushel; socks, 10c a bushel; underwear, 10c a bushel; accessories, 10c a bushel; miscellaneous, 10c a bushel.

# GERMANY ADMITS THAT BRITISH GAINED GROUND

## A FORMIDABLE WAVE OF DRUMFIRE LAUNCHED BY BRITISH, SAYS BERLIN

### Official Report of German War Office Admits that Field Marshal Haig's Men Were Able to Advance Into Crown Prince Rupprecht's Defense Zone.

Berlin, Sept. 21.—The text of today's official statement reads: "Western theatre: Army group of Crown Prince Rupprecht—Troops of the fourth army fighting under the leadership of infantry General Von Armin have successfully withstood the first day of the third battle of Flanders."

"The fire effect of the last days presented a powerful effort on the part of the English and the concentration of fighting means employed by the enemy on September 20, on a front of twelve kilometres, (7½ miles) reached the limit of its intensity at Hoochmass.

Behind a formidable wave of the most intense drumfire from guns and mine throwers of all calibres advanced to attack in close formation in the morning between Langemarck and Hollebeke at least nine British divisions, including several Australian divisions, which were often supported by armored cars and flame throwers.

British Advance.

After fluctuating fighting as a result of the attack the enemy was able to

advance as much as one kilometre deep into our defense zone and at Fassehendelsle and Ghelvelt, the enemy at times pressed further forward. West of Fassehendelsle he was pressed back again by our counter-attacks. North of the Menten-Ypres road a portion of terrain remained in his hands.

"In all the other sectors of the battlefield the English sustaining the heaviest losses, were thrown back to the crater field of our fighting zone by the stubborn and heroic fighting of our troops, which lasted until late in the afternoon. Reinforcements of the enemy, which were newly brought up into the fire throughout the evening, were not able to gain any further ground. The villages situated within the fighting zone are all in our possession.

"So far this morning the English have not resumed the battle. As in the former battles in Flanders our leaders and troops reached the highest point of efficiency.

"From our other armies on the western front and in the eastern and Balkan theatres there were no special events to report."

## WOMEN FIGHTERS IN SMALL RIOT

### Girls Attack Commander at Moscow and Muss Her Up—Government Agent Killed.

Petrograd, Sept. 20.—A small riot occurred today in the ranks of the women's battalion drilling in Moscow and it resulted in an attack by the women upon Vera Butchkaroff, twice wounded girl officer, who initiated the woman suffrage soldier organizations, according to the Bourse Casseuse, an infantryman rescued Commander Butchkaroff after some rough handling from the infuriated girls who resented some acts of their leader.

In a second riot a crowd of women wrecked the militia headquarters and had beaten to death a government agent who had shot into the crowd, before they were dispersed by mounted militia and Cossacks.

## She Went Days Without Food

### When Hospital Treatment Failed an Operation Was Advised—But Cure Was Effected Without the Use of the Knife.

New Aberdeen, N. S., Sept. 20.—Here is a case which sorely puzzled the hospital doctors. It was evident that the great suffering from pain under the left shoulderblade was due to spindling of the liver, but no medical treatment seemed to do any good.

In fact medicines failed, and the doctors said an operation was the only hope. But Mrs. Watkins hesitated before the enormous risk of an operation, and decided to try Dr. Chase's Kidney-Liver Pills first.

The result was that she was perfectly cured three years ago, and feels now that she can report the cure as thorough and lasting. This is not an isolated case, but proves that this great medicine cures when ordinary prescriptions fail.

Mrs. Annie Watkins, of New Aberdeen, N. S., writes: "I think it is time for me to give my experience with your wonderful Kidney-Liver Pills. For seven months I suffered with what the doctors called indigestion; but whatever it was, I suffered terribly. The pain would start under my left shoulder and pass down my side until it reached the pit of my stomach. It just seemed as if the flesh were being torn from the bone. At times I used to go without food from one morning until the next. I had no energy left for work at all. At last our doctor sent me to the hospital for a month. For four days and nights I never closed my eyes, except for a drink of water. After four weeks' treatment there I returned home, and was back only four days when the pain came back worse than ever. Then I was told I would have to undergo an operation, but I would not consent to that. At last I read about Dr. Chase's Kidney-Liver Pills and started to take them. At first I did not notice much difference, but still I kept on using them, and by the time four boxes were used I was perfectly well again. That was in 1914, so you see I can safely say that I was cured. I shall always be grateful to Dr. Chase's Kidney-Liver Pills, and will advise every one I know of them. Refuse substitutes; for they only disappoint."

## AGED WOMAN LOSES LIFE FROM FIRE

### Clothing Ignited from Pipe While She Was Picking Berries in Kings County Village

Special to The Standard. . . . . Apohaqui, Sept. 21.—A very distressing and fatal accident occurred at Marrowta, this county, by which an aged lady lost her life by fire. The victim of the fatality was Mrs. Clements, aged 72 years, who resided with her son, James Clements.

Being comparatively smart and lured by the beautiful day she took a walk into the fields to gather berries, having in her pocket as in ancient days her pipe and tobacco, which after she had smoked had not been thoroughly extinguished. The smouldering tobacco set fire to her dress, and her clothing was soon fanned into a flame. Hurrying as quickly as she could toward the house she was seen approaching enveloped in flames. When help arrived it was too late and she died within a few hours.

The deceased was an estimable old lady and her tragic death is a great shock to the community.

## KAISER WILLAM HAVING TROUBLES

### Goes to Sofia to Settle Bulgarian Difficulties.

London, Sept. 21.—A despatch from Bern, Switzerland, received today by the British admiralty through the Wireless Press, says:—

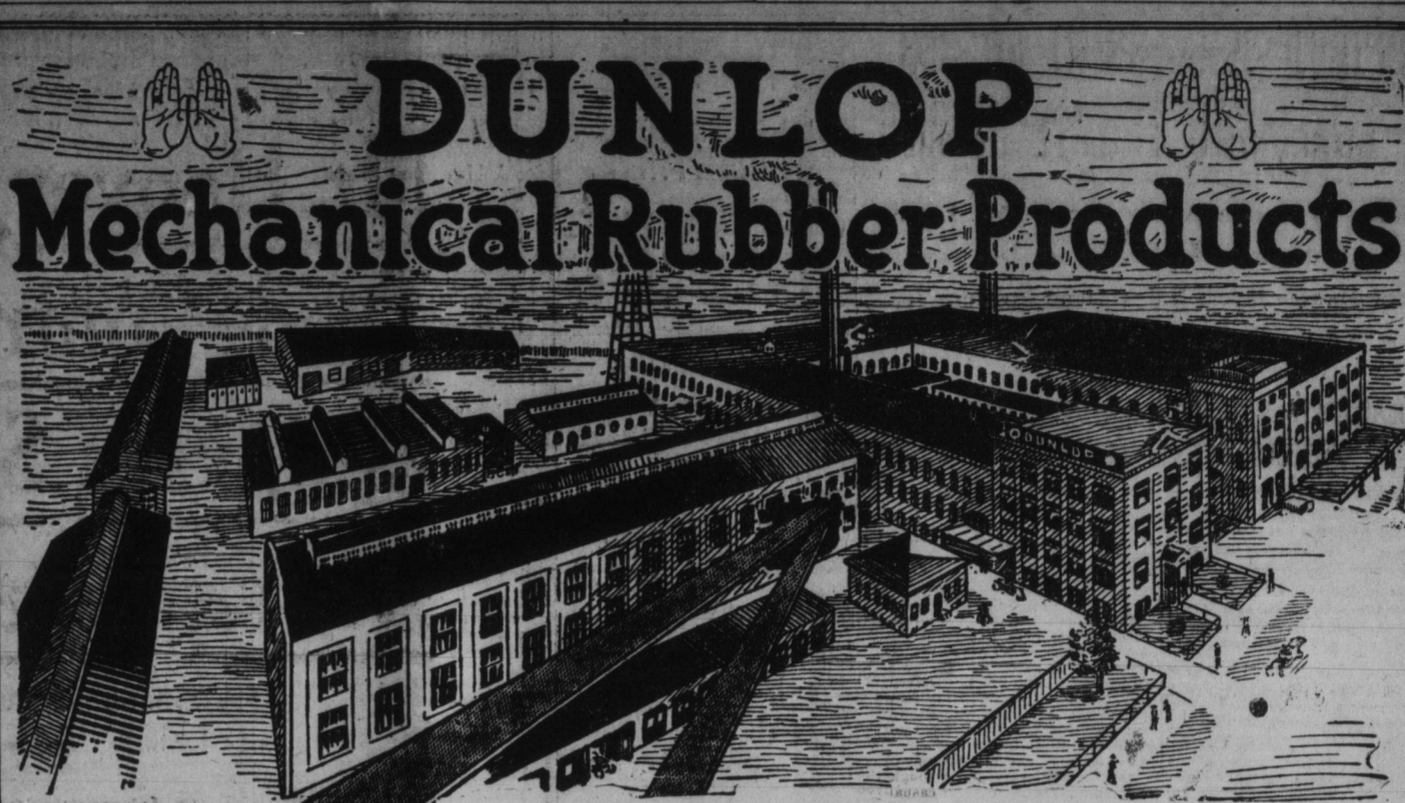

"Emperor William has passed through Budapest Hungary, on his way to Sofia, the Bulgarian capital. It is believed to be the emperor's intention to try to smooth over difficulties which have arisen between Bulgaria and Germany.

"Germany and Austria have demanded military aid which Bulgaria has refused. On the other hand, Bulgaria has asked similar aid which the Central Powers have refused."

## THE COUNTRY MARKET.

Very little change from last week is reported in the country market prices. Moose steak is arriving, but only in small quantities, as this meat is very scarce this fall. Fresh vegetables abound and plentiful supplies of meat are on hand. Prices are as follows on vegetables: Potatoes, 40c a peck; parsnips, 50c a dozen; cabbage, 10c a head; celery, 10c and 12c a bunch; beans, 12c a bushel; cucumbers, 2c each; radishes and lettuce, 5c a cauliflower, 10c to 25c a head; green corn, 15c to 40c a dozen; squash, 4c a pound; tomatoes, 10c a pound; carrots, 5c a bunch; cranberries, 15c a quart.

Prices on meats are as follows:—Lamb, hind-quarters, 30c a pound; fore-quarters, 20c a pound; roast pork, 25c to 30c a pound; veal, 10c to 15c a pound; mutton, 20c to 25c a pound; western beef, 25c to 35c a pound; local beef, 18c to 25c a pound; steak, 25c to 30c a pound; pork chops, 22c a pound; fowls are selling at 30c a pound and chickens at 40c a pound. Moose steak is selling at 20c a pound; venison from 20c to 30c a pound, and ducks at \$1.25 a pair.

The Infallible Test of Time

## Basic Facts About Belting

### Dunlop "Gibraltar" RedSpecial Frictioned Surface Belting

Our Laboratory workers have produced in Dunlop Gibraltar RedSpecial Belting a product that is worthy of the Dunlop Factories, and the quarter-century record of success back of them.

To cite the names of the users of this famous Red Frictioned Surface Belt would necessitate our buying many pages of this newspaper. We have on our files recommendations from every type of user of Gibraltar RedSpecial Belts, 1½ inches to 48 inches. These recommendations are "at your service."

When you are informed that such-and-such a belt has a friction pull of "abnormal" poundage, do not imagine that you are getting a quality friction. What you have to secure in a belt is a friction full of elasticity. There has got to be between the plies of duck only a certain class of rubber to give uniform strength and pliability.

To obtain high figures, such as referred to above, in belt frictions you have to take away from the elasticity of the friction; hence, there is a happy medium, and this medium we have obtained through our laboratory experts. It ensures for you a belt, the friction of which will hold the plies together and will be sufficiently elastic in its properties to allow for the give and take necessary in rounding the pulleys.

Gibraltar Belting owes its success, not to any illogical deductions or fantastic analyses, but to the simplest causes—causes so simple that they are now, always have been, and always will be, in our opinion, the bedrock of success in belt-making—Power, Speed, Service—in actual use as well as in the test-room.

Years of careful study of the high-power belt situation have enabled us to produce the Original Red Face Rubber Belt of Canada. In producing it, our object has been to have the friction coat of rubber between the plies such as will retain its life indefinitely, and to have a quality of rubber with long "fingers," and not a quality of rubber the elasticity of which has been sacrificed to obtain the so-called high-pulling test.

Its widespread adoption by various industries is based on the use of the finest quality of selected duck, having the proper tensile strength in the right direction. This, in combination with a superior quality of rubber friction between the plies, insures absolute uniformity of service.

Fills the Bill  
Gibraltar RedSpecial Belting is to be found in practically every plant in Canada; and if it is Power, Speed and Service that you want, then it is Gibraltar Red Frictioned Surface that you require for your work.

The Original "Red"  
Gibraltar, as noted previously, is the Original Red Belt—and like most things that are original, its success is of the kind that endures.

All that can be found in any other belt will be found in Dunlop Gibraltar; that is, special quality of duck, special quality of friction, and, in Addition, "That Extra" Resilience of Friction Which in Most Belts is Sacrificed.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

PRONOUNCED BUOYANCY IN WALL STREET

Market Firm Throughout the Day with Exception of Reaction Which Was But Temporary.

New York, Sept. 21.—Following the lead of the copper shares, which were stimulated by the announcement that a price of 23½ cents for the metal had been agreed upon, the stock market at the opening today gave the best exhibition of strength of any time since the turn of the market came on Wednesday. Quotations were carried up rapidly, with gains of 1 to 2 points for many shares in the first few minutes of trading. A reaction came quickly, however, and the market was depressed below yesterday's last figures. During the greater part of the session movements were narrow and irregular, but toward the close renewed strength appeared and the advance was resumed energetically. Total sales were 665,000 shares.

Copper Prices Good. The price fixed for copper was regarded as satisfactory not only because it put an end to fears of severe scaling down in the quotation, but because of the favorable inferences which might be drawn in regard to the settlement of similar pending questions. That the market did not show better sustained strength under the influence of the announcement probably was due to the fact that its effect was largely discounted by the recent rise. The continued absence of outside interest, which even the marked change has failed to stimulate to any appreciable extent, limited the buying power of the market and made it sensitive to profit-taking sales.

Smelting Gains 3½. The coppers developed pronounced strength of the late afternoon, with a gain of 3½ for Smelting. Steel shares also were active and strong. There were a few weak spots among the industrials, including motor and zinc shares. Railroads as heretofore were heavy. There was an unusually active demand for Liberty bonds, which sold at a premium for the first time in months. The range was 98.95 to 100.95.

The general bond market was heavy with further weakness in investment issues. Total sales (par value) \$5,250,000. United States bonds were unchanged on call.

MONTREAL SALES (McDOUGALL & COWANS)

MARKET BEGINS AND PARTIALLY RECOVERS

Steel Industry in Flourishing Condition — Silver Properties Look Good with Bar Silver at \$1.08 1-2 an Ounce.

(McDOUGALL & COWANS). New York, Sept. 21.—The market made a partial recovery from the mid-day reaction and then became dull for a time. Interest shifted to the sugar stocks on account of the fixing by the food control board of a price of 7.25 cents as the wholesale of sugar for New York. Later the continuous rise in the price of silver furnished the basis of a sharp upward movement in American Smelters, Anaconda and other mining stocks which represent a considerable production of silver along with their other metals. In the final trading the Steel and Equipment Issues again became aggressively strong and closed with general advances over the final prices of yesterday.

Testimony by trade commission Davies at the hearing on the Pomeroy bill indicated that with all allowances for higher wage scale and other production costs the present market for finished steel products which is somewhat off from the recent high level still allowed very large profits per ton of metal produced. If these figures are accurate it is apparent that the figure of \$68 a ton for steel billets which has been much talked about would leave the steel industry in a very satisfactory position. The problem in steel prices fixing is to reduce the profits the larger producers to reasonable proportions without putting out of business the smaller steel concerns which buy their pig iron. The new bond bill was finally accepted by the House and now goes to the President.

The Liberty loan campaign can therefore begin October 1 as planned by Mr. McAdoo. E. & C. RANDOLPH.

BETTER TONE IN MONTREAL STOCK LISTS

Canadian Shares Generally Firmer, Although Dominion Bridge Weakened Under Profit Taking.

Special to The Standard. Montreal, Sept. 21.—The general tendency in Canadian stocks was to further improvement in prices, a moderate demand being encouraged in a large part by the action of the New York market which continued active and strong. The volume of business expanded very slightly, however. There was no great breadth of trading and bullish tendencies were somewhat restrained by a sharp reaction in Dominion bridge. As to the point noted at 147, Bridge retained a substantial gain for the week and profit taking on the recent advance was deemed normal in the circumstances. The decline was therefore without disturbing feature and was offset and something more by strength in the market during the day. Detroit United, which rose 1½ to 112½ and Steel of Canada which rose ½ to 58, with the close in each case most part response in the market generally. Sherwin Williams, a rarely active stock, sold 1 higher at 59, equaling its best price of the year. The third loan was quoted unchanged at the close 95 to 95½. Total day sales, 4780; bonds, \$44,200; unlisted, 10.

The bulk of business in the afternoon was 147½ with final quotations 147½ to 148; about 4½ points below the close Thursday. Steel of Canada was in steady demand through the day at 57½ to 58, with intervening fluctuations for the most part response in the market generally. Sherwin Williams, a rarely active stock, sold 1 higher at 59, equaling its best price of the year. The third loan was quoted unchanged at the close 95 to 95½. Total day sales, 4780; bonds, \$44,200; unlisted, 10.

C. P. R. is being looked upon in well informed and conservative quarters as one of the best short sales in the market during strong rallies. The local floating supply has made it a troublesome medium for the bears but there is a larger volume of trading stock in the market now.

LONDON MARKET HAS TONE OF CONFIDENCE

Special to The Standard. London, Sept. 21.—The stock market today maintained a confident undertone on war news, although gift edged securities were dull on further talk of fresh issue of exchequer bonds. A Rep Steel of strength was the Marconi group and there was activity in iron and steel issues and silver mines which were bought by investors as well by speculators. Chinese bonds were firm with silver, and shipping shares, especially Cunards, were in good demand. Only a few low priced Americans of that list received attention. Money and discount rates were quiet.

NEWS SUMMARY (McDOUGALL & COWANS)

New York, Sept. 21.—President takes personal charge of labor disputes which threaten to hamper government war programme. Sugar producers agree with food administration on retail of 8 cents a pound after October 15th. Ind. Alcohol declared regular dividend on preferred. D. J. & CO. Quebec Railway ... 17½ 19

C.P.R. HELD TO BE ONE OF BEST SHORT SALES

Stock Has Been Scarce, But There Are More Trading Shares in Market Now — Market Discounted?

(McDOUGALL & COWANS). New York, Sept. 21.—In some of the leading commission houses the position is being taken that the stock market has discounted by the low records recently established the worst features of the price fixing in steel and copper as well as other commodities and unfavorable developments in that respect will exert depressions of only momentary extent. A very good semi-investment is reported appearing for the Harriman stocks, U. P. and So. Pac. and for industrials, U. S. Steel and Am Smelting. Investment confidence is regaining some of its equilibrium. In banking circles there is a good deal of gossip suggesting definite steps being taken to prevent investment stock raising to a degree that might bring back uneasiness among investors experienced during the past few weeks.

Reading of the Farrell statement at Atlantic City that huge tonnages of steel would be required for the building of ships has restored confidence among shareholders of the steel stocks to a remarkable degree and active investors are observed re-investing lines sold during recent depression. The outside demand for food industrials is reappearing to a moderate degree. Private wire houses report inquiries indicating that confidence has been brought back to some extent by the sharp market recovery that has in some cases quickly regained losses which took some time to bring about during liquidation period.

C. P. R. is being looked upon in well informed and conservative quarters as one of the best short sales in the market during strong rallies. The local floating supply has made it a troublesome medium for the bears but there is a larger volume of trading stock in the market now.

COPPER PRICES FIXED AT 23 1-2 CENTS A POUND

Stampede of Bears May Force Up Prices of Metal Stocks — Steel Men Meet at Washington.

(McDOUGALL & COWANS). New York, Sept. 21.—The fixing of prices of copper at 23½ cents for all consumers including the U. S. government and the Allies, may well cause a stampede of the bears in the metal stocks for the reason that a general expectation has been that the price around 23 cents would be satisfactory.

The announcement is being accepted as a favorable indication in connection with the fixing of steel prices, which action is apparently imminent in view of the gathering of steel men at Washington today. The Wall Street Journal says: "The

Will German Intrigue Unite North and South America in War For Democracy?

The proper way to murder, according to a German nobleman in the diplomatic service, is to do it "without leaving a trace." This noble character represented William II (more or less accurately) at the capital of Argentina, and his message to Berlin telling them how to do their own specialty, as some think it, was part of a dispatch coolly advising Germany to submarine steamers of the neutral nations that harbored him as a guest.

Form Your Judgment on All the Evidence

Don't be satisfied with hearing only one side, and that in all probability garbled, of the news of the day. Hear all the evidence, exactly as presented by the different parties and schools of thought, without coloring or distortion, and then weigh the facts, as given, and make your decision. This is the only way in which you can arrive at a fair knowledge of what is going on in the world in all lines of endeavor. By reading THE LITERARY DIGEST each week, which you can do easily in a couple of hours, you can arrive at this result and will know all the facts before you form your conclusions. Think of what this will mean to you in breadth of vision and clearness of view.

Haitheway Freehold BY AUCTION

I am instructed by MR. W. FRANK HATHWAY to sell by Auction at Chubb's Corner, Thursday, 27th inst., at twelve o'clock noon, that valuable freehold lot No. 71 St. James street, with three-story house, cellar, all and barn thereon. Can be easily converted into three tenements of eight rooms each. Also two vacant lots one on each side of property 25x100 feet more or less. This property would be suitable for small hotel, nurses' home or other institution, and has been Mr. Hathway's private residence for ten years and is only sold because the owner is giving up housekeeping. Property will be sold on easy terms. Practically whole amount could remain on mortgage at six per cent. For particulars apply to F. L. POTTS, Auctioneer, Office, 96 Germain street.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.  
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

### THE RUSSIAN SITUATION.

The report that Russia is seeking a separate peace with Germany has been discounted by the latest reports from Petrograd, where the movement for the restoration of order and the re-organization of the army appears to be well under way. It is not likely that the Russian people will accept a separate peace with Germany as a loss to the Allies, but not nearly so serious a loss as it would have been a year ago. Early in the war much was expected of Russia and it was necessary that she should bear her full share of the fight. During the last year things have changed. The German has been fronted to a standstill on the western front and the despatches of yesterday tell of a new British drive which has already proved the most important victory of the year. Austria-Hungary has been beaten by the Italians to a point where she is staggering under the burden of the war. The elimination of Turkey and Bulgaria as effective war forces, while not yet accomplished, is but a matter of a short time. While the Allies would regret to lose Russia, yet, if she stopped fighting, it would by no means assure German success for the war has now reached a stage where it can be won without her.

It is not likely that the whole Russian people would concur in any separate peace which might sign; consequently it is likely that there would be a recurrence of the recent disturbances and the next year would probably be devoted to pacifying the people and reorganizing national affairs. For that period of time and probably longer Germany could receive no benefit from Russia's withdrawal.

A separate peace between Russia and Germany might produce startling effects. It might bring the Japanese army at once into action. The Japanese government might send a million men into Russia, and other millions might come out of Manchuria to question the Slav's desertion of his friends for the common enemy. Then it has been said that in India there is a great army in preparation against eventualities.

Whatever might happen in the east, we are pretty certain of the situation on the west. Great Britain, the British Empire, France, Italy and the United States are the combination that Germany must consider when she looks toward the setting sun. These combined powers represent a potential strength greater than that of the central powers by a hundred million, or equal to the population of the United States, the world's richest and most democratic people, who, in the fullness of their power, are just entering the war.

Were Russia to turn her granaries to the rescue of the German people, she would require to be paid for her grain, and it is doubtful if Germany could raise the credit necessary. Moreover, Russia is herself hard up for food, whether from want of distribution facilities or the lack of grain. In either event the situation is much the same so far as Germany is concerned.

### CANADIAN SHIPBUILDING.

According to the report of the Department of Marine and Fisheries these were built and registered in Canada in 1915 vessels to the number of 246 with a net tonnage of 18,832. Of these vessels the majority were of small size, the average being about seventy tons and they were used for fishing.

Production in Canada of vessels for the present year will reach a total at least eight times as large as that of two years ago and the business is as yet in its infancy. The Montreal Gazette, reviewing the situation, finds that most of the old plants are busy and that new ones are being established. At least three of these will be in St. John, while at other points in this province arrangements are being made for engaging in wooden shipbuilding. The Toronto Globe has published figures showing that in Canada at the present time seventy-four steel vessels are under construction and some of these are of considerable size to be used as cargo carriers.

On the Atlantic coast the tendency is in the direction of wooden vessels, but there is no doubt the more ambitious product of steel will come later. The Gazette thus refers to the development of the industry in the Maritime Provinces:

"Many of the yards that a generation ago were scenes of active industry have evidently been re-started, and instead of fishing craft of 70 or 100 tons, cargo ships of 300 up to 500 and 600 tons, and even 1,000 tons, are being laid down. These are generally to be sailing craft, of schooner rig, which seems to be the most suitable for modern freighting conditions on this side of the Atlantic. Freight condi-

tions and prospects suggest that there will be plenty of business for the new craft as soon as they are ready for service, so, in spite of the high cost of construction, it is fairly sure that the ventures will be profitable."

### THE LIBERALS AND CLOSURE.

The record of the front-bench Liberal members on the question of closure would not be complete without a reference to Mr. F. B. Carvell of Carleton county. Mr. Carvell was the first to advocate the measure while the Liberal administration was in power and Hansard contains more than one address of his in which he defended the very act of the application of which by the Borden Government at the session just closed has been characterized as "Prussianism" and "gag rule" by the opposition press. Mr. Carvell said on June 5th, 1908:

"The action of these hon. gentlemen (the opposition of that day) raises the question fair and square: Can the Liberal or Conservative, afford to be placed in such a position as that? CAN ANY GOVERNMENT AFFORD TO PLACE ITSELF AT THE MERCY OF AN OPPOSITION, AND VIRTUALLY DECLARE THAT IF THE OPPOSITION DO NOT LIKE ANYTHING CONSIDERED IN PARLIAMENT THAT IS INTRODUCED, ALL IT HAS TO DO IS TO WITHHOLD SUPPLY AND THE GOVERNMENT WILL BACK DOWN? Carried out in practice and you have a country ruled not by the majority but by the minority." And again:

"I ask again: Can any self-respecting government afford to be placed in this position? I say there is only one solution to this question: IF THIS OPPOSITION, OR ANY OTHER OPPOSITION, CHOOSE TO PURSUE SUCH A COURSE, THE INEVITABLE CONSEQUENCE WILL BE CLOSURE. I am not the first one to advocate closure."

He stated further: "Therefore, I say that this is a matter which ought to be discussed thoroughly; and I believe that if the opposition determine to persist in this unpatriotic unworthy course, the next move the government will have to take is to adopt the closure. And I say to the government that in my opinion, while I think it is the only course that can pursue, it is ONE THAT WILL BE SANCTIONED AND APPROVED BY THE PEOPLE OF THIS COUNTRY. LET THE GOVERNMENT START IN AT ONCE AND CHANGE THE RULES OF THIS HOUSE, IF IT TAKES MONTHS TO DO IT IN ORDER TO ADOPT THE CLOSURE."—Hansard 1907-8, pages 930, 932, 934.

In view of Mr. Carvell's opinion in 1908, what does he think today?

### THE KAISER WANTS PEACE.

It is reported that the German government has replied to the peace proposals of Pope Benedict and in that reply "cherishes a lively desire that the appeal may meet with success." The German government can have peace whenever it desires it, but that peace must be on terms to be laid down by the Entente Allies, and those terms will be such that never again can Germany deluge the world with blood. On such conditions Germany can have peace today, it but remains for the Kaiser and his government to say the word.

Peace that is not dictated by the Entente Allies cannot and will not be thought of by the Empire has gone too far in this fight now to turn back and leave the task unfinished. Germany wished this war and entered into it from a desire for aggression and gain. Britain did not draw the sword until it became necessary to do so in defence of the integrity of the smaller nations and of the national honor. But having drawn that sword she will not sheathe it until her righteous purpose has been fully accomplished. Until that time peace proposals are useless.

### PLAYING PARTY POLITICS.

The Toronto News pays its respects to the Presbyterian and Westminster, a denomination publication quoted with approval by the Telegraph the other day and which the Telegraph tried to tell its readers was the leading Presbyterian publication in Canada, a mis-statement which the Standard promptly exposed. The News' article reviews the editorial in which the Presbyterian and Westminster takes objection to the War-time Elections Act and after referring to the disfranchising of enemy aliens and dealing at some length with the more important section of that act which enfranchises the female relatives of soldiers, passes on to refer to the Presbyterian's standing in the denomination whose name it bears. As this part of the News' article should be particularly

interesting to the Telegraph, we vent we to quote it as follows: "Someone has called the Presbyterian and Westminster the official organ of the Presbyterian church in Canada. We believe that where Mr. does not represent the views of thousands of Presbyterians whose boys have died or are risking their lives on the battlefields of war. The fact is that this particular periodical has long been one of the most extreme partisan journals in the country. Is there an explanation? Is it that the managing director is Rev. P. M. MacDonald, brother of Mr. E. MacDonald, M. P. for Montreal, and one of the most extreme Laurier Liberals in the House of Commons today?" Possibly, as the Standard suggested the other day, there is, after all, a reason for the Presbyterian's attitude.

### NEARING THE END OF LONG AUTOMOBILE RUN

Mr. and Mrs. Fred Porter Have Traveled by Car from Battle Creek—Mr. Porter to Assist in Halifax Terminal Work.

Mr. and Mrs. Fred Porter, of Halifax, reached the city by automobile yesterday from Battle Creek, Michigan, where Mr. Porter has been engaged in large constructional work. He has been called to Halifax in connection with the work of the immense new government terminals at that port, the contract being carried out by Peck Bros., of which Mr. Porter is father-in-law. Mr. Porter, Jr., was formerly engaged on this work. His wife is Miss Annie McInnis, daughter of Hector McInnis, M. L. A., the well known Halifax financier and corporation lawyer. Mr. Porter in conversation with the Standard said that he had found the roads in fairly good condition. He was able to cover nearly 300 miles daily, and on one day made a run exceeding that number of miles. He said he had been informed that the road between St. John and Moncton was not in good condition for automobile travel and had decided to return to Halifax via Digby. With Mrs. Porter he will leave this morning on the Digby boat.

### CANADA WELL COVERED BY NEWSPAPERS.

Despite War, Canada's Reading Public Well Served.

Canada continues to be unusually well served by the press. This is brought out in the current issue of the Canadian Newspaper Directory, compiled by A. McKim, Limited, Advertising Agency, Montreal. Toronto, Winnipeg and London, Eng. There are 1381 publications of all kinds now being issued in Canada, 46 semi-weeklies, 221 weeklies, 222 monthlies, 1 bi-monthly and 16 quarterlies. Reflecting the general prosperity in Canada since war began, the publishing business is in a healthy condition. Since A. McKim, Limited, issued its first Canadian Directory, it is in a position to have accurate knowledge of the field. The present day condition of the Canadian press enables the Dominion to continue to boast the largest reading public in the world in proportion to population. As usual, McKim's Newspaper Directory contains a wealth of general information regarding every town and city in Canada where a newspaper or other publication is issued, giving population, transportation, telegraph, telephone, express, banking facilities and newspaper accommodations. It is a veritable mine of pertinent, up-to-date information for business men at a time when such facts as it contains are of great importance to far-sighted industrial leaders. The book itself is well bound, durable, neat and fit for a place on any office desk or in any library.

### Little Benny's Note Book

The Park Ave. News. Weather. Thousands of dollars being asked for, to buy ice cream with, but not all of it being given. Sports. A race almost took place last Saturday when Benny Potts and Artie Alexander found 2 worms with they was digging in Benny Potts back yard and put them on the bricks, even went limps of the fastest. When they wadedst run on the bricks, even went limps of to race them on the settling room table, Benny Potts was being about a quarter of a inch ahead when his mother came in and broke up the race.

Society Notes. Miss Mary Watkins was reported to be moving last Friday afternoon, which several society men was much worried and went around to see, but it was only sun moving men taking out the piano on account of the Watkinses going to get a new one. Among those who went around to see was Mr. Charles (Pud) Simkins, Mr. Benny Potts, Mr. Leroy Shooter and Mr. Sam Cross.

Trick bicycle riding saw, 5 cents a lesson, including riding no hands, side saddle, setting on the handle bars, and also how to fall graceful and without danger. See Ed Wernick. Advertisement.

Thursday, and lasted for about half an hour. It was the heaviest storm of the season. Lightning struck the northern end of Parker Edwards' barn towards the top, went down the side and through the hay-mow. Under the hay-mow was a lot of machinery, of which many smaller pieces were destroyed. After the fire started the residents managed to save a good deal of the larger machinery. Thirty tons of hay and thirty bushels of oats and straw were burned, as well as ten to fifteen pairs of chickens which were in the barn and some potatoes. The carriage house, which was about ten feet from the barn, was also burned, also a considerable amount of lumber and some carriage robes which were in the carriage house at the time. The barn and carriage house were burned to the ground and they had a hard fight to save the house, which was about 20 feet from the barn. The only thing that saved the house was the heavy rain, and the wind which was blowing in another direction. They also saved the pig house. Mr. Edwards estimates his loss at not less than \$3,000. He carried a very small amount of insurance.

### MEETING OF EXECUTIVE.

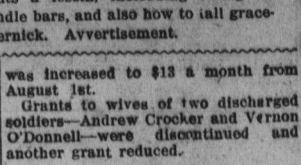

Newcastle, Sept. 20.—At the Patriotic Fund Executive meeting Tuesday night, the following were present: W. A. Park, president; R. Jarvis, acting secretary; Revs. W. J. Bates and P. W. Dixon, and Messrs. J. R. Lawlor, J. D. Creighton and R. Corry Clark. Following grants were made, pending full endorsement from Ottawa: Mrs. Michael King, \$25 per month from Sept. 1st. Mrs. Basil McDonald, \$16 from Sept. 1st. Mrs. Isaac Cowie, \$16 from Sept. 1st. Mrs. Stafford McCallam, \$28.50 from Sept. 1st. Mrs. Wm. Beckwith was transferred from the St. John Branch at \$13 a month. Mrs. Serval Wallace's allowance

# Social Notes of the Week

## APOHAQUI

Apoahqui, Sept. 21.—The ladies of the local Red Cross Aid Society met in the hall on Thursday afternoon, and spent several hours in making Christmas socks, which are to be filled with dainties and shipped at an early date.

Mr. and Mrs. Thomas McAuley and little daughters, of Vancouver, Washington State, left on Monday for their home across the continent, after a very pleasant stay of three months with relatives and friends in Kings county, spending the greater part of their time with Mr. and Mrs. J. E. McAuley of Lower Millstream.

Mrs. John Wall and baby, Gilbert Wall, all of St. Stephen, are guests of Mrs. Wall's parents, Mr. and Mrs. Wm. Snyder.

Miss Sadie Erb of New York is the guest of Mr. and Mrs. Edgar Buchanan.

Carl A. Burgess of Moncton is enjoying a few days hunting in this vicinity, prior to his leaving for Montreal to take up the study of medicine at McGill College.

Mr. Burgess is the guest of his aunt, Mrs. Harley S. Jones and Mr. Jones during his stay.

H. J. Humphrey, divisional superintendent of C. P. R., and Mrs. Humphrey, of Brownville Junction, Me., spent a few days of this week with Mr. Humphrey's mother, Mrs. I. B. Humphrey.

Rev. J. P. Rowley of Hampton was the guest of Mr. and Mrs. Harley S. Jones on Wednesday, en route from Ottawa and Montreal, where the reverend gentleman has been enjoying a few weeks' holiday.

Mrs. Harry Minnow of Houlton, Me., is the guest of her parents, Mr. and Mrs. Nell Johnson.

Miss Vida V. Reid returned to her home in Oxford, N. S., on Tuesday after a few days' visit with friends here.

Mr. and Mrs. A. E. Pearson, Sussex, were Sunday guests at "Stone Lodge," Mr. Pearson's old home.

Dr. J. L. McWilliams of Montreal

is a guest at the home of Mrs. I. B. Humphrey, where Mrs. McWilliams has been spending some weeks with her mother.

Mrs. Harry Thompson, St. John, is a guest with Mr. and Mrs. James S. Secord.

Mrs. George H. Secord is spending a few weeks in St. John, guest of Mr. and Mrs. J. Theodor Shaw at their summer home, Glen Falls.

Mr. and Mrs. Wm. J. Leake were in Sussex on Wednesday morning, guests at the McQuinn-Cummings wedding, which took place at 6 o'clock in St. Francis Xavier Church.

Mrs. George Ellison is lying very low at her home, all hope for her recovery having been relinquished. Many friends deeply sympathize with the relatives in their anxious watching.

Mrs. W. E. Moore, Point Wolfe, returned home yesterday after a few days' visit at her former home here.

Miss Lena G. Fenwick has returned from a week's visit to St. John.

Major Jones, Edward Erb and J. P. McAuley left on Tuesday to spend a few days in the Bennett woods near Head of Millstream in quest of big game.

## SHEDIAC

Shediac, Sept. 21.—The weather at the seaside has been very fine and summer-like for some days, and a number of our citizens are enjoying motor trips through different parts.

The Red Cross met as usual on Tuesday afternoon. A thanksgiving tea is to take place, towards funds for Christmas boxes for our boys overseas. Ladies in charge of the function include Mrs. R. C. Tait, Mrs. Robert Jardine, Mrs. W. Avar and Mrs. J. A. Macdonald.

Mrs. Wilson of Montreal who has been visiting in town, will leave Shediac this week for Peticodiac.

Mrs. Covert of Moncton is the guest of her sister, Miss Harrington, Shediac Cape.

Mrs. Richard Doucet is very ill at her home on Shediac street.

Miss Jean Sands of Moncton, was a recent guest of Miss Ida Avar.

Mr. and Mrs. R. C. Tait are expected home today from a visit to Ottawa, Petawawa, Montreal and Quebec.

Mr. and Mrs. J. A. Macdonald and Mr. and Mrs. E. R. Macdonald are on a motor trip to Halifax, N. S.

Mr. R. C. Tait, accompanied by a party of friends, including Messrs. George A. Waite, H. H. Schaeffer, Robert Jardine, A. J. Webster and Dr. H. W. Murray and chauffeur, C. Neily, recently motored to Port Egin, Bala Veto, Amherst, returning via Sackville, Dorchester and Memramcook.

Mr. and Mrs. J. S. Saunders were among Shediac people at the Halifax exhibition.

Mrs. C. H. Galland and Mrs. D. J. Deiron are home from a holiday trip to Montreal.

Mr. and Mrs. S. C. Charters spent Sunday in Sackville.

Mr. and Mrs. Woodford Avar and daughter, Anna, have been recent motor guests of Mr. and Mrs. I. Avar on a trip to Dorchester.

School Inspector Charles Hebert was among strangers in town this week.

Mr. Simon Lavoie, after a visit to his old home in town, has returned to Lynn.

Miss Lena Pickup, of Granville Ferry, N. S., is a guest at the home of Mrs. R. C. Tait.

Messrs. Russell Smith, F. Doucet and W. King were among our citizens who attended the exhibition in Halifax.

Mrs. Wm. Gunn and baby daughter have been the guests of friends in Dorchester.

Mr. George McWilliams and family have closed their shore cottage and returned to Moncton.

Mr. and Mrs. H. B. Steeves spent the week-end in Halifax.

The large circle of friends of Dr. Scrimany regret to learn that he is ill at his home on Sackville street.

Mrs. Balloch and children after a summer at Cape Brule, have returned to town and have taken up their new home in the residence on Main street formerly occupied by Mr. E. Paturel's family.

Miss Downes of P. E. I., is visiting her sister, Mrs. F. S. Inglis, Shediac West.

Miss Clara Bateman has returned to Winnipeg after a vacation spent at her old home at the Cape.

Dr. J. C. Webster, who has been away from Chicago for the past year left town this week to resume his professional duties in that city. It is very gratifying to his large circle of friends to know of the doctor's much improved state of health.

## BABY'S OWN TABLETS

ALWAYS IN THE HOME

Mrs. Eugene Vaillancourt St. Mathieu, Que., writes: "My baby suffered greatly from constipation so I began using Baby's Own Tablets. I was surprised with the prompt relief they gave him and now I always keep them in the house." Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand for the first trial convinces her there is nothing to equal them in keeping her little ones well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

# For Your First Shave or Your Ten Thousandth

HOW proud an occasion is the first shave—yet how anxious, unless you use a Gillette Safety Razor! The possibilities of the old-fashioned razor in an inexperienced hand are not all pleasant, and the sensation it leaves on the tender skin is usually anything but agreeable.

On the other hand the Gillette fits the occasion perfectly. Its safety justifies confidence befitting a veteran. Its proper use "comes natural" and the feeling of its smooth "angle" stroke is actually a physical pleasure. Its speed promotes promptness, and the time it saves, increasing every year in value, is worth hundreds of dollars during a man's productive years.

WHEN the skin of the face begins to lose its elasticity—when wrinkles become seams, and seams deepen into furrows—and when the hand begins to lose its steadiness—what a burden shaving becomes to the man without a Gillette!

But to the man who has one, age loses one of its drawbacks. He can keep right on enjoying his morning shave independent of help and without fear of trouble. With its keenness safely guarded, and the closeness of its cut instantly adjustable, the Gillette serves "three-score" as well as "twenty-one", and with every passing year becomes more truly a friend indeed.

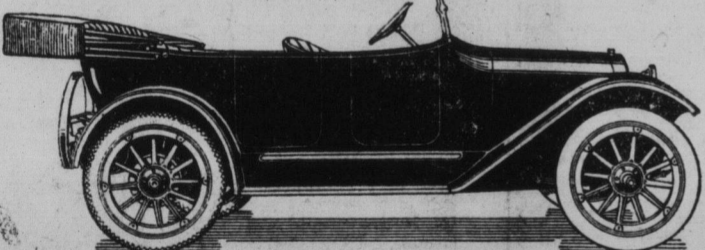

Every week of shaving without a Gillette is a sacrifice of time and comfort. Why deny yourself any longer—or your son either?

Standard Gillette Sets, "Bulldogs" and "Aristocrats" cost \$5.00 each—Pocket Editions \$5. and \$6.—Combination Sets \$6.50 up—at Drug, Jewelry and Hardware Stores.

Gillette Safety Razor Co. of Canada, Limited,  
Office and Factory: Gillette Building, Montreal.

## ANNOUNCING A NEW

MODEL "F-A"

## "Baby Grand" Touring Car

THE demand for Chevrolet performance in a larger and more powerful car is met by the Baby Grand Touring Car. Chevrolet engineers have, in this car, perfected many new features that give it a quick get-away, surplus power on hills, and reliability under all road conditions.

On account of its power, flexibility, comfort and easy clutch, this model appeals to lady drivers. The car is extremely well finished, nicely appointed and fully equipped.

### EXCLUSIVE FEATURES

- 37 H.P. 4 cylinder valve-in-head motor, extremely powerful, smooth, flexible and efficient.
- Cooling—Water circulated by centrifugal pump through large honeycomb radiator.
- Clutch—Cone type, extremely easy to operate.
- Brakes—Positive in action and easily operated.
- Rear Springs—Semi-cantilever, making the "Baby Grand" one of the most comfortable riding cars.
- Rear Axle—Three-quarter floating type with spiral driving gears.
- Starting and Lighting—Electric Auto Lite.
- Ignition—Remy.

THE PLAYERS

Here are Related Facts and Fancies Concerning the Activities of Individuals and Organizations, the Home, Fashions and Other Matters.

### SOCK APPEAL

Number Required 5,000.

Can We Do It? Why Not?  
There Are 46,000 People in St. John. Suppose  
Even Half of the Population Should Give One Pair.  
Number Received by Red Cross Committee at Imperial  
in Five Days ..... 2,500 pairs  
Number Still Required ..... 2,500 pairs

### SOCKS AND SOCKS

To look at the Imperial window one would think that more socks could not possibly be needed and then to study the map of Great Britain shows in Monday's window with the hospitalals marked by Red Cross flags it would seem as if the whole town could not hold a sufficient quantity to sup-

ply our men. The map is a very striking illustration of the need for it represents a thousand requests for sending socks to the Red Cross.

At the Imperial all day yesterday members of the local society were on hand to receive donations. There have been some large numbers sent in and some single contributions have meant a great deal to the giver. One

young man brought in 25, saying that as he could not go himself he felt he should give what he could. The wife of a first division N.C.O. brought in her pair knowing what dry socks had meant to her husband and there have been many touching incidents connected with the appeal.

Sir E. McLeod gave a donation of 125 pairs, Mr. Joseph Allison and Mr. Walter Allison each sent 150 pairs, and the firm of Manchester, Robertson and Allison contributed 150 pairs. Some of the societies contributing have been the Ladlow St. Baptist Church Relief Society, 30 pairs; the Church Club, 12 pairs; W.P.A., 18 pairs; Royal Standard Chapter, I.O.D.E., 44 pairs; Comford Circle, Kings Daughters, 10 pairs; Centenary Church Red Cross Circle, 84 pairs; N. B. Lodge, Knights of Pythias, 72 pairs; Rotary Club, 100 pairs.

A splendid feature of the appeal has been the response from the men who feel that the price of a pair of socks is little enough to give to the man who is fighting his country's battles. Several good fellows from Indiantown sent a dozen pairs.

Socks have come in from all about St. John, from Nova Scotia, from New York and Boston, and from Phoenix, Arizona. Two beautiful pairs sent in were prizes at knitting competitions and are very fine samples of hand-work.

### ANY FRIEND TO ANY FRIEND

Ev'n as I thought of you your soul had sped,  
Friend of old, happy, far-off boyhood days,  
And as across the sea I turned my gaze  
The soil of France with your brave blood was red,  
Blame not the shears that slit the this yarn thread,  
Though life be lost, immortal is the praise!

Would I were with you crowned with victory's rays,  
Oh Happy Warrior! Midst our English din  
Ye! God of Battles, what a time to die!  
Try Courts are echoing to the tuck of drum,  
The wide days flame with comet souls  
Dashed by the stars of Heaven,  
Triumphant at a bound from Earth to Heaven,  
The nights, ablaze, with their swift passage sweep  
As trailing clouds of glory, swift they come.

—H. W. Bliss.

### FROM HERE AND THERE

Lady Maxwell, the wife of Lieut. General Sir John Maxwell, has, according to an English paper, given up a third of her income to the government (free of interest) to help carry on the war.

### GOOD ADVICE

A British magazine shows ladies outside the Central Hall during the British labor party meeting. The ladies are carrying posters upon which are printed "German Socialists Kaiser's Agents, Bowdler."

### FIRST AID CLASSES

Miss Lillian Hazen, secretary of the St. John's Ambulance Association, has received a great many inquiries as to the first aid classes. Evidently there still are many young ladies who see that they should be qualified for hospital work if the opportunity arises for them to serve their country in this way.

The first of these classes will begin on Monday in the Red Cross Depot. Dr. Leatherbarrow will give the lectures for this course. Later in the season other classes will be arranged for as the names come in of those desiring to attend.

Much of the V.A.D. work at the Military Hospital (which is done by those who have passed the examinations following these lectures) was undertaken during the summer by school teachers who cheerfully gave of their too short vacation to tend the sick and wounded soldiers.

The prettiest coats for fall wear have deep cuts and sailor collars of contrasting material. These collars and cuffs are either braided, corded or embroidered. The now-rising high head-gear goes admirably with them. High points in hats are seen in many of the first shows.

### CARRY ON

A prominent worker in a public institution told the writer just lately that one of the very best features of woman's war work in St. John was the way they kept it up.

Visiting the Military Hospital I was reminded of these words for the donors of the wards there do not consider their gift complete but keep up their interest and look after the patients in that ward sending towels or delicacies frequently.

### OUR PUBLIC LIBRARY

A Spanish proverb says: "Books should be few and good," but the person who invented that proverb could not have known about a modern public library or he would have made the saying broader.

It does not seem as if we are half proud enough of our possessions in this city of ours. We have in our Public Library a well-balanced number of books amounting to over \$5,000 or 40,000.

Did it ever occur to you what those magic numbers on the back of the volumes stand for? The real inwardness of the system of cataloguing books is a science which takes a four years course to master. If you are already a B.A. you can do the course in two years or at some colleges in one year and then you get your degree as a Bachelor of Library science.

The system used in most libraries today is called the Dewey System. Numbers are divided into ten main divisions, and these are carried out in their subdivisions as nearly as possible. Every number stands for a different subject such as 900 for history and biography, 800 for literature, 700 for arts, 600 for useful arts, 500 for science, 400 for philology and 300 for sociology. (Such comfortable words almost like Mesopotamia!)

The letters are used in accordance with a system called the Cutter's Table, and it is from them that the author's name is obtained. This table gives combinations of the first letters

### RELIEF AT LAST

I want to help you if you are suffering from bleeding, itching, blind or protruding Piles. I can tell you how, in your own home and without anyone's assistance, you can apply the best of all treatments.

### PILES TREATED AT

I promise to send you a FREE trial of the new absorption treatment, and references from your own locality if you will but write and ask. I assure you of immediate relief. Send no money, but tell others of this offer.

Mrs. M. Summers, Box 937, Windsor, Ont.

### of proper names with corresponding numbers.

For instance, 923243 is the life of an English statesman, Lord Beaconsfield, while 923273 is the life of an American statesman, Frederick Seaward; 923 is the number of a biography; 2 is a statesman; 72 means the United States; 86, stands for the first letters of the proper name. Frenchmen are put with Frenchmen, doctors with doctors and so forth. Fiction is classified according to the nationality of the author, 823 being English, 818 American, while it takes six numbers to describe the Irish and Scotch, 891623 and 891633 respectively. Combined with letter combinations these give the call for all stories.

The library is being more and more used, though it is never entered by many St. John people. The reference room is well patronized and the ladies in charge always most willing to assist in hunting an elusive quotation to its source.

What is more called for than deep books of science, as it is human nature to prefer amusement to study, but it is good to have books of non-fiction taken from the library than was the case three years ago. This increase in the reading of less frivolous subjects may be partly ascribed to the fact that these books are displayed on shelves so that they are easily accessible and the visitors see before them just the subject in which they are interested.

The call for war books is not as great as formerly which is easily explained—the realities of war have been so fearful that few care to read about it. Poetry is very often asked for and the new collections of verse are popular.

The children's room is a happy sight. This is always well filled with a quiet, interested crowd of boys and girls. The Hebrews in our midst are great students and you will always find some of them here after school hours.

The children's room is a happy sight. This is always well filled with a quiet, interested crowd of boys and girls. The Hebrews in our midst are great students and you will always find some of them here after school hours.

### WOODSTOCK

Jack Chandler, wounded in the hand and hip, received a warm welcome from his many friends upon his arrival last week from overseas.

Berton Bourner, a veteran of the South African war, who has seen much service in the present war and returned home, has been in the Soldier's Club, a member of the library board. These talks were most successful last year, in fact more children came than could be accommodated and the good work will be kept up this season.

### Royal Victoria Hospital.

Mrs. W. A. Charlton of St. John is the guest of Mr. and Mrs. W. R. Jones.

Mrs. J. S. Creighton who has been visiting friends in Bridgewater, N. S., and Prince Edward Island, returned home Wednesday.

Mr. L. B. Merriman is spending a few days in St. John.

Capt. Karl Damon, C. O. D. C., went to St. John Monday morning on military business.

Mrs. A. Gordon Bailey received for the first time since her marriage, at the residence of Mr. and Mrs. Arthur G. Bailey on Thursday and Friday afternoons. The house was decorated with many beautiful flowers, palms and ferns. The bride received in a lovely gown of blue crepe de chene embroidered with gold, and was assisted in receiving by Mrs. A. M. Fisher, Mrs. Grover C. Campbell poured tea at the prettily arranged tea table, and was assisted by the Misses Alice Boyer, Cassie Hay and Alice Sprague.

Mrs. Bailey was assisted in receiving by Mrs. Grover C. Campbell on Friday afternoon. Mrs. Charles J. Jones presided in the dining room, her assistants were Miss Marion Lindsay and Miss Marguerite Merriman.

Miss Millicent Carter of Andover is the guest of Miss Marguerite McLaughlin.

The Misses Jean and Eleanor Slipp are visiting their cousin, Mr. Ashley Collier, Devon, N. B.

Miss Maude Smith was given a miscellaneous shower at the residence of her grandmother, Mrs. B. H. Smith on Saturday evening. The presents, some of which were very beautiful and all of them very useful, were put in a prettily decorated basket and were brought into the drawing room in a little express wagon also tastefully decorated. After the contents had been fully examined, the rest of the evening was spent with music and conversation, knitting being much in evidence. Refreshments were served during the evening.

Mr. and Mrs. Henry McKay of Boston, Mass., are the guests of Mrs. McKay's mother, Mrs. T. S. Duncan.

Mrs. W. Vernon Lamb, who has been the guest of Mrs. J. Arthur F. Garden returned to her home in St. Andrews on Saturday evening.

Mrs. T. A. Lindsay is the guest of her brother, Dr. C. C. Alexander, St. George.

The many friends of Dr. J. E. Jewett

### are sorry to hear of his continued ill health and hope for his recovery.

St. Luke's church was the scene of a pretty wedding on Wednesday morning at half past ten o'clock, when Miss Maude Ketchum Smith, eldest daughter of Mr. and Mrs. Dupps Smith, was united in marriage with Mr. Stewart McNaughton Close of Mount Vernon, N. Y. The bride, who was given in marriage by her father, was gowned in grey satin and georgette crepe, with grey hat, and carried a shower bouquet of red roses. She was unattended. The ceremony was performed by the rector, Rev. A. S. Hazel, Mr. and Mrs. Close left by auto for Hamilton, after which they will go to Hook Point, Me. Sporting Camp to spend their honeymoon. They will reside in Mount Vernon, N. Y. The bride was a graduate of the U. N. B. and Smith College, Northampton, Mass., and was very popular with a host of friends, whose best wishes will follow her.

Miss Madeline Smith left for Montreal on Thursday.

Mrs. R. Hugh Bruce entertained at the tea hour on Thursday in honor of Mrs. J. Russell N. Cooke, and Miss Ruth Diblee, who is to be one of the principals in an interesting event next week.

Mrs. R. Hugh Bruce entertained at the tea hour on Thursday in honor of Mrs. J. Russell N. Cooke, and Miss Ruth Diblee, who is to be one of the principals in an interesting event next week.

**"SHARED BY EVERYONE"**  
 Profits from the sale of home products are shared by every resident of our city. The manufacturer, the retailer, the consumer—all participate. The manufacturer is able to offer steady employment to his workmen at good wages. The dealer can offer better goods, better values, better service. The consumer gets the advantage of all this—and is in addition assisting in contributing to the general prosperity of the entire community.

The theory of reciprocity—which reduced to its simple terms means "you trade with me, and I'll trade with you" is fundamental to the foundation of this Home Products Campaign. That this theory is successful in active practice is demonstrated by the growth of our cross roads settlements into prosperous and thriving communities. The city in which you live is deserving of your undivided support. You can best lend your support by buying and boosting Home Products.

## NOTICE TO PRODUCERS IN THE AROOSTOOK DISTRICT LOOK FOR STILL HIGHER PRICES

**Maurice E. Dickinson of This City Returns from Maine—Crop Fair and Selling at \$2.75 a Barrel—Potato Kings Summoned to Washington.**

The potato growers of Aroostook county look for higher prices for their crop instead of lower during the coming fall months, notwithstanding the enormous surplus in the United States at large this season.

Maurice E. Dickinson, of Germain street, who with Mrs. Dickinson has just returned from a ten days' automobile tour of that prosperous region, said last evening that the farmers in the potato section of Maine were receiving \$2.75 per barrel, but expected to get more before a great while. The digging season is now at its height but the crop is only fair, Mr. Dickinson says.

A dispatch from Washington says that five prominent potato kings of Aroostook county have gone to the capital in response to a summons from Herbert C. Hoover, food controller. The big buyers and growers of the great Maine centre are the first potato men called by the national food administrator in a campaign to forestall speculation in this year's crop and to prevent a repetition of the conditions that obtained last fall, when the United States was forced to buy \$10,000,000 for the potato yield of Aroostook county alone.

Big growers and buyers from other parts of the country will follow the visit of the Maine men to Washington. It has been estimated that Aroostook county will receive only \$20,000,000 this year for its crop, but time will tell.

**SPECIAL COUNCIL MEETING.**  
 There was no meeting of the common council yesterday, but a special committee meeting has been called for this morning at 10 o'clock. Matters to come up at the meeting is the work of repairing the railway bridge at numbers 5, 6 and 7 berths at Sand Point. This work is being delayed for an order of the council to

**MAIL CONTRACT.**

Around the City

A TWO YEARS' SENTENCE. Judge Russell Armstrong yesterday morning sentenced a boy in a two years' term in the Industrial Home for incontinuity.

WILL STUDY NURSING. Miss Lillian S. M. Shand, of Coldbrook, has entered the St. John Public Hospital to take a course in nursing.

CONGRATULATIONS SENT. Congratulatory telegrams with respect to the completion of the Quebec bridge passed between the Boards of Trade of St. John and Quebec yesterday.

FOOD CONTROL COMMITTEE. A meeting of the local food control committee will be held this afternoon at which Dr. Kerstead will be present. The chief item of business to be discussed will be the starting of the advertising campaign.

FORMS RECEIVED. Copies of the forms to be used in connection with the prohibited exports from the United States have been forwarded to the secretary of the Board of Trade. Persons interested may obtain same by application at the office of the board.

STAFF FOR REGISTRAR. Upwards of twenty stenographers and clerks will be employed to assist Mr. E. Ewing, provincial registrar under the Military Service Act. The staff will be appointed shortly and will remain on duty for about two months.

THE LUMBER INDUSTRY. D. J. Buckley, of Newcastle, the well known North Shore lumberman, was in the city yesterday, a guest at the Royal Hotel. Mr. Buckley reports large quantities of lumber in the yards of the Miramichi operators. Crews will be going into the woods in the near future.

WATER DEPARTMENT. The Lancaster extension was finished yesterday, and it is expected that water will be turned on in the new main on Sunday. Connections will be made Saturday afternoon and evening. Tenders will be called for at once for the "Dry Lake" extension and this job will be rushed along as fast as possible.

WILL HOLD CEREMONIAL. A meeting of the executive of Luxor Temple was held last night in their rooms Masonic Building. Grand Potentate H. R. McEellan presided, and matters of business in connection with the Temple were transacted. Arrangements were made for a ceremonial to be held by Luxor Temple the first week in December.

NOTHING DEFINITE YET. Mayor Hayes said last night that he had not as yet received any definite word from the Century Coal and Coke Co., with reference to the city order for 10,000 tons of coal. On Thursday at noon he received a wire from them to the effect that they expected to be in a position to give a definite answer regarding the acceptance or non-acceptance of the order within twelve hours but almost thirty-six hours later no further word had been received from them.

THE FIRST SESSION. The first session of the 5th annual setting up conference of the boys' division of the Y.M.C.A. was held last evening in the association building with a large attendance of the older boys and members of the older boys' division. The meeting opened with an interesting talk on "Bigger Boys' Division on Account of Canada's Greater Need," by L. A. Buckley, Maritime boys' work secretary. The fall delivery of business was discussed by Mr. Buckley spoke on "The Boys' Work Secretaryship."

SOLDIERS ENTERTAINED. About seventy of the members of No. 9 Siege Battery under the command of Lieut. Jones, were the guests of the Philanthropic Class of the German Street Baptist church last evening. The guests were welcomed by the pastor, Rev. S. S. Poole in a few well chosen remarks, after which a very pleasant couple of hours were spent in games and music. Refreshments were served by the young ladies and before breaking up the boys tendered their hostesses a very hearty vote of thanks.

NEW BOY SCOUTS TROOP AT PORTLAND ST. CHURCH

Louis McDonald Scoutmaster - Mayor Hayes Addressed Boys - Main Street Troop Has Fife and Drum Corps.

Deputy Commissioner Waring assisted by District Scout Master H. E. Mason, and Scout Master M. G. Galey, organized a new troop of boy scouts at the Portland street Methodist church last night. Louis McDonald was chosen as scoutmaster of the new troop, which is expected to have at least fifty members in another fortnight. Deputy Commissioner Waring explained very fully to the boys the principles of the movement.

Mayor Hayes, who is superintendent of the Sabbath school of the church in an address commended the organization, which he said, was one of the best boys' organizations of which he had knowledge. Short addresses were also delivered by Rev. Neil McLoughlin, F. Smiler and Scout Master McDonald.

Main street troop held their regular meeting last night and the boys were out in force. The church has given them a room of their own to meet in and the boys are taking a great interest in fixing it up. This troop has organized a fife and drum band and under the leadership of a capable bandmaster it is making rapid strides and will be heard from before long.

65TH BATTERY WILL RETURN TO PROVINCE WITHIN A FEW DAYS

Major Evans Acted for a Time as Brigade Major at Petawawa - Two Local Officers with Popular Unit - Another Overseas Draft.

It was stated in local military circles yesterday that the 65th New Brunswick Battery of Field Artillery would return to the province from Petawawa within the next few days, last week the announcement was made from Ottawa that the battery would spend the winter at Woodstock, and it is presumed that the gunners will go direct over the C. P. R. to that town. Some necessary improvements to the military quarters at Woodstock are being made, while new facilities are being provided for the accommodation of the battery boys. Small drafts from other provincial centres will accompany the 65th, from Petawawa and will also be quartered at Woodstock.

FINED \$100 ON EACH CHARGE OF HAVING IN HIS POSSESSION LIQUOR

M. E. Bernstein Found Guilty Last Night of Having Liquor in His Possession at Y. M. C. A. and in His Office.

The case of Mitchell E. Bernstein charged with having liquor in his office and also with keeping it at his room at the Y. M. C. A. contrary to the provisions of the Provincial Prohibition Act, was concluded last night before Magistrate Ritchie in the police court, and the defendant was fined \$100 on both counts. The case was commenced yesterday morning, but owing to the second charge being made against the defendant it was found necessary to postpone the hearing until last evening.

CO-OPERATION IN CAR HANDLING ASKED FOR

Railway Commissioners Ask Shippers and Railways to Get Together - Heavier Loading Great Help.

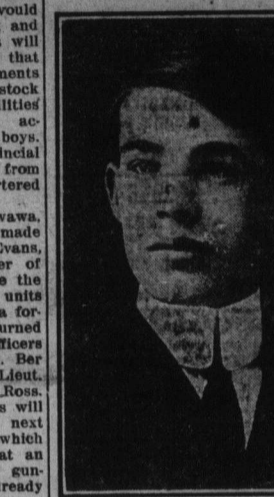

The Board of Railway Commissioners have been considering the question of car shortage, and in a circular recently sent out to the railways and shippers says: "Way conditions interfere with car movements. The weather conditions of winter last year increased the congestion and the coming winter may repeat this. Additional freight cars can be obtained only with great difficulty. Prompt deliveries of new rolling stock do not exist. If each freight car does more work the difficulty can be faced and overcome. A freight car saved is a freight car gained for the entire service. More service per car equals more cars in service. If all shippers load to full capacity, or better to 110 per cent, when practicable, car shortage will largely disappear. Railways by cutting out mad delays and by improved handling in terminals can make each car do more work. Prompt and heavy loading of cars gives more service per car. So also does prompt release of cars. Commissioners and consignees are invited to co-operate in getting cars. Their co-operation in efficient car handling will help not only others but themselves as well."

ONE RECRUIT YESTERDAY. Alexander Duguid, of Spokan, U. S. A., passed through the city yesterday en route to Aldershot to join the imperial recruits at the camp. Hatheway House Auction Sale 27th. See Advt. Globe, Standard, Telegraph. THE PRINCE WILLIAM HOTEL. First-class. Moderate charges.

GEORGE W. DADE WILL LEAVE CITY TO PRACTISE LAW ON NORTH SHORE

Popular Young Attorney and Member of The Standard Staff Will Remove to Chatham.

One of the most popular and valued members of the staff of the St. John Standard in the person of Mr. George W. Dade, severed his connection with this newspaper this morning for the purpose of devoting his whole time to the practice of law at Chatham, to which bustling North shore town he will remove early next week. Mr.

GEORGE W. DADE.

McDade is an able and forceful writer and has contributed many notable articles to the columns of this paper since he became attached to it in the summer of 1916.

He is widely known in political circles in the province and has a host of friends in both parties. He has participated in several election campaigns and his general accounts of the meetings and opinions have been particularly accurate. Last winter he was the representative of The Standard during the session of the legislature.

R. E. COX RECEIVED WORD YESTERDAY OF HIS BROTHER'S DEATH

Was Killed in Action - Won Military Medal for Bravery - Served the Empire for Eighteen Months.

Word to the effect that his brother, Staff Sergeant V. W. Cox was killed in action was received by Randolph E. Cox, of 55 Pitt street yesterday afternoon. Staff Sgt. Cox enlisted in the artillery unit in England about eighteen months ago, since which time he has been at the front. He had only been on duty but four days when he was struck by a high explosive shell and killed instantly. His brother has tried to pass the medical examination for service, but has been unable to do so.

Staff Sergeant V. W. Cox, formerly of Kingston, Bickington and Newton Street, Bovey, was born in Hants, but lived at Bovey nearly all his life, becoming chief engineer at the Bovey, which position he held for several years. He had a promising future, an invention of his for stamping patterns on pottery were having been installed in a large number of establishments in England, America and other countries. On joining the Royal Garrison Artillery, his ability and technical knowledge won him rapid promotion, and he became very popular with both officers and men. He was recently awarded the Military Medal for showing presence of mind and valor when his battery was being hard pressed. The deceased leaves a widow whom he married last year, and who resides at St. Austell, England; a widowed mother, and a brother R. E. Cox, of this city. He was home on leave last month and left to join his regiment only four days before he died.

2,500 PAIRS OF SOCKS ARE STILL NEEDED. Expected That Today's Final Spurt Will Fill Red Cross Requirements. The Imperial Theatre window is a giant heap of the loveliest woolen socks ever collected for our worthy wounded in France and English hospital. Truly the 2,500 pairs are a tribute to the sincere patriotism of the donors. Yesterday there was a big boom in contributions but the half way mark has only been reached if everybody - and its pay day too - will make a little sacrifice today the five thousand pairs will be handsomely forthcoming. Yesterday the Rotary Club and Knights of Pythias sent in big donations. This is a tip to other organizations. Everybody acknowledges it was a terrific order for a week's campaign but not impossible of filling if the people think so. Say a big circus came to town - well, you know what would happen.

PREPARING FOR LAW EXAMINATIONS TO BE HELD NEXT MONTH

Much Smaller Number to Write Examinations for Attorneys - Preliminary Examinations Postponed from August - But Few Local Candidates.

The examining committee of the New Brunswick Bar Association is now engaged in completing plans for the holding of the annual examinations of students applying for admission as attorneys. The examinations will be held at Fredericton, commencing on the third Tuesday in October. In addition to the examination of the articles, the first and second intermediate examinations of students-at-law will be conducted as usual, while this year the preliminary examinations will also take place at the same time. It has been customary to hold the preliminary examination for admission as a student-at-law in August, but the examinations have been postponed this year by agreement between the society and the candidates. About five candidates will write the preliminary papers, the number including Edward P. O'Toole and Lawrence Manning of this city, both of whom are students at the St. John Law School.

It is not expected that the number applying to write the final examinations for admission as attorneys will be as large as usual. There were no New Brunswickers graduated this year from the Dalhousie Law School at Halifax, while the graduates from the St. John Law School are not required to write the final examinations of attorneys, their B. C. degrees entitling them to be admitted to the Bar on the payment of the usual fees. The new attorneys will be called to the Bar at the November sitting of the court of appeal at Fredericton.

NEW BRANCH OF THE MILITARY HOSPITALS COMMISSION INSTALLED

Registration Committee Went to Work Yesterday at the Armories - A Tea on Tuesday Next - More Patients Coming.

The central registration branch of the 'K' unit of the Military Hospital Commission for New Brunswick was installed yesterday at the Armory. A staff of four have arrived in the city and commenced their work yesterday. Capt. W. H. Bennett, a returned hero and former member of the famous British Legion, is now in charge of this branch of the work. The committee will operate under the supervision of Major W. J. Osborne, another returned officer, who is the head of the commission for New Brunswick.

HEADQUARTERS AT CAPITAL; HOME TILL END OF WAR

Major Osborne, O. C. of Military Convalescent Home, Says No Truth in Rumor of Home in St. John to Be Abandoned.

A rumor was circulated in the city yesterday that the military convalescent hospital in the armory would probably be abandoned in a short time, as it did not fully meet the needs of the Military Hospital Commission, and did not constitute a first class home for convalescents. This rumor was fostered by the announcement that the headquarters of the Convalescent Home would be removed from St. John to Fredericton. In speaking with The Standard yesterday afternoon Major Osborne, O. C. of the Military Convalescent Home, stated that, in his opinion St. John would always have a home for convalescent soldiers. He added that the headquarters of the M. H. C. would be in Fredericton where new buildings will be erected and old buildings renovated for that purpose. St. John is more central than Fredericton for wounded soldiers from England, as well as for those coming via Halifax, so that in all probability a convalescent home will be maintained here for the remainder of the war.

Major Osborne will be in Fredericton in a few days when it is expected the final selection will be made in the properties suitable for the purchase of military hospitals. Major Osborne expects that the staff will be largely increased to carry on their work. It is planned to have a staff of 25 located in Fredericton, which is larger than the staff now located in St. John. The staff will be kept busy with the educational work, as the authorities figure on a greatly increased number of cases during the winter months. As soon as the commission has decided on the most suitable piece of property for their purpose, the work of preparing the headquarters for the staff will be pushed ahead with all possible speed.

Motor Car Supplies. Changes in Street Car Service. Owing to repairs to track work at head of King street, commencing Monday morning, the Haymarket Square cars will only operate from Haymarket Corner (Mill street and Paradise Row) to head of King street. Main Line passengers will transfer at head of King street. The regular service will probably be resumed Friday the 24th. The Seaside Park service will be discontinued after September 30th. Commencing October 1st the Glen Falls Line will operate 15 minutes each way.
