

RED HORRORS WILL END IN SOVIET BREAK

Soldiers and Sailors Realize Now Hardships Imposed Upon Peasants.

WORKMEN MASSACRED BY BOLSHEVIKI

Kronstadt and Its Battleships Never Again a Menace to View.

Terrific, Finland, Mar. 29.—Throughout Russia, soldiers and sailors for the first time in years are receiving leaves of absence or are being temporarily demobilized and are learning the facts surrounding the tyranny of the Communists from the people. The Kronstadt and Petrograd revolts were caused by this fact, and similar movements now are spreading to every troop and sailor centre, with the men returning to them from leaves of absence. Thus demobilization daily is growing more dangerous for the Bolsheviki.

New in Camp These and other inside facts, constituting the latest developments in Russia, were given the Associated Press today by Stephen Maxwell, Petrolienko, a plain petty officer from the Russian battleship Sebastopol, who led the revolutionists recently at Kronstadt and who was interviewed today in the Terrilski refugee camp. "For years," said Petrolienko, "the happenings at home while we were on the front or at sea were controlled by the Bolsheviki censorship. When we returned home our parents asked why we fought for their oppressors. That is what we are thinking."

Comes From People "We were defeated," declared Petrolienko, "but the movement will proceed because it comes from the people themselves. There are 3,000,000 like me in Russia," said Petrolienko, "and from these plain people will come the overthrow of the Bolsheviki." When he was president at Kronstadt Petrolienko said today he had received information that 500 workmen left behind in Kronstadt were massacred by the Bolsheviki because they fled from windows while the Red cavalry was entering the fortress. He said that he was certain that neither Kronstadt nor the two battleships would ever be a menace again as their guns and their working parts were thoroughly demolished when he left.

Nova Scotia Steel Elects Its Officers

D. H. McDougall Chosen President by the Directors After Annual Meeting.

New Glasgow, March 30.—The annual general meeting of the shareholders of the Nova Scotia Steel and Coal Company was held at the offices of the company in New Glasgow today, at which the annual report of the company for the year 1920 was read and unanimously adopted. The president, Mr. D. H. McDougall, reviewed the operations of the company during 1920, and remarked upon the prospects for the current year. The following were elected directors of the company for the ensuing year: Messrs. W. D. Ross, D. H. McDougall, F. W. Ross, J. W. Allison, E. S. Campbell, Thomas Cassley, R. H. Chambers, W. H. Chase, R. M. McGregor, T. S. Rogers, Glen L. Stone and Senator Lorne C. Webster. A meeting of the directors of the company was held later at which the following officers were appointed for 1921: D. H. McDougall, President; W. D. Ross, Vice President; Col. Thomas Cassley, Chairman of the Board; A. McColl, secretary and Thomas Green, assistant secretary.

BUED FOR \$100,000

New York, March 30.—Samuel Untermyer, chief counsel to the Joint legislative committee investigating the "building trust," was sued today in the federal district court for \$100,000 by Robert J. Foster, of Newark, N. J., a private detective, who was a witness before the committee on December 15 last.

109 RAILWAYS FAIL TO PAY EXPENSES DURING LAST MONTH

Washington, March 30.—A deficit for January of \$1,167,800 was shown for 202 railroads of the country in reports submitted to the Interstate Commerce Commission, the Association of Railway Executives announced today. Tabulation of the reports as furnished them, the association added, showed that 109 of the railroads whose reports were made available failed to pay expenses and taxes during the month. Of these 109, 45 were in the eastern, 16 in the southern, and 48 in the western districts. This compares, it was added, with 85 who failed to pay expenses and taxes in December.

Aged Murderer Is Declared Insane

Derrick Tennant, Aged 79 Years, Will be Held in Jail Until Case Concluded.

Brookline, Ont., March 31.—After short deliberations, a verdict of not guilty on the ground of insanity was returned at 9.30 tonight by the jury, which tried Derrick Tennant, aged 79 years, charged with the murder of Robert Wood, husband of Tennant's niece, at Oatfown, on February 7 last. Mr. Justice Lennox directed that Tennant be held in the local jail until the pleasure of the lieutenant-governor regarding his disposal be known. The defence admitted that Tennant killed Wood, and pleaded insanity.

WIDER SCOPE FOR PENSIONS IS SUGGESTED

Suggests Extra Allowance for Discharged Patients in Own Homes.

FIVE YEAR LIMIT FOR THE DISABLED

Children of Tubercular Patients to be Included in Grants.

Ottawa, March 30.—Amendments to the Pensions Act, widening the scope of the regulations under which pensions could be paid to widows and children of soldiers were recommended to the special parliamentary committee on soldiers' civil re-establishment this morning by Col. John Thompson, chairman of the board of pension commissioners. The amendments provided that pensions should be made payable to dependent children and widows in the event of the soldier dying of disabilities not attributable to war services, and within a five year period from the date of discharge.

British Neutral

Constantinople, March 30.—The British, wishing to show neutrality in the Turco-Greek campaign, have renounced command of the Greek second division in the Imdid district, which has been defending Constantinople, says a Turkish official statement. The Greek division was then ordered to proceed to Adana, where the Greek army coming from Brusa, the statement adds.

Communist Uprising in Belgian Zone

Coblenz, March 30.—Communist uprisings broke out this morning in Moson and Cratay in the Belgian zone of occupation, and there were clashes in which casualties were inflicted on the communists. The whole Belgian zone is in a state of ferment. The uprising in Moson has been controlled by the authorities, according to advice received this afternoon by the inter-Allied Rhineland Commission.

Burroughs To Sleep in Catskill Hills

Boulder He Loved to Sit Upon Will be Monument at His Grave.

Poughkeepsie, N. Y., March 30.—A large boulder, upon which John Burroughs played as a boy and sat in study of nature as a man and world-renowned naturalist, will form the headstone of the grave where his body is to be interred next Sunday on his eighty-fourth birthday. The burial plot, selected today by relatives of the great naturalist who died suddenly yesterday while returning to his home near here on a passenger train, is high in the Catskill Mountains at Roxbury. A landscape expert accompanied a funeral director there today to plan a little park around the grave. A few feet from the burial ground stands the old house in which Mr. Burroughs was born. A little distance away is "Woodchuck Hole," the summer camp of the naturalist.

COAL STRIKE NEXT FRIDAY BRITISH FEAR

Miners Resent Return of Mines to Private Owners and Demand Subsidy.

REFUSAL MADE BY GOVERNMENT AGENT

Then Federation Declares It Will Withdraw All Workers on April 1.

London, March 30.—A coal strike seems inevitable on April 1 when the notices of the mine owners of a termination of contracts in order to enforce a reduction in wages will expire. The executive of the miners' federation met today and resolved to instruct all branches of the miners' union to cease work. The executive then proceeded to the board of trade, where an interview was held with Sir Robert Horne, the president of the board. The miners demanded that the government subsidize the industry so as to enable it to pay wages greater than the present profits, and also advocated the pooling of profits for the benefit of less profitable mines. Decline Subsidy Sir Robert Horne, on behalf of the government, declined to consent to a subsidy. He said most of the other great industries were in a worse position than the coal industry, and that it was impossible for the state to provide such help. Herbert Smith, vice-president of the Miners' Federation, on behalf of the miners' executive, then informed Sir Robert Horne of the decision to withdraw all workers, including pump men and engineers from the pits.

FIFTY PERSONS ARE KILLED IN GERMAN RIOTS

Communists Driven Out of Gavelberg After Battle With Police.

MANY ARRESTS IN OTHER BIG CITIES

Reports Indicate Wide Spreading of Propaganda of the Reds. London, March 30.—Fifty persons were killed in yesterday's fighting at Gavelberg, in Westphalia, while the police were dealing with the communists rising there, according to Berlin message today to the Exchange Telegraph Company. The town, which had been taken possession of by the communists, was recaptured from them by the authorities. During disorders at Mannheim, the police were attacked and returned the fire, killing three persons and wounding five others. A serious communist riot in Dresden has been put down by the authorities of that city, the dispatch announced. Ninety-two communists were arrested, fourteen women being among their number. Activities increased. Reports from Düsseldorf through the same channels declare the communist activities in the Rhine region are increasing, and it is asserted that some mines in the district have been seized by workers. The trouble at Jena, the glass manufacturing centre, has been attended by some success on the part of the communists in their efforts to start a general strike. Messages report that they have occupied the Carl Zeiss optical works, a plant of world-wide celebrity, have stopped street railway traffic and forced the electric workers to lay down their tools.

Albert Baptists in Quarterly Session

Met With the Harvey Church—Next Meeting Will be at Hillsboro Church.

Hillsboro, March 30.—The quarterly meetings of the Albert county Baptist churches convened at Harvey, Albert county. At the opening session a very helpful address was given by Rev. M. Gillen, of Alma, N. B. The business of the different churches of the county was transacted. On Tuesday evening Rev. A. B. Bishop delivered a strong and impressive address. An invitation was received from the First Hillsboro Baptist church to meet with them in June.

Turks Are Protesting

Constantinople, March 29.—The Turkish Government today made public a note to the Allies, protesting formally against the Greek offensive in Asia Minor. The government declares the offensive constitutes an unjustified aggression against Turkey at the moment when the Allies are seeking to solve peacefully the Near Eastern problems.

GIFTS TO KING'S COLLEGE.

Windsor, N. S., March 30.—At a meeting of the general executive of the million dollar campaign fund for King's College held here today, the initial gifts totalling \$81,600 were announced by Rev. E. B. Spurr, the campaign organizer. The gifts included \$50,000 from Chief Justice Harris of Nova Scotia and another gift of \$25,000 from J. Walter Allison of Dartmouth, N. S.

WORLD NEWS TODAY

CANADA

Canada may increase the amount of its pensions to the disabled soldiers. Aged murderer of Ontario is declared insane. He was 79 years old when he committed crime.

UNITED STATES

Deep waterways commission, in session at Detroit, hears witnesses who claim that measure will benefit both nations. Hon. Dr. Hetherington introduces the budget for the Provinces of New Brunswick. John Burroughs' famous naturalist, will rest in the Catskill Hills he loved all his life.

BRITISH ISLES

Coal miners of Great Britain threaten a strike on April 1st because mines are returned to private owners.

EUROPE

Austro-Hungarian frontier is closed as a result of the attempt of ex-Emperor Charles to regain his throne. Five hundred workmen massacred in Kronstadt by the victorious Bolsheviks and demanded fifty Germans shot down in the Communist revolt.

HOLD DISCIPLE OF TROTSKY FOR SEDITION TALK

Allege Sydney Russian Used Seditious Language and Broke up Church Meeting.

JUDGE DISPUTES HIS INCOME TAX

Federal Labor Department to Make Study of Steel Wage Cut.

Sydney, N. S., March 30.—Alex Smole, a Sydney Russian who claims to be a follower of Lenin and Trotsky, was arrested today by the city police charged with using seditious language and breaking up a religious meeting.

HUNG ON CROSS FOR TWO HOURS ON GOOD FRIDAY

Mexicans Carry Out Strange Religious Ceremony at Easter.

VICTIMS MAY DIE FROM THEIR INJURIES

Action Supposed to Suggest Unusual Piety of the People.

Albuquerque, N. M., Mar. 30.—Two men were crucified at the Penitente village of Beliquia, in Northern New Mexico, on Good Friday, in observance of holy week in rites performed by members of the Hermanos de San Brothers of Light, a religious order, according to J. Nordfeld and Gustave Baumann, artists, of Santa Fe, N. M., who arrived here today. Nordfeld and Baumann say they were members of a party of two dozen tourists who witnessed the crucifixion and the flagellation ceremonies connected with it.

Cardinal's Funeral Today

Baltimore, March 30.—The mighty and the lovely united in sorrow tonight, trod softly past the bier of James Cardinal Gibbons to gaze for the last time on the face of a beloved priest. For tomorrow morning with all pomp and ceremony and the singing of a Gregorian chant never before heard outside the Sistine chapel in Rome the church will bury her dead.

START HUNGER STRIKE

Trieste, March 30.—Eight communists arrested in connection with the fire in the St. Mark's bary yard, have been on a hunger strike for three days in protest against the delay in the date of their trial.

BIGGEST VOTE OFFER TO END ON SATURDAY

AT THE UNIQUE TODAY—"The Hope" with an all-star cast. OPERA HOUSE TODAY—Vaudeville and feature picture. Two of the prizes to be given away in The Standard's big contest are opportunities to become Movie Stars with the Universal Film Company. Filmmost's largest and most important Moving Picture Company.

Parents, Not Babies, For Sunday School

Radical Change in Sunday Proposed to Get Better Results.

Saskatoon, Sask., March 30.—Dr. D. R. Sharpe, speaking here today at a religious conference, advocated the abolishment of the Sunday Schools under the present organization. He suggested that instead of teaching the children in the Sunday schools, the parents should attend so that they in turn may teach the children in their own homes. He predicted that within a few years the morning service at the churches on Sunday would be, instead of a preaching service, a teaching service and the afternoon would be devoted to home gatherings.

ESMONDE MADE NO ATTEMPT TO QUIT STEAMER

"Greatest Joke in My Career" He Terms Objection of Government's.

DENIES BEING AGENT OF THE SINN FEIN

At Vancouver Reports Declare He Will Not be Allowed to Land.

Victoria, B. C., March 30.—When the Australian liner Makura docked here today, Osmond Grafton Esmonde, so-called "Sinn Fein" envoy to Australia, did not attempt to land, remaining on board during the ship's stay. He proceeded with the vessel to Vancouver, where it is stated Canadian immigration officials have strict orders to prevent him from coming ashore. When interviewed, he appeared unconcerned as to his position. "The biggest joke of my career," he said, "was to be invited to land, remaining on board during the ship's stay. He proceeded with the vessel to Vancouver, where it is stated Canadian immigration officials have strict orders to prevent him from coming ashore. When interviewed, he appeared unconcerned as to his position. "The biggest joke of my career," he said, "was to be invited to land, remaining on board during the ship's stay. WANTS CHATHAM TO INSTALL NEW WATER SYSTEMS

Chlorination Plant is Suggested for Town by Provincial Health Officer.

COUNCIL DECLARES WATER IS GOOD

Clash Between Report of Dominion Analyst and the Provincial Authorities.

Special to The Standard. Chatham, N. B., March 30.—Dr. Melvin, Provincial Health Inspector, and Dr. Desmond of Newcastle, officer for northern New Brunswick, conferred with the council here this afternoon regarding the town water supply. Dr. Melvin stated he had been requested by the Minister of Health to come to Chatham as the result of the publication of an article over the signature of the Mayor which claimed that, in view of the report of the Milton Hervey Co., of Montreal, Dominion Analyst, to the effect that the town water was free from any harmful bacteria and in good condition for drinking purposes the council had decided not to purchase the chlorination plant which had been previously authorized.

The aldermen present pointed out that as a result of the findings of the analyst and that no known cases of illness had been traceable to the water supply, the council had considered the purchase of a chlorinating plant unnecessary expenditure and had decided not to install one.

Resents All Blame. Dr. Melvin resented any blame being laid on the county board of health. Reviewing his former visits to Chatham in this connection and the several tests made of the Chatham water sent to St. John to be analyzed he claimed the health authorities had ample grounds for advising council as it had done. He explained that the test made by the town was not the only one necessary or the most important as it might show water in good condition one day and impure the next.

The catchment area test was much more important. He went fully into the matter of proper tests and systems of purification and in closing recommended the removal of some conditions now existing in the vicinity of the source of supply and strongly advised the installation of a chlorination system.

Wants Separate District. A general discussion followed on health matters in general and it was the consensus of opinion that much more effective work could be done if the town of Chatham was constituted a separate health district.

Before adjournment, Dr. Melvin congratulated Northumberland county Board of Health for the work it had done particularly in the statistical department and paid a tribute to the work of the secretary, H. D. Morris of Chatham.

Mrs. Richard Hooper of St. John will address the ladies of Chatham on Friday afternoon on matters pertaining to public health. Organization will be commenced in connection with health week to be held April 24th to 30th.

The St. Dunstan's Dramatic Society of Fredericton will present the comedy-drama "Nothing but the Truth" in the Chatham Opera House Friday evening. The play will be produced by the Capital's amateurs.

Portland, N. B., March 30.—The Grand Trunk Railway S.S. terminals here will be enlarged and improved at a cost of approximately \$500,000, officials of the railway said yesterday. Construction will begin May 1. Plans have been approved for an immigration examination and detention building to provide accommodation for the handling of 1,000 passengers a day.

FIGHT AT KRONSTADT. Helmsfors, March 30.—A violent encounter was heard today in the direction of Kronstadt. It was attributed to an attack on the Redoubt fort by sailors from Petrograd.

Wretchedness OF Constipation. Can Be Quickly Overcome by CARTER'S LITTLE LIVER PILLS. Purely vegetable—entirely free from opium or any other habit-forming drug. The pills are small, round, and have a pleasant taste. They do their work gently and safely.

Wanted. A man, about 35 years of age, with a mustache, wearing a dark suit and a hat, was seen in the vicinity of the railway station on Friday night. He was carrying a large bundle and was seen to enter a building. Anyone who has information regarding his identity should contact the police.

Wanted. A man, about 40 years of age, with a mustache, wearing a dark suit and a hat, was seen in the vicinity of the railway station on Friday night. He was carrying a large bundle and was seen to enter a building. Anyone who has information regarding his identity should contact the police.

Seek To Develop A Community Spirit

Joint Meeting of Women's Institute and Social Service Council of Chipman.

Chipman, March 30.—The March meeting of the Chipman branch of the Women's Institute was held at the home of Dr. and Mrs. A. F. Armstrong. By previous arrangement the Social Service Council was represented at this meeting of the institute by a large number of gentlemen interested in the common purposes of the two organizations. Mrs. S. F. Swaine, president of the institute, conducted the meeting. Addresses of practical and inspirational value were delivered by Rev. L. H. Crandall, Rev. Frank Baird, Rev. A. Stanger, Mrs. Armstrong and Mrs. Crandall, while others spoke in an impromptu manner offering valuable suggestions for the development of a deeper community spirit.

The unique geographical position of the town, centrally situated on "The Blue Route" of traffic through the province, was noted. The value of this fact was stressed by reference to the large number of tourists passing through the community should have a favorable impression of the town ought to be the desire of each citizen and this ambition should find expression in a united effort to make Chipman the nearest and cleanest and prettiest little town along the route.

Reference was made to the splendid superior school facilities of the town and the wonderful opportunity thus afforded to parents and children. The value of education in development of the best community spirit was finely set forth.

Farmers Are Friendly. C. S. Latchow, secretary of the Farmers and Grain Dealers' Association of Ohio and representing the National Grain Dealers' Association, declared the proposed waterway was essential to the future prosperity of American and Canadian farmers and said the national association has presented included in its membership 5,000 cooperative grain elevators.

B. R. Inman of Indianapolis, representing the Indiana State Chamber of Commerce, declared the waterway would aid in re-populating American farms by providing cheap transportation for farm products.

Prosperity For All. Former Governor W. L. Harding of Iowa, declared the waterway would insure prosperity for the United States and Canada for years to come.

G. Macomber, chief of the Toledo Chamber of Commerce traffic department and U. S. Coney, Congressman from Ohio, also spoke in favor of the project. A. C. Lewis, secretary of the Canadian Water and Power Association and James H. Duffey, secretary of the National Waterways Association of Canada, both of Toronto, presented a plea for the waterway. They declared a water route from the St. Lawrence to the Atlantic was necessary for the expansion of Canada and declared the possibilities for electric power were unlimited.

The Lawyer Discomforted. A man was brought up on a charge of stealing a sack of flour, and was very severely handled by the prosecuting lawyer.

"You admit that you stole the sack of flour?" asked the lawyer. "Yes, but I took it honestly and in broad daylight to save my children from starvation," the prisoner pleaded.

"You call that honesty, do you?" asked the lawyer. "I call it amazing impudence. Stealing is stealing from whichever point of view you care to look at it."

"Just my mister, but it doesn't always bring the same punishment," retorted the man in the dock. "For instance, I shouldn't have been here now if I'd done as you used to do—steal flour, ordered, goods and never paid for 'em."

And even the magistrate chuckled behind his papers at the bullying lawyer's discomfiture.—Scotsman.

SOCIALIST EXPELLED. Albany, N. Y., March 30.—The state assembly by a vote of 77 to 62 expelled declared vacant the seat of Assemblyman Henry Jager, Socialist, of the fourth district, King's county.

The frontier between the United States and Canada, outlined by part land and water, is without extensive fortifications, defensive garrisons or battalions of steel.

The chief slogan of the American soldiers during the world war was: "Let's go!" The French cry was: "They shall pass!" and the army of Great Britain said "Carry on!"

In France more than 200,000 former soldiers are wearing the ribbon of the Legion of Honor. Before the war, the honor decoration was worn only by one in every 3,000 population.

Enough meat and lard are held in cold storage warehouses in the United States to supply the American public for about 19 days.

Ephraim Cogswell and his wife, who live in the house, were aroused by the rattle, and Cogswell began an all night vigil with his rifle. One took up a position on one side of the door and one on the other. Fearfully, they say, the latch began to jiggle and both rushed to the door. They opened it and confronted each other. Then they tied the latch securely with heavy twine. Even this did not keep it from clicking and investigating, they found the door open in several places.

Friday night at the time the alleged ghost had said it would return, three oil lamps were extinguished and simultaneously extinguished, and the latch clicking was renewed. A woman called in Mrs. Henry Cogswell and her daughter, of 304 Perry street, who also saw the dancing latch.

Saturday night the Cogswells heard the latch clicking again, but nothing was out of place. Last night passed quietly, but the Cogswells, the McGinnis, and the Conditto were in a state of excitement on Tuesday as the Cogswells approached tonight. Mrs. Cogswell during the day had visited a doctor, her nerves being shattered by the ghostly events.

DEEP WATERWAY TO AID FARMERS OF BOTH LANDS

Commission Told St. Lawrence River Work Will Benefit U. S. and Canada.

INSURE PROSPERITY FOR MANY YEARS

Ex-Senator Files Objections to Plans of the Two Nations.

Detroit, March 30.—Arguments for and against development of the St. Lawrence waterway were submitted here today at the opening of the final hearing of the international joint commission. Representatives of Middle Western States and of Canada made pleas for the waterway while Henry W. Hill, of Buffalo, former New York state senator, urged against it. Former Senator Hill obtained permission from the commission to file with it a written objection within 11 days after copies of today's proceedings had been given him. He filed with the commission today copies of resolutions adopted by various Eastern organizations opposed to the programme.

Farmers Are Friendly. C. S. Latchow, secretary of the Farmers and Grain Dealers' Association of Ohio and representing the National Grain Dealers' Association, declared the proposed waterway was essential to the future prosperity of American and Canadian farmers and said the national association has presented included in its membership 5,000 cooperative grain elevators.

PALE AND SALLOW

A Condition That Always Comes With Watery Blood. Women's work is never done. She starts with the housework as soon as she rises in the morning and is generally busy up to the time she retires at night. The work must be done whether she is feeling well or not. It's sometimes a monotonous grind for the healthy, normal individual, but it becomes almost intolerable at times if the daily routine must be gone through with when the body cries out with pain, when stooping produces dizzy spells and nervous headaches are frequent. A large proportion of the suffering among women is due to poor, watery blood. Once the blood loses its quality, the nerves begin to protest, for the nerves are nourished entirely by the blood. In this condition a reliable blood tonic is the best treatment, as they would be breathless at the least exertion, and was able to do but little of my household work. I was advised to try Dr. Williams' Pink Pills, and soon found they were helping me, and after continuing their use for a time I felt as well as ever. Since that I take the pills occasionally, and my health has been restored. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Apoahqui Resident Paralysis Victim

Mrs. Sarah Ann Puddington Succumbs to Attack That Came a Week Ago.

Apoahqui, March 30.—Soon after midnight Mrs. Sarah Ann Puddington peacefully slipped away after a long and well spent life. The last eight days which she spent as a resident of this village. She was the daughter of the late John and Charlotte Campbell, and was born at Riverbank, October 9, 1843, and was 78 years of age. She was the last of a large family consisting of eleven boys and two girls. In early life she married Edmund Puddington, whose sudden death occurred nineteen years ago, under similar circumstances as those of the deceased, whose death was from paralysis, the stroke coming with apparently no warning, on Thursday morning, October 19, 1862, and she was left a widow with three children, two of whom are now deceased. Her husband had always made her home with her aunt and was very fond of her. Her funeral will take place on Friday afternoon at 1:30. The funeral cortege will proceed to the "old church" at Riverbank where by request of the town it will be held. Rev. C. St. Young will officiate and interment will be in the Riverbank cemetery.

RUSSIAN BAILORS MUTINY

Stockholm, March 30.—Anti-Bolshevik mutiny among the sailors of the Russian White Sea squadron is reported in Helmsfors advices. The mutiny originated, according to the rumor, on the cruiser Teheema. It is also reported that the Bolsheviki have been forced to withdraw from Archangel.

GREEK DIVISION TAKEN

Constantinople, March 30.—An entire Greek division has been captured by the Turks at Sidi-Berber and the Greeks are being taken to city according to notices posted in the city. The Greeks have been made no statement on this report.

"Cascarets" for Constipation

Just think! A pleasant, harmless Cascaret works with you sleep and has your liver active, head clear, stomach sweet and bowels moving as regular as a clock by morning. No griping or inconvenience. 10, 25, 50 cent boxes. Children love this candy cascaret too.

MOTHER and BABY

INDIGESTION CAN'T STAY

Stomach Pain, Sourness, Gases, and Acidity ended with "Pape's Diapiesin". Out-of-door stomachs feel fine at once! When meals don't sit and you belch gas, acids and undigested food. When you feel indigestion pain, lumps of distress in stomach, heart-burn or headache. Here is instant relief. Just as soon as you eat a tablet or two of Pape's Diapiesin all the dyspepsia, indigestion and stomach distress caused by acidity will end. These pleasant, harmless tablets of Pape's Diapiesin always put sick upset, acid stomachs in order at once and they cost so little at drug stores.

Use Planting Board When Setting Trees

This Will Ensure Having Your Orchard in Alignment When Trees Are Planted. When starting the orchard it is necessary to use a planting board in order to get the trees in a true alignment. Take a board four or five feet long and bore a hole in each end large enough for small stakes to slip through. Then make a notch in the centre of the board. Of course, the location of each tree to be placed in the orchard will be indicated by a stake. Place the planting board on the ground so that the notch coincides with the stake which has been set for the tree. Then pin the planting board to the ground with the small stakes at each end. The middle stake can now be removed and also the planting board. Dig the hole for the tree and then place the planting board back on the two end stakes. The notch will come right where the tree stake stood before the hole was dug, and of course that is the place to put the tree. It enables the grower to place his trees upright in straight lines. If the planting board is not used it will be difficult to line up the trees even if the holes are in line as one tree will be too near to one side of the hole and the next tree too near to the other side. Dig the hole for the tree and then place the planting board back on the two end stakes. The notch will come right where the tree stake stood before the hole was dug, and of course that is the place to put the tree. It enables the grower to place his trees upright in straight lines. If the planting board is not used it will be difficult to line up the trees even if the holes are in line as one tree will be too near to one side of the hole and the next tree too near to the other side. HOUSE DEBATES PREVENTION OF ALL IMMIGRANTS

Some Members Declare Conditions in Canada Warrant Barring of All.

OTHERS CLAIM THEY ARE NEEDED HERE

After Afternoon Spent in Debate Measure is Withdrawn by Mover.

Ottawa, March 30.—For the last time this session the House of Commons spent Wednesday afternoon in a discussion of a resolution placed on the paper by a private member. On Tuesday Wednesday's until Parliament adjourns, government business will have precedence, and the House will sit in the evening on other days. Today the question of immigration as it affects the unemployment problem was debated at some length, and widely divergent views were advanced from both sides of the chamber.

Would Stop All.

H. Desautels (St. Mary's) opened the discussion by moving a resolution advocating the suspension of all immigration until Canada and the rest of the world got down to normal again. The unemployment problem was merely in its infancy and it would be aggravated by permitting the entry of foreigners to swell the ranks of the workless. Edmund Froulx, Prescott, seconded the motion. He favored the admission of farm workers.

Needs For Railways.

Strong opposition to restrictions on immigration was voiced by S. W. Jacobs (George Etienne Cartier). Canada, he said, was faced with a grave railway problem which could only be solved by increasing population. How was this to be done if the doors were shut against desirable immigration? It was unfair and unwise to demand that immigrants should be possessed of \$250 on their arrival here. He advocated the "open door policy" which had built up the population of the United States.

Encourage The Honest.

George Boyce (Carleton), also thought honest workers should be encouraged to come to the Dominion, but W. G. McQuarrie (New Westminster) emphasized the gravity of the unemployment problem and thought it would be wise to restrict immigration until times were better. The debate continued until six o'clock, when Mr. Desautels withdrew

Imperial Relations

Senator David Wells Against Activities at Conference of Premiers.

Ottawa, March 30.—Moving in the Senate today for copies of all correspondence exchanged between the imperial government and the Government of Canada in connection with the representation of Canada either in the British Parliament or in any other body, its participation in the establishment of the British Empire, its contribution to the war of the Empire and to the establishment of a British or Canadian navy, Senator David Wells said that in his opinion it is not supposed that Canada, Australia, New Zealand and South Africa would think alike on all world problems.

To Suit All.

What would suit one would not suit the other, and any scheme designed to mould them into a single attitude could bring nothing but harm. What was wanted was the unity of diversity, unity based on local autonomy. After all, England had no reason to complain of her dominions. They had in recent years shown a high measure of devotion, and no one supposed that they would have done more had relations been more close. Why, then, was it deemed necessary to depart from the present position? He warned the Senate and the country, to be on guard as to what might be done at the coming conference of Premiers. Senator Robertson said the government had no objection to tabling the correspondence asked for with the reservation, however, there might be communications of a character which it would not be in the public interest to bring down.

SENT FOR TRIAL

Toronto, March 30.—In the police court this morning Roy Holman and William Macpherson were committed for trial, charged with the murder of Cecil Sabine, a druggist, in this city.

FIVE YEARS FOR THEFT.

Hamilton, Ont., March 30.—Five years in Kingston penitentiary was the sentence imposed by Judge Gould here yesterday on A. T. S. Holdrum, for the theft of \$4,000 from the Canadian Hart Products, Ltd. Holdrum was sales manager of the company with a salary of \$200 per month. He manipulated things so that the book-keeper paid him \$100 extra in cash, in addition to the check he received. He also went to England and collected \$2,700 that was owing to the firm and made no return.

his resolution on Hon. J. A. Calder, minister of immigration, promising that he would give the House a statement covering the whole matter when his estimates came up for consideration.

SPLITTING UP LARGE ESTATES AMONG IRISH

Dall Eireann's Land Judges Have Dealt With 229 Cases Involving 50,000 Acres.

TWENTY THOUSAND ARE "ALIENATED"

Landlords in Roscommon District View Situation With Great Anxiety.

Dublin, March 30.—The Dall Eireann's Department of Agriculture is dealing with what is regarded as the most important work of the Irish Republic—the alienation of land from the big estates of landlords and its distribution among small farmers, who have not enough land to earn a living.

In eighty-three of these cases 20,875 acres were "alienated," that is, taken by decree from big estates and sold to small farmers who were able to prove that they did not possess sufficient land to provide a living for themselves and families. In sixty-seven cases judgment was given against the "evictor," the landlord, with a big estate.

Another Upheaval Feared.

More than 100 cases are pending, most of them in Roscommon, which is in a highly disturbed state. If the land judges are not permitted to deal with these cases Sinn Fein fears another upheaval in the spring. Landlords in the districts affected are said to view the situation with great anxiety.

The land question has been acute in Ireland for hundreds of years. It arose when the first Irishmen were driven in feudal times from their ancient clan lands. The great war in the last century cleared of the landlords and then the British Government set up the Congested Districts Board. Kevin R. O'Shiel, a land judge, told the correspondent that the willful and incredible slothfulness of the board is the principal cause of the present agitation. In Roscommon alone it is the principal cause of 60,000 acres of excellent unutilized land and it is the lord of many thousands of acres, all unutilized, in Galway, Mayo, Clare and other counties, he said. "These estates are capable of supporting at least 250,000 people, and there are many valuable ranches lying derelict in parts of the country where there is serious congestion."

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

Wasting, Oat.

"I had an attack of Weeping Eczema, so bad that my clothes would be wet through at times."

"For three months I suffered terribly. I could get no relief until I tried 'Fruit-a-Live' and 'Sootha-Salva.'"

"Altogether, I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-Live,' and am entirely well."

Both these favorite remedies are sold by doctors at 50c a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-Live Limited, Ottawa.

Congested District Board neglected.

"Abolition courts," he continued, "have revealed the inefficiency and despatch. Now that the way has been made clear the solution of the land question is only a matter of time."

The landlords themselves who are mostly Unionists, welcome the work of the land courts, according to Mr. O'Shiel. He said that after the shooting to death last spring of the Galway landlord, Capt. Shaw-Taylor, landlords made earnest appeals to Dall Eireann to intervene.

MEN AND BUSINESS

(By Richard Spillane)

Mark Twain once remarked that everybody complains about the weather, but nobody does anything about it. Everybody who has anything to do with three of the great departments of international affairs—money, weights and measures, and languages—complains about the confusion and waste attending them, but nobody does anything to correct them, except at rare intervals, such as that started a few years ago in regard to making the metric system universal.

ANNOUNCEMENTS IN THE COMMONS

C. E. F. Had 334,996 Members at Time of the Armistice.

Ottawa, March 30.—At question time in the House this afternoon, P. F. Casgrain, Charlevoix-Montmorency, was informed that monthly reports on the holdings of foodstuffs in cold storage throughout Canada do not indicate any "hoarding."

Between August 1, 1919, and January 1, 1920, the government received twenty-six resolutions, etc., from western provinces disapproving of the Canada Wheat Board, and in the same period no resolutions of approval. From August 1, 1920, to January 1, 1921, the government received 141 approvals of the Canada Wheat Board, and no disapprovals.

Terrific Increase In Rail Debt

Funded Debt of G. T. P. Supposed to be \$13,000,000, is \$173,782,100.

Montreal, March 30.—That the total funded debt of the Grand Trunk Pacific railway on December 30, 1919, was \$173,782,100, as against a statement by the Federal Government in 1903 that it would not cost the country more than \$13,000,000, was brought out today in evidence by G. G. Rowland, of the firm of accountants of Price, Waterhouse & Co. The figures were furnished to the Grand Trunk arbitration commission, which resumed its hearings here after the Easter holidays, and which is sitting to determine the value of the physical properties of the system prior to its acquisition by the Federal Government.

WHY BE WEAK AND NERVOUS

As a result of pale, thin watery blood—Nuxated Iron will help make you strong and well again; it has been used and highly endorsed by former United States Senators, Judges of U. S. Courts, many physicians and prominent men. Even the Pope at Rome has written especially of the merits of Nuxated Iron in a communication to the Pharmacopoeia Normale. Over 4,000,000 people are using it annually to help build red blood, strength and endurance. At all druggists.

Only Benefit to Bankers.

Nobody profits through the mixed monetary standards but the bankers who deal in foreign exchange. What their toll aggregated annually is difficult to estimate. Greater than the bankers' toll is the cost in multiplicity of methods. That this would be minimized by a world standard is a weight and measure and language—complaint about the confusion and waste attending them, but nobody does anything to correct them, except at rare intervals, such as that started a few years ago in regard to making the metric system universal.

Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no night so black.

Save them then. Use every precaution. Take no chance. When sickness comes, as sickness will, remember it's just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.

Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

Children Cry For Fletcher's CASTORIA

A Word About Truth.

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows us favors, favors no similes.

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little-ones. The BABY need for a medicine to take the place of Castor Oil, Eucalypti and Soothing Syrup was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.

BROTHERS SHOULD READ THE BOOKLET THAT IS ISSUED WITH EACH BOTTLE OF FLETCHER'S CASTORIA

WHOLE SYSTEM ABSURD.

The whole system is absurd. Everybody who knows anything about international finance appreciates the fact, but the middle of money systems endures and is likely to endure to the discomfort and cost of the world until the leaders of the world come together and arrive at a sane and sensible method of curing the evil.

It is so, too, with weights and measures. A ton is 2,240 pounds in some parts of the world and 2,000 in others. A ton of coal is 2,240 pounds in Philadelphia and 2,000 in New York. In Great Britain two systems of weights and measures are recognized—the imperial and the metric, and the latter is in languages it is no better than in money or in weights or measures, although English has made such great headway in the last few years that there is probability that in time it will be in as near to universal use as is possible without official acceptance by all the nations.

What the reason the world burdens itself with such a mixture of moneys, weights, measures, languages? No reason except custom. In nothing has man so rooted as in custom. He pays a heavier price than he knows for adherence to old forms and age-worn habits, but by reason of his prejudice he wants others to conform to his methods rather than that he should change to theirs.

SELL N. S. BONDS

Halifax, N. S., March 30.—The Provincial Government today opened tenders for a loan of \$1,500,000 six per cent, bonds of the Province of Nova Scotia. The joint tender of the National City Co. of Montreal and New York, E. H. Hollins and Sons, New York, and Wood Gundy and Co., Toronto, was accepted for the five-year issue, the price being 102.87.

RUN DOWN SCHOONER.

Norfolk, Va., March 30.—Ripping through a fog off the Delaware coast, the tank steamship Eugene V. R. Taylor, of the Star Line Navigation Co., ran aground out of the bow of the five-masted schooner Jennie Ufford.

Y. M. C. A. "CIRCUIT"

Catchy doggers, for Y. M. C. A. Circuit Clubs and the orphan to see in dress robes the general public on urban nights, are about town. The circuit year as being "a" and "giantic" phantas purpose to educate, enlighten, and negotiate sermons, and messengers will tend to delight "audience."

BOXING IN HALL

Halifax, N. S., March 30.—The Y. M. C. A. Circuit Club has been having a series of boxing bouts here at a date to be held in the middle and end of April.

Boxing bouts here der police has some a serious altercation forced a match.

TOMMY BURNS

London, March 30.—Former world's heavyweight champion, was yesterday in London license in the courts on Tyne. The court remarked "good character."

Dealers in New Brunswick can procure Cream of the West Flour through The Smith Brokerage Company, Limited, 1-4 South Wharf, St. John, N. B.

THE STANDARD'S SPORTING SECTION

Bowlers Eager For The Final Figures

Beautiful Display of Cups at Commercial Club Attracting Favorable Comment.

The window of the Commercial Club presents a most attractive appearance with its display of silver cups, medals, etc. In the centre of the window is a large glass case containing the cups and medals won by Charles Gorman, the winner of the state. These have been seen before.

The new display of cups, a display especially attractive to bowlers in the Commercial Club League, comprise the trophies for which the "Knicker bowlers" are now contending. There are ten beautiful cups in all, two sets of five each, one set going to the team that wins the league series and the second set to the runners up. The cups are presented by the Commercial club.

There are many special prizes on exhibition donated by members of the Commercial Club for individual proficiency in "sending 'em down." First among these specials is a large, handsome silver cup mounted on a mahogany base, presented by H. R. McCallan. This is known as the McCallan Cup and becomes the property of the team in the league which wins the championship twice. It is a beauty and worth struggling for.

A beautiful leather travelling bag presented by Vassie & Co. will go to the man who hangs up the highest three string total.

Archie-Holmes, McCready contributes a pair of his best shoes to the second best man on the three-string total.

The Post Office employees have donated a beautiful library lamp for the man with second highest average.

To the man who scores the highest average there will go a set of military brushes donated by the Ford Motor Co.

For the third high average winner Emerson & Fisher have donated a smoker's set.

The Imperial Optical Company has donated a Gillet Safety razor outfit for the high slicer.

All these beautiful prizes, collectively and singly, are worth looking at and certainly worthy of a struggle by members of the Bowling League.

Y. M. C. A. "CIRCUS" BILLS.

Catchy doggers, forerunners of the Y. M. C. A. Circus which the Boys' Clubs and the orphans of the city are to see in dress rehearsal tonight, and the general public on Friday and Saturday nights, are being circulated about town. The circus is described this year as being "a great, gorgeous, and gigantic phantasmagoria, which purposes to educate, demonstrate, instruct, and negotiate, funfests, mesmerisms, and mesmerisms, all of which will tend to delight all those in attendance."

BOXING IN HALIFAX.

Halifax, N. S., March 30.—Boxing is to be revived in Halifax and arrangements have been made to have Mike McTigue and George Robson meet here at a date to be fixed between the middle and end of April.

TOMMY BURNS PUBLICAN.

London, March 30.—Tommy Burns, former world's heavyweight boxing champion, was yesterday granted a saloon license in the court at New-castle-on-Tyne.

Intermediates To Play Off Games

Neutral Floor Decided as Place for Battle — Three Teams Tied for First Place.

The High School basketball team drew the bye for the play off in the Intermediates section of the City Basketball League at a general meeting of the city league held at the Y. M. C. A. last evening.

As a consequence the Intermediates of the Y. M. C. A. and Y. M. C. I. will play the first game to decide the championship of the league.

Location of Games. The location of the games gave rise to some discussion. The representatives of the Y. M. C. I. wished to draw for the floor the same as had been done for the teams to play. The Y. M. C. A. would not consent to this as they claimed the last game had been played on the Y. M. C. I. floor and the next game should therefore be played on the Y. M. C. A. floor.

This plan was not acceptable to the Y. M. C. I. and it was therefore determined that the play-off should take place on a neutral floor. The date and the time of the game were left to the executive.

The winning team is to play the High School and this game will also be played on a neutral floor.

Another Problem. The position of the teams after the two games were played might have afforded a nice problem, the winner of the final game would of course take first place in the league, but should the winner of the first game be defeated in the second, some question might have arisen as to whether or not there was a draw for second place.

The meeting decided that a contingency by ruling that the team which lost the first game should play the High School would take third place, and that the winner of the final game would take first place in the league and the loser second place.

The selection of referees afforded some discussion but was left in the hands of the executive. Roy White, president of the City Basketball League presided at the meeting.

ROSS HORSES ARRIVE.

Toronto, March 30.—Twenty-one horses of the Canadian division of the J. K. L. Ross stable, arrived at the Woodbine track yesterday from Montreal, all in good condition. They were in charge of Trainer Fred Schelke. This is the earliest appearance for this stable for the Ontario Jockey Club's spring meet at Woodbine track.

RIFLEMEN ASK HELP.

Ottawa, March 30.—A large delegation consisting of members of the House of Commons and representatives of the Dominion Rifle Association waited on the prime minister this afternoon asking that the Dominion Government grant assistance to rifle troops from the various provinces.

OXFORD WON AT GOLF.

London, March 30.—In the Inter-Oxford golf singles contests today Oxford beat Cambridge by 12 matches to 3.

SCORELESS DRAW.

Glasgow, March 30.—In the Scottish replayed semi-final Association Football Cup match Partick and Hearts again played a scoreless draw.

Cambridge Won Annual Boat Race

Official Time in Four Mile Race Against Oxford Was 19 Minutes 44 Seconds.

London, March 30.—Cambridge won the annual boat race with Oxford today over the course of about four miles and a quarter on the Thames from Putney to Mort Lake.

At the end of the first mile, Cambridge was in the lead by a length and a quarter.

In the next mile, however, Oxford more than made up this handicap and at the two mile mark was leading by one-third length after an exciting struggle.

Oxford maintained this lead in the succeeding mile of the race and even increased her advantage slightly, pulling out to a lead of a half a length when the third mile of the race had been completed. At the end of four miles Cambridge had taken the lead by a quarter of a length. Cambridge went over the finish line a length in the lead.

The official time of the winner was 19 minutes, 44 seconds.

The weather for the race was ideal, the afternoon being a bright one and the water smooth, fanned only by a gentle southwesterly wind. The breeze was sufficient, however, to give a slight advantage for the first third of the race to the crew rowing on the Surrey side. Oxford won the toss and chose the Surrey position.

An enormous crowd witnessed the event. The Prince of Wales, the Duke of York and Prince Henry were on the umpire's boat.

F. B. Lathrop, who rowed No. 2 on last year's Harvard varsity eight, and was No. 4 in the Oxford boat today, collapsed at the finish.

H. G. Borst, the Cambridge bow and P. I. Costen, No. 3, in the Oxford crew also collapsed.

HERMAN SECURES THE DECISION.

New York, March 30.—Pete Herman, former bantamweight champion, scored a technical knockout over Willie Spencer of this city in the twelfth round of a scheduled fifteen round bout here tonight.

Spencer was knocked down once in the third round and twice in the eleventh in which he was only saved by the bell. The referee stopped the fight after Spencer had been knocked down and badly beaten in the twelfth.

Spencer weighed 117½ pounds and Herman 120.

HELPFUL HINTS.

In cold weather, if you wipe your line with a cloth that has been dipped in strong salt water the clothes will not freeze to it. Dip clothes in the salt water too.

A teaspoon of water added to the white of an egg when beating will increase the quantity.

If you have soup left over, reheat it and eat it. It will keep very satisfactorily.

To keep collars, cuffs and ribbons fresh when packing put them between the pages of a magazine, preferably one which you want to read later.

To prevent packets from tearing sew a hook and eye near the bottom. Press down with a pair of pliers.

When cleaning a spray machine, place a blotting paper in place under the material, the gasoline will not leave a ring.

Iowa has 10,776 one-room schools, with a total enrollment of 214,698 pupils.

Will Be Driven From Baseball

Certain Owners of Major League Clubs Have Not Been True to Their Trust.

Cleveland, O., March 30.—Certain owners of major league clubs have not been true to their trust and will be driven from baseball, Ben Johnson, president of the American League declared here tonight.

From the recent investigations into the baseball scandals, "Thirty per cent of the owners of teams in the American and National Leagues must go," Johnson said.

"Changes in ownership are necessary for the good of the game and I expect to see the other owners combine with me in helping to bring about the much needed change."

Mr. Johnson refused to state who the accused owners were.

SUGGESTIONS FOR CANDY MAKING.

"Oh, I wish I could make candy like this!" exclaimed a woman to her hostess who had placed on the table a plate of delicious home made candies. When it was explained to the visitor that no particular skill was required, but merely the intelligent following of simple recipes, she went home and was delighted to discover that she could easily make candy which she had thought could be made only by an expert.

Sea Foam. Sea foam candy is rich and creamy, yet light and most satisfying. It is made by pouring one cupful of boiling water over four cupfuls of brown sugar and cooking steadily until when dropped in cold water it becomes hard and brittle. The stiffly beaten whites of three eggs should be ready in advance and the beating of them renewed and kept up briskly when the hot syrup over them in a small stream. It is well to have an assistant at this point so as to pour an even stream of syrup and also keep the beating regular. Vanilla flavoring should be added when the mixing has been effected and the beating resumed until the candy begins to stiffen, when it should be dropped on buttered paper to cool. If desired, chopped nuts may be added when the flavoring is put in.

Opera Cream. Opera cream has an advantage over most home made candy in its lasting qualities, as it will remain soft and creamy for several days. Three cupfuls of sugar, three tablespoons of white syrup, 15 tablespoons of butter and three tablespoons of salt are boiled together and the mixture will make a soft ball when a drop of it is put into cold water. It is then set out until it cools a little, and is beaten until it becomes about as thick as cold molasses, when chopped pecans, blanched almonds and Maracchino cherries are added. After the candy is kneaded until it becomes pliant and can be made into a roll on waxed paper. It can then be sliced as needed. A few drops of fruit coloring will give it any desired color.

TO PLAY IN HALIFAX. St. John Y. M. C. A. basketball team will play in Halifax April 3 and 5. The Wanderers, champions of Halifax, will meet the locals in the first game and an all star "Y" team will play the following night.

Spain leads the world in the consumption of wine, with an average of 35 gallons a year for each inhabitant. Rhode Island is the most densely populated State in the Union, with 566.5 persons for every square mile of territory.

Hold Big Fight In United States

On April 9 Rickard Will Announce Place, Date and All Details of Bout.

New York, March 30.—The place, date and all details of the Dempsey-Carpenter heavyweight championship bout will be announced in this city on Saturday, April 9. This statement was officially made by Promoter Tex Rickard here today.

In making the announcement Rickard said that while he was not prepared to definitely designate the site of the contest, at this time he had finally decided to hold the match in the United States and that all offers from points outside of this country had been rejected.

While the date of the contest has been semi-officially fixed for some time as Saturday, July 2, the place and the general conditions to govern the bout have never been authoritatively stated.

AMERICAN BOWLING CONGRESS TOURNEY

Buffalo, N. Y., March 30.—Five men bowling of the 1921 American Bowling Congress tournament came to a close tonight with the Saunders of Toronto showing a total score of 3,966 plus, as the champions. The A. Harold and Brothers of Chicago were in second place with a score of 3,947 plus and the Fleming Furniture of Cleveland third with a 2,961 total. The winners receive \$1,000 and the runners-up \$500 and the third place \$350.

LAUNCHING OF SHELBURNE BOAT

Canada Will Leave Ways Next Tuesday as Whole County Takes Interest.

Shelburne, March 30.—Shelburne's competitor for the fishing schooner championship of the North Atlantic, at the Halifax Herald's International trophy, recently named the Canada will be launched from the McKay yards Tuesday, April 5, it was announced here today.

The progress on this vessel has been followed with the keenest interest and the day of the launching will be a big one in Shelburne. Shelburne has always been noted for their ship-building and this latest product is looked to by the people of this town to uphold that supremacy against all comers, in Nova Scotia or on the North Atlantic. It was suggested that the new vessel should be called the Maid of Shelburne, but on account of the International contest which the builders hope their vessel will have the honor of sailing in, it was thought that Canada would be a more proper name.

The average price per head, all ages, of cattle on farms in the United States, other than milk cows, was \$25.92 in 1917, \$44.22 in 1919 and \$31.41 in 1921.

The winners receive \$1,000 and the runners-up \$500 and the third place \$350.

Mrs. Campbell Golf Champion

Pinehurst, N. C., March 30.—Mrs. Dorothy Campbell Hurd of Pittsburgh, retained her title as North and South golf champion today by defeating Mrs. F. C. Letts, Jr., of Chicago, four and three in the final round of the annual tournament.

Arrives in Great Britain and France are restoring the sword as part of the equipment for their officers.

TRIED RECIPES.

Steak Southern Style. Round steak can be cooked southern style and resemble in taste fried chicken. Cut into pieces, pound well, dip each piece lightly in flour. Have beaten in a spider a tablespoonful of lard better. Drop the meat into hot fat, season with salt and pepper. Place a light cover over the spider so the meat will steam, thus making it tender. After 20 minutes' cooking remove the cover and allow the meat to brown. Then take up, add ½ cup hot water to the spider, when it comes to a boil, pour it over the meat. This process gives it a peculiar flavor that cannot otherwise be obtained.

Fish Turbot. ½ lb. halibut or ¾ lb. haddock fillet and shred with a fork. Put on to boil 1 pint milk, ¼ small onion. When this boils remove the onion and thicken with ¼ cup flour and yolks of 2 eggs. If necessary strain and add ½ cup butter, ¼ cup cream, a little nutmeg, salt to taste. Put together in alternate layer of fish and sauce and be careful to have fish on top. Cover with bread crumbs, thoroughly mixed with melted butter. Bake from ¾ to 1 hour.

Spanish Stew. Take 1½ lb. of ribs of beef, place in a stew kettle, add 2 qts. cold water and boil rapidly for two hours. At the end of that time add a can of tomatoes, three onions finely cut and a large red pepper, six whole cloves. Add a pint of cold water, and cook half an hour. Lift the meat out into a deep platter and strain the sauce into another pan. Thicken with butter and flour, pour over the meat. Serve macaroni with this dish.

Apple Muffins. 1 egg, 1 cup milk, tablespoon butter, 2 cups flour, 2 teaspoons baking powder, ¼ teaspoon salt, ½ cup sugar, 1 cup apples. Chop the apples fine and flour them. To the remainder of flour add baking powder, salt and sugar and sift. Beat the egg, add the melted butter and stir this liquid into the dry ingredients. Beat the batter hard, add the apples and pour into well greased muffin pans. Bake in a quick oven for half an hour. These muffins will be as light as a feather.

FASHION'S FANCIES. Although French modistes have shown little inclination to exploit the director's gown, those on this side of the water who guide the fashions, have made considerable progress with popularizing the mode. Foulard never goes out of style in London. It returns each spring and is welcomed by all, especially the middle-aged. This year it is combined more often with cloth than with plain satin.

Organic predominates in girls' summertime dresses that are appearing in New York. Frocks of dotted swiss and gingham and combinations of these fabrics also appear. Lace is used to great extent in embellishments.

The sale of cigarettes in the State of Utah is unlawful, and smoking in public places is prohibited.

ST. JOHN, N. B., THURSDAY, MARCH 31, 1921.

PROVINCIAL FINANCES

According to Dr. Hothington, the agreement is faced with a situation which will necessitate the most stringent economy in expenditures. If the Government honestly and truly realizes this fact, and is prepared to shape its course to meet the situation, the dawn of better times is at hand. The Government has been facing a situation which called for stringent economy for the last two or three years. It cannot truthfully be said that the Premier and his colleagues did not know it; the fact has been dinned into their ears time and time again, and the public accounts as presented by the Comptroller-General have provided all the proofs of the correctness of this fact that any reasonable man could want.

Except that the situation financially is so serious, one is almost inclined to laugh at the Provincial Secretary's declaration that "economy will be the watch word of the Government." According to their own assertions, economy has been their watchword ever since they came into office; in fact they got into office almost wholly on account of this watchword. The Province was promised an economical, prudent and business-like administration, and what has it had? An orgy of reckless expenditure from the very first year of the present Government's control of affairs. With revenues nearly double in amount compared with those received by their predecessors, each year, except their first, has shown a deficit, with no attempt whatever to keep expenditures down. "Easy come, easy go" was their only watchword when dealing with public moneys.

The assurance is given that the Government will not embark upon any new enterprises for the next few years. It is not new enterprises that the people are so much afraid of, as the further unfettered exploitation of old ones. As long as Mr. Veniot is allowed a free hand in the Public Works Department, we do not need any new enterprises to eat up the public revenues.

"The Government has decided that the time is not opportune to put on new taxes." This seems very much like making a virtue out of necessity; the Government simply hasn't got any other source of revenue to turn to out of which to raise any additional taxes. That is about the size of it. Every possible source of taxation that the people will submit to is already tapped and is being drawn upon to the limit; and the Government is quite aware of it. The people will not be deceived by the Provincial Secretary's unctuous disclaimer of any intention to farther tax them.

A considerable decrease in the revenue receipts is anticipated for the coming year. This anticipation is probably well founded. Deflation is the order of the day at present and the Provincial revenue cannot expect to escape. In this era of reconstruction therefore, the first thing to be done is for the Government to reconstruct its spending programme and shape it into something like conformity with present day conditions. This can very readily be done without necessarily starving any of the services. The experience of the past year or two has taught the public that the Government's estimates, so far as expenditures are concerned, are not to be relied upon in many instances. Like Mr. Fielding's platform, they are only to get in on. Last year Mr. Veniot was allotted \$487,000; he spent \$311,000, and probably only pulled up because there were no more funds available. This year he is to have \$562,000, which amount we are told is not to be exceeded. As there is no election in view, this intention may perhaps be adhered to. The cut in the agricultural appropriation of \$17,000 could possibly have been larger in view of the difficulty the Department usually experiences in getting away with the Dominion Subsidy. Services which are paid for at present out of the appropriation should be transferred to subsidy account; this would save the officials an enormous amount of worry in regard to finding new avenues through which to get rid of the grant. The expenditures on forest service may well undergo considerable pruning without in any way impairing the efficiency of the service; in fact there is hardly a single department of the Government in which drastic economies might not readily be effected without doing the service the least harm. Those who have the checking up of the detailed expenditures so readily testify that seal for economy in any direction is conspicuously absent.

However, the Government promises a period of retrenchment; the public will be interested in watching its progress, alone, what is for it, as yet untrodden path.

COURTENAY BAY

When in the year of grace 1909, the Hon. William Pugsley then Minister of Public Works, informed the waiting public that in two years from then the Grand Trunk Pacific would be thundering at the doors of St. John demanding entrance with its train loads of Western produce for shipment overseas, that St. John must be ready for it, and that with Providence to help him, St. John should be ready. That was ten years ago, and St. John is not ready yet, and shows very little sign of being ready for several more years even. It is true that since the late Minister of Public Works uttered these momentous words, several millions of dollars have been poured into Courtenay Bay, which is still a long way from being ready for the ships which were to take care of all the anticipated traffic. If less than half the money which has gone into the pockets of the fortunate contractors for the Courtenay Bay breakwater had been spent on the opposite shore, St. John would by now have had a harbor worthy of a name, and worthy of the city. The money spent on that useless breakwater would have provided berths for a score or two of steamers at least on the West Side, where the traffic comes to. Until proper provision is made for the National Transcontinental Railway to reach this city, on the East Side, what is the sense of pouring hundreds of thousands more dollars into a work that is not going to be of any practical value? The time may come, when most of us now living have passed away, when this Courtenay Bay scheme can be carried out as Dr. Pugsley proposed; but that time is a long way off yet. In the meanwhile we want something else to go on with.

DEFLATION

The financial and industrial situation at the present time is in such a condition that the average man may well be excused if he fails to grasp its full significance, and to sort things out. At the same time it is not a very difficult matter for any one who goes to work to ascertain for himself the true inwardness of things, to achieve satisfactory results. There are those of course who would like to think and believe that everybody else except themselves should bear the burdens of deflation. This class of "thinkers" will not get very far in correctly analyzing conditions. Those who set about the task of analysis with an open mind will not find it very difficult to satisfy themselves as to just what is wrong, and where the remedies lie, and how this remedy must be applied in order to relieve both capital and labor from the difficulties and troubles from which both alike are suffering.

A recent statement by the National Bank of Commerce of New York contains about as lucid and logical a diagnosis of conditions as one could wish for. One paragraph of this statement shows why high gold reserves in the banks, including monetary deflation, are of no avail in themselves in promoting prosperity and easier money conditions unless there is also wage deflation.

Worldwide legislation has reached a point where it cannot be halted for the benefit of any group or unit of production either in the United States or elsewhere. Employers and workers who are unwilling to face present conditions frankly and courageously are retarding resumption of normal business and working against their own interests. Prevailing wage scales, which under present conditions are of little real advantage to the workers are an absolute deterrent to the lowered costs which must be established before the prices of coal and steel can be lowered and freight rates altered. High wage rates are purely illusory as long as widespread unemployment or part time work reduces real income and impairs purchasing power.

NOT THE LEAST OF THEM

Col. George Ham has been writing in Maclean's Magazine of the greatness of the C. P. R. and of the men who helped to make it great. Naturally he has not included his own name among the names of those men, but those who know him and know of his work for the C. P. R. will place it there, and will make the addition well toward the top of the list. For, as the Ottawa Journal declares, Col. George Ham has contributed much to the success and advancement of the greatest transportation system in the world. He has not been the work of an executive, a financier, or an engineer, but it was very important work, and so can could have done it.

better than it is well as, he. It may even be doubted if any of the great directing heads of the C. P. R. who have won neighborhoods and baronies have done more to advance the good repute of the system than Colonel Ham. He has been with the C. P. R. practically from the inauguration of the service for thirty-three years, and it is thirty-four years since the first C. P. R. train crossed the continent, and he was on board that as a newspaper man.

WHAT OTHERS SAY

Election Prophecies.
 St. John, New Brunswick, took a vote to elect a mayor and it carried by a two to one majority. A vote of four to one against had been predicted, but predictions are never of much use after an election.—Quebec Chronicle.

"The Gospel of Hate."
 The little charlatan of British politics has become a tragic figure with blood upon his hands that would "multitudinous seas incarnadine." . . . If a Nero and a Julian were punished by God for wrongdoing, so will Mr. Lloyd George feel God's wrath if he persists in his reckless course.

In Flanders Greenwood he got a lieutenant after his own heart, a man who will do anything and abuse himself to the lowest depths to retain the prestige and power of office.—Catholic Register, Toronto.

An Encouragement To Immorality.
 Owing to the determined opposition to the establishment of divorce courts in this province, it is probable that the divorce bill will again be shelved at Ottawa. And many couples who are living in adultery will continue to neglect to legitimize their relations because they shrink from the publicity of parliamentary divorce. The existing system of divorce in this province and Quebec is an encouragement to immorality.—Hamilton Herald.

St. Patrick's Day and the Church.
 In the St. Patrick's Day parade in New York there was a banner bearing the words: "As much religion as you like from Rome, but no politics." At a meeting of Irish Catholics in London a day or two ago a resolution was passed protesting against a pastoral letter issued by Cardinal Bourne, the head of the Catholic Church in England, in which the Irish Fenian outrages in Ireland were denounced. In this resolution the Cardinal was told that no ecclesiastical dictation in political matters would be tolerated. According to the authors of these protests, then, the killing of soldiers, and policemen is a matter of politics, not of morals. This is a further illustration of the Irish problem.—Woodstock South-Review.

A BIT OF VERSE

THEN AND NOW.
 By a Pessimist.

Of old our fathers' teeth did ache,
 They pulled the irksome dent,
 And soon they were quite well again—
 It cost them fifty cents.

But now our molars make a fuss,
 We have but one idea,
 We put a mortgage on the farm,
 And try to cure pyorrhea.

Of old our fathers' throats got sore,
 And cough-cures were the cure,
 Surmounted by red flannel strips,—
 A lame the most, I'm sure.

But when we feel the same complaint,
 Our tonics must come out—
 A major operation costs
 Five hundred bucks, about.

Our fathers got the stomach-ache,
 No doubt they graven with pain,
 Two penny-worth of castor oil,
 And they were fit again.

But when we writhe in doleful gripes,
 We say "appendicitis,"
 And when we've had the specialist,
 No money's left to greet us.

Our fathers' "ignorance was bliss,"
 They lived out all their days;
 Oh would that we were wise enough
 To follow in their ways.

THE LAUGH LINE

Plenty of Time.
 "Oh, dear, I hope I'm not too late for the big picture," exclaimed the stout woman as she hustled into the darkened movie theatre.

"Don't worry, lady," said the usher. "They're only up to the name of the fourth assistant camera man."—New York Sun.

Fancy Work.
 "Does your daughter do much fancy work, Mrs. Bright?"

"Indeed, too much. She is always building castles in the air."—Boston Transcript.

The Esteemed Cordist.
 "This paper says a woman ended her life because she couldn't bear the thought of having her husband in prison," quoth Friend Wild.

"Ain't that the limit?" countered Friend Husband. "Some of 'em hate to see a man happy."

Live Stuff.
 Mr. Nevrich (at exclusive rare book store)—"First editions? Nix! But if you've got any bang up, five star, complete sorting finals I might look 'em over."

No Wonder.
 Rattler—"Who is that very popular young woman over there?"

Prattler—"She's the daughter of a banker."

"Ah! No wonder she draws so much interest!"

Benny's Note Book

BY LEE PAPE

I was on my way home from school yesterday and I saw a man start to go in the grocery store, me saying, Hello ma, wait you going to get?

O, a number of things, sed ma, and I sed, Well do you want me to go in with you and help you do your ordering, ma?

You may come in with me, sed ma. Meaning she would do all the ordering herself, and I went in with her and different ladies was waiting to be waited on, and I sed, Look, ma, look at these little chookit cakes, it says Special today only 27 cents a pound, are you going to order any, ma?

No, sed ma, and I sed, Aw, G, ma, why not, it says special today, you can't tell how much they'll be tomorrow.

They may be as much as 25 cents, sed ma, and I sed, Sure, ma, you can't tell, are you going to order any, ma?

No, sed ma, which jest then I saw some more cakes with a nice saying, Lulu Drops, 26 cents a pound today.

O G, ma, look how cheap the Lulu Drops are, are you going to order any, ma? I sed.

We've got cakes home, sed ma, and I sed, Aw G, ma, any ginger snaps, was ginger snaps? Which jest then it was ma's turn to get waited on, and she sed, Will you take an order please, I want 3 cans of pees and a can of asparagus.

How about the chookit cakes, ma? I sed, and ma sed, And 5 pounds of chookit cakes, I mean sugar, Benny, be still, how can I order? And I want a pound of dried lima beans.

Well gosh ma, how about the Lulu Drops then? I sed, and ma sed, And I want 15 yards of Lulu Drops, I mean clothes line, Benny, go on home.

Which I did, taking one Lulu Drop on the way, not tasting anything extra.

BEWARE OF BRONCHITIS.

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a whooping sound when you cough. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellow color and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble.

Mrs. Eric Oulman, Sheffald, Ont., writes:—"In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much; I then got a 6 1/2 size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds."

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; three sizes from the trade mark, price 50c and 60c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WHEN RHEUMATISM HITS YOU HARD!

Sloan's Liniment should be kept handy for aches and pains

WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, a headache, or anything to make you quit work, when you should have Sloan's Liniment handy to help curb it and keep you active, and fit, and on the job?

Without waiting for it to penetrate, apply a bit today to the afflicted part. Notice the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All drug stores—three sizes—the largest is the most economical. 35c, 70c, \$1.40.

HOW
SOME
MEN
BUILD
HOMES

Some build two family houses
finishing their own first first;
then with the money that they
are in rent complete the other
flat as fast as their means per-
mit.
Some build one, move into
them, and as the rent is cut
off they are able to make a
start on the main house.
One customer started a house
in March, moved into it in May,
there were no rooms finished
out as it was coming summer
and he was like camping out. By
all he had enough rooms fin-
ished that his family could get
through the winter without
freezing. By working himself,
and by saving he got his home
completed in a few years. He
is his own landlord now and his
salary was not four figures.
Lumber Cheaper Now.

The Authority of Years
For over 50 years Dr. Pierce's Favorite Prescription has helped thousands of women, to better health, greater strength, brighter spirits, better looks. Dr. Pierce's Favorite Prescription, (in tablet or liquid form) helps women to retain their youthful looks because it removes the cause of most of the troubles peculiar to women. It is a non-alcoholic tonic—invigorating and health-restoring—which has been so successfully used by American and Canadian womanhood.

Makes Weak Women Strong
DANCE, Ont.—"I am more than pleased with Doctor Pierce's Favorite Prescription. I was run-down and so nervous that I could not even stay in the house alone in the daytime, and tried every kind of medicine I heard of, but got no result. One of my friends advised me to take 'Favorite Prescription'—said that it would cure me, and it did. After taking four bottles I felt like a new woman. It is also the very best medicine for a woman bringing up a family."—MRS. JOSEPH BEAUDRY, Route 2.

Bathurst Hotel Destroyed By Fire
Bathurst, N. B., March 30.—The White House was destroyed by fire early Sunday morning. The fire was discovered about 1:30 o'clock, and the flames were aroused, all of whom got out of the burning building without injury, though some did not save all their personal effects. The loss of the

White House will prove a great inconvenience to the travelling public, as it was the only hotel in the northern town, the Robertson House having been destroyed by fire a few years ago.

France now has an acting army of 830,000 men, divided as follows: 570,000 Frenchmen, 160,000 natives of northern Africa, and 100,000 foreigners and native colonials.

Start Tonight
This new way to beautiful teeth

Your druggist today has a new way of teeth cleaning. And a ten-day tube is free.
Millions of people now employ it. Leading dentists everywhere advise it. You would never go without it if you knew.
Go ask for that free tube. There are few things more important than well-protected teeth.
Remove the film-coat
You brush teeth now, but you leave much of the film. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. So teeth too often discolor and decay.
Dentists now know that the reason lies in film. That causes most tooth troubles. And, until one ends it, brushing fails to save the teeth.
It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Exhume Body of Capt. Perry
Dr. Finn of Halifax to Make Careful Investigation for Further Murder Clues.

Halifax, March 30.—Dr. W. D. Finn, medical examiner of Halifax, leaves tomorrow for Yarmouth where he will make an examination of the wounds received by Capt. Geo. Perry, and which caused his death. The body will be exhumed tomorrow. It is thought by the Attorney-General's department that Dr. Finn, who had had much experience in autopsies, may be able to ascertain the nature of the wounds and the kind of instrument used by the murderer.

New Steamship Service
The Furman, Wilby Steamship Company announced today the establishment of a passenger and freight service between Halifax and Boston. The steamer Sachem, now laid up at Liverpool, England, will open the service. She will sail from Liverpool next month for St. John's, Nfld., and Halifax, and after her arrival here will go on the Boston route. A schedule of summer sailings will be arranged later.

Campbellton Plans New Curling Rink
Proposed New Building Will be Most Up-to-Date in Every Respect.

Campbellton, N. B., March 30.—The formal closing of the Campbellton Curling Club for this season has been held. A supper was served by the Ladies Aid of the Soldiers' Memorial Hospital. After the supper His Honor Judge McLatchey spoke of the necessity for a new rink to accommodate the growing membership. Thomas Wan, who is looking after the financial end of the undertaking explained that a company will be

formed and shares at \$25 each will be sold to members of the club only. The rink will be most up-to-date in every respect, with ladies and gents' waiting rooms, kitchen, hall, etc. The work will likely be undertaken early this summer.

Many Attend Funeral of George A. Knodell

Large Number of Floral Tributes Attest Esteem in Which Deceased Was Held.

A large number of citizens were present at St. John's (St. Paul's church) yesterday afternoon to pay a last tribute of respect to the memory of George A. Knodell, Rev. G. A. Kahring paid a sincere tribute to the sterling character of the deceased. Members of the city and county consuls attended in a body. Among those sending floral offerings were:—
Mr. and Mrs. Harold McMichael, sheaf; friends of the family, crescent; Mr. and Mrs. Robert Brittain, sheaf; Mr. and Mrs. C. D. Hoyt and Mr. and Mrs. G. S. Hoyt, sheaf of wheat; Knodell grandchildren, sheaf; office staff of George A. Knodell, sheaf; Dearborn grandchildren, cross; Miss Jessie Sandall, sheaf; W. M. Jarvis, wreath; Mrs. Charles Dearborn and daughter, sheaf of wheat and roses; Mr. and Mrs. J. G. Anley, Toronto, sheaf; F. A. Simmons, sheaf; Dr. and Mrs. Hanna, tulips; Miss Sarah J. Winters and family, tulips; Mr. and Mrs. R. T. Lenoir, sheaf; Mr. and Mrs. R. Carson, crescent; W. E. Scully, M. P. P., sheaf; Commissioners, sheaf; Woods family, sheaf; Knodell family, pillow; Schofield Paper Co., sheaf of wheat; Mr. and Mrs. William Archer and family, wreath; John Russell, flowers; Silas Hoyt and family, sheaf; Mrs. Annie Meuro, sheaf; Mrs. Norman Gregory, flowers; Mrs. Homer Zwicker, Halifax, sheaf; William Rogers and girls, Boston, sheaf; Mr. and Mrs. William Knodell, Montreal, sheaf; Mr. and Mrs. H. C. Patterson, sheaf; staff of the Canadian Drug Co., wreath; Miss Frances Seary, tulips.

formed and shares at \$25 each will be sold to members of the club only. The rink will be most up-to-date in every respect, with ladies and gents' waiting rooms, kitchen, hall, etc. The work will likely be undertaken early this summer.

IN THE EDITOR'S MAIL

CIVIL SERVICE BONUS
To The Editor of The Standard.
In the issue of The Standard of the 26th inst. there appeared an article in reference to "Bonus of Civil Servants" from Ottawa, which stated that this year there would be a reduction of 25 per cent. in the amount paid Civil Servants as bonus.

The article referred to stated that such reduction was to be expected by Civil Servants and consequently came as no surprise to them. The Standard's informant in this regard failed to express the real sentiment of Civil Servants, for on the contrary we consider such action on the part of the government entirely unwarranted and unjust.

For this reason and since the public are usually misinformed in regard to such matters, may I be permitted to briefly present the view point of the Civil Servant himself.
The bonus from the popular point of view represents something extra, in the nature of a bouquet as it were, that is given by a considerable employer to an employee.
In the case of Civil Servants such is not the case. In reference to Postal Clerks, the salary schedule, except in a very few instances, has remained unchanged since pre-war days. In consequence of this and in view of the fact that wages in all lines were being increased to meet an ever increasing cost of living the government granted a bonus. This bonus represented an increase in remuneration of from 10 to 30 per cent, while the cost of living increased to 50 or 70 per cent.

Then came the much heralded "Reclassification of the Civil Service," which provided in some cases, slight increases in salary attended by a proportionate reduction in Bonus which left the recipient an increase in salary and an almost equal amount decrease in Bonus. This was a discovery of the complicated schedules, compiled by American efficiency experts, the result in some cases were to the effect that the employee actually owed the government.
Now, the Prime Minister states that there will be a reduction of 25 per cent. in Bonus. We feel that the reason the decrease in the cost of living. While it is admitted that there has been some reduction in certain commodities, yet in essentials such as rents, fuel, light, transportation (street cars) etc. there has been a very considerable increase. Such increase more than offsets any decrease and the salaried man has yet to discover any appreciable decrease in his living expenses.

With these facts in mind it is difficult to see sufficient reason for a reduction in our Bonus. We feel that the time is inopportune and where we have not been previously sufficiently recompensed for our services, the present proposal to reduce our Bonus is not only a hardship but a reflection. Last session the members were not slow to recognize the H. C. L. when they increased their indemnity; at present no reason has been received of a reduction, while the Civil Servant is faced with a 25 per cent. cut. Thanking you Mr. Editor for your valuable space.

I remain yours,
T. FRANK WALSH,
Sec. of Postal Clerks' Association,
St. John, March 29, 1921.

OBITUARY

James Kincade.
A message from Cody's, N. B., yesterday announced the death of James Kincade which took place during the morning after a brief illness. He was in the eighty-eighth year of his age and was a highly respected citizen and well known throughout Quebec county. As a young man he was engaged in the lumbering business at Canaan and fifty-five years ago he purchased a farm at Cody's and had lived there ever since.

Besides his wife, who was formerly Miss Abigail Thorne of Thornetown, he leaves four sons, B. Wilnot, of Portland, Maine; D. Bedin, of New York; Walter E., of Berlin, of New York; and J. W. at home, and two daughters, Mrs. G. H. Farley and Mrs. Hilda Field, of Portland, Maine. The funeral will take place at the Holy Cross cemetery, Friday morning at 10:30.

John Dempsey.

Many friends in this city will regret to learn of the death of John Dempsey which took place at his residence in New York city on Sunday. He was born in the old Town of Portland more than fifty years ago. He left St. John in 1881 after graduating from the Christian Brothers' school and completed his education in the States. In later years he became an interior decorator and met with success. Two years ago he retired owing to ill health. He is survived by his wife, one daughter, Elizabeth, and one son, Paul, also his father, Jeremiah Dempsey, and two sisters, who are residing in Brooklyn. His wife, Ogle, of Fredericton, is an aunt. The funeral took place Tuesday to Holy Cross cemetery, Brooklyn.

Dr. J. A. Storey.
Dr. James A. Storey, L.R.C.S. 1, and L.R.C.P. E., a brother of the late J. K. Storey, who was for many years a prominent merchant in this city, died on March 10 at Dunstable, Bedfordshire, England. He leaves his wife and two daughters.

Norval McLaughlin.
Norval McLaughlin, 2 Courtenay street, dropped dead yesterday morning while walking along the north side of King street, in front of the Edward Hotel. He was in the sixty-seventh year of his age, and until a few weeks ago had been in comparatively good health, when he contracted heart disease and for the last four weeks had been confined to his home. Coroner E. A. Porter was notified and gave permission to move the body to Mr. Porter's undertaking parlour. Mr. McLaughlin was well known in the city and the news of his death will be received with regret by a large circle of friends. He was a thimble by trade and for many years was employed with J. Spence & Company, Water street. Besides his wife he leaves one sister, Mrs. Richard, of Boston. The funeral will take place on Friday afternoon from his late residence.

WEDDINGS.
Abrahamson-Davis.
On Easter Sunday Miss Alice Davis, daughter of Mr. and Mrs. Israel Isaacus 33 Cobourg Street, this city, was united in marriage to Mr. Maurice Noel Abrahamson, a young Boston attorney at Brooklyn, N. Y., by Rabbi Dr. Alex Lyons. The bride party included Mrs. Deck and Mrs. Fred Simmons, of Brooklyn, N. Y., cousins of the bride and Mr. Joseph Abrahamson of Syracuse, N. Y., a cousin of the groom. The bride is well known in St. John while Mr. Abrahamson is a member of the Massachusetts Bar and served two years overseas in the war. After a trip to New York and through the New England States and a visit to St. John at the end of this week the young people will make their home in Boston.

"You Are Looking 'All In'"
"YES, and that is just how I feel."
"What seems to be the matter?"
"Why, I had tonsillitis, and my whole system seemed to be poisoned and run down. So much so that I do not seem to gain strength."
"Will you let me be your doctor and do as I tell you?"
"I will do anything to get strong and well. I have been sitting here too long already."
"Well, you send to the drug store for six boxes of Dr. Chase's Nerve Food, and take one pill after each meal and at bedtime. Believe me, it will not be long until you feel the benefit of this treatment and find yourself gaining in health and vigor."
"How do you know?"
"I know from personal experience. After I had the 'flu' I was left just like you are now—all run down; could not sleep; the little food I ate did not seem to do me any good, and I was getting pretty blue."
"Yes."
"Well, my wife had been using Dr. Chase's Nerve Food, and insisting on me giving it a trial. You know the rest, for I was soon about again, as hale and hearty as ever. I have told lots of people about this Nerve Food, and never knew it to fail yet."
"You are to be the doctor in this case, so I will follow your advice."
Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

FOR WOMEN AMUSEMENTS

Delightful Tea By French Club

Afternoon, Typical of France, Enjoyed by Club at Home of Mrs. W. B. Tennant

Maidens in typical French peasant costumes served as waitresses at a very delightful tea held yesterday afternoon by the French Club at the residence of Mrs. W. B. Tennant, Orange street. A charming programme of dances, French in character and costume was carried out during the afternoon and was the subject of many admiring comments.

Presiding at the tea table were: Mrs. Clarence Allan and Mrs. Daniel Mullin. Decorations of the tea table were unique, consisting as they did of a centre of gold fleur de lys with a silver vase of the same symbolic blossoms.

Little Miss Constance Mullin's recitation was very sweetly given, and among the pretty dances, Miss Littlefield's patriotic dance was perhaps the gem.

The following were conversers: In charge of programme, Mrs. S. A. Alward, Miss Miriam Hathaway.

Costumes—Mlle. LeRoie, Mrs. F. A. Foster.

At the door—Mlle. Beatrice Sauter, Mrs. J. Pope Barons.

Accompanist—Miss Muriel Ford. Members of the club, assisted by Mrs. J. Key and Miss Dorothy Tennant, Amherst, served.

The programme was as follows: La Pompadour—Miss Dorothy Hilliard.

La Petite Bergoise—Miss Katherine Mullin.

Les Papillons—Misses D. Blizard and K. Sturdee.

Moroccan Recitation, "La Petit Garcon Bleu," Miss Constance Mullin.

A la Victoire—Miss Littlefield.

Eight European women, all Salvation Army workers, will devote the rest of their lives to the care of lepers in Java.

Women members of the International Garment Workers' Union in New York city are paid on an average \$35 per week.

Louise Glamm, The Famous Actress, Says Show Me A Homely Girl Or Woman And I'll Show You A Neglected Complexion

With a Soft, Peach-Like Velvety Skin Every Woman Would Be Attractive. Nothing So Good for the Skin as Ordinary Oatmeal.

New York—"The girl or woman who is passed by without a glance of admiration has only herself to blame," says Louise Glamm, the beautiful actress, now starring in the J. Parker Reed, Jr. production. Through following the simple combination given below it is now possible for every girl and woman to have an attractive, rosy white, beautiful complexion, free from freckles, wrinkles, blackheads, pimples, coarse or large pores, tan, dark skin, sallowness or roughness. A few minutes night and morning is all the time required.

Just follow the advice of Louise Glamm and the wonderful effect of this simple combination will please and surprise you. This method may be used without the least fear of harmful results and will not produce or stimulate a growth of hair. Here is the formula: Go to any grocery store and get 10 cents worth of oatmeal and from any drug store a bottle of Derwillo. Then cleanse your skin with a good cold cream (Liska Cold Cream I have found to be the best). Put a little of the oatmeal in a bag made of cheese cloth, steep on or lift the bag in to twenty drops of Derwillo and use this the same as you would a wash cloth. Use in combination regularly. A large number of the leading actresses of this country now use Derwillo in preference to all other beautifiers.

Derwillo contains no harmful plaster, paraffin, pearl white, or other dangerous drugs, which dry out the skin and clog the pores, thus preventing them from doing the work nature intended them to do. It is prepared under scientific sterilized sanitary conditions by an expert who has years of experience in manufacturing beauty products. Measured by results you get more for your money by using Derwillo than any other beautifier.

Oatmeal when used with Derwillo has an astonishing effect. It softens, cleanses and makes strong, healthy skin tissues. It brings back to the skin that youthful peachlike coloring every normal woman craves. Now that short sleeves are in vogue you will want beautiful hands and arms. There is nothing like oatmeal and Derwillo for this purpose. A few weeks use of this combination and your friends will comment favorably on your improved appearance. Those who look old are those with a haggard, loose, wrinkled, muddy skin. Miss Louise Glamm follows this method herself and recommends it to her most intimate friends who are just as enthusiastic over it as she is. You can well afford to devote a few minutes each day to the care of your skin, and if you do you will soon notice a wonderful improvement in your appearance. Just try it once and note the difference. Its use will make you look ten years younger.

NOTE:—When asked about Derwillo one of our leading druggists said: "It is truly a wonderful beautifier, never ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money of anyone who is dissatisfied. This guarantee would not be possible unless the product possessed unusual merit." It is sold in this city under a money-back guarantee by all druggists, most stores and all druggists, including The Ross Drug Co. and Watson's Drug Store.

How "Tiz" Gladdens Tired, Aching Feet

No more sore, puffed-up, tender, aching feet—no corns or callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains. "Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings peaceful comfort. "Tiz" is magical, good, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any druggist or department store. Don't forget to remove your shoes and socks, keep your feet fresh, sweet and happy! Just think! A whole year's foot comfort for only a few cents.

Don't get rid of your feet from jaded. A remarkable thing about some jades is that they change color on being applied to the feet of the feet.

Vice-Regal Party Is At Winnipeg Reception and Ball in Their Honor at the Parliament Buildings.

Winnipeg, March 30.—The Duke and Duchess of Devonshire who arrived this morning, completed the busy programme of the first day of their final official visit to Winnipeg when they attended the parliament buildings to night a reception and ball in their honor, given by the Lieutenant-Governor, Sir James Aikens and Lady Aikens. Their Excellencies received with Sir James and Lady Aikens. About three thousand invitations for the function had been issued.

In the afternoon the Governor-General reviewed the King's Barracks the Winnipeg Boy Scouts. Previously he had received an official welcome from the city and had been the guest of the legislature at an official luncheon at the parliament buildings.

Entertained At Mothers' Meeting Canon and Mrs. G. A. Kuhring Were Guests of Branch of (Stone) Church W. A.

Yesterday afternoon the branch of the W. A. held a mothers' meeting in St. John (Stone) church school room and entertained Rev. Canon and Mrs. G. A. Kuhring it being the last Easter meeting they will attend before leaving. There was a full attendance of members and the tea tables were very prettily arranged. After tea Mrs. Kuhring gave a short but interesting address. The mothers arranged the meeting entirely themselves and those in charge were: Mrs. George Grey, Mrs. Thomas Andrews, Mrs. George Stewart, Mrs. Moore, Mrs. Cassilly, Mrs. Dunham and Mrs. Shaw.

The first woman to speak before the assembly of the league of nations at Geneva was Henri Furthammer, who was one of the officials from Denmark.

AS A WOMAN THINKETH

By HELEN ROWLAND (Copyright, 1926, by The Wheeler Syndicate, Inc.) The New "Ladies' Man"

Long, long ago, I thought that the "Ladies' Man" was extinct—like the Dinosaur, and real politeness, and the "sky young girl," and the "gay restaurant" and home-skitra, and romance, and "mother's cooking."

But in, that thought—that hope was vain! For, in the morning's mail, I received the following: Dear Miss Rowland: I read with enjoyment your analysis of "A Woman's Man," and have taken the liberty of attempting a parody thereon. Forgive my presumption. Yours truly, JAMES HIGSON, New York City.

"A Ladies' Man." Of course there is such a creature! There are lots of them—Or why should every girl hope to forget them? That combination of clothing advertisement—Sparrow Collar—Melons Food—and—Ode to a Poet—That mixture of dot-and-dash, yes-and-no, of epats and polka dots, of nonchalance and non-complaisance—Who can talk like a page from Neil Brinkley, make love like the Matrimonial News?

Yet, who is as modest as the far-famed snowflakes! Who can "baby" a woman, and at the same time "stall" her, jolly her, "queen" her, "crown" her? Who is a picture in the business world—and a sketch in the office. And can play Casino, Post-office, the phonograph, and the player-piano?

Who never forgets a woman's favorite street car, her preference in chewing-gum or movies? Or the color of her hair, the first time they met? Who always thinks of nothing—and therefore never forgets to think of himself?

Who can be quiet and stupid, or brilliant and enigmatic, or choicely and strawberry—according to the time and the place, and the size of his bank-roll? Who would never become careless about buying his wife's presents after marriage, and yet would always get up cheerfully to choke off the alarm clock?

A reasonable man is always on larger yaster, higher things—like lunch hour and closing time! How every girl longs to lose him! How gladly she gets rid of him! And how cheerfully her father would like to see him in wait for him—A Ladies' Man? So, THAT is a portrait of the New Ladies' Man. As attested by one of the "Mere" sex! Do you recognize the picture? Or have you "had the pleasure of NOT meeting" A Ladies' Man?

Homeopaths, even in brilliant cherry colors, are worn for travelling these days. The most popular colorings, however, seem to be chocolate and the lighter tans.

Southern resorts have borne testimony to the popularity of all crepe weaves from crepe de chine to the coarser morocain and caston effects.

A great deal of red is worn, red hats and accessories being much in evidence.

Beaded gowns continue to be worn, the newer ones having small beads in fringe of festoon effect.

Balises and other fine cottons are brooded in metallic threads and smart for afternoon gowns.

Sports skirts in gay Roman stripes have to a large extent replaced those of sports silks in some winter colorings.

Directorate gumpies are made of organdy, sheer batiste, with fringed collars that stand up around the neck and chin. They are to be worn with coat suits.

Spring coats boast scarfs of self material finished with looped feather fringe.

Blouses and belted jackets of linen are worn with woolen skirts.

Missionary Society Hold An At Home

Excellent Programme Carried Out by Women of Fairville Methodist Church.

An Easter At Home was held yesterday afternoon by the Women's Missionary Society of Fairville Methodist church, and an excellent programme was carried out. Members met at the home of Mrs. James Malcolm, who, at the close of the programme, served refreshments, and members enjoyed a social hour.

The devotional exercises were led by Mrs. O. D. Hanson. Then followed an Easter hymn, responsive reading and the reading of the Lord's prayer.

Mrs. W. Linton read a poem entitled "What Then?" Mrs. S. A. Worrell read "The Third Prayer." Mrs. F. S. Shaw read "The Blessed Christ."

A great, "bearing His Cross," was sung by Mrs. S. A. Worrell and Mrs. A. Long.

A paper, prepared by Mrs. Crosby, descriptive of work among the North-west Indians, was read by Mrs. West.

Mrs. Hickson, district organizing president, gave extracts from a letter from Miss Myler, a missionary, telling of the loss of the Crosby Home by fire and the heroism of the staff who saved all the children at the home.

Mrs. Hickson also spoke of work in the Northwest among Indians and Orientals, and asked all present to help to send the Gospel to all and to pray for missions at home and abroad.

WHAT IS BEING WORN.

Homeopaths, even in brilliant cherry colors, are worn for travelling these days. The most popular colorings, however, seem to be chocolate and the lighter tans.

Dance Enjoyed At Pythian Castle

Royal Arms Chapter I. O. D. E. Hosts to Large Party of Guests.

A dance, which was greatly enjoyed by a large number of guests, was given at the Knights of Pythian's Castle last evening by the Royal Arms Chapter, I. O. D. E., of which Mrs. T. H. Carter is regent.

The ball-room was decorated with daisies and flags, and an efficient committee had made every arrangement for the enjoyment of those attending.

A novelty was introduced in the several numbers, which were given between the dances, including solos by DeWitt Cairns, Mrs. Elsie Ferris, an interpretive dance by Miss Olive Gregory and a Scottish dance by Mr. Ross and Miss Ross, accompanied by Piper Ross.

On the reception committee were: Mrs. T. H. Carter, Mrs. G. G. Campbell and Mrs. W. H. Turner.

Presiding at the supper table were: Mrs. E. J. Terry and Mrs. F. Z. Fowler.

Serving ice cream were: Mrs. J. J. Gordon and Mrs. W. E. Anderson.

Assisting with refreshments were: Mrs. Roy Gregory and Mrs. J. F. Triton.

Serving punch: Mrs. J. Ashford, Mrs. John Willitt.

In charge of bridge tables: Mrs. W. H. Turner and Mrs. H. E. Wheaton.

Proceeds are for the work of the chapter and the evening was a success financially, as well as socially.

THE NEW STRAPPED SHOE

The strapped shoes with the round toe and the lowered heel seems to be the leading place of the extreme French and the extreme American types of shoe—types which have been waging war for a couple of seasons.

The new shoe is made with a fairly high arch, which would not bring discomfort even to a foot used to a much higher heel. The vamp is not so short as that of the French shoe, but on the other hand it is not so long as the conventional American vamp. And the rounded toe is not of that exaggerated roundness of the real French toe.

It is, altogether, this shoe, a very pleasing mingling of what many women consider the best in both styles.

Of course it is an yet expensive, but later on it probably will be made in the medium priced shoes as well as the high priced ones.

During the period of the World War France employed nearly a million women, the majority of whom were employed in munition factories.

Three-fourths of all the women employed in Massachusetts during the past year earned on an average of \$16.50 per week.

TABLEAU

1. His first offer—Margorie Shannon, Margaret Edgan.

2. The proposal—Greta Wetmore, Eleanor Smith.

3. The wedding—Greta Wetmore, Margaret Edgan, Margorie Shannon, Baby Dick, God Save the King.

Twelve Old Maids At Knox Church

Large Audience Delighted With Series of Tableaux Presented by Young Ladies.

An audience which was both appreciative in point of numbers and the generous applause it gave the youthful performers, attended a series of tableaux entitled "Twelve Old Maids" staged by the young ladies of Knox Church last night in the Church Sunday school.

The tableaux were staged in very pretty setting that had been loaned for the occasion by Walter McKay, manager of the Opera House.

The cast of characters followed: Mrs. Rossner, a schemer, Miss Edith Swetka.

Lisa Pearl, her hired girl—Miss Jean MacLaren.

Marian Zikler, a fortune-teller—Miss Willa MacLaren.

Miss Lizzie Lidy, awfully city—Miss Ethel Armstrong.

Salina Zook, an A-I cook—Miss Edith Swetka.

Matilda Finn, who's rather thin—Miss Martha Murray.

Emel Lotti, a little stout—Miss Edith Swetka.

John McWade, a poetical maid—Miss Annie Hanson.

Mary Ann Finn, who wants her rights—Miss Annie Hanson.

Mandy Menter, from punkin country—Miss Helen Dalsell.

Kate O'Foss, who likes to have—Miss Edith Swetka.

Lady Foss, who likes to have—Miss Edith Swetka.

Loyola McCann, who wants a man—Miss Vera Mitchell.

Corinthia Ping, does nothing but sing—Miss Myrtle Crawford.

Lachry Toots, who cleaves—Miss M. Porter.

Miss Nell, just nighty dead—Miss Cathers Cox.

Myrtle Oram, a wooden man—Miss Nan Fortness.

Place—Parlor of the Dow-Dow-Dow, Time—A summer afternoon.

Placemat—Miss Edith Cox.

Jade Is Lucky And Fashionable

Difficult to Tell Genuine Article from Jadeite Which Brings Health.

Jade has of late become very fashionable as necklaces, charms and marital ornaments, but very few know much about jade and its symbolism. A distinction must be drawn between jade and jadeite, minerals which resemble each other, but are really of different composition; also, all jade is not green. It has many colors, and may be white, yellow, green, blue, black or variegated.

A reasonable quality of jade is its resonance. The Chinese make jade luck-gongs, bells, flutes and other musical instruments.

According to the Shinto faith a jade necklace has a religious significance, and is supposed to promote a woman's health, and bring her what we call "luck." In the Far East luck means everything—a woman's wealth—good health, good fortune, a good husband, healthy children, wealth and happiness.

White jade is the holiest of all jades. It was the Chinese emperor's luck stone and a symbol of his rank. Men as well as women wore jade ear-rings. Elderly Chinese believed that the ear-rings helped to ward off evil and closed the ear against evil words.

Cups and bowls of jade were supposed to make water purer and wine more delicious. Those who collected dew in jade vessels, and drank it, supposed they were promoting length of life.

According to Chinese belief, jade increases the efficiency of everything used by mankind. If you wish for anything the wish becomes more powerful if you touch jade; when you touch the Chinese "touch" jade. When the Chinese die, jade is laid on the body.

It is very difficult to obtain new-jade. The Chinese possess ancient jade ornaments. Modern jade ornaments are valuable, but everything that passes for jade is not necessarily genuine. The ordinary buyer cannot, as a rule, tell the difference.

How "Tiz" Gladdens Tired, Aching Feet

No more sore, puffed-up, tender, aching feet—no corns or callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains. "Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings peaceful comfort. "Tiz" is magical, good, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any druggist or department store. Don't forget to remove your shoes and socks, keep your feet fresh, sweet and happy! Just think! A whole year's foot comfort for only a few cents.

Don't get rid of your feet from jaded. A remarkable thing about some jades is that they change color on being applied to the feet of the feet.

Don't get rid of your feet from jaded. A remarkable thing about some jades is that they change color on being applied to the feet of the feet.

SAVE GIVES SPIRIT BABY TO PARENTS

Child Died in October, 1919, Given Back in March, 1920.

INSPIRATION FOR SPIRITUALISTS

Mother Was Rewarded for Faith by Having Little Daughter Returned to Her.

Madison Beach, Cal., March 20.—A spirit baby in the inspiration for a spiritualist colony to be instituted here. The spirit baby is the nine-month-old daughter of Mrs. Ada May Robinson.

The mother says little Viviana Constantine is a child resurrected from the grave. The advent of the spirit baby had interested spiritualists throughout the world. Some believe the spirits of those departed returned to Mrs. Robinson's infant who has been dead several months. Others suspect some hoax.

Several days ago Mrs. Robinson, from many countries to obtain physical facts on which to base scientific conclusions.

First Born Oct. 1919. It was on Oct. 1, 1919, that Mrs. Robinson gave birth to a daughter in the hospital at Dyar, in. With in five hours the child died and was buried the next day. The mother collapsed completely and for three weeks lay between life and death.

Finally she recovered and returned to the home of her husband, a prosperous farmer, a few miles from Madison Beach.

There she met Mrs. James Otis Wheeler, a spiritualist medium, whose husband was employed by Robinson, and Mrs. Wheeler converted her to spiritualism.

On the following March the Robinsons and the Wheelers attended a lecture by Sir Oliver Lodge, and the Robinsons also consulted Mrs. Elizabeth Thompson, a Chicago, an authority on spiritual phenomena.

Only Faith Needed. "Anything is possible if you have great enough faith," is what Mrs. Robinson says. Mrs. Thompson told her, "So," Mrs. Robinson continues, "I expressed a wish for the restoration of my baby. Mrs. Thompson told me to fast and to pray."

Mrs. Robinson says that in June Mrs. Wheeler went to Chicago, where she received a message that the baby would be restored on the night of June 14.

"She instructed Mr. Robinson and myself to continue fasting and praying," says the mother, "and on the night of the date set to robe ourselves in white, fill our bedroom with freshly cut flowers, and wash."

They followed these instructions to the letter.

Baby Brought Back. It was between 2 and 3 in the

Gang Leader Slain After A Holdup

Police Say Shooting Was Result of Quarrel Over Division of Loot.

New York, March 30.—A man was shot and killed early yesterday in front of 285 East 101st street, a victim, according to the police, of members of his own gang with whom he had robbed a saloon at 1781 Third avenue, Patrolman Samuel Bowerman, on post about a block away, heard the shot, and reached the scene a few minutes before the man died.

His body was found lying on his side, conscious but sinking fast. "Who did it?" the policeman asked. The man shook his head and made no effort to reply. Before an ambulance, which had been called from Reception Hospital arrived, he was dead.

The patrolman found papers which identified the man as James Hayes, 19, of 1285 Second avenue, John Malaga of 81 Clinton street, owner of the saloon, was called to the station, and was said to have identified the body as that of one of the four holdup men.

The holdup went to the saloon late Saturday night, struck Malaga on the head with a blackjack, and broke several of the mirrors back of the bar. When they opened the cash register and took \$150.

The killing of Hayes, the police said, it is up, may have been due to a quarrel over the division of the loot. Hayes, it was said, had been out of work for three months, and was reputed to be a leader of a gang centring around 101st street. He had a badge as a licensed chauffeur.

Frank A. Woods, 18, of 1968 Second avenue, was arraigned on a charge of grand larceny before Magistrate Magness in connection with the holdup, and held in \$15,000 bail for examination today.

Elephant, Angry, Kidnaps A Woman

Viceroy's Wife Seized But Escaped Without Harm—Animal Later Shot.

London, March 30.—It is not often that even a vicereine of India has such a thrilling experience as that which befell Lady Chelmsford the other day when she attended a "shoot" given by the viceroy (Lord Chelmsford) recently.

As probably you are aware, most of the members of a viceregal hunting party go to a "shoot" mounted on elephants. One of the finest of these animals was provided for the use of Lady Chelmsford, but he happened to be in a rather bad humor for this particular occasion, and just before her ladyship was mounted, she, by way of encouragement, came close to him and stroked his trunk.

Evidently her attention did not have the desired effect, for he picked up the poor woman, lifted her in the air and walked off with her.

Set Her Under Tree. Naturally every one was terrified, for if an elephant gets out of hand it is a little difficult to know what it will do next, and also it is hard to decide upon the right way to rescue any one placed in such an awkward situation. However, his intentions were not very evil, for, after frightening every one, the beast deposited his burden beneath a tree and started off in hot pursuit of some natives in the distance.

Lady Chelmsford was naturally in a state of collapse after this extraordinary adventure, and it is said that it was the effect of cooling air which she had previously displayed in the way of big game shooting. The elephant was shot.

The average school term provided in the United States is a little over 160 days, or eight months. Although the States provide 23 years of elementary and secondary schooling, the average American child goes to public school only 6.7 years.

Last of Famous 600 Pictures The War

Hero of Baladava Relates His Experience at Harlem Y. M. C. A.

New York, March 30.—George Jones of Woodside, N. J., the last surviving member of the Light Brigade, drew a graphic picture yesterday at the Harlem Y. M. C. A. in 125th street of the trials and hardships of war in the days before advanced surgery and Red Cross organization.

Mr. Jones, who is 88 years old, is the last of the 600 who lived after the famous onslaught of the "merry six hundred" on the Russian guns at Baladava. Wounded in the charge, Mr. Jones was sent to one of the British hospital ships at Sebastopol, and later was taken to a Red hospital, where he was nursed by Florence Nightingale, the founder of the Red Cross. He was a mere boy at the time he flashed his term in the British army, and came to this country about ten years after the Crimean War. He was naturalized in 1870.

In preparation against war, the United States this year will spend \$1,046 in the form of a donation toward the Hague Peace Palace. To get ready for future wars the Government this year will spend \$29,000, or about 25 per cent. of the total appropriation.

Throughout the United States the American Legion is now represented by 10,200 posts and 2,150 auxiliary units.

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated. The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by distended appetite, caused by great acidity. Whenever so much food is taken, it is liable to ferment, and becomes extremely sour, vomiting often occurs, and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, swelling of the feet, and a bitter taste in the mouth. Food, water, brush, jaundice, constipation, etc.

Keep your liver active by using Milburn's Lax-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strone, Giesmer, Sask., writes: "I have used Milburn's Lax-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

For 50c a trial of all dealers or mailed direct on receipt of price by The T. Millers Co., Limited, Toronto, Ont.

WEDDINGS

Marriage of Misses. A quiet wedding took place yesterday afternoon at the residence of Rev. J. A. MacFadden, officiating clergyman, when Miss Josephine Williams, formerly of Fredericks, was united in marriage to Walter Manning, of Norton. Only immediate friends were present at the ceremony. Mr. and Mrs. Manning will reside in St. John.

In China there are no monuments to military heroes.

FUNERALS

The funeral of Mrs. Katherine McAllister was held yesterday morning from her late residence, 5 Middle street, to the Cathedral. Requiem high mass was celebrated by Rev. Shmon Gram and interment was in the old Catholic cemetery.

The funeral of Mrs. Mary McKinnon was held yesterday morning from the residence of her son-in-law, Robert Hickey, 8111 street, Fairville, to St. Rose's Church. Requiem high mass was celebrated by Very Rev. Doan.

Charles Collins. Interment was in Holy Cross cemetery. Mass, floral and spiritual offerings were received.

Biggest and Best Offers in Contest

HOW TO GET 21,556,000 VOTES As a possible example, given to show how rapidly the votes count up under the Quadruple Vote offer plan, we give the following figures: 11 yearly subscriptions (new) 1,400,000 votes 8 6-yearly subscriptions (old) 2,276,000 votes 3 6-yearly subscriptions (new) 1,496,000 votes 10 6-monthly subscriptions 228,000 votes 10 2-yearly subscriptions (new) 1,600,000 votes 5 2-yearly subscriptions (new) 1,150,000 votes 10 second payment subscriptions. First payment, 1 year each during first period of contest—1,927,000 votes on each, 10,276,000 votes

How is this for a possible week's work? 21,556,000 votes You will be surprised to see how rapidly the votes will count up if you will go after them in earnest.

ENTRY BLANK GOOD FOR 10,000 VOTES Nominate Yourself or a Friend PRIZE CONTEST DEPT. OF THE STANDARD St. John, N. B. Gentlemen— I hereby nominate as a candidate in your Automobile and Movie Star Contest.

The Last Special Prize of The Standard's Contest

A magnificent, new, five-passenger Maxwell Touring Car with a value of \$1400 will be given away as a special prize in The Standard's contest to the contestant who terms in the greatest amount of subscription money during a three-week period beginning today and ending Monday, April 11th at 6 p.m.

This is the last special prize of the Contest. The Maxwell auto was purchased from and is on exhibition at The Princess Garage, Princess St. (Agency for the Maxwell).

New contestants may enroll and compete for the special prize Maxwell only if they wish. All contestants start with a "clean slate" for the special prize Maxwell. Work done previously in the contest does not count on the Maxwell therefore new contestants or those low in the list have an equal chance to win it, with those topping the published list.

All votes secured while working for the Maxwell will count towards the regular prizes, consisting of the Studebaker, the Gray-Dort, the Regular prize Ford, the Movie Star Contracts and the other regular prizes.

\$1,000 REWARD

will be given, if at any time during the remainder of The Standard's big prize contest, a better vote offer than the Quadruple Vote offer is given. This is conclusive evidence, therefore, that the best offer of the contest is now in vogue. Get busy, Contestants, and make every minute count this week, while this quadruple vote offer is on. The Maxwell auto offer is also the last extra prize offer of the contest. You have a double incentive this week for putting forth your best efforts.

THE QUADRUPLE VOTE OFFER To add the contestants in getting an early start for the special prize Maxwell offer, four times the regular number of votes will be given on all subscriptions turned in this week, as follows: Length of Subscription: 6 months 22,000 votes 1 year 33,000 votes 2 years 220,000 votes 3 years 336,000 votes 4 years 554,000 votes 5 years 772,000 votes Four times the regular number of votes will also be given on second payment subscriptions. Four times the regular number of votes will also be given on the 10,000 extra votes given for NEW business.

SECOND PAYMENT SUBSCRIPTIONS If you have worked your territory thoroughly, and do not know where to obtain subscriptions, why not call on the surrounding towns, or see the farmers in the rural districts? Or if you are not in a position to get out of your town, why not try to get second payments from the subscribers who have given you short term subscriptions? You can gain many votes this way. For instance: Suppose Mr. A. gave you a six-months' subscription, the first week of the Contest when the first vote schedule was in force. You received 8,000 votes for this six-months' subscription. Now if you can get Mr. A. to give you another six months which would make up a full year's subscription you will receive enough additional votes for the second payment of six months to balance up the votes for a full year during the period when the first payment was made, or 24,000 votes. If this six months of Mr. A.'s was a new subscription, you would receive 10,000 votes in addition to the 24,000. During the Quadruple vote offer 4 times 24,000 votes, or 96,000 votes would be given on this second payment. Or suppose Mr. A. gave you one year's subscription between the dates of Jan. 31st and Feb. 19th you received 30,000 votes if it was an old subscription. Now if he gives you another four years to make up the full five years, you will receive the difference between 270,000 votes (which was given for a five-year subscription between Jan. 31st and Feb. 19th) and the 30,000 votes you have already received, or 240,000. During the quadruple vote offer 4 times 240,000 votes would be given on this second payment, or 960,000 votes in figuring up the votes for the second payment compute them on the schedule in force when you turned the first payment into the Contest office.

During the Quadruple vote offer, four times the regular amount of votes are allowed for second payment subscriptions. Multiply the regular number of votes allowed on your second payments by four.

NOTE:—Subscriptions of this kind are to be marked "Second Payment" on the receipt stub, and on the back of the stub you must write the date when you turned in the first payment, the amount of cash paid for the first payment, and whether the first payment was new or old; also give the receipt number of the first payment.

NOTHING TO HELP STEEL SECURITIES

Total for Day Was Over \$10,000,000 in Spite of Losses.

New York, March 30.—The hopeful feeling created yesterday by the increased American Telephone dividend rate and signs of greater industrial activity were dispelled today by extensive selling of special issues at net reactions of 2 to 10 points, unsettling the general list.

Shares under greatest pressure comprised those of companies which rumor associates with new financing or dividend revision. Chief among these were International Harvester, International Paper and Mexican Petroleum. Sentiment was also adversely influenced by the circumstances attending the offering of \$47,000,000 of New York City debt.

Steels Are Down

Aside from the motor industry, weekly reviews of the iron and steel trade failed to sustain the belief that any pronounced increase of demand for fabricated products is under way. Consumers, according to latest accounts, continue to hold aloof in expectation of lower prices and freight rate reductions. Average quotations were at lowest levels in the last half hour, the reaction being accelerated by an unexpected rise in call money from six half to 7 per cent. This hardening of rates was attributed to the withdrawal of funds required for most payments maturing tomorrow the end of the year's first quarter. Sales amounted to 569,000 shares. The foreign exchange market was unusually active, decided strength being shown by British and Italian rates. French, Dutch, Swiss, Swedish and Danish remittances also hardened. Liberty issues closed at fractional gains and Paris 6 1/2's strengthened, but Pennsylvania 6 1/2's made a new low at 98 and other prominent bonds were irregular.

N. Y. QUOTATIONS

Table of New York stock market quotations including Am Beet Sug, Am Car Fdy, Am Loco, Am Smelt, Anaconda, Am Tele, etc.

Tightness of money in the Commonwealth and the restriction of credit, following the abnormal influx of British and American goods, is affecting the import in Australia. A cable message from London at the beginning of February showed that some steamers for Australia were carrying very small cargoes, even as low as one-third of their capacity.

There were in 1919, 237 plants in connection with the canning and preserving of fruits and vegetables, according to a statement issued by the Dominion Bureau of Statistics. Of these, 77 were for the evaporating of fruits, etc., 139 were canneries, while 40 preserved other products.

Textile Stocks Show Only Life On The Montreal Exchange

Seven Point Advance Maintained at End of Session After Lively Trading.

Montreal, March 30.—Extreme dullness featured the transactions on the local stock exchange today, although the strength of some of the cotton stocks was an important development. Other features were the erratic movements of Rioridan and an improved tone throughout the list generally.

Textile Was Strong

Textile's strength was the outstanding feature of the market, the stock rising seven points to 121 and holding its gain. Improved trade conditions are given as the reason. Other cotton stocks were strong, Montreal cotton moving up 3 points to 78. Pannan's was unchanged. The steels were not as strong as recently. Canadian held its ground at 60 and iron lost a point at 45 1/4.

MONTREAL SALES

Table of Montreal sales including Abitibi, Breunlian L H and P., Brompton, etc.

LONDON MONEY MARKET

GOSSIP AROUND THE MARKETS

The City of Quebec has decided to call for tenders for a bond issue of the City for \$310,000, 10-year bonds bearing interest at 6 per cent. Of the total amount \$450,000 is required to renew a former issue which becomes due in New York April 1. The balance will be expended on permanent work.

Dominion Securities Corporation of Montreal has been awarded an issue of \$200,000, 6 per cent bonds of the township of York at \$97.275.

Dividend declared, Imperial Bank of Canada 3 per cent and bonus for year of 1 per cent, payable May 2, to record April 16. British Columbia Fishing and Packing Co., Ltd., 1 1/2 per cent, payable May 21 to record May 8.

The statement of earnings of Barcelona Traction Light and Power Co., Ltd. for February shows an increase in net of \$80,123 Pesetas whilst the increase net for the first two months of the year is 1,767,367 pesetas. Gross earnings for month of February and for the two months are 3,354,062 against 2,845,021 and 6,508,379 against 4,672,929 pesetas.

At the close a conference today between Canadian and American bankers, responsible for the financing of the Rioridan Pulp and Paper Co. Ltd., it is announced that arrangements have been completed whereby its financial requirements for working capital have been adequately arranged for. It is understood that an interim statement of the earnings of the Rioridan and Gattineau Companies for the calendar year to end last December will shortly go forward to shareholders.

New York Funds in Montreal

More Sellers Than Buyers Made Bear Winnipeg Market

In Cash Market Entire Absence of Demand for Either Spot or Opening Position.

Winnipeg, Man., March 30.—There was a very bearish feeling in the local wheat market today, the future showing a complete reversal of the condition existing yesterday, there being considerably more sellers than buyers in the market. After opening 1/4 to 1 cent lower at 1.80 1/4 to 1.80 1/2 wheat continued to sag, declining to 1.76 1/4, at which figure the market closed.

In the cash wheat market there was an entire absence of demand for either spot or opening position, so much in evidence during previous days. Provinces broke half to 1/2 cent, closing at 12 cents over the May for spot top grade.

In the coarse grains market there was little activity of any kind. Close: Wheat, May, 1.75 1/4; July, 1.59 1/4. Oats, May, 42 1/2; July, 44 1/2. Cash prices: Wheat, No. 1 Northern, 1.88 1/4; No. 2 Northern, 1.85 1/4; No. 3 Northern, 1.81 1/4; No. 4 Northern, 1.73 1/4; No. 5 Northern, 1.64 1/4; No. 6 Northern, 1.49 1/4; feed, 1.39 1/4; track, 1.38 1/4. Oats, No. 2, c.w., 44 1/2; No. 3, c.w., 38 1/2; extra No. 1 feed, 38 1/2; No. 1 feed, 38 1/2; No. 3 feed, 33 1/2; track, 42 1/2.

LET'S LODGED SKULL MAKE A CRIMINAL

Belief of Doctors Who Will Take Them from Convict's Brain.

THEORY HELD BY DR. JOHN ROSS

Operation Will be Made at Sing Sing Hospital Within a Few Days.

New York, March 30.—Brain surgery to cure for criminal tendencies and unmanageable fits of temper will be the first real test in the history of New York prisons this week when Dr. Chapman, a New York brain specialist, will remove two bullets which an X-ray photograph shows are protruding against the brain of Roman Leondowski, a prisoner in Dannemora State Hospital for the Criminal Insane. The surgeons have not been able to learn from Leondowski how long he was shot, but from the formation of the growths about the bullets they believe that they have been inside the man's head between three and four years.

Convicted of Assault, Leondowski was sent to prison from Manhattan for assault, and was transferred later to Dannemora when it was found that the man had fits of temper which made him an unsafe convict. His sentence expired several months ago, but mental condition has been such that it has not been advisable to release him. He was finally sent to the Dannemora hospital, where he continued several times of pains in his head. Dr. John Ross, alienist and superintendent of the hospital, questioned Leondowski, but the man could not recall that he ever had suffered in his head, either in childhood or later. He was given a hypodermic which he thought might have caused the condition.

X-Ray Showed Bullets. But after an extensive examination, Dr. Ross became convinced that something was pressing against the man's brain and that its removal might restore his mentality. He had an X-ray picture made, and it showed the two bullets protruding against the surface of the brain. He recommended an operation, which was concurred in by other physicians, including brain specialists who agreed with Dr. Ross that the operation held out hope for the man's complete recovery. James L. Long, Deputy Superintendent of Prisons, then arranged for Leondowski's transfer to Sing Sing, where he will be within the convenient reach of the New York specialists who are to operate.

Operation Soon. Leondowski was started on the journey from Dannemora yesterday and will be put in the Sing Sing Hospital as soon as he reaches the latter prison. The operation will be performed after he has had a few days of rest. Dr. Chapman will be assisted by Drs. Morris Ross, George W. Weber and Kossoff. It is likely that the operation will be performed Wednesday.

In itself it is not unusual, as brain surgery is constantly removing foreign matter which is pressing down upon the brain, but in its results it promises to be decidedly unusual and may effect radical departures from the prevailing methods of treating the criminally insane.

AROUND THE CITY

GRANT HALL HERE.
Grant Hall, vice-president of the C. P. R., was in the city yesterday on an inspection trip. He left last evening for Montreal.

FORFEITED DEPOSIT.
In the police court yesterday afternoon Morris Arnoff of Main street, forfeited two hundred dollars for having liquor illegally.

ROUTINE BUSINESS.
The regular meeting of the St. John Branch of Canadian Building and Construction Industry was held last night and only routine business was transacted.

ARRESTS LAST NIGHT.
Herbert Notes was arrested by the police at 3 o'clock last evening for being drunk and having liquor in his possession. Four drunks were also brought in, and three protectionists were given abetters.

MERGED WITH CUSTOMS.
Becoming effective tomorrow the inland revenue department will become merged with the customs department all over Canada. No announcement has yet been made as to how St. John will be affected in the matter of reduction in the staff.

PLANNING ENTERTAINMENT.
The Minnedosa Concert Party presented an excellent programme at the Boys' Club Hall, near the Armory last evening. The proceeds were for the Club's benefit and every member given was enjoyed.

TO FORM AN AD CLUB.
A number of St. John men interested in a preparation of advertising met yesterday in the office of Thomas Drummond, advertising manager for the New Brunswick Telephone Co., and decided to form an advertising club in this city to be affiliated with the A. A. C. W.

NO EXEMPTION GRANTED.
The Shandona, Minnedosa, Donovon, Daisell and Mosher, yesterday met Mayor Schofield in connection with the tax exemption asked for by the Carrite Co. on their plant at Coldbrook. As the personal taxes amount to very little and the company did not own the building it was decided to take no action at present.

Stone Church Choir Made Presentations

Canon and Mrs. Kuhring Were Remembered—Presentation to Miss Estey.

A very delightful party met at Mrs. Fred Estey's 10 Elliott Row on Tuesday night at which Canon and Mrs. G. A. Kuhring were the chief guests. Members of the choir of St. John's (Stone) Church took this opportunity to hold a social gathering and to express to their rector and wife the deep regret at their approaching departure from the parish. After some fine music an address, expressing warm affection and gratitude for fellowship and guidance in sacred things for sixteen years, was read by Mr. A. G. Burdham the senior member of the choir, and a handsome leather travelling bag was presented to Canon Kuhring. The address continued with loving recognition of the esteem in which Mrs. Kuhring is held and a dainty handbag was presented to her. The address was signed by every member of the choir.

Pleasing Address By Mrs. J. McTavish

Described Life and Customs of Natives, Also Beauty of Trinidad and British Guiana

Mrs. James McTavish, of St. Andrew's church, addressed the Women's Missionary Auxiliary of the Portland Methodist church last evening. She spoke in a very pleasing manner of the life and customs of the natives of Trinidad and British Guiana, and described the beauty of the lands and the manner missionary work is being

Culmination of Early Romance

Nursing Sister Robertson Met Boyhood Sweetheart in Scotland.

One of the passengers on the Empress of Britain, which is expected to reach this port tomorrow, is a lady who saw service in the great war, and whose coming to Canada marks the culmination of a romance begun in her childhood.

Requests Money From Municipality

Department of Justice Would Sidestep Responsibility for Keep of Defaulters.

The Finance Committee of the Municipality of St. John City and County has had a polite request from the Department of Justice, at Ottawa, to come across with the sum of \$294 which the Department claims is theirs by right and justice. The committee of the municipality thinks the amount requested is their property, not only by right and justice, but also by possession.

Attempted Suicide And A Theft Case

Chester Ford Sent up for Trial for Stealing Rope—Evidence in Thomas Case.

The preliminary hearing against Chester Ford charged with stealing nine coils of rope valued at \$80 from James Kerrigan, West Side, was concluded in the police court yesterday morning and the accused was sent up for trial.

Disposal of Bonds Was Authorized

Finance Committee of Municipal Council Conducted Business Yesterday.

At a meeting of the finance committee of the municipal council held yesterday afternoon in the office of the county secretary the action of the hospital commissioners in setting aside a suite of rooms for the dietitian was confirmed. The disposal of the \$100,000 of bonds authorized in connection with the new nurses' home was placed in the hands of the warden and the county secretary. An advance of \$830 to the Lancaster Fire Warden to pay a bill of Murray and Gregory, was authorized.

Pastor's Salary Was Increased

Six Hundred Per Voted to Rev. Mr. Tedford of Tabernacle Church.

That the Tabernacle Baptist church means to go forward was evidenced when at the close of a largely attended and fine spirited prayer service last evening, a business meeting was held at which new members were received and others expressed a desire to unite with the church by baptism.

Good Programme At Centenary

Dialogues, Solos and Chant Talk Delighted Those at Easter Meeting.

With dialogue, solos and a chant talk the Easter meeting of the Women's Missionary Society of Centenary Methodist Church held an interesting meeting last night. The soloists were Mrs. E. A. Logie and Mrs. G. H. Moore. In the dialogue were Miss Annie's talk, Miss Laura Baxter and Miss Starr McAlpine with Mrs. H. A. Goodwin, Mrs. Arthur Amland and Miss Amland taking the solo parts.

NO LIGHT AT SAMBRO

The secretary of the Board of Trade yesterday received a reply to the request of the board for a permanent light on Sambro Head to the effect that it was not the purpose of the department to build a light there this year.

Fac-Simile of Warrant to Execute King Charles I. Among the Collection.

Fac-similes of the warrants to execute King Charles the First, signed Oliver Cromwell and other members of the Long Parliament, and of the warrant ordering the execution of Mary Queen of Scots, signed by Queen Elizabeth, also a fac-simile of the Magna Charta, have been loaned the Natural History Society by Miss Sarah Manning.

A number of copies of very interesting newspapers have also been loaned by Miss Manning. They include the "Weekly News" containing reports of the execution of Charles I. in the churchyard of St. Paul's, and of the execution of Guy Fawkes and seven others.

The "Weekly Mercury," containing a report of the destruction of the Spanish Armada, "The News" of 1665, containing a report of the plague of London, and ordinances for the governance of the inhabitants of disease infected areas signed by the Lord Mayor of London and two high sheriffs.

"The Intelligencer," which advertises itself as being "a perfect journal of the passages in parliament," and contains a report of the execution of Charles I. "The Gazette" comprising a summary of the intelligence, with news of the affairs of the three Kingdoms, England, Scotland and Ireland.

A number of original copies of old newspapers are also included in the hour, among others, "The London Times" of October 23, 1732, which contains a report of the execution of Louis, the Sixteenth of France, and a copy of his will. Also a copy of the "The Gazette" recording the victory of Nelson at the Battle of the Nile.

A further copy of the year 1801 relating the incidents of the battle of Trafalgar and the death of Nelson. A copy of the Times of July 3, 1797, containing particulars of the execution of Richard Barker for mutiny on board the H. M. S. Espion.

The service is fittingly terminated by a copy of the Illustrated London Times of Friday June 9, 1918, illustrating and relating the battle of the North Sea, and the death by drowning of Earl Kitchener and his staff, off the coast of Scotland while on their way to Russia.

Municipality Asks For Legislation

Paving Way for Building of Municipal Buildings—More Money for Lancaster.

The legislative committee of the municipality of the City and County of St. John is in session last night for the consideration of certain bills which they wish may become enacted into law for the benefit of the people.

The committee drew up and agreed upon the presentation to the legislature for favorable consideration of a bill relating to the Parish of Lancaster. It provides for the levying of a tax of three dollars upon every horse owned in the parish, for a license fee equal to one-third of the license paid into the government by automobile owners in the Parish of Lancaster.

The enactment of the bill will enable the municipality to call for plans, and offer prizes for the best set of plans. The bill provides for the construction of the building in co-operation with the government, the building to be managed by a committee of the county council.

Considerable discussion was given to a bill prepared with the view of exempting from taxation builders of dwellings, not exceeding \$5,000 in value. After a free and open discussion, it was decided that the time was not ripe for such legislation.

KITCHEN BARS WERE RAIDED

Inspectors Raided Two Last Evening and Seized Nine Bottles of Third Rail Gin.

Inspectors Crawford, Journey, Henderson and Thompson were successful last evening in raiding kitchen bars kept by foreigners in residences on Long Wharf and North Street and managed to land nine bottles of home made third rail liquor which appears to be a kind of gin. The stock was seized and charges will be made against the proprietors.

It is stated that there are numerous blind pigs in the city and the inspectors are kept busy day and night working against great odds but not without success.

That Navy Blue Serge we recently advertised at \$2.45 a yard sold like hot cakes.

We thought we had plenty, but as it turned out there were many who went away disappointed. This little notice is to say we've just got some more. The quality is quite as good as the last, if not a trifle better, and the width is 66 inches. All pure wool, Botany Serge, Indigo Dye, Soft Finish, and good weight. Simply ideal for a new spring suit. As we said before, to see this Serge is to buy it. On sale Friday and Saturday. Regular \$5.25 for \$2.45 yard, and regular \$5.75 for \$2.75 yard.

Vulcanite Roofing

Covers Every Roofing Need

For your home, barn or shed, you'll find Vulcanite Roofing will meet your requirements—a roofing that will afford longer wear, better weather protection, fire-resistance and unusual attractiveness.

All Vulcanite Roofings are made from tough fibrous felt thoroughly saturated with specification asphalt. Many are surfaced with crushed slate in its natural colors of slate green and deep red.

You will also find several patented designs that you cannot obtain elsewhere. Altogether, you will feel well repaid just to see this line of roofings. Stop in any time and let us show you samples.

Emerson & Fisher, Limited
25 GERMAIN STREET

Beginning April 1st Stores Open 8.30 a.m. Close 5.55 p.m.

Lighten House-Cleaning With a Hoover

Wherever you go and find a home with a Hoover Suction Sweeper in it, you will find a woman who will say "I couldn't do without it." She will tell you that it takes all the hard work out of Spring housecleaning and prolongs the life of valuable rugs; not only that—it keeps Rugs and Carpets looking their best all the time, as it straightens out crushed nap and revives dimmed colorings.

The Hoover is the only Electric Suction Sweeper that BEATS—as it SWEEPS—as it suction CLEANS. These three processes combined successfully remove air-borne dust, grit, thoroughly air cleans, and remove all clinging surface material from carpets of all kinds.

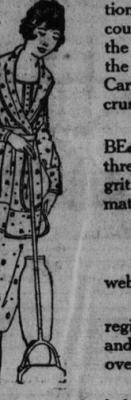

THE HOOVER DUSTS TOO

By using attachments you can easily whisk away cobwebs, soot and dust, without the aid of a stepladder.

You can also reach under and behind radiators, into registers, collect light ashes around fire places, clean books and clothes—and you can thoroughly air-clean mattresses over-stuffed furniture and portieres.

When you really know what a wonderful amount of help a Hoover is you will wonder why you did not have one before.

We will be glad to demonstrate either in your own home or in our carpet department.
