SCHOOL CELEBRATES ARBOR DAY

Large Gathering and Good Interest Shown by Parents—The Sports

Arbor Day was well celebrated by the Hartland schools. The morning was taken up in beautifying the house and grounds and at 1:30 the children with their parents met on the grounds for a general good time. The first event was a parade of the scholars through the main streets of the town, the children from each department marching in separate groups. Their sunny faces clean and shining for once and all dressed in the gayest of holiday attire they looked very sweet as they marched, each carrying a Union Jack and all voices blended in patriotic songs. Afterwards various contests among the scholars resulted in the following:

Boys' primary race—E. Downey (bag of nuts, J. T. G. Carr), Howard Allen (20c, Mayor Kelly). Girls' primary race—Martha McCollum (hair ribbon, W. D. Keith), Juanita Shaw (rubber ball, J. T. G. Carr).

Boys' race, 1st Inter.—David Dayenport (20c and handkerchief, Mayor Kelly and Hartland Clothing Co.), Clayton Price (40c, Mayor Kelly). Girls' 1st Inter.—Pauline Lipsett (hair ribbon, F. E. Plummer), Edith Dickman (rubber ball, J. T. G. Carr). Boys' 2nd Inter.—Arthur Rigby (chocolates, V. W. Simons), Girls' 2nd Inter.—Mabel Nevins (cake of soap, Hartland Drug Company).

Boys' advanced—Howard Taylor (four pins, C. E. Violette), Girls' advanced—Molly Neales (brooch, C. E. Violette), Mary Birmingham (soap, Hartland Drug Company).

Boys' jump for boys—Arthur Rigby (1 1/2 ft. suspenders, F. E. Sayre), Small boys' jump—Harry Bradley (chocolates, D. E. Morgan & Son).

Boys' potato race—Aubrey Baker (knife, C. E. DeWitt). Girls' potato race—Sybil Craig (chocolates, H. R. Nixon), Pearl Saunders (20c, Mayor Kelly).

Bag race—David Morgan (chocolates by Kiley & Curtis Co., LAM.), Howard Thornton (pencil-box, Farmers' Store).

There were other races that agitated and prizes were donated for these by Thornton Fruit Co., F. E. Sayre and the Farmers' Store. These will be contested for at a later date.

The violent exercise put the lads in good trim for the good supper which followed immediately thereafter. Through the kindness of A. W. Kyle all the children were taken to the moving pictures and were provided with a box of big red apples. Everyone, parents and children, were delighted with the day's pleasure.

The teachers of the school wish the parents to know that they are always at school, at work and the assistance and co-operation of the parents is always needed, not only at the special events but at every session, every day. Go and see that your child is getting what he or she needs, a good education.

W. W. G. MEETS

The World Wide Guild met at the home of Mrs. H. H. Hatfield on Thursday

day in their regular monthly session which was also the annual meeting. The local Guild was organized last year and is an auxiliary of the United Baptist church and its membership consists of young women of the congregation. The chief business on Thursday evening was the presentation of a life membership certificate to Mrs. H. A. Triton, wife of the pastor. Several new members were initiated. There was also a nice program which included readings, choruses and a solo by Miss Myrtle Tytes. Afterwards half an hour was spent in making bandages for White Cross work. Like refreshments were served. The next meeting will be held at the home of Miss Myrtle Triton when new officers will be elected.

MOTHERS' DAY

Mother's Day was observed in the Methodist church by having a special program suitable to the subject in the Sunday school. The program was opened by remarks by the pastor, Rev. J. K. King. Quartets by four little girls, Margaret Stevens, Rita Taylor, Irene Barker and Gladys Moore; recitations by Irene Barker, Gladys and Winnie Moore; a reading by Mrs. W. Nixon and another quartette by the girls.

At the evening service Rev. J. K. King gave a strong sermon, the subject being "The wonderful mothers of the great men of the Bible," proving what a wonderful thing a good mother is and how she should be honored.

Appropriate music was given; a solo and chorus entitled "Mother's Hymns" was much appreciated, Mrs. C. H. Taylor taking the solo part very sweetly. Another chorus was entitled "Let's Wear a Flower for Mother's sake." "Home Sweet Home" was played during the offertory.

The church was made beautiful by profusions of flowers both potted and cut.

There was hardly a member of the congregation but wore either a white or red flower which goes to show how popular the day has become in which to show outwardly one's honor of their mother, living or dead.

In the United Baptist church the sermon by the pastor in the evening was appropriate to the day as was also the music by the choir which included a variety of songs and a solo by H. E. Adams—"Tell Mother I'll be There."

MEETING OF WOOD-STOCK DEANERY

The Woodstock Deanery meeting was held this week at Andover. The proceedings opened by the Deanery service on Tuesday evening at 7:30. The service on Tuesday was read by the Rev. A. J. Patstone, assisted by Rev. W. F. Haigh; the lessons were read by the Rev. E. C. Budd and the sermon preached by Rev. A. J. Patstone. On Wednesday morning there was a celebration of the Holy Communion at 7:30, the celebrant being the Rev. J. R. Delyes, rector of the parish, assisted by the Rev. L. A. Foyster.

The business meeting of the Chapter opened at 9 o'clock and was read from the original Greek and discussed. A paper on Christian Unity was read by the Rev. J. R. Delyes and a most interesting discussion followed. Other business of routine nature was transacted.

DEATH OF RANDOLPH DAY

Randolph Day died at the home of his daughter, Mrs. L. A. J. Ward, on Sunday afternoon following a long illness of arterio sclerosis. He was 75 years of age and besides his wife he leaves one son, Frank C. Day, of Hotel Carleton, and two daughters, Mrs. Geo. L. Caldwell of Middle Simonds and Mrs. Ward. The funeral service on Tuesday afternoon was largely attended and was held in the church at Upper Brighton, where the body was laid to rest. Rev. P. J. Trifton of Fredericton was the preacher. Mr. Day was born at Upper Brighton and lived in this vicinity all his life. A man of upright character and of inoffensive nature, he had many friends who honored and respected him and who give to the family their sincere sympathy.

BATH BREEZES

Margaret Elliott, who spent the winter in Bangor, Me., visited relatives here last week. Mary Farves spent the week-end at the home of her parents. Theodore Gallagher has bought Harry Price's store and opened up a grocery store on Main street. J. Gallagher, M. D., has returned home from New York. G. E. Nixon and family motored to Glasville on Sunday. Bridges Bros. are painting G. S.

DO NOT FORGET CHAUTAUQUA WEEK

Will Commence Aug. 10—The Children to Have Prize Tickets—Guarantors Should Remember Their Obligation

The people should not forget that Hartland is to have a seven days Chautauqua, commencing August 19. It must not be forgotten that this is the big tent Chautauqua and that there will be two entertainments each day, afternoon and evening. Need lectures will give instructive addresses on pertinent topics, while vocal and instrumental musicians, in solo and in concert, will give the people the world's best music with most refined and delightful execution. Of course all entertainments will be very much like a course at a university and a season's entertainment in grand opera. Sunday afternoon there will be a program entirely appropriate to the day.

Through a misunderstanding by the local management last year, tickets were transferable. This season they will not be transferable. Last year some eighty people guaranteed to sell from 500 to 700 adult tickets of their equivalent, the adult season ticket giving two entertainments each day throughout the week and the Sunday service, or fifteen entertainments at about seventeen cents each, or \$2.50. Children's season tickets for the same entertainments cost \$1.00 or about seven cents each.

This means that our guarantors must sell eight adult tickets or their equivalent and that no person may be canvassed by each one of the eighty guarantors a complete schedule of each family will be made up and there will be furnished to our guarantors a list of persons whom each is expected to canvass. This will be done about two weeks previous to August 10. There must be a certain cash deposit made some time prior to the commencement of the event while all tickets must be sold and all returns made by the evening of August 5.

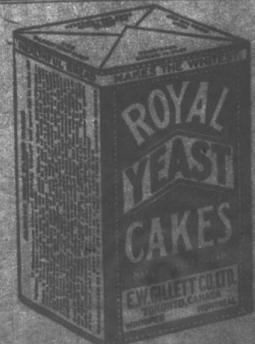

These facts are set forth at this time to refresh the memories of the guarantors. Through the efforts of A. W. Kyle who is secretary of the local Chautauqua organization twenty prizes will be given to the pupils of the town schools. A season ticket will be given to the girl and the boy in each grade who makes the highest general average. Those who have contributed to the purchase of these tickets are H. H. Hatfield \$3, A. A. Rideout, C. E. Rideout, C. E. Baker, W. D. Keith, F. H. Kelly, A. W. Kyle, each \$2, A. Plummer, F. E. Plummer, R. B. Hagerman, Lydia M. Reid, G. M. McLeod, C. E. Morgan, H. N. Dickinson, each \$1, making a total of \$23, which will be the cost of the two adult and the eighteen children's tickets. Those interested in the Chautauqua will recall that last year more tickets were sold than there were seats in the hall and some ticket holders were unable to avail themselves of the entertainments. This year the big tent will have seats for 1200 and ample accommodation for all with absolutely no danger from fire.

Between now and the opening date there is ample time for every boy and girl to work at odd jobs and save their pennies to make the dollar to buy their season tickets with.

"You Are Looking 'All In'"

"YES, and that is just how I feel."

"What seems to be the matter?"

"Why, I had tonsillitis, and my whole system seemed to be poisoned and run down. So much so that I do not seem to gain strength."

"Will you let me be your doctor and do as I tell you?"

"I will do anything to get strong and well. I have been sitting here too long already."

"Well, you send to the drug store for six boxes of Dr. Chase's Nerve Food, and take one pill after each meal and at bedtime. Believe me, it will not be long until you feel the benefit of this treatment and find yourself gaining in health and vigor."

"How do you know?"

"I know from personal experience. After I had the 'flu' I was left just like you are now—all run down; could not sleep; the little food I ate did not seem to do me any good, and I was getting pretty blue."

"Yes."

"Well, my wife had been using Dr. Chase's Nerve Food, and insisting on me giving it a trial. You know the rest, for I was soon about again, as hale and hearty as ever. I have told lots of people about this Nerve Food, and never knew it to fail yet."

"You are to be the doctor in this case, so I will follow your advice."

531,633 MORE POUNDS

of "SALADA" TEA were sold in the first three months of this year than in the corresponding period of last year. This is equivalent to an INCREASE of 20 tons a week and a modest estimate of this means that over one hundred million MORE cups of delicious "SALADA" were enjoyed in the homes of the people during these three months than in the same three months of 1920.

This INCREASE confirms the popularity of "SALADA", which was evidenced by the INCREASE of 1,496,236 pounds in "SALADA" sales for 1920 over 1919, and the increase of 1,536,789 pounds in 1919 over 1918.

We publish these figures because we believe everyone is interested in the reward of merit. For 30 years we have been blending and selling an honestly fine quality tea to the public. In all that time "SALADA" has remained matchless in favour—unapproached by any other tea in cup quality—and as a result has continually increased in sales.

Please remember the above figures represent our INCREASES alone—"SALADA" sales are not only larger than those of any other tea in America, but amount to over

ONE-TENTH OF THE TOTAL IMPORTS OF ALL KINDS OF TEA INTO AMERICA

—viz.: Canada and the United States.

"SALADA"

Yours for "Cup Quality"—At All Grocers

What is a Recommendation Worth?

That depends very much upon who gives it. For instance, we recommend Ames Holden "Auto-Shoes" as the cheapest mileage you can buy.

And we know a lot about tires. We have to in our business.

Hence our recommendation should carry some weight, apart from the fact that we are benefiting to some extent by your custom.

We know that if you buy once, you will buy again—because you will find that our recommendation saves you money on mileage.

We will give you a guarantee with Ames Holden "Auto-Shoes" too—a guarantee that protects you against any defect in material or workmanship which may arise at any time in the life of the tire. And we will get you an adjustment on that basis should necessity arise, without quibble or red-tape. Drop in and let us show you Ames Holden "Auto-Shoes" to-day if you can.

CONFIDENCE in "Canada's Standard Car" is most clearly shown in its absolute leadership in the market. McLaughlin "Master Six" has become the "known factor" among motor cars—a gauge by which to judge not only values, but style, finish and design.

This is what makes the McLaughlin such a sound investment—that gives it its established re-sale value—that makes it the accepted car among men of substance.

Coupled with the same power and dependability that have made McLaughlin "Master Six" motor cars famous throughout Canada, is added riding comfort, more roominess and better seating arrangement, easier control and a beauty and grace that fittingly express the higher standard of 1921 models of "Canada's Standard Car."

Horace Miller, Houlton, and Milford Noble were calling at David Noble's Sunday.

B. Y. P. U. SOCIAL

The B. Y. P. U. of the United Baptist church held a very pleasant social at the church on Monday evening. The program consisted of male quartettes by Messrs. Sipprell, White, Irving and Simms. There were readings by Miss Ruth Boyer, Miss Myrtle Trites and M. L. Hayward. Miss Mary Birmingham of Victoria sang a pleasing solo. Miss Estabrooks' class sang a chorus as also did Mrs. Miller's class of boys. There was a piano duet by Mrs. S. S. Miller and Miss Kathleen Kennedy; a vocal duet by Miss Mahel and Walter Morgan; and a duet by Mrs. Miller and Willie Taylor. After the program refreshments were served. A very pleasant time was enjoyed by all.

WOMEN'S INSTITUTE

The April meeting of the Women's Institute was held in the Knights of Pythias Hall. The roll call was responded to by "If given a dollar how would you spend it to get the most pleasure out of it?" After the business was transacted a program was rendered consisting of a solo by Mrs. Waldo Currie, a reading by Mrs. Allen Earler and a demonstration by Mrs. C. R. DeWitt and Mrs. Frank Plummer on the preparation of "Date Whip." Refreshments were served at the close of the meeting.

What a Real Pearl is

The real pearl—that is the fine, spherical, iridescent gem—is not a product of the mother-of-pearl or nautilus lining of the oyster shell, as are the baroque and seed pearls, but is formed in the gills and never grows in size. They begin as a small blister containing a hyaline fluid which condenses slowly and gradually hardens in concentric layers. The iridescence is due to the minute films of air or gas that are contained between the layers.

Mica Indispensable

The main importance of mica in modern industry lies in the fact that it is one of the best nonconductors of electricity and is, therefore, indispensable in electrical engineering. On this account the British government took over part of the mica field in India and worked it as a state industry in order to make sure of having a constant supply.

One to the Sex

A lady, having left her umbrella in a car, applied for it at the office. "Oh, you ladies, you ladies," said the official in charge, as he brought about thirty umbrellas for her inspection, "you are so terribly forgetful!" The lady smiled as she kindly pointed out to him that, with the exception of three, they were all gentlemen's umbrellas!

Washington Monument

From floor of shaft to apex, the Washington monument is 555 feet 6 1/2 inches high; the shaft itself is 600 feet 2 1/4 inches, the small pyramid which tops the shaft being 55 feet. The base is 55 feet 1 1/2 inches square. The walls are 15 feet thick at the base of the shaft and taper to 18 inches thick at the top.

Hadn't Escaped Altogether

Max was racing up the street holding to the rope which was fastened to his large collie dog's collar. Not being able to keep up any longer he was jerked to the sidewalk with great force. When his playmate was asked if Max was hurt, he said: "No, he wasn't hurt, but the dog did him a lot of damage."

In the Fashion

A young man purchased his sweetheart a pair of ten-button kid gloves and left them at the house himself. The servant girl took them in and, going to the foot of the stairs, called out: "Please, miss, 'ere's a gentleman as 'as brought you a pair of leg-ings!"

Glass Washboards Lessen Friction

A glass washboard, although it breaks more easily, is to be preferred to a metal one because the friction on the clothes is less. However, if a metal washboard is used it should be thoroughly dry before being put away, so that it will not warp or attract waterbugs.

For International Trade

CANADA'S imports in the fiscal year of 1919-20 amounted to \$1,064,516,169 and its exports to \$1,286,618,709, a total trade of \$2,351,134,878. In financing the many transactions that go to make up such a volume of business, banking experience and resources are of paramount importance.

The Bank of Montreal has been assisting the merchants of Canada in import and export trade for over 100 years. It has built up an international banking organization that offers exceptional facilities to those doing business with outside countries.

The Manager of any Branch of this Bank will be glad to have you discuss banking facilities with him or you may consult on any problem connected with international trade direct with the Foreign Department at the Head Office in Montreal, where complete statistical and other information is kept on file.

Canadian firms engaged in Foreign Trade who contemplate sending representatives to Great Britain, France, South Africa, India, Australia, China, Japan, or the West Indies, will find it to their advantage to communicate with the Foreign Department at the Head Office in Montreal.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From two hours to nine days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth for this baby in four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. BINK, 121 1/2 Ave. A, Altoona, Pa.

Mrs. Jansson's experience of interest to childless wives.
Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. E. H. JANSSEN, Millston, Wis.

Mrs. Field of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:

Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your bottles and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my name as a testimonial."—Mrs. E. H. FIELD, 305 Lafayette St., Marinette, Wis.

There are many, many such homes that were once childless, but are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the common ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief, and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Favorite Text Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Porpoise a Fast Swimmer.
There is another mammal that is so fast no one has ever been able to find out how fast he is. This is the porpoise. The porpoise can do stunts in front of the fastest boat that travels, the bounding wave and when he is through after several hours of clowning he flirts his tail and nonchalantly speeds beyond the horizon. The porpoise will do his tricks under the bow of a nine-knot cargo tramp or a 22-knot ocean greyhound. He is like the airplane in that he sets his pace according to the speed of the pursuer.

Beginning of Ballooning.
To incense smoke in a bag so that it would lift the bag with its own ascending power, was the idea of the paper makers, the brothers Montgolfier, and they got so far in their invention as to cause the bag which they invented to rise to the ceiling, and improving upon this they invented a machine that was a balloon, and was the forerunner of the inflammable air balloon.

The Raccoon.
The raccoon, or coon, as he is more commonly called in the United States, where he makes his home, has the odd little habit of dipping his food in water, as if to wash it perfectly clean, before eating. Coons den up for the winter, like bears, sometimes singly, sometimes several together as if for company, in a hollow tree or other convenient place.

Ghoulish.
A set of small dice supposed to have been cut from the molar teeth of a notorious French criminal and professional gambler, who died by the guillotine, together with a dice box made from a toughened piece of his skin, was one of the curiosities disposed of by a Paris curio dealer.

Cause of Early Old Age
The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." NEW VOTING SYSTEM

PROPORTIONAL REPRESENTATION TRIED IN WEST

Canadians Are Taking Keen Interest In Experiment Which May Do Away With the Two Party System and Establish Groups on Strong Basis—Public Men Are Not Unanimous In Support of It.

PROPORTIONAL representation, not so long ago considered only as a fad, is now receiving serious attention throughout Canada, although this epithet "fad" occasionally reappears.

The system, with apparently good results, was tried in Winnipeg at the recent Manitoba provincial elections. The idea is by no means supported unanimously.

J. R. MacNicol, of the British Imperial Association, Toronto, declares proportional representation would abolish the old party system and establish a group system which he fears.

Ven. Archdeacon Oddy, former Minister of Education in Ontario, also opposes it on the ground that it militates against the two-party system to which he still adheres.

The Montreal Gazette says proportional representation is the latest fad of radical theorists for doing away with the weaknesses of human nature in connection with the care of public affairs. It is based on the theory that unless every shade of opinion is represented in a legislative or administrative body it cannot effectively discharge its functions. In operation it is calculated to make for division rather than for efficiency. In Parliaments and Legislatures it will, if applied, make for the multiplication of groups; and experience of government by coalesced groups has not been so much better than control by party as to make it a thing to encourage. If it satisfies a number of men who live by politics, it makes necessary compromises and concessions that are not to profit of the public.

On the other hand, there is much support for the revised scheme of representation.

The Attorney-General of Manitoba, Hon. Thomas H. Johnson, thinks it gives a more truly representative Legislature than the system of single member constituencies.

In the New Republic, Owen E. McMillen, of the Toronto Star, tells about the Winnipeg experiment. His conclusion is that proportional representation is not only practicable but produces equitable results.

The Labor vote in Winnipeg, he says, represented a little more than 40 per cent. of the total vote, and Labor elected 40 per cent. of the members. The Liberal vote represented nearly 40 per cent. of the total vote, and the Liberals elected 40 per cent. of the members. The Conservatives were supported by voter representing a little less than 20 per cent. of the total vote, and they elected 20 per cent. of the members.

The Woodstock Sentinel-Review thinks that the problems of government are very different and much more complicated to-day than they were when everybody was supposed to be, by birth or inclination, either a Liberal or a Conservative. The two-party system as it has operated in this country has been accompanied by many abuses and much injustice. It is because of this fact that there is a growing desire to experiment with something else that promises improvement. It may be that the employment of proportional representation would result in the creation of new difficulties; but it would not be safe to speak dogmatically without a trial.

In the Canadian Forum (Toronto) Ernest Thomas goes into the subject more deeply.

Representation of economic groups in the Legislature, he says, has been declared to be un-British simply because it is unfamiliar. On the contrary, he asserts, British Parliamentary history starts with and proceeds by class representation.

Originally, according to Mr. Thomas, the Great Council technically included all those who swore direct allegiance to the King but it soon proved too unwieldy. Selection became inevitable. The greater barons were still summoned personally to the King's Council, afterwards forming the House of Lords, and the remainder were left out. Extension of taxation, however, required the aid of the other classes, and steps were taken to secure their "representation." Writs were issued calling on county officers to "cause to come" certain knights of the shire "with the power of the community." Primarily they were summoned to represent freemen, but in fact they represented an economic group. Thus the smaller landowners were given representation as such.

Similarly town authorities were called on to "cause to come" certain burgesses who would represent the commercial classes. Thus one class was left with its entire membership in the Legislature while other classes were one by one vested with the right of being represented by selected persons by whose acts the community would be bound.

Two limitations, says Thomas, developed. One was the taking of legislative power from the bulk of the citizens. This limitation is being overcome by the grant of direct legislation in the Initiative and Referendum.

The other limitation was that, with the growth of new conditions the Legislature came to represent only certain classes of freemen while others were ignored.

"F. R." to this advocate, also depends the independence of the elected member. The party caucus has no terror for him because he has simply to retain the confidence of a sufficient number of individual voters and his position is secure.

THIS IS BRUNSWICK WEEK!

Will Place Any Brunswick in Your Home

This week we are featuring "Brunswick Week," with the object of Stimulating Interest in this Remarkable Phonograph, and revealing the many exclusive features that have combined to make it such a desirable phonograph. Interesting exhibits are being presented, and attractive Displays arranged that will make clear to hundreds of visitors to our store the Superior Quality of this "Final Phonograph," and, as a Climax to all this, As a means of enabling Anyone—Any Home—to Secure one of these Phonographs without the usual cash outlay, we are offering this week only—A Special.

Deferred First Payment Plan

Why You Should Buy a Brunswick

The Brunswick was the first and is still the only phonograph built to play all makes of records, as the maker intended they should be played. This is accomplished by the invention of the "Double Ultona," which is a reproducer that combines the necessary features of the reproducers used for different records—all in one—including proper point, balance, diaphragm and weight. A simple turn of the Ultona, without change or delay, converts the Brunswick from one system to another. It is a marvelous achievement.

Then, the acoustic qualities embodied in the Brunswick all-wood oval horn (which is the only all-wood oval Phonograph horn) brings out all the delicate vibrations of tone that give music its real quality.

And the powerful Brunswick 4-spring motor that runs 27 minutes, without winding, ensures even running, less bother and much greater durability, so when you buy a Brunswick it is bought for all time. Finally, the Brunswick cabinets are masterpieces of perfection. In design, workmanship and finish they are superb, for the Brunswick Company have generations of experience behind them in wood-working craftsmanship, and unlimited timber resources for the selection of perfect woods.

It is this combination of qualities and features that have made the Brunswick the "Final Phonograph" all phonographs in one.

of purchase through which you can select any model, any finish, of any Brunswick Phonograph from the big stock on our floors, with a payment of only ten dollars cash, and any Brunswick Phonograph you select will be sent to your home at once. One week later you begin to pay the small weekly payments and thirty days later the balance of the first cash payment is made. Under this plan, you get the benefit of thirty days in which to make the cash payment, while having the use of the phonograph at once.

For instance, if you selected the model 110 at \$205, the regular terms would be \$20 cash and \$10 per month, but under this plan you need pay only \$10 of the \$20 cash payment NOW; then \$2.50 per week, and thirty days later, the \$10 balance of the cash payment.

Unlimited Selection

Understand clearly that any Brunswick Phonograph we have (and we have them all) can be purchased on this plan by any responsible person. There are no reservations or conditions. Come in tonight, tomorrow, or any day this week, select your Brunswick, pay \$10, and it will be in your home the following evening. But also remember that this unusual offer is good for this week only.

Cupid's "Chart."

A honeymoon down a coal-pit sounds a bit weird and dark, but that, at least, was the first trip made by bride and bridegroom after the church ceremony. The bridegroom was a coal-pit manager, and his new wife had never been down a coal-pit, or even seen one, till the wedding day. At her own request they went from the church, donned suitable attire, stepped into the cage, and were taken to the bottom of the shaft, where they had a rousing reception from miners armed with pick and shovel.

YOUTH.

We should pay as much reverence to youth as we should to age; there are points in which our young folks can't help constantly crying out to persons of my own years, when busied about their young people—leave them alone; don't be always meddling with their affairs, which they can manage for themselves; don't be always insisting upon managing their boats, and putting your oars in the water with theirs.—Thackeray.

COULD SING FOR JOY, SHE STATES

Sydney Woman, Princess Tanlac For Relieving Her Three Years Suffering

"It's such a relief to be free from sick headaches and to feel really well that I could sing for joy," said Mrs. John Ross, of 43 Henry street, Sydney, N. S.

"For the past three years I have had so much sickness that I thought I should have to give up altogether. After every meal my food would sour and I would bloat up with gas until I nearly choked. I often had spells of biliousness and terrible headaches that kept me in bed for days at a time. I would toss about for hours at night unable to sleep, and it was often two or three in the morning before I could close my eyes. I became very much depressed about my condition, for although I tried nearly every medicine under the sun I could get no relief.

"Then a few months ago I decided to give Tanlac a trial. The very first bottle started me on the road to recovery and I've been progressing ever since. The depression left me and I began to brighten up. I could notice myself getting stronger every day, and now after taking four bottles I am a perfectly well woman. My appetite is just splendid and I can eat anything I want and never have a touch of indigestion or biliousness. It is a rare thing for me to have a headache and I sleep so soundly at night that I get up in the morning feeling as fresh as a daisy."

Who Wants This Beautiful Home in Hartland

Allen A. Waters offers for immediate sale his fine house situated just off the Main street, south end. The location is a beautiful high and slightly one and the house is surrounded by lovely shade trees. The house itself has 10 rooms and bathroom, nicely fitted up and with a constant supply of running water. The house is thoroughly well finished throughout and is warm and comfortable in winter and accessible to pure, fresh air in the summer. There is a large woodshed attached and a clapboarded and painted barn that will accommodate several horses; also a garage. Never-falling supply of water in the yard and at the kitchen sink. Enough ground for a good-sized garden. This is an ideal home for a couple that wishes to retire, or for any family. The house has four sleeping rooms and more could be finished in the attic, which is reached by stairs.

Mr. Waters also offers for sale a farm in Ashland district, three miles from the river, with a down-hill haul to market. Of this 100 acres, 30 acres are cleared and a part freshly seeded, 10 acres ploughed and the remainder in grass. There are 70 acres of woodland that will yield enough fire-wood to pay for the place and leave many good years supply. There is also a good quantity of pulp and lumber. The prices of both these properties will interest any buyer, and full particulars of the whole may be had from Mr. Waters, at the house. DON'T DELAY. These properties will move quickly. Part of the purchase price may remain on mortgage if desired.

LOCAL AND PERSONAL ITEMS

L. B. Clark who has spent the past eight months at Long Beach, California, and intervening points, returned to Centreville on Saturday looking hale and hearty and ready to resume his duties as postmaster.

Willard Carr and Mrs. Verren of Woodstock were the week-end guests of Mr. and Mrs. R. W. Ballou.

Miss Bessie Douglas of Mars Hill and Mrs. O. Trafford are visiting Mr. and Mrs. Theodore Jameson.

Miss Beatrice McKenzie returned on Monday to Whitstead, Conn., after a three weeks' vacation with her parents, Mr. and Mrs. F. K. P. McKenzie.

C. F. West and family of Presque Isle spent Sunday with Mr. and Mrs. B. L. West.

R. W. Demings of Arrostook Jct. spent the week-end in town. On Sunday he gave a short address on the working of the N. B. Prohibition Act.

Mrs. Gunter is visiting her daughter, Mrs. J. I. Gallagher at East Centreville.

Miss Rovene Downey, teacher at Scotch Lake, York Co., spent Sunday here with her parents, Mr. and Mrs. Amos Downey.

Mrs. Emily Scholey and family are making preparations for moving to Fredericton in the near future.

H. S. Hatfield of Fredericton was in town on Wednesday.

Dr. Geo. J. Burt and family of Fort Fairfield were guests on Sunday of his parents, Mr. and Mrs. E. W. Burt.

Mrs. Burke of Knoxport is visiting her daughter, Mrs. G. A. Jameson.

C. C. Shaw has purchased a farm at Waterville and he and family have taken immediate possession.

Mr. and Mrs. Harvey Green of Sumnerfield will occupy the apartments recently held by C. C. Shaw. Mr. Green is employed in the garage of C. N. Boyce.

Miss Ida Garley is employed as clerk in Stevens Bros. store.

At the time of going to print we feel sorry to hear of the critical illness of E. A. Savage.

Mr. Savage developed a serious case of pneumonia last week and at present writing his family and friends are very anxious concerning the progress of the malady.

R. F. Clark went to Edmundston on Monday.

Mr. and Mrs. G. E. Wilkinson are moving into the Baldwin house on Main street.

Roy Watson of M. R. A., St. John, was here on Tuesday and Wednesday.

Scott Macaulay has a crew of men putting the finishing touches on the two local bridges. All the local highways need just a little work on them to put them in condition for the summer traffic.

Rev. H. R. Bell will commence a series of special evangelistic services in the United Baptist church at Good Corner on May 15, at 7 p.m. and each night during the week except Monday and Saturday evenings. You are cordially invited to come and assist us in the extension of the Master's Kingdom. We expect to have good singing, inspiring messages, large attendance and much blessing. Week night services begin at 7.45, prompt.

On May 15 Rev. H. R. Bell will preach as follows: Centreville 11 a.m., Carvell 2 p.m., Good Corner 7 p.m. Male quartette at evening service.
