ORGANIZING BRANCH OF COMMITTEE ON RESOURCES IN CITY

Toronto Official Here to Link Up Societies.

CENTRALIZATION IS AIM

Union of All Associations for Patriotic Work Objective.

Efforts have been launched locally for the formation of a city branch of the "Organization of Resources Committee," behind which the Ontario Government stands as sponsor.

Morgan D. Williams of Toronto, the Government organizer, is in London now and will aid in the formation of the committee's local representation.

The Ontario Legislature, and directly behind the organization and its purposes, as set forth in the act are as follows:

The committee shall co-operate, so far as possible, with existing organizations, associations—civil and military—in furthering the objects of the committee, and particularly in maintaining and stimulating agricultural and necessary industrial production, securing a sufficient supply of labor for the agricultural, industrial and domestic operations, assisting in the work of recruiting men for the Canadian expeditionary forces with the least possible disturbance to agriculture or industry, and promoting thrift and economy among the people.

To assist in carrying on its work, both during and immediately after the war, the committee wishes to have in every municipality of the province a representative non-partisan local committee of public-spirited citizens who will co-operate in carrying out the purposes enumerated above.

Here in London, with the existing Red Cross committee, Men's Auxiliary of the Red Cross, Voluntary Aid Committee, Soldiers' Aid Commission, Red Cross, and other patriotic organizations, it is to be consolidated into one general association that the Organization of Resources Committee will be formed.

The Government-sponsored committee is not to be a mere "war time" organization. It is intended to be a permanent organization that, and it is expected to work not only for the immediate present, but for the future as well.

To assist in enlisting more men into the Canadian Expeditionary Force, and to aid in keeping production in agriculture, industry, and essential services as high as possible.

To encourage thrift and economy to enable us to finance further war expenditure and to meet the heavy obligations which the war will place upon our people.

OVER 2,000 MEN FROM 142ND, 161ST, 149TH ON FOUR DAYS' LEAVE

Special Trains on C. P. R. and G. T. R. Arrive From Camp Borden.

ALL RETURN ON TUESDAY

Majority of Soldiers Will Attend Western Fair on Monday.

Two special trains carrying approximately 2,000 soldiers from Camp Borden arrived in the city last night via G. T. R. and C. P. R. At least 600 men will arrive today, and the men will remain at their homes until Tuesday afternoon.

The battalions represented were the 142nd (London), the 149th (London), and the 161st (Toronto). This means the first monthly leave of absence for the men who are allowed from Thursday noon until Wednesday morning away from the camp.

The first train to arrive was the C. P. R. special, bearing about 600 from the 142nd and about 400 from the 161st. All the men approached the station from the Euron and Reserve train for their homes in Huron County.

The remaining members from the 142nd Battalion went via Palmerston and Wingham on regular trains, arriving at their homes late in the afternoon. The 142nd men will leave again via C. P. R. on Tuesday afternoon, the special being scheduled to depart at 2 o'clock in the afternoon.

The battalion band will provide music at the fair grounds Monday afternoon and evening.

The special Grand Trunk train, carrying the 142nd Battalion, arrived at 8:30 last evening and departed for Sarnia at 9:10 p.m. Owing to the sudden death of Mayor Doherty of Sarnia, the civic reception and demonstration arranged for in honor of "Lambton's Own" has been cancelled.

The special will leave Sarnia on Tuesday at 11:45 a.m., passing through the city at 1:50 in the afternoon.

All the men appreciate the new four days' leave scheme to be preferable to the original plan of leaves at more frequent intervals, but of shorter duration.

All look in the future with interest and all were glad to have a chance to again visit friends and relatives "at home."

Practically all the soldiers will attend the Western Fair on Monday.

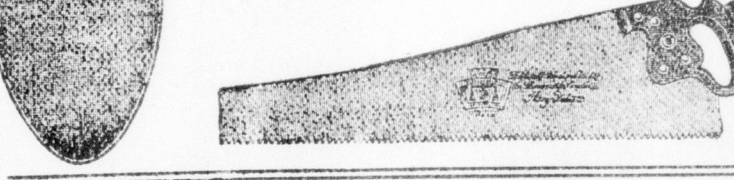

PERSONAL Mrs. C. C. Swift of 183 Kent street is at present the guest of her sister, Mrs. Davis, at her summer cottage, Pointa View, Corunna.

TILLSONBURG JURY RAPS DOM. BOARD RY. COMMISSIONERS

Could Not Obtain Report of Boiler Inspection.

ADAMS INQUEST OVER

Talesmen Find No One to Blame, But Had Company's Evidence Only.

[Special to The Advertiser.] TILLSONBURG, Sept. 7.—After adjourning the fourth time the coroner's jury inquiring into the death of Charles Adams, gave the following verdict: "We, the jury empaneled on the inquest of the death of Charles Adams, brakeman, say that the said Charles Adams came to his death by the bursting of a flue on engine No. 605, Pere Marquette, on the night of July 19, and as far as evidence could be procured there was no one to blame for the accident; but it is the opinion of the jury that the board of railway commissioners has exaggerated power, and it is not in the interest of the public on a coroner's inquest to withhold the report of their inspection."

(Sgd.) "P. J. Foreman." Although repeated promises were made by the board of commissioners that a copy of the report of the boiler inspection would be forwarded to the coroner, and although Crown Attorney Ball of Woodstock was consulted, nothing could be done to secure the necessary information, and the verdict is based on the report of the Pere Marquette inspector and the testimony of the crew of the ill-fated engine.

AUSTRIAN TROOPS FORCED TO RETIRE BEFORE RUMANIANS

Threatened With Envelopment Near Borders of Transylvania.

Vienna, via London, Sept. 7.—Austrian troops have withdrawn before a threatening Rumanian envelopment to the heights west of Olah Toplitza, south of Dorna Water, and twenty miles west of the Rumanian border, says the official statement issued at Austro-Hungarian headquarters today. On the Russian front the Austrian troops between the Zlota Lipa and the Dniester rivers have also been withdrawn. The statement follows:

Rumanian front—Near Olah Toplitza (at the junction of the Maros and Toplitza rivers) to avoid a threatened envelopment our troops have been withdrawn to the heights west of the town.

Russian front—In connection with the fighting described yesterday between the Zlota Lipa and the Dniester our troops have been removed to prepared positions.

CIVILIAN CASUALTIES

Berlin, Sept. 8.—In the month of August the Overseas News Agency announced, 31 men, 27 women, and 17 children, all civilians, were killed in the occupied districts of France and Belgium as a result of artillery and aeroplane bombardments by the Entente Allies. Fifty-two men, 80 women and 39 children were wounded. The total number of deaths due to these causes since September of 1915, the news agency says, is 1,963.

SENATORS WANT REPRISAL AGAINST THE CANADIANS

Two Object to Fisheries Clause Being Removed From Revenue Bill.

[Canadian Press.]

Washington, Sept. 8.—This was the final day of the sixty-fourth congress' first session which began last December.

Adjournment was set for an early hour today, and only the signing of the emergency revenue and minor bills by the presiding officers of both Houses was to be accomplished.

Last night both Houses accepted the conference report on the emergency revenue bill, without record votes, and the senate before recessing an hour after midnight, ratified the Danish West Indies purchase treaty.

The conference report was attacked by Senators Chamberlain and Jones, because the amendment for retaliation against Canadian control of Pacific coast fisheries had been stricken out. The House report denounced the retaliatory provisions against foreign interference with American commerce.

CARGO NOT DUTIABLE.

[Canadian Press.]

Manila, Sept. 8.—The customs authorities today ruled that the cargo of the British steamer Kafu, which was brought here by the steamer City of Durhan after the Kafu had been detained at Hong Kong by the British, is not subject to duty. The question as to whether the cargo was dutiable rested upon the identification of it as having been brought from New York on a through voyage.

The detention of the Kafu's cargo was made the subject of inquiry by the United States, and the goods subsequently were transferred to the City of Durhan. When the cargo was unloaded by the Durhan here it was found that 3,600 packages destined for Manila were missing.

GUNS OF BRITISH SCATTER GERMANS; SILENCE BATTERIES

Enemy Defeated in Close Fighting Around Guinchy.

LONDON, Sept. 8.—12:10 a.m.—The British official communication issued shortly before midnight, says:

"The general situation is unchanged. Our artillery dispersed enemy working parties east and southeast of Guinchy. Between the Somme and the Ancre the enemy's artillery was active during the day shelling the rear of our lines. Our artillery replied effectively and, assisted by aerial observations, successfully dealt with enemy batteries.

"Between Souchez and LaBassoe canal our artillery and trench mortars bombarded the enemy's lines continuously, and northwest of Hobbabeke we effectively shelled the bridgehead on the Ypres canal.

"Yesterday our machines bombed an important railway junction on the enemy's lines, causing great damage to the station and rolling stock. One of the enemy's aerodromes was bombed. One machine was destroyed on the ground, and other damage was done. Many other points of military importance were bombed.

"Some good work was done from altitudes in locating positions reached by our troops.

"Three hostile machines were wrecked, and four others driven down in a damaged condition. Two of our machines are missing."

Cannot Blockade Britain Says German Chancellor, Sub Warfare a Failure

LONDON, Sept. 7.—According to definite information reaching Bern, Switzerland, from Germany, says a dispatch to the Swiss press, Dr. Von Bethmann-Hollweg, the German chancellor, upon being questioned at the August meeting of the federal council as to why he yielded to the demands of the United States regarding the unrestricted torpedoing of ships on the high seas, replied emphatically that the value of the submarine was exaggerated by the adherents of wholesale torpedoing.

The chancellor said that insistence on unrestricted submarine warfare would cause war between Germany and the United States and that the result of unlimited torpedoing would not justify such a policy. Elaborating his point the chancellor is quoted as saying that Germany could not effectively blockade England nor cut off England's food supplies.

GERMANS ARE RETREATING SO FAST IN EAST AFRICA IT'S HARD TO CATCH THEM

Ingersoll Soldier in This Campaign Says Two Months Will Probably Rob Germany of Her Last Colony.

[Special to The Advertiser.]

INGERSOLL, Sept. 7.—Interesting information in connection with the British campaign in East Africa and the success of the British is contained in a letter received by relatives from Pte. A. R. McClurkin of this town. The following is an extract:

"We have been busy of late. The Germans are retreating so fast we can hardly keep supplies up to our troops by motor trucks, and the roads are very bad. Lots of sand and mountains to go over. My horse or truck along with others has joined the artillery as an ammunition column. We are supplying the big guns with shells.

JIMMIE SIMPSON SPEAKS AT BRITISH CONGRESS

Regrets Rejection of Proposal for Conference of All Nations.

BIRMINGHAM, Eng., Sept. 7.—Delegates from Canada and the United States this morning addressed the forty-eighth Trades Union Congress, representing nearly 2,000,000 workmen, which is now in session in Birmingham. William D. Mahon of Detroit, president of the amalgamated association of street and electric railway employees, and a delegate to the Congress of the American Federation of Labor, presided at the opening.

The United States labor leaders asked only for a call to be put out to the workers of the nations. They did not say they would not participate unless both the Germans and their allies were present.

Delegate Simpson of Toronto declared that Canada had accepted the proposition and he regretted the attitude of rejection of the workers of the United States.

The congress gave an enthusiastic reception to the declaration that workers in the United States generally sympathized with the cause of the Entente Allies because they thought it represented right and liberty. At the business session the congress first adopted a resolution protesting against compulsory service. Then another resolution was adopted demanding that the clergy should not be exempted from military service.

"Between Souchez and LaBassoe canal our artillery and trench mortars bombarded the enemy's lines continuously, and northwest of Hobbabeke we effectively shelled the bridgehead on the Ypres canal.

"Yesterday our machines bombed an important railway junction on the enemy's lines, causing great damage to the station and rolling stock. One of the enemy's aerodromes was bombed. TERROR IN VILLAGE AS ZEPPELINS SHELL PLACE

Underground All Night, But Found in Morning Little Damage Done.

[Canadian Press.]

New York, Sept. 8.—A special cable to the New York Times from London says: The following extract from a letter written by a woman living in a little English village, tells a plain, unadorned tale of one aspect of Saturday night's zeppelin raid: "What a night we had! The first of the monsters that we heard was about 11 o'clock, but we could not see it, because of the thick mist.

"Then at 2 o'clock, there seemed to be two or three. They started dropping their bombs and continued on and off, and we women sat huddled in a corner of our underground kitchen, too terrorized to move or speak.

"In the morning we found there was not nearly as much damage as we had expected. One gentleman's house had been damaged, and eight bombs fell a mile and a half away, where the vicarage of a little church was badly damaged."

GERMANY STILL BLOCKS HELP FOR THE POLES

Insists Upon Feeding Garrisons With Products of Poland.

[Canadian Press.]

Washington, Sept. 8.—President Wilson has on his list of cables today Sir Cecil Spring-Rice, the British ambassador, who was to present King George's reply to the president's appeal to all the European belligerents for an agreement permitting the shipment of relief supplies into portions of Poland occupied by Teutonic armies. The reply was said to follow the position already laid down by the Allies, that Germany's insistence upon the right to feed her garrisons on Polish products makes it impossible for them to allow supplies to go into the country through their lines.

CAN'T KEEP HUN SAULERS.

[Canadian Press.]

New York, Sept. 8.—The Standard Oil Company has refused to support 35 German sailors who belonged to the crews of tank steamers of the German-American Petroleum Company before their ships were transferred to the Standard Oil Company. The sailors said that under the German marine law, the Standard Oil Company was responsible for their care until they could return to their native land. The shipping commissioner to whom they made their complaint, announced that nothing could be done for the sailors, because they are not Americans.

Berlin, Sept. 8.—The Dutch Government has announced to the German foreign office that it will maintain absolute neutrality in the war between "friendly powers," Rumania and Austria-Hungary, Germany, Bulgaria and Turkey.

MISSIONARY AT WORK WITH BLONDE ESKIMOS

Progress Made With Grammar and Dictionary in Few Months.

SASKATOON, Sept. 7.—The blonde Eskimos discovered by the noted explorer, Radford, on Coronation Gulf, far in the Arctic circle, were reached by a Saskatoon man, Rev. H. Girling of Emmanuel College, on October 19, 1915. Mr. Girling is the first white man to live among these people, who, since their discovery, have constituted an ethnological mystery.

In a letter received this morning by Rev. Dr. Carpenter, principal of Emmanuel College, the missionary tells of his travels. The mission was dated last December from "Camp Necessity," ten miles journey from the new Eskimos. It is postmarked "Nome, Alaska." On October 16, in company with a native, Mr. Girling reached the first tribe (Nulagougmint), about ten miles east of Cockburn Point.

Speaking of the education of the new Eskimo, Dr. Girling says that in the direction of both grammar and dictionary a great deal has been accomplished, the new Eskimo having but a dialectic difference from the Mackenzie River Eskimo.

GERMANS AWAKENING.

An unofficial dispatch from London says German Socialists are now circulating a leaflet asserting that Germany is to blame for starting the war.

Recent dispatches assert that the latest war loan issued in Berlin is proving a failure. Banks, financial houses and municipalities are subscribing fairly well.

Then, too, wounded soldiers by thousands are being sent to the rear and certainly they will meet their friends and discuss the war.

When depression begins to affect the spirits of the people, they are apt to imagine that things are even worse than they are.

For the murderers and liars of governing classes in Germany there are signs that the "chickens are coming home to roost."

Paris, they now know, was never taken; zeppelin raids on London, they have reason to believe, have been failures instead of the great successes they were told.

FAMILY REUNIONS.

SUMMER and early fall are the seasons for family reunions, and many large gatherings have assembled in various parts of Middlesex during the last few weeks.

These reunions form a valuable link in the chain of Canada's national life. Here grandfathers and grandmothers meet their children and children's children.

to the old place. They are special occasions which demand the making of special efforts to be present, and the trip is found possible when without the inducement prostration would be substituted.

VALUES OF SUCCESS.

HOW little we at home realize the real values of various pieces of war news is emphasized by Frederick Palmer when he says that often a gain which elates the army leaves the British or French public cold.

HINDENBURG'S PLANS.

HAVING felt the might of Russia and the fact that his own best plans "gang asleep" when brought to bear on the czar's armies.

EDITORIAL NOTES.

The short apple crop may lead to less fruit being left to rot on the ground. Brusiloff says Warsaw will be retaken this year.

Berlin is said to be convinced that its submarine warfare has failed. Judging by the police preparations, New York authorities do not believe the strikers are too proud to fight.

Mr. Whitman's Proposal

By Annette Fowler.

James Whitman opened and shut the door of his mahogany desk and rattled busily among the pens and paraphernalia on top.

"Yes," answered Margaret in a low tone. "I was all she could trust herself to say."

"No, I don't. Office clerks are as thick as crab apples. I can get one for half your salary tomorrow morning."

"Bully for you!" beamed Bob. "Thank you very much indeed, Mr. Whitman. Won't you congratulate me? Miss Annette has consented to be my wife and, thanks to you, we can get married now without further delay."

When it's cold we'll need a new plan, of which I'm now a seer. And take a cup of bovril or a coky-nut frappa!

How often do you fix the fire?

To clean the ashes out of the fire-box you simply turn the grate-handle over once and back as illustrated. Or if there are a lot of ashes, repeat the operation. That is all.

The Pandora triple grates work easily because each of the three grates is shaken separately. It will be found that they turn smoothly after years of use. And the fire-box being made of McClary's semi-steel, is smooth, allowing the ashes to drop easily instead of clinging to the sides as in the case of rougher metals.

It's quite a part of the day's work to look after the range. Day after day for months at a stretch there is the shaking down and making up of the fire. It is work that we have tried to lessen in making the Pandora. And this is how:

McClary's Pandora Range

Careful thought now before you buy your range will save much in the years to come. It will save your time, your money and your temper. If you want to study the matter over for yourself, let us place in your hands our new booklet, "The Magic of the Pandora." This book explains clearly the things you should know about your new range. There is a copy for every woman who wants to buy her range intelligently. You may secure one by sending the coupon to the factory. Why not tear it out now as a reminder.

Daily Bible Question Club

By Rev. T. S. Linscott, D. D.

The six daily studies for this week constitute the International S. S. Lesson for next Sunday. Read the Bible Story on which this study is based, as you ponder the following questions:

- "The Arrest of Paul." Acts xli, 17-40. Golden Text—"Thou shalt be a witness for Him unto all men of what thou hast seen and heard." Acts xli, 15. 14. Verses 23-28—Is it possible or not, and why, to live a very comfortable life, without "striving" or making any strenuous effort, and live a victorious Christian life? 15. Why cannot a Christian eat dainty food, eat more food than he needs for perfect health, use tobacco, engage in worldly frivolities, nor do anything which he would not do if he thought Christ was coming next week, and still retain the favor of God? Why? (This is one of the questions which may be answered in writing by members of the club.) 16. Verses 27-28—What is the difference between a Christian who, from prejudice, speaks evil of another Christian, and those Jews who spoke falsely of Paul?

"Meat Prices Will Not Come Down" is the cheerful news from the Department of Agriculture.

Meat prices will not worry the man or woman who knows that a Shredded Wheat Biscuit will supply more real body-building nutriment than beefsteak or eggs and at much less cost. Shredded Wheat remains the same price, the same high quality, supplying all the nutriment a man needs for a half-day's work. Two shredded wheat biscuits with peaches and cream or other fruits make a complete nourishing meal at a cost of not over five cents. Made in Canada

Has Been Ill. Dear Miss Grey.—I am enclosing 5 cents in stamps to pay postage on recitations sent in for me by "Curly Locks" and "Patriotic." Also I am sending a copy of my recitation for "Curly Locks." What did "Patriotic" wish in return, as I have forgotten?

Now, Miss Grey, I have not been here, and would do anything to help her, and would do anything to help her. I have always been interested in both "H. J." and "M. C. J." and I hope they have many good times together. I'm sure you'll be glad to hear from me. I'm so glad to get that resurrection plant. I am sending my address to Miss Grey, "Old Subscriber."

I'm also curious to know what "Roaka Don" means; it sounds so spooky. Congratulations, "Curly Head." Has the baby curly hair, too?

From "Auntie's Friend." Dear Miss Grey.—Have enclosed samples of insertion, etc., for "Soldier's Wife No. 2," and would like the sample of crochet centrepiece pattern in exchange. Will send stamped, addressed envelope for same.

groceries, so let's send the coupons to "Young Stepmother." Here is a couple for a start, and will send more later. Also I enclose three white satin flower designs, so often asked for.

If "Cool as a Cucumber," who offers Richard's, will be glad to send her the six gum flags she wishes. I have about thirty flags I will exchange for Richard's soap wrappers.

Ans.—Hello, "Snowbird"—that's a good idea of yours, and I hope we can help this little stepmother to get her cabinet. I was saving many of the spare coupons (not otherwise designated) for her.

"Cool as a Cucumber," how about those wrappers? "C. A." Discovered. Dear Miss Grey.—Could someone please give me a good recipe for green tomato pickles, that does not need many tomatoes?

Could you print another set of infant's clothes in your pattern department? I saw one some time ago. Would like especially to get a bishop dress pattern as soon as possible. Am sending some Comfort Soap coupons. Hope they will be of some use. Will try and help some time later.

I have an idea I know "Miss C. A." I wonder if she hasn't a bit of a string on an awful fat man? Ha, ha, "C. A." you don't deserve one mite of pity for being an old maid.

AN OLD NUISANCE. Ans.—This recipe may suit. A cabbage may be shredded and added in place of so many tomatoes: Slice alternately half peck green tomatoes and quarter peck onions, sprinkling a little salt over each layer. Let stand overnight, and the next morning drain cover with vinegar, add about 4 cups of yellow sugar, 1 teaspoonful each of allspice and ground cloves, 1 tablespoon of ground cinnamon. Cook slowly until clear, and add half cup mustard, half cup flour, 1 teaspoonful turmeric mixed to paste with vinegar. Boil until it thickens.

I am referring this to the pattern department. Personally, I have nothing to do with inserting the designs or filling the orders. To purchase an outfit at a drygoods store would probably be quicker.

"C. A.," you must fess up.

THE SOLDIER'S FAREWELL. (One Who Cares.) On the field of battle, mother, All the night alone I lay; Till the breaking of the day, I lay thinking of you, mother, And the loving ones at home, Till to our dear cottage, mother, Boy again I seem to come. Kiss for me my little brother, Kiss my sister loved so well; When you sit together, mother, Tell them how their brother fell. Tell to them the story, mother, When I sleep beneath the sod, That I died to save my country, All for love to her and God. Leaning on the merits, mother, Of the One who died for all, Peace is on my bosom, mother—Hark! I hear the angels call, Don't you hear them singing, mother? Listen to the music swell! Now I leave you, loving mother, God be with you, fare thee well.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. FRED BEHNKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SLAYS WIFE, TOLLS CHURCH BELL, GIVES UP TO THE POLICE

Eastern Ontario Farmer Says Deed Was Premeditated.

OTTAWA, Sept. 7.—Alphonse Barre, a prosperous farmer living at Rose Corners, a few miles east of Casselman, this morning shot his wife as she lay in bed, then leaving his three small daughters to find their mother's body, walked two miles to the village of St. Isidore, tolled a death knell on the bell of the Roman Catholic church, and surrendered himself to the police. It was then that he was arrested in the family for more than 25 years.

The shooting was committed about 5 o'clock. Barre had concealed his revolver under his pillow, in preparation for a quarrel with his wife in the morning. He has admitted the deed was premeditated, and maintains he is glad it is over.

BRITISH FLAG FLIES OVER 3 PORTS NOW IN GERMAN E. AFRICA

Last of Enemy's Colonies Being Hemmed In by Sea and Land.

LONDON, Sept. 7.—9:55 p.m.—The ports of Kilwa Kivinja and Kilwa Kisiwani, in German East Africa, respectively 150 and 175 miles south of Dar-es-Salaam, have surrendered to the British under threat of a bombardment, according to an official statement issued tonight, giving details of the recent surrender of Dar-es-Salaam. The statement says:

"At dawn on the 3rd of September a naval attack by British forces in which the British fleet, with a heavy bombardment of enemy positions north of the town from the direction of Bagamojo, was followed by landings at Kunduchi and in Masahani Bay. The enemy evacuated Dar-es-Salaam, which was occupied by combined naval and military forces, the British colors being hoisted with full honors. The town, except for the portions occupied by the German troops, was virtually undamaged.

"On the 4th British naval forces and marines with local landing parties occupied the ports of Kilwa Kivinja and Kilwa Kisiwani, which surrendered, under threat of a naval bombardment."

LT.-COL. C. N. SHANLY, CHIEF PAYMASTER, IS DEAD FROM OVERWORK

Health Broke Down in France After Months of Strain.

[Special to The Advertiser.]
TORONTO, Sept. 7.—Lieut.-Col. C. N. Shanly, D.S.O., chief paymaster of the Canadian army in France, died here today from the effects of overwork at the front. He was invalided home a short time ago after being on active service since the outbreak of war.

He left Canada with the first contingent and was made a member of the distinguished service order for his excellent services in the reorganization of the Canadian pay and record office in London, England, and his work in connection with the amalgamation of the Imperial and Canadian pay departments in France.

He was a comparatively young man and was the last surviving son of the late Francis Shanly, well-known railway engineer, and former city engineer of Toronto.

On the organization of the first Canadian division, Colonel (then Major) Shanly was appointed chief field paymaster for overseas service, and served in that capacity at Valenciennes, Salisbury Plains and in France, with headquarters at London, where his health broke down, and after several months in hospital he returned to Canada, July 21.

WIFE OF DEAD AUTHOR MAY HAVE ENDED LIFE

Mrs. A. E. Victor Missing — Canoe Found in Lake.

TORONTO, Sept. 7.—There is little doubt that Mrs. A. E. Victor, who disappeared from her home at Port Credit after her husband, the author, had been killed by the C. P. R. New York train near the Port Credit station on Wednesday morning, committed suicide. It is believed the woman was drowned out of her canoe. The canoe has been found.

It is known she had expressed a wish to die, and this statement made after the death of her husband, taken with the circumstances of the finding of the canoe, has convinced the authorities that the woman ended her life.

Says Canada Must Be Prepared to Pay for Munitions.

OTTAWA, Sept. 7.—The minister of finance freshens a thrift campaign to promote greater national saving. Canada, he says, must be prepared to find the money for munitions and supplies purchased here, just as the United States finds the money for orders placed there, there being the closest possible connection between the ability to finance, and the getting of international orders.

Details of the new war loan will be announced next week.

AEROPLANE FACTORY IS REPORTED WRECKED

Ten German Machines Said to Have Been Destroyed by Explosion.

NEW YORK, Sept. 7.—An evening paper prints the following cable from London: The destruction of a large aeroplane factory at Alderhof, near Berlin, is reported in dispatches received today from Copenhagen.

An explosion wrecked the structure, which then burned. Ten military aeroplanes were destroyed. No one was killed.

SAVE YOUR HAIR!

25-CENT BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will please you more, will be after just seeing a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.
