

FAILED TO FIND WITNESS.

New York Paper's Search In Muskoka Was Fruitless.

\$20,000 Insurance on Sutton's Life Said to be Involved

And That Is Reason For Wishing Suicide Record Obliterated.

Efforts made by a New York paper to locate and interview Miss Mary Elizabeth Stewart, an important witness in the second enquiry which the United States Government is conducting into the death of Lieutenant James N. Sutton, whose mother says he was murdered by other officers at Annapolis in October, 1907, although the late court of investigation declared him to be a suicide, has attracted considerable interest in the case among the residents and summer residents in the vicinity of Lake Muskoka, Ontario, where the girl is said to be staying.

ADAR LAL DHINGRA, The Indian student who murdered Col. Sir Curzon Wylie in London, Eng.

FIERCE RIOTS. HOME FOR HER

Trouble in Belfast and Liverpool on the Twelfth.

Hospitals Filled With Victims of the Frays.

London, July 14.—All the hospitals at Belfast and Liverpool are filled with victims of Monday's rioting between the Roman Catholics and the Orangemen, which followed the annual celebration of the Orangemen.

The rioting was continued all day yesterday and grew to its most serious stage last night in Belfast, where the rioters repeatedly turned on the police and routed them. As soon as the police were driven back the rioters separated into clans again and began fighting among themselves.

Finally a force of 300 policemen were unseated against the principal squad of rioters and a pitched battle, which lasted for more than an hour, followed. The police were compelled to swing right and left with their clubs, and cracked many a skull before the rioters were finally dispersed. The seriousness of the fight is indicated by the fact that eight policemen have been sent to the hospitals suffering from severe wounds, while every hospital in the city is filled with riot victims, six or eight of whom are so seriously injured that the physicians declare there is no chance for their recovery.

The streets of Belfast are being patrolled by all the reserves while the troops of the barracks there are under arms, ready to aid the police in suppressing another riot which may occur.

Several stores were sacked during the melee, thieves taking advantage of the disorders. Nearly all the windows in one section of the city were smashed out by flying rocks thrown by the combatants.

Officers at the barracks say that Mrs. Mary Sutton, formerly the wife of the late Col. Doyen, that her brother was extremely sensitive about his nose, which had been broken while he was taking his preparatory training for the service, and that that experience had almost made a coward of him.

By two insurances the statement was made to-night that Lieutenant Sutton carried \$20,000 insurance on his life, the policy having been written less than a year prior to the lieutenant's death, and that the fact of his being officially declared a suicide would invalidate this insurance. The insurance company has something to do with the strong efforts that have been put forth to have the case reopened and the suicide record wiped out.

HOME FOR HER

Marie Cartwright Will Take Brighter View of Life.

Marie Cartwright, the young woman who attempted to commit suicide last Sunday night, has become reconciled to her fate, and has not only promised to make no further attempts on her life, but says she will outlive her pessimism and learn to look on the ways of life through a brighter pane than the dark and stained glass of her own morbid thoughts.

Mrs. Mellor, to whose house the young woman was taken after the attempt, has been an angel of mercy to her. Taking her into the house, she attended to her slightest wants, and did everything in her power to comfort her. So well did she succeed that Miss Cartwright admitted that she had made a grave mistake, and said that she was glad that her foolish attempt had been frustrated.

On Monday Mr. Mellor called on several well-known philanthropic ladies, and had little trouble in finding a comfortable home for the young woman.

Miss Cartwright is an orphan, her parents both dying in Grand Rapids, Mich., some time ago. She came to this city about six months ago, and was employed in the capacity of maid by a private family on Hess street, and for some time back her employer had noticed that she was given overmuch to brooding, and seemed to be addicted to spells of gloom from which nothing seemed to arouse her.

The police were not notified of the affair, and do not intend to interfere now, but will give her a chance. A great interest has been taken in the girl, and several enquiries have been made at the police office by persons desirous of offering her a home. A relative called on Magistrate Jelfs yesterday, but as he knew little of the affair he referred him to Mrs. Mellor. The relative called on her and was rather coolly received.

"She was after news, but she didn't get any," was the way Mrs. Mellor referred to it.

Twenty years from now people will wonder why women were prevented from voting.

Dr. Oeler was 60 years old this week. I haven't heard of his being chloroformed.

One word more. Is there any chance of us having a cattle show, or a horse show, or a flower show this year? Poor show for any of them, I am afraid.

In this Greater Hamilton movement is there to be no street railway extension? Lots of room for it.

Mother, poor dear, is beginning to wish that school was open again. Johnnie is such a trial.

The man who lives in the next block says that he finds his wife's health much better when she gets up and does her own washing. He can sleep better in the mornings too.

Well, if you would be pleasant to others, they would be pleasant to you. The world is pretty much what we make it.

If you are in good health and getting three square meals a day you needn't envy the King.

Still sleeping with your bedroom window open?

AN APPEAL.

Lookers-On at Sunday Crap Game Want to Save Fines.

Mr. T. H. Crerar has entered an appeal against Magistrate Jelfs' conviction of several negroes for violation of the Lord's day act. These men were found by the police in a room leased by one named Wamsley. Some were engaged in shooting crap, others were looking on and taking in the fun. The question arose if those who were not actually taking part in the game were liable under the act. Magistrate Jelfs took the stand that they were, and imposed a fine of \$5 on each. Mr. Crerar maintains that the conviction in the case of those who were engaged in the game was all right, but he appealed against the fine imposed on those who were not. The appeal will be tried to-morrow before Judge Monck.

The leak in the Welland Canal was thought to be repaired, but when the water was let in the bank gave way again and the break is worse than ever.

Knights of Sherwood Forest, A. O. F., will run their third annual excursion to Detroit, Saturday, July 31, good for four days. A special train will connect at Waterford with the train leaving Detroit at 11.45 Monday, so that passengers will be home in time for work Tuesday morning. Adults \$2.45; children \$1.25. Tickets to be had from J. Wherry, 104 Emerald street north; A. Hibbard, Cheever street; A. Smith, 107 King street west; A. Martin, 225 Mary street.

Luna Park Burned

Buffalo, July 14.—Luna Park, a pleasure resort at Main and Jefferson streets, was practically destroyed by fire that broke out early to-day. Among the buildings burned were the skating rink, the theatre and a number of concession buildings on the east side of the park. Manager McBroom estimates the loss at \$50,000, with some insurance.

The grand stand, although scorched, was saved, as were also a number of buildings on the extreme north and south side of the grounds.

THE MAN IN OVERALLS

Don't forget the 5 o'clock closing hour.

Give your horse a chance these hot days.

Is there anything else the mountain people would like?

Wouldn't it be great if we had a Gore Park every other block or so?

No pollywogs in the water this season. Thank the sand-sucker.

Providence is good to Canada. Fine crops and beautiful weather.

Don't fritter away valuable time. Business is business.

You never hear of anybody being arrested for swearing in the street. Has everybody quit?

If your dog's health is being injured by the confinement you can get a medical certificate to that effect and have him out on parole for a few weeks. At least I suppose Dr. Roberts wouldn't object.

The Maple Leaf forever.

As between the York Loan money and the patriotic fund I think I would choose the former.

My Liberal friends might in the meantime be thinking up some scheme to get ahead of the O.G. gang at next election.

The Cataract Company will no doubt show its good sense by coming to an agreement with the city to supply power for the mountain. There is going to be a big town up there some of these days.

Talking of drilling the policemen, the heavyweight, short breath division ought to be worked out regularly on the cinder path. The policeman who can't run a block without being winded needs trimming down.

If it is not one fake it is another to fool the people.

Why don't the Kinrade jurors get together and give Whitney a piece of their mind? They should demand union wages.

Twenty years from now people will wonder why women were prevented from voting.

Dr. Oeler was 60 years old this week. I haven't heard of his being chloroformed.

One word more. Is there any chance of us having a cattle show, or a horse show, or a flower show this year? Poor show for any of them, I am afraid.

FIERCE RIOTS.
Spanish Gunboat Bombarde Moorish Camps.
Melilla, Moorocco, July 14.—Spain has begun measures against the Moors for the recent murder of four Spanish workmen in Moorocco. The Spanish gunboat Dona Maria De Molina yesterday bombarded the Moorish camps near here for several hours. The heavy sea has for the present prevented the landing of troops.

CANAL REPAIRED.
Port Dalhousie, Ont., July 14.—The break in the Welland Canal, caused by the waste water of lock 19 Monday morning, was finally repaired at 9 o'clock last night and the boats started to lock at once. There is a very large fleet in the canal, bound upwards and downwards. At present a large number of boats is moving through the canal.

FIRE AT WELLAND.
Welland, Ont., July 14.—About five o'clock this morning a fire did about three hundred dollars damage to Otto Thies' store and William North's cigar store. The building is owned by Robert Cooper. The firemen did good work preventing further loss.

ROUGH ON THE LAKE.
Rochester, N. Y., July 14.—High winds during the past 24 hours have seriously interfered with navigation on Lake Ontario. The Canadian, bound for Charlottetown and had to put back 20 miles out, and cancelled the trip. The Arundel, from St. Lawrence River points was five hours late last night, the North King being one hour late, after an extremely rough trip.

U. S. TARIFF.
Washington, July 14.—Beginning with the chemical schedule the tariff conference to-day took up for consideration the questions over which the Senate and House are most widely at variance.

ROSS RIFLE IS ALLOWED.
Bisley Camp, July 13.—The Bisley Committee of the N. R. A. have allowed the Ross rifle on the positive assurance of Sir Frederick Borden that the rifle submitted to the committee is similar in every respect to the other 400 issued to the militia and volunteers in Canada.

Not Necessary to Go to the Beach
If You Buy a Lot and Build a Home of Your Own on Beulah or West Mount Surveys
Where the air is good, view and scenery beautiful and the new city park adjoining.

Should Be Abolished
Cooking during the hot sultry weather should be entirely abolished. That, however, seems impossible. The nearest approach to that happy situation is cooking with an Artificial Gas Range.

HAMILTON GAS LIGHT COMPANY
PARK STREET NORTH
The ladies of the school gave the call to gather around the table and partake of the sumptuous repast they had provided, and all went away satisfied.

Baptist Settlement
A number of young people of this vicinity spent Wednesday evening very pleasantly at the home of Mr. and Mrs. Albert Embury.

Cheapside
The Baptist Sunday School at Peaceock's Point on Thursday, July 22nd, they have invited the Sandusky Sunday School, Cheapside Methodist Sunday School, "Lamb's School House" Sunday School.

OBITUARY.
Heart Failure Gave Sudden Call to H. F. Mummy.
The death occurred yesterday afternoon of Harrison Forbes Mummy, eldest son of Samuel T. and Mrs. Mummy, at the City Hospital, aged 12 years.

MAY BE LOST.
San Francisco, July 14.—Four men, who left their disabled launch so hurriedly that they neglected to provide their rowboat with oars, are adrift on the Pacific somewhere near here, and it is feared that if they are not picked up soon they will perish.

114 DEATHS.
Chicago, July 14.—Five more deaths due to tetanus as a result of the Fourth of July celebration were reported throughout the country yesterday. This brings the total deaths due to the observance of Independence Day, from all causes, up to 114.

WON'T START TO-DAY.
Calais, July 14.—Herbert Latham, the French aviator, who is waiting here for a favorable opportunity to attempt to cross the channel in his monoplane, has decided not to start to-day because of the heavy fog that prevails.

PRINCE DEAD.
Constantinople, July 14.—Prince Suleyman Effendi, a brother of the Sultan of Turkey, died here to-day suddenly of heart failure. He was born in 1860.

HUSBAND MET DEATH
At Hands of Man He Had Trapped With His Wife.
Illinois Banker Shot and Killed by a Doctor.
Fight in the Dark—Wife's Heartless Conduct.
Watseka, Ill., July 14.—J. B. Saylor, Vice-President of the First National Bank of Crescent City, was shot and killed by Dr. W. R. Miller, a physician of that town, during a fight in the Saylor residence on Sunday night.

OBITUARY.
Slashes Horse's Throat.
St. John, N.B., July 13.—After drinking heavily, a York County man started to drive to his home last night. On the way he so abused his horse that it began to kick, and getting angry the driver got out and cut his throat, gashing it in a terrible manner. To-day the animal was found dead by the roadside at the end of a bloody trail nearly half a mile long.

THE HAMILTON TIMES

WEDNESDAY, JULY 14, 1909.

AUSTRALIA'S SECOND THOUGHT

The Australian correspondence of the National Review for July puts the anti-peace offers of Dreadnoughts to the British navy, of which we in Canada heard so much two months ago, in quite a different light from that in which we have been accustomed to have them presented.

of help which some one else, for reasons of his own, chooses to insist on.

Canada has reason to be thankful that the hysterical clamors were not allowed to carry her statesmen off their feet in like manner. According to the Review, "the formation of a strong local squadron is undoubtedly the genuine wish of the Australian public heart."

EVEN THE LORDS BALK.

Lord Roberts appears to be unable to carry even the House of Lords with him in his effort to bring about compulsory military service in the United Kingdom. Either the Lords do not share the apprehensions which Lord Roberts' advocacy of such a policy might indicate that he holds, or they are of opinion that motions of such a kind for the sake of antagonizing the Government policy are very poor party tactics.

The National Review correspondent says: "When the suggestion was first made, late in March, men felt throughout the Australian cities a certain thrill of excitement. It was a big thing, and a new thing, and it seemed to fit in for the moment with the almost universal desire to remind foreign nations that they had an Empire, not merely an island, to deal with."

LEGAL APPEALS.

The Victoria Colonist (Con.) views with disfavor the restriction of appeals to the Judicial Committee of the Privy Council brought about by Ontario's recent law reform legislation. It is of the opinion that such restriction is of doubtful constitutional validity, it having been held that a Provincial Legislature cannot take away a right of appeal conferred by the Supreme Court Act of Canada.

The Toronto Telegram appears to think that it settles all by objecting to the disallowance of any act of the Government "which deprives it of just powers from the consent of the governed." It might be worth considering that the disallowance asked is of the exercise of unjust powers, which, of course, were never conferred by the government.

The New York Medical Record advocates "a less murderous Fourth of July." This year's records of casualties are more hopeful. Reports the day after indicated 61 deaths, 11 less than the last year, and 3,246 injuries. The use of tetanus antitoxin is lessening the number of deaths from lockjaw resulting from injuries caused by the celebration fireworks.

A short time ago Persia's Shah denied his people a constitution, declaring that they were not ready for it. The people, however, are not willing to accept his judgment as final, and they have set about taking by force what he refuses to give them as a right.

Remark on Lord Roberts' advocacy of compulsory military service for Great Britain, the Spectator says: "Either the men who ought to know the truth are woefully mistaken, or the people who make light of their suggestions are an aggregation of cheerful idiots." That conclusion is not yet foreordained upon the students of the situation.

EDITORIAL NOTES.

Now France proposes a naval construction programme involving an expenditure of \$541,200,000. Will the Kaiser be obliged to double that?

The New York Journal of Commerce says the steel finishing mills of the United States are congested with work, and prices are hardening. That is an indication of improving times.

While it is yet too early to say definitely, it is hoped that the Sovereign Bank liquidation may yield a small surplus over liabilities, thus rendering unnecessary to call upon the double liability clause of the Banking Act.

The Hamilton Herald having apologized to Judge Monk for its atrocious falsehood re the power injunction, the length to which it will go to misrepresent any and all whom it cannot bulldoze.

Toronto controllers propose to spend \$500 to investigate the installing of an underground street railway system. This expenditure is probably not intended to yield anything practical, but it will give the controllers something to talk about, and thus serve its purpose.

Cholera is raging at St. Petersburg. There were 47 deaths in the municipal hospitals in the last 24 hours and 124 new cases were reported. There are now 812 cases under treatment in the St. Petersburg hospitals. The outbreak of the disease at this season of the year is regarded with much apprehension.

Tenders have been accepted for the Hydro-Electric transformer stations at Niagara and Dundas. Hon. Adam Beck says they were very satisfactory. Having in view Mr. Beck's interviews of the past, however, it may be well to defer consideration of them until we have some further information.

The wife of an habitual drunkard has obtained a judgment of \$5,225 damages against a Detroit saloonkeeper for selling liquor to her husband to her great loss. As the case has been pronounced upon by the State Supreme Court, the judgment is regarded as one of much importance.

The French Chamber of Deputies has, by an almost unanimous vote, passed the Franco-Canadian trade treaty. Under the provisions, Canada will enjoy the minimum tariff rates on all her exports with the exception of cattle herded for slaughter. In twelve years Canada's trade with France has increased 400 per cent.

The Hamilton Herald having deduced from a saying of Alexander Hamilton, the United States statesman, that Canada should not have a navy of her own, it is to be hoped that Lord Bessford, Lord Milner, Admiral Fisher and the numerous British statesmen who have expressed other views will receive marked copies and become duly repentant.

The Toronto Telegram appears to think that it settles all by objecting to the disallowance of any act of the Government "which deprives it of just powers from the consent of the governed." It might be worth considering that the disallowance asked is of the exercise of unjust powers, which, of course, were never conferred by the government.

Reports the day after indicated 61 deaths, 11 less than the last year, and 3,246 injuries. The use of tetanus antitoxin is lessening the number of deaths from lockjaw resulting from injuries caused by the celebration fireworks.

A short time ago Persia's Shah denied his people a constitution, declaring that they were not ready for it. The people, however, are not willing to accept his judgment as final, and they have set about taking by force what he refuses to give them as a right.

The Montreal press has been giving considerable attention the past few days to the Ontario Government's power legislation. The Montreal Stock Exchange, following the example of other organizations, which have every cause and reason to preserve the good faith and credit of Canada, have filed a petition for disallowance of the recent legislation on the ground, among others, that such acts are in violation of the constitution.

The Montreal Gazette, which may be termed the oldest and leading Conservative paper in Canada, administers a temperate and dignified rebuke to the Conservative Government of Ontario. The Gazette cannot be accused of being the "organ of the electric ring," it cannot be said that it has any prejudices against the Whitney Government.

FOR THE SAKE OF WINE. (Montreal Witness.) A few days ago the people of Rheims, in France, had made up their minds to have a bull fight after the Spanish fashion. There was some local protest, to which they would not listen; but someone wrote to their mayor that there were in England four hundred societies for the prevention of cruelty to animals, and that if the Rheims took to having bull fights the English people would not buy their wines. The mayor took the people this, and we understand they gave up their bull fight, whether with any more human sentiments towards bulls and matadors, or whether with any greater love for the English we are not told.

Our Exchanges

KAISER AND CANAL. (Brantford Courier.) The Welland Canal seems to have as big a faculty for getting into trouble as the German Emperor.

BLAMES WILFRID. (Galt Reformer.) We expected it. The London Free Press now accuses Sir Wilfrid Laurier of causing the rise in price of bread.

RUN RIGHT THROUGH. (Guelph Herald.) It is said the Canadian Northern will be in Hamilton by the end of the year—and it will be glad to get out of it before the year's out.

SOMETHING NEW. (Louisville Courier-Journal.) "I notice the stage lawyer in the play didn't carry his papers in his hat."

CAUTIOUS. (Chicago News.) Mrs. Ryttop—Now, that's that Judson Tassel. He's a likely looking chap, but he's been calling on Nancy Squires for nine years and he hasn't proposed yet.

HER SPRING OUTFIT. (Louisville Courier-Journal.) "I saw her on parade yesterday. She had a lovely new gown."

And a striking spring hat. "Indeed?" "Yes—and a stunning new husband."

A CRAZY IDEA. (Brantford Expositor.) There is also a publicity boom in Hamilton. The mail matter sent out by business men bears the stamp, "Hamilton, Ont., is the place for you."

NO GENTLEMAN. (A. Non, Chicago Musical Leader.) The strenuous campaign methods of the English suffragettes, as described in the cablegrams—how the shrieking sisterhood kicked, bit, scratched, pinched, and spat at the police—seems to demonstrate that a New Woman is a woman who has ceased to be a lady without having become a gentleman.

IS THAT SO? (Toronto Star.) As compared with boys, girls at school are either more sensitive or more ambitious, or perhaps the boy's outdoor sports afford a readier field for the very human desire to be first to win.

VACATION TOO LONG. (Stratford Beacon.) In Toronto and other large cities the idea is beginning to grow that the schools ought not to be closed so long just on account of this danger. If youngsters can get plenty of healthful open air exercise, either in the form of work or play with oversight, they will go back to school invigorated in both body and mind.

SUFFRAGE OR NO MARRIAGE. (Buffalo Enquirer.) Cupid, the mischievous uniter of hearts and maker of matches, has been pressed into the service of the suffragette, and her north shall be condemned, at least in Chicago, to play the part of a hold-up man.

The Montreal press has been giving considerable attention the past few days to the Ontario Government's power legislation. The Montreal Stock Exchange, following the example of other organizations, which have every cause and reason to preserve the good faith and credit of Canada, have filed a petition for disallowance of the recent legislation on the ground, among others, that such acts are in violation of the constitution.

LOSS AND GAIN.

Gained in Public Favor While It Lost \$44,000.

(New York Herald.) "I fully agree with the Herald's high standard in keeping its news free from advertising influence," said Colonel George Harvey, president of the publishing house of Harper & Brothers, yesterday.

"The precise situation I understand to be this—Mr. Nathan Straus was giving away pasteurized milk and was advertising in the Herald. In connection with other public journals the Herald applauded Mr. Straus' charitable intent, but disapproved of his act itself because of the conviction, based upon the results of scientific inquiry, that the product was not beneficial to the consumer, and it incidentally declined to publish certain notices commendatory of Mr. Straus and his work."

"Now the Herald makes the ethical point that a newspaper must be free and independent of interest, the public which it serves, and insists that it cannot be thus untrammelled if it heeds the dictates or wishes of its advertisers. Inferentially, it also holds that advertisers ought not to expect or desire to influence the journals which profit from their patronage."

"The Herald's position is sound and conforms to the best ideals of journalism. No argument on that point is needed. It is a self-evident fact, which is most distinctly human of New York's journals, should overlook the deficiencies inherent in very human nature."

"A great journal is not a private enterprise. It is a public institution. Some are local; some are national. The Herald is more of an international and unique. Its responsibility, therefore, as an exemplar, is peculiar and most grave. The loss of \$44,000 to a newspaper which makes a million is, of course, a bagatelle, but if it were ten or twenty times as much there would exist no whit of justification for deviation from the principle upon which the Herald was founded and has observed to this day."

GOT AWAY. Desperate Men Break From Edmonton Penitentiary.

Edmonton, July 14.—Two of the most desperate criminals in the Edmonton penitentiary, Johnson, the negro who participated in an assault on his guards a few months ago, and Acheson, the horse thief, made a sensational break for liberty at the penitentiary this morning and are still at large in the thick brush surrounding the jail grounds.

The two convicts were working on an excavation for a new cell block. Their plans for escape had been well prepared, for at a moment when the back of the guard on the fence was turned, they made a dash, climbed the fence and got clear.

The guard wheeled and fired six shots, but the desperados got clear. A posse is after them.

ZION CITY Methodists to Build a Church of Fight Dowieism.

Chicago, July 14.—Within 100 yards of the grave of John Alexander Dowie fifty Methodists will soon erect a church in Zion City to cost \$10,000. This is the first denomination to attack Dowieism in the city of its founder, and a fight to a finish is expected.

Over Twenty-three Years Ago Baby had Severe Attack—Years Later Grandfather Suffered Torments with the Disease—Virulent Sores Developed From Knees to Toes.

BOTH OWE COMPLETE RECOVERY TO CUTICURA

"In 1884 my grandson, a babe, had an attack of eczema, and after trying the doctors to the extent of heavy bills, he was well, and an increase of the disease and suffering. I recommended Cuticura and in a few weeks the child was well. He is to-day a strong man and has absolutely free from the disease."

A few years ago I contracted eczema, and became an intense sufferer. A whole winter passed without once having on shoes, my ankles and nearly the knees of the feet being covered with virulent sores. I tried practitioners, specialists, dermatologists, etc., to no purpose. My daughter-in-law recommended Cuticura and in a few weeks I was cured. I am now a strong man and have absolutely free from the disease."

FELL OFF HORSE Accident to French Minister of War at Review.

Paris, July 14.—Gen. Picquart, the French Minister of War, was thrown from his horse during the annual military review to-day at Longchamps, which was one of the features of the celebration of July 14, the national fête day in Paris.

The accident occurred in front of 60,000 troops drawn up before the Presidential tribune, and in the presence of half a million spectators. He was not hurt but remounted his horse and the review continued.

During the manoeuvres two dirigible balloons, the République and the Ville de Nancy, sailed over the field.

The national fête is being celebrated throughout France in the usual manner. There is popular merry-making, together with the delivery of patriotic speeches, M. Deroulede and the League of Patriots, following their customary practice, decorated the statues in Paris to the lost Rhine provinces, and M. Deroulede delivered a stirring speech, setting forth the necessity of recovering Alsace-Lorraine.

POLICE AROUSED. Shameless White Women Carouse With Chinese.

Boston, July 14.—Sentiment against the association of white women with Chinese was yesterday near the action point through the presence of fifty white women at the annual outing of the On Leong Tong, held yesterday. Every room in a big hotel at Peddock's Island is said to have been occupied by the Chinese. About thirty of the white girls were in their company.

Labor began to flow, and pipes were taken from their recesses, and the remainder of the day carousal was the order. In a few short hours the young girls and their escorts became overcome by the powerful drug and were seen lying about the floor and chairs stupefied by its action.

It is considered probable the occurrence of yesterday will result in a police crusade here which will effectively clean up the Chinese quarter.

KILLED BY INDIANS. South Dakotan Grain Buyer, Wife and Daughter the Victims.

Ottawa, Ont., July 3.—Three dead bodies, those of J. W. Christie, a grain buyer, and his wife and their daughter Mildred, reached Montreal to-day to be taken to Saint Stephen's, N. B., for burial. According to facts filed with Dominion Transfer Agent Mortimer, who had charge of the removal of the bodies of these Canadians, they were all murdered by Indians.

They had settled in Rudolph, Brown County, S. D. Their farm was attacked and it is supposed that Indians who had a grievance against Christie because he had not paid them the full price for wheat that it was quoted at the Chicago market, were at the bottom of the trouble.

The mother and daughter were shot dead, bullets lodging in their brains, and when the father attempted to defend them, he was cut down with an axe and was next day found with his skull fractured, lying near the other two.

The favorite chair of Charles Dickens has been purchased at a London auction sale by a Philadelphian for \$374. At the same sale the first edition of Tennyson's works were offered and brought surprisingly low prices.

TO-NIGHT Cuticura THEY WORK WHILE YOU SLEEP

Amber Tint Lenses for Tourists

These are considered the correct thing for softening the bright light and clearing the vision. The effect is very pleasing. We can put them on your own mounts or furnish new frames in any style. Call and see them.

GLOBE OPTICAL CO.

I. B. ROUSE, Proprietor. 111 King East.

A NEW CLUE. Did a White Man Slay Miss Elsie Sigel?

Family of Girl Convinced She Was Not Killed by Ling.

"New York, July 14.—It was announced here to-day that the police had changed their theory in the Sigel murder, and that now a white man looms up as the slayer of Elsie, and that the body was encased in a trunk to the room of Leon Ling in an effort to throw murdered by a Chinese.

Mrs. Rudolph Sigel, an aunt of the murdered girl, gave out the following statement, in which she says that neither Elsie, according to her belief and the belief of the family.

"We believe that Elsie was set upon by a white man; that he beat her to death for the purpose of robbery, and that he then sent her body to Leon Ling's room. The Sigel family does not blame the Chinese for the death of Elsie. No member believes that the girl was murdered by a Chinese.

"I believe that a white man, who was a hanger-on around the chop suey joints in Chinatown, saw that Elsie wore considerable jewelry. He planned to murder her, take her jewelry, and then throw suspicion on the Chinese whom she had converted.

"The police have been unable to prove that the trunk in which her body was found belonged to Leon Ling. Does it seem unreasonable that the trunk killed Elsie and then sent the trunk to Leon's room?"

BROUGHT SURVIVORS.

Sydney, N. S. W., July 14.—The steamer Tania came in to-day, bringing five survivors of the Norwegian bark Erik, from Chimboe, April 1, for New Castle, N. S. W., that was wrecked June 18 on Middleton reef. Seventeen members of the ship's company, including Captain Androsen, his wife and four children, lost their lives when the ship was cast away.

WON'T RETURN.

Tokio, July 14.—It is confidently whispered here in well informed circles that Ambassador Takahira will not return to his post in Washington. He probably will be succeeded by K. Uchida, at present representative of the Japanese Government in Vienna.

Three masked men held up the hotel at the Utah Hot Springs, ten miles north of Ogden, Utah, and after shooting Richard Barnett, the manager of the resort, pried open the safe used jointly by the hotel and the United States Postoffice at that point, and got away with between \$400 and \$500.

Sing Sing Prison is more overcrowded than it has ever been before. With a cell house capable of housing 1,200, there are 1,911 convicts in the prison.

MADE LIVING BY MARRIAGE.

Bigamist Johnson Tells How He Charmed Women.

Deceived and Deserted Wives in Many States.

Gives His Rule For Winning the Fair Sex.

San Francisco, July 14.—The most remarkable confession ever made by a bigamist in the United States has been secured by the Examiner from Christian Johnson, who, facing a seven-year sentence at San Quentin imposed on him at San Jose, flung aside reserve and admitted that he is John Madison, who has made a profession of polygamy and has deceived and deserted wives in almost every state in the Union.

Johnson declares in his confession, which was signed and sealed in the presence of Sheriff Langford and other officers of Santa Clara county, that he had been making his living by marrying and making love to women since 1906.

Amazing admissions are contained in almost every line of the confession of this most bewildering of bigamists, who boasts that he made love to ten women at one time in Portland, Oregon, after having married one of them in the autumn of 1906. His confession follows: JOHNSON'S CONFESSION.

By Christian C. Johnson, alias John Madison: "I was born at Elenburg, Schleswig-Holstein, Germany, on March 11, 1845. My father was a horse dealer. He bought horses for the German and French Governments.

"After I completed by education at Kiel, I came to the United States in 1871. I landed in New York in October of that year, and went to work in the Union Iron & Steel Works, in Trenton, N. J.

"I got a job from the United States Government in 1876 buying horses on commission. I was buying for them ever three years, then I got a recommendation to the British Minister at Washington, and I bought for the English Government on and off for thirty years, horses, mules, ponies and mustangs, and also shipped for them.

"During the Russo-Japanese war I bought horses for the Japanese Government. During all this period I made my headquarters in New York during the summer, and in New Orleans during the winter. My occupation brought me in contact with the sporting people, and I led rather a sporty life, and I want to say right here that whatever I got out of the women I spent on them right away. They kept me broke.

"In November, 1905, I married the first woman, a Mrs. Mary Brown, of Springfield, Mass. She was a well-to-do widow. I was in New York at the time and read a matrimonial advertisement in a Boston paper.

"I went to Springfield, and married her inside of a month. She gave me \$500 on the wedding day. We remained in Springfield one night and the next day we took a train for New York. I left her because I did not like her. She did not suit me and I simply left her.

"I went from there to New Orleans and then to San Francisco. My second marriage was to Mrs. Sylvia Pollard De Bonnet. I first met her in San Francisco through friends. We were married on Dec. 28, 1906, in San Rafael. I at that time being known as Christian Johnson. I think I lived about two weeks with her, and then told her that I had to go to Germany on important business.

"Then I went to Portland and put an advertisement for a wife in the paper. There must have been 500 replies. I remained there for two months, and was paying attention during that time to ten different women. I only married one, however. Her name was Eliza Jones, if I remember rightly. I was then going under the name of John Madison. I got \$1,800 with her because she said she loved me. I lived with her for two weeks.

"Then I went to Los Angeles, and from there of Memphis, Tenn. All this time I was traveling under the name of Madison. At Memphis I became acquainted with a Mrs. Bertha King, and we lived together six weeks at Memphis. At that time I read in the newspapers that the police were hunting all over the country for John Madison for marrying Mrs. Jones in Portland and robbing her of \$1,800.

"I left Mrs. King in Louisville, and then went to Chicago, thence to New York, New Orleans and St. Louis. In St. Louis I advertised and received ever so many answers. It was there I met Mrs. Minnie Allen. I never married her, though, but I made violent love to her, and she paid me \$200. I was courting several other women at the same time, and I got money from at least five of them.

"Mrs. Cataline Baughman was one of them. I promised to marry her and she let me have \$500, which I took. Mrs. Maggie Bloom, of Hannibal, Mo., whose name has been mentioned in the papers, I know nothing about. One of the seven women whom I courted and promised to marry was Mrs. Alice Richardson, of St. Louis. She was a widow and living off her income. She gave me \$400 and a diamond ring, which I have since lost. In St. Louis I met a woman. I left her at Long Beach on the 6th of the present month. I came to San Jose on July 8 and had been corresponding with Mrs. Minnie Gather. It appears that during this time she had made arrangements with the detectives to trap me.

"In East St. Louis I met, through advertisement, Mrs. Mary Frick, a widow. I made love to her but she was too smart for me and I never got a cent out of her. "I also received a letter from Mrs. Eliza M. Jackson, of Iowa, Kansas. I corresponded with her and then went to see her. Going to Kansas City I corresponded with Mrs. Jackson all the time. I went altogether three times to Iowa to see her, and got \$1,400 from her. It was arranged that she was to come to Kansas City to marry me, and after I learned that she was coming I skipped out for Hot Springs, Ark. I got away from Hot Springs just a few hours before I would have been arrested.

"I went to San Francisco again. On the second day I put an ad. in a San Francisco newspaper, advertising for a wife, and I received over 200 answers. "I married Mrs. Leopold on the 12th of February, and got \$520, and left her that same night. "I then went to Stockton and met Mrs.

EVELYN THAW IN WITNESS BOX. Refuses to Say That Harry Threatened Her-- Breaks Into Tears and Pleads Poverty.

MRS. EVELYN THAW.

White Plains, N. Y., July 13.—Evelyn Nesbit Thaw, pretty, petulant and school-girlish, and dressed in the blue which she affected so much during the trial of her husband, Harry K. Thaw, for the murder of Stanford White, was before Justice Mills in the supreme court here to-day, subpoenaed by the state in its fight to keep Thaw in the asylum for the criminal insane at Matteawan.

Deputy Attorney-General Clark tried hard to get her to admit that Thaw had threatened her life when he visited him on one occasion at Matteawan, but she repeatedly refused to answer, and after a clash between counsel Justice Mills ruled that he would hold the conversation a confidential one between husband and wife, and therefore privileged, unless the state presented proof to show that Daniel O'Reilly, the New York lawyer, present at the time, was not then acting as counsel for both Mr. and Mrs. Thaw.

This Clark promised to do. His question was:

"During that conversation did Harry Thaw say to you or words to this effect to you: 'When I get out of here I will have to kill you?'"

"The tears came to her eyes once when Justice Mills ruled against her, and she turned to him and said: 'I guess I will have to obey, for I cannot afford contempt proceedings or go to jail. My husband is not paying me anything now, and I have not enough money to hire counsel.'"

Frank Toomey, Thaw's bodyguard for five or six months at Matteawan, said that Thaw had exhibited no irrational tendencies during the time. Many little suggestions made by Thaw had been acted upon, greatly to the improvement of the management of the institution.

The state has retained Dr. Austin Flint and Dr. Charles B. McDonald, who, with Dr. Amos B. Baker, of Matineau, will make up the state's trio of alienists along lines agreed upon by counsel yesterday. The mental examination to test his sanity is to be conducted in open court by the lawyers, prompted by the experts.

WORLD'S PRETTIEST GIRL LIVES IN AFRICA, SAYS GLOBE TROTTER

THE TANGIERS DANCING GIRL BEAUTY AND EDWARD WILBERN.

In far away Morocco, that land of dreams and romance, in the city of Tangiers, lives the most beautiful girl in the world. So says Edward Wilbern, 39, wealthy bachelor of Cincinnati, who spends most of his time globe-trotting, and thinks because of his vast experience he is competent to judge of woman's beauty.

"I want to say that I married all of the women just to have a good time. The doctors told me I did not have long to live and I should enjoy myself while I lived, as my time was limited. I found pleasure in duping women and getting their money from them. I am not a hypnotist, but I only had to meet a woman a few times and I knew just how to handle her and how to talk to her. "I have found that it did not pay to be soft and sweet with a woman; treat her a little harsh, and be a little distant, and she will come to you."

ENTRANCE IN COUNTY.

Results In Various Centres of Waterdown District.

The following pupils who wrote at the various centres in the County of Wentworth, affiliated with the Waterdown High School, have passed the entrance examination, and are now eligible to be admitted into any High School or Collegiate Institute in the Province.

Brimbrook—Leta Guyatt, Norman Krick, Franklin Tossel, Nellie Weaver, Hazel Laidman. Hamilton—Maggie Almaas, Florence Anderson, George Avery, Robert Baldwin, Beatrice Bates, C. B. Bolton, Stewart Bolton, Lena Brightman, Grace Cameron, Estella Cline, Irene Crockett, Bessie I. Dunn, Ida Evans, Harvey Fletcher, Roy Game, Bertha Harris, Herman Hoth, Mary E. Jarvis, Georgina Kerr, Eva Lutz, Cecil Marshall, Mabel McIntosh, Constantine Morris, Helena Owen, Mary A. Radford, E. Roberts, M. Schwendau, Helen Sharp, B. Shrivie, L. Smallman, Doris Webb, J. R. Wooley. Stoney Creek—Olive Brand, C. Carpenter, L. Corman, Mary Corman, J. Davey, Violet Dunham, Francis Fevez, W. Fortman, George Gage, Hilda Green, J. Hopkins, Louisa Lambier, Ora Lee, Orla Lee, Lillie Lenz, Vera Lettridge, Clifford Milten, W. O'Brien, M. Paterson, S. Paterson, C. Pickering, R. H. Ptolemy, Marjorie Reid, Eva V. Sifton, B. M. Soley, Mary R. Stewart, Gordon Street, Clarence Thompson, Maitland Watt.

Strabane—Jessie Alger, Myrtle Bailey, Morley A. Bush, Ora Cook, Helen Fallon, John Gartley, Florence Gavin, Florence Gray, Olive Grey, Charles Hood, Sadie Hood, Edith M. Long, Marjorie McIvren, Marie Peebles, William Rogers, Mary E. Scott, Etta Weir.

Waterdown—Ethel Allison, G. Allison, Lloyd Allison, Ellen Anderson; Vera Campbell, Lita Carey, Kathleen Carson, Samuel Cook, Norman Fillman, Charles Flint, Vera Gastle, Ina Griffin, O. Hathington, Berta Henry, Effie Hill, Mary Kirk, Fred. Lemon, Jessie Lemon, Clair Morden, Douglas McGregor, M. Nicholson, Flora Rothman, Clara Sawell, Stuart Simpson, Mary Smiley, Frank Smith, Marjorie Sparks, Wilfred Stewart, Roy Tuck, Edith Walker, Jessie Walker, Hiram Wallace, Bessie Wilson, Norma Wilson.

QUESTION OF VALUE

Wanted—Quotations on Sermons by the Barrel.

(Pittsburg Gazette.) A Minnesota clergyman has brought a suit against a railroad company which contains one feature of decided interest to laymen as well as to his brethren of the cloth. He seeks damages for the loss of a barrel full of sermons in transit. The plaintiff recently received a call to a church in another part of the country, and the railroad company had taken a special interest in the sermons, and this important branch will probably feel their departure most. A feeling of deep regret was expressed at losing those who have done so much toward building up the spiritual life of the organization. All joined in wishing Captain and Mrs. Merrett increased prosperity and happiness in their new field of labor and expressed their hope of seeing them frequently in the days to come.

Mrs. Carter, who has been a faithful worker in the corps for the past two years, starts for her home in England on Saturday. The new captain and his wife are expected to come from St. Thomas July 20th.

PICNICS.

Christ's Church and Charlton Avenue at the Falls.

A large crowd from Christ's Church Cathedral Sunday school, and their friends, left Stuart street station this morning for Niagara Falls, where they expected to have a very enjoyable day picnicking. The Grand Trunk ran a special train of nine coaches for their accommodation. At 9 o'clock this morning about 400 young people from Charlton Avenue Methodist Sunday school, with their friends, left Hunter street station for the Falls, to spend the day in games and sports of various kinds. The F. H. & B. made up a special train of eight coaches to convey the picnickers to and from the park.

The annual picnic of Gospel Tabernacle took place this morning over the B. & H. Electric road to Mohawk Park, Brantford. About 800 attended. The picnic of the College Street Presbyterian Church, Toronto, was held to-day at the Brant House. About 150 enjoyed the outing and the pleasant ride on the water.

THE KILTIES.

Fine Time on Their Moonlight Last Evening.

The Kilties' moonlight, which was held last night on the steamer Modjeska, was an unusual success. The night was hot in the city, and hundreds took advantage of this opportunity to get out for a while and enjoy the cool and refreshing lake breezes. It is estimated that there were 900 on board. The music was supplied by the Highlanders' Band and Dixon's orchestra, and was exceptionally fine. The boat left shortly after 8 o'clock, sailed through the canal and cruised around Lake Ontario for over two hours, returning about 11 o'clock.

ORGANIZE MANITOBA

Provincial Convention of Young Liberals.

Winnipeg, July 13.—A political organization of potent force was effected to-day by the Provincial Convention of Young Liberals. About three hundred delegates from all over the Province were present and in addition to perfecting Provincial organization, they decided upon local committees to supervise the work an every riding. Officers of the association elected are: Sir Wilfrid Laurier, Patron; Hon. Clifford Sifton, Honorary President; J. H. Ingraham, President; F. Simpson, Dauphin, Vice-President; L. Laiflaw, Brandon, Secretary-Treasurer. The Executive Committee consists of a member from each of the 42 constituencies.

ENJOYED LECTURE.

Last night in the parlors of the Y. M. C. A. the students of the Hamilton Summer School for Orators assembled and profited by an instructive and able lecture, delivered by County School Inspector J. H. Smith. His subject was the qualifications of the true orator. Mr. Smith advised the young men to study diligently the speeches of the last of England's great Puritan orators, John Bright, who was an example of the true Anglo-Saxon. There was a large attendance of pupils, and Principal James L. Jolley announced that the new school would soon have to seek a more commodious class room.

SCRAP BOOK POETRY

THE OPTIMIST.

A motor car had run him down. His leg was amputated. But he with n'er a sign of frown Seemed very much pleased. "A wooden leg," quoth he, "is fine, 'For there is little doubt That timber-logs like these of mine Can never suffer gout."

His party at the autumn pool Was totally rejected. But he, O bright and sunny soul, Was not at all affected. "If things go wrong at all," quoth he, "With n'er a tear nor sigh, 'Tis really worth the wonder of mine To tell the reason why."

When by Perilla fair one day He found that he was jilted, He simply smiled and grief away, And showed himself unjilted. "She might have married me," he said, "But now she's taken wing I'll write her home ahead On the engagement ring."

And later on when he became A prey to indignation, He took his troubles just the same, With neither doubt nor question. "Tis hard," said he, "to lose one's health, And yet how nice that I should never have to squander wealth On lobster broiled or pie!"

And when at last he went to jail, And found himself in limbo, He neither wept, nor turned his pale, But snubbed his arms akimbo. Right jauntily he went his way, And to his labors bent, Reluctant that for many a day The public paid his rent! —Harper's Weekly.

FAREWELL.

Salvation Army's Best Wishes to Capt. and Mrs. Merrett.

A farewell social was given Captain and Mrs. Merrett by the Salvation Army last night. The evening was spent in a song and praise service and refreshments, consisting of ice cream and cake, was served.

Messrs. E. Earl, A. Cruise, W. Beckett and N. R. Rowe gave short addresses, in which they expressed their appreciation of the services rendered to the Army by the captain and his wife, and their regret at their departure. The unity of feeling existing among the various members and classes of the corps showed a healthy condition and this was largely due to the consistent and energetic work done by Captain Merrett. Mrs. Merrett has taken a special interest in the children, and this important branch will probably feel their departure most. A feeling of deep regret was expressed at losing those who have done so much toward building up the spiritual life of the organization. All joined in wishing Captain and Mrs. Merrett increased prosperity and happiness in their new field of labor and expressed their hope of seeing them frequently in the days to come.

Mrs. Carter, who has been a faithful worker in the corps for the past two years, starts for her home in England on Saturday. The new captain and his wife are expected to come from St. Thomas July 20th.

STORE CLOSÉS AT 5 O'CLOCK DAILY (EXCEPT SATURDAY)

120 Dainty White Waists

Will Sell Thursday for 88c each

Think of it! 120 new, stylish and neat Shirtwaists, this season's stock going at what might almost be termed a ridiculously low figure—88c—but this is our offer to you and we are sure that this bargain could not be duplicated anywhere in the city. Ordinarily any one of these 120 waists would sell up to \$2.00, but our buyer made a fortunate purchase enabling us to sell them at this ridiculously low price to-morrow.

120 new, new and dainty shirtwaists, made in seven different styles, including embroidery fronts, lace or embroidery insertion, also in the plain tailored style. All these waists are neatly finished with tucks in back and front and also have the new long sleeves finished with tucks or insertion with dainty collars to match. These waists are open either front or back. We have not got all the styles in each size, but in all from 34 to 44. Come early Thursday morning and secure one of these rare bargains at 8.30 sharp 88c

Specials in Undermuslins

UNDERSKIRTS—Many styles to choose from, in white, of extra good quality cotton, made with a 20-inch flounce in a cluster of ten pin tucks and finished in dainty embroidery, deep and full, with dust ruffie. Skirts are of generous width, in sizes 38, 40 and 42, on Thursday, special, 98c

GOWNS—In varied styles. These are of fine quality white cotton or nainsook. Some are in the slip-over style, with round yoke of embroidery and three-quarter length sleeves, made in good, generous widths, some with open front and shaped or square neck; sizes 36, 38 and 40, on sale Thursday, only 98c

FINCH BROS., Hamilton's Coolest Shopping Place

Store Closes 5 p. m. Except Saturdays

MISSION CAMPAIGN.

Laymen's Movement to Conduct Many District Meetings.

The Canadian council of the laymen's missionary movement, which has the direction of the work throughout the Dominion, has just issued a statement as to its policy and plans for the immediate future.

The policy was adopted and then submitted to the different denominational committees and heartily endorsed by them. The denominational secretaries each agreed that the best results come to their work through the larger inter-denominational meetings, and will therefore all co-operate in the campaign of the fall and winter. This will include district meetings covering two days each, in every Province of the Dominion, so located that every church may be able to send one or more delegates without great outlay of time or money.

It is expected that invitations will be received from the different centres, and the council will make selections with the best interest of the entire work in mind. The first few meetings will probably be held in Ontario in September, and those in the western Provinces in October and November.

An earnest call to prayer for wisdom in locating and planning these meetings has been issued to co-operating clergy and laymen throughout the Dominion.

Accepts Carnegie's Gift. Peterborough, Ont., July 13.—Peterborough has accepted \$25,000 from Andrew Carnegie, for a new Public Library, and the contract for the building has been given to Rutherford Bess of this city, for \$21,880. Work has been started on the building, which will be located at the corner of George and McDonnell streets.

Stanley Sukovsky, a Polish lad, aged fourteen, was killed by a Winnipeg street car on Tuesday afternoon.

MINERS' STRIKE HURTS BUSINESS

Feeling of Grave Anxiety Exists at Glace Bay.

Working Miner Seriously Injured With a Stone.

President Ross and Bishop Cameron Conferring—Is Very Firm.

Glace Bay, N. S., July 13.—How long will the strike last? is the question that is being most frequently asked in Glace Bay now. Business is becoming very seriously affected through the struggle between the Dominion Coal Company and the U. M. W., and the outcome of the conflict is being viewed with the gravest apprehension. Both sides are powerful enough to make the present struggle as great as any that has ever been experienced in the Dominion, and the result of the fight is being looked to with foreboding. Business has suffered already, and merchants fear it will suffer still more very shortly. There is yet one more pay to come to the men on strike. Under the company's pay system they are always a fortnight in arrears, and the money that the employees earned up to the end of June will be received by them on Saturday. At the end of the month those who worked up to the time the strike was called, and went out then, will have a few days' pay coming. Thus there is still some money to go into circulation, and the relief offered by the U. M. W. and the subsistence necessary for the five hundred troops who are garrisoning the various mines will help out the situation. The company appear to think that they have the strike pretty well broken now, although they may be handicapped for some time. They assert that the output to-day was slightly better than on Monday, which was the best day so far since the arrival of the troops, but that it is now only a matter of time until they have everything running fairly smoothly. With the mines and bank head they expect to be able to ship five or six thousand tons a day, almost all mined lately, and while this is only about half their usual shipments, they feel very well satisfied with the conditions generally, and the prospects for the future. More men are coming to work, they claim, and they expect the number to increase materially in the next week or two.

STRIKERS ARE CONFIDENT.

On the other hand, the U. M. W. are just as positive as ever that they are steadily tying up the company's collieries. They assert that the output is only about half what the company claim, but as the coal is measured by independent check weighmen at the pit mouth, and the company's royalty on these figures, there is a general disposition to take their statement as correct. It is freely stated that the U. M. W. is prepared to make a long fight. According to fairly well informed persons, President Lewis is taking a deep personal interest in this fight, on account of his being in Cape Breton himself. He is according to all the requests of the men in charge of the fight here. The amount most generally named as coming into Glace Bay to support the strike is \$20,000 a week, and U. M. W. men say that if they need any more they can get it. Many persons are receiving orders for relief now, and more are being sent away. A gang of about fifty Italians went to-night to work on the Transcontinental, and on each trip of the Bruce large numbers of Newfoundlanders are returning to their homes.

CONSTABLES REINSTATED.

The police situation here to-day was further complicated by Councillor Tobin re-swearing into office a number of police who were dismissed yesterday by the Police Committee, and he refused to tell the Chief of Police or the committee how many he swore in. Grand Secretary Moffatt of the P. W. A., the members of which remain at work in the collieries, received a telegraphic message from the Canadian Typographical Union, congratulating him on his association's stand, and assuring him of the union's support.

ASSAULT CASES IN COURT.

Some of the cases of assault arising out of the disturbances of last week come up to-day in court. More interest centres in the case against the man charged with assaulting General Manager Duggan than any other, and there is a rumor that a counter-charge will be made against Mr. Duggan. The company claim they have about one hundred more men in from outside points to-day, while the strikers assert men are leaving the collieries and joining the United Mine Workers.

INVERNESS MINER ASSAULTED.

Inverness, N. S., July 13.—Everything was quiet here to-day, and there was no interference with the men either going to or coming from their work. Joseph Wells, a Belgian, was arrested at 2 o'clock this morning on the charge of striking a miner with a rock and doing him serious injury. After work stopped in the pit yesterday afternoon, Joseph Gobeil, a P. W. A. miner, was crossing through a small wood on the outskirts of the town to assist some of his friends who were building a small house, when three or four Belgians suddenly sprang upon him and Wells struck him with a heavy stone. His cry for assistance brought his friends, who were working on the house nearby, and probably saved his life. Wells was the only one he could identify. The two stipendiaries, after hearing the evidence, sent the case up to the Supreme Court, and to-night the town jail is guarded by a squad of soldiers. The prisoner will be conveyed to jail at Port Hood to-morrow.

The number of men working to-day was largely increased over yesterday, and in fact over any day since the strike began. Nearly four hundred tons of coal were got up on Saturday, four hundred and eleven yesterday, and four hundred and eighty to-day, besides three hundred and eighty loaded from the bank. The strike is by no means at an end, and only the presence of the military will prevent a more serious outbreak than has yet been seen here. Late this afternoon it was reported

TIMES PATTERNS.

A CHIC BATHING COSTUME.

No. 8551.—Smart simplicity characterizes this stylish bathing suit. It is in Princess panel and is worn over bloomers attached to an underbody. The square cut neck and short sleeves render the design exceedingly attractive and becoming. The closing is on the left side. Serge, flannel, water-proof silk and mohair are all suitable for these garments. The pattern is cut in 6 sizes, 32 to 42 inches bust measure. It will require 6 yards of 36-inch material.

A pattern of this illustration will be mailed to any address on receipt of 10 cents in stamps or silver.

Pattern here illustrated will be mailed to any address upon receipt of 10 cents in stamps or silver.

Address "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

to the police that two young Belgians exploded a bottle filled with some mixture such as nitroglycerine within ten or fifteen feet of the house of a Belgian named Copen, who had not joined the strikers. The boys will be apprehended to-morrow and an investigation will be held.

MESSAGE FROM MR. ROSS.

Montreal, July 13.—A message from Glace Bay, N. S., from James Ross, president of the Dominion Coal Company, regarding a rumor that he had been deposed in regard to the number of men who were standing by the company, and that he was trying to make a settlement, gives a flat denial to that story. Mr. Ross says: "The story from Toronto is absolutely false. I have been fully in touch with the situation from the first, and am entirely in accord with the actions of the company's officials. I have announced that the company will never meet the representatives of the U. M. W. A. This is final."

MR. ROSS AND BISHOP CAMERON.

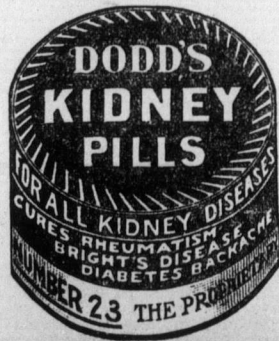

Glace Bay, N. S., July 13.—There has been much speculation in Glace Bay for the past two days over a visit which his Lordship Bishop Cameron paid to Mr. James Ross at his residence in Sydney on Sunday night. The interest was heightened to-day when Mr. Ross came out to Glace Bay and proceeded to St. Ann's glebe house, where he was closeted with the bishop.

At the end of his visit Mr. Ross issued the following statement: "His Lordship Bishop Cameron did me the honor of calling on me at my house in Sydney, which distinction I appreciate very highly, and I have to-day returned his Lordship's call. The chief topic of conversation was naturally the present labor trouble, and his Lordship was imbued with anxiety over the danger and distress which might result among his people at this critical period. I was particularly impressed by the lofty but manly and earnestness of his sentiments, and assured him that all danger of possible violence had been removed by the presence of the troops, and that, furthermore, when the unfortunate strike was over our managers and officials had been cautioned to take every measure to remove all cause of bitterness and re-tribution. I further stated that it would be our policy to give every man now absenting himself a chance to get back to work."

"I hesitated before saying anything to the newspapers about those interviews, which were really of a personal and friendly character, but I was informed by his Lordship that his interest in the present situation had been misrepresented in some quarters, and I think it only right to say that his Lordship's sole object is to do what he possibly can, as a Christian gentleman and as the honored leader of a church which embraces a large body of our employees, to prevent harm and distress befalling these people."

IMPORTING COAL.

Sydney, N. S., July 13.—As a result of the strike in the Cape Breton coal fields the first order for American coal has been placed, and more will likely follow. The steamer Fritzoe, of the Dominion Coal Company's steamers, sailed last night for Philadelphia, under charter of the Dominion Iron & Steel Co., and will bring a cargo of American coal to Sydney. This precaution is taken in case the Dominion Coal Co. is unable to supply sufficient coal to keep

the steel plant in operation. The Steel Co. has to get 80,000 tons of coal a month. There is a strike clause in the contract, however, by which, in the event of a strike, a large percentage of the output has to go to the Steel Co. The Steel Co. is unlikely to get its requirements.

Halifax, July 13.—In anticipation of a shortage of coal on account of the strike in Cape Breton, Halifax coal dealers have started to import coal. The steamer Wladimir Swin has arrived here from Swansea with 1,000 tons of Welsh coal.

Eminent Toronto Physicians Failed to Cure Rheumatism.

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me. I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit."

"A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other medicine but Nerviline is kept—it is so useful in minor ailments like earache, toothache, neuralgia, coughs, colds, lumbago and sciatica. I call Nerviline my "Life Guard," and urge all to try its merit."

Dec. 17th, 115 Palmerston Avenue, Toronto.

Refuse anything else offered instead of Nerviline; 25c. per bottle, five for \$1.00. All dealers, or The Catarhozone Co., Kingston, Ont.

SPREADS A CANARD.

Stranger in Texas Alarmed at Nocturnal Humor of the Plains.

El Paso, Texas, July 13.—A "tender-foot" frightened by a "fake" attack upon the camp of a party of horsemen near Alton, N. M., was responsible for the spreading of a tale of wholesale murder by a band of Indians and Mexicans. Officers who hurried to the scene reported that the thing was a hoax. It appears that the party was driving horses overland, and spent Sunday in camp relating blood-curdling stories to a stranger, and then followed this up at night by shouting and shooting. The stranger "escaped" and gave out the alarming report.

CASTORIA. The Kind You Have Always Bought.

BLOW ON HEAD KILLS.

Brampton Man Dead and Companion is Arrested.

Brampton, July 13.—On Monday afternoon Edward Fitzgibbon, a man about 60 years of age, was found in the Revere House yard with a wound in the back of his head. He was taken to his home, but did not recover consciousness and died this morning at 9 o'clock.

Fred Burrows has been arrested on suspicion Burrows and Fitzgibbon had always been the best of friends. The former had frequently taken care of Fitzgibbon, taking him home when under the influence of liquor.

Fitzgibbon leaves a wife and two children. Buys Champion Cat. London, July 13.—A record price was paid for a cat by Mrs. Lynas, of Chicago, who bought the champion male Chinchilla Persian cat of England, Rob Roy I, of Arrandale, for \$525. Mrs. Lynas' purchase goes to America to-morrow on the Majestic.

OCCUPATION OF TEHERAN.

The Nationalists Now in Control of the Capital.

Ruler May Have to Seek Russian Legation.

Denial of Long-Desired Constitution is Cause of the Trouble.

London, July 13.—A special despatch to the London Times, dated Teheran, 8 p. m., says: Firing has been continuous all day since detachments of the Nationalist forces entered the capital this morning, chiefly in the neighborhood of Gun Square, where there have been several casualties.

"We are bottled up in the neighborhood of Gun Square, and can get very little information, as everybody who ventures into the adjacent streets is fired upon," says the despatch. There does not appear, however, to have been any definite aggression on either side as yet.

It is understood that the Shah is still in Sultanabad, though it is believed in some quarters that he may take refuge in the Russian Legation. "The events of to-day caused extraordinary surprise except to the initiated few. After the fighting, which occurred outside Teheran, it was not supposed possible that the Nationalist forces could enter the city without first fighting a successful general engagement. Their sudden move, however, which was clearly conceived, and judiciously executed, enabled them to get through without firing a shot."

They were enthusiastically received by the people in those parts of the town which they now occupy, and 3,000 of the people are said to have been enrolled and armed by them."

The occupation of the Persian capital by the Nationalists to-day is a direct result of the insistence of the Persian people that the Shah govern the country under the constitution that was granted January 1st, 1907. The Shah has shown an inclination to ignore the constitution, which he signed when he ascended the throne, and he has even gone so far as to withdraw it. His course has resulted in widespread unrest in Persia, which in some sections has approached anarchy.

The strictest discipline is being maintained by the Nationalists. The Russian and British Legations guarantee the security of life and property to foreigners, adding that nothing is to be done against the Shah but a real constitution. Spahdar already has summoned the members of the Mejlis to witness the opening of Parliament.

The invaders lost only one man while making their entry into the city. The loss to the Royalists is unknown, but cannot be heavy, as the Cossacks were the only defenders to offer resistance. They are keeping up a desultory fire to-night. There is much ill-feeling against the Russians, and the Nationalists are endeavoring to prevent an incident that might justify a Russian force entering the city.

In addition to their internal disorders, Persia has been beset by serious situations on her frontiers. On one side Turkey has invaded Persia in the direction of Urumiah, her ground for this step being a frontier dispute of long standing, and what with raids by Kurdish bandits and Turkish troops the city of Urumiah is surrounded. On the other side the British and Russian Governments have been exerting their influence to induce the Shah to summon a representative assembly to bring the state of anarchy to an end, and Russia, acting in full accord with Great Britain, has despatched a military expedition into Persia from Baku for the protection of foreigners. This force is now at Kazvin, 85 miles from Teheran.

NO FORCED SERVICE.

The House of Lords Throws Out "Bobs" Bill.

London, July 13.—The House of Lords to-night, by a vote of 123 to 102, decided not to proceed with the national service bill, which Lord Roberts introduced in the House yesterday. This bill provides for the compulsory service in the territorial army of all male citizens between the ages of 18 and 30.

The decision of the House of Lords was taken on the advice of the Unionist leaders, who considered it inadvisable to interfere with Secretary Haldane's scheme for the re-organization of the territorial forces until a change of Government should make it possible to introduce some such idea as proposed by Lord Roberts.

TO DISCUSS ALL-RED.

Visit of Colonial Delegates Will Give Opportunity, Says Churchill.

London, July 13.—In the House of Commons Hon. Winston Churchill, President of the Board of Trade, intimated that the opportunity for an informal discussion of the all-red route might arise during the visit of the colonial delegates.

Delegates to the Defence Conference include: Cape Colony, Hon. J. X. Merriman; Natal, Hon. F. B. Moor; Orange, Hon. Mr. Fischer; Transvaal, General Louis Botha; Newfoundland, Premier Morris; Australia, Colonel Foxton; New Zealand, Premier Ward.

TRIAL EXCITES PRAISE.

London, July 13.—Hubert Latham made a trial flight at Sangatte to-day and will probably attempt to fly the English Channel to-morrow. Correspondents at Sangatte agree that the slight accident and trial flight can be disregarded, and that they have in no wise discounted the wonder and admiration which Latham's trial excited.

A POOR REFUGE.

Three Men Mangled Under a Car East of Winnipeg.

Winnipeg, July 13.—A terrible accident, which may cause the death of three men, occurred on the National Transcontinental, just east of Winnipeg, this evening. A thunderstorm broke suddenly where a number of laborers were at work in the yards, and four of them sought shelter under a standing train of freight cars. While they were crouched there the yard engine came along and moved the train. They all made a dash to escape, but only one was so fortunate as to get out uninjured. The other three, Constantine Stengel, a German; Michael Omchiski, a Pole, and James McLeod, were caught under the wheels and all terribly mangled. Stengel had both legs cut off and will probably die; McLeod had the fingers of one hand crushed and a foot cut off, and Omchiski also will lose a foot. McLeod has a sister residing in Port Arthur.

A NEW NAVY.

France Makes Preparation to Have Formidable Fleet.

Paris, July 13.—The condition and actual fighting strength of the French navy justifies the estimate of naval experts that France to-day occupies merely the sixth rank among sea powers. The situation has assumed proportions approaching that of a national catastrophe. The commission of Parliamentary investigation discloses alarming facts. Not only are the ships obsolete, but the docks and harbors are in a most lamentable condition. Supplies of ammunition, stores and equipments are deteriorating, and must be replenished at enormous expense.

The naval ship-building programme has this week received the endorsement of the Minister of Marine. This new plan extends over a period of fifteen years. According to its provisions, the French navy in 1925 will comprise 45 battleships, 12 cruisers, 60 torpedo destroyers, 84 smaller torpedo catchers for harbor defence, and 64 submarines. As matters stand, only ten battleships now launched or on the slips will be available in the reorganized navy. The number of new ships to be built between now and 1925 is 227.

The Naval Council has fixed the cost of each battleship at \$14,000,000. This construction programme will require an expenditure of \$541,200,000. This means that the present naval expenditure must be increased by \$12,000,000 a year, which will bring the French naval budget up to \$80,000,000. The German naval budget has for the last five years considerably exceeded this sum.

WRONG BODY.

Remains of an Unknown Man Sent to Brockville.

Brockville, July 13.—A lamentable mistake was made in the morgue of St. Michael's Hospital, Toronto, on Monday morning when Mr. Thos. F. Jacobs, a former resident of this town, died on Saturday after being a patient in the institution for a few days. Arrangements were made to have the interment at Kingston yesterday, and in the morning the supposed remains were placed aboard a train. They arrived at Kingston and were met by a brother, Mr. W. J. Jacobs, of Brockville, and interment was made in Cataract cemetery.

The two surviving brothers came here last evening, but this morning received a telegram from a Toronto undertaker, stating that the body buried at Kingston was not that of Jacobs, but the remains of another who had died about the same time, and had been coffined instead of Jacobs.

Inquiry at St. Michael's Hospital revealed the fact that a man named Thomas F. Jacobs, a shoemaker, of 183 Parliament street, was brought to that institution on July 3 in the police ambulance. He had had an epileptic fit in the street, and was suffering from a wound in the head when brought in. He died on July 10, and his body was held awaiting the undertaker.

The latter was ordered to get the body from the morgue, and thinking the City Morgue was meant, he went there. He had been told by the relatives of the deceased that the body had died from an accident, and so, finding the body of an unknown man at the Morgue who had died from a railway accident, he took this body and sent it to Kingston.

Meanwhile St. Michael's Hospital authorities wondered why the body left in their charge was not sent for, and finally began to make inquiries, and the matter is now set straight. The body of the unknown man sent to Kingston was that of the man killed at Indian road crossing on July 6.

THIRTY DEATHS FROM RAZOR.

A physician in Chicago states thirty deaths have resulted from paring corns with a razor. Avoid blood poisoning by applying Putnam's Corn and Wart Extract. Purely vegetable. Painless and sure is Putnam's.

A HUGE LANDSLIDE.

Hotel at Gatineau Point Almost Engulfed.

Ottawa, July 13.—A huge landslide, which left the Queen's Hotel, Gatineau Point, Que., in a dangerous position, occurred on the northern bank of the Ottawa River. Twenty-four hours ago the hotel was over 100 feet from the shore. To-day only a few feet separate it from the water, and great fears are entertained that it will be demolished. The land is still giving way, recent floods having undermined it.

Be Sure About The Name

USE C. N. R.

Grand Trunk Pacific Will Reach Edmonton This Week.

D. D. Mann Estimates Wheat Crop at 140,000,000 Bushels.

Toronto, July 14.—"Before the end of this week the Grand Trunk Pacific will have its lines of steel laid into Edmonton," said Mr. D. D. Mann, Vice-President of the Canadian Northern Railway Company, who returned to the city late yesterday afternoon from an extended trip over the western lines of his company.

MR. D. D. MANN.

arrangement will be reached regarding Edmonton for the present, at least. Since he has been away Mr. Mann travelled nearly two thousand miles over his western lines, to form an idea from close range as to the possible crop for 1909.

"I never saw the wheatfields looking so uniformly good in all my experience, and from present indications I would estimate that the crop for the three wheat-growing Provinces would total 140,000,000 bushels," said he.

"At other times I have seen fields and districts looking as fine, but this year the whole country presents prospects the like of which I have never before seen in the west. The grain was well headed, too, and it would seem impossible that there could be a poor crop.

Speaking about the transportation question Mr. Mann said that so far as his company was concerned they would be able to handle their part of the shipments, and the Grand Trunk Pacific would have ample equipment to take care of all the wheat which would come out from along its line.

The Canadian Northern is pushing construction work very rapidly along all western branch lines, and the Vice-President estimated that before the end of the season five hundred miles would be graded and probably four hundred miles of steel would be laid.

TRAIN WRECK.

Train From Toronto Derailed Near Orangeville.

Orangeville, July 13.—The regular evening C. P. R. train Toronto and Owen Sound, consisting of an engine and combination baggage and mail car, and two passenger coaches, about seven o'clock last night ran off near Allan.

Six men were injured. The mail clerk had his arm broken and his head badly cut, and the news agent had his side injured. Both were sent to Owen Sound.

Mr. Brandsberg, proprietor of the Commercial Hotel, Arthur, was severely injured internally. He was brought here last night and now is receiving medical attention at the Grand Central Hotel.

The baggage-master had his leg hurt, and two Italian laborers were injured. Several ladies suffered from shock. The cause is supposed to have been defective brakes.

A BOY'S HOLIDAYS.

The ardent controversy which has been waging in England and America concerning the best way to dispose of school boys in the long summer vacation has prompted the Grand Trunk Railway System to issue a special publication giving suggestions and practical hints to parents as to what to do with the public and preparatory school boys during the months of July and August.

A copy may be obtained for the asking by applying to J. D. McDonald, D. P. A., Toronto.

DEATH BY POISON.

It Is Suspected in Case of Kent County Woman.

Chatham, Ont., July 13.—Mrs. Edison, wife of a colored preacher at North Buxton, died under suspicious circumstances on Sunday night. The deceased woman had been treated by Dr. Bell, of Merlin, for stomach trouble. He paid a visit to her last Wednesday and found her improving. Between Wednesday and Sunday Edison telegraphed to his relatives in Chicago, that she was dying and to be prepared to receive the body.

On Sunday afternoon Dr. Bell quite accidentally called at the Edison home and found the woman dying and unconscious. He held a consultation with Dr. Oliver over the case, and neither of them could understand the woman's condition.

She died on Sunday night, and both Dr. Oliver and Dr. Bell refused to give a certificate for burial unless an inquest was held. The result of the post-mortem was that all of the organs in the body were found to be in a healthy condition with the exception of the stomach.

Coroner Dr. Bray, of this city, held an inquest yesterday afternoon and as a result of the inquest the stomach of the deceased woman was sent to Toronto for an analysis.

It is suspected the woman may have either taken poison or had it administered to her. The Crown is following the case very closely.

BRITISH RULE.

A PARIS PAPER THINKS INDIA IS MISGOVERNED.

Parallel Between London Mail's Attack on Belgium in the Congo and Eclair's View of England and the Indians is Very Marked.

Paris, July 13.—By an ironical coincidence the Daily Mail publishes a severe arraignment of Belgian rule in the Congo, and the Eclair publishes a not less scathing impeachment of British rule in India.

"Virtually the whole land—namely, the Congo—has been monopolized," says the Daily Mail, "for the benefit of European investors."

"The English," says the Eclair, "regard India solely as a place out of which money can be squeezed."

The Daily Mail refers to the cruelty and misrule under which the native population of the Congo is suffering.

The Eclair remarks that "a few weeks ago five natives were flogged to death by the English at Nigeria, this fact being admitted in the House of Commons by the Secretary of State for the Colonies."

The parallel between the two articles is so close in fact that the one in the Daily Mail might appropriately be headed "As the English See Others," and the one in the Eclair "As Others See the English."

CHATHAM MAN.

Had Glass in His Body For 22 Years.

Chatham, Ont., July 13.—Robert Hallman, butcher, of this city, had a piece of glass removed from his back to-day. The glass had been in his body for 22 years. Some New Year's night 22 years ago Hallman got mixed up in a fight in the Idlewild Hotel. He fell through a window. Afterwards it was discovered that he had a wound in his back. He was taken to the office of Dr. Springer, who thought it must have been inflicted with a knife. Quigley, the man he was fighting with, was then accused of sticking him in the back with a knife, and in spite of the fact that no one saw the knife, nor could they swear that he had a knife, Quigley was sentenced to six months for his supposed deed.

No glass was found in the wound at the time and only now has it made its appearance. It is now believed that the wound in his back was caused by the breaking glass when he fell through the window 22 years ago and that Quigley, who served the six months in the Central, was innocent of the crime of which he was convicted.

FOUND DEAD.

Toronto Young Man Meets a Mysterious Death.

La Porte, Ind., July 13.—Charles F. Silverside, a Lake Shore Railway detective, whose mother resides at 300 Major street, Toronto, came to a mysterious death during Monday night, his mangled body being found to-day just east of the Holmesville crossing. The supposition is that he was attacked by tramps while guarding several cars of copper on the freight train on which he was riding, and, following a desperate struggle, was thrown from the moving train and crushed beneath the wheels. Several scars on the hand indicate the application of some blunt instrument. This afternoon orders were sent down the line from Chicago to Elkhart for the arrest of all suspicious characters and their detention until a full investigation of the tragedy is made.

Silverside was a man of 27 years of age and unmarried. He entered the employ of the Lake Shore on the Elkhart division last January. Formerly, it is understood, he was prominent in amateur boxing circles. On his person was found a letter received from his mother.

Seasonable Goods

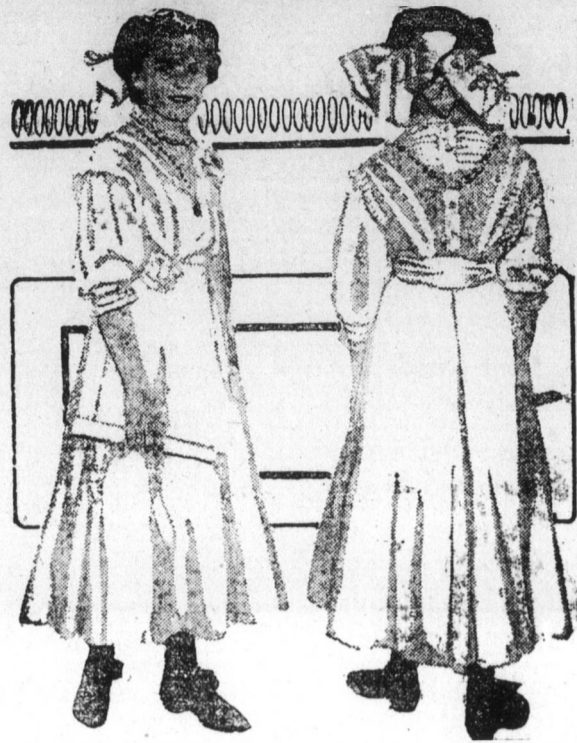

At Gerrie's drug store, 32 James street north. Jar rubbers, dark 60 dozen of 6 dozen 25c, white 10c dozen or 3 dozen 25c, heavy red 15c dozen or 2 dozen 25c; paraffin wax 15c lb.; bottle wax, in tins, 10c; water glass, for preserving eggs, 15c tin, or 2 tins 25c.

Barrie Presbytery Changes.

Barrie, July 13.—At the Barrie Presbytery to-day several pastoral changes were dealt with. Calls were sustained from Victoria Harbor and Wauhaushene to Rev. H. Bertis, of Knox College; by Beaton and Tottenham to Rev. H. D. McCuaig, a recent graduate of Queen's. The translation of Rev. S. F. Sharp, of Alliston, to Caven Church, Exeter, was agreed to, and the resignation of Rev. C. H. Cooke, of Bradford, was accepted.

Gowanda road tenders are well within the estimates made by the engineer of the Government.

GRAMMAR SCHOOL GIRL GRADUATES MADE OWN DRESSES AT \$3.47 EACH.

TWO OF THE GIRL GRADUATES, SHOWING FRONT AND BACK OF THE \$3.47 DRESS.

Chicago has a grammar school principal, by name Wm. Campbell, who objects to the elaborate commencement exercises in which the girl who wears the most expensive gown is the cause of an epidemic of heartaches among her less fortunate classmates.

He believes in practical education, so weeks before commencement he told the teacher of sewing that his girl graduates must make their own dresses. Thus the girls should have a chance to show how much they really have learned, and the uncomfortable heartaches would be avoided.

So the teacher put the girls to work making every article to be worn except the shoes and hose. One period a week for several weeks was devoted to the work. The gowns were of white lawn and more or less elaborately trimmed with lace. Uniformity was avoided, each girl being allowed to work out her own ideas.

"I rather think these girls of mine will make good wives some day," said Principal Campbell in describing the experiment. "Proud of the results? Why of course, I am."

Principal Campbell is a man of the right sort, and his heart works in unison with his brain—every mother will say when she reads this story.

The plain coat and gored skirt shown in the picture is to be recommended to anyone wishing to wear the plain morning costumes which are so fashionable at the present time. It may be made up in any of the light spring cloths or woolen materials and with the plain turned down collar and tight sleeve, button trimmed, could be worn on almost any occasion.

MR. SKYGACK, FROM MARS. He visits the earth as a special correspondent and makes wireless observations in his notebook.

The Right House "HAMILTON'S FAVORITE SHOPPING PLACE"

Clearance prices for our new Summer goods

WE cannot emphasize too strongly the newness and up-to-the-moment styles and patterns of the wearing apparel and goods all over this big store that we are offering just now at July clearance sale prices. THE RIGHT HOUSE reputation for quality stands behind each garment and each yard of goods—it is your guarantee. If you knew of the many consignments of slightly defective or a shade under standard quality goods that THE RIGHT HOUSE has shipped back to the manufacturers rather than endanger that reputation for quality you would never waver in your allegiance to this store and this store's method of doing business.

Please remember that in the interest of our large staff we close at 5 p. m. every day except Saturday, when we remain open one hour longer—till 6 p. m.

THOMAS C. WATKINS

650 Irish and Japanese fancy linen pieces at greatly reduced clearing prices

TOMORROW we begin an immense Reduction Clearing Sale of 650 nicely assorted Irish and Japanese white hand embroidered and drawn worked Linen Pieces for table use and decoration. It is a great reduction sale commencing to-morrow of our surplus stock; a sale of nice pieces where we have only one, two or three pieces of a design. This store is greatly renowned for its great sales of linens and this sale of dainty pieces at reduced prices is an unusual opportunity.

650 Doilies, Centre Pieces, Tray Cloths, Sideboard Scarfs, 5 o'clock Tea Covers, Scarfs for dressers and dinner wagons. Neat to elaborately hand embroidered pieces in Irish Mount Mellick work, also Old English Eyelet embroidered, also Japanese hand-drawn work. All have hemstitched and drawn worked hems—some are (Luney and Filet Italiane lace edged, floral and conventional designs of embroidery in great variety; all sizes. Sale starts to-morrow at these reduced prices:

Table with 3 columns of prices: 12 1/2c, 15c, 19c, 23c, 29c; 43c, 59c, 79c, 98c, 119c; \$1.39, \$1.98, \$2.19, \$2.39, \$3.98.

THOMAS C. WATKINS

Great annual reduction sale of new Japanese matting

DIRECT from Japan, imported by THE RIGHT HOUSE, and up to RIGHT HOUSE standard of quality, these Matting will prove one of the best bargains of the year. These hygienic and cool-looking floor coverings should be used even more than they are, and these reductions will make it possible to get the quantity you require at a handsome cash saving.

Table with 2 columns of prices: 14 1/2c, 22 1/2c; 29c, 29c.

About 20 very durable large Mourzook verandah rugs

The head of THE RIGHT HOUSE Carpet Department has decided to cut the price of these large sun-proof and weather-proof Mourzook Verandah Rugs. The smaller sizes are selling briskly enough, but these 9x12 ones must get a move on, too. Some are in plain green with border of darker shade green; some Persian designs; some neat red, green, black, and natural designs. Designs are woven clear through the rug and will prove extremely durable. These regular \$17.25 Mourzook Verandah Rugs we now offer at \$14.75

MURDER OF TORTIC.

FIGHT AMONG RAILWAY LABORERS AT IONA STATION.

Most of the Men Concerned Were Foreigners and They Will Not Tell Anything of the Tragedy—Man's Skull Fractured.

St. Thomas, July 13.—Coroner Ling Dutton, and Crown Attorney McCrimmon, St. Thomas, have started an investigation into the death of Djuro Tortic, an Austrian railway laborer, who died this morning as the result of a fractured skull, believed to have been received from a blow by an iron bar during a row in the boarding-car of a gang on the M.C.R. at Iona Station, twelve miles west of this city. The men received their pay on Monday, and at once started a carousal. Tortic was one of the men who drank heavily, and was found unconscious by the cook of the outfit on the side of the track near the boarding car, and died before he could be brought to the city. An examination of his clothing and effects revealed no money, although he was paid only yesterday. Tortic was intimate with a woman who stayed around the car, and her brother, with whom he was until a few days ago, quite chummy, turned on him, and they have shunned each other since.

This morning, after the finding of the body, the woman and a number of other Austrians took the first train for Windsor, while about thirty others struck out for St. Thomas. Both parties are being held as witnesses.

Station Agent Lowther, of the M. C. R. at Iona, reports that while the foreigners were carrying on on Monday afternoon he saw one man strike the other over the head with a crowbar, but the fellow was not Tortic. No trace of any other man injured has been received.

Tortic, it is believed, was struck in the car during the night and his body thrown out, but how or by whom the blow was struck is a mystery, as the foreigners appear to be at a loss to understand the questions that are put to them. Tortic had been in America four years, coming from Lockport, N. Y., in the spring, and working since with the spacing gang on the M. C. R.

LIKE ENOCH ARDEN.

Methodist Minister Returns to Wife after Twenty Years.

Bloomsburg, Penn., July 13.—After more than twenty years of adventure, Rev. John Taggart, a Methodist minister, who was thought to have been drowned in the Johnstown flood of 1889, returned to his home here just in time to rescue from poverty the wife of his youth.

Taggart found that his wife had married John Van Horn during his absence and had a seven-year-old son and a fifteen-year-old daughter, but that Van Horn was in Columbia county jail serving a sentence for a statutory offense. Taggart will remove the family to another city.

BOLT A MINUTE.

Lightning Strikes House Twelve Times, Kills One.

Santa Fe, New Mexico, July 13.—News of a remarkable play of lightning at an isolated point in Chaves county Sunday has just reached here. During a thunderstorm lightning struck the house of W. E. Rail, a homesteader, and H. N. Rutherford, who, with his family was at the Rail home, was killed. Following this at intervals of one minute eleven more bolts struck the house, each shocking an occupant, though not fatally. There were thirteen persons in the house at the time of the storm. The last stroke set the house on fire, but the flames were extinguished by Mrs. Rail with buckets of water.

U. S. TARIFF.

\$3 Per Ton Duty on Print Paper to be Imposed.

Washington, July 13.—It is reported to-night that the conferees on the Tariff Bill will probably decide on \$3 a ton as the duty on print paper. The matter has not been definitely settled. The present rate is 86; the House fixed a rate of \$2 a ton, and the Senate increased it to \$4.

There has been some discussion of the constitutionality of the proposed tax on corporation earnings. The question has been raised many times, but the President and his advisers all hold that the tax is constitutional.

STEEL AND CONCRETE.

The protection of steel by concrete was shown by some small iron bolts recently removed from blocks of concrete in which they had been imbedded for about thirteen years. They were used to hold the rails of a railway on the foreshore on the English coast and were alternately covered, and exposed as the tide rose and receded. They were 6 1/2 in. long, 1 1/16 in. in diameter, and the head end was embedded to a depth of 4 in., leaving 2 1/2 in. of the nut end exposed. The particular bolt examined, according to the Engineer, London, showed that the head and about one inch of the shank were absolutely unruined and retained the original black scale. The shank then tapered from the unruined part to the surface of the concrete, at which point it was reduced to less than half an inch in diameter. There was an abrupt increase in diameter then to that of the projecting portion of the bolt, which had decreased to 9-16 in. The nut was reduced to a smooth knob and the projecting portions showed that they had suffered from the grinding action of sand and gravel. The examination indicated that the rust had spread from the surface of the concrete, and it is believed that the hole acted as a retainer of the salt water, keeping the bolt constantly wet, whereas the exposed part of the bolt dried quickly when the tide receded.

GOOD SHORT STORIES

AFRAID HE'D BLOW AWAY. General Adalbert R. Buffington, at a dinner in Madison, N. J., told a number of civil war stories.

"General Mahone," he said, "was very thin. One cold and windy December morning in '64 he was taking a nap in his tent when his old colored servant, 'Uncle Davy,' tiptoed in, and, tumbling in the darkness, knocked down the General's folding cot and spilled him out on the frozen ground.

General Mahone jumped up furiously, seized a scabbard and made for Davy. Davy ran. The General gave chase. "Uncle Davy tore up hill and down dale till he was pretty well out of breath; then he looked back over his shoulder at the General, who bounded after him on slender limbs, blue and thin, his long, white nightshirt fluttering in the chill morning.

"Fo' de lan's sake, Mars' William,' the exhausted Davy yelled, desperately, 'yo' hain't trustin' yo'self in dis wind on dem legs, is yo'?"

JUST LIKE HIS FATHER. Mr. Jefferson had not been altogether an exemplary husband and father, but he possessed certain engaging qualities which secured him many friends, says the Youth's Companion, and made his death the cause of sincere mourning to his widow.

"Mis' Jefferson she's done broke up over Eb'nezer's being took off fr'm pneumonia," said one of the neighbors.

"She shutt'nly is," said another. "Mournin' round de house all de time, she goes. Why, day befo' yist'day I was ther helpin' her, an' she 'sist' stop cryin' once, an' dat was to spank little Eb'ner for takin' m'lasses out'n de jug right into his mouf, when her back was turned.

"When she spanked him good an' set him down, she say to me: 'He makes me tink ob his pa so much I can't bear it!' and bust' right out cryin' again!"

SHE KNEW HIM. A young New York broker of convivial habits fell in with an old school friend who had gone on the road, says Everybody's.

"Whenever you're in town come up and bunk with me," urged his friend as they separated. "No matter what old time it is. If I'm not there, just go ahead and make yourself at home. I'll be sure to turn up before daybreak."

Soon after this the salesman arrived in town about midnight, and remembering his friend's invitation, sought out his boarding house. There was only a dim light flickering in the hall, but he gave the bell a manful pull. Presently he found himself face to face with a landlady of grim and terrible aspect.

"Does Mr. Smith live here?" he faltered.

"He does," snapped the landlady. "You can bring him right in!"

Gossip and Comment

For a second year, consistent cricket, the exhibition given by the Provincial team which played in Philadelphia yesterday under the name of the Toronto Zingari was one of the best of recent years.

The annual championships of the Pacific Athletic Association of the A. A. U., which has jurisdiction over the Pacific States, are being held at Los Angeles this afternoon.

The Hamilton Rowing Club will be well represented at the Canadian Henley, having entries in two classes. Two of the crews are fighting hard for the honor of representing the club in the major working fours and the committee has not been able to come to a decision.

Lou Dillon has achieved such a social triumph in Russia that any rumor about her looking up with a title would be considered credible. We expect at any moment now that she will become involved in some sort of an affair.

Chicago Tribune—So James J. Jeffries has reached the end of his "string" about rescuing the championship from Jack Johnson. We quote "string" because the word "string" is used to mean a rope or a line of thought.

ENTRIES FOR TO-NIGHT'S MEET.

Following are the entries for to-night's meet at Britannia Park: 100 yards dash, boys—W. Burkholder, H. Graham, C. Church, H. McCulloch, W. Lees, C. O'Donnell, J. McKinnon, E. B. Hyslop, G. White, P. Smye, P. Fletcher, S. Hendel.

NEW WORLD'S RECORD

Great Fitzherbert Won the Realization. Canadian Horse, Detective, Out of Money. Darcy Hal First 2.05 Pace at Pt. Huron.

Sheephead Bay, July 14.—S. C. Hildreth's Fitzherbert easily won the \$14,900 Lawrence Realization Stakes, one mile and five furlongs, at Sheephead Bay yesterday. The time, 2:45, is a new world's record for the distance, being a fifth of a second faster than Africaender's time, made in this race in 1903.

Fitzherbert looked in grand condition and he so far outclassed his field that he was a prohibitive favorite in the betting, being held at 1 to 7. At no time during the race did the favorite show a little of a half length.

The surprise of the race was the good, game race run by the western three-year-old, Olambala. Apparently beaten, he moved up with a run, and was good enough.

STILL "BOOSTING" AT ERIE. Buffalo, N.Y., July 14.—Another deep and rough track was offered to the runners at Fort Erie yesterday, following the rain of last night, and the horses were a tired lot after their journeys. Seven races were up, two of them at a mile and a quarter.

Following are the entries for to-night's meet at Britannia Park: 100 yards dash, boys—W. Burkholder, H. Graham, C. Church, H. McCulloch, W. Lees, C. O'Donnell, J. McKinnon, E. B. Hyslop, G. White, P. Smye, P. Fletcher, S. Hendel.

HISTORY OF THE GREAT LAWRENCE REALIZATION.

No other stake race for three-year-olds equal in value to the Lawrence Realization, is to be disposed of in the course of the United States racing of the coming summer and autumn, a circumstance that adds to the importance of yesterday afternoon's contest.

Following is the London Free Press' excerpt's comment on today's race: Two-year-olds—In the opening dash I am taking Gallat Pirate. Salian one has been close up last few starts. Salian ran some excellent races in the mud at Lacoma and is the one most to be feared. May has a quality younger in Scrupies. Dairy tarra is also pretty good in this going.

Three-year-olds and up, handicap—Little Usage and Al Muijer looks to have a tight fit here today. The latter is not very consistent at this distance. Sea Swallow, mudder of some class and is dangerous.

Three-year-olds and up—In the closing event, Louis Cayenne is the one I like best for this route. Bucket Brigade looks to be the contender and also likes this route. Steel is as good now as hands can make him.

PORT HURON, Mich., July 14.—Fast races on a fast track were the features of the opening day of the short-ship meet here yesterday. Contrary to past of them at a mile and a quarter.

GOOD ONES FOR WINDSOR. Windsor, July 14.—Entries to the harness meeting which commences here on July 20, have closed, and Secretary Hanrahan has announced that all the classes are filled. The fields are not quite as large in some of the classes as was expected, but the quality of the horses entered was never so high.

Among the entries are such prominent horses as Baron Grattan, 2:03 1/4; Argot Boy, 2:03 1/4; Darkey Hal, 2:04 1/4; Jerry B., 2:04 1/4; Major Brine, 2:05 1/4; The Harvester, 2:08 3/4; Lady Jones, 2:07 1/4; Gentle H., 2:08 1/4; Carlockin, 2:08 1/4; Maxine, 2:09 3/4; Mattie Cames, 2:07 1/4; Milton St. un., 2:06 3/4; and the sensational George Gano, 2:12 3/4, and such fast green ones as Denver, Bida, Mechanic, Frazee, The Boss, Geraldine, and many others.

WOLGAST HAD BATT- LING NELSON GOING.

Los Angeles, Cal., July 14.—The law does not permit a decision, but Wolgast apparently had Nelson thoroughly whipped at the end of the tenth round here yesterday.

Round 1—Nelson met Wolgast in his own corner and followed his usual tactics of advancing steadily to his opponent. Wolgast put a light right to Nelson's face and took a right and left to the face in return. A ripping left reached Nelson's jaw. They exchanged body blows in a clinch and Nelson reached the face with a straight left. Wolgast sent a right across the jaw in return. Even round.

Round 2—Wolgast reached the head with right and went into a lively mix-up in the center of the ring. Wolgast fought viciously, but was backed to the ropes. Nelson fought his way to the center of the ring with body punches. In close quarters Wolgast sent a right and left to the head. Blood flowed from Nelson's nose. Wolgast sent two right uppercuts to the mouth as the round closed.

Round 3—They went at it hammer and tongs. Wolgast landing right and left to head and body. Wolgast then sent a light left to the face and followed with a hard right to jaw. Wolgast sent a right swing to the ear, landed right and left to the head and put another left to the body and a right to the face. Wolgast showered Nelson with rights and lefts to the head and Nelson fought back for the stomach. Wolgast landed repeatedly to the face and body. In the close quarters Wolgast had a big lead at the end of the round.

Round 4—Both missed right swings. Nelson being the first to land, getting a left to the stomach. In close quarters Wolgast sent two swift rights to the face. Nelson's left eye began to swell. Nelson was missing and falling short. Wolgast shot a terrific right to Nelson's stomach and then landed a dozen rights and lefts to the face without a return.

H. R. C. WILL ENTER TWO CREWS. Toronto, July 14.—The entries for the Canadian Henley close to-morrow with R. K. Barker, secretary. The Harlem Boat Club of New York is sending a senior four, the best they have, and there are three other American entries besides the Harlem club.

WESTON IS NOW NEAR HIS GOAL. Elmira, Cal., July 14.—After resting for some time in the suburbs of this place, Edward P. Weston resumed his trans-continental walk to San Francisco yesterday. He was in good condition, and expects to make fast time to his next stopping place, which will be Benning, 30 miles distant. Here he will take his last rest before reaching his destination to-day.

WITH LAWN BOWLERS.

D. Dexter Vice-President of the O. B. A. Dr. Edgar's Rink Beaten Yesterday. Walker's Won in Consolation.

The following officers were elected: Hon. Patron, Lord Strathcona; Hon. President, Wm. Brown, Westmount; President, David Dexter, Hamilton Thistles; First Vice-President, Dr. L. Robertson, Stratford; Second Vice-President, J. J. Warren, Parkdale; Hon. Secretary, Colin Postlethwaite, Canada, Toronto; Hon. Assistant Secretary, A. E. Huestis, Granites, Toronto; Auditors, Thos. Rennie and R. J. Kearns.

Dr. Russell, secretary of the team, moved that an invitation be extended to the British bowlers to visit Canada in 1910, and that the Western and Eastern Associations be requested to join in the invitation. This was carried.

San Francisco, July 14.—Al Kaufmann will not fight Jack Johnson before the Mission street arena in August. A nouncement was made to this effect by Billy Delaney, his manager, who said: "Kaufmann will not fight Johnson in August or September. He will take his time and will not be rushed into a fight. When Kaufmann enters the ring he will be in the best possible shape that I can put him in, and he could not do himself justice and fight in August or September."

HOMING PIGEON RECORD BROKEN. Baltimore, Md., July 14.—In a flight of birds of the Southern Federation of Homing Pigeon Fanciers, just concluded, it is claimed that a record that has stood for the past twelve years has been broken. The birds, all owned in this city, were liberated at North Bay, Ont., 510 miles, air line, from Baltimore, and the first to arrive covered the distance in nine hours seventeen minutes, an average of 1,900.6 yards a minute. The previous record for the distance is said to have been 1,340 yards a minute. Four hundred and eighty-six birds were liberated at North Bay, and of these 67 beat the previous record referred to.

Additional Sporting News on Page 8. A find of gold-bearing quartz is reported at St. Anthony, in Kent county, near Moncton, N. B. Samples sent to New York have assayed \$220 to the ton.

MADE MARATHON DANCE RECORD.

Bradford, Pa., July 14.—A local dancing school Monday staged at G. A. R. Hall the first Marathon dance ever held in this part of the country. Thirteen couples entered the contest, for the winner of which a considerable prize was offered.

Time was called at 9.45 p. m., and at 8 a. m. yesterday, after ten hours and fifteen minutes of steady dancing, the two couples remaining on the floor agreed to stop and divide the prize money. Salvator Rich and Miss Monaghan and Frank Sheehan and Miss Sackard were the winners.

The temperature was very high in the hall, and from time to time in the night exhausted couples dropped out of the race. Refreshments were partaken of by the remaining couples without missing a step of the two-step or waltzes. Two piano players working in shifts that grew shorter as the morning approached, furnished music for the dancers. Many spectators remained all night to see the finish.

It is believed here that several of the couples established a new record for continuous dancing, and that the two couples who won beat the record by from two to three hours.

The number of self-inflicted deaths is increasing in New York State. There were 1,207 suicides in 1907 and 1,400 last year, an average of 117 a month. The five months of 1909 show a larger rate, the monthly average being 124. On this basis the record for this year will be about 1,550.

Table of names and scores for various events, including the Lawrence Realization, Henley, and other races.

SUCCESSOR TO VON BUELOW.

Dr. Von Bethemann-Holweg Germany's New Chancellor.

Mild Conservative and Friendly to the Working Classes.

Von Buelow Talks of What He Has Been Able to Do.

Berlin, July 14.—Dr. Von Bethemann-Holweg was today appointed Chancellor of the Empire in succession to Prince Von Buelow.

Emperor William arrived in Berlin this morning at 8 o'clock on a special train from Kiel. He received Prince Von Buelow in the small garden of the palace, and the two men could be seen easily from the bridge across the Spree, as well as from the Burgstrasse. The Emperor shook the Prince warmly by the hand, and the two walked up and down the garden for three-quarters of an hour in animated conversation. It was noticed that His Majesty occasionally grasped Prince Von Buelow by the arm.

At about 11 o'clock Dr. Von Bethemann-Holweg appeared in the garden, whereupon Prince Von Buelow bade farewell to His Majesty, and the Emperor walked to and fro with the new Minister. In the meantime the crowd on the bridge and the street had increased in numbers. Part of the garden is thickly set with shrubs, and now as the Emperor and the new Chancellor remained for a few minutes out of sight of the public, only later to resume their promenade. Both the retiring and the new Chancellor were warmly greeted by the crowds outside the palace.

Following the conference with Dr. Von Bethemann-Holweg, Emperor William granted audience to Herr Dohrbusch, of the Interior Department, and Herr Werwuth, Under-Secretary of State of the Interior.

In a conversation to-day with a representative of a Hamburg newspaper, Prince Von Buelow, commenting on the fact that he had been reproached with want of courage in not dissolving the Reichstag, explained that he had not taken that step because elections in the present state of public opinion would have resulted in increasing the forces of Socialism, and the new House would not have passed the finance bill. The Conservatives had made the mistake, from which they and the country would suffer, of refusing the inheritance tax. They had made that reasonable property tax the issue upon which the party was to stand or fall.

"I have been able," Prince Von Buelow continued, "to overcome the Socialists and give them a smashing defeat at the elections without resorting to repressive police measures. We shall see whether Socialism can continue to go back, and whether the Germanization of Poland and the suppression of the Guelphs will go forward. I hope so, but we shall see what this new combination of Conservatives, Centrists and Poles will do for the empire."

Various other Cabinet changes are gazetted to-day. Herr Dellbrueck, of the Interior Department, succeeds Dr. Von Bethemann-Holweg as Minister of the Interior and Vice-Chancellor. Reinhold Sydow, Secretary of the Imperial Treasury, goes to the Department of Commerce; Herr Werwuth, Under Secretary for the Interior under Dr. Von Bethemann-Holweg, becomes Secretary of the Treasury, and Ludwig Holle, Prussian Minister of Public Instruction, retires on account of ill health, and is succeeded by Von Trost Zu Solz, President of the Province of Brandenburg. Count Von Loebel, son of the Imperial Chancellor, has been appointed President of Brandenburg.

The Emperor has presented Prince Von Buelow with the Order of the Black Eagle in diamonds.

Dr. Bethemann-Holweg, in his political principles, is a mild Conservative, but he is most particular in the application to himself of the traditional policy that the servants of the Crown must be non-partisan. While he was district Governor of Bromberg the Conservative interests sought to use his influence in a local election and to his credit, Mr. Bethemann-Holweg explained indignantly: "I am an administrative official, not an election agent."

The new chancellor's speeches on social questions since he has been Minister of the Interior have been liberal in tone. This was particularly marked in an address in which he condemned certain aspects of morality in Berlin, and defended warmly the need of the German workman to proper recreation. Dr. Von Bethemann-Holweg has devoted himself to improving the conditions of the artisan class, whereas almost all social legislation has been applied, up to the present time, to the working proletariat. Since he became Minister of the Interior he has distinguished himself by preparing an imperial insurance law and a law controlling the rights of assembly, both of which passed the Reichstag.

MATRIMONIAL.

Popular Young People Were Married This Morning.

A very pretty wedding took place this morning at 7.30 at the St. Mary's Cathedral, when Miss Jennie Childs, daughter of Mrs. Albert Childs, was united in the holy bonds of matrimony to Mr. John G. Sherring, a brother of the noted runner. The ceremony was performed by Dean Mahoney. Miss Jessie Childs, sister of the bride, acted as bridesmaid, and William Sherring, the famous Marathon champion, was best man. The groom is a well-known and popular young man. He is chief of the office staff of the J. M. Peregrine Coal Company, and is secretary of Concord Lodge, the banner lodge in Canada of the A. O. U. W. After a short wedding trip, Mr. and Mrs. Sherring will take up their residence on Barton street.

A fatal accident took place at T. Mann's camp, about six miles from Foot's Bay, Mr. Thomas Scott, recently from Belfast, Ireland, was struck on the head and back by a falling tree, and killed.

G. T. P. steel was within eight miles of Edmonton on Tuesday morning, and the last spike will likely be driven some time on Thursday. This will give four lines between Winnipeg and the capital of Alberta.

TEA TABLE GOSSIP.

The 91st Band will give a concert to-morrow night at Dundurn Park. —Bartonville Methodists will hold a garden party to-morrow evening on the lawn of Mr. Daniel Crosshwaite.

—Mrs. George Potter, 138 Burlington street east, has gone to Somerset, Mass., to visit her sister, Mrs. Benjamin Foster.

—The second missionary summer school, under the auspices of the Hamilton and London conference of Methodist Epworth Leagues, will be held in Alma College, July 15th to 22nd.

—George I. Noble, formerly of this city, but now of Detroit, had the misfortune to have two fingers cut off by the press of the Detroit Journal, where he was employed.

—The name of Miss Dorothy McIlwraith, of this city, appears in the list of those who were successful in passing the matriculation examinations of McGill University, Montreal.

—Poultry lovers will enjoy a treat on Thursday evening by being present at Green's Hall, when Mr. L. G. Jarvis, formerly of the Ontario Agricultural College, Guelph, will deliver a free address.

—Hugh Hayes, proprietor of the Dundurn refreshment booth, reported to the police this morning that burglars entered his place last night and stole three boxes of cigars and some candies.

—The body of Chas. Green, who was drowned in the lake on Saturday, July 3rd, has not yet been found. Yesterday and today the men used dynamite to try and raise the body. As this is the eleventh day, they think that the body should soon float. Where he went down the water is nearly 50 feet deep.

—At the Mountain Theatre, East End Incline, last evening, the Summers Stock Company pleased a large audience, presenting "Niobe," a comedy that is built purely for laughing purposes. This piece is well put on, the company being well adapted to comedy. Large crowds should be in attendance during the balance of the week, as this play is well worth seeing.

Following the conference with Dr. Von Bethemann-Holweg, Emperor William granted audience to Herr Dohrbusch, of the Interior Department, and Herr Werwuth, Under-Secretary of State of the Interior.

In a conversation to-day with a representative of a Hamburg newspaper, Prince Von Buelow, commenting on the fact that he had been reproached with want of courage in not dissolving the Reichstag, explained that he had not taken that step because elections in the present state of public opinion would have resulted in increasing the forces of Socialism, and the new House would not have passed the finance bill. The Conservatives had made the mistake, from which they and the country would suffer, of refusing the inheritance tax. They had made that reasonable property tax the issue upon which the party was to stand or fall.

"I have been able," Prince Von Buelow continued, "to overcome the Socialists and give them a smashing defeat at the elections without resorting to repressive police measures. We shall see whether Socialism can continue to go back, and whether the Germanization of Poland and the suppression of the Guelphs will go forward. I hope so, but we shall see what this new combination of Conservatives, Centrists and Poles will do for the empire."

Various other Cabinet changes are gazetted to-day. Herr Dellbrueck, of the Interior Department, succeeds Dr. Von Bethemann-Holweg as Minister of the Interior and Vice-Chancellor. Reinhold Sydow, Secretary of the Imperial Treasury, goes to the Department of Commerce; Herr Werwuth, Under Secretary for the Interior under Dr. Von Bethemann-Holweg, becomes Secretary of the Treasury, and Ludwig Holle, Prussian Minister of Public Instruction, retires on account of ill health, and is succeeded by Von Trost Zu Solz, President of the Province of Brandenburg. Count Von Loebel, son of the Imperial Chancellor, has been appointed President of Brandenburg.

The Emperor has presented Prince Von Buelow with the Order of the Black Eagle in diamonds.

Dr. Bethemann-Holweg, in his political principles, is a mild Conservative, but he is most particular in the application to himself of the traditional policy that the servants of the Crown must be non-partisan. While he was district Governor of Bromberg the Conservative interests sought to use his influence in a local election and to his credit, Mr. Bethemann-Holweg explained indignantly: "I am an administrative official, not an election agent."

The new chancellor's speeches on social questions since he has been Minister of the Interior have been liberal in tone. This was particularly marked in an address in which he condemned certain aspects of morality in Berlin, and defended warmly the need of the German workman to proper recreation. Dr. Von Bethemann-Holweg has devoted himself to improving the conditions of the artisan class, whereas almost all social legislation has been applied, up to the present time, to the working proletariat. Since he became Minister of the Interior he has distinguished himself by preparing an imperial insurance law and a law controlling the rights of assembly, both of which passed the Reichstag.

ONLY 3 MORE DAYS

Orders Piling in and Assuring a Busy Summer.

You have just three more days in which to place your orders for carpets at The Right House to get them made, lined and laid absolutely free—a saving of twelve to fourteen cents on every yard. You may have them laid any time between now and the 20th August. Only condition is, you must get your order placed this week. July is usually a quiet month in carpets and this quite extraordinary offer is made to insure a busy summer to The Thomas C. Watson Carpet Store. You may choose from the entire large stock of new carpets, and included are several nice patterns at reduced prices, just because there is only one of any one pattern for from one to three rooms. This exceptional offer is appealing to citizens with much interest. Avoid the rush of Friday and Saturday of many to get their orders in for free laying. Place yours to-morrow.

ANOTHER P. C.

Appointment Made To-day Fills the Last Vacancy.

The Police Commissioners appointed another policeman this morning to fill the last vacancy in the force. The new man comes from Toronto and looks like a promising officer. He is 23 years of age, 6 feet and half an inch in height, weighs 190 pounds and has had five months' experience on the Metropolitan police force of London, England. His name is Richard Holland.

Cool Drinks. Welch's grape juice, Pinard's fruit syrup, raspberry wine, lime juice, lime juice cordial, lemon squash, lime fruit cordial, Turner's unfermented wine, Schaeffer's, Ross', Cantrell and Cochrane and York Springs ginger ale, Regal, Red Label, Waterloo, Schlitz, Pabst, Blue Ribbon and Budweiser Lager, root beer—Feesby, Holton & Co., Ltd.

BANKER KILLED.

Harry Campbell, of Woodstock, Jumped to Death.

Was Returning in Auto From Football Game at Stratford.

(Special Despatch to the Times.)

Woodstock, Ont., July 14.—Woodstock is mourning to-day for one of her most popular young men, who was killed last night in a tragic manner. Harry Campbell, ledger keeper in the savings department of the Molsons Bank in this city, and formerly clerk for the same bank in Toronto, was the victim. Yesterday afternoon a party of five, composed of Wall Laffamee, Bruce Dunlop, James Orr, Harry Campbell and Reg. Stone, left for Stratford in Stone's automobile. They attended a football match between Woodstock and Stratford teams, and left for home after midnight. When coming into the village of Shakespeare about 2 o'clock, seven miles west of Stratford, and just on the border line between Perth and Oxford, one of the party exclaimed there was fire in the engine. Stone began to slow down the car. Then for some reason Campbell jumped out. He failed to keep his balance, and fell on his head, sustaining a concussion of the brain. He was carried into the office of the local coroner and given every attention, but nothing could be done for him, and he died at 4 o'clock this morning. Seldom has any event here thrown as great gloom over the city. The deceased was a young banker of splendid promise, and a fine young man in every respect. The remains were brought to the city this morning.

NOISY CARS ARE COMMON

Even on the Government-Owned Lines in Australia.

The Dominion, published at Wellington, New Zealand, of a recent date, has an interview with Mr. John Kneeshaw, Traffic Superintendent of the New South Wales Government Tramways, and who was called in as an expert to examine the Wellington street railway and report as to complaints about the operation of the tramways. The interview shows that complaints such as have been heard frequently in Hamilton are common everywhere, and are evidently as much heard where the roads are state owned as they are where they are privately owned. Mr. Kneeshaw says that noisy cars are "more or less incidental to all systems," and the trouble is "accentuated by narrow streets and high buildings."

At the same time, the trouble does occur through rattling corrugation, which the Wellington tramway authorities are endeavoring to meet in a novel manner, and it remains for the future to show if the remedy is effectual. Corrugation is a difficulty met with in nearly every important system in the world, and there is no reason to believe that the Wellington experiment proves a success it will certainly be adopted elsewhere. In Sydney we have the same corrugation, but not to the same extent as here, possibly owing to the difference in temperature.

Asked about circular runs (belt lines), Mr. Kneeshaw remarked that it was advisable to have circular loops at the busy termini. Double deckers are in use in Australia, and Mr. Kneeshaw expressed the opinion that they were very unsuitable for a heavy and quick service. They might be of use in outlying districts in fine weather, but for "pick-up" traffic in the city they were not satisfactory, as too much time was taken at each stopping place, and for tramway traffic to be effective only a limited time should be allowed at each stop.

The number of men employed on the trams in Sydney is about 5,000, and between 650 and 650 cars are in daily use. Mr. Kneeshaw is a nephew of Mr. Joseph Kneeshaw, of this city.

MEN'S SALE THURSDAY.

Semi-Ready Summer Suits at \$15 to be Cleared Out at \$8 and \$10.

Starting a 10-day "Lonely" sale on Thursday morning, Mr. McCung, of the semi-Ready store, promises the most attractive lot of "lonelies" ever offered. The sale is held earlier this year, so that buyers of summer suits can have a full three months' wear ahead of them.

While a few of the suits will be sold at \$8, the most attractive lot will be the \$15 summer suits to be cleared out at \$10, said Mr. McCung. For small men and for young lads just springing into manhood there will be a still more attractive line of blue and black serge and tweeds, worth \$15 and \$18, for \$10, while for larger men and for stout men of type "F" and "G" there are a lot of blue and black serge and some fancy worsteds and tweeds which will be sold as lonelies at \$10. Before the sale starts everyone may feel free and welcome to go into the store at 46 James street north and see the clothes that are to be sold.

A CRAZY MAN

Wanted to Drown Himself and Family at Kingston.

(Special Despatch to the Times.) Kingston, July 14.—Joseph Hasselkin, a German mechanic, turned his wife out of doors last night, and started off in the direction of the lake with his children, presumably to drown them. The police were notified, and intercepted him before he reached the water. He will be sent to Rockwood Asylum, as physicians who examined him declared him dangerous to be at large. He was committed to the asylum last spring, and was liberated only about a month ago. Efforts will be made to have him deported to Germany.

NEW CHANCELLOR.

Berlin, July 14.—Dr. Von Bethemann-Holweg was today appointed chancellor of the Empire in succession to Prince Von Buelow.

THE DOMINION BANK

HEAD OFFICE, TORONTO, ONT. Capital Paid Up \$3,000,000 Reserve Fund and Undivided Profits \$5,250,000 Deposits by the Public \$38,600,000 Total Assets \$50,850,000 A general banking business transacted.

Washington, July 14.—Eastern States and Northern New York—Generally fair to-night and Thursday; light variable winds. Western New York—Partly cloudy to-night and Thursday.

TEHERAN FIGHT

Nationalists and Cossacks Still Battling in the Streets.

Shah's Troops From Outside Shelling the City.

Teheran, July 4.—The firing in the streets of Teheran that has been going on more or less consistently since the Nationalist force made early entry into the capital yesterday morning at 5 o'clock became more serious at midnight last night when the Persian Cossacks opened a heavy artillery fire on the Nationalists, who at that hour attempted to rush the Cossacks' position from the north and east.

The Nationalists succeeded in occupying a garden close to the house of Col. Liakhoff, the military commander of Teheran, where they are now being shelled by the Cossacks. Rifle and artillery firing has been practically continuous since yesterday morning. Soldiers of the Shah's army Sultanabad have approached to within three miles of the city and are now shelling Bakarat, the quarter of the city where the Parliament building is situated. It is reported this morning that the Shah troops are endeavoring to enter the city by one of the northern gates.

Siphahdar and Sadarassad, the Nationalist leaders, have just transmitted the message to the British and Russian diplomatic representatives: "In spite of the fact that the Russian flag is flying over the house of Col. Liakhoff, Nationalist forces are being fired on by Persian Cossacks stationed under the roof of this house."

PASSED.

Collegiate Boys Successful in University Entrance.

Several Hamilton Collegiate Institute boys have been successful in the recent university entrance examinations. L. K. Webber, who goes to the Boston School of Technology in the fall, passed in the following subjects: Algebra, parts 1 and 2; geometry, plain and solid; history and physics. In the examinations for entrance to McGill: H. L. Burrow completed his examination. G. E. Daw passed in algebra, part 1; geometry, part 1; chemistry and physics. W. P. Hudson, passed in English literature; algebra, parts 1 and 2; geometry, parts 1 and 2; trigonometry and chemistry. G. P. Morton passed in chemistry. J. N. Williams passed in composition and dictation, grammar, history and arithmetic, taking perfect marks in the last mentioned subject.
