Madison Square Garden Being Torn Down

New York, May 11—The buzzing of saws and the taps of hammers floated from Madison Square Garden today when twenty workmen of the Joslin Construction Company started the actual wrecking of the widely known structure.

They were occupied mainly on the roof over the amphitheatre, which will be the first to be torn off under the tools of the wreckers. On April 13 several workmen started removing the copper covering of the tower on which Sallat Gaudens's Diana rests and today she stands on uncovered steel supports, and from her trim figure ropes and cables are stretched in preparation for her removal at 1:30 p.m. tomorrow.

The foreman in charge of the wrecking, Martin Ingberman, estimated today that it would be three or four months before the building would be razed.

The workmen on the job today turned their attention to hoisting derricks from the street to the roof. These derricks will lift the strips that cover the auditorium. The workmen also began on the roof of the kitchen which rises about fifteen feet from the top of the amphitheatre. No work has yet been done inside the Garden.

As the noise floated from the roof Tex Rickard, who has been the lessee of the Garden for the last five years, sat in his offices in the tower and talked a bit.

"You can get some idea" he said "of what this place has meant to New York when I tell you that I have paid a million and a half dollars in rent and taxes on it during the past five years. The amusement tax paid to the Government in that time has been more than \$2,500,000.

Mr Rickard asserted that since 1920 when he took over the Garden for the purpose of holding bouts, conventions, swimming contests, circuses, etc., within its walls, some 10,000,000 persons have passed through the turnstiles.

"And" he added with a grin "in all that time only one man has reported having his pocket picked."

Seventeen C. N. R. Officials Receive Over \$15,000 a Year

Ottawa, May 11—Seventeen officials of the Canadian National Railways receive salaries or remuneration amounting to \$15,000 a year or over, it was stated in the House of Commons today in answer to a question from Sir Henry Drayton.

In giving the information, Hon. George P. Graham, Minister of Railways, remarked that he did not think it quite fair to ask the Canadian National to give out information, which no other railroad would ever vouchsafe. He did not think there was any harm in answering this question but he hoped it would not be taken as the opening of doors to all sorts of questions about C.N.R. employes and their salaries.

SESSION NOT LIKELY TO END BEFORE JULY

Prorogation of this fourth session of the fourteenth Parliament is still a considerable distance away if the programme of Government legislation yet to be dealt with is to be closely followed. From what was disclosed at the caucus of the Liberals it is evident that Parliament will be sitting through June if not some of July.

The important items of legislation it is understood, were enumerated to the party by the Prime Minister, and at least one half of that list will be big time consumers in the House. Included in the list are the following: Freight rate legislation looking to a large measure of equalization; reimbursement of the Home Bank depositors; amendments to the Criminal Code to curb hand book violation in connection with race track gambling; the single member constituencies; and two or three minor changes in the Dominion Election Act.

Discussion incident upon the freight rate measure the Canada Grain Act changes and the Home Bank question will occupy a good many hours of debate, and there will be considerable opposition to the single transferrable vote from Conservatives and from a few Liberals.

It is a notable fact that, outside of the Budget debate which is now disposed of, most of the really controversial questions have yet to come before the House and in addition to the items already enumerated there is the question of the control of the freight rates and the report which will be finally submitted to the House by the special committee which at present rate of progress will not finish its work for at least two or three weeks.

LUMBER OUTLOOK IN UNITED STATES

Demand Expanding—Book Orders More Numerous.

Unfilled orders of 374 of the principal softwood producing mills of the country, April 25, were larger at this time a year ago, and during the preceding week they had shipped 162 per cent and booked orders for 161 per cent of their output. These figures indicate, says the American Lumberman, Chicago, that demand is expanding and bring the industry into stronger position.

The Coast fir mills have a good demand from the middle West, but the cargo markets, foreign and domestic (California and Atlantic coast), have been light buyers. During the week of April 25, however, domestic cargo bookings increased 50 per cent. Shipments from the southern pine mills during the week of April 25 again exceeded their production this time by 7.75 per cent. Retail yards are urging immediate shipments as needs for replacements become more insistent. City demand is better than country but the latter is improving and sensibly, framing lumber is in better call than boards, etc. Generous rains in the Southwest are bringing a renewal of its demand for pine. Export mills are well supplied with orders. For the mills as a whole, orders for the week were 104 per cent of production.

Foreign orders and inquiries for hardwoods have been especially encouraging, and domestic manufacturing consumers are expanding their takings. The automotive industry was expected to have reached capacity by May 1; the building trade call is increasing, both for such items as flooring and trim; implement men are taking more hardwood, their own sales being over 40 per cent larger than a year ago, while an early enlargement in demand from the furniture industry is certain.

Have Dogs a Sixth Sense?

(Basil Tozer in the London "Daily Mail")

A friend of mine who lives in a third-floor flat overlooking a road on the outskirts of London has a terrier whose conduct tends to the belief that dogs possess some sixth sense of which we know nothing.

The windows of his flat are much too high above the floor for any dog to be able to see out of them. All day long a stream of motor and horse-drawn traffic passes along the road below the windows, and the dog pays not the slightest attention. But now and then a horse and cart goes by which, though apparently he can only hear it, stirs him into a paroxysm of fury which lasts until the cart is more out of hearing.

There may be some reason for his fury which we know nothing about, but how does the dog know, ever when the windows are shut, that particular cart is passing? For invariably it is the same horse and cart which has this effect upon him.

The same problem arises in the case of a dog of my own which lives in the front rooms of my house. At the back there is a garden which cannot be seen from the front; yet the moment a cat or dog comes in the garden my dog, in the front room knows that the strange cat dog is there, for he sets up a loud, angry barking which continues until he is let out, when he rushes into the garden to drive away the intruder.

How did he know?

Another friend of mine owns a bull dog. If anybody whom the dog does not know pushes a latchkey in the lock of the front door at any time of the day or night the dog's back instantly bristles and he prepares for attack with threatening growls. But if his master or anybody whom the dog does know pushes in the latchkey the animal's attitude is entirely different. Yet obviously the dog cannot tell by the sound of the key being pushed into the lock whether the person outside is a stranger or a friend.

It would be interesting if somebody could throw light on this mystery or advance some plausible theory to account for the singular power which dogs alone seem to possess of becoming aware of what is happening out of their sight.

FACTS ABOUT TEA SERIES—No. 8

The Consumption of Tea

Tea as a beverage is used in nearly every country in the world. It is estimated over 200 billion cups are consumed annually. Australia leads in tea drinking with an annual per capita consumption of about nine pounds, which means that every Australian consumes from six to eight cups of tea every day. The consumption per capita in England is 8½ lbs., and in Canada nearly 5 lbs. In the United States, it is less than 1 lb., but this is largely because Americans have not been able to get fine teas until comparatively recently. "SALADA" is considered one of the choicest blends on the market, and is the largest selling tea in either United States or Canada.

"SALADA"

Dr. D. R. Moore Of Stanley in Car Accident

Dr. and Mrs. D.R. Moore, Stanley had a narrow escape from injury on Wednesday morning when the closed car in which they were driving to Fredericton became ditched and

turned over on its side after slewing around in the opposite direction near the Dunbar Bridge, 13 miles from the city. Neither Dr. Moore nor Mrs. Moore who was driving at the time, sustained any injury beyond a bad shaking up. They were en route to Fredericton to catch the train for St. John's.

NEW BRUNSWICKERS AT ST. FRANCIS X.

Newcastle Student Wins in Chemistry.

At the commencement exercises of St. Francis Xavier University, Antigonish, N.S., Wednesday the Master of Arts degree was conferred upon Arthur Chaisson and Frederick Jennings both of St. John, and Miss Marguerite Michaud, Buctouche: all of whom were graduated from St. F.X. last year. Miss Marion Agnes O'Leary, Raymond S. McMurray, William J. Murphy, Gerard Francis Dalton all of St. John, and Gerard Chevretefs De Belleisle of Campbellton received the degree of Bachelor of Arts; Lionel A. McIntyre of St. John as awarded the bachelor of Science degree. The valedictory was delivered by Gerard C. Belleisle. Campbellton. Five prizes were won by New Brunswick students and another was equally merited and lost in the draw as follows: Highest aggregate in freshman year won by Arnold Burgess, Grand Falls Religion won by James Nugent, St. John; Chemistry won by W. A. Campbell, Newcastle; Science won in the draw as follows: Highest freshman religion, merited by Arnold Burgess, Grand Falls, N.B. and Vincent MacDonald, French Road, N.S. won by Vincent MacDonald.

GRAND FALLS PLAN LIKELY TO RECEIVE O. K. CONDITIONALLY

Washington, May 13—The United States members of the International Joint Waterways Commission will leave here tomorrow for the final hearing in Montreal Friday on the application of the New Brunswick Power Commission for permission to construct a great hydro electric power project at Grand Falls on the St. John River. Under permission of the commission to file briefs and statements, such briefs and statements have been filed by Attorney General Raymond Fellows for the State of Maine by the Government of the United States through the State Department by the Canadian National Railway and International Paper Company and Grand Falls Co. Ltd.

The State of Maine takes the position that it is anxious for development of the Saint John River but the development must be with due regard to full protection of property rights in Maine and assurance that Maine will get her share of the power. It is pointed out that the project will result in permanent raising of the water for at least 29 miles of the boundary Maine suggests conditional approval of the improvement with the understanding remedial or protective works are to be built. Recognition of present and vested rights is also demanded.

The United States Government asks the Commission not to approve the application for the project until it has made a full investigation.

The Canadian National Railways serve notice that they must be protected from any injury due to raising of water levels and the like. The International Paper Company and Grand Falls Company, through counsel, John W. Davis and George H. Montgomery point out that land held by these companies will be flooded. They insist that they be safeguarded against damage.

Belief here is that the project will be approved conditionally by the commission.

Operations to Be Made Safer By Propylene

The University of Toronto is fast laying claim to leadership in the world of medicine and surgery. The latest research work of its representatives touches a new phase in anaesthetics which promises to make surgical operations much more safe for the patient, as was demonstrated at the University, when Dr. W. Esson Brown submitted a test. Up to the present thylene has been regarded as the last word in anaesthetics, but the new gas propylene, it is claimed, gives promise of becoming a greater boon to humanity than did the previous discovery of Toronto men.

ST. JOHN BOARD OF TRADE PASS STRONG RESOLUTION

Passed by Council Saint John Board of Trade, 12th. May, 1925.

WHEREAS the Lumber Industry of New Brunswick now labors under acute depression which has already resulted in the number of operating concerns and thus deprived many workers of their normal source of livelihood; and

WHEREAS the economic importance of our Lumbering Industry is fundamental in the most literal sense, therefore, it follows that the adversity from which it now suffers is closely and most depressingly reflected, directly and indirectly, upon practically all other lines of business and thus upon the whole people of the Province:

THEREFORE BE IT RESOLVED that the Saint John Board of Trade do respectfully urge upon the Provincial Government the pronouncement of the above situation and express the sincere hope that thoughtful means toward all possible relief be taken without delay say, in the form of a reduction in the present Stumpage charge and the institution of a Scale basis more consistent with the present size of logs, so that the Lumber Operators of New Brunswick may, at least, be placed upon a more hopeful footing with their Quebec competitors in the markets of the United States. Further, that a copy of this resolution be sent to the Premier, the Honorable P.J. Veniot the Acting Minister of Lands and Mines, Hon. J.E. Hetherington and to each of the Saint John members of the local legislature. Also to the leading Boards of Trade and similar organizations, and to the principal newspapers throughout the Province.

To Gather At Camp Sussex June 16

It was announced at military headquarters last week that the following units will leave on June 16 for Camp Sussex where they will remain eight or nine days in training: Hussars, Dragoons, Carleton Light Infantry, York Regiment, North Shore Regiment and the New Brunswick Rangers are to attend. The Saint John Fusiliers will not go to Sussex this year as they have done for the past two years for their summer training. It is believed this unit will go to Red Head where they will go into training for a few days.

Good News For Rheumatic People

Now Known That This Trouble Must be Treated Through the Blood.

The most a rheumatic sufferer can hope for in rubbing something on the tender, aching joint is a little relief. No lotion or liniment ever did or ever can do more than this. The rheumatic poison is rooted in the blood. To get rid of it you must treat it through the blood. Any doctor will tell you that this is true. If you want something that will go right to the root of the trouble in the blood, take Dr. Williams' Pink Pills. The whole mission of this medicine is to purify and enrich the blood, and when they do this all blood troubles, including rheumatism, disappear. Among those who have proved the value of Dr. Williams' Pink Pills is Mrs. Annis Wright, Woolchester, Alta., who says: "I was a sufferer from rheumatism for six years, and during most of that time my life was one of misery. I tried several doctors, and many remedies recommended, but never got more than temporary relief. The trouble seemed to affect my whole system and I was badly run down and suffered from headaches as well. Finally I was advised to try Dr. Williams' Pink Pills, and through these I found complete relief and today I feel like a new person. I can therefore strongly recommend Dr. Williams' Pink Pills to anyone suffering as I did from this trouble."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Count of Noses in New York to be Made

New York, May 12—Thousands of enumerators, the majority of them women, will set forth on the first day of next month to take a count of the men, women and children resident in the State of New York, together with the facts relating to their age, race, occupation, citizenship etc. The census will be the first that has been taken in this State since 1920 and is expected to show a substantial increase in population.

The taking of the Empire State census is a task of huge proportions. It also involves great expense as is evidenced by the legislative appropriation of over one million dollars for the work. For the first time women will be largely employed as enumerators. It is expected that each enumerator will interview an average of 1,500 persons.

The first New York State census was completed in 1786, three years after the close of the Revolution. The results showed that there were at that time 238,897 persons in the State of New York—fewer than the number of inhabitants of many of the cities of today. There were a dozen counties in the State at that time. Now there are sixty-one. The census did not cover the western part of the state for that territory at the time was little more than a hunting ground for the Indians. Such flourishing cities of today as Rochester, Syracuse, and Buffalo did not exist. The census did not take count of the Indian resident but did include "negro slaves", of whom the figures showed there were 9,500 males and 9,300 women.

HAVE YOU TASTED THE NEW IMPROVED "G.B." COATING?

DO YOU know that it has taken Ganong Bros. over fifty years to perfect the NEW IMPROVED "G.B." coating that seals their exquisite centres? SAME OLD STORY

All this talk as to whether or not the youngsters of today compare favorably with former generations leads nowhere. Every generation sings a swan song for the succeeding ones. Girls and boys of today are out to investigate life and the thing to do is to see to it that they accumulate the right knowledge. More effective work can be done with them directly than with the parents.

Mother was not confronted with the problem that confronts girls today and the modern girl makes a study of life and the education that society gives her is the knowledge that molds her opinions.

Modern boys and girls will be wild and it is no use to rail against them. Boys and girls have always been more or less wild and will probably continue so through all time. It's the same old story.

Many young persons refer to their parents as "back numbers" and even "old fogies" and sometimes there is justification for the epithets. Since the parent and child are so far apart on their viewpoints, the best thing to do is to give the boy or girl sufficient knowledge that they will be chaperons to themselves. That is a community duty.

The environment of the home counts for a good deal. But just consider what a small part of their time boys and girls spend at home. And, frequently, it is the community, not the home, that establishes the codes of behavior.

Boys and girls must be developed to meet new and present-day conditions. Life is not a mere fact of being but a process of becoming and this the older folk must recognize.

MEETING OF GRAND DIVISION S. OF T

This organization will meet in the School Room of the Methodist Church on Monday May 25th at 3 o'clock. In connection with this a Temperance Mass Meeting will be held in St. James Church on Sunday evening May 24th at 8.15 o'clock. Rev. Thos. Marshall Secretary of The Temperance Alliance and a veteran Temperance worker, will be the principal speaker. The Grand Worthy Patriarch C. L. Taylor of Notre Dame will preside. The male choir of the Methodist Church will sing several selections. An offering will be taken at this meeting in aid of the Alliance work.

SCHOOL TAX BOOKS

Newcastle Athletics
A Live Issue

A meeting of the Newcastle Amateur Athletic Association was held last Wednesday evening in the Town Hall with the President, Mayor John Russell in the chair. In the absence of the Secretary Major A. L. Barry, Alo' D. S. Creaghan was appointed Secretary pro-tem.

Ald W. F. Smallwood reported for the Field Committee that considerable work had already been done on the diamond, which was now in fairly good condition for practicing but there was yet some more work to be done and the committee would have same done as quickly as possible.

On the arrival of the Secretary, the minutes of the last meeting were read and confirmed. The Secretary presented a bill from Messrs C M Dickison & Sons for \$1.75 for goods purchased by the ball players last season, on motion same was assumed by the N. A. A. The Secretary also reported that he had purchased a record book from Messrs Weldon & Co the price of which was \$2.50 and on motion the bill was passed and ordered paid.

Ald. W F Smallwood, Chairman of the Soliciting Committee reported that he had disposed of 22 membership cards, but did not know how the others had succeeded as returns had not yet been made.

Ald. D S Creaghan, as one of the Finance Com. stated that this committee had not yet met, but before calling the committee together he would like to have explained to him the duties of such a committee so he could advise the members when the committee met. The question of the duties of the several committees elicited much discussion from many of the members of the association.

The Chairman of the Soliciting Com. was given power to add to their number and the Amusement Com. was given an extension of time to present the report.

Wm. Ferguson manager of the Baseball Com. reported that the ball players were now hard at work practicing and the com. were engaged in making tests of the several players, so that the roster of the team could be completed. He also reported that the Com. had undertaken some advertising in connection with the motion picture to be shown at the Opera House on May 22nd and 23rd as no other com. apparently was showing any interest in the matter, but at the same time he felt that it was the duty of either the Amusement Com. or the Finance Com. to look into this work. Mr G.G. Stothart then told the meeting what steps he had taken in connection with the motion picture and again the duties of the several committees was the topic of discussion. Wm. Ferguson reported that the Vice President of the Miramichi Baseball League, Mr. Watling of Chatham had promised

to forward by mail, registration cards for the ball players but as yet same had not been received and consequently it would be impossible to submit to the M. B. League meeting on May 15th the roster of the Newcastle players.

The meeting authorized the manager of the Baseball team to order all necessary supplies and all bills in connection with baseball must be O. K'd. by him before paid by the Treasurer and President.

Mr. D. P. Doyle moved that the President appoint a committee of three to draw up a set of by-laws to govern the association, and Messrs. D. S. Creaghan, Wm. Ferguson and G. G. Stothart were appointed. Messrs. Stothart and Ferguson refused to act as they had about all the work they could attend to and the President then appointed Messrs Stewart Demers and B. Green in their stead.

It was moved, seconded and carried that all monies now on hand be paid over to the Treasurer of the Association. Mr. C. P. McCabe, until the by-laws were drawn up, and the President and Treasurer of the Association were authorized to sign all cheques for with draws. Mr. W. F Smallwood was elected Vice President of the Association. The Finance Com. was authorized to take in hand the matter of the motion picture and the Publicity Committee were requested to give the picture all the publicity they possibly could.

Mr. W. F. Smallwood suggested the advisability of holding a field day in Newcastle on July 1st, Dominion Day and this subject was also spoken on by Messrs D. S. Creaghan, A. L. Barry and Edward Dalton, but the matter was finally left over for a future meeting.

Mr. D. S. Creaghan brought to the attention of the association the great need of a suitable sink for Newcastle and stated that subscriptions for stock were now being sought and he hoped that all members who possibly could would assist in making the building of a new rink in Newcastle a certainty. Mr. Creaghan said that \$10,000 would be needed to build the contemplated structure but if the committee had the assurance of \$ or 7000 dollars, he felt a start would be made, but up to the present only \$3500 had been subscribed. On motion the meeting adjourned to meet again on Wednesday, May 20th at 8 o'clock.

ST. LUKE'S CHURCH
The Men's Choir of the Newcastle Methodist Church drew a large congregation to St. Luke's Church, on Sunday evening, where they sang special music with Miss Bessie Crocker presiding at the organ.

WITH THE BOY SCOUTS

SCOUT NOTES

The Boys Scouts met Thursday at the Temperance Hall. The programme was prepared by the owl patrol. The opening was conducted by the S. M. after which the Rev. A. W. Brown gave a very interesting address on London England. This was followed by a three round boxing match, after which the troop played games for the rest of the evening. The troop then adjourned to meet May 22nd.

Thoughtful Mothers GIVE THEIR CHILDREN **SCOTT'S EMULSION** OF VITAMIN-RICH COD-LIVER OIL EVERY DAY

Free Text Book For Public Schools

While the Act, providing for free school books in New Brunswick does not come into effect until July 1st, the beginning of the next school year preparations are now under way for the initial distribution of texts which will be required for the fall term of the school year of 1925-26. Circulars are being prepared for the teachers of the various schools throughout the province which set forth the provisions of the Act and which will be distributed at an early date.

Teachers of the various grades for which free texts books are to be provided, up to and including Grade 5 of the graded schools and the corresponding standard in ungraded schools, will be required to furnish the department with an estimate of the quantities which will be required based on the changes which will occur at the end of the present school year and the advancement of scholars from one grade to the next.

These returns will be filed with the school book department for its information in handling free texts.

PERSONALS

Mrs. John Russell is visiting relatives in Fredericton.

Mayor John Russell was in Moncton yesterday on business.

Mr. Holly Lounsbury of Moncton was a visitor to town on Thursday. Miss Campbell, of Montreal is renewing acquaintances in Newcastle this week.

Mr. Caesar Coudsi of Montreal spent last week the guest of his brother Mr. George Coudsi.

Mr. Abram Bell of Boston, Mass. spent last week the guest of Mr. and Mrs. G. G. Stothart.

Mr. H. A. Powell, K. C. of St. John was a visitor to town yesterday on legal business.

Mrs. W. A. Park has returned from Toronto and will spend the summer at her home here.

Mrs. C. L. McLeod, of Amherst N. S. was the guest last week of Mr. and Mrs. G. G. Stothart.

Mr. A. Archer of Moncton was in town several days of last week demonstrating a "McLaughlin" Coach.

Mr. and Mrs. Stewart Stables are receiving congratulations on the arrival of a son at the Miramichi Hospital on Friday.

Mr. and Mrs. R. T. D. Aitken and daughter of Montreal, arrived in town on Saturday to spend a few week's vacation.

Mrs. A. H. Mackay returned Saturday from Vancouver B. C. where she spent the past seven months. She was accompanied from Toronto by Mr. Mackay.

Mr and Mrs. A. L. Flett of South Nelson, are receiving congratulations on the arrival of a daughter at the Miramichi Hospital on Monday morning.

WEDDINGS

LOGALLEY-GILTZ

A quiet wedding was solemnized at the Baptist parsonage, Newcastle on Wednesday evening when Rev. F. H. Bishop united in marriage Miss Edith Giltz, daughter of Mr. and Mrs. Edward Giltz of South Esk. and John LeGalley, son of Mr. and Mrs. Philip LeGalley of Newcastle.

OBITUARY

GEORGE ALEXANDER FLETT

The Miramichi loses another of her valued citizens in the death of George Alexander Flett, which occurred at his home South Nelson Road on Wednesday morning, following an illness which extended over two years. Deceased who was 70 years of age, was very well and favourably known, being manager of the Brickworks at Nelson. He was born and resided all his lifetime at South Nelson Road, and his passing will be deeply regretted by a large circle of friends.

Deceased is survived by his wife formerly Miss Evelyn J. Morrison of Chatham, two sons, Andrew L. Collector of Customs at Newcastle and Medley L. C. P. R. despatcher at Kenora, Ont., and one daughter Mrs. R. T. Pike of Greenbush, Sask. to whom sincere sympathy is extended. The funeral was held Friday after and one sister, Allan and Robinson Flett of Nelson, Lambert of Millerton and Miss Annie Flett of Nelson.

The funeral was held Friday afternoon at 2.30 o'clock. Interment in Riverside Cemetery, Chatham.

NATIONAL HOSPITAL DAY AT MIRAMICHI HOSPITAL

Hospital Day (May 12), was well observed in Newcastle, the public taking the advantage of being shown through the hospital and Nurses' home. The hospital being open from 2.30 until 5.30 o'clock in the afternoon. The guests were received in the foyer of the hospital by the executive, by the Miramichi Hospital Aid, Mrs. C. Hubbard, Mrs. W. F. Copp and Mrs. W. J. Bate. They then were shown through the hospital and nurses' home by nurses and then directed to the dining room of the nurses' home where tea was served by members of the Aid.

A delightful musical programme was well carried out. The programme was: Indian Love Song (Pale Moon), Miss Elizabeth Nicholson; reading, Maud Muller, Mrs. Waldo Crocker; solo, Lads and Daffodils, Miss Bertha Ferguson; soprano and alto duet, Where My Caravan Has Rested, Miss Ball and Miss B. Crocker; solo, The Twilight Hour, D. J. Gulliver.

The orchestra under the direction of Avar Carter, composed of violins, Mr. Carter, Mrs. Codner, cello Mrs. Dalton; cornet, Mr. Chambers; piano, Leland Sproul.

The Hospital and Nurses' Home were beautifully decorated and the main feature being the opening of the Children's Ward which had been furnished by Mr. R. Corry Clark in memory of late W. A. Park; also one of the nurses' rooms furnished by the Whiteville Auxiliaries. The Miramichi Hospital Aid now has fourteen auxiliaries and all doing great work. Chatham Auxiliary keeps up the Baby Room and Emergency Room.

About three hundred visitors took advantage of the visiting day.

Miramichi Ball League Already For Season

and from July 1st to the end of the season, 5 innings and no more are to be played at all games. In consideration that enough funds were in the M.B.B.L. treasury, the customary fee of \$5 from each team was dispensed with for this year.

The following were appointed official scorers for this season:—

Chatham—Hubert Martin and Gordon Archibald
Newcastle—Howard Underhill
Loggieville—Vincent Flaherty
Nelson—Harvey Thompson

The following rosters of eligible players for each team was passed and no other players to be played by any of the teams without the sanction to do so is received from the executive

Members of Nelson Team
Bert Coughlan, Allan Briggs, Chas Coughlan, Jack Jenkins, Emerson Archibald, Hubert Craik, Harold King, Chas. King, Fred Ward, Harvey Thompson, Douglas Thompson
Wm. Sullivan, Bert Fitzpatrick, Amrose Gardiner, Stanley Richardson and O'Brien Monahan

Members of Loggieville Team
Robt. Fraser, M. Landry, W. Stewart, H. Curry, W. Burke, H. Jenkins, M. Harper, C. Redmond, A. Paulin, C. Johnston, V. Flaherty, J. Malley, K. Edge, R. Whalen, B. Harriman, B. McInerney, F. McKay; C. McDonald, M. Dickson and J. Trevors.

Members of Chatham Team
M. Moar, J. Currie, H. Jardine, W. Jardine, T. May, R. Keoughan, A. Simpson, H. Martin, V. McBride, A. Veno, P. Johstone, G. Moar, F. Britt, W. Ross, H. Webb, N. Dickens, V. Moar, J. Mills, A. Johnstone, D. Hanley, C. Doyle, W. Watling and M. Dower

Members of Newcastle Team
Gordon McKenzie, Harry Graham, Reggie Dalton, Cecil Murray, Douglas Gough, Jack Keating, Willis Murray, Roy McWilliam, Percy Graham, Rod McCabe, Cleo Demers, C. Somers, Clive Lindon, James Sargeant, A. McMurray, Jas. Fallon, Graham McKnight, Jack Dutcher, Chas. McCallum, Chester Murray, Chas. Morris and Lester Jeffrey

SIDEWALK NEEDS ATTENTION

Several complaints have come to this office about the dangerous condition of the sidewalk on Jane St. between the Kings Highway and Pleasant Street. It appears that there is a large hole in the sidewalk which is marked by a plank stuck up in the hole, and at night it is especially dangerous as pedestrians are liable to run into this plank before seeing it. In fact the entire sidewalk in this locality is in a bad shape and the residents feel that the Public Works Committee should take immediate steps to place the walk in a safe and passable condition.

Baseball Guide For Canada Out

Spalding's Official Book Edited by Champlain Provender.

The 1925 edition of the Spalding Official Baseball Guide, Canadian Edition is just out, and is again edited by that indefatigable impresario of amateur athletic activities, Champlain Provender of Montreal. The Guide is published by the Canadian Sports Publishing Company of Montreal.

Besides the official Playing Rules, the Guide contains noteworthy incidents of the season of 1924, the results of the various league champion-

ships held in all the Provinces in the Dominion. Graphic illustrations of Canadian players are interspersed throughout the pages and add entertainment to the volume.

The official Rules of the Game are explained by John B. Foster, prominent sporting writer of the United States, the clearest exposition of the technicalities of baseball published anywhere. In the same book are the Knotty Problems only a few of them compared with the total answered in 1923, but enough to help out anyone who is seeking the solution of a vexing question that has arisen. Everybody interested in the game should have a copy of this, the best baseball guide ever published in Canada.

MR. BALDWIN SET GOOD EXAMPLE THAT WAS NOT FOLLOWED

Gave One-fifth of His Estate to Relieve Financial Burden on the Country in 1919—Expected Wealthy Class Would Follow Suit—Revelation of His Action Just Made Public.

That Prime Minister Baldwin gave a fifth of his fortune to the nation at a time when its financial needs were urgent is revealed by Wickham Steed in an article in the Review of Reviews.

On June 24, 1919, there appeared in the London Times a letter, signed "F. S. T.," wherein the writer dwelt upon the country's exhaustion following upon the sacrifices of the war, and the danger that, by a natural reaction, all classes might be submerged by a wave of extravagance and materialism. The nation must be made to understand the gravity of the financial situation, he said, and that love of country was better than love of money. This could be done by an example set by the wealthy classes, and "F. S. T." suggested that they should impose upon themselves a voluntary levy. By his means, he thought, it would be possible to pay to the exchequer such a sum as would save 50,000,000 £. yearly for the taxpayer. He continued:

"I have been considering his matter for nearly two years, but my mind moves slowly. I dislike publicity and

I hoped someone else might lead the way. I have made as accurate an estimate as I am able of the value of my own estate and arrived at a total of about 580,000 £. I decided to realize 20 per cent of that amount, or say 120,000, which will purchase 150,000 of the new war loan, and present it to the government for cancellation.

"I give this portion of my estate as a thank offering in the firm conviction that never again shall we have such a chance of giving to our country that form of help which is so vital at the present time."

Mr. Baldwin, was financial secretary to the treasury at this time, and the initials "F. S. T." led a few keen eyed individuals to detect the identity of the writer. On November 13, 1919, the Chancellor announced the receipt of 150,000 £. of the war loan from "F. S. T." for cancellation.

Mr. Baldwin's belief that his example would be followed generally by other wealthy people was not, however, vindicated. The treasury received only 500,000 of the war loan in all cancellation.

DETAILS OF SOLDIER LAND SETTLEMENT

According to the latest report the number of returned soldiers established on the land in Canada under the aegis of the Soldier Settlement Board is 30,644 of whom 24,148 have been granted loans to assist them in carrying on their operations. The remainder, settlers under soldier grant entry on free Dominion lands, are without loans. The sum of \$103,150,000 has been disbursed in loans. Of the 24,148 settlers who have received loans 4,229 are on free Dominion lands; 2,463 on privately owned lands; and 17,456 on purchased lands.

The total acreage occupied by returned soldier settlers is 5,758,879 acres. Of this 2,103,447 acres are in Alberta; 1,954,302 acres in Saskatchewan; 1,008,286 acres in Manitoba; 287,267 acres in British Columbia; 175,970 acres in Ontario; 90,628 acres in New Brunswick; 54,36 acres in Quebec; 62,073 acres in Nova Scotia and 32,330 acres in Prince Edward Island. Thus approximately 88 per cent of the land settled by returned Canadian soldiers has been in the Prairie Provinces.

Taking the scheme on the whole, its operation must be considered a success apart from the fact that it adequately solved the problem of the rehabilitation into civil life of a substantial part of Canada's overseas army. Certainly soldier settlers buying at the peak of war prices, have suffered heavily in the deflation but this was inevitable, and not even to be avoided in the circumstances had it been possible to forecast conditions. It rather strengthens the status of Canada's soldier farmers at the present times.

Though repayments extend over 20 years, 727 soldier settlers have repaid their loans in full. The total number of abandonments has been 5,203 of which 1,863 have been turned over to other settlers, soldier or civilian.

It is estimated that since the inception of the scheme 780,298 acres have been broken on farms occupied by soldier settlers. The value of the livestock on these farms in 1923 was placed at \$11,305,033, or \$634.75 per settler. Though reports were received from only about 18,600 farms, it is estimated that crop production in 1923 was worth \$12,705,132; in 1922, \$15,966,202; and in 1923, \$13,882,455. This is certainly a worthwhile addition to Canada's agricultural revenue.

In 1924 the Soldier Settlement Board was transferred to the Department of Immigration and Colonization, the move signifying in a way that the purpose for which created has been accomplished. The Board should continue to function as ably and valuably in its new sphere as, in fact, has already been proven in the satisfactory assimilation of the Hebridean settlers. Much valuable experience has been gained by the Board's staff and a perfected settlement machine organized. This will be utilized to wider scope in the future, embracing in its operations the settlement of all kinds of farming settlers. A worthy commencement will be made with the three thousand families which are to come to Canada from Great Britain under the Empire Act Settlement.

**HER NERVES
BETTER NOW**

Received Much Benefit by
Taking Lydia E. Pinkham's
Vegetable Compound

Chatham, Ontario.—"I started to get
weak after my second child was born,
and kept on getting
worse until I could
not do my own house-
work and was so bad
with my nerves that
I was afraid to stay
alone at any time. I
had a girl working
for me a whole year
before I was able to
do my washing again.
Through a friend I
learned of Lydia E.
Pinkham's Vegeta-
ble Compound and took four bottles of
it. I gave birth to a baby boy the 4th
day of September, 1922. I am still doing
my own work and washing. Of course,
I don't feel well every day because I
don't get my rest as the baby is so cross.
But when I get my rest I feel fine. I
am still taking the Vegetable Compound
and am going to keep on with it
until cured. My nerves are a lot better
since taking it. I can stay alone day or
night and not be the least frightened.
You can use this letter as a testimonial
and I will answer letters from women
asking about the Vegetable Compound."
—Mrs. CHARLES CARSON, 27 Forsyth
Street, Chatham, Ontario.
Mrs. Carson is willing to write to any
girl or woman suffering from female
troubles.

**BIG IRISH INFLUX
IS EXPECTED**

Vanguard of Farmers Has
Arrived and Many May Fol-
low, Says C. P. R.

Canadian immigration author-
ities believe that more new set-
tlers will come to the Dominion
from Ireland this year than at
any time since the war, says a Car-
nadian Pacific Railway bulletin.
This is due partly to efforts now
being exerted in the Irish Free
State to make the possibilities in
Canada better known and partly
to the restrictions in the Ameri-
can immigration laws, shutting
out many who would come to
this country, for so many years
the land of hope and possibility
for the Irish people. The bulletin
states:

"Since the war emigration to
Canada from Ireland has been as
follows: 1918-1919, 336; 1919-
20, 2,751; 1920-21, 6,384; 1921-22,
3,527; 1922-23, 3,668; 1923-24, 9
719. In the calendar year 1924
entrants to the Dominion from
the Irish Free State numbered 10,
760 showing a record for the post-
war period. It is confidently ex-
pected that the movement will be
substantially heavier this year.

The most gratifying feature of
this movement is that it is highly
agricultural, more than 40 per-
cent of Irish entering Canada
last year being described in the
records as of the farming class.

In the anticipation of a stimu-
lated emigration from Ireland an
organization has taken place in
Canada to facilitate the move-
ment to effect the most satisfac-
tory reception of immigrants, to
arrange for their distribution, and
settlement, and maintain a super-
vision over their early efforts. The
Irish Protestant Benevolent So-
ciety is taking a keen interest in
immigration and is expanding its
efforts in Ireland.

"In the belief that in nearly
every parish in Ireland a few peo-
ple could be found whose best
interests would be served by a
transfer to Western Canada, the
Archbishop dispatched a priest,
experienced in Western Canadian
rural conditions to Ireland. His
object was to secure young men
and grown up families of the
farming class, dissatisfied with
their conditions for Alber-
tans as well as young women
for domestic service. In the lat-
ter part of 1924 he sailed person-
ally conducting a party composed
of one hundred immigrants from
the north of Ireland and forty
from the South who were put di-
rectly in touch with the Archbis-
hop's organization. The first
party to arrive in 1925 under this
aegis consisted of eighty persons,
who are now established in var-
ious rural communities in Alberta.
"The organization of the Alberta
arch-diocese is a very efficient one
arguing well for the future of
Irish immigration to that Province.
Immediately upon arrival the
men are placed at work with far-
mers at wages, while no difficulty
is experienced in securing posi-
tions for young women in domestic
service. The idea is that these
newcomers should be given a
thorough training in Western
Canadian agricultural methods so
that as soon as practicable they
may govern land of their own, in
which step they will be further
aided by Archbishop O'Leary's
organization. A mere commence-
ment has as yet been made in this
scheme, which promises in time to
spread Irish rural communities
over Western Canada's expanse.

"The number of persons of Irish
birth in Canada at the last census
was 93,301. Of these the greatest
were found in Ontario where there
are 45,251. Nova Scotia had 11,133
followed by British Columbia
with 10,823 and Manitoba with
10,776. There were 9,435 in Quebec
1,574 in Alberta, 6,897 in Saskat-
chewan, 6,425 in New Brunswick,
146 in Prince Edward Island and
52 in the Northwest Territories.

**PUBLIC BUILDING
AT EDMUNDSTON**

Five St. John contractors will
take part in the erection of a \$60,
000 building, now under construction
in Edmundston, Madawaska
Co., for the Federal government.

The building, which was started
about three weeks ago and which
will not be completed until this
fall, is a combination post office
and customs' house, and is situat-
ed at the corner of Church street
and Canada Road, with entrances
on both streets.

John Flood & Sons, Ltd., were
the successful tenderers for the
contract and are undertaking the
mason work, while the sub-con-
tractors, all local firms, are:
Plumbing and heating, Byrne &
McGeouch; electrical work, Dris-
coll & Mackie; sheet metal work,
J. E. Wilson, Ltd., and structural
steel work, Estey & Co.

The building will have a front-
age of 80 and 50 feet on the respect-
ive streets, and will be two stories
high, with a basement below street
level. It will be constructed of
brick, with stone trimmings, and
its completed appearance will
greatly resemble the Observatory
on Douglas Avenue, as it will
have a similar clock tower. The
bricks are coming from Quebec,
while the freestone and granite
that will be used for trimmings
are being obtained from Nova
Scotia and upon Island, N. B.
respectively.

The first floor of the structure
will be divided into two parts, one
of which will house the customs'
house departments, and the other
will be for the post office. The
second floor will contain living
quarters for the caretaker and
several offices, lavatories, etc.

The structure will be known as
the "Edmundston public build-
ing."

**FLAGS IN CANADA
AN ATTRACTIVE
BOOKLET**

An attractive little blue-bound book-
let entitled "Flags in Canada," has just
been received, and it is, we believe,
the first of its kind to be published in Can-
ada.

The Canadian Coat of Arms is illus-
trated in color, and there is a short essay
on it by Commodore Walter Hose, O.F.
E., R.C.N., Director of the Naval Ser-
vice.

The Canadian National flags are also
shown in color, and there is some twenty
pages devoted to "The Correct Display
of Bunting in Canada—Ashore and a-
float." This section was planned by
Lieut. Col. LeGrand Reed and it was
published in part in "The Sailor,"
some time ago; as a result of some
suggestions offered by Lieut. John H.
Kimball, R.N. V. R. of St. John, he was
asked to collaborate in the production
of this section of the booklet, and it appears
as their joint effort. There are twelve
sketches of flagpoles ashore and of sail
and power yachts afloat, showing the
proper positions in which the various
flags should be flown, and beneath each
of these there is reading matter (sub-di-
vided into lettered paragraphs) telling of
the flag appropriate to each head peak
yardarm and staff.

The booklet is well printed with clear
type on a good quality of paper, and it is
of interest and value to everyone who has
a boat afloat or a flagpole ashore, for
anyone who is interested in the use and
usages of flags.

ASPIRIN

Say "Bayer" - Insist!
Unless you see the "Bayer
Cross" on tablets you are not
getting the genuine Bayer prod-
uct proved safe by millions and

TAG DAY
The Salvation Army will hold a Tag Day on Saturday, May 23rd.

MARCH POSTPONED
On account of the rain on Sunday the I. O. O. F. march to the Methodist Church, Derby was postponed until next Sunday evening.

SUNDAY SCHOOL REPORTS
The yearly report of the Methodist Church Sunday Schools at Derby and the English Settlement show an increase over any previous year. The superintendents are Mrs. George Parker and W. Kiah Copp.

PAPER MILL FOR N. B.
Mr. Archibald Fraser, of the Fraser Companies Ltd. said in Montreal on Friday, that it was the intention of his Company to construct a newsprint paper mill in the province, but the project was dependent on an adequate supply of power.

THE ANTI-UNIONISTS NOMINATE REV. E. SCOTT
The Advisory Committee of the Presbyterian Church Association announces that Rev. E. Scott, D.D. Montreal has been nominated as Moderator of the continuing Presbyterian Church, which will meet in Toronto on June 10th.

UNDERWENT OPERATION
The many friends of Mrs. Annie Cool, Y.M.C.A. Travelers' Aid of Moncton will be pleased to learn that she is as well as can be expected following an operation for appendicitis performed in the Moncton Hospital.

DOING GOOD WORK
The creosoting plant at Newcastle is working to the entire satisfaction of Chief Tie Inspector Stewart of Moncton who was at the plant last week making tests of the work. He found the penetration on the various samples examined to more than meet his expectations. There are about 500,000 ties on hand to be treated.

NO CAUSE FOR ALARM
Uncle Henry Braithwaite the veteran guide and woodsman does not anticipate that there will be any shortage of partridge this year because of the late spring. He says that nature usually provides for the safeguarding of the young of the partridge. As a rule they do not begin hatching until after June sets in, so that the chilly weather of the present month will really make little difference with them.

GOOD CLEAN SPORT
The newly organized Newcastle Amateur Athletic Association is determined to make a success of their organization. They are out for good clean sport in the town of Newcastle, and they deserve the support of every right-minded person. By encouraging good clean sport in the town of Newcastle it is a good help to the growing generation of boys, who are taught the value of clean play and of being square. Newcastle has always done fairly well in athletics but athletics here have never been properly organized in the way that they should be. It is the aim of the Newcastle Amateur Athletic Association to put Newcastle on the map even stronger than it ever has been in the past and it is hoped that the association will receive the general support it merits from the citizens in general.

NIGHT POLICEMAN ON DUTY.
The citizens are pleased to see Night Policeman Thos. Hill once more in uniform and doing duty as usual, after his recent painful accident.

NOT EFFECTIVE TILL JULY 1ST
The Canadian Manufacturers Ass. has received information from Ottawa that the new regulations introduced in the House of Commons providing for the abolition of war duty excise stamp on cheques of \$5.00 or less will not become effective until July 1st.

GOLF CLUB INCORPORATED
The Miramichi Golf Club Ltd., Bushville, Northumberland County incorporating J. W. Brankley of Chatham, R. Corry Clark of Newcastle and J. Leonard O'Brien of the Parish of Nelson, Northumberland County with an authorized capital stock of \$9,975 has been gazetted.

APPOINTED INSPECTORS
Two new Prohibition inspectors have been appointed, Mark Sutherland and Edward Walsh. Walsh is an ex-policeman of Newcastle. This makes four for the county, three stationed at Newcastle and one at Chatham. It is understood the two new men are to do the work of the county.

SPOKE IN CHATHAM
A.M. Belong of St. John addressed a public meeting under the auspices of the Chatham Board of Trade on Thursday evening. Mr. Belong discussed the relations between the Maritime Provinces and the rest of the Dominion. The meeting was largely attended and Mr. Belong's address was much appreciated. The following members of the Newcastle Board of Trade attended the meeting, Mayor Russell, D.P. Doyle and Wm. Ferguson.

MOTHER'S DAY OBSERVED
Sunday, Mother's Day was observed as such in the Church at the English Settlement and at Derby. The pastor preached on the words "Behold Thy Mother". As befitting such an important text the sermons were very inspiring and eloquent and gratitude to our mothers for the kindness rendered was the keynote in the discourses. On Sunday 17th Mother's Day services will be held at Cochransville and at Williamstown.

EASTERN SHIP LINES
The spring schedule of the Eastern Steamship Lines, International service Boston to St. John, N. B. goes into effect Monday, May 18, with the sailing of the Steamship "Gov Dingley" from Central Wharf, Boston Monday and Friday at 10 a. m. daylight saving time, for Eastport, Lunenburg and St. John. The steamer is due in St. John in time to make connections with New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland ports.

NELSON DIVISION S. O. T.
On Monday evening the Nelson Division No. 99 of the Sons of Temperance met in their hall at Millerton. The W. P., Rev. Mr. Brodie presiding. After the opening exercises the D.G.W.P. Bro. John Betts installed Bro. O. Yoe as Treasurer, Bro. E. Bryenton acting as Grand conductor. Under the order the W.P. gave the first lessons to the brothers in first aid and to the sisters in home nursing. At the conclusion of the course it is hoped that a doctor will examine the members of the division in same. The D.G.W.P. is obtaining a play for the division which will be given in Millerton. It is expected that a good number of the members will attend the "Grand division" which meets in Newcastle on May 25th.

CARD OF THANKS

"Life's Greatest Game"

With Johnnie Walker and a brilliant cast
OPERA HOUSE
Friday and Saturday May 22nd. & 23rd.
In Aid of the Newcastle Baseball Association

Separated from her husband by the terrific Titanic disaster---struggling on alone to support her beloved son---sending him through college, and then learning that he has turned to professional baseball, a sport she believes is responsible for the loss of her mate---hearing the cheers of hundreds of thousands of hero-worshippers as her son comes back after world's series triumphs to the obscure boarding house where she lives---and her mother-heart is breaking! And this is but a cross section of this mighty document!

A Spinning Kaleidoscope Of Life!

Man oh man! What thrills! The fight to save the honor of the game! A mother's heart shattered by bitter blows of Fate! The mighty Titanic, proud Mistress of the Seas---plunging to its doom upon the hidden ledges of an iceberg! The courage of shipwrecked souls! The New York Giants and Yankees locked in the death-grip of a great World's Series struggle while sport-mad mobs go wild in the ecstasy of the moment! And against this massive and vividly colorful background is pictured in the most dramatic--the most human story ever told!

Story by Emilie Johnson
