FIREMAN KILLED AT BROOKLIN SIDING

Body of W. C. Jones Found on Railway Track at Noon Yesterday.

Special to The Toronto World. WHITBY, April 21.—W. C. Jones, of Lindsay, a G.T.R. fireman, was killed in the yards near Brooklin Siding, at noon today. He was working on the G.T.R. train due here from Lindsay at 1.30 p.m., which stopped at Brooklin in order to shunt. Engineer Wilkins, who was in charge of the engine, did not miss the fireman until he discovered the body lying across the track and almost out in two, after the shunting operations had been completed. Coroner Dr. C. F. McGillivray hastily summoned a jury and opened an inquest at the scene of the accident shortly after it occurred. No one had seen the fireman fall from the train.

Just Suits My Needs Building Up the System This is the Way Thousands of Women Are Speaking of Dr. Chase's Nerve Food.

"I want to state that I have never taken anything to do me so much good as Dr. Chase's Nerve Food," writes Mrs. Edson Brock, Trenholmville, Que., "and I am never without it in the house. I was so nervous I could not sleep, but now I sleep soundly at night and wake up feeling refreshed and ready for the day's work. I used the Nerve Food for months and found that it just suits my needs and has built up the system wonderfully. I know it is Dr. Chase's Nerve Food that has brought about the great change in my condition, and am thankful for it. My husband was a great sufferer from itching piles and has been entirely cured by Dr. Chase's Ointment." We are constantly receiving letters like this in regard to Dr. Chase's Nerve Food. Everywhere it is being used because of its great restorative and reconstructive influence on the nervous system. Men and women who are run

down in health, tired, nervous and discouraged find in this great food cure the means of nourishing the exhausted system to health and vigor. Headaches, dizziness, sleeplessness, nervous irritability, lack of energy and vigor—all tell of nervous exhaustion and indicate the need of such treatment as Dr. Chase's Nerve Food. Instead of affording mere temporary relief by stimulating the nerves, Dr. Chase's Nerve Food builds up the system by supplying the ingredients from which nature forms new rich blood and revitalizes the wasted nervous system. Put Dr. Chase's Nerve Food to the test when you are feeling tired and discouraged fill the body with new rich blood and new nerve force and you will realize again the joy of good health. 50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

N. UNION STATION ARCHITECTS CHOSEN

Darling and Pearson Will Design Depot on North Yonge Street.

Darling & Pearson, the well-known architects of this city, have been retained by the C.P.R. to prepare the plans for the new Union Station at North Toronto. A member of the firm was on the ground yesterday taking measurements preparatory to drafting the plans for the railway company. The excavation at present being done on the east side of Yonge street at the trucks will serve as the baggage rooms of the new depot, which will be a modern and handsome building, and in accordance with the rapid development of the northern part of the city. The new station will, it is understood, cost in the neighborhood of \$800,000, the actual date of construction has not so far been definitely stated.

ARRANGES TO OPEN AERO SCHOOL HERE

J. A. D. MacCurdy Receives Hundred Applications to Attend Toronto Courses. OTTAWA, April 21.—J. A. D. MacCurdy, the Canadian aviator, who with Captain Jannet, is to direct the military aviation school in Toronto, was here today conferring with officers of the naval service, thru which recruits will be enlisted. The work is to start at once, and there are over 100 applicants so far. Mr. MacCurdy will carry out the instructional work for the operation of both aeroplanes and hydroplanes by the British Aero Club, under whose direction the school is to be conducted. To issue certificates of qualification. Applicants for enrollment must not exceed 30 years of age, and must pass a rigid medical examination, and be of British descent. Between 19 and 23 years is the favored age.

SENATE ABOLITION TO BE MAIN ISSUE Oligarchy That Never Represented People, Says Mayor Church.
SCARLETT PLAINS SCHOOL QUESTION Dispute Regarding Division of Sections in Mount Dennis District.
APPEAL TO COUNCIL Committee Appointed to Uphold "Plains" Side of the Case.

While the action of the city council on Monday, in complying with the request of the C. P. R. for the substitution of a 4 1/2 instead of a 2 1/2 per cent. grade in the subway, is regarded as final, there is now a very strong feeling that the change of depth from 18 to 16 feet in the subway would, in view of the altered conditions, be a wise move. Within the last day or two the demand for a shallower subway has become more insistent, especially now that the time for action, if any is taken, is rapidly growing less. Mr. E. R. are known now to be willing for any course, the added costs in any event below the original depth of 18 feet being borne by the city. A large number of engineers has been given to the movement for reduction of depth by the fact that one of the best known railway engineers in the city stated a day or two ago that a saving to the city of very close to \$15,000 would be effected if the change were agreed upon.

Hard Blue Clay. The last two feet is hard blue clay, exceedingly difficult to handle and proportionately costly. Local contractors, around the crossing who know the conditions, will say that it will cost \$1.50 a yard to remove this clay, at a moderate estimate. Discussion of the action of council on Monday with respect to the change from a 2 1/2 to 5 per cent. grade, the engineer stated that if a lessened depth were decided upon a very material saving would be effected. It is estimated that it would save 3 1/2 or 4 per cent. at the most would prevail. This he regarded as a great advantage, looking to the future importance of the street. Other Bridges. It is urged by the advocates of the change that there will never be any demand for an 18-foot subway, and that no good purpose would be served by it. It is pointed out that the crossing under the old Belt Line on Yonge street at the northern limit of Mount Dennis is less than 12 feet high, and no difficulty has ever arisen at this point. A large number of business men in different parts of the city favor the plan and say that no good purpose would be served by it. DISASTROUS FIRE AT MOUNT DENNIS Eight Houses Blazing at Midnight on Gray Avenue. Mount Dennis was the scene of a disastrous fire last night when a number of houses on the west side of Gray avenue were burned to the ground. The fire broke out shortly before 10 o'clock, and by midnight three frames and one brick house were totally destroyed and four others were breaking up into flames, with no hope of saving them. The fire broke out on the corner of Ford street, Perth avenue and Keele street, where the houses were numbered 7 and engine from 10. Great difficulty was experienced in the lack of water, and a large crowd of people congregated to watch the spectacle of fire and smoke.

The York Township Council and township officials made their spring tour of inspection yesterday, visiting every district in the township to take stock of the condition of roads and bridges. The party included Rev. Thomas Griffith, Deputy Reeve E. H. Miller and W. Graham, Councilman Hugh Gall, assistant engineer, and Commissioner Snider. Two bridges were found to be in an unsafe condition, and the council has instructed the engineer to submit plans and estimates for their reconstruction. The council was well pleased with the condition of the roads, particularly the main road across the township at York Mills, which received special attention last year in order to provide a good highway between the first and second concessions in East and West York.

TONIGHT WILL SEE BIGGEST YET HELD

Night Operations on Large Scale by Second Contingent Troops.

NOT ONE FELL OUT

Cyclist Corps Had Big Day and Men Are in Splendid Condition.

Night operations on the largest scale yet held will take place this evening with several thousand second contingent troops in action, including infantry battalions, cyclist corps and the cavalry. The operations will consist mainly of relief of outpost under cover of darkness. The manoeuvres will be largely directed by the command commanders, as the orders to the men are only to be whispered. Another "warrant" issued by the officers of the artillery, the second contingent, will be held "down the Kingston road" today. They will practice observation fire, by means of "powder" which exploded near targets set up a thousand feet away. Map-reading and panoramic sketching will also be done.

At Niagara Camp. It is said to be not improbable that an infantry brigade of four battalions will be in camp together at Niagara when it opens in May. The battalions now spoken of are the 25th, 26th and 27th (third contingent). The additional one might be either the 23rd Battalion (London), 24th (Guelph), or the 28th (Kingston). The work of preparing the Niagara camp is now proceeding. Major S. F. Biggs, Canadian Field Engineer, has a staff at work laying watermains, fixing telephone lines and putting the grounds in shape. Premier Borden is said to have sent a message promising to do all in his power to see that the university camp was held. The date mentioned some time ago for the holding of the camp was May 2 to 17.

At Cedarvale Again. Tactical exercises were held at Cedarvale yesterday by the Mounted Rifles, under direction of Col. Vaux Chadwick. An all-day route march was held west of the city by the 15th Battery of the 4th C.F.A. The Cyclist Corps, commanded by Col. G. T. Denton, Jr., in a route ride to Oakville, did the return trip of 52 miles in about three hours. One platoon of the cyclists went to Burlington and back, 36 miles each way, carrying rations with them and holding brief manoeuvres. Not one member of the corps fell out of the lengthy trip.

In a signaling contest between the corps of the 19th Battalion and the Artillery Brigade, the artillerymen were declared the winners. Official notice of allotment of chaplains for duty with the 19th and 20th Battalions, C.E.F., was made yesterday. Chaplain and Hon. Capt. A. Sibley is attached to the 19th and Chaplain and Hon. Capt. C. B. Robinson to the 20th.

Private Cook, Ord and Packerham, have been released from the General Hospital as cured. They are now at the camp station hospital and will be examined by the medical board. They will either be put back on their units or put on extended leave at their homes.

Comp. Wilkinson and Privates McMillan and Houghton are now practically better and their early release is expected. Three soldiers are still ill at the General Hospital. Privates Haig, Woods and Delamere. Private Malcolm is still ill at his home in Bringham, Ont.

Seventy-five Want to Fly. Already over seventy-five young men have sent applications to Toronto and Ottawa for enlistment in the Royal Naval Air Service. The volunteers must be under 30 and pass a medical examination. When an applicant is accepted by the medical examination is accepted and under the control of the British admiralty. Flying instruction will begin at the western end of the island with boat machines. Later, training with land machines will be given at Long Branch. The hangar at the island is to be completed in one week. Two boat machines are expected from New York within that time. The recruit pays a fee of \$40, but the British Government reimburses \$75 when he reaches England, and pays his fare there. After a finishing-off course, he then enters the Royal Naval Air Service.

With Full Honor. The band in Toronto of the late Capt. R. Chisholm will be with military honors. Rear Admiral Douglas has agreed to the kind proposal of the military authorities. Word has been received that Lieut. Frank Gibson, youngest son of Sir slightly wounded. The message says there is no danger.

Mrs. A. E. Kemp, wife of Hon. A. E. Kemp, Toronto, has received word that her son-in-law, Lieut. F. Chatton Stead, is ill from endocarditis at Bouen, France. His mother, now a widow, is a sister of Mrs. Hamilton-Gault, wife of the major of the Princess Patricia's Canadian Light Infantry.

Guard Sharpshooters are taking an important announcement of promotion. To replace the organizers of the exhibition is talked of. One of the things most valued by the exhibitors at Exhibition Park is a "light" which everybody borrows them all are without them. It takes a "light" to keep 5000 overseas men supplied.

One Ton of Rogers' Anthracite Means 2,000 Pounds

An Invitation to Inspect the Weighing of Rogers' Coal

Accept this as a personal invitation to visit ANY one of our yards and watch the weighing of Rogers' Anthracite.

The weighers will explain anything you do not understand, and you may satisfy yourself that one ton means 2,000 pounds.

We cannot emphasize too forcefully that EVERY load of Rogers' Anthracite is weighed and checked with scrupulous care—our instructions are for ABSOLUTE ACCURACY, and our inspectors see that these instructions are carried out without exception.

You will be interested in the big Government tested scales, in the records kept of the weight of every wagon, in the possibility of gauging to a fraction of a pound the weight of the coal in the wagon, AND IN THE ALLOWANCE MADE FOR BAGS.

Our sole desire in extending this invitation is to convince you beyond the possibility of a doubt that there is NEVER less than 2,000 pounds to a ton of Rogers' Anthracite.

This knowledge, we hope, will be of some value to you.

CHILDREN TO HAVE SHARES.

Methodist Sunday School Pupils to Give Ambulance to Red Cross.

Toronto Methodist-Sunday Schools will present a motor ambulance to the Canadian Red Cross Society. At a recent meeting of school representatives the plan to raise \$2,000 for this purpose was unanimously adopted and the scholars in a number of schools have already stamped their endorsement by enthusiastically responding to the request for special contributions for this purpose. The campaign will be carried on until May 15, by which time the full amount required is expected to be raised. A unique feature is the issue to contributors of a neat certificate of ownership of shares in the ambulance.

20TH BATTALION BAND PLAYS TONIGHT.

Will Give Short Program at Loew's During Performance.

The band of the 20th Battalion of the second contingent is coming down from the Exhibition grounds tonight to play for twenty minutes during the evening performance at Loew's Winter Garden. The forty musicians, under the leadership of Bandmaster Al Moore, have developed quite a splendid instrumental ensemble during their period of training. Their appearance this evening is thru the courtesy of Lieut.-Colonel Allen and office, and will be the last opportunity of hearing them publicly prior to their departure for the front. Their selections will include "The Stradella Overture," and arrangements of two popular tunes "The Girl From Old Ontario" and "I'm on My Way to Dublin Bay."

TWO FOUND GUILTY ON DE FRAUD CHARGE

William S. Thomas and W. J. Mitchell Remanded for Sentence Until Wednesday

Judge Coatsworth, in the county court yesterday, found William S. Thomas and W. J. Mitchell guilty on a charge of defrauding Janet Schofield, J. T. Wiggins, Frank Schofield and others, in connection with International Capitalists. In entering the verdict his honor said he would reserve sentence until next Wednesday, meantime considering a stated case.

STOLE FROM JOSEPH SIMPSON.

MONSTER STREET PARADE.

The Toronto Advertising Club's monster street parade, comprising upwards of 100 floats, gaily costumed figures and brass bands galore, will leave the armories at 12 o'clock sharp today, proceeding by way of Queen, Simcoe, Wellington, Bay, Queen, around the city hall to Yonge, College and Spadina.

EAT MORE FRUIT CAMPAIGN.

Producers to Help Get Price Down So That All Fruit Can Be Had by All.

An extensive advertising campaign to encourage the people of Canada to consume a greater amount of Canadian-grown fruit this year has just been inaugurated by the Niagara Peninsula Fruit Growers' Association. A special committee of fifteen members of the association has been appointed, and they will immediately try and raise \$4000 to cover the cost of the campaign. The aim of the association is to harvest the entire yield and get prices down so low that peaches and other fruit can find their way into every home. Hamilton Fleming of Grimsby is chairman of the committee, and Senator E. D. Smith is one of the active members.

FOUND NOT GUILTY.

George A. Black was yesterday found not guilty by Justice Coatsworth on a charge of obtaining \$75 by false pretences from Charles E. Watts, Prosecutor, in giving his evidence, said he was not anxious to press the charge.

TOOK THE LAW INTO OWN HANDS

Felicia da Volpe Found Guilty But Allowed Liberty on Suspended Sentence.

Felicia da Volpe was yesterday allowed out on suspended sentence by Mr. Justice Clute, on a charge of slashing the throat of Leonardo Liscol in finding a verdict of guilty the jury strongly recommended the accused to mercy. In giving evidence Volpe stated that she stabbed Liscol, but he had several times spoken bad about her. When she was talking to Liscol he called her a name of a very bad woman in Italy, and she stabbed him. In addressing the jury T. C. Robinson stated that he never knew a case where a woman was more justified in her action than the accused. "I have never read worse letters," he said, referring to the letters written by Liscol. "You might say Volpe could have taken action against him for libel, but what would have been the use against such a man?" Mr. Justice Clute told the jury that they must judge between the sovereign and a person who had broken the criminal code. "It would never do for any one to take the law into his own hands, and decide to punish real or fancied wrongs," his lordship continued. "The only thing that stands between civil-

FRATERNALISTS TO HOLD CONVENTION

Representatives From Every Society Will Meet at Temple Building Today.

Representatives from every fraternal society in the Dominion will be present at the 24th annual meeting of the Canadian Fraternal Association, which will be held at the Temple Building, today and tomorrow. Several matters of the utmost importance will be brought forward, including the vexed question of raising the rates and of compelling societies to maintain a standard of financial efficiency. The bill which the societies presented last year to the Hon. I. B. Lucas, without result, to compel societies in this regard will be discussed. Among the prominent speakers will be Hon. J. F. Haake, Des Moines, Iowa, president of the National Fraternal Congress, and papers will be read by W. J. Vale, Frank Sanderson and Sidney H. Pipe.

BROCKVILLE'S STEPS TO CHECK TYPHOID

BROCKVILLE, April 21.—The light and water commission has placed an order for a new intake pipe to extend 700 feet out into the river, from the pumping station. The commission has also invited tenders for a filtration plant. These improvements are undertaken with a view to improving the service of public water supply, which caused the outbreak of typhoid fever the past winter.

STOLE FOR FOOD.

Mary Douglas and Mary Laidlock, both Ruthemans, were yesterday sentenced to 20 days in jail by Judge Coatsworth, for shoplifting. The goods stolen amounted to \$200. In giving evidence both women declared that they were compelled to steal in order to provide food for their children.

MARMORA SCHOOL BURNED.

MARMORA, April 21.—The Marmora public school burned down this afternoon, but the children all got out safely. The fire started in the basement and the cause is unknown. The building was insured for \$5,000.

Training the Senses

A soon as a baby can fix his eye on any point in space, as soon as he can grasp any object in his hand, he begins to receive impressions of the material world.

Because of this division, the education of children has been directed to the training of the eye and ear, and the lower senses have been neglected.

Storage of Furs

We insure them. It costs little and means much to have the absolute protection from moth, fire, and burglary which our cold, dry air storage system guarantees you.

Besides furs we have excellent accommodation for clothing, rugs, draperies, and other things that you would appreciate having protected.

Special attention is given to the preparation of furs and other goods for the storage warehouse, and they are under the daily supervision of skilled furriers—people who have the care of our own furs and are experts in their knowledge of furs and the care of them.

We charge three per cent. on your own valuation from \$100 to \$1,000, and on valuations over that amount two and a half per cent.

A PROPERLY FITTED SHOE NEEDS NO "BREAKING IN"

Why Force This Painful Duty on Our Feet? "Breaking in" shoes simply means that you are forcing your feet into the wrong shoes.

The individuality of the foot is as variable as that of the person. If no two persons have hands alike, the same must apply to the foot.

A stylish shoe will lose its shape and consequently its style if improperly fitted. Accurately fitted shoes not only keep their shape, but they are really comfortable from the first day they are worn.

There is no more reason why we should "break in" shoes than that we should break in hats or clothes or gloves. If a suit is too tight under the armpits we wouldn't think of wearing it until it were itself loose.

You owe it to yourself to have your shoes fitted by master shoe fitters. The accurate FOOTGRAPH solves the problem. It indicates the exact length, width and individualities of your foot and tells the proper last required for your particular foot.

The mammoth circus parade will leave the armories tonight at 7:30, proceeding by way of Queen, Simcoe, King, Yonge, Shuter and Mutual streets to the arena.

Transplanting

Choose either a dull day, when rain seems to be threatening, but not a windy day, or a day after a warm, gentle rain, as a suitable day for transplanting the seedlings.

Most gardeners will agree that to start out in the early morning of what promises to be a hot, warm day, and to put in the tender plants, leaving them exposed to a whole day's more or less hot sunshine is not as wise a plan to follow as the one of planting a little every afternoon.

By late afternoon planting, the wee plants do get a short time, some 10 or 12 hours, in which to accommodate themselves to new conditions. All transplanting is more or less of a shock to the plants, no matter how ideal transplanting conditions may seem to be.

However, if you must by force of circumstances choose early morning for this work, shelter the plants if you can from the too great heat of the sun during the long day.

The city of Brantford has not yet disposed of all her gas troubles. A deputation headed by W. S. Brewster, and City Solicitor Wilkes appeared before Hon. W. J. Hanna to urge the sanction of the Lieutenant-governor in council to a local bylaw which would prevent any company from distributing gas containing sulphuretted hydrogen in the city.

For some time complaint has been made that the recent introduction of sulphur in the local gas supply was dangerous and disagreeable. A year ago legislation was passed allowing any city council which gained the government's approval to pass a bylaw prohibiting the sale of such an illuminant. This was approved by the deputation who brought with them a draft bylaw.

The whole situation was outlined by the visitors and in reply Hon. Mr. Hanna stated that it would be brought to the attention of the cabinet at early date.

EXECUTIVE HELD A BUSY MEETING

Local Council of Women Reports Encouraging Financial Situation.

The city of Brantford has not yet disposed of all her gas troubles. A deputation headed by W. S. Brewster, and City Solicitor Wilkes appeared before Hon. W. J. Hanna to urge the sanction of the Lieutenant-governor in council to a local bylaw which would prevent any company from distributing gas containing sulphuretted hydrogen in the city.

A busy meeting of the executive of the Local Council of Women was held yesterday afternoon, in the Hamilton Studio, and several interesting financial items were reported. The committee, convened by the executive, had \$500 in advertisement been secured. At the afternoon tea, held in the arena on the 21st day, \$12 had been made.

For some time complaint has been made that the recent introduction of sulphur in the local gas supply was dangerous and disagreeable. A year ago legislation was passed allowing any city council which gained the government's approval to pass a bylaw prohibiting the sale of such an illuminant. This was approved by the deputation who brought with them a draft bylaw.

An interesting account of "Pensions" and the progress of the work was given by Mrs. A. M. Hanna. Toronto spends \$200,000 annually on pensions. The total value of property in the city is \$1,000,000,000. It has 231 families and 414 children waiting the coming of a mother's pension act.

The whole situation was outlined by the visitors and in reply Hon. Mr. Hanna stated that it would be brought to the attention of the cabinet at early date.

The attention of the committee was drawn to the fact that the present situation of the war is such that it is necessary to apply to the government for relief. The committee will be asked to report on this matter at the next meeting.

SOCIETY

During her stay in Montreal this week, H. H. H. the Prince of Wales will unveil the portrait of his Royal highness the Duke of Connaught, presented to the Art Gallery by the Princess of the Empire, Montreal, and painted by Miss Des Clayers.

A few of those at the Princess left night to see Mrs. Patrick Campbell in Bernard Shaw's play, "Pygmalion," in the Grand Theatre, Montreal, last night.

The marriage of Mrs. Patrick Campbell and Mr. Bernard Shaw, which took place in Montreal last night, was a most successful one.

THE WILLIAMS & SONS CO. R.S. MUSICAL INSTRUMENTS OF QUALITY LIMITED

Announcing Our Semi-Annual Piano Sale

Of seventy-eight Organs, Squares, Uprights and Players at "Economy" prices and terms

SALE OPENS FRIDAY, 8.30 a.m.; CLOSURES TUESDAY, 9.30 p.m.

Announcing our regular Semi-Annual Sale of accumulated instruments this Spring, we call your attention to the sound reasons that have made these sales so attractive and successful.

The Instruments and the Seller

1st. While most of the instruments are used, they are all standard, established makes, from many Toronto's finest homes. They are all overhauled and put into condition by our own repair men. You purchase them from a house that assures satisfaction and value.

The Selling Plan

2nd. By disposing of all these instruments in a few short days we practically eliminate the usual heavy selling and overhead expense. This, combined with the fact that we also reduce our own profit, enables us to present prices considerably lower than usual—either here or elsewhere.

The Easy Terms

3rd. The terms on every instrument are very low—lower than is customary, despite the reductions in price. This permits any home to take advantage of this offer, thus insuring more sales, which in turn makes the low prices possible.

Real Horse Racing in the South Opens Up Today at Lexington

On First of the Kentucky Tracks, to Be Followed in May at Louisville—Kentucky Derby at Churchill Downs.

NEW YORK, April 21.—The eastern thoroughbred racing season will open in the west this year. Paradoxical, perhaps, but true. All the best horses owned hereabouts have been or will soon be shipped to Kentucky for participation in the Kentucky Derby, Kentucky Oaks, Kentucky Handicap and Lexington. With the exception of the latter these are "classics" of the sport in this country, in so far as any American race is concerned. The Kentucky Derby, which is to be run on May 3 at Churchill Downs, is the most important of the latter these are "classics" of the sport in this country, in so far as any American race is concerned. The Kentucky Derby, which is to be run on May 3 at Churchill Downs, is the most important of the latter these are "classics" of the sport in this country, in so far as any American race is concerned.

That three of these races are to be worth \$10,000 each to the winner accounts for the invasion of the west, as there are such prizes hung up in the east for owners to compete for. Already the remarkable stable of racers which James H. Payne secured on June 8, which will race at the late James R. Keene is in the lead, including Pepples, Last, Coin, High Noon, Kilkenny, Connelly, Capa and others. These proved their worth as two-year-olds in the east, and are now to be put to the supreme test as to their staying qualities in the Kentucky "classics". Schuyler L. Parsons has sent his two crack stallions, Heretic and Phosphor; Dr. H. K. Knapp has sent on Kankakee, which was a thorn in the side of the top-notchers last season, and the gentleman who race under the name of the Quince stable has sent on Trojan, winner of the Futurity in 1914 and Double Eagle.

When they are fit, which will be about the last week in this month, Harry Payne Whitney's candidates, Regret, Spun Glass and Prince Henry, will be added to the string of wonderfully promising three-year-olds which will fight it out for Derby and Preakness. The latter is the only horse to be put to the supreme test as to their staying qualities in the Kentucky "classics". Schuyler L. Parsons has sent his two crack stallions, Heretic and Phosphor; Dr. H. K. Knapp has sent on Kankakee, which was a thorn in the side of the top-notchers last season, and the gentleman who race under the name of the Quince stable has sent on Trojan, winner of the Futurity in 1914 and Double Eagle.

Members of the Eatonla baseball team are requested to turn out to practice Thursday at 8 o'clock at Jesse Ketchum Park.

That Son-in-Law of Pa's

DEAR MRS. SPLURGE, ERPLISS, AS AN SPECIAL FAVOR TO ME I WANT TO WEAR ONE OF THESE LITTLE BUDGETS TONIGHT. OF COURSE YOU'RE ALL COMING?

OH, YES, YES, DEAR, O-OF C-COURSE?

ONCE UPON A TIME, WHAT SHALL I DO? LADY BALLOT WANTS US ALL TO WEAR ONE OF THESE BUDGETS TONIGHT. I KNOW SHE'LL BE OFFENDED IF WE DON'T!

WELL, WHY NOT WEAR THEM, MOTHER?

OH, BUT DON'T YOU SEE? HOW WILL I EVER GET PA TO WEAR ONE? I'LL HAVE A HARD ENOUGH TIME GETTING HIM TO ATTEND THE MEETING AT ALL!

HAN!

SAY! ARE YOU FOLKS READY? I START T-MEETIN' YET? GOSH, BLINK IT, LADY BALLOT WANTS US ALL T-BE THERE EARLY, SHE DOES!

Seventeenth RACE—

N. Y. IRREGULAR---HEAVY CRASHED HIGHER---LOCAL MARKET DULL

ROCK ISLAND WAS CHIEF DISTURBER

Southwestern Groups Reflect-ed Heaviness on Wall Street Yesterday.

STEEL DEPRESSED

Amalgamated Copper Took Leadership in Metal Stocks.

NEW YORK, April 21.—

The feature of today's market was its periods of dullness in contrast with previous feverish sessions. Despite the apparent falling away in business, however, transactions again exceeded 1,000,000 shares for the seventh consecutive full session.

On the surface there were indubitable signs that what is vaguely known as the substantial interests, including a large proportion of the professional element, had renewed operations on the selling side under cover of sporadic gains in the specialties. Rock Island was once more a disturbing factor, declining below its minimum price of the previous session and constituting one of the most active issues in the list. Heaviness in this stock found immediate reflection in the southwestern group of railroads, which fell 2 to 4 points, presumably on apprehension that these properties might be handicapped in their impending financial adjustments.

U. S. Steel was under steady pressure and early in the session relinquished leadership to Amalgamated Copper, which with allied stocks constituted the most impressive features of the list. The further advance of the metal shares was concurrent with yet another rise in the commodity prices of the commodity, coupled with circumstantial reports that the British Government had virtually acquired control of all the available supply in this market.

Trading in bonds marked a high rate for more than a year. A very considerable part of the day's business was in New York Central debenture in demand exchange and an easier tendency to remittances on Rome.

CAN. CAR SHARES HAD SHARP BREAK

Opened Seven Points Below Tuesday—No Bid on Close.

Canadian Car and Foundry Co. stock put on a queer performance on the Toronto Exchange yesterday.

MONTREAL MARKET CONTINUES STRONG

Profit Taking Sales Well Absorbed—Power Stocks Feature.

MONTREAL, April 21.—On the local exchange today the turnover, estimated at 700,000 shares, was 5900 shares, about 1700 more than the previous day, and about 1000 more than the day before.

Consols Steady. A London yesterday, consols closed unchanged at 99-1/2.

RALLY YESTERDAY IN TIMISKAMING

Partial Recovery From Monday's Break Livens Mining Market.

McINTYRE STRONGER

New York Turned Seller of Big Dome Yesterday as Expected.

Timiskaming's rally after Tuesday's break supplied the feature in mining share trading on the Standard Exchange yesterday. In the morning session a loss of 8 1/2% was reached, but an upward movement started in the afternoon and the price was carried to 42 1/2. Beaver sold down to 37, but rallied to the close to 38 1/2.

CHICAGO WHEAT HAD NET ADVANCE

Market Closed Unsettled—May Contracts Depressed Early in Day.

TRADING IRREGULAR

Price of See-Saw Character Following Divergent Reports.

CHICAGO, April 21.—Bullish effects of foreigners buying options in an unusual extent on the delivery of wheat in September were sharply offset here in September by news that a land at Turkey west of the Dardanelles and the Turk had begun withholding steam.

Changes in the price of wheat had as a whole a see-saw character from relatively more depressed and September developing comparative strength. Rains over a portion of the winter crop, but it is figured that this is equal to a setback due largely to the latest warlike move on the part of Italy.

MONTREAL MARKET CONTINUES STRONG

Profit Taking Sales Well Absorbed—Power Stocks Feature.

MONTREAL, April 21.—On the local exchange today the turnover, estimated at 700,000 shares, was 5900 shares, about 1700 more than the previous day, and about 1000 more than the day before.

THREE NEW STANDARD MEMBERS

Quite a demand for seats on the Standard Stock Exchange has resulted from the continued activity of mining stocks. Yesterday three new members were elected to seats in W. J. Chambers, Howard L. Graham and P. S. Halstrom. The latter is particularly well known in mining circles.

WINNIPEG GRAIN MARKET

WINNIPEG, April 21.—The local market opened steady, with wheat, and a general advance, July 15, 18 1/2, and Oct. 15, 18 1/2.
