LIQUOR BARRED FROM ALL DRY DISTRICTS

Amendment to Liquor License Law Prevents Storage of "Wet" Goods in Local Option Municipalities — Hotel Accommodation Must Be Good—Important Changes.

The storage of liquor in local option districts is to be prevented by Hon. W. J. Hanna's bill to amend the Liquor License Act, which received its second reading in the legislature last night. The amendment provides that in a municipality in which no tavern or shop license is in force, no liquor shall be stored or kept by any brewer or other person whosever, for future delivery to any customer or other person, even though the liquor was previously ordered. Liquor not actually delivered into the possession of the person for whom it was intended in any local option municipality, shall be deemed to be kept for sale by the person in whose possession the liquor is found. Any person in these districts allowing liquor to be stored on his premises shall also be guilty of an offence against the act.

Two Gallon Limit.
Two gallons is the limit that is allowed for any one person to have in his possession in local option districts, except with regard to chemists or others expressly authorized to keep liquor.

Forcible removal of any person who has come upon licensed premises, apparently for improper purposes and refuses to leave, is also permitted by one of the amended clauses. This applies even if the person is not notoriously bad character. Hon. Mr. Hanna explained that hostesses usually know who should be put off their premises in this regard, but haven't authority to ask such persons to get out.

Public Protection.
The travelling public is also provided for by a clause giving provincial license inspectors the power to report to the minister if any private or government-owned hotel, private or public, falls below the standard of accommodation usually provided in licensed hotels.

Another clause in the act is amended increasing the fine for keeping liquor for sale from \$25 to \$50.

Hotelkeepers' Protection.
One of the amendments is that no person other than the manufacturer of the liquor or persons acting under his authority shall attach any label or stamp to any bottle or flask, or cask containing liquor.

SPLIT OVER TEMPERANCE

Ontario Liberals at Variance Over Compensation for License-Holders if the Bars Must Go.

There is a split among Ontario Liberal temperance leaders over the question of following the lead of their party in Quebec, and making provision for compensating license holders in case of the success of their "banish the bar" campaign. Methodist temperance men appear to be strongly against compensation. With the Presbyterian "drys" it is somewhat different. One representative Presbyterian takes the ground that "in the last resort the matter is one of expediency rather than of justice, because, on the one hand the license ends at the close of the year, and, on the other, the holder of the license must invest capital even to trade for a single year."

Noblemen to Farm at Pickering.

NEW YORK, April 10.—Lord Somers and Lord Hyde, both young men, came over in the Olympic to start their two hundred acre truck farm at Pickering, near Toronto.

Lady Hyde came with her husband, bringing her three children. They will spend their summers on the farm and their winters in England. Lord Hyde said his becoming a truck farmer is an experiment, and that if it proves successful he and Lord Somers may enlarge their holdings.

FIVE OFFICIALS TO ANSWER CHARGES

Crown Attorney Greer Will Lay Informations Against R. J. Fleming, James Forrest, J. W. Curry and Two Detectives, and Will Ask Grand Jury to Return a True Bill.

R. J. Fleming, general manager of the Toronto Street Railway Company; James Forrest, chief claims agent of the Toronto Street Railway Company; J. W. Curry, K.C., formerly city crown attorney, and Albert Barnett and W. E. Smalling, two private detectives employed by the street railway, will have information laid against them by County Crown Attorney Greer when the grand jury of the criminal sessions appear to make their presentment before Judge Denton in the sessions court at 10.30 this morning.

The grand jury will be asked to bring in a true bill against the above five men charging them with wilfully misleading a court of justice, or in the alternative wrongful use or obstruction of the court.

WESTERN LOTS ARE ALL SOLD

Three Million Dollars' Worth of Land at Port Mann, B.C., Has Been Sold by the C.N.R.

An official of the Canadian Northern Railway Company stated to the World yesterday, that the townsite Port Mann had been practically all sold out and that as a consequence, the C. N. R. will survey about four hundred acres to the south of it which would be laid out in building lots and thrown open for sale about two months from now.

MURDER CLUES OF STARTLING IMPORT

Developments Expected at Any Moment Which Will Have Tremendous Bearing on the Rosenthal Case, and Detectives Hope to Solve Mystery and Apprehend Murderers.

Startling developments may be expected any moment in the Rosenthal murder case. Several persons visited headquarters in the city hall yesterday and were closeted with the detectives detailed on the case. Harry Rosenthal, son of the murdered man, has been almost constantly at the detective office and some of the officers who are giving their whole time to this matter, visited different parts of the city.

"The parties of whom I spoke yesterday as having information which they have not yet disclosed," he said to the World yesterday, "have not yet come forward, but we are getting closer to the facts which they are thought to know about."

The police are now sure that no one man committed the crime and are gradually narrowing down the clues in their hands. There is still a great mass of information to be sorted out and run down to its original sources, but any moment Dunkelmann, who is steadily improving at the hospital, may be able to bring the matter to an abrupt termination, and even without his aid, upon information which yesterday came to their hands, the police hope to be able to solve the mystery and apprehend the murderers.

Dunkelmann's recovery is being practically assured and it is confidently expected that his recovery will be mental as well as physical and that with returning strength will come coherent thought and recollection. It was at first feared that the man might live his memory or mind would be so affected that he would be unable to tell a clear story of the assault upon himself and the murder of Rosenthal, but as he continues to improve this fear is lessening.

Silverman, the man who with Rosenthal purchased a thousand pounds of brass and copper from the Hydro-Electric, says that this was purchased by them three weeks ago from the purchasing agent, at the William-street storehouse who is the man empowered to sell this metal. It was not the superintendent at the Duncan-street station who sold it as at first stated.

STRUCK ITALIAN IN SELF-DEFENCE

Walter Thorogood Used Billiard Cue Only When His Life Was in Danger.

Walter Thorogood struck Joseph Solina in the pool room at 319 Yonge-street on Friday night in self-defence, according to the jury who investigated the case. A rider was added calling attention to the fact that Thomas Annabelle committed perjury when giving his evidence and that he should be prosecuted.

In summing up the evidence the coroner said that Annabelle had been the cause of the trouble, as he had provoked Thorogood and broken a cue over his back.

DIRECT SERVICE TO HAVRE.
QUEBEC, April 10.—News was received here to-night to the effect that a direct service between Quebec and Havre would be inaugurated during the coming season of navigation by the Compagnie Generale Transatlantique. The steamers will sail from Quebec every four weeks, and will go to Havre direct.

JUST A FEW FINISHING TOUCHES

HOME RULE BILL IN COMMONS TO-DAY

Provisions Are Generally Known, Save Only Control of Excise and Customs and Extent of Irish Representation—Only Two Liberal Defections Looked For.

LONDON, April 10.—(Can. Press.)—The members of the British Cabinet to-day put the finishing touches to the home rule bill, which Premier Asquith is to introduce in the house of commons to-morrow. The members of the government and the few Nationalist members who have been taken into their confidence have kept the secret of the details of the measure well, but with the exception of the clauses relating to the control of the excise and customs and the numbers of the Irish representatives to be retained at Westminster, the general outlines of the bill are pretty well known.

The measure is expected to follow closely that which was proposed by the late William E. Gladstone. Until quite recently the Nationalists have shown no opposition to the suggestion that the Irish excise and customs should remain under the control of the imperial parliament, but there has been a strong movement in Ireland in favour of securing control of this revenue by the Irish parliament. One reason advanced for this is that Ireland desired to make a tariff agreement with the United States.

Among many forecasts, that which suggests that the imperial government should retain control of the excise and customs of Ireland for a certain number of years, after which it should pass to the Irish parliament is generally accepted.

It is certain that Ireland will continue to be represented in the house of commons at Westminster, but by a reduced number of members.

Public Interest Keen.
While the interest in Premier Asquith's speech does not compare in any way with that aroused by the late Mr. Gladstone's efforts, there will be a full attendance of members and the public galleries of the house of commons will be filled to their utmost capacity. Thousands of applications have been received for seats, but outside of the distinguished strangers and peers' galleries, there is room for only a very limited number of people.

The People Shall Rule.

The result of the Republican primaries in Illinois is significant, far beyond the effect it may have in deciding the contest between President Taft and ex-President Roosevelt for the presidential nomination. It means that the people are determined to select their own rulers and to dictate the policy of their country.

Heretofore the ordinary citizen has been called upon to choose between the nominees of two political parties, but they had little voice in dictating these nominations.

If the delegates to the Republican national convention had been chosen in the good old-fashioned way by the federal office-holders and the professional politicians, no doubt President Taft would have had a majority of the Illinois delegation.

As it is the delegates have been chosen and the will of the party has been expressed by a primary, in which every voter in the party stood upon an equality. The result has been such as to paralyze the professional politicians.

Col. Roosevelt, as it is, leads Mr. Taft by at least 120,000 votes and secures no less than 52 of the 58 delegates to which Illinois is entitled.

Col. Roosevelt's question, "SHALL THE PEOPLE RULE?" the Republicans of Illinois thunder an affirmative answer. Speaking in behalf of the people as against the politicians, Colonel Roosevelt aptly says: "We have slugged them over the ropes." The friends of President Taft may force his renomination with the aid of delegates from the rotten boroughs of the black belt, as the friends of President Harrison forced his renomination twenty years ago, but if they do they will invite Democratic victories in Illinois and other western states which elected Cleveland in 1892.

But more: President Taft has to deal with Roosevelt, while Harrison could ignore Elaine, who was a dying man in 1892.

Should the Chicago convention be confessedly unrepresentative, the people will demand the opportunity, denied them by the convention, of voting for Roosevelt.

YOUTH BLAMED FOR DEATH OF GEE

Samuel Best Disobeyed the Orders of His Foreman, and Caused the Boiler to Roll Over Onto James Gee at John Inglis & Son's Machinery Works.

That Samuel Best was negligent and disobeyed the orders of his foreman on Tuesday afternoon, at the John Inglis & Son's Boiler Works in Strachan-avenue, causing the death of James Gee, was a sentence in the verdict returned last night by Coroner Elliott's jury at the morgue.

Best was J. J. Weirig's assistant and was working around a boiler, which was within a few feet of two others. Weirig told Best to get a clevis so that the boiler would be ready to be turned over. Weirig then went away for a minute or two and in the meantime Best attached chains to the boiler, but instead of getting the clevis, as he had been told, he fastened the chains to the bottom of the boiler and without waiting for his foreman to return, signalled to the crane man to tighten the ropes. The chains being fastened to the other side of the boiler made it turn over as the tackle tightened. It struck another boiler and that rolled over and struck a third one. That last boiler rolled over onto Gee and crushed him to death.

In giving his evidence, Best did not try to hide the fact that he disobeyed the foreman's orders. He also admitted that he had no authority to signal the man operating the crane.

WIDER MARKETS AFTER FIGHT OF YEARS

Hon. Geo. E. Foster Was Honored Last Night at Banquet Tendered to Representatives of West Indian Governments — New Treaty Means Much for Canadian Manufacturers

After experiencing ups and downs for 22 years in a stubborn battle to secure reciprocity with the West Indies, Hon. George E. Foster, minister of trade and commerce, has won the battle. Last night he was honored for his services in the interests of the Dominion at a banquet in the National Club, given by the Toronto Board of Trade and the Canadian Manufacturers' Association, to the representatives of the West Indian governments. In an eloquent address, Hon. Mr. Foster told of the advantages that will accrue from the extension of trade with the comparatively small British dependencies in the Pacific.

"It is a perfect agreement that we arrived at; there is no dissatisfaction whatever between the two parties," said Mr. Foster. "In 1890, 22 years ago, I went down to the West Indies to get information regarding the possibilities of reciprocity. Shortly after we were turned out of office and this event intervened. But to-day the thing is done and we are all glad. I put my whole heart in the work."

"We did not drive a hard bargain, we did not try to beat out one another, but there was a spirit of brotherhood in the entire proceedings," he continued. "This was the result of members of the same family coming together."

The agreement, however good, would remain a dead letter nevertheless if the communication between the two countries was not improved. Heretofore the service was not adequate, but considerable money had been spent on it. Now we are prepared to spend more money and get a better service to these great islands," he said. "The governments are up against a serious problem in the matter of cable rates. They were as high as seven shillings a word. Such a rate must be brought down."

Hon. Mr. Foster said that it was in the interests of the homeland to look after the needs of the West Indies, and he was certain that Canada would put forth an extraordinary effort to benefit the islands and this country. "Canada stands willing to do a little, and even more, if necessary, to bring about better communication, by steamship and cable. "The governments should establish a direct water route."

Extending Trade.
He asked if Canadian manufacturers and business men were sufficiently alive to the matter of extending their trade to foreign markets. He had always advocated home markets, but he thought a mistake was being made in not carrying eyes to foreign fields as well. "The war of commerce is the greatest war there is," he declared. "Manufacturers in every country are exploiting every acre of outside markets. They are working their way into these markets and establishing businesses. If Canadian manufacturers don't wake up they will find that in the near future the fortress will be held by rivals."

"Manufacturers and producers should get their names in foreign markets despite the big odds at home," he said. "The time will soon come when it will be too late. I would like the whole country to think of this."

"I see no reason why Australia should not talk over matters of a closer trade relation with Canada, too," he said. He desired to see all the colonies bound to the motherland in a bond of loyalty and commercial unity. "We would rather trade advantageously with brothers than with outsiders," he said. "There are some of the islands not in the compact, but I hope the representatives of the West Indies here to-night will tell these Britishers that the Canadian door is not locked or barred, but the latch key is on the outside, the lamp is in the window, and a fire is burning in the hearth to welcome them."

What Canada Needs.
"We need their cocoa, their sugar, and just a little of their rum," said Hon. Dr. Reid, minister of customs. "Rum is a good thing for persons with colds, and we are apt to be afflicted often with them."
"Canada had such a vast amount of products that the West Indies would soon come to realize that it was a good thing to have something to do with this country. There was a great necessity of adequate steamship and here.

Lacrosse Concerning The Dufferins

Turf R. Davies Four Times in Money

Note and Comment

Robert Davies started four at Norfolk yesterday, and all finished in the money.

The ball players stuck to their knitting at Norfolk, even if Toronto horses were leading the money at the race track.

Lacrosse emissaries who have visited Toronto find that the local clubs have lots of players, including several who are showing that Joe Kelley was also on the job, and not cashing tickets.

The death of Fred Cooper on Tuesday recalls a notable boxing entertainment held in the old Toronto Athletic Club on College street fourteen years ago.

Joe Burk, the Boston boxer, who is still in Toronto in training for the Canadian championships, that take place a month hence.

Dan McKelrick, who was at Agass street, Toronto, last winter, and his stable of boxers sail from New York for Paris this week.

Jacobson v. Crawford Will Play Final for Checker Championship

The semi-finals of the Dominion championship tournament were played at the checker rooms, at King and Jarvis streets, yesterday afternoon and evening.

Garvin and Jacobson played six hard games, Garvin winning the first two, Jacobson the next three and drawing the final.

West End Handicaps. J. Ramage won the weekly handicap last night at the West End Y.M.C.A. The following are the results:

Amateur Baseball. Any intermediate or fast junior league having an opening for a good, fast team, kindly communicate with Fred Crawford.

Niagara Falls Takes Up Lacrosse. NIAGARA FALLS, Ont., April 10.—At a meeting of lacrosse enthusiasts from both sides of the river here to-night, it was decided to organize a club, entering a team in the Junior C. A. series.

Manchester Society. An excellent program was provided at the concert and dance of the Manchester Society, held in the Sons of England Hall last night.

Montreal Wins a Game. CHARLOTTETOWN, N.S., April 10.—Montreal defeated the University of Virginia to-day, 9 to 3, score: R. H. E. 9 0 0; V. 3 0 0.

The House That Quality Built... The "Belted Chesterfield" is the fashionable top-coat for spring. We are featuring the new "Galway Grey" Cheviot at \$30.00.

NORFOLK EASY FOR THE LEAFS

Torontos Won Another Exhibition by Hitting the Ball—Play Same Team Again To-day.

NORFOLK, Va., April 10.—Joe Kelley's Maple Leafs corralled another easy victory today, when they downed the Norfolk Virginia League, 10 to 4.

Once again Manager Kelley sent the big squad in to do battle. Fourteen men took the field, and the Leafs were victorious.

After two were down in the first inning, Dalton gave one a ride to deep ball, and would have gone for four bases on a fly.

Play Ball To-day In Major Leagues

NEW YORK, April 10.—To-morrow will witness the opening of the baseball season in the major leagues. While the weather in the south has been on the whole unfavorable to good training conditions, the teams are going into the season's battle with high hopes of a successful season.

The Giants and National League champions wound up a complete string of victories by beating Yale two games after they cross the bridge to meet Brooklyn's hosts to-morrow. It is expected that Marquard and Rucker will wind and a battle royal is looked for.

The Highlanders will entertain the rejuvenated Boston Americans at the opening to-morrow. Harry Wolverton is confident that Russell Ford will pitch the team to victory, but the Bostonians are putting their faith in Joe Wood to put it over on the Hilltop crowd.

At Philadelphia the World's champions are in a crippled condition for their opening game at Washington. Coombs and Lord cannot play and there is some doubt whether they can get in the game.

At Cleveland, Mullin and Koehler will work for Detroit. Harry Carey and Harry Davis were not ready to-night to announce the pitcher, but Mitchell, Kahler and Baskette are possible.

At St. Louis, where the Pirates played their opening game, Bower and Freeman are counting on sales for the opening game. Hartman, Washburn, and the local favorite to draw first blood.

At Cincinnati, it is expected that the crowd will be big. The Pirates are expected to get the measure of the Cubs to-morrow. The schedule:

NEW YORK. Brooklyn, Philadelphia at Boston, Washington at Philadelphia, Detroit at Cleveland, St. Louis at Chicago.

BOSTON. Boston at Philadelphia, Philadelphia at Boston, Washington at Philadelphia, Detroit at Cleveland, St. Louis at Chicago.

CHICAGO. Chicago at St. Louis, St. Louis at Chicago, Detroit at Cleveland, Philadelphia at Boston, Brooklyn at New York.

THE DUFFERINS SIGN PLAYERS

Local Club to Apply for Franchise in N. L. U. on Saturday in Cornwall—Lacrosse Notes

The Dufferin Lacrosse Club of Dufferin Park, Toronto, will apply for one of the vacant franchises of the National Lacrosse Union at the annual meeting on Saturday in Cornwall.

Further, Mr. Orpen states that the Dufferins are not breaking into the game in any spirit of opposition, but with the assistance of the local Big Four men.

George Kennedy of the Irish-Canadians says that he has secured Brady of the Clovers, a strong amateur organization, to play substitute goalie for the Irish-Canadians.

The Cameron-Dea deal, whereby Quere was to get Shea from Kennedy, is out of the window.

President Cousineau of the Nationals says that Sarazin, the ex-Capital man, Ottawa franchisee, has secured a boy a position which will more than compensate him for the loss of his fireman's job in the capital.

Winthrop Telegram: Amateur lacrosse again appears to be coming back to Toronto in the last year the fight between the C. L. and the Ontario Lacrosse Association threatened for a time to nullify the national game.

On Saturday afternoon Central Y. Harbison visited their local paper-street building at 130.

LIBERTY HALL BEST 2-YR.-OLD

According to Performances This Season — Beau coup Wins Hotel Stake — Results at Charleston.

JAMESTOWN, April 10.—Liberty Hall again took the two-year-old race here today and is now regarded as the best 2-year-old shown on the circuit this season. With 120 pounds weight, eleven more than any other horse in the field, Liberty Hall went out in front and held the lead all the way, bringing home the bacon for Robert Davies of Toronto, in the excellent time of 89. The odds were 2 to 1. Beau coup, the Evergreen, took the feature, Lynnhaven Hotel Stake, last race with Pathrola, and he scored two thirds with Stalmore and Black River. Summary:

FIRST RACE—Four furlongs, purse, 2-year-olds. Liberty Hall, 120 (Foden), 2 to 5 and out.

1. Captain Elliott, 106 (Schuttlinger), 15 to 1 and 1 to 4 to 6.

Calgary School Lacrosse League. CALGARY, April 10.—The Calgary School Lacrosse League has been organized. The senior division will consist of Western Canada College, Mount Royal, St. Mary's and the Collegiate Institute. The secretary's report showed that the first year of the school lacrosse has been the most successful one. The Western Canada College team won the Barney Collier trophy and were ready to defend it.

The following officers were elected for the season of 1913:

Patrons—M. S. McCarthy, A. McKinley, E. B. Bennett, M. F. A. Martin, J. Sewell, Tommy Burns, Mayor Mitchell.

Hon. president, Barney Collier; hon. vice-president, Joe Lally; president, A. Patterson; first vice-president, Joe Price; second vice-president, J. McQueen; secretary-treasurer, W. Lowe.

The delegates present at the meetings were: Mount Royal, Boucher and Timmins; Tecumseh, Kelly; C. C. L. Wright and Lower St. Mary's, J. J. McQueen; Dalton; Western Canada College, Lipsett and Beattie; Haultain, Bell.

Women in Riley Fight Club. PHILADELPHIA, April 10.—Two Philadelphia women are stockholders in the new Riley boxing arena that is being erected on South Broad street. Without any solicitation they purchased stock, one buying thirty shares (\$200) and the other ten. It is, perhaps, the first time in the history of sport in this country that women have had a moneyed interest in a fight club. Harry D. Edwards, president of the Riley Fight Club, and J. J. Ambrose, treasurer, announce that the stock has been over-subscribed. The time limit set for the construction of the arena was July 1. Now stone-masons, bricklayers, iron-workers and carpenters are seen in their respective lines. The atmosphere of the place has become infectious and there is no fault of the tradesmen if Olympia is not opened on June 1, one month earlier than the time limit.

Hockey Rink for Varsity. A meeting of graduates of the University of Toronto will be held this evening at 8:30 in the Mining Building to discuss the advisability of constructing a new hockey rink.

The popular "C.C.M." Motor Cycle, Percy McBride—he sells it—243 Yonge Street.

Prevent Skidding and Save Tires. Chains fitted to tires will prevent motor cars from skidding, but chains are unmercifully hard on tires. The best preventive of skidding is the most economical as well as the most satisfactory—is provided in Woodworth Treads.

These tire protectors are made of tough chrome leather, studded with best-treated steel rivets. The steel studs grip the road, preventing skidding, and the tough leather protects the tires from contact with the rough roads, for which hard usage rubber was never intended.

The Preservation of Auto Tires is a book you can get free by sending your address to the Leather Tire Goods Company, Niagara Falls, Ont. It will save you money and add tremendously to your motoring comfort.

Northern City Baseball League. Judging from the personnel of the teams comprising the Northern City League, this organization can be depended upon to furnish loads of the amateur baseball with a good brand of the game. Varsity stadium has been secured for the league's new home and a double-header will be furnished every Saturday, commencing on May 1. The patrons of this league have the advantage of its central location and convenience to several car lines, among them, the Capital and St. Francis compose the league, with the first name team looking exceptionally ally strong, under the management of Eddie Tolley. Fred Hickey, Burridge, Chandler, McGraw and others of the big store's Beach League team will perform at the stadium this season.

Horses Bring Fair Prices at Junction

The Union Stock Yards horse department has clearly met a popular demand with their Wednesday auction, as was fully attested in their sale of yesterday, when 73 horses were disposed of at fair prices, that is fair to both buyer and seller.

Auctioneer John McEwen was at his best, the sale lasting just two hours, and the bidding being of the snappy kind. The Horse Lumber Company horses offered at this sale were sought by numerous buyers, being bought in by Joe Jacobs of Montreal, D. G. Harlow of Bridgetown, N.S., was among the buyers, taking a full car load. H. S. Conn of Ottawa bought a part load. C. Leclair, Montreal, a part car load. Single horses and colts were purchased by Harris Abattain Brook, Limited; Bob Simpson, No. 1, Sagen, Maple, Ont.; J. Fleming, City; John Rogers, City; H. Simpson, City; W. P. Geddes, Grimsby; William Peers, City; B. Cohen, City; F. Rogers & Co., City; H. Henderson, St. Mary's; C. Atwell, Sunderland, and the T. Eaton Co., City.

The Stock Yards Co. feel justly elated at the success of their sale, and are contemplating putting on one or two more sales each week. Reports of those who have been to the sale of the Ontario bred horses to arrive the latter part of this week.

TRADE INJURED BY CATALOG HOUSES

Retail Merchants Decide to Take Definite Action, and Will Ask the Legislature to Amend Existing Laws — Want Public to Deal With Local Stores.

The 18th annual convention of the Retail Merchants' Association of Canada, for the Province of Ontario, which was held in the association rooms, 21 Richmond-street, closed yesterday. Delegates were present from all parts of the province, and they took a very active part in the discussion of the many interesting subjects that came up for consideration.

It was one of the most interesting meetings that have ever been held by the association. A resolution was adopted requesting the executive committee to ascertain from the retail merchants of the province as to what extent the retail trade was injured by catalog houses, who are using the public money of the Dominion treasury and taking advantage of the time of postmasters and office clerks in distributing merchandise from large centres that should be sold in local communities, and which can be sold in the local centres at lower prices and thus make a saving both to the public as well as to the postoffice department. The following resolution was also passed:

"That as the association has compiled a Peddling Transient Traders' Act that is applicable to all parts of the province, and as they have secured copies of similar acts from all parts of the world, a measure be introduced at the next session of the Ontario Legislature; also a resolution to have the criminal code amended so as to make it a criminal offence to falsely advertise any article."

Also requesting the Dominion board to urge upon the government the necessity of having the retail trade represented on the tariff commission in the event of one being appointed.

An educational campaign to show the public that it would pay them better to deal with merchants in their home towns, was passed.

Also one instructing the executive to watch very closely the proposed Employers' Liability Act, and see that no injustice was done to retail merchants.

The secretary's report showed a large increase in the membership during the past year, and an increasing interest on the part of the larger retail merchants in the work of the association. It pointed out also that a great many legislative measures have been introduced and a great many opposed during the year. The treasurer's report was very gratifying to the members. It showed a surplus on the year's business with all expenses paid and a payment of over \$2500 on past liabilities created by opposing injurious legislation.

A hearty vote of thanks was tendered to the secretary, E. M. Trowen, and the treasurer, M. Moyer, for their untiring energy and the success they met with during the year.

New Officers. The following officers were elected for the coming year: President, A. Westcott, Jr., Toronto; first vice-president, E. C. Matthews, Grocer, Toronto; second vice-president, H. C. Cameron, general merchant, Goderich; treasurer, M. Moyer, Toronto, by acclamation; secretary, E. M. Trowen, by acclamation; representative on the National Exhibition Association, John McMillan, number merchant of Bowmansville; auditor, A. E. Herdington, Toronto, auditor for the National Trust Co. The executive officers were elected as delegates to the Dominion board, which will meet in Montreal on April 23 and 30.

COST OF HOUSES FAST INCREASING

Cash Payment Has Gone Up—Small Payment Chances Becoming Fewer—Review of Small House Situation

Gone are the days of the "small amount down" house. Very few houses can be got now with \$500 as first payment. Now the seller of six roomed houses wants, and gets, \$500 cash. Up till last year there were plenty of these small cash payment houses on the market. In fact they were in the majority, but last year their numbers fell off. The rise in the price of labor and material and the consequent greater total cost made it necessary that the builder receive more cash on his order.

sell quickly. In this connection, agents say the number of people who buy a house on its outside appearance and who do not enquire about the class of material that has gone into it or as to the care in construction, number 75 per cent. of the purchasers of new houses.

While the cash payment has gone up the yearly payments, in most cases a hundred dollars, payable quarterly, have not increased, although there is a tendency toward asking \$150 a year, payable half yearly. This latter may become in time the most common form of payment, and it will mean the wiping out of the second mortgage in about the same number of years as the smaller yearly payment did when houses were cheaper. Interest rates, says the real estate man, remain almost unchanged, with five and a half per cent. the prevailing rate.

NORMAL SCHOOL SALE.

Hon. Dr. Fyfe said yesterday that he knew nothing of the negotiations which it is rumored are going on for the sale of the Normal School property, and because the minister of education has not heard about them, The Star proves it to be all a real estate pipe dream. The story was repeated on the street yesterday by several who said they had inside information that there was something doing.

NEW YORK, April 10.—Mrs. Davy Bouch, who proposes to walk from the office of The Globe, in the city to the office of the Chicago Daily News, subsisting on nuts on diet of raw foods, left New York on her thousand-mile walk at 10 o'clock this morning. She hopes to reach Chicago by June first. A physician examined her just before her departure, and her condition through the journey will be watched carefully. An automobile bearing provisions with a maid accompanies her.

OSHAWA TO GET GOOD HOMES SOON

Relief to Be Furnished by Toronto Builders.

OSHAWA, April 10.—As a result of the special excursion held last Saturday by the J. C. Hayes Co., Ltd., several Toronto builders have secured holdings in Industrial Park and will commence as soon as possible the erection of good, solid brick residences of a suitable size and price. With the advent of the Canadian Pacific Railway, the Canadian Northern Railway and the Toronto Eastern Electric into Oshawa, and the fact that several large industries are negotiating for suitable sites, Oshawa is about to experience and is already responding to a marked increase in real estate values.

ARMY AND NAVY VETERANS

At the monthly meeting of His Majesty's Army and Navy Veterans, held at Occident Hall on Tuesday evening, Major W. A. Collins in the chair, three ex-service men presented themselves as candidates for admission and were duly initiated. One of the newly-joined members was fighting for the empire some thirty years since and possesses the South African clasp for 1879, the Egyptian medal and clasps of 1882 with the Khedive's Bronze Star, as well as the Cape of Good Hope General Service Medal and the clasp of 1879. It was settled that the annual church parade will be held on the 19th day at St. James' Cathedral.

Seven Years for Assault. PETERBORO, April 10.—For assaulting Mrs. Maggie Moore, who was alone in her home in Dunsmuir Street, Peterborough, on Tuesday evening, Judge Latchford, who is presiding at the spring assizes, today sentenced the prisoner to a term of seven years in the reformatory. The fact that the prisoner is under medical attention saved him from the lash.

FAR OFF CONTRIBUTION.

A contribution of \$25 has been received by the treasurer of the Muskoka Free Hospital for Consumptives, from Mr. G. S. Houston, of the Federal Business College, Regina, being half the proceeds of a recent entertainment given in that city to aid in the crusade against consumption.

A Mother's Cares Destructive to Health

ANAEMIA, BAD BLOOD, HEAD-ACHES AND LASSITUDE VERY COMMON.

Mrs. Wilkinson's Letter Gives Advice That Every Mother Can Well Follow.

From her home in Newton, where she resides with her large family, Mrs. Wilkinson writes: "For years I was pale, anemic and lacking in vitality. I was a constant sufferer from indigestion and the distress and pain it caused me, coupled with ever-increasing anaemia, made me weaker day by day. Constant headaches, specks before the eyes and attacks of dizziness made me feel as if life were not worth living. My constitution was completely undermined and the constant pains and aches in my eyes showed that my strength was gradually going. I was so weak that I could not get up stairs and my appetite grew much stronger. I felt happier and more contented and the sickly pallor of my face was replaced by a bright, rosy color, which proved that a strong medicine was at work. In a few months Dr. Hamilton's Pills brought me from a condition so nearly pathetic to robust health."

You can obtain the same results by using Dr. Hamilton's Pills—because the substitute that offers you any other pills, or five boxes for \$100, at all dealers or the Catharticon Company, Kingston, Ont.

DOES NOT WANT ANY SEPARATE SCHOOLS

Dr. George Arthur Says Any-one Who Does Is No Friend of Canada—Evils of Liquor Traffic Emphasized by Well-Known Missionary at St. Andrew's Church

Dr. George Arthur, of Vegreville, Alta., of whose work among the foreign population of the west Ralph Connor treated in his book, "The Foreigner," addressed a mass meeting of the Women's Home Missionary Society of Toronto at St. Andrew's Presbyterian Church, Carlton-street, on Tuesday afternoon. The pastor, Rev. S. Harper Gray, presided.

Dr. Arthur stated that a great percentage of those who came to Canada from the Western States were indifferent to Christianity and this indifference becomes implanted in their children. This was due to the fact that the Christianizing of the settlers in the Western States had not been undertaken when they were still young. It showed what would occur in the Canadian west if the opportunity now presented was not seized upon.

He took a strong stand against the liquor traffic in the west. "If we had not the open bar and the liquor license system to contend with in our western provinces the work of the missionary would be successful and easy," he said. "The hard part of it is that these foreigners have a great inclination to drink, which is followed by quarrels. In fact nine out of ten of the distressing cases are directly due to drink." This has caused the suggestion to be put forward that the

U.S. MACDONALD DIED TUESDAY

Well-Known Newspaper Man Failed to Recover From Attack of Pneumonia—Funeral on Friday.

St. John's, Nfld., April 10.—Ivan S. Macdonald, one of the best known of the younger generation of Canadian journalists, died Tuesday morning. He was most generally known as the founder and managing editor of Construction, a Toronto monthly, which under his care, became one of the representative structural journals on the continent.

Mr. Macdonald began his career as editor of The Western Builder, Milwaukee. He left there five years ago and returned to Toronto, going to Saturday Night. He left that paper soon after, as real estate editor of The World. Two years later he returned to the staff of Saturday Night as originator and editor of Construction. He resigned his position four months ago because of ill-health.

He is survived by a widow and two children. Mr. Macdonald was born in Western Canada thirty years ago. The funeral will be held from his late residence, 118 St. John's-road, Friday afternoon.

When the Lungs Are Weak

To every person with weak lungs or who has a family history with records of consumption, a cough or cold is a serious matter. Coughs have a tendency to hang on. They irritate the weakened membranes and prevent healing. There is always the danger that a cold may get a firm foothold and settle on the lungs. It is so easy under these conditions for pneumonia or consumption to develop. About the surest means of controlling coughs and colds is by the use of Dr. Chase's Syrup of Limesed and Turpentine. This treatment loosens the cough, allays the irritation and inflammation and thoroughly overcomes the disagreeable symptoms. The success of this medicine has given rise to many imitations. It is only natural to suppose that the original possessors merit of an unusual degree.

Recent developments in Porcupine --- Hollinger on Up-Grade

HOLLINGER WAS BOOSTED INTO THE LEADERSHIP

Big Porcupine Issue Advanced Rapidly on Revival of Speculative Enthusiasm—Dome Extension Showed Remarkably Firm Tone—Cobalts Quiet and Comparatively Steady.

World Office, Wednesday Evening, April 10. Hollinger was boosted into the leadership in the mining exchange to-day, a sharp upturn in the big issue diverting speculative interest to the high-priced section and calling attention to the possibilities of some of the Porcupine shares which have not yet shared in the general advance. Outside of that particular instance, however, stocks did not undergo any material change, prices holding generally within a narrow range under a desultory trading movement.

A feature of the day worthy of special comment was the remarkable firmness shown by Dome Extension in the face of its sharp advance at the opening of the week. At its top quotation to-day the shares showed an appreciation in value of 11 points over the price at the close of business here on Thursday last, but despite this big gain, no burdensome liquidation has put in an appearance. The stock sagged for a moment to-day, getting back to 60 in the afternoon, but later regained yesterday's big record of 71. The last transaction was at 71, and it closed off there, with a wide price lower.

Scattered Price Changes.

Hollinger was in strong demand, and as the price mounted rapidly, getting as high as \$12.60, a gain of 60 points, and closing firm with bids in evidence at \$12.50. The advance was evidently inspired by the optimistic news from the property and the expectation that the stamp mill will be started up within the next three weeks. The buying here all the earmarks of a short covering movement.

The remainder of the Porcupine list did little more than hold its level at the previous day's figures. In fact, in certain sections a somewhat easier trend was observable, but in no instance did any perceptible weakness develop. Crown Chartered was off again to 32 1/2. Standard dropped to 6, a new record for this year, and Rea sold down to 50, closing bid there.

Scattered price changes were all that was evolved in the Cobalts, no activity of any account developing. Rochester was in better demand, but it was not a small fraction; elsewhere quotations were unchanged.

\$4 Per Minute.

PORCUPINE, April 9.—(From Our Man Up North.)—A trifle over four dollars in gold per minute is the output at the Dome stamp mill, when running full capacity, and with time running into money at this rapid rate, no shutdowns are contemplated. The stamps are out of operation. Clearings are not necessary with the cyanide plant now in operation. The machinery is fast wearing into shape and the very best work is being done.

Two average sized bricks a day can be taken from the mill and the output is being increased. The mill is being milled or one large sized one. All the ore is coming from the chutes in the 45-foot level, where 2000 feet of development have been made. Chas. Fox.

MANY OUTSIDE FACTORS AT WORK IN WALL STREET

Stock Market Takes Cognizance of Events Which Have Direct Financial Bearing--Reactionary Movement in Effect and Big Declines Were Occasioned.

NEW YORK, April 10.—Politics, the removal of negotiations between the anthracite coal operators and their employees, and the publication of the United States Steel Corporation's figures of "unfilled contracts" for March, were among the foremost developments of the day in the stock market.

Dealings were in tremendous volume during the first hour, and almost entirely at the expense of values.

The market continued dull and relatively narrow during the afternoon. The active list hardened, until it effected much recovery in the early decline.

DON'T LIKE ROOSEVELT

Chas. Head & Co. to J. E. Osborne: The result of the Illinois state primaries in favor of Roosevelt was not reflected by Wall-street this morning, and the market opened lower under free selling. Breakers of 1-2 to 1-2 points were common in initial sales.

DOMINION OIL COMPANY

Authorized Capital, \$1,000,000

THE DOMINION OIL COMPANY owns 240 acres, situated in the proven oil fields of Coalinga, California, and valued at \$2,000 per acre, or \$480,000. Their well is now drilled to a depth of over 2,550 feet, and from the following telegram just received, it would appear that the big flow of oil, which the surrounding companies have, would shortly be encountered.

WILLIAM GRAY, ESQ., COALINGA, CAL., 8th April, 1912. Pres., Dominion Oil Company, Toronto.

"Well twenty-five hundred and fifty feet. More gas and oil as we go deeper. Formation what we should encounter above the big pay sands." "W. W. WARNER."

Owing to the rapid development of the Company's wells and the practical assurance of shortly encountering the big flow of high-grade oil, which the Canadian Coalinga Company have brought in, running over 7,500 bbls. per day, on and after Monday, the 15th of April, the price of the shares of the DOMINION OIL COMPANY will be advanced from 50c to 75c per share.

We have been strongly advising the purchase of the Dominion Oil Company's shares, and now on the eve of the advance in the price of these shares, we want to ONCE MORE ADVISE THEIR PURCHASE. Remember when the big flow is struck, these shares which you can purchase to-day at 50c per share will immediately be selling at MANY TIMES THEIR PRESENT SELLING PRICE. The Canadian Coalinga Company's shares, which a few weeks ago could have been bought for less than \$1.00 per share, are to-day being sought for at \$20.00.

The DOMINION OIL COMPANY, with its big acreage, honest management and practically proven well, offers a rare opportunity for a safe and profitable investment.

MONDAY IS THE LAST DAY ON WHICH THESE SHARES CAN BE PURCHASED AT 50c. DO NOT DELAY, BUT SEND IN YOUR APPLICATION AT ONCE. PROSPECTUS AND FULL PARTICULARS CHEERFULLY FURNISHED UPON APPLICATION. WRITE US AT ONCE—TO-DAY—NOW.
