BOBS GETS HALF A MILLION  
Leading Balfour Eulogizes the Field Marshal and Compares Him With Marlborough  
BITTER ATTACK BY JOHN DILLON  
After a Prolonged Debate Resolution Was Carried by a Majority of 208.

London, July 31.—In the House of Commons to-day, proposing a resolution granting Field Marshal Earl Roberts £100,000 for his services in South Africa (in accordance with the recommendation of King Edward, announced in the House of Lords by the Premier, Lord Salisbury, Monday last), A. J. Balfour, the government leader, in the course of a eulogy of the field marshal, whom he compared with such men as Wellington, Nelson, Marlborough and Blenheim, said there was no doubt that but for Lord Roberts' daring and strategy and the rapidity with which his plans were carried out, Kimberley and Mafeking would have fallen, 11,000 British would have been starved into submission at Ladysmith, and there would have been a general rising of disloyalists in South Africa. Great Britain might have recovered therefrom, but at what a cost! The country was saved from this by the genius of the man he was eulogizing. The House to reward by a unanimous vote, irrespective of political differences.

The statement called forth protests from the Irish members.  
The Liberal leader, Sir Henry Campbell-Bannerman, concurred in the motion.  
John Dillon, Irish Nationalist, strongly opposed the vote. He protested against mentioning Lord Roberts in association with such a man as Marlborough. He declared Lord Roberts had shown the greatest inhumanity in South Africa, and said he had employed barbarous methods and had proved himself a dismal failure.

Mr. Labouchere, Liberal Unionist, protested against granting gratuities to military men while nothing was given to civilians who were doing something for the benefit of their country.  
Mr. Keir-Harrie, Socialist and Independent Labor, took a similar view. He declared that in the opinion of experts at home and abroad Lord Roberts' failure was responsible for the continuation of the war.  
Mr. Swift MacNeill, Irish Nationalist, said he considered Lord Roberts' operations were conducted with a maximum of cruelty and a minimum of humanity, and that his farrowed speech at Cape Town was horrible hypocrisy and blasphemy.

After further debate for and against the motion, Mr. Balfour moved that the resolution be carried by 207 to 108 votes. The resolution was afterwards adopted by a vote of 281 to 73.

LOW OCEAN FREIGHTS  
Buyers in Great Britain Holding Back Hoping for a Break.  
Montreal, July 31.—(Special.)—Ocean freight from Montreal has rarely in the history of the port been so low as they are at the present time. The dullness in the market for the export of goods, which has caused the price of corn to reach a very high figure.

But buyers in Great Britain are holding back on account of the high prices, and are awaiting a break, which may come at any time. The market is expected to be just opening enough to keep them going. This scarcity of orders is resulting in many ships leaving the St. Lawrence river empty.

The rates for corn at this season last year ranged between one shilling and three pence and one and six pence. At the present time steamers leaving Montreal are only getting one shilling per quarter for corn, and a supply even at this figure is not available.

BOLT FROM THE ALLIANCE.  
Movement on Foot to Supersede the Present Organization.  
A member of the Ontario Alliance executive stated to The World yesterday that a movement is on foot to organize the Alliance in Ontario to the province, with a view to the Ontario elections, by that section of the Alliance which has for some time been unsuccessfully pressing for aggressive action on the part of the Alliance executive. An effort, he said, is being made to induce Henry B. Storie, former secretary of the Ontario Alliance, to be back in Winnipeg in August, to bring his stay in this province to get the movement started.

K. OF P. INDICTMENTS.  
John A. Hinesy and Henry B. Storie Charged With Perjury.  
Chicago, July 31.—Indictments charging perjury were returned by the grand jury to-day against J. A. Hinesy, former president of the Endowment Bank, Knights of Pythias, and against Henry B. Storie, former secretary of the Endowment Bank.

GETS READY FOR WAR.  
London, July 31.—A despatch to The Pall Mall Gazette from Bucharest says: "In consequence of the agitation in Albania, Austria has ordered every garrison in Bosnia and Herzegovina to be immediately placed on a war footing. Additional regiments leave Vienna this week for Sarajevo and Banjaluka. All the officers in the Turkish army are ordered to rejoin their regiments."

EXPLANATION OF SITUATION.  
London, July 31.—Nothing has been received here to confirm the news contained in the despatch of The Pall Mall Gazette from Bucharest, and, outside of Vienna, scant attention is paid to the alleged political intrigues which are asserted to be at the bottom of the present agitation in Albania on the part of the Christians.

HALF A MILE OF ICEBERG.  
New York, July 31.—The British ship Durbridge, which arrived last night from London, is ballast to the Standard Oil Company, passed off the eastern edge of the Banks on July 31 an iceberg 300 feet high and half a mile long, the biggest seen this season by an Atlantic cruiser.

LIFT IN TAX VALUATION.  
Cleveland, O., July 31.—Judge Strimple of the Common Pleas Court to-day removed the injunction secured by the big Consolidated Street Railway, restraining the city Board of Health from increasing the tax valuation. The board then met at once and raised the valuation from \$1,145,000 to \$2,026,750.

WAR SHIP RUNS ON A ROCK.  
British Armed Sloop Strikes in Newfoundland Waters.  
St. John's, Nfld., July 31.—The British armed sloop Buzard arrived here to-day from St. John's, Nfld., with a rock in her hold. She struck the rock in 10 feet of water. Her engines were quickly reversed, but without effect. As the tide fell she listed to starboard, and was found to be in no immediate danger. Ammunition was removed, and she was put out to sea and towed. Divers have been down to examine her keel and she will be docked for repairs.

ANOTHER SHIP ASHORE.  
Hong Kong, July 31.—It is reported that the new British battleship Glory, flagship of the British China squadron, is ashore somewhere between here and Shanghai. The war ships Colborne, Daphne and Plenary have left this port suddenly. No explanation is given of their departure.

Winnipeg, July 31.—(Special.)—One of the most representative audiences ever congregated in this city was held last night at the Grand Hotel for the inauguration of the organization of an independent political party. A spirit of unanimity prevailed.

SCENTED AN ANARCHIST PLOT.  
King Alfonso With His Automobile San Sebastian, July 31.—King Alfonso XIII, queen Regent and the Duchess of Alba, the young sovereign suddenly swept through the grounds of the palace. The sentinels, not recognizing the King, thought some desperate plot was in operation. The palace guard turned out, followed by all the members of the royal household in a tumult. Order was restored only after a further term of six months. This body was composed of Canadians, with the exception of two members, and saw quite a good deal of service.

TRAIN ROBBERS' MISTAKE  
Baltimore and Ohio Express Train Held Up by Masked Men 31 Miles From Chicago.  
THEY DYNAMITED THE WRONG CAR.  
Secured No Loot and Escaped After Threatening to Shoot the Train Hands.  
Chicago, July 31.—The Baltimore & Ohio passenger train from the east, which was due to arrive in the Grand Central Depot, Chicago, at 9 o'clock to-night, was held up by five masked men at 8 o'clock, between Edgewater and Grand Calumet Heights, Ind. It was held up by five masked men at 8 o'clock, between Edgewater and Grand Calumet Heights, Ind. It was held up by five masked men at 8 o'clock, between Edgewater and Grand Calumet Heights, Ind.

About Our Ads.

Some dentists say—"good work is my advertising." Is it? We should say that good work ought to be—figuratively—advertising—"stock in trade"—what people might expect to get for their money. No advertising builds a dental practice. It belongs to good work to do that. We believe in telling you that we do—invariably—the best work that's in us—and then believe firmly in "backing up" the telling with the fact. There is no use of confusing the two, however. Advertising is the telling. Good work is the fact.

H. C. Sheffield Shoots Himself Thru the Head in a Niagara Falls Hotel.

MELANCHOLY CAUSE OF RASH ACT.

Unfortunate Man Survived By a Widow and Two Daughters—Lost Position Through Drink.

Niagara Falls, Ont., July 31.—H. C. Sheffield, of Toronto, committed suicide at an early hour this morning in the Windsor Hotel. Sheffield registered on Monday morning, paid his bill for a day in advance, and appeared to enjoy himself right up to Tuesday. Late last evening he retired and nothing more was heard from him until about 1.45 o'clock this morning, when Thomas Stearn and William Lee, commercial travelers, occupying rooms adjacent to the Windsor Hotel, were awakened by a loud noise.

On the floor in front of the dresser lay the lifeless body of Sheffield. By his side was a 22-calibre revolver, with one chamber empty, and a bullet hole in the wall above the head of the bed. The door to the room was locked inside, and the door to the hallway was unlocked. The door to the room was locked inside, and the door to the hallway was unlocked.

The Toronto authorities were notified about 5 o'clock yesterday morning of the death of Sheffield, who, from passing of the body, was supposed to have lived at 28 Wynne-avenue. Detective Henry was sent to notify the relatives, but the only person who could be traced was the family of that name had vacated the house on Friday last. It was thought that Sheffield was found in the room at 28 Wynne-avenue, but inquiries at that address made by Pullman Whitehead failed to obtain any information.

It is understood that Sheffield was 46 years of age, and was employed by the C.P.R. It is understood he lost his position two years ago, and was living on a small pension.

He is survived by a wife and two daughters. One of the daughters is married to a man who is a proprietor of an hotel. The other daughter and Mrs. Sheffield, who are at present residing at 28 Wynne-avenue, were notified of the death of their father.

Robert Coster, 64 York Street, Hamilton, Ontario, recently received a large stock of the latest styles of suits, etc.

Another witness to the many thousands of Dyspepsia Tablets is Robert Coster, the well-known merchant tailor of 64 York Street, Hamilton.

It is remarkable how many people in the four corners of the globe are troubled with Dyspepsia, and it is so remarkable that the astonishing number who have cured their stomach troubles by the use of Dr. Cassell's Dyspepsia Tablets.

Dr. Cassell's Dyspepsia Tablets are an absolutely harmless compound of pepsin, diphosphoric acid, and other ingredients, which, when taken in sugar, but they are not remarkable for the food in the stomach, they do their work in the blood, and the result is a perfect cure of dyspepsia.

This rational, sensible way of treating Dyspepsia restores the nourishment of the body, while it at the same time allows the body to grow strong and healthy.

Dyspepsia Tablets are the people who have the warmest praise for them.

"I was troubled for three years," writes Mr. Robert Coster of Hamilton, "with Dyspepsia and heartburn, and could get no relief. I was persuaded to try Dr. Cassell's Dyspepsia Tablets, and in a few days I was cured. I will be thankful that I did so. Dr. Cassell's Dyspepsia Tablets proved a blessing to me, and I would recommend them to all who are troubled with Dyspepsia."

Gentlemen's Good Shoes

JUST 800 PAIRS.

They are regular 6.50, 6.00 and 5.00 shoes—you can see quality at a glance, but in 40 different styles. I happened to have an average of 20 pairs left in each style. Don't want them. They cost more than 5.00 a pair, but you will see how quick they will clear at

\$3.75

All sizes and all widths are represented in one or the other of the various styles and shapes. Your exact fit may be in the lot. If so, you can get 6.00 for 3.75. But you had better make haste.

Store Closes To-Day at Five o'Clock.

A Big Sale of Men's Shirts at Fifty Cents

To-morrow will see the biggest shirt event of the year in this city. Almost ten thousand shirts at a price about the smallest we ever asked for such qualities and styles.

75c SHIRTS FOR 50c \$1.00 SHIRTS FOR 50c \$1.25 SHIRTS FOR 50c \$1.50 SHIRTS FOR 50c

making this, we believe, the biggest shirt value ever offered to the men of Toronto.

Men's Colored Cambric, Oxford, Zephyr and Madras Shirts, some with open front, others with open back and the rest with open back and front, there are shirts with cuffs attached and shirts with detached cuffs, soft and laundered bodies, the patterns are the newest fancy checks and stripe effects; also a few with white pleated fronts, many of the shirts are soiled from handling, but the first laundering will make that good, the sizes are 14 to 17 1/2 in neck, the regular values would be 75c to \$1.50 apiece, on Friday morning at eight o'clock we commence selling them at

50c

Ten thousand shirts seem to be a big lot to offer at this season of the year, but we believe even that number will hardly be adequate to supply the demand this emphatically low price will create.

Six Bargain Gems in the Basement on Friday

The Basement hasn't very many bargains to offer for Friday, but every one—only six of them—is a gem. We have seldom offered anything better in that department, and while these different lots last we may reasonably expect quick, eager buying:

- Baby Carriages at \$10
Dinner Set for \$4.75
Club Bags at \$1.25
Dolls at 50c
Watering Pots at 10c

THE WORLD OUTSIDE. The World can be had at the following news stands:

MR. DRYDEN. Mr. H. J. Dryden is the Liberal member in the Ontario Legislature for East Lambton. He is also editor of The Free Press, published at Forest. The recent article in his paper condemning Hon. John Dwyer, Minister of Agriculture, in connection with the Manitoba land question, has been extensively copied, and commented upon, very much to the disadvantage of Mr. Dryden.

WELCOME TO OUR COUSINS. Another scolding about the streets of Toronto these days will notice that there are hundreds or thousands of strangers in the city. They may be seen on the trolley-bus, in carriages, on the sidewalks and in the stores. They are met at the wharves and railway stations, and are asked to buy their goods in the shops and to take to the streets and to the hotels and to the homes of the city.

CHEAPER RAILWAY TRAVEL. While people are advocating the construction of radial trolley lines through the country and connecting villages and towns with the cities, the steam railways are also being urged to reduce their rates.

TRADE UNIONISM IN BRITAIN. In the American Review of October, 1900, Mr. Benjamin Taylor wrote a paper, exposing the fallacies of the theory that British commerce has declined, or is declining. In the current number of the same magazine Mr. Taylor has a caustic article on 'How Trade Unionism Affects British Industry.'

MISS MAUD KENNON. Of 1533 Orange Street, Los Angeles, Cal., writes: 'I had been afflicted with my eyes for many months, and had been treated by many different remedies, but they were like using so much water; they measured my eyes for glasses, but they did not benefit me in the least. My mother desired me to write to Dr. R. V. Pierce and explain the condition of my eyes. I did so, and after following your advice, and using eight bottles of the "Favorite Prescription," and eight of the "Golden Medical Discovery," can say my trouble is entirely cured. I would advise any one so afflicted to try these wonderful medicines. My health was never so good as it is now, and I shall never tire of praising you for the cure you have given me.'

It stands to reason that the UNIT of profit can be reduced and the aggregate still be a FAIR return on the capital invested.

Hamilton Spectator: A veteran who came from Toronto, the top of the Mountain got onto the trolley, and he said to the driver: "I'll have to go back; but don't want to!"

The Stratford Beacon defends Hon. John Dwyer in his Dakota ranching enterprise, because Sir Charles Tupper is said to have speculated in railway stocks and made money. There is a good deal of difference between more than we will need their manufactures, and thus they are the greater sufferers.

Guelph Herald: Mr. Dryden will now be able to tell the farmers of Ontario how he works his big farm in Dakota. When Mr. Pettipiece called on Hon. John Dwyer to resign he might as well have made a clean job of it by beckoning on the other Ministers to follow.

SOBE ON THE MACHINE. A Liberal in Dunwich Township, West Egin, has written to The St. Thomas Times a scathing letter of rebuke to the party managers in the riding. A pungent paragraph:

We have been dragged thru four campaigns—three local and one Federal—and have been innocently disgraced, and while we were honest and useful in our support of the Reform candidates we have had to stand by and see the party dismembered and the riding wrecked by an officious, officiating, bustling gang. Reformers through West Egin, I think, have seen the great mistake they have made in allowing themselves to be run by this faction.

WHAT STOPPED THE CLOCK

Commissioner Chambers' Men Are Putting the Tussock Moth Out of Business.

MANY VISITORS REGISTER AT HALL

Complaints About Bad Pavements and Crop of Weeds on Metropolitan Boulevards.

Altho business is light at the City Hall, the crop of visitors to the big structure is exceedingly heavy. They come from all parts of the universe; in fact, very few visitors to Toronto go away without taking a look at the Metropolitan Buildings. Some of the Canadian visitors who registered yesterday were: D. McLeod, Greenhaver; R. R. Earle, Winnipeg; L. B. B. S. Fairfield, C. Welton, Oakville; W. Freeman, Burlington; W. Johnson, Palermo; W. Emery, F. Cochran, W. Cavan, B. Freeman, J. Andrew, Oakville; S. Freeman, D. Ingram, Nelson, B.C.; C. Joyce, Victoria, B.C.; H. McNeill, Kilbride, Ont.; J. Springer, Nelson, Ont.; R. Richardson, East Toronto; Charles Mason, French River; Mr. and Mrs. Gordon, St. Mary's; Miss G. M. Smith, Simcoe; Mrs. Schenck, May Schenck, Ella Schenck, St. Catharines; Wesley Clark, Portage la Prairie; A. A. Van Kleeck, Port Hope; G. G. Lantier, Brantford; William Frank, Brantford.

The \$15,000 clock at the City Hall was stopped for a short time yesterday at 1:30 p.m., which was caused by a fire in the mechanism of the clock. The damage to the clock is minimal, but the fire has not yet recovered. There seems to be enough men looking after that clock to keep hats out of its inside.

Frame wants the night cars on East King-street to run one hour later than they do at present, to accommodate night workers who live in the East End. He thinks East Queen-street should have just as good a service as West Queen.

Anyone who has a musk looking dog seems too busy on the trees can communicate with Park Commissioner Chambers, or a mesh murderer. Mr. Chambers has dozen men outside, whose temporary occupation is the extermination of the tussock moth.

F. J. Gabriel, assistant fire marshal, 13th Battalion, Chicago, was a caller at the City Hall yesterday. He is in charge of the Metropolitan Church property, through the length of the grass and weeds. Mr. Gabriel thinks a weekly church like the Metropolitan should keep its premises neat, or that the City should do something.

Commuting to-day, Broadway-avenue street cars will start from foot of Yonge-street and run west along Front to York-street, north to Queen and east to Broadway-avenue. It will be a six-minute service from 6 to 10 a.m. and from 6 to 9 p.m., and at other hours a seven-minute service.

The Street Railway Company has been asked by City Engineer to run Queen-street cars right thru from west to east. Clarence A. Cotton, secretary to Mayor Mayors of Detroit, accompanied by Mrs. Cotton, called upon Mr. Wilson at the Mayor's office yesterday. They are going on a trip down the river to the West.

The worn-out color block devil-strip between the Don bridge and the G.T.R. tracks, East Queen-street, will be replaced with good ones.

Street Commissioner Jones has called the attention of the City Engineer to the condition of the pavement on East King-street, near St. Lawrence Market, and on Queen-street, opposite Broadview-street, and it is likely repairs will be made soon.

The tracks for the extension of the street railway service on Shaw-street, from King to Queen, will soon be in position. Work was started yesterday. The line will connect with the Ossington-avenue spur line.

The City Solicitor's Department is engaged in demisting the vestibule case against the Street Railway Company. However, there are fifteen more informations ready for trial, and material for thirty or forty more, so the department does not need to indulge in much more work.

Concord-avenue is a mud hole, in the opinion of W. Robinson, who writes to the City Engineer, complaining of the delay in constructing the pavement, which has been often promised to the residents. Cemetery returns for July show the total interments to have been 267. Deaths from diphtheria were 7, from scarlet fever 2, diphtheria 2, children under 15 years of age 102, adults over 15 34. Interments at St. James' were 68, Mount Pleasant 91, Necropolis 88, Prospect 23, St. Michael's 34, Mount Hope 6 and Humberview 12. The death rate among infants was exceptionally high.

There was nothing new to report in regard to the smallpox situation on enquiry at the Health Department yesterday.

ALD. FOSTER WILL GIVE FLAGPOLE.

Donor Wants City to Have It Up Before the Duke Comes. The City Hall will have a flag pole, and Ald. Thomas Foster will pay for it to the extent of his bank roll, if necessary. He has sent a blank cheque to the City Treasurer as per the following letter: His Worship the Mayor, Chairman and Members, Board of Control, City of Toronto, Gentlemen.—I notice that there is a desire on the part of some of our citizens to have a flagstaff placed in position in front of the new city building.

Inasmuch as there has been no provision made for such a staff, and as it is my opinion that it would prove both ornamental and useful on gala occasions, and enhance the appearance of the building, I take this opportunity of enclosing for your acceptance, on behalf of the corporation of the city of Toronto, a blank cheque on the Standard Bank, to be used in payment of the cost of erecting such a staff. The only condition I would impose upon you is that the flagstaff in question be placed in position in time to be of service on the occasion of the visit of His Majesty King Edward VII. and His Imperial Highness the Duke and Duchess of Cornwall and York. Yours very truly, T. Foster.

(Enclosure.) Acting Mayor. Architect Lennox was asked by The World what Ald. Foster would likely have to pay for his present to the city, and Mr. Lennox said at least \$2,000. It cannot be placed upon the building, but must be located somewhere on the lawn in front. Mr. Lennox fervently hopes that it will not be erected in a position where it will in the least detract from the handsome appearance of the structure. He hopes to have it put on one side.

It is now up to some public-spirited citizen to order a flag for Ald. Foster's flag pole.

OBJECT TO STABLE SITE.

Deputation of Munro Street Citizens Protest to Engineer. There is a protest against the erection of the new eastern stables on the site picked out yesterday. A deputation consisting of Ald. Stewart, Ald. Richardson, T. Farn, G. Baker, W. Langdon, Dr. Norman Allen, W. Guest, A. Graham, S. Godbold and W. P. Stewart waited upon the City Engineer and said the new stables would come uncomfortably close to some of their homes and would be a breach of the health laws. The Engineer said he could not stop the work without orders from the city, and it is probable that an injunction will be sought to restrain the municipality from going on any further with the work. Residents of Munro-street compose the citizens who are dissatisfied, and Ald. Richardson thinks the Board of Control will take measures to please the complainants.

AN ELECTRICAL TRIUMPH.

Magnificence of the Illuminations at the Pan-American.

Some of the best writers in America have endeavored to portray the gorgeousness and beauty of the night illuminations of the Pan-American Exposition at Buffalo, but the magnificence of the scene and the lasting impression that is riveted on one's mind by seeing it in person leads one to believe that words cannot convey any idea of this beautiful sight. Robert J. Burdette, writing in The Chicago American, says: "The first evening ago America was in the twilight. Presently, low and soft as a whisper of music, the strains of 'Nearer My God to Thee,' steal from the band-stand, and at the moment the lamps glow red and dull, in the darkness, about the pavilion, the music rises to a louder tone, the lights brighten, the music swells, and the band-stand—a vesper day—dawn thru all the grounds. Clearer and higher the music lifts the song to a climax of triumph, the grounds are ablaze with the clear, bright light, every building and tower and fountain is luminously outlined; everything that is incomplete, imperfect, everything that would mar or make a false tone, is hidden in the air, glowing steadily in the night sky. The deep heart applause of the breathless silence tells how the picture is glowing upon every soul in that vast multitude. An old man, with the tremor of age and reverence in his deep tones, says in a low voice: 'And I, John, saw the Holy City, New Jerusalem, coming down from God out of Heaven prepared as a bride adorned for her husband.' "As the deep glow of a vast ocean of people—Sons, the 'March King,' pauses long with half raised hand, as if to toast the victor to the ground. Helen, the 11-year-old daughter, was the only one of the family to escape injury. The fire was caused by the overturning, by a cat, of a petroleum lamp, used to light the hallway in the house. As soon as the flames were discovered the father lowered Helen to the ground by a rope, and started to lower his wife. It is supposed that he became unconscious at this time, as his hold on the rope loosened and the woman fell to the ground. When the firemen reached the house they found Edna dead and James and William McCoy so badly burned that they died in a few minutes.

BURNED TO DEATH.

New York Father and His Two Children Succumb to Injuries.

New York, July 31.—James McCoy and Edna, 14 years old, were burned to death to-day in a fire in their home, 370 Gold-street, Brooklyn. Mrs. Mary McCoy, the mother, was probably fatally hurt by falling from a window to the ground. Helen, the 11-year-old daughter, was the only one of the family to escape injury. The fire was caused by the overturning, by a cat, of a petroleum lamp, used to light the hallway in the house. As soon as the flames were discovered the father lowered Helen to the ground by a rope, and started to lower his wife. It is supposed that he became unconscious at this time, as his hold on the rope loosened and the woman fell to the ground. When the firemen reached the house they found Edna dead and James and William McCoy so badly burned that they died in a few minutes.

SHRIEKED THE ALARM.

Locomotive Told Harriston Folk of a Fire in Their Town.

Harriston, Ont., July 31.—The whistle of Leighton's sawmill was burned here this morning at 5 o'clock. The fire had made great headway before it was discovered, and when the firemen arrived after being awakened by the shriek of a G.T.R. locomotive, which gave the alarm, the mill was enveloped in flames. They succeeded, however, in saving the lumber piles and the electric light. The town was in a state of darkness till the boiler and engine are got shape again. The mill is a total loss, insurance small.

SENT INTO EXILE.

Constantinople, July 31.—Cherif Sefid Pasha, who was recently arrested in his house, today was sent to the prison of the Egyptians, all of whom were accused of an extensive conspiracy against the Sultan, was with 12 others, Mussulmans, dispatched into exile yesterday.

UNCLE SAM'S TROUBLES.

Manila, July 31.—Lieut. Croft of the 19th Infantry, with a detachment of 100 men, of the 19th Infantry, had an encounter with 60 insurgents. Seven of the rebels were killed and 13 taken prisoners. Lieut. Croft's force two privates were slightly wounded.

MURKES AND MAN DROWN.

Suzanne, N. Y., July 31.—Thomas Avery and a pair of mules he was driving were drowned this morning in the Erie Canal. He had fallen asleep and the wagon went into the canal, carrying Avery and the mules with it.

REMEMBERED BISMARCK.

Berlin, July 31.—Emperor William yesterday, the third anniversary of Prince Bismarck's death, caused a wreath to be deposited on the tomb of the great statesman.

FORGETTING CUBA.

Madrid, July 31.—The Ministry of Foreign Affairs is engaged upon an extradition convention and general treaty of peace and friendship with the United States.

What Others Think of Our Show. The Nashville, Tenn., American of July 29 says: "Canada's great Exposition at Toronto will be held from Aug. 20 to Sept. 1. This exposition must be a magnificent display of live stock and the agricultural, horticultural and industrial products of the Dominion, and as a show it will not only see the Exposition, but the most beautiful and most beautiful city in all Canada."

Mr. Joseph F. Hall, correspondent at Glasgow of The Buffalo Courier, in his letter published in last Sunday's paper, says: "At its best, the Exposition is more like a creditable fair than anything else. It fact, it strikingly resembles the Toronto Fair, which is held every summer. Possibly it is larger and more interesting, but not to a great degree."

Route of the Black Diamond Express. The Lehigh Valley Railroad is the route of this "blackstone" train in the world. It is the fast Toronto, New York and Philadelphia night express, leaving Toronto via Grand Trunk at 6:10 a.m. daily, stopping at three stations in New York, landing passengers uptown near all European steamship docks. For tickets, Pullman and other particulars call at Grand Trunk city or station ticket office.

Strike Deposits. New York, July 31.—Work on the new naval branch of the Young Men's Christian Association, being erected by Helen M. Gould, at a cost of \$425,000, as a memorial to her parents, has been delayed by a fight between the Amalgamated Society of Plumbers and Gas Fitters of New York and the Plumbers' Union of Brooklyn.

Anxiety in Bilboa. Bilboa, July 31.—The position of affairs upon the home cause among the Spaniards is experienced in the settlement of certain securities in which the market has been very large. Money is most scarce for carrying over, and rates are extraordinarily high.

TOBACCO, LIQUOR AND DRUGS.

Dr. McTaggart's tobacco remedy removes all desire for the weed in a few weeks. A cure for the habit, and only requires touching the tongue with it occasionally. Price, 25c.

Simply marvelous are the results from taking his remedy for the liquor, morphine and other drug habits. It is a safe and an expensive home treatment; no hypodermic injections; no prohibitory laws; no loss of time from business, and a certainty of cure. Address or consult Dr. McTaggart, Room 17 James Building, corner King and Yonge.

PROPOSED WORKS - - BLUE LAKE, Ontario

OFFICES - - BRANTFORD, Ontario

PROSPECTUS

THE OBJECTS of the Ontario Portland Cement Company, Limited, are to manufacture, buy, sell or otherwise deal in Portland Cement, lime or other minerals or their products; to lease, purchase or own marl and clay lands; to develop or deal in cement or lime properties, their products and all other things appertaining to such a business. The Company, besides holding other options, now own the property known as Blue Lake, together with adjacent marshes, as shown on a plan prepared by Richard H. Squire, O.L.S., upon which property it is the intention of the Company to erect an entirely modern Portland Cement plant, with a capacity of at least 300 barrels per day.

PROPERTY

Blue Lake and adjacent marshes, the property of the Ontario Portland Cement Company, Limited, from which it is proposed to get the marl for the manufacture of Portland Cement, has been thoroughly tested as to quantity, a series of tests having been made by Richard H. Squire, B.A.Sc., C.E., who reports the quantity of marl already in sight on this property to be sufficient for over half a century. As to quality, borings have been made and samples taken from test pits in the marshes and lake by T. Harry Jones, B.A. P.Sc., M. Can. Sc., C.E., Brantford, and forwarded to J. Walter Wells, Esq., B.Sc., Ontario Government Analyst of the Provincial Bureau of Mines, who, after full analysis, reports said marl to be satisfactory for Portland Cement purposes. Messrs. Thomas Heys & Son of the Ontario, School of Chemistry and Pharmacy, Toronto, also report the said marl "first-class in every respect for the manufacture of cement, giving 95 per cent. of lime free from carbonic acid, moisture and organic matter. They also say: "This is very high, and well adapted for the purpose."

Others have examined the lake and marsh, who also report the Company's property first-class as to quality and quantity, and most advantageously situated for the economical manufacture of a first-class brand of Portland Cement.

DEMAND AND MARKET

Showing Portland Cement to be a Staple Product

The demand for Portland Cement is largely on the increase. The few factories in Canada have not been able to supply the quantity required, very large quantities having to be imported to supply even the present wants; notwithstanding home production has increased, the importations have also increased, showing the home product has not kept pace with home consumption; neither is this strong market likely to decrease. In the United States the consumption of Portland Cement has grown in ten years from about 2,000,000 to nearly 10,000,000 barrels per year, while in Canada the market has increased about 300 per cent. These figures can hardly be rivalled by any other industry in America. It is also a well-known fact that corporations and individuals have just commenced to realize that cement is the most pliable material for construction to be found, and architects and engineers are recommending its use in place of timber, stone and other articles, showing that Portland Cement consumption is only in its infancy in this country.

RAILWAY FACILITIES

Blue Lake and its adjacent marshes are located alongside the main line of the Grand Trunk Railway, between Niagara Falls and Windsor, in the Township of South Dumfries, County of Brant, and surrounded by some of the very best counties in Ontario, so that by means of a short switch this marl bed, on which it is proposed to erect the said plant, will have exceptional transportation facilities.

SPECIAL ADVANTAGES

Besides having a first-class quality and a large quantity of marl, also a splendid plant site, located close to one of our principal railways, only 69 miles from the American frontier, where coal, the principal item of expense in the manufacture of cement, is obtained, Blue Lake, the property of the Ontario Portland Cement Company, Limited, is situated in the heart of the consuming district of Western Ontario, being, approximately, by rail only the following distances from the following good consuming towns and cities: Paris, 3 miles; Brantford, 10 miles; Woodstock, 22 miles; Ingersoll, 31 miles; London, 50 miles; St. Thomas, 70 miles; Niagara Falls, 69 miles; St. Catharines, 53 miles; Toronto, 66 miles; Stratford, 34 miles; Guelph, 33 miles; Hamilton, 26 miles; Berlin, 20 miles; Dundas, 19 miles; Galt, 18 miles; thus enabling the company to place their manufactured article very easily upon a good local market.

PROFITS

Portland Cement manufacturing has been a paying and large dividend-producing industry in England and Germany for years. During the last ten years it has become one of the leading commercial enterprises of the United States, and, in cases, exceedingly large profits have been realized. In Canada, in the past, the manufacture of Portland Cement has been confined to two or more concerns in Northern and Eastern Ontario. Without wishing to publish information with reference to the trade, it is a well-known fact that one of these companies published their profits as amounting to \$84,000.00 in 1899, produced by a 25-barrel plant. As it is the intention of the Company to erect a first-class plant of about the above capacity, equipped with the very best machinery and labor-saving devices, upon their bed of marl, most favorably situated for economical manufacture and delivery, taking advantage of all experiments and improvements in machinery, plant, etc., during the past, it is confidently expected by the Directors that the Shareholders of the Company will realize very large dividends.

The Company now offers 1630 shares of its capital stock at par, \$100.00 each, to assist in erecting the proposed plant on the said property. It has been estimated that the proceeds of this sale, together with the stock now issued and paid up or already subscribed, will enable the Company to own outright a first-class Portland Cement industry, together with sufficient cash capital to carry on business satisfactorily.

Ten per cent. of the amount of stock subscribed shall be paid in cash on the date of subscription, and the balance will be called in by the Directors of the Company from time to time as the same is required for the company's purposes.

Applications for shares should be made to the Company's authorized brokers or at the Head Office of the Company, 54 Market Street, Brantford, Ontario. All cheques should be made payable to the order of the Company, at the Bank of Montreal, Brantford. 5624

**TREMENDOUS DIVIDEND.**  
 New York, July 31.—The Evening Post  
 says today that the extra dividend de-  
 clared recently by the First National Bank  
 of the Republic was 1,000 per cent. on the  
 original capital of \$500,000. This divi-  
 dend was more than large enough to en-  
 able the stockholders to pay for their share  
 of the new stock to be issued on the in-  
 crease of the bank's capital, \$100,000,000,  
 without the outlay of one cash.
