# The Toronto World

## RADIALS ARE ATTEMPTING TO ENCIRCLE THE CITY

Application for 25-Year Franchise Made to West Toronto Council Indicates Plan of Coming Campaign.

Mr. A. H. Royce, one of the solicitors for the Mackenzie suburban traction and electrical interests, has written The World complaining that the suburban company did not ask for a 25-year extension of its franchise in West Toronto, as was stated in these columns.

What they did ask for, writes Mr. Royce, "was, if the municipality (West Toronto) wanted a line constructed through the southwestern portion of the town, the company would construct it, if the municipality would give them a 25-year franchise on one street. This line, being a north and south line on one street only, would affect nobody's interests and would give immediate communication to this district instead of having to wait 15 years to get it."

The West Toronto city clerk informs The World that the application of the suburban company is for a 25-year franchise from Keele-street along Annette-street to Elizabeth, and down Elizabeth to Swansea. Mr. Royce wants this franchise to overlap by 10 years the existing franchise in West Toronto.

But that is not all. He wants this franchise in order to connect up three of the Mackenzie radials and to get for them a permanent entrance into the city, irrespective of the consent of the city. The idea is in short to take the Lake Shore-road (Mimico line) up Elizabeth-street, thru Swansea and West Toronto to Dundas and Keele-streets, where it would join the suburban line's tracks; over them up Keele-street to where it would join the other Mackenzie suburban line on the Davenport-road; along this latter line to the city limits at the C.P.R. tracks on Bathurst-street; and along the right of way of the Toronto and Niagara Power Co.'s electric line (when built, also controlled by the same interests), into the city near the head of St. George-street. From St. George-street there is another place that would have to be negotiated, about two miles, to get over to the Don Valley and down the tracks of the Canadian Northern (also Mackenzie) right into its new station at Cherry-street, and ultimately to Union Station. In other words, by this franchise in Swansea and West Toronto (about two miles and a half) and the jump across from St. George-street to the Don Valley (two miles), the city would be encircled and the radials could get to the Esplanade and the Union Station in spite of the city. Also a large portion of what is now suburban would soon be in the city and have the privilege of paying two fares! From the Davenport-road a line at Bathurst-street, a new line could be taken north and east over to Yonge-street, where the Metropolitan could be joined. The West Toronto franchise sought with another little franchise from York Township and North Toronto would connect up all the radials, viz., the Lake Shore, the West Toronto, the Davenport-road, Yonge-street and another short line would put them into the Don Valley.

The Hidden Hand is busy night and day. They hope soon to connect up their Scarborough line with the other lines and in that way have the city for itself for ever.

## TWO REGIMENTAL BANDS SUMMARILY DISMISSED

Chatham Players Charged With Holding Up City and Kingston Men Dodged Quebec Trip.

CHATHAM, July 7.—(Special.)—The bad blood which had existed for some time between the officers of the 24th Regiment and the regimental brass band, ended this morning in the musical portion of the regiment being summarily dismissed from the service. It had been known for some time that differences had existed, and frequent clashes have occurred.

On July 1 the band held up the city, and refused to play for the band concert, the evening, until the celebration committee came to their terms. The concert was advertised and the city had to pay the price asked. Complaint was made to the officers, and the result was a final ending of all its differences with the above action. It is a peculiar thing that ever since the formation of the regiment there has been trouble with the brass band.

Kingston Band Dismissed. KINGSTON, July 7.—(Special.)—There is trouble with the 14th Regiment Band over the Quebec trip. When Col. Kent called for volunteers from the band not one man consented to go.

When asked why they would not go they said they wanted more than the usual pay. This the colonel said could not be given, and as no one volunteered on his second request he dismissed the whole band, and the probability is that the regiment will go to the celebration minus a band.

Inspector of Detectives Duncan will be attached to the personal guard of the Prince of Wales during his visit to Quebec at the tercentenary festivities. The request of Col. Sherwood of the Dominion police was considered by the police commissioners yesterday.

Duncan and Col. Sherwood will be constantly attached to the prince's escort throughout his stay, following his every movement and remaining practically at his elbow.

The board decided also to send three officers and 30 men to aid in policing the city. These men have not yet been selected.

The new police patrol boat has been purchased and will be put into commission at once. It is to be manned by police, but the crew has not yet been selected.

WOMAN DROWNS HERSELF. Margaret Beattie Commits Suicide at Guelph. GUELPH, July 7.—(Special.)—After cunningly planning her death and escaping the nurses, Margaret Beattie of Winton, an inmate of the Home-wood Sanitarium here, committed suicide by throwing herself into the river last night.

She had made several attempts at self-destruction, but each time she was caught and stopped. Yesterday she secretly cut away a part of the balcony rail with a knife and replaced the loose part with a rope.

Last night she managed to slip out and go to the river, where she drowned herself in four feet of water. She was 30 years old and unmarried.

RAIDED, SHE SEEKS DEATH. Keeper of Notorious House in Kingston Now Faces Double Charge. KINGSTON, July 7.—A house of ill-repute conducted by Mrs. Nuttall, on Cherry-street, was raided this evening by the police and six persons were arrested, four young men and two women. Mrs. Nuttall attempted suicide by drinking carbolic acid, but did not take enough of the poison to end her life. She was soon restored and will be tried on a double charge. One young woman escaped, but is known.

Pickpockets Busy at Detroit. MONTREAL, July 7.—(Special.)—Several cases of pocket-picking have occurred in Detroit recently, and the police of that city blame the gang of "dips" who follow the race meets. One man was robbed of a purse containing \$25, while riding on a street car. The purse was found by "Paddy" Bryan of Windsor and turned over to the police. All it contained were some cheques and three Canadian "shinplasters."

## SOME DAMAGE BY LIGHTNING

Three Houses Struck and a Man Stunned During the Storm of Yesterday Afternoon.

Lightning was more plentiful around the city yesterday afternoon than during any previous local storm. One man, three houses and a tree were struck.

John J. Lawson, 41 Price-street, was struck and stunned. He was carried into 160 Wellesley-street and was removed thence to his home in the police ambulance. His condition is not serious.

A bolt struck a chimney on Alfred Scott's house at 5 Sydenham-street. The chimney was shattered and the current entered the bathroom cracking the porcelain bathtub in two. Although Mrs. Scott was in the house at the time she was unhurt.

The chimney of R. T. Smythe's residence, 57 Chestnut Park-road, was struck by lightning about 4 o'clock in the afternoon when the storm was at its height. The bolt split the chimney blocks more than 8 inches thick surrounding the chimney, one of them, shattered into several pieces being later discovered on the lawn. The lightning passed down the chimney and violently disarranged the smoke pipes. The electric light and telephone connections were cut off and repairs had to be made. No one was injured.

The chimney at the rear of B. Frielberg's house at 40 Williams-street was struck and two bricks dislodged. A tree in the Queen's Park was also struck and a strip of bark peeled off.

Albert Davis, 72 Elm-street, a telephone lineman, fell from a pole on Arthur-street at 10 o'clock yesterday afternoon. He was placing a fire department wire at the top of the pole during the storm, and was severely wrenched. His arm was severely wrenched, and he was badly shaken up. He was removed to the Western Hospital.

A live wire belonging to the Toronto Electric Light Company and crossing Niagara-street from the south-east to the north-west corner of Yonge and Colborne-streets fell during the storm. One end fell over the street and the other end struck a policeman standing guard over it right through the worst of the storm and for an hour until the company's men came to repair the damage. This same wire has been in a bad condition for some time. In the similar big storm about three weeks ago the wire was blown down and caused all sorts of excitement. The company's men came and fixed it temporarily, but yesterday when the storm came it burned out again.

The rainfall totaled half an inch. Downtown there was a spring of water in the street in spite of the gale that accompanied the rain, there were no mishaps reported on the waterfront. A dog was killed by the water, and a weather is promised for to-day.

Barns Destroyed by Storm. WALSINGHAM CENTRE, Ont., July 7.—During a severe electrical storm to-day a severe fire broke out in the barn belonging to Lullist Bouk of the second concession of South Walsingham, and the hay, wagon and implements, and the barn owned by John Clemens, first concession of South Walsingham, containing 35 tons of hay and a new binder, were burned, partly insured.

Storm at Montreal. MONTREAL, July 7.—(Special.)—A terrific thunderstorm broke over the city at 6 o'clock this evening, tearing up trees, throwing over fences and doing damage generally.

"LET JAPS COME IN." Col. Robert M. Thompson Says They Will Do No Harm. VANCOUVER, July 7.—(Western Associated Press.)—"Cultivate the friendly relations now existing between Canada and Japan for the commercial value it will be to the Dominion. Keep out the Koreans, who are degenerates, and the Chinese, who would flood British Columbia if they had a chance. But let in the Japanese under license and regulation. They will aid you in the development that you are seeking to attain and are bound to achieve. They will not want to become citizens. If they do, don't let them."

This is a word, was the view of the Asiatic question given to the Western Associated Press correspondent to-day by Col. Robert M. Thompson, the millionaire Canadian-American, who arrived on his yacht Minnie, upon which with a party of ten he has just completed a tour around the world, covering a period of ten months, accompanied by Wallace Nesbitt of Toronto.

TRADE REPRESENTATION. Richard Grigg Will Represent Britain in Canada. LONDON, July 7.—(C.A.P.)—Richard Grigg, who recently made an extended tour of Canada investigating trade conditions, has been appointed British trade commissioner to Canada.

Fire Among Bicycles. Fire at 138 this morning in the Motor Cycle Works, 131 West King-street, caused a lot of smoke, but not a great deal of damage. The firemen confined the blaze to a portion of the basement.

## BANKERS HAVE HAD A SCARE

Big Railway Expenditures Given as Cause for Non-Taking of Canadian Loan.

MONTREAL, July 7.—(Special.)—Outside expert engineers who are well acquainted with the situation now declare that the total cost of the Grand Trunk Pacific, when completed from Montreal to Prince Rupert, will be not less than \$100,000,000, and that the government and the G. T. P., themselves admit that the figure will reach well on to \$175,000,000.

These figures were given out to-day by a figure in authority, who are also members of the Montreal Board of Trade, during a private discussion upon the London cable which stated that over half of the Canadian \$50,000,000 loan had remained with the underwriters.

The general opinion expressed on all sides, and especially by business circles, is that the money lenders of Great Britain have come to the conclusion that while the Dominion is too fast, and that a halt must be called all along the line.

In every banker's office in Great Britain the story has come that the Grand Trunk Pacific is sure to cost at least \$100,000,000 more than the finance minister estimated on the floor of the house of commons, and also the country is probably able to stand the difference even among so well informed people as the bankers of London and other sections of the United Kingdom.

## LITTLE BOYS "HIKING" OUT INTO THE COUNTRY

Quite a Story in the Running Away of Sterling Byers and His Chum.

It is quite probable that Sterling Byers, the 10-year-old lad who left his mother at 278 Booth-street, on Saturday morning, and has not been home since, is trampolining barefoot to Ottawa. In company with "Bill Philly," a "home" boy 15 years old, who is also missing from his adopted home, 213 George-street, Mrs. Brown, who had taken him from the Working Boys' Home, 322 Church-street, saying that she has not the slightest idea where he is, as he has not been round the house since Saturday last, said they could get out of him that he was running away from the police.

Sterling Byers, according to Ken Prusman, seems to have been well supplied with food by boy chums on Seaton-street, the lads having slipped away from the house of Riverside, where he waited in the lane, and he was still barefoot. Bill Philly has been out to work and restless for some time, and got to Ottawa to see his favorite sister and his little chums, the children of Mrs. Lewis Fraser of Riverside, who could have been quite easy to have tracked the little one away.

Little Ken Priestman, 81 Mutual-street, an old playmate, said he saw Sterling Byers, whom he knew well, at the house of Sherbourne and Wilton-avenue, on Monday at 5 o'clock p.m., and two other boys have since seen him. They all say they could get out of him that he was running away from the police.

STERLING BYERS. Premier Deakin's Opinion of the All-Red Route. LONDON, July 7.—(C. A. P.)—A Melbourne cable says that Premier Deakin, commenting on Laurier's request for Australia's co-operation for the all-red route, says that the wealth cabinet must have a definite financial proposal before he can advise on the matter. The whole question is now narrowed down to cost, as sentimental benefits were admitted long ago.

NEW RUBBER PLANT. MONTREAL, July 7.—(Special.)—S. H. C. Miner's opposition to the rubber factory has now taken a turn which leaves little doubt as to that gentleman's intentions. He has just given away a contract to Ken Cox for a large up-to-date rubber factory at Granby.

Big Vote Passed. OTTAWA, July 7.—(Special.)—In common with the opposition to the rubber half millions were voted to-night, including \$474,000 for the Intercolonial Railway. When the estimates for the geological survey were under consideration, Mr. Templeman mentioned that the Victoria museum would be completed within two years.

90th Send Full Company. WINNIPEG, July 7.—The 90th Regiment of Winnipeg is represented at the Quebec tercentenary by a full company. Col. Hillman requested Hon. Clifford Sifton to arrange it, and it was done.

## Wanless Store is Sold At \$5450 Foot Frontage

A rather significant real estate transaction was closed yesterday. The Wanless store on Yonge-street, in the middle of the Simpson block was sold to A. E. Rea.

The big Simpson store has lost the chance of completing its Yonge-street front; Mr. John Wanless retires after 50 years of business on Yonge-street; a new store for high-class women's wear comes into operation; and a new value for Yonge-street property near Queen-street is created. Mr. Nicholas Garland, who has a weakness for big transactions, conducted the negotiations.

The property is No. 168 Yonge-street, west side, and has a frontage of 22 feet 6 inches by 122 feet 6 inches in depth, on which there is at present a three-storey building used by Mr. John Wanless as a jewelry store. The purchaser is Andrew Edward Rea, of the firm of A. E. Rea & Co., Spadina-avenue, one of the best-known manufacturers of high-class ladies' fine wear goods. The consideration paid was \$140,000, \$20,000 for building and \$120,000 for land. This is \$5450 a foot. Mr. Rea will get possession on the first day of October and will open it up as a ladies' wear store. In the spring his intention is to run the building up seven storeys high, one storey above the Simpson block, and in that way enlarge the capacity of the store. The extension will cover the 11 feet in the rear that is at present unoccupied.

Mr. Wanless has decided to retire from business. He has been a landmark in Toronto for over half a century, and during that time has built up a reputation for integrity and fair dealing. Mr. Wanless, by former sales, transferred to the Simpson Company a considerable portion of the ground on which the big store now stands.

## RAILWAYS DON'T WANT FREIGHT CLERKS' UNION

And Attempt is Made to "Sic" the Police on Organizers of the Brotherhood.

It would seem that somebody took drastic steps to "squelch" in its beginning the organization of railway freight clerks, now under way at Hamilton and Toronto, in asking that the attention of the detective department be directed toward the organizers.

J. M. Kerr, one of the associates who were early callers on Inspector Dunlop yesterday morning, and who soon convinced him that they weren't intending anything that wasn't right. They also called on The World and for any reflections on the party that may have been contained in yesterday's publication a cheerful apology is made.

As a matter of fact, Mr. Kerr is a delegate in good standing to the Detroit Federation of the Brotherhood of Railway Clerks. In addition, he carries full credentials from the grand lodge officers of the Brotherhood of Railway Clerks at Kansas City, by which he represents the organization in Canada and is empowered to solicit applications for organization and to institute local lodges, preside at meetings, install officers and instruct them in their duties and to act as the direct representative of the grand president.

"The trouble, I think, is because the railways don't want us to organize clerks," said Mr. Kerr. "You see, in our advertising directory, for which we were soliciting advertising in Hamilton and Toronto, and which is a duplicate of similar publications in the United States cities, we start out with a presentation of the following facts: 'The engineer receives for his services from \$125 to \$250 per month; the fireman from \$100 to \$150; the brakeman from \$80 to \$125; the switchman from \$75 to \$120; and the telegrapher from \$60 to \$120. These classes are only required to work a certain number of hours of each day and receive extra pay for time in excess thereof. Why, these clerks and extra compensation should be over time? Simply because they are organized.'"

The clerk receives for his services from \$25 to \$60 per month—no limit is fixed for his hours of service; he receives no pay for overtime and is protected from unjust dismissal, as are the other classes mentioned. Remember, that railway clerks as a class, are legitimately engaged in a betterment of the brotherhood. We have very simply aims to give a list of railway clerks and their positions, so that shippers can save time by calling on \$10 to \$120. These classes are only required to work a certain number of hours of each day and receive extra pay for time in excess thereof. Why, these clerks and extra compensation should be over time? Simply because they are organized."

"The charter for the Hamilton union has been applied for and will be here shortly, and I am going back to Hamilton to-morrow."

TRAIN HITS WAGON. Horse Killed, But Driver Has a Lucky Escape. Westbound C. P. R. train 33, for Buffalo, struck a city scavenger cart at the Dufferin-street crossing yesterday afternoon. The horse was instantly killed, being carried 20 yards along the track. The cart was demolished and the driver, John Ingham, was thrown high into the air. His right arm was severely torn and he was shaken up. He was attended to by Dr. Bacon and removed to his home.

## MILLIONS IN CASH TO BUILD THE G. T. P.

R. L. Borden Estimates a Government Liability on the Project of Nearly a Quarter Billion.

OTTAWA, July 7.—(Special.)—A statement was read by R. L. Borden in the house to-night showing that the Grand Trunk Pacific Railway will cost the people of Canada \$181,808,225, to which is to be added a bond guarantee of \$58,048,000, a total of nearly \$240,000,000.

It was expected that the minister of railways would address the house on the G.T.P. project, and the opposition leader had prepared a table based on the returns brought down earlier in the session. When the item for \$20,000,000 for surveys and construction was called, Hon. Mr. Graham was asked about his statement and replied that it was not to be prepared.

Mr. Borden then gave the house the benefit of his computations, to which Mr. Graham did not reply. The cost, said Mr. Borden, was a staggering amount for the country to face under present conditions, for at the rate we were going, at the time the road was completed the public debt of Canada would amount to \$400,000,000, unless we could send some of this money out of revenue, and this was extremely unlikely.

It was for this reason that he thought it advisable to call attention of the government to what he considered would be the total cost of the railway.

Counting it up as follows: Eastern division. Construction of railway from Montreal to Winnipeg, 1803.5 miles, at estimated cost of \$68,427 per mile, \$124,938,765.

Allowing five years for period of construction there will be an average of 2 1/2 years simple interest at 3 1/2 per cent. per year during construction, or \$4,003,781.57 per year for 2 1/2 years, \$10,009,454.

Cost of eastern division at completion will thus be \$134,948,219. To this must be added seven years' interest at 3 per cent. (not compounded), after completion during which \$37,774,840 pay no rent, \$26,124,676. Also interest at 3 per cent. for three years additional, during which no rent is earned, \$1,194,590, \$161,724,185.

Quebec bridge. Cost of Quebec bridge up to March 1, 1907, \$5,232,238; bridge up to completion, \$9,000,000; \$14,232,238.

Hansard, 1907, \$7600. Estimated cost of our share of terminals at Quebec, Winnipeg and Montreal and shops east of Winnipeg, \$5,470,000; total, \$181,808,225.

Cost of mountain section (\$89 miles), as stated in return brought down, \$32,520,000.

Seventy-five per cent. of the above, \$46,140,000, to be guaranteed by the government for construction of mountain section, and the government agrees to pay without recourse, the seven years, which, at 3 1/2 per cent. amounts to \$9,839,400.

In addition to the above cash expenditure the government incurs the following obligations on its guarantee of bonds: Guarantee on bond issue on mountain section, as above, \$46,140,000. Guarantee of bond issue on prairie section (256 miles), at \$1000 per mile, \$11,908,000; total \$58,048,000.

The cash expenditure totals \$191,208,225. The bond guarantee totals \$58,048,000; a grand total of \$249,256,225. The opposition leader gave the various early estimates of the cost of the line. The Wilmot auditor had estimated the total cost to the country at \$240,000,000. Mr. Borden had estimated between 12 and 13 billion dollars. Mr. Borden said he (Borden) had estimated the cost of the eastern section at 75 million dollars and some of his friends on the other side of the house had done the same. This estimate to be wide of the mark.

PROSPECTORS FEAR FAMINE. Demand for Food Exceeds Supply in Central British Columbia. HAZELTON, B.C., July 7.—(Western Associated Press.)—Residents of Bulkley Valley, Iqalika and other gold-fields in the eastern central districts of British Columbia are apprehensive of a food famine during the approaching winter.

So far all supplies have been consumed as fast as they arrived, despite the increased quantities, owing to the influx of prospectors. Boats are at present tied up on account of the high water, and it is feared that the waters will shortly become too shallow for navigation. Two pack trains for inland trading posts have been waiting here for two weeks for supplies.

CATARACT ALDERMEN WANT CONTRACT DRAWN In Absence of Ald. Hennessy Proposal to Appoint Committee is Voted Down.

HAMILTON, July 7. (Special.)—There was another red-hot session of the city council this evening on the power question. The Cataract aldermen did not attempt to reach a formal contract with the company, but contented themselves with introducing a motion that an expert be engaged to assist the special power committee to draw up the terms of the contract with the company.

Ald. McLaren and Farmer moved, in amendment, that the expert be instructed to report on both the offer of the company and that of the hydro-electric commission. The Cataract aldermen voted the amendment down by majority of one, the division being 3 to 11.

The division was: Yeas—Mayor Stewart and Ald. Howard, A. J. Wright, Nicholson, Juttin, Gardner, McLaren, Farmer, Bailey and Anderson. Nays—Ald. Crozier, Clark, Dickson, Lewis, H. S. Wright, Fenning, Evans, Sweeney, Guy, Allan and Farrar. Had. Ald. Hennessy been present it would have been a tie vote. It is away on a vacation and telephoned the mayor that he would be on hand to vote for the people if it were necessary.

The mayor says he called up Aid. Sweeney, who promised that no advantage would be taken of Aid. Hennessy's absence, and the mayor accordingly told Ald. Hennessy that it would be safe for him to remain away. Aid. Sweeney denied that he had promised not to introduce a resolution limiting the report of the expert to the offer of the Cataract Company, but admitted that he had promised that no attempt would be made to put a contract thru. Aid. Sweeney's motion was carried on the same division with the exception that Ald. How at the time of voting.

That means that the expert was instructed to report only on the offer of the company and that a contract ready for the next meeting of the council.

Council Chamber Packed. The council chamber was filled to the point of overflowing. The Cataract sympathizers were outnumbered by one. The crowd demanded that Ald. Clark and Sweeney should get up and state their positions, and the gathering was at last broken up, giving vent to its indignation at the conduct of the Cataract aldermen. Mayor Stewart told Ald. H. G. Wright that he was sure the Cataract aldermen that he would vote for signing a contract with the company if the hydro-electric commission offered power for nothing.

Petitions signed by nearly 800 property owners were presented protesting against the proposed scheme. The aldermen and asking that the questions be submitted to the people. The shareholders of the Cataract, some ratepayers and some merchants sent in a counter petition asking that a contract be signed with the company. Lily Edith, twin daughter of Oliver Simons, 123 North Emerald-street, died this afternoon.

Stock Is Dead. James Sturrock, one of the workmen burned at Doolittle & Wilcox's quarry, near Dundas last night, died this morning at 5.30. He was terribly hurt. Bert Green, his companion, was severely burned, but will recover. Race Carson was sent down for a year this morning for stealing money from his mother.

Oscar Muntz and Charles Hartmann, whose automobile was held responsible for causing a runaway accident, in which two young ladies were injured, were discharged. Attorney Wm. Bell, Washington said he had no evidence to offer. A baby, wrapped in a costly shawl, was left on the doorstep of St. Mary's Orphanage, late last night.

A street car and a Bradford and Hamilton car collided this morning at the corner of James and Main-streets. Gaschere Farewell, a motorman, received a perfecting in the accident, and the passengers were slightly cut by jolting glass. The street car was badly wrecked. Dr. Scheller is appealing against the decision of Magistrate Jelfs sentencing George Smith to six months for criminal non-support. It is alleged that the prisoner is a consumptive, and that he is unable to work, and his lawyer is appealing on the ground that the magistrate had no jurisdiction, and that the procedure was irregular. Henry Rawlins was sent down for six months by the magistrate this morning for stealing a watch. A hearing was held before the railway board today on the application for annexation to Hamilton. It was hoped to settle the terms in order for the annexation, but the board found it necessary to postpone the matter for further consideration. Wm. Bell, K.C., for the petitioners, submitted a draft order, and W. A. H. Duff for Barton.

HAMILTON BUSINESS DIRECTORY HOTEL ROYAL Every room completely renovated and newly carpeted during 1907. \$2.50 to \$4.00 per day, American plan. Hotel Cash. Launches We have in stock a 30-foot hull with standard top and glass enclosure forward, that will be sold cheap. The Jutton Boat & Launch Works, Hamilton. Township submitted other terms. Mr. Duff argued that by the proclamation of March 6, 1908, the city had promised the residents of the township at a reasonable distance from the water pipes a water supply. The board held that if this were to be insisted upon there could be no annexation. The city could not be expected to pump water up the hill at a great expense.

MUCH STILL REMAINS BEFORE SESSION ENDS Premier Lists Work Still Before House—All Are Ready Except Railway Subsidies Bill.

OTTAWA, July 7. (Special.)—This morning the premier made his promised statement as to business to be introduced at this session of parliament. It includes: 1. Supplementary estimates. 2. Railway subsidies. 3. A bill regarding Quebec Bridge. 4. Legislation necessitated by the creation of new courts in Northern Ontario. 5. Legislation for the extension of the boundaries of Manitoba, Quebec, and Ontario.

Sir Wilfrid Laurier said that these were all ready for presentation to the house, with the exception of the railway subsidies bill. It was intimated that the government would proceed tomorrow with the resolution which pledges the financial support of the Dominion toward the All-Red line project.

After discussing of Hon. J. P. O'Flaherty's bill for the extension of the railway act, an amendment was introduced forbidding civil servants to hold office in political campaigns. The amendment was passed, and the bill went into effect.

Mr. Bennett observed that with a public debt of \$300,000,000 and an expenditure approaching \$150,000,000 a year, and all kinds of expensive schemes proposed, it was not wonder that the country was asking "Whither are we drifting?"

Mr. Bennett also supported the scheme of deepening the Welland, but he agreed with Mr. Bennett that the present routes should be allowed to develop. The St. Lawrence system was a great regulator of freight rates, and with the Welland Canal deepened to 25 feet they would be able to carry all wheat from the west to seaport. There were too many transportation schemes before the country, and before going ahead with any of them, experts should report on the most feasible and cheapest routes.

Mr. Graham was asked what he had said about the Hudson Bay Railway. It would be built "without delay," he said.

OBITUARY. Thomas MacFarlane passed away at MacFarlane's Hotel, Jarvis-street, last night. Although he was no relation to the proprietors of the hotel, he had lived in the hotel for a number of years, and MacFarlane took care of him during his last illness. He was unmarried, and his only relative was his nephew, who was a nice in Ottawa. When Sir John MacFarlane was his coachman. For a number of years after that he was engaged in the hide business. He died on July 11 he would have been 75 years of age. Galt-Donald McLeary, aged 79, one of the oldest pioneers of the Puslinch district. He leaves a family of six sons and two daughters. His sons for years constituted a famous tug-of-war team. The funeral took place yesterday and was largely attended.

Estate of Daniel Kelly, late of the City of Toronto, Esq. Notice is hereby given, pursuant to the Revised Statutes of Chapter 123, and amending acts, that all creditors and others having claims against the estate of the said Daniel Kelly, who died on or about the 20th day of April, 1908, are required to send by post, prepaid, deliver, to H. T. Kelly, 157 Bay-street, Toronto, the Executor of the will of said deceased, on or before the 15th day of July, 1908, their names, addresses and full particulars of their claims, duly verified by affidavit, or before the said day, held by them, and that after said 15th day of July, 1908, the said Executor will proceed to distribute the assets of said estate, having regard to the claims of the said creditor, or any part thereof, as distributed, to any person of whose claims he had not notice at the time of such distribution.

Notice is hereby given that Lewis Reid, in the County of York, carrying on business as a builder and contractor, has assigned, under R. S. O. 1287, Chap. 147, of all his estate, credit and right, on application to W. H. Cooper & Co., Land Security Chambers, Toronto, Ont. A meeting of creditors will be held at the office of George W. Dunbar, Continental Life Insurance Building, in the City of Toronto, for the general benefit of his creditors. And notice is further given that after the 15th day of August, 1908, the assignee will proceed to distribute the assets of the debtor amongst the parties entitled to them, having regard only to the claims of which notice shall then have been given, and that he shall not be liable for the debts or any part thereof so distributed to any person or persons of whose claim he shall not then have had notice.

Harriet Breshaw and Roderick Matheron have entered action at Ontario Superior Court of Justice, Toronto, putting Scale Company to liquidation for alleged illegal distress. A meeting of creditors will be held at the office of George W. Dunbar, Continental Life Insurance Building, in the City of Toronto, for the general benefit of his creditors. And notice is further given that after the 15th day of August, 1908, the assignee will proceed to distribute the assets of the debtor amongst the parties entitled to them, having regard only to the claims of which notice shall then have been given, and that he shall not be liable for the debts or any part thereof so distributed to any person or persons of whose claim he shall not then have had notice.

THE DAWN OF HOPE FOR WEAK MEN And Those Who Suffer From Chronic Ailments. What My Belt Does. If you are nervous; if you have backache and rheumatism; if you are easily tired; if you lack the vigor of earlier days; if your spirits are low and you lack courage; if you are restless; if your stomach fails you and your bowels are obstinate; or if your kidneys or any other organs of your body do not perform their functions in a perfect manner, get My Belt. — There is youth and strength in it for you. Read the testimony of grateful men who have tried My Belt. Give me a chance to give you undeniable proof which will convince you that in Electricity, as applied by my Belt, there is health and strength for you. You are already convinced that drugs won't help you, for you have tried them and know. Now try Electricity and you will soon know that it helps and cures. As you feel the glowing, growing power of Electricity—Nature's pure cure—as it traverses your blood, mind and nerves, you feel your vitality increase and pain disappear. Make a storage battery of your nervous system which you will retain health and strength.

DODD'S KIDNEY PILLS. A baby, wrapped in a costly shawl, was left on the doorstep of St. Mary's Orphanage, late last night. A street car and a Bradford and Hamilton car collided this morning at the corner of James and Main-streets. Gaschere Farewell, a motorman, received a perfecting in the accident, and the passengers were slightly cut by jolting glass. The street car was badly wrecked. Dr. Scheller is appealing against the decision of Magistrate Jelfs sentencing George Smith to six months for criminal non-support. It is alleged that the prisoner is a consumptive, and that he is unable to work, and his lawyer is appealing on the ground that the magistrate had no jurisdiction, and that the procedure was irregular. Henry Rawlins was sent down for six months by the magistrate this morning for stealing a watch. A hearing was held before the railway board today on the application for annexation to Hamilton. It was hoped to settle the terms in order for the annexation, but the board found it necessary to postpone the matter for further consideration. Wm. Bell, K.C., for the petitioners, submitted a draft order, and W. A. H. Duff for Barton.

# WOMAN: As She Appears for the Public Eye in the News of the Day

## A Spiritualist Wedding.

SPOKANE, Wash., July 7.—Miss Mathilda Schlichting of Blue Earth, Minn., and Herbert H. Bush of Astoria, Wis., were united in the first spiritualist wedding in the Pacific Northwest in Spokane. The ceremony was performed by Mrs. Cora Kincaid, spiritualist, and was witnessed by a large gathering of mediums and clairvoyants. The Misses Emma Peterson and Alice Myers were bridesmaids and D. N. Mason was groomsmen.

Mrs. Smith was attired in the regulation ceremonial robe, a long gown of shimmering silk, with an enormous train, and wore a large hat. Her "love, honor and obey" was drawn "love, honor and obey" employed in the ceremony. The chief questions were:

"Do you promise to tenderly care for her in sickness or in trouble and to endeavor to make her pathway pleasant and full of the sunshine of love?"

"Do you promise to be true to him in prosperity and adversity and to try to make his life brighter and happier?"

After affirmative answers had been given to the foregoing, the officiating minister said:

"I, therefore, by the power vested in me by the laws of the state, pronounce you husband and wife. That which love has joined together let no discord put asunder."

Following the ceremony two of the clairvoyants in the party went into trances and discovered favorable auguries for the newly married couple. Bands of spirit children were seen to enter and heap flowers over the couple and a golden chain was drawn around them. Afterward the couple left on a trip to their former homes in Wisconsin and Minnesota. They return to Spokane in August to make their home in this city.

## In Society.

The Arthur Old Girls' Association will meet at the home of Mrs. Maxwell Carr, 139 Beverley-street, to-morrow evening.

Miss Florence Ross sails for London, England, on Friday by the Empress of Ireland, where her marriage to Mr. Charles Ryan of Rio de Janeiro will take place the latter part of the month. Miss Ross is accompanied by her brother, Mr. James Ross, of Dunbar-road.

Miss Sadie Rust left yesterday for a month's visit to Miss Lillian Kinley at Stony Lake.

Miss Ethel McCordick, St. Catharines, spent the week-end with Miss Helen Mowat, Roxboro-street.

Miss Gertrude Muldrew of Johns Hopkins Hospital, Baltimore, has returned to her home in Roxboro-street, for a two months' holiday.

Mr. and Mrs. Thomas Swinward of The Hill, Gibberville, N. Y., are in the city for a few days, registered at the King Edward.

Miss Gertrude Norris has passed her first year vocal examination, held in the Toronto College of Music, with first class honors. Her instructor, Mr. James Richardson of Toronto.

The marriage of Miss May Irene Dods, daughter of Mr. and Mrs. Hugh Dods, to Mr. James Allen Brett of Toronto, son of Mr. James Brett of Regina, was celebrated at 1 o'clock yesterday at the family residence on St. Joseph-street. The ceremony was performed by the Rev. B. Brett of Alton, cousin of the groom, under a wedding veil of marguerites and palms. To the strains of the Lohengrin wedding march, played by Miss McMaster of Orangeville, the bride was brought in and given away by her father. She was wearing white and pink tulle, with a wreath of lilies of the valley. She carried a shower of white roses and ferns, and her only ornament was pearl wings with amethyst heart centre. The gift of the groom, Miss Charlotte Dods, in pink silk with lace and ribbon trimmings and moirai hat, with pink roses, attended her sister as bridesmaid, and Dr. J. P. McLaughlin was the best man. Mrs. Dods, wearing grey tulle and black lace, and Miss McLaughlin, in white, both wore pearl necklaces. The groom's gift to the bride was a gold bracelet, to Miss McMaster a gold locket and chain set with diamonds, and to the best man, a pearl cuff link.

Mr. Arthur Jones of Hamilton and Miss Clara Smith of Winona are visiting with Miss Jessie McNab, Dundurn Heights, 750 St. Clair-avenue.

Miss Annie Wilson, daughter of Mr. and Mrs. Jos. Wilson, has gone to visit her sister, Mrs. Neild of Winnipeg.

Orders Policies Reinsured. KANSAS CITY, July 7.—Judge Pollock, in the federal court, here, has ordered that the property of the Western Life Insurance Co. be disposed of and that the policies, amounting to \$2,000,000, be reinsured in some reliable company.

Horses Bolt; Farmer Is Hurt. STANFORD, July 7.—(Special.)—Samuel Luckhardt, a farmer of North Easthope Township, was thrown from the hay mower when his team ran away, having his jaw bone broken, ribs fractured and ankle cut.

Adnan Beck Returning. Hon. Adnan Beck left England on Thursday last.

The tenders for the construction of the transmission line are to be opened on the 15th. Preparations regarding the right of way are going on.

Hon. P. H. Roy Committed. MONTREAL, July 7.—Hon. P. H. Roy, president of the Banque St. Jean, was to-day committed for trial to court of king's bench.

Register Shows Big Increase.—Dr. S. H. Gladstone, President.

For the first time in their own building at 170 University-avenue, the Ontario Medical Council opened their annual meeting yesterday afternoon. There was a large attendance. Dr. Spunkie, Wolfe Island, president, occupying the chair.

The new register, almost completed, contains 387 names, or 406 more than the last register. The new quarters which cost \$21,000, are particularly commodious.

Referring to the question of registration in medical registration, the president remarked that the failure to establish a Dominion Medical Council with Dominion registration might be met by a system of inter-provincial medical registration.

"During the year this medical council has been established, this council is not a criminal court and has not even the power of initiative in such matters."

The election of officers resulted in the choice of Dr. S. H. Gladstone, Welland, as president; Dr. E. A. P. Hardy, Toronto, vice-president; Dr. John L. Bray, Toronto, registrar; Dr. H. Wilberforce Atkins, Toronto, treasurer; C. Rose, prosecutor, and H. S. Ouler, collector.

The council will meet at 10 this morning.

Another Milk Bureau. League Opens Second Station at Fred Victor Mission.

The pure milk league, which on Monday opened a bureau in "the ward" for the supply of fresh, cool milk in bottles at cheap prices, will today open another bureau at the Fred Victor Mission to supply east end applicants. The bureau will be open from 9 to 11 a.m. and 3 to 5 p.m.

Record in Windsor Marriages. DETROIT, Mich., July 7.—Windsor's Green is more affected by leap-year than trade depressions, according to official returns of City Clerk Lusted, that there were 672 marriages in Windsor in the past six months. This is a new high water mark.

Approve Sea Wall. The board of control have approved Commissioner Wilson's idea of spending \$50,000 this year on building the sea wall from Indian-road westward, subject to the money being found.

Split Hose Contract. The board of control have decided to put an end to the deadlock over the fire hose contract by awarding 2500 feet to the Gutta Percha Co. and 500 feet each to the Canadian Rubber Co., Dunlop Rubber Co. and Durham Rubber Co.

No Announcement Yet. Nothing transpired after the cabinet council meeting yesterday regarding the portfolio of agriculture. No decision is to be looked for this week.

## Toronto World's Beauty Patterns

**A Stylish Blouse.**  
No. 8251. Ladies' shirtwaist. Cut in sizes 32 to 42 inches bust measure. Size 36 will require 2-1/2 yards of 36 inch material. A deep pleat over the shoulder, stitched to yoke depth in the front and extending to the waistline in the back, gives an air of style to this shirtwaist. The plain front affords a fine opportunity for hand embroidery or braiding. The closing is in the back, and a high standing collar completes the neck. Linen, batiste, lawn and nainsook are all used in the making. A pattern of this illustration will be mailed to any address on the receipt of 10 cents in silver or stamps.

**Be Sure and State Size Required**

**Pattern Department**  
Toronto World  
Send the above pattern to  
NAME.....  
ADDRESS.....  
Size Wanted—Give age of Child's or Miss's Pattern.

**WARRANTS ARE ISSUED**  
**SUMMONS WOULD DO**

Judge Winchester Thinks Police Department Needs to Reform Practice.

The police department was subjected to some criticism for its tendency to issue warrants when a summons would do, in a case involving a woman.

J. W. Curry, K.C., former crown attorney, said that \$1.25 was a reasonable bail fee out of court. He had been offered large sums to release people on bail. Too many people were arrested on warrants, and the police should pay more attention to whether the person wanted could be secured by summons or not.

The judge agreed with Mr. Curry, and then asked why bail bonds had been destroyed as a regular practice for years. Mr. Curry said he was unaware of the fact.

Mr. Curry thought that not only the governor of the jail, but police inspectors and sergeants, should have power to grant bail.

T. C. Robinson, K.C., thought \$1.25 a reasonable fee, but was against allowing ordinary magistrates and justices of the peace to grant bail.

Crown Attorney Corley, however, agreed with Mr. Curry on this point. Asked by the judge why a prisoner could only get bail at an outside station, Mr. Corley said the arrangement was simply a custom.

Hon. P. H. Roy Committed. MONTREAL, July 7.—Hon. P. H. Roy, president of the Banque St. Jean, was to-day committed for trial to court of king's bench.

Register Shows Big Increase.—Dr. S. H. Gladstone, President.

Another Milk Bureau. League Opens Second Station at Fred Victor Mission.

Split Hose Contract. The board of control have decided to put an end to the deadlock over the fire hose contract by awarding 2500 feet to the Gutta Percha Co. and 500 feet each to the Canadian Rubber Co., Dunlop Rubber Co. and Durham Rubber Co.

No Announcement Yet. Nothing transpired after the cabinet council meeting yesterday regarding the portfolio of agriculture. No decision is to be looked for this week.

## SOME SALARY INCREASES HAVE BEEN DECIDED UPON

Firemen Are to Be Dealt With as Per Recommendation of the Chief

City engineer \$4750 to \$5000; assessment commissioner \$4000 to \$4500. Fire chief \$3000 to \$3500.

Increases to firemen and other civic employees practically as recommended by heads of departments.

Total increase to civic salaries about \$24,000 yearly.

The board of control has practically agreed upon the foregoing increases, and at a special meeting on Friday night will place the finishing touches on the recommendations and have them in shape for Tuesday's special meeting of the city council.

When the heads of departments made their recommendations towards the close of the winter the controllers, with heavy demands to relieve the situation of the city's treasury, declined to look askance at the proposals.

The mayor's view that it was a bad time to boost salaries was shared by the council. But, as a controller said yesterday, the general situation has greatly improved and they were disposed to look much more tolerantly on the whole proposition.

The assessment commissioner will only get half the increase of \$1000 proposed for him, while the city architect is not recommended for any, as he obtained an increase last year, and the falling off in building has lessened the departmental work.

Chief Thompson and City Engineer Rust are to get what they asked for. None of the other department heads asked increases this year.

**WATER'S TOLL OF DEATH.**  
Two More Drownings in Toronto—Four in Province.

With the name "T. H. Murray, 45 Olive-avenue," inscribed upon a piece of paper in the coat pocket, a complete suit of clothes was found lying on a log 25 feet from the lake shore at the foot of Strachan-avenue yesterday morning.

Thomas H. Murray, a mining engineer, is missing. Murray had lived at the address on the card, but had recently taken a room at 81 Wilcocks-street. He was 35 years of age and unmarried. His brother is convinced that he must have gone in swimming and been drowned, as the spot was an old-time favorite "swimming hole."

**Boy Drowns at Island.**  
While playing with a toy sailboat about the private wharf at his father's summer home at Centre Island yesterday morning, five-year-old Douglas Eastmore was drowned in four feet of water. He was missed by his mother, who instituted a search and the body was located in the water by his brother. His father, J. Eastmore, reached the spot just as a doctor from the Lakeside Home for Little Children was en route to resuscitate. Some years ago Mr. Eastmore's 13-year-old daughter was fatally injured by a street car.

A Hargrave, 209 Chippewa-avenue, says that he, his brother Grant and Jackie Wilson, attempted resuscitation and that the little fellow was breathing and vomited, but that several women ran up and crowded them away.

**UPPER CANADA COLLEGE**  
TORONTO  
THE ETON OF CANADA

The thorough training in school and residence—the healthful sports—and the College History with its inspiring traditions of 75 years—combine to indicate high ideals and broad views in the minds of the boys.

**ECHO OF CIVIC ENQUIRY.**  
S. S. Clarke, Bally Wanted Two Years Ago, Will Make Deposition.

The city's legal department is keenly interested in the examination of S. S. Clarke, formerly Chief Clerk of Bennett and Wright, who exiled himself during the investigation into city hall contracts two years ago, and who was lately discovered to be in Calgary. Negotiations have been on between the department and the Chief Justice of Alberta, and it has been arranged that a special commission should examine Mr. Clarke at some border point such as Buffalo or Niagara Falls, probably this month. The city solicitor declines to say on what ground Mr. Clarke refuses to come to Toronto.

**Medical Council Meets.**  
Register Shows Big Increase.—Dr. S. H. Gladstone, President.

Another Milk Bureau. League Opens Second Station at Fred Victor Mission.

Split Hose Contract. The board of control have decided to put an end to the deadlock over the fire hose contract by awarding 2500 feet to the Gutta Percha Co. and 500 feet each to the Canadian Rubber Co., Dunlop Rubber Co. and Durham Rubber Co.

No Announcement Yet. Nothing transpired after the cabinet council meeting yesterday regarding the portfolio of agriculture. No decision is to be looked for this week.

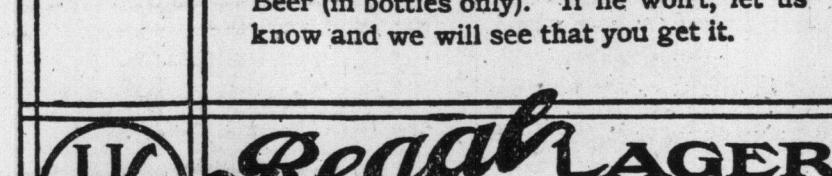

## WHY REGAL LAGER Is Good For Women.

BECAUSE Regal Lager is so made, and made of materials of such quality and purity, that it is a real food-drink and a sustaining beverage of marked nutrimental qualities.

And because Regal Lager is "lagered", or aged, long and slowly, to develop and ripen its fine flavor and its high food-values.

Therefore it is the lager of lagers for women to drink at meals and before bedtime, since it will not cause biliousness. Many beers do make women bilious, because they are not fully lagered, and because women are specially prone to biliousness.

But Regal Lager is good for women, both for what it does do and what it doesn't and won't do. You had better try it in your own home. Your dealer can supply Regal Beer (in bottles only). If he won't, let us know and we will see that you get it.

DELAYS SET DOWN FOR BAD RIDE ON UNCLE TOBY

Bergen Rides Three Winners at Windsor Track, Where Only Two Favorites in Front

WINDSOR, July 7.—The form papers had another bad day of it at Windsor this afternoon, only two favorites finishing in front. There were six races on the card, all being well filled. Jockey Bergen, who has just come here from New York, and whose riding has been a revelation to the western turf followers, rode three winners out of five mounts to-day. For a bad ride on Uncle Toby in the 11-16 mile handicap, Delany was set down for the remainder of the week. Ride down for the same reason, he was set down for a bad ride on Uncle Toby in the 11-16 mile handicap, Delany was set down for the remainder of the week. Ride down for the same reason, he was set down for a bad ride on Uncle Toby in the 11-16 mile handicap, Delany was set down for the remainder of the week.

Centaur's Selections.

GOSSIP OF THE FIGHTERS HARRY GILMORE WRITES

Jim Jeffries' Decision Not Pleading to McFarland's Manager Gans and Nelson.

In response to a telegram asking his opinion of Jeffries' draw decision in the McFarland-Welsh bout, and the future plans of Packey, Harry Gilmore, jr., manager of the Chicago lightweight, and speaking for him, wired the following to The Chicago Tribune from Los Angeles: "We are disappointed and thoroughly displeased with the decision of a draw from Referee Jim Jeffries. I want to say that McFarland was the winner beyond any question of doubt. I do not question Jeff's honesty, but either one of two things was the cause of his being mistaken. He is not capable of judging a winner, or he lacks the courage of his conviction, and the latter is what I attribute as the cause of his injustice to us. "Welsh was a big favorite with the crowd after his decisive defeat of Phil Brock here on Decoration Day, and the sympathy of the throng was with him from the start. His gameness and determination to stay the limit of twenty-five minutes gained him the admiration and support of the big majority, who hooted and howled, 'Welsh! Welsh! Draw! Draw!' "Thousands of dollars had been placed on the little fellow, and he was being down, and in the final scored a clean knock-down, and had Welsh holding for dear life at the bell. Welsh is a good boy, and Mac credits him with being the best by far that he has ever met in the ring. It is my own belief that Jeff was puzzled and influenced accordingly by the shouts of the crowd. "The referee Club is eager to close an immediate rematching for Labor Day, but I have San Francisco in consideration, and will not open for them on Wednesday. Immediately upon my arrival in Frisco I will post a forfeit and admit to meet Easting Nelson, McFarland, Trainer Pat Kinnealy and Red Welmer go to Frisco with me. "Gans Explains Defeat. "In all the talk about the lightweight championship after the battle, no expert really expressed the belief that Gans did any faking. The referee on the night of the fight was unparaleled in the ring since Corbett whipped John L. Sullivan at New York, and he was not only a good fighter, but he was a good manager. Even in San Francisco, Corbett's home, the odds against him were 1 to 1.50, and he was every day the Sullivan would whip him. "In the same way the odds were 10 to 4 against Nelson. In fact, it was hard to get any money up, as the short-under were timid and ventured little. The bulk of the money that was sent to Tom Corbett's pool room was to be placed on Gans, never was wagered, as there was no indication for Gans to throw the fight, as all his friends had backed him for \$5000. "But the main reason why Gans would have been considered to throw the fight was his hatred of Nelson. He would have given his end of the purse to demonstrate to the Dempsey master. This feeling was due to Nelson's constant talk about the Goldfield fight that he had been after that and that practically he had Gans whipped. "Two days before the fight the negro Bowler Selig, manager of Gans, issued the following statement: "Joe has agreed to leave everything in my hands, and I am authorized to speak for him. I was not authorized with the way Gans trained, and I think he was not in proper shape. I think he would have been better off with more boxing. We think that the system of training accounts for the tired first round was ended. Even if a man is a 'has been' and the public knows before he is hit, and the public knows Gans was not hit those first three rounds. "In spite of that, he was the first round closed, Joe came in for the morning and couldn't do anything. I found out after the fight that he was on the road for an hour and twenty minutes. That wasn't necessary, but he didn't have anything to do and wanted to keep busy. "I still believe Gans can fight, and we are willing to prove it. There is no doubt about it. He will ask for another match with Nelson. Gans is averse to commenting on the fight, but he has told me Nelson was no better than at Goldfield, and that it was simply a case of the first fight. Joe probably will leave for Baltimore next Wednesday, but in case he signs for a fight he will return to the coast to give himself plenty of time to get into the best possible shape. "Nelson talks of retiring, but as Willie Brit has become Nelson's manager, there is no probability of this. Brit will try to match Nelson with McFarland or Welsh, as there would be good money in either fight. Jeffries also is said to have Welsh and McFarland signed to meet in Los Angeles the winner of the Gans-Nelson fight. "Toronto Tennis Tourney. "Owing to rain yesterday, the games in the Toronto Lawn Tennis Club tournament were put back to to-day, and yesterday's program is on to-day.

JULY CUT PRICE SALE "HANAN" OXFORDS Like everything else in the big stock of summer footwear the celebrated Hanan & Son, New York, are in the JULY CUT PRICE list -- and every pair of summer Oxfords from these factories -- all the newest lasts -- all leathers and all sizes -- the regular 8.00 values go on sale to-day to clear them out at 5.95 BOSTON SHOE STORE 106 YONGE

AT DUFFERIN PARK TO-DAY.

Four Races, including Run, on Dufferin Park To-day. The Dufferin Driving Club will hold their usual weekly matinee to-day at the park, when three trotting and one running race will be pulled off. The following are the entries: Class B—Amelia, A. Barker, Roger, R. J. Hannah, S.D.C., W. Curran, Nettie Star, J. E. Hunter, Hazel Hall, Nat. Day, Mamie Abbott, R. Wilson, Joe Allan, A. Lawrence, The Mechanic, F. Ryan, Fanny, E. J. Patterson, Nellie Bae, Huff, Forest Pointer, Arnold Bros., Plant, G. A. W. Holman. Class D—Jack, Geo. Snell, Laura M. Geo. Mashiter, Joe Lyall, W. R. Payne, Tommy, S. G. Farrell, Sam Keswick, A. W. Green, Lady Belmont, J. Hutson, Billie Dolan, P. J. Dolan, Gaia Boy, R. Mathews, Bachelor, Rundle. Class C—Brian Bora, A. Kerr, Alcona, J. Marshall, Fliz Bligen, J. E. Swartz, Little Mona, J. Robinson, Gerlie C. J. Dowdies, Harry Lee, E. E. Kemp, Easy Laura, J. Kenyon, Nettie M. A. Miller, 4-mile run—Irene A. Manuscript, Weather, Bounding Elk, Flat, Muldock, Glen Lonsley, Maid of Carrol, Orpen. Post entries will be received and weights announced at the track. For the Quebec Races. There is a great deal of local interest taken in the running meeting to be held at Quebec, starting July 18. Many of the horses that are being sent up here since the Hamilton meeting will be shipped to the east for the meeting. Nat. Day will likely take his string of five. Nel Holland will ship Aunt King, which was a winner at Montreal, along with two others. The mare Glen Lonsley, which has run such good races on the 11-16 mile track at Dufferin Park, will be one that will be hard to beat should her owner, W. A. Kemp, ship to Quebec. Five of the horses owned by the Presgrave stable, now stabled at the Woodbine, will go down for the meeting. J. Magner has signified his intention of racing Moonraker and Loreta Mack for the first time at the meeting. Moonraker and Loreta Mack have been in the first-class shape. Bathrick, on the Bitter Hand, will be another pair. W. Leroy has The Globe, the Dynamite cast-off, in condition, as was seen by her race at Dufferin Park a week ago, and she will be hard to beat. A. W. Mayne has sent word to his trainer, W. Chezer, to ship Herman Johnson and Pincanon from Windsor, while Masanda is shipped from there last night with a dozen horses. There is sufficient stabling for 30 horses at the track, which is now being put in first-class condition. A number of good boys, who have been unable to get mounts at Windsor, owing to the overflow at that place, will go down to ride. LACROSSE NEWS AND GOSSIP. Doings of the Various Club and Players. The following are the Intermediate C. L. A. games to-day: The Canadians at Fergus, West Toronto Shamrocks at Bradford, and Owen Sound at Southampton, with F. C. Waghorn referee. West Toronto Juniors in the Toronto League, think they can beat the Junior C. L. A. team of the same place, so, to decide the supremacy, a game will be played Thursday night. President Fred Thompson of the N. L. U. yesterday sent out notices to the different clubs calling a meeting for next Monday at the Windsor, Montreal, when the Carling-Taylor incident will be settled. Talking of the Taylor affair at Roseville on Saturday, Judge of Play W. McIntyre of Ottawa stated that the league could do nothing else but suspend Taylor. Chairman Foran and N. P. Lambert of the Olympic Lacrosse Committee met here Saturday and discussed the candidates for the team. So far the only west-ern high being a dirt out of the camp-bell of Orangeville and Whit Lally of Varsity. Arens of Orilla will likely be the chosen goalkeeper for the Olympic team, Bruce Mitchell of the Young Toronto, who was spoken of as a candidate, is not playing this season owing to parental objection. Whit Lally, who has been chosen on the Olympic team, along with N. P. Lambert, another candidate are practicing with the Toronto. Both are Varsity players. The Olympic committee should not overlook Andy Mara of the Young Toronto. Saturday's game at Roseville with the Frenchman should be a cracker, as the Toronto team having defeated DeCunseh and Montreal on their own grounds, and lost to Shamrocks and Capitals away. The plan for Toronto-National game will open at 130 Yonge-street to-morrow morning. The Toronto have accepted Foran and McIntyre for the next two games against Nationals.

Windsor Program.

- WINDSOR, July 7.—Highland Park entries for Wednesday: FIRST RACE—Three-year-old maidens, 1 mile: Lady Lisak, 104 Margaret, 104 Sophie, 104 Lita, 104 Jennie, 104 Crocyden, 106 Oroonoko, 106 L. M. The Toronto World

A Morning Newspaper Published Every Day in the Year. MAIN OFFICE, 83 YONGE STREET TORONTO.

A favor will be conferred on the management of this paper if receipts papers by carrier or thru the mail will report any irregularity or delay in receipt of their copy.

Forward all complaints to The World Office, 83 Yonge Street, Toronto.

DEER PARK ANNEXATION.

In dealing with the sections surrounding the city where there is a movement in favor of annexation the city council can afford to be liberal, if not magnanimous, in its treatment of its neighbors who are willing to come in and form a greater Toronto.

The opposition shown by City Solicitor Chisholm before the railway board on Monday in the Deer Park annexation shows either the accuracy of the World's contention as to the Hidden Hand being continually in evidence in every annexation proposition, or that the city authorities have taken a very placid view in dealing with this piece of territory which it is proposed to annex at the north end of the city.

Mr. Chisholm objects to the city taking over and maintaining a small section of Yonge-street fronting Mount Pleasant Cemetery, the length of which is between two and three hundred yards, because of the cost of maintenance that might be entailed therewith.

The city's contention here is utterly ridiculous. First, because of the small cost of maintaining this portion of Yonge-street, and secondly, because York Township, the only other municipality that could look after this piece of roadway, has no other section of Yonge-street to deal with nearer than three miles. The suggestion of Solicitor Starr that the cemetery people could pay for the upkeep of this piece of roadway is quite reasonable, and on the line of good public policy.

The cemetery corporation is a rich one with a large revenue which it takes from the public; therefore, it ought to pay, either by its own motion, or by an act of the legislature, its just portion of the maintenance of the road on which its property abuts on both sides.

In any event this is a minor matter in connection with the annexation of this piece of new territory, and the City of Toronto ought to look at it from the broad point of view, rather than from what might be termed a placid view. In defence of its own street railway system the city must protect its boundaries from the encroachments of the York Radial Railway Company. This encroachment can be best offset by annexing the territory where long franchises are being sought by this company and its subsidiaries.

BRITISH PATENTS AND BRITISH LABOR.

Free traders do not like the argument that the new British Patent Law is in effect a measure of protection to British industries—yet such in effect it is, since it ignores all local considerations which might cheapen the price of the commodities manufactured to British consumers. Hereafter patented, and to that extent protected, products must be manufactured in Britain in order to validate the patents, and the result is a standing proof to British workmen that the law can assist national industries.

Reliable authorities, writing in straight free trade newspapers, estimate that close on \$150,000,000 has been and will be spent in the United Kingdom by foreign patentees in order to maintain the integrity of their patents.

This, too, does not take into account the numerous other cases where patentees are arranging for the manufacture of their protected products by British manufacturers on a royalty. And another of the educative features of this legislation, proposed and passed by a professionally free trade government, is that one of the leading protesters against it is Germany, where the law has always decreed that the holder of a German patent must manufacture in Germany.

So far as the advocates of tariff reform are concerned the point is that the law as passed takes no account of any natural advantage which may enable foreign manufacturers to produce more cheaply than can be done in Britain. The law lays down a thoroughly hard and fast compulsory requirement designed to ensure that patented articles must be produced in the United Kingdom and provide employment for British workmen. Even the most rabid free trader cannot deny that this completely destroys the argument which makes the interests of the consumer the test of tariff legislation. The new patent act is a standing exemplar of the influence legislation has on the employment of labor.

HAMILTON AND MAJORITY RULE.

Once and again, the City of Hamilton has pronounced decidedly in favor of hitching on to the hydro-electric commission's wagon. That proof of its solidarity of opinion ought assuredly to have compelled respect, yet a ma-

ajority of the city council, forgetting their representative capacity and influenced by another of the hidden hands that are out to exploit the people, are seemingly determined to hand Hamilton over to the Cataract Power Company and to ignore the expressed opinion of the citizens.

Something is wrong with the legislation regulating municipal affairs if the popular will can be flouted in this way. So far as can be judged the majority of the citizens of Hamilton remain of the opinion that the municipality will be safer in the hands of a public board than in the clutches of a private electric monopoly. They are perfectly right in this conviction, and if the majority ought to rule then their views ought to have full course and effect.

Nether the hydro-electric commission nor the government can afford to have the wishes of the people of Hamilton cynically condemned at the instance of the Cataract Power Company and its obedient henchmen. Most certainly it should not be in the power of a city council to commit its constituents to a course they have unequivocally declared against. Mayor Stewart and his supporters in the council, who are fighting for the rights of the city, deserve the highest praise for their disinterested efforts to carry out the popular mandate and if necessary the government and the legislature must be asked under the special circumstances to protect the rights of the citizens of Hamilton by requiring another referendum.

PROFESSIONAL REVIVALISM.

Christian Guardian: The following scene and discerning Presbyterian paper of Chicago, is strong, but probably many will not judge it too strong. It is worth reading for what some of us have been thinking for some time and time and perhaps hadn't the courage to put into words. Fortunately we do not have as much of this kind of thing in Canada as our cousins do across the line, but occasionally we are treated to something that smacks decidedly of what is here described: "The Master taught that it wasn't Christians who were to be saved, but those who were giving, and he was praying, but some modern evangelists don't think that the injunction has any application to the business of 'wakening the churches.' They consider apparently that the awakening business is just a matter of trumpet-blowing in the plans of certain workers the publication of a special local newspaper, right in the midst of each successive series of meetings, wherein the public is informed that the evangelists' real forgetfulness has never been forgotten in any other public man; that his assistant has a 'natural, all-round ability for Christian work' such as few other persons have ever possessed; that the singing member of the party is 'one of America's leading choristers'; that the professional presence of the combination—who is doubtless responsible for all this adulation of his associates—is 'zealous minister to a fault in the work of the Master'; the outpouring of all this overwhelming gush and whitewash upon a patient community is supposed to be needed to insure a due popular understanding of what angels' providence has sent for the town to entertain. But persons who still believe that the Kingdom of God cometh at least with no observation that is contracted for beforehand, and who have not forgotten how near to Wame is hired praise, may be forgiven if stomach falls them when they are asked to detain by the organ and the page of this fulsome flood."

COMMERCE CONGRESS.

Arrangements Being Made for Gathering at Sydney, Australia. Secretary F. G. Morley has received from Kenric B. Murray, secretary of the London Chamber of Commerce, a circular setting for the program for the forthcoming congress, to be held in Sydney on Sept. 12-1909.

An extensive program is being arranged for, which includes a stop-over at Queensland six days (including congress), New South Wales 12 days, Victoria nine days, South Australia six days, Tasmania five days, and New Zealand six days. It is reported that a "Round the World" rate will be secured at \$100.

The commonwealth government and each state government will afford every facility to the delegates, whilst the railway commissioners in the several states have agreed to give the delegates a free pass over the railways, and special rates will be arranged with intercolonial steamers.

DID NOT OBEY ORDERS.

Aftermath of Beresford-Scott Controversy. LONDON, July 7.—The Times this morning publishes a statement to the effect that during the recent manoeuvres of the channel fleet, Admiral Lord Beresford gave the signal for an evolution, which, if obeyed would have brought the cruisers Argyle and Good Hope into collision. Sir Percy Scott, however, on board the Good Hope, the statement says, doubted the accuracy of the signal and refrained from obeying it.

The story is alluded to in other London newspapers, but it is not verified and appears to be a part of the campaign against Lord Beresford, arising out of his feud with Sir Percy Scott.

New Zealand Disappointed. LONDON, July 7.—A special despatch to The Times, from Wellington, N.Z., notes the disappointment that is felt there because only three vessels of the Australian squadron will participate in the welcome to the American fleet.

They're Married, Now Forget It. LONDON, July 7.—Madame Anna Gould and Prince Helle de Sagan were married at a registry office in Henriette-street, off Covent Garden, to-day. A subsequent ceremony was conducted at the French Protestant Church on Soho-square.

Five Persons Drowned. UNADILLA, July 7.—Five persons, all members of one family, were drowned in the Nemaha River near here. A flood following a cloudburst lifted their house from its foundation and carried it to the swollen river.

The plasterers' union will not issue permits unless the agreement to pay 50 cents an hour is signed by the bosses' association.

ARE YOU DRINKING THE PUREST GINS? OR DON'T YOU CARE?

What you drink is of more importance than what you eat, especially during the warm weather. If you DO care about the purity of your "Gin Rickey" and "Cocktail" you should always call for

Gilbey's Old Tom London Dry Plymouth which are guaranteed absolutely pure, and of the finest quality. Ask for GILBEY'S and refuse substitutes. At all first-class hotels and dealers.

R. H. HOWARD & CO., Distributors FRONT STREET EAST, TORONTO.

SUMMER TOBOGGAN LICENSE TRANSFERRED.

New Feature at the Turner Swimming Baths at Island.

There is lots of "coo" as Kipling calls it to be had at the island swimming baths, while this sweltering hot weather is on us.

The baths are on the west side of the island, with the building 343 feet long, right on the water. At present there are only 131 rooms, but J. J. E. Atkinson, to whom the city has leased the baths, is asking the island committee to increase the number 100 more.

The feature of the baths is the water toboggan incline. This has just been completed by Arthur Bryce, builder, and is greatly improved over all others. Elsewhere the water toboggan inclines are as high as 90 feet; but the island water toboggan incline is only 20 feet from the ground. Yet it shoots a 5-lb. toboggan carrying a person weighing from 100 to 200 pounds, out into the water to a distance of 75 to 100 feet.

Other water toboggan inclines are mere "slides" for the bathers to walk up steps to a very tiring height in order to get the proper start. But the island water toboggan incline is equipped with rubber rollers. These rollers have made it possible to reduce the height to which the bathers must walk and at the same time increase the speed of the toboggan going down the incline. And, further, the course is an induced current for ladies to enjoy the bath; for they will neither feel timid nor experience the slightest danger.

Mr. Atkinson has provided a special "ladies day." The baths and water toboggan will be reserved for them on every Saturday from 3 p.m. to 6 p.m. They are granted the use of them free of charge.

Another feature that will prove attractive is the fact that towels and suits are brand new and that they are thoroughly sterilized after using. Lessee Atkinson offers to give the sum of \$10 to the mayor or any alderman, or to any institution whom they may name, if one of their number will stride a barrel with water and ride it for one minute. Hundreds of bathers, wending joy the sport, and certainly in this sweltering weather nothing can be more refreshing and healthy than tobogganing down the water slides at the island baths.

Salvation Army Activity. The annual series of camp meetings held at Dufferin Grove, under the auspices of the Salvation Army, were brought to a close by an enthusiastic meeting presided over by Commissioner Coombs. It is estimated that the camp has been attended by nearly 12,000 persons. The interest during the three days' sessions was well sustained.

Next Monday night the Salvationists will rally from all points of the compass to bid good-bye to Mrs. Mrs. Sowton, who has been chosen by Gen. Booth for important missionary work in India. On the same occasion about 20 probationary officers will receive publicly their first commission and appointment.

Revolutionists Capture Town. WASHINGTON, July 7.—A revolutionary movement has broken out against the government of Honduras, Senor Ugarte, the minister here, receiving word to-day that the Town of Gracias, about 20 miles from the Salvadoran border, has been taken by a force coming presumably from Salvador. It has a garrison of 40 or 50 men and its population is about 3000.

THE SUNDAY WORLD is delivered to any address in the city or suburbs for 5 cents per copy.

To ensure regular delivery, order at once. TELEPHONE MAIN 252

The Way to the Sea is by the Grand Trunk fast express, leaving Toronto 9.00 a.m. daily carrying through Pullman sleepers to Boston and Portland, and connecting daily, except Saturday, in Union Depot, Montreal, with the famous Ocean Limited, for St. John and Halifax, direct connection with Prince Edward Island. Score Estate Sale. The sale is rich in things for men with fine Scotch suitings reduced from \$32.00 to \$24.00 to-day.

10-NIGHT Ascareb advertisement

ONTARIO'S MOST BEAUTIFUL

The World is asking its readers to name the most beautiful thing in Ontario. Here are some of yesterday's entries:

The fragrance from the flowers, the crisp, tender vegetables from the garden, watchful affection of parent, kindness of brothers and sisters living in love and unity, whether at the abode of the humble poor, or exalted rich, the most beautiful thing in Ontario to me is "Home, Sweet Home." N. Austen.

Woodstock, July 7. Sir.—The most beautiful spot in Ontario is the picturesque Beaver Valley situated in Grey County. Thru this valley the beautiful Beaver River winds its way thru green fields and evergreen woods, and on either side of the valley the land gradually rises till at a distance of a mile or more it reaches an altitude of some 600 feet.

The sides of the valley present a very beautiful appearance, especially at this season of the year, when the yellow fields are turning a golden yellow. Many eminent travelers pronounce the Beaver Valley one of the real rare beauty spots of the Dominion. R. R. Fawcett. Kimberley, Ont.

The brightest dawn and most beautiful day Ontario will ever see will be that one on which the Lord's Day Alliance and others recognize the fact that they are no longer their brothers' keeper and each citizen has as much right as another. This, in my estimation, will be the grandest, finest and most beautiful morning that Ontario shall ever see in Ontario during the 20th century. Jim Thornton. Toronto, July 7.

The beauties of Ontario are many. But after their praises you've sung You'll bend the knee and take off your hat To the woman who minds her business And controls her tongue as old Niagara. In the quietude of our best fruit district, that awe-inspiring, magnificent torrent of water, with its all underwriting voice must come before the more powerful master of ocean and earth and skies. For ages the white man has traveled far to see it and the Indian to worship "The Great Father Water." Its grandeur appeals equally by sunrise, sunshine and moonlight, and it is a sight to behold all these are useful qualities yet to be discovered. Electricity, lighting and water powers own away over it now. So hats off to Niagara. Harry. Spadina-avenue, Toronto.

Of all the numberless beautiful things in Ontario, hats off to old Niagara. In the quietude of our best fruit district, that awe-inspiring, magnificent torrent of water, with its all underwriting voice must come before the more powerful master of ocean and earth and skies. For ages the white man has traveled far to see it and the Indian to worship "The Great Father Water." Its grandeur appeals equally by sunrise, sunshine and moonlight, and it is a sight to behold all these are useful qualities yet to be discovered. Electricity, lighting and water powers own away over it now. So hats off to Niagara. Harry. Spadina-avenue, Toronto.

1000 KOREANS MURDERED.

Were Peaceful, Hard Working Men, Opposed to Disturbing Elements. SEOUL, June 15.—Via San Francisco, July 7.—Nearly 1000 Koreans have been murdered by the Korean Insurrectionists in the last few months.

These Koreans were all members of the "Ching Hoi," a pro-Japanese Society, further, the course is an induced current for ladies to enjoy the bath; for they will neither feel timid nor experience the slightest danger. Mr. Atkinson has provided a special "ladies day." The baths and water toboggan will be reserved for them on every Saturday from 3 p.m. to 6 p.m. They are granted the use of them free of charge.

\$50 FOR FIREMEN'S FUND.

Chief Thompson has received the following letter from John Price: "Enclosed you will find a cheque for fifty dollars for the firemen's benefit fund. It is a small token of the good service rendered by the Bolton-avenue sections of the fire department in putting out a fire which occurred at my works on Greenwood-avenue Monday morning."

Montreal and Quebec. A veritable edition de luxe amongst railroad pamphlets has just been issued by the Grand Trunk to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed, and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident in its presentation of reading matter. It is also very well written, and gives an interesting description of the two most interesting cities of the province, with illustrations from photographs that have not hitherto been published.

Sent to any address on receipt of a two-cent stamp. Apply to J. D. McDonald, Union Station, Toronto.

Barbers Appeal for Colleagues. "Professor" Nelson, who conducted the barber shop at the corner of Richmond and Victoria-streets, is writing before some weeks in the General Hospital, back in his home with, what the doctors pronounce to be cancer, and they give him only a short time to live. As he is, of course, quite incapacitated for further work, and without resource, his friends feel sure that it will be necessary only to make these circumstances known to receive ready response to an appeal for financial assistance. Subscriptions may be sent to the Rev. Dr. Briggs, Wesley Buildings, Richmond-street.

Engine Derailed; Thousands Walked. MONTREAL, July 7.—Far out the tracks from Bonaventure Station this morning was a line of perspiring pedestrians making their way towards the city along the line of passenger trains stretching as far as one could see up the line.

The cause of the trouble was the derailing of a switching engine at a point where it practically deranged the whole work of the station yard.

Staff-Sergeant Disappears. OTTAWA, July 7.—Staff-Sergeant Jules Berend, transferred about a year ago from the Royal Canadian Dragoons, Toronto, headquarters are left behind him. He was in the D. A. A. G. department of the militia, with many debts of dubious nature are left behind him. He was in the D. A. A. G. department of the militia, with many debts of dubious nature are left behind him.

To Settle Fisheries Dispute. THE HAGUE, July 7.—It has been practically settled that the fisheries question between the United States and Canada will be submitted to the court of arbitration towards the end of this year.

THE T. EATON CO. LIMITED

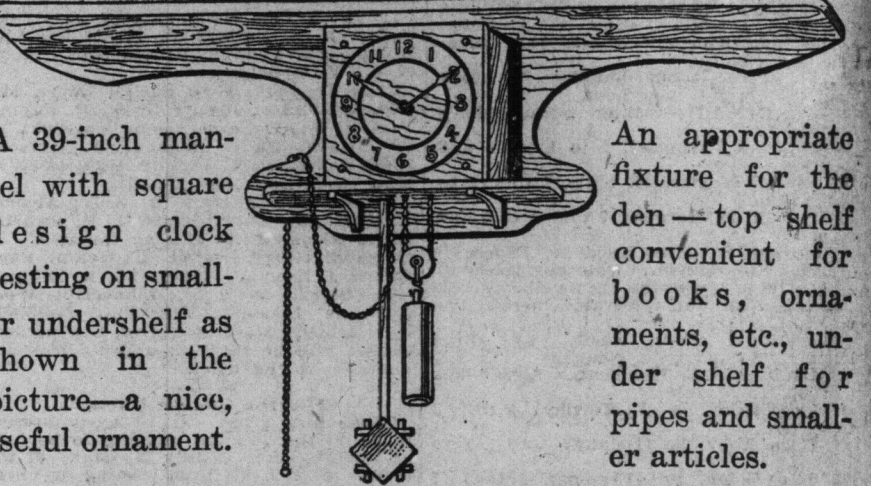

DURING JULY AND AUGUST THIS STORE WILL CLOSE EACH SATURDAY AT 1 P.M.

The Great Test--Value

In this age of advertising persuasion, the only safe way is to shop where you're sure of satisfaction. The old-time way of doing business was a sort of warfare, a battle of wits between seller and buyer. If the seller outwitted the buyer he patted himself on the back, while the buyer gnashed his teeth and waited for the "next time." This store changed all that by agreeing to take back any purchase and refund the money. That showed our confidence in our goods and values, and won your confidence—and your business.

And the July Sale is a month of even BETTER VALUES; a month of booming business when things would otherwise be quiet and lazy, a month without profit perhaps, but full of the enthusiasm of doing larger business. Without blow or bluff, we day after day offer money-saving inducements that you can't match elsewhere.

This Clock and Mantel \$3.95

A 39-inch mantel with square design clock resting on smaller undershelf as shown in the picture—a nice, useful ornament. An appropriate fixture for the den—top shelf convenient for books, ornaments, etc., under shelf for pipes and smaller articles.

Weathered oak finish, the popular style of house decoration. The clock has one-day weight movement with long brass chain and weights, oak pendulum, exposed dial with raised brass numbers and hands, brilliantly burnished. Guaranteed a good timekeeper, quickly and easily wound up by simply pulling down weight.

Use the mantel in any room. It is simply attached to the wall by strong hooks. The shelf is grooved for plates. The remarkably low price for the Mantel and Clock complete is..... \$3.95

THE T. EATON CO. LIMITED

PUBLIC NOTICE

is hereby given that Brass and Steel Goods, Limited, has passed a bylaw changing the Head Office of the Company from the City of Toronto to the City of Belleville, on the 27th day of April, 1908. H. C. HUNT, Secretary.

PASSED EIGHT-HOUR BILL.

Concluded Committee Stage of Pension Bill. LONDON, July 7.—The house of commons passed the second reading of the bill, under which five years hence all miners in the United Kingdom will work only eight hours daily.

The house also concluded the committee stage of the old age pensions bill, which has been modified by the adoption of a sliding scale, the pensions varying with the amount of the recipient's personal income.

BIG FREIGHTER SINKS.

H. P. McIntosh on Bottom of St. Clair River. PORT HURON, Mich, July 7.—The steel freighter H. P. McIntosh, 520 feet long, owned by the Glouchster Co. of Cleveland, was sunk early to-day in a collision with the freighter M. A. Hanna, in the St. Clair River just below here. None of the crew were killed or injured.

The Hanna was bound up light, and the McIntosh was down bound with ore.

One Woman's Woes. "He said he'd cut my head off with a razor," complained Mrs. Ella Sinclair, whose husband was charged with aggravated assault upon her in police court yesterday morning. "He threatened to kill the baby," she continued. "One time I went to take a bath and found the bathtub full of pepper. I went to the boiler for hot water and it was black with pepper. Before we were married he was the most affectionate man you ever saw." He was remanded a week and his sanity will be enquired into.

Excursion Train Derailed. CHATHAM, July 7.—The Catholic Foresters' special excursion train, bound for Port Stanley, on the Pere Marquette, left the tracks at a point near the "Y" at the city limits at 8.30 this morning. A spreading rail was the cause.

Three hundred people were aboard, including the Chatham bowling and cricket teams, which were going to St. Thomas. No one was hurt.

C. P. R. Will Build Homes. VANCOUVER, B.C., July 7.—(Western Associated Press.)—The C.P.R. is going into the house building business to meet the demand for medium-sized dwellings at reasonable prices. Plans are now being prepared with this end in view. The cost of the structures is to run from \$3000 to \$4000 with ground.

BREAK IN CORN OPTIONS

WHEAT FUTURES LOWER

Chicago Market Acts With Considerable Irregularity—Liverpool is Not in Line.

World Office. Tuesday Evening, July 7. Liverpool wheat futures closed to-day 1/4d lower than yesterday, and corn futures 1/4d to 1/2d higher.

Government weather report from Washington is as follows: The Middle Atlantic States and the Missouri Valley generally cool in the entire district between the Mississippi Valley and Rocky Mountains.

Chicago Grain Market. Marshall, Spader & Co. (J. G. Beatty), King Edward Hotel, report the following fluctuations on the Chicago Board of Trade:

Table with columns: Open, High, Low, Close. Rows for Wheat, Corn, Oats, Rye, Barley, etc.

ST. LAWRENCE MARKET. Receipts of farm produce were 200 bushels of grain, 20 loads of hay and a few dressed hogs.

Table with columns: Item, Price. Rows for Wheat, Corn, Oats, Rye, Barley, etc.

MARKET NOTES. Joshua Innes has 100 live lambs at 5/6c per lb., 200 yearling sheep at 6/0c per lb., two dressed hogs at 8/50 per cwt.

Prices received daily by E. T. Carter & Co. 35 East Front-street, Wholesale Dealers in Wool, Hides, Catkins and Sheepskins, Furs, Tallow, etc.

72 CARS AT CITY YARDS

HEAVY CATTLE UNSOLD

Sheep Easy and Lambs Firm—Calves Steady—Hogs Firm at \$6.75.

Receipts of live stock at the City Market were 72 carsload, composed of 119 cattle, 1069 hogs, 1045 sheep and lambs, with 24 calves.

There were few first-class cattle on sale. Trade was dull, with prices lower than at the Union Stock Yards on Monday.

Space being scarce, and prices lower on the British markets, caused trade to practically stand still.

Butchers. We heard of two extra choice helters selling at \$5.50 per cwt., these being the best of the week.

Feeder and Stockers. Messrs. Aubrey report a market full with few of good quality offered.

Milk and Springers. Few good springers on sale. Prices were quoted at \$30 to \$50 each.

Veal Calves. The quality of veal calves was not as good as last week's offerings, and prices were unchanged at \$12 to \$20 per cwt.

Hogs. The market for hogs was firm, with prices firmer. Mr. Harris reported a few fat and watered, at \$4.75 to \$5.25 per cwt.

York County and Suburbs

World subscribers in Toronto Junction are requested to register complaints of carelessness or late delivery at The World's Office, 25 Dundas-street East, West Toronto, or The World Office, 25 Yonge-street, Toronto.

BRANCH OF CHILDREN'S AID IN WEST TORONTO

North Toronto Council in Session—Big Barn Raising—Suburban News.

WEST TORONTO, July 7.—J. J. Kelso, provincial representative of the Children's Aid Society, addressed a meeting of the Toronto branch of the Children's Aid Society.

At 4:30 p.m. a horse attached to a rubber tired buggy that had been left standing at Lennox's grocery stable, was frightened at the automobile coming up High Park-avenue and bolted.

Fred Ryder of York Township was fined \$25 without costs for disorderly conduct.

James A. Rowntree was fined \$1 and costs for disorderly conduct.

After about a year's illness Mrs. Clara Chapman, wife of Dr. C. W. Chapman, died this morning at 60 Churchill-avenue.

THE BOARD OF HEALTH. The board of health met last night at 8 o'clock.

THISTLETON. THISTLETON, July 7.—The woman who was killed by a horse on Monday morning at the home of Mrs. George Stewart at 2 p.m. Every body welcome.

BANKERS IN TERROR

OF RAFFLES UNSOLIGHT

Sherbrooke Institutions Expect Cracksmen—Disgruntled Pa Thought to Have Informed.

MONTREAL, July 7.—(Special.)—The three banks doing business in the City of Sherbrooke have been on the lookout to keep their powder dry.

Now, as the Eastern Townships, the Merchants and the Bank of St. John's do business in Sherbrooke it was a puzzle to know which had been located by the safebreakers in question.

INDIANS UP IN ARMS. Oklahoma Red Men Want Rights of They Will Fight.

WELETKA, Okla., July 7.—Three wagon loads of rifles were taken into the camp of the Snake Indians yesterday.

FIVE FALL FROM SCAFFOLD. Montreal Workmen Are Injured While Repairing Building.

MONTREAL, July 7.—(Special.)—A scaffold on which five men were at work repairing a house at Laprairie and Centre-streets gave way this morning.

DEATHS IN THE CITY. Deaths registered at the city hall yesterday were: Emily Blea, 35 years, old age.

Victim a Wingham Woman. WINGHAM, July 7.—Mrs. Frances Gilmore Thompson, who was murdered in Chicago a few days ago, was born and brought up in Wingham.

Manly Strength

Victim a Wingham Woman. WINGHAM, July 7.—Mrs. Frances Gilmore Thompson, who was murdered in Chicago a few days ago, was born and brought up in Wingham.

British Cable Markets. LONDON, July 7.—London cables for cattle are easy at 11 1/2c to 1 3/4c per pound, dressed weight.

# MIDSUMMER

The last few days have proved that "Our Lady of the Snows" can be a very torrid proposition when she so desires.

It's a question of cool hats from this on for two months -- Panama Hats and Sailors.

We have some exclusive lines in each, and exclusive prices too in the low rate column.

- Men's Panama Hats, were \$15 and \$10, for \$5.
- Men's Sailor Hats, were \$2 and \$1.50, for \$1.
- Men's Sailor Hats, \$2 to \$5. Dunlap Sailor, \$5.

## RADIALS ARE ATTEMPTING

Continued From Page 1.

mitted to the people of West Toronto now it would be carried by a large majority. Many people who were opposed to it a couple of years ago are now strong in its favor. I think myself that the city should not only take in West Toronto, but all of the territory right out to the Humber. That sounds like a big scheme, bigger, perhaps, than is necessary, but when you consider the street railway situation, it is none too big. The railway is now trying to get a special franchise along Annette-street and down to Swansway. If that is allowed other similar franchises will be asked for, and when the present city franchise runs out the city will find all this big territory tied up under these special franchises. When it comes to making a new franchise Toronto wants to be in a position to say that all these lines must run as far as the Humber. If they do not take in the territory now that the whole territory will be tied up when it is taken in, as it is bound to be some day.

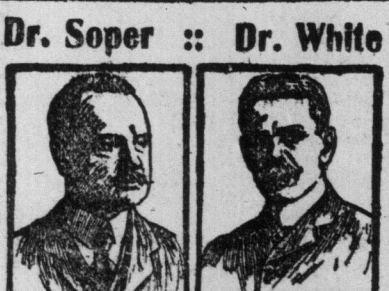

**Wants Water Supply.**  
West Toronto wants to come in because of the water supply. Its present water supply is inadequate. With the extensions now being made Toronto could well take care of the demands out there, and why, therefore, should West Toronto saddle itself with a debt of five to seven hundred thousand dollars so unnecessarily?

"Then there is the question of sewerage. West Toronto has now a population of 12,000, and within the next five years will have 15,000. To provide sewerage for the western part of the city would mean an immense expenditure, which could be avoided by connecting the West Toronto sewers with the trunk sewer Toronto is going to build. From Toronto's point of view this would be the best thing, because if West Toronto sewerage is not provided in this way it must go down into Humber Bay and pollute that which should be kept as pure and clean water. While West Toronto sewerage must go into Humber Bay, West Toronto water must be drawn from the same place.

**A Telephone Suburb.**  
West Toronto is now in the position of a suburb as regards telephones. By coming in to the city West Toronto telephone users would get rid of the additional charges they have to pay on every telephone call into the city. "Then there is the matter of electrical power. The Electrical Development Co. is pressing for special favors from the West Toronto Council. West Toronto should come in with a vote, and not only strengthen Toronto's position.

## PILLS THAT NEVER GRIPE.

They cure headaches, relieve constipation, help digestion, clear the skin, make you feel better in one night -- that's how Dr. Hamilton's Pills act. No family medicine equals Dr. Hamilton's Pills; try them.

## CATTLE SLAYERS AND FIREBUGS AT CARDINAL

Ontario Town Loses \$30,000 by Incendiary Outrage—Butcher's Animals Are Shot.

**CARDINAL, July 7.**—(Special.)—A violent outbreak of vandalism and incendiarism, on Monday, in this village, has resulted in the destruction of property worth \$30,000 and the death of several head of cattle. Intense excitement reigns. The entire village narrowly escaped annihilation by the flames. The authors of the crime have not been found.

Upon his arrival at his slaughter house, B. McKnight, a butcher, found several head of cattle dead. The animals had been shot with a rifle.

He at once drove back into town to his meat market and found it in flames. The fire spread rapidly and in a very short time the building was a mass of ruins.

McKnight ran to ring in an alarm, only to find the alarm box broken open and the key missing.

In the meantime the fire had spread to Dillon's Hotel, three stores, and several barns and outbuildings. The firemen were brought out and every effort was made to contain the flames. After a stiff fight they were subdued, but not before they had done immense damage for large areas in the village. The buildings were for the most part wooden structures and burned like tinder.

No motive for the outrage can be guessed and the police are utterly at a loss to place the blame.

## KILLED IN OPIUM DEN.

White Man is Shot in Montreal Chinatown Dive.

**MONTREAL, July 7.**—(Special.)—Shortly after noon to-day a white man was murdered in the heart of Chinatown. The murderer escaped, and a companion, who may be able to give some information, has also disappeared.

Nons of the three men implicated in the shooting are known to the police or to the Chinaman, Tong Kee, in whose premises, at 111 West Laghauchier-street, the tragedy occurred. Tong Kee is held at No. 3 police station as a witness, and detectives Lefebvre and Pigeon are working on the case.

Tong Kee—at least that is the name on the police blotter—keeps a barber shop on the first floor of 111 West Laghauchier-street, the tragedy occurred. Tong Kee is held at No. 3 police station as a witness, and detectives Lefebvre and Pigeon are working on the case.

## CONTROL OF THE I.C.R.

Senator McMullen Would Remove It From the Commission.

**OTTAWA, July 7.**—(Special.)—The railway bill was reported by the senate committee of the whole to-day.

Senator McMullen declared that the Intercolonial should be placed under the jurisdiction of the railway commission. He strongly favored putting government railways under an independent commission of management, and the next best thing to this would be to place the road under the jurisdiction of the railway commission.

Senator Ellis agreed with this. However, whether this was done or not, there seemed to be no good reason why corporation owned railroads should be under the jurisdiction of the railroad commission and government owned railroads exempted from that control.

Hon. Mr. Scott accepted an amendment by Senator Ferguson, extending to the officers of the board the provision for applying to the commissioners that they shall not own railway stock in companies connected with railroads.

## THAT ANTI-TOBACCO BILL

Hon. G. W. Ross Would Compel Youngsters to Tell Where

**OTTAWA, July 7.**—(Special.)—In the senate Hon. G. W. Ross moved the second reading of the bill to restrain the use of tobacco by young persons. Senator G. W. Ross of approved of the principle, but to make it effective there should be provision similar to that in the Prince Edward Island Liquor Act, that interdicted persons should be compelled to tell where they purchased tobacco. Hon. Mr. Scott approved.

Senator Ellis said there was an element of humor in many of the laws of parliament made to stop persons from doing things which lawmakers permitted themselves, and referred with regret to the increasing use of tobacco in the precincts of parliament.

The bill was given a second reading.

## Toronto Man Arrested.

**WELLAND, July 7.**—(Special.)—While the men of the family, not an absent Frank Lowry of Toronto yesterday entered the house of Sheriff Smith and demanded money of a party of terrified ladies. He was afterwards arrested and resisted violently. Lowry said that if his father and mother in Toronto were notified he would commit suicide.

## Provincial or Federal.

**OTTAWA, July 7.**—(Special.)—The senate banking and commerce committee decided this morning to refer the Co-operative Societies bill to the minister of justice for his opinion as to whether it is a provincial or federal matter.

Joseph Cohen was fined \$1 and costs for riding a bicycle on the sidewalk on Centre-avenue.

## GUilty OF ASSASSINATION.

A man, razor in hand, was caught by his wife assassinating, not an enemy, but a corn—that he needed was Putnam's Corn Extractor, it's safe, painless and sure. Try "Putnam's." Nothing sells so good.

Mayor Oliver and Controller Harrison have gone to New York to meet Allan Hazen, the expert engineer on filtration matters.

Personality totaling \$3400 is the estate of the late Mrs. Ann Thompson of 94 Crawford-street, widow of her daughter, Mrs. Eva Ireland, of Toronto, is the sole beneficiary.

Lieutenant-Governor Clark, Lady Clark and the Misses Clark left Monday for Portland, Maine, where they will spend the summer. General Manager Hey's of the Grand Trunk placed his private car "N.B." at their disposal.

N. B. Black, editor of the Grand Forks, N.D., Review, with his son, is in the city on a visit.
