30TH YEAR

Only 5500 Men, Whereas From 7000 to 10,000 Were Looked For - Two _ Accidents.

NIAGARA-ON-THE-LAKE, June 8. -(Special.)-Instead of 7000 men there are only 5500 here. Lieut.-Col. Galloway gave out the results of the census

Numerous reasons are advanced for the small turnout. It is indeed small, from 7000 to 10,000 were expected. till, there were only 3200 last year. There are 834 men and 638 horses in First Cavalry Brigade; 812 men and 657 horses in the 5th Provisional Brigade; 1059 men in the 3rd Infantry gade; 1051 in the 4th, and 954 in

If a man is unpatriotic enough t here it is probably as well that stays away. The men wanted for soldiers are patriotic men. The regu-lar pay, for a private soldier is 50 cents per day. If he qualifies for third rate efficiency pay he gets an additional 50 cents per day. Second rate gets 40 cents and first rate 20 cents. The efficiency pay is granted for excellence in shooting. An average of nners, or 4 points out of a possible on each shot, is required for third attents. day. If he qualifies for third

Another reason advanced for the mall numbers is the weather. It ooked as the it was going to be rainy and cold for the two weeks of camp. The other reasons, the same at all amps, doubtless held back numbers, oo: many were unable to get leave rom work, others had left home and thers were sick.

Why Officers Are Scarce. As well as being undermanned the camp is under officered. A reason ascribed for that state of affairs is the recent inspection of arms. All arms were inspected and officers were charged with the cost of guns that re useless on account of wilful neglect. The officers did not like it cial responsibility entailed in bringing might be wilfully neglected.

There are a total of 1295 horses

camp. Lieut.-Col. Hall, principal vet-erinary officer for Western Ontario, has examined them and reports them to be an exceptionally fine lot, away hove the average. All the cavalry corps have much better horses than usual. The 25th Brant Dragoons have the Nest record. Not one horse in the corps was rejected. The 24th Grey's blorse come second best with only one rejection. The two newest cav-ainy regiments have eclipsed all the

"The ideal cavalry horse," said Col. Hall. "is from 15 hands 2 inches to 15 hands 3 inches in height. But it is almost impossible to get that kind of horse for two weeks' training." The 2nd Dragoons of St. Catharines and the 1st Hussars from London and vicinity also have excellent mounts. Some of the animals here are worth from \$300 to \$400. If the horse is killed the government allows a trooper a maximum of \$175 and an officer a maximum of \$200. The allowance was raised this year. Not long ago \$100

was the indemnity paid. New Evening Ceremony. Lieut.-Col. J. G. Langton, S.A.S.C.O., W.O., has inaugurated a very pretty ceremony in connection with retreat. The retreat is sounded at 7.30 each evening immediately the gun is fiered. When the retreat has sounded and the day guard is preparing to go off duty at headquarters the duty band marchs up and down and plays the vesper

Major A. H. Macdonell, D.S.O. (distinguished service order). D.A.G.M.G. to the maritime provinces, of Halifax, here as the general staff officer. This s the first time there has been a general staff officer here. Major Mac-donell's duties are to lecture on field work to the senior officers in camp. He will afterwards report to headquarters thru the camp commandant

Brig. Gen. Otter is in camp for a short visit. With the corps of six lady nurses he was the guest of Gen. Cotton at tea this afternoon.
The straw hats, to be worn by all

ranks, have not arrived from Ottawa, the they are on the way.

No. 10 Field Ambulance of Toronto is being converted into a field hospital. There are 60 subalterns and 10 sergeant's taking a provisional course of nstruction for unqualified officers and The instructors are Q. M. Inst. Coffin, R.C.R., and Sergt. Inst. Glover of the 48th Regiment. This afternoon only 43 turned out. Among them were the chaplain of a corps and an Indian officer. The class is under

Two Accidents. William Fox of the 15th Field Ambulance of London had his right leg broken in two places this morning. He was driving an ambulance and the horses ran away, colliding with a tree. The ambulance was wrecked. Fortunately there were no patients in it. Lieut.-Col. George Bruce, command-ing officer of the 35th Regiment, Simcoe Foresters, was thrown from his horse and sustained injuries which will incapacitate him for the rest of

the supervision of Major Carpenter, R.

camp. The ligaments of a leg are badly injured. A horse tied near headquarters broke away and ran down the lines, finally topping in the mess tent of the 37th Haldimand Rifles. The officers dining there narrowly escaped injury. A number of dishes and some tables were

wrecked. Pumps with concrete bases have been installed in the infantry lines. They raise water from springs. The Y.M.C.A. is doing good work in

its tents here as usual. PORT ARTHUR TO BE OPENED.

VICTORIA June 8 .- Japanese news-

out North vonto Situation.

North Toronto is on the threshold o great big advance movement. This ovement should have occurred years ago, but it was retarded by obstacles which are gradually being obliterated by the foresight of those who see the final outcome of Toronto's finest residential suburba

The situation of the Town of North Foronto-lying as it does more than 200 feet above the level of the city water front-has made it an ideal spot for residential purposes. While this has been recognized the difficulties in reaching the town have been so many that up to the present time little attempt has been made to take advantage of the fine natural situation.

Despite all the obstructions which have been met, nearly five thousand people have now concentrated within features of the day's proceedings. The the boundaries of the town, and the doubling or trebling of this populaplished by the adoption of modern conby the City of Toronto.

This remark was made concerning the big new building of the Bank of Toronto.

FRENCH BIRTH RATE DECREASES

PARIS, June 8.-Vital statistics made public to-day show a decrease in the birth rate in France. The births during 1909 were 770,000, against 792,000 in 1908. Since 1851 the population of the republic has increased 3,000,000 only, while the population of Germany in the same period has been increased by 30,000,000.

A RETROSPECT.

June 9, 1756-England declared war

sion as Justice of Peace as a Result.

VICTORIA, B.C., June 8.—(Special.)
—Attorney-General Bowser has requested Editor W. J. Clements of The Penticton Press to resign his commission as one of His Majesty's

few floral tributes.

Friends may view the remains in the Grange library to-morrow from 2 the Grange library to-morrow from 2 district that the editor barely escap-

ed rough usage.

The article, which is so strongly resented, reads in part as follows:

"If one were to form his judgment from the space occupied in the public press for the past three weeks, he would think that the death of King

and only a man, and is deserving of eulogy only in so far as his character, judged by the standards of men, was worthy of eulogy. More fuss has been made about him than if he were God incarnate, and yet he was no better, if as good, from a moral standpoint,

if as good, from a moral standpoint, than the ordinary citizen.

"We see in the present demonstration an effort on the part of the nobility to retain its hold in the British Isles. This parasite class, the satellites of the throne, at once gave voice to great grief on the death of a monarch. The populace, who seldom do their own thinking, echo, "The world is sorry."

The colonies take up the refrain. The government at Ottawa squanders thirty-five thousand dollars in draping the government buildings in black. What nonsense, for a free people."

THE SYNOO OF NIAGARA FINISHES ITS SESSIONS

Sunday Schools Charged With Being Too Slow-T. H. & B. To Be Double-Tracked.

HAMILTON, June 8.—(Special.)—
The county court jury, before whom
the case of Frank Anderson, charged
with stealing a purse from Miss Edith Sauer, and with assaulting her, was tried, struggled for three hours this afternoon to reach an unanimous decision, and falling, was discharged by Judge Snider, Anderson was sent back to jall to await the fall sessions. The evidence was contradictory. Miss Sauer, positively identified Anderson Sauer positively identified Anderson as the man who stole her purse by his features, but would not swear to the clothes he was wearing. She said she thought he had on a blue coat sweater

thought he had on a blue coat sweater and blue trousers. The defence provated thru the prisoner's wife that he had never owned such a sweater.

The grand jury in its presentment suggests that the constables on duty at the county council this afternoon visited the Stony Creek battlefield at the request of the Women's Wentworth Historical Society and viewed the work being done on the monument to commemorate the victory there in 1813.

Johnson's Troubles

Note and Comment

Ganzel's Hustlers from Rochester improved with acquaintance and many of the fans left the island yesterday with the idea that the champions will repeat. The advent of McMillan, the shortstop from Brooklyn, filled the team with ginger to spare. In fact the runt is a whole side in himself. He has everything in the baseball repertory, slug, bunt, run, slide, throw and gobble grounders in any position, all over the lot. With the pitchers in top form and several men for every other position and Toronto sadly in need of a backstop, the Hustlers should soon pass us, as well as Newark and Providence for the top position.

Jack Johnson and his newest manager require only Lou Houseman as referee on July 4 to make a fighting outfit identical with the running horse combinations of colored jockey, Irish owner and Jew bookmaker, that win at any odds.

The Hamilton Jockey Ciub, according to announcement, will raise the general admission to \$1,50. They will have only the seven days, accorded by law, but the dear public will be permitted to keep up the

Want the Veterans to Box.

ST LOUIS, June 8.—Bill Clark, the Belfast chicket of other fighting days, received an offer to-day from Billy Delaney, of San Francisco to box a preliminary of four rounds at the Jeffries-Johnson fight. Clark is 84 years old. His opponent is to be Jem Mace, 79 years old. Delaney wrote he is now waiting on Mace's answer. He offers each of the former puglilists their expenses to San Francisco and \$500. Clark and Mace had a rough fight in the Empire Theatre in New York back in the 70's.

WORCESTER, Mass., June 8.—A new eastern record for a no-hit, no-run game in baseball was made there to-day, it is claimed, when Harry Wormwood of the Fall River team of the New England League, pitched for eleven innings without allowing a hit or a run, in the game with Worcester, which was won by the visitors. I—O. The Fall River fielders played a sharp, clean game without a single ed a sharp, clean game without a single Wormwood was formerly with the Worcester team, going to Fall River last year. The world's record for such a game is accredited to Pitcher Torrey of the Winchester, Ry., team in the Blue Grass League, who on May-10, 1999, pitched 17 innings without allowing a hit or a run.

The Metropolitan Racing Association have the plans prepared for their new grand stand at Dufferin Park, which will be pushed forward rapidly towards completion, the the structure will hardly be ready by Saturday, June 18. It is also hoped that the plans are complete for the absolution of prevailing methods of syndi-double-play. Score

"A Little Better Than Seems Necessary."

The humane officer would not have

"DAVIS' PERFECTION" 10c CIGAR

Every Smoker Knows

that it is hard to get a finely flavored cigar that is not pretty strong, or a mild cigar that is not rather insipid.

The problem, however, is solved as soon as you try "Davis' Perfection" 10c cigar.

You will find the flavor delightful—the real Havana bouquet. Yet this cigar is so mild that you can with pleasure smoke as many as you wish.

After a half century of experience in cigar making, we have in "Davis' Perfection" produced a cigar which will appeal to those connoisseurs who enjoy a mild yet finelyflavored smoke.

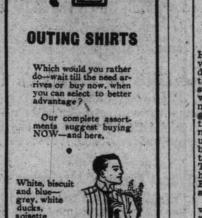

After a meal or before, this cigar tastes good, and is good. If you appreciate a cigar of this sort, you owe it to yourself to try "Davis' Perfection."

BASFRALL NOOTH

Johns Hopkins Win From Varsity, 2 to 1 Again on Saturday

BALTIMORE, June 8—(Special.)—Johns Hopkins Alummi defeated Toronto University lacrosse team at Baltimore to-day by the close score of 2—1. The west ther was decidedly hot and the blazing sun told on the visiting collegians, who were tired after their game with Swarthmore on Tuesday. Hopkins scored both goals in the first half on pretty combination plays, but in the second half were never dangerous. Toronto's home was unable to locate the nets in the first half, but in the second half McSloy dodged thruthe defence and bulged the Hopkins net The game closed with Toronto pressing hard and only the phenomenal work of Blanck, Hopkins' baild-headed goalkeeper, saved the game for Hopkins.

The same teams play again on Saturday when a great struggle is expected. Toronto lined up as follows:

Goal, A. Hinds; point, Gundy; cover, Woods; defeuce, Manning, P. Park, Thompson; centre, F. Park; home, Goddard, F. Hinds, Bastedo; outside, McSloy; inside, Irwin.

The first game for the Goodall Trophy was played yesterday afternoon between the Canada Club, the holders, and the Rusholme Club, and resulted in another decisive win for the Canadas by 39 shots. There were 28 up at home, and 11 up on the Rusholme lawn.

The greens were a little soft, and the players lacked practice, but some good form, defeated Dickens and Powis, showed good form, defeated Dickens and McCurdy, 18 to 8.

On Rusholme lawn, Doherty and Armstrong came to life after their winter's rest and walloped Dr. Dame and Quigley, and the Rusholme lawn, Doherty and Armstrong came to life after their winter's rest and walloped Dr. Dame and Quigley. It was the Canadas' total majority. It was the Canadas' seventh consecutive win up to date; no other club having that a look-in. The next game will be played June 22, with Parkdale as the challenging club.

HAMILTON, June 8.—The results in the golf tournament for the Hamilton Trophy this afternoon were as follows:
Second round—Miss Camphell won from Miss Balfour; Miss F. Harvey won from Mrs. Rowe; Miss Nesbitt won from Miss Dick; Miss Grantham won from Miss Orden

The draw for the semi-finals to-morrow is: Miss Campbell v. Miss Harvey; Miss Nesbitt v. Miss Grantham.

In the consolation semi-finals, Mrs. Southam won from Mrs. Adam, and Miss Ross from Mrs. Stewart.

The results is the excelent the semi-finals of the worst case. My signature of the Ross from Mrs. Stewart.

The results in the special 18-hole match were: Miss L. Harvey won from Miss Balfour; Miss D. Morrison won from Miss Duggan; Miss Tait won from Miss Duggan; Miss Bristol won from Miss Gartshore.

Draw for the semi-final: Miss L. Harvey v. Miss G. Morrison; Miss Tait v. Miss Bristol.

The obstacle and putting competition was won by Miss Dick, with 21 points; Miss Kitson and Miss Ogden tleing for second place, with 250 Rriving competition, total for three

Rriving competition, total for three drives: Miss Campbell, 466 yards; Miss Bristol, 401 yards: Miss L. Harvey, 363 yards; Miss Gartshore, 363; Miss Ross, 322; Miss F. Harvey, 321; Mis Dick, 293; Miss Ogden, 284; Miss Rogers, 236.

Jeffries in Shape,

BEN LOMOND, Cal., June 8.—Three fast rounds with Bob Armstrong, in which Jeffries drew blood from his colored sparring partner for the first time since training began at Ben Lomond, constituted the principal feature of a comparatively quiet day. Jeffries was faster than usual, and, countering heavily on the negro's mouth, made the blood flow freely.

The mighty Honus Wagner of the Pirates, who led the Nationals last year, is far below his standard of batting this season. He is 42nd on the list, with an average of .252.

JOHNSON OUSTED LITTLE OVER AFFAIR OF WIVES

SWEEP

Great Pe

Flanagan is Appointed Near Manager Until Fight is Decided.

SAN FRANCISCO, June 8.—In view of what has happened to George Little and Billy Nolan, many are asking if Jack Johnson's latest managerial move will prove to be only a temporary one.

According to the latest announcement of the negro champion, Tom Flanagan of Toronto, who has come into prominence as the developer of long-distance runners, and who is in charge of Johnson's roadwork, will be a sort of near-manager for the fighter. "He will help me to manage my business affairs, until July 5," runs Johnson's statement, and he says he is sorry Flanagan cannot remain with him longer, but that personal affairs will take the runner to Canada immediately affair the big fight.

According to one story among the inner circle of fight followers, the real trouble between Jack Johnson and his deposed manager, George Little, concerns the social relations which shall be observed between their wives.

The negro's wife, a white woman is said to insist on being chummy with the wife of her husband's manager, which the latter refused to allow, and disputes of this point, added to the jealousy of Signard of the the point, added to the jealousy of Signard of the point, added to the jealousy of Signard of the point, added to the pealousy of the point, added to the breach Diamonds valued at \$3000 are given by Little as another cause of the breach These diamonds, brooch and ring, wer loaned by him to Johnson, says little, tenable the fighter's wife to make "front." Little objected to the way Mr Johnson "sported" the jewelry in cafe where he feared they would be stoler than a series of the grant his where he feared they would be stoler where he feared they would be stoler to the way Mr Johnson "sported" the jewelry in cafe where he feared they would be stoler the second of the process of

SWEEP, AT 9 TO 10, WINS

Great Performance by Top Weight in Feature Race at Gravesend.

GRAVESEND, June 8.—Sweep, favorite, at 9 to 10, éasily won the Carleton Stakes, one mile, at Gravesend to-day, defeating a high-class field of three-year-olds. Sweep, under Powers' magnificent ride, carrying 126 pounds, stepped the distance in 1.39 1-5, a high-class performance, as the track was a trifle slow from the recent rain. Shaw bid up Aldrian to \$3000 and secured him for that price. H. T. Bedwell claimed Lochiel out of the same race. Bedwell ships his entire; stable to the Canadian circuit Friday. Summary: FIRST RACE—Three-year-olds and up, selling, \$400 added, about six, furlongs: 1. Hampton Court, 92 (Benschoten), 8 to 1, 3 to 1 and 7 to 5.

2. Right Easy, III (Thomas), 5 to 2, even and 1 to 2.

and 1 to 2. 3. Follie Levy, 106 (Doyle), 11 to 5, 9 to 3. Follie Levy, 106 (Doyle), 11 to 5, 9 to 10 and 2 to 5.

Time 1.10 4-5. Sir Alvescot, Trouble-maker, Salvolatile, Overton, Top Note, Lord Strephon, District Attorney and Polypheme finished as named.

SECOND RACE—Steeplechase, four-year-olds and up, \$500 added, about 2½ miles:

3. Xebec, 135 (Johnson), 15 to 1, 4 to and 7 to 5.

Dacra finished as named.

THIRD RACE—Selling, two-year-olds, \$400 added, five furlongs:

1. Aldrian, 112 (Powers), 3 to 1, even and 1 to 2.

Time 1.01 3-5. Frank Ruhstaller, Picka-ninny, Swish, Hectagon, Maid,Old Squaw Rye Straw and George Witt finished as FOURTH RACE-The Carleton Stakes 3. Dalmatian, 122 (Garner), 4 to 1,

5 and 1 to 2. Time 1.38 3-5. Sager and Starbottle fin ished as named. Prince Imperial pulled FIFTH RACE-Selling, three-year and up, \$500 added, 1% miles:
1. Petronius, 98 (Garner), 3 to 2, to 5, 4 to 5 and out.
3. The Peer, 105 (Glass), 3 to 1, 4 to and out.
Time 2.063-5. Nadzu and Belleview fin-

ished as named.
SIXTH RACE—For maidens, two-year olds, \$400 added, 5½ furlongs:
1. Blackfoot, 107 (Glass), 7 to 1, 5 to 2 and 7 to 5.
2. Garneau, 107 (Reig), 6 to 1, 2 to 1 and 3. Adam (Bede, 107 (Garner), 4 to 5, 2 to 5 and 1 to 5.
Time 1.08. Region, Mr. Golightly, Cubon,
Jare Thorpe, Flying Feet, Kaufman, Hand
Ruuning, Rory and Raymond finished as
named.

the O'Keefe Brewery.

his honor, "and altho in 99 cases out of 100 justice is done, yet in an odd case such as this one, the evidence is so Crown Attorney Corley agreed that the evidence should have been taken down in shorthand. The only evidence on which a conviction was registered was that given by those persons who handled the goods in delivery and by those who seized it while in transit.

Section 133, subsection 10 of the Act

Mr. Corley pointed out covered the case as it stated that where liqur had been shipped under a wrong label, prima facie evidence was sufficient. James Haverson, K.C., argued that there should have been evidence showing a contract of sale between the parties and authority for its delivery by Turner and co. and its receipt by Fitzgerald

The whole question rested on the matter of delivery of the goods. "This case is brimful of law," said Judge Morson, "the learned magistrate does not give a rap for law—he says so himself. He is after justice." Judgment was reserved.

INTERESTED IN ANNUITIES Local Employers Are Considering Introducing the System.

A dinner to the Employers' Association, to-morrow evening, at 6.15, will be addressed by S. T. Bastedo, superintendent of annuities, Ottawa. The circular announcement sent out Let it be

by J. G. Merrick, the secretary, says:
"A large number of our most prominent manufacturing establishments are at the present time contemplating arranging plans in conjunction with the government annuities system. The annuities plan is a complete answer to the old age pension system, which has proved such a burden to European countries.

"The committee are of the opinion

The Gas Company Cannot Afford To Sell Anything

but High-Class Gas Ranges. Lasting good-will between producer and consumer is only gained by good and lasting service. It has been said that we sell Gas Ranges that consume a large quantity of gas—because we sell gas.

This is a great mistake. How long a time would we keep a customer on our books if we sold appliances that raised gas bills? Not very long, you say! That's right. A little gas all the time is better for us than a large quantity in a short time. Hundreds of people are taking advantage of our liberal Gas Range proposition.

Not Enough Arrears to Justify It-Preservation of Natural Gas in the Tilbury Field.

CHATHAM, June 8 .- (Special.) -The council to-day when it was reported The county council decided to petition the Ontario Government to pass more stringent regulations regarding the preservation of the natural gas in the Tilbury field. It is claimed that many of the drillers for oil are allowing vast quantities of the gas to

escape into the air that they may drill deeper for oil, thus depleting the gas The extension of the C. W. and I. E. from Chatham to Paincourt will be proceeded with at once. The railway commission to-day granted an order clearing the question of a right of way, which has been held up for about a year by a man named Bechard of

mission to go over his property. SAT TILL MIDNIGHT

Bay of Quinte Conference Will Meet in Port Hope Next Year.

TRENTON, June 8 .- (Special)-The Wm A Skirrow, James B Sloan, Arthur Bay of Quinte conference came F Smith, Mabel P Smith, Sarah A close last night about midnight.

Webster, Agnes Welr, David A Welsh, two men, the chairman is empowered forace M Westman, L Grace E Whittenarsh, Winnie Whitney, Frances D to ten, with local preachers stand-Willis, Annie J Willoughby, Ralph H ing.

Single Court.

Single Court.

Before Meredith, C.J.

Powell v. Powell-M. C. Cameron, for plaintiff. E. G. Porter, K.C. for defendant. A special case settled between the parties to have the questions: (1) Is defendant entitled to benefit of \$600 payment made by the executors on a mortgage, as between himself and the plaintiff or any part thereof, or should he be compelled to repay the said amount or any part thereof to the plaintiff, or to the estate for the benefit of the plaintiff, the personal estate being sufficient to pay all debts and legacles not specifically charged on the real estate? and (2) If plaintiff is entitled to repayment of sume paid by the executors on account of said mortgage, is he entitled to be subrogated to the position of the mortgage? answered by the court. Held that the daughter must have notice as her interests are involved. No order made on this motion, but if questions are to be answered the proper way will be to move under C.R. 988, on notice to the daughter. No order for costs.

for costs.

Derinion Tobacco Co. v. Herman-H.

J. Macdonald for plaintiffs, Defendant in person. Motion by plaintiff, for an injunction to restrain defendant from manufaction defendant from facturing, selling or otherwise dealing in tobacco bearing the name "Nabor," or any word closely resembling plaintiff's trade mark, "Nabob," or encased in packages resembling those in use and adopted by plaintiffs, in such manner as to deceive purchasers. Eplarged until 9th inst., to consult as to proposed terms of settlement.

Ellis v. Ellis.—M. C. Cameron for plaintiff. Motion by plaintiff for judgment on report of local master of the high court at Belleville. At parties' request, motion enlarged until 16th inst., parties not being ready to proceed.

Re Schumacher and Chesley.—F. Aylesworth for petitioner. C. J. Holman, K.C., for respondent. Motion by petitioner to vary minutes of order in respect of recital of affidavits. Order varied by reciting the affidavit of Schumacher, except the two paragraphs numbered 6, and by consent of respondent striking out affidavit of Atkinson and William Macdonald.

McPhillips v. Independent Order of Foresters.—W. G. Thurston, K.C., for plaintiff. G. Watson, K.C., for defendants. An action for commission for advertisements obtained by plaintiff for defendant for a paper or periodical published by them, and for salary for writing and other work for defendants under alleged agreements in that behalf. Plaintiff claimed a balance due of \$2802.28 on these accounts.

tiff claimed a balance due of \$2803.28 on these accounts.

Judgment: The plaintiff set up a claim, in which he has falled, a claim which the plaintiff ought not to have set up, and in which he knew he could not succeed, if the claim was resisted, The plaintiff abandoned before action his claim upon a five-year contract, but he opened up and attempted to prove a large claim, that, in my opinion, was settled when he was promised the \$250 a month. For these reasons, I think the plaintiff should not get costs. Judgment for plaintiff for \$500, without costs. Twenty days' stay.

gratulatory remarks.

All the officers of last year were re-elected and Dr. McConnell has been appointed a consulting physician, with Dr. A. A. Macdonald. Huson W. M. Murray, K.C., and G. F. Harman, K.C., are the solicitors.

During the past year \$4 children have been admitted to the home, 48 boys and 36 girls. Of the 131 children removed from the home during this period, 121 were taken by parents, relatives or guardians, including 17 wards of the I. O. F.

Divisional Court.

Before Clute. J., Sutherland, J., Middleand for an account, etc. At trial judgment was given declaring plaintiff entitled to have agreement of 18th February performed by defendants as to timber, other than pine, still on land, subject to modification that time for removal shall be extended for such time as lease allows for removal of pine timber. Pure Tobacco All the Way

The BLACK CAT Cigarette is the aristocrat of cigarettes. It traces a pure tobacco ancestry back to the unblemished Virginia leaf used in England—where, whatever is made—be it Dread-noughts or cigarettes, is made to perfection.

Some cigarette makers in this and other countries find it necessary to add sweetening material to their goods, but the pure, fragrant leaf of the BLACK CAT product needs no embellishmen or adulterant. In addition to the scrupulous care for purity constantly exercised by the makers, users of BLACK CAT Cigarettes are doubly safeguarded by the English law which prohibits the introduction of foreign substances into cigarettes.

BLACK CAT Cigarettes are made under the scrutiny of a Government inspector; and therefore the delighted smoker of BLACK CAT Cigarettes knows that his cigarettes have been prono pure by the BRITISH GOVERNMENT.

THE TEST OF PURITY Light any Virginia Cigarette at any price; then light a "BLACK CAT." Smoke from each alternately, exhaling the smoke through the nose. You will immediately "feel" that there is a difference.

NOXIOUS DRUGS ON MARKET

President of Council of Pharmacy College on Sale of Uninspected Poisons

An attack on the present indiscrin inate methods of putting noxious drugs and poisons on the market as patent medicines was the feature of the president's address at the second session of the council of the Ontario College of Pharmacy yesterday. John Hargreaves is the president. He recommended that unless their preparation was under the supervision of someone legally qualified to dispense, no proprietary article containing the scheduled poisons of any provincial pharmacy should be manufactured for sale. As for cocaine and its salts, Mr. Hargreaves urged the council to arrange with the inspector to interview wholesalers, and to get permission to linspect their record of sales.

The establishment of a correspondence course in connection with the college, for the assistance of apprentices was also advocated by the speaker.

speaker.

The report of the examining board shows that out of a class of 89 in the recent exams. 76 passed completely, five passed in five subjects, and four failed altogether.

NEEDS OF THE WEST THE

ing Problem-Argument For Western College.

HALIFAX, June 8.—(Special.)—Dr. E. D. McLaren, Toronto, to-day finished, after a long and patient waiting, his report on "Home Missions." It recommended for the catechists in the western division of the church an increase of \$100 a year, and that the salary of an ordained missionary be raised to \$1000 and a manse. It was also proposed to borrow \$25,000 from the reserve fund of the church, to be used to assist the building of manses, where the congregations are not able to come up to the regulation requiring that they provide 50 per cent. of the cost.

Two telegrams arrived from the Orange Order, asking the assembly to declare itself regarding the oath to be presented to His Majesty King George at his coronation. The moderator appointed a committee, consisting of Rev. Dr. J. F. McLaren, Owen Sound; Dr. D. D. McLeod, Barrie, Dr. J. A. Turnbull, Toronto; Walter Paul, Montreal, and Professor Lyle, to deal with it.

Need More Students.

The rate for this excursion will be \$14.25 for round trip partially by boat. Tickets will be good leaving Toronto on Juny 2, and leaving New York on Juny 2, will be the leat opportunity to the chart is practically closed in leaving a round trip partially by boat. Tickets will be good leaving Toronto on July 2, will be the leat opportunity to the first of August. The boat trip including as it does a pleasant sail across the lake, and a run up the highest of worship practically closed in most popular features of the excursion.

NORTH TORONTO, June 8 .- (Special.)-The action of the members of the town council last night in dealing with the water question was not marked by the good judgment which might naturally be expected from that aug-ust body. The water question is the attendance. The reports presented

Why it was necessary to refer the whole matter to a special committee is not quite clear, unless it was done. The Willing Workers will meet in with the avowed purpose of sidetrack-ing Councillor Reid, a member of the water, fire and light committee. That the latter made a vigorous protest against the action of the majority did

not help the situation. Reid should not have been on the com- them were referred to the several certainty during the coming summer.

It did not need the mayor and one or two other members of the council, together with the engineer and solicitor, and united the mayor and one or two other members and solicitor. theory of the whole puestion.

The practical common sense plan, after the ratepayers had decided and Hoyles property was to get the engineer and his men together within against the purchase of the Stibbard hours, as suggested by Councillor Reid, go down to the waterworks plant and take ways and means for conserving the 18,000 gallons of water said to be running absolutely to waste every day. This would have had the impress of business at any rate, and if the scheme is a bigger one than appears tute, the first of which was held at on the surface, the citizens would at the home of Mrs. O. See the Future From the Beginning

is recognized far and wide as the coming metropolis of Central British Columbia. The newspaper press of Canada and of the Continent are keenly cog

Great Future is Predicted for the Cariboo Country

gricultural Possibilities Unbounded Together With Untold Mineral Wealth.

Special to The Montreal Star, May 3. Victoria, B.C., May 3.—Not since 1897 and the mad, heroic days of the Klondike rush has such a portentous border drama been in enactment on the vast stage of Western Canada as that which to-day is focusing widespread attention once again upon the golden heart of British Columbia, or magical Cariboo.

To the world at large the history of British-Columbia dates from the Cariboo rush. Fellowing so closely upon the heels of the California gold discoveries, these had brought civilization somewhat into touch with the life and hopes and romance of the newer and more northerly El Dorado; and even to-day mention of the Cariboo conjurés up mining camp scenes in which the fearless frontiersmen are the virile actors.

To-day sees Cariboo awakened and preparing for the second reaping of its treasure, in contrast with which the transitory, ephemeral years that gave the land its adjectival "golden" will seem but a fantastic period of children's play.

Fort George, geographically and strategically the hub of British Columbia, is the focal point of the present colonization and industrial inrush. It was founded in 1806, when John Stuart and Simon Fraser, those hardy explorers, erected there a trading post, naming it after the rergning sovereign. In those primitive days, the gold of the country was extracted through the medium of its furs; placer mining placed its stamp upon the second Cariboo era; quartz mining and agricultural and horticultural industry are to mark the epoch now dawning.

Room for a Million People.

"There is room for a million people in this country with Fort George as its centre, with a chance for them all to prosper and help build up a self-contained Canadian nation." wrote that journalistic pioneer, John Houston, to a friend, after his first investigation of the land. "It looks to me as though one of the great cities of America is to grow right here, and so here I stay to help in the gardening."

Government surveys have established the fact that the country surrounding Fort George contains hundreds upon hundreds of thousands of acres well adapted to the purposes of mixed farming, of fruit raising in a limited degree, of cattle and horse raising and sheep of cattle and horse raising and sheep grazing, with insatiable markets for the products of those related industries, either east or west, and an assurance of early and economical transportation facilities to bring these markets in

Climatic conditions and the nature of the soil, according to Mr. J. M. Bledsoe, M.E., who has just returned from the district, are good, the weather in winter, though cold, being dry, and the soil fertile. Mineral lodes bearing gold and copper are frequent, giving testimony to the richness of the country in minerals. Mr. Bledsoe found that early settlers have been successful with both fruits and vegetables to a marked degree. Lack of transportation has, in the past, retarded the development of the country, but with the near advent of the Grand Trunk Pacific Railway, and the building up of the Railway, and the building up of the water transportation routes this will be obviated. The navigable waterways of the Cariboo are greater than those of Washington, Oregon and California combined. Five steamers are already plying the waters of the district.

Big game is reported plentiful throughout the country, both the lordly moose and the grizzly being found in numbers. Grouse and various wild fowl are also abundant. The waters teem with fish of all kinds.

Coal of good quality has been found on Bear River, forty miles from Fort George.

The incoming settlers are in many instances former Canadians returning from the United States.

Extensive advertising of the district has been carried on for some time past there and is drawing the attention of the Americans to the possibilities of the region.

YOU WILL REALIZE from the evidence of innumerable withesses like these, the fact that a great city is in the making at Fort George. What does this fact mean to you?

Does the development of Fort George mean that you will make large profits, or that some one else will make them in your stead? It is the first investor who makes most. Better write us to-day for full information.

Note-No lots in Fort George Townsite can be purchased except from us or our accredited agents.

Natural Resources Security Co., Ltd.,

527 Winch Building, Vancouver, B.C.

Realty and Building

The Home Building Co. of Calgary, Alta, have purchased, thrus Robins, Limited, 1600 feet of land in the Ashbridge estate, at the northeast corner of Gerrard-street and Greenwood-avenue. The property will be split up and workingmen's homes erected, the work starting almost immediately. The price paid was about \$30,000, which works out to over \$18 a foot. Robins, Limited, also report sales in the same district amounting to several hundred feet of land to individual purchasers.

On Saturday of this week Robins, Limited, will put on the market for Sellers & Gough, 20 acres of land at the northwest corner of Dufferin and St. Clair. At the opening sale, as an inducement to the public and prospective buyers, the terms will be lowered to one dollar down and the same amount weekly on each 25 feet until paid in full. This property forms part of the former Bull estate.

The demand for suburban real estate and of the Continent are keenly cognizant of its commanding commercial
position, its wealth of resources and
its present growth. The following extract appeared in The Montreal Daily
Star of May 3rd.:

The demand for suburban real estate
continues unabated and local dealers
report that a goodly number of lots
are being turned over every day. The
Dovercourt Land, Building and Savings
Co. yesterday disposed of no less than
15 lots in their Parsons estate, and four
lots in Lawrence Park. This is a good
day's record.

> With the announcement that the old With the announcement that the old belt line will soon be opened, property in the districts which will be directly served by the line has been given somewhat of a boost. In the Lakeview Annex, which is in the hands of Robins, Limited, some 1000 feet of land has changed hands during the last few days at prices around \$7 and \$8 a foot. A stimulus has been noted in relation to numerous other properties in that to numerous other properties in that vicinity, and there is a better demand for lots in the neighborhood of the belt road than for some time past.
>
> City Must Pay For Purer Milk—Controllers Can't Agree

Jackson & Brooks, builders, recently purchased several hundred feet of land in Foster Park, at the corner of Davenport and Dufferin, and will shortly begin the erection of workingmen's

Gourlay, Winter & Leeming are tion of dairies outside the city as erecting a one-storey brick power house allowed by the recent "pure milk" adjoining their new factory on Loganavenue, near Queen-street. It will cost divide up the territory into eight or \$3500. F. Wright is the architect.

Local dealers report that there is a scarcity of high-priced dwellings on the market. One real estate man yesterday told The World that he had four enquiries for houses over \$15,000 each, and he was inable to obtain anything satisfactory at anywhere near these prices. Medium and lower priced houses are in good demand, but there is a good supply on the market, some inary to each. This would mean a yearly outlay by the city of about \$9000.

The milk question was introduced by Controller Foster, who wanted to know if any inspection could be carried out at present. Dr. Sheard said it was advisable to wait until September, as the bovines are now out in pasture.

Will Bleach Sewage. is a good supply on the market, some dealers stating that they are finding it rather difficult to dispose of their offerings at anything like the figures of calcium has reduced the coll com-

THREE DAYS' SALE \$180,000 Worth of Lots in Mariday

Since the first of June, when the sale of lots in Mariday Park-Port Arthur's new home site-was opened, the sale of lots has been remarkable.

Mr. Hewitson of Stewart & Hewitson, the contracting firm doing the improvement work in the park, passed thru the city yesterday on his way back to the west. When seen by The World he said that during the first three days of the sale no less than \$180,000 worth of Mariday lots was sold, including nearly all of the high-priced ones, to people living in Port Arthur and Fort William. Mr. Hewitson says the lots are being sold away below their value, and that Mariday is the best real estate propo-sition in the west to-day. Arrangements are already being made for the erection of some fine new homes in the park, and it is likely that by next fall Port Arthur's new residential districts will be in a much more improved condition than it is to-day. on the park improvements is progressing rapidly, and Mariday is already showing to advantage the result of the money that is being spent on it.

Coronation of George V. LONDON, June 8.—It is reported that the coronation of King George will probably be set for June 21 or 28, 1911.

To Be DYSPEPTIC Is To Be MISERABLE.

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food suffi-ciently, indulging in hot biscuits, pastry, ckles, confectionery, etc.
Burdock Blood Bitters has an establish-

ed reputation, extending over thirty-four years, as a positive cure for dyspepsia in all its forms, and from all diseases arising

Mrs. Herman
Dickenson, Benton,
N.B., writes: "I have
used Burdock Blood
Bitters and find that few medicines can ++++++ give such relief in

it hurting me. I will highly recommend fice northwest corner King it to all who are troubled with stomach streets. Phone Main 4209.

TO INSPECT DAIRIES

on M. H. O.

Medical Health Officer Sheard informed the local board of health yesterday that, to carry out the inspecnine districts and appoint a veter-inary to each. This would mean a

muni in the water, that he is hopeit in the treatment of sewage. He thinks that it can be used instead of contact beds in connection with the sewage disposal works on Morley-avenue, and that the effluent when discharged into the lake will be in the lake will b charged into the lake will be in no condition to carry the germs of disease back to the intake pipe more than four miles away. To get the proper results, the bleaching powder used will have to be twelve or fifteen times stronger than that employed in treating the water, but Dr. Sheard thinks

plan will prove economical. Seek Excuse, Says Sheard. Chairman Ald. McMurrich asked Dr Sheard whether he still advised the extension of the intake pipe 2000 feet. The doctor replied with some warmth that council had already settled the question; and that the extension of 500 feet would furnish some people with the excuse they had been looking for. With the trunk sewer and filtration plant in operation, good water was assured, but certain wiseacre engineers and a newspaper writer, when this came to pass, would say it was the extension which did the work, and so "excuse their puerile and ridiculous

"They say, if they can't get 2000 feet, 'let us have 500 feet, and if not 500 feet, 50 feet, but for God's sake give us an excuse," declared the medical health officer.

A Sewer Tangle. six round trips every day across the to cost over \$100,000, and recently the lake. The Governor-General's Body court of revision decided that certain Guard Band will go to camp Saturday property owners should not be assessed because the streets on which they are already have sufficient facilities. This step meant adding about \$10,000 to the expense to be borne by the others, and R. W. Prittle appeared before the court yesterday to protest. Adjournment was made until Monday next at 2.30 p.m. to look into the merits of the claim of other property owners that they too don't need the

Can't Agree on M. H. O. Admitting inability to break the deadlock on the appointment of a city medical health officer, the board of control yesterday agreed that noth ing could be done until the return of Mayor Geary, who is expected back on June 17. The appointment of Dr. John A. Amyot, provincial bacteriologist, was supported by Controllers Ward and Spence, while Controllers Foster and Church negatived the pro posal, altho Controller Foster was the only one to support Dr. Goodchild for the office, and Controller Church alone stood for Dr. A. R. Pyne.

No suggestion was made that Dr. Sheard be asked to remain, despite the latter's intimation that he would

be willing to consider any new proposition along this line. In discussing this phase yesterday afternoon, Controller Foster said he did not think the board would take the initiative. Dr. Sheard having stated positively two months ago that he would resign, the board would be showing weakness in requesting him to stay, in the controller's opinion.

Week-end Trips for Everybody. The Grand Trunk Railway System sell return tickets at single fare, with mach troubles. I was troubled for a number of years with dyspepsia and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became lowing date of issue. Secure tickets cured and I can now eat anything without and full information at city ticket of northwest corner King and Yongefice, northwest corner King and Yonge.

Galt Old Boys, GALT, June 8.—(Special.)—At Van-couver 250 old Galt boys and girls have formed a club and will hold a celebration July 1.

Dogs Noisy at Night. Archibald Priest paid \$20 in police court for allowing the aisles of his moving picture theatre on Broadview-avenue to be crowded.

Charged with maintaining a nuisance by keeping a number of dogs, John P. Bond, a veterinary surgeon. was summoned to the afternoon police court. He explained that he had many dogs which he was treating and once in a while one of them was noisy.
The case was adjourned till Tuesday.
The trouble complained of was that
the dogs were noisy at night.

Deserted Their Colors. Somebody in the York Rangers will likely feel the effects of stern military discipline. In their hurry to catch the boat to reach Niagara camp the Ran-gers left their color in the armories. Shortly after they had gone, Sergt.-Major Charles Harding, caretaker of the armories, discovered this serious oversight, and he sent the colors down to the wharf in an express wagon.

Shannon Convicted.

Gibson A. Shannon, ex-policeman, was found guilty in the sessions yesterday of receiving four diamond rings, knowing them to have been stolen.

The rings were worth \$1500.

Shannon swore that we was assured

Shannon swore that we was assured the rings had not been stolen and that he was only disposing of them to oblige About 38 persons, convicted on various charges, will appear for sentence before Judge Winchester to-day.

Primaries.

Government Crop Report.

WASHINGTON, D.C., June 8.—The government crop report to-day shows the area sown to spring wheat is about 19,-742,000 acres, or 1,349,000 acres (7.3) more than sown last year. The condition on June 1 was 92.8, as compared with 95.2 on June 1, 1909, and 93.0, the June 1 ten-year

average.

The condition of winter wheat was 80.0, as compared with 82.1 on May 1, 1910; 80.7 on June 1, 1909, and 81.9, the June tenon June 1, 1909, and al.3, the June ten-year average.

The condition of rye was 90.6, against 91.3 on May 1, 1910; 89.6 on June 1, 1908, and 89.9, the June 1 ten-year average.

The area sown to oats is about 34,330,000 acres, or 1,176,000 acres (2.5) more than the area sown last year. The condition June 1 was 91.0, compared with 83.7 last year, and 88.4, the June 1 ten-year average.

pound, lambs at \$5 to \$7 each, and calves at \$4 to \$7 each.

The condition of the market for hogs was unchanged from Monday, prices being firm. Supplies were larger, and sales of selected lots were made at \$10 to \$10.25 per 100 lbs. weighed off cars.

At the Montreal Stock Yards west end market there were 500 cattle, 100 sheep and lambs, 600 hogs and 150 calves. A fair trade was done in all lines, and the prices realized were much the same as those quoted above, with the exception of hogs, for which \$10 was the ruling figure for selected lots, weighed off cars.

Chicago Cattle Market. CHICAGO, June 8.—Cattle—Receipts, 19,-00; market steady to strong; steers, \$8.75 o \$8.75; cows, \$4.50 to \$5.75; bulls, \$4.50 to \$6.25; calves, \$3 to \$8.90; stockers and feeders, \$4.75 to \$6.50. Hogs—Receipts, 16,000; market firm; choice, heavy, \$3.55 to \$9.60; butchers, \$9.60 to \$9.65; light, mixed, \$9.45 to \$9.55; choice, light, \$9.55 to \$9.55; packing, \$9.45 to \$9.55; pigs, \$9 to \$9.40; bulk of sales, \$9.50 to \$9.60. Sheep and Lambs—Receipts, 18,000; market firm; sheep, \$5.15 to \$6; yearlings, \$6.75 to \$7.25; lambs, \$7.40 to \$8.85; spring lambs, \$9 to \$9.75.

East Buffalo Live Stock.

EAST BUFFALO, June 8.—Cattle—Steady: prime steers, \$8.25 to \$8.60.

Veals—Receipts, 100 head; active and 10c to 20c higher; heavy and mixed, \$9.80 to \$9.85; yorkers, \$9.85 to \$10; pigs, \$9.90 to \$10; roughs, \$3.65 to \$8.85; stags, \$7.50 to \$8; dairies, \$9.60 to \$9.90.

Sheep and Lambs—Receipts, 1400 head; active; lambs, \$6 to \$10; yearlings, \$8 to \$3.50; wethers, \$6 to \$6.15; ewes, \$5 to \$5.50; sheep, mixed, \$3.40 \$5.75.

British Cattle Markets. LONDON, June 8.—London and Liver-pool cables quote live cattle (American) steady, at 14c to 15c, dressed weight; re-frigerator beef steady, at 12c to 12½c per pound.

Toronto Live Stock. Receipts of live stock at the City Yards in Wednesday, the railways reported to be forty carloads. The market was firm at Tuesday's ices for cattle. In all other classes of live stock prices were steady.

M. McNabb of Chepstowe, Ont., was on

the market with one of the best loads of cattle on sale. These cattle were of Mr. McNabb's own feeding, and were sold to T. Crawford & Co. at \$7.10, and weighed 1062 lbs. each. 1062 lbs. each.
Crawford & Co. sold three loads, 900 to 1200 lbs. each, at \$6.40 to \$7.10.

MAY WAS A COLD MONTH

That's the Official Verdict of the Weather Bureau.

The weather map for May, issued by the Dominion meteorological ser-

Chicago Gossip.

J. P. Bickell & Co. say at the close:
Wheat—A nervous session of an exeming-up character, due to the expectation of the publication of the government figures on crop condition, issued after the session closed, values closing ¼c to ½c higher. Government figures, in our opinion, are not bearish, as indicated yield is below last year's production, and spring wheat harvest over two months distant. Cash demand is good, and short interest in futures large. On declines buy wheat. Erickson Perkins & Co. say at the close: Wheat—The action of the market was erratic and nervous. Trade moderate, largely professional, and doubtless more or less evening-up, pending the government figures, to be issued after the close of the market. Selling pressure, except by professionals and for short account, is lacking.

Corn—The weather conditions were more favorable, higher temperatures being genvalent. It is doubtful whether at the close of the month vegetation was in we are not advising the long side.

Oats—Market started easier, with other grains, firming later in sympathy. Weather conditions excellent for the crop.

Provisions—Had a stiff advance and closed firm wheat growing well, spring grain beginning to grow well; swallows returned on 6th: humming birds seen on 18th. Port Dover.-Fall wheat and hay a promising yield; fruit trees laden with blossoms. Light frosts did not injure vegetables. Stony Creek. Curl leaf on peach trees, worse in som localities. Cold weather hard on fruit; peach buds setting; plums not setting very well. Georgetown.-Crops do Liverpool Grain and Produce.

Liverpool, June 8.—Close—Wheat—Spot dull; No. 2 red western winter, no stock. Futures steady; July 6s 5½d, Oct. 6s 7d, Dec. nominal.

Corn—Spot easy; old American mixed, 5s 4d; new kiln-dried, 4s 11½d; do., via Galveston, 5s 3d. Futures quiet; July 4s 9d. Sept. 4s 6%d.

Chambers Down Two Points Other Issues Dull and Steady

Mining Markets Display General Depressed Tendency-Movement in Cobalt Central Does Not Hold.

World Office,

Wednesday Evening, June 8. The only outside news item of any importance to the local mining markets to-day was the annual meeting of the shareholders of the Chambers-Ferland Mining Co. The shares drop-ped a full two points during the ses-sion for no apparent reason other than that there was no support to take care of the stock liquidated on the way down. There was nothing at the meet-

the purchase of the security for rea-sons best known to themselves, and to-day's action was only attributable to this campaign. The movement subdropping back to 9 1-2 and closing

The general list held comparatively unchanged around yesterday's low figures. McKinley-Darragh was slightly firmer, but the advance was only a fractional one. Green-Meehan sold

The market closed dull and with sentiment mixed. Mining brokers in general look for nothing better than a continuation of the steady attitude of the past week or so until some incentive to buying is given.

ANNUAL MEETING

Chambers-Ferland Directors Present Satisfactory Financial Statement.

The annual meeting of the Chambers-Ferland Mining Co. was held yesterday and occupied but a short space of time, considering the report of the

company's directors.

The report showed a balance at the end of the company's fiscal year, the 15th of May last, in accounts receivable, cash in hand and due from smel-ters, and in ore shipped, or ready to ship, of \$117.217.48, subject to the payment of a royalty estimated at about \$14,000. According to the engineer's report the company shipped during the year 248,000 ounces of silver, and at the end of the year it was estimated that there was 240,000 ounces of silver in sight. There is now being paid to the Chambers-Ferland Co. \$1200 per month for surface rights on the com-

pany's property.
According to the statement of assets it would appear that the shares of the company have approximately a book value of about 25 cents per share. This is about in accordance with what the shares are selling at in the market just now, but it does not take any cognizance of the fact that at any mo a strike may be made on the property of the company, which might run into

The company will send out quarterly in future to shareholders a statement

INTO STRONG HANDS Reported That Boyd-Gordon Property Will Be Developed Thoroly.

It is reported on good authority that the control of the Boyd-Gordon mine at Gowganda has passed into strong and efficient hands, and that as a result a vigorous policy of development will immediately be instituted. Adjoining the Mann, and in the immediate neighborhood of the Reeves-Dobie, the Boyd-Gordon, with the two properties mentioned, was one of the first discoveries made in the Gowganda district. The property is completely equipped for the most economic treatment of its development, and has already shown up a remarkable number of silver bearing veins.

During the last winter somewhat over thirty tons of high-grade ore were sacked as a result of work in sinking the shaft and cross-cutting at the 75foot level. A party of American and Canadian investors who inspected the property in February last found at that! time some 19 veins in the cross-cut. In addition to these veins now under development the two most spectacular svein known as the Henderson and No. 9 vein, remain to be exploited. It is on the vein known as the Henderson that the Mann mines adjoining have sunk their shaft, and from this vein they have extracted the wonderful high-grade ore now stored on their property.

ped a full two points during the session for no apparent reason other than that there was no support to take care of the stock liquidated on the way down. There was nothing at the meeting of the shareholders which could be held responsible for the movement, and the decline was summed up as the direct result of the depressed attitude of the whole market at the present time.

The only other issue which showed any change of consequence was Cobait Central, which reverted to a buoyant attitude and sold up to 11, a gain of nearly two points. The movement was sized up as a purely manipulative one, engineered from New York. A firm of brokers in the latter centre have distributed a circular broadcast advising the purchase of the security for reasons beet known as the size of the security for reasons beet known as the stream of the security for reasons beet known as the size of the security for reasons beet known as the size of the security for reasons beet known as the size of the security for reasons the size of the security for reasons beet known as the size of the security for reasons beet known as the size of the security for reasons the size of

Extending Algoma Central. SAULT STE. Marie, Ont., June 8.—(Special.)—Boyle Bros, of this place have secured the contract for building the extension of the Algoma Central Railway from the end of steel on to Michipicoten. The work has already commenced, grading has been done for a considerable part of the distance, and within a few months this branch will be completed. Then the company will turn its attention to extending the Michipicoten branch to connection

PURCHASED MORE MINES

Coal Rights Bought for Mackenzie & Mann at Morinville.

EDMONTON, June 8 .- The Cardiff Commercial Mines at Morinville, embracing 500 acres of a surface and coal rights, have been sold to J. Anderson of O'Grady & Anderson of Winnipeg acting, it is understood, for Rod Mackenzie, a son of William Mackenzie of the Canadian Northern, for \$300,000. The mine has a capacity at the present time of one thousand tons a day Its plant is valued at \$125,000. The purpose of the purchasers is to capitalize the new concern at \$750,000 and to float the bonds in the old country.

Five Killed in Mine Accident. DOVER, N. J., June 8.—Five min is approved by the department, were killed in the Richard mine, near A customs officer claims to have in here, last night, according to news re- formation that there is no small ceived here this afternoon, by the over- amount of smuggling, and that undeturning of a car in which the men sirables who have been turned back were being drawn to the mouth of the by the immigration officers at

They are now putting in a boiler and hoist. I visited the Mackenzie mine on Saturday and found them opening up one of their new veins by an open cut along a big bluff. This vein is about nine inches in width, of which six inches are aplite and three inches calcite. Four shots were put in whilst I was there, and some of the vein was fully nine inches in width showing a strong mineralization of nickel, chal-copyrite and cobalt. The vein matter is similar to that in the main shaft which carries 1,500 oz of silver to the ton, and from which it is distant about

visible silver near the surface, and the open cut will be continued until silver comes in in visible quantity. Then a drift will be run from the main

This vein has been traced for over veins or offshoots. It is a contact vein in the gabbro in contact with diabase, and the rock in the vicinity is much shattered and fissured. Crossing it is a small stream and in-dications are favorable to more veins being got in the cross cuts than on the surface, as trenches and pits soon fill in with water.

Another vein was uncovered a few days ago close to the bunk house about 1½ inches in width. Two new veins were also got in the south-

about 1½ inches are new veins were also got in the southwest of the property running from an inch to 1½ inches.

A derrick has been put up, also an engine house and blacksmith shop. The machinery is at Elk City and will soon be brought to the mine. Conson be brought to the mine. Rossiter, the manager, is very nopeful for the future, which from present indications is bright. Should silver be encountered at 20 ft, which is expected,

August. J. C. Williams, M.E., of the Lawson Silver mines received word on Saturday that a vein shot with native silver had been discovered on the Elk Lake property. This is the first native silproperty. This is the first hauve surver discovered. Work was begun last September. Two shafts 100ft are being sunk and the property will be cross cut. The mine is owned by Ridgeway, Penn., interests.

J. B. Spurr.

Comfortable Route to Porcupine, The Cobalt Daily Nugget says (June 6): "The route from Bisco to Porcupine was opened last Wednesday down the Mattagami River to Timmins Landing. The Bisco route is more comfortable and more convenient and there will probably be a considerable amount of travel that way."

STOLE ANOTHER MARCH

Now Company Have Locomotive on Track to Prevent It Being Torn Up.

GODERICH, June 8 .- The Ontario Phone, write or wire for quotations Phone 7434-7425. West Shore Railway, building from Goderich to Kincardine, stole another midnight move on the Township of Colborne, and laid the track again last night at the Dunlop crossing, which the farmers tore up last Saturday night. Reeve Kernahan appeared on the scene with a number of farmers to stop proceedings, but the railway people were well fortified, and it would have required a regiment of armed soldiers

The railway people have a locomotive here, which they purpose placing on the laid track to prevent the farmers tearing up the track again. Much Smuggling at Windsor. WINDSOR, June 8.—Special officer

partment at Ottawa to patrol the river from near Windsor, if a recomi tion by Dr. Smith, collector of customs mine. The five miners fell a distance of 75 feet down the shaft. Windsor dock in many cases find their way into Canada by crossing the river in row boats or launches.

Money Markets.

well driven in.

World Office. Wednesday Evening, June S. There was an apparent betterment

There was an apparent betterment in the price of securities at the Toronto Stock Exchange to-day.

Business during the morning session showed some activity, but late in the day there was considerable falling off and the speculative securities showed very little activity except in the case of Rio.

The only influence in the market was an advance in Wall-street stocks. This inculcated a little buying power on the part of supporting interests and some

part of supporting interests and some those of yesterday.

The strongest issue was Porto Rico, which sold up nearly to points on a continuance of the rumor that a 3 per cent. dividend would be declared on this stock shortly.

A plentiful supply of securities is available on every advance, and this is acting against any special rally in the market.

Houston's Annual Financial Review for 1910 is just off the press.

The Review in accordance with the growth of financial Canada is again of larger dimensions than formerly. The standard of the work has always been of a high character and is thoroly maintained in this year's issue.

The Canadian Financial Review for 1910 is just off the press.

The Review in accordance with the growth of financial Canada is again of larger dimensions than formerly. The standard of the work has always been of a high character and is thoroly maintained in this year's issue.

is acting against any special rally in the market.

The Canadian Financial Review is now regarded as the standard financial Canadian record, and is receiving more prices are therefore maintained without difficulty.

A rise of nearly four points in T. S. A rise of nearly four points in U. S. Steel quotations was chronicled today, without a transaction in this market. The rise is, of course, attributed to an advance in the dividend rate.

ket. The rise is, of course, attributed to an advance in the dividend rate.

Wall Street Pointers.

Eastern railway presidents withdrew rate advances after conference with President Taft.

New York State will sell further \$11,000,000 canal bonds on July 14.

President Ripley of Atchison \$255

President Ripley of Atchison says that the policy of the road will be retrenchment, and takes an unfavorable view of the general outlook.

London settlement begins to-day, and quotations are now for new account.

The government crop report for grain was fairly good, the increase of 7.3 per cent. in spring wheat acreage making up for the slight loss compared with a year ago. Winter wheat depreciated a little more than Wallstreet expected, yet the curb market for wheat reacted half cent or more.

Anthracite tonnage for 1910 shows total 5,679,661 ton-, against 5,063,873 in 1909.

At the moment the wheat position is good. U. S. Steel, which will sell exdividend of 1 1-4 per cent. to-morrow. acted as if the shorts had been pretty

Joseph says: There is a chance that the Bank of England rate will be reduced to-morrow. Good buying of both St. Paul and Cons. Gas will soon be in evidence again. B. R. T., Steel ex-didend to-morrow. C. and O. on Friday; well driven in.

J. P. Bickell & Co. say at the close:

After a weak opening the stock market was heavy for nearly an hour, and then gradually developed strength and went to even better prices than yesterday. We believe that the open bearishness of some of the important interests is due to their desire to cover short commitments or recover long

morrow to 3 per cent. in the Bank of England discount. The contango on Americans has been reduced to 5 per cent., as compared with 5 1-2 per cent. in the previous settlement. Canadian Pacific exhibits weakness and Americans are checkered, but mainly sullar to the market we see no reason for a material advance and would suggest a very conservative trading position until the railroad bill is signed by the president. cans are checkered, but mainly rule president.

We advocate the purchase of Steel every time it reaches around 77. We see no reason to change our opinion of St. Paul, and advise its sale on every gard: rally. Reading, Union Pacific, Southern Pacific and Atchison should be volume of trading among them. The bought on every decline. Buy Virginia Chemical, B. R. T., Cons. Gas and Interborough.—Town Topics.

The market is highly professional and subject during recommendations were active exercise trying to scalp without losing their own hair. Closing quotations were heavy at a recession and slightly lowers as a rule than last night's prices.

and subject, during recuperation, to frequent changes up and down, especially when the bear party is as strong as it is now. It would not surprise us to see the market back and fill temporarily between recent low levels and the top of the present recovery, meet-ing offerings on advances, and finding-

Toronto, 19th May, 1910

DISPOSITION TO KEEP PRICES FIRM.

World Office

Wednesday Evening, June 8.

Conforming to a greater strength in New York stocks, a little more firmness was exhibited in Canadian securities to-day. The Toronto market lacked snap thruout the day, and advances were the result of inside operations more than any demand from public buying. Another rise in Porto Rico Railway is accepted as the advance information of a dividend declaration. The future of local prices depends pretty much on outside holders. If liquidation is not drawn by rallies, there is a disposition to keep prices firm. Traders will find the situation

too narrow to scalp pro		ices	шт	HERBERT H. BALL.

AS CANADIAN OFFICER VIEWED KING'S FUNERAL

Major Bryce Saunders of Alberta Rifles, One of Quartet That Represented Canadian Militia.

Alberta Mounted Rifles, one of the fcur officers who represented the Canadian militia at King Edward's funeral, is at the King Edward. Major

funeral, is at the King Edward. Major Saunders is just returning to Edmonton from a trip around the world. He was in London at the time of King Edward's death.

With Major Saunders, upon whom fell the honor of representing all of His Majesty's forces in the northwest, were Col. George Buriand, R.O., Montreal; Major Stewart, 1st Victoria Rifles, Montreal; Capt. Anderson, Royal Canadian Engineers.

"Four Canadian officers were all that were allowed in the colonial contingent," said Major Saunders, "and we were under orders from the colonial office. I received a telegram from the chief cierk of the colonial office stating that I had been one of four selected to represent the Canadian selected to represent the Canadian militia at the funeral, and that it would be necessary to report at the colonial office at 7.30 o'clock on the morning of May 20.

"It was unfortunate, for under the circumstances many Canadian officers who were in England at the time might have had an opportunity of appearing in the funeral procession.

Major Carpenter of the Royal Canadian Regiment, reported in uniform, but he was not allowed to appear.

For the First Time. "I might say that this was the first time in a royal funeral in England that the colonial forces were recog-nized and I take it that the precedent

time in a royal luneral in England that the colonial forces were recognized, and I take it that the precedent has been established, that this event settles the question that the Canadian militia are regarded as an integral part of the imperial forces."

England may be more or less democratic, Major Saunders went on to say, but there was no question as to the measure of respect shown to the late King. Within twenty minutes after the announcement of the death of King Edward after midnight, he was difficult to find a man who was not difficult to find a man who was not changed within a few hours. In a short time the windows, which had been dressed with bright and attractive displays for the spring season, were changed into mourning, and an atmosphere of deep sorrow prevailed. 2,900 Col. Thesiger, from the West Cargo of Africa, was senior officer in charge of the colonial contingent, and he disbanded the contingent at Paddington station just opposite the marble arch.

An impressive Spectacle,

"Thus we were enabled," said Major Saunders, "to see the balance of the procession. And it was one of the most wonderful and impressive spectacles that could greet the eye of man. Men who were not sentimental were moved to tears by the perfect music from the massed bands. With the colonials were representatives of the military forces of Australia, New Zealand, West Coast of Africa and Ceylon. The Indian army was directly represented in another part of the procession, which extended for a length of over three miles.

of over three miles.

"Lord Roberts," said Major Saunders, "appeared as if he had just sprung from a hand box. His attire was perfect. Lord Kitchener did not look national manufacture of the had just sprung from a hand box. His attire was perfect. tural in a field marshal's uniform. Evelyn Wood was the third field mar-

Evelyn Wood was the third field mar-shal in the procession."
Referring to scenes outside West-minster Hall, he said that the queue often extended for four or five miles. The morning he fell in line, some-time around 8 o'clock to obtain a view of the lying-in-state, he was a mile and a half from the entrance, and it was an hour and a quarter before and a half from the entrance, and it was an hour and a quarter before he passed thru. Surrounding the royal bier were four yeoman of the guard, and at the head and foot of the coffin stood two Indian officers.

the coffin stood two Indian officers.

Striking Figures.

"One of the most striking features of the procession was the appearance of two officers of the list Dragoon Guards (Germany), clad in pure white uniforms, with silver helmets. They looked almost like spectres.

They looked almost like land and Pictou This Summer.

confined to women, altho many of the soldiers lining the streets were over-

Do You Realize What an Important Work the Kidneys Do?

Do you know that every drop of your blood goes to the kidneys hundreds of times every day? Do you know thy?

To be filtered and purified from its impurities. That is the great work the kidneys have to do. They filter the blood. Then these impurities go to the bladder and are passed out of the body along with the uring.

Cotton Gossip.

Erickson Perkins & Co. say at the close:
Liverpool cables were not quite as good as expected this morning, but spot cotton continued in good demand, with sales of 12.000 bales' reported. Our market opened dull, but steady, and old crop months again moved-sharply upward in the absence of selling pressure. August reaching 14.78, a new high for the movement, on heavy covering by a large Wallstreet short interest.

New crop conditions could hardly be improved upon and the present level of prices is generally regarded as unwarranted, but the manipulation in the near positions operates against extensive speculation.

come by the hot, stuffy atmosphere. There were no fatalities reported. Leading the colonial contingent was a detachment from the King's Colonial Regiment, which is made up of peofrom the colonies resident in Lond in addition to which there were ab officers from the overseas domini

in the procession.

Queen Mother's Graciousness

Leen dismissed," "After we had been dismissed," said Major Saunders, "we had an oppor-tunity to view the remainder of the Major Saunders, "we had an oppor-tunity to view the remainder of the procession, and as the royal carriage, bearing Queen Dowager Alexandra, passed the place where we were stand-ing, the pathetic figure presented a striking contrast to the brilliant dis-play of color all around. Whether by design or accident, I cannot say, but her majesty leaned forward as if in ner majesty leaned forward as if in acknowledgment of the presence of the colonial representatives, and no one who saw but felt conscious of the gra-ciousness and manifest courtesy of the occasion."

The Glasgow Herald of the present date has the following in regard to the new steamship for the Quebec Steam-

ship Company:
"Scotts' Shipbuilding and Engineering Company, Greenock, have completed the fitting up of the passenger and tourist steamer Cascapedia, which is intended for the Gulf ports and St. Lawrence passenger and tourist ser-vice of the Quebec Steamship Company, Canada. The Cascapedia is spe-cially fitted up for the particular line in which she is to engage, and her conin which she is to engage, and her construction throughout is superior to the usual type of steamer in these trades. Her cabins and saloons are furnished and equipped in an elaborate manner, and nothing is wanting to ensure the comfort of the traveling public. Her smoke-room, social halls and ladies lounge are also equipped in the best drawing-room fashion. The main dining saloon, which has special skylights overhead and is thoroughly ventilated, is fitted in the best style, and access is fitted in the best style, and access
to it, as well as to the social halls, smoke-rooms, etc., is obtained from the promenade deck, which extends almost the entire length of the ship. The vessel will have a speed of from 12 to 13 knots. She is specially fitted with rolling chocks to make her steady at
