### WORKERS' WELFARE MUST COME FIRST

#### S. R. Parsons Explains His Attitude Toward 8-Hour Day at Empire Club.

S. R. Parsons, editor-in-chief of the London Daily News, failed to appear at the Empire Club luncheon yesterday on account of his refusal to be vaccinated and consequent inability to get away from the city should he visit it. S. R. Parsons was the subject of a Washington labor conference at the Washington labor conference. He believed that his attitude on the eight-hour day had been misunderstood in his own plant no worker exceeded 48 1-2 hours a week, and he considered that the welfare of the worker should come first. He quoted Charles Dickens to the effect that he should be fellow-pilgrims as an expression of his own views of the relations that should exist between employer and employed. It was the universal eight-hour day he thought, that was objected to and he himself felt that certain occupations should have shorter hours than others, but a universal eight-hour day at present would accentuate the economic difficulties of the situation. The Ottawa conference recommended a royal commission which would go into the whole question of the eight-hour day, and that action be deferred until their report be received. He was therefore fortified in the stand he took at Washington. Mr. Parsons then recapitulated the leading points of his recent address to the Manufacturers' Association on the Arthur Hewitt took the chair for the first time as president, and was loudly acclaimed. He complimented the retiring president, R. S. Stapella, and hoped that as unity was the ideal of the empire, so also it would be of

### PRIVY COUNCIL REPORT TO HAND

#### Finding Against Toronto Railway Says Order for Bridge Was Mandatory.

A report on the privy council case, recently decided in favor of the city against the Toronto Railway Company, regarding the company's liability to a share of the cost of the Queen street high level bridge, has been received by the city from London. Their lordships find that the Toronto Railway was in error in stating that it did not know until 1917 whether the city would press for payment, but remark that the statement was "promulgated in ignorance." With regard to the objection of Corporation Counsel Geary that special leave could not be given to appeal against an order of the Ontario Railway Board, the court holds that the board is not exempt from the prerogative of the crown to grant special leave to appeal from all courts, but they think that in the case of the railway board such leave should be sparingly exercised and only in special cases. Their lordships hold that the order to build the bridge was not merely permissive, as the railway contended, but mandatory in character, for public protection and intra vires. The court holds that the board is not an "interested" party.

### COMMITTEE URGES WIDOWS' CAUSE

#### Premier Drury Turns Considerate Ear to Mothers' Allowance Committee.

By invitation of the Mothers' Allowance Committee of which Rev. Peter Bryce is chairman, a large delegation, headed by Mrs. A. M. Huestis, waited upon the premier and members of the cabinet at the parliament buildings yesterday morning in an urgent appeal for the passage of a bill in favor of mothers' allowances. The chairman in his opening remarks informed the premier that the delegation represented every denomination in the province; also social service organizations, philanthropic bodies, educational associations, Great War Veterans, and many others. Mr. Bryce also had letters from a number of prominent men expressing regret at not being able to be present. Resolutions had also been passed supporting the plan of mothers' allowances in London, Hamilton, Ottawa and other places in addition to the Toronto interest. A year ago, said Mr. Bryce, a delegation had waited upon the government; today there was even more need than then. The speaker stated there were 16,048 widows excluded from those of soldiers, and 31,223 children of widows in Ontario. There were 3,210 of these widows and 8,887 children known to be in need. The churches had tried to meet the situation in the past, but this was now found to be inadequate. What the deputation asked was state provision of an adequate character under proper supervision for those widows and children. One Million Needed. Rev. Gilbert Agar, secretary of the Social Service Council, Ottawa, said \$1,000,000 would give the mothers quoted by former speakers \$35 each per annum, this would enable her to take care of her children, and no mother could serve the state better than by doing this. Mrs. Plumtree, representing many women, drew attention of the premier to the fact that care of the state for the children should extend to the home as well as give them education in the schools. Referring to a recent conference of experts in France, the speaker stated that the verdict of the session was that nothing was more vital to the nation than care for the future of the children. Mrs. Plumtree quoted two specific cases in which the mother returned with and cared for her children during the day, then went out to earn money for them at night. On behalf of the Trades and Labor Council, Mr. Gunn referred to the deputation of last year. He said that it was the duty of the mother to mould her children and that no one could take her place in doing this. He emphasized the statement that it was a moral duty to bring in a bill to provide that mothers might remain in their homes and suggested that a conference with the organizations that had been working on the matter of mothers' allowances should be held by the government in order to frame a bill that would be adequate and in every way satisfactory. Mr. McCullough of the Social Service Council, London, testified that many London organizations were strong in support of the proposed legislation and Provincial Secretary Turley, on behalf of the G.W.V.A., said that it was an

outstanding matter upon which the veterans were agreed. Premier Promise Action. In reply the premier promised to take some action, stating at the same time that it was a matter that would have to be seen in round. The question was such a large one that it was not easy to decide how it was to be done. Speaking for himself, and he thought he might also say for his cabinet, the premier agreed that the children were the greatest asset the province possessed. He also stated that the government had been thinking on the subject, and would continue to do so, and he hoped they would be able to see their way to what would be an intelligent and adequate solution, but he could not promise that this would be done at the next session, or when it would be done. Mrs. L. A. Hamilton moved a vote of thanks to the premier. Among those present were Mrs. A. M. Huestis, Mrs. Sidney Small, Canon Plumtree, Archdeacon Ingles, Rev. L. Minahan, Dr. Margaret Patterson and Mrs. Stowe Gullen. Mrs. Horace Parsons, Mrs. Hamilton and Mrs. Frost, Niagara Falls, representing the National Council of Women; Mrs. W. A. Kavanaugh and Mrs. M. Healy, representing the Catholic Women's League of Canada.

#### Don't Whip! Stop Lashing Your Bowels with Harsh Cathartics but take "Cascarets."

Everyone must occasionally give to the bowels some regular help or else suffer from constipation, bilious attacks, stomach disorders, and sick headache. But do not whip the bowels into activity with harsh cathartics. What the liver and bowels need is a gentle and natural tonic, one that can constantly be used without harm. The gentlest liver and bowel tonic is "Cascarets." They put the liver to work and cleanse the colon and bowels of all waste, toxins and poisons without griping—they never sicken or inconvenience you like Calomel, Salts, Oil, or Purgatives. Twenty-five million boxes of Cascarets are sold each year. They work while you sleep. Cascarets cost so little the too.

### D. MCGREGOR'S WILL

#### Executors Apply to Mr. Justice Middleton for Construction of Phrase "Weaker Churches."

The executors of the estate of the late Douglas McGregor of Osprey township, Grey county, applied yesterday morning to Mr. Justice Middleton for proper construction of the will, by which the deceased left \$6000 to the weaker Presbyterian churches in the Highlands of Scotland; \$8000 to the home missions in Canada; and \$2000 to Christian missions in Africa and \$3000 to children orphaned by the great war. Lockhart Gordon appeared for the Established Church of Scotland and the United Free Church of Scotland and said: "As we do not consider we are the weaker churches in the Highlands we are not pressing our claim." Mr. Justice Middleton said he found no difficulty in construing the will except with the general bequest to African missions. HOCKEY CLUB WINS SUITS. Judgment was issued yesterday by Mr. Justice Falconbridge in the two suits between the Toronto Hockey Club, Limited, and the Arena Gardens Company. Judgment was given in favor of the Toronto Hockey Club in both cases; in the first suit for \$20,085.54 with interest from April 1, 1918, and in the second case judgment with costs, with a reference to ascertain damages. HAROLD SMELLED GAS. Two children were saved from being victims of gas poisoning by the cries of a four-year-old boy in their home, 21 Augusta avenue, yesterday morning. Harold and Gertrude McIntirey, aged four and seven respectively, were sleeping in bed when gas was escaping from a defective lighting fixture. Harold woke up and, smelling the gas, cried for his father. The parents removed the children from their beds and carried them to another room. FIFTEEN CENT PORRIDGE. The proprietor of a restaurant which has boosted the price of a bowl of oatmeal from 10 to 15 cents gives as his chief reason the breakage of crockery. He says bowls cost three times as much as they did in 1913, and his staff breaks dozens of them every day. It is suggested that the board of commerce may investigate.

PLAYS, PICTURES AND MUSIC

"The Better Ole." Seats are on hand today at the Princess Theatre next week. Toronto one of the few cities embraced in Mr. and Mrs. Coburn's tour of "The Better Ole," with the original New York company and production, and appreciation by making their reservations for the privilege of seeing an attraction with the unusual record of over a year on Broadway. The unusual success of the first tour of Mr. and Mrs. Coburn will bring every last member of the company, including Charles MacNaughton and Colin Campbell, who opens with them at the Greenwich Village Theatre, New York, on the night of October 19, 1918, and awakened the next morning to find their appreciation and in possession of the best piece of theatrical property of the past decade. "The Better Ole" is claimed to be the best entertainment of its class ever given in America.

"A Prince There Was." Toronto theatregoers will welcome the announcement that "Cohan and Harris" will present at the Princess Theatre the week of Jan. 19 George M. Cohan's greatest character comedy, "A Prince There Was," with Grant Mitchell and the entire New York cast, including George Parsons, Glida Leary, Ernest Stalling, Jesse Ralph, A. G. Andrews, Grace Nolan, Ralph Shipper, Mary Wynn, and others. Cohan, Ralph Theodore, Elizabeth Dunne, Gladys Towle and Walter Browne. This superb organization of talented players has just returned from a phenomenally successful engagement in Boston, New York and Philadelphia, where the play was accorded the most enthusiastic approval and the play-going public.

"Some Time." With Frank Tinney as principal funnemaker in the musical romance which so completely captivated capacity audiences for nine months at the Casino Theatre, New York, from all indications and expectations at the Royal Alexandra on Monday, January 19, and week.

It is one of Arthur Hammerstein's outpourings and when it is considered how deeply he impressed us with "Kalinka," "You're in Love," "High Jinks" and "The Firebird" and what pleasant recollections these excellent attractions left behind, it should be easy to calculate on the many side virtues of "Some Time," which is the joint work of Rida Johnson Young and Rudolf Friml.

"Chu Chin Chow." At the Royal Alexandra Theatre next Monday evening, Roy Comstock and Morris Gest will offer their extravaganza, "Chu Chin Chow," an animated fable of ancient Baghdad, with its mighty cast of 200, 300 and the 14 bewildering scenes of oriental splendor.

"Chu Chin Chow" originally written and produced at His Majesty's Theatre, London, by Oscar Asche, on August 31, 1916, is still playing to capacity houses, and the American production, with its mighty cast and duplicate of the famous London equipment, which was replenished from every angle for the jubilee performance recently given to celebrate the longest running attraction in the history of world theatrically. The Comstock-Gest offering has just completed another phenomenal run at the Century Theatre, New York, and comes direct to Toronto for a first out of town showing of the new edition.

The same great cast as appeared at Century Theatre in New York, headed by the giant Lionel Braham, the original "Caliban," Marjorie Wood, George Rasely, Eugene Cowles, Don W. Ferrandini, Helen Gunther, Albert Rowson, Helen Hester, and others. Gregorio, Stella St. Audrie and all the others, including a ballet of 60. Matinees will be as usual on Wednesday and Saturday. Seats are now selling for all performances.

"Watch Your Step"—Grand. Irving Berlin's international synopsed musical success, entitled "Watch Your Step," will come to the Grand Opera House next week with matinees on Wednesday and Saturday. Irving Berlin has the happy faculty of composing music that is as high as the variety that appeals to all classes of theatregoers, but it was "Watch Your Step" that brought him definitely into the sphere of the intelligent as the successful composer. Throughout the performance the music is written so that the accent is placed on motion and motion is given the right-of-way all the time. Feet have little time for rest in "Watch Your Step."

Shea's Theatre. Wish Wynne, the clever English music hall artist, comes to Shea's Theatre for his first engagement in an excellent bill next week. For the week following the management of Shea's announce the coming of Wilkie Bard, another English music hall artist, who has been enthusiastically acclaimed by American audiences. Frank Dobson is a light comedian popular in musical comedy and in vaudeville. His songs are good to look at, are attractively gowned and sing and dance well.

The Primrose Four presents 1,000 pounds of harmony. The personnel of this quartet is Van, Cantwell, Murphy and Gibner. The personnel weight is half a ton. After a season of professional double harness, Larry Comer is alone again and is presenting an intimate song review. The Dancing McDonaids are said to embody class, grace and beauty with original new steps. Martin Webb, in Cousin Giuseppe, offers a blend of instrumental and vocal and character comedy. The quartet is obviously Italian, and the character is from sunny Italy. Myrtle and Jimmy Duncin truly offer a vaudeville revue.

Shea's Hippodrome. "Wings of the Morning" the stirring novel of adventure by Louis Tracy, which had a phenomenal sale some years ago, has been adapted by William Fox for the popular male star, William Farnum, and will be shown in its picturized form at Shea's Hippodrome next week. Altho the story is housed in a picture in a picture form, it is safe to say that as a picture it will prove more appealing. The thrills which were suggested in the book are in the action merely outlined in words will be depicted in the picture in realistic, vivid fashion.

At Lee's Next Week. The dramatic play of having a tender heart is made plain to a score of New York boys when Nellie Jones, pretty innocent stock broker, smiles her captivating smile at them and then leaves them with all their vague memories.

What might have been. This is the plight of the love-lorn youths in "A Hint of Home" starring Constance Talmadge, next week at the Yonge Street Theatre and Winter Garden. The production is an adaptation from Gutz Ficht's famous stage success, "The Bachelor." The high comedians, the Ward Bros., the original chappies, "Archie and Bertie," will headline the vaudeville, with as an added attraction the three musical MacLarens, Scotland's favorite aggregation of singers, dancers and bagpipe experts. Howard Martelle, France's foremost vaudeville artist, assisted by Miss Pearl Fowler, will offer a ventriloquist novelty out of the ordinary. Steve Fresta, executes queer movements on the guitar and the Mahon sisters, dainty Irish misses, sing their numbers with a dash that is sure to appeal. The Jack Moore Trio, tricksters and dancers on the stage, complete the vaudeville. Lee's latest edition of "Timely Topic Pictures," depicting interesting scenes in different parts of the world, are the three animated cartoons, two comedy films and a Dominion government scenic film round off one of the banner bills of the new season.

"Maids of America" at the Gayety. Without the usual press agent's fanfare of adjectives and alliteration comes the announcement that the "Maids of America" are to play an engagement of one week at the Gayety Theatre, beginning with the matinee at 2 o'clock. The bill is a double bill, being there for two performances daily thereafter with a musical travesty entitled "Without Rhythm or Reason," by William H. Mason, and "The Life Line," by Bobby Barry and George Leary, comedians; Florence Rothe, soprano; George E. Snyder, character comedian; William H. Mason, tenor; May Stanley, ingenue, and a trio of vaudeville entertainers; Rogers, Ellsworth and Golden. There is also a chorus of more than a score of girls who sing and dance. Because of the high cost of the announcement, which deals with nothing but fact, and holds out no such promises, one can venture to predict that the "Maids of America" are not and doesn't need the usual extravagant boosting, via the publicity promoter's typewriter.

A Witness Testifies SHE WAS WEAK AND NERVOUS

Brampton, Ont.—"About five years ago I began suffering with my nerves. I became all run-down, weak and nervous. I tried to get on my feet, but I just kept getting down and out that I had the doctor and took other medicine but without getting better until I began taking Dr. Pierce's Food for Weak and Nervous People. It was only necessary for me to take about three bottles when I was completely restored to health and strength and I have been in better health since. I have had no use for medicine since, but should I need it I would take these same remedies, knowing them to be excellent."—MRS. HARRY KNIGHT, Jessie St.

OWES HER LIFE. Th. Saskatchewan, Alta.—"I'm 75 with great pleasure that I write the following and I hope it will help the many sufferers who do not know the good Dr. Pierce's medicine would do them if they would try them. "In regard to my condition, I will say that I suffered from childhood from a very weak back; I had the misfortune of having spinal meningitis when I was one year old and until I was 13 I did not see a well day, but a very kind lady told my mother about Dr. Pierce's Food for Weak and Nervous People and she got a bottle to try it. It did me so much good that mother got me 6 bottles. Because I happened with a cow accident and hurt my back badly. My doctor gave me up and said I would not live, but I still took Dr. Pierce's Food for Weak and Nervous People and to my surprise in three weeks I was out of bed and better. I love my life to it and nothing else, and shall never be without it. "If any sufferer wishes to write I will answer with pleasure."—MRS. HARRY KNIGHT, Jessie St.

WALL STREET IN CHASTENED MOOD

Curtailment of Credits Results in Market's Showing Extreme Lassitude.

New York, Jan. 7.—Stock dealings were visibly restrained today, presumably as a result of intimations conveyed to banking interests yesterday by the federal reserve board.

There was much abstract discussion regarding the definition of "unseasonal loans." Mature consideration of Governor Harding's remarks in that connection led to the conclusion that credit restrictions are to apply with equal force to speculation in leading commodities, especially cotton and foodstuffs.

The only echo of the conference at Washington was the announcement of another slight advance by the local branch of the central bank in short time acceptances, such action being taken to meet the prevailing rate in the open market.

Banks and other lenders of money reported little inquiry for call loans, which were freely offered at seven per cent, establishing a further low record for such accommodations.

General news included the reviews of authorities in the steel and iron industry, renewed emphasis being placed on the respective demands of the railroads for new construction and equipment.

Further large orders for copper attracted to the steady improvement in the metal trade. Steels, shippings, coppers and a few familiar specialties such as American Woolen, Industrial Alcohol and sugars, contributed to the stronger side of the market, while motors, oils and rails represented the dull and irregular features.

Liberty bonds were heavy, international features and most domestic issues irregular, except lots showings, in which moderate gains were made. Total sales (par value) aggregated \$17,750,000.

Old U. S. bonds unchanged on call.

NEW YORK CURB

New York, Jan. 7.—The curb today had a quiet tone, price movements in the main being narrow. Industrials were in fair demand, some of the specialties registering gains in several points.

The trading in General Asphalt was quite active, this issue on a turnover of about 3,500 shares closing at 11 1/2 a net gain of 3 points.

Closing quotations on the active issues yesterday as received by Hamilton B. Wills over his direct private wire to the New York Curb were as follows:

ATLANTIC SUGAR STILL CLIMBING

Dominion Foundries Reacts After Fresh Advance—Brompton Sells Off.

Apart from Atlantic Sugar which had one of its characteristic sudden upturns, trading in listed stocks on the Toronto Exchange yesterday provided few price changes of note, and it remained for the unlisted section to furnish most of the interest with Dominion Foundries, Carriage Factories and Brompton prominent.

There was again a good demand for the war loans. Atlantic Sugar, the most active of the listed issues, outside of mining shares, with a turnover of 375 shares, had a firm opening at 84 1/2 and extended the advance to 86 1/2, closing at the top, a net gain of 1 1/2 points.

Sugar merely responds in the local market to the up and down swings on the Montreal exchange, where the stock is being freely manipulated.

Second in activity with transactions of 340 shares, held at 50 without change, Barcelona continued firm, selling around 8 1/4 as compared with a recent low in the history of the stock at 5 3/4.

The bid for Toronto Railway was advanced another point to 46 without offerings. Quebec Railway, for which 28 was bid on Tuesday, opened weak at 27 1/2, but firming up to 27 3/4.

Dominion Iron remained steady around 75, but Steel of Canada had a reactionary turn, dipping to 87 1/2, and the latter rallying to 87 1/2, a net loss of 5-8 was shown. Canada Bread was dull and a shade heavier at 28-3/4.

Canadian Car was strong, an odd lot selling at 70 and the closing bid moving up to 71 1/2 as compared with 69 on Tuesday. Cement at 72 was up 3-4.

Riduron repeated its recent high locally at 190 and Spanish River was firm at 87. Brompton, of the unlisted group, dipped more than 3 points to 84, following the publication of the company's annual report, rallying to 85 1/4 in the afternoon and reducing the net loss to 2 1/4 points.

The war loans were steady to firm with issue transactions in the Victory issues of 1920, 1923 and 1927. Dominion Foundries featured the unlisted stocks, attaining a high record at 93, but dipping to 91 1/2 and closing without net change.

Dealings in Foundries totaled 940 shares. Carriage Factories, for which 35 was bid the day before, opened at 33-3/4. In the afternoon the bid was advanced sharply to 44 with the stock held at 45.

The day's transactions: Listed stocks, 3,844, including 2,000 mining; bonds 4,879,500; unlisted stocks, 4,755, including 2,970 mining; bonds, \$2,900.
