THE SIXTY-SIXTH ANNUAL REPORT OF THE MONTREAL GENERAL HOSPITAL.

The Sixty-Sixth Annual Meeting of the Corporation of the Montreal General Hospital was held in the Governor's Hall of the Institution on Tuesday, the 15th May, 1888. Mr. ANDREW ROBERTSON, President, in the Chair.

The Secretary read the following report, which was adopted, and ordered to be printed for circulation amongst the subscribers :

GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL :

I have the honor to present a brief report of the receipts and expenditure of the Hospital and of the proceedings of the Governors, during the year which terminated on the 30th April, 1888.

The Expenditure of the year was	\$41,485.39
And the Income	42,436.93

This shows a balance in favor of income of	951.54
Comparing the expenditure of 1887-1888.....	41,485.39
With that of 1886-1887.....	38,224.54

The former exceeds the latter by \$3,260.85

An analysis of the year's outlay shows that the chief items in which there has been an increased disbursement are the following: provisions and groceries, \$1533.62; medicines, \$394.55; instruments, etc., \$309.38; coal and wood, \$331.17; medical officers' salaries, \$200; steward's and men's wages, \$114.25; nurses' and women's wages, \$619.34; ambulances, \$367.50.

The very considerable number of typhoid fever cases treated during the past year, viz., 185, which is an increase of 66 over that of its immediate predecessor, is largely responsible for the augmented expenditure. Such cases remain in hospital on the average a much longer time, and, with the exception of diphtheritic patients, require more assiduous nursing than persons suffering from the other acute diseases.

There has been a diminished expenditure on the following items: wines and liquors, \$18.17; dry goods, bedding, etc., \$203.85; insurance and law charges, \$42.58; repairs, \$157.02; soap, oil and candles, \$65.97; and other expenditure, \$308.69.

Comparing the income of 1887-88, \$42,436.93, with that of 1886-87, \$41,638.71, there has been an increase in year 1887-88 of \$798.22.

There have been received from legacies in the past year the following sums:

From executors of late Jos. Jackson, Esq.....	\$1086.64
" " " R. A. Ramsay, Esq.....	200.00
" " " Mr. And. Stewart.....	600.00
" " " Hon. Judge Mackay.....	100.00
	1986.64

The total number of in-door patients treated during the year just ended was 2286, an increase of 15 over the number of 1886-87. Of these 135 remained from last year, and 2151 were admitted during the year 1887-88.

There were discharged:

Cured.....	1,508
Improved.....	340
Unimproved.....	82

1,930

There died in the Hospital..... 214

Making the total number of in-door patients treated to a conclusion in the year..... } 2,144

There remained in the wards on 30th April, 1888..... 142

Total number of in-door patients for the year..... 2,286

Of the above deaths sixty-five occurred within three days after admission, and a good many patients reached the Hospital in a moribund condition—either from disease or injury.

The average daily number of patients in the wards during the year was 151; the average time of each patient in the Hospital was 25.29 days; and the aggregate number of days spent in the Hospital by all the patients was 53,279, an increase of only 169 days over the number of last year.

Of the in-door patients treated to a conclusion there were:

Males.....	1,313	Roman Catholics.....	896
Females.....	831	Protestants.....	1,207

The percentage of deaths to the whole admissions is 10; and if the 65 cases in which death occurred within three days after having entered the hospital be omitted, the rate of mortality falls to 7.11 per centum. This is an unusual rate of mortality for this institution, and is mainly attributable to the large number of deaths from diphtheria, many of which occurred within 24 or 48 hours after admission. Of the 214 deaths from all causes, 60 were due to diphtheria, or 28 per cent. of the whole mortality. However, typhoid fever is also accountable for a considerable part of the increased gross mortality, 24 deaths having resulted from that disease. In fact, 84 of the 214 deaths were caused by those two affections or 39 per cent. of the whole.

There were 15,077 consultations in the general outdoor department, and 5920 new patients; in the eye and ear department, 5931 consultations and 1549 new patients; in the gynæcological department, 1942 consultations and 313 new patients; in the laryngological department 1429 consultations and 427 new patients; and in the children's department 616 consultations and 313 new patients. The nationality and religion of all the patients will be found in the table annexed to this Report.

The drains and plumbing have been put into as thorough repair during the year as is possible, and some necessary repairs have been made in the hospital cottages.

During the year just expired death has consigned to the tomb nine life governors, viz., Hon. John Hamilton, Ex-Senator; M. H. Gault, M.P., Theodore Hart, J. G. Bellhouse, John C. McLaren, Chas. F. Simithers, Robt. Wood, James F. B. Mathews, and W. J. Whitehead. The first mentioned of these gentlemen showed his interest in the work of the hospital by a handsome legacy in its favor of \$20,000.

The Hospital also, as well as Canada, deplores the recent death of the Hon. Thomas White, Member of the Privy Council, and Minister of the Interior and of the Indian department, who was a sincere friend and an elected governor of this Institution.

The following gentlemen have been constituted Life Governors

during the year : Messrs. Joseph Allan, John Atkin, H. S. Birkett, M. D., Richard Bolton, J. M. Browning, George Carslake, William Francis, Thomas D. Hood, Wm. Tatley, and Thomas S. Vipond.

In the past year an enterprise of unusual interest was undertaken by some ladies and gentlemen, friends of the Institution, representing the various creeds and nationalities of our citizens, with the object of procuring funds sufficient to provide instruments and appliances for the surgical wards of the Hospital. With this view a bazaar was held in the Victoria rink last October, the proceeds of which created a Surgical Ward Fund of \$6000, and left a balance of \$310.70, which was devoted to the ordinary requirements of the Institution. While the thanks of the Corporation are due to the many friends who contributed to this enterprise by personal services or gifts, or both, special acknowledgments are due to those benevolent persons who acted as officers of the organization viz., Madame Beaugrand, President; Madame L. R. Thibaudeau, first Vice-President; Mrs. Colin McArthur, second Vice-President; Mr. James Allan, Treasurer; and Miss Maud Henderson and Mrs. A. H. Roe, Secretaries.

In compliance with a request from the President of the Royal Victoria Hospital, three members of the Board of Management of this Hospital were appointed to meet a committee of the Governing Board of that Institution, to consider the question of amalgamation of the two institutions. A meeting of the committee was held in October, but it was found impracticable at one sitting to arrive at any decided conclusions upon so important a subject. At the last quarterly meeting of governors the Committee of Management made the following report:—

“With regard to the question of amalgamation of this Institution with the Royal Victoria Hospital, no further steps have been taken since the last quarterly meeting. The difficulties in the way of such an amalgamation remain unchanged; and the committee, while believing that the erection of one centrally situated General Hospital, with perhaps one or two receiving houses, and a branch for convalescent patients, would provide the more effective means of administering to the relief and necessities of the sick poor of the city, have not been able to see their way further to move in this direction at present.”

ings upon the property belonging to the Hospital, has not been decidedly dealt with by the committee, as they have thought it desirable that ample time should be afforded for the fullest consideration of any reasonable scheme which might be proposed for the fusion of the two Hospital Corporations.

Owing to the large number of cases of diphtheria and typhoid fever admitted to the hospital during the year, the duties of the Lady Superintendent, Resident Medical officers and nurses were very onerous, and the Committee of Management were well pleased with the efficiency displayed by those several members of the resident staff in their respective departments.

Some changes in this staff have to be recorded. Dr. William McClure, who has served the Institution as "Medical Superintendent" during the last three years faithfully and well, has resigned to enter into private practice. He carries with him the warmest wishes of the Governors for a successful career. Dr. R. C. Kirkpatrick, who lately formed one of the Resident Medical Staff, has been appointed to the office vacated by Dr. McClure. The vacancies arising out of the termination of the year of office of Drs. H. A. Lafleur, A. W. Campbell and K. Cameron, "Resident Medical Officers," have been filled by the election of Drs. W. G. Stewart, John A. Springle and J. H. Bell. The retiring officers have the best wishes of the Governors for their future success. The non-resident clinical assistants, to serve alternately for six months in the out-door and gynecological department, have been appointed, viz., Drs. J. E. Orr and C. W. Haentschell.

As the maintenance of the Hospital depends so largely upon the disinterested and arduous work of the gentlemen who call upon the citizens for subscriptions, the governors feel very grateful to the following gentlemen who have acted as collectors during the year:— Messrs. Edward B. Greenshields, Alex. Ewan, and George Kemp, West Ward; J. G. Burrows and John Beattie, Centre ward; Walter Drake, East ward; Alex. Robertson, George Armstrong, and Peter Nicholson, St. Antoine ward; J. E. Kirkpatrick and Wm. Masterman, sr., St. Ann's ward; W. R. Salter, St. James ward; Edward Rennick, St. Mary's ward; W. E. Chester, St. Louis ward; and J. M. Fulton St. Lawrence ward.

The manager of the Bell Telephone Co., of all the English daily city newspapers, and of the *New York Medical Journal*, deserve

grateful acknowledgment for gratuitous services rendered the Institution. The printed report, in addition to the names of subscribers and donors of money, will contain a list of the many friends who have contributed in so many various other ways to the support of the Hospital and the comforts of the patients.

May 15th, 1888.

R. P. HOWARD,
Secretary.

The Meeting then elected the following governors to serve for two years :

Messrs. J. M. Kirk, Jackson Rae, Joseph Rielle, H. A. Budden, Robert McLea, James Elliot.
