WONDERS WROUGHT BY BRITISH FORCES

British Science Association, Meeting This Week, to Hear Revelations.

Bournemouth, Eng., Sept. 9.—A scientific history of the war is expected to be one of the developments of the annual meeting of the British Association for the advancement of science here this week.

Among the lecturers will be general, poets, and a good many women, which brings the prophecy that it will be the most popular, as well as the most scientific meeting the association has ever held.

Engineers, chemists, physicians, geographers and even such unexpected persons as archaeologists are to detail for the first time what wonders British forces wrought in France and the east. How they caught up with the Germans and passed them in optics, photography, telegraphy and the chemistry of explosives, and how they are turning their discoveries and inventions into agencies for peaceful reconstruction will form the principal part of the week's revelations.

SOLDIER'S WIFE DEAD; BOTTLE WITH CARBOLIC LABEL FOUND NEARBY

Halifax, N. S., Sept. 9.—Mary White, wife of a returned soldier, from whom she was separated, was found unconscious in a house in Bilby street last night and died in the Victoria General Hospital three hours later. A bottle labelled "carbolic acid" was found beside her, also two letters, one to her husband, the other to the woman with whom she was staying.

In the letter to her husband she alleged that he believed her unfaithful and was having her followed and accused him of disowning their child. The second letter asked for the return of a friend and making disposition of her personal effects.

LEAGUE OF BRITISH EMPIRE WILL SURVIVE

Melbourne, Sept. 9.—(Reuters).—Premier Hughes in a speech said Australia must have a government that had a clear and definite mandate from the people. Referring to the general political outlook he declared that whatever became of the league of nations the league of the British Empire would never perish.

GLENHOLME INQUIRY HELD THIS AFTERNOON

A court of inquiry into the stranding of the steamer Glenholme on Goose Tongue Rock off Spencer's Island on August 22, was held this afternoon in the office of the naval transport officer, Prince William street. Capt. L. A. Demers, dominion wreck commissioner, presided, and other members of the court were Capt. A. J. Mulachy and Capt. Bircham, master of the steamer Donnington Court.

CHEERER AND GEERS BOTH OUT FOR REST OF SEASON

Syracuse, N. Y., Sept. 9.—"Pat" Cheerier, a Canadian driver, and "Pop" Geers, veteran American driver of Grand Circuit, will be out of the harness racing game for the season as the result of accidents yesterday.

UNDER OPERATION

Tremaine Purge, son of Mrs. K. Purge, Duke street, who was taken to the General Public Hospital last evening and operated on for appendicitis one hour later, is resting quite comfortably this afternoon.

MAN IS LAUNCHED; LAST SWEEP OF BROOM TO CLEAN UP WAR

Montreal, Sept. 9.—After a series of meetings with about eighty prominent newspaper men of Montreal and Quebec province, Sir Henry Drayton, minister of finance, launched the final domestic front last night at the Ritz Carlton Hotel. Characterized as the last sweep of the broom in cleaning up the war, both French and English speaking newspaper men promised the full support of their papers in making the 1919 loan a success.

The War Veterans And The Matter of Gratuity

More Protests Against Government's Action—Toronto Editor Refused Hearing on Criticism of Men's Demands

Ottawa, Sept. 9.—The veterans who act as the connecting link between their organization and the government members, Tait and Maxwell, are very much dissatisfied with the reply the premier has made to their request for an opening up of the position of the returned men with regard to gratuities and other matters. The premier seems to have assumed that their request was along the line of the movement started in Calgary for an increase in the bonus to \$2,000. The attitude of the veterans' representatives is that they are dissatisfied with the way in which the whole matter has been handled and they want a commission appointed which will go into the whole question thoroughly, but with a different apportionment of aid rather than an increase as the end in view. The veterans realize that many have received the government gratuity who did not need it while there are many soldiers, and particularly soldiers' dependents, who are far from being properly provided for. They are not satisfied with the answer they have received to their request and propose to pursue the matter further.

THREE BUILDINGS IN WESTFIELD BURN

A disastrous fire at Westfield this morning not only destroyed a group of buildings comprising a dwelling, barn and general store, but also seriously interrupted telephonic communication through that centre. The buildings burned included the general store owned and occupied by E. V. Prime and the nearby dwelling and barn occupied by Mr. Prime and owned by George Crawford. The fire was noticed about 10 o'clock by some one passing. Mr. Prime was notified and found that the fire already had a firm grip on the upper part of the building. An alarm was sounded and men from the Wilson Box Company's mill, which is only a short distance away, and other neighbors rushed to assist. A bucket brigade was formed and efforts were made to extinguish the blaze but this was found impossible and the men then turned their attention to the work of saving the contents. In this they were more successful and much of the house furniture and furnishings and nearly all the contents of the store were taken out and carried to a place of safety. The fire spread rapidly from the house to the adjoining barn and soon leaped the short distance to the store and before long all three buildings were in ruins. The Baxter house, across the road, also was threatened but the efforts of the bucket brigade prevented another loss.

QUEBEC CIVIL SERVANTS WANT RECOGNITION

Quebec, Sept. 9.—The association of provincial civil servants held a meeting last evening and decided to demand of the Quebec provincial government the official recognition of their union. A convention of the Montreal and Quebec civil service men is to be held at Quebec September 15, but this was delayed to a later date pending recognition by the government of the civil servants' union. Col. O. E. Tabot was elected president, and M. O'Regan was elected vice-president.

TOOK WRONG MEDICINE TO CURE HEADACHE

Quebec, Sept. 9.—Mrs. O. Villeneuve of Chateaubourg died in the St. Francis Hospital here today from the effects of taking poisonous antiseptic tablets by mistake for headache wafers. She leaves her husband and four young children.

Five Strikers Killed In Battle In Indiana

Hammond, Ind., Sept. 9.—Five strikers were killed and fifteen wounded today in a battle between 1,000 former employees of the Standard Steel Car Company and the police. Two months ago 2,000 workmen at the plant went on a strike for increased wages and improved working conditions. Yesterday 200 strikers returned to work and this caused considerable bad feeling among the men who refused to return. Today when the 200 men were on their way to work a crowd of 1,000 foreign-born strikers gathered in the streets several blocks from the plant of the Standard Steel Car Company and threatened them. The police ordered the crowd to disperse, but this was greeted with jeers, and the men refused to obey. When the police attempted to arrest the leaders of the mob, the crowd attacked them with sticks and stones, and several of the strikers drew revolvers and fired shots, according to Capt. Ben Strong.

ROUMANIANS WILL NOT SIGN AUSTRIAN TREATY

Paris, Sept. 9.—The Roumanian delegation to the peace conference announced today that it would not sign the Austrian peace treaty, the signing of which Austria and various other powers interested is set to take place at ten o'clock tomorrow morning.

ONE BONES OF DOG FOUND IN COFFIN

Montreal, Sept. 9.—Burnt and charred bones of a dog or some other animal were found yesterday in the coffin of Jim Dubeau, a farmer of St. Malachy, near Ormstown, who was burnt to death when his house was destroyed by fire on July 11. Coroner Trepanier had been ordered by the attorney-general to re-open the inquest and the body was exhumed. On opening the coffin it was found that there were bones which seemed to be those of animals as well as those of a human being. These were sent to Montreal, where Dr. Derome, coroner's court medical expert, decided that all were the bones of animals.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Sturges, Director of meteorological service. Synopsis—Rain has fallen in northern and eastern Ontario and in many parts of Quebec and the maritime provinces, also in some sections of Saskatchewan, while in western Ontario the weather has been fair and very warm. Cloudy; Rain.

As Hiram Sees It

The Settlement, Sept. 9. "I got a case for that there Board of Commerce," said Mr. Hiram Hiramson to the Times reporter. "A case of profiteering?" queried the reporter. "Yes and no," said Hiram. "But mostly it's a case of 'stoppin' people from gittin' beef at a fair price. One of my neighbors took a carcass of beef his town the other day. It wasn't western beef, of course—but it was good prairie beef. Well, at the most he was offered for it by the carcass was eight cents a pound. He sold the hind quarters and brought the fore quarters home again. Kin you tell me why that beef wasn't all bought 'n' sold at a reasonable price?" "Well," said Hiram, "I don't either—but I'd like to know."

PICKED UP FOR DEAD IN MONCTON; WAS IT FIGHT?

Moncton, N. B., Sept. 9.—Earl Gamble, an employee of the Canadian Government Railways, was picked up for dead in Gable street, a little after twelve o'clock last night and removed to the city hospital, where it was found that he had been seriously injured by a cut on the head. The police believe that he was struck by an empty bottle and knocked unconscious in a fight in the alley. A long neck bottle broken in two and covered with blood, also a blood stained hat were found near the spot. About one o'clock this morning James Budd, a local young man, was arrested and is being held at police headquarters. It is believed that Gamble will recover unless there are complications.

Broken Bottle and Blood Stained Hat Near Where Earl Gamble Was Found—An Arrest

(Special to Times.)

JUDGE PASSES TIP TO MEN OF UNION

Winnipeg, Sept. 9.—Judge H. A. Robson, at the re-opening of the strike probe yesterday, called upon the members of the union in Winnipeg who were being refused re-employment by the employers of Winnipeg to repudiate the strike leaders, confess that they were misled, and to come out and state that in future they would not repeat the history of the past. Judge Robson said this statement to witnesses appearing on behalf of employees of the Canadian National Railways, but also included all men who had not been reinstated. If such a consideration were made, he intimated the possibility of reinstatement of all those shut out at a note very remote date. (Continued on page 7, sixth column.)

Cardinal Mercier Due in New York Today

New York, Sept. 9.—Cardinal Mercier, primate of Belgium, will reach New York late today on board the naval transport Northern Pacific. The cardinal will be met down the bay by a committee headed by Archbishop Hayes. There will also be a committee from Baltimore, representing Cardinal Gibbons.

Weather Report

Issued by authority of the Department of Marine and Fisheries, R. F. Sturges, Director of meteorological service. Synopsis—Rain has fallen in northern and eastern Ontario and in many parts of Quebec and the maritime provinces, also in some sections of Saskatchewan, while in western Ontario the weather has been fair and very warm. Cloudy; Rain.

Nationalization of Mines in the States and Canada

Increase in Wages, Six Hour Day and Thirty Hour Week Big Questions for U. M. W. in Convention in Cleveland

Cleveland, Ohio, Sept. 9.—A sharp increase in the basic wages of all coal miners in Canada and the United States the six hour day and the thirty hour week are written large on the programme for the international convention of the United Mine Workers of America opening here today. Recommendations that these demands be submitted to the operators at the coming conference in Buffalo on Sept. 26 will go before the delegates upon assembling, and the temper of the delegates, nearly all of whom are already here presses acceptance of the recommendation. The strike vote is the culmination of a continent-wide strike in the collieries is recommended. One of the big questions to come up before the convention is the nationalization of the mines. The coal miners of America look forward to nationalization as an ultimate solution of the coal problem," said William Green, secretary-treasurer of the organization. A policy committee of the international organization has had the question under consideration for several weeks and is expected to recommend that the government take over the mines. Belgian Miners' Demands. Brussels, Sept. 9.—The miners' federation at Chatelet has adopted a resolution in favor of the nationalization of mines, a minimum wage scales, free fuel for all miners, control of production and the creation of an organization representing both the miners and the government. The decision of the miners is considered an important prelude to the approaching miners' congress to be held in Brussels.

POLICEMEN OF BOSTON VOTE TO GO OUT ON STRIKE

Boston, Sept. 9.—The Boston policemen's union voted last night to call a strike effective at 6:45 o'clock this afternoon. The vote was announced as having been "practically unanimous." The strike vote is the culmination of a controversy between the patrolmen and Commissioner Curtis over the formation of the union. Several weeks ago the police commissioner promulgated an order that the members of the force should not become affiliated with any outside organization. Immediately afterwards the patrolmen, who had been discussing the matter for some time, formed the policemen's union, which was granted a charter by the American Federation of Labor. Commissioner Curtis brought charges against nineteen officers and members of the union. Yesterday he announced that he had found the men guilty of having violated a rule of the department. At roll call yesterday he informed the members of the department that he had suspended seven of the nineteen men until sentence was imposed. The central labor union, representing some 80,000 workers has endorsed the policemen's union and has announced its intention of calling a strike of all its members if necessary in case the police should strike.

MAY DECIDE ON ACTION AT ONCE

Boston, Sept. 9.—While conciliatory efforts were in progress, state and city officials and private interests completed plans for the protection of life and property in the event that the policemen's strike could not be averted. There were indications that both the police and the authorities believed the walk-out inevitable, and that when the day force completed its tour of duty there would be no union police, at least, to succeed them. A large number of special police permits have been issued for stores, banks, industrial plants and other properties.

JUDGE PASSES TIP TO MEN OF UNION

Winnipeg, Sept. 9.—Fourteen thousand employees of the Delaware, Lackawanna and Western Coal Company in its mines within Lackawanna county, today obeyed a strike order. Quite apart from the possibilities which trouble contained in its almost certain demand for higher wages and shorter hours the miners of Great Britain are looking to it for the possibility of a settlement in the questions of the six hour day and the thirty hour week, and of the nationalization of coal mines. In Winnipeg the members of the union in Winnipeg who were being refused re-employment by the employers of Winnipeg to repudiate the strike leaders, confess that they were misled, and to come out and state that in future they would not repeat the history of the past. Judge Robson said this statement to witnesses appearing on behalf of employees of the Canadian National Railways, but also included all men who had not been reinstated. If such a consideration were made, he intimated the possibility of reinstatement of all those shut out at a note very remote date. (Continued on page 7, sixth column.)

Matter of Railway Shopmen is Approaching Time of Crisis

Detroit, Mich., Sept. 9.—Although the national committee of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers has been empowered by the referendum strike vote of the membership to call a continent-wide strike if a wage increase demanded of the United States railroad administration and Canada are refused, definite action will be decided on the floor of the international convention being held here, if the railroad administration submits its answer before the sessions close. This was announced by the delegates this morning. The men, according to their leaders, are determined not to accept any compromise of their demands, but will strike if wage increases of \$1 a day for each man and the new working agreement asked are refused. The delegates, numbering nearly 3,000, are expected that Director-General of Railroads Hines, who is scheduled to address the convention tomorrow may have something to say of the railroad administration's decision on the wage demands.

QUARTER OF BEEF THIS ONE'S LOOT

Theft From Slaughter House at East St. John Last Night. Some one with a keen appreciation of the high cost of living and also with good judgment in the selection helped himself to a quarter of beef from the slaughter house at East St. John last night. The beef was the property of Kane & McDonald. Whoever the person was he was rather epicurean in his tastes for he spiced out cut and left it there, taking a hind quarter from a young steer valued at the least about \$30. The quarter which was taken weighed about 180 pounds. This is the first time in many years that a case of theft has been reported from the slaughter house and efforts are now being made to trace it.

Proposed New South Wales Law Also Would Compel Preference To Returned Men

Sydney, N. S. W., Sept. 9.—(Reuters). The government of New South Wales has introduced a bill, which has passed first reading in the legislative assembly, compelling employers to reinstate employees who joined the forces, at their pre-war equally good positions, and makes it incumbent upon all employers upon pain of heavy penalties to employ returned soldiers before engaging other workers.

GIVE HONOR TO PHILLIPE ROY

Canada's Commissioner in Paris Banquetted in Montreal—Sir Lomer Gouin's Speech.

Montreal, Sept. 9.—Something of the part which Canada had played in the war, as France saw it, and considerable of what might be expected as regards the matter of treaty relations in the future, were told by Hon. Philippe Roy, general commissioner of Canada at Paris, at a banquet at the Montreal Club last night, given in his honor by his friends. There was a distinguished gathering of citizens present, including representatives of the federal government, and of the provincial government, and advantage was taken of the occasion to tell Hon. Mr. Roy of the high place that he held in the estimation of his fellow Canadians, and of how much they appreciated the work he had done for Canada since he had represented Canada at Paris from 1911, with a special word of thanks from the Canadian army, headed by Brig-General C. J. Armstrong, C. B., C. M. G.

Sir Lomer Gouin, premier of the province, in seconding the eulogies towards Mr. Roy, referred to the hospitality of his office to the provincial representatives to Belgium (Godfrey Langlers) when the war broke out, and who for five years had represented the province of Quebec so worthily at Paris. The provincial government had had no office in Paris, as at London, as at Brussels, and the prime minister thanked a premier duty in having a representative at Paris, as at London, as at Brussels, and perhaps elsewhere in Europe, for it was essential that Quebec should be made known.

"We are, in this province of Quebec, the descendants of France," said Sir Lomer. "We cannot change, if we would, it is not changeable. We are loyal citizens of the British Empire, but the blood of our forefathers is in our veins and it cannot be changed. We are French and descendants of France, and we remain as such. We will remain as granite remains granite. We will remain French as crystals remain crystals, diamonds remain diamonds. There is no merit in remaining French because the French thought is there."

UNITE HUNGARY AND ROMANIA?

Delegation to Bucharest May Discuss This, Says a Despatch From Vienna. Paris, Sept. 9.—(Havas).—Dr. Stephen Friedrich, premier of Hungary, is reported in a Vienna despatch to be sending a Hungarian delegation to Bucharest. The report states that, besides being empowered to negotiate a separate peace with Roumania, the delegation may discuss the eventual union of Hungary and Roumania.

NEW NOTE TO GERMANY

Paris, Sept. 9.—(Havas).—The supreme council of the peace conference will today draft a note to be sent to Germany demanding the suppression of Article 61 of the German constitution providing for Austrian representation in the German parliament according to newspapers here. It is said that the council cabinet has been abandoned, and there is apparently a general support of the Friedrich government.

INVITE A.F.L. TO OTTAWA NEXT YEAR

Ottawa, Sept. 9.—The American Federation of Labor has been invited to hold its 1920 convention at Ottawa. Yesterday a telegram was received asking that the capital make bid to entertain the convention and that the A.F.L. send a hearty invitation on behalf of the city.

ONTARIO TO VOTE ON LIQUOR QUESTION MONDAY, OCT. 20

Toronto, Sept. 9.—The referendum on the prohibition question will be taken on Monday, October 20, Sir William Hearst, premier of Ontario, announced yesterday afternoon. He said there had been no consideration as yet of the date for the provincial elections.

FIRST STEP TOWARDS VOCATIONAL TRAINING

Local School Board Decides to Appoint Committee—Longer Term for Night School—Dr. Bridges Reports on Trip to England

The decision to appoint a committee on vocational education, under the terms of the N. B. vocational education act, was reached at the monthly meeting of the board of school trustees last evening.

In a report on his trip to England and his study of the English school system, Dr. H. S. Bridges paid special attention to vocational training in the old country.

Dr. Bridges reported that the board of school trustees last evening, after a long session, decided to appoint a committee on vocational education, under the terms of the N. B. vocational education act.

The committee will be appointed by the chairman. The decision to appoint a committee on vocational education, under the terms of the N. B. vocational education act, was reached at the monthly meeting of the board of school trustees last evening.

In a report on his trip to England and his study of the English school system, Dr. H. S. Bridges paid special attention to vocational training in the old country.

Dr. Bridges reported that the board of school trustees last evening, after a long session, decided to appoint a committee on vocational education, under the terms of the N. B. vocational education act.

The committee will be appointed by the chairman. The decision to appoint a committee on vocational education, under the terms of the N. B. vocational education act, was reached at the monthly meeting of the board of school trustees last evening.

REV. N. PALMER GIVES EVIDENCE

Testimony at Yesterday Afternoon's Session of the Guelph Novitiate Inquiry

Ottawa, Sept. 8.—At yesterday afternoon's session of the inquiry into the Guelph Novitiate charges, Rev. Kennedy Palmer, who preached a sermon and afterwards made the charges in connection with alleged contacts with the novitiate, was on the stand. He said that reports as to the conditions said to exist in the novitiate were so persistent that meeting was stirred up, as the people thought inmates of that institution were illegally evading military service. He told of steps taken by himself to endeavor to clear up the situation, of going to a newspaper office and being informed there that on the orders of the press censor from Ottawa no reference to the novitiate was to be printed. Mr. Palmer then preached a sermon in which he referred to the situation as disgraceful.

G. W. V. A. AND GRATUITY

In connection with the stand taken by Premier Sir Robert Borden in the matter of appointing a commission to meet a committee of the G. W. V. A. and discuss the question of further gratuity, a resolution was passed by the executive of the local branch of the Great War Veterans' Association last evening instructing the secretary to communicate with the local members of parliament requesting them to support the bill to be introduced by Major Andrews, M. P. This bill provides for the appointment of a commission to investigate the claims of the association.

SAYS EX-KAISER PERSECUTED AND INNOCENT MAN

Berlin, Sept. 8.—Dr. Ernst von Dreyer, former court preacher, who during the course of the war preached numerous sermons in honor of Emperor William and the German army, has published a brochure on his personal impressions of the former emperor, in which he represents him as a persecuted and innocent man.

ENORMITY OF PLAN STAGGERS AUDIENCE

Sir Adam Beck Tells Details of Chippewa Development Scheme

Toronto, Sept. 8.—Sir Adam Beck, chairman of the Hydro-Electric Power Commission of Ontario, almost staggered the audience at the directors' luncheon at the Canadian National Exhibition today, when he told them, in a matter-of-fact way, of the enormity of the Chippewa development scheme.

ANY WOMAN'S STRUGGLE FOR GOOD HEALTH QUICKLY REWARDED

A SIMPLE HOME TREATMENT NOW ADVOCATED THAT GIVES FINE RESULTS

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, she ought to know something is wrong. Nothing of only make matters worse. The best advice we can give any sick woman is to test out the following treatment.

At the close of every meal, with a sip or two of water, take two chocolate-coated Ferroses Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine.

"UNIQUE" HAS A GREAT FEATURE

The present attraction at the Unique Theatre is William Farnum—and some attraction he is. In "For Freedom" a deluxe production which had its initial showing in this city yesterday, this popular William Fox star equaled his best previous work on the screen—his best cannot be exceeded—and his admirers turned out in force to welcome him.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE

Frederick S. Kelle, M.D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-ness, should take a 6-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well; or are too thin; go to any good druggist and get this; go to any good druggist and get this; go to any good druggist and get this.

Alkali in Shampoos Bad for the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle and ruins it.

MORNING NEWS OVER THE WIRES

At a meeting of Moncton citizens with milk dealers last night the latter gave their reasons for advancing the price of milk to fifteen cents a quart. The citizens are opposed to the advance and a suggestion has been made that cash and milk be established for the sale of milk in the city.

Admiral Kolchak is reported to have asked Japan for help, offering the island portion of the Russian Islands and the Ussuri region as compensation.

Democrats and Republicans in the United States senate are hopeful of a compromise in the controversy on certain reservations in the league of nations covenant.

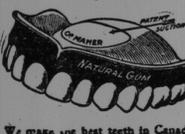

A drive for funds for the Protestant orphanage to be established in Martello Hotel, St. John, will be made in Fredericton tomorrow. D. Hipwell and W. M. Campbell of St. John spoke at a meeting in that city last night in the interests of the fund.

William G. Simmons is in jail in Fredericton, charged by his mother-in-law, Mrs. Agnes M. Armstrong of Fredericton, with bigamy. She is the mother of his second wife, according to her session, the accused having been married in England, where his first wife and one child are now living.

Ray Adjourner Earlier Than Was Expected

Ottawa, Sept. 8.—Because of the lack of business being dealt with or offered, except the ratification of the peace treaty which was the occasion for the session, there is talk among many members of parliament of an early adjournment. The treaty will come up for further discussion in the house today. In yesterday's discussion, D. D. McKenzie, leader of the opposition in parliament, was heard at some length, while others who took part in the debate were Hon. Mr. Sifton, Mr. Devlin, Mr. Picaud and Rev. Mr. Steacy.

A Wonderful Discovery Cures Catarrh Permanently

Formerly doctors prescribed stomach treatment for Catarrh and Bronchitis. They seldom cured and Catarrh has become a national disease. Today the advanced physician fights Catarrh by medicated air. He fills the lungs, nose and throat with the antiseptic vapor of Catarrhose. It is easy then for Catarrhose to cure. It contains the essences of pure pine balsams, reaches all the germs and destroys the disease. Every case of Catarrh, Bronchitis and Some Throat can be cured by Catarrhose. The dollar outfit lasts two months and is guaranteed to cure; small size 50c; trial size 25c. All dealers or Catarrhose Co., Kingston, Ont.

JAPAN AND KOREA.

A marked change in the attitude of Japan towards Korea is indicated by a statement made by Baron Minoru Satou, recently appointed governor-general of Korea, on the eve of his departure for Seoul. In this announcement of his policy, Admiral Satou promises that the old methods of punishment would be abolished, the right of free speech would be granted, and a Korean autonomous government in villages and districts would be instituted, with the eventual goal of Korean representation in the Japanese diet. The programme outlined does not meet the Korean demand for independence, but it gives promise of a vast improvement in the condition of the people of the formerly called hermit nation.

When Japan first took possession of Korea, promises of fair treatment were made, but unfortunately they were not carried out as fully as the people were led to expect. The Japanese must be given credit for instituting many reforms and improvements in the conquered country, but the general benefit of these changes was enjoyed more by Japanese settlers than by the natives. The rights of the Koreans were not given much consideration, especially when they happened to conflict with the desires of the invaders. The tendency of Japanese rule was to make Korea a Japanese colony, in which the Koreans would be permitted to continue to live and find their usefulness as servants of their new masters. The attitude of the governing race was one of repression and domination, and it was not to be expected that a people so intelligent as the Koreans would suffer this in silence forever.

Although a primitive people in many ways, when measured by our standards, the Koreans were heirs to a civilization older than either ours or that of the Japanese; education was not neglected and their arts and handicrafts were not to be despised, their method of living was simple but it seemed to suit them and they had been content to go along in their own way without interference from the outside world until scarcely a generation ago.

Perhaps the greatest weakness of the nation was the lack of ability shown in self-government. Under their own monarchy the chief purpose of the government seemed to have been the collection of taxes and of the money so raised a greater proportion went to corrupt officials than was used for the general welfare. Lacking in initiative as they are, the guidance of a stronger people might easily be beneficial to them, and their future as a small and weak independent nation might not prove so attractive as their visions of independence made it appear.

The peculiarly peaceful "revolution" which took place in Korea this spring, although costing the lives of many Koreans and bringing suffering to many more, has produced beneficial results. Coming at a time when the rights of smaller nations were receiving the attention of the world, their appeal for independence attracted more attention and more sympathy than it might before the great war established new international ideals. Undoubtedly the Japanese had been influenced by the attitude of the Allied nations as shown in the peace conference discussions and they were more prepared to grant "reasonable concessions than would have been even a few years ago. The policy now proposed measures up fairly well to British ideas of fair treatment for a dependent people who have not yet proved themselves capable of self-government and if it can be carried out successfully a much brighter day for the Koreans is dawning.

MUNICIPAL BUILDINGS.

The shell of the old court house still stands, forlorn and desolate, awaiting the decision of the city and county councils regarding the policy which is to be adopted in connection with the municipal building problem. The temporary provision made for the courts is excellent as an expedient, but it is not a permanent arrangement and cannot be continued indefinitely. The lack of room in the city hall, which necessitates the use of offices in three other buildings will not remedy itself. The county offices are located in rented premises and other public offices are scattered over the city.

This situation was aired pretty thoroughly at the time the court house was destroyed and the need for radical action, rather than a policy of patchwork and repair, was generally admitted. There was considerable difference of opinion regarding the proper solution of the problem, and the possible cost involved made many hesitate to approve of suggestions for building on a really adequate scale, and so public interest in the matter waned and action was postponed.

Even if the city and county are not prepared to go ahead just yet with the erection of a suitable building which would provide room for all the municipal and other public offices which might find a home in such a structure, some action must be taken before long. Meanwhile the time which is elapsing must be used profitably in deciding what is to be done, in settling on a plan

and preparing to put it into execution when circumstances warrant.

The school trustees are to be congratulated on their decision to appoint a committee on vocational education and it is to be hoped that this will be but the first step towards active efforts to provide the training in this branch to which the children are entitled, and which is required if St. John is to retain her present position and increase her activity as an industrial community.

Vocational training is the surest stepping stone towards a useful and successful life for many of the pupils in the public schools and it is an essential for the development of the industrial life of the city. The course contemplated is but a beginning of what should grow into a much larger scheme in the future, but it provides a sound foundation on which to erect the system of technical schools and colleges which should follow. At present the important thing to do is to make a start.

Not only in the city of St. John, but throughout the province, the announcement that the Martello Hotel building in West St. John has been secured for use as temporary quarters for the extension of the Protestant Orphans' Home will be received with satisfaction. It has been a serious reflection on the city and the province that sufficient accommodation was lacking for the care of bereft children. Every child is entitled to a fair start in life and the general recognition of this fact was shown by the prompt action of prominent citizens so soon as the situation was brought to their attention. There should be no difficulty in securing the funds required to provide for the immediate needs of the orphans and for placing the work on a permanent and substantial basis.

It must have been a very galling thing for the Germans to know that their giant ship the *Vaterland*, was being used throughout many months of the war to transport American soldiers to the European battlefields. Seized by the Americans and re-named the *Leviathan*, this second largest vessel in the world made nineteen round trips, taking over or bringing home fighting men of the United States. And now her war work is ended, crowned with the honor of bringing home the American Legation, General Pershing. To peaceful pursuits her future will now be dedicated.

The re-opening of the schools, the return of city families from the country, the tang in the morning air, all denote the end of our all-too-short summer. September should give us pleasant days but thoughts soon must turn to the time of snow and furnace fires and the stock in the coal bins.

CHANGES PORTFOLIO.

With October 20 set for the prohibition referendum in Ontario the "vets" and "drys" have six weeks in which to campaign. And it will likely be a lively period.

One more day left to save the five per cent discount on city taxes.

Hon. A. L. Sifton, who has been transferred from the ministry of customs to that of public works. He was one of the signatories of the peace treaty on behalf of Canada.

A Time to Stop. Toronto Mail and Empire: This constant yielding to demands for unwarrantably high rates of pay is one of the banes of government control of railways. Politicians are easy prey for a powerful group of unions, because they think that a deficit to be made up out of general taxes is less offensive to the public than bold resistance to unwarranted demands. It is, therefore, a welcome sign of sane recognition of hard facts by the railway board, that the President of the board has turned down the shopmen's main requests. Unless the vicious circle of widening costs is to bring disaster, there must be a check somewhere, and the shopmen's request is a good place to begin.

To Cut Down Prices. Buffalo Express: Chicago would not stand for the fifteen-cent shine and went on strike. Shines are now ten cents. Ought that not to encourage us to strike against the 50-cent hair cut.

Wars and Rumors of War. Toronto Globe: The wars in Europe show no sign of abatement in spite of the peace conference.

Rippling Rhymes

Walt Mason

(Copyright by George Matthew Adams.)

RELIEF COMING.

Be patient yet a little while, and winter will return; the blasts will come in arctic style, the blasts for which you gear. A little more of ardent heat, that heat which is a crime, and we may all exult in melt and have the hangedest time. What though all night we toss and roll, and slumber does not come? 'Twill soon be time to shove coal and make the furnace hum; then life will be one round of bliss without a caring care; remember it, on days like this, and cease to sigh and swear. Be patient, for it's always wise to bravely stand the gaff; so boil the germs and sweat the flies, and at hot weather laugh. The geese will soon be flying past to dodge the polar storms, and following, the eager blast will cool our fevered forms. And all our cares will disappear when winter brings its snows, and we have frosthite in the ear, and chillblains in the toes. How merrily we'll pay for coal that costs twelve bucks a ton, the precious knowledge in our soul, that summer days are done!

I Follow.

I follow the lure of the lips of the morn,
The breath of the pine bough, the call
Of the corn,
The murmur of springs,
And the butterfly's wings
That flutter and fleet over height, over
hollow,
The voice of the wind as it chants, as
it sings,
I follow, I follow!

I follow the luminous light in the west,
The flickering sheen on the oriole's
breast,
The beckoning fern,
And the beckoning burn,
The kingfisher's dart, and the sweep of
the swallow,
Aspiration and impulse and all things
that yearn,
I follow, I follow!

I follow, I follow, I follow afar,
The path of the sun and the path of the
star
To the secrets of birth
And the wounds of death;
While leaving behind me the empty and
hollow,
I seek what makes sweeter and fairer
the world,
I follow, I follow!
—Clinton Scollard, in the N. Y. Sun.

LIGHTER VEIN.

She Pinned the Policeman.
"Here, my wife been taking coals to
Newcastle."
"In what way?"
"She drove her car against the traffic
policeman, pinning him to the scampgrove
stand, and so she pinched the policeman."
—Baltimore American.

"First you talk of a jewel robbery,"
said the policeman, "and now all you
have to say is that you have lost your
cook." "Well," exclaimed Mr. Crossland,
"that cook was a Jew, and some of the
neighbors came around and stole her."

"Heah Ah comes back from de wah
an' yo' done swore to be true to me."
"True? Was you true to me when you
kept writin' all about your engagements
with dat big Bertha ovah thah?"

"What occasioned the sudden dis-
appearance of Charles Cray from
Crimson Gulch?"
"Too much safety first," responded
Cactus Joe. "Just before the poker game
I started the boys caught him marking
the deck."

The Principle the Same.
A well-known lawyer, in the per-
oration to his speech, said in a low, deep,
and most impressive voice:
"Gentlemen of the jury, the Scriptures
tell us that Pontius Pilate wrote of the
outward and invulnerable wall of
mighty Nineveh these terrible and tragic
words, 'Mene, mene, tekel, upharsin,'
which, being interpreted, mean—"
"The Scriptures," the judge snapped
in anger, "don't tell us that Pontius
Pilate wrote any such words on any
wall anywhere."

Interference in Europe.
Ottawa Journal: Some people profess
a passionate desire to see newly liber-
ated countries of Europe work out
their own destiny, resenting anything in
the nature of interference on the part
of the Allies. It has been argued espe-
cially that the Allies had no business
to butt into the affairs of Hungary, re-
leased from Hapsburg tyranny and set
free to establish a government of their
own. But how has interference from the
Allied peace council affected the interests
of Hungary? For the better, surely. Al-
lied suggestion ended the regime of the
Bolshevik Bela Kun government. Now,
it has defeated the attempt to resurrect
the Hapsburg dynasty under Archduke
Joseph. Hungary, it has been contend-
ed, should be free to choose its own gov-
ernment, but in the chaotic condition of
the country the people are unable to
choose for themselves. If they were
able, would they select either a Bolshe-
vist or a Hapsburg government? Surely
not. So-called Allied interference has
not usurped the proper rights of the
Hungarians, but rather has been in the
direction of their preservation.

A Woman and a Throne.
Calgary Herald: Prince Charles of
Roumania has renounced his right to
the throne of that country. It was a
case of giving up the woman of his
choice or passing up the royal title, and
he took the latter course. There is
no question but that the prince did the best thing
possible under the circumstances. European
thrones are none too secure these days,
anyway, while the love of a good woman
is the most certain and constant thing
in the whole world.

Looking to Quebec.
Toronto Star: The fortunes of Glen-
garry are within their rights in refusing
to accede to the election of Hon. Mac-
lennan King by acclamation. Mr. King
may be unable to enter the house at
present except by way of Quebec. Why
should there be any objection? Surely
it is to the credit of a French-Canadian
constituency to be broad-minded enough
to elect a member who is not of the
French race and who does not hold the
prevailing faith of Quebec.

CLOSE QUARTERS IN ROCKIES.

New York Herald—A mining en-
gineer was taking a little exercise one
morning in the Rockies and as he passed
a moment to look about, a few bones
caught his eye. The meat was picked
from them, but the gristle was quite
fresh. "Ah," he thought, "a bear must
have been enjoying spring lamb."
He thought better, and he instantly saw
her. Lurching down the steep, and
stopping directly in his path, was a
huge grizzly, which was evidently as
much surprised as the man, but not so
frightened. The bear rose on its hind
legs, waving its paws, and looked at the
man attentively.

The engineer returned the stare, glance
for glance, not knowing what else to do,
half expecting the bear to run, as most
four-footed wild and feeling backward at
the same time for a footing that would
give him range enough to use his rifle.
As he took a step backward the bear
stepped forward, growling. Oh for a
tree. If there had been one in sight he
would have risked running for it, as
grizzlies are good climbers, like the
black bears; but there he was—he could
neither run nor shoot. His enemy gave
a grin and a growl, and took another
step forward, clawing him.

The engineer dared not lift his rifle to
his shoulder lest the bear should grab
the muzzle, but he managed to grasp the
butt down on the grizzly's nose with
a heavy blow. The bear was only en-
raged, not stunned, and gave a growl,
gnashing its teeth with a terrible noise.
For a moment the man expected no
other fate than to become the supper for
little bears.

Something cold slipped along his
shoulder and touched his cheek. For-
tunately he had sufficient nerve not to
turn. There was a sharp report close to
his head that made him deaf, and kept
his ears ringing for months afterward;
but the bear pitched forward, just clear-
ing his head, rolled down the rocks to a
ledge below, shot through its wicked eye.
A friend had come to the aid of the
engineer.

RUINED BY VICTORY.
World Outlook:—Will the war cost
the French more per capita than it will
cost the Germans? The Paris Mail be-
lieves that it will, and gives figures to
prove the case:
"The war cost France \$25,000,000,000."
"Of the \$25,000,000,000 demanded by the Allies from Germany,
the share of France will amount to about
\$18,000,000,000. Consequently, France
will have to produce from her own re-
sources about \$7,000,000,000. According
to Mr. Bertillon's calculations, the war
has reduced France to a population of
35,000,000."
"Germany has not been invaded, and
her industries can be immediately put in
order. Her minister of foreign affairs
has said officially that the Ger-
man nation expended \$84,000,000,000
in the war. With the indemnity of \$25,
000,000,000 added to this figure, the total
amounts to \$109,000,000,000. The popu-
lation of Germany is approximately 68,
000,000."
This means that the war debt of each
Frenchman is more than \$1,400, while
that of each German is less than \$900.

THE RICH MEN'S SHOES.
Chicago Tribune:—A number of cor-
respondents indulge in scorn and ridicule
because certain of our rich men elect to
wear their old shoes. We think they
miss the point altogether. Assuming
that these men, despite the income tax,
could afford new shoes, it does not fol-
low that their economy is merely a ges-
ture. In any event, we the proletariat
should be thankful. Suppose every man
who could afford to do so should buy
luxury, ten pairs of new shoes every month,
what would be the effect? Why, the
price would probably advance so rapidly
that we should have to wear our old
shoes also. There is a scarcity of leather,
why blame the rich if they release more
of it for the rest of us? More broadly,
economy in present should be regarded
as a national necessity, and the economy
of a rich man helps just as much in the
scheme of things as that of the poor
man. It is a persistent fallacy that ex-
travagance is virtue because it "puts
money into circulation."

TROUBLE FOR POSTERITY.
Seattle Post-Intelligencer:—A few
generations hence when some newly rich
start tracing their genealogies there will
come a sudden halt when they run into
the court proceedings where the name
Deutsch was changed to Baker at the
time of the war of 1914-18.

RESOURCES OF CIVILIZATION.
New York Herald:—They found 55,
000 pounds of gold in New Jersey which
had been in storage since 1917. This sug-
gests the case of the man who said, "I
ordered three-minute eggs and they
brought me one that were laid before
the war began."

A MANY HORNED BULL.
London Free Press:—The Irish Na-
tionalist who wants the government "to
take the Irish bull by the horns" prob-
ably has no idea with how many horns
this particular dilemma is provided.

Amateur Shopkeepers.
Montreal Gazette: The 100 Winnipeg
housewives who are planning to start
a big retail store are full of enthusiasm
for the venture. But wait till they be-
gin to have the usual buyers' troubles,
not to mention the worry of managing
their salesmen and drivers. And, besides,
there are the taxes to consider, and the
law's restrictions as to hours of sale, etc.
Keeping shop is a serious and care-
taking business if success is to be
achieved.

At War With Russia.
Springfield Republican: If it is true
that Kronstadt is being destroyed by a
British fleet it will be still more diffi-
cult to keep up the pretence that the
Allies, or some of them, are not at war
with Russia.

Praise for Currie

Calgary Herald:—Sir Arthur Currie is now a full-fledged general and has been made inspector-general of Canadian forces and military adviser to the Minister of Militia. This is but slight recognition of the service he rendered in the field of battle, but it expresses the unanimous feeling of the people to a distinguished soldier. It is the highest office gift the people had to offer in a military way.

ANSIT STRIKE HALTS ELEVATORS IN FIFTY STOREYS

New York, Sept. 9.—Alpenstocks came suddenly into great demand here this morning and mountain climbing became painful necessity rather than an exhilarating sport. The cause of it all was another transit strike, in which there was no chance for the jolting jitney nor was there any motor truck to figure as he road agents of relief.

All the firmen who supply power for the fifty-four elevators of the fifty storey Metropolitan Life Building, walked out this morning, and the ten thousand tenants and employes walked upstairs. Not quite all had to walk, as power enough for the 'lift' to the tower was ticked out but this gave only infinitesimal relief, as shown by the fact that the ten thousand regular tenants who begin using the elevators around eight or nine o'clock constitute only a fraction of the other thousands of daily business callers at the second tallest sky toucher in the world.

From eight o'clock to nine o'clock the rush resembled one of the old Brooklyn bridge rushes of pre-subway memory, and when short-winded and shorter tempered horses began to tramp the treadmill, it became still worse. Men whose knees are only used to subway stairs and wine cellar ladder navigation, found their lack of goose step technique a genuine handicap, and many a case of incipient indigestion was nipped in the bud.

ES FOR \$100,000 FOR BREACH OF PROMISE. Boston, Sept. 9.—A suit for \$100,000 alleging breach of promise has been entered in the Suffolk superior court by Ella Peters of Boston against William J. Campbell of Washington Court House, N. J., who, according to her allegation, is now stopping in this city.

FATHER OF LABOR LEADER SAMUEL GOMPERS DEAD. Boston, Sept. 9.—Solomon Gompers, father of Samuel Gompers, president of the American Federation of Labor, died at his home in the Dorchester district last night.

There's a big difference between Post Toasties and ordinary corn flakes. Crisper. Thicker. Richer flakes full of food value, and economical. says Bobby

THE BIRD'S SAY WE HAVE HARD WINTER COMING

Cedar Grove, N. J., Sept. 9.—It will be a long and hard winter says Albert Payson Terhune. Leastways, Mr. Terhune informs the Cedar Grove Board of Poultry Trade that his infallible prophets, the peacock, Caruso, and the pea hen, Melba, tell him so. Here is part of his letter to the Board from his home, 'Sunnybank,' Prompton Lakes:—

APPEAL TO HAVE THE BRITISH TROOPS KEPT AT ARCHANGEL

London, Sept. 8.—The Archbishop of Canterbury has received a despatch from Archangel signed by the bishop and clergy, appealing to British Christians against the withdrawal of British troops, which they assert would leave Archangel to the horrors of Bolshevism rule.

GETS \$500 FOR HONESTY

Providence, Sept. 9.—C. C. Gross, aged eighteen, who is harvesting on his father's farm near Chepachet, has \$500 in cash as a result of his honesty in returning a bag worth \$9,000 to Mrs. Greenville Brown of 87 Williams street, this city.

RECENT WEDDINGS

At the home of Mr. and Mrs. T. H. Hason, Armstrong's Corner, a wedding took place when their daughter, Margaret A., was united in marriage to Alfred R. Anderson, of Hunteau, Sask., by Rev. A. E. Chapman. The ceremony was performed in the presence of immediate friends and relatives.

RECENT DEATHS

Mrs. H. Price Webber. News of the death of Mrs. H. Price Webber, which occurred at Farrboro, N. S., on Monday morning will be received here and throughout the maritime provinces and eastern states with deep regret. Mrs. Webber, who was seventy years of age, has been known to theatre goers in the east for more than a generation. For forty years, under the stage name of Edwina Grey, she played leads in the Boston Comedy Company with her husband and in every town and village, as well as in the larger centres she had hosts of friends. For the devoted husband deep sympathy will be felt. The body will be taken to Augusta, Maine, for interment.

LOCAL NEWS

The employees of the customs house yesterday received their bonus, ranging from \$400 to \$75, according to the rate of pay received by the members of the staff. Nursing Sister Mary E. Barnhill, daughter of Mrs. W. F. Barnhill, Fairville, has returned home after three years' service overseas. She left here in September, 1916, and served for two years in hospitals in France and later at Orpington, Bearwood and Buxton. Leo J. Duffy, a member of the dominion executive of the G. W. V. A., left last evening for Ottawa, where he has accepted the position of assistant secretary-treasurer of the dominion executive. He has many friends in the city who wish him every success in his new appointment.

Manchester Robertson Allison Limited KING STREET GERMAIN STREET MARKET SQUARE

DIG UP BODY OF TWELVE FOOT MAN

Discovery Made By Michigan Policeman in Vegetable Garden—Body Well Preserved. Jackson, Mich., Sept. 9.—While digging at the rear of his home in North street this afternoon, Oren Nierman, a city policeman, struck what he supposed to be a stick of wood about two feet below the surface, and as he continued the excavation he was startled to find that he had uncovered a huge human hand. He hastily piled the dirt back into the hole, but later decided to continue the excavation. As a result he uncovered the well-preserved body of a man twelve feet seven inches in height. News of the discovery spread rapidly, and so great was the crowd that gathered that the police were called out to hold the people back. The body is intact in every detail and apparently is petrified although the skin was broken by a shovel when the digger first struck it. The legs are of great length, measuring approximately six feet from the thigh to the sole of the huge feet. Even the finger nails are still in place, and the ribs and bones are of large human hand. The hair on the head is black and rather scant. Among those who viewed the body after it had been excavated this afternoon was Dr. H. B. Neagle, city health officer. As yet no theory is offered to account either for the size of the body or for the location where it was found.

TROUBLE REPORTED IN FERMOY, IRELAND

London, Sept. 9.—Fermoy, a town in Ireland, nineteen miles northeast of Cork, was terrorized by a mob for an hour last evening, according to a despatch to the Exchange Telegraph Company. Fifty shops were damaged, one jewelry store being completely demolished. The loss is estimated at several thousand pounds sterling.

A trial fitting by our corsetiere will convince you of the style, figure improvement and comfort that is derived from the wearing of a Modart. The new fall designs are now ready. Phone for Fitting Appointment—"Corset Department" Daniel Head of King Street

CASE DISMISSED: THE COSTS MATTER STANDS. Murray Myles of Main street, North End, who was arrested on last Thursday in Kings county by Sub-Inspector Merryfield and has since been confined to Hampton jail, was tried yesterday in Hantsboro before Subordinate Magistrate P. W. F. Brewster on a charge of having intoxicating liquor in his possession and offering it for sale. Chief Inspector W. D. Wilson appeared for the prosecution and the defendant was represented by Pwyl M. Sproul. No evidence sufficient to convict was obtained and Mr. Sproul moved that the information be dismissed with costs, citing authorities in favor of his contention. The magistrate dismissed the information and reserved his decision as to costs until Saturday. In honor of her coming marriage, friends of Miss Margaret Craft called at her home in Harrison street last evening and tendered her a novelty shower. The evening was pleasantly spent.

RATIFY TERMS OF SETTLEMENT OF ACTORS' STRIKE

New York, Sept. 8.—Terms on which the recent theatrical strike was settled were ratified today at a meeting of the Actors' Equity Association.

THREE LEGAL LIGHTS

regiment in the Old Land, wearing a typical Highland glengarry and tartan. The picture of the Prince was loudly applauded and the orchestra rendered that feeling melody, "God Bless the Prince of Wales," which seems to breathe such a well-meant prayer for the lad.

U.S. SENATE PASSES PROHIBITION ACT

Adopts House War and Peace Time Bill With Few Changes

Wets Make Last Stand—Wadsworth Says President Can Call Demobilization Ended Regardless of Treaty

Washington, Sept. 5.—The bill providing means to enforce wartime prohibition and the nation-wide prohibition act under the constitutional amendment which is written to become effective next January, passed the senate today with only scattering opposition.

SMUGGLING CRUDE OPIUM FROM MEXICO

A Large Sum Reported by a German Banker

Mexico City, Sept. 8.—A shipment of crude opium consigned as Japanese "cigars" was imported into Mexico through Salina Cruz on March 30, 1917, from Kobe, Japan, according to declarations made by W. E. Herrmann, described the papers here as a "German banker in a disposition made in court, following a vigorous anti-opium campaign by the press.

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud.

MAGIC BAKING POWDER

contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other. Made in Canada By Canadians For Canadians

DAINTINESS IN HOSIERY!
Essential isn't it? Yet ideas of thrift urge one to have, as well, the dependable Penmans quality.
Now, buying of fine hose is simplified—wonderfully. Your natural preference for sheerness, coloring, shapeliness, soft texture may be satisfied, prudently, if you remember one thing—the name Penmans.
Daintiness is not extravagance when you buy Penmans.

Young Alerts Win

The Young Alerts won last evening in the Forest Street Stairs by a score 4 to 2.

Baseball Income Taxable

It was ruled by State Controller Travis New York the other day that professional baseball players and umpires employed during the last season, although residents of other states, are liable to the state income tax law.

withholding agents, to deduct and withhold a tax based upon the amount earned by their employes within the state.

To determine this sum, the controller said, where the services were performed partly within and partly without the state, it would be necessary for these officials to divide the amount paid them as annual salaries by the number of games played or umpired.

In making public this decision, the controller pointed out that the work done, rather than the person, or place where payment is made, is to be considered the source of income.

In the concluding paragraph of his opinion, the controller said that the officials of the several clubs as well as the clubs themselves were not subject to the payment of a state income tax excepting as individuals.

The day was marred by another accident in which Patrick Cherrier, pilot of the Armada, had his left leg broken.

The Chamber of Commerce stake for 200 paces developed a lively battle between Edward P. and Little Batsie, the former taking the first and third heats turning the stiles in each instance in 2.04.

Leonard Wins. Syracuse, N. Y., Sept. 8.—Benny Leonard, lightweight champion, defeated Johnny Clinton of New York in a ten round bout here tonight.

British Challengers. London, Sept. 8.—The British tennis team challenging for the Davis cup will be composed of Almeron Kingscote, A. H. Love and A. E. Beamish.

Higher Phone Rates. The application of the N. B. Telephone Company for permission to increase their rates will not be presented to the public utilities commission for a month or six weeks yet, partly owing to the absence of the company's solicitor, J. B. M. Baxter, and partly to the time required to of their case.

Stewart Gordon and William Drake, who are leaving the city shortly, were guests at a farewell dance given by a number of friends in the studio last evening.

COULDN'T WORK FOR 8 MONTHS

Dan McLean Spent Four Hundred Dollars Seeking Health — Is Restored By Tanlac

"I consider my first bottle of Tanlac has been worth all of one hundred dollars to me," declared Dan McLean, of 835 Esplanade street, Sydney, Nova Scotia, while in Turnbull's Drug store for more of the medicine, recently.

"On the 15th of last September," he continued, "I was taken down with the flu and was never able to get anything to put me on my feet until I found Tanlac. I was left so weak that I could not hit a lick of work for more than eight months and this meant a loss of from \$120 to \$180 a month to me, for that is what I was making before getting down. I also paid out \$400 for treatment and medicine trying to get my health back, so you can see what that spell of flu cost me. I could not walk from town to my room without stopping several times on the way to rest and after the trip I would puff like a steam engine.

"Seeing by the papers that Tanlac was helping so many others who were in a run-down condition, and thinking it might help me to get on my feet, I bought a bottle. Well, it may sound exaggerated but it's the truth, after taking my fourth dose of Tanlac I could tell it was what I needed and was going to do the work, and I have been gaining ground ever since. Why, I never ate more than fifty cents worth of food a week before I got Tanlac, but now I want to eat the time and no matter what kind of food is set before me, I enjoy it. I have just finished my first bottle of Tanlac and I am feeling well enough already to go back to work.

Tanlac beats anything I have ever seen or heard about; it is no more like other medicines. I have used them all like night. Before taking it my nerves were so shattered that I could never get a good night's sleep, but now I sleep like a log. I also do not get that kind of headaches, but they have been broken up entirely. Tanlac is simply making a new man of me and I honestly believe it's the best medicine in the world, and anyone who gives it a trial will be convinced."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Adv.)

NEW TRAIN SERVICE THROUGH EUROPE Orient Express From Paris to Bucharest; Athens is on Line.

Paris, Sept. 9.—International train representatives of the British, French, Belgian and Central European railways met in conference in Paris for the past three weeks, with the object of establishing a new service of international trains. Subject to confirmation at a final meeting of all the delegates, it has been decided to run the Orient Express via the Simplon Tunnel, with through carriages between Paris and Bucharest and between Paris and Belgrade; a portion will go on to Athens.

In connection with this express there will be a train from Ostend to Milan and vice versa, via Brussels. Another international express is to run between Paris, Prague and Warsaw by way of Strasbourg and Nuremberg in place of the former Nord Express. The time-table for this train through the German countries concerned remains to be settled, and this is to be done at Strasbourg in time for the final meeting in Paris, which is fixed for Saturday. It is expected that this train will begin on September 15.

Hun Atrocities Nothing Compared to Insane Russians, Says Lieut. J. Light.

New York, Sept. 9.—"An anarchist is a gentleman compared to a Bolshevik," according to Lieut. John Light, Toronto newspaperman, who, during the war was associated with Hugo Walpole, British novelist in disseminating British propaganda in Russia and the Scandinavian countries. Lieut. Light was among the 373 military and civilian passengers arriving today from Liverpool aboard the White Star liner Celtic.

"There is undoubtedly a tendency to Bolshevism in Great Britain and in this country too, I hear," the lieutenant said. "But if the people only knew the real facts as we learned of them in the propaganda bureau, Bolshevism would be farthest from their thoughts. 'The horrors of German outrages, unspeakable as they are, pale before those of the insane Russians. A German would have to be diabolical in ingenuity to exceed some Russians we know of, who in the frenzy of revolution pulled their own officers to pieces alive. And that Bolshevik free love bureau—it is indescribable. 'The only salvation for Russia is to leave her to find her own salvation. Bolshevism there is dying a natural death. Admiral Kolchak is a great man, but Denikine is now the biggest man in Russia. Through him something may be hoped for.'"

The Celtic brought a total of 373 passengers, nowhere near her capacity. Coming up the harbor she passed the American transport Liberator, loaded to the gunwales with cheering doughboys. The sight caused a wave of comment among the 186 Canadian troops on board regarding the Canadian demobilization and the speedy American system. They complained that twice as many could have been brought on board the Celtic. Seven thousand Canadians were waiting in one camp alone, they said, and about sixteen thousand all over England, while British ships were coming this way half empty.

SEVEN AMERICAN SOLDIERS HANGED One White and Six Negroes Condemned by Court-Martial.

Paris, Sept. 9.—Colonel Herbert A. White, advocate-general of the American expeditionary forces, told the congressional committee yesterday that seven American soldiers in France were hanged as a result of general courts-martial sentences. In each case they were convicted of attacking a woman. One of the men was white and six were negroes.

Colonel White testified that 1,157 officers and 4,169 enlisted men were tried by general courts-martial for having committed major offenses. The number tried on minor charges was not divulged. Seventy-seven per cent of the enlisted men and 67 per cent of the officers were convicted.

LOCAL NEWS
BEST WISHES
Detective Patrick F. Biddiscombe left this afternoon by automobile for Devon, where his wedding will take place tomorrow. He was accompanied by Detective Kenneth Donahue, who will act as his best man at the ceremony.

PROBATE COURT
In the probate court before Judge H. O. McInerney, letters testamentary were granted in the matter of the estate of Celis Walters, who died on June 24, 1918, leaving real estate valued at \$2,400. F. L. Walters and Sarah Kane were appointed administrators. John A. Barry is executor.

PROBABLY COMING HERE
Three hundred and eighty-six men for discharge in the city are expected aboard the S. S. Cedric due at Halifax on Thursday. It is not definitely known whether they will be discharged here or at Halifax, but arrangements are being made at the district depot to handle them if they come here.

NO MARRIAGE LICENSES
It was not an easy job to arrange to get married in St. John yesterday as is ordinarily the case, no matter the willingness of those concerned. The reason was that the supply of marriage license forms had given out and none were obtainable in the city until today when a supply arrived from Fredericton.

COURT MARTIAL
A court martial is to be held in Fredericton tomorrow morning at eleven o'clock for the trial of Private Joseph Seppier, who is charged with desertion from a comrade. The composition of the court is as follows: President, Major B. Smith; members, Captain J. V. Keirstead and Lieutenant L. A. W. Stevens while Major F. Eason will act as prosecutor.

NOVELTY SHOWER
The home of Joseph Lamb, Silver Falls, was the scene of an interesting gathering last evening when a large number of friends of Miss Bessie Warren assembled and tendered her a novelty shower. Miss Warren received many beautiful gifts in anticipation of a coming event in which she is to be a principal. The evening spent delightfully in games and music and dainty refreshments were served.

AN AUTO CASE
A Hanington, was charged in the police court this morning with allowing his car to stand in Cliff street from 9:25 p. m. until 10:10 p. m. without its lights. Policeman O'Neill, in addition to giving evidence of the incident, said complaints had been made to him that this car had been standing in the streets on other occasions without lights. A fine of \$200 was imposed but was allowed to stand.

MISS FLORENCE DAVIDSON
The death of Miss Florence Davidson, East St. John, occurred yesterday afternoon, after a lingering illness. She leaves besides her father, William H. Davidson of British Columbia, three sisters, Laura of Wakefield, Mass., Winnifred of Lynn, Mass. and Marie of Milford, N. B. A large circle of friends extend sympathy to the bereaved ones. The body will be taken to St. Martins on the noon train tomorrow.

HAD LEG BROKEN
Alex D. McLeod of the C. P. R., Montreal, arrived in the city yesterday with his leg fractured in two places as the result of an accident at Three Rivers, Que., some days ago. He is now at his mother's home, 28 Celebration street, and is resting quite comfortably. Mr. McLeod was riding a motor cycle in Three Rivers on a brief holiday visit, when he was struck by an automobile. He has since been at his home in Montreal. Numerous friends here will regret to learn of his injuries.

GOOD ATTENDANCE EXPECTED
According to a letter received this morning from the Maritime Board of Trade by the local board, a good attendance is expected at the meeting of the maritime body in Moncton on September 17. The Nova Scotia board have signified their intention of attending in force and it is expected that a whole car will be required for the representation from Halifax. All the council of the local board have expressed their intention of attending and other members are also looking forward to the meeting.

SEPTEMBER BRIDES
McHarg-Beveridge
One of the prettiest and most interesting weddings of the season was solemnized at three o'clock this afternoon in the Fairville Baptist church, when Miss Clara Louise Beveridge, daughter of Mr. and Mrs. H. C. Beveridge of Manawagish road became the bride of James Lester McHarg of this city. The bride, who was given in marriage by her father, was charmingly gowned in white duchess satin and crepe-de-chene with silver trimmings, and wore a bridal veil with orange blossoms. She carried a shower bouquet of bridal roses and sweet peas. Little Doris Nickerson, a niece of the bride, made a pretty little flower girl, and six young ladies, intimate friends of the bride, performed the duties of ribbon bearers. Rev. A. S. Bishop performed the ceremony. The church was artistically decorated by girl friends with ferns and cut flowers, the color scheme being pink and white. The wedding march was beautifully rendered by Miss Irene Stylist, a music pupil of the bride. During the ceremony, Mrs. Murray Long sang "O Promise Me," and Miss Blain in the organ sang "I Love You Truly." Clarence and Chester Beveridge, brothers of the bride, acted as ushers. Following the wedding a reception was held at the bride's home for the guests. Many beautiful and costly gifts were received including linen, silver and cut-glass. Among the gifts was a substantial check from the N. B. Power Co. where the groom has been employed several years also a silver service from the choir of the Fairville Baptist church of which the bride was organist. The groom's gift to the bride was a beautiful neck-piece of fox fur. Mr. and Mrs. McHarg left on the C. P. R. train for Montreal, Toronto, Niagara Falls and other Canadian cities. They will reside in Windsor, Ontario, and the best wishes of many friends go with them.

Food Troubles in Breslau
Copenhagen, Sept. 9.—Reports from Breslau say that the food disturbances in the last few days there culminated on Monday in an attempt by the mobs to plunder the shops, which resulted in a clash with the police and troops. Blank volleys were fired and machine guns were posted in the streets. Many of the shops closed their doors.

SAD TALES OF LIFE IN CITY
A Union Alley Case in Which Husband is Charged With Wrongdoing
In the police court this morning Geo. Albert, 4 Union alley, was charged with assaulting his wife on last Sunday, and also with being found drunk yesterday. He pleaded guilty to both charges. Mrs. Florence Albert said that on Saturday night he wanted money to buy a pair of shoes and she told him she would get him the shoes but did not want to give him the money as she had five children to support and needed it all. On Sunday morning, she said, he choked her, saying he wanted \$10, which she gave him and he went out and returned intoxicated and called her abusive names. Yesterday morning, she said, he demanded more money, at the same time grasping her by the throat with both hands and calling her more abusive names. She said he picked up a chair but his sister-in-law rushed in and said, "No, George, you cannot hit her with my chair." When asked by the magistrate if she had marks, she said, "No, I have no marks, but my baby has the marks. When he could not hit me with a chair he picked up the tea kettle and threw it at me striking the baby on the head." The marks on the infant were shown to the magistrate, at which he remarked: "Did he do that?" Mrs. Albert said that yesterday when he was arrested he had \$5 left of the money she had given him. On cross-examination by the defendant, Mrs. Albert said that she did not induce men to come to her house with "lemon" and get him drunk so that he would fight with her. She also denied saying that she had said she hated him. On the conclusion of the evidence she told the magistrate that she did not want her husband punished, all she wanted was protection and that she did not want him sent to Dorchester. The defendant was remanded to jail for another hearing, as this was a matter for preliminary examination. Frederick Vincent was arrested by Detective Saunders last night and charged with not being able to give a satisfactory account of himself. Detective Saunders told of seeing this man in Union street this morning at 3 o'clock and on accosting him he said he was going to Mrs. August's boarding house at 218 Union street, but instead of going in that direction he went to Brussels street. The detective followed him and again asked the man where he was going. He said Mrs. King had put him out and he had no place to go, so was taken to the police station. The detective said that he had been in court before. The magistrate said that he intended to send him to jail for six months and also fine him \$50 or three months, but on a request from the detective he was remanded for further investigation. Raymond Thomas was charged with being drunk in Horsfield street last night. Policeman Thomas said that he found the man in an alley and on talking to him he said he was a former St. John policeman. The magistrate remarked, "O, yes, he was one of the 400 that were sworn in about a year ago." He was remanded.

REAL ESTATE NEWS
The following real estate transfers have been reported:
O. B. Akerley et al to G. W. McAulay, property in Lancaster.
Amelia E. Clark to M. K. Camp, property in Lancaster.
City of St. John to C. J. Dempster, property in St. John.
City of St. John to Sarah A. Lee, property in Lancaster.
A. H. Gale et al to G. R. Marshall, property in Portland Place.
G. A. Harding to Emma I. Heffer, property in Lancaster.
Heirs of Mary Miller to Fawcett Milling Co., property in St. James street.
Thistle Curling Rink Co., Ltd., to Sisters of Charity, property in Golding street.

ALONG THE RIVER
Passengers on the Ocoee yesterday saw the unusual sight of a three-masted schooner being towed up river. It was the Chas. C. Lister, bound for Fredericton. These craft have seldom been seen on the river during the last few years. Many motor boats were up the Reach on Saturday and Sunday. The weather was delightful both days, but Sunday night brought a heavy thunder storm toward midnight.
Gunners are now out after ducks in the small lakes. Two loons in Grand Bay did some artistic diving as the steamer passed down yesterday.
There were dances at the pavilions at Public Landing and Belyea's Point on Saturday night. The party at the Landing included some from Grand Bay and others from Brown's Flat. Quite a number of people will probably continue to go up river for the week-ends till the close of September. The country shows scarcely any of the tints of autumn as yet, and the days are warm and pleasant.
People along the Valley Railway saw with satisfaction that the country shows freight train on the line. It brought down two cars of granite, two of lumber, one of mixed materials, and one box car.

Men Who Are Considering The Clothes Question Will Find The Answer Here
Men frequently come into Oak Hall "just to look around"—not quite sure whether they wish to buy or not. There's no greater pleasure than to be able to please such a customer, and that we are able to do it is proved every day.
The reason we can do this is that our Men's Clothing Shop is filled with a tremendous variety of suits, in every desirable style—of real quality fabrics only—workmanship of the best—and last, but not least—you have the intelligent assistance of the most expert clothing salesmen obtainable, who's first duty it is to serve you to your entire satisfaction.

Once Again--The Living Room
"The greatest good for the greatest number" is the idea to the fore in furnishing the living-room. Every article in this main room of the home is used or enjoyed by every member of the family and all the visiting friends of the family.
There is something particularly "homey" about a living-room chair, a capacious davenport, a cheery welcome from softly shaded lamps—a gracious air of not being arranged for one individual but for sociable groups. The many new examples just now introduced here somehow convey that "sociable group" idea.
Come in at any time and stroll through to your heart's content.
