

FIFTY-SIX DEAD IN MEXICAN MINE

Greatest Disaster in History of Mexican Coal Mining has Appalling Death List. All Drakeboro is in Mourning at Kansas Calamity --- Yesterday Given up to Funerals.

Laredo, Tex., Feb. 2.—One of the greatest disasters in the history of Mexican coal mining, took place early today in the Palan mine, at Las Esperanzas, Mex. The toll of human life is officially placed at 56, while the list of injured numbers nearly as many.

The explosion occurred in the No. 8 shaft of the coal mine of the Esperanzas Mining Company and is attributed to the ignition of gas from a cigarette of a miner, who was smoking contrary to rules.

Assistance was immediately forthcoming and as soon as the air in the shaft could be purified sufficiently to permit rescuers to descend, many volunteers were ready to risk their lives in an endeavor to succor their stricken brothers below.

Three cages were sent down, all loaded. The first and second levels were intact, and beyond being frightened, the men working in these levels were safe. They were brought to the top as rapidly as the cages could be loaded.

The rescue party went down to the third level and as soon as the air could be sufficiently cleared, entered the various shafts and began a search for the dead.

Scattered about in various positions in the workings they found the bodies of the suffocated men.

After six hours work, 53 bodies were brought to the surface, while nearly 40 injured men were removed to hospitals for treatment.

The injured men were in the area where they were working at points in the third stage of the workings where they were practically protected from the rush of foul air.

Breathing Women. As the bodies were brought to the surface, screaming women and children were congregated about the mouth of the shaft.

Most of the killed were Mexicans, the Japanese miners being employed in other parts of the mine.

In Drakeboro. Drakeboro, Ky., Feb. 2.—With crepe hanging on every door along the two straggling streets of the little mining town of Drakeboro, the funeral corteges, headed by all sorts of improvised hearses, moving toward the cemetery, today was largely given over to the effacement of death's work in the Elk Valley coal mine.

MILLIONS OF EGGS HELD IN COLD STORAGE

Grand Jury Investigating Operations Of Packing Concerns Adduces Startling Evidence—

New York, N. Y., Feb. 2.—There are 35,000,000 eggs in one cold storage warehouse in Jersey City, according to the information placed before the Hudson county, N. J., grand jury today, in its investigation of the big packing and other concerns which maintain extensive warehouses on the other side of the Hudson river.

Prosecutor Pierre P. Garven, of Hudson county, has subpoenaed the managers of the Union Terminal Cold Storage Company, in whose warehouse the eggs and poultry are said to be stored, and officers of other large refrigerating companies to appear before the grand jury on Friday.

The investigation is directed against the cold storage concern as a basis for determining the cause of the high cost of meats and other household necessities. Prosecutor Garven said today that if he finds sufficient evidence to find an indictment under the common law he will order their prosecution for holding eggs, meats, etc., in cold storage to keep up prices.

PACKING COMPANY IN BANKRUPTCY

Affairs Of Mexican National Packing Company Are Involved—Company Is Controlled By English Investors.

New York, Feb. 2.—The Mexican National Packing Company, a New Jersey corporation, controlled by English investors, and operating a string of slaughter houses and packing houses in the republic of Mexico, under special concessions from the Mexican Government, failed today, with liabilities, including stock, of approximately \$37,000,000. The assets were not announced, but it is estimated that they are in excess of the liabilities.

The company will continue to operate its plants as usual, Henry Dekay was appointed receiver by Judge Lansing in the United States circuit court in New Jersey today.

The appointment of a receiver was not brought about by any condition in the live stock market, but by the tying up of a part of the company's funds in the United States Banking Company in Mexico City, which suspended recently.

Among the concessions held by the company, is an exclusive right to slaughter cattle in Mexico City until 1925. Its share capital is \$22,500,000 and it has a bonded debt secured by mortgage of about \$12,500,000, and a floating debt in the neighborhood of \$2,000,000, of which, however, only about \$300,000 is due.

PREACHING THE GOSPEL OF THE WEST COUNTRY

Dominion Commissioner Of Immigration In Remarkable Statement Tells Of The Work Of Canada's Agents.

ALL PREVIOUS RECORDS BROKEN

Winnipeg, Feb. 2.—"Never before in the history of western Canada have so many immigrants flocked into the country during November, December and January as in the last three months," said Bruce Walker, Dominion commissioner of immigration today.

All previous records for the same period have been doubled.

To Two Things. "I believe this is chiefly due to two things: the application of 1909, and the good reports concerning Canada spread about by the Americans who went home after a successful season in the country, with their pockets full of money and themselves full of enthusiasm.

"Last week three hundred and twenty settlers came into Manitoba from the south, each of whom possessed from two thousand to five thousand dollars."

Mr. Walker went on to say that over a thousand Americans had returned to the states for a brief holiday and that they constituted the largest and most persuasive band of immigration agents that Canada has ever had.

Not only were they coming back themselves but they were accompanied with scores of their friends.

"Further," he declared, "tens of thousands this Yuletide, heard for the first time the gospel of western Canada. They are looking forward to coming to this country of plenty and promise where their persons and property are safe. This winter rush tide is great now, what will it be when winter dies?"

The official record for the Saskatchewan crop issued the other day proves the province alone produced in the past season 90,000,000 bushels, which is two millions in excess of the yield announced officially in September.

Judge Stankovic, in charge of the hearing, Cohen faces a committing serious charges.

Counsel for the matter made application for his release on a writ of habeas corpus, and a long hearing Judge Stankovic, sitting as a committing magistrate, held Cohen in \$1500 bail, on the charges of conspiracy to entice the girl from the custody of her lawful guardian; attempted kidnapping and aiding and abetting in the kidnapping of Miss de Janon.

HIGH TRIBUTE TO THE MEMORY OF BAKER

Senate Gives Expression To The Loss Sustained By Canada In The Death Of Sir George Drummond.

HIS VARIED INTERESTS REVIEWED

Ottawa, Feb. 2.—In the senate today a high tribute was paid to the memory of Sir George Drummond, Sir Richard Cartwright who brought the matter to the attention of the House referred to Sir George's influential position as chairman of the banking committee, to his unostentatious character and to his remarkable collection of paintings.

Senator Loughheed said that as chairman of the banking committee his wide knowledge and experience and his high sense of honor furnished a guarantee to the people of Canada, that the highest talents would be brought to bear on the transaction of public business of the Senate. Sir George was a man of varied attainments and probably no Canadian had been of late years so largely identified with the financial affairs of the Dominion. For many years he was associated with Canada's leading banking institutions. For many years he was perhaps more closely identified with the development of the great manufacturing interests of the Dominion.

Senator Dandurand noted with regard to Sir George's chairmanship of a banking committee, that as illness kept him from attending the Senate regularly during the last two years of his chairmanship, he had an attorney from Montreal attend during the two sessions to keep him posted on the progress of bills that were moving towards the committee and which he was in Montreal as a liberal minded man, who did his utmost to maintain good understanding between the races in this city, and showing an earnest desire to promote harmony.

SEALED VERDICT IN CUMMINGS CASE

Decision Reached In Case Of Boston Note Broker Charged With Forgery By Former Treasurer.

Cambridge, Mass., Feb. 2.—A sealed verdict was brought in late today after four hours deliberation by the jury in the case of the note broker, which has been hearing the case of Chas. S. Cummings, the Boston note broker, charged with larceny and the uttering of forged notes in connection with the alleged fraudulent issues of Framingham town notes. These were discovered last October and led also to the arrest of the now treasurer, John B. Lombard, now under indictment in the case.

Cummings is charged with uttering a forged note for \$15,000 on the town of Framingham and larceny in two counts, one of \$15,000 on the note from the town and the second larceny from the Washington Savings Institution, of Lowell.

Lombard appeared as the principal witness against Cummings and testified that he had forged more notes on the town than he could remember, all at the instigation of Cummings.

Lombard claimed he had never profited personally from the sale of the notes.

Sir James gave them no hope of any action along the line desired, but listened favorably to the suggestion that the handicap be reduced to a smaller percentage. This he promised to carefully consider.

GREAT HOLES IN MAIN FROM PAIS STREETS

Thoroughfares Of City In Deploable Condition As Result Of Recent Floods—Wreckage Strewn For Miles.

ASSISTANCE BEING RENDERED SUFFERERS

Paris, Feb. 2.—As the flood recedes the streets of Paris present a deplorable condition. Miles of them in the districts along the Seine are covered with broken wreckage and the slime left by the waters, and presents in many places a dangerous pit and yawning gaps.

During the past 24 hours, the river has fallen from two to three feet, but below Paris, there are several feet of water and boats are to be seen everywhere, carrying relief to the sufferers.

Contributions are coming in from every point and the Americans here, as well as those in their own country, have been generous beyond all others. One of them, Rodman Wanamaker, has offered through the American ambassador, to supply one loaf of bread for every flood victim in Paris each day for a period of one month.

Precautionary Measures. Every precautionary measure has been taken to prevent the scourge following in the wake of the flood and the health authorities are sanguine that the danger of an epidemic of any disease except typhoid is a negligible quantity. Typhoid is always endemic in France, due undoubtedly to the polluted water supply.

The government has instructed the prefects of the departments and the provincial authorities everywhere, to enforce the most rigid disinfection as the waters recede. Already, large quantities of disinfectants have been employed and immense supplies have been concentrated in depots in each of the arrondissements of Paris, for free distribution.

General Brun, minister of war, has decided that as soon as their services can be dispensed with, the soldiers who have been taking part in the flood work, will be given a week's leave of absence.

At nightfall the Lyons and Austro-Lyons stations were surrounded by water, and the tracks of the Orleans and Invalides stations were submerged, the flood at those points being nine feet deep. The water is receding from the wine and spirit warehouses at Bercy Quay, the largest in Europe. The losses here alone, are estimated at \$10,000,000.

Probably it will be several weeks before Ambassador Bacon can return to his residence, the basement of which is completely under water.

OTTAWA VOTES AWAY A MILLION

PAID WOMAN TO SHIELD HIS PREDECESSOR

Prosecution Receives Another Jolt In Case Of Mrs. Stewart Ford Charged By Defaulting Treasurer With Blackmail.

Cincinnati, Ohio, Feb. 2.—Only about one fourth of the \$643,000 which Chas. L. Warriner, defaulting local treasurer of the Big Four R. R. has confessed to have embezzled was paid by him to Mrs. Jeanette Stewart-Ford and Edgar S. Cooke of Chicago, according to Warriner's testimony today in the trial of Mrs. Ford for blackmail. Calmly, the witness said that during the seven years he was embezzling the funds of the railroad, he was paying approximately \$1,000 a month to both Cooke and Mrs. Ford.

According to Warriner, he paid blackmail to Mrs. Ford, not because she knew that he was short, but because she was aware that Cooke was short in his accounts when he left the Big Four service and that when Warriner succeeded him, he concealed the shortage. This testimony was a surprise to the prosecution, for under an indictment, Mrs. Ford is accused of receiving stolen money. A second indictment however, charges her with blackmail only.

There was another unexpected turn in the trial, when it became apparent that Warriner has no intention of accusing his quondam friend, Cooke of blackmail.

The defense strove vainly to make Warriner admit that not only did Cooke blackmail him, but that he paid the money to Mrs. Cooke and Cooke's son. Warriner admitted that he gave considerable sums to Mrs. Cooke, but he maintained she never asked him for money, and the only reason he helped her and her children was "because they were the only ones I felt any moral obligation to assist."

Pressed for a further explanation, he said he meant they were innocent of any wrongdoing and he did not like to see them suffer.

The attitude of Warriner is not the least curious feature in the strange case. The man appears to positively enjoy the cross-examination. His composure is in strange contrast with the demeanor of the woman against whom he is testifying. Mrs. Ford weeps all most continually.

MONTREAL SKATER GLIPS HURDLE RECORD

W. G. Finlayson Of Montreal A Winner At Saranac Lake—Edmund Young Takes Lion's Share Of Honors.

Saranac Lake, N. Y., Feb. 2.—Six events were run off today at the annual international outdoor skating championships on Saranac Lake, Edmund Lamy, the half-mile, one-mile and three-mile champion came in far ahead of his opponents in the heats in which he participated. W. G. Finlayson of Montreal clipped two-fifths of a second from the 23-yard hurdle record.

Summaries. 220-yard hurdle, won by Phil Kearney, Brooklyn, and Edmund Lamy, Saranac Lake. Half-mile, heats won by Fred Robson, Toronto and Lamy. 220-yard hurdles, final, won by W. G. Finlayson, Montreal. Time, 25 seconds. Three miles final, won by Lamy. Time, 10 minutes, 3 seconds. Other finals will be decided tomorrow.

Government Passes Capital Expenditures on Intercolonial Railway --- \$46,150 for St. John.

King Succeeds in Retaining Services of Skelton --- Labor Department a Cyclone Cellar.

Special To The Standard. Ottawa, Ont., Feb. 2.—After it had settled the fact that the King-Verville Committee on the eight hour bill may employ Professor Skelton, the House turned to supply and after an hour discussion, voted the capital expenditures on the Intercolonial. This afternoon's votes aggregated about a million, taken in conjunction with the sums provided last night, the sum provided is \$1,175,945.

The items passed this afternoon were: Diversion at Chatham and branch to wharf, \$150,000. Moncton cut off line \$110,000. Moncton, locomotive and car shops, with equipment and freight yard, \$343,825. New machinery for locomotive and car shops \$33,700. Signal construction \$900.

Pintsch gas apparatus \$6,000. Riviere Du Loup engine house, etc., \$62,720. Robinson's crossway, subway, \$6,000. Side ladders for box cars \$1,000. St. John, increased accommodation at \$46,150. St. Rosalie, improvements \$8,500. Sydney Mines, diversion \$100,000. To increase accommodation and facilities along the line, \$38,700. Towards double tracking parts of line \$10,000. Truro, increased accommodation, \$42,000. Water supply increased \$45,100.

That Wallberg Case. In the course of the discussion the recent exchequer court judgment in favor of Mr. Wallberg in connection with the Moncton shops came up and Mr. Graham said that he was considering the advisability of appealing the judgment.

Another passage of interest was an appeal by Mr. Rhodes in connection with the vote for machinery for the shops. He urged that this machinery as far as possible be bought from Canadian manufacturers. The government above everyone else should buy from the Canadian makers.

It had been represented to him by manufacturers of the machinery that a large proportion of the new machinery in new shops had been bought in the United States, a large amount of it have been procured in Canada at little if any increased cost.

Mr. Graham agreed with Mr. Rhodes. He had made an order that should be done. Sometimes they came across a case where it was necessary to go outside the country for the thing. Mr. Rhodes observed that much of the machinery had been purchased before Mr. Graham's accession to office.

Dr. Daniel. Dr. Daniel started a discussion as to the lighting of cars, a thing if the Pintsch gas were safe, and noting the number of cases where it is added to the horrors of railway wrecks.

Mr. Graham said that he was assured that outside of electricity, which so far as the subject is concerned, adoption, the Pintsch gas was the cheapest. It appeared from a further remark that a recent improvement has diminished the jarring which formerly made it difficult to employ the best type of mantle.

With regard to the Chatham diversion, Mr. Rhodes noted that a local Liberal had acquired an old foundry property and apparently expected to sell it for the purposes of the diversion. He hoped the government would not pay too much rake off.

CONTRIBUTES AID TO NAVIGATION

Washington, D. C., Feb. 2.—An important aid to navigation has just been issued from the hydrographic office, in the shape of a volume of 364 printed pages, made entirely up of tables, the purpose of which is to enable a navigator to identify with precision, any star that he may see, even through a small rift of clouds in stormy weather. By the identification of a few such stars, the navigator will be enabled to get the position of his ship on the high seas, regardless of the sun or moon.

CONVICTS VICTIMS OF TYPHOID EPIDEMIC

Leavenworth, Kas., Feb. 2.—An epidemic of typhoid fever has broken out in the federal prison here. One man is dead, another is dying and several others are seriously ill. Nine patients are in the hospital with the malady.

GREYANS MAY BE DISCIPLINED BY POWERS

International Troops Will Occupy Island If Attempt Is Made At Representation In National Assembly.

London, Feb. 2.—Should the Cretans attempt to send delegates to the Hellenic National Assembly, convoked by King George, which would be considered as a serious threat to peace in the Near East, or in any way disturb the status quo, the international troops will be re-landed on the island.

One of the conditions under which the troops were withdrawn was that the Cretans should take no steps against the sovereignty of Turkey. The sending of delegates to the Greek Assembly certainly would be a breach of the agreement, and under the arrangement made at the time of the withdrawal of the powers, would result in the immediate return of the forces which occupied the island so long.

MORE TIMBER PLANTED IN MAINE THAN CUT

Mrs. Charles F. Flagg Of Portland Tells Boston Audience Of Lumbering Conditions In Neighboring State.

Boston, Mass., Feb. 2.—More timber is being planted in the large lumber holdings of Maine than is being cut, according to a statement by Mrs. Charles F. Flagg, of Portland, before the conference of presidents and vice-presidents of the State Federation of Women's Clubs of New England at the Vendome today.

Mrs. Flagg thus took exception to the statement of Edwin A. Start, secretary of the American Forestry Association, who had declared Maine was somewhat behind in forestry matters.

TORONTO MAN ATTEMPTS MURDER AND SUICIDE

Slashes Wife's Throat With Razor And Then Uses Implement Upon Himself—Both May Recover.

Toronto, Feb. 2.—William Bell, a laborer, cut his wife's throat with a razor and then tried to cut his own throat in a room at the Trust Bank, on Gerrard street east, late this afternoon. The bank clerks downstairs heard some one scream, but thought it was children playing and paid no attention until Mrs. Bell came staggering downstairs and collapsed in front of the main entrance. Mrs. Bell was hurried to the general hospital and Bell was taken to the police station.

He was not detained there, however, as his own injury was so serious that he also was rushed to the hospital.

NO SCHOOL TEACHERS FOR NAVAL OFFICERS

New York State Commissioner Of Education Turns Down Request Of Naval Man For Letters Of Introduction.

Albany, N. Y., Feb. 2.—Dr. Andrew S. Draper, state commissioner of education, today made public a letter he is sending to superintendents and school commissioners throughout the state, in which he says he has declined the request of an officer of the United States navy, engaged in recruiting service, who asked for a letter of introduction to school teachers to assist him in reaching the young men of the state.

HARRY CLINE WINS OUT FROM DEMAREST

Chicago, Ill., Feb. 2.—Harry Cline of Philadelphia defeated Calvin Demarest of Chicago tonight in the second game of the 18.2 ball-line billiard match for the national championship by a score of 500 to 450.

INTERIM REPORT

At the opening of the House Mr. King presented an interim report of the special committee which is considering Mr. Verville's eight hour day bill. This committee has been hearing evidence on the subject from Prof. O. S. Skelton of Queens University, who has paid special attention to the subject and has amassed a great amount of information. The committee recommended the appointment of a specialist, i. e. Prof. Skelton, for the purpose of compiling this information. Upon Mr. King moving this Mr. Blain declared that the proposal was unprecedented. The department of labor should have done the work.

The department could do it, replied the minister but its other work would suffer. As for precedent there was the case of Sir William Mulock's telephone committee which employed an expert.

Too Many Commissions. Mr. Haughton Lennox observed that the telephone committee had arrived at nothing. Would it be the same with this. There were too many commissions, he added. He was especially critical of the conservation commission, apprehending that the informa-

ORIGINAL NOTES

HYDRANTS FROZEN AND TAMPERING CHARGED

Engineer Murdoch in Report to Water and Sewerage Board Connects Freezing of Two Hydrants With Inspection By Underwriters—Sale of Mispac Pulp Mill and Development of Water Power Are Favored.

Something of a bomb was exploded at a monthly meeting of the water and sewerage board, last evening, when the city engineer reported two frozen hydrants and connected with this fact the alleged tampering with the water pressure by representatives of the insurance underwriters on Tuesday last. The report was headed, "Tampering With Fire Hydrants," and spoke of the incident as a very serious matter. Ald. Kelley expressed disbelief as to the correctness of the report.

There was considerable discussion on the question of water power and a water engineer advising the sale of the Mispac pulp mill and retaining all rights on the stream. Some pertinent questions were asked with reference to the qualifications of George W. Hatfield as assistant city engineer. Ald. Frink presided and Ald. Hayes, Lewis, Christie, Scully and Kelley were present.

Water Power on the Mispac. The city engineer reported in favor of the disposition of the Mispac pulp mill and retaining all rights to water power on the stream. The report was made at the suggestion of the Board of Trade that the question of supply water power to industrial concerns should be investigated.

Repairs Ordered. There was some further discussion and on the chairman's suggestion it was recommended that the city engineer make repairs at once to the sewer. Mr. A. C. Fairweather wrote on behalf of Miss Ada A. Murphy, of Rodway, that she wished either a reduction of water rates, the pipe removed, or an annual rental of \$10 paid by the city.

The Assistant City Engineer. The city engineer reported that Geo. W. Hatfield had entered upon his duties as assistant engineer. Mr. Hatfield had considerable experience in the construction of a railway and in railway construction. A. R. Wetmore, provincial engineer, had highly recommended him.

Tampering with Hydrants. The city engineer reported that there had been tampering with hydrants which resulted in the hydrants freezing. One hydrant in particular in King street was found frozen and it required some minutes to thaw out the pipes. It had been reported that the insurance underwriters had tampered with the hydrants.

On what date respectively was the work of 1908 begun and concluded, for which the payment of \$32,969 was made? What is the date of the contract under which the above payment was made? Did said order in council authorize a contract for the work to be done beyond the close of the calendar year 1908?

ROYAL HOTEL MAKING EXTENSIVE CHANGES AND IMPROVEMENTS

Dining Room Enlarged To Seat 170 People—Artistic Decorations Added—Second Billiard Room In Basement.

In line with the extensive repairs and additions which have been made at the Royal Hotel by the enterprising management, the dining-room has recently been considerably enlarged and refitted in excellent taste. Two bedrooms and a portion of the corridor have been turned into the original dining hall and the handsome all glass doors which open into the room now come directly to the head of the first flight of steps and within ten feet of the elevator shaft.

The woodwork is painted in light blue with the walls and ceilings of pure white. The side of the room which has been added is covered by a large mirror and smaller panels of glass adorn the end of the projecting wall. An order has already been given for prism lights to replace the present chandeliers.

United States and Germany Bury Hatchet Way May Be Found Out of Present Commercial Difficulty Existing Between Two Countries.

Washington, D. C., Feb. 2.—It was announced at the state department today that in all probability a final understanding between the United States and Germany, for the tariff issue, will have been reached by tomorrow evening and that a public announcement would likely be made at that time.

Secretary Ballinger To Employ Counsel Richard Lee is Dead at the Age of 86 Years Spent Without Interruption in New York.

New York, Feb. 2.—Living for eighty-six years in the house in which he was born, at No. 238 Elizabeth street, where he died yesterday of palsy after a three days' illness, Mr. Richard Lee, had assisted in erecting the court house, in City Hall Park, which was built during the regime of "Boss" Tweed, and was prominent in the distinction of not having missed mass in the old St. Patrick's Cathedral, in Mott street, for eighty years until last Saturday when he was stricken.

Disproving Sackville's Claim to Legitimacy London, Feb. 2.—Sir Robert Finlay, representing Lionel Edward Sackville-West, now Lord Sackville, a nephew of the former British minister at Washington, occupied today's session of the probate court, with the introduction of documentary evidence to disprove the legitimacy of Ernest Henry Sackville-West, who is petitioner in a suit to have the court declare him the oldest and legitimate son of the late Lord Lionel Sackville-West and, as such, to establish his right to the estates now held by Lord Sackville.

FAST NAVA SCOTIA TEAMS WILL PLAY LOCALS NEXT WEEK

Amherst and Acadia to Meet All St. John Hockeyists—Games with Halifax and Yarmouth Being Arranged.

The All-St. John's crossed sticks with the Tigers last evening and after an exciting game defeated the "animals" by a score of 6 to 4. Both teams showed much improvement over their former work, and some clever individual play was exhibited.

Should the weather continue favorable, St. John will witness plenty of hockey during the ensuing month. The different teams are being reorganized and getting in some good practice, while the managers have been busy engaged in arranging dates for games with some of the fastest outside aggregations.

Record Rainfall is Recorded in Moncton Total Precipitation for Six Months Beats all Previous Records at the Railway Town.

Moncton, Feb. 2.—According to figures given out by the Dominion observatory here the rainfall of the last seven months beats all records. The total precipitation in rain and melted snow from July 1st, 1909, to Feb. 1st, 1910, was 31.87 inches, of which 28.37 inches was rain. In the corresponding seven months of 1908-9 the total precipitation was but 16.92 inches, or little more than half as great.

Funerals. Mrs. Lawrence A. Walsh. The funeral of Mrs. Lawrence A. Walsh was held yesterday morning at her late residence, 377 Douglas street, at St. Peter's church, where Rev. J. Bergmann, C. S. R., sang the requiem mass. The interment was made in the new Catholic cemetery.

Funerals. Mrs. H. Friars. The death occurred yesterday morning at her son's residence, 193 Paradise Row, of Mrs. Harriet Friars, who was born in St. John and for many years taught school in this city at St. John's. Her husband, George B. Friars, died in 1883.

Funerals. Mr. Wm. Murdoch, C. E. received a telegram from Calgary, Alberta yesterday morning announcing the death of his brother, Mr. George Murdoch. The news was not unexpected, for Mr. Murdoch has not been in good health for some time.

BODY OF MANIAC RECOVERED FROM RIVER

Princeton Man Who Went Mad Over Christian Science Power Wows Ends Life in Waters of East River.

New York, N. Y., Feb. 2.—Hospital attendants using grappling irons in the East River today, revealed a stranger, Henry Pennington Toler, a Princeton graduate, former Wall St. broker, and Christian Scientist, yesterday eluded guards on Ward's Island, where he had been confined in an insane asylum since July, and plunged into the river. Caught in the eddy from Hell Gate, he sank almost immediately.

Weddings. Balcom-Calhoun. The marriage took place yesterday afternoon at the residence of Mr. and Mrs. V. H. Balcom, 219 Princess street, of their granddaughter, Miss Margaret L. Calhoun, elder daughter of the late Mr. Arthur L. Calhoun, and Mr. H. H. Balcom, of Margarettville, N. S. The ceremony was at 4:30 o'clock, Rev. R. A. Armstrong, rector of Trinity, officiating.

Funerals. Mrs. Lawrence A. Walsh. The funeral of Mrs. Lawrence A. Walsh was held yesterday morning at her late residence, 377 Douglas street, at St. Peter's church, where Rev. J. Bergmann, C. S. R., sang the requiem mass. The interment was made in the new Catholic cemetery.

Funerals. Mrs. H. Friars. The death occurred yesterday morning at her son's residence, 193 Paradise Row, of Mrs. Harriet Friars, who was born in St. John and for many years taught school in this city at St. John's. Her husband, George B. Friars, died in 1883.

Funerals. Mr. Wm. Murdoch, C. E. received a telegram from Calgary, Alberta yesterday morning announcing the death of his brother, Mr. George Murdoch. The news was not unexpected, for Mr. Murdoch has not been in good health for some time.

Funerals. Mrs. Lawrence A. Walsh. The funeral of Mrs. Lawrence A. Walsh was held yesterday morning at her late residence, 377 Douglas street, at St. Peter's church, where Rev. J. Bergmann, C. S. R., sang the requiem mass. The interment was made in the new Catholic cemetery.

Funerals. Mrs. H. Friars. The death occurred yesterday morning at her son's residence, 193 Paradise Row, of Mrs. Harriet Friars, who was born in St. John and for many years taught school in this city at St. John's. Her husband, George B. Friars, died in 1883.

WEDDINGS

BALCOM-CALHOUN

The marriage took place yesterday afternoon at the residence of Mr. and Mrs. V. H. Balcom, 219 Princess street, of their granddaughter, Miss Margaret L. Calhoun, elder daughter of the late Mr. Arthur L. Calhoun, and Mr. H. H. Balcom, of Margarettville, N. S. The ceremony was at 4:30 o'clock, Rev. R. A. Armstrong, rector of Trinity, officiating.

RECORD RAINFALL IS RECORDED IN MONCTON

Moncton, Feb. 2.—According to figures given out by the Dominion observatory here the rainfall of the last seven months beats all records. The total precipitation in rain and melted snow from July 1st, 1909, to Feb. 1st, 1910, was 31.87 inches, of which 28.37 inches was rain.

SECRETARY BALLINGER TO EMPLOY COUNSEL

Washington, D. C., Feb. 2.—Secretary Ballinger at last, after much prodding, has decided to employ counsel to appear before the Ballinger-Pinchot Congressional investigating committee to defend his side of the case.

DISPROVING SACKVILLE'S CLAIM TO LEGITIMACY

London, Feb. 2.—Sir Robert Finlay, representing Lionel Edward Sackville-West, now Lord Sackville, a nephew of the former British minister at Washington, occupied today's session of the probate court, with the introduction of documentary evidence to disprove the legitimacy of Ernest Henry Sackville-West.

HOTELS

DEATHS

Murdoch—In Calgary, Alberta, on February 1st, in the 69th year of his age, George Murdoch, formerly of this city.

PERSONAL

Mr. E. G. McAfee, son of Mr. Robt. McAfee, of 7 Waterloo street, who has been in the New Hebrides islands on missionary work for the Presbyterian church, left for his home in St. John on January 1st via South Africa.

MARRIED

Balcom-Calhoun—At 219 Princess St., on February 2, by Rev. R. A. Armstrong, Claude E. Balcom, of Margarettville, N. S., and Margaret Lawrence Calhoun, daughter of Mrs. H. Lawrence and the late Mr. Arthur L. Calhoun.

YANINGANS IN CITY LEAGUE

Defeat Ramblers in Fast Game on Black's Alleys--St. Peters Trounce St. John the Baptist--Other Games.

On Black's Alleys last evening the Yaningans defeated the Ramblers, landing a three point victory. The game was very close and exciting, for though defeated, the Ramblers pushed the victors hard in all but the first string. The final was very close, the Ramblers finally winning out by the narrow margin of one thin one. McLellan upset the most hardwood, averaging 92. The scores:

Table with 2 columns: Team and Score. Rows include Black, Ferguson, Codner, Jordan, McLellan, Ramblers, and St. Peters.

MUST GO SOME TO BEAT LIPMANS' RECORD SCORE

CHAMPIONS LIPMANS.

Detroit, Feb. 2.—That bunch of high speeders, the Lipmans, of Chicago, who last year, at Pittsburgh pulled down 2962 pins and won the bowling championship of the United States, will be on the job here next month.

when the tenth annual A. B. C. opens in Wayne garden for the biggest prize list ever offered. The men in the above group, from left to right, are: Ward, then our old friend Phil Wolf, Bartsch, Lipman and Semones.

JENNINGS OUT FOR A RECORD

Opportunity to Manage Team Winning Pennant for Four Consecutive Years has come to Hugh Jennings.

The opportunity that on five occasions has come to seven different managers and was accepted by the exclusive property of Hugh Ambrose Jennings, manager of the scrappy Tigers and then in the side of B. B. Johnson this season.

Detroit's victory last year was not any too pleasing to Jennings, who is a firm believer in close races and rotation of pennants. But the victory, unpopular as it may have been on a certain floor of the Corn Exchange building, Chicago, is a fact and it gives Jennings the opportunity to equal the records of Harry Wright and Charles Comiskey, each of whom has played the destinies of a four-time pennant winner.

Jennings' achievement was accomplished in the early '70's in the old National Association, the Boston club winning the pennant in 1872-73-74-75. The victory of the last mentioned season was the result of the fact that the team winning the first 28 games played and suffering but eight defeats in the 79 games played during the season.

"Big Four" Deserted. For the defection of a quartet of his stars to the Chicago club in 1876, the first year of the National league, there is no telling where Wright's record would have stopped. As it was, the genial Harry came back strong and finished third in winners the second and third years of the National league's existence.

But the desertion of that unbeatable quartet, Barnes, White, Spalding and McVeey, the first "Big Four" of baseball, was a damage greater than even the astute Wright could repair at once, so the pennant of 1876 went to Chicago.

Comiskey, when with the Browns in the old American Association days, hoisted the gonfalon four times in a row, in 1885, 1886, 1887 and 1888, besides winning a world's championship in 1886.

Anson had the chance, which has now come to Jennings, in 1883, 1884 and 1885. In 1887, Clark in 1904 and Chance in 1907. The Chicago team, which carried off the honors in 1890, 1891, 1892 and 1893, finished second in the race of 1894, Baltimore winning the pennant, with New York as the runner-up.

As the way the experts see it the Tigers have reached the limit of their power. Ty Cobb, of course, will not slow up, but it looked last season as though Crawford and Jones might slow up. However, they may fool the wise ones as he has done before.

Detroit's infield doesn't look nearly as good as Philadelphia's, and the Tiger catchers are not as clever as Double Mack's set of batsmen. The star of the jungle team's inner works is O'Neil Bush. Tom Jones isn't a good first baseman, and Jim Delahanty is aging. A fair second baseman, Jim can still be the best of his art and probably will be as long as he lives.

Morarity, former Highlander, has many superiors in the big leagues. For George, however, he is not a player that he has it on 50 per cent of the players in the Johnson organization when it comes to pluck. He is the kind of athlete club, Lelivelt, who came as a pebble and unaware of the word "quit."

Tigers' Pitchers Good. Detroit has an excellent set of pitchers—Wild Bill Donovan and Geo. Mullin—are aging. Donovan had a bad season last year but in the next campaign, Mullin is an in-an-out, good one year and poor the next. Eddie Killian has been a fair pitcher in his time, but he is not a player that he has it on 50 per cent of the players in the Johnson organization when it comes to pluck. He is the kind of athlete club, Lelivelt, who came as a pebble and unaware of the word "quit."

Jennings, of course, may shatter tradition and win another pennant for Detroit and this place his name alongside Charley Comiskey's as a big league manager who has bossed a four-time winner, but many persons who follow baseball closely do not think he will succeed in the task which he has undertaken. Jennings, fancifully named, is a brother of the Washington outfielder, had a sore arm when he joined the Michiganers last fall and was of little use to them.

RESULTS OF LAST NIGHT'S CURLING

Two matches were played last night at St. Andrew's rink in the Jones Cup competition. The result of the matches follows:

Table with 2 columns: Team and Score. Rows include St. Peters, St. John the Baptist, and Split Even.

Brook & Paterson's men and the split quintette from Baird & Peters' split even in the Victoria alleys last evening, each team taking two points. There was some dispute over the game, the Brook & Paterson quintette claiming that the total pinfall decided the game and the others maintaining that it was a game of points. Keenan of Baird & Peters was high with 87 1-3. The scores:

THE BIG MILL. Seattle, Wash., Feb. 2.—Jack Gleason, who arrived from San Francisco last night to confer with Sam Berger and James J. Jeffries with reference to the place of holding the Jeffries-Jonson fight, announced after a short conference that he would leave at once for Nevada to confer with Tex Rickard, his partner in the enterprise in an effort to induce him to hold the fight in San Francisco. Berger and Jeffries declined to take any part in the controversy, leaving the matter entirely in the hands of the promoters. Jeffries and his party left for the east last night.

"I made an exception to that rule in referring to Johnson. I said he was a flatfooted defensive boxer, and that on that account Jeffries would be able to make him slug with him. The other boxers I referred to as flatfooted workers toward their opponents."

"I have to laugh at some people classing Tom Sharkey as a flatfooted boxer. Old Tom was pretty clever on his feet and I know it as well as anyone. So far as Johnson's criticism of my talk goes, it does not bother me in the least. When the battle is over on July 4, I will tell Johnson something that will not be pleasant music to his ears."

Pickled For Future Use LAJOIE TO QUIT THE SECOND SACK

EARL BITTING.

Athletic training, gymnasium work and physical culture works to the benefit of everyone who takes it up. Keene Fitzpatrick, the noted coach of Michigan track teams, relates a story of a student who entered the university a few years ago, as an example of the benefits derived from skilled instruction.

"This student came to me," says Fitzpatrick, "to get excused from gymnasium work, which is compulsory for freshmen. 'As you see,' he said, 'it will be impossible for me to take the work.'"

"The man was horribly crippled, and had been so from birth. He had never walked a step. He covered the ground with a peculiar shuffling movement, never lifting his feet."

"His hands were closed, almost shut, and he was unable to raise them above his head. His legs were twisted out of shape, and he could not control his head and neck. At times, when least expected, his chin would drop to his chest, and it required several attempts, frequently for him to bring his head in an upright position."

"Of course Mr. Fitzpatrick, you see it is utterly impossible for me to take any work," he said. Before the first term the times he lost control of his neck muscles were few and far between. In the end he had almost perfect control of them."

"What he prized most was that he learned to walk. Day after day I taught him. I showed him how to step and helped him with my hands to take steps. The first two steps he took alone were followed by tears of joy. Of course he will never be able to walk as an able-bodied man, but he learned to discard his shuffle."

"Because he learned to use his legs he acquired the mastery of a bicycle, and the second summer vacation he travelled about the country, canvassing for books, and earned enough to put him through college. This is but an instance of gymnasium work's benefits. If people realized the value of physical culture we would be a splendidly developed race of men and women."

MONCTON MEN WILL HAVE TO REGISTER

All local athletes at present actively engaged in sport, have received their registration cards from the M. P. A. A. At present there is some doubt regarding the Exmouth-Moncton basketball game which was to have been held in Moncton on Saturday, Feb. 5, as the Moncton team have not registered to date. Unless this is done before Saturday, the game will be called off.

IN CHARLOTTETOWN. Charlottetown, Feb. 2.—The Victoria's of Charlottetown, defeated the Crystal hockey team, of Summerside, at the latter place last night—five to four after thirty minutes overtime. The game was close and exciting throughout. Each team in the Island League has now one victory to its credit.

COLLEGE MAN WOULD FIGHT JOHNSON

Chicago, Feb. 2.—Albert Benbrook, recently elected captain of the University of Michigan football team of 1910, and one of the most powerful giants in western college athletics, may become a challenger of Jack Johnson, if the present champion is successful July 4 in his battle with Jim Jeffries.

Benbrook's ambition extends beyond

LET WOMEN SPOT BAD FOOD

Continued from page 3. As cheaply as possible. Even those of us who are taking the pledge don't intend to go without meat forever. It is only for thirty days, or until such time as the prices become normal."

"Why don't you boycott the butchers who buy from the trusts and buy of those who get their meat from the slaughter around here?" demanded the woman in blue.

"Why, that would be a very good idea," said Mrs. Loebinger. "Miss Donnelly, Miss Murphy who have not yet started the dignity of wearing their hair up circulated among the audience selling copies of the American Suffragette and soliciting signatures for the petitions and the pledge, but business did not seem to be brisk."

Continued from page 3. ing excuses for not being able to fire a canon in his honor. "Several reasons," he said, "prevent us; the first is that we haven't any." "That first reason is sufficient," replied the King, "and of being able to stop at once a long speech. The comet will surely pass on May 19 at the point indicated, but it's fall quite likely may not reach as far as the earth's orbit."

Secondly, if it reaches there, it will be so rarefied that in all probability we will not even perceive it. "Thirdly, there remains the unexpected as to the possible dimensions of the tail of electro-magnetic phenomena such as those which have been photographed on the Morehouse comet, and the presence of cyanogen in its chemical composition. But the radiation of the tail likely may not be such that everything about it appears very innocuous. Let us live, therefore, without any anxiety about it, as we concluded in our notice last month."

P. S.—Has a similar meeting already been planned? This is not certain. For the comet of 1819 the preservation of its passage before the sun by Pastor seems erroneous; for the comet of 1861 the extremity of the tail appears to have arrived in our vicinity without having touched us; for the brilliant comet of 1852, Mr. Finlay, at the Cape of Good Hope, was able to follow it in the contact with the sun without being able to distinguish it during its passage over the disc. The comet of May 19 will be more the less interesting because it is new and because has never been so well prepared for its careful and minute study."

Our ball park will be more than five miles away from the Polo grounds and American league park," said Gilson yesterday, "so that we cannot be ruled out by the five mile limit. We do not intend to begin on a large scale but will play cheap baseball, with a 25 cent tariff. We may also attempt Sunday games under a new plan. We will be so far away from New York's big clubs that we can do no harm."

A National league man said yesterday that the proposed Bronx club would surely lead to the expansion of the American association and that every effort would be made by organized baseball to choke the venture in its infancy. He said that the matter would be investigated immediately by the governors of the game and that an official ruling would probably be made in the near future.

Johnny Coulon, who says he is the bantamweight champion of America, came within an ace of being knocked out in a bout with Earl Deming, at New Orleans, Saturday night. The contest was ten round affair and in the second round Coulon received a heavy swing on the jaw which knocked him to the boards. He barely staggered to his feet before being counted out and proceeded to stall thereafter until the ninth round, when he put Deming down for the count. Coulon says he was floored by a chance blow, due to his own carelessness. There is no doubt that he is a great little pugilist, but his claim to the bantamweight title is disputed by several youngsters, including Pat Moore, Danny Webster and Monte Atel. Coulon is willing to meet the best of these boys when the time comes.

the gridiron field, according to his close friends. Indeed, he has told some of them that if Johnson is victorious in the July battle with Jeffries which he intends to see from a ring side seat, he will at once enter training with a view to perfecting his boxing. Later he will challenge the great colored fighter for the championship.

He stands six feet four inches in height, is 21 years old, and scales 240 pounds in perfect condition, his weight being beautifully distributed over his enormous frame.

He is wonderfully fast on his feet for a man of such height, and has run 100 yards in 11 2/5 in football topology.

Yale stands for the abolition of the forward pass or for its modification so that the man taking the ball will be most carefully protected.

Ted Coy, who was Yale's captain the past year, and who will be head coach next year, will go to the rules committee meeting.

Ted Coy, who was Yale's captain the past year, and who will be head coach next year, will go to the rules committee meeting.

JOHN L. TO LOOK KING EDWARD UP

Boston, Feb. 2.—To renew his acquaintance with King Edward, whom he has not met since His Majesty was the Prince of Wales, will be one of the first things that John L. Sullivan will do when he reaches England, in about two weeks. The big fellow always had a high regard for King Edward, for he found him a good fellow when he sparred before him in England 22 years ago.

Jim Corbett, the ex-champion, at the same time will be continuing to get himself right to help Jeffries wrest the championship from the colored champion, Johnson. That Corbett really is training for his work can be seen any day at the Armory. A. A. As soon as Corbett reaches Boston Monday, he made arrangements with the directors of the triple A club to use the gym and handball court at the clubhouse.

Corbett was on hand yesterday morning. After working in the gym nearly an hour he engaged in a handball game with instructor Joe Finneran, who is a crackjack at the game. They played nearly half an hour and Corbett showed that he has still speed to burn and that his wind is in good shape.

John L. Sullivan is besieged every day in his dressing room at the Howard by followers of the game who listen very attentively to what he has to say about the coming big scrap. Corbett, at the American music hall, tells the audience his opinions.

Corbett is surprised that people take his remarks about flatfooted boxers so seriously. "I never said flatfooted boxers were poor scrappers," said Corbett. "I always claimed they

THE WEATHER.

Maritime—Moderate variable winds and fair followed by rain or sleet at night. Toronto, Feb. 2.—A disturbance which was in the Mississippi valley this morning is now moving rapidly across the great lakes and is causing snow and sleet in Ontario. The weather continues moderately cold in Manitoba and Saskatchewan and quite mild in Alberta.

Two Fire Engines Out Of Commission

Hurried Meeting Of Safety Board Called Yesterday To Discuss Serious Situation—Special Meeting Of Council Today—Boiler Of No. 3 Declared Total Wreck After Nine Years Service—No. 5's Boiler Not Yet Ready.

That there are only two fire engines at present in commission in the city was the somewhat startling fact reported at a special meeting of the Safety Board yesterday afternoon. The meeting was called in consequence of the breakdown of No. 3 engine. After hearing the report of the chairman of the board and Mr. C. W. Piercy, the engineer, it was decided to ask the council to procure a new boiler at once. The matter is considered urgent, and a special meeting of the common council will be held this afternoon to pass an order for the work, which will probably be done by the St. John Iron works.

Number 5 engine is still out of commission and it will be some weeks before the new boiler is placed in position. This leaves only No. 1 and No. 2 to protect the city in case of fire. No. 3 engine was built by the Waterhouse Company in 1900 and is constructed on different lines from any other engine in the city. It has been twice repaired, once in 1902 by the makers and in 1906 by the city at a cost of \$16,800. Ald. Vanwart was in the chair at the meeting, and those present were Ald. Wilson, Hayes, Kelley and Potts with the common clerk, director of public safety and chief of the fire department.

Cost \$600 To Repair. The chairman said the meeting was called unexpectedly, but it had been found that the condition of the boiler of No. 3 engine was much worse than anyone had thought. Mr. Piercy had estimated the cost of repairs at \$600. Mr. McDonald, manager of the St. John Iron Works, had also figured in the repairs and the cost of a new engine. The boiler had never given very good satisfaction. It had been purchased in 1900 and in less than two years the composition tubes had given out.

Excitement Yesterday Over Unexpected Find At Foot Of Brittain Street—Contained Clothing And Other Articles.

Mystery surrounds the finding upon Courtenay Bay beach, at the foot of Brittain street, yesterday afternoon, of a linen bag containing several articles of gentleman's wear, including a rather difficult to the time to ascertain the quality or size of the clothes which it contained.

AROUND THE CITY

Card of Thanks. Mrs. McLackin and family wish to return thanks to their many friends for kindnesses extended during their recent bereavement.

Meeting Postponed. The annual meeting of the Horticultural Society which was to have been held yesterday afternoon was postponed until today at 3.00 p. m.

Hospital Commissioners Meet. The monthly meeting of the hospital commissioners was held yesterday afternoon. The recently appointed commissioners, Mr. J. King Kelley and Dr. L. M. Curran were present. Routine business was transacted.

Last Assembly of the Season. The third and last assembly of the season will be held this evening in the York Assembly rooms, commencing at 8 o'clock. The chaperones will be the same as at the other two dances.

Winter Port Notes. The Donaldson liner Athelna, Capt. McNeill, will sail for Glasgow this afternoon at 4.30 o'clock, with a large general cargo, sixty passengers and eighty-seven head of cattle. The Monarkma sailed yesterday afternoon at 1.30 o'clock.

An Owner Wanted. Detective Killen has in his possession a lady's white undershirt and waist found in the room occupied by the young Englishman, James Seal. Upon the articles is a laundry mark F.C.X. He would like to hear from any persons who might have lost the articles or from the laundry which uses this mark.

Badly Bruised. George Ring, a Carleton stevedore, met with a painful accident, having his both legs badly bruised, while at work on the C. P. R. steamer Montezuma yesterday morning. He was lying down a steep gangway, when the truck handles slipped out of his hands. Some heavy cases rolled over the handles on to his legs and pinned him to the gangway. He was taken to his home on St. James street.

Evangelistic Services at Millidgeville. The first of the series of evangelistic meetings in St. Clement's church, Millidgeville, was held last evening and was well attended. Rev. W. H. Sampson, rector of St. George's church West Side, was the speaker and gave an eloquent address. This evening Rev. W. Gustave A. Kring will be the speaker. Buckboards will leave Scott's Corner at 6.45 and all who wish to attend will be welcomed.

Property Transfer. Miss Amyette M. Wilson, widow of Mr. J. R. C. Wilson, has sold her property on the corner of Ludlow and Guilford streets, west side, to Mr. W. McDermid, principal of the Albert street school. The property was formerly owned by Mr. Herbert J. Olive and is one of the best situated properties on the west side. Mr. McDermid will take possession on May 1. The sale was made through the agency of Mr. Alfred Burley, the Princess street broker.

Rothsay Wharf Damaged. The Rothsay wharf was badly damaged by the ice early this week. The ice had become loosened by the thaw and was driven by a heavy wind that blew up the river against the wharf twisting it so that it now looks like the letter J. The wharf was rebuilt and placed in first class order last year by the government and the present damage will inconvenience the people of Rothsay, until it is repaired. The Rothsay Boat Club's house erected last year was also slightly injured by the ice, one of the cedar posts that supports the building being carried away.

Wilcox Bros. Affairs. At a meeting of the creditors of Wilcox Bros. yesterday the report of Messrs. J. H. A. L. Fairweather, W. E. Foster, H. F. Puddington and Samuel Rubinovich, a committee appointed at the last meeting to report as to the financial condition of the firm was received. The committee recommended that the offer made by Brock and Paterson to pay the creditors 50 cents on the dollar be accepted. The majority of the creditors accepted the offer. Eighteen of the creditors have not yet signified their acceptance and Mr. F. W. Roach was appointed to confer with them.

Baptist Foreign Mission Board. The Baptist Foreign Mission Board met yesterday afternoon, Mr. W. H. White, the president in the chair. Rev. Jos. McLeod, D. D., editor of the Maritime Baptist, was appointed a member of the board. Beside the regular members, Rev. B. T. Miller, Rev. G. D. Milberry, Rev. F. H. Wentworth and Mr. R. M. Hobson were present. Letters were read from Messrs. Gordon P. Barn and L. M. Orchard, now studying in the United States, stating they would be able to start for India next fall. The return to India of Rev. I. C. Archibald and wife was sanctioned. As Rev. W. V. Higgins and wife and Miss Helen Blackadar also expect to return, there will be a party of eight or ten missionaries sent out by the board. Rev. Mr. and Mrs. Archibald will go out via Vancouver and will visit the churches in the west on their trip across the continent.

IMMIGRANT GIRL TRIES TO ESCAPE BEING DEPORTED

Maud Inglewood Eluded The Guards On West Side On Tuesday—Was Captured In City Yesterday Afternoon.

Miss Maud Inglewood, an English girl escaped from the Immigration buildings on West Side on Tuesday evening and was captured yesterday afternoon between 3 and 4 o'clock by Immigration Officer Fossett and Police Officer Gosline.
