ST. JOHN, N. B., MONDAY MORNING, JULY 12, 1920

MOSTLY FAIR

TWO CENTS

MIGHTY VICTORY WON BY THE TEMPERANCE FORCES

ITALIANS HOPE CONFERENCE TO BE SUCCESSFUL

Greatest Achievement is in Bringing Former Enemies Face to Face.

ONE COMMON GROUND IS NEED TO WORK

None Entirely Satisfied Which in Itself is Regarded as Proof of Fair Play.

Spa, July 10.—The Allied conference will probably be fruitful in actual concrete results. The conference will likely be short. The town is unexcited for a long meeting because the delegations are scattered about and communication is difficult.

I went this morning to visit Count Storza, the Italian Foreign Minister. He and his chief assistants occupy a country house on the hills five or six miles distant from the Lloyd George headquarters in the centre of the town. It is a charming villa, but its location is not favorable to intercourse.

Storza spoke hopefully of the outlook for an agreement among the Allies and of eventual settlement with Germany on the basis of the Versailles treaty. His conversation reflected none of the disappointment which had been attributed to him.

"I have ten per cent. of the reparations for Italy is, of course, impossible," he said. "It would not express the service and sacrifice of Italy in the war. We are a sentimental people, and such inadequate apportionment of the German reparations would be a deep wound to our sensibilities."

"But the division of the reparations to be considered in connection with other recognition of the value and importance of Italian partnership in the Entente. I look confidently to those with whom Italy is associated for final action substantially in accord with the just claims of all."

"Measures which work an injustice in some particular may be proposed, but there will be an appeal to justice and equity in the final settlement. Nobody will be entirely satisfied, which in itself will be the best evidence that there has been fair play."

Count Storza thought the Spa conference would turn out satisfactorily. It was a beginning, he said, to get representatives of the combatants together for the first time. He was sure that a war this way is a difficult and delicate matter. Sooner or later it had to be done, however. The ice was now broken and it would be found less difficult to deal face to face than at arms' length.

One Common Ground.
"There is at least one common ground for us all," he continued. "That is to get back to work. Work is the sovereign remedy for most of our ills. When we are all at work again and producing and exchanging the necessities of life we can know the war is over. We in Italy are very desirous of putting the mechanism of world industry in motion. We are anxious to avoid all friction, and there is no spirit of militarism among our people. We justly expect to be firmly established in whatever is clearly our right so that we may turn with confidence to the industrial development in which lies our hope of recovery and prosperity."

"Italy possesses a great advantage in her combination of natural resources and general willingness to work. With the whole world in sore need of every product of human energy, Italy can serve humanity in serving herself. Throughout all the inter-Allied negotiations of the last year Italian influence has been steadily exerted for a return to normal activities at the earliest possible time. While we recognize the difficulties which lie in the way, we feel that every moment of unnecessary delay increases the waste of war in Europe."

It was remarkable that Storza and Drumhich, the Yugoslav delegate, were walking together in a garden near the conference hall after the adjournment and had a long talk, apparently very friendly.

TROOPS PREPARED TO CHECK TROUBLE

Scattered Throughout Ireland Where Demonstrations Are Expected in Celebration of Battle of Boyne.

Dublin, July 11.—Troops being sent to the North of Ireland are not confining their activities to Belfast alone, but are being distributed in all districts in which it has been announced demonstrations in celebration of the Battle of the Boyne will be held. The explanation current here of the exceptional military activity is that the government had reason to believe

FIRE DESTROYS PLANT OF MANN AXE & TOOL CO.

Bursting of Pipe Supplying Oil to Forge Bellows Was Cause of the Blaze.

LOSS PLACED AT \$100,000

Some Question as to Whether Plant Will be Rebuilt—Other Property Threatened.

Special to The Standard.
St. Stephen, N. B., July 11.—A disastrous fire occurred here on Saturday, completely destroying the plant of the Mann Axe and Tool Co., a large wooden building occupying an isolated position at the extreme eastern boundary of the town.

The fire started just before noon, and was caused by the bursting of a pipe that fed crude oil from a small tank on the second floor to the forge bellows. Almost instantly the whole interior was wrapped in intense flames, and many of the thirty or more employees at work found difficulty in effecting an exit, but, fortunately, all did escape and without injury.

The firemen responded quickly, but the plant was at the extreme end of a small pipe, and the water supply was inadequate for fighting such a blaze. The building was soon reduced to ashes, and in it was destroyed, or considerably damaged, much valuable machinery, including electric motors, with which the plant had been equipped within a year. Manufactured stock, to the value of \$15,000 or more, boxed ready for shipment and in a place that could be reached, was carried to safety by employees from the nearby factories of the Dominion Fertilizer Co. and Haley & Sons and others early on the scene. Beside the factory, and forming the eastern boundary of the town, runs the Dana river, across which was an old wooden dam that has not been in use since the plant was supplied with electric power. Along the dry upper works of this dam, and by means of sparks, the fire was communicated to the woods on the opposite bank, the property of Henry E. Hill, and long known as an attractive woodland.

During the last three winters this big expanse of growing timber has been largely cut over by a Calais contractor, and it is said that the trimmings have not been too carefully cleared away. Following the protracted dry weather, the flames found ready fuel here and a large tract has been burned over. The fight to save adjacent farm houses on the Crocker road was often very difficult, but, fortunately, successful until the present time. Sunday night this fire is still burning.

Chas. E. Huestis, manager of the axe factory, is absent from town, but is expected home on Monday. Nothing definite can be learned concerning the loss, but it is generally estimated at about \$100,000, on which there is reported to be about \$50,000 insurance. About thirty men are thrown out of employment. The company, which is well established and doing a prosperous business, has recently entered a merger with Ontario interests, and just how the present unfortunate catastrophe may affect the future will not be known until the return of Mr. Huestis.

SCOTLAND YARD CALLED INTO CASE

Aid Asked in Solving Mysterious Murder of Joseph Elwell of New York.

New York, July 11.—Scotland Yard had been called upon to aid in solving the mysterious murder here of Joseph Elwell, which expert turf man and "Don Juan." After having followed many feminine trails, apparently without success, the authorities have turned to another woman of Elwell's acquaintance. Her name was not made public, but it was said she had met Elwell at Palm Beach and Miami last winter. She is said to have told a friend that Elwell was sending her to England, intending to follow later. Her picture was found among the dead man's effects and the authorities have expressed a desire to question her concerning any knowledge she may have of a motive for the crime. The District Attorney's office today began examining the bank accounts of several women named among Elwell's friends.

Irish Volunteers contemplated demonstrations in force on various districts, on the plea that their presence was necessary to protect Catholics, and that the government believes the military forces are the proper guardians of the peace.

OVERWHELMING VERDICT IN FAVOR OF PROHIBITION

Province Emphatically Affirms Its Faith in Prohibition Act and Rejects Proposition to Legalize Sale of Wines and Beers—Sixty Per Cent. of Eligible Vote Cast—Many Surprises, and All "Dope" from Wise Ones Went Astray—Only One Wet County—Women Most Active Workers at the Polls.

With sixty per cent. of the voters of the province recording their opinions on the question of provincial prohibition and the sale of light wines and beers, and with that number rolling up a majority of 21,000 for the retention of the present Prohibition Act, and a majority of 15,000 against the sale of wines and beers the province has, most emphatically, affirmed its belief in the efficiency of the Act as well as its opinion that the sale of beers and wines is not desired in New Brunswick.

Well Conducted Campaign.
Following a campaign of education and propaganda, carried on by the "wets" and "drys" for the last three weeks, the voters were given their opportunity Saturday to express their opinion on the two great questions, and the result of their expression will decorate the pages of history for all time. The propaganda campaign carried on has been one of absorbing interest, and conducted with an intensity of feeling that at times bordered on bitterness. Houses were divided against themselves on the questions submitted. The clergy took sides and medical men were not unanimous in their views as to what was best for the people. Advance dope was freely given by the "wise ones," but the leaders in the fight, those who were conducting the campaign, were reticent about expressing an opinion as to the final outcome.

Many Surprises.
There were many surprises for the public when the returns were finally tabulated. At no time was there a belief that the voters would reject the Prohibition Act. Many were of the opinion that there was an even chance that there would be a vote favoring the sale of wines and beers. In fact the "wets" made their big fight on this one question. There was a feeling that the cities and larger towns might return small majorities for wines and beers, and the four counties, Restigouche, Madawaska, Gloucester and Kent were practically conceded to the "wets." To offset this the champions of "bone dry" prohibition were depending upon large majorities from the small towns and country districts. "All signs fail in a drought," and the dope artists were all astray.

With the exception of Chatham and Newcastle not one of the larger towns or cities gave a verdict for the sale of wines and beers. On the contrary, they recorded comfortable margins against such sales. With the exception of Madawaska, which went against the "drys," on each question, and Kent which favored the sale of wines and beers, the north counties were safely in the dry columns on both questions.

Banner Counties.
The counties of Charlotte, Westmorland, Kings, Queens, York, Carleton, St. John and St. John City returned handsome majorities for prohibition and against the sale of light wines and beers.

Women Active.
The women took an active part in the campaign, and were early at the polls working and voting for the retention of the Prohibition Act and against the sale of wines and beers. They proved themselves expert politicians and were most effective vote getters. They worked earnestly and faithfully for their cause and none appear more happy over the results than they.

One ardent worker in the prohibition cause said to The Standard yesterday: "The vote in this province Saturday must be regarded as the final knockout blow to the adherents of the liquor interests. Prohibition, bone dry prohibition, is here to stay. It is now squarely up to the authorities to see to it that the Act is rigidly enforced."

ST. JOHN CITY AND COUNTY
The election on Saturday was rather quiet about the polling booths and it appeared to be the chief endeavor on the part of both factions concerned to bring out the vote. There was no great rush at the booths. The prohibition party had many faithful workers and unlike previous elections the women workers were out in force and performed some effective canvassing as well as working hard at the booths from the time the polls opened at nine o'clock until they closed at five. It had been stated previous to the election that the women were not taking the interest that was expected of them, but any person who happened to be about the city on Saturday will think different as each and every woman worker knew just what was expected and no old time male ward worker could have performed these duties better. When any woman whom they had on their list did not put in

WESTMORLAND STRONG FOR PROHIBITION ACT

Two Parishes, Shediac and Dorchester, Were Against Prohibition, and in Favor of Wines and Beers.

Moncton, N. B., July 11.—By a majority of more than four thousand the City of Moncton and the County of Westmorland voted dry in Saturday's plebiscite for or against prohibition. In Moncton City the majority for prohibition was in the neighborhood of a thousand, while the majority against light wines and beer was a little more than five hundred. Outside of the city the majority for prohibition was over three thousand. In two parishes, Shediac and Dorchester, smaller majorities were given against prohibition and in favor of light wines and beer. The vote in the City of Moncton and in the various parishes stood as follows:

Moncton City, for prohibition 2,260; against 1,275; for wines and beer 2,085; against 1,520.
Westmorland parish, for prohibition 994; against 303; for wine and beer 320; against 967.
Sackville parish, for prohibition 825; against 365; for wine and beer 110; against 897.
Dorchester parish, for prohibition 300; against 302; for wine and beer 368; against 268.
Shediac parish, for prohibition 397; against 570; for wines and beer 698; against 306.
Sackville parish, for prohibition 1,301; against 810.
Westmorland parish, for prohibition 599; against 51; for wines and beer, 50; against 583.
Botsford parish, for prohibition 520; against 125; for wines and beer, 190; against 423.
The voting in Moncton City and throughout the county was conducted very quietly. The principal activity at the city polls was displayed by the women who were out in considerable force and assisted very materially in getting out the women voters.

RUSSIAN PRISONERS ESCAPE FROM CAMP

Seven Hundred Break Down Barriers, Overpower Sentinels and March on Antwerp.

Antwerp, July 11.—A force of seven hundred Russian prisoners of war, who had been interned near Turnout, 25 miles northeast of this city, escaped from the internment camp last night and marched upon Antwerp. A regiment of cavalry, sent in pursuit of the Russians, surrounded them and interned them anew in one of the Antwerp forts.

The prisoners were as part of a contingent of 1,100 Russians who were to be released on Saturday for return home. They were informed late in the day, however, that owing to the failure of Great Britain and the Soviet government to reach a definite agreement so far with regard to exchange of nationals, they would have to endure further detention.
Incensed at this 700 of the prisoners rushed the barred wire barriers, overpowered the sentries and proceeded in marching order toward Antwerp. The men offered slight resistance, however, when the cavalrymen appeared and rounded them up. No report had been made up to this morning as to the casualties during the incident.

INCREASE IN FREIGHT RATES

To the Amount of 30 Per Cent. Asked by the Canadian Railway Association.

Ottawa, July 11.—An application has been filed with the Board of Railway Commissioners asking permission for a flat increase of freight rates in Canada to the amount of 30 per cent. The application was sent into the Railway Commission Saturday afternoon by the Canadian Railway Association, and their request is made on behalf of all the railways in Canada of the Association, and also on behalf of all other Canadian Railways subject to the jurisdiction of the Railway Commission.

MOST SHOCKING FATALITIES AT SYDNEY, N. S.

Explosion of Ammonia Tank at Harris Abattoir Caused Death of Two Men and Injury to Third.

MUCH VALUABLE PROPERTY DESTROYED

Work of Rescue and Salvage Hindered by the Liberated Fumes Which Were Suffocating.

Sydney, N. S., July 11.—Sydney was visited with one of the most shocking fatalities of years on Saturday, the explosion of an ammonia tank on the premises of the Harris Abattoir Company, causing the death of two men and the serious injury of a third, as well as damage to property estimated at many thousands of dollars. The dead are William Munn, yardmaster of the Canadian National Railway here, and Edward Langley, an employee of the abattoir, is lying in the City Hospital badly burned and tonight his condition is considered critical. Several firemen of the Sydney department, as well as a number of private citizens, are still suffering from the fumes of the deadly ammonia, received while engaged in the work of rescue after the explosion occurred. The explosion, caused by a defect in the machinery of the ammonia freezing plant, occurred shortly after four o'clock. Three men were in the rear of the building where the freezing plant was located when the tank, which liberated the deadly gas, burst. The shock of the explosion drove open a door and a large part of the wall in the rear of the building. McNeil, who was standing near the door, was thrown through the air to the yard in the rear and by this was saved from the gas fumes which caused the deaths of the two others in the building at the time. William Munn and Edward Langley were not taken from the building until some time after the accident occurred, and when they were dragged forth by firemen who entered with a gas mask, life was found to be extinct.

When the explosion took place, the fire department was summoned. No smoke could be seen issuing from the rear of the building where the tank had burst, and for the moment none realized the seriousness of what had happened. Several firemen, who started to enter the building unaware of the danger which they were confronting, were driven to the open air by the gas fumes. Wounded by the wind, the gas soon began to spread from the building, and only a short period had elapsed when the air for a radius of a hundred yards around became so poisoned that people could only breathe with difficulty.

A truck was dispatched to the fire station, only a short distance away, to procure an ammonia mask kept there for such an emergency. While this was being obtained James Thompson, a fireman, rushed to a stable on the side of the building for the purpose of liberating three horses there. He entered the stable but was unable to stay there long enough to fully accomplish his purpose. Turning back he collapsed. A physician, a number of whom had already arrived on the scene, administered a restorative, and had the fireman removed to his home. He has since recovered from the effects of the suffocation. The attempt of the first fireman falling, another, Jack McLean, entered the stables and succeeded in releasing two of the horses, a third horse, however, perished.

WOMEN PICKETS WERE ARRESTED

Engaged in Posting Bills, Denouncing "British Militarism," and Irish Republic Propaganda.

Washington, July 11.—(By Canadian Press)—Two members of the American women pickets have been arrested, charged with violating the bill posting law. The two women, Mrs. Ella Lucille Smith and Miss Kathleen O'Brien, the publicity agent of the pickets, were released on collateral to appear in court on Wednesday.
The posters denounced "British militarism," and contained propaganda urging recognition of the "Irish Republic" by the U. S. Government and expressed sympathy with the Sinn Féin movement. The bill posting campaign was conducted Thursday night, when the women spent two hours pasting circulars and posters on sign boards. A number were found yesterday on the walls of St. Aloysius Church, but the women said they did not put them there.

ENORMOUS DEFICIT FACED BY GERMANY

Thirty Billion Marks Loss—Public Debt of Three Hundred Billions, Forecast.

TAX REVENUES UNCERTAIN

Figures Believed Inspired for Spa Benefit—Measures of Economy Ignored.

By S. B. Conger
Special Wireless Despatch
Copyright, 1920, by Public Ledger Co.
Berlin, July 8.—Germany faces in the current fiscal year a deficit of at least 30,000,000,000 marks and an increase of the public debt to almost 300,000,000,000 marks by the end of the year. Financial critics derive these appalling figures from an analysis of the gloomy exposition of the German economic and financial position made by Minister of Finance Wirth, who is able, even with the assistance of 3,000,000,000 marks in new taxes yet to be granted, to foresee an income of only 28,000,000,000 marks, against prospective expenditures of 58,000,000,000. Herr Wirth's estimate of expenditures was somewhat less, but he failed to include interest and service on the additional debt.

The additional revenue of 3,000,000,000 marks in new taxation also is highly uncertain since General Wirth announced yesterday that he had abandoned, on account of the economic depression, the proposal to increase the coal tax upon which he proposed in his budget speech in April to base a considerable part of the new taxation.
The financial critics in the newspapers today naturally are agitated at the figures and discuss the impossibility of providing the necessary additional revenue by any normal system of taxation; but, like General Wirth himself in his speech, none of them attacks the problem from the other side, viz., the reduction of expenditures in an admittedly extravagant government machinery where the number of employees, their salaries and the building space allotted to government departments continue to increase while the efficiency of the individual employes continues to decrease.

An opposite example of German aversion to economy is furnished by Herr Wirth's reference to the railway problem, which, as supplemented by the discussions in the budget committee yesterday, shows that the individual German states, after arranging to sell their railways to the federal government, loaded them with additional operating expenditures by increasing the number of employes and boosting their salary scale. In general the figures cited yesterday show that the number of employes on the Prussian railways has increased since the armistice by 33 per cent., despite the loss of the railways in Alsace-Lorraine, Poland and Schleswig. The railway personnel in Baden increased 65 per cent.

One newspaper points out that Herr Wirth's speech, while illuminating in its instructions about the false budgeting during the war and the failure to raise a proper share of war expenditures by taxation, contributes nothing positive toward a solution of Germany's financial problem and adds little to his budget speech of April 20. That speech seemed to have been inspired largely by the imminence of the Spa conference.

GOOD NEWS FOR NEWLY WEDS

Yes, Sir, we mean just that, for we intend to present "The Standard" for a period of three months absolutely free of charge to any newly-married couple residing in the Province of New Brunswick.
All you have to do is to call at The Standard office or write us a letter letting us know you have started out on life's battles in double harness, and The Standard will be delivered to your home immediately. We are doing this merely because we hope that all along life's journey you may have the best of everything, and we want to start the good work by giving you the best newspaper printed in this part of the country. It is our wedding present to you. The June brides are to be considered as newly weds.

THE STANDARD'S SPORTING SECTION

Conditions For The Big Yacht Races

Resolute Will Make First Defence of America's Cup on July 15.

New York, July 10.—Conditions governing the America's Cup races were announced by the New York Yacht Club. As has been stated, they will start on July 15. The second race will be sailed on July 17, and the third on July 20. The winning yacht will be the one that first wins three races, and if more than three contests are necessary the remaining ones will be sailed on the 23rd and 24th.

The first, third and fifth races (if a fifth is sailed) will be 15 miles to windward and return. The course will be 30 miles each day. The second and fourth will be triangular, with 10 miles to each leg.

The preparatory signal will be given at 10:45 a. m. Standard time each day. This will be 11:45 a. m. daylight saving time. The start will be at noon, local time. It will be from Ambrose light vessel. Ten minutes before the preparatory, and five minutes before the start there will be a warning signal.

A time limit in which the first finish has been set at six hours otherwise it will not be considered a race. This race committee may postpone the start if the weather threatens or is considered such as not to afford opportunity of fairly testing the races. However, either committee may insist upon a race being sailed in case of serious accident prior to the preparatory signal a yacht may have until four weeks to repair. The time necessary shall be determined by representatives of the New York Club and the Royal Yacht Club which sent the challenge for Sir Thomas Lipton. If such an accident occurs during a race, time to make repairs may be extended to Oct. 31.

If either yacht is disqualified by a race the contest will be awarded to the other whether she has completed the course within the time limit or not. If one yacht should be rendered incapable of repair through a fault of the other the match would be awarded to the injured one.

No race shall be started later than six hours before sunset. The signal flag, which is a yellow and blue pennant, will be hoisted at 15-minute intervals from the Race Committee until the race is to be postponed because of fog or other cause. The lower H. A. white and red flag will be hoisted if a race is postponed for the day. These two flags the nightwatches should bear in mind for guidance if a start is not made on time.

Vardon and Ray To Visit Canada

London July 10.—Harry Vardon and Edward Ray, the British golf professionals, will visit Canada this summer and play in matches on a number of courses in the Dominion. This arrangement was made by Vardon and Ray will compete in the open championship on the board of the Royal Canadian Golf Association. Vardon and Ray stated that they will come to King's Head again next year to try his fortune once more in the open event.

In the United States, Vardon and Ray will compete in the open championship and the Western and Metropolitan open competitions before proceeding to Canada. With them on the coast will be Jim Barnes, professional of the Sunset Hills club, St. Louis, who played in the British open championship. Barnes finished fifth, and declares that he will come to King's Head again next year to try his fortune once more in the open event.

DISCOVER CACHE OF DYNAMITE

Windsor, Ont., July 9.—A cache containing 200 sticks of dynamite, four canisters, bombs and one hand bomb was found concealed in a shaft on the Walker estate on the Brock road about 200 yards beyond Ford City late Thursday afternoon. The discovery was made by a small boy who took a stick of dynamite to the authorities. Investigation by the Royal Canadian Provincial and Ford City police followed. The contents of the cache were taken possession of by the R. C. M. P., who purpose having an enquiry into the matter. No clue as to the owner or for what use the explosives were intended have yet been secured.

Duncan Has Chance To Visit America

May Play at Toledo on British Golf Team.

Now that George Duncan has won the British open golf championship it need surprise no one if that fine player is added to the group of invaders who soon are to cross the Atlantic for the purpose of playing the open title tournament of the United States Golf Association on the links of the Inverness Club of Toledo. Early in the year it may be recalled, both Duncan and Abe Mitchell were contemplating an invasion of American links. Then came word from abroad that Mitchell had been engaged on a tour of the North Foreland Club of England, and that neither he nor Duncan would be able to make the journey. Recent advice from Toledo has been to the effect that Mitchell has received a leave of absence from his club so that he could play in the American championship, and now that he has the highest laurels it is not likely that Duncan will remain at home in the event of his match partner deciding to take advantage of the vacation granted him by North Foreland.

In any event it is not to be expected that the enterprising officials of Inverness will allow the British champion to remain in England if there is any way in which they can induce him to come to the United States. An endeavor is now being made to have the British and cover a team of four or six professionals to play for a permanent annual fixture. Such a request has been called by Alex Pirie, secretary of the Professional Golfers' Association of America, to the secretary of the British P. G. A. Should the idea find favor abroad the possibility is that Duncan and Mitchell will be detailed to accompany Ray and Vardon, who are leaving England for this country today in company with Hagen and attempt to win the British open championship. But even should the idea be abandoned that Duncan and Mitchell have been booked for a series of exhibitions in this country, and they would still would have plenty of time to get ready for the open championship, which does not begin until August 10.

It is also possible that the British open championship will be held at Toledo, Ohio, in 1921. This would be a great advantage to the American players, as they would be able to play on their own links.

Olympic Boxing Bouts in Montreal

Montreal, July 10.—By utilizing the western end of the stand at the M. A. A. grounds and the chairs for the ring, a splendid amphitheatre will be provided for the Olympic boxing trial on Monday night and as the entertainment will be in the open air, smokers may enjoy their favorite woods in comfort which is an added attraction local boxing shows cannot assure. Besides the trials should produce some of the best boxing ever seen in local rings. Indications of this were seen at the last City boxing championships and as the winners will go to Toronto to compete for the right to go to Antwerp, the week following, some spirited battle should result.

The M. A. A. boxers, including Harry Turner, Bert Scamelder and Moe Hornsby, have been training out in the open air for the past week under the supervision of Billy Armstrong.

Ottawa will be represented in every class, eight in all, and a number of the leading sportsmen of the Capital City will accompany their candidates for Olympic honors.

HALIFAX CAR FOR SPEEDING

Young Lady from Halifax Taken in Custody on Rothery Avenue—Was Taken Before Magistrate at Renfrew.

Yesterday afternoon, Constable Robert Crawford gave chase to a Halifax car on Rothery avenue, which he states was going at the rate of 35 or 40 miles an hour. He caught up to the car at Brookfield and found that it was owned by Miss Dorothy Hanon, of Halifax, who had a chauffeur driving, and she was accompanied by some other ladies. The party was returned to Margate Drive at Renfrew, and a deposit of \$25 was left for their appearance in the court this morning at 9 o'clock.

MAKE DIVORCE IMPOSSIBLE

Campaign on U. S. for Federal Constitutional Amendment Looking to That Result.

New York, July 9.—Inauguration of a campaign for a Federal Constitutional amendment making divorce impossible in the United States was announced today by the Rev. Dr. Walter Gwynne, general secretary of the Society for the Upholding of the Sanctity of Marriage.

Vigorous propaganda will be carried on said Dr. Gwynne, to extend the membership of the organization to every Christian denomination in the United States and ministers of every creed will be urged to refuse to perform the marriage ceremony for any person that has been divorced.

Toronto, July 9.—Charges of keeping a common gambling house are being brought against the directors and officials of the Devonshire Racers Association at Devonshire Park, Windsor, Ont., by the Department of the Attorney-General, in order to test out whether this week's racing is legal or not. The case will be taken before a Windsor magistrate for trial.

St. Peter's Team Won Both Games

Special to The Standard.

Monday, July 11.—The St. Peter's hall team of St. John badly walloped the Moncton war veterans in both games Saturday afternoon and evening. The score in the afternoon was 9 to 4 in favor of the St. Peter's boys, and in the evening's seven-tinning contest 12 to 4. Both games were marked by heavy hitting on the part of the visitors, their batting in the evening game being the feature, two and three base hits being pitched for the St. Peter's and the war vets found difficulty in finding him safely. Pyle was engaged on a busy contract for the North Foreland Club of England, and that neither he nor Duncan would be able to make the journey. Recent advice from Toledo has been to the effect that Mitchell has received a leave of absence from his club so that he could play in the American championship, and now that he has the highest laurels it is not likely that Duncan will remain at home in the event of his match partner deciding to take advantage of the vacation granted him by North Foreland.

ECREMENT STILL AT ELLIS ISLAND

New York, July 11.—(By Canadian Press)—The Ellis Island immigration authorities announced yesterday that Arthur Ecrement is still being held in custody. A motion for his release, which was booked for yesterday, was not heard owing to the non-appearance of Ecrement's lawyers. It is reported that his case is to be taken to the United States Federal court in the form of an application for a writ of habeas corpus.

COUNTRY MARKET.

The country market Saturday was quite busy, and more than the usual quantity of meats and vegetables were shown on the stalls. Butter and eggs were about the same, with asparagus and cucumbers still classed at luxuries, being 50c a bunch and 25c apiece, respectively. Butter and eggs were both from 55 to 65c. The meat market was about the same price as last week, mutton 20 and 25c, and lamb 35 and 40c, being the only reduction. Beef was 35 and 40c; ham and bacon 45c, and fowl 50 to 65c. per lb. Vegetables were quoted as follows: Carrots, 15c; new turnips, 8c; beets, 20c; radish, 8c; spinach, 10c; leek tops, 8 to 10c; and green onions 8c per bunch; lettuce, 8c, and celery, 10c; a head; onions 8 to 12c, and cabbage 15c per lb. and potato 12 to 15c per bushel.

WELL KNOWN WRITER HERE

Those who have enjoyed "Tall Ships," "The Lone Trick," and many other splendid stories written by "Hartman," will be interested to learn that the writer is at present in St. John in the person of Lieut. Louis De Costa Ricci, who is secretary to Rear-Admiral Everett, of H. M. S. Calcutta. Hartman's books are well and favorably known in Canada and have given pleasure to a very large number of readers, to whom "The Navy Herald" is something to be very thankful for and to admire.

PRAYERS OFFERED.

Prayers were offered in the Anglican churches for the Lambeth Conference, now in session at London, that their deliberations may result in great good for the Church.

THE POLICE COURT.

Several cases were dealt with in the police court, Saturday. Laurent De L'Esclapart, charged with having drunk in his possession for unlawful purposes, withdrew his plea of not guilty, and pleaded guilty to the charge preferred. J. A. Barry for the accused; F. R. Taylor for the prosecution.

Joseph Tremblay, charged with drunkenness and damaging a door; Gilbert Leuchner, for being drunk and profane; William Speight, for selling liquor, and three drunks were remanded.

BAUMGARTEN LOSES APPEAL

Montreal, July 9.—The appeal of David L. Baumgarten against a judgment rendered by Judge Choquette, as Extradition Commissioner, ordering his extradition to the United States, was dismissed this morning by Justice Greenfield, in the court of King's Bench, and the plaintiff was delivered into the hands of High Constable St. Mars, pending the arrival of a United States marshal.

Baumgarten was arrested in Montreal some time ago, charged with the theft of a Lozier automobile, the property of J. L. Davis, of Boston. He and Miss Virginia Carr, who he claimed, was his wife, were arrested on February 10. Miss Carr finally received her liberty while he was retained on \$5,000 bail.

The Carpenter and Jack Dempsey Bout

Is Regarded As Unlikely Before Next Year. "If Ever," Declares Jack Kearns, the Champion's Manager.

New York, July 8.—Chance of a championship bout between Georges Carpentier and Jack Dempsey is regarded as unlikely before next year, "if ever," Jack Kearns, Dempsey's manager, declares today following a conference here with Francois Desamps, the Frenchman's manager, and others prominent in boxing circles. Kearns had signified his willingness at the conference to contract to box Carpentier at any time or place agreeable to the two principals for the highest purse offered, but Wm. A. Brady, representing Charles Cochrane, London fight promoter, produced a contract which Carpentier signed after he had knocked out Joe Bicket, the English heavyweight, in London last fall. This contract, Cochrane has an option until Dec. 31 next. A clause forbids Carpentier or his manager from even discussing a Dempsey fight with any other promoter.

Desamps took refuge behind this clause. Apparently the only avenue open for discussion of a match would be for Kearns and Dempsey to accept Carpentier's challenge in Paris last year, which would have to be held in England or France under Cochrane's management.

Carpentier, who came to the United States several months ago, will return to his home next Saturday. He said he would return to this country Sept. 6, to box Battling Levinsky on Oct. 10. Charles Harvey, American representative of Tod Lewis, now in England, challenged Carpentier after the conference on behalf of Lewis. Harvey gave over both from 55 to 65c. Desamps, on behalf of Carpentier, declared he could not entertain the challenge because of the Cochrane contract.

Kearns following the conference, said he would continue arrangements for Dempsey's first fight since winning the heavyweight title from Jess Willard. His opponent is to be K. O. Brennan. The time and place of the battle were not later announced as the arrangements still are in the tentative stage.

Others at the conference between Carpentier, Desamps, Kearns, Harvey and Brady, were Jack Curley and Tex Ricard.

Boat Racing This Evening

Everything in Readiness and First Race Starts in Harbor at 7.30 O'clock Sharp — Two Singles and Four Oared Events.

The Commercial Club Amateur Athletic Committee, with Frank White as leading spirit, for the boat races scheduled for this evening, has everything arranged, and all that is now looked for is good water in the harbor. The course will be one and a half miles, and will be from off the North Market Wharf to turning buoy off the Ballast Wharf and return, and the first race will start at 7.30 o'clock sharp. There will be three events, run in the following order:

Single sculls—Hilton Belyea, Robt. Belyea, Harry Stillington, Charles Campbell. Boys' single shells—Anthony Belyea, Grosville MacAvour, Rudyard Brayley. Four-oared shells—Belyea crew, Stuckhouse crew, Renforth crew. The officials chosen are: Referee, D. C. Clinch; starter, Peter Clinch; judges at finish, J. A. Gregory, Fred Coombes, H. R. McEllan; timers, A. W. Covey, H. W. Stubbs, H. Ervin; announcer, George Stubbis; clerk of course, J. Fred Belyea.

GAME WEDNESDAY EVENING

On Wednesday evening next the Nashua Indians will play a game of ball with the Great War Veterans and a fast game may be expected.

A Flyaway Affair. A fly and a flea in a fun were imprisoned; so what could they do? Said the fly, "Let us fly!" Said the flea, "Let us flee!" So they flew through a flaw in the flue.

Others at the conference between Carpentier, Desamps, Kearns, Harvey and Brady, were Jack Curley and Tex Ricard.

BAUMGARTEN LOSES APPEAL

Montreal, July 9.—The appeal of David L. Baumgarten against a judgment rendered by Judge Choquette, as Extradition Commissioner, ordering his extradition to the United States, was dismissed this morning by Justice Greenfield, in the court of King's Bench, and the plaintiff was delivered into the hands of High Constable St. Mars, pending the arrival of a United States marshal.

Baumgarten was arrested in Montreal some time ago, charged with the theft of a Lozier automobile, the property of J. L. Davis, of Boston. He and Miss Virginia Carr, who he claimed, was his wife, were arrested on February 10. Miss Carr finally received her liberty while he was retained on \$5,000 bail.

FIRE DAMAGES HALIFAX GARAGE

Halifax, N. S., July 9.—(By Canadian Press)—Fire broke out this evening in the garage of the Nova Scotia Motor Company on Farnsworth street. Fifty automobiles were stored in the building and the thirty employees of the company got all the cars out, with the exception of two, before they were damaged. The tops and cushions of two of the cars suffered some damage by water. The firemen arrived promptly and confined the blaze to one end of the building. The loss will be about \$10,000.

Children playing with matches in the grass near the building are believed to be responsible for the fire.

Others at the conference between Carpentier, Desamps, Kearns, Harvey and Brady, were Jack Curley and Tex Ricard.

HON. WILLIAM DENNIS DIES IN BOSTON

One of the Best Known and Most Successful Newspaper Men in Canada.

Halifax, N. S., July 11.—The death of Hon. William Dennis, of Halifax, of the Massachusetts General Hospital, Boston, late this afternoon, is announced in messages to the family here. Senator Dennis, on the advice of specialists, had gone from Ottawa for an operation, which was performed on Friday. It was at first thought that the operation had been successful, but early this morning complications developed. Senator Dennis was 66 years of age. He was born in Cornwall, England. At the age of twelve he was a com-

mercial famous Bristol, Canada, died with Herald established was successful men. A conductor independent. The writer, producing a new work—a monthly work—any one to the path of the writer. The writer, Eric Dennis, the P. Halifax.

HON. WILLIAM DENNIS DIES IN BOSTON

One of the Best Known and Most Successful Newspaper Men in Canada.

Halifax, N. S., July 11.—The death of Hon. William Dennis, of Halifax, at the Massachusetts General Hospital, Boston, late this afternoon, is announced in messages to the family here. Senator Dennis, on the advice of specialists, had gone from Ottawa for an operation, which was performed on Friday. It was at first thought that the operation had been successful, but early this morning complications developed.

merical traveller, representing the famous old firm of Parnell Brothers, Bristol. Two years later he came to Canada, and had been actively identified with the conduct of the Halifax Herald and the Evening Mail since the establishment of those papers. He was one of the best known and most successful of Canadian newspaper men. A Conservative in politics, he conducted his paper on outspoken and independent lines. Himself, until his death, a vigorous and searching writer, he had that rare faculty of infusing his staffs and the papers they produced with much of his own enthusiasm. Though for years a victim of physical infirmities, Senator Dennis always seemed to bring to his work—and he was capable of a tremendous amount of work—a buoyancy and optimism that gave no hint to the outside world of the physical pain he suffered.

PROHIBITIONISTS WERE DISAPPOINTED

With the Vote Cast in Fredericton—Major E. B. Hooper Repeats Several Charges.

Special to The Standard

Fredericton, N. B., July 11.—The temperance forces carried York County with a great sweep in the prohibition plebiscite on Saturday incomplete returns indicating a final majority in favor of the Act of about three thousand.

Rev. Dr. Hutchinson Talks On Election

Preaching to Large Congregation, He Said That Cause of Righteousness Had Secured Victory—Dominion Ban Should Never Have Been Lifted.

In his service last evening before a large congregation the Rev. Dr. David Hutchinson said it was a great victory that the cause of righteousness had secured. He said that if the vote had been taken some months ago the majority in favor of a home dry province, would have been twice as large. Ever since the Dominion government, no doubt, acting upon the importation of liquor into our province, we have been deluged with the worst kind of intoxicants.

Special Sermon At Ludlow St. Church

Last Evening in West St. John Rev. W. R. Robinson Took for His Subject "Facts and Fallacies of the Present Campaign."

At the Ludlow St. Baptist Church, West St. John, last evening a special sermon was delivered by the pastor, Rev. W. R. Robinson. He took as his subject: "Facts and Fallacies of the Present Campaign." The reverend speaker said that during fifty years of campaigning in every province but one in Canada and through the Middle West and Southern States of the United States no campaign that he was ever in did he meet with such misleading and acrimonious statements as the present one. Charges and counter-charges calculated to injure and ruin the reputation and character of men on both sides were freely bandied about. Such a spirit, he said, should never enter into a moral issue that seeks the public good. However, it is over and the electors for the second time, first through their representatives in Fredericton in 1916 and again as today emphatically declared themselves in favor of the prohibition of the liquor traffic and the vote was especially against light wines and beers.

It is a fact therefore, he said, that the law has been sustained and this is a mandate to the Government to make any additional amendments for its better enforcement. The women of the province proved themselves worthy of their trust in supporting a law that has largely mitigated the evil of the saloon and if enforced upon the statute book drunkenness and its attendant crimes would have been reduced to the lowest possible minimum. It is a fact that the law never contemplated the sale of lemon extract and other drinkable liquids containing more than two per cent proof spirits weight and if this provision has not been enforced in the past it will be in the future. The law requiring vendors to register all liquors received and sold will be strictly enforced from now on. It is a fact that the law provides for the appointment of a number of inspectors in each county to see to its proper enforcement. Rest assured that the provisions will be carried out. It is a fact that there are some doctors whose sole occupation seems to be to write out prescriptions at \$2 per sheet. There have been cases in the courts where the patients prescribed for themselves and the doctor merely wrote the prescription and collected the fee. Such doctors are disgraceful to their profession and the Medical Society of N. B. in justice to itself should take action against them. The inspectors in the future must enforce that section governing the conduct of medical practitioners.

This city is a maritime port affording many avenues for the violation of the act yet the voters by nearly 2,000 majority in the city and county declared in favor of the act and by a majority of almost 1300 voted down wines and beer. This is evidence that they are satisfied that the act is not a failure. The speaker said that he had personal proof that scores of homes which before prohibition had been destitute had now been provided for. He cited many cases to substantiate his statements, all of these cases happening under license.

Speaking about the future policy he said in view of the mandate of the electorate, the temperance forces are determined to keep faith with the people and see that the law is rigidly, fairly and firmly enforced. Neither Government nor officials will be permitted to stand in the way. The people, the speaker emphatically declared have spoken and they are in no mood to be trifled with.

The fallacious arguments used by the opponents of prohibition during this campaign are not worthy the name of those who fathered them. They would serve their cause and profession to more profit if they would attend to their professional duties and let the people decide on moral issues. The fallacy of the medical men who say that many may die as a result of a "dry" epidemic if they ban alcohol liquors at hand is apparent when we realize that the law makes provision for this.

The sections referring to common carriers, registration of private dwellings and public houses will be given strict attention by the officials. In regard to money from fines and the sale of seized liquors, he said that it was never intended by the temperance forces that a surplus running into the thousands be handed to the Government every year.

The people will now turn their attention to prohibiting importation for personal use. This privilege has been grossly abused and a determined effort will be made to prohibit all shipments under that guise.

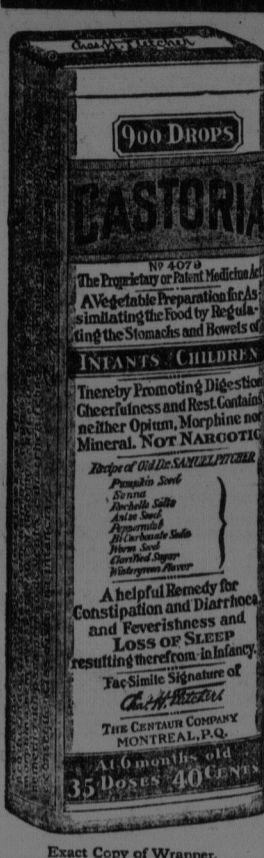

In conclusion Rev. Mr. Robinson thanked his people for permitting him to spend three weeks during which time he addressed meetings for the cause in Carleton, Charlotte, York, Westmorland, Albert, Kings, Queens, and Sunbury counties.

The total vote polled in York county, including Fredericton, was less than fifty per cent of the eligible vote and in Fredericton it is estimated that three women voters went to the poll to every two male electors. The prohibition forces had an effective organization, getting their voters to the polls, the women predominating, while the "nays" had no organization in evidence. The early returns from the rural districts indicated the outcome of the election and the people did not appear surprised at the result. There was no serious trouble during the polling in this city or at the country polls and the day passed off quietly.

Several of the local ministers referred to the outcome of the prohibition plebiscite.

Rev. Major E. B. Hooper, of St. John speaking from the pulpit of Christ Church, Parish Church, this morning stated to a large congregation that he wished to reiterate several charges which had been made against him, one of which was that he had been the worse of liquor several times. This he stated was untrue and he further stated that other charges of the same nature made against him were false. Having no pulpits of his own to speak from he stated his views in the newspapers of the province. He referred to the results of the prohibition plebiscite and gave the latest figures received as to the outcome.

Miss Comeau, of Weymouth, N. S., is visiting her cousins, Misses Frederica and Eva Jones, this city.

SHIP BY TRUCK

the

Oldsmobile Economy Way

Over two hundred lines of business are now using the Oldsmobile Economy Truck for greater speed and efficiency in getting goods there on time without waste or worry.

This new Canadian Oldsmobile Economy Truck will save your time and money, and pay for itself in a single season.

In deciding what make of truck to buy you should consider the mechanism and specifications. Send for a complete description of the Canadian Oldsmobile Economy Truck and make a study of its inherent quality. OBITUARY

Richard W. Folkins.
General regret will be expressed in the death, at the General Hospital, Saturday morning, at 2 o'clock, of Richard W. Folkins, aged 69, who was fatally injured in an accident at J. & A. McMillan's store, Prince William street, on Thursday last. The deceased had been doing express work for McMillan for the past twenty years, and was held in high regard.

Besides his wife he leaves three daughters and four sons: Mrs. Frank McCullum, Montreal, who was due here Saturday; Mrs. Harry Chase this city; Miss Laura, at home; F. Field Folkins, formerly of the 7th Siege Battery, at home; Otty T. Folkins, formerly of the Railway Construction Corps, who is located at Cochrane, Ontario, and who arrived here Saturday night; Ronald W., of Montreal, who arrived Sunday, and Stanley R., of this city.

Mr. Folkins was a member of the Portland Methodist Church. The funeral will take place this (Monday) afternoon at 2.30, from his late residence, 55 Simonds street. Services will be conducted by Rev. Neil McLaughlan, former pastor, and Rev. Harry B. Clarke, M. C., former minister of the C. E. F.

John Bremppall.
Penobscot, July 11.—John Bremppall, a young man 22 years of age, passed away at his home here yesterday, after an illness of about a month. The deceased was well known and well liked by all. He moved here from Shipbuilding Co., the Moose Social Mechanics' Settlement about a year and the Labor Union No. 16775.

FUNERALS

The funeral of Mrs. Maroline McLeod was held yesterday afternoon from the residence of G. A. Dickson, 109 German street. Service was conducted at 2 o'clock by Rev. W. R. Robinson. Interment in Cedar Hill cemetery.

The funeral of John Maher was held yesterday afternoon at 2.30 o'clock to St. Joachim's church. Silver Falls Service was conducted by Rev. Fr. Landry and interment was made in the new Catholic cemetery.

The funeral of the late James A. Ireland, killed at East St. John, Friday last, was held at the residence of his sister, Mrs. J. Wood, Hawthorne avenue, yesterday afternoon. Services at the house and grave was taken by the Rev. R. Taylor McKim, and interment was in Fernhill. A large number of floral tributes was sent by friends and relatives of the deceased, and several beautiful set pieces from the Bedford Construction Co. The St. John Drydock and The Moose Social Mechanics' Settlement about a year and the Labor Union No. 16775.

GERMANS MAY OFFER 19 BILLIONS REPARATION

Spa Delegates Reported Ready to Make Definite Offer — Experts paint Sad Economic Picture, Hoping to Reduce Treaty Terms.

By S. B. Conger
Special Wireless Dispatch.
Copyright, 1920, by Public Ledger Co., Berlin, July 11.—High authorities for stating that despite strong intimations to the contrary, the German representatives at Spa are prepared ultimately to make a proposal as to the amount of indemnity Germany is prepared to pay, should the Entente representatives insist in their request to this effect. Their offer will be decidedly lower than the 100,000,000,000 marks in gold (\$25,000,000,000) proposed at Versailles—probably at least a fourth less than that amount and will be conditioned upon the reduction of upper Silesia and the actual production of the coal fields in East and West Prussia which will materially affect Germany's capacity to pay. Before outlining to the Entente representatives a mass of statistical matter and argumentation tending to prove Germany's inability to pay anything under present conditions, and the necessity of her former enemies suspending the hampering restrictions of the peace treaty and lending a helping hand to place Germany on her feet industrially and financially.

Germany's case will be based largely upon three memoranda on Germany's solvency, supplemented by verbal statements of the ministers of finance, economic reconstruction and food and their expert subordinates. Your correspondent spent hours working through the memoranda without, however, finding any positive data on the sum which can be paid under the best conditions. The nearest approach was that at any rate, Germany has 92,000,000 gold marks pre-war wealth based upon the results of the assessments for the levy on capital and writing off 120,000,000,000 marks for lost territory, mercantile marine, foreign securities, suppression of foreign trade resources and facilities, exhaustion of mercantile manufacturing stocks at home and depreciation of industrial and transportation plants, amounting to 8,000,000,000 to 10,000,000,000 marks for debts abroad.

All the rest of the material is negative. It is intended to show what Germany cannot pay under treaty conditions which, the experts insist, include the possibility of making an offer of payment. Twenty German experts from the business, industrial and financial world who were called upon by the government to formulate a statement of Germany's economic capacity insist, for example, that any necessary premises to any new offer on the part of Germany she must be given the most favorable national treatment and be immediately freed from trade disabilities and restrictions abroad and from the threat of renewal of the blockade; she must be made mistress in her own economic domain; Upper Silesia, have a limitation placed on the expenses of the army of occupation, which now run almost to 3,000,000,000 marks a year, and retain part of her mercantile fleet. Practically all these premises run counter to the provisions of the Versailles treaty and are equivalent to a demand for a favorable revision.

Experts declare that to insist on an enormous indemnity which can only be paid by a country with a favorable balance of trade, and simultaneously to destroy all her assets abroad flies in the face of all the fundamental laws of economics. Analyzing the reparation obligations under the Versailles treaty, Chancellor Fehrenbach and his colleagues will argue that strict compliance with their requirements means an annual charge upon Germany of 5,500,000,000 gold marks, composed of two billions in revenue from productive capital in the shape of cables and other property surrendered to make up a twenty-billion installment due May, 1921; 1,000,000,000 marks to pay for coal and new tonnage built for the Entente annually, add twenty-four hundred millions for interest and amortization charges on forty billion gold marks deliverable as a second installment on the indemnity. The figure do not even allow for the full amount of 43,000,000 tons of coal prescribed for annual delivery to the Entente, declaring it futile to expect her to deliver more than 12,000,000 of the utmost and improbable that the empire will be able to pay for mining this quantity.

The above charge in gold, translated into terms of present currency means an annual burden of fifty-eight billion paper marks, which sum is far beyond any possibility of payment. The German thesis regarding the possibility of the payment of any reparation whatever is based on the presumption that the present unfavorable balance of trade must be converted into an active balance with a surplus of exports which can be applied toward the payment of reparation. This, it is authoritatively declared, is possible only if German industry is again able to attain a high pitch of productivity which in turn is possible only if the Entente renounces claims upon enough coal to permit industrial plants to work at full speed and allows Germany to dispose of its high exports and resources to pay for imported raw materials of industry and food for workers. The cost of such indispensable imports in coming years including a large amount of America is placed at eight billions in cotton, copper, phosphates, etc., from paper marks, with exports for the present are estimated at not more than thirty-five or forty billions. Until this unfavorable balance of trade is overcome for which there is no prospect for a number of years there will be no surplus available for reparation, particularly for the twenty-four hundred million marks in gold for the annual interest and redemption charges due after 1926. On the second issue of forty billion marks reparation bonds the government expects that the first installment of twenty billions due in May, 1921, will be extinguished by the surrender of ships and other property, but it appears to have no cover in mind for the billion in gold due in annual in-

COW-PUNCHER MAKES A HIT AS PREACHER

English Baronet Who Lived Life of Adventure in America Now in Ministry.

By HUGH DRYDEN.
London, July 10.—A former soldier in the Spanish-American war, and cow-puncher in the American Southwest, who has also been sailor and miner, though an English baronet, Sir Genille Caves-Brown-Cave, the twelfth of his line, is holding big congregations at a suburban London church.

Walthamstow, a working class suburb, is a district in East London, but already realized that it has something out of the common in spiritual guides. Instead of spending their money in getting a number of years thinking over the matter and felt that I was destined for something better than a life of adventure. There is not much Christianity in adventure, gams, hunting, soliciting or the cowboy business, and I have decided to end my days in preparing all who will follow me in finding a better world than the one we are living in at the moment.

At the same time I am inclined to say that a life of adventure, the same as my own, might be an education; but much must depend on the character of the individual. He may lead a life of adventure, but he may be a gossamer party who thinks only of today and cares nothing about tomorrow. I was not one of this type any more, because I had been recruited to fight the prohibition amendment, Anti-tobacco legislation, and Sunday theatre closing, is known as the "Order of Camels."

CITY OF SAINT JOHN.

SEALED TENDERS will be received by H. E. Warder Esq., Common Clerk on forms furnished by the City and endorsed "Tender for water main extension to Spruce Lake" until THURSDAY THE 22ND DAY OF JULY INST. at 11 of the clock a. m. for excavating and backfilling for and supplying and placing of a 36 inch reinforced concrete water main, according to plans and specification to be seen in the office of the City Engineer.

The City does not bind itself to accept the lowest or any tender. No offer will be considered unless on the form supplied by the City Engineer and to be had in the office of the City Engineer.

Cash or a certified check for five per centum of the amount of the tender must accompany each bid, this will be returned to all rejected bidders but the City will hold the deposit accompanying the successful bid until a satisfactory security bond for sum equal to one half the amount of the contract is furnished by the contractor guaranteeing the pipe and the maintenance thereof for two years.

J. B. JONES, Commissioner W. & S. ADAM P. MACINTYRE, Comptroller. St. John, N. B., July 8, 1920.

SALE OF MOTOR TRUCKS AND CARS

SEALED TENDERS addressed to the undersigned and endorsed on envelope "Tender for Motor Transport" will be received up to noon on Monday, the 19th July, 1920, for the purchase of the following:

- Motor Truck, 4 ton, Bradford.
- Motor Truck, 3 1/2 ton, Kelly-Springfield.
- Motor Truck, 2 1/2 ton, Kelly-Springfield.
- Motor Ambulance, Cadillac, Type 55 Motor Car, Overland.
- At Naval Air Station, North Sydney.
- Motor Truck, 3 1/2 ton, Kelly-Springfield.
- Motor Car, Chalmers.

The above will be sold as they stand. Deliveries are to be taken within fourteen days of acceptance of tenders.

Inspection may be made on application to the Naval Store Officer, Halifax, and Carotaker, Naval Air Station, North Sydney, C. B.

Each tender should be accompanied by a certified cheque, payable to the Department of the Naval Services, for 10 per cent. of tender price, as a guarantee of good faith.

The Department reserves the right to reject any or all tenders received. (Sgd.) N. C. MITCHELL, Naval Store Officer.

Sailed Saturday.
S.S. Kanawha, Purves Line, Capt. Balfour, left St. John Saturday morning.
never deserted me even in my darkest and most dangerous moments."

Asked why he chose Walthamstow for his first missionary work, he replied, "I could have a fashionable church but I prefer to work among the poor and middle class; they want encouragement and assistance; the wealthy classes are able to look after themselves. I care nothing about politics, and I am not going to discuss them."

Asked whether he might not later on go out among those of his earlier experiences and preach the Gospel there he replied, "Nothing could give me greater pleasure, but of course I am under the jurisdiction of my bishop and I am not at liberty to go where I like. Thousands of those with whom I have worked and associated in other days need enlightenment, and I hope I shall have an opportunity of going again into these regions and preaching the Gospel. It is really one of my greatest ambitions and I may say that it was the darkness I noticed during my wide and varied experience that determined my final step to become a minister of religion."

Orders of the Camels.
New York—The camel has become the accepted mascot for the Anti-Prohibition movement that is gaining impetus daily in the middle west, and recently invaded Chicago. The new organization, recruited to fight the prohibition amendment, Anti-tobacco legislation, and Sunday theatre closing, is known as the "Order of Camels."

Krupps (Essen) employed 80,000 hands before the war. This grew to 115,000 and now stands at 45,000. They are making agricultural machinery and cash registers, among other things.

YOUNG MAN

The St. John Standard is looking for a young man, preferably just out of High School, who can be developed into a forceful newspaper man. He must be willing to work hard, must know enough to be polite and pleasant, and at the same time have a hide thick enough to take the hard knocks he is bound to run into in any sort of selling. In other words I want a young chap who can be developed into salesman enough and executive enough to make an honest to goodness newspaper man. To such a chap there is an unlimited future. If you think you would like to have a try at this see Mr. Fenton at the Standard office any morning between 10 and 12 o'clock.

NEW BRUNSWICK POWER COMPANY ON VERGE OF A BIG STRIKE

General Manager Macaulay Says Company Has Met Wishes of the Employees—F. A. Campbell and Members of Committee State That If Their Clause Regarding One-Man Car is Not Agreed to Today Cars, Power and Gas Will Stop at Six O'clock This Afternoon.

There is only one thing that will prevent the city from being tied up at six o'clock this evening for street cars, electric power and gas, and that is the removing of a clause in an agreement signed by General Manager Macaulay of the New Brunswick Power Company which is not agreeable to its employees, and placing in a clause that the men request, this is the gist of a statement given to The Standard last night by Fred A. Campbell in speaking for the men.

While Manager Macaulay claims that the clause in question was submitted and agreed to by the men, the men claim that this is not correct, but that the clause was made up by F. R. Taylor, the company's solicitor, that it was brought before a meeting of the men early Saturday morning, and as exclusively stated in The Standard, was rejected.

F. A. Campbell and two other delegates were seen by The Standard last night and they said that Mr. Campbell would be given notification this morning to change the clause and if this is refused a strike of all power company employees will be called on at six o'clock.

Mr. Campbell said that after an agreement had been decided on Mr. Macaulay inserted the clause which is objectionable to the men, and unless this clause is taken out and the men want put in, then the works will stop. Further Mr. Campbell said that if there was a strike the men would not be responsible.

Pastor Received Pleasant Surprise

At the Close of the Service in Main Street Baptist Church Last Evening Rev. Dr. Hutchinson Was Presented With Leather Billfold Containing Over a Hundred Dollars.

A pleasant event took place last evening in the Main Street Baptist church at the close of the service and the pastor, Rev. Dr. David Hutchinson was given quite a surprise when he was handed a handsome leather bill fold suitably engraved and containing over one hundred dollars.

Rev. Mr. Hutchinson and family will leave this evening for a holiday visit to Winnipeg, where his son William is located, and the congregation took advantage of the opportunity to mark in this way their appreciation of his services during the past fifteen years of his pastorate.

At the close of the communion service, L. H. Thorne, senior deacon of the church, called Mr. and Mrs. Hutchinson to the front and in a few well chosen words presented the gift of the people to their pastor and his wife, reminding Mr. Hutchinson that half the contents of the book were for his good wife.

Mr. and Mrs. Hutchinson both expressed their thanks for the gift and the good wishes which accompanied it.

GRATUITIES FOR RETURNED MEN

Question of Bonus to be Discussed at Mass Meeting Tonight—All Returned Men Welcome.

Much interest is being taken among returned men in the meeting tonight in the rooms of the G. W. V. A., Wellington Row, to be addressed by S. H. Howe, of Toronto, prominent work of re-establishment of returned soldiers. He will discuss the matter of gratuities, bonus, employment and other problems of reconstruction. It is expected that Mr. Howe will have a message of prime importance for all returned soldiers, and he will be prepared to answer any questions pertaining to subjects of interest to them.

This meeting is not confined to members of the G. W. V. A., or any other returned soldiers' body. It is open to all returned soldiers without any admission charge. Mr. Howe has visited almost every province in Canada within the last few months and is familiar with the problems confronting returned men so far as re-establishment is concerned. The mass meeting tonight will begin at 7 o'clock (Daylight) in order to allow those who wish to attend the boat races.

A NEW COMPANY.

Max Goldberg has recently arrived in the city as general manager of the Maritime Waterproof Clothing Company, which has opened up business on Sydney street.

THE TRUTH ABOUT IRELAND.

Miss Katherine Hughes, the well-known Canadian author and journalist, will address a public meeting in the Opera House, Thursday evening, after the first performance. Subject, The Truth About Ireland.

During the last two years Miss Hughes has spoken before Women's Clubs, Rotary, Kawanis and Community Clubs. She has aroused considerable interest wherever she has spoken by her information upon Ireland and Irish questions, whether economic, social or political. All citizens of St. John are invited to attend.

BANGOR FIREMAN HERE

Bert Smith, driver of Hose 3, Bangor fire department, has been in the city on his vacation and renewing old acquaintances.

H. M. S. Calcutta In The Harbor

British Battleship With Sir Allen Everett on Board Arrived Saturday—Thousands of Citizens Visited the Ship Yesterday.

The H. M. S. Calcutta proved the center of interest yesterday, and everyone's Sunday promenade included a visit to the flag ship of the North American and West Indian squadron. The fact that the battleship was moored to MacLeod's wharf made it easy of access and the public took full advantage of the occasion offered to inspect one of the most modern fighting craft in the British Navy.

Prior to her arrival here on Saturday evening, the battleship participated with a Japanese cruiser and several ships of the American Navy at the celebration held at Portland, Me., to commemorate the centennial of the Pine Tree State. She left Portland at 8.30 Saturday morning and docked here Saturday evening.

As a welcome to the men on their first visit to the Navy League arranged with the City Cornet Band for the concert rendered in King Square Saturday evening. The programme was a pleasing one and more largely attended by citizens in general than any other held this summer. It may have been the weather and again it may have been the fair sex at least—the irresistible attraction of the sailor men who were to be seen here and there in the crowd.

Having visited the city Saturday evening, the city in turn visited the ship yesterday afternoon. The sailors proved hospitable hosts and quite willing to explain to uninitiated land lubbers the many mysteries of their floating home, the bulwark of the British Empire.

The Calcutta is a light cruiser launched at Barrow in 1915. She is one of the latest type of her class, an oil burner with turbine engines, four hundred and fifty feet long, with a draught of eighteen feet, and a speed of thirty-eight knots per hour. She has five six inch guns and smaller armament including anti-aircraft guns and eight torpedo tubes.

She is the flag ship of the fleet and flies the rear admiral Sir Allen Everett's flag, the naval ensign with two red balls. She is commanded by Captain N. P. Noble, M. V. O., and manned by twenty-six officers and three hundred men. Although the youthfulness of the crew is evident the majority of them saw service in the heaviest naval engagements of the war, at Jutland and in the Dardanelles. One of the men wears the D. C. M. won at the storming of the mole at Zeebrugge.

Prior to her American trip the Calcutta cruised in the Gulf of St. Lawrence visiting Montreal, Quebec, Charlottetown and Sydney. Although Halifax was formerly the base for the North American and West Indian squadrons, Bermuda has of late years been chosen as such. There are three other ships in the squadron which patrol these waters, the Constance, Cambrian and Calipso. The Calcutta was the ship chosen to conduct the Prince of Wales in his tour of the West Indies and may possibly bring him back to St. John, and on his return from the Antipodes.

Although everything was in readiness at the Seaman's Institute for the holding of a service for the men last evening the charm of out of doors proved too great an attraction and the congregation did not show up.

It is planned to hold a regatta on the harbor this evening and in addition to the shell races in which local oarsmen are to compete, a race will be held in two of the Calcutta's whale boats between two picked crews, one of blue jackets and the other of local oarsmen. Prizes will be donated by the C. C. A. A. to the winners of the different events. It is also probable that a foot ball match will be arranged for in the afternoon. A picture show and entertainment will be given the men in the evening at the Seaman's Institute, starting at nine o'clock.

On leaving here Tuesday the battleship will sail for St. John, Newfoundland.

Mayor Schofield accompanied by Commissioner Frink and Commissioner Thomson on their official visit to Rear Admiral Sir Allen Everett, K. C. M. G., C. B., Saturday evening. Others calling were R. E. Armstrong, Capt. Mulcahy, Colonel Sturdee and Capt. B. Allan, Colonel McMillan and Colonel Sparling.

A grand programme for both officers and a men is arranged for them during their stay in the city.

AROUND THE CITY

CAPT. MULCAHY HONORED.

There were few busier men in patriotic work in St. John during the war than Capt. A. J. Mulcahy, not only in his special department as chief naval transport officer, but in recruiting and other matters. Note has been taken of this fact by the authorities at Ottawa, and Capt. Mulcahy has just received a medal granted "For Honorable Service."

VITAL STATISTICS.

The following is the list of deaths reported by the Board of Health for last week:

Cholera infantum	3
Apoplexy	1
Measles	1
Intussusception	1
Cardiac failure	1
Duodenal ulcer	1
Injuries at birth	1
Paralysis and senility	1
Injuries to both feet	1
Carcinoma of stomach	1
Gangrenous appendicitis	1

Twenty births, eleven males and nine females, and eleven marriages were also reported.

Expressed Great Gratification

Preaching to the united congregations of the Centenary and Queen Square Methodist churches at the morning service held in the Queen Square Church yesterday, the Rev. T. A. Goodwin expressed a great deal of gratification in the victory attained for Prohibition.

The victory, he said, was won under the most difficult circumstances. The holiday season meant that many people were out of the city. Saturday was a day unfavorable for voting for many. The weakness in the set allowed a great many infractions that tended to discourage the people in its efficiency. The privilege to bring in intoxicating liquors from other provinces made it next to impossible for the inspectors to cope with the situation. All these facts made it harder to attain a victory and more difficult to convince the people of the worthiness of the present law.

Mr. Goodwin said that the confidence of the masses could be depended upon. When all the people speak they show an unmistakable desire for advance in the right direction. I believe more than ever in the principle of democracy. Every effort must now be put forth to strengthen the law and meet the wishes and hopes of the people that we shall have a dry province.

Mr. Goodwin expressed the same views at the evening service held in Centenary church and read a summary of the returns both for the city and province.

SALE OF RAINCOATS.

A good line but we are caught with too many because of so much fine weather. 20 per cent. off all except Gabardines. New Outing Trouser have come in including white flannel trousers, 65 King street.

THURSDAY, JULY 15TH, AMERICA CUP DAY.

The battle of the Shamrock and the Resolute for the yachting supremacy of the world. Who will win? That's the question. Will the dodged perseverance of Sir Thomas Lipton together with the magnificent sailing qualities of his yacht and crew result in lifting the cup, or will the Resolute succeed in its defence. F. A. Dykeman & Co. have made arrangements to portray the actual struggle exactly as it is taking place minute by minute, in such a vivid manner that it will be quite unnecessary to go to New York in order to witness the fortunes of this race.

Watch their big Show Window carefully all this week.

Opera Sale Opens At 10 This Forenoon

An informal dance will be held this evening at the Riverside Golf and Country Club for the entertainment of officers of H. M. S. Calcutta. Members of the Riverside Golf and Country Club are asked to take this as an invitation.
