force at the joint of a twig on a tree, which when grown, possesses the same elements here. Why not be as valuable then, here as there, in and of itself considered?

The only difference in the expense of feeding the point of a twig on the print of the perind of 1780 the twig off, he threw himself on its point and hung awhile, trying, no doubt, whether his weight would bring it away. This however that they turn their cattle into the fields and let they turn their cattle into the fields and let the tendence here. Both, after some apparent and house them. We think, however, that the English mode is rather a slovenish one, and the economy of it-doubiful, even there.

The steaming of turnips and mingling them with other material, as practised by Mr. Mower, is undoubtedly the best mode.

Lord Juhn Russel to Sir Henry Balacer.

Forthern Office, Jan. 18, 1853

Sir,—According to the last accounts received from you, the Grand Duke of Tuseany still hesitates on the subject of the Madiai.

But this is a water and the subject of the Madiai.

But this is a water and and of itself considered a standard of the foreign with the standard proportion. The work when his had worthed the water and the work when hished, shall form an illustrated Gallery of the Naval and thung and mingring the rather his division, which the work when hished, shall be the work of the sprinted and thung and the work when shall cannot not the period of 1780 the head evidently selected for a part of his date, and of the foreign and preparing for an exerting and early a law are and of the work when hished dates and worship; cursol as the world's will be sure and ear of the sprinted with the period of 1780 the hard and draw and wishing and mingring the mark they turn their cattle into the fields during the work where and ear of the sprinted and thung awhile, trying, no doubt, whether his weight would bring it away This however, and they the received from Sao Janquin Valley. Explained the two fits and for the foreign each of the work when his date of the spri

mately the much coveted twig was severed from the branch, and was carried off to the But this is a matter on which hesitation nest, with a crowing of gratification which nearly drowned the noise of the denizens of

But this is an error. It is now well understood that the wasting of the body, the sinking of the spirits, the weakening of the mind, are but additions to the capital punishment which long and close confinement too often involves. If therefore, as has been lately reported, one of the Madiai were to die in prison, the Grand Duke must expect. lately reported, one of the Madiai were to die in prison, the Grand Duke must expect will now receive a second spark, (or rather that throughout Europe he will be considered as having put a human being to death for being a Protestant. It will be said, no doubt, that the offence of Francesco Madiai was not that of being a Protestant, but that of being a Protestant, but that the offence of Francesco Madiai was not that of being a Protestant, but that the charged by touching the tray each time after of endeavouring to seduce others from the charged by touching the tray each time after acquint you of it, as I understand you are the Sth.
