Albert Taylor, Son of Former Mayor, Took Heroic Part.

[Special to The Advertiser.] COBALT, July 31.-Among hundreds who have sustained immense losses through the great bush fires among settlers in Northern Ontario none are better known than the firms of Taylor Hardware and Childs Hardware. Mr. George Taylor, now living at New Liskeard, was once mayor of London, and his son Albert for years has been manager of a Taylor store at which was completely wiped out by fire on Saturday night. It was one of the largest establishments in the north country and Mr. Taylor was doing a very thriving business. Albert Taylor has him-self, been mayor of Cochrane, and after valiantly trying to save the own he escaped with little more than he had on his back.

Brother to the Rescue. Ralph Taylor, who manages the Taylor hardware store at Cobalt. was largely instrumental in organ izing the gathering of supplies for the special train. He set dozens of men and women to work at the town hall and himself ran an automobile around, gathering goods and clothing for the refugees. mself went north on the relief train to see to the distribution of supplies on the spot at Matheson

Other Londoners. Norman Childs of London, brother of Charles Childs, 788 Wellington street, London, had a very narrow escape. He had recently Frank Childs, who died recently. He had been fighting the fire and stayed too long. When the wave of flame engulfed Matheson he tried to get out of the front door, but ind it was too much and ran through the back. He dodged through buildings already beginning to burn to the railway track, where he was safe. His wife had preceded him on a former rescue train. He escaped without his coat and saved nothing at all but his watch. He is now in New Liskeard with friends. Frank Childs' wife and daughter were also in danger, but escaped.
