Five Young Men Enjoy Walk In Barr's Bush Raleigh

Place Has Always Been A Very Popular Resort

Sunday the weather man must have been in a more generous mood than usual. It was one of the first real spring-like days enjoyed during the so-called season. Weather conditions were so exceptionally favorable that almost everyone was out for a walk, and enjoyed the fresh air and the sunshine. Some contented themselves with short walks around the city and surrounding country, but to a number of well-known local young men the voices of Nature were calling out at Barr's bush—the beautiful stretch of rustic scenery made famous by the brush of Artist A. M. Fleming.

Out at Barr's bush the birds were twittering in the trees, and the festive green frogs were croaking their lays in the damp places. There Nature reigned supreme in all her pristine glory. So the said young men, all unconscious of what evil the day might bring forth, wended their way out the tracks to the bush, where they were still twittering in the green pastures and among the waving trees. But, alas! there is no Eden but has its serpent there. It is often in the midst of high festivity that calamity delighteth to come as an unbidden guest. Calamity came this time in the guise of County Officer James McGregor, armed with the might of the law. The birds were still twittering in the trees, and the bullfrogs' big bass voice still filled the air with melody, when Officer James McGregor's eagle eye fell upon the trespassers. Nature's orchestra failed to change its joyful tune, even when the tragic moment arrived.

The result was that the five young men were asked to answer to a charge of trespass in County Police Court this morning. Officer McGregor laying the charge on behalf of Mrs. James Richardson, who owns the property on which the alleged trespass was made.

Ward Stanworth appeared for the defendants. He put in a plea of not guilty. On the grounds that for years Barr's bush has been a popular and much frequented resort for the pleasure-loving public. During the summer months young people have been in the habit of spending Sunday afternoons in strolling about through the bush. No one had ever before been arrested for trespass, and the young men in question, like many others who were out there yesterday, did not know they were guilty of an offense. They say that they never saw any "No Trespassing" signs about the place. The case was adjourned till Mrs. Richardson can give her evidence. Officer McGregor was asked to watch the premises for the proprietors. It is understood that others besides the young men are implicated in the trespass charge. A number of young ladies who were seen walking about the farm will also be asked to appear, along with a King St. business man and his family.

AVERAGE CROP EXPECTED

Winnipeg, May 18.—It is surmised from reports coming in from all over the country that from 85 to 90 per cent. of the wheat has now been sown or practically all. A decrease of from 10 to 15 per cent. of the amount sown last year is estimated, but it is thought that the decrease will not materially affect the farmers, as it has been proven in former years that with good weather the crops that were late sown turned out an average yield. Many farmers went through seeding a couple of days ago, and though others have not been as fortunate, the general opinion amongst them is that the outlook is very satisfactory.

Seeding has been completed on Portage Plains, and the acreage will be the same as last year in wheat, but considerably more barley will be sown.

MODIFY SUNDAY LAW

Windsor, May 18.—The Police Commissioners of Windsor will meet Monday to consider the decision of the Toronto judge who holds that some clauses of Canada's new Sunday law should not apply to restaurants, taverns and others catering to the public. At a recent meeting of the Board it was decided to prosecute all restaurant keepers who sell candies, fruits and ice cream on Sundays, and one or two convictions were registered in Police Court. Now that the decision from the Divisional Court has been handed down the Police Board will modify the somewhat sweeping order given to the police a few weeks ago.

Good intention clothes itself with power.

Vote For A Reduction In Your Taxes !

There should be a very large attendance at the mass meeting of citizens to be held at the T. O. O. F. Auditorium to-morrow night.

The meeting has been called by Mayor Stone, for the purpose of discussing with the ratapayers, the brass works by-law, which will go to the people in June.

The speakers at the meeting to-morrow evening will be Robert Gray, President of the Board of Trade; Manson Campbell, Vice-President of the Board of Trade; ex-Mayor Wm. Marshall, ex-Mayor Geo. W. Cowin, Ald. Chas. Austin, Mayor Wm. St. James, C. Richards, Ald. Harry Westman, Chairman of the Industrial Committee of the City Council, and others.

The reason for calling this meeting is so that every ratpayer in the city may be perfectly versed on every feature of the by-law, and that they may vote intelligently when the polling day arrives.

Some of the ratpayers who have not given much deep thought or study to the clauses of the agreement between the city and the new company, are under the impression that the granting of the loan will add to their yearly taxes. This is a mistake and altogether at variance with the facts. It was clearly

Comments On Proposed Supreme Court Of Appeal

Thinks Colonial Legislature Should Go Slowly In Changing System

London, May 20.—(C. A. P.)—Messrs. Laurier, Broderick and Lord Strathcona paid a private visit to the Duke of Sutherland at Trentham Hall, Staffordshire.

Commenting on Jameson's resolution at the conference re the establishment of a supreme court of appeal, The Yorkshire Post says: "Let us by all means reform in any way that seems desirable the machinery by which the crown exercises the right of doing justice to any subject of His Majesty, who may wish to make a final appeal; but the Parliament and the Colonial Legislatures should hesitate long before they weaken this golden link of common citizenship."

A correspondent of The Birmingham Post credits Laurier with saying "more was not to be expected at the present time," and says, judging from his conversation with friends, Premier Laurier is well satisfied at the results achieved.

Government Locked Door.

London, May 20.—(C. A. P.)—The speeches of Deakin, Lyne and Jameson since the termination of the conference are keenly criticized by the Radical press.

Winston Churchill, in making a strong speech at Edinburgh, referred to these efforts of the protectionist press, and said the sacred laws of hospitality imposed obligations upon guests as well as hosts.

The Government not only banged the door against the imperial legion of food, but locked, barred and bolted it.

The Liberal party stood like a rock between the hard-working masses and all who would exploit their food supply to squeeze some shameful profit out of a scanty pittance of the weak and poor.

GRAND MARCH TO-NIGHT

The Grand March will be repeated at the Teumseh Roller Rink to-night. Band will be in attendance.

FORESTERS ATTEND AT PARK STREET CHURCH

The members of the local lodge of the Canadian Order of Foresters marched in a body to divine service in Park street Methodist church Sunday evening. There was a splendid turnout of the brethren, who were allocated to seats in the centre of the church.

An interesting sermon on the Brotherhood of Man was preached by the pastor, Rev. W. L. Rutledge, who took for his text the 13th and 14th verses of Paul's epistle to the Galatians: "For brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another." "For all the law is fulfilled in one word, even in this: Thou shalt love thy neighbor as thyself."

The musical service was exceptionally bright and interesting. There was a full choir present, and the anthems were rendered in excellent style. Solos were sung by Mrs. Milton B. Galt and Mr. Cunningham, and a selection was rendered by the Park street male quartet.

ROYAL BABE IS BAPTIZED

Is Showered with Names Mid Booming Of Artillery

King Edward Represented at Christening Of Spanish Heir

Madrid, May 20.—The baptism of the heir to the Spanish throne, Prince Alfonso of Asturias, who was born May 10, took place in the private chapel of the palace here at noon on Saturday.

The ceremony at the baptism was even more imposing than that connected with the first presentation of the royal child. The chapel of the palace had been richly decorated.

In the centre was the famous baptismal font of Santo Domingo de Guzman, and before the high altar were two benches covered with gold and considered tapestries for the sponsors. The walls were hung with tapestries and decorated with the banners and insignia of the various royal orders of Spain.

Royal Salute. The starting of the procession from the royal apartments to the chapel was announced by a royal salute, fired by a battery of artillery stationed in the courtyard of the palace.

The royal babe was carried in its nurse's arms, accompanied by the mistress of the robes, and escorted by Cardinal Rinaldini, representing the Pope, and was followed by the royal household, the King and the members of the royal family and the representatives of the foreign powers, including Prince Arthur of Connaught, representing King Edward; Prince Frederick Leopold of Hohenzollern, in behalf of Emperor William; Archduke Eugene of Austria, representing Emperor Francis Joseph, and the Duke of Oporto, representing King Charles of Portugal. Then came the ambassadors and ministers to the Court of Spain, the Cabinet Ministers and the great state functionaries and others.

When all had reached their allotted places in the chapel the halberdiers formed up around the walls, the mace-bearers took up their positions at the doors and four kings-at-arms stood around the font, the whole forming a brilliant color picture.

Receives Ten-Names. The ceremony of giving the names to the royal child, Alfonso Pio Cristiano Eduardo Francisco Guillermo Carlos Enrique Fernando Antonio was of short duration, and after the usual prayers the procession reformed and returned to the royal apartments, the child being taken back to Her Majesty.

Wheat Practically All Sown.

Winnipeg, Man., May 20.—It is surmised, from reports coming in from all over the country, that from 85 to 90 per cent. of the wheat is sown.

A decrease of from 10 to 15 per cent. of the amount sown last year is estimated, but it is thought that the decrease will not materially affect the farmers, as it has been proven in former years that, with good weather, the crops that were late sown turned out an average yield.

Many farmers were through seeding a couple of days ago, and though others have not been as fortunate, the general opinion amongst them is that the outlook is very satisfactory.

Seeding has been completed on Portage Plains, and the acreage will be the same as last year in wheat, but considerably more barley will be sown.

TAVATO IS OUT OF CITY

Jumped His Bail On Saturday—Zakoor Gets Black Hand Notice

Alex Cunningham has Jack Faubert Up On Charge Of Assault

Frank Tavato, the Italian fruit dealer, who was charged with assaulting George Zakoor, jumped his bail, and quietly shook the dust of Chatham from his shoes Saturday night. His case was to have come up in Police Court this morning, and a local gentleman had put up bail for Tavato to the amount of \$30.

This morning when the case came up, R. L. Brackin appeared for Tavato and W. F. Smith for Zakoor. Mr. Brackin admitted that the defendant had unexpectedly left the city, but asked that the case be gone on with. Judge Houston adjourned it till the afternoon.

This was the case of assault which arose out of the rivalry between Zakoor and Tavato. One morning last week Zakoor delivered a bunch of bananas at Gammage's grocery on Queen's street, when Tavato rushed out at him attempting bodily harm. Zakoor laid an information, with the result that Tavato was arrested, and was released on \$30 being put up as bail by a local gentleman.

There are some mysterious features to this case which have not as yet come out in evidence. Geo. Zakoor has in his possession a post card from the Black Hand Society, which he thinks was sent by either Tavato or his friends. The post card is embellished with an ominous-looking black hand, and bears the warning words, "You have just two more days!"

Sylvester Hanna, a stranger, minus one eye, but whose capacity for rum is in no wise defective, adorned the prisoner's dock in Police Court this morning. On Saturday he came to the city and drank not wisely, but too well, with the result that he soon made the acquaintance of the officers of the law.

In reply to Judge Houston's question as to what he was up for, Sylvester replied that he had just been drunk. His little justification cost him a \$1 fine and the costs, in all amounting to \$5. Hanna says that he came from Nova Scotia.

The grate stealing case was to have come up this morning, but Junk Dealer Berenson, who bought the stolen grate from the boys, could not be summoned to appear, as he is laid up in an hospital in Toledo. The case was adjourned till Tuesday, May 28th.

Jack Fobzar, who has rooms on King street, above Stringer's wool and hide ware-rooms, was up this morning charged with assault. The complaint was laid by Alexander Cunningham, who lives in rooms on the flat beneath Fobzar. It seems that the flats are not equipped with sinks, and the residents dispose of their dish-water and other refuse by throwing them out the back window.

It was while Fobzar was in the act of disposing of a pail of water in this manner that the alleged assault occurred. Cunningham got in direct line for a free shower bath. He is disposed to think that Fobzar did it purposely. The case was adjourned.

George G. Martin appeared for the defendant.

Officers and Directors Re-Elected. Trenton, Ont., May 20.—The annual meeting of the shareholders of the Central Ontario Railway was held here Saturday, when the old board of directors and officials were all re-elected.

Directors—S. J. Ritchie, C. E. Ritchie, George Collins, B. Fraser, J. H. Stewart, W. S. Jaques and S. S. Laxier.

Officers—S. J. Ritchie, president; C. E. Ritchie, vice-president; George Collins, manager; J. D. Rowe, treasurer.

Tolstoi, Jr., Acquitted. St. Petersburg, May 20.—Count Leo Leonovitch Tolstoi, son of the famous author, who was arrested in February last, charged with high treason in publishing his father's latest political pamphlet, has been acquitted.

The court decided that the count had no criminal intent in republishing the pamphlet, which was printed abroad, but ordered the Russian edition to be burned and the plates destroyed.

Jumped From Window. New York, May 20.—Emilio Balari a Spanish music instructor, aged 69 years, committed suicide Saturday by jumping from a window of his room on the seventh floor of an apartment house on West 57th street. He was instantly killed.

Balari formerly enjoyed the patronage of many prominent New Yorkers, but lately has been suffering from nervous prostration, which is believed to be the cause of his suicide.

AN EARNEST APPEAL

The Planet is in receipt of the current issue of the Canadian Mute, a paper published by the institution at Belleville, which is established for the purpose of giving free education to deaf and dumb children. In it the following appeal is made:

"We have reason to believe that there is a considerable number of deaf children in this Province of school age who are not attending our institution, but who should be doing so. We are desirous of obtaining the names and addresses of the parents of all such children, and we earnestly appeal to the readers of these lines to assist us in securing this information. Clergymen of all denominations, physicians, assessors, inspectors of schools and Public School teachers are in an especially favorable position to assist us in this direction, and by so doing they would be conferring an inestimable boon to these silent members of the community. Our desire is to enter into correspondence with the parents of all deaf children with the hope of inducing them to send them to our school at Belleville, where they may receive such training and instruction as will fit them to become useful, self-supporting, and respected citizens. It is a lamentable thing that any deaf boy or girl should be deprived of the advantages of such an education when it is freely provided for them by the people of the Province."

A SEVERE INDICTMENT.

Although Mr. J. S. Willison, of the Toronto News, retains a large part of the admiration for Sir Wilfrid Laurier, which led him to be the Premier's biographer, he is evidently not hopeful in respect to his success as a statesman and a political leader. The record of the recent session at Ottawa is too much for Mr. Willison. Summarizing the work of the session of the News, Mr. Willison framed a severe indictment as follows:

"Corruption on a generous scale, scandals which would have drawn down the fiery thunders of denunciation from the party leaders prior to 1896, reckless extravagance without justification other than that they have the money to spend, wilful blindness to seizure of Western lands by party followers and relatives of prominent Liberals, the flagrant abandonment of the system of tendering and letting by contract in the great spending departments—all these are supreme to-day in the Liberal party that denounced them all in the days of Opposition. The Government is drunk with power. It seems to have lost belief in public opinion. It has taken to itself the principle of Divine right to rule—vainly imagining itself above and beyond the will of its creators. To use a phrase which has become a modern classic, the Government is 'on the toboggan.' Facile est decensus Averni."

"But this in itself is not so strange. It is the habit of Governments in a young country. But it is at once singular to the student of affairs and disheartening to the country that the great Liberal party of 1896, which had so faithfully and valiantly fought for Liberal principles, should so soon have become demoralized under the stupefying power of public office and public plunder. Never since Confederation has demoralization been more rapid or more absolute, never has a party more completely abandoned its ancient creed."

The Ridgetown Dominion, in discussing the iron bounties, says it is up to the people to say nay to the system, and to elect men who will vote nay. That is what was done in the case of the Legislature, and as a result no more iron or sugar beet bounties are being paid out of Provincial funds. A like course will produce like results at Ottawa.

A century hence, with little or no machinery aboard and scarcely any crew, ships will be sped on their voyages by electricity generated at Niagara Falls and transmitted wirelessly over the Atlantic. Such was the statement made by Sir Hugh Bell, the new president of the Iron and Steel Institute, in his inaugural address at London, Eng. He added that this sounded like a strange forecast, but it was no more inco-

FIND HIDDEN TREASURE.

Rusty Box Contained \$100,000 Worth of Bonds.

Cleveland, Ohio, May 18.—Erie Railroad bonds worth \$116,740 and \$575 in blackened gold coins were found Thursday when the rusted tin box which Contractor B. W. Hollingsworth recently unearthed in the ruins of the century-old Ohio City Inn at 2,811 Detroit avenue, was forced open. The original owner of the treasure was George U. Moran, who mysteriously disappeared in 1874. A heap of charred bones found several days before the box was dug up by Hollingsworth in a brickied fireplace now seems to substantiate the theory then held that Moran was murdered.

The Erie Railroad Co. made a systematic effort to locate the bonds between 1876 and 1879. Practically every newspaper in the country carried advertisements of the lost bonds, which were of the issue of 1859. Originally they had a par value of \$40,000. Accumulated interest, dividends and market rises have brought their value up to \$116,740.

Because he was to have all the material in the building as compensation for tearing it down, Hollingsworth claimed the entire contents of the box. He finally compromised with the present owner of the property, who divided the gold with him. The bonds have been placed in the custody of United States Judge Taylor. The latter will hold them for five years. During that time a search will be made for Moran's heirs, if any are living. If none are found the bonds will revert to Hollingsworth. If a claimant turns up the contractor will get one-fourth of their value.

Slipped Off Fender.
Toronto, May 15.—While crossing East Queen street, near Knox avenue, six-year-old Irene Reardon, daughter of Edward Reardon, 1366 East Queen street, was instantly killed by west-bound King street car No. 922 at 1.45 o'clock yesterday afternoon.

The car was in charge of Motorman William Lindsay, and Conductor D. Warnock, both of whom live at 139 Sumach street.

The child was going an errand for her mother. She was carried a car-length on the fender before she slipped off and passed beneath the wheels. The body was terribly mangled.

Coroner R. B. Orr will hold an inquest at F. Rosar's undertaking establishment this afternoon.

THE SAN

JOSE SCALE

Alex McNeil Says it May Prove Benefit to Farmers

An Encouraging Statement From a Man Who Knows Conditions

Alex. McNeil, of Sandwich East, who is attached to the staff of the department of Agriculture, Ottawa, in addressing a meeting at Ridgeway, said he was decidedly of the opinion that the people did not go into dairying fully enough. Farmers should deal with fruit and dairying side by side. Thus ten acres could be set aside as an orchard, and at the same time ten to twenty cows could be kept. The ten acres set aside for orchard purposes would not to any great extent lessen the feed capacity of the farm, while the help that would be needed in the morning and evening to look after the cows could be used in pruning the trees, attention to bushes, etc., the latter if the farmer were more of an expert, which he would have to be, to at least a limited extent, to properly conduct a fruit farm with small fruits also grown in any way extensively. The manure from the cow yard would serve to enrich the soil of the orchard, and in this and other ways each department would be the complement of the other.

"Were this done, I am certain that with ten acres of ten-year trees, a farmer would secure every year an average net return of \$50 an acre on his orchard, and this income, with that made elsewhere on the farm, would be very gratifying. Running the two departments together would decrease expenses and increase income, as help and other expense would be minimized, while the income would be almost clear, if not so, on one department, preferably the fruit division."

"And what of the San Jose scale?" was asked.

"The San Jose scale," replied Mr. McNeil, "is in my estimation here to stay, and the farmers and fruit growers had better fully recognize that. In order that they may direct themselves accordingly. Still, through it is an unfeigned enemy to the fruit trees—in some years more so than in others, because of the climatic conditions and the lack of antagonistic parasites—I feel that it is not an unmitigated evil. Indeed, I am inclined to think that in the long run it will prove a source of benefit to all concerned, rather than a curse, though it is now viewed as the latter."

"The reason is this. Even were there no San Jose scale there would be parasites preying on the trees, and as I have myself proven by the aid of a small hand microscope, there may be as many as twelve varieties of parasites on a branch that does not show the slightest naked-eye sign of being infested. Now, the time and sulphur spray for the San Jose scale is the very best in the world for such pests, and as the farmers will be forced to use this spray for the San Jose scale or lose their trees, it will naturally follow that these other pests, that for years have been doing their work unhindered, will also be checked. Thus, a double benefit will result. "It won't be long until all the old trees are gone, and I now tell my hearers: Plant to keep the trees small; spray them thoroughly, and you will find that the trimming you will do in future will be more thorough and more easily accomplished, while the spraying will also be more easily done and the profits will be larger."

Price of Flour Up.
Winnipeg, May 18.—The jumping wheat market has had its inevitable effect of still further raising the price of flour.

Yesterday a further advance of ten cents a bag on all grades of flour took effect. This is the third advance in price in less than a fortnight, making an increase of 60 cents on some grades of flour all told, and 50 cents on others.

The poor consolation is offered the Winnipeg public of knowing that so far the price of flour has not been increased by the mills in proportion to the advancing prices of wheat.

Chief of Police Shot.

Monessen, Pa., May 18.—Thomas Guest, chief of police of Belleveron, three miles from here, was fatally shot Thursday night by William Cates, his predecessor.

Chief Guest arrested Cates on a charge of disorderly conduct. While searching him at the jail Cates suddenly drew a revolver and fired a bullet into Guest's forehead. Threatening James Frost, another officer, Cates escaped from the jail to Main street, where he began firing at everybody he saw.

Engineer and Conductor Killed.
Oil City, Pa., May 18.—A work train on the Pennsylvania Railroad going north from this city to Warren, left the rails near Tidoute, Pa., while running at a high rate of speed, yesterday. The engine and seven cars plunged over the embankment. Engineer O'Flaherty and Conductor Malone of this city, who were in the cab of the locomotive, were caught in the wreck and killed. The cars were piled on the engine. The road was tied up for five hours.

Postoffice Entered by Burglars.
Watertown, N. Y., May 18.—The postoffice at Hermon, St. Lawrence County, was entered by burglars yesterday, the safe blown open and wrecked and about \$700 in money and stamps taken.

Change in United States

Subscription Rates

The Planet, in common with all other newspapers of Canada, has been notified by the Postoffice department at Ottawa that on and after May 8th next, the rate of postage on papers entering the United States will be changed from one-half cent a pound, bulk weight, to one cent for each four ounces or fraction of four ounces.

This means that single papers entering the United States will each require two-cent postage, that parcels of papers sent to one office will be four cents a pound.

In view of this, after May 8th the price of The Planet sent to the United States will be \$5 per annum. There is a reduction in the actual price of the paper of over \$1, as the postage the publishers will be obliged to pay will be \$3.12 a year on each subscription. The Weekly Planet will be \$1.50 per annum, strictly in advance.

AUTOMOBILIST KILLED.

Was Having Preparatory Run For Grand Prize Races.

Dieppe, France, May 18.—Albert Clement, son of the well-known automobile builder, was killed instantaneously yesterday during a run in preparation for the auto clubs' grand prize, which is to be competed for July 2.

Clement was thrown out of his automobile at a sharp turn and sustained a fracture of the skull. His chauffeur escaped with comparatively slight injuries.

Clement was well known among automobilists in America. He finished second in the first race for the Vanderbilt Cup in 1904, over the Long Island course.

Columbus had just landed. Meeting a great Indian chief with a package under his arm he asked him what it was. "Great Medicine, Holister's Rocky Mountain Tea," said the Indian. 35 cents Tea or Tablets. A. I. McCall & Co.

TWO FIREMEN INJURED.

Five Manufacturing Plants Destroyed at Pittsburgh.

Pittsburgh, May 18.—Two firemen were injured, five manufacturing plants destroyed and a number of small residences badly damaged yesterday by a fire of unknown origin, which started in the Brush & Stevens Co. pattern and model plant, 106-108 Penn avenue. The loss was \$100,000.

Children eat, sleep and grow after taking Hollister's Rocky Mountain Tea. Brings away checks, laughing eyes, good health and strength. A tonic for sickly children. 35 cents, Tea or Tablets. A. I. McCall & Co.

Fort William Crowded.
Fort William, May 18.—During the last 24 hours the greatest fleet that has ever gathered in a Canadian port has been tied up in the local harbor. Although the number of vessels have been somewhat lessened by the departure yesterday morning of 11 vessels, which have been tied up since Monday, the docks yesterday still present a busy scene and there is still a formidable array of lake carriers in port.

At the sheds one would almost think that the fall rush was in full blast and the men are all working at a fast clip to keep up with the demands.

E. T. Press Association Protest.
Sherbrooke, May 18.—The Eastern Townships Press Association has adopted resolutions protesting against the new postal regulations.

The reasons given are that it affects about 30 per cent of their circulation in the border towns of the New England States, and among former Canadians scattered throughout the republic, that it has injurious effect upon the repatriation movement and discriminates against country readers, who cannot, like those in the cities, obtain their publications through newsdealers.

Just Tired of Life.
New York, May 18.—Surrounded by every evidence of luxury, Edwin M. Bidwell, aged 60 years, a photographer and publisher, well known in New York's exclusive circles, ended his life yesterday by taking poison.

He left a note "To whom it may concern," which read:

"My mind is sound, but my body is weak. I am no longer capable of making a living." It was signed E. M. Bidwell.

Two Men Fatally Hurt.
Evansville, Ind., May 18.—During an attempt here yesterday to break a street railway employees' strike, a street car, manned by a non-union man, jumped the tracks, dashing into a corner building and wrecking the entire store front. Two men and a baby were fatally hurt.

BAD FIRE AT ST. JOHN.

Girls Have Narrow Escapes—Damage to Stock \$150,000.

St. John, N.B., May 18.—Fire broke out about noon yesterday in the basement of McAulay Bros. & Co.'s large dry goods store on King street, the second largest establishments of its kind in the city, and damage to the extent of \$150,000 was done.

Cotton and other heavy goods were stored in the basement, and from these immense columns of smoke poured through the building.

Girls on the second, third and fourth floors had to be taken out on ladders.

Pastor Bids Forgiveness.
New York, May 18.—Rev. Dr. John L. Clark, pastor of the Bushwick avenue Congregational Church, Brooklyn, who officiated at the marriage in this city of W. E. Coey, president of the United States Steel Corporation, and Miss Mabelle Gilman, submitted to the credentials committee of the church, at a meeting Thursday night, a letter in which the minister begged forgiveness for having performed the marriage ceremony in question. He also said that he had returned the fee he received for his services.

The committee decided to recommend in its report to the congregation that, in view of the pastor's integrity and righteousness and his letter of apology, no further action in the matter be taken.

Dr. English the Choice.
Toronto, May 18.—Dr. Walter Murray English, of London, Ont., has been appointed medical superintendent of Hamilton Asylum in succession to Dr. James Russell, resigned.

Hon. W. J. Hanna, Provincial Secretary, officially made this announcement yesterday.

In so doing the Minister intimated that Dr. Russell had resigned on Jan. 19 last, and his resignation had been accepted on Jan. 27. Dr. Russell, however, was asked to continue in the position, without further change or announcement until notified otherwise. No reason for the resignation was given.

These 800 Acres Were The First Claims Staked In The Rich Larder Lake Field

Last summer, before any staking had been done in the Larder Lake region, our experts located TWENTY gold-bearing claims, amounting to eight hundred acres, two miles north of Wilson's Bay of Larder Lake. (You can have a map of the property for the asking.) On some of the claims there are wide reefs that assay from \$7.50 to \$18 a ton. We have assay on file that show as much as \$1,500 a ton. There is no richer property in the country—and Larder Lake is as RICH AS THE FAMOUS RAND OF South Africa. All our holdings are in ONE BLOCK, which means economy in working the claims. The ore on these properties is FREE-MILLING—we have out own water-power on the property. We have an abundance of wood and water—every item that counts in the economical operation of gold mines. Our expenses will be far lower, and our assays are higher than those of mines which have paid seventy million in dividends. And our ore will grade far higher. We have nothing to hide, nothing to lie about. We ask you to learn the simple facts, and we are ready to put before you and to prove to you that

W. O. ARMSTRONG, Manager

Chatham Branch Temporary Office Seane Block.

Kindness of the Company.

By TRAY ALLISON.

Copyright, 1907, by Homer Sprague.

The telephone bell rang, and the local manager of the Possible Accident Insurance company put the receiver to his ear with one hand and stifled a yawn with the other.

"Yes, yes," he answered, then suddenly on the alert at the reply, "railroad accident five miles east of Syracuse? Has our policy in her pocket? In dangerous condition? Unconscious, you say? All right! I will look up policy 9834 immediately and communicate with friends."

He suddenly remembered that it was the luncheon hour, and for the moment the force consisted of only himself and the office boy.

"Come here, Tim," he called to the other visible representative. "Hold down this desk and the telephone while I hunt a policy."

He ran the cards in the file case. "No. 9834—Louise Bradley, aged twenty-four—no near relatives—beneficiary St. John's church, Galveston, Tex."

"Humph! Seems there is no one to notify," he muttered perplexed. "Galveston is decidedly distant, and the church board might have to hold a session before it could come to her aid. Seems queer for a girl of twenty-four to have no relatives at all—got mixed up with the Galveston flood, I suppose."

He gazed at the card abstractedly, wondering the best course to pursue, for the company was supposed to be able to cope with anything unexpected that might arise. If there were no relatives to notify, it could at least see that she had proper medical attention.

"I'll go myself—too much indolence is boring me to death—first accident we've recorded today." And an hour later Richard Hartleigh, representing the Possible Accident Insurance company, boarded a train that would put him into Syracuse in two hours.

When he reached the improvised hospital, a farmhouse whose doors had

"DICK, YOU'LL STAY," SHE REMOVED.

been thrown open to the sufferers, the doctor in charge took him to Louise Bradley.

"I'm afraid this will be the worst case," he said. "Seems like concussion of the brain. We'll see that everything possible is done for her."

Hartleigh looked pityingly at the slim slip of a girl, her head banded and her face flushed with fever. "She's an orphan—no relatives—poor little thing." And he touched her hand gently.

The girl's fingers clasped his, and she opened her eyes unexpectedly.

"Dick, you'll stay," she begged breathlessly—"you'll not leave me alone!"

Richard Hartleigh sat down by the bed and humored her feverish fancy. "Yes, Louise; yes, little girl. I'll stay," he said soothingly.

It was not until the doctor and the trained nurse arrived from town an hour later that he unclasped his fingers gently and left her.

He walked up and down the meadow path smoking quietly.

"I wonder," he exclaimed finally, "who in thunder Dick is!"

A month later he went down in his automobile to take her for her first outing since the accident.

"The doctor says you are doing finely," he tucked a robe around her feet and put an extra cushion for her back. "Honestly, this accident policy business is fascinating!" he jumped in beside her and started the machine.

"I had no idea an insurance company did so much for people," she laughed. "It has paid doctor's bills, sent flowers and fruit and come down twice a week to see how the policy holder was getting on—and lots of things."

Hartleigh chuckled rather sheepishly. "The flowers and fruit were little extra touches thrown in," he conceded.

When he came the next week, he found her strong enough to ramble down the meadow path with him, and they finally sat on the fallen log by the creek to rest.

"I must leave here next week," she said somewhat regretfully. "I teach school, and school opens the 1st of September."

"Couldn't you wait until you are quite well—really strong?" he urged.

"The accident insurance will not last forever," she reminded. "I don't see how you were able to make it cover so many things, anyway."

He gazed at the waters of the little creek flowing hypnotically before him. "Who's Dick?" he finally asked abruptly.

She turned her face away.

"Dick was my brother," she said softly. "He was drowned in the Galveston flood. We were together on the second floor of our house. The first floor was a foot deep in water. He insisted that he would swim to the nearest neighbor's for help. I begged him not to go but he went and was drowned."

They sat in silence until Hartleigh spoke.

"Louise—my own people call me Dick—and the first time I saw you—you clung to my fingers and called me Dick and begged me not to leave you. You were not conscious then, but I've been wishing that you would do it again."

"I was half-conscious," she said slowly, "and I have a dim recollection of your promising that you would not leave."

The manager of the Possible Accident company positively beamed.

"Our company fulfills all its obligations," he said, taking her in his arms. "In addition to the doctor and nurse and flowers, we'll throw in a home and a husband and even a mother-in-law and a few cousins. We are good to all our patrons, but we even furnish relatives when the beneficiary needs them."

She seemed to find the way he had drawn her head against his rough tweed shoulder most comforting. For she smiled up into his face contentedly.

"And we'll frame policy No. 9834 and hang it in the house the company provides," she said softly.

"You bet we will!" shouted the manager of the company.

Literary Crimes.

The lady story writer towered in the doorway.

"Perhaps you take me for a writer of patent medicine advertising?" she sarcastically remarked to the startled editor.

"I think not, madam," he managed to reply. "What seems to be the difficulty?"

"Then you have not noticed it?" she said.

He shook his uncombed locks.

"Listen!" she said as she flung a glance of disdain at him. "The atrocity occurs in the chapter of my story where the English heiress discovers the perfidy of her spendthrift French husband. This is the particular sentence: 'She paled with indignation and, stooping suddenly, took a bill from the oblong box before her.'"

"Yes!" said the editor. "Was there an error in the printed copy?"

"Error!" shrieked the authoress. "There were two of them! They were wrong in two errors—they are crimes! Listen! For 'indignation' you substituted 'indigestion,' and in place of 'bill' you printed 'pill'!"

And she gurgled in her throat as she swept out—Kansas City Independent.

Using One's Eyes.

A man who had recently been in Europe was entertaining his friends with stories about Paris and in the course of his talk mentioned several places which were unknown to his listeners, although they had all frequently visited the French capital. "People go through the world with their eyes shut," was the story teller's comment.

A quiet little man in the party then said that even the most observing people did not always see and, addressing the traveler, said:

"You ride in subway trains twice a day. Can you tell me what is printed on them?"

"No."

"You look at your watch many times every day. Can you tell me the six on its face a Roman or an Arabic figure?"

"Why, Roman, of course."

And he looked and found that there was no six on his watch dial.

"All of which demonstrates," said the little man, "that the most observing do not always see."—New York Tribune.

Bar of Music Versus Bar of Soap.

The leader of the orchestra at a Cleveland theater was visited by a seedy looking individual who asked for employment as a violinist.

"We'll see what you can do," said the leader. "Here is a violin. I will accompany you on the piano."

The seedy looking person took his seat beside the leader, and the two began the duet the latter had selected.

After the first few bars had been played the caller rasped his bow across the strings, stopped, leaned forward, looked at the composition and shook his head. "Sharps?" he said. "Sharps? I never play in sharps!"

Whereupon the leader took from him the violin, which he replaced in its case, remarking:

"My friend, what you need is a job as a night watchman in a soap factory."

"Will you get it for me?" eagerly asked the caller.

Retaliation.

An old lady once had a cat of which she was very fond. One day she missed her pet, and on making inquiries she heard that a neighbor had killed it. After a little meditation she hit upon a way to avenge herself. She bought some mousetraps, and having caught about fifty mice alive, put them into a large box, which she took to the unsuspecting neighbor. He, thinking it was quite safe, took it in. When he opened it he was horrified to see a swarm of mice scatter in every direction, while at the bottom of the box he found a note containing these words: "You killed my cat, and now I have the pleasure of sending you a few of my mice."—London Tit-Bits.

PRINCE FUSHIMI'S VISIT.

Royal Jap Will Be Received With All Ceremony.

Ottawa, May 18.—Prince Fushimi of Japan, who is expected to arrive at Quebec on June 7, will be royally received and entertained by the Canadian Government while in Canada.

In Quebec the prince will be entertained by Lieutenant-Governor Jettie, in Montreal by Sir Montague Allen, in Toronto by Lieutenant-Governor Mortimer Clark, and in Winnipeg by Lieutenant-Governor Sir Daniel McMillan.

At all points there will be military guards of honor, and all the detail of ceremony which was carried out when Prince Arthur was in Canada. The Dominion Government will provide a special train for Prince Fushimi and his suite.

It may be noted as one reason for Canada being especially gracious to Prince Fushimi that there is a very good chance of Prince Fushimi being Emperor of Japan some day. The only point between him and the present occupant of the throne is a delicate boy.

The present visit of the prince may have considerable influence in promoting good trade relations between Canada and Japan. Prince Fushimi is accompanied by four members of the Japanese aristocracy.

Mr. Joseph Pope, Under Secretary of State, will be at Quebec to meet the party and will accompany them across the continent.

Earl Grey is so much impressed with the importance of this visit that he is cutting down his stay in England to a bare fortnight that he may accompany Prince Fushimi to Canada and entertain him while in Ottawa.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fife one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Uniform root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a valuable aid to the normal action of the entire reproductive system."

It continues to be the leading ingredient of the "Favorite Prescription" because it more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for its remedial action."

Dr. Fife further says: "The following are among the leading indications for Helonias (Uniform root), or acting in the back with leucorrhea; atonic (weak) conditions of the reproductive system; of women, mental depression, and irritability, associated with chronic diseases of the reproductive organs; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhea (suppression) or absent menstruation; or from or accompanying an abnormal condition of the digestive organs and a general (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription. One of the leading ingredients of which is Uniform root, or Helonias, and the medicinal properties of which is most faithfully represented.

Dr. Fife further says: "The leading ingredient of the 'Favorite Prescription' is Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: 'It is an important remedy in disorders of the womb. In all catarrhal conditions' and general enfeeblement, it is useful.'"

Prof. John M. Schouder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system there is no medicine in use about which there is such general unanimity of opinion. It is undervalued regarded as the tonic useful in debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago, says: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Fife's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

What Distinction Means.

"What is your secret?" asked a lady of Turner, the distinguished painter. He replied, "I have no secret, madam, but hard work." Says Doctor Arnold, "The difference between one man and another is not so much in talent as in energy." "Nothing," says Reynolds, "is denied well-directed labor, and nothing is to be obtained without it." "Excellence in any department," says Johnson, "can be attained by the labor of a lifetime, but it is not to be purchased at a lesser price." "There is but one method," says Sydney Smith, "and that is hard labor, and a man who will not pay that price for distinction will find it better at once dedicate himself to the pursuit of the fox."

NEW YORK, May 16.—Butter, spot, receipts, 8427; renovated, common to extra, 19c to 22c; western factory, common to extra, 19c to 21c; Cheese, old, steady; new, firm; receipts, 2008; no small, colored, 12 1/2c to 13c; small white, 11 1/2c to 12 1/2c; new large, colored, 12 1/2c; large white, 12c; steady; receipts, 28,008; state, Pennsylvania and nearby factory, selected white, 19c; choice, 18c to 18 1/2c; butter, 18c to 18 1/2c; extra first, 16 1/2c to 17 1/2c; western first, 16c to 16 1/2c (official price 16c); second, 15 1/2c.

CATTLE MARKETS.

Cables Steady—American Markets Show No Important Changes.

LONDON, May 16.—Liverpool and London cables are steady at 11 1/2c to 12 1/2c per lb. dressed weight; refrigerator beef is quoted at 9c per lb.

Toronto Live Stock.

TORONTO, May 16.—Receipts of live stock at the city market since Tuesday, as reported by the railways, were 138 car loads, consisting of 2069 calves, 2343 hogs, 441 sheep and lambs, with 450 calves.

Exporters.

Prices ranged from \$5.15 to \$5.50, one load having been sold at the latter figure. Receipts of 1000 lbs. of beef, the bulk selling at \$5.20 to \$5.30 per cwt. Export bulls sold at \$4 to \$4.50 per cwt.

Butchers.

Butchers' cattle sold at lower prices in all different classes, excepting those of good to prime quality—for the simple reason that there were too many cattle on sale. Everywhere, however, there was a fair trade, however. Prime picked lots sold at \$5.10 to \$5.25; loads of 1000 lbs. at \$4.85 to \$5; medium, \$4.50 to \$4.75; common light stuff at \$4.25 to \$4.50; cows at \$3 to \$4.00; canners at \$2.25 to \$2.75 per cwt.

Feeders and Stockers.

H. Murby reports a limited amount of business this week in the stocker and feeder line. The demand was chiefly for thin steers, from 800 to 1000 lbs. The demand seems principally for something that will make a big increase in weight. There were a few loads of short-keeps sold at pretty high prices, but the majority of them were practically shipboard.

Mr. Murby bought about 150 head this week at the following prices:

Best short-keeps, 100 to 1200 lbs., at \$4.90 to \$5.10; fair short-keeps, 1100 to 1200 lbs., at \$4.75 to \$4.90; best feeders, 1000 to 1200 lbs., at \$4.25 to \$4.50; best feeders, 800 to 1000 lbs., at \$4.10 to \$4.40; best feeders, 600 to 800 lbs., at \$3.75 to \$4.00; common stockers, 500 to 700 lbs., at \$2.50 to \$3.

Milk Cows.

About 60 or 70 milkers and springers were on sale on Wednesday and Thursday. Prices ranged from \$30 to \$60 each, and one prime quality cow was reported at \$70.

Veal Calves.

Receipts of veal calves were large. Prices ranged from \$3 to \$6 per cwt, the bulk of the best selling around \$5 to \$5.50 per cwt.

Sheep and Lambs.

Receipts light. Market firm at following quotations: Export ewes, \$6 to \$8.50 per cwt.; rams \$5 to \$5.50 per cwt.; yearling lambs, unwashed, \$7.50 to \$8.50 per cwt.; spring lambs, \$4 to \$5 each.

Hogs.

Mr. Harris reported prices unchanged at \$6.25 for select and \$6.37 1/2 for lights and fat.

East Buffalo Cattle Market.

EAST BUFFALO, May 16.—Cattle quiet; prices unchanged. Veals, receipts, 300 head; slow and 35c lower; \$5 to \$7.50. Hogs, receipts, 1700 head; active and steady; roughs, \$6 to \$6.10; stags, \$4.50 to \$5.50. Sheep and lambs, receipts 5000 head; active; sheep strong; lambs steady; unchanged.

New York Live Stock.

NEW YORK, May 14.—Beaver, receipts, 1500; none on sale; feeling steady, with light receipts reported for Friday; exports today, 976 cattle and 183 sheep and 2520 quarters of beef; to-morrow, 100 cattle, calves, receipts, 132; market slow; common to fair veals, \$2.50 to \$7.50; 1000 lbs. lambs, receipts, 2745; little doing; sheep, steady; lambs, slow; spring lambs quiet. Common clipped Jersey ewes, \$4.50 to \$5.50. Sheep, receipts, 1800; market 5c lower; state hogs, \$7.50.

Time, which obliterates the fictions of opinion, confirms the decisions of Nature.

Clements Kerr had the misfortune to fall and dislocate his shoulder last night. He was walking on Queen street, and when in front of Bogart's store slipped and fell, receiving painful injuries. He was taken to his home and a physician immediately called.

The patience of ratepayers along King St. West is just about worn out with the dilatory methods in evidence in completing the bitulithic pavement on that thoroughfare. The concrete has now been down and set for some weeks, and no attempt has yet been made to put on the upper coating of bituminous, despite the fact that the unprotected portion of the C. W. & L. E. paving to the side of their tracks is being ruined by the delay. The bitulithic people should see that there is no further delay in finishing up this much used street.

UNION NOT SATISFIED

Shipping Federation Re-
fused To Consider The
Demand

Longshoremen Of Montreal
Would Accept 2 1-2c
More Per Hour

Montreal, May 20.—The strike came near being settled yesterday, but it was not, for the reason that the Shipping Federation refused to acknowledge the union.

Yesterday afternoon at 2.30 the acting deputy Minister, Mr. Acland, visited the union and addressed the members on the question of arbitration, after which he received a letter from Local 313 of the International Longshoremen and Transportation Workers' Association, authorizing him to inform the Shipping Federation and the C.P.R. that the longshoremen were willing to accept an increase of 2 1-2 cents per hour by day and night, and submit a claim of a further increase of 2 1-2 cents per hour to arbitration on the lines proposed.

The longshoremen agreed to return to work on these terms on Monday May 20, at 1 p. m., provided no discrimination was shown against those who have ceased work.

This letter having been communicated to the Shipping Federation, the latter held a meeting and decided they could not recognize the union, hence the failure of the negotiations.

TO FIGHT THE STRIKERS.

Shippers Spare No Expense to Defeat the Longshoremen.

New York, May 20.—Announcement was made on Saturday that the Finance Committee of the International Mercantile Co. has approved every act previously done by its officers, and has ordered that the strike of the longshoremen be fought to the end.

The committee has also taken from every officer the power of compromise or arbitration, and has authorized the expenditure of any amount of money to carry out the agreement entered into with the strike.

Among those at the meeting of which this action was taken were J. P. Morgan, Jr., and Charles Steele, and J. Bruce Ismay.

The strikers show the same determination as the companies do to fight it out and the prophecy in some quarters that they would be starved into submission has not materialized. The men generally are orderly.

Tanners Strike.

Quebec, May 20.—A number of tanners employed in local tanneries were on strike Saturday asking for an increase in wages of about 20 per cent.

The strikers are union men.

Although the present immigration season to this port is but about two weeks old, almost 20,000 immigrants have arrived.

100,000 MEN AFFECTED.

Lockout of Bricklayers Causes Trouble in Germany.

Berlin, May 20.—The lockout of bricklayers and other employees of the building trades began here Saturday, the attempts of the past few days to effect a settlement having proved fruitless.

A committee, representing the Berlin mercantile trades and manufacturing societies offered a compromise, which both parties were disposed to consider favorably, but it came too late to check the lockout, which had already been ordered.

The proposal embraces the maintenance of the nine-hour day, but provides for increased wages upon a two-year contract. Both sides evidently are anxious to avoid a struggle, which must mean a heavy loss to each, and it is believed that negotiations on the basis of a compromise proposal will be resumed after the Whitmanite vacation, with good prospects of success.

The lockout affects directly about 60,000 men, and indirectly some 40,000 more. It is the most serious labor difficulty in Germany since the great coal strike of 1905.

Blown to Pieces by Dynamite.

Belleville, May 20.—An accident occurred Saturday afternoon near Halliwell, in the County of Prince Edward, when Elisha Huff was blown to pieces by dynamite. A hole for a telephone pole was being blasted out and Huff, who was engaged in the work, did not get away from the blast in time.

Injured By Firecracker.

Hamilton, May 20.—Hugh Patterson, 46 1-2 North James street, bent over a giant firecracker Saturday evening to see why it was so long about exploding. It exploded in his face, and his eyes were so badly burned that he had to be taken to the city hospital. He is 13 years old.

A South African Hero.

Saskatoon, Sask., May 20.—Joseph Slack is in receipt of a letter from the War Office, London, conferring the rank of honorary lieutenant. Slack was sergeant in the C. M. B. Regiment and served in South Africa. The honor is the result of work at the battle of Hart's River.

Stricken In His Bath.

Winnipeg, May 20.—W. F. Luxton, former editor and proprietor of The Free Press, was stricken with paralysis yesterday and is in a critical condition.

He lay for three hours in his bath tub, where he was stricken for three hours before being found.

ENGINE DEMOLISHES BUILDING.

Took Wrong Track and Plunged Through Roundhouse.

Amherst, N. S., May 20.—The most serious accident that ever occurred on this division of the Intercolonial Railway happened here on Saturday, when a special freight train turned to the wrong line and took a siding at the west side of the station and crashed into the roundhouse, near the Robb Engineering Co.'s works.

Both ends of the building were demolished, while the timbers at the sides were forced from the foundation, and the forward end of the building was carried a hundred yards.

The engine turned over after passing through the building, and is a complete wreck.

The fireman and engineer jumped, thus saving their lives.

Besides the engine and tender, three flat cars were utterly demolished, and two new cars being built for the Canada Northern were destroyed by fire.

Some thirty men at work on the adjoining building had a close call from flying timbers.

Immigrants Protest.

Fort William, May 20.—A number of Scotchmen are petitioning His Majesty the King, protesting against what they term the deceitful methods employed by agents in the old country in securing immigrants for the west.

The state that very bad treatment was accorded several contingent, who were given very poor accommodation, paid less than contract wages and were forced at last to throw up their jobs.

The Government immigration office at Port Arthur denies the story that Englishmen are being discriminated against.

The voluble talker occasionally does give out a gem of thought.

properly graded and harrowed. The
work will be commenced shortly.

Had a little child attempted to
cross Queen St., between Lorne Ave.
and Cross St., yesterday afternoon
when the two automobiles were rac-
ing, probably no one would have felt
worse than the drivers of the autos,
but the little child would have
been dead.

The bowling green on the park is
a busy spot lately, as the local bow-
lers are taking advantage of the fine
weather and the beautiful condition
of the green. On May 24, a friendly
game will be played off between the
Presidents and the Vice-Presi-
dents. This match is being looked
forward to with considerable inter-
est.

The Western Bridge and Equip-
ment Co. has purchased the prop-
erty next to the Salvation Army
building on King St., opposite the C.
P. R. Station. The Company will
move the present large frame build-
ing to the rear and erect a reinforc-
ed concrete building, 80x120, and
equip it with modern machinery, and
they will also build a dock on the
bank of the creek to receive gravel
and make small shipments.

George Bennett, the well known
stockman from Charing Cross, was
in the city on Saturday. Seen on
the market by a Planet reporter.
Mr. Bennett said that the crops out
his way are looking in fine shape.
Some of the wheat has been partial-
ly destroyed by the frosts, but on
the whole he thinks it will be a
good crop. He says that only a small
portion of the clover has been heav-
ily cut by the frosts. Despite some of
the gloomy reports circulated in the
earlier spring, the indications are
that the crops should be good this
coming summer. The farmers appear
to be quite optimistic, and good
prices are being paid for almost every
line of produce. It is true, however,
that in some sections the farmers
have ploughed up their wheat and
seeded the fields with spring grains.

People ask "Why do you claim that
Veteran's Sure Cure, one medicine,
cures Rheumatism, Backache, Sci-
atica, Dyspepsia, Bright's Disease,
etc." We reply, because 16 years
practical use has proved that V. S. C.
contains the medicinal properties
that cure the digestive organs. And
when the people properly receive that
good health depends upon pure blood,
and pure blood upon properly digest-
ed food being supplied by a healthy

want the medicine that gives the
best results. And we believe they
will find V. S. C. has no equal. The

A TALENTED GIRL

The following clipping from a
Saginaw paper refers to Miss Kath-
leen West, the little grand-daughter
of Mrs. Wm. C. West, of this city:
"A very talented concert was
given at the Gray school yesterday
afternoon for the purpose of raising
funds for the decoration of the
school grounds. The seventh grade
room was used for the occasion and
was filled with those who attended.
A number of excellent attractions
had been secured. The high school
orchestra was one of the best ap-
preciated of the attractions. Lull-
violin, piano and vocal music was
enjoyed. Among the entertainers
were several from the school. Little
Kathleen West, of the first grade,
made a big hit with her song, Grace
Foster, of the seventh grade, also
sang well, and Floyd Baumgart,
of the fifth grade, played the violin
very acceptably."

KELVIN WINS KING'S PLATE.

Enormous Crowd Witness Great Event
at Toronto Spring Meeting.

Toronto, May 20.—Never before in
the history of the Ontario Jockey
Club has there been a larger atten-
dance at the opening day of the Spring
meeting on Saturday. Society was strongly
represented in the arena devoted to mem-
bers of the club, while the lawn was
crowded so that those in attendance
found it difficult to move about. Fully
12,000 were present.

Shortly after one o'clock those
whose devotion to this form of pastime
is keenest commenced to arrive, and
long before the first race was called
the success of the opening day, from
the standpoint of attendance, was
abundantly assured.

The racing was good, the surprise
of the day being the victory of Mr.
Ambrose Wood's horse Kelvin, in the
King's Plate, at 15 to 1. Hon. Adam
Beck's Photographer, around which
so many hopes had gathered was
hopelessly left, while the Seagram
stable had to be content with second
place, although with the Earl of Crown,
the popular president nearly captured
the King's guineas. The weather was
ideal for racing. Following were the
results:

First Race, 6 furlongs—1 Purslane;
2 Bonanerges; 3 Temeraire. Time 1.13
3-5.

Second Race—1 Clall Turney; 2 Col.
Favordale; 3 Ena. Time .49 1-2.

Third race—1 Earl Rogers; 2 Sir
Ralph; 3 Thistle Do. Time 1.49.

Fourth race, Steeplechase, mile and
three-quarters—1 J. G. C.; 2 Toos; 3
Carola. Time 3.28 4-5.

Fifth race, the King's Plate—1 Kel-
vin (Foley); 2 Half a Crown (Nicol);
3 Bilberry. Time 2.12 1-2.

Sixth race, Carlton pure—1 Cob-
mosa; 2 Suzanne Rocomora; 3 Picar-
oon. Time 1.47.

AUSTRIAN ELECTIONS.

Result in Lower House of Parliament
on Racial Lines.

Vienna, May 20.—The Austrian elec-
tions, which have occurred during the
past week, are of far reaching effects.
The elections were the first under
the new law giving equal and univer-
sal suffrage, a reform brought about
after a protracted struggle. Even
more important than this is the
change which the law brings about in
the political strength of the various
mixed races—Germans, Czechs, Bo-
hemians, Poles, Italians, Ruthenians,
—making up Austria's population.

The Lower House of Parliament is
practically reconstructed, on new ra-
cial lines, and from now on it will
consist of 516 members, of which
there will be 233 Germans, 107 Czechs,
82 Poles, 33 Ruthenians, 24 Slaven-
dians, 18 Servo-Croatians, 19 Italians,
and five Rumanians.

Emperor Francis Joseph was well
pleased with the result of the elec-
tions in spite of the victory of the
Socialists.

THREE MEN SAVE GIRL.

Had Jumped Into River—Rescuer's
Coat and Boots Stolen.

New York, May 20.—A spectacular
rescue was effected in the
swirling waters of Hellgate on Sat-
urday, when Francis Horr, aged 17
years, was saved from suicide by
drowning by three young men, after a
hard struggle.

The girl, after brooding long over
her troubles, threw herself into the
river.

Then the love of life temporarily
overcame her desire to die and she
screamed lustily. Joseph Lazarus,
Michael T. Flynn and Valentine Zeal-
ander heard her cries and ran to the
water's edge. They sought the source
of the appeals for help. They could
see none and were about to leap
blindly into the river, trusting to
chance to direct them when the
searchlight of a passing steamer re-
vealed the struggling woman.

They dived in the direction of the
light. Lazarus reached the girl first,
and was nearly throttled by

His Fears Realized.

For years the old country couple had looked forward to spending a holiday in London, and one day they found themselves in the very busiest part of the city. Together they stood watching the traffic, to which there seemed no end. They did not know how to cross the street.

"Whatever you do, Liza, don't get separated from me," said the old man to his wife, "and, whatever you do, don't cross the road without me."

Then a kindly constable came along and, seeing the old woman hesitating, took her by the arm and commenced to pilot her to the opposite side.

"Dang my buttons," cried out the old man in alarm, "I thus told 'er, but some one wud take a fancy to 'er, but I didn't think any one 'ud 'ave the impudence to take 'er afore my very eyes!"—London Tit-Bits.

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Charming and New Effects in Openwork Embroidery.

SOLID STITCHERY AND LACE.

A Blending of English Embroidery and Hedebo Work That is Wonderfully Attractive—Centerpieces Not Much Used Nowadays.

There is a charm about openwork effects in needlework that from the very earliest times has appealed strongly to all votaries of the craft.

The revival of English embroidery has been one of the most successful renderings of the fancy for a jour effects at the hands of the embroideress of today. Another is the so-called hedebo work, in which drawn thread plays its part in conjunction with more or less solid stitchery and fillings of lace stitch, which may be endlessly varied according to the taste and skill

EMBROIDERY AND DRAWN WORK.

of the worker. A blending of English embroidery and hedebo work in the most happy manner is exemplified in one of the illustrations, a nightdress sachet of fine white linen, in which part of the design consists of drawn threads buttonholed over and worked with point d'esprit alternating with frillings of lace "cobwebs" and other stitches carried out in white flax thread or D. M. C. cotton. A pleasant variety is given by the introduction of leaf sprays overcast in the usual manner by working English embroidery. The idea may be developed and adapted in a host of attractive ways and would work out charmingly for linen blouses, ends of sideboard cloths, the turnover of sheets, pillowslips, tea cloths, and so on.

The other illustration is a lovely example of fine embroidery worked upon a background of linen enriched with drawn thread work. A garland of La France roses exquisitely wrought in filo floss silk and shaded with the most delicate colors that needle painting can produce twines itself around a medallion of filmy texture, entirely carried out in cut and drawn thread worked with white filo floss. The work is so fine that it is evident the strands of

HEDBO WORK AND ENGLISH EMBROIDERY. silk have been divided and used two at a time at the most. There is something indescribably delicate and graceful about this piece which makes one feel that, though the fashion for table centers is on the decline, there are inducements which need no apology for adhering to it where work like this is concerned.

Dressing of Babies.
Dr. Alice Perry gives some remarkably good advice upon the upbringing of babies. In Good Housekeeping she says:

"Only two rules are necessary in the clothing of a child during the first few years of his life. Dress him warmly and loosely. It is a great blessing to babies that the long and heavy skirts are a thing of the past. Now the long clothes are of reasonable length and weight and are soon changed for the short skirts which allow the little limbs free play. Kicking is the most important part of a baby's exercise."

Lace Wrist Bags.
Lovely little things now come to make the gown more feminine than before. The flat lace wrist bag covered with antique lace and lined with silk to match the gown can be mentioned as one of those fascinating small things which every woman would like. Those who make these bags at home can select for a pattern a circle as large as a ten pence. Two stiff pieces of pasteboard are covered with lace over silk, and the bag is finished by an application of lace where the pieces join. All the necessities for a vanity bag are fitted within.

Thres in Motion.
"Does your wife have a great deal of trouble getting servants?"
"Well, that depends upon what you mean by 'trouble.' She always has three servants—one at the house, one going and one coming."

CURE SICK HEADACHE.

Had a Slow but Sure Gait.

There have been numerous disappointments in the outcome of some of the boys. We remember one boy in particular who was the butt of all ridicule from the boys of his age, and he took it good naturedly. He seemed to have no particular friends and herded by himself. His clothes always looked funny, and he had that awkward swagger over which the rest of us had much sport. No one ever thought that that plug would ever get anywhere or have anything. But today that plug is drawing a better salary than any two of the old gang. He has more money, more influence and more friends than any of the rest of us. The plug had a gait that was slow, but it was sure. He didn't appear to be a bit bright then, but he had a surface that took on a polish.

IN FASHION'S REALM

Linen and Lingerie Neck Frills For Dainty Femininity.

COLLAR AND CUFF SETS.

Fascinating Are the Many Styles of Cravats, Jabots and Rabats That Can Be Made by Fair Fingers—They Require Careful Washing.

Collars with cuffs to match are fashionable, like a man's high two inch turnover collar, and may be made of plain linen or pique with scalloped edges, plain or with small circles or conventional figures embroidered in each scallop. The scalloped or plain pique collars are the best for the beginner to fashion. Half a yard of pique, with mercerized linen floss for embroidery, will make three sets of collars, with cuffs to match.

EMBROIDERY AND HAND TUCKS.

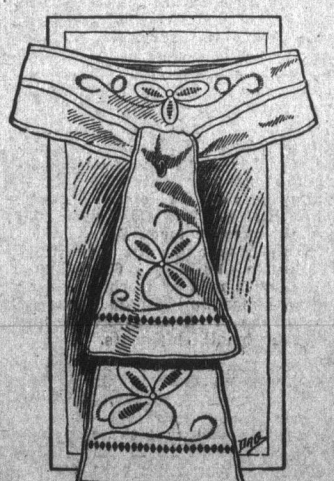

utive size are favorite designs for beginners, and simple, conventional vine designs sometimes run around the lower edge of the collar.

Narrow hemstitched frills are used to finish off the front plait, and the delf fingered girl can make these in sets of ruffled edged box plaits to run the entire distance down the front of the waist and a turnover collar with cuffs to match, finished first with a hem or scallops and set under this the fine gathered or knife plaited frill. The latter, of course, is made from lawn or handkerchief linen. With these sets a silk Windsor tie or tiny silk cravat is worn.

But far more fascinating to the feminine needle at this moment are the many styles of lingerie ties, cravats, jabots and rabats. A rabat looks like a handkerchief, plain or edged with lace, laid in fine plaits, so that it is snug and narrow where it joins the collar and flares out as the plaits unfold toward its lower edge. It gives a flat, tailored effect. The jabot gives a cascade effect in lace alone or lace and lawn and is worn with dressy rather than tailored waists.

The smallest lingerie cravats or made ties measure no more than three and a half inches in length and less than two inches in breadth. They are made of fine linen, batiste or lawn, edged with a very narrow scalloped or pointed French val and laid in finest knife plaits. They are drawn in a very tight knot in the center to give a butterfly effect. They can be fastened on a bit of pasteboard covered with the lawn and attached to the collar with a bit of narrow elastic. Or a patent safety pin on a bar which comes for this purpose can be purchased and the cravat fastened to the collar by this means.

These made up ties require most skillful ironing when washed and, in fact,

CLOVER DESIGN.

never look really smart after they are washed. Many women are embroidering narrow, short ties, slightly broader at the ends than in the center, and tying them in tight, natty bows. These are less than a yard in length, from thirty to thirty-three inches, about two inches wide where they slip under the turnover collar and three inches or a trifle more at the ends, which may be made as ornate as one's ability as an embroiderer will permit.

AMY VARNUM.

Prune Salad.
Prunes served as a salad are a novelty that is decidedly worth trying. The prunes after cooling are soaked in sherry and then candied with walnuts or pecans, put on the crispest, palest lettuce leaves and dressed with a dressing having twice the amount of lemon juice that it has of oil and mustard, celery salt and pepper. It is a delicious salad.

THE STAGE

ANNOUNCEMENTS.

(Supplied to The Planet by Press Agents.)
At the Brisco Theatre—
As Told in the Hills—May 25.

"As Told in the Hills," the new melo-drama of Western life, which is being presented by W. F. Mann, is regarded as one of the best dramatic offerings of the season. The play is one that appeals especially to lovers of melo-drama, who have grown tired of those depicting life in the under world of the great cities where crime and debauchery are brought to view, and in contrast with that class of play the new production is refreshingly clean and bright all through. The opening scene of the play where the little band of emigrants has been surrounded by hostile Indians and in danger of annihilation, is intensely thrilling, while the later scenes showing the Arkansas farm, have a charming touch of nature that is made especially effective by not being overdrawn.
This new and intensely interesting play will be seen at the Brisco Opera House on Saturday, May 25.

PILES CURED IN 6 TO 14 DAYS.
Pazo Ointment is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days, or money refunded. 50 cents.

It comes hard to lose a soft berth.

DISTRICT

BLENNHEIM

Blennheim, May 20.—There were good congregations at all the different churches in town yesterday, it being such a fine day.

Mr. Tom Higley, of Chatham, was the guest of friends in Blennheim yesterday.

The roads are quite rough, after the rain on Saturday afternoon.

Miss Broadwood returned lately to her home on the Ridge Road from Detroit, where she has been spending the winter months.

Mr. J. B. Pickering has bought a fine new piano, which he has at present standing in his ice cream parlors.

Miss Annie Samson is very ill, a trained nurse being in attendance.

Mr. W. H. Lugsden, manager of the Bank of Commerce, has rented Mr. J. O. Laird's cottage at Brisan for the summer months.

Blennheim is at last beginning to assume her usual pretty summer appearance, the leaves and blossoms having made rapid progress towards development during the past few days.

The programs are out for the concert next Friday night, May 24th. The plan of the seats in the Opera House opened last Saturday at Crookshank's drug store. The Recreation Club are sure to have a big crowd at the concert.

Mr. and Mrs. S. Wodehouse are to be congratulated on the position attained by their son, Robert E. Wodehouse, M. D., who has been appointed superintendent of the Toronto Isolation Hospital.

Blennheim is surely favored by having a very loyal and patriotic class of people as its inhabitants, judging by the nightly celebration of fireworks, etc., in anticipation of Victoria Day.

TILBURY

Tilbury, May 20.—Mrs. A. Pearson is visiting her sister, Mrs. Charles Comiskey, in Detroit.

Miss Ethel Godbolt, of Comber, spent Sunday with Miss Frankie Lee.

Miss Annie Campbell, of the Ursuline Academy, Chatham, spent Saturday and Sunday at her home.

Mr. and Mrs. W. J. Moffat are spending a few days with relatives at Leamington.

Thos. and Ed. Hornick, of Quinn, left here on Saturday to undergo treatment in Harper's Hospital, Detroit.

Miss Annie Sharp leaves to-day on a six weeks' visit with relatives in Hamilton and vicinity.

The races which were to have taken place on Tilbury track on Saturday, were postponed till this afternoon at two o'clock. Two races will be held, when the following events will take place: Named race, between "Wild Bird" Comber, owned by Thomas Biddle, "Golden Wilks", owned by J. B. Marchand, Tilbury; "White Stocking", owned by Frank Bono, Tilbury; "J. X. L.", owned by Alvin Travell, Tilbury. There will be a second race between four good colts, best two out of three. All half-mile heats.

THAMESVILLE

Thamesville, May 17.—Mrs. T. W. Sims has returned home after spending a few weeks with her mother, Mrs. Matthews, of Port Dover.

Frank Jubin, of Kingston, P.E., is visiting his parents in Howard.

Misses Margaret Sherman and Agnes Ripley are the guests of friends in Wallaceburg.

T. J. Arnold, of Detroit, is spending the week in town.

Dr. Beckat is the guest of relatives in Peterborough this week.

The directors of the East Kent Agricultural Society met on Saturday afternoon to revise the prize list and for other business.

The Salvation Army ladies of Bothwell held a meeting in the Town Hall last evening.

The residence belonging to D. E. Everitt, Camden, was burned to the ground on Monday morning.

Mrs. Stonehouse is seriously ill at her daughter's, Mrs. H. Mills.

Miss Minnie Bader, of Wallaceburg, visited in town the first of the week.

Miss Jennie Laurie leaves to-day for Moosejaw, where she has secured a lucrative position.

Foul Play Suspected

Albany, N. Y., May 20.—With a gash over the right eye and the pockets of his clothing turned inside out, the body of Charles Dawson, aged 30 years, was taken from the Hudson River in front of the dock of the People's Line, at Albany Saturday night. Foul play in connection with Dawson's death is suspected by the police.

Dawson lived with his parents on Chapel street in this city. He has been missing since last Thursday. An autopsy will be held to determine the cause of death.

Linenman Electrocuted.
Elizabeth, N. J., May 20.—James Holland, a linenman in the employ of the New York and New Jersey Telephone Co., was killed Saturday while at work on a pole.

He came in contact with a live wire, and his body hung on one of the cross-arms of the pole, 35 feet from the ground, for some time.

Lamp Explosion Causes Panic.
Port Gibson, I. T., May 20.—At the graduation exercises of the Fort Gibson colored schools Saturday, a lamp on the stage exploded, causing a panic among the 300 negroes present. The audience stampeded, trampling to death three persons. A score were seriously injured.

LEGREE IN REAL LIFE.

Millionaire Slave Owner Accused of Ill-Treating His Men.

San Antonio, Texas, May 20.—A special to The Express from Vera Cruz says:

Charged with subjecting peons in his employ to such cruelties that some of them died from the effects. H. Miller, a millionaire American, has been arrested in the Town of Acayucan in this state and is being held in jail pending an investigation. Miller is general manager of the Miller Plantation Company, in both of which concerns he is heavily interested.

He threatens to make an international question of the matter and prosecute the authorities responsible for his arrest.

Buffaloes For the West.

Calgary, May 20.—A train load of the buffaloes, which the Dominion Government have purchased from Montana will pass through Calgary within the next week. There will be eighteen cars in the train and about 200 head of the old prairie kings on board.

The second train will leave some time in August, and will take more animals than the one coming through this week. It is expected that there are nearly 500 head in the entire herd, which is being shipped to Canada.

The buffaloes will be shipped to Lamont on the Canadian Northern, near which place their range will be.

LITERARY

The Woman's Home Companion for June contains five well written stories, and just here we might say that Anthony Hope's latest work, Helens Path, commences in the July number. Some of the special articles are Hardy Flowering Shrubs; The Roses of June, and Royalty's Real Home, the last mentioned being two full pages of views of Queen Alexandra's private apartments in Buckingham Palace.

Under Household Department we are given a Buffet Puzza Lunch, Searfs and Shawls for Summer Time, and Various Ways of Serving Asparagus.

Linen Gowns, Lingerie Waists and Collars are discussed under Fashion Department.
Mrs. Margaret Sangster continues her Talks With Mothers, and Mrs. Richardson her article for the Girl Who Earns Her Own Living. These are two of the most popular departments which appear each month in this favorite magazine. The Puzzle Department and Children's pages are also worthy of special mention.
For sale at all news dealers.

Very appropriately, most of the articles in the May number of Rod & Gun pertain to fishing. On the cover we find a picture of an unexcelled spot for speckled trout, and the first paper is The Cowichan River, an ideal fishing spot in Vancouver Island. Then we find Salmon Fishing on the Pacific Coast, A Day on a Salmon Pool, Another Fishing Trip in Northern Quebec, A Few Hints on Flies for Lake and Streams, The Eastern Shore of Nova Scotia as an Angling Resort, and other articles which are all written by noted anglers.

The lovers of The Gun will enjoy A Bear Story, by Jesse Bentley; The Deer and Bear Hunt of Union Camp, by W. Hickson; Our Vanishing Deer, How a Good Shot was Missed, and other sporting experiences told in a spicy manner.

The Automobile Motor Boat and Sportsman's Show, which was held in Montreal last month, is well described, and The Trap gives the latest Trap Shooting news and Tournament Dates.

Rod & Gun is a magazine all Canadians may feel proud of. Published by W. J. Taylor, Woodstock, Ontario, at \$1.00 per annum, or 15c. a copy.

THE INSTRUCTOR SHOE

"The only Child's Shoe made in Natural Shapes of Solid Leather."

The way your children's shoes wear out often surprise you. They seem to fall to pieces, or the soles wear out as if they had been held to a grindstone.

Instructor Shoes

Are made from the very best leather and are put together by highly skilled labor. The Instructor Shoe is built on lasts modelled from children's feet. The shape permits the foot to lie perfectly flat—each toe out straight—growing as nature intended. One pair will outwear two ordinary pairs.

STOP TRACK BETTING

New York, May 18.—The sheriff of King's County, within the bounds of which are the Gravesend, Sheepshead and Brighton tracks, said to-day that with the consent of Governor Hughes he would begin a war on betting at the tracks.

He declared that under the law he believed he could seize without warrant all the paraphernalia used for recording and taking bets. He declared also that he would visit Governor Hughes on Monday and consult him, and that if the governor interpreted the law as the sheriff's counsel does, prosecution would be begun at Sheepshead June 6.

A MAY WEDDING

On Tuesday, May the 14th, a very pretty though quiet wedding was solemnized at the home of Mr. and Mrs. Frederick Slade, Con. 9, Township of Raleigh, when their eldest daughter, Miss Laurabel, was united in marriage to Mr. Walter Houston, son of Mr. Duncan Houston, Harwich.

The bride, who was unattended, was prettily gowned in white point d'esprit over white mull, Irish lace trimmings.

The ceremony was performed at 3.15, by the Rev. Mr. Mowatt, of South Euxton.
