THE TRIAL OF THE WOULD-BE ASSASSIN OF FRENCH PREMIER.

Paris, Feb. 26. Captain Bourchardon, of the Paris military court yesterday afternoon, heard the evidence of persons who were eye witnesses of the attempted assassination of Premier Clemenceau. He has asked Doctor Roubanowitch, a widely known Alienist, to examine Emile Cottin, M. Clemenceau's assassin, to determine his degree of mental responsibility. Captain Bourchardon will call at M. Clemenceau's home tomorrow to take the premier's deposition.

Considerable snow is reported north especially thru New Brunswick.

Masterpieces of the World's Great Orchestras

Do you love glorious symphonies, majestic overtures, brilliant ballet music from grand opera?

Do you know that five of the most famous orchestras in America play their wondrous music exclusively for Columbia Records? They include the Metropolitan Opera Orchestra, the New York Philharmonic, the Cincinnati Symphony.

Nothing you have ever heard can compare with these masterpieces of music, interpreted by these noted groups of master musicians.

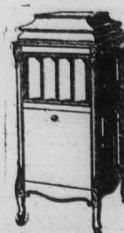

Columbia Grafonolas and Records

Come in today and let us play you some of these superb records. You will find in the list of selections everything you could desire: ballads, patriotic melodies, operas, and on through the intricate, dazzling compositions of Brahms, Gounod, Liszt.

These great orchestras have selected the Columbia as their record medium because Columbia Tone, after repeated tests, has shown itself to their trained ears to be the most faithful and beautiful.

Let us demonstrate Columbia Tone to you—in whatever musical selection you may choose.

A HERO BACK.

Corporal William H. Chase was a passenger by the transport Canada, and arrived in Truro on the 24th inst.
Corporal Chase enlisted with the 40th August 11, 1915 and trained at Aldershot. He went overseas by the S. S. Saxonia in October 1915. In England he was transferred to the 24th Montreal Battalion.
He was in many hot scraps in France and was wounded twice. Once at Vimy Ridge, where for gallantry in the field he won the Military Medal.
We welcome this young hero back to Truro and we are all grateful to him for the noble fight he put up for Home and the Home land against the brutal Huns.
Welcome home, Lad.

The Death of Mr. Arthur Morine.

The cloud of sorrow has hung heavily over Church St. during the last three or four months. But it has not swamped any other household so lavishly as it has that of the late Mr. Arthur Morine. Three months ago all its members, save Mrs. Morine, were in their usual good health. Today the father, the mother, and the only son, Robie, are silent in death. And only three sorrow-stricken young ones are left. To whom the deep sympathy of the whole community goes out.

Three weeks ago when it was known that Mr. Morine was sick a throb of regret sprang up in every heart. Those who knew him best knew how deeply he had felt the death of his wife. And also that of his eldest son with whom he had worked and planned for all the last earlier years. And when it was known ten days ago that his sickness was unto death, a deep regret filled every heart. So that on Monday last when the people were called together to pay their last respects a large and representative gathering showed their sympathy and regard. The funeral was conducted by the family pastor. Rev. Mr. Friggins, assisted by Rev. Dr. Borden of Kentville and the Rev. S. J. Woodroffe, Rector of St. John's Church. The singing, the reading of the scripture, the prayers, and the few, but earnest words of the Rev. Mr. Friggins, were most impressive. And there were many tearful eyes as the body was moved from the house by six life-boy friends and neighbors to be taken for interment to the Methodist cemetery.

As the writer returned from the funeral with another life-long friend he remarked—"a kinder and truer friend" than Arthur Morine never was. He "never failed once."
Such was the character of the deceased gentleman. Quiet and unassuming but deep and tender in his feelings, no one ever looked to him in vain for a kindly and helpful act. He was a most devoted father, never thinking of himself, but in a great usefulness doing his best for his wife and children, it was good always to watch him about his work. Not aggressive in thought, or action, his neighbors yet appreciated him sufficiently to elect him a member of the School Board and wherever a kind thought or word, or a helpful act, was required; Arthur Morine could always be depended upon. From a neighborhood in which his whole life was spent he will be missed, and many a man will feel that the world is poorer for lack of his kindly presence.
Only three children are left of a lately complete household. Those are Miss Lulu, on whose young shoulders a heavy burden is laid; Keith aged 14 and Ellen aged 7.
To them the sympathy of the whole neighborhood is extended—Kentville Advertiser.

Mr. Robert Dickie, who has been working in Truro left for his former home "Brookvale," Musquodoboit. Some of the girls say he will be very missed.

The Funeral of the Great Laurier.

The Funeral of Sir Wilfrid Laurier, in Ottawa on Saturday last, was one of impressively dignified and grand ceremonial. The cortege from the House of Commons to the Roman Catholic Basilica was a long one and in it the Church of all creeds in Canada was fully represented; and the State, with the Governor General at the head, showed honor to the memory of the departed Statesman by a full attendance of State Officials.
The services at the Basilica were solemn and majestic and eloquent words of eulogy in both English and French spoken by dignitaries of the Church to which Sir Wilfrid was so much attached.
The procession to the Cemetery, three miles away, was thru streets lined with tens of thousands of people. It was the greatest funeral ceremonial ever seen in the Capital of our Dominion.

The Funeral of the Late Allison M. Stevens.

The funeral services of the late Allison M. Stevens, were held at 2.30 o'clock, p. m. Feb. 22nd, from the family residence Dominion Street. Rev. F. C. Hartley officiating. The choir of the First Baptist Church rendered suitable hymns.
The pall bearers were from the Locomotiv engineers.
John Kennedy
John Champion
Thos. McCallum
and from the First Baptist Church;
J. F. Ryan
M. S. Cox
H. A. McElhinney.

Dust Causes Asthma—Even a little speck too small to see will lead to agonies which no words can describe. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. J. D. Kellogg's Asthma Remedy brings the user to perfect rest and health. It relieves the passages and normal breathing is firmly established again. Hundreds of testimonials received annually prove its efficiency.

SCOTIA CHAPTER I. O. D. E

Annual Meeting—Grand Work of the Year—Generous Contributions—Officers Elected.

The first Annual Meeting of the Scotia Chapter I. O. D. E. was held recently and reports showed a very satisfactory amount of work accomplished during the past year.

The receipts for the year amounted to \$1760.09.

The following is a brief outline of our "ways and means" of procuring these receipts.

In February a Curling Match and skating party was held in the Curlers rink and netted \$123.51.

In March a musicale, arranged by Mrs. A. E. Crowe, and Miss Linda Whidden, netted the chapter \$76.25.

At Easter, the Allies Fair, for which all members worked most diligently, was held in the Court House and the sum of \$641.60 was taken.

In conjunction with the Junior Red Cross, a Girls Field Day was held, and out share of these proceeds amounted to \$83.82.

At the supper and sale of dressed dolls in Vernon's & Co's store, in December \$229.33 was realized.

The dances at Mrs. Carroll's have netted \$31.50.

Throughout the entire year, members have been engaged, as ushers at the Princess and Strand Theatres, and the sum of \$290.10 has been earned.

The following cash donations have been made:—

Red Cross	\$635.50
Truro Band	15.00
Women's Council (yarn)	50.00
Returned Soldiers Reception Committee	50.00
Navy League	100.00
Y. M. C. A. (Overseas)	150.00
Navy League Drive	50.00
French Relief	100.00

WEDDING BELLS

Dauphinee-Fisher.

Truro, Feb. 24—Allan R. Dauphinee, of Halifax, and Miss Vivian E. Fisher, of Bible Hill, were married this evening at eight o'clock at the home of the bride's parents, Mr. and Mrs. Allison Fisher.

The officiating clergyman was Rev. Brice D. Knott, pastor of Immanuel Baptist Church. Only immediate relatives and friends were present. The bride who looked charming, was given away by her father. She wore a suit of taupe broadcloth with hat to match. The wedding march was played by her youngest sister, Miss Aileen Fisher, and the best man was Jock Keefe, of Halifax.

The wedding trip will include a visit to Boston and New York. On their return Mr. and Mrs. Dauphinee will reside at Halifax.

THIS YEAR'S SHORT COURSE AT THE AGRICULTURAL COLLEGE.

The Short Course at the College of Agriculture, Truro, N. S. is to be held from Mar. 5th to 13th, next. For the past 15 years Short Courses have been conducted at Truro, during the first two weeks in January, and those who are familiar with the results agree that no other feature of either the Agricultural College work or the work of the Department of Agriculture has given bigger returns to the Province than the instruction given at these Short Courses.

Owing to the influenza situation, it was decided wisely in the current year to postpone the course from January until March. Plans have now been completed to make the course being held so near the seeding season will give a chance for the farmers to study the outlook for the year and to complete plans for buying their necessary seeds, fertilizer and other necessary supplies. We strongly recommend this course to all of our readers.

THE NEW LIBERAL LEADER.

The Liberal i Caucus has appointed D. D. McKenzie, M. P. for North Cap Breton as their recognized Le der for the present session of Parliament.

Mr. McKenzie, will be assisted by a Committee of which Chief Whip Robb. will be the Chairman.

This is only a temporary appointment and at a Party Convention to be held later, a permanent leader will be appointed.

It will be noted that Nova Scotia again furnishes the Leader for a great political party.

There is some negotiation going on among School Officials and the churches. It seems that the Y. M. C. A. interests have called a Convention of boys in New Glasgow for next week—while the Schools are in session. Some 75 of the Academy boys were preparing to leave School for the trip, some of whom cannot afford to lose even an hour from their classes.

It is proposed to limit the privileges to a few and then only to those whose work at the Academy puts them in a position to be absent at all from Classes.

BUSY WAR-WORKERS AND PATRIOTIC AND GENEROUS GIVERS.

We would call attention to the terse and exceedingly well presented Report of the Scotia Chapter of the Independent Order of Daughters of the Empire, printed elsewhere in this paper.

It is the first annual Report of these War-workers, and it is simply amazing what results this busy hive of "busy bees" has accomplished in one short year!

Imagine the clever organizing required and the work of untiring hands that brought in a Revenue of nearly \$1800!

It is a result most creditable to all concerned; and contributions of nearly \$1300 to some of our noblest War charities reveal the patriotic spirit that inspired the members of the Scotia Chapter I. O. D. E. during the first year of their existence.

But it is the same success we ever see scored when it is ; "dux foemina facti."

THE LATE MRS. BESSIE P. FISHER.

The remains of Bessie P. Fisher, widow of the late John W. Fisher, of Somerset, were laid to rest in the Berwick cemetery, Feb. 1st, 1919. The funeral was from the home of her daughter, Mrs. Wm. D. Porter, Auburn, with whom she had resided the past two years.

Mrs. Fisher was a daughter, of Rev. T. H. Porter, and united with the Baptist Church when very young, and enjoyed a long life of earnest christian service, attaining the age of eighty-six years.

Two of her brothers have entered into their reward. Rev. T. H. Porter and Rev. R. D. Porter; one brother, Rev. W. H. Porter, of Brantford, Ont., and one sister, Miss Clara A. Porter, are living and mourn the loss of a sister of exceptional christian character. Five daughters survive and hold their mother in loving remembrance; Mrs. W. H. Porter, of Auburn; Mrs. E. C. Walker, Halifax; Mrs. R. F. Parker, Bridgetown; Mrs. George Byers, New Annan, Colchester County; Mrs. J. F. Sears, Woods Harbor, Shelburn County;—Ex.

The late Rev. D. Styles Fraser, and the late Rev. W. P. Archibald, D. D., were incumbents over this church for some 15 years each; and now, here goes our friends, Rev. J. A. McKeen, for perhaps another 15 years pastorate. But whether long or short best wishes follow him and his "better half" to their new home in the far east end of the beautiful Stewiacke Valley.

FROM THE FIELD OF MARS TO COLLEGE CAMPUS.

M. C. Foster, formerly second lieutenant in the meteorological section of the signal corps of the American Army in France, was in Truro on Thursday and Friday, the guest of his brother, W. B. Foster, Louise Street. Mr. Foster will spend two weeks in the Province after which he goes to New Haven, to resume his studies at Yale University.

Mr. Foster is a student for a Ph. D. degree at Yale and the lines along which he was pursuing his studies came in well in active service, so he had no trouble in getting attached to a branch of the signal corps of "Uncle Sam's" big army.

He has done his "bit" at the War front, so he is back to more congenial work about the College Campus.

MAY HE HAVE GOOD SUCCESS IN HIS NEW CHARGE.

We hope Rev. J. A. McKeen, and Mrs. McKeen, may enjoy their life and work in the new field in the Springside, Upper Stewiacke East, Presbyterian Congregation.

Mr. MacKeen has said "good-bye" to the Onslow-Belmont Congregation and went thru to Springside on the 24th.

These faithful workers are going to a congregation of good sturdy Presbyterians, who are in every good work right behind their clergyman with all assistance possible. They are a genial, well-to-do, kind and ever hospitable lot of people; and they dwell in one of the prettiest river valley nooks in all Colchester.

It is a very desirable spot for any Shepherd to pitch his tent, and when once located Pastor and People always seem to get along in good style.

The late Rev. D. Styles Fraser, and the late Rev. W. P. Archibald, D. D., were incumbents over this church for some 15 years each; and now, here goes our friends, Rev. J. A. McKeen, for perhaps another 15 years pastorate. But whether long or short best wishes follow him and his "better half" to their new home in the far east end of the beautiful Stewiacke Valley.

On Feb. 20, Mr. Lou Dunlap, Low er Truro, was quite severely injured by being kicked by a horse which he was attending. The animal being startled by Mr. Dunlap entering the stall beside the horse, while wearing his fur overcoat. This was a quiet horse, kind and docile, but a fur-clad animal in its stall was a little too much, even for a naturally sweet-tempered roadster.

The London, Eng. physicians say there has never been so much smoking by women as at present. It is a common experience to see well dressed women smoking as they walk away from theatres in the evening with their male escorts, and even in daylight it is common to see women smoking in limousines or taxicabs.

DEATH OF SAPPER W. C. JOHNSON MILITARY HOSPITAL HASTINGS ENGLAND.

The sad news came over the wires, February 8th of the death of Sapper William Charles Johnson, in the Military Hospital, England, on February 6th, of broncho-pneumonia, following influenza.

In December 1917 he enlisted in a draft of Canadian Engineers in Vancouver, B. C. He was there for only a short time, when he left for St. John's Quebec. He was there for almost a month, sailing overseas from Halifax, the last of February 1918.

Arriving in England he was stationed at Seaford, from there he was transferred to Basingstoke, where he stayed until November 1918. From here he went back to Seaford, awaiting orders, expecting any day to get word to sail for home.

W. C. Johnson was the second son of the late Mr. and Mrs. S. D. Johnson, of Glenholm, Col. Co., N. S. where he lived until the death of his parents. Eight years ago he went to Vancouver, B. C. and there he made his home with his aunt, Mrs. George Urquhart.

While in the West he had a large circle of friends, who were very much shocked to hear of his death, as he was beloved by all who knew him. He leaves to mourn one sister, Mrs. Wilson B. Smith, Shimminic Bridge, Cumb. Co., N. S., and three brothers, Harry E., Murray A., and Elmer J., all in Vancouver.

REV. J. A. MACKENZIE ELMSDALE, ACCEPTS CALL TO DURHAM, N. S.

(Presbyterian Witness)

At a special meeting of the Halifax Presbytery last week, the call to Rev. J. A. MacKenzie, Elmsdale, this county, to Durham, Pictou County, was considered.

There were three representatives from Elmsdale and Nine Mile River congregation, who spoke with passionate earnestness and strong effect. Mr. and Mrs. MacKenzie have nobly led the work of the church of God in that entire community and are universally respected and loved by all the people. One point was emphasized by the Commissioners from both Presbyteries, namely, that whatever Mr. MacKenzie's decision might be, it would be inspired by conscientious conviction.

When the call was put into Mr. MacKenzie's hands he spoke most feelingly of his love for the people to whom he had ministered for over seven years. At the same time he strongly felt that God was calling him not to a bigger stipend and easier work, but to much harder work among the companions of his boyhood. He therefore accepted the call.

Mr. MacKenzie's duties at Elmsdale Nine Mile River, Congregation will end, much to the regret of the people, on February 28th.

CAPT. DICKSON HOME

Capt. Hugh A. Dickson, of Central Onslow, returned from overseas last Friday evening, coming on the steamer Araguay which docked at Portland Maine.

Capt. Dickson had a remarkable escape from death in the fighting last November just five days previous to the signing of the armistice. He was with the 85th Battalion in the region between Valenciennes and Mons on the Belgian border. The battalion went over the top on November 6th for, as it proved, the last time. In the heat of the fighting Capt. Dickson was shot through the head, the bullet entering somewhere between the temple and the eye and passing out on the other side. The bullet in its passage cut an artery and caused a great deal of blood to escape.

Notwithstanding the extreme seriousness of the case Capt. Dickson has almost entirely recovered, and his experience is looked upon as one of the most remarkable of the war.

Capt. Dickson is a son of the late Eli and Mrs. Dickson. He enlisted at Truro as a lieutenant with the 193rd Battalion. Later he was transferred to the 85th. Last October he was promoted to a captaincy.

Many friends throughout the country are giving him a hearty welcome home.—Truro Sun.

Capt. Dickson is well known in New Glasgow and was stationed here prior to going overseas for a time as an officer of the guard at the N. S. Steel Plant.—Eastern Chronicle, New Glasgow.

THE ELECTRIFICATION OF SEEDS A SUCCESS.

England Leads the World in This Wonderful Experiment in Increasing Grain Crops.

Some years of experimentation in England have proved beyond any doubt whatever that if certain seeds are electrified the yield is much beyond that coming, under the same conditions, from seeds that have not been charged with this subtle current of electricity.

The experiments have been so far worked out only for wheat, oats and barley; but all seeds are known to produce better that have been electrified.

The seeds can only be electrified by one understanding the business, the process is very simple. A heap of grain is taken, steeped in water with a solution of salt to act as a conductor, placed in a tank, a weak current of electricity is sent thru it and then the seed is taken out and dried; and it must be sown within a month of this electrification.

In England the increase per acre with electrified seed grain was from four to 16 bushels. The quality of the grain, as shown by weight is increased from one pound to four pounds per bushel.

The straw is also greatly improved, being stouter and stronger and longer and making its resistance to storms simply wonderful.

The electrified seeds sends up more straws from each seed than the un-electrified seed.

Electrified seeds will be used in England this year on a large scale; as, in that away-in-advance little island, the process of electrification of seed is fully and firmly established.

So emphatically true is it that the United States Inspector in Great Britain advises the Government to have immediate trials made in every State of the American Union.

We hope the Seed Department of our up-to-date Nova Scotia Agricultural College, will get hold of enough electric current, from the voltage they are to receive from the Truro Plant, to try out by practical experiment the planting of the same and the results.

Any field or garden seeds can be electrified, a very simple process—and we will all await the result of the sowings with great interest.

5000 FACTS ABOUT CANADA FOR 1919.

Thousands will welcome the new 1919 Edition of "5000 Facts about Canada," edited by Frank Yeigh, the well-known writer and lecturer on the Dominion. The booklet is a unique annual epitome of the trade, finances, manufacturing, marine, agricultural, dairying, mining, forestry, and other Facts, and a striking revelation of our national growth in a year. An extra valuable feature this year is the chapter on War Facts, containing the authoritative totals that people want to know, and that tell of Canada's part in the War in condensed form, in fact, this popular publication has been well termed a pocket encyclopedia of Canada, or the Dominion in a nutshell. Copies may be had from leading newsdealers or by sending 25 cents to the Canadian Facts Publishing Co. 588 Huron Street Toronto.

The Oldest Inhabitant at Sea.

In February 1918 we had the following below zero records:—

Table showing temperature records for February 1918, with dates and corresponding temperatures.

The coldest dip in February so far this year has been 11 above zero on February 11th.

Last year we had in March six cold days with the mercury below zero, one dip was 17 below!

This winter has certainly been unique, both in regard to cold and snow-fall, and that "oldest inhabitant" at sea in trying to recall such mild winter days.

HANDSOME 1919 CALENDAR FROM OSMOND O'BRIEN & SONS, NOEL.

The Artistic Work of The Truro News Job Rooms.

Everett A. and Austin O'Brien have our thanks for a handsome and extremely useful Calendar for 1919. This Calendar covers many wants. Besides its daily and monthly record of dates its pictorial display shows the pictures of King George, the Duke of Devonshire, Governor-General of Canada Premier Borden, Lieutenant Governor Grant and all the other Lieutenant Governors and Provincial Premiers of the Dominion. It also shows the photos of the Federal Members for Hants, Lt. Col. H. B. Tremaine and all the local members, Albert Parsons, and Dr. J. W. Reid. Last but not by no means least are the kindly faces of the donors Messrs. O'Brien.

As an aid to education we should like to see one of these Calendars hanging in every school room in Windsor Hants County.—Windsor Tribune. This artistic bit of work that our contemporary compliments so highly is not the product of some insignificant lithographers and publishers, but is turned out right here in Nova Scotia having been designed, printed and published in the Job Rooms of the Daily News, Truro, N. S. While similar Calendars are printed and sent all over the Dominion from the Atlantic to the Pacific.

Miller's Worm Powders act mildly and without injury to the child, and there can be no doubt of their deadly effect upon worms. They have been in successful use for a long time and are recognized as a leading preparation for the purpose. They have proved their power in numberless cases and have given relief to thousands of children, who, but for the good offices of this superior compound, would have continued weak and enfeebled.

THE LATE WILLIAM S. PYE OF ECUM SECUM BRIDGE.

At Ecum Secum Bridge, Hfx. Co., on February 6 the death occurred very suddenly of Mr. William S. Pye at the age of 66 years.

Death was due to heart failure. Mr. Pye was well known all along the eastern shore and was highly respected by every acquaintance.

He is survived by three daughters, one brother and three sisters; and they mourn the loss of a kind and loving father and brother.

The funeral took place from the Parish Church of Ecum Secum and was under Masonic auspices.

SERGENT DUFFUS W. NELSON, AWARDED MILITARY MEDAL.

Friends have received word that Sergeant Duffus W. Nelson, of Truro, has been awarded.

The Military Medal for distinguished bravery under fire. Sergt. Nelson enlisted as a Sergeant under Col. John Stanfield in the 193rd Bn. on Feb. 28, 1916.

He went overseas with the Highland Brigade in October 12, 1916. In England he was transferred to the "fighting 25th" and was in much severe and heavy fighting with this Battalion.

Since the Armistice was signed on Nov. 11, 1918 he has been with the "army of occupancy" in Germany. We extend him and his good old fighting stock congratulations on the distinguished honor he has won on the battle field.

THE LATE ARCHIBALD LAMONT GRANT.

Sad was the news which came to the people of Milford and surrounding country, when it was known that Mont Grant had passed away during the early hours of the morning of February at his home in Milford, Hants Co.

He had been in failing health for some time, but only for two weeks was confined to the house. He bore his great sufferings heroically, always thinking of the welfare of those who cared for him. He was a favorite with all, and every acquaintance mourns his early death. He was only 28 years. There is left to mourn, a wife, formerly Miss Bessie Wardrope, of Milford; two brothers, Aubrey Milford, and Willard, Hardwoodland; and two sisters, Mrs. Jennie Britton, Belman and Mrs. George Miller, Bloomfield, New Jersey.

The funeral was held from the home residence Wednesday the 19th and was very largely attended. Rev. Harry Burns officiating. The I. O. O. F. fraternity of which deceased was a member, preceded the funeral cortege to the Milford cemetery where interment was made. Much sympathy is felt for all relatives, especially the young wife so suddenly bereft. COM.

Mrs. Joseph Totten and Mrs. A. L. Whiteway, of Stellarton, spent Wednesday in town the guests of the former's sister, Mrs. M. C. Crawford.

CHEVROLET CARS

C. R. Coleman has received a carload of CHEVROLET cars containing three four ninety models, and one Model F. B. BABY GRAND.

The Model F. B. is much improved, and has many new features, including longer wheel base, new top, more roomy body, and better finish.

This is the first one of this Model to come to the Maritime Provinces, and as the supply is limited, only early orders can be filled.

The placing of orders for the CHEVROLET models early in the season is advised, as the demand will probably exceed the supply. 26-2-1d-1w.

Arnold Langille, formerly of Londonderry but for eight years a resident of the West, spent a few days in Truro, the guest of his Cousin, Mrs. Biswanger, Prince Street. Arnold has just returned from overseas, having enlisted in the West and altho the West holds endearments to him, he has decided to remain for a while with his invalid parents, Mr. and Mrs. Edward Langille, Londonderry.

Ernie Brown, formerly of Wentworth, Cum. Co. now of Minneapolis, N. S. has returned from overseas having quite a few scars as he was gassed once and wounded twice. He is visiting his mother and friends, before returning to his home. He was the guest of friends in Truro a few hours on his way homeward.

EILERTSON—MACDONALD.

Promptly at high noon, January 29th, Rev. Henry Cook officiated at the nuptials in St. John's Church, of Miss Elizabeth Macdonald, daughter of Mr. and Mrs. William Macdonald, Maple Grove, Hants Co. and Mr. Harkwin Eilertson of Craignule, Alberta.

The bride, who entered the church upon the arm of her father, looked very lovely and attractive, dressed in a travelling suit of dark green broadcloth with large black hat, and a handsome set of gray furs, the gift of the groom.

She carried a beautiful bouquet of pink and white roses. Both bride and groom were unattended. The wedding march was well rendered by Mrs. W. Forbes, Five Mile River.

The well filled church testified to the popularity of the bride. Mr. and Mrs. Eilertson, before going to their western home, are visiting some of the principal cities of Canada and the United States. The best wishes of their many friends go with them.

SUDDEN CALL TO MR. THOMAS G. MCAULAY, STEWACKE.

One of the best known and most respected citizens of the town of Stewiacke, Mr. Thomas G. McAulay, received the last great summons, suddenly at his home residence on Wednesday February 19.

He was apparently in his usual health and had been around at his farm chores that morning, but shortly after entering the home in a moment expired in the presence of his loved ones.

It was a sudden call, indeed. A terrible shock to the family and to the community in which he had lived so long and was so respected. The funeral was held on Friday the 21st the Rev. H. T. Parlee, Rector officiating, and many assembled at the family residence to pay their last tribute of respect to one who in life was universally respected.

In the immediate family there survive the widow, formerly Miss Louise Mossom of Hants County; a daughter, Mrs. Jewel Banks; and a little grandson, T. George Banks, "Billie" who will indeed miss the kindly ways and gentle treatment of an ever-indulgent grandfather.

Mr. McAulay was 70 years of aged. A sister, Mrs. Elizabeth Smith, of Stewiacke, also survives.

ON RE-ESTABLISHMENT.

Dear Sir: The dark cloud of war has, at least for the time, been lifted from the face of the old earth and we are again getting back into the old peace ways or rather the new peace ways because the war has given us a broader vision and a more intelligent outlook.

With the return of peace comes grave problems, which we as citizens, must face courageously. The greatest problem to my mind is not the civil re-establishment of the soldier, altho that is of immense importance, but rather of the careful education of these men along political lines so that the progress, that has been made in independent thought during the war, may not be lost during the less exacting times of peace.

If the government of the people is to be a success, the people must be trained some way to carefully balance the issues on hand and then conscientiously throw their weight on the right side. Now it is a most difficult thing to break men away from the habits of thought along strictly party lines, which have been deeply implanted in their very natures by centuries of such narrow views. In order that this high purpose may be accomplished, the call comes just to those men, who have the privilege of occupying important positions in the country. Their minds being more accustomed to getting to the bottom of causes and principles, must lead the others for a time at least. The reason of course is because

"ROVER" CONTINUES OLD TIME REMINISCENCES.

Vancouver, B. C. Feb. 10, 1919.

Editor News;

Concerning the little party to which I introduced you last week. I have little to say. In fact, of the party proper, I remember almost nothing. I am only using it as a center around which to group a few incidents, the telling of which may interest some of your readers.

Early in the evening it began to rain and beneath the flow of fun and high spirits there was an undercurrent of anxiety, as to how we were to get home; and as it continued to rain harder and harder hour by hour and the night was very dark, all agreed that the only sensible thing to do, was to remain where we were until daylight. But the matter of sleeping quarters was a hard problem to solve. However, we went at it in earnest and soon had a partial solution of it. The teacher, because he was the Teacher, was assigned "the spare room" with a bed all to himself; and by members of the household sharing theirs or giving them up entirely, the majority, were fairly comfortably stowed away. Still there were a few of us, who did not seem to fit in anywhere and I making a virtue of necessity, volunteered to remain up and keep watch. Not wishing to disturb the sleepers we withdrew to the kitchen-dining room, there to commence our vigil, making a little hole in the darkness with a short piece of a tallow candle.

British History had formed one of most lively subjects of study that winter, and we calculated that, according to Alfred the Great's method of computing time, we had about two hours' supply of light. Then there were the rows of seven candles, in the rejoicing of the people of London, over the acquittal of the seven Bishops, in the time of King James II. to be thought about. About that time, too, much interest was taken in professor Faraday's lectures on the "Chemical History of a Candle,"—the outcome of a challenge by the students at the British Institute, when he had said something to the effect that he would not give a fig for a young man who could not lecture for seven consecutive nights on the properties of a tallow candle. But there was a peculiarity about our candle, which Faraday would not likely dwell upon, but would be more suitable to the Rev. Morely Punchon, was it not? who toured the cities of this continent a year or two later, illustrating his lectures by means of candles. When our piece of candle appeared to be about used up, some one said:—"When that candle goes out, I am going to try to find some place to sleep." We all said the same—If a "watched pot never boils" it surely looked to us as if a watched candle never dies; for when we thought it was just out it blazed up again more brilliantly than ever and then gradually died down to a mere flicker. We became interested and speculated as to how long this could continue. There must have been a hidden reserve of tallow somewhere about the socket of that candle-stick. Did the waxing and waning of that flickering light foretell the uncertain lingering of the life of one or more of our number, far beyond the "allotted span?" And did the desire of those, well content with their situation, to see that feeble flames long hold out; and the equally strong desire of those not so favorably situated to see it die, suggest that there would be those who would be glad and anxious to keep us with them as long as possible and to see that no rude breath short-end our long drawn out lives; and that there would be others, like the two black sheep in the family of the linen

draper, described by Charles Reid, in the "Cloister and the Hearth," who would for their own selfish ends, be more than willing to see us go at any time; but at last there was nothing left of the candle but a charred, unpleasant smelling piece of wick and the little group separated. I was directed to a bed which already contained three boys of various sizes. Removing my boots and some of my outer garments, I got as far under the covering as I could and by holding on to the head of the bedstead with one hand could keep quite comfortable until, at the command of the Tyrant Morpheus, I had to surrender the control of all my muscles, and I was in danger of rolling on to the floor. Then I would have to arouse myself sufficiently to renew the grip on the bedstead; and so the see-saw went on until time to make a new start for a new day. By comparing notes I found that some of the others had enjoyed a like experience.

By packing as many of the girls as could or would get into the buggy and the rest of us footing it over the clean fields and short cuts, we arrived in due time at the river, which we found, as we expected, had completely broken up and the piece of fence which had been used as a foot-bridge under water and the slough, which extends from a point 100 yards or so above a bend in the river at the bridge to about an equal distance below it, full of slowly moving cakes of thick ice, thus forming an island between us and the bridge. To many of us this was no serious obstacle, for the larger boys with the assistance of a pole, thought it only fun to leap from one ice cake to another, and so to the land. But the girls and a number of smaller children had to be helped over. The distance was not great, perhaps not more than 30 or 40 feet. By means of some poles and pieces of boards laid from the shore to the ice and from one ice cake to another, a kind of pontoon bridge was formed, over which, one by one, all were conducted. But this was not done without shrieks of alarm, real or feigned, much laughter, many wet feet and some bruised shins.

I wonder if Mrs. Harriet Beecher Stow, in "Uncle Tom's Cabin," had a more real foundation for her spectacular description of Eliza's escape on the ice, than was afforded by those boys crossing in the manner just described?

Of the part taken by individuals in this and other made incidents of that morning I have no clear recollection and I do not remember having seen or spoken to my companion thru the mud of the previous evening after the group around the candle broke up.

The only person, whom I remember distinctly, was Mr. Murray, away in advance of all of us, he was a great walker, crossing the bridge with the water still squashing from his boots; for I think we all had wet feet. Of what took place in school that day, I cannot recall much. I know I often caught myself falling to sleep over my Algebra, while most of the others, even the teacher, was two sleepy to notice me—for although he went to bed in good time, we concluded, from several remarks, that he knew all that went on afterward.

ROVER.

It is a Liver Pill—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parnell's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.

REMINISCENCES OF OLD DALHOUSIE

(The Dalhousie Gazette, Jan. 30, 1919.)

NOTE—Probably the oldest living alumnus is Dr. J. Mc G. Baxter of Chatham, N. B. His memory goes back to the revival of Dalhousie 1863 and earlier. He has been good enough to write some of his reminiscences for The Gazette which will have peculiar aptness and interest at this time. Dr. Baxter has also presented the college library with many volumes of the classics from his own private collection.

To any one visiting Truro about the middle of last century, it would have appeared a small village of 2000 or 3000 inhabitants on a long, narrow level plateau of land between a range of hills on the south and the dip of marsh and intervaleas. It was then, and is yet, a pretty little town, snugly, well kept residences flanking the two streets then existing, Front Street (now Queen's) and Back Street, now called Prince Street.

The inhabitants were a quiet, thrifty, God-fearing people, largely Scotch and some Royalists from the Republic to the South that kept the Sabbath painfully. They were largely Presbyterian, and the original church, as I first remember was a large, square two story building, that stood a mile, or so below the village on the road to Old Barns, now Clifton. The cluster of houses in the vicinity was called Lower Village. I have sketched a rough map that explains how the village appeared in the fifties of the last century.

When I first remember attending church in Truro, it was in the old two-storyed barn in Lower Village, and Dr. Wm. McCulloch was the pastor. There were no railroads near there at that time, although I remember my father taking me to Pictou with him in 1851, and we had a ride on a little narrow-gauge (3 ft. 6 in.) road that ran from Stellarton to the landing or loading ground for ships in Pictou Harbor. This was, I believe, the oldest railroad in America, established in 1830 or thereabouts; at all events, I know that the original engineer, who turned the first wheel in America, were taken on to the Centennial exhibition in Chicago where the old man, who was then over eighty received such an enthusiastic reception and ovation that he never recovered from it, but came home to Pictou and died a few months later.

Revenons a nos moutons. We are speaking of Truro in the 50's. Our greatest excitement was the arrival of the stage-coach from Halifax. How my heart used to thrill as the great, big, Concord coach, a half a ton weight of itself, red body and yellow wheels with its six splendid large seal-brown horses dashed out of the mouth of the Halifax road in a cloud of dust with one of Hyde's best whips, say Church for instance, as he, cracking his long-lashed whip like pistol shots, tooled his magnificent team bending off to the left past S. G. L. Archibald's the Courthouse, the Probate Office, Keillor's shoe factory, and finally brought up with a flourish exactly in front of the Prince of Wales Hotel steps. Ah! my friends, Ben Hur's chariot race was "not in it."

On the front platform stood the portly host himself, the genial Landy, and the long, thin, keen-eyed, wide-awake Hyde, the Yankee proprietor of the stage line from Halifax to Pictou. Clustered around them might be seen the "ever dries", "Winking Peter", "Doggy", "Friday", "the four-eyed lawyer", "Dandy Jack" et al, ready to welcome, and sponge on, the first free-hearted passenger that came to hand.

And it was wonderful how many those big-bellied coaches could disgorge—anywhere from ten to thirty; after which the team was advanced a few yards to the Post Office, and the long, bolster-like, sole-leather, mail sacks were unstrapped, hauled off, and dragged into the low, one-story post-office, and handed over to Isaac Smith, while the team was gracefully, and skillfully wheeled around, the horses biting each other playfully and kicking the whiffletrees while Church gave an admonitory jerk to this one and that, and murmuring a few bad words, skillfully steered them into the half-circle road that led to the large stables behind the hotel, and we followed to see the horses unharnessed, and if the fates were propitious, perhaps even dare to speak to the driver, or, at all events, to some of the hostlers. Alas! Transit gloria mundi. Quid referam?

As we come out again through that semi-circular way "per quem magnus equos (Hydii) fletit alumnus" when it is only to tell of the four horse stage that is sent out to proceed over to "Bible Hill" and off on the road to Pictou, or the spike tea (three horses) that is to go over the marshes to Onslow and on to Amherst, to continue their respective journey to Cape Breton, and E. E. I. or via Amherst, and the "Bend" (Moncton) to St. John, or Quebec. But, I may add that occasionally, through the kindness of Angus McLellan, I was permitted to drive the "spike" Cumberland team myself then—oh! Quid confert pur-

para majus optandum? I mark those days with a white stone. "Le Roi est mort. Vive le Roi." Then came the prosaic railway. I remember well being on the platform awaiting the first train—'57 or '58 send me uncertainty of memory forbids me being too concise. It arrived with Wm. R. Geldert as conductor and Sandie Cameron at the throttle, and from that day the "Common" went down and Inglis Street went up on the scales of fate, and, saddest of all to relate, some of the "everydrys" even forsook their allegiance of "Ye Olden Tyme" and were to be found "bowing the knee to Baal" at Inglis Street.

"My recollections of Dalhousie, including the professors of my day, were extremely kind, serene, happy—I never think of it and them without that warming glow within that keeps the heart right—and how in the world that man could have gone through Dalhousie and be left with such a capacious soul as functioned in the letter I saw in a recent number of the Gazette 'I presume you permit the use of the new verb 'functioned'—I can't understand. If there is any criticism on the university, it is that it could have passed through its mill, without refining him, a man who could write such a letter. It was an excellent thing to publish his plaint but I could not see why a semi-defensive note at the bottom was thought necessary. He, I suppose, was spoiled after he left you—and, of course, there are no limits to the quirks of the human disposition, especially where the soul is small.

"With every regard,
Yours very truly,
F. A. F. CROCKETT

with a
DE LAVAL
CREAM SEPARATOR

Formerly, with butter-fat at 25 to 35 cents a pound, a De Laval Cream Separator saved \$10 to \$15 per cow per year over gravity skimming.

Now with butter-fat selling at 50 to 65 cents a pound, and even higher, the saving with a De Laval is doubled.

If you have only two cows and are selling cream or making butter, a De Laval soon will save enough to pay for itself.

With butter-fat at present prices you need a De Laval more than ever before, and if you already have an inferior or half-worn-out separator, your cream loss with such a machine is too big to be neglected.

The best cream separator you can get is the only machine you can afford to use these days, and creamerymen, dairy authorities, and the 2,325,000 De Laval users all agree that the De Laval is the world's greatest cream saver. They know from experience that the De Laval skims the closest, lasts the longest and gives the best service.

Order your De Laval now and let it begin saving cream for you right away. See the local De Laval agent, or, if you don't know him, write to the nearest De Laval office as below.

ST. PATRICK.

NOTES FROM GREAT VILLAGE, COL. CO.

Feb. 24.—The funeral of the late Miss Bella Hill took place Wednesday the 19th of February, at two o'clock. P. M. from the Presbyterian Church of which she was a member. A large number of friends and acquaintances assembled to pay their last tribute of respect to this estimable young lady, who was a friend to all who knew her and will be missed by all those near and dear to her.

Rev. A. L. Fraser of Park St. Presbyterian Church, Halifax, conducted the funeral service. Mr. Fraser had been a former pastor of St. James Church and spoke very impressively of this bright young girl who had been a member of the Bible Class during his ministrations in Great Village. He also visited her in the Hospital during her last illness in Halifax.

Mr. Fraser gave a fine address, appropriate for the occasion. The choir was a sixtyfiv Mrs. John Logan and Mr. H. McDougall of Truro.

Mr. McDougall rendered Fanny Crosby's beautiful Hymn "Face to Face", Miss Logan accompanying him on the organ. The other hymns sung were 334 and 345 from the Presbyterian Book of Praise.

The casket was covered with handsome floral tributes that were lovingly sent. A number of friends followed the remains to their last resting place in the Mahon Cemetery where she was laid beside her mother.

The Pall Bearers were Robert Spencer, William R. Williams, Max Layton, Harry Patriquin and Eugene Layton. Much sympathy is felt for the bereaved friends among those present from outside who attended the funeral service were: Mrs. H. B. EASTVILLE, COL. CO.

Feb. 24.—The men of this place are busy lumbering. Altho there is very little snow the logs are rapidly gathered at Mr. A. F. McCool's mill.

Mrs. L. C. Ward and family are visiting at Mr. J. E. Fisher's.

Misses Mary Brown and Ina Crockett were guests of the latter's aunt, Mrs. Agnes Graham, last week.

Mr. Robert Harrison is not enjoying good health this winter.

Mr. Weldon Cox, who is employed in Truro, spent a few days vacation with his parents, Mr. and Mrs. Creelman Cox of this place.

Quite a number of the young folks of this place attended a dance, given by Mr. and Mrs. Walter Fulton, at their home in Pembroke on the 21st. There was an unusual large attendance and a very enjoyable evening was spent. The music was excellent.

Mrs. Arnes Brown spent the week end with her daughter, Mrs. M. F. Holman, of Berry Hill.

Mr. Wm. G. Crockett and sons, Clair and Frank, spent Sunday at their home here.

Eastville can boast of a very up-to-date "Barber Shop." This shop is situated just below the residence of Mr. Wm. Rogers Rhyno.

Messrs Hugh Graham and John McCool were the guests of the former's aunt, Mrs. C. Cox, last week.

Miss Jessie Brown spent the week end at her home here.

Quite a number of the young ladies visited Mr. Finley's lumber camp one day last week. They certainly enjoy a visit to the lumber camp and the lunch they are sure to get.

BASS RIVER RUMBLINGS.

Feb. 24.—The Dominion Chair Co. held their annual meeting on Tuesday last. The Directors submitted the following report for the year 1918.

Factory (sales).....\$ 75,000

Store.....91,870

Total.....\$166,870

showing a substantial increase over the previous year. Considering the fact that the export trade has been cut off an account of the war the output of chairs have been good.

The store has had a banner year. The success is largely due to the large stock of store good goods at reasonable prices.

Dividends.—The dividends have slightly increased and was apportioned as follows:—10 per cent to the shareholders a liberal amount for depreciation, insurance, and reserves, after which \$2,000 was set aside as a bonus to the Employees, a very creditable action on the part of the Company in continuing the bonus system.

The following Directors were elected for 1919:

T. W. Fulton, re-elected; R. Gordon Davison, re-elected; S. H. Fulton, re-elected; Bernard Fulton, J. R. Fulton, re-elected.

The Christian Endeavor held a social evening on the 21st in honor

of our returned heroes. The Hall was crowded to the doors; after a very jolly time lunch was served. The meeting closed by singing the National Anthem.

The roads are getting so bare of snow that slipping is out of the question on the Main roads, in fact nearly all of the fields are bare; unless we get more snow the lumber output will be hampered.

Church Notes—The Rev. J. E. Forbes preached at Great Village on the 23rd, while the Rev. Mr. Ballard supplied for Mr. Forbes here.

Urgent—We need to get together quickly and petition the government for a steamer to carry on the Bay trade, calling here and other ports. Before the war the S. S. Brunswick did service for about 15 years, giving regular weekly service from St. John, carrying both freight and passengers.

New Wharf needed—Our wharf is practically beyond repair and should be replaced by a new one; some suggest a better site than the present one.

Personal—Mrs. Ferguson Davison and son Gordon of Great Village spent Sunday here with friends.

Births—On the 20th to Mr. and Mrs. R. W. Lindsay a daughter.

Sick Report—Mrs. Lindsay McLellan continues to improve.

Wyman McLellan is better. Arthur Laskey has greatly improved. Joseph McLaughlin is not enjoying good health.

General—Mr. W. R. Starratt is fitting up his store building for the Canadian Bank of Commerce and expects to have it ready in a few weeks. The new burglar proof safe for the Bank has arrived and is being installed.

Corporal Ernest McLellan left on the 24th for Halifax, to report relative to getting his discharge.

Mrs. Wm Bowers of Great Village spent the week end with friends here.

NOTES FROM LONDONDERRY STATION.

Feb. 24.—The pie social and concert at Folly Mt. came off on the 18th and was a glorious success. The amount of \$71.60 was taken. The concert consisting of dialogues, recitations and music was well carried off and the pies sold well. Much credit is due Miss Lockhart, the teacher who organized the affair.

A pie social was held in the Temperance Hall here on the following evening and the sum of \$22 was realized.

Another pleasing function was a party at the home of Mrs. Currie Giddens, when a number of her intimate friends gathered at her home, where a pleasant evening was spent. Mrs. Giddens is a charming hostess and made all welcome.

Still another pleasant evening was spent last week at this place when the members of Mispah Lodge L. T. B. welcomed back a returned hero, Pte. Joseph Smith, in whose honor this reception was held. Pte. Smith enlisted in the Forestry Battalion and went overseas some two years ago; this being the second time he had offered his services to help win the great war. The first time he was not accepted on account of eye sight but "Joe" was not easily discouraged so he went to a specialist, got glasses, offered his services again and was accepted.

This Lodge sent out four of its members to do their bit for King and country; two have made the Supreme Sacrifice and two are spared to come home. Pte. Wm. Gillings is still overseas. At the close of Lodge on the 22nd the fathers mothers and other relatives of the returned hero were invited in where they were treated to light refreshments and also entertained with recitations, speeches and music. During the evening Pte. Smith was presented with a set of military brushes as a slight token of the esteem of his brothers and sisters. The presentation was made by Mrs. Stewart McLean in behalf of the lodge.

Pte. Smith thanked the Lodge for their kindly attentions and said he was glad to be with them once more. Speeches were made by Messrs Murphy, Cooper, and Toole; recitations given by Mrs. Currie Giddens and Miss Jobb and a song of welcome was given by Mrs. S. M. McLean. The visitors present were Mr. and Mrs. Silas Smith, Master Frank Smith, East Village; Mr. Fletcher Smith, Mr. and Mrs. David Fields, Mr. Clifford Toole and Miss Alberta Toole, Belmont. After all had joined in singing the National Anthem.

The Lodge members and visitors were generously treated to chocolates by Pte. Smith and Clifford Toole. A cushion top, right from France, was shown at this meeting and one of the sisters, we are told, carried it home as a souvenir; never mind who!

Miss Ethel Lee, Londonderry, was the guest of Mrs. S. McLean at tea on the 19th.

Miss Georgina Maxwell, Folly Mt. also took tea with Mrs. McLean on the 19th.

John McKay, East Village how has been ill, is able to be out a little.

Mrs. Gulliver and children, N. B., are visiting at the home of Mr. and Mrs. John McKay.

Clarence Dunsbee, Folly Mt. spent the week-end with friends in Belmont.

Dont Scold. Mother! The Cross Child is Billious Feverish.

Look at tongue! If Coated, clean little stomach, liver, bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs", which has directions for babies, children of all ages and for grown ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

"DARBY AND JOAN".

BELMONT, COL. CO.

The little snow on Wednesday brought out not only the lumbermen's sleighs; but the gaily painted driving sleighs. Three Belmont ladies took advantage of the snow and the fine weather, visiting Mrs. Geo. Downing.

Some sleighs came to grief, Spencer McNutt's men arrived here, driving a pair horse sleigh, with a disabled runner. They secured another sleigh from our obliging blacksmith, Noble Tattrie, and returning some time later, with only some remains of the borrowed vehicle. Question! "Was the roads, horses, or men at fault?"

Mr. and Mrs. Welton and daughter Beatrice who were recently visiting at Belmont, are now visiting in Pennsylvania, the native state of Mr. Welton. He returns to the Canadian West shortly.

Henry Barnhill and son are staying at the home of his father, Mr. James Barnhill, he returns to the west in time for the spring work on his farm.

The "Hercules" Lodge I. O. G. T. are having a debate on Tuesday evening Topic "The disputed ownership of certain pumpkins" "Do the winners of the debate get pun'kin pie?"

The girls and boys journeying back and forth to Truro to attend school; pass the time on the train, in jolly one another. The unfortunate man, or should we say the fortunate man that the whale could not digest, according to bible history, is very much in evidence, or rather his namesake.

Wallace Boyd intends to stay in Belmont until the fall. After ploughing the fields of Flanders, it will be more congenial ploughing father's fields.

Alexander Pratt has purchased Warren Little's farm, on the mountain road. Our best wishes for great success, Sandy! May the brown waves of the ploughed land be more profitable to you than the blue waves of the sea at Seaford.

Evangelism and Social Service Anniversary at Belmont Methodist Church. Special speaker, Rev. D. W. Johnson, D. D., of Truro. Appropriate music by the choir.

Rev. Mr. McKeen preached his farewell sermon at Belmont last Sunday afternoon, Text Matt. 24. Chap. 14th. ver. "Then shall the end come" The preacher was suffering from a bad cold, and expressed regrets of Mrs. McKeen, who was unable to be present, she also suffering from a severe cold. The Rev. Mr. Logan, will be the preacher for the next two sabbaths, and will declare the pulpit vacant.

Service in the Baptist Church in the evening was well attended, Pastor conducted the service. The illustrated addresses are being received with much profit by the children.

VIMY RIDGE HERO RETURNS HOME WITH AN ENGLISH BRIDE.

Pte. Frank Matatall, Clifton, returned on the Metagama, which arrived at St. John on 17th inst. bringing with him a charming English bride. Pte. Matatall enlisted in February 1915 and has been through some tough scraps and was one of the heroes of Vimy Ridge. The night following his arrival home a crowd invaded the home of his father, Mr. Ed. Matatall, to give our hero and his bride welcome. The large number present evidenced that the community appreciate what the boys have done for us in France. After the company had been presented to the bride and offered its congratulations, several patriotic and old time songs were sung and a duet by Mrs. G. C. Black and Mrs. Munro. The Rev. J. C. Davies then called the meeting to order and delivered an address of welcome to bride and bridegroom. The speaker remarked that they had had the privilege of welcoming other returned heroes but that Pte. Matatall was the first to bring an English bride back to the community; that Pte. Matatall had brought back "a bit" of England with him. He gave a hearty welcome to the bride. The speaker spoke of the achievements of the Canadians, their glorious defence at Ypres at Vimy Ridge in which our guest had taken part. He felt that it was honor for us to be in the presence of a Vimy Ridge hero. At the close of his address the speaker asked the company to stand and salute our hero in honor of Vimy Ridge. The salute having been given Pte. Matatall replied and thanked the company for the kind welcome given them. He maintained that it was not they who had returned were worthy of being honored but those who will never return, and spoke feelingly of the bravery and heroism of his comrade, Pte. Earl Crowe, Old Barns, who fell in battle. He mentioned that Pte. Crowe was to be recommended for his D. C. M. but the officer who was going to make the recommendation was killed before the recommendation was made.

The Chairman, after remarking upon the modesty of our guest said it was his intention to take steps to perpetuate the memory of this fallen hero, and asked the company to stand in honor of his memory which the company did in silence with bowed heads.

Mr. Raymond McCurdy was then called upon and spoke hearty words of welcome to his friend and neighbor and his bride and expressed the hope that Mrs. Matatall will feel at home in our midst. He remarked that Pte. Frank Matatall was known among his comrades as "Cool headed Mat". Pte. Fred Gillard was the next speaker and in a characteristic speech he welcomed his comrade. They had both been through it and vividly described some of the experiences of the men in kilts—Pte. Matatall being in the 13th Royal Canadian Highlanders—to the amusement of all. He again led the company giving three cheers for our guest which was done with heartiness and gusto.

Mrs. W. D. McCurdy spoke words of cordial welcome to the bride to this country and neighborhood and hoped she would be very happy among them.

After the addresses were delivered refreshments were served by the ladies of the community and greatly enjoyed. Mr. and Mrs. Ed. Matatall were congratulated on the safe return of their son. They are expecting daily another son from overseas. Pte. Lee Matatall.

THE LATE MISS JANET H. WHIDDEN.

The funeral of Miss Janet H. Whidden was held February 15, at the residence of her niece, Mrs. Bernard Blake, 129 Magill street, and Rev. George H. Horton, pastor of the Bethany Free Baptist Church, officiated. Mrs. Henry Greer sang "Face to Face" and "Sometime the Silver Cord Will Break." Miss Whidden was born in Nova Scotia, but has made her home in Pawtucket, for a number of years. She was a quiet, lovable disposition and endeared herself to many who will mourn her loss. She is survived by one brother, John Whidden of Wallace, Nova Scotia. Interment was in Mansfield, Mass.—Pawtucket Paper.

THE LATE MRS. JAMES MARKS

The death of Mrs. Elizabeth Marks, wife of James L. Marks, a well known resident of Ship Harbor, took place at the Victoria General Hospital on Saturday evening the 22nd. The deceased lady, who was fifty seven years of age, will be much missed at her home, where she was very popular. She leaves surviving, beside her husband, who will have the sympathy of his many friends, two daughters, the Misses George, of Halifax, and Lela at home; and three sons, Hadley, Alvin and Leigh, all resident in Halifax. The funeral will be at Ship Harbor on Wednesday afternoon.

BELMONT CIRCUIT METHODIST CHURCH

The Third Quarterly Official Board Meeting, was held in the Belmont Church, on Feb. 20th. The meeting was well attended.

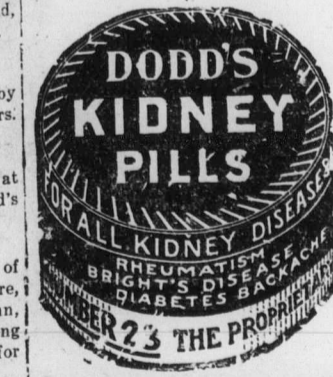

The Financial Statement presented by the Recording Standard, Warren Little, showed an increase of \$129, over the corresponding period of last year.

In spite of the Influenza, which has closed down each appointment, except one, in its several visitations, the work is making progress. The young people on the circuit, have shown a great interest in the work, contributing in no small way to the success.

Improvement in the heating system of the Belmont Church has been attained and is greatly appreciated.

DIED IN NEW GLASGOW.

There passed away at New Glasgow on February 20, Minnie, wife of Elwood Smith, after a lingering illness. Mrs. Smith was the youngest daughter of the late Thos. Waller; and, besides husband, leaves to mourn one sister, Mrs. G. Williams, Altadena, California and one brother George Waller, Truro.

THE DEATH OF THREE NOVA SCOTIAN MINISTERS.

Editor Truro News. Dear Sir:

A few, brief notes regarding three ministers, born in Nova Scotia, who recently died in the United States, will be of interest to their friends as well as to your readers. They all left behind them a fine record of sacrifice and service. They lived up to the best traditions of their native land and to the cause to which they so unsparringly and devotedly gave their lives.

REV. JAS THOMPSON WYLLIE

pastor of the Presbyterian Church, Iowa City, Iowa, died at his home Jan. 2, aged 64. He was born at Great Village, N. S. and was the son of the Rev. A. L. Wyllie, so well and favorably known in the province. His college work was done at Dalhousie University, Halifax, and Park College, Mo. He graduated from McCormick Seminary and entered the ministry in 1887. His whole ministerial life was spent in the Middle West with pastorates in Millersburg, Ill., Winthrop, Iowa, and other Iowa towns. In 1875 we attended Pietou Academy together and I remember him as a bright and active student. In 1901 I met him at a Bible Conference at Winona, Ind. At that time I asked him to write in a fly leaf of my bible, the text which was the motto of his life and the basis of his preaching. It was Christ's great invitation, "Come unto me all ye that labor and are heavy laden and I will give you rest."

REV. J. A. ROSS

passed away recently at Hampton, N. H. at the advanced age of 87 years. The Congregationalist, Boston, says of him—Hampton has lost a valued friend in the death of Rev. J. A. Ross, who had served the Congregational Church since 1887, the last years as pastor emeritus. A long and useful life ended.

Mr. Ross was born in Nova Scotia, in 1832. I do not know what part of the province. Some one of your readers will tell us I hope. He received his college and theological education in Nova Scotia, and took a post-graduate course in Andover Seminary. He held pastorates in Maine before coming to Hampton, where he held the active pastorate 15 years. During the 31 years of his life in Hampton he was a useful citizen, actively interested in all pertaining to community betterment. He served for many years as president of board of trustees of the Academy. Through reading and extensive travel, he had come in contact with the varying phases of present-day thought and he used his knowledge for the advantage of the church and community.

REV. I. ADAMS ROSE

pastor of the Congregational Church, East Burke, Vermont, died suddenly of pneumonia following influenza, Jan. 25. He was born in South Maitland, N. S. Nov. 17, 1871; graduated from the Congregational College, Montreal, in 1905. He began his ministry in Pleasant River, N. S. where he built two churches. Later he went to Kew-look, N. B., where he remained till the fall of 1909 when he went to Bangor College for the winter. After that he held several pastorates before going to East Burke in October, 1915.

Mr. Rose married, Miss Leora E. Fuller, of Hantsport, N. S., who with one daughter, Greta born in 1909 survives him. He will be buried in Nova Scotia. He was a faithful and energetic minister, full of original plans as well as original expressions. He had a record of never being late for any appointment.

"Forth to the fight they fared,
High things and great they dared,
In their Master's name to spread the light,
Right mightily wrought they,
They greatly loved
They greatly lived
And died right royally."

FIELD CROPS COMPETITION.

It is gratifying to observe that interest in the Field Crops Competition, conducted by the Local and Federal Depts. of Agriculture, is on the increase. The entries in 1918 totalled 583, a gain of 150 over 1917. The scores were very high, especially in grain and turnips. The prizes won reach the respectable total of \$2022.50. A noteworthy fact appears when the report of these competitions is laid beside the report of the Maritime Seed Fair held at Summerside, i. e., that every Nova Scotian prize winner at the Seed Fair had appeared in the Field Crops Competition.
This fact bears several inferences, but a most obvious and important one is the close relation indicated between a first class field crop and good seed. There was a sufficient number of prizes won at the Seed Fair to prove that this Province is capable of producing the very finest quality of seed. It is not necessary here to argue at length the advantages of using such seed. The evidence on every hand points so conclusively to its supreme value that the Department is strongly urging the use of registered seed, and will announce in its field crop circular for this year, that in 1920 prizes will be awarded only to those who use this quality.

It will be well to get ready this year. A concession recently made by the Canadian Seed Growers' Association whereby the immediate progeny of registered seed may in turn be registered, provided that it is up to the standard and has been properly inspected, makes this requirement much less exacting. Buy registered seed for your 1919 sowing and be prepared.

ANNUAL MEETING OF TRURO BOARD OF TRADE.

The Annual meeting of the Truro Board of Trade was held in the Civic Building, last evening and was largely attended. The President presented a very excellent address, which we print in full for the benefit of our many readers.

The reports of the Secy. and Treasurer showed the funds of the Board to be in good shape, and almost sufficient to meet the demands for the year.

Reports were also submitted from the Committee who have in charge the greater food production Campaign and the ploughing competition all of which were received and adopted.

The following new members were elected.

- Geo Fraser, Glenholme
- M. McDonald
- H. A. Johnson
- D. M. Smith
- W. B. Foster

A large number of communications were read and disposed of. A resolution was passed instructing the Executive to press for the Erection of the new P. O. both to supply the need of the Town and furnish work for our returning men.

The Executive was also instructed to take up with the Gov. the matter of building the Subway which was under consideration when the war broke out.

REPORT OF PRESIDENT BOYD.

To the Members Truro Board of Trade Gentlemen:—

Permit me to present for your consideration my annual report of the Truro Board of Trade.

The past few years have witnessed a great war and at this time last year we were passing through dark times. But thanks to the British Army and Navy, supported by her powerful Allies, the greatest war in history is won, the mightiest victory since time began is ours, and I hope the beginning of a new era of business development.

We are now at the reconstruction period and it would seem that this opportunity to induce new industries to come here, this being the Hub of the Province, with its splendid railway connections.

We should enter this period of reconstruction with confidence that Truro is going to advance and make for itself a name greater than ever, being now known from Coast to Coast as the home of Stanfields Limited and Eastern Hat and Shirt Co. Several of our largest Manufacturers have enlarged their Plants and are preparing for the increased business that is sure to come during this new period.

Truro supported the Victory Loan and subscribed over \$800,000 of the \$1,367,000, which in Colchester Co. which is a further indication of the prosperous times through which we have just passed.

The Board gave its full support to the Red Cross Campaign for increased funds, which under the Chairmanship of Mr. Frank Stanfield, M. P., was a great success.

During the year your Board met and discussed some important subjects relative to the interests of the Town, as follows:

- (1) An Inspector of Properties was recommended to the Town Council and Chief of the Fire Department was appointed by them.
- (2) Better service to Prince Edward Island, via. Pictou, to Charlottetown during the Summer months, had the support of the Board.
- (3) Petition to suggest changing rule of the road—all to pass to the right—was endorsed and recommended to the Government.
- (4) Numbering of the houses of Truro was advocated by the Board, and a Committee appointed to wait on the Town Council.
- (5) The restoring of Accommodation train from Springhill to Truro, also Midland service, was taken up.
- (6) The erection of a temporary Memorial on the High School ground, with over six hundred names of the boys that enlisted to fight for Freedom and Peace. And now that the war is over it would not be fitting that the Board take some action regarding a permanent one, to those who so nobly and valiantly gave up their lives for us.
- (7) Greater Production also came in for support from the Board, and in co-operation with the Canadian Club and the Town Council, over one hundred gardens were ploughed, which meant that products valued between \$4000 and \$7000 were produced.
- (8) A strong Committee from the Board was appointed to wait on the

Town and Municipal Councils and ask their co-operation on the advisability of securing the Provincial Exhibition for Truro.

(9) The matter of increased rates for Post Office boxes was taken up with our Representative, Mr. F. B. McCurdy, M. P. with the result that the rates remained unchanged.

(10) A Plowing Match under the auspices of the Board was held October 15, 1918, and Mr. G. M. Kent, Secretary and Treasurer of this Competition will make a further report.

Other subjects that have been in abeyance the last few years that should have our attention are:

Stewiacke Railway, Brookfield to Dean Settlement; Railway to Parrsboro; the bringing of new Settlers to Nova Scotia, the location of new industries, and the erection of a new Post Office.

It must be gratifying to the Board to know that in every case from which I have been able to get information, Manufacturers, Wholesalers and Retailers report increased business for the year, and that in no time in our history has money been so plentiful.

Our Educational Institutions are steadily advancing and keeping as before in the fore rank of Provincial schools of learning, obtaining for us the well deserved title "THE ATHENS OF NOVA SCOTIA."

Truro ranks third in the Province as regards Customs Receipts, and the returns for the year ending December 31, 1918 show \$180,000 received, an increase of \$24,000 over 1917.

Truro as a Railway Centre, with its eighty-five trains on an average in and out of Truro every twenty-four hours, is also recognized by the Express Companies as a great Distributing Point, and the last year had a sealed car sent to Truro daily from Montreal. Nine cars of Catalogues were also sent here inside of ten days during the last year.

And now Gentlemen, before closing I wish to draw your attention to the fact that it is on co-operation that most of the prosperity of our Town depends, land would it not be to our interest to labor for a greater and better organization, and endeavor when meetings are called to discuss business, that we attend, and help make this a busier and larger TRURO.

Thanking the Members of the different Committees for their assistance, and our efficient Secretary for making my term in Office so pleasant, and wishing my Successor in Office an equally pleasant term, I am, Respectfully Yours,
R. S. BOYD.

SECRETARY'S REPORT.

To the Truro Board of Trade:—
Your Secretary begs to submit the following report for the year just ended.

Four meetings of the Executive and five of the Board were held.

Among the general matters that came before the Board were:

Better Train Service both on the Midland Ry. and the C. N. R.

The assistance given the Committee engaged in the Red Cross campaign.

The garden ploughing in connection with the greater production campaign.

The erection of a memorial board to the call for service in the war.

The ploughing competition.

The matter of preventing an increase in the P. O. Box rentals.

As these are referred to in the other reports I shall not refer to them here.

Thirteen new members were added during the year and three were removed by death namely, Sheriff McLennan, James Wentworth, and John Fraser, Glenholme. Some four or five retired during the year.

119 members paid dues for 1918 and five for the year 1917.

In addition to meeting our current expenses for the year including the erection of the Memorial Board we were able to reduce the deficit of last year considerably, and the finances of the board may be said to be in a fairly satisfactory condition.

W. R. CAMPBELL,
Secretary.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A small bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of soft abundance; an incomparable softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Brain Power

In the brain is consumed one-fifth of all the blood in the human system. This goes to feed the nerve cells and to create the all-essential nerve force—for whether you think or speak or move your hand, nerve force is consumed in that act.

When any unusual demand is made on the brain, whether by excessive mental effort or as the result of mental worry and anxiety, still more blood and more nervous energy are used in the brain and other organs of the body are robbed of the nervous energy necessary for their proper working.

This is why the thinker—the man who works with his brain, and who does not in these trying days—is most subject to nervous indigestion, nervous headache, sleeplessness and weak functioning of the vital organs such as the heart, stomach, liver, kidneys and bowels.

The human system is a bundle of nerves, and, whether we realize it or not, our health depends to a very great extent on the condition of the nerves.

There is always a big demand on the nervous system, and when this is increased by shock, or sorrow or any great mental worry or anxiety there is danger of a breakdown.

At this trying time, when so many are suffering from nervous troubles of one kind or another, Dr. Chase's Nerve Food is proving a blessing of untold value.

This food cure is not like a stimulant, because it cures in Nature's way by restoring the depleted nerve cells, increasing the nervous energy and building up the system generally.

When you feel tired out in mind and body, have brain fog and failing memory, and feel that you are losing your energy and vigor, it is time to turn to Dr. Chase's Nerve Food as a means of renewing mental and bodily vigor.

If your experience with Dr. Chase's Nerve Food is like that of the great majority of people who use it you will soon feel the benefits in increased capacity—both mental and physical. You will feel that you have the reserve force necessary to withstand the strain of life's work and to ward off disease. It is only by building up nerve force that you can hope to counteract the debilitating influence of mental worry and anxiety.

Dr. Chase's Nerve Food is so universally used that you can obtain it from any dealer at 50 cents a box, 6 for \$2.75, or from Edmanson, Bates & Co., Limited, Toronto. The portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box of the genuine.

NOTICE FROM REGISTRAR OF BIRTHS.

Editor Truro News: As District Registrar, I am meeting with a difficulty which I wish to expose in order that it may be corrected. Many parents are in the habit of not making returns of births, within 30 days limit, and quite frequently not even then. I have at present now on hand about 23 notices of births by Physicians, and no official cards from parents to correspond. I have been in the habit of calling on these delinquent parents at their homes. But this last quarter, on account of ill health, I cannot do so. I wish therefore to say to these parents that I want them to send in their official cards immediately, filled in very carefully. And very plainly written. The importance of the registration of births is not yet fully realized by the public generally. I have had applications from parties for the registration of these births, who are 20, 30 or even 40 years of age; to secure the registration of such births involves no little trouble, and expense. Parents have 30 days to make up their official returns; better make up these return within one week from birth of child than to be one day over the 30 days limit of the time mentioned on the card. Parents will please, therefore, take notice of these facts and in the future make correct returns in time. Do not wait for a call from me. Physicians should keep themselves well supplied with birth and death cards.

A. B. FLETCHER,
District Registrar.

MRS. GEORGE A. CHRISTIE HAS PASSED AWAY.

The large circle of friends of Mrs. George A. Christie, of Prince Street, East., are grieved today to learn of her death at an early hour this morning. The deceased has been ill at the home of her daughter, Mrs. W. C. Smith, Victoria Street since last fall, and this morning, peacefully went on to that home from whence no traveller returns.

The deceased was Miss Annie McKean, daughter of the late Mr. and Mrs. Thomas McKean, of Mabou, N. S. She is survived by her husband ex-Councillor George A. Christie, one brother James McKean, of Montreal, one sister, Mrs. Elizabeth Smith, Halifax and two sons and three daughters; Mrs. W. C. Smith, and Mr. John Glassy, Truro and Mrs. Alex Miller, Sydney, and L. M. Christie Truro, and Robert Christie of Vancouver.

The deceased was a woman of exquisitely sweet disposition and a consistent member of the First Presbyterian Church.

Funeral Monday afternoon at 2.30 from the residence of Mrs. W. C. Smith, Victoria Street.

One of the barns, of Thomas Hooper, Brookside, Col. Co., was burnt this morning at 8.30 o'clock. The loss is about \$500; the fire was caused by boys playing with matches.

Spencer McMutt, well known in lumber circles, has some 60 men employed in the woods at Clark'sville and at Burton's, Hants Co.

The miners of Nova Scotia will hereafter have eight hours a day and get pay for 10 hours; this has been agreed upon by employers and miners.

BIBLE HILL SCHOOL CHILDREN CONTRIBUTE TO SOLDIERS WELFARE.

A member of the Returned Soldier's Reception Committee asked the Bible Hill School children to assist in securing magazines and funds for the ladies who meet our soldiers at the trains. As a result, the children went out among their home neighbors; and in one afternoon they collected \$43.20 and 100 magazines.

The young collectors were Marjorie Ellis, Alison Cumming, Sydney Best, Helen Fulton, Frank Seaman, Margaret Davidson, Josephine Turner, Dorothy Jamieson, Arleigh Burgess, Teresa Ward, and Gwendolyn Archibald.

The Soldier's Committee very much appreciates the enthusiastic efforts of these youthful citizens. Miss Hyson, the capable principal, organized her workers in good shape. The children in her department conduct a Wounded Soldier's Comfort Club. This club contributed from its funds \$3.60. The Children from all departments also gave their pennies, to the amount of \$2.00. The balance was collected by a house-to-house canvass.

The following contributed one dollar or more; and are, therefore members of the Soldier's Reception Committee:—A. B. Walton, Mrs. A. B. Walton, W. Ellis, Mrs. Chas. McLeod, L. A. DeWolfe, J. M. Trueman, M. Cumming, Mrs. Womersley, Sydney Best, Mr. Bartlett, Cecil Selfridge, J. T. Nolan, J. W. McCulloch, Mrs. Wm. Retson, Mrs. Blanchard and Mrs. Blackmore.

The names of those giving less than one dollar will not be published unless by request, their contributions are, nevertheless, appreciated.

FATHER AND SON DAY OBSERVED BY THE FIRST BAPTIST CHURCH, TRURO—A GRAND SUCCESS.

Sunday, February 16, having been fixed for observance of what is known as "Father and Son day" all over this Continent, the First Baptist Church Truro, commenced their program on Friday night in the B. Y. P. U. service. The Men's group of leaders having full charge, the leaders of the evening being, Mr. C. F. Rockwell, and Mr. A. S. Nickerson. The first part of the evening, the regular B. Y. P. U. topic was taken up their followed an illustrated talk by Capt. L. E. D. Stevens, A.F.C.J. the Can. Inf. and Royal Air Force, or Aviation.

Captain Stevens is one of our own boys, who went overseas as Adjut. 115th N. B. Batt; then joined the Royal Air Force and for three months was on night duty in Home Defence. For one year as ferry pilot and officer in Ip despatch at Lytne, Kent, Eng. and received Air Force, Cross at Lytne. He soon showed himself to be thoroughly at home with his subject and gave his audience a very highly instructive and interesting discourse with illustrated slides.

Sabbath morning, the Pastor, Rev. F. Clarke Hartley, gave one of his usual practical and helpful sermons on the topic "What a Father owes to his Son."

The Sunday School and Bible Classes were all taught by men, a rare thing to happen. Our good sisters for once

had an opportunity of being taught, Men, who never attempted to teach before were delighted, when they found they could do work of this kind, which we trust will create in them, a renewed interest in this all important branch of our Church work.

Sunday evening in place of the pastor, giving his usual sermon he had a "Quartette" to present to the audience, who would deliver their "Sole" on "The Boy" as follows.

- The Boy in the Home—Prof. L. C. Harlow.
- The Boy in School—Prof. L. A. DeWolfe.
- The Boy in Business—Mr. W. I. Dodge.
- The Boy in the Church—Mr. F. F. Forsyth.

All of which was of very high order and space forbids in this report any quotations. In addition to the usual music, Mr. Selfridge of the Agricultural College, who is possessed of a rare baritone voice, was heard in one of his best renderings.

Thus a full day's Sabbath Service was given over to the men and boys of the Church and Congregation. Monday evening at 6.45 o'clock the "Father's and Sons" were the guests of the organized Boy's Class lead and taught by Prof. L. C. Harlow, at a luncheon and were catered to by the organized girls D. I. N. class. They had transformed the large primary Class room into a "Fairy Room". Tables were arranged and loaded with, not so time bill of fare, but, if possible better than pre-war eatables at least so it tasted. The decorations were all in Red giving a very mild but bright effect. Mr. A. S. Nickerson President of the Boys Class presided. Each father was accompanied by a son. Those who were not fortunate enough to have a son, "borrowed" one, for the occasion and over ninety sat down to do justice to good things provided.

The bevy of young ladies, dressed in pure white, with red trimmings, soon were serving the guests, as only they are capable of doing and it was not any wonder that it was not long until a fully satisfied air settled down upon these Fathers and Sons as they ate to their full. The President then arose and in a very neat speech welcomed the guests of the evening and scored some grand points from the Boys point of view about their needs.

Ross Barteaux was called upon to respond to the toast, "Our Dads" and acquitted himself in good style. Mr. C. E. Vail and, Mr. M. S. Cox spoke to the Toast. "Our Lads" Willard F. Cox responded to the toast, "Our Sunday School" and made a hit which we trust will bring all the Fathers to the S. School. Our efficient Superintendent, Mr. J. C. B. Olive, was a pleased and happy man to see the results of the work of these two organized young people's classes and was proud of this splendid gathering. He was ably supported by his two assistant Superintendents, Mr. H. A. McElhinney, and Mr. W. J. Ellis, both of whom delivered strong addresses.

However the climax came when the pastor was called upon for "Our Church." If the Superintendent of the Sunday School was a proud man what must he be as he was "Boss" of the whole show. The Church was the largest and greatest organization in the whole world. This Church had been doing business for 60 years or more and if the worthies who had served here could be enumerated what a host of names would appear on the Roll. But what of the great opportunity now improving the Church and this Church in the great task of World reconstruction. The young life here represented had thrown down a great challenge to the Fathers and he knew that they would arise and give this young throbbing life a better chance to develop Christian manhood than they had had.

The guests of the evening were Prof. J. M. Trueman, the Agricultural College, who is Chairman of the Country Y. M. C. A. an Mr. E. J. Annot Sec. of Maritime Division of the National Council of Y. M. C. A. of Canada. Prof. Trueman appreciated very much the privilege which had been given him of being present and see not only how Father's and Sons could "eat" together but how they could "talk" together and such a gathering was an inspiration to any Father. He delivered one of his forceful and helpful talks which was much enjoyed.

Prof. L. A. DeWolfe in a happy and humorous speech moved a vote of thanks to the girls of the D. I. N. Class which was seconded by Mr. A. S. Sutherland and was presented to the girls with three ringing "Hurrahs." We were also highly honored in having six of our noble returned soldier boys present; one of whom having just arrived and walked in while the luncheon was being served and brought forth loud applause. The singing of the National Anthem brought this happy evening to a close.

STOMACH UPSET?

Pape's Diapepsin at once ends Sourness, gas, acidity, Indigestion.

When meals upset you and you belch gas, acids, and undigested food. When you have lumps of indigestion pain or any distress in stomach you can get relief instantly—No waiting!

As soon as you eat a tablet of Pape's Diapepsin all the indigestion pain stops. Gases, acidity, heartburn, flatulence and dyspepsia vanish. Pape's Diapepsin tablets cost very little at drug stores.

THE LATE ERNEST CLISH.

Many persons were shocked on Wednesday noon, Feb. 19, when the news became circulated that Ernest Clish, only son of the late Robert Clish, of this town, had passed away at the home of his wife's parents, Brunswick St. He had been confined to the house for the last six months and it was only lately that his condition became very serious and all hopes for his recovery had been given up.

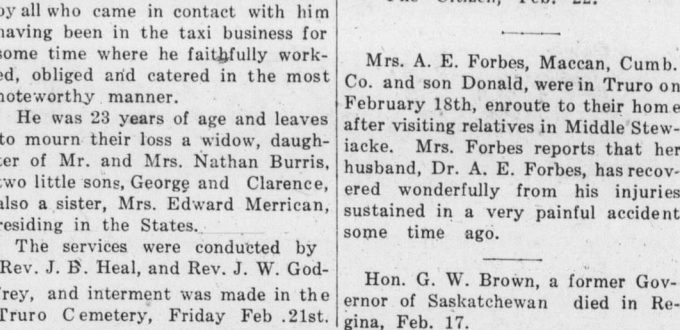

Mr. Clish was well known and liked by all who came in contact with him having been in the taxi business for some time where he faithfully worked, obliged and catered in the most noteworthy manner. He was 23 years of age and leaves to mourn their loss a widow, daughter of Mr. and Mrs. Nathan Burris, two little sons, George and Clarence, also a sister, Mrs. Edward Merrican, residing in the States.

The services were conducted by Rev. J. B. Heal, and Rev. J. W. Godfrey, and interment was made in the Truro Cemetery, Friday Feb. 21st.

Mrs. A. E. Forbes, Maccan, Cumb. Co. and son Donald, were in Truro on February 18th, enroute to their home after visiting relatives in Middle Stewiacke. Mrs. Forbes reports that her husband, Dr. A. E. Forbes, has recovered wonderfully from his injuries sustained in a very painful accident some time ago.

Hon. G. W. Brown, a former Governor of Saskatchewan died in Regina, Feb. 17.

Telephone Growth and Permanency

TEN years ago one person in every sixty in Nova Scotia had a telephone—to-day it is one in every twenty, and the end is not yet.

This indicates the important factor which the telephone has become in our daily life. There is nothing which can ever take its place.

The steady growth and permanent nature of the telephone business in Nova Scotia, combined with the fact that earnings are stabilized by legislation, make the securities of this Company a very desirable investment.

MOST INTERESTING LETTER FROM NURSING SISTER ELIZABETH W. AYLWARD TO HER MOTHER AT FIVE ISLANDS COL. CO. AFTER HER RETURN WITH THE HARVARD MEDICAL UNIT.

Memorial Hosp. Feb. 3.
Dear Mother:—
Of course you and all my friends are glad to hear of my safe return to America and anxious to hear all about France, War nursing and my experiences which at times were thrilling. But let me say right here there was none better than seeing my brother Will, in uniform and wearing four "chevrons." He is as fat and good natured as ever, and loved by all in the 54th Batt.

As you know I was stationed at Camiers, France. A member of the Harvard Unit and known in France as 22 Gen. Hosp. We were with the B. E. F. and have the honor of being the oldest American Unit in France, being organized in June 1915. We cared for one twelfth of the British wounded including every nationality. Just stop one minute and consider how great the undertaking. I was fortunate enough to have real war nursing, that is, taking care of the boys in a marquis or tent. Each tent contains sixty beds, and during the day there is only one or two "sisters" to do the work. Night duty is most interesting, then there is only one "sister" to three wards and at one time I had four, giving me two hundred and forty patients. The tents are each separate buildings and eight or ten yds apart. You can imagine how difficult to be in four places at one time.

The Tommies are perhaps the best loved by the "sisters" Jacks, or Scotch coming close second. They are really wonderful, there are times when they are smashed to pieces (so to speak) yet the smile is ever present. They demand only what is absolutely necessary and are deeply grateful for the slightest service. Their respect and love for the "sisters" is pathetic and when she stops by the bedside of one and asks, "How is Tommie this a. m." He always smilingly responds, "I'm quite all right, "Sister." And all the time he may have, gassed eyes causing blindness, a bullet in the spine causing paralysis and perhaps a fractured hip or arm. Does that sound "quite all right"?

Our good Canadians have a wonderful reputation in France. One cannot help feeling very proud of them. It is absolutely impossible to explain just how much they have done in this great war to bring about victory, but it is the common topic of conversation at our mess. And one often hears a "Sister" remark, "It doesn't seem possible that the Canadians are doing so much, or the Canadians must be doing all the fighting." At one time during the October push it actually seemed as if they were. Convoy after Convoy coming to us all Canadians and badly battered ones at that. I frequently met one who knew me thru Will—and it was a great pleasure to minister to their needs. Will wrote me shortly after my arrival in France; "If you happen to care for Canadian, do all you can for them, for you will soon see they have had a rough time."

I brought back a fairly large collection of souvenirs, which shall doubtless interest the home folk. Among them is a helmet, gasmask, kiltie, belt and bayonet, knife, Black watch belt covered with badges, buttons from uniforms of all countries even German; a second class iron cross, a bar, German rings, a pressed flower, taken from a good German, a dead one you know, some Scotch beater, candle stick taken from French house, mirror from Belgian house and complete collection of money from Germany, France, and England, Oh, various too numerous to mention.

I hope Will does come home about April, then I shall come too, to be present and take part in his reception Eh!

Had a wonderful trip to Scotland. H visited all places of importance in Edinburgh and Glasgow, saw Mar. Queen of Scots, Crown and royal jewels on display for the first time in years. Also saw the room in which James I. of Britain was born. It was only just big enough to turn around in. In England we were entertained at Warwick Castle, at the Royal Auto Club, and had tea at Lady Kessels, and dance by Lady some thing else. Had a three week stay in London, so of course know many places of importance in and around London.

The experience was wonderful. I am so happy to have had the opportunity to have actually gotten into the scrap, and can say as can my brother's, "I did my duty."

ELIZABETH.
(Miss Aylward's note to her mother has the right patriotic ring in it; "I did my duty" she says; so did her brothers and we home people are proud of such Canadians, Nursing Sister Aylward was a member of that Hospital Unit from Harvard that, when they returned to the United States refused to be demobilized under any order from Washington; as their demobilization was from the British War Office, as they were attached in the War to the B. E. F.

HOW BIG IS CANADA?

Canada has a total area of 2,386,395 acres, or 3,729,665 square miles. Figures in millions mean little to the average reader, but some idea of the extent of our area by the following comparisons:
Canada is greater than the entire area of the United States including Alaska, by 111,992 square miles. Canada represents one-third the total area of the British empire. It is 30 times the area of the United Kingdom 18 times the area of Kaiser Bill's former territory; 19 times as big as France, and 33 times as big as Italy. The international boundary, or as they would call it in Europe, the "frontier" between Canada and United States is 3,000 miles long; 1,600 by land and 1,400 by water. This boundary is the most unique national dividing line in the world. Throughout its length there is never a gun, gunboat or fortress.

Ex-President William Howard Taft, of the United States, after a visit to Canada recently, remarked: "The country as yet is hardly scratched." Mr. Taft was right. Of the half-billion acres of arable land available for cultivation, not 60,000,000 are touched—at all by field crops, city locations or gardens.
Canada's estimated population at present is 9,000,000. We have room here for 90,000,000 according to official estimate, and wealth undeveloped equal in potential value to the aggregate coined wealth of the entire world today.

SENDER'S NAME AND ADDRESS TO BE PLACED ON LETTERS AND PARCELS FOR SOLDIERS.

As demobilization is proceeding rapidly it is strongly recommended that the name and address of the sender be placed on all letters and parcels that are being sent overseas to our soldiers, in order that if found to be undeliverable they may be returned to the sender with the least possible delay.

MRS. ROBBINS DIES IN CAPE BRETON.

Mrs. Margaret Robbins, widow of Capt. Byron Robbins, passed away at the home of her daughter, Mrs. Frank Cotton, at St. George's, Channel, C.B., on Thursday. Mrs. Robbins resided on Alma street, in this town several years ago, and is held in affectionate remembrance by many. The remains will arrive in Yarmouth Monday evening and the funeral will take place Tuesday afternoon from Holy Trinity church—Yarmouth Times, Feb. 8.

Mrs. Robbins for some years made her home in Truro. She had a large circle of friends here, especially among the parishioners of St. Johns Church of which communion she was a faithful and devout member. Truro friends, and they are many, The News, included, will extend deep sympathy to the bereaved ones.

WINTER HARD ON BABY.

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

BREAKERS AHED.

The Huns on the 15th asked for a delay in signing the new Armistice terms until today, the 17, at noon. Foch at once said the Armistice expires at 5 o'clock on the morning of the 17th, and that the last hour for signing would be six o'clock on Sunday afternoon, the 16th. If not signed then, Foch leaves Tervet, and the Armistice would no longer be in force.

NONE SO POOR TO DO HIM REVERENCE.

The great Kaiser of former days is being deserted by the lick-spittles who fawned upon him and flattered him in his long term of autocracy and power. One of these, Graf. Gerard Von Bredow, expresses this opinion:

"Wilhelm 11 is an abnormal being, who ought years ago to have been placed under strict guardianship. As it is, can the leaders of the Conservative party, who, out of fear of the wearer of the crown, did not dare to remove a semi-lunatic from the throne, now wonder that thousands of people who have suffered keenly through the war should place themselves behind Liebknecht, a person who, like Wilhelm, properly belongs to an asylum? The Chemnitz Volkstimm^s says:

"Ingloriously he reigned, in gloriously he ceased to reign, and in his own person he has shown how terrible it is to a people when on the throne there sits, not an upright man, but a coward and a

lying scoundrel."

How terrible it is that there should be any section of the world in such darkness that its people should howl to the dictation of a single individual because, he happens to have inherited a throne. The outside world, not Germany, has opened the eyes of some German people. More eyes in that country will be opened before long. The Winnipeg Tribune of this matter pertinently says:

In the midst of it all, surely scholars who "finished" in Germany, and parents who sent them there, must smile at the Anglo-Saxon cupidity which at least pretended, for so long, to look upon Germany as the last word in so many things under the heading of larnin'—and culture. God forgive us for having sent so many of our sons to worship at the feet of German professors, whose minds, under the spell of a Kaiser, were about as unwholesome as anything that we can think of.

Canada has 30,000 miles of railway; one for every 210 of the population; the United States has one mile for every 400 persons.

RAN REEVE OUT OF THEIR TOWN.

Owen Sound People Made Joseph Weber Kiss Union Jack and Sing "God Save the King"

Owen Sound, Ontario, January 30—A number of returned soldiers and a large crowd of civilians ran out of the town tonight Joseph Weber, Reeve of Neustadt, who came to attend county council here, but was arrested on Tuesday on five charges of sedition, and later allowed out on \$2,000 bail.

On his exit from the theatre to night Weber was surrounded by a large crowd and taken to his hotel to collect his belongings. There he was made to kiss the flag and then was escorted down Main Street amid shouts and jeers. A Union Jack was placed in his hand and another draped on his shoulders, and in response to many pugnacious demands to prove his loyalty, he sang three quavering lines of "God Save the King."

Weber was not ill-used to any extent, but the crowd was firm that he leave tonight and not wait for the morning train.

CANADIAN GROWN FIELD ROOT SEEDS.

It is a most fortunate that our Seed Trade was well stocked with seed supplies on the outbreak of war. Home production of field root seeds was then in its infancy, but as seed exports from Europe were curtailed in the interest of essential food production, the growing of field root seeds in Canada was encouraged by both Dominion and Provincial Departments of Agriculture.

As reserve supplies in Canada became depleted there was evident a very noticeable decline in the quality of trade seed put on the market. Germination or vitality became low or irregular, and seed generally could not be depended on for genuineness of stock, purity of variety, trueness to type, quality and yield of crop product. Experiment Station variety tests consequently became questionable or valueless in certain cases.

With the decline in quality of trade stocks and the threatened seed shortage, the growing of field root seeds, Canada became a national necessity, Dominion and Provincial Farms and Stations were appealed to by the Seed Commissioner with the approval of the Minister of Agriculture, and the Experimental Farms Branch field root specialists produced last season over 70,000 lbs. of improved seed grown from selected stock of only the best varieties. This superior seed grown from selected stock of only the best varieties. This superior seed is of the highest vitality, and being grown under our own conditions of soil and climate, should prove of great value to Canadian farmers.

CONSTIPATION, LIVER COMPLAINT, BILIOUS SPELLS.

When your liver becomes sluggish and inactive, the bowels become constipated, the tongue becomes coated, the breath bad, the stomach foul and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing through the usual channel.

The only proper way to keep the liver active and working properly is to keep the bowels regular by using Milburn's Laxa-Liver Pills. They work smoothly and gently, and do not grip, weaken and sicken as so many laxative pills do.

Mr. James P. Colter, Hartford, N.S., writes:—"I have used Milburn's Laxa-Liver Pills for constipation and liver complaint. At one time I used to have a bilious spell every little while and once was in bed for four months. Since taking your pills, the bilious spells have left me. I have recommended Laxa-Liver Pills to many others here, and they are growing in favor every day."

ABOUT CORD WOOD—AND WOOD PILING.

Murehville, Hfx. Co. Feb. 18, 1919.

Mr. Editor: I saw in your paper a while ago an extraordinary account of wood chopping.

At Woodside, (Up. Musquodiboit) 30 years ago, I had a contract there of cutting Cord wood. I was paid by the cord. The man that hauled it also was paid by the cord. I thought I was cutting 2 cords a day so when I got my returns I had 3 cords per day. Now Sir, whenever I see big chopping done, I always think of this—I know what a cord of wood is, when piled, because I retained wood at California 50 years ago. I piled a cord so when the Inspector came to measure he tore the pile down and bid me pile it over. So I did and kept out 6 good sticks. He came and inspected it. Then, I showed him what I had kept out and told him that would pay for piling over. I never had any trouble with that Inspector. Now Sir, if you're buying wood, ever, look both sides of the pile over.

NOTES FROM MINASVILLE.

St. Valentine's Day passed off very pleasantly, Cupid, we believe, shot many hearts of his darts as usual, and pierced the armor of many a fair damsel's heart.

A Valentine party and dance was held at the home of Mrs. Greeno Scott on Friday evening; a goodly number of the youth and beauty of Minasville, Tennepace and Kennetcook being present. Music was furnished by Mr. John Hennigar, in his usual good style. Dancing was kept up until about 2 a. m. when everyone departed after voting Mrs. Scott an ideal hostess.

Please to see Mr. Joe Scott, out again after his recent illness.

Mrs. James Sanderson of Scotch Village, and her daughter, Mrs. Maurice Laffin of Moose Brook, visited friends in Minasville, recently.

A few of our young people of Minasville and Moose Brook gathered at the home of Mr. Lawson McCulloch, for a "surprise" party on Thursday evening last.

Mr. and Mrs. McCulloch, also totally surprised rose to the occasion, and gave the young folks a royal welcome.

Music for the dancing was furnished by Capt. James Henderson. About 10 o'clock a dainty lunch was served.

The pupils of Minasville School celebrated Valentine Day, in a very becoming manner. A "post office" was gotten ready and Miss Lelia Ettinger appointed as postmistress, and the manner in which this little lady delivered her mail, might well set some of our local postmasters thinking.

Everyone is anxiously looking forward to the homecoming of our soldier laddies, Privates Harry Hoy, and Reynolds, who so nobly did their "bit" for King and Country, we trust our people will come forward and extend to these young heroes, a hearty welcome.

ROSEBUD.

OLD TIME LAMENT.

The years have come and the years have gone And the war is over now. The "censors" all are laid to rest. But I'm for making a row.

For everything seems all mixed up and different as can be. To what it was in the good old days. When Morse was telegraphy. Yes Father Morse was a coker, and he gave us a lesson to learn.

But now a dummy could run the show, and wouldn't mind it a darn. There are lasses sitting long side us with bodies almost bare, skirts as short as a ballet girl's, Just a "rag a bone and a hank of hair."

And while they handle the stuff, with Fingers wee and neat. They're ogling At the men, and sticking out their feet. The Western Union harem is what They call the show. I'd rather hire omc Chinamen, and let the women go. For I'm a staid old fellow, with a wife of my own at home, who don't go in for "Peekaboo waists" nor let her fancy roam.

But ere I seek my pillow. I'll ask The Lord in prayer, since women run the show below. The men may star up there.

IMPROVEMENT OF PASTURES.

The Present high cost of cattle feeds is turning the farmer's thoughts more than ever to the value of their pasture lands. Milk growth and fat can be produced on pasture at a much lower cost than on dry feed in the barn. Certainly barn feeding must be continued during our cold winters, but generally speaking a much greater emphasis may be placed upon the summer pasture in order that as large a growth and gain may be made on this cheap food as possible. Money expended on fertilizers to be applied directly to pastures will be quickly and abundantly returned in the condition and production of the cattle and will also enable the pasture to carry a larger number of animals.

Excellent results have been obtained at the Nova Scotia College of Agriculture from the use of "A Quality" basic slag. Occasionally a car load of refuse ashes from the burning of the refuse of a lumber mill, and this also has given good results. The slag has been applied whenever possible rather late in the fall. It may be even applied on a light snow if it is not possible to have it done before. About 500 lbs. per acre have been used and the increase in growth of grass has been quite marked in the spring. This dressing has been repeated for four or five years and as a result a thick luxuriant turf with a large amount of white clover has been developed. On this pasture during the past two years gains have been made in young cattle, nature cattle, colts, and horses for about 5 cents per pound. This is probably less than one quarter of the cost of equal gains on dry feed in the barn. The above estimate covers not only cost of fertilizer, but also interest on investment in land and fences.

This low cost of gains in live stock is particularly interesting at the present time. Unquestionably the time has come when the farmers of Nova Scotia will find it profitable to spend more thought and money on the improvement of their pastures. This live question along with many others of present interest will be discussed at the Short Course to be held at the Agricultural College in Truro from March 5th to 13th.

No other remedy will so surely and quickly correct stomach ailments, regulate the liver and improve the general health as a dose of Beecham's Pills

Francis Andrea, of North Sydney in the Supreme Court, at Sydney, was acquitted of the murder of Guy McDonald, cable operator, at North Sydney. Judge Longley charged in favor of the prisoner, stating that the Crown had not proved that McDonald was murdered or that he was murdered by Andrea.

In the Supreme Court at Halifax on Tuesday 18th, on the application of G. H. Vernon, K. C., Counsel for R. B. THE LATE MRS. MARTIN BLACK

Another of the old residents of Cumberland, whose name for many years was a household word in Springhill and in the years prior to that in Amherst, passed away at an early hour this morning in the person of the late Mrs. Martin Black. The deceased at the time of her death was in the eighty fifth year of her age. The late Mrs. Black, with her husband were former residents of Amherst, but moved to Springhill in the middle eighties. In that town Mr. and Mrs. Black took an active part in social and church work, being strong supporters of the Baptist Cause. Mr. Black was one of the builders of Springhill. He passed away about four years ago and Mrs. Black, then came to Amherst, to reside with her daughter, Mrs. Warren A. Christie, at whose home the death occurred. The deceased continued to enjoy good health up until last September, when advancing years began to claim their toll. She has however, been only confined to her room for the past fortnight. One daughter, Mrs. Christie, survives her and one sister, Mrs. Jas. Birrell of Truro. Prior to her marriage the deceased was a Miss Stevens of Onslow. The death of the late Mrs. Black, will be heard with much regret by friends in Amherst, Springhill and elsewhere in Cumberland, where she was so well known and so greatly esteemed. Funeral will take place from the home of her daughter, Mrs. Christie, Church St., on Saturday afternoon at 2.30 o'clock.—Amherst News, Feb. 13.

(Mrs. Birrell came from Ottawa, to attend the funeral of her sister and will return to the Capital in a few days)

DOMINION RESERVE BANK.

It is quite currently reported that Sir Thomas White, may, at this coming session of Parliament introduce legislation to establish a "Re-Discount" Bank on a Federal Reserve Bank for Canada.

The Maritime Merchant says on this object:—

The "Merchant" hears that there is a proposal to establish in Canada a bank of re-discount similar to the Federal Reserve Bank of the United States. This would not be a bank with which the public would do business directly, but would be an institution in which the Government and the various chartered banks would be partners; and to which the bank could take their surplus business in times of congestion. There are times in the experience of all banks when more business offers than they can easily handle with their resources and the proposed institution would afford the necessary relief; and in this way not only be a help to the banks, but to general business. No details of the scheme have been published, but it is understood that legislation is being prepared to present at the next session of the Dominion parliament. From what we have heard it is proposed to have branches at the larger centres throughout the country, convenient to the head offices of the large banks, such as Montreal, Toronto, and Winnipeg.

On the directorate of the proposed bank, the Government and the Bankers' Association would jointly appoint representatives. At the present time the Government has in its charge a large amount of gold deposited in the Central Gold Reserves by the chartered banks for the security of note circulation. This with some other capital provided by the Government, would be dumped into the treasury of the new bank, and in this way direct deposit of gold with the Government by the chartered banks would cease, as what is now each bank's portion of the gold reserve would represent its investment in the new bank.

AN OLD-TIME HERO PASSES AWAY.

Dr. Chas. J. Gossip, who died in Halifax, last week, aged 82 years, is remembered by the old-er people for his heroism in April 1866, when the steamer England arrived in Halifax with 160 cases of Asiatic Cholera cases.

Dr. John H. Slayter, the helth officer of the Port, accompanied by Dr. Chas. Gossip, and Dr. Garvie and a brother of Dr. Garvie, went aboard this plague ship and gave necessary medical attention and ever buried the plague-stricken dead.

Dr. Slayter fell a victim to the disease and died a hero's deth at the post of duty.

The others escaped and were duly remembered by the grateful citizens of Halifax.

Now, another hero of this brave quartet, Dr. Chas. Gossip, has been called to his eternal home.

POOR COAL IN THE HEART OF THE COAL REGION.

The editor of the Mining Record complains of the quality of the coal supplied him. His idea is that it is broken up needlessly in mining. That he as it will, there has been a most extraordinary run of cheating during the past five years in selling coal. Everything that was black came out of a pit was sold as coal. More than that, the writer of this note, brought a car load of coal last fall every bit of which was ribbed with sand and the slack a mixture of sand and fine coal.—Eastern Chronicle New Glasgow.

INSPECTOR MACDONALD FEARS THE HIGHLAND CHIEFTAINS MUST SHEATH THEIR SWORDS BEFORE THIS NEW "WILSON WORLD PEACE."

Office of Inspector of Schools, Antigonish, Feb. 15, '19
Dear Mr. Dimock;

I imagine I owe to your kindness the very kind notice in your issue of The Truro News, of 11th instant, to hand this minute, of the decoration and Commission given my son, Gladstone, for good service on the battle front, and also for the fine, if too flattering, reference made to his father.

I have a very warm and sincere friendship for the people of Truro, amongst whom I spent nine of the happiest years of my life and it gives me very great pleasure to feel that after an absence from your pretty town of over eighteen years, that I am not yet wholly forgotten.

I never could convince myself, even in my most clannish words that the Clanronald sept of the Macdonalds to which I belong, possessed any very distinguishing quality in the way of characteristic virtues or even vices, except one, and that one was grand fighting qualities But I owe it to the memory of my forebears to say that their martial record was never marred by Hun baseness. They were fighters of men but protectors of women.

But now that we have a "Wilson World Peace" they will not be in any further demand, notwithstanding prowess on the field of battle! Their occupation, I fear, is gone!

Yours sincerely,
A. G. MACDONALD.

THE CHEVROLET CAR.

The CHEVROLET is the car for the man who likes to feel proud of his purchase without paying excessively for it.

It makes a good impression because it has the refinement of line and detail that merit praise.

It is a car wherein common sense service is deally combined with artistic excellence, selling at a common sense price.

Granted, that these are strong statements to make about a car that sells at a price within the reach of the moderate purse, but they contain not a whit more praise than CHEVROLET quality merits.

Let us show you the CHEVROLET. Then you will know why its purchase reflects favorably upon the good judgment of its many thousands of owners.

BIG SNOW STORM IN MARCH 1861.

In these lovely half-winter days, lest we get too cocky over our "peerless" climat, "Occasional" in the Acadian Recorder, tell of a terrific snow storm in Halifax fifty-eight years ago. On March 19 and 20, 1861, Halifax was visited with the greatest snow storm it ever experienced. It commenced snowing on Tuesday morning and continued all that day and night until about noon the next day, when it abated somewhat. There was a fresh breeze from the northeast, which caused the snow to drift and the streets were in some places, almost impassable, some of the snow banks being five feet high. The cold was intense on Wednesday morning, and indeed the weather seemed more like that of mid winter, than the latter part of March. The roads in the interior of the country were in a dreadful state, and the mails were delayed a considerable time.

Easy to Make This Pine Cough Remedy

Thousands of families swear by the prompt results take upon the chest. Pine is famous for this purpose. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. Nothing better, but why buy it? You can easily make it yourself in five minutes.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pine (50 cents worth) in a 16-oz. bottle, and fill up with home-made sugar syrup. This gives you 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—infamed membranes—and this Pine and syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, "narseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of Norway pine extract, famous the world over for its prompt results. Beware of substitutes. Ask your druggist for 2 1/2 ounces of "Pine" with direct directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Finex Co., Toronto, Ont.

LETTER RECEIVED BY MR. AND MRS. R. A. PEPPARD ONSLOW MOUNTAIN FROM THEIR SON IN GERMANY.

Beuil, Germany, Jan. 13-19.

Dear Mother and Dad; Just one month today since we crossed the Rhine and we will probably be here another month and then we will be taking the "long trail" for home. I hope I shall be there in time to help dad with the seedling leave the colts for me to break to harness.

We are billeted in a paper factory just across the Rhine from Bonn the famous city where the "Old Gent" of Germany was educated. The climate here is nice and as we have no more work to do than enough for exercise, we are taking in as many of the sights as we can. I am sending you our Christmas dinner menu and a list of the names of the boys in our battery—"Some dinner"—Mother!

We had quite a merry time and a lot of satisfaction to be having our Christmas dinner in Germany. Received a box and letters from you yesterday, so glad to get them. You had better put your name and address on the envelopes of the rest of the letters you send me as I heard rumors this morning that we are to turn our horses and guns over to the Imperials on the 26th of this month.

Now I will close with love, will write soon again.

SOUTH BRANCH COL. CO.

Times are very quiet around here this winter. Our men folk, are all busy in the woods, as lumber is such a good price.

Geo. Dickie, James Meashar, well-don Dickie, William Gahan, and Burton Fisher are busy at the North end of the Branch, while T. D. Ryan, and Warren White and Stanley Sutherland are busy at the East side and the loud mill whistles tell us there is something doing. The good people of the Valley made a reception for our returned soldier boys on the 7th. There was a very enjoyable time as the program was fine, and the lunch was all that could be desired. The soldier boys looked fine, and seemed to be glad they had been to see "Kaizer Bill."

Robert Millen lost one of his valuable hounds; he was caught in a fox snare.

Burton Wright is going his rounds with his wood saw.

Mr. Murdoch Gourley is busy cutting logs.

Mrs. Ada Gourley has gone to Cambridge, Mass. to visit her daughter, Mrs. Ashmore Cox, who is in poor health.

Mrs. Vinie Andrews is visiting friends in Upper Stewiacke.

Mrs. Fleck and Mrs. Andrew Mosher, are visiting their sister, Mrs. Rosela Gahan.

Mr. Geo. Dunbrack had a wood hauling and dance which our young people enjoyed very much.

Mr. Murphy took a number of our young people to Middle Stewiacke on the 17th to a pie social.

Some of our young folk took a trip to Middle Stewiacke in an auto last week they report the roads in fine condition for auto riding.

Miss Myrtle Purdy is teaching school at Meadowvale this winter.

Mrs. Geo. Fisher of Chaswood is cooking for Mr. Warren White.

Mr. Stanley Chaplin and Mr. Murray Kennedy of Middle Stewiacke are engaged chopping logs for Mr. William Gahan.

Mr. Robert Purdy is at work tallying for Mr. I. S. Finley Sheet Harbor, Road.

Roy Fleck is teaming for Mr. Paul Brown.

Mr. Seymour Fleck is working for Warren White.

Mrs. Parker and Mrs. Cameron visited their sister, Mrs. Roy Fleck recently. Our school is progressing finely under the care of Miss S. J. Fulton of Bass River.

The New British Parliament opened on the 11th.

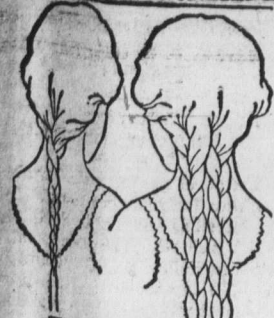

Much ceremony was dispensed with as the Court is in mourning for Prince John.

King George in The Speech especially referred to the Industrial situation and urged inquiry into the causes of industrial unrest and urging everything possible to heal this unrest.

The Labor Leader, in the debate that followed said the industrial situation was as menacing as war itself.

Premier Lloyd George said no efforts would be spared to heal this unrest, but if necessary Parliament would "fight Prussianism in the industrial world exactly as we fought it on the Continent of Europe."

HARD KNOCKS FOR DAIRY-ING.

Although many consumers have the impression that the farmer has been a profiteer in Dairy Products under war conditions, the truth of the matter is quite different. The past two years have been the hardest for the dairy business. It has experienced since it came to be an established industry in Nova Scotia. Two main reasons may be given for the:

1. Scarcity of labour
2. Scarcity and high price of feed.

These two conditions together created a strong temptation to reduce stock and sell surplus grain and hay at the high figure offering. This as good returns for the time being. Not a few farmers, risking the temporary deterioration of their land, sold practically their whole field crops, reducing their live stock to an absolute minimum. Needless to say, the Dairying industry suffered greatly from these conditions and, at the very end of its products were sorely wanted in many places the reduction was reduced.

These conditions are now drawing to an end. The supply of labor on the increase and, despite the apparent and more or less acute shortage of feeds, the fact remains that there are at the present time large stocks on hand which will be available now that the war is over. Oats have already shown a sharp decline in price, and other grains will inevitably follow. The shortening of stock, the moving of the accumulations of the Argentine Australian and other wheat producing countries will greatly limit the market for Canadian grain.

On the other hand, dairy products are slow of accumulation and shortage in these is likely to remain acute for a long time to come. There is no surplus anywhere of butter and cheese and every sign points to a keen market. It would therefore seem a most opportune time to enlarge, if possible, but especially to improve the quality of the Dairy herd and "Be prepared."

DEATH OF LOCOMOTIVE ENGINEER ALLISON M. STEVENS, TRURO, FEBRUARY 19TH.

The death of Locomotive Engineer, Allison M. Stevens, aged 58 years, occurred very suddenly at his home on Dominion Street, Truro, N. S. February 19th, after a week's illness.

He had been suffering from an attack of pneumonia.

Engineer Stevens, who was a native of Truro had been in the employ of the Government Railway for over thirty years, and was able to attend to his duties until about a week ago. Many expressions of regret were heard on all sides, when the word was received that the well known and popular "Al" Stevens had passed away.

He is survived by his wife, formerly, Miss Alberta Lockhart, Brookfield, and two sons, Lawrence at home and Harris, in Halifax.

Country Teacher writes to ask if it is necessary in swearing to returns, to be obliged by the magistrate to kiss the book or if holding up the hand is not sufficient. This depends upon the magistrate and the teacher. It has been rumored that in some sections it has been deemed necessary to kiss the magistrate. In Annapolis Royal the custom is to hold up the hand. Some insist on holding up both hands and one foot and protruding the tongue at the same time. The latter is not an act of irreverence, but to show the magistrate that the teacher has a clean heart and gives evidence of the proper spirit. In the case of male teachers the evidence of absence of improper spirits is sometimes in some places essential—Annapolis Spectator.

What Mrs. McKay Says of Dodd's Kidney Pills.

Gives the Real Reason Why Dodd's Kidney Pills Continue to Grow in Popularity as a Kidney Remedy.

Salt Springs, N. S.—Feb'y 21st.—(Special)—"I have found satisfaction in using Dodd's Kidney Pills, and I recommend them to all who suffer."

This is the statement of Mrs. Howard P. McKay, a well-known and highly-respected resident of this place. That statement goes straight to the point, even as Dodd's Kidney Pills go straight to the kidneys.

For Dodd's Kidney Pills are long past the experimental stage in Nova Scotia. For more than a quarter of a century they have been in use as a household remedy for kidney diseases and those other ills that come from sick kidneys.

Dodd's Kidney Pills have done just what Mrs. McKay says. They have given "satisfaction."

They have been used to treat rheumatism, sciatica, diabetes, dropsy, sore back, gravel, and other similar ills. That they continue to give satisfaction is evidenced by their ever-growing popularity.

If you haven't used Dodd's Kidney Pills, ask your neighbors about them.

A TRIBUTE.

Montreal, Feb. 19—"As a tribute to the late Sir Wilfrid Laurier, the President of the Canadian Pacific Railway has directed that at ten-thirty a. m. on Saturday, when the funeral is scheduled to start every train on the lines from the Atlantic to the Pacific shall stop, and every activity throughout the system shall cease for one minute."

P. E. ISLAND COIN.

The following was received with a request for publication: Editor Recorder:

Meditating on Confederation in the Dominion and recalling some of the instructions given me on political history, I find the Island of Prince Edward has inscribed on its coin a large and a small tree with the latin inscription: "Parva Sub Ingenti," translating "Small under the Mighty." So therefore, we take from this that the Island is the smallest in the Union of Provinces.

NEW C. P. R. WIRE HAS TAFT TRURO.

Angus McEachron is in Charge of Construction.

A crew of workmen, who have been working for some time towards Truro, installing the new C. P. R. wire, which is shortly to be put in operation between Halifax and Montreal, reached town, Friday morning. Much credit is due them for the speedy and efficient manner in which the work has been done. They were in charge of Mr. Angus McEachron.

Mr. McEachron is a Truro man of wide and practical experience in Telegraph construction work having been connected with this department of the C. P. R. for over thirty years and the fact that the Company selected him for this important task is a splendid recognition of his faithful service and ability.

The business of the C. P. R. in the Maritime provinces has increased tremendously during the past few years, and now that it is possible by the use of modern appliances and new inventions to transmit several messages over a single circuit at the same time, this wire will be of the utmost value, both to the general public and the C. P. R. in handling Telegraphic traffic between Eastern and Upper Canada.

TRURO WIZARDS WIN FROM ACADIA COLLEGE SCORE 3-1.

A very fast and interesting game of hockey took place at Stewiacke on February 20th when the Truro "Wizards" defeated the Acadia College boys.

From the time the puck was "faced off" the teams were found to be very evenly matched, the Wizards having a little better weight and speed. The first period ended without a score. Shortly after the gong rang for the second period, P. Hallisey made one of his wonderful rushes, passed to W. Cox, who scored the first point. Smith from Acadia retaliated by a neat wing shot. The Wizards again scored, this time by G. Fraser, leaving the second period 2-1 in favor of Truro.

The third period ended by fast playing on both sides. D. Wetmore scored on a pass from O. MacDonald, making the final count 3-1.

Truro: Defences—T. Guinan, P. Hallisey, G. Fraser; Forwards—G. Fraser, W. Cox, O. MacDonald, Substitutes, D. Wetmore and E. Cole.

Acadia College: Defence—B. H. Haley, A. O. Ayer, D. S. McEwen; Forwards, A. Smith, M. Porter, E. G. MacKay; Substitute, H. O. Snow.

George Thomas, Truro, very satisfactorily refereed the games, which was watched by many interested hockey fans.

The managers were Jack Campbell and Rutherford Murray.

FOOT BADLY CUT.

John Connor, his foot badly cut on the 21st in the woods at Peter Laybolt's Camp, Central North River. He was brought to the Ainslie Hospital. Dr. Nutt's taxi and there received immediate medical aid. Word was brought in to Stewart's Corner by A. W. McQuarrie, who drove six miles from the camp, in 20 minutes.

A "HIRED BACK" FLAG.

In Winnipeg they have adopted a most significant flag, called a "hired back" flag. It is a big flag with a red border and the in the four corners are maple leaves also in red. In the center in blue are the figures telling the number of returned heroes that the firm or individual has "hired back" to their old jobs.

The Winnipeg Electric Railway Company is the first firm in Canada to use this flag and the figures in the center the first day it was out were "300". These have since been increased.

FURTHER ELECTRIC LIGHT DELAY.

The Steam Turbine Generator, Contracted with the Canadian General Electric Co., for the new Town Plant is still held up at the Factory. It was to have been delivered in October, 1918.

Repeated promises of shipment since have not been fulfilled.

The last date shipment was promised was for Feb. 15th now the Commission have word that shipment will not be made until the middle of March, the Commission is keeping the telegraph wires hot, but nothing more definite has yet come through.

In the mean time thousands of dollars' worth of motors and other plant is lying idle and the Town is piling up further deficits with the old plant.

LOCAL AND GENERAL

The G. W. V. A. of Fredericton has formed a theatrical company.

Edward More's estate, Fredericton, is worth \$170,000; and a hospital gets \$15,000.

E. P. Hill, Grocer Prince Street, goes in for artistic window decorating. For the last few days he has been showing off a new line of Heinz Goods. The well arranged cans of Baked Beans and Tomato Soup with their green and white background have been much admired by pedestrians going up and down the street.

Miss Parmilla J. Stevens, returned to duty at the Ainslie Hospital after spending two weeks vacation at her home in Brentwood.

The Truro "Wizards," won the hockey match against "Acadia College" Wolfville, played at Stewiacke, February 20. The score was three to one. A large crowd went out from Truro to see the game and to enjoy the skating afterward.

Mrs. T. M. McLellan, Prince St., accompanied by Mrs. G. H. Lauther, Queen Street, left Truro February 20, for a trip to Toronto. They will select the furniture for the new Protestant Orphanage, Bible Hill, while away.

The "Acadia College, Hockey boys" were guests at the Learment Hotel while in Truro.

Mrs. Frank Lewis, Stewiacke, was in Truro, February 20th, enroute to Moncton, N. B.

D. D. McKenzie, M. P., accompanied by his wife were among the C. N. R. Dining Hall guests, on February 21st en route to Ottawa, from Cape Breton.

I. O. Adams, Halifax, representing the Maritime Travellers Association, was in Truro recently a guest at the Learment Hotel.

E. P. Elliott, station master, Truro is back on the job after being off duty on account of illness.

There are twelve cases of Influenza, in Elmsdale. The school attendance is very small, fifteen scholars in Principals Department, and eight in the Primary.

Mr. and Mrs. W. B. Snowball of Chatham, are spending a few weeks in Pasadena, California.

Miss Gertrude Smith of the "Ainslie Hospital Staff" spent Tuesday afternoon and evening at her home in Stewiacke and attended the "Temperance Skate" and "Supper" in the Riverside rink.

Ernest Owen, commercial traveller for a Toronto household furnishing firm, dropt, ded while at the telephone in his room at the Halifax hotel, on the 20th.

Mr. H. H. Dryden is having the interior of his fine big store newly painted and decorated and made ready for the Spring business.

Among the School Commissioners appointed for three years ending Feb. 1922 are Rufus E. Dickie, Stewiacke; D. M. Griffin, Truro and Dr. F. F. Bent, Oxford.

A Shubenacadie writes:—"I've taken the Truro News for over 20 years and I don't feel I can do without it."

Mr. Paul Webber, the former proprietor of The Royal Hotel, Esplanade, Truro, who has been away for a few months, has returned to town and is making improvements to his hotel and otherwise preparing for an early Spring rush of business.

It is now Adam Ernest Farquhar, "J. P." of Truro.

The House of Assembly will open on Thursday Feb. 27.

Nearly one thousand women registered their names on the voting list in Halifax on February 20.

The G. W. V. A. officials in Halifax express deep regret that any returned men took part in the recent riots in Halifax. Better to have died "over there" than to live to see mob rule soiling the name of fair Canada.

Canadian timber has been purchased by the United Kingdom to the extent of \$50,000,000 and a credit has been arranged to that amount.

THE NEW YEAR IN NEW YORK.

Joyous But Quiet Celebration—Cape Wraps and Dohlmans.
(Omitted.)

New York Jan:
With the near approach of peace and the formation of a League to insure its permanence all the world's responds to a note of joyousness and clothes show that they are designed for happier times.

Entertaining Again.
People who have given up all entertaining during the war period are again entering into the normal social activities of this season and with an added zest. A new note of restraint in the celebration of the New Year was notable here though all the hotels were crowded to the limit with guests at late suppers and the dressing exceeded in brilliancy and style anything seen before at this celebration.

McCall Design

Elaborate evening gowns were worn at all the fashionable restaurants but one also saw plenty of the pretty demidress frocks of the sort that have done duty at patriotic dinners and celebrations during war days.

Capes Wraps and Dohlmans.

Cape wraps and dohlmans of fine furs and woolen fabrics fur bedecked covered and protected dainty dresses that were worn in on the younger set. Gorgeous wraps of velvet tinselled brocades, satin and the costliest fur, were so much in evidence that they became almost commonplace, as car after car landed its occupants at the entrance of the hotels and resorts. Everyone seemingly had brought out their best and prettiest to add to the joy and beauty of the celebration, while at table after table there were men in uniform insuring the note of temperance with all the gay festivity.

Pretty Hats Everywhere.

Worn with the demi-dress frocks there were any number of pretty new hats. Maline made many of these or contributed to their make-up. Jet and Maline was a favorite with stylish matrons and the hat often had a bit of color introduced as is the way many black hats now have. Wide brimmed hats with transparent brims and crowns were worn with many evening dresses, but the great majority were small turbans or toques that often boasted Tam o' Sharter crowns of satin or maline and headbands of straw in the new very coarse braids that are a coming fad.

The Wrap That Goes Everywhere

For the woman who cleverly manages to look very well at all times with a modest expenditure nothing is a better investment than the sort of coat or wrap that goes anywhere and does duty for day or evening. The dohlmans shapes are perhaps best in this class, though many of the cape styles are more becoming to the younger women. It is worth while to secure a really fine garment of this sort both for appearance and durability and just now there is an unusual opportunity in the mark-downs that are customary at Shaynes and other first class fur shops, where they carry not only all fur garments but those made up with fur trimmings and linings.

Sport Togger.

Very enticing is the showing of new sport clothes for Southern wear. Skirts of various silk weaves, are well shown and slip over blouses and sweaters in new stitches and color combinations. Hats all of ribbon are very smart for this wear.

CRITICISE SERVICES AFLOAT.

Newburgh, Feb. 17.—At the opening session of the annual meeting of the New York State, Sabbath Association here today plans were discussed to obtain legislation prohibiting Sunday excursions.

Criticism was made of the Hudson River Day Line Steamers which have religious services on board. The Rev. Ebenezer Flack criticised the clergymen who conduct them, and the Rev. Alexander Alison called the service pure camouflage. The association will seek to close ice cream parlors and the like on Sunday. The Rev. L. Louis Hartsock of this city raised the question, "What are you going to do with the motorists on Sunday?"

John Sprott, Queen Street, representing the Nordheimer Piano Co., returned to Truro February 20, after a two weeks trip thru New Brunswick, in the interests of the firm. Mr. Sprott reports lots of snow thruout N. B.
