

BARBER BOY CUTS THROATS OF FIVE.

Barber and His Wife Are Mortally Wounded.

Three Barbers' Throats Also Cut.

The Boy Believed to be Black Hand Agent.

New York, May 6.—A 16-year old boy known only as Carmelo and employed in a barber shop in Brooklyn, early cut the throats of his employer, Antonio Peraso, Mrs. Peraso, and three barbers while they lay asleep in Peraso's apartment, at 107 Fulton street. The wounds of Peraso and his wife are believed to be mortal while those of the barbers are serious, but probably not fatal.

The boy escaped. The police have a theory that the boy was an agent of a Black Hand gang, which had been demanding money of Peraso under threats of doing him injury and that the black-market places the boy in the shop in order to punish Peraso for his refusal to satisfy their demands.

Carmelo used a pair of scissors and a razor in his attack upon the barber and his employees, Frank Strafina, Michael Roberto and Josef Macero, the three barbers were first attacked by the boy. Strafina was awakened from his sleep by a stab in the neck and before he could resist the boy drew a razor across his throat, inflicting a severe wound. He was still conscious and saw the boy as he crept to the bedside of Roberto and Macero, and cut their throats while they slept.

Peraso, who, with his wife, was asleep in an adjoining room, was awakened by a stab wound in his neck and engaged the boy in a desperate struggle. The man was married and was clutching a razor in his hand slashed his employer several times about the face, neck and hands. The fight was going against the barber when his three assistants staggered into the room and attacked the boy. Together they drove him from the room into the street and summoned assistance. It was found that Mrs. Peraso's throat had been cut and that she was lying in bed only partially conscious while the fight with the boy was in progress.

TO EXHUME BODY.

Some Suspicion as to Cause of Woman's Death.

(Special Despatch to the Times.) Ottawa, May 6.—Coroner Bapic is to-day allowing the body of Mrs. Wilfrid L. St. Pierre, of Ottawa, who was buried on April 18, to be exhumed. This is at the request of the deceased's sister, Mrs. Clara Huggs and mother, Mrs. St. Denis, who are not satisfied with the cause of death given—thrombosis of an artery in the brain. They allege the possibility of poison administered by some one unknown. The husband, Wilfrid St. Pierre, says the woman's death was due to natural causes, that they were always the best of friends, that the exhumation will be saving him expense in a step that will prove there is no possibility of his guilt, and that later on he will sue three parties, whom he names, for \$5,000 damages each. Already he claims to have placed the body in the hands of Mr. August Lemieux. The body was to be exhumed at Notre Dame cemetery to-day, and an autopsy held. The police are investigating the case.

OLD LANDMARK BEING REMOVED.

WHERE JOHN LAW TAUGHT SCHOOL IN THE '40'S.

Such Men as Canon Bull and the Late Dean Geddes Were Among the Pupils Who Attended.

An old landmark in this city was removed to-day. This landmark was a frame house on Jackson street east, immediately in rear of the Y. M. C. A. building. Some time ago the Y. M. C. A. acquired the land and house and authorized Mr. Frederick Watkins to dispose of the house as soon as he could. Just the other day Mr. Watkins sold it for the sum of \$50, and this morning it was on its way over the mountain to be placed there and fixed up again as a residence.

At one time John Law, a school teacher of Scotch descent, held school in that house, upwards of sixty years ago. The school that Mr. Law presided over contained such men as Canon Bull, who is perhaps the only one living among all the scholars. The late Dean Geddes and other well-known men of the last generation were also pupils. Mr. Law and his family lived in the house and of that family was Robert Law, who for many years was a prominent barrister in this city. A sister is still living, Mrs. Benson, of St. Catharines.

Canon Bull, who is now well in the eighties, still has many pleasant recollections of the good times spent under the rule of John Law, whose Scotch was so broad that at times it was very hard to understand him.

The Eating of It.

That proves the quality and deliciousness of our pea-fed ham and ham. It's not the ordinary factory cured. It's selected, cured from young hogs, that are specially fed, then cured in a way that produces the most delicious bacon and ham you ever tasted. It costs a little more than the ordinary kinds, but it's worth it.—Bain & Adams, 89, 91 King street east.

MURDERS BY WHOLESALE.

Eleven Persons Suffered Death at Laporte, Ind.

Police Trying to Solve This Terrible Murder Mystery.

Laporte, Ind., May 6.—Laporte to-day is in the throes of a murder mystery that takes rank with the notorious crimes practiced by Dr. Holmes, of Chicago, and the Bender family, of Kansas. Eleven deaths was the total this morning for which an explanation was being sought.

Five bodies, some of them dismembered and the parts sewn in gunny sacks, were unearthed yesterday in "soft spots" in the barnyard of the burned Guinness house, one mile out of town.

Mrs. Guinness is believed to be the murderer of the men and children. One of the murdered men was lured to the house by a matrimonial advertisement. Lamphere was jealous of him, and in that there may be a possible solution of at least one of the crimes.

To-day it is even intimated that the woman herself may not be dead—that she procured a female corpse, set fire to her own house, and then fled, leaving the world to believe that she perished in the flames.

The first body dug up was that of Andrew Hegelein, a wealthy bachelor of Aberdeen, S. D., who came here in January, and disappeared about Feb. 1. The limbs and head had been sawed off and placed in gunny sacks, which had been sewn up. The body was nude, in a second excavation a skeleton, believed to be that of Jennie Olsen, an adopted daughter of Mrs. Guinness, who disappeared in September, 1906, was discovered. At the time, and it was reported by Mrs. Guinness that she had gone to Los Angeles, Cal. to attend college.

Continuing digging brought the searchers to more sacks, which contained the dismembered body of a large man. Decomposition had reduced the body to such a state that the only features recognizable as such were a dark mustache and dark hair. Beneath this body was another layer of earth, under which were found the bodies of two children, apparently about (Continued on page 5.)

GREAT STORM IN THE STATES.

Three Persons Killed, Several Injured and Much Property Destroyed.

Village Practically Destroyed—Loss in Three States.

Memphis, Tenn., May 6.—Three persons dead, several others injured, considerable property loss and a demoralization of traffic resulted from the storm of wind and rain, which swept over the southern portion of Arkansas, Western Tennessee and Mississippi yesterday. The wind razed a number of small buildings and tangled telegraph and telephone wires, while the rain caused numerous washouts along the railroads, delaying traffic and causing other damage.

The greatest damage and the loss of life occurred in Arkansas. At Marche, the Polish settlement was badly damaged and three persons were killed, and several were less seriously injured. Meagre reports from Conway and Faulkner counties tell of damage by the storm.

Watson, in Deshott county, is reported practically destroyed. In Western Tennessee and Mississippi the railroads suffered the greatest damage because of washouts, although reports from outlying districts are that a number of small buildings and barns were destroyed. So far as can be ascertained, however, no one was seriously injured.

PASSED AWAY.

Daughter of Thomas Lewis Dies After Long Illness.

After an illness of several months Mrs. Eleanor Padridge, daughter of Mr. Thomas Lewis, of this city, and sister of Miss Jeannette Lewis, and Mrs. E. R. Cheney, passed away this morning at the family residence, 312 Bay street south. Deceased was a native of Hamilton, but was married a good many years ago and had resided in Chicago most of the time since. She was very highly esteemed by a large circle of friends. The funeral will take place on Friday.

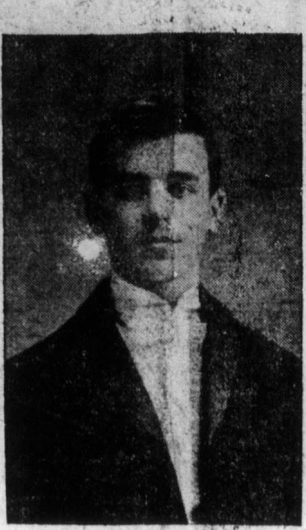

REFUSED TO STRIKE.

The Textile Workers at Magog Will Stay at Work.

Montreal, Que., May 6.—The delegates from the Federation of Textile Workers from this city attended a meeting of the operatives of the Dominion Textile Company at Magog last night, and urged the employees there to join the strike as a protest against the 10 per cent. reduction in wages. After considering the matter the operatives concluded that it would best serve their purpose by remaining at work.

The Pipe Smokers' Favorite.

The Rose Leaf smoking mixture is accurately blended, with a precision that leaves no doubt as to uniformity of quality. It is sold for 75 cents a tin at peace's cigar store, 107 King street east.

THE MAN IN OVERALLS

Give McClellent a hand. Still it would not do to run away with the idea that Mr. W. A. H. Duff is a duffer.

"The Weak Sister" was on the stage last evening.

The Technical College is the bribe. Do you bite?

Ward meetings to-morrow evening. Turn out or turn up, and get busy.

Don't throw stones, boys. The Magistrate doesn't like it.

The revetment wall seems to be worrying the Spec. man from the way he is burrying up against it.

The three-fifths clause doesn't bother my friend Thompson, of North Wentworth. His conscience is clear.

Just as soon as I get a chance I'm going up to see those pictures in the Art School. I understand that they were all done by union painters.

Drop around and see what you can do to help Mr. Wardrope. He is worth fighting for.

Whitney's first gun was blank shot. Never touched me.

That's all right, Mr. Matheson, but how is it that we are \$3 a head in debt, when we were only \$1 a head when Ross was running things?

The handlers of the "long green" will be pretty well watched this time. Penalties are severe, too.

Another question, Mr. Kerr. Did Gordon Wilson tell you to go slow in prosecuting those who commit breaches of the fish and game laws until after the elections?

Mr. Cochran certainly made an awful muddle of the Beach matter. The explanation doesn't seem to explain.

And the first gun missed fire.

Toronto was speechlessly mad last night to think that Whitney picked Hamilton as the place to deliver his official message.

The Hamilton Times is not worrying its readers with gambling fake schemes and demoralizing the youthful mind with gauzy allurements.

MISS JEAN REID, daughter of Mr. John Reid, who was engaged to the Hon. John Robert Ward, brother of the Earl of Dudley is announced.

A SMALL FIRE.

A small fire was discovered by passers-by last night about 10.30 o'clock, in rear of the building formerly occupied by Van Norman, photographer, at the corner of King and MacNab streets. A dozen others badly shaken up. The accident was caused by the westbound car overturning the switch and crashing into the east-bound car before it reached the turn-out.

COMMITTED TWO MURDERS.

Ohio Horseman Shoots Colored Girl and a Man

And Commits Suicide—He Previously Killed a Man.

Washington Court House, Ohio, May 6.—Bert Devaney, aged 43, a well-known horseman and driver of J. J. Hancock, last night shot and killed Lida Bird, aged 22, a colored girl, and shot her mother, inflicting a probably fatal wound. He then ran across the town to the barn of Silas Shackelford, where he took refuge. Refusing to come out, Shackelford went in after him and was shot and killed by Devaney. Later Devaney committed suicide. It was thought Devaney was insane.

Following the shooting of the two women the authorities organized a posse and a company of the Fourth Regiment, Ohio National Guard, was called out, permission having been given by Governor Harris. The officers surrounded the barn and threatened to burn it.

Finally persons ventured up to the barn door and there say Shackelford's body. Under cover, they removed it to the outside. Nothing was then seen by Devaney, but several shots having been heard it was supposed that Devaney had committed suicide, and upon going into the barn, officers found his body, he having shot himself in the head.

Devaney shot the girl and her mother when he called at their home and was refused admittance. The colored girl was a graduate of the High school. Devaney was separated from his wife who lives at Darbyville.

Several years ago while Marshall of Darbyville, Devaney shot and killed Washington Hadrington, who was resisting arrest and served a short term in the penitentiary for the act.

NEGOTIATING FOR HIS HOTEL.

And Run the Stoney Creek Hostelry as First-Class Temperance Place—Application for Pool License Withdrawn.

A month ago, after the local option by-law in Saltfleet had been quashed and before the department issued instructions to the license commissioners of South Wentworth, that a license was not to be issued for the hotel in Stoney Creek, Mr. Charles Siebert, proprietor of the hotel, made application for a license for a pool room with three tables, in connection with his hotel. The application was to have come before the Council of the township of Saltfleet yesterday. The temperance people took a very decided stand in opposition to such a license being granted. The withdrawal of the application by Mr. Siebert left nothing for the Council to do in the matter.

Negotiations are in progress between the proprietor of the hotel and the temperance people looking towards the purchase of the property by the latter. If the application for first class temperance hotel, with ample accommodation for travellers, and with dining room and stabling. A price at which the temperance people would buy has not been named yet, and the matter stands there for the time being.

LOCAL LABOR NEWS.

Some Pressers Quit—Moulders Meet This Evening.

The change in the system of paying pressers in the Copley, Noyes & Randall establishment, from daily wages to piece work, has caused a good deal of dissatisfaction among the hands who do that work, as only two men were members of the union, there is little likelihood of a strike, although a few of the men have quit. Those who quit will not be able to draw any strike pay. Mr. J. Strauss, a department overseer, will leave for England to-morrow, and it is thought, may engage men there if there is any serious trouble in the factory. An officer of the union said to-day that the union has no fear of the importations from the old country.

Mr. M. J. Kough, of Troy, N. Y., who has been here for some days representing the International Union, and investigating the claims of the stove founders, that moulders' wage scale is higher here than in some other Canadian cities, will make a report to the union to-night. The union is not expecting any very radical suggestions in regard to wages, as they are well founded. The claim of the bosses is not well founded. Some employees of the local cotton companies are complaining bitterly against the cut of ten per cent. made in factories in Canada and the Eastern States. They say that they were getting only living wages before.

STREET CAR ACCIDENT.

Windsor, Ont., May 6.—In a collision between two electric cars on the Walkerville Belt Line, three passengers, Lois Janisse and Miss Dumouchele, of Walkerville, and a woman whose name could not be learned, were quite badly injured, though none dangerously. A dozen others badly shaken up. The accident was caused by the westbound car overturning the switch and crashing into the east-bound car before it reached the turn-out.

SHE WILL DIE.

Shaft of Wagon Entered Woman's Side In Runaway

Owen Sound, May 6.—A serious runaway occurred on Poulett street this morning. While Mrs. Thomas Hughes, of Balaclava, was driving down the main thoroughfare the horse was frightened by some dogs, and ran away, and colliding with a grocery rig, the shaft of the grocery wagon penetrated Mrs. Hughes' side. She is not expected to recover.

CHEAP BEER.

Montreal, May 6.—As the result of the failure of the proposed combination it is announced that there has been a drop of 10 per cent. in the price of beer to the retail trade. The brewers for some time had an understanding, not many months ago, and raised prices.

TO CONFER TO-NIGHT ON POWER MATTER.

Murder Charged.

Portland, Ore., May 6.—Edward Hugh Martin, son of former Wardman H. Martin, of the New York police department, graduate from West Point, once first lieutenant in the regular army and armor plate expert at Sandy Hook, was arrested yesterday on a charge of murdering Nathan Wolff, a pawnbroker in this city, on Friday last.

Martin denies any knowledge of the crime. Against his denial is arrayed a great amount of circumstantial evidence and the statement of his wife, who before her marriage to Martin was Miss Tessie Griffin, a hospital nurse of Syracuse, N. Y., made to District Attorney John Manning, acknowledging that she fears her husband's guilt.

KNOX ORGANIST MARRIED TO-DAY.

CHARMING WATERDOWN LADY IS THE BRIDE.

Wedding Took Place in the Methodist Church—A Number of Guests Present From This City.

One of the prettiest weddings held this season took place this afternoon at the Methodist Church in Waterdown, when Miss Myrtle Robertson, fourth daughter of Mr. and Mrs. Alexander Robertson, of that place, was united in marriage to Mr. Harry J. Allen, the popular choir-master and organist of Knox Church, this city. Promptly at 3 o'clock, to the strains of the Mendelssohn Wedding March, played by Miss Nellie Bishop, city, the wedding party came down the aisle of the church, which was filled with guests and admiring friends of the contracting parties.

The bride was attended by her sister, Miss Lydia H. Robertson, and was given away by her father, Rev. G. E. Foye, who performed the ceremony. The bride looked charming in a beautiful costume of embroidered chiffon over white taffeta, with veil and orange blossoms. She carried a bouquet of bridal roses and lilies of the valley. The groomsmen were Mr. Thurston Storey and the ushers Mr. Herbert Allen and Mr. Vernon Carey. During the signing of the register Mr. Vernon Carey sang with beautiful effect, "O Perfect Love." The bridesmaid was attired in a dainty costume of pink voile, over pink silk, with a pink picture hat to match. She carried a bouquet of pink roses.

A reception was held at the residence of the bride's parents Balsam Grove, at the conclusion of the ceremony, which was attended by about fifty guests from Toronto, Teeswater, Acton, Mount Forest, Burlington, Hamilton, Carleton and surrounding places. The toasts to the bride and groom were enthusiastically honored.

Mr. and Mrs. Allen leave this evening for New York, Boston and points east. On their return they will reside at 220 Hunter street east.

The groom's gift to the bride was a diamond and pearl ring; to the bridesmaid a pearl cross-set brooch, to the groomsmen a signet ring, and to the ushers pearl and turquoise stick pins.

The presents received by the bride were many and costly, showing the high esteem in which she is held by her many friends in this and other places. Her going away gown was a gown of broadcloth with brown hat to match. The bride is also a member of Knox Church choir, and the members rejoice in seeing such a charming life partner. Mr. and Mrs. Allen have the good wishes of their many friends for a long and prosperous future.

Knox Church choir presented Mr. Allen with a beautiful cut glass bowl, as a slight testimony of its esteem.

GOT THREE YEARS.

St. Catharines Lad Stole Gold Watch and Money.

(Special Despatch to the Times.) St. Catharines, May 6.—In the Police Court this morning Henry Arnold May, alias "Henri," was arraigned before Magistrate Comfort charged with having stolen a gold watch and \$30 in money from the Geneva Hotel. The prisoner elected to be tried by the Magistrate, and pleaded guilty. He was sentenced to three years' imprisonment.

Council to Meet the Categorical People.

Street Railway Repairs Going On,

Which Looks Like no New Proposition.

Tired of the criticism over the police cells in old No. 3 police station, Chairman Nicholson, of the Markets, Police and Jail Committee, says he has a notion to take the bull by the horns, and demand money from the council for a new police station. In view of the fact that Mayor Stewart strongly criticised the condition of the cells and other alternatives expressed similar opinions, he does not see how the council can very well refuse the money. If his committee will back him up he will probably demand that the matter be dealt with at the next council meeting.

Residents on James street south are again complaining about the annoyance these big Dundas cars cause. Some of these cars are noisy and almost all of them make a terrible grinding noise. Many of the houses have been damaged by the cracking of plaster again this spring.

The Street Railway Company has made no further overtures since the conference committee declared negotiations off, and it looks as if it had no intention of doing so. The company has had men at work for several days repairing the tracks on James street, tightening up the joints and putting in the rods. The aldermen take this as a pretty good indication that prospects of a settlement have vanished and the company intends taking its chances before the Railway Board.

To-night the City Council will have a private conference with the Categorical officials to ascertain the company's best offer for power for the Beach pumps and lighting the streets. It is believed that the company will have two or three propositions to make. Several weeks ago Chairman Sweeney, of the Board of Works, was informed that the company was prepared to put a price on its poles and equipment if the city desired to purchase the plant. Recently General Manager Hawkins offered to guarantee to supply power to the city at 10 per cent. less than the Hydro-Commission's lowest price to Ontario or to any municipality west of Hamilton. Both these propositions will be thrashed out.

The following building permits were issued to-day:

W. A. Noble, brick house on Turner avenue, south of Aberdeen avenue, for J. Ard, \$4,000. William Hall, frame house on Garth street, south of Aberdeen avenue, for H. J. McGrath, \$1,400. Byrnes & Spence, brick addition to house 326 Cannon street east, for Mrs. Temple, \$250. F. J. Rastrick & Son, brick house on George street, between Pear and Locke streets, for M. Koubler, \$2,000.

Superintendent Rae, of the House of Refuge, has a very simple but effective reply to Aid. Farrar's criticism about the price of eggs supplied the Refuge. The price named, 20 cents a dozen, was for eggs delivered in March. The market quotations at that time were a good deal higher than that. Aid. Farrar could have had the same information by asking for it.

GATHERED COAL ALONG TRACKS,

BUT SAID THEY DID NOT STEAL FROM CARS.

Foreigners Warned to Keep Off Railway in Future—Other Cases at Police Court.

Steve Solon, Charles Boutour and Joe Fitzsimon, Bay and Barton streets, were in Police Court this morning on remand from yesterday on a charge of stealing coal from the G. T. R. The boss of the boarding establishment where these men boarded is Joe Thomas. The charge against him hinged on the outcome of the charges against the other men, and the Magistrate was not long in dismissing them, as there was no evidence to show that the men took coal from the cars. Along the tracks coal is split and the men admitted that they took this, but denied taking it from cars. They were discharged and the case against Thomas dropped. The Magistrate requested Budimir Protich to tell them that he would fine them heavily for trespass if they were seen again on the tracks.

Michael Cook, Niagara Falls, was charged with trespassing on the property of the G.T.R. His "bummer" ride and was fined \$5 or 21 days. Enquiries will be made of the Chief of Police at the Falls in regard to his past life. John Lawson, who was remanded till to-day on a charge of being drunk, as he had been bothering his wife of late, was up this morning and allowed to go, as he promised to "go on the rock."

William Hammill, Barton, was charged with assaulting James W. Hart, of the same place. The case was remanded till to-morrow, as the complainant was not present.

James Gasper, Burlington, was assessed \$2 for being drunk, and Viola Banes, Ferguson avenue north, was allowed to go at sunrise, after sobering up in the cells.

FATED TO LOVE HER

the hour was over. She had risen, mechanically, to attend to the fire; and, turning, she saw Gabrielle...

CHAPTER XXV.

"Here we are at last!" said Olivia, as the carriage came within sight of the door. "I wonder how Gabrielle has been getting on! I hope she has not felt lonely."

"What do you mean?" James can never leave Rotherbridge till quite late. "Oh, no, never. Who mentioned Gabrielle?" said Olivia, innocently.

"Where is Olivia?" "Voice and all! The metamorphosis is really perfect. What will James say, though! He can never leave Rotherbridge till quite late; but he's certain to appear before bedtime. It will be dream or reality; and I only hope that he may arrive in the night."

"Oh, I see," said Olivia, in an insinuating tone. "That little touch of Billingsgate enlightens me. Comus is indeed, after all, and this creature is James himself."

"To doubt you do, dearest brother; but patience likewise. What has become of Gabrielle? I hope you have not been mending the fire with her! I would be very glad to see her; but I left her here alone; and now, returning, I find you here alone. Exceedingly suspicious."

"Gabrielle is upstairs, I believe," said James. "Now, Cissy, please—"

"He laid his hand on her shoulder, and gently insisted that he move out of his way. The next moment he was in the hall with the astonished Olivia.

"James! What has brought you home? You are not ill?" "Ill? Nonsense. Come here, Olivia—my study. I want to speak to you."

"But James, it is time to dress. Can't you wait until after dinner?" "No, I can't," replied James, impatiently. He drew her into the study, and closed the door.

"Well, Olivia," he said, planting himself with his back against the wall—"well, Olivia, it is done, Gabrielle and I are engaged."

"You are engaged?" Her lips rather formed than spoke the words. She had long expected these tidings; yet they came with the force of a blow. Her boy—her idol—was no more her own peculiar property. The days when she could so regard him, the days when she had secretly gloried in the thought that she was first to him, as he to her, were passed away forever.

"But where she had lost, Gabrielle had gained. And Gabrielle loved him as well as—perhaps better than—she. She struggled one moment; and was content."

"I am so glad, dearest boy," she said, standing on tiptoe to kiss him—"I am so glad to hear this good news. I hope, I believe, that you will be happy. She is a very dear child."

"This was a subject upon which James could not talk to Olivia, at any rate. He returned her kiss, then stood silent; still leaning against the wall.

"There will be a good deal to settle," said Olivia, sinking again into the chair; and pressing her hand to her forehead. "It is growing late now; but on Monday we must have a long consultation. I suppose, on account of Gabrielle's chest, you will wish to be married—with a gulp—very soon?"

"Exactly. She has often threatened to establish me there, with a cat and tea-kettle, and so on. But all this is premature. Gabrielle, said Olivia, rising: 'we will postpone discussions until Monday. And now I must see Gabrielle. Where shall I find her? In my room?' 'In her own, I fancy. She left me some time ago. She was afraid of Cissy's coming back, and finding us together. I wish—'

"What do you wish?" asked Olivia, tenderly; perceiving by his tone that something, some tiny desideratum, was still missing from his cup of happiness.

"I wish," said James, answering mechanically, "that she were a little less reticent—timid—I hardly know what to call it. I wish that I could feel quite certain of her loving me as—"

"You ought to go and dress, Olivia," said James, stifly, looking at his watch. "The channel of her thoughts at once diverted, took up her card case and exclaimed, 'Indeed I ought,' and left the study."

The next day, Sunday, was warm and genial, more like May than the end of October. Nevertheless, Gabrielle felt weaker than she had felt for a long time. The various excitements of the past week had exhausted her, and now her joy, in its first intensity, seemed almost more than she could bear.

The walk to church was a trial, and she felt that she was glad to get into her corner of the large, square pew, to lean back and rest. James leaned back in his own, and looked at her, and a truer feeling of devotion stole over him than he had ever known before.

He started, rising hastily to his feet. "My dear James!" cried Cissy; "you are wondrously transformed; and to my taste, nor for the better. Is Comus here still? Because, if so, I trust he'll make a different sort of animal of me!"

"Where is Olivia?" "Voice and all! The metamorphosis is really perfect. What will James say, though! He can never leave Rotherbridge till quite late; but he's certain to appear before bedtime. It will be dream or reality; and I only hope that he may arrive in the night."

"Fool, dear!" said Cissy, in an insinuating tone. "That little touch of Billingsgate enlightens me. Comus is indeed, after all, and this creature is James himself."

"Cissy, let me pass, if you please," said Olivia. "To doubt you do, dearest brother; but patience likewise. What has become of Gabrielle? I hope you have not been mending the fire with her! I would be very glad to see her; but I left her here alone; and now, returning, I find you here alone. Exceedingly suspicious."

"Gabrielle is upstairs, I believe," said James. "Now, Cissy, please—"

"He laid his hand on her shoulder, and gently insisted that he move out of his way. The next moment he was in the hall with the astonished Olivia.

"James! What has brought you home? You are not ill?" "Ill? Nonsense. Come here, Olivia—my study. I want to speak to you."

"But James, it is time to dress. Can't you wait until after dinner?" "No, I can't," replied James, impatiently. He drew her into the study, and closed the door.

"Well, Olivia," he said, planting himself with his back against the wall—"well, Olivia, it is done, Gabrielle and I are engaged."

"You are engaged?" Her lips rather formed than spoke the words. She had long expected these tidings; yet they came with the force of a blow. Her boy—her idol—was no more her own peculiar property. The days when she could so regard him, the days when she had secretly gloried in the thought that she was first to him, as he to her, were passed away forever.

"But where she had lost, Gabrielle had gained. And Gabrielle loved him as well as—perhaps better than—she. She struggled one moment; and was content."

laughing: "how was it? Do tell me the whole story." "Well, my dear, you looked terribly faint, all through the pains and lessons. And when we rose at ten o'clock and placed where they sing, here followed the anthem, you sat still, apparently more dead than alive. And just as I was whispering to Olivia for sake, and James was beginning to look desperate, your head dropped and your eyes shut, and your prayer-book fell, and off you went in a minute."

WEAK KIDNEYS.

Restored to Strength by Dr. Williams' Pink Pills.

Bad blood is the cause of weak kidneys. The impurities of the blood lodge the kidneys so that they are unable to perform the work of separating the waste matter from the blood—the bad from good. The symptoms of diseased kidneys are numerous. The dull, sunk-in eye, the coated tongue, the backache, weak, shaky knees, swollen face all show what is wrong. This disease must not be neglected. Every day delayed in finding a cure is a day nearer "Bright's disease"—that trouble is incurable. Do not waste time and money on a medicine which acts only on the kidneys. It may relieve but it cannot cure you. The trouble to be permanently cured must be treated through the kidneys. Good blood makes healthy kidneys. Dr. Williams' Pink Pills actually make new, rich, red blood—that's why they cure when other medicines fail. Thousands owe good health—some life itself—to this medicine. Among them: Roy Davidson, who resides with his uncle, Mr. C. B. Maclean, near Brockville, Ont. Mr. Maclean says: "My nephew, Roy, had weak kidneys. About a year ago he took the measles and this left him in a bad state. His kidneys were so weak that they were incapable of performing their functions. He suffered from backache, weakness and restlessness. For a time he had to leave school. Our family doctor was unable to help him. In fact, he told me that Roy might never get better; that the disease would probably grow worse. I then procured a supply of Dr. Williams' Pink Pills. I had already used the Pills myself with great benefit and felt confident they would cure Roy. He began taking them, and continued their use until he had taken a half dozen boxes, which fully cured him. He is now stronger and better than he ever was and neither study nor work about the farm seems to fatigue him. I believe Dr. Williams' Pink Pills saved him from a life of misery."

"That is why this medicine cures such common ailments as neuralgia, general weakness, headaches and backache, indigestion, palpitation of the heart, rheumatism, neuralgia, and the ailments which make the lives of so many women and young girls miserable. Don't take something else, the dealer may say, "it's as good." If you can't get the genuine Pills from your dealer send to the Dr. Williams' Medicine Co., Brockville, Ont., and get them by mail at 30 cents a box or six boxes for \$2.50."

VICTIM OF MURDER

SEEN WITH ANOTHER FOREIGNER AT PORT CREDIT.

Dead Man a Galician?—Detective Miller Follows Clue Into Toronto—Post-mortem Showed Death Was Due to Blow on the Head With a Club.

Eridale, May 5.—With a host of stories from persons who say they remember seeing the young foreigner found dead on Sunday in the bush on the Samuel Fasken farm, with his skull crushed in, is the definite statement of William Patchett, of the Stone road near here, who says he met the victim on Sunday to Port Credit. As a result of the information furnished by Mr. Patchett Provincial Detective Miller, who with High Constable Brodsky, is following up the murder, returned to Toronto to-night by way of Port Credit, hoping to trace the victim and his companion to their place of starting, possibly in the city of Toronto. All the man's belongings are in the possession of Detective Miller, who will ask the Toronto detective department to assist him in tracing the dead man in Toronto. The autopsy conducted to-day by Dr. I. Bowie, of Streetville, showed beyond any doubt that the man's skull was badly fractured, and that a blow with the club found near the body caused death. There were no post-mortem appearances to indicate the man had been strangled with the wooden scarf found about his neck. Provincial Detective Miller photographed the remains this afternoon before the interment in the Anglican Church Cemetery.

"Oh, heavenly Jerusalem! Of everlasting bliss! Thrice blessed are the people. Thou stoorest in thy walls!" "Thrice blessed are the people," Gabrielle strove to repeat, but her tongue would not move. She began to sink; James sank, too; everything was sinking—down—down—into gulf of nothing. She closed her eyes in horror, then, suddenly, a familiar voice exclaimed, "I believe she is coming round," and she found herself, groaning to her surprise, extended on a sofa in the vicarage drawing-room. Olivia bending over her with sal volatile, and Mrs. Edgecombe with brandy—while James stood at her feet.

"What is the matter?" said Gabrielle, feebly. "Nothing, dear; don't be frightened. Sip a little of this," said Mrs. Edgecombe. "You fainted," said Olivia. "You should not have gone to church, dear child. You know I told you—" "Hush, Olivia; don't worry her with what you told her, now," said James, peremptorily, and Gabrielle tried to smile at him, all unconscious of Mrs. Edgecombe's observant eyes.

She was soon so far revived that Olivia was persuaded to leave her; Mrs. Edgecombe, who had stayed at home, to help a sick nurse, promising to care for the two ladies in the room together; but James lingered behind, to bend over Gabrielle's sofa and whisper, clasping her hand, that Olivia was quite right—she ought not to have gone to church—in the evening she should stay at home, and he would stay with her.

"But, James, I should not like you to miss church for me." "I'll walk over to Meddiscombe after luncheon, then. Hawkins has a three o'clock service. But what a scrupulous child you are!" "Well, Gabrielle! So you've been gone and done a regular scene," cried Cissy, rushing in after the service, Olivia having retired upstairs, with Mrs. Edgecombe, to inspect a wonderful baby. "I hope you feel properly ashamed."

BROTHER TAKES REVENGE.

Assaults Man Who Procured Operation for Sister. Vancouver, May 5.—George A. Walken, a prominent young business man, is on trial for procuring an abortion on Blanche Bond, a young woman with whom he lived. The girl faints several times on the stand. Several physicians were examined on technical features of the case and were sharply cross-examined by Jos Martini.

Just before the trial Richard Bond, the brother of the girl, pronounced Walken and blackened his eyes, and otherwise damaged his features. Young Bond is under observation lest he does harm to Walken.

It is believed by the authorities that Guy Lamphere who has been under arrest since the burning of the Guinness home on the charge of murdering Mrs. Guinness and her family, committed the Hegelein crime. Lamphere is a carpenter, and the manner in which the body of Hegelein was discovered leads to believe that it was done by somebody familiar with the use of the saw.

In some quarters it is believed that Mrs. Guinness may have known something of the murders of the five people. It is not considered likely that so many could have been hurried in the yard without her knowledge of the fact. There have been rumors that Jennie Olsen Guinness had knowledge of the manner in which the first husband of Mrs. Guinness came to his death in Chicago, and it is believed she was made away with because she knew too much.

It is known that Hegelein had loaned \$1,500 to Mrs. Guinness, and that he had another \$1,500 in his possession just prior to his death. It is considered probable that he was hurried in by Mrs. Guinness or by Lamphere, or by both of them, in order to procure the cash he had to avoid the necessity of repaying the loan he had made her.

Lamphere denies all knowledge of participation in any crime, and declares that he knows nothing of the unidentified bodies.

The bodies were discovered by A. K. Hegelein, brother of the murdered man, who had come to Laporte to search for his brother.

When questioning Joseph Maxson, a hired hand on the Guinness farm, Hegelein learned of the mysterious digging of holes by him, all of them being filled at a later date by Mrs. Guinness. The remains were only four feet underground, and were enclosed in a gunny sack. The discovery of the bodies led Maxson to tell of the delivery of five trunks to the Guinness farm during the last six months, and this fact has caused the authorities to work on the theory that the place was a clearing-house for murderers. They suspect that the bodies of wealthy persons who had been hurried to Chicago and killed were packed in these trunks and sent to Laporte and disposed of.

The developments of to-day also caused the authorities to recall that the two husbands of Mrs. Guinness died under suspicious circumstances, both meeting violent deaths. The first, Max Sorrenson, was insured for \$8,500, and the second, Guinness, was insured for \$3,500. This insurance was paid over to Mrs. Guinness by the companies.

**FATHER AND SON DROWNED.**  
Were Fishing in Black River, Near  
Pictou.

Pictou, May 5.—By the capsizing of a  
punt while three men were fishing last  
night at Black River bridge, two men,  
William Mack and his fourteen-year-old  
son, were drowned. The bodies were  
found this morning by Captain Jarvis,  
of Milford, and a party of searchers.  
It seems that the three men—Wm.  
Mack, Fred Peeling and the former's son  
—were out in the creek spearing pike.  
They were meanwhile attending to a  
hoop net, and it was while "pulling out  
the stake, which suddenly gave way,  
that the boat capsized. The two men,  
who were upright in the punt, were  
thrown overboard, and the young boy  
went under with the overturning of the  
craft. Peeling swam ashore, but the  
other two sank, and in the darkness of  
midnight attempt at rescue was utterly  
impossible.  
The older Mack was a well known  
fisherman of the Black River  
district. He was aged about fifty years,  
and leaves a wife and several children.

**ELECTIONS IN QUEBEC.**  
Cabinet Has Chosen June 8th as the  
Date.

Quebec, May 5.—At a meeting of the  
Quebec Provincial Cabinet, held this  
forenoon, and presided over by Premier  
Gouin, it was decided to dissolve the  
Legislature on June 5, and to hold gen-  
eral elections on June 8, the same date on  
which the Ontario Provincial elections are  
scheduled to take place. Though decid-  
ed, the date was not officially announce-  
ed, on account of the absence from the  
Legislature of the Lieutenant Governor, Sir  
Louis Jetté, who should sanction the  
order passed in council before it is made  
public.

**THE REVOLUTION IN PERU.**  
Political Prisoners to be Tried by  
Military Court.

Lima, May 5.—Rumors are afloat here  
of a revolutionary uprising in the De-  
partment of Cuzco. The insurgents are  
said to be in possession of the city of  
Cuzco, and of the Province.  
The Government has decided to turn  
over the political prisoners gathered in  
during the last few days to a military  
court for trial. It has also confiscated  
the arms and ammunition in the posses-  
sion of the shooting clubs of Lima.

**SEARCH FOR FRANKLIN.**  
Only Survivor of the Party Now at  
Winnipeg.

Winnipeg, May 5.—Murdoch McLen-  
nan, the only known survivor of the  
party sent out in 1853, under Dr. Rae, to  
search for Sir John Franklin, died yes-  
terday here with his granddaughter. He  
is still hale and hearty at 82 years of  
age, and can still do a full day's work  
in the bush, and is a most interesting  
trip into the Arctic. He says that half  
has never been told of the remarkable  
mineral wealth of that region, where  
gold, coal, copper and silver abound.  
He also tells of the islands of forest  
marble bordering the northwestern shore  
of Hudson's Bay and declares the harbor  
at Churchill to be one of the finest in  
the world.

**DROWNED BY HER HORSE.**  
Miss Annie Boyd, of Indian Head,  
Sask., Thrown into Water.

Indian Head, Sask., May 5.—Miss  
Annie Boyd, daughter of John Boyd,  
of this place, was drowned yesterday  
afternoon in the Sunbeam dam. Miss  
Boyd was found of horses and was out  
driving a colt. On her return, while  
crossing the high roadway which  
forms the barrier of the big Sunbeam  
dam, the horse became fractious, and  
getting beyond control, plunged down  
the bank into the water, which is twenty  
feet deep, dragging with him Miss  
Boyd, who was caught in the wheels.  
Miss Boyd was an only child and a  
general favorite in this community,  
where she was born and her whole life  
had been spent.

**DRUNK WITH SPECULATION.**  
Paper Trust Accused of Making Reduc-  
less Investments.

Washington, May 5.—John Norris of  
New York, the representative of the  
American Newspaper Publishers' As-  
sociation, to-day repeated his state-  
ment before the House Committee in-  
vestigating the wood pulp and print  
paper industry that the American paper  
manufacturers have bought large  
tracts of woodlands in Canada, and  
charged that instead of cutting the  
timber on this land, which they have  
bought with almost recklessnes, they  
have gone into the market and arti-  
ficially marked up the prices on them-  
selves. He protested that the Ameri-  
can consumers should not be saddled  
with the penalties of any such specu-  
lation. Mr. Norris produced figures  
to show that there has been a reduc-  
tion in the price of pulpwood exported  
from Canada.  
"These men," he said, "are simply  
drunk with speculation, and I expect  
to show that they have been invest-  
ing in Canada from \$3,000,000 to \$4,000,000  
in the acquisition of timber lands ap-  
parently upon the idea of a good specu-  
lation in timber instead of applying  
their money to the extension of the  
manufacture of paper in the United  
States to meet our demand. Instead  
of doing that for which they borrowed  
money in 1905 they appear to have  
been pouring it into Canada to buy  
timber lands and control all the lum-  
ber companies there."

**ECONOMY CARRIED TOO FAR.**  
Sandwich Council Cuts Out Payment  
for Police Protection.

Sandwich, May 5.—As a result of the  
Council's failure to appoint a police  
constable for the town, several prop-  
erty owners are thinking seriously of  
applying to Attorney-General Foy to  
take some action. At the February  
meeting of the Town Council it was  
decided by a majority of one that the  
salary of \$150 a year, attached to the  
office of chief of police was too much,  
and it was cut off. Chief Master, who  
resigned, had held the position for  
thirty years, and there has been no  
official police protection in the town  
since.

**DON'T PICK BUTTERCUPS.**  
They Cause Fever, Says a Philadel-  
phia Doctor.

Philadelphia, May 5.—That the pick-  
ing of buttercups is injurious to the  
health of children is the theory of Dr.  
W. W. Chalfonte, of 1435 North Six-  
teenth street. He declared to-day at a  
meeting of physicians that some cases  
of rheumatism, which are not measles at all,  
but are the effects of gathering butter-  
cups and inhaling their perfume.  
"Buttercup fever" is the term Dr. Chal-  
fonte gives the disease. "In Germany  
and Holland there are laws forbidding  
the growing and picking of buttercups,"  
said the physician. "Land-owners are  
cautioned and dairy inspectors are  
signed to see the pastures are free of  
the flowers. In these countries epi-  
demics of 'buttercup fever' can be regu-  
larly, and in some cases the disease pro-  
duced fatal."

**KILLED BY A TRAIN.**  
Old Mohawk, Indian Met Death Near  
Belleville.

Belleville, May 5.—Seth Maracle, one  
of the highly respected Indians of the  
Mohawk reserve, residing two miles west  
of the village of Marysville, was instan-  
taneously killed by being struck by a  
Grand Trunk freight yesterday afternoon.  
The man was returning from the village with  
a quantity of groceries and was walking  
on the track. When the engineer blew  
the whistle Maracle turned around and  
in his excitement stepped on the wrong  
track. His head was terribly crushed  
and death was instantaneous. Coroner  
Yeomans, after an investigation, decided  
that an inquest was unnecessary. Mar-  
acle was 62 years old, and leaves a wife  
and a large grown-up family.

Rev. W. T. Graham, Sarnia, has been  
invited to the pulpit of First Avenue  
Baptist Church, Toronto.

and FINANCE

**TORONTO MARKETS.**  
LIVE STOCK.

Receipts of live stock at the City Market  
were 1,105 cattle, 1,416 hogs, 85 sheep  
and 895 calves.  
The quality of fat cattle was no better—  
not enough of finished class to supply the  
demand.  
Trade was brisk, with prices firm, espe-  
cially for the best, the market closing strong.  
Exporters—Export steers, of which there  
were few on sale, sold from \$2.50 to \$3.10;  
\$1 to \$5 per cwt.  
Butchers—Picked butchers' sold at  
\$2.75 to \$3; loads of good to choice butchers',  
\$2.50 to \$2.75; medium, \$2 to \$2.25; common,  
\$1.75 to \$1.90; cows, \$1.40 to \$1.75 for good,  
and common to medium cows, \$1.20 to \$1.45;  
canners \$2 to \$2 per cwt.  
Poultry and ducks—Good steers, 1,000 to  
1,100 lbs. each, at \$4.75 to \$5 per cwt.; good  
steers, 900 to 1,000 lbs. each, at \$4.25 to \$4.75  
good steers, 800 to 900 lbs. each, at \$3.50 to  
\$4.25; good steers, 600 to 900 lbs. each,  
at \$3.25 to \$3.50; light stockers, 400 to 600 lbs.  
each, at \$2 to \$2.25.  
Milkers and springers—The number of good  
to choice milkers and springers was small.  
Prices ranged from \$20 to \$30 a head, which  
caused prices to be easy for the general run.  
Prices ranged from \$2 to \$5.50 for the bulk,  
and few were sold at \$15 a ton.  
Dressed hogs are in liberal supply, with  
prices firm. Light sold at \$8.75 to \$9, and

OBITUARY.

Death of a Popular Young Man—Day's Funerals.

Edmond Thatcher, a well known and popular young man, died last evening at his home, 350 Hunter street west, after a long illness.

The funeral of Mrs. Edward A. Ryckman took place from her late residence, 28 Devonport road, at 3.30 o'clock yesterday afternoon, and was largely attended.

The following is a list of the floral offerings: Pillow, the family; gates ajar, Norton Co. employees; sickle, Mr. and Mrs. Will Potts; wreaths, T. P. & Co. employees, sisters, Mr. and Mrs. Will Kerr; crescents, Mr. and Mrs. Ryckman; Mr. and Mrs. E. J. Case; sprays, Mr. and Mrs. D. Ryckman, Ada Gordon, Mr. E. Ling, Mr. and Mrs. Elford, Mr. and Mrs. K. Conners, Mr. and Mrs. La Franche, Mr. and Mrs. Kirby, Misses and Mrs. Carson, Mr. and Mrs. Willis, Mr. and Mrs. A. Gay and family, Mr. and Mrs. A. Willis, Mr. and Mrs. H. Hayes, Mr. and Mrs. O'Connor, Mr. and Mrs. D. Blackman, Mr. and Mrs. Dunford, Mrs. J. Myers, Mrs. Mitchell, Mrs. Longworth, Mrs. H. Bramley, Mrs. McEwen, and Mr. William Dent.

Robert Amos, a highly respected and well known citizen, passed away yesterday at this residence, 227 Bay street north. Deceased had been a resident of this city for the past 40 years, and is survived by a widow, four sons, James B., and one daughter, Jennie S. Amos.

The funeral of John Foreman took place yesterday afternoon from the residence of his sister, Mrs. H. Smith, 440 MacNab street north. Rev. F. E. Howitt officiated at the house and grave. Deceased was a member of the Bartenders' Union and of Court Maple Leaf, A. O. U. E. both societies were well represented, and marched in a body to the cemetery. The burial service of the A. O. U. E. was read by John Young, P. C. R. Three members of each society acted as pall-bearers: Charles Wilson, Joseph Savage and Frank Smith, A. O. U. E.; John Berry, John Morton and A. Fraser, R. T. U. The floral tributes were many and beautiful.

JAMIESON'S CLIMBING.

The Yorkshire, England, Herald of Saturday, April 12, has the following: A noteworthy feat has been performed by Mr. J. R. Jamieson, of Hamilton, Canada, who has been staying at Cairo. Recently he journeyed to Mena, and ascended all three Pyramids entirely alone and unaided. He accomplished the ascent of Cheops in 10 minutes, Khafra in 15 minutes, and Merkan-Rami in seven minutes. The Egyptian Gazette questions whether any tourist has accomplished this arduous task before.

CENTRAL LADIES' AID.

There was a large attendance at the meeting of Central Presbyterian Ladies' Aid Society yesterday afternoon. Plans were made for active work next fall. It is likely two or more garden parties will be given during the summer. A social will be held in connection with the opening of the new church, June 14 to 21, but no arrangements were made as it was decided to call a meeting of all ladies in the congregation, and have it a congregational social. The president, Mrs. J. S. Henderson, leaves next week for a three months' trip to Europe; Mrs. J. J. Eves, First Vice-President will be acting President in her absence.

GREAT STORM IN THE STATES.

(Continued from page 1.)

13 years old. There are several more suspicious places in the grounds about the ruins, and the authorities resume the search to-day, with the chance of finding more bodies.

Conjectures and Details.

Further excavating which may reveal more bodies on the corpse-strewn farm of Mrs. Bella Guinness, a mile north of here, is promised for to-day by A. F. Smutzer, sheriff of Laporte County. In addition, Ray Lamphere, who is held on a charge of having caused the deaths of Mrs. Guinness and her three children, who were incinerated in a fire which destroyed their home on April 28, will be subjected to another examination before Justice Smith. It is the hope of Mr. Smith that Lamphere will shed light on the bodies found in the barn yard of the Guinness home yesterday. One is believed to be that of Andrew Helgelein, of Mansfield, S. D. Another may be that of Jennie Olson, a foster daughter of the Guinnesses, who disappeared in 1906. A third is partially accounted for as that of an unidentified man, who visited the place two or more years ago. The other skeletons, thought to be those of children, are unexplained, although Lamphere told the sheriff last night he had seen a child disappear from the farm some time ago.

Sheriff Smutzer advanced the theory that some of the bodies may have been sent here from Chicago in an effort to cover up crimes in that city. He has asked the Chicago police to investigate the antecedents of the Guinness woman, she having lived in that city prior to her appearance here in 1906. But even if these mysteries are solved there remain yet the puzzling incidents surrounding the burning of the house when Mrs. Guinness and her children met their deaths.

Two of these children, Myrtle, aged 11, and Lucy, aged 4, bore the patronymic of Sorenson, having been born to Mrs. Guinness by her first husband. The third was Philip Guinness, aged 6 years, Sorenson died suddenly in Chicago prior to 1900.

That the fire which caused the death of these children and their mother was of incendiary origin is the firm belief of the local authorities. Also they have a suspicion that Ray Lamphere, driven by jealousy, was the man who started the fatal blaze.

Except Lamphere, Joe Maxson, who was employed on the farm for a brief period, is the only one who can give the authorities any light on the mystery, and he knows but little. However, he gave a graphic description of his attempt to save Mrs. Guinness and her children from the fire, this being corroborated by neighbors of undoubted integrity. Lamphere spent the night of April 27 at the home of Mrs. Elizabeth Smith, a negro in Laporte. Whether he had time to reach the Guinness farm before the fire started is not known.

More Bodies.

Laporte, Ind., May 6.—It is reported but not yet confirmed that three more bodies have been found in the cellar of the Guinness house.

BIBLE CLASS BANQUET.

On Friday evening of this week the members of the Y. M. C. A. junior department Bible class will hold their annual banquet. Refreshments being supplied and served by the Ladies' Auxiliary. The regular Friday night training class will meet as usual at 6.30, and listen to a Bible reading by Rev. F. E. Howitt, and will join the banquet party on the gymnasium floor at 7 o'clock.

A special meeting of the Board of Directors will be held at 6 o'clock on Friday evening, and at 7 o'clock the members of the board will attend the Bible class banquet, for which an excellent programme has been prepared by the boys' secretary, Mr. W. J. Robinson.

LUCK AGAINST HIM.

Street Car Fender Saves Life of Would-be Suicide.

New York, May 6.—The fate which blocked John C. Larsen's effort to earn a living as an engineer on the New York Central Railroad again interposed his hand to-day when Larsen attempted to commit suicide by throwing himself in front of a street car. In consequence Larsen was sent to a hospital, bruised and battered, a prisoner charged with attempted suicide. Larsen had been a fireman and engineer since 1884, but was discharged when the operating force was reduced several months ago. To-day when he threw himself in front of the car the fender caught him and dragged him for some distance, inflicting painful but not dangerous injuries. "Luck is against me," he grumbled when the police placed him in an automobile.

For Your Summering

Write to the Information Bureau, Canadian Northern Railway System, Head Office in Toronto, for two booklets—"The Lake Shore Line of the Great West" and "An Introduction to the Best Country in Six Provinces," before you settle your summer holiday plans.

The first takes you north to the Muskokas, Parry Sound, Georgian Bay, French River and the Magnetawan District. Tells you how to go, when to stop, what to do, and from information given—you can figure out the almost actual cost in dollars and cents.

The second takes you to Montreal, Quebec, into the Lake St. John and Saguenay River region, down along the ocean shore in Nova Scotia to quiet towns—store-houses of history, romance and tragedy. On to Cape Breton Island where live (as their forefathers lived a century ago) the kindest folk in the world. And all along are places to stop at where you may rest.

A BEAUTIFUL PICTURE.

The Charles E. Morgan ticket office is the proud possessor of an excellent marine picture from the brush of Fred Panning, the well-known New York marine artist. It is a view of the Allan Line steamship Victorian, and it is exceptionally well done. The picture was taken yesterday, and was put in place to-day. The office received the picture strictly on its merit, having had the largest sale of Allan line tickets outside of the agents of the company.

DETROIT EXCURSION.

The Canadian Foresters' excursion to Detroit, under the auspices of Count Transportation, promises to be a huge success, judging from the way the tickets are selling, and it would be well for those wishing to go to purchase their tickets now, on account of the limited number issued. See posters and ad. for further particulars.

FAVOR TAFT.

Hartford, Conn., May 6.—The Republican State Convention voted to instruct its delegation for Secretary Taft to-day. There was some opposition.

Washing Delicate Embroideries.

Make a good lather with soap and warm water, adding one-fourth of a teaspoonful of powdered borax to each quart of water. Place the articles in an ordinary glass fruit jar, then nearly fill the jar with the lather. Seal tightly, shake the jar a little, and place it in bright sunlight for 24 hours. Of course, if the weather is cloudy, the time should be allowed for. Turn the jar around occasionally, so that the sun may penetrate every part. When the time is up pour off the lather, press the fabrics gently, then rinse several times in clear, soft water. Return it to the jar with more clear water, set it again in the sun, changing the water daily, until the material is white. I recently removed a bit of fine hand embroidery which had become as yellow as butter. By this method, and it was beautiful.

FULTON Mrs. Isah Pyott is under the care of Dr. Woodhall, of Binbrook, with kidney trouble. Mr. H. Stewart is preparing to start to draw milk from this neighborhood to the cheese factory at Woodburn.

STONEY CREEK Miss Bell Alexander, of Toronto, spent a few days of this week with Miss Margaret Lee. Rev. S. Sarkissian will conduct services in the Methodist Church on May 10th.

JERSEYVILLE Quarterly communion services were held in the Methodist Church on Sunday morning last.

VINELAND Mrs. Ed. Fretz is on the sick list. Mr. and Mrs. Merle Hargnes and Mr. and Mrs. W. G. Haynes, of Jordon, spent Sunday at the home of G. Overholt.

WOODBURN W. B. Thomson intends starting his cheese factory on Monday, May 11. The outlook for the coming season is very bright.

WINSLOW Mr. Samuel Cooper is again confined to his bed. Mr. Walter Glover, painter, of Beamsville, is getting along nicely with the painting of the Evangelical church here.

FISHERVILLE The road machine was used to good advantage in leveling the roadbed on Monday.

Prof. Stuart's moving picture entertainment was well patronized and was continued for eight days in the Town Hall.

Owing to the backward spring, considerable wire fence construction was done in this locality. Although anxious to do the spring sowing, farmers were prevented from so doing by the wet condition of the soil.

On Wednesday, Rev. S. B. Eix united for life William Schier and Fytilla Jeanette Nablo. The ceremony took place in the Lutheran Church and was a very pretty affair.

# WHITNEY FIRES HIS FIRST GUN.

### Asks For a Square Deal as He Has Fulfilled His Pledges.

### Speech Rather Tame and Disappointing---Hon. Mr. Hanna at the Con. Club.

Given a splendid reception by an audience that filled the Savoy Theatre to overflowing, James Pliny Whitney, Premier of the Province of Ontario, fired the opening shot of his campaign in Hamilton last evening. Defending the administration of his Government during the three and a half years that it has been in control, and laying down the policy, on which he asks the people to return it to power, he held the undivided attention of the crowd for two hours. Perhaps his most important utterance on a question in which the people of this city are vitally interested, was his declaration that even though two Liberal representatives were elected here, Hamilton would be as fairly dealt with when it came to deciding where the Technical College should be located, as if two Conservatives were returned. The Premier made no attempt to justify the Normal College seat. Not once did he make reference to it in his address.

Eighty-two thousand in 1907; succession duties, \$458,000 in 1904 to \$821,000 in 1907; casual revenue, \$107,000 in 1904 to \$164,000 in 1907. The proceeds from every source of revenue had increased by leaps and bounds under the present Government. "What have we done with it?" asked Mr. Whitney, and answering the question, he said grants to hospitals had been increased by \$100,000. The double railway taxation had brought in during two years \$164,000, half of which had been paid over to the municipalities. In connection with agriculture and colonization the grants had increased from \$624,000 to \$1,121,000. In other words, the expenditures had increased in the interests of the people. Similarly in regard to education the expenditure had been increased from \$944,000 in 1904 to \$1,900,000. Those figures were witnesses to the manner in which the Government had carried out their pre-election promises. In each of the last three years there had been a surplus in the treasury—a surplus you could put your hand down into the treasury and feel. "In three years the surplus aggregated \$1,800,000. That was in spite of the gloomy predictions of Hon. Geo. W. Ross.

"It may sound like a fairy tale, but that is the truth," he continued. "The Premier, who proceeded, said that when they wanted to raise three millions for the T. & N. O. they did not go to England, give large commissions and 'something for the boy' but to the people of the Province, who bought the bonds of Ontario. They had \$2,857,000 in cash at call, which had been advanced to the T. & N. O., and which would go back into the treasury. Further, each year the people had received back from the Government \$900,000 more than they did from the Government."

Every promise in connection with education had been carried out. They had said that the public school should not be a door-mat for anything else, but a self-contained institution in which 95 per cent. of the child population would receive education fitting them for life, and not spending a large proportion of their time studying for the high school, to which they could never go. The grants to the rural and urban schools had been increased, \$200,000 more had been given to the University, and the school book ring had been broken up.

On the subject of prison labor, Mr. Whitney said that when the Government had completed the reform they would close, bar and lock the door forever on anything like prison labor in the province of Ontario. It was intended to utilize prison labor at farming work.

The enforcement of the license law was touched on. The Government had administered licenses without fear or favor and had been criticised for it. The Government's enforcement of the license law was good, he claimed, and in substantiation he quoted several temperance men as testifying to this.

"Let me say a word," he added, "about local option. Three-fifths is far from being un-British. It is British; but we only asked people to give a fair trial to local option, and not to carry it out. We are not bound to the three-fifths majority any more than to four-fifths; if it is shown that it is unwise to have it and the results are not good it can be changed, but we believe the results have been good."

Mr. Whitney reviewed the power question, repeating his previous speech with regard to the negotiations. The Government were prepared to carry out their agreement with the Ontario Power Company. "We have got so far along with it that the contract with the city of Toronto is now being signed. As far as human effort can go we have carried out our purpose, and we have arrived at a situation on which criticism will be impossible."

The Government had taken steps to acquire the water powers and streams for the Province. Mr. Whitney, speaking of mining and Crown lands, said the Government had encouraged settlers by allowing them to take the timber and minerals on land, and laid the foundation of a reforestation policy. The Gillies limit had been reserved for the benefit of the people, and in dealing with the minerals and public lands there had been a change in policy. In 1904 there were sold and leased 102,800 acres for \$96,000, while in 1907 there had been sold and leased 102,000 acres for \$1,300,000, and the receipts from mining had increased from \$16,900 to \$1,721,000.

With regard to the Larose grant, Mr. Whitney claimed that the Government had only acted honestly. The Larose people had undertaken to procure the necessary evidence to upset the claim on the part of the Province. He said the Premier, that they would not undertake that work at their own expense. "There was no bargain, but there was the feeling there would be between two honest men."

Passing on to the Canadian Northern guarantee, Premier Whitney described it as "one of the wisest and most justifiable acts of the Ontario Government, and one which would be endorsed by the people. It was an act in line with others, which will be distinctly for the financial advantage of the Province. It was not intended to break the school book ring, to enforce the liquor license law, and other things. "We have done every one of those things," said Mr. Whitney, "except law reform, for which we have laid the foundation, and which will be carried out next session."

Touching on the finances of the Province, the Premier took credit to the Government for the present position thereof. Mr. Mackay objects to the Government of the University by a commission, whereas the Temiskaming Railway was managed by a commission. The revenue increased from \$4,600,000 in 1904 to over \$8,000,000 in 1907. Among the items of revenue he mentioned that the license revenue had increased from \$362,000 in 1904 to \$857,000 in 1907. Receipts from the Province of Ontario, including the Department increased from \$102,000 in 1904 to \$257,000; the receipts of public institutions from \$110,000 in 1904 to \$266,000 in 1907; taxes on corporations and railways from \$420,000 in 1904 to

### STEVENSON.

Fine Address to the Men of Central Church.

"The Life of Robert Louis Stevenson," as interpreted by Rev. J. Roy VanWyck, of Sherman Avenue Presbyterian Church, proved most interesting and instructive to a fair-sized audience at Central Presbyterian Church last night. It was the regular monthly meeting of the Central Men's Association, and Rev. W. H. Sedgewick, was in the chair. During the lecture, two excellent solos were sung by Dr. Gerald S. Glasco, accompanied on the piano by C. Percival Garratt.

Rev. Mr. VanWyck announced before his lecture that he had just received word that the Presbytery, in session at St. Catharines, had granted his people permission to build their new church any time they saw fit. This was received with loud applause by the fathers of the growing church in the east end.

If any one man had a message to deliver to mankind in the 19th century, said the lecturer, it was Robert Louis Stevenson. He gave the world at that time the gospel it so much needed. Men had divorced religion from the other parts of their life and had not faith enough in time of trouble to carry them past the shock of every day repressions. Stevenson was to make singing songs in the midst of failure, and he not only taught cheerfulness and submission to the will of God in all conditions of life, but he lived it as well. In the battle of life he refused to let defeat prevent him from arising from the ruins and trying again at least to make the best of his shattered life. He fought for strength and the battle was an illustration of the doubts that assailed him on every side. Did he ask "Shall I be so mad as to complain that all can not be deciphred in this life?" He did not. He took his life as he found it, and he was content that it was God's world, and he refused to fight against the will of God. His religious faith was a practical faith, and he shirked neither faith nor duty. He knew what it was for the depression of things to touch bottom, but he comforted himself with the thought that the next change must necessarily be for the better.

His belief was never to lose sight of himself, not to be so conceited that he did not see the work others were doing around him, but that he might see the right way to do his own work. He believed he should live for the future and not for the past, and he was content to try to do this at all times. The deadliest doubt of all is the doubt of one's own value, was what he followed. His motto was, "There is one man I have to make good—myself—and after that I must look to my neighbor; try to make him happy and make him happy make him good. Religion, said Mr. VanWyck, is a rule of life and an obligation to do well and honestly by all. This motto, he added, might look well hung up at a political meeting.

He read portions from Stevenson's prayers, and laid emphasis on one—"Help to look on our desires, greater than our deserts."

He spoke of the indomitable strength of purpose displayed by Stevenson, who, when sick and unable to work from hemorrhages, wrote his thoughts lying on his back. When his right hand was in a sling he wrote with his left, and when he was unable to use either he dictated. When the power of speech was denied him in the height of his sickness, he dictated a whole book by the deaf and dumb alphabet.

This closed the lecture and the applause, together with a hearty vote of thanks, showed how well Mr. VanWyck had entertained his audience. Business transacted at the meeting was the changing of the date of the meeting from the first Tuesday in the month to the first Monday, and as this was the last meeting before the summer vacation, arranging to give the executive committee power to fix dates for outings for different afternoons during the summer. A special meeting will likely be called on June 1st, to consider what help can be rendered in the opening of the new church, which is slated for June 14th.

### WILL WRECK WHITNEY.

Senator Casgrain to Take Part in Campaign.

Montreal, May 5.—Senator Casgrain, of this city, says that "Socialism will wreck the Whitney Government at the coming election."

In an interview to-day he stated that he was going to Ontario to assist in the coming election.

"Hon. Mr. Whitney has acted like a bull in a china shop, so far as the financial interests of Ontario are concerned, and if I had no invitation to go to Ontario to help in the coming elections I would deem it my duty to see that the Government which has recklessly wrecked the credit of Ontario and of the rest of the Province of the Dominion should not be entrusted with the administration of the affairs of Ontario for another term. If Ontario is not to protect British and foreign capital invested in this country, where is her future?"

"Many of the leading Conservative financiers will oppose Mr. Whitney at the coming election because of his interference with vested rights. If you follow the financial policy in England you will see that Ontario securities have been selling in London at a great discount."

## ANNIVERSARY AT BEAMSVILLE.

SUCCESSFUL SERVICES ON SUNDAY AND MONDAY.

Rev. W. H. Sedgewick, of this City, the Preacher—Excellent Entertainment on Monday evening.

(Special Despatch to the Times.)  
Beamsville, Ont., May 6.—Beautiful and impressive were the anniversary services which took place in the Presbyterian Church here on Sunday, followed by the delightful entertainment and social gathering on Monday evening. Rev. W. H. Sedgewick, of Central Church, Hamilton, preached to a crowded church in the morning, and at the evening services every available seat and chair was brought into use, and the large school-room was almost filled. The choir was augmented by several cornets, and the singing, under the leadership of Mr. J. Zimmerman, was of unusual excellence. On Monday night tea was served by the ladies from 6 until 8 o'clock, and they had a busy time of it serving the many who were present. The entertainment as a whole was better than for seven years. Miss Gertrude Stares, of Hamilton, sang four solos, and had to respond in every case to an encore. Hereafter a favorite with Beamsville audiences will be Miss Mildred H. Gordon, eleventuitionist, of St. Catharines. Her several selections were certainly chosen to please the most fastidious, and the platform style, adopted by many in this vocation, is entirely absent from Miss Gordon's work. She is natural and pleasing at all times, and taken altogether, left nothing to be desired. Miss Emma Kelley, who is always a warm favorite with a home audience, gave several selections, and a mandolin in her act was accomplished manner. Mrs. Somerville and Miss Greves, with a piano duo, pleased the audience, and were vociferously recalled.

Hon. Wm. Gibson was chairman, and the accompanists were Mrs. Somerville, and Miss Riggs. The President of the Ladies' Association is Mrs. Osborne.

### KILL THE MOSQUITOES.

To the Editor of the Times:

Sir,—The writer, and I am sure every citizen in Hamilton, will hold up both their hands in praising the Board of Health in their determination to rid the city of all mosquitoes. The board two years ago did good work by filling up and draining a good many ponds, more especially the ponds at the head of Sanford avenue, adjoining the T. H. & B. Railway, and the result was that the great nuisance of the city was almost entirely removed. There are a number of cities in the United States that are free from mosquitoes only by spending annually many thousands of dollars and it is considered an unnecessary and profitable investment. Many of these cities have such quantities of low marsh lands that it is impossible to drain them. Fortunately Hamilton may exterminate the mosquitoes with very little attention and expense. A good many well-to-do citizens, who live in the summer and escape the mosquitoes, but seven-eighths of the citizens remain at home. Hundreds of citizens within the past two years have built beautiful porches and verandahs on which to enjoy the summer evenings, but such enjoyment is impossible where the mosquitoes thrive. Surely the Board of Works will join the Board of Health in draining or filling up every pond at once, so that our worthy assessors, Mr. Macleod, can announce to all parties thinking of locating here that Hamilton is one of the few cities free from mosquitoes, that citizens living here can enjoy their evenings and sleep at night without being annoyed with the pests. Every pond that cannot be drained by May 15th should have the surface of the water covered with crude petroleum oil, or again we all will have to suffer this summer. It is doing the many little things that are our duty that make life pleasant and successful. We are constantly advertising Hamilton as a live, progressive and beautiful city, which means that we are striving to make it an ideal city in which to live. Then why should our fathers allow fifty or more stagnant ponds to exist, which mars the beauty of our city, pollutes the atmosphere, depreciates property and breeds the mosquitoes in millions. Many of which carry disease? Surely it will be plain to every citizen that it is their duty to do away with every stagnant pond, now and for ever. Their own advancement is the direct solution of the problem of life.

Yours respectfully,  
Newton D. Galbraith.

## Mother takes a Cascaret and baby gets the benefit. It is easy to supply, in this natural way, all the laxative a baby needs.

An exclusive milk diet tends to constipation with all of us. So does inactivity. Without exercise, without coarse food and fruit and green vegetables, our bowels are never active. Is it any wonder that a nursing baby, who cannot yet walk, needs the help of a laxative? All babies do, as you know.

When baby grows older, his different foods will do what Cascarets do for the bowels. When baby can walk and play and be active, exercise will take the place of a laxative. But, until then, a gentle laxative is almost a constant necessity. All mothers know that.

It isn't necessary to give the laxative direct to the baby. It is better if the mother takes it. Then the baby gets its laxative as part of its food. And the mother is helped at the same time. But use nothing but Cascarets. They are gentle and natural—purely vegetable. No irritation, no harshness, no gripping.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and Ten Cents per Box.

RELATION OF GOVERNMENT

To Trade Associations, Deal With by Grocers.

Paper by Mr. H. C. Beckett at Convention

Says These Associations Have Been Misunderstood.

The feature of the meeting of the Ontario Wholesale Grocers' Guild yesterday was the paper by Mr. H. C. Beckett, of this city, on Government recognition of Trade Associations. It was listened to with keen interest by a full gathering of the members, and was followed by considerable comment. The paper is as follows:

In submitting for your consideration and discussion a subject of vital interest—viz, "The importance and value of trade associations and their relations with the Government," it is with the firm conviction and feeling of confidence that the time is coming when the difficulties under which the trade and commerce of this country have labored in the past, will be largely minimized by progressive, intelligent measures so much needed in view of the changed conditions of trade.

In dealing with a matter so important might we not profitably consider the reasons for our many difficulties? Briefly then—trade associations, their value and importance as a factor in promoting and bettering trading conditions have not been thoroughly understood or appreciated by the average merchant, the press, the public generally, and particularly by our Federal and Provincial Governments.

Trade associations have been misrepresented, have been regarded with suspicion, have been looked upon as combinations pure and simple. It has not been fully realized, and is not yet fully realized, that trade associations are absolutely necessary to promote healthy and honorable trade conditions. Without them how can we successfully wrestle with the complex problems that confront every business man and every business community? If there are evils in business, united effort is the only practical remedy. Individual effort is barely noticed. Organized effort means power and will be noticed sooner or later.

When a great many concerns or units are engaged in the manufacture and sale of goods of similar character, order, system, and recognized business customs are necessary to prevent confusion and disaster. The reasonable, sensible, businesslike and the only practical way to deal with all problems that confront and endanger any line of trade is through an association.

The keynote of progress is clearly and unmistakably organization and unity of effort, and the things so far accomplished by trade associations, in spite of hasty and narrow-gauged opposition, are too pronounced to be doubted.

Take our own business. Those who will study the grocery trade on broad lines and remember what has been accomplished in the past, must admit that it would be fatal to halt in the march of advance. No matter how imperfect we appear in each other's eyes, it must be clear to you that the work should progress until we reach that state when retailer, wholesaler and manufacturer will realize the benefits of co-operation on lines of mutual fair dealing. It should not be assumed that these interests are antagonistic, but it should be our constant effort to work out lines along which the three classes can harmonize.

If education is necessary for the young, it is not equally necessary in business. Have we not dishonestly contended with in business? Should dishonest travellers and dishonest merchants be permitted to pursue their nefarious and demoralizing methods unchecked and unhindered? What will the next generation of business men be like? There is no time to pass when honest men, and men with honest inclinations, are to be discouraged in any efforts they may make to put the merchandising and manufacturing of goods on a higher scale than has existed recently.

That progress in association work has been slow is largely due to blind self-interest—prejudice, suspicion and jealousy of a competitor. It has perhaps not occurred to all, that a remedy for the evils which exist in business, should and must come from within, and in accordance with honest principles, and under government regulation.

Sometimes we find people in business with peculiar ideas. They imagine they can continue selling goods that cost them 107 for 105, and still pay their creditors. Such people are a menace to the trade, as they are damaging to the manufacturers, and their license to do harm is not in the interests of healthy trade conditions. To such we should turn our attention and be able by reasonable methods to prevent the spread of this disease.

To any one familiar with present day conditions it seems incomprehensible that there are men in business who believe and underestimate the value and importance of trade associations. But there are such people and to them can, in a great measure, be attributed present day evils. They are mean enough to take advantage of what others have done for their benefit, but, either through fear or meanness of heart, will take no part in the work themselves.

There must be some recognized, legally sanctioned security in business to prevent serious conditions with respect to the investment of capital. Failure in legitimate business is not desirable, and any effort to prevent a better condition than at present exists among merchants and manufacturers should be encouraged and intelligently investigated.

Now, what has been the attitude of both our Federal and Provincial Governments in respect to trade associations? In a word—Antagonistic. And why this antagonism? A prominent Canadian banker quite recently gave a reason which I am firmly convinced is true, viz, an irresponsible press. If a country is honeycombed with agitators who are opposed to capital or associations generally, why do politicians and Cabinet Ministers listen to and heed the false and erroneous statements which so frequently appear in an irresponsible press, and stand ready to shape their course by what they foolishly imagine to be a popular cry? The answer is easy—it is a question of votes. Thousands of dollars are spent annually to maintain a labor bureau, to catch the labor vote, and it is to the credit of the labor unions

that they have succeeded in impressing the Governments with their numerical importance, even if they are in the minority. Will the long-suffering merchants and manufacturers of the Dominion have to show their power at the ballot to get a proper recognition at the hands of indifferent Cabinet Ministers?

It is deplorable that more thought and attention is not given by those who are placed in authority, to find out the actual commercial needs of our country. Those who would give careful attention would see signs of the times which ought to be heeded. That evolution is in progress in the condition of trade carrying on the operations of trade throughout the length of this great Dominion, that a Government should look for opinion and advice to bear upon legislation affecting business interests which are interlaced with the interests of all. Let the voice of business men be heard and a wise Government will adopt progressive measures.

Agitation is an aid to redress, and the more the importance of trade associations is discussed, the more thought will be applied to them, the more attention will be given to them, so that ultimately trade opinion will evolve a plan that will minimize, if it does not completely cure, the unsatisfactory conditions which at present prevail.

In the interest of good government, there should reside somewhere the power to protect the legitimate merchants and manufacturers of the country against waste and wrong. Such power should reside with the Government if trade associations cannot be trusted to stop at the proper limit. Personal interest may not yet have acquired the necessary intelligence and sensitiveness to stop at the point where it begins to invade the people's rights, and as good government should protect the people's rights, trade associations should be recognized.

Although suggestions were made to the Ottawa authorities months ago, and promises made that enquiry would be instituted with a view to progressive measures, nothing has been done. It has already been suggested that the trade and commerce department should wake up and enquire into the commercial needs of our country; it has been suggested that a Bureau of Internal Trade and Commerce be established with power to pass upon agreements between merchants and manufacturers, and to perform such other work as would safeguard the interests of the people. Our neighbors across the line have received the promise of their president that something must be done to prevent the senseless and vindictive attacks upon necessary business methods. Why should the trade of our fair country be persecuted and intimidated? Is there any sensible reason that can be given for it? The importance of the matter requires immediate attention.

It is no long delayed look like man-made. It is not a position of mere confidence. Can merchants and manufacturers expect anything for the future? Let us hope so. It should be the law of the land that no legislation be enacted affecting the trade of this country without first getting the opinion of trade associations through such associations' accredited representatives. No man with a fair mind should be allowed to quietly get the ear of Parliament and then railroad through some legislation hurtful to the interests of sound business, as has been done in the past. The things our legislators do to hurt business frequently indicate a complete lack of knowledge and grasp of the subject dealt with. What may have taken years to build up is destroyed in a night. At present there is no Government method to safeguard the business man, and it is necessary and desirable that there should be.

In the first place, a complete and accurate record of the names and addresses of every trade association should be on file with the Department of Trade and Commerce. This record would be of benefit in enabling the Governments to get in touch with the trade of this country. The trade should be consulted. The Governments should get a what might be called a bank for the general good, based on sound business, not individual, on questions concerning the business welfare of this country. No bill should be introduced in the House of Commons without first sending a copy of it to the accredited representatives of every trade association in Canada. Under the present system no provision is made to keep the trade informed of what is going on. It is only after it is too late that the trade discovers some new regulation seriously damaging business without being of any benefit to the consumer. Thousands of dollars are spent annually in huge deputations protesting against unfair legislation. The business men of this country are put to enormous expense when this might be avoided if reasonable and businesslike methods and regulations were adopted.

It would suggest that steps be taken by this Guild to bring the attention of Parliament to the present unsatisfactory and out-of-date methods, with a view to the adoption of progressive measures so much needed under the changed business conditions.

The proposed trade associations must gradually, but surely disappear. We must join in a cry for higher standards of ethics in the conduct of business. The change will not only be beneficial to the business man of to-day, but will have a good and necessary influence on the thought and conduct of the young generation soon to shape the commercial future of our nation.

The thirty-seven members of the Guild who are gathered together here in convention in the Federal Life Building, have already waded through a lot of business, and expect to finish up by late this afternoon. A committee was appointed yesterday afternoon to attend a meeting of the traders in Toronto on May 20. This meeting will be a very important one to dealers, as important matters in regard to legislation are to be discussed.

A bill the retailers are endeavoring to have passed, and which the Guild is opposed to, was discussed yesterday. The members were the guests of the Canadian Cannery yesterday, and were taken to Grimsby and back in autos after being dined at the Hamilton Club.

To-day the Hamilton members entertained their visitors and dined them at the Commercial Club. A theatre party at Bennett's was much enjoyed last evening. All the boxes were occupied by grocers.

T. B. Escott, London, is president. Fred Cook, a young Englishman, was fatally injured by being run over by a trailer of a College street, Toronto, car.

Music and the Drama

At the organ recital given last evening in the Church of St. Thomas by Miss Lillie M. W. Peene, A. T. C. M., a large audience enjoyed a programme of a high order of merit. The event was in aid of the rectory fund. Miss Peene was assisted by Mrs. A. W. Palmer, soprano, and Mr. Victor Hutchison, tenor. Miss Peene is very favorably known as a piano soloist and teacher, but the public has had few opportunities of hearing her as an organ soloist. Her work last night was a delight to the most critical. She showed a complete mastery of the instrument in a programme that brought out every phase of temperament and treatment, and received many congratulations for her finished work.

Mrs. Palmer, for some years soloist at St. Thomas, was quite at home in her old church, and sang her two numbers in a charming manner, and Mr. Hutchison also sang with much freedom and sweetness. The programme was:

March Religieuse.....Guilmant  
Pastorale in E.....Lemare  
Song—Eye Hath Not Seen (from the Holy City).....Gaul  
March of the Magi Kings.....Dubois  
Allegretto Grazioso.....Hollins  
Song—Evening and Morning.....Spicker  
Mr. C. Victor Hutchison.  
Andante Cantabile.....Tchaikovsky  
The Trumpeter's Greetings.....Hofman  
Song—Abide With Me.....R.S. Ambrose  
Mrs. A. W. Palmer.  
A Royal Procession.....Spinney  
Sir Frederick Bridge.

The visit of the organist of Westminster Abbey to Hamilton is an important event in the musical history of the city. The position of Dr. Bridge as the leading organist of England should attract a large audience to Centenary Church tomorrow evening. The choir, augmented for the occasion, will sing a specially prepared list of anthems from a list of composers such as Tyre, Tallis, Farfant and Purcell of the sixteenth and seventeenth century, and Sullivan, Sterndale

and Herbert, who has fitted Henry Blossom's unique vocal and telling lyrics to the heartiest of tunes, will be hummed and sung and whistled for many years to come.

Included in the cast are John Ford as Com. Kidder; Wm. R. Swor as Kid Conner; John B. Simpson, Harry Carter, Alfred Davidson, Fred McVee, Maurice Lavigne, Charles Hopkins and the Misses Viola Kellogg, Marguerite Fay, Sadie Kirby, Edna de Dreu and a chorus of fifty, together with six little Dutch kiddies. "The Red Mill" will be seen at the Grand to-night.

Mr. E. H. Sothern's Play.

The reception that greeted E. H. Sothern at the Lyric Theatre, New York, on the opening night of his engagement, where he presented his father's success of years ago, "Our American Cousin," himself appearing in the role of Lord Dundreary, made famous and popular by his father, was of such enthusiastic characters as to leave not the slightest doubt of its sincerity.

Mr. Sothern's revival at this time of the comedy that has not been played since his father's death in 1881 has awakened peculiar interest everywhere, and it is sure to be one of the most popular of Mr. Sothern's repertoire.

Without its traditions and the delightful memory of its association with the elder Sothern it would probably receive scant recognition, if measured by the standard of comedy to-day. As presented by the elder Sothern and now by his son, it is a made-over play—revised to give the character of Dundreary the centre of the stage. The revision has disconnected the story, and has injected a great deal of comedy monologue that has no relation to the story.

Prominent members of Mr. Sothern's company this season are: Rowland Buckstone, Sidney Mather, Frank Reicher, Malcolm Brady, Adolph Lustina, Albert Howson, William Harris, John Taylor, Virginia Hammond, Gladys Hanson, Mrs. Holcomb and Kathryn Wilson. Mr. Sothern will be seen at the Grand on Friday night.

At Bennett's Theatre.

Two of the acts at Bennett's this week have been styled as among the best in the business. And they are all that. Both go in for fun-making, and at it they are successful. The real headliner of the show is the sketch, "The Unrepealed." In it a great and original plot is unravelled. The description of a horse race over a telephone is a ripple of humor and the audience is carried away by the cleverness of it. Inez Macaulay is a charming little actress, with a keen sense of the opportunities of her part, and Clarence Oliver is a youthful, exuberant lover. The second tiptop act is that of Brown, Meeley and Montrose. Their parody of a ball game is one great laugh and should serve to awaken the interest

of local fans in the game which is soon to be in full swing in this city. Nonette plays a number of selections on the violin very well, and is invariably given the heartiest of receptions. I. Warren Keene is a mystic, his sleight of hand work being much above the ordinary. The Raindancers are all good looking and talented girls with a bunch of good songs, the last of which they sing in a good old Hamilton rain-storm. Garret and his troupe of roller skating experts, who throw a liberal dash of clowning into their performance. John Hackett's pupils in "Love's Devotion," materially strengthen the bill, and are not the least interesting items in it. The motion pictures are above the average.

"Brown of Harvard."

With Henry Woodruff as star, "Brown of Harvard," the best and most delightful of all college plays, which comes to the Grand on Saturday, is now in its third season. The production is the same which pleased New York and Chicago for nearly 600 nights.

The company supporting Mr. Woodruff was selected with an eye as much toward having young men and women with the appearance of college students as in securing capable players. Nearly every man in the cast is a college graduate, several, including Mr. Woodruff himself, being from Harvard.

"Brown of Harvard" was written by Rida Johnson Young, author of "Glorious Betsy" and "The Boys of Company B," herself a graduate of Radcliffe College, the girls' department of Harvard University. Through her residence at Cambridge and her student life, Mrs. Young was completely saturated with Harvard traditions, and intimately knows the types and conditions treated of in her comedy.

CAN'T GET RID OF DOUKS.

Police of Yarkton Still Guard Unwelcome Guests. Yarkton, Sask., May 5.—The colony of Doukhobors is still in the Agricultural Building, under the supervision of the Mounted Police. The Town Council and the Board of Trade are urging the Saskatchewan Government to send them back to Ontario. Apparently they are a fixture, as both the Provincial and Dominion Governments refuse to accept the responsibility. The Ottawa authorities authorized the police to buy peanuts and apples only for them, but no clothes. They are scantily clad, but are apparently satisfied to remain here indefinitely.

8TH SATELLITE OF JUPITER.

Greenwich Observatory Officials Announce a New Discovery.

London, May 5.—The officials at the Greenwich Observatory claim to have discovered an eighth satellite of Jupiter. During an examination of photographs of Jupiter, Mr. Melotte, one of the assistant astronomers, discovered a faint marking, occupying slightly different positions in the different plates. The circumstances precluded the possibility that it was one of the known satellites or a minor planet. Repeated investigations by Messrs. Cromer and Melotte led to the conclusion that it was a new satellite, with a retrograding orbital movement.

BODY WILL BE EXHUMED.

Ottawa Woman's Death Believed to Be From Poison. Ottawa, May 5.—It is alleged that Mrs. Wilfrid Pierre, of 39 Clarence street, came to her death two weeks ago by means of poison, administered to her by some person or persons unknown, and near relatives of the deceased lady have secured a permit from the Attorney-General of the Province for the exhumation of her body. Tomorrow an examination will be made by the medical men in the autopsy room at Notre Dame Cemetery.

BROKERS QUIT BUSINESS.

Two Hundred Members London Stock Exchange Not Seeking Re-election. London, May 5.—Owing to the serious slump in business no fewer than two hundred members of the Stock Exchange have placed their names on the list of those who have decided not to apply for re-election the current year. Many brokers declare that business has been so poor that they have been unable to make expenses. Others, more seriously hit, actually admit that they can't raise the necessary nomination fee.

NOT A PENAL COLONY.

Canada Refuses to Take Drugs of British Population. London, May 5.—Lord Alverston, presiding at the Metropolitan Prisoners' Aid Society, said that in 1907 the society had sent a number of men to Canada, where, it was stated, there would be a demand for them, but the experience had not been successful. Sir A. Willes pointed out that in future the society would be unable to send such men to Canada. Canada and the other colonies now absolution of their refusal to take the drugs of the British population.

NEW ELECTIONS BILL LAUNCHED.

Mr. Aylesworth Points Out Defects in Manitoba Law.

A Perpetual Tangle For the Returning Officers.

Mr. Borden to Fight the Measure With All His Power.

Ottawa, May 5.—In a House crowded as it only is on the most important occasions, the first shots were fired to-day in the battle over the Manitoba and British Columbia voters' lists, and the prospects are that for many days to come the Commons will resound with the clash of a conflict provoked in large measure by the party fanaticism of the Roblin Government.

Before the orders of the day Sir Wilfrid Laurier fulfilled the promise of yesterday by giving a further idea of the measures which the Government proposed for the present session.

Hon. A. B. Aylesworth, in rising to move the second reading of the amendment to the Dominion elections act, was received with liberal cheers.

Turning to the consideration of the situation now raised, Mr. Aylesworth recalled that at the last general election, in 1904, there was difficulty with reference to the voters' lists in the Province of Manitoba.

Mr. Borden said the House had listened to a remarkable speech, supposedly on the subject of the law reform.

Mr. Greenway commenced his remarks by drawing the Government's attention to an anomaly which he thought should be removed.

Accordingly the legislation of the Dominion Parliament, passed in 1898, provided that whenever that was the case with the voters' lists in any particular Province these voters' lists should not necessarily be accepted for the purpose of elections to the Dominion House.

It was manifestly impossible that the returning officer could do anything more than make a guess, or to secure such information as he could with reference to the various voters.

did it with black ink, and that was the only difference.

Purpose of the Bill. The purpose of the present bill, Mr. Aylesworth said, was to authorize what was admitted to be a reasonable and necessary thing.

Registration Boards. The bill accordingly proposed that immediately upon the issuing of a writ, or, if the circumstances rendered it proper, before a writ was issued, men should be appointed to act, subject to the revision of the County Judges, as a registration board, men who would be acting upon their responsibility as officers of the law, and subject to an appeal to the County Judges of the Province.

Dealing with the provision for the revision of the lists, Mr. Aylesworth emphasized the point that from 1885 to 1898 the settled policy of the Conservative party was that the Dominion Parliament should control its own franchise and that the voters' lists for Dominion purposes should be prepared by officials named by the Government of the day.

The Middle Course. The question, therefore, came to be whether the Dominion Parliament should adopt the policy upon which the Conservative party acted, when the voters' lists for the Dominion voters were prepared throughout the work of the Provincial authorities as altogether disregarded or whether Parliament, on the other hand, should adhere to the policy laid down by the present Government in 1898 and adopt the Provincial system, no matter how ineffective, and apply it to the preparation of the Dominion lists.

The Opposition Leader. Mr. Borden said the House had listened to a remarkable speech, supposedly on the subject of the law reform.

13 YEARS' ILL-CURED

Pain so Bad Captain of Engineers Fainted on Field.

Capt. A. W. Strachan, R.E., St. Catharines, Ont., writes as follows: "I have been a great sufferer for over 13 years with bleeding piles. The pain at times was almost more than I could stand, especially in foreign countries while on duty.

# BASEBALL SEASON OPENS HERE TO-MORROW

## NIAGARA FALLS MEETS THE TIGERS.

### Stone Street Won the Kentucky Derby Yesterday.

### Senior C. L. A. Series Will be Arranged on Friday—Records in City Bowling League Broken.

To-morrow will see the revival of real professional baseball in Hamilton, when the Hamiltons and Niagara Falls, N. Y., teams of the new International League, will meet in an exhibition game. Although the opening of the league season will not take place for two weeks, a good deal of interest will be taken in this week's series, as a number of local boys who are anxious to catch a place on the Tigers' team will be tried out. To-morrow's game will start at 4 o'clock, and Jack Day, of Canandaigua, N. Y., one of the league umpires, will handle the indicator. The following players will be in tiger uniforms:

- Browns and De Koon, as catchers.
- Watson, Bradford and Murray, as pitchers.
- MacKouch and Maxey, as first basemen.
- Murray, second base.
- Finning and Larey at short.
- Lanning, Curtis and Brennan at third base.
- McMillan, Muir, Bradley and Hennessey as infielders.

This morning, at the request of Manager George, building inspector Anderson made a thorough examination of the stands and the new bleachers at Battery Park, and he issued a certificate that they are perfectly safe, and can carry all the persons that can be crowded into them.

Many improvements have been made at the fair park, and they will no doubt be appreciated by the patrons. Persons who ordered season tickets and have not yet received them can get them to-morrow at the box office by applying to Assistant Manager Richardson.

Jack Brennan, the Toronto third baseman, last season with the Haverhill Club of the New England League, and who was touted by Manager Mike Kelly of the Toronto, as a fielding wonder, has reported, and is quartered at the Stockyards Hotel. He will fight it out with Curtis for the third base position. LEW BRADLEY TO PITCH.

Niagara Falls, N. Y., May 6.—The first of the Yankees to arrive here "Cy" Doremus, the lengthy slab artist; Conroy, the outer garden performer; last season with Kingston of the Hudson River League, and Manager-Captain Matt Kelly, who reached here from the Lehigh Valley Saturday morning. With Manager-Captain Kelly came his wife and child.

Last night Charley Armstrong, Billy Terno, Bates, Lacey, Robinson and McCabe arrived and were met at the station by Manager Murray and Captain Kelly. The players, with their luggage, were taken to the Lorraine in Niagara street, the headquarters of the club. Kelly, the headquarter of St. Louis, who is expected to-day, and Gussie Spinner, of Lockport, the midget backstop. To-day the players are resting up. To-morrow they will start practice at Athletic Park in earnest in preparation for Thursday's exhibition at Hamilton.

The club's uniforms will be light grey with black trimmings worn abroad, and while at home they will don blue with green trimmings.

**GUELPH GETS CIVIC AID.**  
Guelph, May 6.—Exhibition Park, where the International League baseball team will play its games, will be put in much better condition than it is at present, and the team will have a much better playing field.

At last night's council meeting the Parks and Shades Committee was granted an increase in its appropriation for the year that will enable it to erect a new grand stand in the park, and other much needed repairs. The material in the old stand will be used to construct bleachers.

**EASTERN LEAGUE SCORES.**  
At Jersey City—Montreal dipped the Skeeters into the lime-tub yesterday, winning the game easily by 6 to 0. The Beavers drove Witt to the clubhouse in the fourth, and hammered Pfenmiller as hard in the eighth. Jones allowed the home team but three hits, and pitched splendid ball all the way. Score: R. H. E. Jersey City . . . . . 0 3 2 Montreal . . . . . 6 9 3

Batteries—Pfenmiller, Witt and Fitzgerald; Jones and McManus. At Newark—Wheat up in the air in the ninth inning and Rochester won the game on two bases on balls, a wild pitch and two singles. Score: R. H. E. Newark . . . . . 3 10 2 Rochester . . . . . 5 7 1

Batteries—Nauer and Stange; Banister and Erwin. **NATIONAL LEAGUE SCORES.** At New York—R. H. E. Philadelphia . . . . . 0 8 2 New York . . . . . 4 10 1

Batteries—Foxen, Ritchie and Dooin; Witt and Bresnahan. At Boston—R. H. E. Boston . . . . . 7 10 1 Brooklyn . . . . . 1 4 1

with the members of the team, mentioning the fact that his son Quentin was an enthusiastic baseball player, belonging to the same team with Charlie Taft, a son of Secretary Taft. The President told his visitors that Quentin kept the averages of all the leading ball players. **FULL TIPS.** It would not be a bad move for Kelley to put Wenceslau in the outfield until "Sandow" gets recovered his batting eye. In no less than four different games has Mertes had the opportunity of winning for Toronto, and he has failed to hit.

President J. J. McCaffery, of the Toronto Ball Club, received the two pennants won last year by his team, viz., Eastern League and Class A. He took them over to the Island yesterday and made arrangements for unfurling them on opening day.

One Tyrus Cobb is endeavoring to show reason for his holding out for a big stipend. He surely is the real goods. Friday he hit around four runs, and was tagged out at the plate by inches when he tried to score a run for himself by walling the ball to the fence. Detroit beat Chicago 4 to 2. Cobb doing all the hitting which drove in the quartette.

**STONE STREET'S DERBY**  
Outside Won the Classic Event of Kentucky Turf.

Louisville, Ky., May 6.—Finishing well in hand and leading by from one to three lengths for the whole of the last furlong, Stone Street, a bay colt, by Longstreet—Stone Nellie, won the thirty-fourth Kentucky Derby yesterday over a track fetlock deep in mud. The finish was never in doubt after the horses had traveled three-fifths of their mucky route, and the only excitement at the finish was furnished by three horses struggling for the place and showing the "narrow time", as it is known, in the second, two add-on lengths behind Stone Street and a head in front of Dunvegan, which made a last rally in time to beat synchronized for three place by a neck. Fifteen thousand people cheered the contestants over their journey of a mile and a quarter, which was covered in the slow time of 2:15.5. The total value of the stake was \$89,000. The money wagered on the big race totaled less than half the amount that usually changes hands on a Derby.

The pari-mutuel system was in use for the first time, the lowest wage \$85, and the price for the amount paid for each seat. For instance, where Gold Road is quoted at \$25.39 straight, it signifies that he was \$25.39 to \$5. Eight horses started in the Derby. Of the nine contestants originally carded, two are in the money, and Balmus—three scratched, and a third, Gildedear, which was shipped from Pimlico especially for the event, failed to arrive in time for the race. To the six remaining two starters were added at the last moment—Synchro, carrying 112 pounds, and Jockey E. Burton on, and Frank Bird, 108 pounds, with J. Williams in the saddle.

New York, May 6.—High Private, at the prohibitive price of 1 to 2, easily won the Greenfield Stakes at 4 1/2 furlongs at Jamaica yesterday. He so far outclassed the colts opposed to him that the bookies practically laid no price against him. Dugan rushed him to the front, and rounding the turn, took a three-length lead. Preceptor, best fiddler, closed some ground on the gelding, but High Private won easily by one length in the last time of 53.1-5, which is a new track record. Big Chief, favorite and closing strong under the whip, won the handicap at six furlongs from a good field of sprinters.

**MR. SEAGRAM'S STRING.**  
Waterloo, May 5.—J. E. Seagram's racing string, to the number of twenty-seven, leaves here to-morrow morning for the Woodbine. They are all in splendid shape, and will be ready for the races when the flag falls on May 23. The old and reliable Merry England, one of the best and most consistent horses that ever carried the black and yellow, will be seen no more on the race track. He has been retired to the stud, and will be left at home. Inferno, last year's winner of the Toronto and King Edward Hotel cups, is as fit as a fiddle and is good as ever. The following is the list:

Inferno, 6, by Havoc—Bon Ino.  
Sir Ralph, 6, by Breadknife—May Garrett.  
Purslane, 4, by Watercross—Flavane.  
Lynchurst, 4, by Ogden—Anxious.

## N. Y. Sporting Writer Tells Amos Rusie a Story.

A New York sporting writer, in answering a correspondent who wanted to know whether Frank Merriwell and his brother Dick, characters in a well-known weekly nickel novel, were "real live" people or not, replied as follows: "Dear Anxious,—Frank Merriwell is to the ball player what Santa Claus is to the kids. He is the royal flush of the game—a thing nice to talk about but seldom seen. If you are right sure you are not kidding me, I will tell you a story of one of Frank Merriwell's adventures that I once told to old Amos Rusie, and you can judge for yourself. It was a championship game between the Corn Droppers and the Sugar Beet Sweets. Merriwell was the star of the Corn Droppers, and some star he was at that—practically the whole Milky Way. The game in question was fraught with intense excitement, as all games are—in the papers. Merriwell for some unaccountable reason was absent, and there was great sadness thereat. At the end of the eighth inning the score stood 8 to 0 in favor of the Sugar Beet Sweets. Groun after groun arose from the assembled multitude. "Where, oh, where, was Merriwell? As the Corn Droppers went to the bat in the ninth two men were easy out on flies. A loud lament arose from the crowd, but in a moment it turned into a whirlwind of joy. "Frank Merriwell, with his square jaw set and determined, was seen approaching the bench! In a jiffy Frank was at the bat for the pitcher. With a vicious whack he slammed the first ball over the right field fence for a home run. Some joy arose, but eight more runs were needed. "But wait! Leave it to Frank Merriwell. Did he fail in the hour of need? Listen. Dashing into the club house he disguised himself as the next player, and appearing at the bat, again banged the ball over the fence—two runs! Again he galloped into the clubhouse, disguised himself as the shortstop and again slammed the ball out of the lot. "And so on it went until he had impersonated each player, made nine home runs and won the game. "And even in that day, that was adjudged as going some. "Well," said Rusie, when the story was ended, "I believe that's a darn lie."

## ROWING CLUB CREWS CHOSEN.

The Rowing Committee of the Hamilton Rowing Club has selected crews from the active members for the spring races, which will probably be held in five or six weeks. The club premises are now in first-class shape for the use of members. All the boats have been put in good repair, and it is imperative that strokes have their crews rowing as regularly as possible. Every member who intends taking an active interest in rowing this season is requested to be at the club house on Saturday afternoon at 3 o'clock. New members and those not already placed in crews will then be arranged for and placed in some of the unfinished fours. It is desirable that everyone who possibly can, should be at this meeting is of the utmost importance with reference to the season's work. The crews selected are as follows: C. Fox, D. Lyon, H. S. Awrey, A. McKenzie, stroke. J. F. Barr, D. Duncan, A. Yule, B. O. Hooper, stroke. J. R. Marshall, H. M. Paulin, R. Slater, N. Slater, stroke. D. Dumbrie, J. Taylor, G. McClintock, J. E. Hogg, stroke. A. A. Soule, O. D. Peat, N. J. Boyd, A. J. Taylor, stroke. H. P. Birely, J. Ross, F. B. Griffith, N. Meade, stroke. W. King, W. Philip, J. F. McDonald, Capt. De Kam, stroke. A. A. Cooper, M. Watson, W. L. Agnew, B. Watson, stroke. W. Obernuss, E. Goodwin, W. J. Walsh, — Townsend, stroke.

## COMMENT AND GOSSIP OF SPORTING MATTERS.

It is a good thing that the Niagara Falls baseball team did not pick on the name "Cataracts" there are so many Cataract haters here. Hamilton sports will now proceed to become baseball crazy. Baseball will do—till the race meeting starts. Perhaps the sporting writer who dubbed the Tigers, Paige Pellet Pounders is used to taking "pills for pale people."

The following is from the Baltimore News of a recent date: Without a penny being wagered at the local track, George Sherman, of this city, C. J. Murray, of Canada, and several friends, won a fortune yesterday when Dulciani, one of the outsiders the betting at 8 to 1, won the steeplechase race at Pimlico. Those behind this coup, realizing that they could not get down a big amount at the local track, sent commissioners to New York and Albany with "rolls" to place at the closing price. The result of the race was never in doubt. At the fall of the flag Dulciani led and won easily. It was stated this morning that he was worth \$60,000.

From London Advertiser: There is an old saying that when a crowd "gathers" to a player, he is gone. Louky Kerr is one of the unfortunates picked out for ridicule. Just why cannot be seen on the face of it, for a more conscientious youngster never slammed a curve over to New York than Louky. He is too good a pun. Possibly Kerr is too good a natured, and is, therefore, singled out as a mark. Louky himself blames the local papers for all his trouble, but whether he is justified in so thinking is some-

Cray, of Pottsdan, N. Y., were also expelled. Charges against Hurley and Cray were dismissed. The six men were brought up before the board charged with having aided Direct Wood, who has a mark of 2:07.1-2, under the name of Dick Pointer, a supposed green horse, in ice races at Montreal. Quier admitted when examined to-day, that the horse had been falsely entered. "You see," said Quier, when testifying before the board, "we found that a whole lot of people were talking horses over to the ice races and entering them under other names, and in other classes, and we just thought we would get in on it, too."

## SENIOR C. L. A. SERIES. Meeting to Settle Matters Will be Held on Friday.

Toronto, May 6.—When asked last night as to prospects of a senior team in Orillia, John C. Miller, the well-known lacrosse mogul, stated there was no chance, as Orillia would only play intermediate and junior. Speaking of Bradford and Newmarket, Mr. Miller said the same applied to them. All talk applies to the announcement that Guelph (Galt and Ferguson will play senior. Ferguson is content with intermediate honors, and is not likely to switch into the senior series and have its players professionalized. Guelph is a baseball town, not lacrosse, and with a team there in the International Baseball

## PARI MUTUELS AT LOUISVILLE.

### French System May Become General in America.

In a conversation on race track betting about two years ago, while returning from the Fort Erie race track on one of Billy Morrison's personally conducted excursions on the G. T. R., Mr. Francis Nelson, the sporting editor of the Toronto Globe, and the best racing authority in Canada, expressed the opinion to the Times sporting editor that inside of five years the Pari Mutuel system of betting would become general on race tracks in America. To prevent that a system that was in vogue in the old land a quarter of a century ago would take the place of the bookmaker's system, but it is not now it looks as if the opinion was well founded. Mr. Nelson took the ground that as the talent and the public became wiser it would refuse to play such high odds as 100 to 1 on the track, regulars know the bookmakers not only pay the purses, but are able to make enough to live like princes. Things are changing, however, on the turf, as well as in other lines of sport and commerce, and the public refuses to take any more price for their crookedness. They will no longer stand out 100 per cent. books. Long shots no longer prove a bait for the unsuspecting outsiders and the betting in many races is limited to two or three horses—horses that have a chance.

There are many features of the old French system of betting that appeal to the thinking man who plays the pool, and the one thing that is in favor of the adoption of the plan in this country is that the bettor's money is handled more cheaply and the profit to the racing association is just as great. The greatest opposition to the system comes from the bookmakers and the handbooks men. The handbooks will object to the odds being fixed by a machine, but their objection should not count. They always object. The Chicago Racing Firm has taken up the subject of Pari Mutuels and in yesterday's issue the following article appeared: To racegoers of the present generation the system of betting that will be in operation in Louisville is a novelty, although well known and popular thirty years ago. It is, except as to the auction pools, the method of betting in France, Austria, Italy, and the fairest ever devised to enable any number of persons to wager over the result of an event of common interest. Auction pooling is purely American and the present prevailing betting system of the trotting track. When the favorite Kentucky Derby was won by Aristides in 1875 all of the betting was in auction pools and mutuels exclusively, so the coming experiment is only a return to first principles. The least sum that can be bet in the mutuels, as they will be operated at Louisville, is \$5. The bettor receives one ticket on the horse of his choice for that sum. If he desires to bet \$100 he is handed twenty \$5 tickets, or one hundred tickets if he is a heavy speculator and bets \$500. In the old days, when much betting was done at New York tracks in the mutuels \$5 tickets were provided for the plungers. But all money received goes into one aggregate sum and is divided on the basis of an equal dividend to each \$5 ticket sold on the winners.

Below will be found some details as to how values are calculated: Let it be presumed that a race in which there are twelve horses is about to be run and that the following dividend pool represents the number of tickets sold against one horse: Straight. Tickets sold. 1—Hindoo . . . . . 285 2—Checkmate . . . . . 215 3—Parole . . . . . 168 4—Thora . . . . . 94 5—Luke Blackburn . . . . . 113 6—Bancroft . . . . . 102 7—Fellowplay . . . . . 69 8—Liatuna . . . . . 42 9—Liatuna . . . . . 26 10—Fidd (three horses) . . . . . 17

Total . . . . . 1,132 Let it be presumed that Parole won. Fellowship was second and Hindoo third. This calculation, however, only concerns the first horse, or winner. Number of straight tickets sold in the race . . . . . 1,132 Multiply by 5 to obtain amount in dollars . . . . . 5,660 Deduct 5 per cent. commission . . . \$566 Balance . . . . . \$5,094 Divide \$5,094 by 158, which is the number of tickets sold on Parole: 158)5094(32 316 1934 304 337 336

Parole, therefore, pays \$32 for each straight ticket, or nearly 3 1/2 for 1. In the same race, presuming that the following numbers of place tickets were sold, the calculation would be: 1—Hindoo . . . . . 210 2—Checkmate . . . . . 183 3—Parole . . . . . 112 4—Thora . . . . . 102 5—Luke Blackburn . . . . . 91 6—Bancroft . . . . . 83 7—Fellowplay . . . . . 58 8—Felix . . . . . 45 9—Liatuna . . . . . 22 10—Fidd . . . . . 18

Total . . . . . 924 Number of tickets sold . . . . . 5 Which, at \$5 each, would make \$4,620 Deduct 5 per cent. commission . . . 231 Leaving a balance of \$4,389 Add together number of tickets sold on the two horses that run 1—2, viz.: Parole . . . . . 112 Fellowship . . . . . 58 170 Reduce to dollars . . . . . \$850 Deduct this sum from the \$4,389 in pool . . . . . 3,539 Divide this \$3,539 in halves, which makes \$1,769.50 each. Divide \$1,769.50 by 112, which is the number of tickets sold on Parole, and also by 58, which is the number sold on Fellowship: Parole . . . . . 112)1769.50(15.79 1764 5.50 To each of the above results (\$15.79 and \$30.59) must be added the original investment money at \$5 each, which was deducted in the first instance, so that Parole pays \$20.79 (or about 3 to 1) and Fellowship \$35.59 for each place ticket. The calculation for the third-place ticket is similar to the foregoing, the only difference being that, in making it, provision must be made for three sets of winning tickets in the pool, instead of two, as in the place betting.

## CRICKET ON PACIFIC COAST.

Vancouver, May 6.—The Vancouver Cricket Club has been formed for the season, with the following officers: President, H. Lockwood; Vice-Presidents, R. Marpole, C. J. Johnston, C. Sweeney, Dr. Bell-Ing, A. Jukes, C. Nelson, W. B. Ferrie; Captain, J. H. Senkler; Secretary-Treasurer, F. W. Sterling; Committee, J. Elliott, C. E. Thomas, S. P. Judge, W. H. Crossfield, Geo. Walton. The club played last season 18 matches, winning 15 and losing 3. A very successful tournament was held in Vancouver in August, at which teams from Seattle, Tacoma, Portland, Victoria, Nelson, Vernon and Westminster, competed. Vancouver played throughout the week without a defeat, thereby winning the championship of the Pacific Coast League. Cricket has become very popular on the coast.

## SHORT ENDS.

**Little Paragraphs of Sport From Far and Near.**  
Geo. Kelly, of the champion Montreal fourteen, is counted at present for a place on the Ottawa football team during the coming season. The Ottawa Club has been in London with Kelly, and the herculean workman is expected in Ottawa within a short time.

London, May 6.—Jay Gould arrived here last night and immediately visited Eustace Miles, whom he defeated recently for the court tennis championship. He will defend his title on May 16 against Miles and says that he hopes to get daily practice so that he may be ready for the contest. Mr. Gould will remain in England for the Olympic games and will then go to Paris.

Vancouver, May 6.—A Canadian soccer team will be sent to the Olympic games, leaving here in September, and six British Columbia players will be selected. Fifteen players and a manager will go along, every province in the Dominion being represented. Announcement to this effect was made by Mr. Geo. A. Parker, Canadian representative of The People's London newspaper, which has been looking into the matter at the request of the Canadian Olympic committee. Mr. Parker left yesterday for Ottawa, where he will interview Col. Hanbury Williams.

The St. George's junior baseball team, challenge any team in the city, average age 16 years, to a game of ball to be played at Victoria Park on Saturday afternoon at 2:30. Answer in this paper. The Junior Tigers, age 12, challenge the Primroses to a game on Saturday morning at Victoria Park.

Secretaries of junior baseball clubs are requested to call at the Times office and get a supply of score cards. They are free.
