THE STORY WHICH IS EXCITING ENGLAND.

We have received the followextraordinary narrative from a correspondent for whose good foith and professional courtees. The main road again—which differed, I may remark, from none of the other roads we had traversed—Mr A. soon after declared, "There is that man just a ted by the attorney who wishextraordinary narrative from a correspondent for whose good faith and professional acuteness of observation we can vouch. He substantiates his story with full details of dates, names and polese, which, however, for the sake of the survivors, he does not wish to be published. Without any further preface we leave the part of the first time to run house held, which were the murder was committed. It was innovent to the murder for which I have been as many judgeth. I was innovent of the murder for which I have been hanged." "What is its like? I asked. He replie round. He, however, sing it like? I asked. He replie round. He, however, it is like? I asked. He replie round. He, however, it is like? I asked. He replie round. He, however, its like? I asked. He replie round the certain who as year or two before had never the more of the marked for the first time to company the certain of the murder for which I have been hanged." "What is is tike? I asked. He replie round. He, however, as many judgeth. I was innovent of the murder for which I have been hanged." "What is is tike? I asked. He replie round. He, however, as many judgeth. I was innovent of the murder for which I have been hanged." "What is it like? I asked. He replie round. He, however, it is like? I asked. He replied to the could be the county of the corner of the murder for which I have been hanged." "What is is tike? I asked. He replied to the county of the corner of the murder for which I have been hanged." "What is is to the proper of the locality, had only more than the didness of the county of the corner of the murder for which I have been hanged." "What is is the first time to do the county of the corner of the murder for which I have been hanged." "What is is the first time to contain the was not have the murder for which I have been hanged." "What is a being single that the didness of the proper of the county of th our household, where the widow was regarded with feelings of sympathy, which led us to avoid as much as possible all reference to her husband's fate. I had previously good reason to doubt whether the evidence against him justified his exicution. He had died protesting his innocence. His wife and friends were firmly convinced that although he had been in the fight, it was not by his hand the fatal blow had been dealt. In addition to this, I had good reason to believe that the real murderer was still at large. You murderer was still at large. You can easily im ine my astonishment when thus suddenly ventured upon forbidden ground, and abruptly declared that the spirit of a man who had suffered the capital penalty and whose personal appearance exactly coincided with that of the unfortunate Irishman, was ac- A miller in Peru, Indiana, fell tually following the servant asleep in his mill and bent forabout the house proclaiming his ward till his hair got caught in innocence in accents which, al- some machinery and was yankthough inaudible to me, my ed out, and of course it awakenguest declared were perfectly audible to him. roots into every part of the habitable for danger? We think not. These view of securing her adhesion to the pears that not only in enterprise, and has been beneficial to mankind, and has globe. It is the proud boast of her people pay their taxes and doserve at people that the sun never sets upon least some consideration for their her empire and they firmly believe property. that in the near future the universal But how can this be done? Under the United States, which, by the result, that in the near future the universal But how can this be done? Under appears to have not been successful. Of language will be that of the Anglo-our present system there can be very course, taxes imposed on the importation Saxon. The reason that England has little change. But let the Town be of goods of the same kind as those which succeeded while other countries have failed in their efforts to plant colonies is not because the British Governian is not is not because the British Government have always pursued a wise and judicious policy towards them, but because the English people are endowed with those qualities that are necessary to meet and overcome the thousand and one difficulties that engrants to a new country are said to encounter. At the present time Canada requires emigrants to a new country are said to encounter. At the present time few cents additional taxes he will have to pay under incorporation.

We ask our Councillors to consider and fill up the boundless plains of the matter, and get the ratepayers opinions on this subject. We repeat we must have a change and the active of agricultural skill, indomitable personal of agricultural skill, indomitable personal for a gricultural skill, capital as there are virgin forests to be cut down, new lands to be tilled and barren wastes to be turned into awakened in England respecting the smiling landscapes. From all that mysterious fate of the Franklin exploring we have heard and read with respect expedition by the story of a remarkable to the climate and the character of voyage made last year by Captain Adams, the soil of this new country we be a Dundee whaler, in the Arctic regions. lieve we would be justified in our The New York Herald has an interestdescription if we were to use the ing account of his voyage from which language of Douglas Jerrold and say we take the following: that "you have only to tickle it with "He entered Lancaster Sound in June, a hoe and it will laugh with a har- giving the slip to the other whalers, who a hoe and it will laugh with a harvest." If the British Government take in hand this matter of emigration they will have to pursue a difference to trust themselves alone in unfrequents to they will have to pursue a difference to trust themselves alone in unfrequents to trust themselves alone in unfrequents to trust themselves alone in unfrequents apathetic. I have noticed this in speaking to Western farmers, who would seem to have the greatest interest in free the doctor, her bushand—leaving his seem to have the greatest interest in free and the doctor, her bushand—leaving his seem to have the greatest interest in free and the doctor, her bushand—leaving his seem to have the greatest interest in free and the doctor. The proposition of dutishle artistic and the doctor has tended to St. John ent course to what they have been in the habit of following heretofore. What have been the character of the great mass of emigrants they have sent out to the colonies? Have they Barrow Strait. He then boldly returnnot been of a class that was useless to ed into Peel's Sound, and penetrated is done. Seeing the finances flourishing the following day to their final resting the most been of a class that was useless to see into I cer's dound, and per into I ce the country they were sent to. It the Erebus and Terror were abound ned. The promise that by encouraging there was a neer-do-well in a family, was it not a common practice to pack him off to the colonies for the pur
the manufactures it will draw emigration and provide the farmer with customers on the spot, instead of sending the provide the farmer with customers on the spot, instead of sending the provide the farmer with customers on the spot, instead of sending the provide the farmer with customers on the spot, instead of sending the provide the farmer with customers on the spot, instead of sending the place. Mother and son now lie side by side in St. Stephen's church cemetery. She survived him but 25 hours. A large concourse of relations, friends and DAVIDSON, Merchant, of Newcastle, N. In Still Stance of about 85 miles.

Specifications of contract and forms of tender may be obtained on application at the Capadian Pacific Railway Office, in New Westminister. and at the Chief Engineer's Office at Ottawa, after the 1st Janto the country they were sent to. If the Erebus and Terror were abounded. was it not a common practice to pack him off to the colonies for the purpose of getting rid of him. If there passage, a feat never yet accomplished. In believe," he said, "that the North-the results. After all, we remember that Samuel McKnight, Napan, and had atmanufacturing towns, were not as West passage can be made by way of the United States are not an ordinary tained to the age of thirty-eight years, many of the distressed operatives as could be got to go, sout off to some could be got to go, sout off to some colony or other by the authorities, mers he would have made it in 1848. I selves that they were so fortunate in their efforts to remove them out of their efforts to remove the remove th their enorts to remove them out of the tried Prince Regent's Inlet, and this time would attend protection applied to a expenses of their support. This is successfully, and advanced to the very small territory, than to tell them they expenses of their support. This is entrance of the Fury and Hecla Straits. are a ruined people, when they know not as it should be, the colonists are There, as the brief season open to such that, instead of being ruined, they are by no means rich or wealthy and they find it tax enough to look after their ed, for home, rewarded by a most ample world. There is talk of an Imperial of an All-Wise Providence he has been own poor without having the paupers | cargo. of other countries thrown upon their A most interesting incident in the adhands to support. What is principally wanted in the colonies is capital. tain Adams was his meeting with an Esworld. Canada would always be willing culturist—the man who can make shed fresh light on the dark, pathetic but she would hardly enter into an artwo blades of grass grow where one story of the Franklin expedition. Suc- rangement of this kind. Her case is grew before. Probably the best cmi- cessive search voyages have almost cleargrew before. Probably the best emi-grant in the world for a young and rising colony is a young and enter-Terror. The spot where the ships were essentially underest from that of the day of the missing crews of the Erebus and with the United States, which are her and many of the crew, all these are American goods she would have to eming his allotment. Such a man will points long ago made known to the thrive, prosper and if he does not grow rich in the course of a few years, he will at least he comfortable come of Lieut. Crozier? Captain Adams and many of the crew, all these are ploy a considerable proportion of her population in guarding the Customs the interview is entirely the result of Prince Bi-marck's intrigues, and that at large scale. dollar, the lord of his own acres, with my toyage I had aboard a very intelli ENGLISH AND AMERICAN SHIP no rent to pay and the frowns of no gent Esquimaux. "A "GHOST SEEN IN NOO DAY

THE STORY WHICH IS EXCIT ENGLAND.

We have received the foll

extraordinary narrative fro correspondent for whose g faith and professional acuter of observation we can vou He substantiates his story full details of dates, names places, which, however, for sake of the survivors, he not wish to be published. W out any further preface we his letter before our reader As my wife and I were sittin breakfast with a guest who will call Mr. A.—then on a for the first time to our ho and neighborhood-our servant passed out of the r on her way to the kitchen. she closed the doorMr A.star me by saying: "I saw a spin a man following that wor who, as he passed, said distin in my hearing, 'God judgeth as man judgeth. I was cent of the murder for whi have been hanged." is it like?' I asked. He ren by describing a young Irish whom I recognized at one the husband of my dome who a year or two before been executed on the charge murder. Mr. A., a com stranger to the locality, had met me for the first time days before, and he was to ignorant of the crime in w my servant was so deeply it ested. For obvious reasons subject was never alluded our household, where the wi was regarded with feeling sympathy, which led us to a as much as possible all 1 ence to her husband's fate had previously good reason doubt whether the evid against him justified his ex tion. He had died protes his innocence. His wife friends were firmly convi that although he had bee the fight, it was not by his the fatal blow had been In addition to this, I had reason to believe that the murderer was still at large. can easily im rine my asto ment when thus sudd ventured upon forbi ground, and abruptly decl that he spirit of a man who suffered the capital penalty whose personal appearance actly coincided with that of unfortunate Irishman, was tually following the ser about the house proclaiming innocence in accents which though inaudible to me, guest declared were perfe audible to him. I had h that Mr A. had been a "s but I was not a little startly this striking illustration of peculiar faculty. 1 rema that it was very strange, an formed him that the wo whom he had just seen for first time when her ghostly panion was really the wido an executed felon. Some afterward he exclaimed-"T

he is again repeating the

words!" Intensely intereste

his sudden and apparently

ernatural confirmation of

suspicions, I determined to
