

THE PUBLIC MARKET WILL BE OPEN TO THE HOUSEWIVES OF CALGARY THIS MORNING AT 8 O'CLOCK

The market building will be thrown open to the housewives of Calgary at 8 o'clock this morning. Every person who cares is asked to attend and lend patronage to the occasion. Incidentally every one is asked to come and see the bargains which are to be noted on the numerous stalls, and every bargain is open for the first time ready to give the price. And the price, be it said, will be lower than it would be elsewhere.

The opening of the market is the consummation of the work of the Consumers League through several weeks. The league is an organized body of housewives of Calgary who felt that much might be done to reduce the high cost of many of the necessities

of life by having them brought direct to a market from the producer and supplied direct to the housewife at the cost of production and handling.

George Wells, who is superintendent of the market, appointed by the city council to the work, last evening said that though the Consumers' league had done much for the organization of the market, there was no bar of any kind on any person attending and making purchases. The market is for the general public, and every one who cares may come to the opening or any day and make whatever purchases he wishes.

Mr. Wells also reported last evening a well-stocked market,

and everything in perfect readiness for the opening this morning. Stalls and booths were crowded with products of every variety, and presented a very fine appearance indeed. There are vegetables in profusion, and no housewife will miss at the opening at least any of the wants which she goes there to supply.

There are in addition several stalls crowded with many fine flowers and green plants. Some very beautiful blooms are on exhibit, while the horticulturist will find many choice specimens ready for planting out, and ladies will not miss beautiful cut flowers ready for table decoration.

Those who have been in charge of the organization have also

made arrangements with a number of retail grocers to have their stalls fully stocked at the market. Ladies may also purchase in kinds of purchases in the building, and a good deal in a view to the heavy sale which is impending.

As to the prices, there is but one opinion, that they will be very nader, that is, in ordinary parlance, at the opening. The point that is for the housewife herself to experience, and the only word left to be said is that each one should attend the market the better, and from experience find and make the market a thing of value.

THOUSANDS OF RAILROAD MEN FROM ALL OVER NORTH AMERICA COMING TO CALGARY FOR 1914 MEETING

BUSINESS WOMEN WILL ASK FOR BYLAW FROM CALGARY CITY COUNCIL TO REFORM CONDITIONS

Local Council of Women Endorse Request for Chairs for All Women Employed in Downtown Shops; Business Women's Club Approach Board of Health for Bylaw and Prepare to Support Request at City Council

ARMED with resolutions of endorsement from forty-two women's societies of Calgary, the Business Women's club requested the Medical Health Officer, Dr. Mahood, last night to embody their request for chairs for working women in all shops and stores in Calgary, in a workable city bylaw.

Dr. Mahood promised his support, and advised that copies of the report and the resolutions endorsed by the three thousand women of the city be forwarded immediately to the board of health.

The Business Girls' club is taking steps to have this done, and will push the bylaw to the city council, where a number of aldermen have already promised to support it.

This step marks the culmination of three months of strenuous effort on the part of the recently organized Business Women to improve the condition of affairs pertaining in department stores and shops of all kinds. In only one store in the city are chairs provided for the girls, and they are required to stand on their feet for nine and ten hours, and for twelve hours on Saturdays; and in some cases no customers are not provided with seats.

Local Council Endorses Request. A detailed report as to the condition of the shops was furnished by a committee of the Business Women's club to the City Council at its meeting on June 17th. The report was read and the council expressed its sympathy for the request.

Philadelphian Woman Amazed. "I am amazed to find that not only are the employees without seats, but they are also without chairs," said Mrs. W. A. Wade, the secretary of the Business Women's club, who has just returned from Philadelphia.

The Business Women's club will go to the city council tomorrow to support the request for a bylaw.

What the West Did Yesterday

IN MACLEOD: Building in progress includes a \$65,000 filtration plant, a \$100,000 municipal building, a \$30,000 land office, fire, and \$75,000 post office is expected soon.

IN CALGARY: Word has just been received from Washington, D. C., that Calgary is the choice for the convention of the Brotherhood of Locomotive Firemen and Engineers for 1914. This means 5,000 delegates and visitors, and will be the largest convention ever secured in the west. Cities east of Chicago voted for Calgary, which, with the exception of one or two of the western states, was unanimously chosen.

IN LETHBRIDGE: A cloudburst deposited an average of 1.11 inches of rain generally over Southern Alberta last night, and assures a bumper crop.

CALGARY REGIMENT IN WARM BATTLE TO BEAT RIVALS

103rd Regiment Works Hard to Turn Out More Men Than 101st From Edmonton, Banjo Players Cause Anxiety by Missing Men Leave for Camp

The first big rivalry at the annual encampment of the Thirteenth Military district will be staged tomorrow and Monday, when the 101st regiment of Edmonton and the 103rd regiment of Calgary will march to the camp and enter their muster rolls. The Edmonton regiment is expected to turn out an equal number. Just at present the advance seems to be with Edmonton, as the Calgary regiment has called Thursday night, could muster but 450 men.

The Edmonton regiment will arrive here tomorrow and expects to be in the camp in time to answer the church call at 8 o'clock. They will detain at the C.P.R. station and take the road to the encampment at Reservoir park. They will march in full uniform, and their camp equipment will be taken to the camp in supply wagons.

The Calgary regiment will report for duty tomorrow and expects to be in the camp in time to answer the church call at 8 o'clock. They will detain at the C.P.R. station and take the road to the encampment at Reservoir park. They will march in full uniform, and their camp equipment will be taken to the camp in supply wagons.

The advance party of the Calgary regiment, consisting of a sergeant and 24 men, left for the camp yesterday.

Rev. J. A. Clark Tells of Recent Assembly of the Presbyterian Church at Toronto, and the Congress Which Preceded the Regular Gathering

The Union movement has made a clear move towards the Presbyterian Assembly at Toronto, according to Rev. J. A. Clark, of Knox Church, who returned yesterday from the east. In fact, Mr. Clark says the assembly will be a still more unanimous feeling in the great majority of the people of Canada, still in the hands of the Presbyterian church, and is anxious about all things to avoid the disruption of its membership.

The matter is now left in the hands of the committee which is to be held in November. This matter will again be submitted to the assembly again next year and there will be a vote taken. It is expected that the matter will still more unanimous feeling in the great majority of the people of Canada, still in the hands of the Presbyterian church, and is anxious about all things to avoid the disruption of its membership.

CALGARY WINS NEXT CONVENTION OF BROTHERHOOD OF LOCOMOTIVE FIREMEN AND ENGINEERS; 5000 ARE COMING

Through the Efforts of the Local Lodge of the Organization and the Industrial Bureau the Largest Convention Ever Held in the West is Coming to Calgary For Its Session of 1914

DELEGATION SAYS RAILROAD MEN OF NORTH AMERICA ANXIOUS TO SEE COUNTRY OF MUCH RAILROAD BUILDING

THE next convention of the Brotherhood of Locomotive Firemen and Engineers, an international organization, will be held in Calgary. The news was brought to Calgary yesterday by Engineer William Crowe, Calgary delegate, who has just returned to his home from the Washington convention of his organization.

It is estimated that fully 5,000 delegates will attend this convention. It will be made up of delegations from all portions of Canada, the United States, and Mexico. With the delegates will come several thousand men who are interested in the organization.

It will be the biggest convention of any kind that has ever been held in Western Canada. It will convene August 3, 1914, and the session will continue for a week.

Mr. Crowe, who headed the Calgary Delegation, is naturally very much pleased with the success of the local railroad men in landing the convention for Calgary. "We all worked hard," he said to a reporter for The Morning Albertan last night, "and we feel that we have achieved something for Calgary. Other cities were in the fight, but either the fame of Calgary has been established in the West, or we were well represented at the big convention of the Brotherhood on the first ballot."

"This is a rather singular thing. Not a year ago the Chicago delegates, who were the most prominent in the world, were in the city, and we had no chance of getting the convention here. Now, however, we have won the right to hold the convention here, and we are very proud of it."

Sanatone City Lodge No. 835, of the local organization is known in Calgary, and has been very active in the promotion of the convention. The lodge has a membership of 100, and is one of the largest in the city.

The convention will be held at the Hotel Macleod, and will be one of the largest ever held in the West. It will be a great success for Calgary, and will do much to improve the city's reputation.

EARLY CROP FALL WHEAT HEADS OUT

Fall wheat is 18 inches high in the Cardston district, and is commencing to head out, according to the statement of E. C. Smith, a rancher and newspaper man, who visited the property in that section recently. Mr. Smith is of the opinion that the wheat crop of that section is fully 10 days ahead of the grain of last year, and that it will be harvested much earlier than formerly.

"The crops around Cardston never looked better," said Mr. Smith to an Alberta reporter last night, "and the wheat is in especially fine condition. The acreage is probably not as large as formerly, but the yield should be greater, and with normal conditions the grains will all be in long before the advent of Jack Frost. The acreage put in to sugar beets in the Raymond country is larger than in former years, and the crop will be better than usual."

Count Shoots Himself. Vienna, June 20.—Count Ladislaus Kossuth, aged 24, shot himself in front of the anatomic Park Club of Budapest. On a visiting card he had written that his suicide was not due to financial difficulties, but only two cents worth of paper less than a farthing were found in his pockets, and it is known that he had lost large sums in gambling. His family say that his suicide was due to an unhappy love affair.

Fallen Baroness. Berlin, June 19.—A once greatly admired Baroness is now playing the violin at a low cafe here. She is the niece of a well-known foreign ambassador.

SIXTEEN PAGES CALGARY, SATURDAY, JUNE 21, 1913 TWELFTH YEAR—No. 97

THOUSANDS OF RAILROAD MEN FROM ALL OVER NORTH AMERICA COMING TO CALGARY FOR 1914 MEETING

BUSINESS WOMEN WILL ASK FOR BYLAW FROM CALGARY CITY COUNCIL TO REFORM CONDITIONS

Local Council of Women Endorse Request for Chairs for All Women Employed in Downtown Shops; Business Women's Club Approach Board of Health for Bylaw and Prepare to Support Request at City Council

ARMED with resolutions of endorsement from forty-two women's societies of Calgary, the Business Women's club requested the Medical Health Officer, Dr. Mahood, last night to embody their request for chairs for working women in all shops and stores in Calgary, in a workable city bylaw.

Dr. Mahood promised his support, and advised that copies of the report and the resolutions endorsed by the three thousand women of the city be forwarded immediately to the board of health.

The Business Girls' club is taking steps to have this done, and will push the bylaw to the city council, where a number of aldermen have already promised to support it.

This step marks the culmination of three months of strenuous effort on the part of the recently organized Business Women to secure the provision of chairs for all women in the city. In only one store in the city are chairs provided for women, and for twelve hours on Saturdays; and in some stores where customers are not provided with seats.

Local Council Endorses Request. A detailed report as to the condition of the city was submitted by a committee of the Business Women to the local council of women with a request for a bylaw to the effect that all shops and stores should be required to provide chairs for women. The request was endorsed by every one of the 42 societies at the meeting of the local council of women yesterday.

Dr. Mahood, however, saw the need of having the regulation incorporated in a city health bylaw by which the provision of seats in shops and stores would be optional, as they presented their request to Dr. Mahood.

Philadelphia Woman Amazed. It was amusing to find that not only the employees without seats, but the employers themselves, were surprised at the privilege of sitting down. The secretary of the local council of women, who was called to recognize the demand, and the secretary laws were instituted.

The Business Women's club will support the further support of the local council of women.

What the West Did Yesterday

His family say that his suicide was due to an unhappy love affair.

Fallen Baroness

Berlin, June 20—A once greatly admired Baroness is now playing the role of a low-life creature. She is the widow of a well-known foreign ambassador.

Count Shoots Himself

Vienna, June 20—Count Ludovik Kerschitz, aged 24, shot himself in the chest at the Casino Park Club of Budapest. On a visiting card he had written that his suicide was not due to financial difficulties, but only two words, worth together less than a farthing, were found in his pockets, and it is known that he had lost large sums in gambling. His family say that his suicide was due to an unhappy love affair.

Learn How to Get Back Your Strength

(By A. Wellman)

"These are the worst symptoms of weakness," said Dr. Soakem, after I had told him of my condition. I came to his office hoping to get something that would relieve me of the suffering which took all pleasure out of my life. My back was weak and painful, my head ached, I was nervous and had no energy or ambition. The loss of power, sapping my vitality, getting worse every day.

"Here is some medicine that will fix you up," said Dr. Soakem. "This stimulant will give you energy and take away that tired, debilitated feeling of which you complain. The other is your nerve; it will stimulate them, so you can't feel any pain."

"You will find directions on the bottles after you have used all the medicine you can have the bottles refilled at the drug store."

Needless to say, I made many trips to the drug store getting those bottles refilled. But the medicine "fixed me up" all right. The first thing I did was to put my stomach out of gear, and a small dose of food would nauseate, and the horrible taste it left in my mouth was worse than most any pain.

The stimulant gave me energy for a while, but after I had used it for a few days I had to double the dose to get the same effect, and it soon failed to do that.

The nerve medicine relieved all pain for a time, but like the stimulant, it, too, lost its power. I found myself growing more nervous each day and every dose called for another as the pain came back each time.

I had become disgusted with drugs and was determined to try something else before I gave up. While reading a paper one day I came upon an advertisement of a cure by electricity—nature's way. This was the Electro-Vigor Co. of Vancouver, B. C. I wrote for their free book explaining this method of treatment.

This book is one of the most interesting works I have ever read, and deals with human life in a sensible way. It is written in plain language, and the information it contains is worth a great deal to any sufferer.

After reading the book I called on the company, whose manager I found only too willing to give me all the information desired.

He showed me letters of praise from "all classes of people whom he had cured with Electro-Vigor. Some were from men I had known for years. Some read as follows:

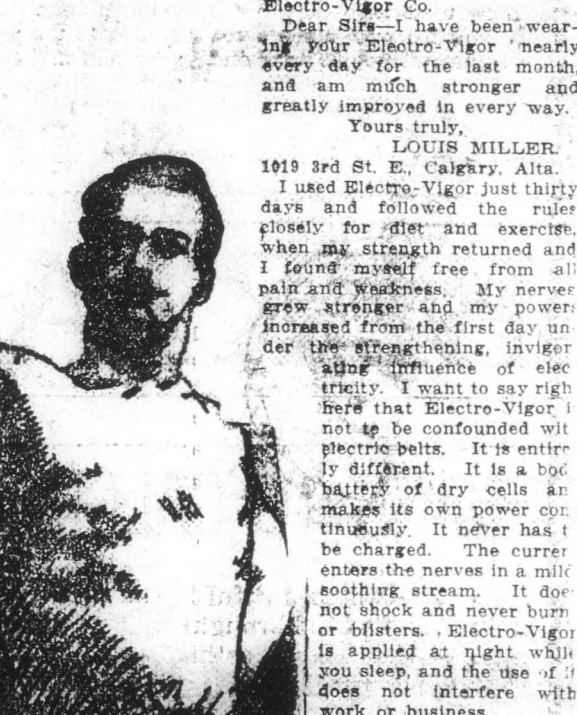

"Dear Sirs—Fifteen months ago I purchased Electro-Vigor for muscular rheumatism. After five days, a two years' siege of pain disappeared completely. I now consider myself perfectly cured. Never a twitch of pain has returned, although I have worked in cold water up to my knees for months. For my age, 67 years, your appliance has proven a great invigorator, as I am able to work six days every week and feel fine afterward."

I value health more than money and my investment in

Electro-Vigor has proven invaluable. I cheerfully take the time, a year after my cure, to recommend your appliance. Yours sincerely,

Kerrisdale, B. C.

F. BUTOMER.

100 Page Book Get It Free

I would advise all sufferers to call or send for the Electro-Vigor free 100-page book, which explains all about this treatment. The book is illustrated with pictures of fully developed man and woman, showing how Electro-Vigor is applied. It tells in plain language many things you want to know, and contains a lot of good wholesome advice for men. They will send this book in plain wrapper, closely sealed and prepaid, free, if you will mail this coupon. Cut it out now.

THE NINETY-EIGHTH ANNIVERSARY OF WATERLOO

Battle was Fought on Sunday, June 18, 1815; Celebration in Calgary Church

On Sunday, June 18, 1815, just ninety-eight years ago, the great battle which was the final stand of the great Emperor Napoleon was fought in the vicinity of Brussels, in Belgium, which is the battleground of Europe.

This circumstance will be celebrated in Calgary by a special service which will be held in Central Methodist church in the evening, and at which a large number of soldiers of the 181st Regiment of Foot, who were in camp near the city when the battle was fought, will be present.

The sermon for the occasion will be a martial one, and will be preached by their pastor, Rev. S. E. Marshall, who will take for his subject the battle of Waterloo, and its lessons. All the men now in camp and the others who are to go into camp on Monday have been invited to the service in uniform, and places will be reserved for them. There will be no compulsion on the men to be present, and all who attend will do so voluntarily.

The Junior Church also extends an invitation to the general public to attend and they will be given seats in the church outside of those which are reserved for the militia. It is expected that there will be a large attendance of officers and men on this occasion.

The circumstances of the battle of Waterloo are such that the first guns were fired just at the time of going to church at 11 in the morning, and the battle was at its height at the time of the evening service at 7 at night.

Big Mason Visits Calgary

Benjamin Allen, grand master and A. M., stopped off in Calgary on his way to the coast. This is his first visit to Calgary, and he has heard much and read about your wonderful city. Mr. Allen's statement after a tour of the city in the company of W. J. Macleod, master of Ashlar lodge, and W. F. Leitz, poetaster of Al-Azhar temple.

THE LETHBRIDGE DETECTIVE RIDICULES BLACK HAND YARN

Says There Is Not Even a Suggestion of Secret Societies Among Lethbridge Miners; Formerly an Officer of the United Mine Workers

DOWN BLACKHANDERS FOR STATES GOVERNMENT

Says There Are Only Three or Four Cities in All Canada Where the Black Hand Might Operate; No Mafia in the Smaller Places

Lethbridge, June 20.—"Black Hand" Lethbridge.

The mention of such a thing is enough to make Charles Vernetti laugh. He knows the Black Hand, and he is an Italian. He comes from the north of sunny Italy. He is also an officer for the United Mine Workers of America. He has been sent out by the international board of Indian-Indians to organize foreign speaking miners, especially the Italians and Greeks, in the United States.

And furthermore, he knows what he is talking about when he mentions the Black Hand. He has been in the United States for some time, and he has seen the Black Hand at work. He knows that there are only three or four cities in all Canada where the Black Hand might operate. He knows that there is no Mafia in the smaller places.

So when anyone mentions the presence of Black Hand in Lethbridge, even though it may be a son of Italy who makes the assertion, Mr. Vernetti smiles.

No Blackhanders in Lethbridge.

"The Italian who is alleged to have made the remarks about Black Hand in Lethbridge after the shooting affair last Sunday afternoon, is either ignorant or a Black Hand agent for a purpose. For he knows, and every Italian knows, that there is not a Black Hand in Lethbridge, and in this city. Indeed, there are not more than three or four cities in the whole of Canada where the Black Hand might be found at work. These are Montreal, Quebec, Toronto, and Vancouver. They are the large cities. The Black Hand steers clear of the small."

Mr. Vernetti did not care to comment on the statements alleged to have been made by Lombard. He was sent up for trial yesterday, on the charge of attempting to murder Lombard, and he is now in jail. He dismissed Lombard's statement by the word "ignorance."

The Black Hand and Black Hand, as explained by Mr. Vernetti, is interesting. Mention Black Hand, and one at once thinks of the Black Hand, and it is strange to say, there is no Black Hand in Italy. It is in America that the Black Hand is at work. They are the victims of circumstances. They are not the cause of them. They are not the cause of the Black Hand, but they are the cause of the Black Hand in America.

Who are the Camorra? According to Mr. Vernetti, they are the wealthy Italian crooks who prey, and make a living, on the Black Hand. They are the less fortunate brothers. They are the fortune crooks of the nation. They are the cause of the Black Hand in Italy, where they prey on the Italian of the lower class. The north of Italy knows little of the Black Hand, and the south of the province, where living by one's wits comes more natural.

The Camorra come to America, and keep their shady transactions. The Italian of this society also come over. They are new to the country, and easily led, because of their ignorance of American ways. The Camorra know this, and prey on their ignorance. They extract money from them. They work in with the railways and steamship companies to bring their brethren across to the country of milk and honey. They extract money from them. They work in with the railways and steamship companies to bring their brethren across to the country of milk and honey. They extract money from them.

When the Italian begins to learn American ways and finds he has been "filched," he seeks for a refuge in the world of the Italian colony, they naturally have money. The poor Italian having money, he is seldom caught. Mr. Vernetti says occasionally one of the Black Hand gang is caught, but he never breathes a word. It would do him no good, and would do his brothers harm. So he does, if they find anything against him, which is seldom.

Only in Big Cities.

The Black Hand and the Camorra are found only in the larger cities on this continent. New York and Philadelphia are the cities where Mr. Vernetti has worked. St. Louis, Chicago, Pittsburg are other cities where they are to be found. They are the Jesse James and Bill Miners of the Italian race. But they do not work in the small towns, because the Italians in those places are not wealthy enough to be bothered. If a bold case of Black Hand is found in one of these smaller places, it can generally be put down to the account of an amateur who has the superstition of a countryman. It is not the attempt of one of the societies.

The Mafia is the third secret society of the Italians. They are found only in Italy, and are not nearly so well known out there. They are the real brigands who struck terror into Southern Italy, until Garibaldi, in 1861, went down to the north with a thousand soldiers, and put them practically out of business as an organized gang.

But Black Hand in Lethbridge? "No," says Mr. Vernetti.

Figures on Living Cost.

Ottawa, Ont., June 20.—The labor department has issued a report of whole sale prices which indicates the cost of living stood at 137.0 for May as compared with 133.0 in April and 136.0 in May, 1912. The numbers are percentages of the price level during the decade 1890-1899. The chief advances of the past month occurred in animals and meats, fish, fruit and vegetables with considerable decreases in dairy products and fuel. Western grain was upward but paints and oils were lower. In retail prices, dairy products, fish, sugar, potatoes and oils were lower while meats and rentals tended upward.

Mr. Burns Makes A Call

One day, just a short time ago, a keen business man, we'll call him Mr. Burns, though that wasn't his name, called on a McClary agent.

He said he was convinced that McClary's Sunshine Furnace was an economical furnace, because a Sunshine had cut one of his neighbor's coal bills by one-third. But he wanted to know more about the durability of it.

So the McClary agent told him how careful McClary's were to use the very best materials. That nothing was considered too good for the Sunshine.

He told about the fine quality of the steel used in the dome and radiator. He explained how the cup-joint construction provided ample room for the contraction and expansion of the fire-pot.

He told him about the fire-pot made of smooth close-grained semi-steel—a material that destructive sulphur fumes cannot penetrate.

He showed him how, by changing around the sides of the three-sided grate bars every day or two, the life of the grates was made three-fold.

He showed him the large feed and ash pit doors, convenient water pan, ample ash pan, and, in short, everything about the Sunshine.

When the agent was through, Mr. Burns shook him cordially by the hand, thanked him for his frankness—and walked out, without giving the agent a chance to close the sale.

But next day, Mr. Burns' architect phoned the McClary agent and told him he had an order for him to install a Sunshine Furnace in a new house.

CALGARY EXHIBITION AND FAIR IS ONLY EIGHT DAYS AWAY

Big Show Will Not Get Properly Started Until Dominion Day, July 1; Attendance Last Year Was 99,441, With Weather That Kept Many Away

MANY BIG ATTRACTIONS BILLED FOR BUSY WEEK

Ninety-first Highlanders Band of Hamilton and 103rd Regimental Band of Calgary Will Furnish Music; Tableaux Symbolizing Peace Centenary

EVERYTHING at Victoria park points to the exhibition and it only takes a look at the fair grounds to see that the fair is only eight days away.

The last day of the month is the opening day, but the big things do not properly get under way until Dominion day, July 1, and from then on there will be a week of fun, entertainment and instruction for the very large audience this year will be very large.

There is every reason to suppose, however, that the weather is the situation up to this.

"We had an attendance last year of 99,441, and had very poor luck with the weather. This year even with the weather no better than it was last year, we ought to have at least 25,000, and if the weather is fine the attendance should be very heavily increased over that.

From the information which has been received from many points in the west there are a great many who are making preparations to come to Calgary during fair week.

The weather has been so favorable that the farmers are feeling quite exuberant and this always helps out the attendance. The entries are very satisfactory in number and quality and this department of the exhibition promises to be well up to the standard we have been aiming at.

The Fine Program Arranged For "Of course there are many who come to an exhibition such as Calgary's for a holiday and for them we have secured a program of entertainment that should, I think, please them. Everything looks very favorable at present, and I have no reason to fear that there will be any drawback—it all depends on the weather."

For the purposes of classification the fair week has been divided into the following days: Monday, June 30—Preparation day; Tuesday, July 1—Dominion day; Wednesday, July 2—Farmers' and Ranchers' day; Thursday, July 3—Citizens' day; Friday, July 4—American day; Saturday, July 5—Western day.

This fills up the whole week and there is sufficient variety about the program arranged to ensure followers of any line of amusement or sport finding something for their attention.

The attractions have always been a specialty at the Calgary fair and this year efforts have been made to raise the standard. It is a difficult matter to get a varied program each year, but this has been the object in past years and a glance at the top liners which have been booked for July shows that it has again been accomplished.

High Diving Horse There was never anything presented here like the diving horse. There was a time when a man making a high dive was considered quite an attraction, but from this new and apparently simple feat to seeing a horse plunge from a lofty tower into a tank of water is quite an advance. Consider too that the animals are ridden on each jump by Miss Marie Francis and it will give some idea of the striking spectacle which the act presents.

The and all the other special attractions which are given in front of the grandstand twice a day will be presented without any charge to patrons of the fair, but secured for their amusement and edification.

Dainty Romona Ortiz is a sensational performer on the slack and tight wire. Some of her turns are marvellous. One of her most striking accomplishments is to balance a ladder on the wire, and then mount the ladder. Very few people can keep their balance on a wire, still fewer could balance a ladder on it.

Romona Ortiz achieves the apparently impossible for she does both at once. Her performance concludes with the giant swing on the wire which made her the attraction of the program & Bailey shows a year ago.

In securing the services of the four British Columbia vaudeville circuits the manager of the big vaudeville circuit of a star attraction. This clever Japanese quartette specializes in equilibrium work. They can take a balance on anything. Hand in hand, singly, double, three and four, they strike the most difficult balances and their poses are marvellous. As acrobats and contortionists they also excel, and in all branches of their very clever act they will present something novel and thrilling.

Working in a somewhat similar turn, but with different accessories, the Up-to-down Zerkels have something new and striking. Their balancing is very clever and some very striking pictures have been taken of them in some of their striking turns.

With the horizontal bars and flying trapeze raised high above the ground the Flying Bickets have the accessories which, combined with their skill, place them at the head of the parade. They are the undisputed champions of the air and their paring feats hold thousands breathless, but everything turns out all right and at the conclusion of their appearance they are acknowledged to be without equal.

Stanton Chanticleer Act With all these thrills there is interspersed a couple of comedy acts, and Stanton and Miss Victoria Orville in their chanticleer act supply lots of fun for everyone. As a giant rooster, Stanton does battle with a bantam rooster which is hatched full grown from a magic egg right in front of the spectators.

Though a mule is generally acknowledged to be a real "ornery" animal, there is always a sympathetic crowd with the animal which refuses to be ridden. Mrs. Happy Harrison's mule is a bear of a mule when it comes to bucking. It is practically outlaw in muleland and those who try to ride it will need to be real busters.

Mule of exceptional quality will be supplied every day and every evening the 91st Highlanders of Hamilton, the City Band of Lethbridge, the 103rd Regiment and Citizens' band of Calgary. In addition there will be vocal selections by the Citrus Grand Opera quartette, so that lovers of good music, vocal and instrumental, will obtain all the programs to be rendered by these organizations, a real treat.

All will be combined in the military tattoo which will be a feature of the evening performance. A splendid musical program of stringing beauty has

been arranged for the tattoo, and in conjunction with the tattoo there will be staged a very striking tableau symbolizing the century of peace which has favored the continent.

Bombardment of Alexandria Fireworks are something that all delight in and the amount which has been expended in the pyrotechnical display this year ensures many of the latest novelties. The biggest piece of fireworks which has yet been seen in the west will be the bombardment of Alexandria, which will be given with remarkable accuracy and completeness.

The forts, battleships, bombardment and explosion of the forts, followed with the ships which had participated in the event will make a wonderful display. Ready for the approaching harvest there will be a threshing machine and engine whirling away with everything connected with the parts clearly defined in fireworks. The conclusion of this piece will be the explosion of the engine. Still another new piece of ingenuity will be the atrships which, propelled by their own motors and a mile of fireworks will perform wonderful evolutions in the sky, circling around a fireworks sun in marvellous manner.

Will Burn a Real House One of the evenings of the exhibition there will be the burning of the two storey house which is already in position in the centre field of the fair track. It is to be burned down and there will be a tireout of the fire department in its approved style and modern equipment.

These are some of the attractions which have been engaged for this year's exhibition. There are also the races which will bring out the fastest animals in the Canadian and American west. On the whole the program looks like one that should well repay the visitors for their attendance. With a splendid line of exhibits, attractions better than ever, what more could be asked for?

The midway, which a great many think is one of the best things about a fair, will have the Kline shows lined up for their benefit. Some of the midway features are: Sibby's international lady champion swimmers, P. J. Circus, trained animals, Princess Victoria, the human butterfly, ocean wave merry-go-round, motor-drom, ferris wheel, beautiful orient, Arabi, the human horse, T. A. Cox, Brainford, T. Croxford, Altwick, W. W. Stewart, Priddis; W. J. Tregillus, Calgary.

Robert Blyth, Medicine Hat; F. C. Lewis, Calgary; John West, Carbon; Miss Marie Fragilla, Calgary. Coach animals come within the same category as the hackneys, and have many admirers. Some of the exhibitors of coach bred animals being: J. W. McLaughlin, High River; D. A. Campbell, Victoria; D. P. McDonald, Cochrane.

Trotters and pacers of standard breeding will be shown in large numbers and the light-limbed harness animals will make a fine showing. Some of the best breeding in the west will be shown here in July, being exhibited by the following: Geo. T. Haag, Leithbridge; Chesterners Farm Company, Calgary; Calgary Sales Repository, Calgary; J. H. Southland, Calgary; John Louder, Calgary; I. G. Ruttle, Calgary; Fred S. Dingle, Medicine Hat; P. W. King, Calgary; W. Huston, Calgary; F. G. Lowe, Calgary.

Red Deer; T. H. McLean, Calgary; H. S. Samerville, Calgary; George Ruttle, Calgary; F. G. Lowe, Calgary. For the special prize offered for the best trotter, by Archie McKillop, there are four entries, with six in the class for pacers.

Excursion to Banff The Knox Church Sunday School will run an excursion to Banff on Saturday, June 21st. Special train will leave C. P. Depot at 8 a. m., returning leaves Banff at 7:30 p. m. Price of tickets, adults \$2.00, children \$1.00. Arrange to take advantage of this low rate and Canada's famous summer resort. Everybody made welcome. 238-171

Miller Has Choice of Many Towns. Mention made in The Albertan a few days ago that he industrial bureau had an inquirer who wanted to locate a barrel flour mill in some town in Alberta, has brought many replies, and the miller has his choice of some excellent places.

JOINT MASONIC OBSERVANCE OF ST. JOHN'S DAY

A joint Masonic service, in which all city lodges will participate, will be held in the Central Methodist church on Sunday, June 23, at 7:30 p. m. The Rev. Dr. Kerby will be in charge of the service, and will deliver the sermon in keeping with the observance of Saint John the Baptist. All Masons, unaffiliated and affiliated, are earnestly requested to meet at Alexandra corner at 7 o'clock sharp.

Battleford's Commissioner Here. N. G. Neill, publicly commissioner of Battleford, arrived in the city yesterday. Mr. Neill came to Calgary to invite Mr. J. S. Dennis, of the department of natural resources of the C. P. R., to go to the Battleford country and investigate the extraordinary development of mixed farming and animal husbandry. Mr. Dennis will leave for Battleford tomorrow.

The Knox Church Sunday School will run an excursion to Banff on Saturday, June 21st. Special train will leave C. P. Depot at 8 a. m., returning leaves Banff at 7:30 p. m. Price of tickets, adults \$2.00, children \$1.00. Arrange to take advantage of this low rate and Canada's famous summer resort. Everybody made welcome. 238-171

Pres. F. Gray Insists That He Is Doing Right, In Spite of Criticism

A SUMMER IDEAL

THE 2 PIECE-2 BUTTON-SUIT.

Nothing more becoming or more comfy for the hot or humid season. But it must be so designed and tailored that it will retain its becoming appearance.

Fashion Craft Clothes are all made with that object in view, and retain their shape and individuality to the end.

The proof is in the wearing, —test it.

Shops of **"Fashion-Craft"** Tommy Burns Co., Ltd. 213 & 130 Eighth Avenue W., Calgary, Alta.

President Gray Says the League Will Be in Running Order by Monday

Baseball Mogul Passes Through Calgary; Says He Is Doing What He Thinks Is Right, and Will Not Stop Now Until He Has Seen It Through.

F. RANK Gray, the boss president of the Western Canada League, stopping in Calgary yesterday morning, said he was confident that the league would be in running order by Monday. He said he was going to see if the league could be put on its feet again this year.

NORTH BATTLEFORD THINKS GRAY IS HIGH HANDED

Turris Down Offer of League President; Sports In Full Sympathy With Cairns

North Battleford, June 20.—President Gray of the Western Canada League has made an offer to Mayor Walker offering the franchise of the Saskatoon Quakers to this city. The big sports here are in full sympathy with President Cairns of the Saskatoon ball club, and would not for a moment consider the proposition until President Gray has proved to the baseball world that he was retired.

HURLEY SAYS EVERYTHING WILL BE FIXED O. K.

Saskatoon Boss Back In Home-burg; Quaker Directors Have Been Working Secretly

Saskatoon, June 20.—Bill Hurley, suspended manager of the suspended Quakers, arrived here with his team today. Hurley is confident that everything will be fixed O. K. He thinks the six teams will continue to form the Western Canada league, and that there will be a new president in office next week.

Australia Overwhelm Philadelphia Philadelphia, June 20.—The Australian cricketers overwhelmed the Philadelphia team today in the opening day's play of their first match in this city. The visitors had scored 309 runs for a loss of only three wickets when stumps were drawn for the day, while the Philadelphia side was retired for a total of 124 runs. E. A. O'Byrne scored 97 runs for the visitors before he was retired, while W. Barstedy had scored 75.

Watch Repairs of All Kinds—American, English, and Swiss. M. J. Dickson, working watchmaker, 311 Eighth Avenue East, just below the Queen's. Phone 2440. Open until nine every night. Issues of marriage licenses.

RUBBER STAMPS MADE AT A FEW HOURS' NOTICE. PHONE 2100. 1000, 1001, 1002, 1003, 1004, 1005, 1006, 1007, 1008, 1009, 1010, 1011, 1012, 1013, 1014, 1015, 1016, 1017, 1018, 1019, 1020. DICKINSON, The Stamp Man, 1008 9th Ave. E., CALGARY.

REFEREE QUESTION SURE TO CAUSE TROUBLE

San Francisco, June 20.—A referee for the Willie Ritchie-Joe Rivers July 4 lightweight championship bout, according to the articles of agreement, must be selected no later than one week from today.

With the eighth street arena named as the battle ground, and the question of weights settled, the last chance for a hitch centers about the referee.

Jim Griffin, who has acted in that capacity for most of the important battles of the past year, including that in which Ritchie lifted the crown from himself.

Ad. Volzast last Thanksgiving Day seems to have a slight edge. With Ritchie's manager, Billy Nolan, has no far nor will a word on this point be said until the bout is on.

Champion himself is strong for Griffin, Joe Rivers' for Rivers, though both say honest and capable of doing suit the challenger, has not committed himself.

HUDSON'S BAY COMPANY

The greatest store and the greatest business in Calgary have risen here on the foundation of Public Satisfaction with the best service, the best assortments and the greatest values.

Under no circumstances will this store permit any one to undersell us or successfully to dispute our supremacy in any branch of this business.

Notable Sales! TODAY

Caledonians Won From the Posties by Two to Nil After Hard Game

O. Boys Put Up Best Game of Their Career; Haig-Petrie-Strang Combination In Fine Working Order; The Half-time Score a Blank

(By J. K. Matheson) Haig, Strang and Petrie, the famous consistent smallest half back division of the Callies, were on hand last night at Victoria park when the Callies got the victory over the Post Office in the summer league game by the two goalies in a match. This venerable but invulnerable trio played in grand style last night and were very largely responsible for the holding of the ambitious Posties scoreless.

NOVEMBER WORKS

WE CARRY A FULL LINE OF POCKET KNIVES, RAZORS, SCISSORS, FISHING TACKLE, GUNS, RIFLES, AMMUNITION, ETC., OF MANY DIFFERENT MAKES. FULL SUPPLY OF ROLLER SKATES AND FOOTBALLS. PRICES MODERATE. Branch: 607 Centre St. Two Stores. 606 2nd St. E.

Posties Deserve Credit

The game all through was one which redounds to the credit of the Post Office team. Fine and really they brought the ball up by pretty passing to the top of his form, and although he may get an enlarged done from the telling there is certainly no man in this city that can excel the ruddy haired Scotchman at back this year.

BASE AT VICTORIA 250 CALGARY

NEWS AND GOSSIP OF THE SPORTING WORLD

The Baseball Situation

BASEBALL in Western Canada was never in more of a muddle than at the present time. The very life of the league is threatened by the decisions of President Gray. The next few days will decide if he is either to make or break it. President Gray's decision will be either to make or break it. President Gray's decision will be either to make or break it.

against Columbia and Washington have been adopted, and 10 to 8 on Cornell against Wisconsin and Syracuse. Wagons that Cornell will take all three races are but few, the early betting in the freshman races being Cornell against any one crew at even money, while the betting on the four-oared race shows Cornell, Washington and Pennsylvania the main factors.

Cornell's fastest time is reported to have been ten seconds slower than Pennsylvania, and Washington's fastest trial eight seconds slower. Coaches, however, place no dependence on time trials as the condition of the course and the condition of the men may be entirely different during the race.

Young? Yes—the oldest Ford is just ten years young—this month. And its youngest brother is the choice of the lot—a better car than those we built not long ago and sold at nearly twice its price. Big production makes the Ford price low.

More than 275,000 Fords now in service—convincing evidence of their wonderful merit. Runabout, \$675. Touring Car, \$1,000—f.o.b. Walkerville with all equipment. Get interesting Ford Times from Dept. G, Walkerville factory, Ford Motor Company of Canada, Limited, Eleventh Ave. and First St., Calgary, or direct from Walkerville factory.

HATTERS POUND OUT EASY WIN OVER RED SOX

Total of Hits Collected by Men From Gas City; Score Was 13 to 2

Medicine Hat, June 20.—Medicine Hat won a slaughter of the opening here with Regina, defeating them by 13 to 2. It was an awful slugging match for the locals, and besides this they ran wild on the bases. Daniels' base running featured, he stealing four bases and twice stole home. Godfrey in the first inning, with two men on bases, hit a single, which he stretched into a home run. His other hit in the game was a triple. Twelve hits for a total of 21 bases tell the tale. Newman started on the mound for the visitors, but he was wild, and then he hit the first two men up in the second he was replaced by Burgess. His control was a little better, but he was hit hard.

Schneider for the locals was invincible. Near the last he started to let up, but the Hat had a comfortable lead. Up to the sixth he allowed only two hits and struck out seven men. Almost hurt his leg in the fourth and had to retire. The score: R. H. E. Medicine Hat... 13 2 0 2 5 0 Regina... 2 0 0 2 0 0 2 5 0

Graney Out of Question
The articles specifically provide that the managers of the boxes shall select the referees, this limiting the power of Graney, from consideration in that capacity.

Report of Trade Disputes
Ottawa, June 20.—The record of trade disputes maintained by the department of labor shows that, as is usual at this season, the number of the disputes acquired during the past few days has increased. These were nearly all of short duration. The dispute at Vancouver Island was seriously interfered with, men being out during the whole month through the continuance of the dispute at Ladysmith and Cumberland mines, and the closing down of the mines in the Nanaimo district. A great number of the disputes of the month occurred among workers in the metal trades. The dispute of maximum working days at Vancouver and affecting also employees of the C.P.R. was a number of the factories in question were satisfactorily adjusted during the month through the instrumentality of the industrial disputes investigation act.

Wagers of even money on Cornell against Columbia and Washington have been adopted, and 10 to 8 on Cornell against Wisconsin and Syracuse. Wagons that Cornell will take all three races are but few, the early betting in the freshman races being Cornell against any one crew at even money, while the betting on the four-oared race shows Cornell, Washington and Pennsylvania the main factors.

LIPTON WILL WAIT TILL HE SEES NEW RACE RULES

He Will Not Decide Just Now About Challenging For America Cup

London, June 20.—Sir Thomas Lipton met his yachting advisers today and discussed with them the question of accepting the final terms sent by the New York Yacht club in reply to his challenge through the Royal Ulster Yacht club for a series of races for the America's cup.

It was decided that acceptance of the terms must be deferred until receipt of the 1913 rules of the New York Yacht club, which constantly were referred to throughout the club's letter, but which were not enclosed.

Without these rules Sir Thomas declared it was impossible to understand the conditions prescribed for the race. He has forwarded a cablegram to New York requesting that a copy of the regulations be sent to him, and expects that it will arrive within a week.

COLLEGE CREWS ALL READY FOR BIG REGATTA

Cornell Seems To Be Favorite In Races at Poughkeepsie Today

Poughkeepsie, N. Y., June 20.—The seventeen crews of Cornell, Columbia, Pennsylvania, Wisconsin, Washington and Syracuse put the finishing touches on their weeks of training for tomorrow's big regatta with the practice this afternoon. All the crews were on the pond, but as they all practically ready for the test of the races, no hard work was indulged in by any of the competitors.

The eve of the regatta brought with it the vanguard of the customary hoard of race crowds. The spectators were predominated, as usual, and Cornell was the same favorite she was last year. Not many large wagers have been reported, but on the basis of those that have been made the Ithaca crew is 10 to 10 favorite.

Wagers of even money on Cornell against Columbia and Washington have been adopted, and 10 to 8 on Cornell against Wisconsin and Syracuse. Wagons that Cornell will take all three races are but few, the early betting in the freshman races being Cornell against any one crew at even money, while the betting on the four-oared race shows Cornell, Washington and Pennsylvania the main factors.

This popular section will be bigger, brighter, gayer and provide more fun than ever before. It will have many new fun-producing features for fair visitors.

Fireworks Firefighting Specialties

DISTRICT exhibits will bring out many interesting displays. Individual competitors will show best products of Alberta's fertile soil.

MUSIC

Will be supplied by four bands—91st of Hamilton, Citizens of Lethbridge and the Citizens and 103rd of Calgary. Titas Grand Opera Quartette and bands will be heard every afternoon and evening.

FIREWORKS-FIRE FIGHTING

Bombarding Alexandria will be the feature of the spectacular pyrotechnical display. See the fireworks, threshing machine and the explosion of the engine. Many other novel arrangements of fireworks, including the fireworks airships.

In the centre of the race track a two-storey house will be set on fire and the Calgary fire Department will give a genuine representation of how a bad fire is fought.

TATTOO

Every evening massed bands will play and a striking tableau emblematic of the century of peace will be staged.

Low Passenger Rates--Special Trains

All western lines in Alberta, Saskatchewan and Eastern B. C. are granting low rates.

AMERICANS OUTSHOOT THE BRITISH IN WASHINGTON

Washington, June 20.—Beating Great Britain by 41 points, the United States has won the international shooting match, just completed, and recaptured the Dewar cup. The scores, made public today were: United States, 24,317; Great Britain, 24,219. This was the first of the many international rifle shooting matches the United States will compete in during the present year.

Last year Great Britain took the Dewar cup from the United States, winning the small bore match by 217 points. The score at that time was: Great Britain, 24,248; United States, 24,281.

This year's rules called for 50 men on a side, using the .25-calibre rifle and shooting at 75 feet, the size of the bull's eye being one-half an inch in diameter. Two men on the American team, members of the Butte, Mont. Shooting club, made the possible score of 500.

HARRY HYLAND TO JOIN VANCOUVER TWELVE

June 20.—President Con Jones of the Vancouver Lacrosse club announced this morning that Harry Hyland, the hockey and lacrosse star of Montreal, will leave for the coast tonight, his release having been purchased from President Fleming of the Toronto team. Hyland belonged to Westminster at the beginning of the season, but went back east in the agreement which resulted in a win for the Dominion Express by two goals to one. The ground was somewhat heavy, but there was a bit of good play on both sides. The result puts the Dominion Express again

MANY CHANGES MADE IN TARIFF BILL WHEN IT REACHES SENATE

Committee Added Many Important Changes, Mostly in Form of Reductions to the Tariff on Iron, Steel and Metal Products

FREE WOOL AT ONCE, AND FREE SUGAR IN 1916

President Wilson's Desire In This Respect Prevails; Many New Items in Market Basket List Discovered When Report Was Presented

Washington, June 20.—Important reductions in the Underwood tariff bill on iron, steel and other metal products, the addition of cattle and sheep from iron, Angola wool and many other items to the free list, and an increase in rates on many classes of goods, and some silk products, were the chief features of the revised tariff bill as it was laid before Senate committee today by Chairman Simmons of the finance committee.

After weeks of study in which every clause of the bill had undergone close scrutiny by sub-committees of the majority membership of the finance committee, the re-drafted measure was brought on to the Democratic caucus today. For two hours the important clauses were explained to Democrats, and the bill was then made public. Experts of the committee at once began work on a comprehensive summary of the changes.

GOMEZ LEAVES CUBA IN \$7,000 STEAM-SHIP SUITE

The Ex-President's Display of Riches Is Criticized by Havana Newspapers

Havana, June 20.—The President Gomez and his family, on a luxurious steamer, left for Mexico today, leaving behind them a display of riches which has attracted the attention of Havana newspapers.

The Norwegian steamer Thorvald carrying 300,000 pounds of dynamite for the Panama Canal, which is to be transported to Mexico, was forbidden to land here and was sent to Matanzas to transfer the cargo to the Canadian steamer.

BODIES OF VICTIMS ARE NOT YET RECOVERED

Girls Drowned at Banff Were From Montreal, and Worked at C. P. R. Hotel

Banff, June 20.—The two girls who were drowned in the Bow last evening as a result of the raft being swept away were Lillian Sanderson and Edith Galloway, both of Montreal. They were employed at the Banff Springs Hotel and were about 25 years of age.

Bought Rubens for a Song. Montreal, June 20.—A picture believed to be entirely without value was recently purchased as a speculation by an auctioneer here for 25 cents. He put it up for auction last week and the highest bidder was Dr. J. B. Ross, the purchaser being Dr. Ross of Perth, W.A.

Free Victor Victrola Records daily from 2 to 3 p.m. You are cordially invited to attend. MASON & RITCH, LTD. 507 8th Ave. W.

BAND CONCERT AT THE MILITARY PARK SUNDAY

The regular park concert on Sunday, by the 103rd Regiment band, will be held at the military camp, instead of St. George's Island, at 3 o'clock in the afternoon. The program will be as follows:—The Chicago Tribune.

Overture—"William Tell" from "Hail"; (6) "The First Heart Throb"; (7) "Sympathy"; R. Ellenberg, Op. 50; Descriptive Fantasia—"A Vision of St. James"; The War March of the Priests; The Cornet Solo—"Northern Fantasia"; Intermezzo—"Pas des Fleurs"; The Dance of the Serpents; "God Save the King."

NIGHTINGALE FARMER IS HOPEFUL OF CROPS

New District North of Strathmore Expects To Have a Great Year

R. W. Pennington was in Calgary yesterday from Nightingale, a town which is north of Strathmore on the irrigated lands of the C. P. R. He was most enthusiastic in his expressions about the prospects for the present summer in that district, and was particularly favorable to the fact that, in fact, this is the first season during which all the farms in the district are under the realization of the fact that the farm which was ever dreamt of by these men, they are all men from the old country who were brought out within the last few years for the ready-made farms of the C. P. R. and while the conditions here are much different from what they were at their former homes, they are still able to accommodate themselves to the conditions here and prosper, they feel, is sure to follow.

The men are this year making a specialty of pigs and cows and chickens, and great numbers of these are being raised. Mr. Pennington himself states that he had in spring over 90 young pigs, and with that he will have a large quantity of bacon and hams for the market, and the same thing will be true of poultry and dairy products.

Birdman-Makes Record. The aviator, made an aeroplane flight yesterday of 117 miles an hour. Around a circuit of 117 miles, he was in the air for an average speed of 111 miles an hour.

HUERTA DOMINANT IN THE REPUBLIC OF MEXICO

With Mondragon Out of the Cabinet, New President Is Personally Directing the Campaign

NEW MINISTER OF WAR IS WILLING TO OBEY ORDERS

Huerta and Mondragon Quarrelled Because Provisional President Insisted On Directing the Affairs of the War Department

Mexico City, June 20.—The recent cabinet changes seem to indicate that Gen. Huerta is determined to take the reins of government into his own hands, and to direct the military events of the day.

CHILDREN ARE TAUGHT TO AVOID MOTOR CARS

Rules Which Are Explained To the Growing Youth of Massachusetts

The eight rules which the children in the schools of Massachusetts are required to memorize for their own safety are given below. The rules were drafted by the officials of the Automobile Legal Association.

HYDRO-ELECTRIC POWER OFF

Toronto, June 20.—The hydro-electric system suffered its second break yesterday when it was off from eleven o'clock in the morning until three p.m. In the morning the power was delayed a few minutes, owing to the transfer which had to be made from the Toronto electric light system, which had temporarily carried the load.

HYDE IS DISCHARGED

New York, June 20.—The conviction of Charles H. Hyde, former city chamberlain, of bribery, by a jury in the appellate division, was overruled by the Federal Justice, Augustus Hand, in a decision which was handed down yesterday.

REVEREND SIR:—

We would respectfully draw your attention to our association, which has just been formed with a view to advancing the interests of the clerks and assistants of the retail stores of Calgary, and would ask your sympathy and interest in assisting us to attain that object.

This store clerks comprise a class which, probably more than any other, deserves the moral support of the public, both in an endeavor to obtain a more reasonable regulation of working hours and also in effecting an improvement in the sanitary and hygienic conditions of their work.

It is not our wish or desire to in any way attempt to force our views upon employers, but we feel that with a substantial backing of public opinion, together with our own efforts, much can be done to ameliorate conditions, the effect of which, to both employer and employee.

This store clerks comprise a class which, probably more than any other, deserves the moral support of the public, both in an endeavor to obtain a more reasonable regulation of working hours and also in effecting an improvement in the sanitary and hygienic conditions of their work.

It is not our wish or desire to in any way attempt to force our views upon employers, but we feel that with a substantial backing of public opinion, together with our own efforts, much can be done to ameliorate conditions, the effect of which, to both employer and employee.
