President Blain's Blaze at C. U.

Mr. David Blain was the next speaker. He always felt that a difficulty for commercial unionists to get over was the protective tariff of the United States; but he though it strange that free traders should evade this by assimiting the American tariff with our own. Our was as follows: Sales of Scotch coal were made by the firm in question to steamships leaving here for the return trip, but lower port coal was substituted and thus a higher price was ob-tained, as well as the rebate of 60 cents a ton allowed on Scotch coal exported. So not only was the ship cheated, but the customs was also defrauded. The fraud is said to have been dis-covered by a shipping firm who laid informa-tion before the Collector of Customs.

The New York Celebration.

New York, June 17.—At a final meeting to-day of the committee in charge of the Queen's jubilee, arrangements were perfected which are likely to result in a very complete celebration. The principal event will be the memorial service at the Metropolitan Opera House, with a chorus of 300 voices and an orchestra of 60 pieces, conducted by Damrosch.

By a unanimous vote of the committee Erastus Wiman was requested to preside on the occasion. The demand for tickets for the Opera House, the sports and games on Staten Island and the fire-works at night in the Bay surpasses all expectations. The audiences are expected to be very large. Another evidence of interest in the Canadian Club was shown by the presentation, by Senator Sanford of Hamilton, of some splendid specimens of the heads of moose and Rocky Mountain sheep, which were received by the club yesterday.

The status of ten students was established.

Addresses were passed to the Queen and Governor-General.

The matter of ecolesiastical co-operation with other churches in weak fields was given over to be dealt with by presbyteries and synods.

A letter from the American Presbyterian Church upon union was read and the Moderator, with the clerks, was instructed to respond and reciprocate fraternal feelings.

Four documents bearing upon religious instruction in public schools were received, and the whole object to which they refer was sent to a committee to report upon to next Assembly. The evening sitting was devoted to temperance and Sabbath observance.
