**BORN**  
In Watford on April 25th, to Mr. and Mrs. Neil Gavigan, a son—James Joseph.

**MARY DOESN'T CARE**  
Oh Mary once so modest was  
Her skirts swept up the walk  
But think of all the germs she raised  
And likewise all the talk.  
Oh Mary it's disgraceful  
To sweep up all the dirt  
Mary be more careful  
And wear a shorter skirt.  
So Mary tried to please the men  
Who raised this hue and cry  
Oh Mary, you're immodest  
Your skirts are much too high.  
Now Mary has bobbed her hair  
And rolled her little socks  
And Mary doesn't care a hoot  
How many men she shocks.

HAVE YOU ANY OF THESE SYMPTOMS? If You Have, You Are in Need of a Tonic Medicine.

Are you pale and weak, easily tired and out of breath, on slight exertion?

Are you nervous? Is your sleep disturbed? Do you wake up in the morning feeling as tired as when you went to bed? Is your appetite poor, your digestion weak, and do you have pains after eating?

If you have any of these symptoms you need a tonic, and in the realm of medicine there is no better tonic than Dr. Williams' Pink Pills, which enrich the blood, restore shattered nerves and bring the glow of health to pale cheeks. The value of Dr. Williams' Pink Pills is shown by the case of Mr. Horace Cuffill, Woodward's Cove, N.B., who says:—"The first indication that my general health was not good was a shortness of breath after the least exertion. Then my appetite began to fail, and after eating it seemed as if there was a lump in my stomach. I grew so weak that I could not walk a hundred yards without resting. Then I was taken with a numbness all over my body and was in a sad plight. I was under the doctor's care, but as I was not getting better, I decided to try Dr. Williams' Pink Pills. The first few boxes did not seem to help me but my wife urged me to continue their use and I got four boxes more. Before these were gone I could eat a fair meal, the numbness was leaving me and I was feeling much better in every way. I took the pills for a while longer, and felt that I was again a well man. I still take the pills occasionally, but have had no return of the old trouble."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FOREST

Geo. A. Smith of Warwick, through M. J. Roche, auctioneer, has purchased Mrs. Bessie Turner's property on Main street north.

Holman Doolittle, son of Rev. and Mrs. Doolittle, of Forest, who has been attending the College of Education, Toronto, was last week appointed head of the physical training and service department of the North Toronto Collegiate Institute.

Miss Kathleen Kennedy, of Forest was one of the graduating nurses at the graduating exercises in Grace Hospital, Detroit. Her mother, Mrs. M. Kennedy and brother, Edward, Louis Michael Kennedy, attended the exercises, also Misses Ruth Walters and Thelma Rawlings.

She Suffered for Eight Long Years

Mrs. Harper's stomach, kidneys and liver were in terrible shape until her husband discovered Dreco—this great herbal remedy speedily restored her organs to their normal functions.

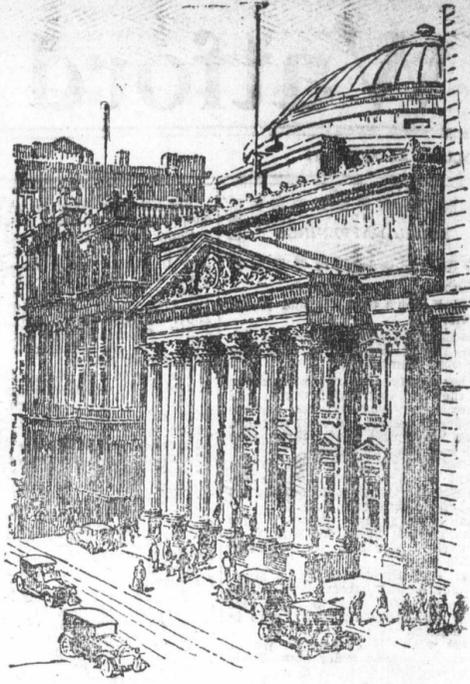

Mr. William Harper, of 152 Giles street, London, Ont., had worried for years over the distressing physical condition of his wife. She had scarcely known a well day for eight long years and while she persevered with her household duties, it was under the handicap of acute suffering, caused, as is the case with so many men and women, by a badly run down system. How speedily she responded to the remarkable corrective properties of Dreco had best be told by Mr. Harper himself.

"For the past eight years," says Mr. Harper, "my wife has been a sufferer from stomach trouble. Terrible bloating after meals and gas pressure against the heart caused great pain. Even a drink of cold water would sour and form gas. She was constipated all the time, in fact, never missed a day when she didn't have to take a laxative. Her kidneys were in bad condition and caused severe backaches. Dizzy spells, spots floating before her eyes and nervousness all told of a sluggish liver.

"It seemed the first few doses of Dreco gave her relief, and I cannot praise it enough for the good it has done her. She is now practically rid of all her troubles and is able to eat her meals with great content and no bad effects, and she wakes up in the morning feeling fine and refreshed."

Dreco is a never failing source of relief to those suffering from internal ailments. Its natural tonic and regulating action on stomach, liver, kidneys and bowels quickly restores them to their normal functions and replaces misery with glowing health and strength. Dreco is made only from herbs, roots, bark and leaves, and contains no mercury, potash or habit forming drugs.

Dreco is being specially introduced in Watford by Siddall's Drug Co., and is sold by a good druggist everywhere.

A. E. TAYLOR, Chairman of the Election Board for the County of Lambton. Dated this 12th day of May, 1923.

W. R. DAWSON

To the Electors of Lambton East: The Highway Policy of the Drury government.

You will all remember the plank in the platform of the Progressive party in 1919 relating to the Provincial Highways, clause number 5, which reads as follows:

"To substitute for the expensive policy of provincial highways, a policy of making good roads for all, rather than high grade roads for a few," and as in the other promises made at that time I believe you as electors thought them sincere.

Has that promise been carried out? I leave it to you to say on the 25th of June whether you think so or not, and in order to make my letter this week as brief as possible, I cannot do better than point you to the alterations now being made on the road from Sarnia to London, running through the townships of Plympton and Warwick and known as the London road, where ten feet is being added to each side of the road at the present time, where a new fence is being erected on each side of the road, where a speedway is being constructed and maintained, not for all, but for the few, more particularly for the foreign tourist, who travels through our country at an excessive speed and who is destroying the roadway very much faster than we ourselves. As I write this letter many country roads particularly in the townships of Brooke and Euphemia are almost impassable while an expenditure estimated at fourteen thousand dollars per mile is being made on this road to provide a Joy Road for the fortunate owner of a fast car.

I am not adverse to the foreign tourist coming into our country, I am glad to see him come here, but before we provide him with a speedway I would like to see the ordinary individual, particularly the farmer, provided with adequate means by which he can market his produce and enjoy the country in which he lives.

I am absolutely opposed to the expenditure of public money in this way, and if elected, will use my influence to the utmost of my ability to materially reduce the expenditure on speedways and divert a great portion of it to the betterment of the ordinary country road.

I believe I am speaking conservatively when I say that if it were possible for me to provide means by which every elector in the riding of Lambton East could see this road for himself or herself, and could estimate in his or her own way the alarming way in which the public money is being expended on this one road alone, I could add at least one thousand votes to those which will be polled for me on the day of election, and I therefore urge the electors, particularly in the southern portion of the riding, to take at least one drive over this road, if at all possible, before election day, in which case I will have no fear of the result.

Next week I will touch on another subject and so on until election day. Yours truly, W. R. DAWSON.

East Lambton Liberal Convention

REEVE W. G. CONNOLLY, OF WATFORD, SELECTED AS STANDARD BEARER

Optimism and enthusiasm were outstanding features of the Liberal Convention for East Lambton, held in the Lyceum here on Friday afternoon. L. Lindsey, of Brooke, retiring president of the Liberal Association, presided over the convention, which was largely attended. The work of organization was proceeded with and the following officers appointed: President, William Annett, Brooke; vice-president, R. H. Tibball, Theodford; secretary, R. R. Clark, Alvinston; auditor, W. S. Fuller, Watford. A generous sum was subscribed at the meeting and a committee appointed to assist in financing the campaign.

The nominations were made in open convention, the following being nominated to contest the riding at the forthcoming election: John Kingston, Watford; Dr. Brown, Camlachie; D. White, Forest; Dr. Axford, Alvinston; S. Bailey, Forest; D. J. McEachern, Alvinston; A. B. Connor, Alvinston; P. J. McEwen, Wyoming; William Annett, Brooke, W. G. Connolly, Watford, and Hector Cowan, Forest. All the nominees withdrew in favor of W. G. Connolly, reeve of Watford, who was accorded the nomination by a most enthusiastic unanimous standing vote, followed by three cheers and a tiger. Reeve Connolly, in a fighting speech, accepted the nomination. Senator A. B. McCoig and R. L. Brackin, K.C., M.P.P., were unexpectedly prevented from being present, Senator McCoig being detained in Ottawa and Mr. Brackin by an important case in the courts, but Mayor T. H. Cook of Sarnia, Liberal candidate for West Lambton, was present and gave a rousing address.

TO REVISE VOTERS' LISTS

The voters' lists for all municipalities to be used in the forthcoming elections will be revised during the first week in June. All persons should examine the lists to make sure that their names are on. A copy of the corrected lists is on file with the clerk of each municipality, and one copy of each municipality is held by the crown attorney. At every election there is always a large number of returned soldiers and others who go to the clerks after the lists have been revised to get on. The list in use at the provincial elections will not be the same as used in the last Dominion election, so it is necessary for everyone to examine the lists. In addition to the regular list the clerks of the municipalities have prepared a list of voters entitled to vote from the assessment roll, and while these lists are fairly accurate and complete, some names may have been omitted. The dates of the revising courts are announced this week in The Guide-Advocate.

EFFORTS OF J. E. ARMSTRONG VINDICATED

Ottawa, May 19.—The report of the commission which investigated the freight rates on the Great Lakes which are tabled in the House yesterday afternoon and which discloses the existence of a combine, is regarded here as a vindication of the efforts which Joseph E. Armstrong, ex-M.P.P. for East Lambton, put forth for several years.

Session after session Mr. Armstrong introduced a bill providing for placing the lake carriers under the jurisdiction of the railway commission the same as railways. He never succeeded in getting his bill through however whatever party happened to be in power.

The commission's report justifies the allegations which Mr. Armstrong made and moreover it suggests the very remedy which was proposed in his bill, namely, to give the railway commission or some other body regulatory authority over the lake rates. It goes further, however, and suggests the suspension of coastal regulations and the banning of shipping brokers from the insurance business.

The government will introduce legislation this season to give effect to the report.

FOR NORTHERN RELIEF

The Ontario Division of the Red Cross is appealing for funds to relieve the needs of the people of Cochrane who have suffered so severely from an epidemic of typhoid fever. The town itself has struggled bravely but is at the end of its resources. The Red Cross has sent supplies, nurses, and food, but many of these people will not be able to work for many weeks. The Red Cross will appreciate public sympathy throughout the province in the work which they have undertaken on behalf of these stricken people.

The combined ages of these four men is 335 years and they are all enjoying fairly good health.

On Wednesday, May 8, a quiet wedding was solemnized at the home of Mr. and Mrs. W. Peal, Guelph, when their only daughter, Henrietta Louise, became the bride of Nathaniel S. Anderson, son of Mr. and Mrs. W. W. Anderson, 14th con., Bosanquet. The ceremony was performed by Rev. J. E. Anderson, of Lion's Head, brother of the bridegroom, assisted by the Rev. Mr. Irvine, pastor of the Guelph Methodist church, in the presence of the immediate relatives of the contracting parties. Mr. Anderson, who is a graduate of the O. A. C., is at present attending Knox College, Toronto, and will take a mission field at Driver, Sask., where the young couple will take up their future residence.

Dora Isabella, daughter of Mr. Jos. Canton, London road, passed away at the Byron Sanitarium Tuesday, May 8th, aged 20 years. While Miss Canton has been ill for some time the news of her death came as a sad surprise to her family and friends. The funeral service was held at the family residence on the London road on Friday, Rev. J. Jones, pastor of the Methodist church officiated. There was a large attendance. The remains were interred in Wyoming cemetery. Miss Canton's mother passed away suddenly just two years ago. She is survived by her father, five sisters and three brothers: Mrs. W. **GOOD WOOL PRICES FOR 1923**

The collective system of selling farm products, though comparatively a new idea as far as many lines are concerned, is not by any means new to a large and ever increasing number of Canadian sheep owners, who have for the past 5 or 6 years, been marketing their annual wool clip in this fashion. Establishing their own selling agency in 1918, as the Canadian Co-operative Wool Growers Limited, numbering at the present time some 1500 shareholders with more than 10,000 patrons, they have marketed on the co-operative plan, over 19,500,000 pounds of Canadian wool in 5 years. This quantity of wool has been placed in Canadian, English and American markets; every pound effectively graded by expert wool men supplied by the Dominion Live Stock Branch, before being offered for sale. In doing this a reputation has been built up for a standardized line of Canadian graded fleece wools, a much improved Canadian wool clip has been produced, a decided educational influence has been exerted on the producers and every shipper has received the last possible cent for every pound of wool shipped, dependent upon its grade, general quality and cleanliness.

In speaking more particularly of the province of Ontario, more and more converts are being added each year to this new idea, as each consistent and satisfied shipper spreads the news as to the good results obtained. In 1922 some 3500 Ontario sheep owners consigned their clips to one of the grading stations, Weston, Guelph or Carleton Place, and present indications are that more than 4000 will do likewise during the present season. The central wool warehouse at Weston with a capacity of four million pounds is open to receive shipments at any time, a second grading station operates at Carleton Place from June first to July fifteenth; four cars will be loaded at Guelph during June and special loading dates are being arranged for at local centres in most of the larger sheep sections.

In Lambton County, the Agricultural Representative, Mr. W. P. Macdonald, Petrolia, is assisting with the loading of cars at Bridgen, Tuesday June 19th; Edy's Mills, Wednesday June 20th; Alvinston, Thursday June 21st; Wyoming, Friday June 22nd; Watford, Saturday June 23rd. The idea is to obtain a full carload, if possible, at each point and thus reduce, by a least one half, the cost of transportation. Wool sacks and paper twine will be available at the car. They also may be obtained by communication with Mr. Macdonald or else from the Canadian Co-operative at Toronto. All sheep owners are urged to bring their wool to the nearest of these points or else make direct individual shipment to Weston.

In speaking more particularly about possible prices for 1923, it can be said that the prospects were never better since the prevailing high values of the war period. The market for wool has steadily improved and the commodity is strongly held everywhere. This improvement has been most marked of late in the styles and

grades of wool as grown in Ontario; and certainly it would seem bad business on the part of growers, in the face of a world consumption exceeding world production, to sacrifice their 1923 wool at any easy going local offer. The present season holds much sign of strength, confidence and permanency insofar as the sheep industry is concerned.

The provincial estimates next fiscal year, brought down to date shortly before the Legislature, give no evidence of a move towards retrenchment. On the contrary, they total about a half million more than was for the same services last year. Increases cover nearly all items.

Great misfortune to cease belief in God; the misfortune of no being able to believe one's and mother is almost as great."

Guelph Herald: Canadians better not wait for any assistance from the Dominion Capital in the the coal question, for it is not to be forthcoming. Alberta with a freight rate of \$9 per will be too dear, so the only for householders to do is to their anthracite from any available source, and get supplies while may be got. Luckily, the outlook good this year for a full coal supply have the price.

If Alberta domestic coal not be delivered and sold in Ontario except at loss to the railroad, ends the matter. But the evidence the other way. All the facts are within the knowledge of the railway management. The case is one demands action.

Y vote should not be thoughtlessly promised to anyone. There will time between now and the 25th June to make the wisest possible choice: For doing that the voter directly and personally responds to promise his or her vote to any nor having cast to tell anyone whom it was cast. The secret bar is the bulwark of independence."

Sentiment in Washington is against the reciprocity proposals of Hon. S. Fielding, Canadian Finance Minister, the opposition of influential leaders of the Republican party having already been aroused. It declared that any attempt to reach an agreement along the lines proposed by Mr. Fielding will be fought the entire farm bloc in the United States Senate. It is pointed out that Mr. Fielding is mistaken in the belief that the President has authority under the United States tariff law 1922 to make a 50% reduction rates on certain agricultural products and fish, in return for reciprocal advantages in the Canadian market. A matter of fact it is declared experts that the President has such authority. In making the existing tariff law the House made certain proposals for reciprocal trade arrangements but all were eliminated by the Senate.

**THE LATE MRS. HENRY RIVERS**

Brief reference was made in last week's issue to the death of the widow of the late Henry Rivers of Watford.

**DEATH OF MRS. ROY LUCAS OF IMPERIAL**

(Imperial Review, May 10th)

"Regret deep and sincere was expressed on all sides in our wide district on Saturday when it became known that Mrs. Roy Lucas has passed to the Great Beyond early that morning in the General Hospital, Regina. Mrs. Lucas had been ill for some time, pneumonia developing and about three weeks ago it was deemed advisable to take her to Regina, where she went through an operation. She came out of the ordeal successfully, and high hopes were entertained that she would sufficiently recover to be able to return to her home in Imperial. But the fates decreed otherwise. The end came about 1.30 Saturday morning. The remains were brought to Imperial for interment. Rev. A. G. Robertson, pastor of the United church was in charge and delivered a sermon full of hope and consolation to those who mourned. Many floral offerings were sent by friends and organizations.

The late Mrs. Lucas was born in England and was 36 years, 4 months and 15 days old. Besides her husband she leaves four of a family, the eldest being 7 years old and the youngest 8 months, besides father and mother in England and a sister and brother."

Mr. Roy Lucas, husband of deceased, is a son of Mr. and Mrs. Absolom Lucas of Watford.

Another of the old pioneers of Warwick has gone to her reward, in the person of Mary Jane Stewart, relict of the late William Smith, whose death occurred at the home of her daughter, Mrs. Walter Gale, London, on Thursday, May 10th, aged 83 years, 10 months and 17 days. Deceased was in her usual health until a few days before her death when she was stricken with a stroke. She was born in Dufferin County near Orangeville, and when a girl came to Warwick with her parents. In 1857 she was married to William Smith, who predeceased her 27 years ago. After their marriage they settled on a farm on the 18th sideroad. Here deceased and her husband endured the hardships that formed a part of the life of those early pioneers. She is survived by three daughters and two sons, viz., Mrs. Wellington Smith, Watford; Mrs. I. N. Byrns, Sarnia; Mrs. Walter Gale, London; John F. Smith, of Warwick and R. R. Smith of London. The remains were brought to Bethel cemetery for interment, services being conducted in the church by Revs Hager of Watford and L. L. Couzens of Arkona. The bearers were Will Luckham, W. H. Luckham, Henry Vance, E. Vance, Henry Cable and Daniel Thompson.

They may cause vomiting, but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these Powders are used.

**DEATH OF MRS. JOS. CAMPBELL**

A person has been known to say, "I have ruined my eyes by reading too much." Not so—the eyes were made to use. One sure way to permanently injure the eyes is

**READING BY INTENSE LIGHT**

The light should come through ground glass to soften it. Never use clear glass for either gas or electricity. Oil lamps give out a soft light, therefore clear glass chimneys.

**READING BY DIM LIGHT**

Take our advice—do not read or sew by a dim light—it will be a direct strain upon the sight centres of the brain. On these two things hang the fundamental laws of sight economy. Never use cheap or pick-up glasses—come to us for advice about things optical.

Everything needful here.

**Here's A Green Blind Paint That Fades Darker**

That's exactly what it does. Instead of growing lighter and lighter and finally looking like a washed out blue, it starts in a vivid green and then gradually turns darker until it's reached a rich deep green. Then it gets no darker, nor lighter. Just stays the way you want it to stay. Neither the salt spray of the seashore, nor the hot pelting sun have any effect upon it. Its name is Low Brothers Permanent Green.

You can't get it everywhere, but you can get it here. Drop in and we'll show you the color.

### WANSTEAD

Mr. J. C. McNeil spent the weekend in Sarnia with Vincent McNeil, who is recovering slowly from a serious illness.

Ross Garnham and George Claypole left recently for Detroit. Thus rural depopulation goes on. Where is it going to end?

A pleasant afternoon was spent at the home of Mrs. Russel Alexander on Wednesday, May 16th, the occasion being the regular meeting of the U.F.W.O. Club. Fifteen members and one visitor were present, despite the inclement weather. Mrs. Elma Ramsay read an article entitled "Does Education Educate", after which an interesting discussion on the U.F.O. Convention and subjects relative to the coming election was held. The meeting closed with the National Anthem, after which the hostess served lunch. The June meeting will be held at the home of Mrs. W. Alexander.

This vicinity was well represented at the U.F.O. Convention held in Watford on May 15. Disappointment was expressed by some over the results of the convention but we should ever remember that the great fundamental principles on which the U.F.O. rests are of greater and more lasting importance than any one man in the organization. Men may come and men may go but principle goes on forever.

The Wanstead Farmers' Club will hold hogs Saturday, May 26th.

### BAPTIST JUBILEE CONVENTION

The Golden Jubilee Convention of the Middlesex and Lambton Association of Baptist Churches, Women's Mission Circles and Bands will be held in the Stratford Baptist church on Wednesday, Thursday and Friday May 30, 31, and June 1. An unusually good program has been prepared for the three days' sessions, and upwards of three hundred delegates are expected to attend. Arrangements are being made for billeting and providing meals in the church basement. Among the prominent speakers who will address the convention are Rev. T. S. France, subject, "Facing the Future and Counting the Cost"; Miss L. Jones, returned missionary to India, foreign mission address; Dr. A. L. McCrimmon, M.A., LL.D., subject, "The Stewardship of Life"; Dr. A. T. Sowerby of London, who will give the annual sermon; Supt. C. H. Schutt, M.A., who will deliver a home missions address; Dr. Geo. E. Webb, of Toronto, subject, "Christian Education"; Rev. R. R. McKay and Mr. W. C. Senior, of Toronto, subject, "Minimum Pastor's Stipend"; Rev. Dr. Bowley Green, of London, subject, "The Baptist Outlook", and others.

Corns are painful growths. Holloway's Corn Remover will remove them.

## WOMAN SUFFERED FOR MONTHS

### Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUIS F. EGGASER, Hillcrest Farm, Webbwood, Ont.

### Another Nervous Woman Finds Relief

Port Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEELER, 401-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.

# Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

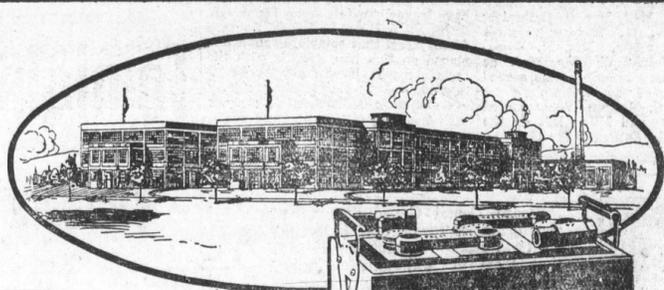

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Klenzo Dental Creme does what your dentifrice should do. It makes the teeth clean—scrupulously clean; gives them the white lustrous look that is the distinguishing mark of beautiful teeth. And, in doing this, Klenzo protects the teeth against decay.

A special feature of Klenzo Dental Creme is the cool, clean feeling it leaves in the mouth. This feeling means that countless little taste nerves have been freed from the stale secretions that make the mouth feel hot and sticky.

Use Klenzo every morning and every night—and, if possible, after meals. Give close attention to the crevices around and between the teeth.

After brushing the teeth, always rinse the mouth—preferably with a diluted solution of Klenzo Liquid Antiseptic.

Klenzo Liquid Antiseptic is a scientific preparation for the mouth, teeth, gums, throat, nose, skin and mucous surfaces, and a valuable aid in the treatment of Pyorrhea. Also very useful in overcoming bad breath.

Use Klenzo Liquid Antiseptic as a mouth-wash, gargle or spray. Full directions on every bottle.
