PRETTY WEDDING AT PARADISE

Mr. Ralph Henderson Beard United in Marriage To Miss Marion Esther Bishop.

PERSONAL AND SOCIAL NOTES

Contest Rally at Clarence Much Enjoyed—Rev. and Mrs. Ritchie Elliott Entertain Boy Scouts.

A very pretty home wedding took place at 10 o'clock Thursday, the 24th of May, when Miss Marion Esther Bishop became the bride of Mr. Ralph Henderson Beard of Wellesley, Mass., the ceremony being performed by Rev. W. Steadman Smith.

The bride, who was given away by her father, Mr. Fred Bishop, was a picture of girlish charm and beauty. Wearing a dress of white duchess satin and Spanish lace with the conventional veil and orange blossoms, she carried a shower bouquet of white carnations and American beauty roses. The bridesmaid, Miss Ethel Shaffner, wore a dress of maize satin and lace and carried a bouquet of pink and rose carnations, while the flower girl, Rosamond Shaffner, carried a basket of pink hyacinths. Little three-year-old Ralph Bishop, nephew of the bride, carried the rings.

The groom was attended by Mr. Irving Bishop, brother of the bride. Instead of the usual arch the bridal party stood under a large white bell artistically decorated with flowers. The wedding march was played by Miss Bessie Durling.

After the ceremony a dainty luncheon was served to about fifty guests, among whom was Mrs. Edith Beard, of Wellesley, mother of the groom. The groom's gift to the bride was a string of pearls, to the bridesmaid and pianist butterfly lockets, to the flower girl and ring bearer, rings.

The happy couple left on the noon train for a short trip en route to their new home in Wellesley. The bride wore a travelling suit of navy blue with a becomingly draped hat.

Besides the many gifts in silver, cut glass and linen, etc., the bride received a number of very substantial checks and gold pieces.

She will be greatly missed from her home and community taking an active part in the life of Sunday school and church choir.

A large number from here attended the B.Y.P.U. contest rally held at the B.Y.P.U. on the 25th. About 150 were present in all making this one of the outstanding events of the young people's week of this town. The address given by Rev. A. J. Prosser of Bridgetown, was as stimulating as it was entertaining. The society president spoke informally on behalf of their own societies, while the music furnished was also excellent. The Clarence young people served a much enjoyed luncheon.

The Boy Scouts and Camp Fire Girls were delightfully entertained on Sunday evening, May 26th, at the home of Rev. and Mrs. Ritchie Elliott. Rev. and Mrs. W. G. Morse left for home in Lynn, Mass. Mrs. Morse contracted a severe cold and was unable during most of her visit.

Miss Helen Banks, the Misses Edith and Lily Y. Bennett, Mr. and Mrs. Hamilton and Mr. Geo. Jeffrey, accompanied to Paradise from Bear River on the 24th, spending the day at Miss Banks' home.

HAMPTON

Mrs. Edward Guest and son Guy, of Young's Cove, were recent visitors at Herbert Foster's.

Mr. and Mrs. Edward Green, of Halifax, visited Mr. and Mrs. Lenley Banks, recently.
Mr. and Mrs. Zachus Hall, of St. Croix Cove, visited Mrs. Hall's mother, Mrs. Louisa Foster, May 20th. We regret to report Mrs. Foster in very poor health.

Mr. Elwood Milbury, of Bridgetown, is visiting his brother, Mr. Norman Milbury.

Miss Dorothy Copley came home from Wolfville on the 25th and will spend the vacation with her parents, Mr. and Mrs. C. W. Copley.

Mr. A. L. Bent, the Rawleigh man, was doing our village Friday and Saturday.
Mrs. Judson Chute and two children, of West Clarence, were Sunday guests of her mother, Mrs. A. A. Tompkins.

Inspector M. C. Foster, of Bridgetown, was in the village Saturday, 26th, calling on his mother, Mrs. Louisa Foster, and his brother, E. B. Foster.

Dr. Wm. Beckwith and family, motored from Halifax Friday, 25th, and spent the week-end at their summer home here.
Horse trading is getting quite prevalent in our village.

Mr. Ira Brinton has purchased a new Ford which makes six cars now owned in our village.
Quite a number from here attended the re-opening of the Baptist Church at Port Lorne Sunday evening.

Don't forget to attend the organizing of the B.Y.P.U. on Thursday evening, May 31st.

Flashlight Division held a very successful meeting on the evening of May 26th. After the usual routine of business was gone through, an excellent programme of music, readings and recitations was submitted. Then followed a bountiful treat of ice cream and cake. We hope the time will not be long between treats.

J. LACKENBAUER'S LOSS BY FIRE MUCH GREATER THAN AT FIRST REPORTED

Our informant on the damage done by the fire which destroyed the store and dwelling of J. Lackenbauer at West Dalhousie was evidently a poor valuator. It has been learned since on excellent authority that the loss through the destruction of store and goods leaving the dwelling out of consideration would amount to over six thousands dollars.

JACK MALCOLM DID NOT WINTER IN UNITED STATES

Several papers have published items or reproduced items without credit from other papers to the effect that Jack Malcolm, pitcher of the Bridgetown baseball team, had returned here after spending the winter in the U. S. He was also reported as a player on the American "Twilight League". These stories are all figments of some one's vivid imagination as Mr. Malcolm has been working steadily here the entire winter and spring.

IMPROVEMENTS TO C. E. CEMETERY

Additions to Committee for Purpose of Taking Work in Hand.

Following the evening service in St. James' Church last Sunday, a meeting was held in the school room to discuss the matters of improving the present condition of the C. E. cemetery. After considerable discussion the existing committee was enlarged and it is hoped the work may be taken in hand and vigorously prosecuted in the near future.

Dr. William Daley, of Halifax, is spending the week-end here with Mrs. Daley.
Miss Pearl McCullough, of Riverdale, is the guest of Miss Marion Balcom.

We are glad to know there is a telephone now on the Balcom road, there being one lately installed in the home of Rev. J. H. Balcom.

Miss Sarah Elliott is spending a few days with her sister, Mrs. Vernon Morse.

Mr. O. V. Kennedy, of St. George, N.B., is boring an Artesian well for Mr. Kenneth Brooks.

Rev. Percy Hayden, Mrs. Hayden, and family, made a short visit at the parsonage on the 21st.
Mrs. Harry Balcom is much improved after a serious illness of several weeks.

PRIZES FOR PUPILS OF THE SCHOOLS

\$10 And \$5 For Best Articles on Local History.

This year prizes will be offered for competition among pupils of Bridgetown schools from Grade 7 up through the High School department for the best essays on local history, for instance, Loyalist and Pre-Loyalist days, The Annapolis River in History, Mayors of the Town, and other subjects which go to make up local history. First prize \$10, second prize \$5. Further details will be given at an early date. The essays will, it is understood, have to be in and judged by a Board to be appointed in time for awards to be made and prizes given out at the school exercises in September when the other prizes for the school year are distributed.

ATHLETIC CONTENT OF TUXIS BOYS

This Annual Event Takes Place On School Grounds Saturday Afternoon Next

At a well attended meeting of the Boys' Work Board on Monday evening the 21st, it was decided to hold the Annual Athletic Contest on the school grounds at Saturday afternoon June 2nd, at two o'clock.

The Tuxis Boys from the different churches will participate as well as the Trail Rangers. The events to be carried off are the hundred yard dash, running high jump, running broad jump, ball throw, and shot-put.

The following judges have been appointed: Rev. E. Underwood, Rev. J. H. Freestone, Rev. A. J. Prosser, J. T. Archibald, H. A. Dand, George H. Warey, A. B. Clarke, J. W. Peters, F. H. Beattie, W. B. Pried, Henry B. Hicks.

Our boys have given a splendid account of themselves in these contests during the past few years and a very interesting afternoon is looked forward to. The boys as well as the members of the Board would like to have as many spectators on that day as possible, and we trust that all interested in boy life will make an effort to witness this contest.

"GREY BIRD" TAKES FIRST MONEY IN RACE AT AYLESFORD

The races at Aylesford attracted a very fair gathering and were very well contested.

In the 2.20 class, "Grey Bird", owned by Mr. Norman Dargie, of this town, took first money, though up against some horses with marks, we understand, down to 2.16.

"See Me Go", owned by Frank Foster of Kingston, took the first two heats with "Grey Bird" in the second position in the second heat.

The local horse finished strong, taking first in the last three heats. Time 1.11. Purse in this race was \$100.

In the free-for-all, "Fucky Dillard", owned by W. B. Moore, of Kentville, took first money. "Freek Locanda", owned by W. E. Wall, Bridgetowner, second, "John A. Hall", owned by N. Silver, New Germany, third. Time 1:17.4. Purse \$125.

ICED REFRIGERATOR CAR SERVICE

A refrigerator car service, under Government supervision, will be operated by the Dominion Atlantic Railway, commencing June 5th next, between Yarmouth and Halifax, N. S., for the accommodation of butter and egg shipments during the warm months.

This iced refrigerator will leave Yarmouth Tuesday of each week, picking up such shipments as may offer at principal shipping points up to Kentville, and from points between Kentville and Halifax, on Wednesday, thus effecting prompt deliveries at Halifax on Thursday morning.

FINDS WATCH LOST SIXTEEN YEARS AGO

Mr. Fred Foster, Morse Road, covered a few days ago a silver watch which he lost sixteen years ago while working on the dyke. The works of course are nearly rusted out and the dial discolored but the case and other parts are still good as ever.

Next Monday being observed as the King's birthday, it is understood that the stores in Bridgetown will be closed for the day.

DEDICATION AT ST. MARY'S BELLEISLE

Brass Altar Desk Gift of Late Mrs. Alice Lyle. Flower Vases from Miss M. B. Woodworth.

Trinity Sunday, 1923, will be memorable in St. Mary's Church, Belleisle, because of the dedication of a Brass Altar desk, and flower vases for use at the altar. The former is the gift of Mrs. Alice R. Lyle, whose death we chronicled a few weeks ago, and the latter the gift of her sister, (in memoriam) Miss M. B. Woodworth, of Waltham, Mass. Both these gifts are alike significant and appropriate. For twenty-seven years the whole time of her residence in Belleisle, Mrs. Lyle made the care of the "Sanctuary" in St. Mary's, her special work. Not only so, but within a short time of her death, personally chose her successor. During Mrs. Lyle's residence, Miss Woodworth has been a frequent visitor to the community, and besides several specific gifts, has always taken a keen interest in her sister's work and all that pertained to St. Mary's.

The altar desk bears the inscription—"To the glory of God. Presented to St. Mary's Church, Belleisle, by Mrs. Alice R. Lyle, Easter-day, 1923."

CLEMENTSPORT

Clementsport, N. S.—The new D. A. R. station here is coming along finely and we hope ere long to be able to point to one of the neatest little buildings of the kind on the line, and call it "our station".

A few of the Summer folks have already arrived, and others are looking for shortly. Many of the cottages are engaged, and the outlook is for a pleasant and profitable Summer.

Capt. Willett, of Round Hill, who recently purchased "Daphne Cottage" from Rev. I. D. Lyttle, is moving in a "dry-land boat", and has, we understand, purchased a motor boat from Mr. F. W. Harris, of Annapolis. Hard for these old "Sails" to resist the lure of the sea.

A very enjoyable evening was spent recently by the members and friends of the Methodist congregation of this place. Learning that Rev. and Mrs. Lyttle were about to move to Deep Brook, almost the entire membership invaded their home in token of their appreciation of the minister and his wife. Mr. Lyttle is pastor of the Baptist Church, but has hosts of warm friends among the people of the other denominations.

Two new cars have made their appearance in our village during the past two or three weeks. Mr. Lyttle has a "Bluebird", and Mr. Fred Jones has a "Grey Dori". Be careful in rounding the corners, Fred!

BRITISH ALARMED OVER DESERTIONS

Claim Law Enforcement of Immigration Laws Encouraging Seamen Leave British Ships in U. S. Ports.

London.—The problem raised by desertion of British seamen and from American ports is assuming the most serious importance in the view of British ship owners. It is regarded here as a long standing evil, but the recent restriction a large scale of this practice has caused a call to be sent the Government, asking that steps be taken to intervene by representations at Washington.

The Atlantic last had fourteen desertions at Boston, the Celtic had three at New York, the Baltic at New York, while the Cornelia and others had similar troubles. Desertions are due to the difference in the rate of wages paid on British and American ships, and in view of the recent reduction in the value of the pound sterling, there is added temptation to break articles and quit the British vessels to engage at the higher rates prevailing under the American flag. In the case of ordinary seamen, the difference in pay is about \$5 a month for able seamen and \$3 for ordinary seamen. It is charged in shipping papers

here that the United States immigration laws are not enforced in these cases and desertions are even encouraged on the other side, in order to facilitate the manning of American ships. It is claimed that due to the high wages prevailing in shore occupations the percentage of American citizens now serving on American vessels is not more than one-fifth of the balance are British subjects.

"It would be interesting to know what proportion of this number is represented by deserters from British ships," says Syren and Shipping editorially. "We quite admit American ships must be manned, but because seafaring life does not appeal to American citizens is no reason why desertion from British ships should be tacitly connived at."

The newspaper claims that the immigration laws, if thoroughly administered, would prevent these desertions, which seriously harm British ship owners.

RICH MEN—SUICIDE

Seventy-nine millionaires and 83 bankers committed suicide in the United States last year, which proves once more that the mere possession of wealth does not produce happiness or contentment of mind observes the London "Daily Express."

The truly rich man is the philosopher who fills the niche in life for which he is best fitted, who looks on money as a means to an end and not the end of all, and who cherishes health and the good will of his fellows above the mere gatherings of gold.

PREVENTION OF APPLE SCAB

Early Spraying of the Orchard, Important.

How many times to spray the apple orchard is a matter of concern to most orchardists. From the results of experiments conducted on by the Division of Horticulture of the Dominion Experimental Farms, as outlined in a recently issued bulletin on "Modern Orchard Practices" it appears absolutely necessary to make at least five sprays to control apple scab effectively in bad seasons. In the opinion of the author, Mr. M. B. Davis, who is chief assistant horticulturist, the importance of early sprays as an insurance against the loss of crop has been neglected and overlooked too much in the past. "It is the early sprays, he says, which save the crop. The wise man sprays from the early

Spring to make his crop set.

Apple scab is a disease that spreads or reproduces itself by spores so minute that they cannot be discerned with the naked eye. When the weather becomes sufficiently mild to start the trees, these spores are liberated from the old leaves and infect the young leaves, reproducing new spores in a very few days. By the time the blossoms are ready to burst there may be many millions of these spores ready to infect them. At this stage the spores, which will ultimately ripen into an apple, is very tender and if attacked by a germinating spore, which sends out roots to penetrate the skin, will be killed and the chances of a crop ruined. Ravages of scab are often attributed to imperfect pollination or frost when in reality black spot or scab is the cause of the loss. Cool, moist weather, such as we have in Spring, is the most favourable for the development of scab, which spreads but little during the Summer. Thus the important sprays are the early ones. Spraying is a preventative, and cannot repair damage already done. It prevents the development of the germinating spore. The bulletin here referred to goes very thoroughly into the details of the cultivation, spraying and management of the apple orchard.

VALLEY SECTION GETS GOODES START
It Kestler With Mr. O'Connell, Representative, Perfect Their Tourist Organization.
Kentville.—The tourist committee of the Provincial legislature at the last session, organized for the organization of this Province into a Provincial Tourist Association. This was accepted by the local government, which voted a sum of ten thousand dollars for the work, and have undertaken to provide a chairman for the Province, also an organizer and publicity agent.
The chairman, J. F. O'Connell, of Halifax, has already been appointed, and other appointments will be made in a few days. The counties of Hants, Kings, Antigonish, Digby and Yarmouth, have been set aside as one of the five zones of the Province, and in these counties several meetings have been held and a temporary organization completed.
The representatives of the different parts of the Valley section are very energetic and enthusiastic in carrying forward the work, and Mr. O'Connell came to Kentville and started the work in operation. A meeting was held in the office of the President, A. E. McVishon. There were present, besides Mr. McVishon, Secty. H. M. Chase, Edson Graham, Wolfville; A. D. Payzant, Canning; G. P. Raymond, Berwick; C. G. Yenton, Hantsport; F. E. Cox, Middleton; F. G. J. Comeau, Halifax; George E. (Continued on Page Six)

FINE NEW BUS
A splendid new bus for the Digby Neck Mail Company went into commission last week. It consists of a Reo chassis on which Wright and Baker, of Wolfville, have erected a superstructure capable of seating seven or sixteen passengers. The entrance is from the front, near the driver, and the seats are built around the rear. In the rear there is a separate compartment for the mail and baggage which can be reached through a door from the trunk of the bus. The fabric is natural wood with heavy upholstery. It is probably the most up-to-date bus for a rural mail route in the Province, and the Digby Neck Mail Company deserve great praise for their enterprise.—Courier.

WEST PARADISE

Mrs. Eugene Morse attended the closing exercises at Acadia, returning last week with her daughter, Miss Louise, who has been attending college there.

Miss Jessie Saunders, who has been a missionary in India, for twenty-one years, was a recent guest of her cousin, Mr. B. W. Saunders, and of Mrs. Saunders. She was accompanied by Miss Marie O'Loughlin of Madras India. Both leave this week for California, where Miss O'Loughlin's father, a retired Government official in British service at Madras, now resides.

Mrs. Maria Dargie, of Bridgetown, has been visiting here, the guest of her sister, Mrs. Arthur Morse.

Mrs. Jesse Saunders is spending a week or two with her parents, Mr. and Mrs. John VanBuskirk, Wilmot. Her many friends will regret to learn that Mrs. VanBuskirk is in poor health at present.

CENTRAL CLARENCE

Miss Carrie Johnston, of Boston, is visiting her brother and wife, Mr. and Mrs. Fred Johnston.

Miss Pearl Sprowl spent a few days last week, the guest of Mrs. Arthur Whitman, Paradise.

Mr. Ed. Clark, of Lakeville, King's Co., spent the week-end at the home of Mr. and Mrs. J. W. Sprowl.

Mrs. Joel Whitman, of Brooklyn, has been a recent visitor at Mr. Edwin Whitman's.

Capt. and Mrs. Joseph Conrad, Pearl and Aubrey Sprowl, attended the Oddfellows' anniversary service at Bridgetown on Sunday afternoon, May 20th.

Misses Irma and Jean Williams spent the 24th with Jean MacDougall and other young friends on a day's outing at Rumsey's Lake.

A number of the young men and boys of the place serenaded Floyd Smith and bride on Monday evening, May 14th. Best wishes are extended to Mr. and Mrs. Smith for a long and happy life together.

Miss Ruth Ward left this week to spend an indefinite time with her aunt, Mrs. Clara Harrison, at Manger-ville, N.B.

Mr. and Mrs. S. B. Marshall motored to Halifax on Friday to get their daughter, Doris, who has been taking treatment at the V. G. Hospital for several weeks. We are glad to report her general health much improved.

The B. Y. P. U.'s of Clarence and Paradise met at the former place and enjoyed a social time at the church on Friday evening. A contest had been carried on in the Winter between the two societies, Paradise winning by a few points. A programme was given by the latter, and we also en-

CORRESPONDENCE

Editor Monitor:

Dear Sir:—I was very pleased to observe that many who were in the habit of decorating their verandahs with the weeks wash during the Winter months, now that the fine weather has arrived and the back yard is again available have taken advantage of the same. A visitor to our town a short time ago in observing one of our gaily bedecked verandahs, remarked: "That is the way the foreign population of a mining town dry their week's wash, but was somewhat surprised to see some of our finest residences, concealed behind lines of all description gaily waving in the air."

A Few Words About Grey Bird

Mr. Editor:—Will you kindly allow me to make a few remarks in your valuable paper concerning Bridgetown's fast horses.

While at the races the 24th we found only three horses from this town, while there were seven from Kentville and several fast ones from other towns, and we find that some of the Bridgetown horses we think are fast enough to win over most any horse were not in the races. Why were they not at the Aylestord track?

I think they must have been a little afraid of that horse they call "Grey Bird". There was quite a lot of talk about the Bridgetown horses last Winter and I heard a man say there is nothing in the town that can beat "Grey Bird", unless it is "Perfection". Another man says I would like to get after her with "Corn Cracker". I wonder if there is anything wrong with that man. There is another man in Bridgetown who has a "knitting machine" who says he can drive "Grey Bird" out of the road. I would just like to see him at it. Mr. Dargie entered his "Grey Bird" in with six horses and five of them marked under twenty. Dargie's mare trotted five heats without a break, and takes away first money.

Thanking you Mr. Editor, for valuable space, I remain
A SPECTATOR.

A very enjoyable "Cup Social" was held on Monday evening in the Baptist Church vestry. Miss Dorothy Abbott presided and a good musical and literary programme preceded the refreshments which were both abundant and of excellent quality. The sum of \$32 was realized.

joyed an excellent address by Rev. A. J. Prosser, of Bridgetown. Clarence furnished a treat of ice cream and cake. Pastor Smith was chairman of the meeting.

OBITUARIES

W. W. Wade.

Bear River.—On Monday morning, May 21st, the sad news rapidly spread through Bear River that W. W. Wade had passed away. On the previous day he had suffered a paralytic stroke. It did not seem to be severe and hopes were entertained for his recovery, but during the night he grew rapidly worse and in the morning quietly breathed his last. The deceased was sixty-six years of age, and was a son of Edmund Wade. In early life he was book-keeper in the firm of John Welsh & Co. Afterwards he entered business for himself in which he remained until his death. For many years he was a faithful and efficient official of the Methodist Church. He was prominent in I.O.O.F. circles and filled the position of Secretary of the School Board in a very satisfactory manner.

He leaves to mourn his loss a widow who was Miss Clara V. Cooper, of Charlottetown, P.E.I.; two daughters, Harriet E., of Newton, Mass., and Miriam E., who has just graduated from Mt. Allison, and one son, Douglas C., of Winslow, Arizona.

These all have in their bereavement the sympathy of a large circle of friends. A familiar figure about town, a quiet man, a kindly friend, much missed by all.

The funeral took place on Wednesday afternoon from his late residence to Mt. Hope cemetery. Rev. Carl Mack, B.D., pastor of the Methodist Church, conducted the service at the home, assisted by Rev. J. W. O'Brien, of Yarmouth, who came to Bear River to be present as an old pastor and intimate friend of the stricken family. Rev. R. S. Gregg, pastor of the Baptist Church, also assisted. "Rock of Ages", "Asleep in Jesus" and "Lead Kindly Light" were the hymns chosen to be sung, and Revs. Carl Mack and J. W. O'Brien paid fitting tributes to the memory of their departed friend who had been so suddenly called to higher service.

After the benediction by Rev. R. S. Gregg, the choir sang with deep feeling the beautiful words of "Sleep on Beloved", while the casket was gently carried from the home.

At the grave the members of Friendship Lodge, I.O.O.F., conducted their very impressive service of farewell over their departed brother's remains, and he was left to sleep his long last sleep in the glorious hope of a bright Resurrection Morn.

The floral tributes from the Methodist Church, Friendship Lodge, I.O.O.F., Etta Rebekah, School Board, teachers and pupils of Oakdene school and relatives and friends, were exceptionally beautiful, and gave silent and fragrant evidence of the love and sympathy of the whole community.

George J. Hoyt.

Weymouth, N. S.—One of Weymouth's oldest, well-known and highly respected residents, in the person of George J. Hoyt, passed away on Tuesday at noon, at the advanced age of 90 years and eight months. The deceased was a son of the late Alexander and Sophia (Jones) Hoyt and was born in Weymouth, where he has resided ever since birth. He was the last surviving member of the family, and his passing away, following a brief illness of few hours' duration, will be learned with regret by a large circle of friends here and elsewhere. In early life the deceased entered business for himself, and for many years conducted a general store at Weymouth, retiring from active business twenty-three years ago, after the death of his wife, who was a Miss Quirk, of Bridgetown. His mother died about twenty-five years ago, having reached the venerable age of 100.

The late Mr. Hoyt was Postmaster of this place for over forty years, until the general elections of 1911, resulting in a change of Government, the appointment which he held being given to the late Thomas C. Rice. The deceased was a familiar figure on the streets of the town and, despite his four score years and more, was as spry and smart as many a man much younger. Only on Sunday was he around his garden. He took to his bed that evening with a chill that quickly developed into pneumonia, resulting in his death. Mr. Hoyt is survived by one son, Harry S. Hoyt, who for many years was in business with his father, retiring about ten years ago on account of ill health.

Mrs. FitzRandolph, Weymouth, and W. J. Hoyt, of Bridgetown, are cousins of the deceased. Two nieces in Bridgetown, and four nephews survive him. Miss Hattie Hoyt, Bridgetown, and Charles J. Hoyt, of North Sydney, attended the funeral, which was held on Thursday, 24th, services being conducted by Rev. M. Taylor, rector of St. Thomas' Parish, of which deceased was a member.

Apple Delecto

A Sound, Wholesome Fruit Product

(Government Report)

YOUR cakes and pastries are now greatly improved by using "Delecto", the new fruit product made from apples grown in your own orchards.

You not only improve the flavor by combining "Delecto" with other fruits but the enhanced food value is of such vital importance that you cannot afford not to have it always on hand.

Just try it in your rich fruit cake by substituting "Delecto" for half the other fruit and note the difference. No need to add a lot of spices and flavoring essences, the concentrated apple juice has a flavor of its own.

Electric Service

Owing to erroneous reports going about regarding the twenty-four hour service and the special rates offered for motors and for household appliances, we offer the following explanation:—

The lighting rate remains as it has been since the installation of meters, and any person desiring to use small household appliances such as flat-irons, toasters, vacuum-cleaners, washing machines, etc., etc., on their electric light wiring may do so without doing any extra wiring by paying the lighting rate.

A special rate of 4 cents (net) per k. w. h. for household appliances, and especially for electric ranges or water-heaters, is available to any person who will install separate wiring or a time-switch. Either separate wiring or a time-switch is necessary in order that this company may install a separate meter to measure the current used on the low rate.

A special rate of 8 cents (net) per k. w. h. is offered for motor services of one half horse power to five horse power.

vestry of the Methodist Church to consider plans for Tuxis training.

A large number of visitors at the Elm House for the month of May. Mrs. E. Messenger and Mrs. Hoyt were guests of Dr. Pearson.

Mr. D. Balcom, in attending to his garden at "Forest Rest", a pretty bungalow, he found a rabbit's nest a number of little ones were there waiting for the mother to bring their breakfast. One was injured but two were cared for by the kindly gentleman. He brought them home, put them in the box with a cat and her little kittens. They were welcomed by the cat family, fed, and are as happy and contented as possible in their new home. It is said that a great deal of harm has been done to the young apple trees by these animals during last winter.

The Lawrencetown Creamery has been taken over by Messrs. J. D. Neil and J. M. Johnston, and it is their intention to develop the business largely. Cream collections will be made by auto truck. The new proprietors have a good location and a good territory with excellent prospects to increase a business which has been carried on for some time. Attention is called to their ad. in another column.

LOWER GRANVILLE

Miss Lena Covert, who spent the winter in Maine, has returned home. Everett Tarbox, of Boston, Mass., is visiting his mother, Mrs. Dora Hudson.

The "Willing Workers" held a pie sale in the hall on Wednesday evening, 27th inst. Proceeds \$25.50, forwarded the hall fund.

A number of friends met at the home of Miss Mildred MacNeil Tuesday evening, May 15th, giving her a variety shower of many lovely and useful gifts.

Rev. W. G. Heisler made a speech, after which Miss MacNeil, although taken by surprise, thanked those present in an appropriate manner.

The Empire day exercises on the grounds of the "Island" school proved most interesting. Addresses well worth hearing were given by Rev. R. B. Thomas, Archdeacon Watson and Rev. W. G. Heisler. Trees and shrubs were planted, one tree was dedicated to the soldiers of the allies and then to the nurses. A letter from Miss Eugenia Bogart, one of our own home girls, who served with distinction in the great war, was read. The flag raising was an interesting part of the programme. The Union Jack which has been owned by the school for some years, for the first time floated from a pole. Appropriate songs and recitations had been prepared by the school. At the close speeches were made by Mr. E. H. Porter and Miss E. Belts, and by Mrs. Horace Johnson in behalf of the "Women's Institute". Afterwards refreshments were served in the school house.

PORT WADE

Mr. Geo. Beeler, of Clementsvalle, is sawyer for the P. Wade Lumber Co., and is domiciled at Chestnut Cottage. His son Murray and the family motored over here Saturday evening.

Mr. Bell, of Halifax, was in the village last week.

The pulp business is now an assured thing, as under management of Mr. Prosser the camps are up and the cooks on hand and soon fifty men will be calling at the "New Road Hotel" three times daily.

Our teacher, Miss Crosscup, spent the holiday last week at her home, Bear River.

Miss Theta White, of the Grand Hotel staff, Yarmouth, spent the week end here with her grandmother, Mrs. Jane Litch.

Our roads are beautiful. The scenery beyond compare, and the people who own cars have surely found this to be true, as the air is full 'o them, especially on Sundays.

An interesting expedition to Lower Granville was made last week by the President (Mrs. Owen), the Vice President (F. W. Harris) and Mrs. Harris, L. M. Fortier and Edward Bartoux, surveyor, to select a site for a monument on the location of Champlain's old fort. This is on the property of Jacob W. Robblee. The position selected was marked and a report made to the government commission on Historic sites and monuments which plan to supply the monument which will probably be erected in the course of another year or two.

LABRADOR IS STILL BE BOUND
The Prospects For Gold Hunters Are
Not Very Bright.

St. John's, Nfld.—The worst winter
conditions ever known on the Labra-
dor coast still being tied up
with a sixty mile wide ice barrier
and little prospects for satisfactory
navigation to the far northern fishing
stations, is the news brought back
by the first visitors to Northern Labra-
dor for the season. The aerial sur-
vey fliers have gone to the supposed
new Alaska gold fields and their
report does not seem to offer encou-
agement to intending visitors to set
out on the sea voyage at a very early
date. The Aerial Survey Company
are themselves large holders of gold
claims, however, and they are making
debate in the way of infor-
mation concerning the gold areas their
selves.

WHY FARMERS LEAVE THE FARM

Why do farmers leave the farm?
The question is easily asked but dif-
ficult to answer. That many farmers
do leave the farms is evidence from
the number of vacant farms. Figures
recently assembled by the United
States Department of Agriculture
would seem to indicate that the farm-
ers in that country quit because of
small financial returns for labor and
investment. We pass these figures on
for what they are worth:
After a survey of 6,094 represent-
ative farm ventures the United States
Department announces that in 1922
the cash yield of an average farm,
capitalized at \$16,400, was \$715. In
addition, \$202 was gained on the av-
erage in machinery and live stock and
\$294 was obtained from the land in
fuel and food. Altogether \$1211 stood
for the return on \$16,400 plus the
labor of farmer and family.
But not all of the agriculturists
were so fortunate as this average. Of
those canvassed 14.6 per cent failed to
make expenses; 50.8 per cent made
less than \$1,000; 22.2 per cent less
than \$2,000; 6.8 per cent less than
\$3,000 for the investment of capital
and hard work.
The New York World contends that
in "these figures one finds without
difficulty the whole cause of the
migration from country to city which
creates so much agitation among
economists. Nowhere else in the
United States does capital produce so
little or labor bring so small a re-
ward as on the farm. A man who
has \$16,400 tied up in acreage would
be financially better off to sell, put
the money in 4½ Liberty Bonds and
go to work for Henry Ford. The
bonds would bring almost as much
income as the farm, with no labor
involved, and he couldn't earn much
less than \$1,500 a year in a Ford
plant. The movement from country
to city is "evidence that the farmers
are aware of these facts and are re-
sponding to them in normal fashion. In
some sections they are forming co-
operative associations, in others they
are selling their goods at auction and
shaking the dust of agriculture from
their boots forever. This last is not
a good thing for the country, but the
country has left many farmers no
choice."

"The Tanlac treatment not only
ended my stomach trouble, but it
built me up eighteen pounds, and I
never felt better in my life." is the
positive statement of Armand Grenier,
250 Marquette Street, Montreal.
"Dyspepsia had me in such awful
shape I scarcely dared to eat, know-
ing the misery I would have to suffer.
My nerves were shattered I would
be awake sometimes all night, and
once I woke up from a doze feeling
like I was about to smother, and
thought my end was near. Then for
months I was mighty careful about
my eating, but I didn't seem to get
any better until I took a friend's ad-
vice and started on Tanlac.
"Every day I got better, till now
I enjoy top-top health. I have a rhy-
thmic appetite, perfect digestion, and
can sleep like a top every night. Tan-
lac has my best work every day."

THE SHIPS OF SAINT JOHN

Where are the ships I used to know,
That came to port on the Fundy side
Half a century ago,
In beauty and stately pride?
In their world come past the sea on
High,
With the sun on gleaming sail and
The wind in their rigging,
Filling their white sails in the air,
In a changing strange order,
Schroeder and Bell and Parkington,
I watched them slow as the sails
were furled,
And wondered what order they would
have seen
In the other side of the world,
Frenchman and Britisher and Dane
Yankee, Spaniard and Portuguese,
And many a home ship back again
With her storied of the sea.
The creature of a passing race,
The dark spruce forests made them
strong,
The blue sea gave them magic power,
The great winds taught them valor,
And God blessed them each with
His life.
His blessings on the craftman's
skill—
To meet the blind unseasoned strife
And dare the risk of ill,
All the beauty and mystery
Of life was there, adventure bold,
Youth and the glamour of the sea
And all its sorrows told,
I can see them still, the sun or their
gear,
The shining streak as the hull
cleared,
And the flag at the peak fluttering—
clear,
As a picture on a screen,
The fox still hangs on the long tide-
rips,
The gulls go wavering to and fro,
But where are all the beautiful ships
I knew so long ago?
BLISS CARMAN.

Mr. O'Connell spoke of the work
and purpose of the provincial ex-
ecutive and the various committees
and the work of the provincial ex-
ecutive. The provincial executive
will undertake a publicity campaign for
the province and will be ready to
organize within its bounds
and carry on its work. He stated
that it was not expected that a great
number of tourists could be brought
this year, as our present trans-
portation facilities and hotel and
other accommodations were not suf-
ficiently organized for that purpose.
But a good increase in tourists could
be brought about, and particularly
Nova Scotia's resulting abroad could
be induced to return to visit their
old home, and we could secure
profits for a large future year.
The meeting decided to complete
the organization and the following
provincial officers were elected:
President—A. E. Melanson, Ken-
nerville.
Vice President—For Yarmouth,
Seymour Baker; Digby, H. B. Sheri;
Annapolis, F. E. Cox; Middleton,
Kings, Elson Graham; Wolfville,
Hans, H. C. Burchell.
The Secretary, H. M. Chase, will
be the representative of the Valley
section of the Provincial executive.
The Dominion Atlantic Railway had
appointed F. G. J. Comeau as its
representative on the Provincial ex-
ecutive, and Mr. O'Connell will see
that the other four sections of the
Province are organized and repre-
sentatives appointed, and a meeting of
the Provincial executive held at as
early a date as possible.
Mr. O'Connell made an excellent
impression while here, and expressed
his sincere thanks for the enthusiasm
displayed, and the encouragement he
had received in his efforts.
The steambath, railway and hotel
accommodations were fully discussed.

RADIO INSTALLED IN LUNENBURG SCHOONER

It Is Possible That The Whole Fleet May Be Equipped Next Season.

Lunenburg.—The schooner George M. Cook, Captain Abram Cook, has sailed for the banks, and is the first fishing schooner to have a radio installed. While at W. & C. W. Smith's wharf she had many visitors to see how the machinery worked. There was quite an audience in the cabin the night before she sailed, and the test was very encouraging as Grand Opera, band concerts and lectures in different cities in the United States were heard. In another season if this test is successful it is surmised that nearly the whole fishing fleet will have radios installed, which will help to pass away the hours on the grand banks. There is some talk of installing electric light apparatus in the fleet next season.

NEWSPAPER FOLK WILL GATHER HERE MIDDLE JUNE

Halifax.—The Canadian Weekly Newspapers Association will hold its annual meeting at Halifax on June 24th and 25th. It is expected that over 200 members will come by special train from Toronto. Arriving at 10 o'clock, the newspapersmen will take the steamer to Digby and then continue to Lunenburg, where they will arrive at about nine o'clock Sunday evening, June 17th. Immediately the convention is finished, they will leave by special train for Sydney, where they will arrive on the morning of June 20th. The day's program will include a sail on the beautiful Bras Coup lakes. June 21st will be spent in New Glasgow, Pictou, Truro, Moncton and Antigonish. The following day will be spent in Prince Edward Island, and Sunday, June 24th, at Quebec City, the party arriving back at Toronto the next morning.

MAKES STRONG PLEA FOR THE FISHERMEN

Dr. L. J. Lovett, of Annapolis, Urges Need of Reduced Freight Rates—Raps the Progressives.

Dr. L. J. Lovett, of Annapolis, delivered an excellent speech on the Budget, especially emphasizing matters of interest to Nova Scotia. He congratulated Mr. Fielding in very warm terms and said that while it was impossible to satisfy all classes, he thought the people generally would look on it as a good Budget. "If I have any criticism to offer," said Dr. Lovett, "it is in the desire for a greater downward revision," but taking into consideration the financial position and the need of revenue he felt it would not be proper to force this view in the face of the arguments of those who have wider experience.

He declared himself very sympathetic to a reduction of postage rate and thought we should have a return to the two cent letter rate as it would augment the revenue by increased volume of business as it had done when reduced under the Laurier regime.

Plea For Fishermen

He made a strong plea for the fisherman of the Atlantic coast, who carry on their work under great dangers and difficulties, and not for forty years, he said, have things been so bad with them as they were last year. They had been reduced to sore financial straits and, he said, he was now urging the Government of the necessity of granting them reduced freight rates so they could get their fish in the markets of central Canada at a fair profit. He thought the fishermen were more entitled to low rates than the producers of wheat, as the former was a perishable product. They were denied their natural market in the United States through the Fordney tariff and, unless something was done they would have to find some other way of earning a living. He did not, however, want to leave the impression that the farmers and fishermen of the Maritime Provinces were a lot of "professional mourners" like the farmers of the West. He congratulated the Government for having removed the duty from machinery for manufacturing fish waste, and commended the offer of reciprocity.

He urged the Government to do more for forest conservation and commended very highly the work being done by Mr. F. J. D. Barnjum.

MIRAGE OFF THE ANTIGONISH COAST SEEN BY FISHERMEN

Mirages are rarely seen along the Antigonish coast, but a fine example of this phenomenon was witnessed at Morristown on Friday, says the Antigonish Casket. Ronald and John Boyd were coming in from baiting their lobster traps in the evening when in front of them appeared the waters of a placid lake, with ice-fringed shores. As the image grew clearer they saw a broken-down, and partly repaired mill at one side with water pouring over the dam. Nearby was a white house with bright red roof, while on the lake were two boats with men in each, fishing. The surprised spectators gazed at this picture, whose beauty was beyond description, for about twenty minutes, when it slowly faded out.

THANKFUL MOTHERS

Thousands of mothers throughout Canada—many of them your neighbors—speak with thankfulness concerning the use of Baby's Own Tablets. Once they have used the Tablets for their little ones they would use nothing else. The Tablets are an absolutely safe medicine for even the youngest baby, being guaranteed by a government analyst to contain neither opiates nor narcotics or other harmful drugs. Concerning them Mrs. David McRobb, Divide, Sask., says:—"I have used Baby's Own Tablets and have found them so satisfactory I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BASEBALL AT BEAR RIVER

The ball field is getting worked into pretty good shape and the team has already started on some snappy practice work. If there are any weak spots in the team this year they have not yet been located, and we are looking forward to a banner year for ball in Bear River.

The opening game of the season will take place at Yarmouth on May 24th, and the fans are looking forward with much interest to the result of this game to show them where the local aggregation will fit in the Valley League. It is expected that Skip Reid will be on deck for Yarmouth game.

LETTERS FROM MOSCOW FOUND IN RAID

Sydney.—A number of letters from Moscow, written in Russian, were seized by the Provincial Police in a raid upon the residence of Steve Firlott, at Whitney Pier.

A quantity of alleged seditious literature was also taken by the police. Firlott, a Russian, has attracted much attention in recent months by his speeches in Russian at various mass meetings throughout the district.

His Russian discourse was one of the headlines on the programme at the recent May Day celebration at Glace Bay.

VICTORY

Miss Bertha M. Simpson, of the Kentville Sanatorium staff, has been spending a couple of weeks with her parents, Mr. and Mrs. Joshua Simpson.

Mr. and Mrs. John W. Simpson and family spent Sunday, May 20th, at Clementsvalle.

Mr. and Mrs. Walter Gélue have returned from Springhill, where they have been spending the winter.

Mrs. Israel Winchester, teacher, spent Saturday, May 19th, with Mrs. Obediah Pulley, Greenland.

Miss Jennie Pulley has gone to Milford Corner to work.

Mr. Arthur Pulley met with a serious loss when his house and all of its contents was burned to the ground on May 17th at two o'clock in the morning. The family barely escaped with their lives and hardly a stitch of clothing to their backs. We sincerely sympathize with them in their loss.

Miss Eleanor Dapies has returned from Bear River.

Mr. and Mrs. Stewart Potter and daughter Göttrude, of Clementsvalle, were the Sunday guests of Mr. and Mrs. Joshua Simpson, May 13th.

Mr. and Mrs. Ralph Pierce, of Clementsvalle, spent Sunday, May 13th, with Mr. and Mrs. John Simpson.

PLAN BIG DEVELOPMENT IN CAPE BRETON

Plan Power to Operate Electric Railway From North Sydney to Baddeck, Englishtown and Iona—Delegation Waited Upon Government.

That electrical power can be developed by coal at the mine's mouth and delivered to the 75,000 consumers living within a radius of twenty miles as cheaply as hydro electric is being delivered from St. Margaret's Bay, is the contention of a number of Cape Breton engineers and financiers and coal operators who met upon the Provincial Government. They further expect to develop sufficient power to make it expedient and practical to build and operate an electrically run railway from North Sydney to Baddeck to English Harbour in one direction, and to Iona, on the Canadian National Railway, in the other direction.

This was the comprehensive and extensive plan for the development of Cape Breton, Victoria and Inverness Counties which was laid before the Government recently.

The delegation of North Sydney and Sydney Mines gentlemen placing the project before the Government included Mr. V. MacFadden, an electrical engineer of North Sydney, and connected with the Dominion Coal Co. The mine in question is leased by a number of North Sydney men and is situated on the lake side to the east of the town of North Sydney. The seam of coal is what is known in mining parlance as "a low seam," narrow or thin, and not marketable for purposes other than generating steam. They propose to use it directly at the mine's mouth, direct from the mine to the boilers of a large electric plant, and claim they have sufficient for one hundred and fifty years, if the plant consumed double the use which they estimate their plant, as now proposed, would consume.

Refiners Say There Is Big Demand For Sugar Since Booze Supply Was Cut Off.

Ottawa.—That Canadian sugar refiners were bound absolutely as to their selling prices by the New York raw sugar prices, and that present world conditions were such that consumers must look for further increases in refined sugar prices, was the information given to the Special Agricultural Committee of the House of Commons by sugar refiners who were examined as to costs. Refiners declared that consumption in the United States had increased "enormously" and the world's supply of raw sugars appeared low. The present advances were apparently based on actual shortages. Prohibition, with the absence of alcoholic stimulants, has created an enormous demand for sugared drinks one refiner stated.

C. E. Neill, of the Royal Bank of Canada, denied that his company was in any way behind sugar speculators in Cuba. The Bank, he said, had not a dollar loaned to sugar speculators in New York, Cuba or the West Indies.

Mrs. Austin Nass and son, Wilford, were the Sunday guests of Mr. and Mrs. A. K. Fancy, Upper Milford. Miss Ethel Hevey, of Victory, spent a week with Miss Helen L. Nass. The men are busy planting and the women are cleaning house.

WRECK OF SHIP CULLODEN RECALLED

Last week at Digby the fire bell in the town hall refused to function, which caused some delay in assembling the firemen. Upon examination it was found that one of the braces had rusted allowing the bell to fall. It was taken down for repairs, when it was discovered that the name "Culloden 1856" was cast upon it. This brings to mind the fact that it was taken off the submerged wreck of the ship Culloden, which ran ashore on the 23rd November, 1859, while on the passage from Liverpool, G.B., for St. John, N. B., with a cargo of railway iron and dry goods, three miles west of Digby lighthouse. The bottom was completely knocked out, and the ship lay in nine feet of water at low tide.

BRUCE BOBS UP FOR A MINUTE

Toronto.—Malcolm Bruce, radical labor man, whose arrest is sought in connection with allegedly seditious utterances in Cape Breton, appeared unexpectedly at a political convention of the Independent Labor Party in the Labor Temple, and was nominated to contest one of the Southwest Toronto seats in the Provincial elections. Bruce, who is the editor of a Labor paper in Toronto, disappeared after a brief stay.

Capt. Ferguson and crew were saved. The Culloden with her cargo was purchased at auction by Messrs. Moody and Redding, of Yarmouth, for £2,165, and a large portion of her cargo was saved by divers from Yarmouth.—Yarmouth Herald.

Made From The Mildest Cleansers

Palmolive contains Palm and Olive oils. These oils were the cosmetic cleansers used by Cleopatra and kept her skin fresh, smooth and youthful.

Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing finer, milder or more beneficial for the toilet than Palm and Olive oils.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness. But unless you cleanse the pores thoroughly every day with soap and water, blackheads, pimples and other blemishes are sure to result.

Some persons imagine that soap is too harsh for the face. They should try Palmolive. Its mild, smooth, creamy lather, when massaged into the skin, cleanses without the slightest irritation.

You can buy Palmolive Soap at all first-class dealers.

Made in Canada

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap.

Local Happenings

The Twenty-fourth was quietly spent by citizens generally who enjoyed the day with fishing trips, car drives, gardening, or other duties about the hearth and home. The day was fine but a cool wind prevailed and fishermen generally had poor luck. So far as reported no big catches were made either as regards number or quantity.

Some car driver presumably bewildered or befuddled, made an attack on the "Silent Policeman", knocking his electric eye out and inflicting some further damage, at an early hour Wednesday morning.

The W. M. A. S. of the Baptist Church will meet at the home of Mrs. Peters, Tuesday evening, June 5th, at 7.30. Don't forget the Christmas gifts for the Missionaries that were to be handed in at that meeting.

Mr. Norman Dargie, the veteran horseman, left for Kentville on Tuesday and will enter "Grey Bird" in the races there on June 4th.

Mr. Arthur Pilcher, for some years a resident of the town, leaves this week for Bridgetown, where he will be engaged in business. Mr. Pilcher will be greatly missed by the societies to which he belonged as well as by the many friends he has made during his residence in the town.—Kentville Advertiser.

T. R. Hanington, the new agent here of the Royal Bank, arrived last week and is occupying the house of Mrs. L. D. Shalmer, vacated by Mr. and Mrs. Armstrong. Mr. Hanington is a grandson of the former postmaster of St. John, N. B.—Spectator.

The Women's Institute will hold its regular meeting on Thursday, May 31st, at 3.30. A full attendance is requested.

Frank Sabians left this week for Halifax where he will be a patient at the V. G. Hospital, an injury which he incurred a short time ago developing a serious case of blood poisoning.

Mr. Maurice Armstrong is now at Long Point on the Labrador Shore with Mr. Harrison F. Lewis, Chief Bird Officer for Ontario. It will be of interest to many that the Mr. Lewis mentioned is a grandson of the late Mr. T. M. Lewis, who for years was Provincial agent for the Grand Division of the Sons of Temperance.

Mr. and Mrs. Ralph Ritchie left last Friday to make their home in Roxbury, Mass. Mrs. Ritchie, since her marriage and residence here, had become very popular among the younger matrons of this town and also a valuable member of St. Luke's choir. Both she and Mr. Ritchie will be greatly missed.—Spectator.

An interesting contribution to the exhibits of the Fort Anne Museum was received last week through the kindness and courtesy of Dr. J. Clarence Webster, who picked it up from a dealer in old prints in London. It is a map of the harbor of Annapolis Royal made in 1763 in aquatints and had been offered for sale, for a price of £17 10s., which seemed too high for the resources of the Museum, but Dr. Webster very generously decided otherwise.—Spectator.

This afternoon the local baseball team journey to Middleton for their first game this season and will put up as good a scrap as possible with the very limited practice which they have had thus far this year.

The tennis courts are being put into first class shape and the formal meeting for the season will probably take place within a few days.

Capt. Wm. Willett has bought the Lytle place at Clementsport, as he says the sight of salt water there is better than at Round Hill, but as he has also purchased Fred Harris' motor boat he can run up and down the river at pleasure as well as using his car whenever he feels so inclined.—Spectator.

HYMENEAL

A quiet wedding took place at the Zion U. B. parsonage on Tuesday afternoon when Miss Frances Lillian Burdick, of South Farmington, Annapolis Co., was married to Lendley Hall Phinney, of Lawrenceton, Rev. M. S. Richardson officiated.

The bride, who, that morning, arrived in Yarmouth from Boston, was prettily attired in a tailored suit of blue with hat to match, and was unattended. Immediately after the service Mr. and Mrs. Phinney left on a short auto tour, after which they will return to Yarmouth, Mr. Phinney having only recently established an automobile business in this town.—Yarmouth Herald.

Fertilizer!

A Few Facts

Our Fertilizers enrich the earth and those who till it. Have a large crop each year and when prices are high you are prepared for it.

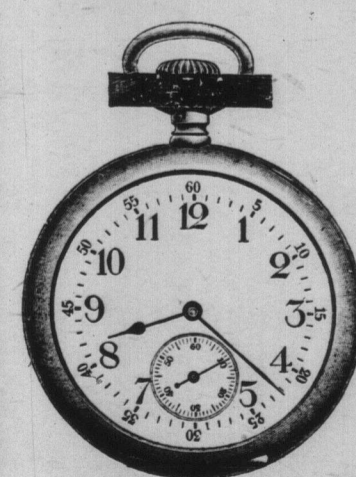

In applying fertilizers, it is more economical to be liberal than to stint. The larger returns make the cost of the extra fertilizer look small, and increase the profits per acre—after deducting the cost of fertilizer.

Don't Delay! Our stock is moving fast.
