

CITY SPEEDS HOURS ARGUING MEMBER'S FINANCIAL PROBLEMS

Charges That Members Are Seeking Votes Thru Various Policies Backed Cause Considerable Discussion While Important Questions Drag Along Waiting for Gallery Play to Cease.

Expectation that yesterday's meeting of the city council would be of short duration proved groundless within a very short time. An hour and a half was spent in arguing whether a short distance on Walmer road should be paved. During the controversy Ald. McBride became wrathful and spoke of such things as trying to secure votes in the coming election. He shot broadsides which in some cases had but little effect.

Among the big matters taken up was the hearing of a deputation from the labor council, which urged action on the part of the aldermen and controllers in favor of the strikers. The final word was not heard on this subject until adjournment, when the mayor promised that he would take the matter up today with a view to arriving at a settlement. At a later hour the mention of fire department matters caused a stir, but it ended there.

More than criticism was leveled at the Social Service Commission. Ald. McBride was again to the fore. He charged that it was the most damning, blasphemous charge that could be laid against a city and questioned those who made it. He urged strongly that the names be made public, but in this was overruled.

The meeting was a considerable degree a repetition of the meeting of two weeks ago, in that a discussion of the city's finances was a feature. A statement of City Treasurer Patterson was not at all satisfactory to Ald. Wickert, who characterized it as nothing but a collection of excuses and only a bluff. Ald. Maguire raised objection to the amateur advice that had been given to the department for months past, and eulogized the city treasurer for the excellent work that was being done by his staff.

Ald. Maguire was also disappointed because the board had not recognized the service done by those aldermen who had voted against its recommendation to exclude the local improvement debentures when computing the borrowing power of the city.

City Treasurer Patterson came in for some hard knocks, much criticism being directed towards the department, the mayor going so far as to say that he thought the treasurer should be relieved by being made controller of the city's finances, and another man appointed to do the detail work. "The department is too big for Mr. Patterson," declared the mayor.

WHAT CITY COUNCIL DID.

Approved an additional grant of \$400 for band concerts. Accepted tender for Donkey incinerator at \$84,500. Decided not to go on with paving and grading of Yonge street hill. Endorsed an expenditure of \$9,800 for additional cold storage equipment at the city abattoir.

Sent back for further consideration a recommendation that the legislature be asked to grant the city permission to sell a portion of its park property. Refused to rescind appointment of fire commissioner. Again reviewed and discussed financial situation.

Heard a deputation representing the striking employees of the Hydro-Electric System, but refused to discuss the situation, the mayor promising to arrange a conference for today.

In favor of laying the road. It was a waste of time, he thought, to hold it over when he had finished. Controller Spence, calm and quiet, spoke. He said: "I always do well when Ald. Maguire speaks. I am getting down to facts and presenting further argument against laying the road. This storm of abuse has been given by a man who never gives an argument if he had one."

Ald. McBride talked on again and this time brought in a resolution spending money on the trip to New York, but the finish to 90 minutes of tongue-thrashing over an outlay of \$397, that the matter was laid over for two weeks.

Carried the Bylaw. During the controversy regarding Walmer road, Health street was mentioned. The bylaw calls for an asphalt pavement from Spadina road west 118 feet. On first vote the scheme failed because of lack of two-thirds majority. Then those who wanted it carried hurried around until Ald. Cameron was local, brought him into the council chamber, argued the question should be reopened, won, another vote was taken and the bylaw carried.

Considerable discussion arose as to whether George Gooderham, M.L.A., should be allowed to erect a garage on the \$100,000 garage to be erected on University avenue. A great deal of time was taken up on this subject, some members holding that it would be no disfigurement, and others saying that it would.

Aldermen McBride and Maguire, speakers for the affirmative, won out over Controller Spence, Ald. Roden and others, and the bylaw was allowed to pass.

We are discussing a big issue; an issue not to be stamped on matters that most of us have to pay for the taxpayers of this city.

Objection was taken by the alderman to the statement of the controller of the harbor board, on which he said the city loses from 1-2 to 5-8 per cent. more than if it issued the debentures itself. By not authorizing of these debentures it will cost the city hundreds of thousands of dollars more than should and we will have to foot the bill.

"I am absolutely impatient with a situation you can get nowhere with. You can't clean the thing up because you are contradicted."

Back to Committee. Lengthy arguments for and against a recommendation to ask for legislation permitting the sale of park lands resulted in the vote being referred back to the committee.

A motion of Ald. Ball that the report of the board of control be set aside and that Yonge street from Summerhill avenue to a point beyond Farnham avenue be granite block paved was carried.

Again the report of the Social Service Commission came up. This time Ald. McBride moved that the names of the investigators be given. On this count he lost. Ald. Gibbons wanted the clause referring to the names of the investigators struck out. Ald. McBride moved that the names of the investigators be given. On this count he lost.

On the same subject Ald. Robbins moved that the names of the investigators be given. On this count he lost.

Carpets and Rugs

at Prices That Make Them a Splendid Investment for Those Who Buy Now

If new floor coverings are needed in your house, or if they are likely to be required within the next year or two, you will find it profitable to buy them now. Manufacturers have already been compelled to advance their prices, and still further increases are inevitable.

Owing to war conditions, the cost of wool, dyestuffs and other materials used in the manufacture of high-grade Carpets and Rugs has greatly increased. In consequence of this, manufacturers have already been compelled to advance their quotations, and still further increases in the near future are strongly indicated. The time to buy economically is now, while prices are low.

Our present stock of floor coverings is splendidly complete, offering widest choice in the selection of suitable designs and colors for all rooms. It is especially strong in high-grade Axminster, Wilton and Brussels Carpets and Rugs, made up by leading English and Scotch carpet houses.

Speaking more particularly of Carpets, we show in these famous makes:

Wilton Carpets, 27-in. Wide
A wonderful range of designs for living-rooms, bedrooms and drawing-rooms, halls, etc., with 13-in., 18-in., or 22 1/2-in. borders to match. Prices \$1.60 to \$4.50 per yard.

Axminster Carpets, 27-inch Wide
The richest and costliest of all machine-made carpets, and the nearest approach in durability and appearance to antique hand-tufted carpets. In this superb make our stock includes many wonderful Oriental designs for dining-rooms, living-rooms, halls, etc., with stair carpets to match; also bedroom designs, plain carpets, and two-tone designs. Nine good qualities \$1.25 to \$5.25 per yard.

Brussels Carpets, 27-in. Wide
Durable, clean-wearing carpets, remarkable for definiteness and smartness in design. A large variety in patterns and colors for all rooms. Four good qualities at \$1.25 to \$1.75 per yard.

Large as is our assortment of Carpets, the popularity of Rugs as a desirable floor covering for rooms of all kinds calls for even greater stocks in that line, and we carry them in immense variety of size, design, color effect and price. In Axminster, Wilton and Brussels Rugs the showing is especially large, covering practically every requirement for Living-rooms, Dining-rooms, Bedrooms, Halls, Corridors, etc.

LESS CRITICISM IS CANADA'S NEED

Mark Irish, M.L.A., Deplores Attacks on Those in Authority.

U. S. HAS LOST MUCH

Should Have Protested Against Violation of Belgium's Neutrality.

Speaking at a meeting of the Whitney Conservative Association in Cumberland Hall, Yonge street, last night, Mark Irish, M.L.A., made an appeal for greater confidence in heads of public committees and departments and maintained that the criticism which is so cheap at the present time did little or nothing to improve matters.

He made special reference to the complaints made regarding Major-General Sir Sam Hughes and the militia department, but contended that while there may have been mistakes made by the department, yet it was wrong to be admitted that the work accomplished since the outbreak of the war had been marvellous.

Speaking in connection with the attitude of the United States, he was of the opinion that that country had lost a great deal thru not protesting against the violation of Belgium's neutrality and had gained nothing.

Expected Protest. "We did expect, at least to see them protest," he declared. "We could not expect to see them fight, but we thought to see something more than numerous notes all stamped with the dollar mark." He concluded by stating that there was absolutely no need for pessimism as things in Canada were gradually improving.

John A. Cooper spoke on the question of the representation of Canada in the British Parliament. He said that the proposition along theoretical lines was just the same as 24 years ago, but much progress had been made practically. In this connection he referred to the visit of Premier Borden to England and his invitation to a British Cabinet Council and the agreement which is being made by all the British Dominions in providing soldiers for overseas. Speaking of the situation he said that the people in Quebec who took the stand that they should not assist Britain in the war because representation was not granted were not worthy of the name of Britishers. He advocated more free speech on the question of imperialism and urged the adoption of a system of military training similar to that which is proving so successful in Australia.

KITCHENER'S WARNING.

PARIS, Nov. 15.—A "warning to peace" is uttered by Lord Kitchener in an interview with Emile Hinzelin, chief editor of France De Demain, who said Lord Kitchener when he was asked to leave England to go to the Balkans, "One thing lacking as to the Balkan expedition," said Lord Kitchener, "has been the close connection between the armies operating on different fronts."

Regarding the Balkan neutrals, Lord Kitchener's advice is "Don't say neutrals." We count on you to win, but let us demonstrate victory is certain, and say: "those who are not for us are against us."

Conveys Assurance. "Lord Kitchener," Hinzelin concludes, "is talking assurance. Greece that if she fulfils her duty towards Serbia the allies will protect her from all danger."

The charm that is Barrie has never been set forth more delightfully than in "Rosalind," the newest of the Scotch dramatist's fifty-minute plays. Which was presented by Marie Tempest and her excellent company at the Grand Opera House last night, following Robert Marshall's play of England, "The Duke of Killcrankie." "Forty is a beautiful age" is the comforting theme in Barrie's "Rosalind." Middle-age—How I do love it! exclaims his Rosalind. "It's such a comely, pull-the-curtains, carpet-sort of word. When I wake in the morning and am about to leap out of bed like the girl I once was, I remember suddenly and I cry, 'Hurrah, I'm dressing gown and slippers, yet I'm a middle-aged woman!'"

LEW KELLY AND BEHMAN SHOW AT THE GAYETY. An Entertainment Much Above the Ordinary Burlesque is Presented.

Variety is the spice of life, and there is a lot of it in the Behman Show, which holds the boards at the Gayety Theatre this week. The show is full of the same cast of people this year, and is headed by the most-talked-of comedian in the burlesque world, Lew Kelly.

FINE PERFORMANCE OF FAMED OPERA

Mary Koestner Gives Brilliant Interpretation of "Aida."

COMPANY IS EXCELLENT

San Carlo Organization Scores in First Performance at Alexandra.

Last night's performance of "Aida" by the San Carlo Grand Opera Company, at the Royal Alexandra, should assure a successful season during the week. The company is an excellent one in every respect, and Mary Koestner's singing of the title role was quite worthy to be ranked with some of the best known interpretations of the part. She has a strong clear voice, which is full of trained and flexible and she sings and acts with spirit and undoubted pathos.

A good house greeted the all-round program at Shea's matinee performance yesterday. The new play, "The Red Fox Trot," headed the bill in the Red Fox Trot, in which a somewhat conservative husband enters protest, but is vanquished by the up-to-date wife. John and Betty had the principal roles, and some really graceful dancing was introduced by Betty and her partner, Mr. Filary.

PLEASING BILL SHOWN AT LOEW'S THIS WEEK. Some Excellent Vaudeville Features and Interesting Pictures on Program.

A list of good numbers is booked at Loew's Yonge Street Theatre this week, and the pictures, which include "The Walk," "Peppino," the excellent run, "The Borge and the Matrimonial Skit," give a very amusing twenty minutes.

A Sale of Women's Tailored Suits In Which Amazing Bargains Are the Rule

Suits Formerly Priced to \$19.00 and higher \$5.00. Suits Formerly Priced to \$25.00 and higher \$10.00. Suits Formerly Priced to \$35.00 and higher \$15.00. Suits Formerly Priced to \$40.00 and higher \$18.50.

That this remarkable Sale of Women's Tailored Suits will be intensely interesting to a large circle of our friends goes without saying, for the prices are low enough to be an inducement to buy even though there be no special need at the present time for an extra suit.

Altogether in the assemblage there are about 300 Suits. These we have formed into four groups, and have marked them at such ridiculously low prices as to make us feel reasonably confident that a quick clearance is an assured fact.

We are making a special window display of these suits today. They will be on sale Wednesday. Descriptions as follows:

- The Suits at \$5.00. In this group there are beautifully tailored models in splendid serges, black, navy or brown. Also gray tweeds, and a few green chevrot serges. The material are admirable, all coats are silk or satin lined. The models are principally on plain tailored lines; a few have belted coats, the skirts being plain or pleated models. The regular prices of these suits are up to \$19.00 and higher. On sale tomorrow. Our price for each \$5.00.

Suggested Donations for the Convalescent Home Pyjamas, \$1.50 a Suit; Underwear, \$1.00 a Garment; Socks, 3 Pairs for \$1.00

The news that the old Bishop Strachan School, which is being converted with all possible speed into a convalescent home for invalided soldiers, is very soon to have 100 occupants, means unwonted activity on the part of big-hearted Toronto; otherwise the wounded men may find us unready to give them welcome and care.

No time to make the needed garments, which must be had immediately; we are, therefore, glad to be able to feature appropriate lines in our Men's Furnishings Section, and would make special mention of the following:

- MEN'S FLANNELLETTE PYJAMAS, a particularly good line, made of soft, warm flannellette, with military collar, frogs and pockets. Worth \$2.00 a suit, our special price, per suit \$1.50.
- MEN'S WARM WOOLLEN UNDERWEAR, the make selected by the Government for Canadian soldiers, very reasonably priced at, per garment \$1.00.
- MEN'S WOOLLEN ABDOMINAL BELTS, two sizes. Each \$1.00.
- MEN'S WARM WOOLLEN SOCKS, heather mixture, 3 pairs for \$1.00.

NEWS OF SPECIAL INTEREST TO WOMEN

HEINTZMAN

A true masterpiece represents the highest degree of achievement. What the name Michael Angelo stands for in sculpture—what Raphael signifies to the painter—what Stradivarius means to the violinist, that wealth of meaning the name Heintzman conveys to the pianist and to the great music-loving public of the world.

The Heintzman is in truth "a masterpiece," a work of surpassing excellence. No other piano can compare with it. Three generations of Heintzmans, for 65 years, have kept it far in advance of all possible rivalry. Made by

OPPOSED TO PROBATE OF WILL OF FATHER

Children of Late Isaac Moody Allege Incapacity and Undue Influence.

In the non-jury assizes yesterday afternoon before Justice Hodgins the action of the National Trust Company for an order to admit to probate the will of Isaac Moody was resumed. Mr. Moody, who was 50 years of age, died last June 25, leaving an estate valued at \$69,329. The will is being attacked by Alf. Moody, Albert Moody, Harriet Albin and Elizabeth Robertson, children of the deceased, who allege undue influence. The will is dated April 14, 1914.

give them special advantages over the others interested in the estate. Under the will Mabel Flaisted receives \$500 and a share in the residue. Isaac Moody shares in the residue with a number of relatives, and the following charitable bequests were made: Deaf and Dumb Institute, Belleville; Institute for the Blind, Brantford; Home for Incurable Children, National Home, or Incubator, Belleville; Presbyterian Church, one-twelfth of the residue and the Yonge Street Mission one-twenty-fourth of the residue. Elizabeth Robertson when in the witness box stated that her father was never in a church and was opposed to giving to charity. The hearing will be resumed this morning.

BELTS AND GIRDLES OF KID OR BRAID

Many of This Season's Designs Lay Stress on the Waistline.

SOUTACHE TRIMMING

Furs and Fancy Ribbon Edge Many of the Satin Models.

With the acceptance of the distinct and lowered position of the waistline, belts and novel girdles have again come into favor, and are being featured on many of the season's prettiest and one-piece frocks, tailor-made, and even the more elaborate models intended for afternoon wear.

In Paris there is a general craze for the leather or kid belt for street wear, many of the exclusive creations, severe and almost unrelieved, being relieved by the patent or white perforated kid belt worn a little above the normal waistline. Other pretty effects are achieved by using any of the season's popular metallic ribbons in gold, bronze, or silver, length of the wide soft ribbon fashioned into a soft girdle, and fastened with a twisted ribbon buckle and long ends, is a pretty finishing touch to an otherwise plain little frock.

Girdles of Satin. Quite a number of the newest girdles are made from soft white satin, and edged with fancy ribbon, soutache—which is once again the popular ornament for belts—or furs which always correct in this season of fur-trimmed accessories. In many instances the strip of wide fancy braid constitutes the girdle for a velvet or broadcloth costume. This is edged with a narrow band of fur or colored grosgrain ribbon, and fastened in a variety of effective ways, either with buttons or a metal buckle. Other designs include a beaded straight belt or artistic girdle made of gold cord for the frock of Grecian lines.

WHAT WOMEN HAVE DONE FOR MEN AT THE FRONT

Toronto District W. C. T. U. Have Furnished Two Ambulances, and Many Comforts.

Toronto District W. C. T. U. have contributed in the past several months two ambulances, three cots, about 900 pairs of socks, a number of Red Cross requisites and a soldiers' comfort box for Christmas, valued at \$225. In addition several of the 35 local unions have forwarded boxes for the soldiers.

Marikham Methodist Ladies' Aid Society has sent to the front since the war began 2512 large and small bales of comforts for the Red Cross. A large consignment of fruit is being prepared for transportation overseas.

The Needlework Guild of Canada distributed at St. Andrew's Institute 3400 garments, by which 25 charitable organizations were benefited.

GET ONE FOR THE YOUNG FOLKS

The Famous Red-Letter Edition of the Bible.

The wonderful edition of the Bible now being distributed by this paper should appeal to every reader with a family. There is no book that could better be given to boys and girls—since not to know the Bible is to court an ignorance that in after life will be acknowledged with shame and sorrow. The Bible makes a good foundation for a library—in fact, should be its cornerstone. Start that library today for your boys and girls. You will never regret it. The coupon printed elsewhere in today's paper explains the generous terms by which the volume may be obtained almost free. Since our supply is limited, we can only urge our readers to be on the safe side and secure their copy as early as possible. We now have only what the publishers have allowed us as our proportion of the general distribution, and hence none of the coupon holders will be disappointed.

INDIVIDUAL PARCELS MUST GO BY MAIL

Red Cross Can Only Accept Presents for General Distribution.

Colonel Hodgetts, the Canadian Red Cross Commissioner in England, in a cablegram today to the Dominion headquarters in Toronto, draws attention to the fact that the proper way to send Christmas packages to individual soldiers is thru the postoffice. The Red Cross can accept only those presents which are for general distribution in the hospitals. The Canadian War Contingent Association which handles field comforts for the men on active service will also transmit presents for general distribution, but individual parcels are refused. Any one who wishes to send a Christmas present to an individual at the front is advised to make use of the mails.

UP TO MALES TO DEFEND COUNTRY

Lieut. Simons of Australia Talks to Canadian Club Members.

UNIVERSAL TRAINING

Explains Its Workings and Says Commonwealth Has No Regrets.

The Canadian Club had the greatest turnout in many meetings to greet the Australian Cadets and their leader, Lieut. Simons, at luncheon yesterday. The lieutenant, in his short address, dwelt mostly on the universal training system in force in Australia, and said that in the five years it had prevailed there had not been found a point of regret for its adoption. "It is a system which in no way interferes with a man's personal liberty. To get his training he only spends a few hours of his time, and the only thing he has to do to qualify is to be born a fighter." It is a system calculated to make of Australia a nation of "peaceful fighters," he said, "and peace is a good thing for a man anyway." When in times like these the mother country was in dire need of assistance from her colonies, it made of that nation of fighters instead of a nation of incompetents.

Pondered Long Over It.

Lieut. Simons said that Australians pondered long over the proposal to try universal training. "It was a bold step, and we are the only English-speaking country where it is in use," he said. "Of course, we have our political economists, and theorists, and others who say it is against all laws of personal freedom, but what is the use of personal freedom if you cannot defend it when it is challenged?" Lieut. Simons said volunteer training was tried, but it did not seem to have any voluntary taxation would, in any event, he said, the experiment of universal training was bound to be of incalculable benefit to the whole British Empire. Drill halls and drill squares and rifle ranges, the lieutenant said, were seen in every part of Australia, just the same as were the churches and hotels.

ROSES IN BLOOM.

Dozens of roses were in full bloom right out in the open in Alexandra Park, Toronto, yesterday. To have roses flourishing out-of-doors in Canada as late as Nov. 15 is quite remarkable and shows that the summers in this city are getting longer. Park Superintendent McPherson picked the roses yesterday and gave them away as he was afraid that last night's cold dip might blight them.

Twinges of Lumbago. Pains left in the blood by deranged kidneys cause rheumatism, lumbago, backache and bodily aches. Lasting cure is only obtainable through the activity of the kidneys is restored.

Before lunch the cadets were welcomed by Premier Hearst in the legislative chamber. The premier told them their visit was a great aid in the bringing together of the empire, and in the present crisis such binding was doubly welcome. Lieut. Simons, in reply, said that Ontario was a large province, but Dominion of Canada a large country, but the hearts of the citizens were as large in proportion.

Before Justice Maester in the jury assize court yesterday afternoon, the action of Miss M. L. Quillen, of Niagara Falls, Ont., against J. H. LABOR COUNCIL PROTESTS. At the last meeting of the National Labor Council the action of the government in reducing the allowance to men who enlist for overseas service was discussed and the following resolution was passed: "The council requests the government's action in this matter and hope that it will see its way to restore the allowance to the rate existing previous to Nov. 1, as we think the reduction of the board of allowance is likely to lead to a reduction of the number of volunteers for overseas service."

Gourlay Phonograph Service. A Service That is Genuine, Sincere, Complete. Luxurious appointments and artistic individuality characterize the new Gourlay phonograph demonstrating rooms. The select environment, quiet tone and rich setting of the seven well-ventilated, sound-proof rooms lend to the selection of an Edison or Columbia phonograph, or records from either lists, a distinctive interest and satisfaction. "You Are Welcome to Our House" Not only is the physical service perfect, but the personal service at the Gourlay store is gracious, courteous and valuable. When selecting a purchase of any nature from our phonograph department you will have always at your disposal the advice of phonograph experts and musicians. We are showing a full line of Edison Diamond Disc Phonographs and Columbia Gramofolons. Also all records on both Edison and Columbia lists, suitable for Edison, Columbia or Victor machines. We solicit your inquiries, but more particularly recommend your personal inspection. STORE OPEN SATURDAY EVENINGS. 188 Yonge Street, Toronto. Gourlay Winter & Teeming Limited. Toronto. Canada.

ABOLISH COMMISSION AS NOW CONSTITUTED

At last night's meeting of the Weston Town Council a bylaw authorizing the repeal of the present bylaw creating the present water, power and light commission was given its first reading. The Weston commission, as at present constituted, and which has been in existence since the installation of the Hydro-Electric system in the town, will, if the proposed bylaw becomes effective, have to do only with the question of power. The commission will continue to be elective, and has during its existence, over four years largely extended its scope, operating a number of extensions in York and Etobicoke, while an extension to Thistletown is now under consideration.

YORK COUNTY AND SUBURBS

CONSIDER CASE OF PTE. FRANK MORRIS

York Council to Investigate Complaint Against Convalescent Home.

TOWNSHIP PATRIOTIC

Reeve Griffith Announces Amount From Trafalgar Day Collections.

Monday's session of the York Township Council dealt with many matters of outstanding interest to the people of that municipality, chief among these being that of light and water. Reeve Griffith presided, with all the members of council with the exception of Councillor McKay, who has not yet returned from his trip to the north, present.
The need for increased lighting on many of the nearby township roads beyond the city limits was admitted, and this has been accentuated by the recent accident on the De Grassi street hill. One or more members of the council will this week make an inspection of the De Grassi hill and valley, and it is the intention to act at once, report back to council, and later the whole matter will be taken up by the

let Plains subway, the former being responsible for the damage. Action was deferred.
The Muskhead estate, thru their solicitor, applied for right to use the unoccupied part of the fourth concession of East York adjacent to their property, claiming that it proved to be of great advantage to them. No definite action was taken.
Reeve Griffith stated at the close of yesterday's meeting that the total amount realized in York Township from Trafalgar Day, in aid of the British Red Cross fund, was \$121.85. The reeve and members of council are anxious to convey to the residents of the township their appreciation of the great service rendered to King and country. The amount is regarded as very satisfactory.

BISHOP POWER CHOSEN TO SUCCEED DR. BURKE

Newfoundland Prelate Made President of Catholic Extension Society.

The presidency of the Catholic Extension Society of Canada, rendered vacant by the appointment of the Very Rev. Dr. Burke as chaplain to the Catholic Canadian overseas forces, was conferred yesterday on Very Rev. Michael F. Power, D.D., Bishop of St. George's Newfoundland. The appointment was sanctioned by His Grace Archbishop Neil McNeil and the Bishops of Ontario.
GRADING WORK FINISHED.
The work of grading the roadway and laying of asphalt sidewalks on Oakwood avenue, in the township, which has been in progress for some time past, was completed on Saturday last, and the work of leveling and grading on Glenholme avenue was commenced yesterday. The York Township Council will make a tour of inspection of the western portion of the township on Thursday next.

TELLS OF LIFE IN TRENCHES IN FRANCE

W. H. Price, M.L.A., Addresses A. Y. P. A. of St. Paul's, Runnymede.

W. H. Price, M.L.A., addressed the A. Y. P. A. of St. Paul's Church, Runnymede, last night, when he gave an interesting account of his visit to Shorncliffe and the trenches in France, where he was sent by the Canadian Government. He described the protection given to ships in crossing the English Channel and also spoke briefly of the 30 hospitals he visited. Notwithstanding the protection of commerce from Folkestone to Boulogne, the day after reaching Boulogne a transit steamer was blown up in the harbor, he stated. "Altho the harbor had been closed for a day and a half, mines were placed by neutral vessels," he said, "and I witnessed the destruction of the last mine which was exploded by a French gun after considerable firing. This is only one of the many interesting sights which I observed."
R. E. Crawford, president of the association, occupied the chair.

UP TO HYDRO COMMISSION.

With reference to the institution of an office for the payment of hydro light accounts in the Earlicourt district, Secretary William Russell of the British Imperial Association is in receipt of a communication from the city clerk, in which he states that the establishment of an office for this purpose would be a matter for the consideration of the Toronto Hydro Commission.
Lights for Earlicourt.
Regarding cluster lights for St. Clair avenue, C. H. Ralph, secretary-treasurer Earlicourt Business Men's Association, is in receipt of a communication from W. A. Littlejohn, city clerk, stating that the question had been referred to the fire department, with instructions to report to the property committee.

AGINCOURT VILLAGE TO SOON HAVE HYDRO

Will Connect Up With Line Running to Duncan Farm.

The Village of Agincourt is planning to secure connection with the Hydro-Electric at Duncan, on the C. N. R., and, according to a report from a resident at that point last night, the preliminary arrangements are all completed. A sufficient number of consumers have already signed up, and more than 20 houses are wired in anticipation of its arrival.
Agincourt is one of the villages scheduled for service by the Toronto-Unionville-Port Perry Hydro, Railway, which parallels the Midland division of the G. T. R. after leaving Leaside, and, according to the residents, disatisfied with the long delay in beginning operations, are taking a short cut to success.
The hydro line, as at present handled, is wholly under the jurisdiction of the Toronto Hydro System, and runs as far north as David Duncan's farm, and from this point to Agincourt the distance is approximately five miles north and east. The Provincial Hydro Commission, it is said, will take over the proposed extension to this and other points.

HUNTERS' DOG AND TENT ARE CONSUMED BY FIRE

John Hemingway and Richard Whiteoak of Markham Village, accompanied by a couple of friends, had an unfortunate experience while engaged in hunting a day or two ago at a point on the Canada Atlantic Railway.
The party had been absent from their headquarters for a number of hours, and returned to find the large tent, with all the contents, destroyed by fire. One of the two valuable dogs was destroyed, the other succeeding in breaking the chain and escaping. Nothing was saved but the clothing and guns carried.

promises stupendous results!

What Four Great Writers Say of the Bible:

Macaulay Says: "If everything else in our language should perish, the Bible would alone suffice to show the whole extent of its beauty and power."
Coleridge Says: "Intense study of the Bible will keep any writer from being vulgar in point of style."
John Richard Green Says: "As a mere literary monument, the Bible remains the noblest language of the English tongue, while its perpetual use made it from the instant of its appearance the standard of our language."

Walter Scott Lay Dying, he said to his son-in-law: "Lockhart, read me something from the Book." Lockhart asked: "What book?" Scott replied: "Why do you ask? There is but one Book—the Bible!"
