T. F. SCOTT'S ASSISTANT TO CITY ENGINEER RUST

Appointment Proposed in Connection With Reorganization of Civic Works Department.

The recommendation that T. F. Scott be appointed his assistant engineer has been made by the board of control by City Engineer Rust.

Mr. Rust proposes that each of the engineers in charge of the sub-departments should report to the assistant engineer, who would report to Mr. Rust.

Opposition to the appointment of Dr. Parry as jail surgeon is gaining strength. The appointment would be referred back at Monday's council meeting.

Garbage by Steam Cars. Dr. Sheard and City Engineer Rust believe they have solved the problem of garbage removal so far as the north end of the city is concerned.

Clara Belle Jerome, the Three Reynolds, Billy Van, including Davis, Gordon Eldred & Co., Cunningham & Marjorie, the Kinetograph, the Four Lukens.

The annexation fever is raging in districts round about Toronto. The latest district to be taken into the city of control is from Runnymede.

The board approved of the proposed enlargement of the Isolation Hospital, but were rather dubious about Dr. Sheard's idea of making the extension on the north side.

The results of modern civilization are evidenced in an increasing nervous disorders. It could not be otherwise with the way we eat, drink, lose sleep, and keep up a continual round of excitement.

THE CATHOLIC YOUNG LADY STUDENTS OF TORONTO UNIVERSITY WERE ENTERTAINED WEDNESDAY EVENING BY THE PUPILS OF ST. JOSEPH'S ACADEMY, ST. ALBAN-STREET.

After refreshments in one of the drawing-rooms of the convent, a delightful literary program was enjoyed in the assembly hall, when 12 young ladies of the academy presented "An Appreciation of John Henry, Cardinal Newman," dramatized by Cardinal Newman.

It is too well known in the world of letters to need comment, but seldom has his life-work and literary labors been presented in so charming and eloquent a manner as in Wednesday night's performance. Among the college women present was Miss Gertrude Lecker, dramatic reader, the most brilliant of St. Joseph's graduates.

Mrs. J. D. Webster, 232 Shaw-street, will not receive to-day, but on Friday, the 12th.

Owing to illness Mrs. E. S. Piper of Bernard-avenue will not receive this season, but Miss Piper will be with Mrs. Frank on the second Friday in February and March.

Mrs. Hugh W. Martin, 131 Havoclock-street, will be at home to-day and not again this season.

Mrs. Omer W. Rice (nee Benson) held her first reception since her marriage on Thursday afternoon at her home in Tranby-avenue. She was wearing her wedding dress of white silk mull, an all-over lace. She was assisted in the drawing room by Mrs. O. F. Rice. The tea table in the dining room was centered with lilies, pink and red carnations. Miss David Powers poured tea assisted by Mrs. Alex. Robertson, Miss Amy Rice, Miss Gertrude Perry and Mrs. Mervyn Vanzant.

NEW STEEL DISCOVERIES.
OTTAWA, Feb. 4.—(Special.)—Two well-known barristers almost reached fistfights to-day. Senator N. A. Belcourt, former speaker of the commons, acting for one Cunningham in a suit for damages against the Ottawa Electric Railway, during the heat of discussion, snatched a book from J. C. Brooke, counsel for the defence, while he was reading extracts, and left him with only a leaf in his hands. Mr. Brooke prepared himself for any emergency, but the judge, expressing his disapproval of senators' conduct, adjourned the case.

SIX TRACK WALKERS KILLED.
NEW YORK, Feb. 4.—A construction train on the New York Central Railroad ran into a group of street walkers near University Heights in Bronx Borough to-day. Six of the track walkers were killed.

Thursdays' Choir Program.
The sale of seats for the Mendelssohn Choir concert, to be given for the benefit of the Theodore Thomas Orchestra for Thursday, Feb. 11, not only drew a large attendance, but ample provision made for those who were disappointed in being included in the subscribers' list.

That the program for Thursday evening is equal in brilliancy and interest to any presented by the society is shown by the following program: Chorale, Coronation March, Saint-Saens; "The Rheingold," Wagner; For chorus and orchestra: Sanctus from the B minor Mass, Bach; Challenge of Thor from King Lear, Elgar; and the Choral Epilogue, "Britons Alert," from Elgar's Caractacus. For chorus unaccompanied: Hymn of Triumph, "How Sweet the Sound," Teichgraber; "How Sweet the Moonlight Sleeps," Fanning; "Bold Turpin," Bridge; Night Wilchery (for men's voices), Storck; "The Bird" (for women's voices), Elgar; Brunette, French Chanson of 17th Century, arranged by A. S. Vogt.

Week-End Trips.
No better hotel accommodation in Canada than the Niagara Falls, Ont. In full view of the cataract, beautiful scenery, just the place for a quiet, restful Sunday. Return fare from Toronto \$4.00. Secure tickets at the excellent place for a week-end. Return fare from Toronto \$2.50. Trains leave Toronto at 8 a.m. and 6 p.m., and 6.10 p.m. daily. Secure tickets at the Trunk city office, northwest corner King and Yonge-streets. Phone Main 5209.

American Revolutionist.
MOSCOW, Feb. 4.—The police of this city have arrested a man who passes with an American passport bearing the name of Richard T. Stevens of Washington, D.C., and who is known to be associated with revolutionists.

Lake Traffic.
WASHINGTON, Feb. 4.—Domestic shipments from the various great lake ports were 25 per cent. less in 1904 than during the previous season, and about 20 per cent. less than during the season of 1907. During 1904 the shipments amounted to 60,518,924 tons.

For the Firemen's Fund.
The chief of the fire department has received from F. J. A. Davidson, 22 Madison-avenue, \$15, to be applied to the Firemen's Benefit Fund, in appreciation of the services rendered by the Yorkville firemen at a fire at his premises on Jan. 7.

Big Cocking Match.
BUFFALO, Feb. 4.—Sheriff Jerze early to-day raided a cock fight on the outskirts of the city. Over 100 men were arrested, some from Canada, and 75 birds were taken.

Jack Johnson's Brother Dead.
NEW YORK, Feb. 4.—In the morgue there is an unclaimed body of a negro, who is believed to be that of Roscoe Johnson, a brother of "Jack" Johnson, the champion heavyweight fighter. The negro, who was a waiter, died to-day in the New York Hospital from pneumonia. A telegram to Lawson Johnson, father of "Jack" Johnson in Galveston, Texas, brought a response to bury the dead man and mark the grave.

Fire at Buckhoffs' general store, Wetaskawin, Alta., did \$20,000 damage. A Liverpool cable says it is reported the Allan Line has lodged a renewed protest with the Atlantic Conference against the White Star Line, entering the Canadian passenger trade. The Allan threatens withdrawal from the conference.

MISSION INSTITUTES

Toronto Deputation From Three Denominations Address Meetings.

Rev. T. W. Anderson, Canadian secretary, International Young People's Forward Movement for Missions, Rev. A. E. Anderson, Presbyterian associate foreign mission secretary; Dr. F. C. Stephens, of the Methodist branch, and Rev. C. H. Short, of the Church of England Missionary Society, returned yesterday from attending a three days' conference at Guelph, Woodstock, Berlin and Belleville.

Got Good Advertising.
LONDON, Feb. 4.—Miss Violet Charlesworth has been engaged for an open hall stage, at a salary of £300 weekly.

An Ocean Record.
Mr. S. J. Sharp, western passenger agent, P. E. Atlantic, has just received a message from Montreal that the Empress of Ireland arrived at Halifax 10.15 a.m. Thursday morning, making the passage from Liverpool in 5 days 18 hours, which is the record winter voyage, being 1 hour faster than her sister ship, the Empress of Britain, made in 1907.

HOW MADE MY HAIR GROW

Woman Gives Marvellously Beautiful Hair With Simple Home Prescription. The result with me is Remarkable.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed. I was made my hair grow, so it was impossible to comb it or do it up properly. I think that many of us who are troubled with dandruff, itching, and from my own experience I cannot too strongly caution you against using preparations for making wood shavings and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures I finally found the simple prescription which I used with most remarkable results, and I can unhesitatingly state that it is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, itching, and for the purpose of keeping the scalp in first-class condition. It also makes the hair much easier to comb and arrange in nice form. I have a friend who used it two months and during that time it not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all his gray hair to its natural color. You can obtain the ingredients for making wood shavings and other poisonous substances. I believe they injure the roots of the hair. TART AND MELON CUTTING.

According to "Raymond," the well-informed special correspondent of The Chicago Tribune, in an article reproduced in this issue of The World, whenever the tariff revision now in progress has been accomplished the first great battle of the Taff administration will commence in the United States. What the president-elect intends to call is federal regulation of all securities and stocks, which may thereafter be issued by any railroad or transportation company carrying on interstate business.

THE UNION TRUST COMPANY.

That was an exceptionally satisfactory report which was presented to the shareholders of the Union Trust Company at their annual general meeting yesterday. Together with the regular financial statement and the address of the president on moving its adoption, it appears in another column of this issue of The World and they will bear out his congratulatory anticipation. The net profit for the year for Dec. 31 last, after making provision for cost of management and all other charges, reached \$126,245.73, which, added to the balance of \$24,009.08 brought forward at credit, made the fund available for disposal \$150,254.81. Of this the dividend of 8 per cent. absorbed \$60,000, there was added to reserve \$80,000 and \$10,254.81 was carried forward at credit of profit and loss account.

CANADA'S HUMILIATION.

Toronto Telegram: Canadians are not worthy to be the occupants of the north half of a great continent if they are truly represented by their house of commons at Ottawa. The question raised by W. F. Maclean, M.P., on Tuesday, was big in its relationship to the needs of the west, the industry and commerce of the east.

When the parliament of Canada authorizes the creation of a mortgage for \$100 for every 1000 worth of railway stock in the C.P.R. builds, the parliament of Canada thereby doubles the distance on which western agriculture, eastern commerce and industry have to travel.

increasing capitalization without the creation of a corresponding tangible value. Fifty million dollars of stock at par is issued when, say, \$3,000,000 at the market price would have sufficed. The difference is a bonus to the existing stock-holders, but it is more than that, for it becomes capital on which future dividends have to be paid, thus unnecessarily burdening the earning power of the road. Not the Canadian public alone, but the future shareholders of the railroad are wronged by this over-capitalization, and the federal government has failed in its duty when in the light of present day knowledge it sanctions a stock issue on any terms other than that of real value.

PUT ON THE AGE LIMIT.

Senate reform in Canada is a live issue. The senate is a refuge for the infirm or the senile and God forgive us for saying these two things. But we say the fact and the people who have to judge have a right to know the facts.

GOVERNMENT REPORT OF MINING INDUSTRIES.

The new head of the geological survey at Ottawa is to be congratulated upon the quality and quantity of the report of the mining and metallurgical industries of Canada just distributed by his department. The idea of the compilers of this most practical and comprehensive volume is to follow the style adopted in other countries where the mining industry is as much of world-wide as of national importance.

Issue WAS SIMPLY A NATIONAL HUMILIATION. An issue of such supreme importance should have been left to W. F. Maclean, M.P. Evidently the R. L. Borden opposition sees nothing to oppose in the system of railway finance that doubles the distance on which freight and passenger rates must be paid in this country. Such an opposition has no reason for existence. The silence of R. L. Borden was less destructive of national pride than the speeches of Hon. P. Graham and Hon. John Haggart.

THE MENACE OF SOCIALISM.

Prof. E. J. Kyle spoke on "The Menace of Socialism" at the Empire Club yesterday, with the moral in no many words that if all were socialists it would put an end to socialism. "If each of us was putting his best at the service of the community socialism would be disarmed," was Prof. Kyle's phrase.

EATON'S DAILY STORE NEWS

Exceptional Showing of Jet Hats

JET HATS with jet trimmings are the latest novelty, introduced less than a month ago in Paris, New York following suit.

Our buyer while in Paris was so taken up with the beauty of the new Jet Hats that he bought heavily in Jet goods for millinery purposes. In London he made a further heavy purchase, and before the European purchases reached us he was off to New York to lay in a further supply.

Just now Jet is supreme in fashion's millinery court and Jet Hats are truly delightful for early Spring wear, so for a big showing Saturday we've made up 100 elegant glittering Jet Hats, at a special price. They are artistically trimmed, each hat the embodiment of a new Parisian idea; words cannot describe the charm of such an array of fashion and cleverness. Everything in the new "lamp shape," "inverted basin design," whether large or small, fashion says, "Bonnet order it must be."

IT WOULD BE WELL WORTH A SPECIAL TRIP TO SEE THE BIG DISPLAY IN OUR LARGE YONGE ST. WINDOWS On Sale To-morrow, Each 6.50

See also the Display in the Department, of other Jet Hats, Jet Trimming, Jet Ornaments, Jet Cabochons, Jet Bandeaux and Jet Pins. If you have the happy faculty of trimming your own hat, there's a wealth of suggestions in this display of trimmings, and the low prices will please you.

BIG CONFERENCE OF YORK COUNTY ASSESSORS

Discuss All Phases of Their Work - North Toronto Notes - Suburban Items.

It is questionable if Warden Henry and the members of the York County Council will, during their term of office, inaugurate any movement which will redound more to their credit than the decision to convene an assessors' conference, such as was held in the council chamber yesterday.

Practically every municipality in York County, excepting Markham Village, was well represented. While the act governing assessments is fairly clear, the difficulties attending uniform and equitable interpretation of the same is hedged about with many difficulties.

Robert French of Lemonville, assessor for Whitchurch Township, was unanimously appointed secretary. Much of the difficulty with county assessors is with regard to what constitutes the real value of farm property.

County Clerk Ramsden said: "If a man builds a barn costing \$200, should that barn be assessed for that amount?" He contended not, and this view was generally taken by the meeting.

Anthony Foster of Markham Township warmly defended a higher assessment and urged that this action should be general, introducing a motion to that effect, which was adopted. The motion was:

Moved by Mr. Forster, seconded by Mr. Macallum, that we, the assessors of the different municipalities of the County of York, here assembled, do hereby urge the act regarding the assessment of property at actual value be carried out, and that a copy of the resolution be sent to the assessors of each municipality.

The assessors present were: Vaughan: E. White, Lemonville P.O.; J. J. Kaiser, York Township; B. Downs, J. Lowms-brough, J. R. Goulding, R. Marsh, Newmarket; E. J. Anderson, Aurora; C. A. Peck, this Richmond Hill; D. Glover, Richmond Hill; Thos. Lemon, Stouffville; R. Hamilton, Weston; J. R. Dennis, Milton; Woodbridge; Robert Douglas, Sutton West; George Cutler, Etobicoke; G. W. Holdenby, J. M. Scott, Alex. Gracey, J. A. L. McPherson, Georgia; Johnston Taylor, North Gwillimbury; Milton Hamilton, East Gwillimbury; Milton Deane, King; Kenneth Black, Mr. McCallum, Markham; A. Foster, W. Brown, Scarborough; Dave Brown, Scarboro.

The total cost of bringing the assessors together will total about \$60, and the councillors are delighted with the success of the conference. "It was well spent," said Warden Henry, "and the meeting cannot fail to do much good."

CLEAN BILL OF HEALTH.

EMPIRE RECORD.

MONTREAL, Feb. 4.—The Empress of Ireland entered Halifax harbor this morning at 10.15, making the passage from Liverpool in five days, 15 hours, which is the record winter voyage, being one hour faster than the trip her sister ship, the Empress of Britain, made in 1907.

"GOOD news—wife," says the Engineer—"no need of your worrying any more about my getting killed on my trips." "Why, how is that, John?" asks his wife, "are you going to stop railroading?"

"Well—not quite, Mary, but the Transcontinental has signed a contract to install the Price System on every mile of its track, and has started the work on my run." "Isn't that fine. Now, John—I won't have to lay awake nights, any more, fearing that some signal or switch man has left something undone, which will wreck your train."

"No—it's all right now, wife," and the Engineer smiled.

The Price System for Automatic Stopping and Controlling of Trains will absolutely prevent all railway accidents due to human carelessness, such as head-on or rear-end collisions, and those caused by open switches, breaks in the tracks or open drawbridges. A perfect working model of this device is on exhibition at the Demonstration Rooms, top floor, Norwick Union Building, 12-14 Wellington St. East. Can be seen any day from nine a.m. to six p.m. Everybody is invited to thoroughly investigate its workings, and is asked to secure souvenir booklet telling all about the Price System.

ZAM-BUK CURES COLDS ON THE CHEST & CATARRH. Wherever there is soreness, irritation, inflammation, Zam-Buk will give you ease. In cases of sore throat it is without equal. Place a layer of Zam-Buk on the sides of the throat as near the seat of pain as possible, and then gently rub it well in. Don't press too hard, but rub with a circular motion of the fingers. The healing essences will sink into the tissues, become absorbed, and then commence at once a soothing, healing process. Next spread on a piece of undyed flannel another layer of Zam-Buk and wrap this round the throat, taking care that while it sits well on the neck it is not too tight. Mothers who do this at once as the children complain of sore throat will be amply repaid for their trouble. The little ones get ease very speedily, and generally when this treatment is followed at night, by next morning the sore throat is pretty nearly cured. In stubborn cases two or three applications of Zam-Buk should be made. In cases of colds on the chest, "tightness," and difficulty of breathing, rub Zam-Buk well into the skin of the chest. For Catarrh also, Zam-Buk is a perfect cure, as the following cases illustrate. Every home should have its box of Zam-Buk always handy for there is nothing like it for the diseases of and injuries to the skin and subjunctive tissue.

DID YOU KNOW THIS? That Zam-Buk is now used as the leading family balm throughout four continents, and that the majority of the population of the globe use it, and prefer it! Surely, to gain this eminence, it must have unusual merit! That unusual excellence lies in the fact that it is nothing more nor less than Nature's own healer. Compounded as it is of pure herbal extracts and juices, it may be said to be independent of human knowledge. The human element in Zam-Buk is merely the putting together of the component parts. Nature merely provides the curative properties. The proprietors of Zam-Buk merely hand them out in concentrated handy form. In using Zam-Buk, therefore, you are "going back to mother Nature"—the kindest, wisest, and the only "never-failing nurse" in creation.

WHAT ZAM-BUK CURES.

Zam-Buk is a certain cure for gales, festering sores, blood poisoning, cuts, burns, bruises, ulcers, scalds, chapped hands, dry cracks, eczema, scap sores, raw sores, bad legs, and all skin injuries and diseases. Rubbed well into the parts affected it cures eczema, rheumatism, and sores. It is a certain cure for all skin diseases. Price, 3c. per box, 12c. per dozen, post free from Zam-Buk Co., Toronto.

ZAM-BUK IS A SURE CURE FOR CATARRH.

I felt the rheumatic pains to which I was subject. In 5 days from the time I first began applying Zam-Buk I was free from the cold in throat and chest, and afterwards the rheumatism was driven by it from my limbs. I have the greatest faith in Zam-Buk and will always use it to prevent colds getting deep-seated. Miss Ruth V. Carr, of Granville (Ont.), says—"Recently I had a sore on the inside of my nostril, and at the same time was suffering with catarrh. I used some Zam-Buk inside my nose to cure the sore, and was surprised how the evaporating healing essences gave me ease from the catarrh."

WAS THE CAPTAIN DRUNK?

Commercial Now in Progress—Swears He was Suffering from Illness.

GIBRALTAR, Feb. 4.—The court-martial Capt. Quailrough of the T. S. Battleship George, charged with intoxication while attending a reception ashore, began to-day.

Several witnesses declared the captain appeared to be unfit for duty. The only witnesses called by the defence were Lieut. Emil P. Svarz, officer of the deck, who testified that nothing unusual in the captain's condition, and Rand P. Crandall, the ship's surgeon, who testified that he had treated Captain Quailrough for gastritis and considered his physical condition low, rendering him peculiarly susceptible to liquor, and ever to tobacco.

The accused officer himself took the stand and told his own story. The day had been so crowded with official duties he said he had only a cup of coffee until Minister Gunneres' dinner. He swore he drank only one glass of sherry, but he had smoked a strong cigar. He felt worse as the evening proceeded and informed Consul-General Phillip he should like to retire.

When Lieut. Commander Kline at midnight entered his cabin and informed him that Rear-Admiral Walnwright had suspended him, Captain Quailrough told the lieutenant commander that he was not aware that the admiral had considered him intoxicated.

"I asked Kline what he thought of my condition. He responded, 'I think you have been drinking, but to say you were intoxicated would be to say you were drunk,'" said the captain.

In the meantime Captain Quailrough will remain aboard the Georgia under arrest, not being allowed either on the bridge or the quarter deck.

HEIRESS WEDS SALVATIONIST

She Herself Has Been an Ardent "Lassie" in Rescue Work.

BURLINGTON, N. J., Feb. 4.—Miss Marion Ferguson Woolman, daughter of one of Burlington's oldest families, good-looking and wealthy in her own right, was married to-day to Capt. Samuel Alexander Hewitt of New York, an officer of the Salvation Army.

Rejecting the life of fashionable elegance and social prominence which her mother planned for her, which her friends naturally expected her to lead, the bride, on their return from their honeymoon trip next week, will join her husband in the work in Burlington's clubs, to which he has been assigned.

Mrs. Hewitt's grandfather was John Woolman, the famous Quaker preacher and author; her father, George Woolman, had a large business establishment here and left her a fortune of about \$200,000.

Sedate, thoughtful and religious, she became interested in the Salvation Army five years ago. Her friends gazed when she first marched from the barracks with the corps and sang and prayed in a street corner meeting.

COUNCIL MEN INDICTED.

PITTSBURG, Feb. 4.—Nine indictments based on charges made by District Attorney Wm. A. Blakeley were returned by the grand jury to-day in the commencing bribery cases against Councilmen John P. Klein, Joe Watson and Wm. Brand, and the two former bankers, Wm. Ramsey and A. Vilsack.

Two charges of conspiracy also were found against the four men first mentioned.

The Borden Club.

A club dinner will be held at Williams' club on Monday, Feb. 8, at 8:30 p.m. The club's guests will be W. D. McPherson, K.C., M.L.A., who will speak on "The Ontario Legislature and Its Duties."

SPECULATION IS BROADENING.

World Office, Thursday Evening, Feb. 4.

Transactions increased at the Toronto Stock Exchange to-day and new upward movements added zest to the operations. Wall-street has almost ceased to interest local speculators, who are gradually devoting more attention to domestic stocks. Toronto RAILS held yesterday's rise in spite of considerable profit-taking, and the impression among traders that the good news had been discounted and therefore the stock should sell off. The features of the market were the quick rise in Winnipeg Railway and Twin City. The traction companies' shares are still regarded as offering the freest market, and Twin City is attracting more attention. Sentiment has turned distinctly bullish and a much wider speculative movement gives every promise of coming into being. HERBERT H. BALL.

Spectacular Movements Made in Local Securities

Winnipeg Railway and Twin City Have Rapid Advances—New York Stocks Are Still Inactive.

World Office, Thursday Evening, Feb. 4.

Operations at the Toronto Stock Market to-day confirmed the opinions which have been ventilated thru these columns the last few weeks. It has been pointed out frequently in these columns that stocks have been scarce in the Toronto market. No other evidence of this is necessary than the action of the market to-day. Winnipeg Railway and Twin City, made almost remarkable advances in to-day's operations, the former ran up 12 points before actual stock was forthcoming to retard the advances.

Re Twin City, it was early announced that the president of the road, Mr. Thomas Lowery, had died early this morning. This had a temporary influence upon the market quotations for the stock, but the effect was short-lived and sufficient buyers came into the market to use up all the stock that was offered and to require more at advanced quotations.

The movement in Twin is essentially along the line of increased dividend. Five per cent. has been paid by this company for the last five years and it is now confidently believed that an increase in the dividend, particularly so because of the franchise which the company holds.

The upward movement in the market is only in accordance with the views of the conservative investors who believe that many of the local securities are still selling considerably below their values in relation to the present rates for money.

The strong feature of the market still consists of the fact that real stocks are scarcer than actual buyers. Speculation showed a tendency to broaden to-day much beyond that of recent operations.

In the investment department prices are strong. Few of these securities are offering and buyers are more anxious to get stocks than holders are to sell.

Bank of England Statement.

LONDON, Feb. 4.—The statement of the Bank of England shows the following changes: Total reserve decreased £9,000; circulation increased £478,000; deposits increased £1,000; public deposits increased £559,000; notes reserve decreased £15,000.

Government securities unchanged. The proportion of the bank's reserve to liability this week is 47.38 per cent., last week it was 48.84 per cent.

The rate of discount of the bank remained unchanged to-day at 3 per cent.

Mr. Henry Watts Dividends.

MONTREAL, Feb. 4.—At the annual meeting of the shareholders of the Richelieu and Ontario Navigation Co. held here to-day, Mr. Rodolphe Forget, the president, in reply, stated that had it not been for the forest fires last summer, which greatly retarded traffic in the lower St. Lawrence, and the strike in the Cornwall canal, which undoubtedly had an important effect on the company's earnings, the directors might have been able to declare a dividend of 25 per cent. on the stock, but he is not sure that the directors would have had any objection to doing so. Hon. L. J. Forget retired from the chair.

On Wall Street.

Chas. Head, of Bondard: The market to-day has been in the specialties and second class bonds. Chesapeake and Ohio made good on the point given yesterday, selling up to its highest quotation. Western Maryland and Denver were active and higher, also American Tel. and Tel. 4 per cent. convertible bonds, Virginia-Carolina Chemical and American Agricultural Chemical bonds. One good feature of the present dull market is the continued good demand and advancing price for bonds. The diversion of important trading from the general list to specialties was more marked in the last hour.

C. J. Hudson & Co. wired Beatty & Glasco, 14 King-street west, the following: The stock market was under pressure from the bear party to-day, but it did not succeed in keeping it down or in making much progress on the early onslaught. Leading issues, except Reading, were firmly held and small group of specialties, including various Gold shares, closed very strong. That there is some underlying nerva, which will in future adequately explain the inactivity of the Gold stocks, there seems little doubt. Good authorities declare that the new interests in these railroads will at no distant date predominate and make them more valuable.

Ennis & Stoppani wired to D. Urquhart.

Ennis & Stoppani wired to D. Urquhart, a moderate seller on balance and the stocks usually leaders in the market showing a reactionary movement. But strong support at concessive prices, while number of stocks, particularly low priced rails, showed decided strength and resistance to pressure. Money rates were higher following the treasury call for deposits. This advance in rates will check gold exports.

Tracey & Co. wired A. J. Pattison & Co. as follows: After temporary to-day's surge of activity, influenced by the recall of funds for the treasury from the banks there is a remarkable scarcity of these money offerings, and an increased demand for accommodations, thus reversing the condition the prevailed in the market only a few days ago.

J. R. Heintz & Co. wired R. R. Holdens: We continue to see weak spots, but in the event of any quick upturn, we would secure profits. Indications are that the market will be fairly strong for a traders' market for the time being, with a tendency toward higher levels.
