Seek the Practical Gift of Furniture, and Lo, You Find How Charming it Can Be!

As for example these Tables and Chairs our Artist has Sketched below—to say nothing of the Book Shelves and Tea Tray;—Any one of which would make an admirable present for the friend or relation who is keen about interesting things for a house.

A. The Windsor Chair needs no introduction to readers of this page. Its quaint simplicity has often been pictured thereon. But this particular Windsor has a character all its own. It boasts the new "Cromwalde" finish, which resembles dull-polished walnut and may be cleaned with soap and water. It is warranted by its makers, moreover, to be practically indestructible—a distinct advantage in a bit of furniture intended for a much-used living-room or den. The price is \$17.50. **O. The Windsor Chair** in mahogany and in black and white enamel finishes are featured from \$6.50 upward.

B. This sturdy little Footstool suggestive of Jacobean days is made, as you might expect, of fumed oak, with red Spanish leather—of a beautifully fine, pliable quality—covering its deep, soft cushion, and the price is but \$4.50. Doesn't it appeal to you as a happy idea for an elderly person or a semi-invalid?

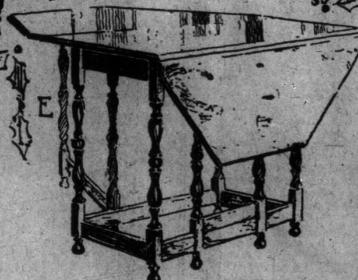

D. With the Chesterfield Sofa stretching out its comfortable length in front of the fireplace, the big table must, perforce, contract its width. Hence the popularity of this long, narrow Table above—known as the Chesterfield table, owing to the fact that it is specially designed for placing at the back of the big couch to hold books, reading lamp, work basket, etc. It is of rich, dark walnut, with the graceful underbrace of the William and Mary period. The price is \$45.00.

C. Not often you run across a Bookcase that as happily combines the practical and aesthetic as this one illustrated above. It is of dark, rich mahogany in Adam design—note the classic urn and characteristic medallion by way of ornamentation—and is equipped with four roomy, adjustable shelves. It is ready to take its place in drawing-room, living-room or boudoir, the glass doors rendering the interior practically dust-proof. The width is 42 in., and the price special at \$39.50.

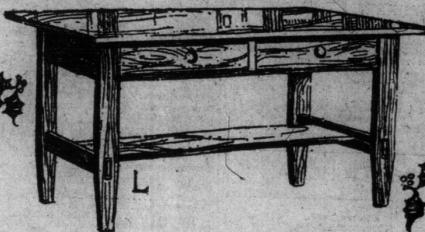

F. Convenience and comely appearance are closely allied in this neat little Table for the telephone. It is of mahogany, highly polished, and provides, as you see, not only an undershelf for the Directory, but a chair for the person telephoning. It is an excellent bit of cabinetmaking, suitable for use in hall, living-room or bedroom. A similar table in walnut shows a Queen Anne motif by way of ornamentation. The price of either is \$15.00.

E. That favorite since time immemorial—the Gate leg Table with the drop leaves. And this one is of such splendidly ample proportions it will serve not only as a support for the tea tray, but as a general utility table for living-room, studio or den. It is constructed of fumed oak after a good old Elizabethan design, and priced \$18.50.

L. (Below.) This capable-looking Table is in fumed oak—a simple mission design, well suited for general use in sitting-room or living-room. The drawer and lower shelf make for its further convenience. The broad, substantial-looking top—48 inches long and 32 inches wide—is ready to hold reading lamp, books, work basket, etc. The price is \$18.50.

M. One of the large and popular family of Wicker Chairs—made by hand of brown willow, artistically and comfortably cushioned with a picturesque chintz in a choice of various combinations of colors. The seat boasts the well-known 'Marshall' springs. The price is \$17.50.

J. A charming little basket-like Tray for the verandah in Summer or sunroom in Winter, a tray that is useful for passing lemonade glasses or several cups of tea, or a couple of small plates of cakes. It is hand-woven of willow, with glass bottom, lined with an ivory chintz patterned in red and green. The price is \$2.50.

N. A value extraordinary in Arm Chairs! The frame, as you will see, is in Jacobean design, constructed in dark fumed oak, while the well-cushioned seat is covered with fine, soft brown leather, the price withal being but \$14.25. For living-room, den, club-room or a man's bedroom, it is a prime favorite.—Furniture Building, James and Albert Sts.

K. Here's a chair that will prove an acquisition to the living-room furnished in black walnut. For it is of this rich brown wood that it is composed—the back inset with panel of fine cane, and the seat upholstered in rose and green tapestry of fine, soft weave. The same design may be had, too, in rocker style, the price in either case being \$21.50.

Books to My Lady's Taste

Volumes a Woman Would Relish by Way of Christmas Gift—Suggested by Katherine Hale.

WOMEN will choose their books this Christmas for the sake of their practical use, or for the purpose of relaxation. In moments of relaxation, we look for beauty. Is there such a thing as a beautiful book about war? Almost one is inclined to think so on reading "My Home in the Field of Mercy," by Francis Wilson Huard, who continues the same story of the same house once on the Field of Honor, devastated by the Huns, and now re-established as a refuge of mercy for wounded French soldiers. This is a brave story, simply told and charmingly illustrated with sketches made by Charles Huard, official war painter to the Sixth Army of France.

If you desire an odd and very lovely story of Chinese life, there is "The Wanderer on a Thousand Hills," by Edith Wherry, which pictures in Oriental colors the life of a Chinese woman singularly ill-fated but always beautiful. The story is an epic of love, and the descriptions of Chinese life and tradition are most interesting.

"The White People," by Frances Hodgson Burnett, will carry a message of light and beauty to many a heart that has met "The Pearl," as the author phrases it. The story is just an Awakening. The story is told by a young Scotch girl, who does not realize that she alone sees the White People all around her.

"The Green Mirror," by Horace Walpole, is one of those leisurely studies of English family life which the author knows so well how to write. The story is as cool and contemplative as its name, and as fascinating. It takes one away from things in a serene and refreshing manner.

Other books of the season in which she would surely be interested are "Beyond" an English love story of John Galsworthy; "Robert Shennstone," the story of a poet, by W. J. Dawson; "The Topstone," by F. B. Benson, and "The High Heart," by Basil King, that charming story of a Canadian girl in American surroundings.

result marked the moments following the closing of the polls at ex-Mayor H. C. Hocken's headquarters at 758 Bloor street.

Depression settled down upon the case of the independent labor candidate, John Bruce, as the returns came in, but the labor candidate displayed little surprise at the results.

It shows that the citizens of this city have never gone back on their duty, he declared. "For that is the way the world will look upon your votes. You have sent out a message which will be heard in Australia, and which will encourage them to follow your example soon. It will be heard as well in Quebec (cheers)."

Enthusiasm prevailed at the committee rooms of T. B. Wallace, Unionist candidate, 2318 Dundas street, last night as the election returns from West York were received.

As soon as the returns were in Mr. Wallace proceeded to Mimico, where he addressed a large gathering in the Connaught Theatre, and was enthusiastically received.

Col. W. K. McNaught left a little after six o'clock to bear the news to Sir George in the hospital. "I'm going to tell him how your wishes are with him," said Col. McNaught, "and you will be glad to hear that in a few weeks he will be around again. I want to thank the workers, and particularly the women workers, on behalf of Sir George, for their wonderful support."

From the outset there was no hope for the election of Mr. Young. About fifteen thousand votes were cast, twenty-nine hundred being for the Liberal candidate.

While the general feeling existing among the supporters of Foster was one of regret, at the same time they encouraged themselves by remarks that that which was held by the Liberals their work was not all in vain.

Petrograd confident of early and complete settlement of issues of war.

London, Dec. 17.—The predominant fact as regards the Russian attitude at the moment is the signing of an armistice, which is announced officially at the capitals of all the countries concerned. QUEBEC IS SOLID AGAINST BORDEN

Only Three Unionists Are Elected in Sixty-Five Constituencies.

Montréal, Dec. 17.—The Province of Quebec, outside of the City of Montréal, went absolutely solid for Sir Wilfrid Laurier, the standing of the parties being opposition, 62; government, three. The three supporters of the Borden administration are Hon. C. J. Doherty, minister of justice, representing the St. Anne's division; Hon. C. C. Ballantyne, minister of marine, St. Lawrence division of Montréal, and Sir Herbert Ames, St. Antoine division of Montréal. These three constituencies contain a large English-speaking population. Wherever the French vote predominated, the majorities piled up for the Laurier candidates were overwhelming and many Unionist candidates in the province will lose their deposits. Sir Wilfrid himself was returned for a Quebec seat. Two ministers—Hon. P. E. Blondin, postmaster-general, now on military service abroad, who ran in Champlain and Laurier-Orémont, and Hon. J. P. A. Severyn, who holds the portfolio of minister of inland revenue—were defeated in each of the constituencies in which they ran. Mr. Severyn was beaten in Dorchester by his old rival, Lucien Cannon. Among the defeated in the province were Armand Lavigne, a Nationalist, who ran in Montmagny, a straight Laurier candidate beating him by a goodly majority.

As a result, efforts are now being made by some merchants to export home-made pulp. The Chronicle states that this is not to the disadvantage of the paper manufacturers who are suffering from the scarcity of imported pulp, for producible in this country. It adds that there is no excessive domestic pulp that is exported.

PLAYS, PICTURES AND MUSIC

"THE LILAC DOMINO" AN EXCEPTIONAL OPERA

Dainty Little Canadian Play Leading Role at Princess Theatre This Week.

Marjorie Dunbar Pringle, dainty little Canadian, is easily the star of "The Lilac Domino," the three-act comic opera presented this week at the Princess Theatre. The story, of course, as its name implies, centres around a mysterious love of whom Count Andre (played by J. Humbird Luff) misses in the first act, searches for in the second, and finds, only to be surprised. For the lady of the lilac domino, has discovered that he is out to marry millions. Prosper and Caprice, to find the suitable girl, make most of the fun of the opera. These two, with George Richard Sterling, as the prima-tavan, the gypsy (Joseph Stangor) and Leonie (pretty Doris Payne) have a song and burlesque in the second act that sends the audience wild.

The music is good and the principals are all singers. The haunting strains of the "The Lilac Domino," as sung by the first act, is the best of the songs. The Lilac Domino is very sweet to look at, and charming manner, a good singer, and a close second in the good opinion of the audience. Mr. Duffy makes the rest of the chorus is exceedingly vivacious and more remarkable for volume than beauty of sound. In the burlesque scene the girls have every chance to make as much noise as they like; and they like a good deal. There are specialty dances by Helen Namur and Bobby Heater.

The whole performance is beautifully staged, and after a little delay in the first act, goes thru brightly and tunefully.

JULIAN ELTINGE AS CLEVER MRS. FAIRFAX

Hippodrome Bill Has Several Exceptionally Good Feature Acts.

Julian Eltinge, the famous female impersonator, as Mrs. Fairfax, featured the matinee at the Hippodrome yesterday, being the center of interest in the splendid film drama, "The Clever Mrs. Fairfax," and he charmed the audience with his marvelous quick changes and his witty epigrams. "The other fine sketch was 'Hello, Japan,' a comedy by Dave Lewis, who for the past 15 years has been playing burlesque as principal comedian.

The reception tendered to Mr. Reeves on his arrival in the city, will long be remembered by those present at the performance Monday afternoon. In a few well-chosen remarks he stated how glad he was to be in the city, and how pleased he was to see the friends he had met there, and that the show would be his friends' pleasure. Mr. Reeves has been well known in theatrical circles for his care with which he picks his company, and it is safe to say that this he has used even better judgment.

They play Wanderers Wednesday, and the opening game at the Arena will be on Saturday night with Ottawa. Manager Querrie has numbered his players as follows: 1, Brooks; 2, Cameron; 3, Randall; 4, Noble; 5, Pannery; 6, Skinner; 7, Meeking; 8, Coughlin; 9, Hebert; 10, Mummary; 11, Johnson.

Hebert, in goal; Cameron and Randall, defence; Noble, centre, and Meeking and Skinner as the wings; is the way Manager Querrie will start his blue army at Montreal on Wednesday night.

The intermediate and junior groups of the O.H.A. must declare a winner by Feb. 1. In the senior group, a winner must be declared by Feb. 15. The winners of the junior and intermediate a five-week season, and the seniors seven weeks. A military team of Brockville has applied for an intermediate grouping, and if the clubs in the Kingston group are willing to accept the entry it will be ratified by the O.H.A.

Mummary, the former Quebec player, has been suspended by Manager Querrie of the Toronto for refusing to report.

After the first round of the senior O. H. A. series has been completed, there will be two weeks to settle the finals and bring the Allan Cup series down for decision about March 1. Although nothing official has been heard from the western leagues, it is understood that Winnipeg, Saskatchewan and Thunder Bay will have challengers and will compete in the east against the O.H.A. champions. In the event of three challenges being received from the west, the trustees of the cup will ask two of the teams to meet in the west, and thus allow two aspirants to compete in Toronto.

Bill Marsden is coaching the Upper Canada College team. He had fifteen men out to practice yesterday.

St. Patricks has been offered a trip to New York. St. Nicholas Rink wants them on Jan. 5 or 12.

The senior group will draft its schedule at the Arena tonight.

St. Patricks trotted out Hughie Fox, the former Aurs Los star, at their practice last night. Bobo Dye and Lorde Hinton also were out with the Irish. McMillan and Ryan were the goalkeepers. Dore, Kite of Sarnia, Sullivan, Stele and Mullett were the others.

Reaches, the new junior club, had about 20 players out last night. Adams, formerly of West Toronto West, looked good. Davis, Martin, Pennock, Withers, Gallagher, Henderson, Stewart, Grass, Richardson and Dye were a few of the others out.

Groups No. 3 and 4 O.H.A. junior series will hold a joint schedule meeting at Port Hope tomorrow at 1 o'clock. The conveners being H. E. Bradley of Oshawa and A. Butler of Lindsay. There are seven clubs involved in the Oshawa, Port Hope, Whitby, Peterboro, Lindsay and Oshawa, and the proposal is for the clubs to meet with a representative to the composition of the two districts. If the clubs do not agree by majority vote on a readjustment, the present arrangement will stand.

No. 4—Peterboro, Lindsay, Port Hope, St. Mary's has decided not to play in the minor ranks, and Stratford and Kitchener, who first intended to play a double schedule in Group No. 9, total New Hamburg Club, who made a last-minute entry that has been accepted.

ARENA SKATING.
In all weather, whether warm, cold, wet or dry the artificial ice at the Arena is always good and the many patrons of the arena enjoy skating to the splendid band in the large airy winter palace away from the cold breezes. The members of the Toronto Skating Club have been having parties at which they do fancy and figure skating. The arena is open every evening.

LEGISLATE AGAINST FREAK DELIVERIES

American Association Decides Unanimously That Spit-ball and Shine-ball Must Go.

Chicago, Dec. 17.—Decision to open the 1918 season either on May 1 or 15, and to reduce the player limit from seventeen to sixteen, were the two main items discussed at the meeting here today of the American Association club owners.

While no definite action was taken in regard to playing a 140-game schedule instead of 154, President Hickey said tonight that the settlement was strongly in favor of the shorter season. The issue will be settled at a meeting of the eight club presidents, to be held here early in February. The opening next season will be nearly three weeks later than last year.

The spit-ball, shine-ball, seamy-ball and all other similar deliveries was legislated out of the league by a unanimous vote. The club owners decided to impose a fine of \$25 for each offence.

President Hickey said that, under present arrangements, the season will close about Oct. 1. Action to prevent a withdrawal of any of the clubs from the association, as was recently threatened by the Indianapolis, Louisville and Toledo Clubs proposed to withdraw and merge with certain clubs in the International League to form a new league, was taken by Senator A. L. Cooper, one of the owners of the Kansas City club, who suggested changes in the constitution, which would give legal action against any club desiring to withdraw.

REVOLUTION, WAR AND ALSO RACING
Russia Still Has Its Sport on the Turf, and Prepares for Events on Ice.

New York, Dec. 17.—An American horseman who returned from Russia a few days ago brought the news that at the time he left Moscow—the middle of September—the government was still conducting the racing of horses, both runners and trotters.

The war, the revolution and general disorder had not stopped racing. At the time these in charge of racing were preparing for the winter sports of racing on the ice.

Throughout the war racing has been continued and has been patronized by tremendous crowds, he said. The mutual system of wagering was employed at Moscow and Petrograd, but when the czar was overthrown, and the provisional government established the crowds became so great at the race courses that betting was done away with.

Comecups were detailed to guard the race courses and keep spectators orderly, but in many instances the crowds broke through the cordons of soldiers. Finally, to curtail the crowds the officials started the racing at 7 o'clock in the morning. There were 17 races run each day. The Russian Derby was run one morning at 7 o'clock.

American horsemen and jockeys were conspicuous on the Russian turf. Jockey Eddie Egan, who was riding with Art Belmont, and was at one time the premier jockey of America, has ridden in Moscow for the past several months, not until September that he left there.

The leading rider of Russia was the Georgia negro, Winkfield, who a number of years ago was riding with Earl Hinton also were out with the Irish. McMillan and Ryan were the goalkeepers. Dore, Kite of Sarnia, Sullivan, Stele and Mullett were the others.

Reaches, the new junior club, had about 20 players out last night. Adams, formerly of West Toronto West, looked good. Davis, Martin, Pennock, Withers, Gallagher, Henderson, Stewart, Grass, Richardson and Dye were a few of the others out.

SHORTER SCHEDULE FOR AMERICAN A.A.

Willard to Fight for the Red Cross

Chicago, Dec. 17.—Joe Willard, champion heavyweight prize fighter of the world, announced tonight that he would re-enter the prize ring for the benefit of the Red Cross. He declared he would defend his title against any person, anywhere, and at any time, the sole condition being that all the receipts should go to the Red Cross.

Willard said he preferred that a match be made for next spring, so that it could be held in the open air. He also declared that the proceeds could be diverted from the purpose for which he planned. The champion will leave for Washington tomorrow to confer with the officials of the department of justice, to learn if there was any way in which moving pictures of the match could be shown legally, the receipts from the pictures also being pledged to the Red Cross.

"I am ready to receive challenges myself from any fighter, anywhere," he said, "and if a match can be made will go ahead on arrangements at once. It would serve better if it can be held when the weather will permit an open-air exhibition, as that is likely to increase the receipts."

BENNY LEONARD BEAT CHICK BROWN BY K.O.
New Haven, Conn., Dec. 17.—Benny Leonard, of New York, champion lightweight boxer, scored a technical knockout over Chick Brown, of New Haven, Conn., in the fifth round of a scheduled ten-round bout at the Ryan Athletic Club. Brown got up, but the referee stopped the fight.

The champion was master of the local boxer all the way and felt that his opponent would not last long. In the third round he got Brown's stomach with two terrific punches which staggered Brown. There are seven clubs involved in the Oshawa, Port Hope, Whitby, Peterboro, Lindsay and Oshawa, and the proposal is for the clubs to meet with a representative to the composition of the two districts. If the clubs do not agree by majority vote on a readjustment, the present arrangement will stand.

No. 4—Peterboro, Lindsay, Port Hope, St. Mary's has decided not to play in the minor ranks, and Stratford and Kitchener, who first intended to play a double schedule in Group No. 9, total New Hamburg Club, who made a last-minute entry that has been accepted.

THIRTY THOUSAND WOMEN CAST VOTES

First Federal Election Under New Franchise Shows Their Great Interest.

FEW MISTAKES MADE

All Anxious to Exercise Their Right and Help Union Government.

Fully thirty thousand women were out yesterday in Toronto, it is estimated, for the purpose of recording their votes in the first federal election in which they were allowed to exercise the franchise. They were all the mothers, wives, daughters, sisters or widows of the men overseas, thru whose services they were privileged to cast their ballot among the thousands of others that passed thru the boxes at the polling stations. Many were at the polls at the first grey dawn of day, leaving children in bed and other duties in abeyance for the time being. Several of the polls reported that women were the first to make their appearance, and that many were disappointed at not finding their names on the list. Hundreds found out when it was too late that they had not been registered. Thousands of names, however, were there, and thousands of women corresponded to the roll call in their ballots, even some invalids finding their affliction no obstacle to being present. Among the latter class was Mrs. C. B. Watts of the Beach, who walked to the poll, but had to be taken up by a passing motor on the return trip.

Nurses Poll Votes.
Among early comers to the station at 142 Victoria street was a group of forty nurses from St. Michael's Hospital, who at 6 o'clock invaded the station in a body and voted. One of the number found that her name had been omitted. She, however, was given the ballot after taking the oath and left, saying as she did so: "Well, there is an extra vote for 'rist and 'for Union Government." Fifty nurses from the General Hospital appeared at 123 Elm street, where they de voted their ballots. Women flew about in all directions assisting other women to the polls. Others remained at the various polling places which had been established for taking care of the babies, while their mothers went to the poll, and still others acted as scrutineers. Among these were Mrs. M. J. Cummins, president of the Women's Political League, who was stationed at Balmoral avenue.

Some Amusing Incidents.
Some rather amusing incidents came to light during the course of the day. At 52 Church street a polling booth was discovered that had been named by the government officials, but neither party was aware that it had been established. At 20 Temperance street the subdivisions 25, 26 and 27, only four votes were in the lists, and three were brought in by slips.

Women generally showed that the women fell into the method and procedure of voting in a very intelligent manner, the there were some who went to the committee room to vote. One old and infirm woman of seventy years, in the Danforth district, was very anxious to get out and vote. She was taken to the polling station in a motor car, and she was reported as voting their interest in the work.

Women Work Till Late.
At a late hour the women workers were so busy, and it was difficult to get their opinion. Mrs. Van-Kouhmet, however, expressed her interest in civic affairs for about ten years, and the municipal reporter for one of the morning newspapers.

Plays all Makes

All makes of disc records can be played on the "Phonola"—this includes the "Fonotipia," "Odeon," and "Jumbo" records from Europe, of which there are no finer recorded.

There are no better sound boxes or tone arms than the "Phonola" type. The tone arms, for example, are made of seamless tubing. Having no heavy soldered seams or joints, the tone produced is smoother and rounder, and the tone arms being lighter there is less wear on the records.

The cases are very handsome and highly finished, being made in our own cabinet factory. In another factory we make the other parts of the

WHERE MEN EMBROIDER.

Embroidery might be called the household industry of Japan, and it is an industry—or an art, perhaps one would better say—that has been handed down in the same families for many generations. Men, as well as women, are engaged in the work, which is done in the homes or in small shops where they have a few apprentices, usually from three to 10, and a number of skilled embroiderers.

Edison's "Gift" to the World The New Edison--'The Phonograph With a Soul' Choose it in the Spacious Simpson Studio

Come to the Simpson Music Studio to hear the wonderful re-creations demonstrated on the New Edison. You can put in a exceedingly delightful 15 minutes or half an hour listening to your favorite music while resting from your shopping trip. These busy days, the Music Studio is the most restful place in the whole store.

About Edison Records

Hundreds of hours and more than a million dollars have been spent in advancing the Edison record to its present superior position in the instrument world. The Edison invention differs utterly from other records now on sale. Also the Edison Machine itself possesses features of surpassing importance, such as diamond reproducing stylus, which dispenses with the use of needles; likewise an ingenious tone modulation for use in small rooms or at late hours. You are not obliged to buy—come to the studio and hear this marvelous invention.

About Edison Cabinets

A glance at the upper part of this page will convince you that the superiority of the Edison does not confine itself entirely to music quality alone but also to designing and finishing.

Note how substantially built is each cabinet, how artistic it is in appearance—notice that each cabinet is representative of some Historic period and is totally different from other makes—The Edison designers have followed classic (period) lines for the New Edison cabinets. May we not suggest that you see these handsome instruments today?
