Monte San Gabriele Is Captured By The Italians

Cadorna's Troops Hold Chain Of Hills Dominating Gorizia... Great Amount of War Booty Has Been Captured in Present Offensive—Evidence of Haste of Austrians in Retreat Before Italian Forces

London, Sept. 5.—The Italians have captured Monte San Gabriele, according to advices to the Daily Mail. A despatch received in London confirms the capture of Monte San Gabriele together with 960 prisoners, including thirty-two officers.

Udine, Italy, Sept. 4.—It is impossible thus far to give even an approximate idea of the immense quantity of booty which has fallen into the hands of the Italians since the beginning of their advance.

GERMANS MAY MEAN TO FLOOD THE LOWLANDS

Evidence of Projected Further "Strategic Retirement" on the Western Front—News Received in Washington

Washington, Sept. 5.—(Montreal Gazette cable)—Important military developments are believed to be imminent in West Flanders as a result of the action of the German military authorities in evicting the civilians back to the line of Thorough-Roulers-Courtrai, which is about twenty-five miles west of Ghent.

was unsuccessful. The German artillery was active in the neighborhood of Lens. Further Retirement. Petrograd, Sept. 5.—The Russians continuing their retreat along the coast of the Gulf of Riga, toward the northeast have crossed the Livonian River Aa, the war office announces.

WHARF COUNTRIED BUT LITTLE TODAY ON THE CHICAGO BOARD... Chicago, Sept. 5.—So far as the majority of board of trade dealers were concerned wheat today received scarcely any more attention than dry goods or groceries.

AUTO HITS TELEPHONE POST; TWO MEN KILLED... Montreal, Sept. 5.—Rosie Hebert, of Iberville, Que., and Charles Rioux, of Mance street, were instantly killed early this morning when a car in which they were riding collided with a telephone post at Pointe Aux Trembles.

WAR NOTES... French government is ordering every one having oily seed fruits, vegetable oils, glycerine matter, soaps and candles in quantities of 2,000 pounds to make a declaration thereof by Sept. 15.

London, Sept. 5.—"A hostile raiding party was driven off by the fire of rifles and machine guns last night in the vicinity of Arrmentiers," says today's official statement.

SAYS RUSSIANS WERE OBLIGED TO FALL BACK

Statement By General Voltinsky of Northern Armies... "MORALE OF THE ARMY GOOD" Callant Work by Battalion of Women—Efforts Now Being Made to Get Out of Cut and Meet Enemy on Riga-Venden Road

London, Sept. 5.—The Press Bureau issues a semi-official Russian communication dated Sept. 4, which says in part: "The catastrophe at Riga was not wholly unexpected; measures for the evacuation of the littoral of the gulf were taken before the passage of the Germans across the Dvina near Ukull.

General Voltinsky, commissioner to the command-in-chief of the northern armies, referring to the events in the region where the front was pierced on September 1, and the general attitude of the commanding officers is in favor of the dry canteen as they declare that the dry regime at home had a salutary effect.

FIRST AMERICAN NAVAL MEN TO BE PRISONERS OF WAR

Washington, Sept. 5.—Ciptan Albert Oliver of the American tank steamer Campagna, and four of the five members of the naval gun crew who were taken prisoners when their ship was captured and sunk on August 6 by a German submarine, are in a prison camp at Brandenburg, Prussia, the American Red Cross was so advised yesterday.

TODAY'S BALL GAMES... National League—St. Louis at Chicago, cloudy, 8 p.m. Philadelphia at New York, (two games) clear, first 1.15 p.m. Brooklyn at Boston, (two games) clear, first 1.30 p.m.

KITCHENER AGAINST PURCHASE OF C. N. R. Kitchener, Ont., Sept. 5.—The city council last night carried a resolution most emphatically protesting against the purchase of the C. N. R. by the dominion government.

GURKO TO EXILE

Former Russian Commander On Northwestern Front—More Arrests... Petrograd, Sept. 5.—General Gurko, former commander on the southwestern front, charged with treasonable conduct toward the revolution, will be exiled from Russia. He will be followed into exile by his wife.

Killed By Auto... Three Rivers, Que., Sept. 5.—An old man named Theodore St. Louis was struck and killed yesterday by a touring car.

C. N. R. Earnings... Toronto, Sept. 5.—Canadian Northern Railway earnings for the week ended August 31, were \$1,184,400, an increase of \$6,800.

AMERICANS ARE CAMPED CLOSE TO THE CANADIANS

Question of Wet or Dry Canteen a Live Matter—Officers Are for Dry

London, Sept. 5.—(Montreal Gazette cable)—The American troops are near neighbors to the Canadians in the English training camps. Units which just arrived when visited by the Gazette representative expressed disappointment at not being allowed to land at a Canadian port, where the ship had had.

TWO AIR ATTACKS LAST NIGHT OVER LONDON DISTRICT

More Bombs Fell in Streets Than Hit Buildings—Believed One Enemy Machine Struck... London, Sept. 5.—The streets were filled with curious crowds until the early hours today inspecting the damage from last night's air raids over the London district. More bombs appear to have fallen in the streets than hit buildings.

VON STEIN NOW AT IMPERIAL HEADQUARTERS... Amsterdam, Sept. 5.—Berlin newspapers received here say Baron Von Stein, under secretary, is representing the imperial chancellor at headquarters and has been received by Emperor William.

DRAFTING SEASON IN BASEBALL AT HAND... Cincinnati, Sept. 5.—The National Baseball Commission announced last night that it will meet in Cincinnati on Sept. 20, to receive and pass on the selection of players from minor leagues by major league clubs.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service... Synopsis—The Atlantic storm is moving towards the banks of Newfoundland. Another storm is moving towards the Great Lakes from the west.

Forecast—Lower St. Lawrence, Gulf and North Shore—Moderate winds, fine and cool; Thursday, moderate winds, fair until night.

Maritime—Fresh northerly winds, fine and cool; Thursday, moderate winds, fair until night.

What of Project For Vessels To Bring Coal Here?

Sir Geo. Foster's Announcement Definite But Seems to be Lack of Local Action... The following from Mr. Hansard of the House of Commons proceedings of August 4 is of interest here: COAL SUPPLY IN THE MARITIME PROVINCES.

BOMBS FOUND IN MONTREAL... Montreal, Sept. 5.—Two bombs were found in the boxes taken by the police yesterday morning where the dynamite stolen from the Martineau quarries by anti-conscriptivists was recovered and five men were arrested.

ST. JOHN BRIDE TO MAKE HER HOME IN MONTREAL... Miss Mary Josephine King, daughter of Mr. and Mrs. William King of 87 High street, and William F. Robson were united in marriage at half-past seven o'clock this morning by Rev. P. C. O'Hara, C.S.S.R., who was celebrant at nuptial mass in St. Peter's church.

MORE MILK WAS RECEIVED TODAY... The milk situation in St. John today was slightly improved and more people were able to procure this much desired article. One local dealer secured sixty cans from farmers outside of Kings county, while others received from ten to twenty cans from other sources.

FRENCH HOSPITALS AGAIN ARE BOMBED BY GERMAN AIRMEN... Paris, Sept. 5.—German attacks on the Aisne and Champagne fronts last night were repelled by the French, says today's official communication. The French made a successful attack in the Champagne. French hospitals were again bombed by German aviators.

OUT OF JAIL TO DO NEEDED WORK ON FARM... Winnipeg, Sept. 5.—Under bail to the amount of \$40,000, Miles Hetman, a prosperous Pine Ridge farmer, was released from jail yesterday so that he might return to his farm to look after harvesting operations.

Armed Force If Necessary... Petrograd, Sept. 5.—The governor-general of Finland has returned to Helsinki, says the official communication. The Finnish local government which he deems inimical to the welfare of Russia.

Tomorrow Morning, Drink a Glassful of

### Estey Found Not Guilty

After being outside for an hour, the jury brought in an unanimous verdict of not guilty last night in the trial of Wesley H. Estey, charged with misappropriating funds to the amount of more than \$7,000 of C. A. Clark's money. The case was heard before His Honor Judge Armstrong in the county court and has been going on for some time.

A great deal of interest was taken in the outcome. Mr. Estey, who was in Boston, chose to come to St. John and give himself up voluntarily rather than have any suspicion left to cloud his name. He has been here for some time and will return, free of all blame, to his former position in the States where he handles the weekly pay-roll of the United States Rubber Company.

J. A. Barry was for the defence and C. H. Ferguson for the crown.

### ROTHESAY RED CROSS

A total of \$9,454.90 passed through the books of the Rothesay Red Cross Society. The amount was declared yesterday at the annual meeting. The following officers were elected: Mrs. John Thomson, president (re-elected); Miss Muriel Robertson, secretary-treasurer, (re-elected); executive, Miss Allison, convener of the tea committee; Mrs. Thomas Bell, convener of the purchasing committee; Miss Pitcher, Mrs. Malcolm MacKay, Miss Fannie Donville.

An excellent report was read by the secretary, Miss Muriel Robertson. The receipts were \$9,454.90; expenditures \$8,292.43.

The expenditures include a \$3,000 motor ambulance, which was given to the Canadian Red Cross, and cash donations of \$3,755.18 sent to various hospitals or given in answer to appeals.

A total number of 7,559 garments have been made during the year, including 1,600 pairs of socks.

The sum of \$100 was voted for hospital supplies. It was decided to have a system of pledges for the coming year by means of which the members will promise a certain amount of work.

The tea was in charge of Mrs. Allan Daniel and Mrs. J. B. Robertson.

### IN THE POLICE COURT YESTERDAY AFTERNOON

At yesterday afternoon's session of the police court Magistrate Ritchie struck a fine of \$200 against Frank O'Brien, arrested on a liquor charge.

In the matter of an assault on Norman McLeod, the court remanded both Mr. Leod and Cecil Livingstone and William McNulty. Wesley McDade was brought up for having liquor in the street. He was remanded. Walter Thompson was charged with assaulting his wife. Mrs. Thompson said that there had been a quarrel and Thompson had thrown a dish of water at her and pulled her around by the hair. He had also thrown a lamp at his mother-in-law and kicked her down stairs. A fine of \$40 in the case was allowed to stand on condition that they "turn over a new leaf."

A Significant Fact—More infants are successfully raised each year on Borden's Eagle Brand Condensed Milk than all other so-called "infant foods" combined—a statement fully corroborated by the thousands of unsolicited testimonials received annually from physicians and grateful parents. Three generations are testifying to the merits of Eagle Brand.

"If there is a comparative crop failure in 1918 as in 1916, from all that we can judge there will be starvation of millions of people. This will apply of course to the crops of all the world," said Dr. J. W. Robertson, chairman of the advisory committee of food control, who was in the city last evening. Continuing Dr. Robertson said: "If we can get a bigger surplus of production in Canada we will help increase the supply of the world. A grave situation is facing us and it behooves every man to give this a prime place in thought and action."

Dr. Robertson and R. E. Armstrong of the board of trade are calling a public meeting to be held at the Seaman's Mission tomorrow afternoon at 8 o'clock for the purpose of further organization for food control work in this city. In the meantime they will go to Fredericton tomorrow where they will meet a conference of representative men and women of the province, and food control matters will be discussed.

He can't fight —and he can't work —and he can't grow Unless—You Save the Nation's Food Supply

"THE Russian Revolution was a food riot," says Mr. Hoover. Soldiers can't fight without food. Shall our troops be paralyzed for lack of food? Napoleon said, "Soldiers fight on their stomachs." Are we going to halt our army?

"BREAD is more important than munitions," says Dr. Wiley. The man who makes our shells must be kept hearty—or the shells will stop coming. Every worker in the country must be well fed or our fabric of business cannot last.

ABROAD the children are hungry. Three years ago that seemed impossible. This year we must send twice as much grain as we can normally spare. And if this demand keeps up, and our waste continues, how long before your child will starve?

Of course you want to do your share. Your only problem is where to get your facts. Five hundred thousand women have asked themselves the question and today have found the answer.

They have found it in September GOOD HOUSEKEEPING where you will find how you can save for your own family. You will find it in "Making the Most of the Perishable Vegetables". In "The Family Balanced Ration" by Carl Vrooman, Assistant Secretary of Agriculture. In "Eat More Corn Meal", and "Time to Pickle and Preserve". In "Early Fall Meals from the Garden", in "Soy, the Coming Bean", in Good Housekeeping's "Tested and Approved Recipes" for every day in September. In Dr. Wiley's article, "Something for Every One to Do".

Literally it has taken years to edit this September issue—years of experiment, investigation and patient effort—to give you now, when you most need it, a service that no other magazine has been privileged to render.

# GOOD HOUSEKEEPING

For SEPTEMBER

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 5, 1917

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

There is much speculation as to the cause of the movement of the Germans in ordering the people to evacuate a portion of western Flanders, and it is suggested that they may mean to flood a portion of this area to prevent the Allied advance.

One of the grim tragedies of the war is being enacted in Serbia, where the people are starving because the harvest has been carried off by the Austrians, Germans and Bulgarians.

German air-craft have again been active in the southeast of England, having dropped bombs two nights in succession. There is always the possibility that a large fleet of these craft may do far greater damage than has yet been done, but these raids can have no material effect upon the general conduct and outcome of the war, other than to make more damning the indictment of the Germans as murderers of women and little children.

Mr. R. B. Bennett, Conservative member for Calgary, said in the course of his speech against the Canadian Northern deal: "I am no longer in the confidence of the C. P. R. It is six years ago since I severed my connection with that company, but from what I know of that company there never was a time, never would acquire the Canadian Northern system, however willing it might be to acquire portions of that system."

What the German and Austrian newspapers are saying about President Wilson and the American democracy is the best evidence of the tenor of the president's reply to the pope's peace note.

When the Standard attempts to be humorous its readers are as greatly diverted as if they were watching an elephant doing a fox-trot.

These business men point out that no agreement and no obligation to purchase the stock has been produced, and that the only examination so far into the affairs of the Canadian Northern has consisted of two out of the three railway experts that the stock is worthless.

THE NEXT HEAD-ACHE and when you feel depressed try Abbey's Effervescent Salt. An effective laxative that is gentle acting—smooth and pleasant to take, and every morning send you to the office feeling fine.

TO AN EMPEROR. (By Daniel M. Henderson of The Vigilantes) Ah king, the world knows well To chain and scourge the earth, Whence then came Freedom's dawning hour?

TO ONE SO SCARRED. (Florence Randall Livesey in Canadian Magazine) To one so scarred, who smiles? Ah, traitorously! Mirth makes a mask of that loved face!

For Pimply Faces Try Cuticura Soap and Ointment. Samples Free by Post. A simple, easy, speedy treatment. Smear the pimples with Cuticura Ointment, wash off in five minutes with Cuticura Soap and hot water and continue bathing for some minutes.

WHISKEY AND SMOKES BREAK ALL RECORDS. Use of Liquor and Nicotine Excessively Increased During Last Year. Washington, Sept. 5.—All previous American records for consumption of whiskeys, cigars, cigarettes and tobacco apparently went by the boards during the past fiscal year.

ECZEMA. NEARLY all forms of itching skin diseases come under the common heading of eczema. A vesicle, or small water pimple, appears. This breaks and a sticky substance which hardens and forms a crust.

Dr. Chase's Ointment. none cured it permanently. Finally I tried Dr. Chase's Ointment in the house if it cost \$2.00 a box. The old idea that eczema was a disease of the blood has been exploded, because it was impossible to effect a cure by means of internal medicines.

maid and Dr. J. Nugent supported the bride. The bride was given away by her mother, Mrs. Mary Sullivan, after the ceremony Mr. and Mrs. Atkinson started on a bridal tour through Nova Scotia and the Annapolis Valley.

Mr. Ford Gives a Half Million Autos To Red Cross. New York, Sept. 4.—The War Council of the American Red Cross, of which Henry F. Davison is chairman, announces that the Ford Motor Company of Detroit has donated \$500,000 worth of automobiles, ambulances, automobile parts, etc., to the society.

Washington, Sept. 5.—All previous American records for consumption of whiskeys, cigars, cigarettes and tobacco apparently went by the boards during the past fiscal year. The preliminary report of Commissioner of Internal Revenue Osborne, covering the twelve months ended June 30, shows record tax collections on these and other articles.

The Hague, Sept. 5.—According to Budapest telegram to the Berlin Press the Neu Pester Journal, commenting upon President Wilson's reply to Pope Benedict's peace note, says: "God preserve the peace of the people from America's peace mediation. The democratic principle has become the worst corruption in the United States where millions are spent in every presidential election in buying votes."

THEY DON'T LIKE AMERICANS NOW. The Hague, Sept. 5.—According to Budapest telegram to the Berlin Press the Neu Pester Journal, commenting upon President Wilson's reply to Pope Benedict's peace note, says: "God preserve the peace of the people from America's peace mediation."

### A Farical Food Control

(Toronto Star.)

The Hon. W. J. Hanna's appointment as food controller was announced on the 20th June last. Let us summarize fully all his activities since.

He journeyed to the United States to confer with H. C. Hoover, the American Food Controller.

On the 28th of June, Mr. Hanna issued an appeal to the Canadian people urging (1) Maximum production; (2) Largest possible consumption of perishable food-stuffs in order to liberate storable foods for transportation; (3) Prevention of food waste; (4) Utilization and creation of volunteer bodies to assist in increasing and conserving food supplies; (5) Additional production of perishable products to fill domestic wants.

He gave his first public address as food controller in Toronto on the 6th of July, and emphasized the necessity of conserving from one-third to two-fifths of wheat foods consumed in Canada to meet shortage of the allies in Europe, and bespoke the co-operation of the hotels, restaurants, public eating-places, and homes in bringing about an enormous saving. He also promised to take steps to lower the price of fish.

**Begin to Talk of Compulsion.**

Five days later he issued a statement declaring that the consumption of wheat, beef, and bacon must be reduced by at least one-third.

A committee to deal with the Canadian fish problem was appointed in the first part of July.

On the 17th of July Mr. Hanna, in a speech at Montreal, hinted at some form of compulsion and at price-fixing, though he said he "hesitated" to resort to the latter. He is still "hesitating."

Two days later he hinted in a statement at the possibility of the fish committee's assuming control of the distribution of fish.

On the 23rd of July at Conception Bay, N. B., Toronto, he insisted on the necessity of food conservation in Canada, if the troops and the Empire are to be fed, condemned food manipulators, and said that food prices would be fixed (in cases where we have the necessary data). Yet to date, no prices have been fixed.

On the 3rd of August, pledge cards agreeing to carry out the food controller's advice and directions were sent out.

After a great flourish of trumpets and unlimited free advertising from the press,

### Much Business Before Council

#### City May Appoint a Milk Inspector

#### Situation Discussed

Matter of Inspector on the Work at New West Side Warehouse; Honor Roll For Police Suggested

Notice of motion for the appointment of a milk inspector in the city was given yesterday afternoon by Commissioner McLellan when the milk situation was discussed by the city council. The commissioner believed the city should take immediate action in not only the milk situation but also with respect to other matters. If necessary, he said, the city should become a dealer in milk. He believed that before the winter was over the city would become a dealer in many things, including coal and necessary provisions.

Commissioner McLellan discussed the matter at length. He believed the farmers were justified in increasing their rates and he thought the local dealers were much to blame. He referred to one man who a few years ago, he said, "hadn't a cent" but was now able to buy a brick building and a fine residence. He declared that even if the price did go up to the consumer the appointment of an inspector to see that the milk touches the mark demanded by the pure food law would give satisfaction to the people. Pure milk would go much farther and would provide greater nutrition than that now used.

The commissioner thought, and his view was supported by Commissioner Wigmore, that a good deal of the dealers' expense was occasioned by delivery and it was thought a more systematic way out of routes would reduce the price to the consumer.

Finally it was decided to investigate the matter. The question was referred to the mayor, who will bring it to the attention of the minister of labor. If the matter is not settled by next week a motion will be made to the council to appoint an inspector.

The mayor introduced the milk question at the council meeting. He reviewed the situation from both the dealers' and the producers' standpoint. He advanced the view of certain dealers that the government would put an embargo on the export of heavy feed to the States if it would have considerable effect on reducing the price of production. The mayor said that many farmers were talking of disposing of their cows and not selling milk at all.

Commissioner Wigmore thought that the minister of labor should be appealed to and the mayor believed he would have experts who would surely have knowledge of the true situation and whether or not the demand for milk was so great.

Commissioner Wigmore moved, therefore, that the matter be referred to the mayor to be in turn referred to the food controller.

"Most of the people haven't been getting milk, anyway," said Commissioner McLellan. "I don't know what the price is. Who is getting the bigger profit, the farmers or the dealers? Apparently it appeared at the last investigation that the dealers were not making much. I have changed my mind since then. The farmers are paying \$8 a ton for feed where they used to pay \$28. This talk about feeding their cows grass is ridiculous. Where can you find a farmer who is feeding his cows grass? It is not rest back? But there are dealers who can buy brick buildings and fine residences. The price of milk is \$1.00 a quart. The dealers did not prove that their statements at the last investigation were correct."

Reference was made by the mayor to bringing the problem to the attention of the government.

"The government will only condone," went on the commissioner, "just as they are condoning the four mills. You will get no satisfaction through the winter. The commissioner said that considerable of the dealers' expense was due to delivery. Instead of dealers scattering their supply all over the city he thought it would be to the consumer's advantage to have the city divided into districts.

The mayor remarked that this might be considered a combine by the minister of labor.

"The community is bigger than any minister," the commissioner went on. It knows the situation better and knows what it wants.

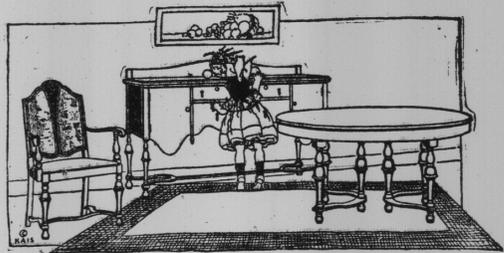

"I propose to move that St. John has a milk inspector. I'd like to know where the milk is coming from. There are not enough cows in Kings county to produce all the milk and all the cream coming here. What do they do? They buy milk from Missouri. They've got to show me that they buy all their cream as cream. If they do nothing more I'm going to see that the milk here after is up to the pure food law. This will be a satisfaction to citizens at any rate."

The commissioner discussed the various problems of the day and said that people here were not going to freeze, nor were they going to be without milk.

"If it must be, the city will have to establish depots for the distribution of fuel and provisions."

Commissioner Fisher felt that the matter should be gone into thoroughly. The matter of inspection did not have to do with supply or price. He thought the

city could make use of the domain inspector at less cost than by appointing a city inspector.

Commissioner McLellan—"Who is he?"

Commissioner Fisher—"John C. Ferguson."

Commissioner McLellan—"Is he out on the job?"

Commissioner Wigmore—"Once a year."

Commissioner Fisher—"We cannot side with either the farmers or the dealers. We might inquire if we could get milk from Quebec or Nova Scotia."

Commissioner McLellan—"We did that a year ago and found we couldn't."

Commissioner Russell, while he did not approve of all Commissioner McLellan said, believed something should be done. When Commissioner McLellan moved for the appointment of an inspector he would second the motion.

Commissioner Wigmore argued that the farmers could not produce milk at forty cents per quart can. He referred to one farmer in Kings county who three years ago had seventy-five cows. Now he has but thirty and he says he is working out of the business. The dealers are making little money, too the commissioner stated, with the exception of one man, who, he said, was the only one in the city who bought on the butter fat test.

Commissioner McLellan—"My idea is that if we can't get milk in the ordinary way St. John must buy milk. Before the winter is over St. John may become a dealer in many things. I hope not, but it is up to the authorities to see that people fare well through the winter. It is in Cleveland, I think, where the civic authorities became a dealer in different things until now the city deals in all agricultural products. Regarding coal, we are only delaying. If we wait much longer we won't have the bottoms to bring a supply here."

Commissioner Wigmore—"It is the cost of delivering milk that counts. If it were done more systematically the milk would be cheaper. But you can't shore the dealers out."

Commissioner McLellan—"If the dealer refuses to pay the price and the city will, who will get it?"

The original motion was adopted.

**The Coal Situation.**

The discussion then drifted to the coal question.

"I am not a socialist," said Commissioner McLellan, "but all the profits made in Canada out of the war must go back to the people or there will be civil war."

The mayor drew attention to the profits made by certain officials on bacon.

On motion of Commissioner McLellan, who declared that the specifications for the contract were indefinite and who asserted that the city engineer was not competent to supervise the work, the common council yesterday afternoon appointed John Adams as inspector of the construction work of rebuilding No. 5 shed and pier, which work is to be done by Kane & Ring.

Commissioner McLellan expressed himself strongly on the stand he took in connection with this contract, stating in his criticism of the specifications that in the estimate shown to him provision was made for fifty-one doors, while by actual measurement there were rooms for but twenty-seven. He declared, too, that no provision was made for linking up the new work with the old. Specifications were so indefinite, he said, that one tenderer left out heating and plumbing, another tendered heating and plumbing and still another on plumbing and no heating.

The mayor reported that he had received from Premier Foster a report on the coal situation as submitted by Dr. J. H. Frink, which was given to the council on the condition that certain parts necessarily be kept confidential.

On recommendation of the mayor the discount of 10 per cent. on water rates

will be allowed on amounts paid up to August 28.

The council approved of granting a renewal lease to Asa F. Nice of lot 855 Brook's ward for seven years from May 31 last, at \$6.60 per annum.

On recommendation of the commissioner the New Brunswick Power Company was authorized to remove the crossing on Douglas' avenue from Riverview park to a point near the new bridge.

The commissioner reported on the application of the N. B. Power Company for permission to erect a new pole in Victoria street near Adelaide, approving that the application be granted.

There had been a misunderstanding in referring the question to Commissioner Fisher and the application was now in the hands of Commissioner McLellan.

Commissioner Russell stated that he was prepared to take up the matter of the Eastern Steamship Company's agreement on Thursday and on his request the committee meeting on that day was set aside for discussion of the question.

Commissioner McLellan asked Commissioner Russell if he intended to appoint an inspector for the west side construction work. The latter replied that he did not intend to, but if the council thought it necessary he would.

Commissioner McLellan charged that the specifications were most indefinite, so much so that one tenderer included heating at \$2,800, another tendered on heating and not on plumbing and still another tendered on plumbing and not on heating.

"I will move now, irrespective of the result, that John Adams be appointed to inspect the work at \$3 a day. He is a man acquainted with the work and thoroughly competent to inspect it."

Commissioner Russell—"The plumbing and heating were in different specifications."

Commissioner McLellan—"Why is it that some tendered on plumbing, some on heating, while others left it out?"

Commissioner Russell—"The plumbing and heating were in different specifications."

Commissioner McLellan stated that he understood Commissioner Russell had promised to appoint Mr. Adams. He continued to argue the necessity for inspection. He said that a \$10,000 contract would be lost unless something was done to provide for connecting it with the old work. "Will that be a chance for extras?"

"No, no," answered Commissioner Russell.

Commissioner McLellan—"The very reason that the Connelly cribwork came up at Navy Island was that the holes were bored as big as the bolts, while the holes should have been one-sixteenth of an inch smaller than the bolts."

Commissioner McLellan—"The plumbing and heating were in different specifications. Commissioner Wigmore supported inspection and he thought there could be no better man than Mr. Adams."

Commissioner Russell said he would not oppose it if the council wanted it.

The resolution passed.

A policy to establish an honor roll in the police department to carry with it recognition in the form of a silver or bronze medal, was recommended at yesterday's common council meeting by Commissioner McLellan. It was heartily approved by the board and the commissioner was advised to draft his scheme and present it for approval and adoption.

The commissioner of public safety was

CLOSING SESSION OF CONVENTION

Maritime Union Urged by New Brun- swick Propagandists—Liverpool Next Place of Meeting

The question of Maritime Union, or union of the Provinces of New Brun- swick, Prince Edward Island, and Nova Scotia, for purposes of administration as one province, was discussed last week before the Union of Municipalities, by Hon. J. B. M. Baxter, of St. John. The substance of their proposal is to amal- gamate them under a new name, that of Acadia being suggested, and by com- bining forces become able to assume and exert powers for development which are now possessed by either of the provinces, saving much of the expenses attending on legislative representatives and func- tions. Mayor Brown, of Charlottetown, was not very optimistic in his comments on the proposal, when he was Neil R. McArthur, of Glace Bay. Nevertheless, they assented to a resolution that passed without objection, to commend the question to the serious consideration of the governments and people of the provinces concerned.

RETIREMENT OF MAJOR-GENERAL HODGINS COMING

Partial Re-organization of Militia Headquarters Staff at Ottawa

Montreal, Sept. 5.—A despatch to the Gazette says that Major-General Hod- gins, adjutant-general of the Canadian militia, will soon retire from active ser- vice and his retirement will be accom- panied by a partial re-organization of the militia headquarters staff.

It is understood that either Major-General C. J. MacDougall or Major-General S. Mewburn will succeed Gen- eral Hodgins as adjutant-general.

Says C.P.R. President Is Wrong

Ottawa, Sept. 4.—The following statement was issued tonight by Sir Thomas White: "My attention has been called to a statement appearing in today's press by Lord Shaugnessy, president of the Canadian Northern Railway Company, respecting the proposed acquisition of the Canadian Northern Railway Company in the course of his remarks Lord Shaugnessy makes the following assertions:

"I desire to say that Lord Shaugnessy is under a complete misapprehension as to the origin of the negotiations referred to, which were initiated by the two companies themselves, and not by the government. We became aware that such negotiations had been initiated and that they involved, as a part of the transaction, the surrender of the forty million dollars of stock of the Canadian Northern Railway held by the dominion government.

In one or more interviews I discussed the matter informally with Mr. Beatty, vice-president of the Canadian Pacific Railway. My conclusion was that the transaction was impracticable and I so informed Mr. Beatty, suggesting, at the same time, that nothing further should be done in the matter pending a full consideration by the government of the report of the railway commission, which had come to hand some time before, but which had not yet been taken under deliberate review. After giving the report its best consideration the government determined to acquire the capital stock of the Canadian Northern Railway Company and introduced legislation to that effect.

RECENT DEATHS

The death took place at 6 o'clock last evening after two months' illness of Harriet Ann, widow of Edwin L. Perkins, after an illness of two months. She was one of the oldest members of St. John's (Stone) church. She was a daughter of Thomas Hatheway and is survived by two daughters, Misses Helen and Florence, both at home. Two sisters also survive. They are Mrs. Herbert Wardrop, of this city, and Mrs. Chas. Lombard of Missoua, Montana. George Hatheway, of Boston, is a brother and W. Frank Hatheway, of this city, is a near relative. The funeral will take place on Thursday from St. John's (Stone) church with service at 3 o'clock.

Mrs. Elizabeth Gourley, of North Tat, is dead, at the advanced age of ninety-one. Her husband died sixteen years ago, at the age of ninety-five. Besides her son James, with whom she resided, she leaves John and Joseph, of Devon, George, of British Columbia, and two daughters, Mrs. Sarah Tomlinson, of Carribridge and Mrs. Herman Morehouse of Zealand.

St. Stephen, Sept. 4.—The home of Mr. and Mrs. Albert Theodore Murchie, King street, was the scene of a very pretty wedding at an early hour this morning, when their daughter, Pearl Murchie, became the bride of Frank W. Gatoomb, of Calais (Me.). The ceremony was performed by Rev. H. S. B. Church, in the reception room under the Canadian and American flags, with a large bell of white flowers in the centre. The wedding march was played by Miss Glenna Dinanmore, organist of the bride.

Moncton, Sept. 4.—In L'Assomption church yesterday Miss Alma Leizer, only daughter of Mr. and Mrs. Antoine Leizer, Moncton, was united in marriage to Louis Landry, of the C. G. R. office staff. Rev. Father H. D. Cormier officiating. Mr. and Mrs. Landry left for St. John, from where they will proceed to Boston and other American cities.

St. Stephen, Sept. 4.—The home of Mr. and Mrs. Albert Theodore Murchie, King street, was the scene of a very pretty wedding at an early hour this morning, when their daughter, Pearl Murchie, became the bride of Frank W. Gatoomb, of Calais (Me.). The ceremony was performed by Rev. H. S. B. Church, in the reception room under the Canadian and American flags, with a large bell of white flowers in the centre. The wedding march was played by Miss Glenna Dinanmore, organist of the bride.

Rev. F. S. Dowling was the officiating minister at an interesting event last evening at 8 o'clock when he united in marriage Miss Bessie Hayes, of this city, and James Donald MacKenzie, also of St. John. The ceremony took place in St. Andrew's church, in the presence of near relatives and intimate friends. Mr. and Mrs. MacKenzie will reside in Sydney street. The groom is a chauffeur in the employ of Dr. W. W. White. Among the witnesses at the wedding were Mrs. MacKenzie, mother of the groom; Mrs. Hayes, mother of the bride; Mr. White and Mrs. C. E. McPherson, of Winnipeg, and Mrs. C. E. McPherson, of Winnipeg.

RECENT WEDDINGS

On Friday evening, at St. Paul's rectory, Spring Garden, Halifax, Charles Swift Johnson, of H. M. C. S. Niobe, was married to Miss Jennie Leveine, daughter of Joseph Leveine, of Bathurst, N. B. The ceremony was performed by Archdeacon Arncliffe.

Chief game and fire warden N. B. O'LEARY. Remember the H. C. L. and what you consider worthless might be highly prized by your less fortunate neighbor. Let these propositions sink in. Our desire is to make this grand old province more and more attractive to live in. We shall always be glad to hear from you on the problems involved and we wish you good luck and wholesome recreation when you go hunting or fishing.

SEIZED GERMAN LINERS NAMED OVER BY DANIELS

Almost all former German vessels now in the American navy have been given new names. Secretary Daniels names of twelve ships as a result of his attention having been called to the embarrassment the sailors were subjected to by being compelled to wear upon their hats names such as "Kaiser Wilhelm II." The newly named ships are: Vaterland to Leitchan. Kronprinzessin Cecilie to Mount Vernon. Kaiser Wilhelm II. to Agamemnon. Amerika to America. Hamburg to Powhatan. Grosser Kurfurst to Acolus. Koenig Wilhelm II. to Madawaska. Necker to Antigone. Rhein to Susquehanna. Spill another man with a piece of glass in his head did not know it. A man who was wounded to hospital and his bodies to the gymnasium which was used as mortuary.

Another man said that he did not want to put on his shoes and did not know that he was walking on glass until long afterwards when he found that his feet were bleeding. Still another man with a piece of glass in his head did not know it. A man who was wounded to hospital and his bodies to the gymnasium which was used as mortuary.

Some of the injured died during the night, and the survivors complain bitterly about their companions being killed without an opportunity to strike back. "If we have to die, we want to die fighting," one bluejacket said. A remarkable feature of the raid was that a comparatively few people in the bombed area were aware that there had been an attack until they arose on the next morning. One bomb struck a small cottage. The tenant and his daughter, who went into the garden to see what was happening, escaped, but the wife remained in the house and was killed.

WATERWORKS DEPT. IS FINISHING UP SOME RENEWAL JOBS

Connections with the existing lines of pipe were made at both ends of the new twenty-four inch extension in Lancaster on Saturday. All that now remains is the completion of the section of the line over Moore's Hill, but, as the rock out there has been proving difficult, another fortnight may be required before the water is turned on.

The new twelve-inch main in Prince William street, from the foot of Princess to St. James, and up St. James to the foot of Canterbury, has been completed, replacing the old six-inch main in St. James street, from Sydney to Wentworth, a ten inch main is being laid to replace a four inch pipe. The renewal under the tracks where the main crosses the street is being rushed so that there will be no interference with the street cars when the Prince William street line is ready for operation again.

On all this work, new hydrants and connections have been installed and larger intersections have been laid at Cross streets where renewals may be expected in due time. Connections were being made yesterday in Main street with the new eight inch main which has been laid down Long wharf. The commissioner of water and sewerage has suggested to the G. R. that they replace their four inch main with a pipe of equal size to add the fire protection of the I. C. R. pipe.

The department was kept busy on Sunday repairing a bad leak in Brasenose street. Commissioner Wigmore on Saturday inspected the route which has been laid out by the engineers for the turn-out on the Loch Lomond extension.

### Canadians Push Nearer To Lens

#### Another Air Raid on England; Russian Withdrawal Continued; New British Drive Expected

Canadian Headquarters in France, via London, Sept. 4.—(By Stewart Lyon, special correspondent of the Canadian Press)—North of Lens a most successful minor operation was carried out early this morning which resulted in the penetration of the enemy's line and communication trenches on a front of about 400 yards, the establishing of a new outpost line well in advance of those formerly occupied, and the killing and wounding of many of those formerly occupying the line.

The result of the operation, which was carried out by men of Manitoba and Alberta, with little loss, is that in the region due north of Lens our outpost line had been advanced some 250 yards nearer the city than before and is in a more favorable position for observation.

London, Sept. 4.—The Reuter correspondent at British headquarters in France sends the following: "About midnight the Canadians again hit in upon the outer shell of Lens. In brilliant moonlight a raiding party went over from our front opposite Cite Saine Elizabeth. While the enemy was busy dealing with this incursion, another party moved out further to the south and along a front of about 600 yards, succeeded in establishing their posts 250 yards forward of their front line. A few prisoners of the second Prussian Guard reserve regiment were brought back.

"To the north of Lens there is now in some places less than 300 yards open ground between the Canadian positions and the buildings of the city proper."

London, Sept. 5.—Another air raid on England has taken place. The English coast was shelled, as well as the London district.

The official report of the raid says: "A considerable number of enemy airplanes crossed the southeast coast at 11 o'clock last (Tuesday) night and dropped bombs at a number of places. Some of the machines reached the London district, where bombs were dropped. No reports of damage have yet been received."

London, Sept. 4.—Economic conditions in Serbia are deplorable and are growing worse every day, according to a statement issued today by the Serbian press bureau in London. The Austrians, Germans and Bulgarians are said to have carried off all of this year's harvest, which was very abundant. The inhabitants have been deprived of foodstuffs and most families have but one loaf of bread a week. Meat, lard, butter and spices are unobtainable.

There is virtually no milk in Serbia and children, who are dependent on this food, are dying by the thousands. A great number of families, whose men folk perished in the war, are doomed to starve.

Interned Serbians who are prisoners of war in Austria-Hungary and Bulgaria are dying from hunger and various diseases. According to private information, 80,000 have perished in Austria and Hungary.

Along the eastern coast of the Gulf of Riga, for a distance of about eighty miles north of the evacuated town, German warships are shelling various towns, possibly with the intention of covering a landing of troops whose object would be to cut off the retreat of the Riga army from the gulf shore region and giving Prince Leopold of Bavaria a base possibly at Pernau, whence to operate overland, in conjunction with the naval forces, toward Revel, Russia's principal port on the Gulf of Finland, in an endeavor to seal up the Russian fleet inside the gulf.

In the Austro-Italian theatre the intensive infantry fighting of previous days seemingly has given way, for the moment, to reciprocal artillery duels of great violence. The cessation in the fighting probably is due to a re-alignment by the Italians of their battle line, after the rapid advance all along the front from Talmino to the sea.

Another British Push Coming? Field Marshal Haig continues to pound the German positions in Flanders with a rain of shells and another big push against the German lines seems imminent. The infantry along this front and also those south are still being kept to their trenches, except for raids of minor importance, but which have resulted in several additional gains of ground by the British. Unofficial advice says that behind the German lines in West Flanders, from Courtrai to Thourout, the civilian population has begun an evacuation, realizing the nearness of another British onslaught.

### CASUALTY LIST OF LAST NIGHT LIGHTER

#### Only 146 Mentioned—One Killed in Action and Eight Have Died of Wounds

Ottawa, Sept. 5.—For the first time in many days there is a break in the heavy casualties among the Canadians, the list issued last night by the militia department containing only 146 names. Only one Canadian is reported killed in action, while eight have died of wounds. A large number are suffering from gas poisoning, making the list of those who went up against the gas barrels of the Germans, and were incapacitated since the fighting reopened at Lens, a formidable one. The list follows:—

**INFANTRY.**  
F. C. Oulton, Bayfield, N. B.; A. J. McKay, Capreol, N. B.; D. D. Brooks, Weymouth, N. S.; J. P. McQueen, Kings Head, N. S.; L. M. Curry, Glace Bay, N. S.; F. Musgrave, North Sydney, N. S.; J. L. Morrison, St. John; R. E. Quigley, Sydney, N. S.; H. S. Crosby, Halifax.

**Wounded.**  
A. E. Eley, St. John, N. B.; Sergeant A. Samson, St. John, N. B.

**ENGINEERS.**  
Wounded.  
Sapper S. T. Duggan, St. Andrews, N. B.

### In Parliament

Ottawa, Sept. 4.—There were practically no preliminaries in the commons this afternoon before the house resumed the consideration of estimates in committee of supply. At the opening, Sir Robert Borden tabled an order-in-council appointing the deputy minister of justice, Oliver Mowat Biggar, of Edmonton; John H. Moore, of Toronto; Louis Lorange, of Montreal; Lieutenant-Colonel H. A. C. Machin, of Kenora (Ont.), to assist and advise in the administration and enforcement of the Military Service Act. The council will be known as the Military Service Council, with the deputy minister of justice as chairman.

The house then went into supply on a vote of \$97,150 for repairs to harbors and rivers in Nova Scotia. One vote of \$2,200 to a wharf at Benoit, Cape Breton, aroused considerable criticism. Opposition members claimed that some of the Harms had been included in the supplementary estimates in view of impending elections. Mr. Kytte declared that there were seven wharves on the shores of East Bay where it was proposed this new wharf should be built. The government," he said, "appears to have gone back on its former position in respect to the building of wharves."

Mr. Chisholm, in a speech, charged that four years ago he asked the department to have repairs effected to the breakwater at Margaree. Nothing was done, and now parliament is asked to vote \$18,800 for this purpose. He claimed that had the government acted earlier, destruction could have been checked.

Hon. Dr. Reid replied that the vote of \$18,800 was not required solely for breakwater—\$7,000 was going to build a new sand groin and \$6,000 for dredging the channel. Eventually on the motion of the minister about 100 feet of the Benoit wharf was struck out.

A chance reflection on the length of opposition remarks brought the protest from Hon. Mr. Graham that during the discussion of a recent measure up to the introduction of the closure Conservative members had talked sixty-nine pages of Hansard, while Liberals had only talked fifty.

**BRINGING THAT I. C. R. BRIDGE INTO LINE NEAR QUISPAMSI**

Thanks to a conference between Hon. Mr. Veniot, minister of public works; E. S. Carter, and Chief Engineer Brown, of the Intercolonial, a new bridge above Quispamsi on the road from St. John to Hampton, which has been causing considerable trouble, will be greatly improved at once. The Intercolonial has been replacing and raising some of its overhead bridges, and when this one was changed the flooring was placed nearly at right angles with the directions of the road, making a very high and exceeding awkward and dangerous turning for trains and automobiles.

As a result of the conference new concrete piers will be built and the northern end of the bridge will be swung around so that it will conform nearly to the

### Don't Eat Less—But Eat Better.

There is no need of anyone going hungry. Canadians should eat foods that supply the greatest amount of nutriment at the lowest cost. The whole wheat grain is the most perfect food given to man.

**Shredded Wheat Biscuit** is the whole wheat grain prepared in a digestible form. Every particle of the whole wheat berry is used—nothing wasted, nothing thrown away. Two or three of these biscuits with milk, sliced peaches or other fruits make a nourishing, satisfying meal at a cost of only a few cents.

Made in Canada.

### NEWS OF PROMINENT BAPTISTS

(Maritime Baptist.)  
Rev. A. Laurence Teedford, now of Liverpool, N. S., has accepted a call extended to him by the Moncton Suburban church. He will begin his work there early in November.

The pulpit of the Wolfville church was occupied on August 26 by Rev. E. Leifol Dakin, of Logansport, Indiana. A correspondent writes in warm praise of the two inspiring addresses delivered. Mr. Dakin is a Nova Scotian, a graduate of Acadia of the class of 1902, and has won a good degree of success in the work of the ministry.

In a recent casualty list appeared the name of C. Love, Bathurst. He is a brother of Rev. J. Landels Love, but was not connected with Bathurst in any way except that he gave his brother's address.

Our youngest church is to have not only an ordained minister, but a minister's wife as well. Rev. R. M. Brown, who was recently ordained as pastor of the Metapedia church, was married last week to the daughter of J. Wesley Dimock, of Windsor.

Rev. F. P. Dennison, pastor of the Tabernacle church, has returned home after an extensive trip through the states of the south and the middle west. Evidently the time was not spent merely in sight-seeing, for we have received a letter from Rev. Fred Ross, of Crowley, La., who speaks in the most enthusiastic terms of the work done by Pastor Dennison in a series of union revival services held in that city.

George R. Bancroft, Ph. D., has been enjoying a vacation visit in "the Valley." He received his doctor's degree from Yale University, and has accepted an ap-

Children are not needed in the industries of today so much as they will be required as trained men and women in the industries and civic activities of the future.

**URGES THE PARENTS TO KEEP CHILDREN IN SCHOOL**  
Boston, Sept. 5.—Payson Smith, state commissioner of education has issued an appeal to the fathers and mothers, of the state to keep their children in school. "Making democracy a safe instrument in the hands of our future citizens," he said, "must be achieved through the education of the youth. To this end the public school system of America is dedi-

pointment as professor of chemistry in Transylvania University at Lexington, Ky. He is a son of the late Rev. J. W. Bancroft, and graduated at Acadia in 1906. Five sons and daughters from this house have received their degrees at Acadia, and are now giving a good account of themselves in the work of the world. The mother still lives at Lawrence town, N. S.

## The New CHEVROLET Series

### The Product of Experience

Power enough and to spare has made the Chevrolet Valve-in-head motor famous in all parts of Canada. The phenomenal performance on Canadian highways has won for the Chevrolet FIRST PLACE in the minds of motorists who know motor car values.

So efficient have Chevrolet cars proven that our present production of the Chevrolet model "Four-Ninety A" of over 70 cars a day is inadequate to fill the demand.

Other larger models are being produced for men who want Chevrolet performance in a larger car.

A complete line of ten models includes a car for every class of buyer. Get at the facts before buying your new car.

A NEW RECORD FOR GOULDING

Toronto Walker Shatters Record at Championship Meet in St. Louis

St. Louis, Sept. 2.—Chicago athletes again were the point winners in the championship meet of the Amateur Athletic Union here Saturday afternoon, first place in the senior events going to the Chicago Athletic Association. The Illinois Athletic Club, which yesterday won first place in the junior events, today came out second in the seniors, with a score of 23. The winning score of the Chicago Athletic Association was 60.

CANADIAN CHAMP. WINS MATCH RACE

Art Spencer, Toronto Boy Wonder Wins Mile Race From Former Champion Frank Kramer

Newark, N. J., Sept. 2.—Arthur Spencer, Toronto's boy wonder, conquered Frank L. Kramer, the former cycle king, in a match race which took four heats to decide here this afternoon. It was a great day for the Spencer family, as "Brother Willie" won the ten-mile invitation from the eleven best riders on the track. Arthur and Kramer did not start in this event, saving themselves for the deciding heat of the match.

A disappointment to the spectators was the failure of Ted Meredith, of the Meadowbrook Club, Philadelphia, to arrive for the quarter-mile event today. His admirers had expected this runner to set a mark. His furlong from the Mount Clements aviation camp has been extended to next Wednesday, and it is promised that he will be here for the relay races Monday.

That good rough Collie bitch, Hanwell Lucile, was awarded first, open and winners bitches at that event. This is the second time this collie has been placed on top in her class, including the winners ribbon in both events, (the former at Montreal). Another, a puppy dog, Hanwell Captain, was awarded first in the junior and novice classes.

It is now being pointed out that McGraw's left handers have been able to win only because McGraw's hitters have been able to maul the daylight out of the opposing pitchers and score an abundance of runs. Whether they will be able to supply the lead when they face the superb hurling that exists in the American league is furnishing the subject for a lot of arguments.

The day of their arrival was a holiday and few persons saw the newcomers. Nicholas has asked permission to engage tutors for the children. The mother herself will attend to the religious instruction of the younger ones. It cost the government 10,000 roubles to move the family to Tobolsk.

John McGraw will take his fling at a world's championship this year with just three pitchers of any noted effectiveness, and they all are left-handed. Schupp, Benton and Salce will have to carry the burden, with the bulk of pronunciation falling on the Schupp. Little can be expected of Perritt, Tesreau or Anderson in a struggle with one of the powerful American league clubs, and they all are left-handed.

That the competition is strong in the best form, it is evident she was put down very fast to win. A question might be directed to the city fathers—why they don't go outside for honors? There are lots of splendid type of dogs in this city, that if the owners would put the time on them and give them a chance, would do the local men credit.

Keith Replacing the Boston Theatre with Million House. The historic old Boston theatre in Washington street (Boston), adjoining B. F. Keith's, is to be torn down by A. Paul Keith and E. F. Albee, and replaced by a structure that will probably cost, with the present building market, at least \$1,000,000, according to the preliminary estimates of the architects, who are reported to have been given a free hand, with instructions to turn out the biggest theatrical building in Boston.

**DASH FOR FREEDOM IN POLICE COURT**

Buy Almost Gats to Street Before He is Recaptured

Three boys were in the juvenile court on charge of escaping from the Boys' Industrial Home. While they were being dealt with in court, one of the boys made a wild dash for freedom. Past the officers standing at the stairs, through the guard room, past the police matron standing in the passage way and finally through the outside door and half-way down the steps he dashed before he was caught. But for Detective Briggs and Policeman Hopkins he would have made a clean get-away. As it was he was taken back to confinement, kicking and struggling so that the two men had some trouble with him.

MARKET SQUARE KING ST.

**LOCAL NEWS**

**ASSESSMENT**  
The assessment commission was called to meet this afternoon at 2.30 o'clock.

**FLOUR CHEAPER**  
There was quite a drop in flour yesterday. Manitoba went down ninety cents to \$12.95, while Ontario dropped twenty cents to \$12.60.

**NEW CATCH BASIN**  
Commissioner Fisher reported this morning that the work of installing a new catch basin near the drinking fountain in Haymarket square, will be completed today.

**NOT CAPTURED**  
The report of escaped German prisoners being captured in Nova Scotia is not correct. The district intelligence officer at Halifax authorizes the announcement that the men are still at large.

**CONTRACT SIGNED**  
The contract for the reconstruction of No. 5 shed at West St. John, which was awarded to the King, contractors, was signed yesterday for \$46,514, and is now under way.

**SOLDIER'S CHILD DEAD**  
On Tuesday morning Theophilus Carty, aged seven months, infant son of Albert and Fanny Carty, passed away. Besides his father and mother, there are four brothers. His father is now in France with No. 2 Construction Battalion. The funeral will be tomorrow at 3 o'clock from the home of his parents, 229 Pitt street.

**WENT TO WRONG PLACE**  
A girl about sixteen years, who left her home in Sussex last night to be married in St. John to a young man of the same name, is being held at police headquarters. She had gone to the police court to see about a marriage license and was there seen by one of the detectives, who recognized her from a description sent in. She said she was nineteen. Chief Asbell of Sussex was communicated with and will arrive in the city today.

**SPEEDING AUTOS**  
A correspondent writes:—"Commenting on item in last evening's issue re speeding automobiles on highway near Acorn, it is unfortunate that an accident has taken place, and I would like to make a suggestion or two. The road near this station has some very hard turns, and one comes upon a carriage very suddenly. Could not the road be made more straight and wider? If cars would carry a light of some description, would it not lessen the chances of collision?"

**SAY IT WAS ACCIDENTAL**  
The matter of the complaint against the Eagles Bellows Construction Company for allowing stones to fall off the new elevator on to Prince William street to the danger of passers by was taken up in the police court today. Two of the workmen, Edward H. Austin and Albert Graham swore that the whole matter was accidental. Rubbish was being dumped from the north side of the elevator, and on account of the high wind struck some scaffolding and boomed in to Prince William street, instead of falling between the main building and the scaffolding. When a light of some description was dangerous, they had a chute built. Judgment was deferred until Friday morning.

**PTE. JAS. O. NIXON HAS BEEN WOUNDED**

Gunshot Wounds in Face and Leg is Report From Ottawa

Miss Alma Nixon, who resides with her aunt, Mrs. John Riley, at 2 1/2 Charles street, received a telegram from Ottawa this morning informing her that her brother, Private James Oscar Nixon, had been admitted to No. 22 General Hospital in Camers on August 28 suffering from gunshot wounds in the face and leg. Private Nixon left St. John with the 104th Battalion. After remaining in England some time he was sent to France with a draft to reinforce another Canadian battalion. Prior to enlisting he was employed as a checker in one of the local steamship warehouses.

**DECLINE PLACES IN UNION GOVERNMENT**

Winnipeg, Sept. 5.—The Manitoba Free Press today says:—"It is understood that negotiations have been proceeding for the entrance into union government at Ottawa of a member of the Manitoba government and a member of the Saskatchewan government are definitely off, these gentlemen having declined for reasons which apparently are satisfactory to them."

The Free Press adds that "patriotism requires that this country should be saved from a party election, and that it is the duty of Liberals to participate in the union government and give all possible assistance in its formation."

**PERMIT ESSENTIAL IF GOING TO THE STATES**

The attention of the St. John citizens and the public in general if they are going to the United States to the absolute necessity of procuring, in St. John, a permit to cross the border. This applies even if, while in St. Stephen, they wish to visit Canada for a few hours, by foot or car. This permit must be obtained from Mr. Lantalam, the inspector, before leaving St. John as border inspectors cannot issue permits to people from other districts, especially if not personally acquainted, and they may under no circumstances allow them to cross the border without one.

**Flour Down in Winnipeg**

Winnipeg, Sept. 5.—Flour took a drop of fifty cents a barrel yesterday. It has for a month sold at twelve dollars.

**GAVE HIS LIFE IN WAR**

Sergeant Harry McCroery, who, as announced yesterday, died of wounds on Aug. 9, giving up his life in the great cause for which the Allies are fighting.

**THREE FINED \$200 EACH IN POLICE COURT**

In the police court this morning, Magistrate Ritchie imposed three fines of \$200 for violation of the prohibition act. William Ross said that he got his liquor in Sussex. A physician gave him a certificate for 25 cents, he said, and he got ten ounces of pure alcohol for \$1.10 at a drug store in Sussex. He was fined \$200 or six months in jail. John Barry evidence was against him and a \$200 fine was struck. William Mulcahey said that he had a bottle of liquor in a shipyard off Hill street in his case, also, the full penalty of the law was enforced.

In the case of Norman McLeod, charged with assaulting Charles Cherry in the company of four others, further hearing will be given on Friday morning at 10 o'clock. McLeod swore this morning that he hit Cherry only when he was attacked, and that he did not at any time kick him. Cherry's evidence convinced the court, as he said he was both kicked and knocked down by McLeod and that he did not attack him at all.

**MILK STILL TEN CENTS IN FAIRVILLE**

Dairymen Continue to Supply Customers at Old Price

The Fairville milk dealers—those who have their own cows—have not thus far made any move toward raising the price of milk, and their regular customers are being served right along at ten cents a quart.

Naturally many city householders have been trying to buy from the Fairville and other dealers in that vicinity. It is said they have about all they can handle now and are not prepared to take on more extras of a temporary kind. Some sections of Lancaster have been served by city deliveries and in these instances the supply has either been cut short or entirely done away with for the time being, but on the whole it looks as though the cost of living these days was a bit lower in Fairville than in St. John.

**BURNED TO DEATH**

Three Little Ones Trapped in Burning Farm House

Newington, Ont., Sept. 5.—The three little children of Mr. and Mrs. Andrew Helmer, who resided on a farm in Canamere, were burned to death yesterday in a fire which destroyed the farm house.

**SPECIAL REPORT ON CROP CONDITIONS**

Ottawa, Sept. 5.—The census and statistics office has issued a special report on crop conditions as follows:—

**Atlantic Provinces:—**

In Prince Edward Island the hay crop was heavier than anticipated. Pears have reduced wheat fifty per cent. below average. Other grains are full crop. Potatoes, except for a few blighted areas, should yield above average. Full crop of roots, vegetables and corn.

In Nova Scotia all crops made excellent growth. Labor scarce; haying slow but hay being stored in good condition. Flax ripening nicely; hemp fair growth, considerable rust.

In New Brunswick, August weather too wet and warm for best crop yield. Wheat and oats below average; potatoes going down with late blight; crop prospects about sixty per cent of average yields. Roots promise well. Very heavy hay crop. Pastures good.

**QUEBEC:—**Rimouski district—Abundant yield of hay; grain and potatoes have fine appearance; plums good, apples small and a month late. Lennoxville district—Considerable hay not cut, and much grain ripe, but in bad shape through excessive rain fall. Cape Rouge district—Hay crop heaviest in years, but not yet all in and quality not good, owing to too much rain. All grain much below normal from same cause. Corn and potatoes poor; apples only half a crop.

**CITY WATER WORK**

Commissioner Wigmore reported this morning that his men worked all last night putting a new spindle in the twenty inch pipe valve at Marsh bridge. They also succeeded in laying about 200 feet of eight inch pipe at Long Wharf. This pipe is being put down in the place of the old four inch pipe.
