SECOND SHIP WHICH HE COMMANDED TO BE SUNK BY ENEMY
New York, Jan. 26.—Rumors that the French steamship Socos, last reported as leaving Cardiff on August 16 for a United States port, had been lost, were confirmed here today by Captain Y. Bertram, master of the French line steamer Ohio, from Cardiff, who said the Socos was torpedoed by a German submarine in the Mediterranean on August 26, 1916.

LABOR RESOLUTIONS
Manchester, Eng., Jan. 26.—The labor conference here adopted a resolution declaring that labor was opposed to the after-the-fact policy of the Paris conference and demanding "free trade for every country" with safeguards for the maintenance of international labor conditions fixed by international trade union agreements.

Another resolution passed urged the government to purchase all imported foodstuffs in the country of the production, and that the government arrange for their transport and distribution at prescribed rates. It also urged similar measures for the control of the home production of food.

COIN-OPERATED SODA FOUNTAIN
An automatic soda fountain has been patented by a resident of Houston, Tex., which is operated merely by dropping the proper coin into a slot, according to the February Popular Mechanics Magazine. Contained in a rectangular wooden cabinet are three tanks, one filled with syrup, another with carbonic acid gas and a third, which is surrounded with ice, is filled with water. There is also a container filled with paraffined cups. When a coin is dropped into the slot it releases three delicately balanced levers, one after the other. The first allows a cup to drop from the container into an opening, where it is within reach of the customer, and beneath two youths. When the coin passes the next lever it releases a spring-operated apparatus that allows the proper amount of syrup to flow down into the cup. The third lever operates in the same manner as the second and allows a little less than a cupful of carbonated water to flow into the cup. In this way the drink is properly mixed in a sanitary way and supplied to the customer without human aid.

WAS SEVERELY BURNED
The condition of Miss Belle McNair, who was burned in a fire in the home of John P. Bullock yesterday, is still serious in the General Public Hospital this afternoon. Miss McNair was badly burned about the body.

Petrograd via London, Jan. 26.—Russian troops in two sectors of the Riga region carried out successful offensive movements yesterday, advancing at one point, east of the River Asa for about a mile. Counter-offensives by the Germans later resulted in withdrawals of the Russian forces which had advanced.

G. Bruce Burpee of Montreal arrived in the city last evening.

James Friend of Dorchester is in the city.

Reviewing the military situation, the author likens the series of German victories to those of King Pyrrhus. They are, he says, purely ephemeral, and nobody will be much under the illusion of the fact that Hindenburg, whose colossal forward movement on the eastern front merely succeeded in shifting the scene of the trench warfare a few hundred miles, and whose war-worn forces have still before them the vast untrodden steppes of the Russian empire. He goes on:

Ultimate Defeat Certain
"Germany cries, 'We will fight till the last man, and when no more men are left, we will enroll women and old men,' but the people themselves are convinced that no man-made army can avert ultimate defeat, which at this moment is mathematically certain."

The pamphlet, "Germany's present situation is identical with that of the French empire a century ago. When the crucial moment comes and William II, he asks, stand prepared to sacrifice himself for the German people as Napoleon did for France."

"Even as France avoided terrible peace conditions by depositing Napoleon, so Germany need in shifting the scene of the trench warfare a few hundred miles, and whose war-worn forces have still before them the vast untrodden steppes of the Russian empire. He goes on:

HOMES FOUND FOR THEM
Rev. W. R. Robinson, secretary of the Children's Aid Society, received a letter this morning from the resident Methodist clergyman in Carbonara, N.B., vouching for the two homes provided for a little boy and little girl found destitute in Somerset street a few weeks ago by the Children's Aid Society. Steps will be taken to have the children placed in their foster homes in the immediate future.

HOCKEY
The Siege Battery team to cross sticks with the St. John team will be as strong as if not stronger than the No. 4 Siege Battery team, which made such a good showing last year. Ken Haley will be referee, and judging by the way he handled the opening game of the league on last Friday, he will keep the game absolutely clean. Fitzgerald, of the St. John team, can be counted on to put up his stone-walled defence in goal. With Mooney at point, and McNamee at cover point, the St. John defence should be stronger than last year. Four men will be used on the forward line to keep up a fast pace throughout the game.

EGZEMA ON FACE

Was So Bad Had to Stay in House

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Soon to Go Back

A letter received yesterday from Major C. H. McLean, St. John, 4th Canadian Mounted Rifles, who has been confined to hospital in England for several months, states that he expects to get back to France early in February.

"Almond Eyes," the Japanese legend which was portrayed last week at the Exmouth Street Methodist church, was repeated last evening under the auspices of the Young Ladies' Mission Band. Those in charge were Miss Maudie, Miss Edith Magee, and the Misses Beville. Those taking part included Misses Emma Rand, Gladys Tait, Marion Cooper, Mabel Shaw, Evelyn Crockett, Greta Love, Francis McKee, Constance Ferguson, Alice Neill, Mildred Bustin and Mrs. Beville.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More.

"I'd certainly give most anything to be able to eat a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of malnutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal.

Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkably. Instead of gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by druggists everywhere and every package contains a guarantee of weight increase or money back. If you find a druggist who will not supply you send \$1.00 to Sargol Co., 74 St. Antoine Street, Montreal, Que., and a complete ten day trial will be sent you postpaid.

If you find a druggist who is unable to supply you with Sargol, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine St., Montreal, and a complete ten day trial will be sent you postpaid in plain wrapper.

Mr. W. F. MacLean told parliament yesterday that a coalition government should be formed. The time for that is long past, if it means a mere joining together of politicians of two parties.

WOMAN SUFFRAGE

This week's discussion of woman suffrage at the Social Service Congress, followed by a strong resolution in favor of extending the franchise to women, adds interest to Hon. Dr. Pugsley's resolution in parliament.

The experiences of the war have added enormously to the force of the movement for woman suffrage, and as long ago as a year before the outbreak of the war Mr. Lloyd George, now prime minister of England, said:

"I have long been a convinced advocate of woman suffrage, and as a woman I am not in a position to say that it is a necessary and desirable consequence of the vast extension of the functions of government which the last century and a half has witnessed.

Apologists for Sir Robert Borden speak of the election of 1911 as 'youthful indiscretions of speech.' But can it be deduced that on the record of these indiscretions Mr. Severyn found his way into office? Were not these 1911 speeches of Mr. Severyn the key to Tory favor and Tory rewards?

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it, "I was almost blind; I could not see to read at all. Now I can read anything without glasses. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me. A lady who used it says: "The attention, but after using this prescription for fifteen days everything seems clear. I can even read this print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to do so.

Estimated Value in Canada in 1916—A Decrease From Previous Year

Ottawa, Jan. 20.—The Census and Statistics Office issued today its annual estimate of the yield, quality and value of the grain crops of Canada for the season of 1916. Returns of the average yields per acre, of the average weights per measured bushel and of the average prices per bushel received by farmers have been collected in December, after completion of threshing, from agricultural correspondents throughout Canada; and for the three prairie provinces a large number of returns estimating the average yields per acre of wheat, oats, barley and flax, were received from the rural postmasters and brought into the compilation.

Correction of Areas by Census Returns.

Previous estimates of the areas sown to wheat, oats and barley in Manitoba, Saskatchewan and Alberta for the years 1915 and 1916 have been corrected by the preliminary results of the census taken in June, 1916, and for 1916 the corrections include also rye and flax. These results indicate that the annual estimates of areas sown, as compiled from the reports of correspondents, are considerable below the census returns as compiled from the individual schedules filled up for every farm. Thus, in 1915 the census returns show, for the three provinces, 13,483,400 acres of wheat instead of 11,744,500; 6,849,000 acres of oats, instead of 6,290,000, and 1,600,000 acres of barley instead of 962,000. Similarly, in 1916, the census returns, after the deduction of areas estimated to be unproductive, are for wheat 11,872,000 acres instead of 9,008,200; for oats, 6,198,400 acres instead of 5,678,000; for barley, 1,239,400 acres instead of 898,500; for rye, 67,500 acres, instead of 23,900, and for flax 900,700 acres, instead of 705,000 acres, the area in the case of flax being less. The increases thus shown are largely in the more recently settled districts where the system of reporting by correspondents is necessarily less fully developed. A final statement of the latest results of 1916, to include all crops, is dependent upon completion of the census compilation, a work that is now being proceeded with.

Total Areas and Yields of Grain Crops in Canada.

The total harvested areas and the total production of the principal grain crops of Canada in 1915 and 1916, as corrected by the census returns of 1916, are therefore now estimated as follows:

Crop	1915	1916
Wheat	14,675,800	12,878,000
Oats	11,424,600	9,885,100
Barley	1,707,650	1,621,100
Rye	10,000	607,500
Flaxseed	705,000	705,000
Wheat	426,746,000	220,876,000
Oats	388,884,000	351,174,000
Barley	60,089,100	41,818,000
Rye	2,896,400	1,722,900
Flaxseed	1,122,900	1,122,900

Average Yields Per Acre of Grain Crops in Canada.

The average yields per acre of the principal grain crops for 1916 are, in bushels, as follows, the yields of 1915 and 1916 being placed within brackets for comparison: Fall wheat 21.2 (28.4 and 21.2); spring wheat 19.4 (23 and 15); all wheat 17.29 and 15.21; oats, 32.4 (48.2 and 31); barley 25 (31.2 and 24.4); rye, 20 (21.4 and 18); peas, 14.2 (17.8 and 11.2); beans, 12.4 (18.4 and 18.4); buckwheat 17.2 (23 and 24.2); mixed grains, 25.1 (37.2 and 35.1); flaxseed, 11.2 (18 and 12); corn for husking, 36.1 (56.4 and 54.2). For wheat, oats, barley and flaxseed these average yields, although inferior to the excellent returns of 1915, are higher than those of 1914, which was a year of low yields due to drought. For rye the average is lower than in 1915, but higher than in 1916. For peas, beans, buckwheat, mixed grains and corn for husking the average yields are lower than in either of the two previous years.

Quality of Grain Crops in Canada.

The quality of the grain crops of 1916, as determined by the average weight in lb. per measured bushel, is as follows: Fall wheat 59.22 lb.; spring wheat, 60.61 lb.; all wheat, 57.10 lb.; oats 38.98 lb.; barley, 48.98 lb.; rye, 44.95 lb.; peas, 30.88 lb.; beans, 30 lb.; buckwheat, 46.85 lb.; mixed grains, 54.33 lb.; flax 35 lb.; and corn for husking, 56.51 lb. For wheat and oats these weights per measured bushel are lower than in any previous year on record.

Average Values per Bushel of Grain Crops in Canada.

Offsetting the low yields and grades is the increase in the average prices of grain received by farmers in 1916. These prices are considerably higher than those of 1915, and are even higher than the prices which ruled in 1914, after the outbreak of the war. The average prices per bushel received by farmers for the grain products of 1916 work out as follows: Fall wheat \$1.53 against 91 cents in 1915; spring wheat, \$1.29 against 82 cents, all wheat \$1.21 against 88 cents; oats 53 cents against 34 cents; barley, 82 cents against 49 cents; rye \$1.11 against 79 cents; flaxseed, \$2.05 against \$1.91; peas, \$2.22 against \$1.66; beans, \$5.40 against \$3.05; buckwheat, \$1.07 against 75 cents; mixed grains, 90 cents against 57 cents, and corn for husking \$1.07 against 75 cents.

Total Values of Field Crops in Canada.

The total farm values of the principal grain crops of 1916 are now estimated as follows: The values of wheat, oats, barley, rye and flaxseed being based upon the corrected areas of the census returns of 1916, and the corresponding values of 1915, similarly corrected, are given in brackets for wheat, oats and barley: Wheat \$208,874,000 (\$232,250,400); oats, \$187,789,000 (\$177,727,000); barley, \$84,010,000 (\$29,709,700); rye, \$8,205,000; peas, \$14,616,000; beans, \$22,220,000; buckwheat \$6,837,000; mixed grains, \$9,078,800; flaxseed, \$14,981,200 and corn for husking, \$6,747,000. Including the root and fodder crops, of which the estimated value was published last November, the total value of the field crops of Canada in 1916 is now estimated at \$808,054,000, as

Not long ago an American journalist was permitted to visit the trenches "Somewhere in France." No fighting of importance was under way that day, so he said in a peculiar way to a big Irish private: "Well, this isn't much of a scrap." Patrick grinned. "Sure," he replied, "it's better nor no scrap at all."

Lloyd George Speaks on Empire War Council

London, Jan. 25, via Retur's Ottawa Agency—Right Honorable David Lloyd George gave an important interview today on the subject of the forthcoming imperial war council to the London correspondent of the Australian United Cable Service. The prime minister said: "I do not wish to interfere in any way with the affairs of a great self-governing dominion, but we took the step of urgently inviting the dominions premiers to London, despite the fact that it might cause much inconvenience locally, because we desired their advice and assistance in coming to decisions about the conduct of the war and the negotiating of peace."

Winning War First Task

It was obvious to the correspondent that in Mr. Lloyd George's mind the first duty of the council would be to consider the immediate task of winning the war. "The empire war council," continued the premier, "will deal with all general questions affecting the war. The prime ministers, or their representatives, will be temporary members of the war cabinet, and we propose to arrange that all matters of first-rate importance should be considered at a series of special meetings. Nothing affecting the dominions, the conduct of the war or negotiations for peace will be excluded from its purview. There will, of course, be domestic questions which each part of the

empire must settle for itself—questions such as recruiting in the United Kingdom, or home legislation. Such domestic matters will be our only reservation, but we propose that everything else should go to the council, on the table. "Will the discussion include such matters as the fate of the German colonies?" was asked. Mr. Lloyd George replied: "That is one obvious question; but there are many questions of equal moment. All the difficult problems connected with making peace, as was stated in the governments invitation, will be brought before the council. The war will be clearly defined, and of great importance is what I may call the preparation for peace. That will involve not only demobilization, but such after-war questions as the migration of our people to other parts of the empire, the settlement of soldiers on the land, commerce and industry."

Your Child's Cough

Is it nothing? Is it to be neglected until it leads to that terrible scourge consumption? Peps stands between your child's cough and cold, and serious consequences. Peps extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not illing.

Try a 25c. box of Peps for your child, your cough, your cold, your asthma and your whooping cough. Peps Co., Toronto, Ont., will supply.

By Friends at Unique

Former St. John Favorite Appears Here Again, This Time on the Screen

Features of more than passing interest were shown at the Unique Theatre yesterday. These included the first of what is known as Mutual features, which serve to introduce the well known and popular actor Tom Wise in a delightful comedy farce entitled "Grouchy in the South." Mr. Wise, who has been in the theatre for many years, has a great degree of popularity in St. John when he appears here as a stock actor with W. H. Perkins.

Another feature of interest was the play "The Ladder of Success" which is being presented at the Unique Theatre. It is a play of the highest character work in a Gentleman from Mississippi. Many of those who have seen it have been converted into admirers of the play.

IN PARLIAMENT

Ottawa, Jan. 25.—Two French-Canadian members frankly and earnestly discussed Quebec's position on recruiting Hon. Charles Macle, in an impressive speech free from any bitterness or prejudice, appealed to "our good friends in Ontario" to be generous in judgment. He asked them to remember that Henri Bourassa's Nationalist campaign against the present premier had been carried on by lieutenants who had been elevated to ministerial positions in the Borden administration and that "the wrong crew" had been in charge of recruiting.

He also pointed out that either negligently or deliberately, every step possible to dampen recruiting enthusiasm had been taken in the province. He seemed determined upon the government in its direction of military and national service. Mr. Macle made the charge that, under the influence of Henri Bourassa and Armand Lavergne, three full-fledged Nationalists in the Borden cabinet, the present premier had been called upon, for the first time since Confederation, to deny the Protestant and the Catholic in Quebec a portfolio position in the Canadian cabinet. He had consequently to appoint Sir George Perley, who was a rich man without portfolio, and Sir Rodolphe Lemieux, who spoke in French, to the cabinet.

Former St. John Favorite Appears Here Again, This Time on the Screen

Features of more than passing interest were shown at the Unique Theatre yesterday. These included the first of what is known as Mutual features, which serve to introduce the well known and popular actor Tom Wise in a delightful comedy farce entitled "Grouchy in the South." Mr. Wise, who has been in the theatre for many years, has a great degree of popularity in St. John when he appears here as a stock actor with W. H. Perkins.

Work of Canadian Engineers on Western Front

The accompanying is a sketch from a photo of a pontoon bridge constructed by Canadian Engineers on the western front. In no previous war have the engineers played such a prominent part as they are at present and though comparatively few in number as compared with the infantry, they are essential to the success of the army.

It is the engineers who provide roads and railways for the transport of the army and its supplies; they must also provide sanitary quarters and adequate protection from the enemy for the other branches of the service so that the power may be exerted to the fullest possible extent.

Existing roads and railroads may or may not be available. The progress of the campaign and strategic policies determine this, it being fundamentally important to move the army and its supplies by the shortest and quickest route to the place where they are required.

To do this new roads must be laid out and constructed in spite of existing natural obstacles. The commonest difficulty is the crossing of ravines, streams and rivers. Time is an all important factor and therefore the structures spanning these obstructions must be quickly erected and built of sufficient strength to transport whatever is required safely.

Each case has its own solution and the engineers, knowing the material at hand, are required to solve the problem. They are provided with certain standard equipment and are trained to form this into permanent structures with great rapidity.

The construction of pontoon bridges is a work they are repeatedly called upon to undertake.

A pontoon bridge is in every day language, a bridge built on boats or rafts of some sort capable of supporting the bridge and its loads. The service pontoon equipment consists of pontoons, trestles and superstructure carried on special wagons.

Each pontoon is carried on one wagon and consists of two sections, a bow piece and a stern piece which are each provided with special couplings for fastening

them together safely and quickly. The complete pontoon is twenty-one feet long, five feet wide and two and one half feet deep.

The load to be carried regulates the spacing of the pontoons, and the strength of the superstructure which they are to support. The pontoons are secured in position in various ways, sometimes by cables from the shore, other times by anchors in the river or stream itself.

The maintenance of the structure is part of the duties of the engineers, who must protect it from any injury that would interrupt traffic. In the case of navigable rivers sections are constructed so that they can be sawed or removed to allow the river traffic to proceed.

The recruiting office for the Canadian Engineers is at 91 Prince William street, where full information will be willingly furnished.

Willard H. Mitchell, of Lewiston, Me., who owns a cottage on Lake Auburn, found he was not taxed on the property and notified one of the assessors, who said he would send him a notice. The notice never came and now Mr. Mitchell discovers that the cottage is advertised to be sold for nonpayment of taxes.

BRANCH PENSION OFFICES IN FIFTEEN CITIES

Ottawa, Jan. 25.—The pension commissioners for Canada issued the following statement tonight:

"The dominion government have appointed a board of pension commissioners for Canada with offices in Ottawa. As this board wish to cause as little delay as possible in dealing with communications with regard to pensions, they wish the public to correspond directly with the board of pension commissioners, Ottawa.

"A great deal of delay may be caused by communications being sent through other departments of the government. The military fund association and assistance to those wishing to write direct to the board of pension commissioners. These societies have offices in certain localities throughout Canada.

"In addition, in order to facilitate the granting of pensions, the board is opening branch pension offices in Vancouver, Calgary, Edmonton, Regina, Winnipeg, London, Hamilton, Toronto, Barrie, Kingston, Ottawa, Montreal, Quebec, St. John and Halifax. All information with regard to the pensions may be obtained from these offices."

I saw it hobbling down a flight of steps, slashed and torn to shreds. Barely enough was left to hold the shreds together. It was a pitiful sight. My curiosity was aroused.

"What are you?" I asked, "and how came you in such a horrible condition?"

"I am a reputation," the wreck replied, "and I have just been released from a female bridge whist party." — Life.

Promotion Slow for Canadians

"Civilian" Writing to London Times Points Out That Preference is Given to Imperial Officers.

London, Jan. 23.—The following letter, signed "Civilian," appears in The Times: "The First Canadian Division sailed for France in February, 1915, and has, therefore, been in the front line two years. It contained Canadian militia officers serving as brigadier-generals who have exhibited courage, skill and judgment in a marked degree, particularly that capacity for measuring the unknown, which is the quality of the true soldier. For however rapidly the ladder of promotion has been climbing in the Imperial army, not a single one of these brigadiers has received more than one step in rank reward for two years of hard, distinguished service. Let us look at the other side of the picture. There has been a sprinkling of Imperial officers, whose services have been of the utmost value, but the moment a vacancy has occurred in any of the high positions they occupied another regular officer has been appointed to fill the place. The Canadian militia officer feels this state of affairs is both a bar to his career and a reflection upon his capacity. After two years of war, in succession to his previous service, he must either be fit to hold these posts or by nature incapable. At the same time it appears to him that to belong to a Canadian corps is a final disqualification for that rapid promotion which he sees falling to contemporaries in the Imperial army. So far shall they go and no farther' seems to him written over the portals of war for all who do not possess the cachet of the staff college. Is there not a good deal of justice in his complaint? It is not in any way criticizing the appointment of General Byng to the Canadian Corps; he is of tried reputation, great skill and tact. No selection could have been more happy, but if an Imperial officer can command a Canadian corps, is there to be no hope for a Canadian officer ever commanding an Imperial corps, or is he to be confined forever in one-sided water-tight compartments? Of the experience of Australia and New Zealand in this matter I cannot speak, and of the Canadian position I have only a general knowledge, but that knowledge seems to me to indicate that it is not a matter for the Canadian government. To ask them to intervene would place them in an odious position, and one which no patriot would ask them to occupy. The appeal lies to the generosity, common sense and judgment of the Imperial authorities."

SUMMER CONFERENCE FOR SUNDAY SCHOOL WORKERS

Major Hayes presided yesterday afternoon at the quarterly meeting of the New Brunswick Sunday school workers at the executive committee, when considerable business was transacted. Reports were presented by the general secretary, Rev. W. A. Ross, and by the various departmental superintendents, all of which revealed trends and progress. Rev. J. L. Orchard, of Woodstock, for three years superintendent of the adult division, revealed trends and progress. This is the first of a series of reports to be presented to the committee to recommend successors. Plans are maturing for the holding of a summer school of methods for Sunday school workers Aug. 1 to 8, at Sackville. In this school the denominational board is to cooperate to the end of the following lecturers will be present in addition to local talent: Rev. Frank Langford, Toronto, education secretary of the Methodist Sunday school board; Rev. C. A. Myers, Toronto, associate secretary, Presbyterian Sunday school board; Rev. I. W. Williamson, Wolfville, general secretary Baptist Sunday school board, together with W. C. Peavey, of the international association staff, of Chicago. A strong programme is already well under way. The report of the treasurer, Robert Reid, showed the finances of the association in better condition than the same period of last year. Among those present were Mayor Hayes, chairman; Rev. J. H. A. Anderson, secretary; Rev. W. A. Ross, general secretary; Robert Reid, treasurer; Rev. H. R. Boyer, William Kingstons, Rev. Dr. Steel, Lewis W. Simons, J. A. Arthurs and Arthur D. House.

The most primitive order of mammals, the monotremes, are confined to Australia. There is the platypus, a strange beast which lays eggs like a turtle, but suckles its young, has horny pads for teeth and a bill like the duck; its front feet are webbed and both back and front feet have claws. Viviparous and 12 selections sold on easy terms of payment at Townsend's, 54 King street. 1-28

ANNUAL MEETING OF Y. W. P. A., MISS LOIS GRIMMER RE-ELECTED

From the time of the formation of the Young Women's Patriotic Association, January 21, 1916, to the present date a large amount of work has been accomplished, as shown by the reports submitted at the annual meeting of the association held last night. The society is represented on the returned soldiers' welcoming committee, and has been able to assist that body very materially. To show sympathy and interest in all returned and wounded soldiers' fund, the society's chief aims and that has had the heartiest support of each member of the association. The association in its first year has raised \$1,061, as well as an additional large amount which has been expended for the purpose. The treasurer's report showed a balance on hand of \$260 in the general fund and \$41 in the returned soldiers' fund. The association has received assistance from many sources which has facilitated its work. Votes of thanks were passed to H. C. Groat, of the C. P. R., who has given the use of a room in the C. P. R. building to the society also to A. M. Belding, who was instrumental in securing the Loyal Order of the Moose rooms in Union street for the purpose of holding the meetings of the association. On their resignation the 1916 officers were presented with a vote of thanks by Mrs. Philip Warren, an honorary member of the association, accompanied by a handsome bouquet for the president, Miss Lois Grimmer, as well as one for each of the three vice-presidents. The officers elected for the ensuing year were as follows: President, Miss Lois Grimmer; first vice-president, Miss Alice Fairweather; second vice-president, Miss Nan Brock; third vice-president, Miss Madeline deSoyres. An executive committee of the following was elected: Misses Boyer, Ganong, Hatch, Knight, Church, Murdoch, Freeze, Mooney, Dickson and Keene. An additional ten members will be added to the executive at the next regular meeting. The officers mentioned in despatches at the first of the year. The full list is: Lieut. Colonel A. E. G. MacKenzie, D.S.O.; Major J. A. McKenzie, D.W.; Major C. E. Fairweather, D.W.; Capt. C. F. Leonard, Capt. C. G. MacKenzie, C. S. G. Major J. H. Whitehouse, Act. Sgt. W. L. Gilford, Act. Corp. E. In the 25th battalion Major D. S. players is mentioned for gallantry in the Divisional Signal Companies the medals of Major J. E. Powers, D.W. is also in the list for special work on the firing line. Lieut. Colonel S. B. Anderson, who is now in command of an artillery brigade on the western front, but who was for a time in the famous 8th battery, of Moncton, was also mentioned in despatches for gallant work.

Suffer With Heart For Ten Years Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress. Frequent and severe attacks of Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in case of such severity. They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system. Mrs. M. O. McCready, Wapella, Sask. writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and how very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman. I would advise anyone with heart trouble to use them. Milburn's Heart and Nerve Pills are 50c or three boxes for \$1.25, at all druggists or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The SCARLET RUNNER SERIES

Like a Bolt from the Blue—The bark of a revolver spits its fire! A sudden hush! The ball-room gaiety ceases. Dancing stops—fear—anxiety—cries—and hysteria follow in quick succession. It was a high-handed attempt to steal the priceless jewels of the hostess and guests at "The Masked Ball." The shot was aimed straight at the highwaymen.

The explanation for the shooting brings you up to the climax with your hands gripping your seats. You'll say the same about "The Scarlet Runner," Greater Vitagraph's Super Serial, that everyone else says: It is the biggest, speediest, snappiest, peppiest, most romantic serial ever filmed.

WHAT PERSON—MALE OR FEMALE—DOES NOT LOOK BACK WITH A SMILE TO THEIR PUPPY-LOVE DAYS OF SEVENTEEN? Well, here's five reels of brilliantly witty stuff dealing with the heart-ventures of William Syvanus Baxtor and Lola, two youthful sweethearts suffering from a very bad attack of love microbe. Jack Pickford and dainty Louise Huff certainly portray Booth Tarkington's laughable little people to perfection and the scrapes into which they find themselves are warranted to keep our week-end crowds in stitches of merriment.

with the Chicago White Sox, it was announced last night. Russell is the twenty-first member of the club to count to terms, it is said.

President Comiskey has not announced the names of the players signed, but it is understood the entire regular outfield and infield, with the exception of Jack Ness, have affixed their signatures to contracts.

"Talk of a strike is not worrying me," said Comiskey. "I am having no trouble in signing my players."

Boston, Mass., Jan. 24.—Business Manager Hapgood of the Braves, announced last night the receipt of the signed contract of Larry Chappelle from Jerseyville, Ill. Hapgood does not know whether he is a member of the fraternity. Chappelle is the outfielder purchased by the club late last season from Columbus. He was once with the White Sox, who bought him from Milwaukee.

Montreal, Jan. 24.—A movement to bar all members of the Baseball Players' Fraternity from the Montreal Baseball Club will be taken at the special meeting of the International League to be held next month, it was announced on Wednesday by Pres. Lichtenheim of the Montreal club. If the league sanctions his move he says he will ask all his players to abandon the fraternity or else offer them such small contracts as to force them out of baseball.

LOCAL NEWS

A GOOD ADVANCE
The St. John bank clearings for the week ending last Thursday were \$1,764,073; corresponding week last year, \$1,488,461.

RANGE FOR SPEEDWAY.
City horsemen have made application to the Militia Department for the use of the Rifle Range for a speedway for the remaining winter months. The location is considered one of the best in the city for such a purpose.

INSURANCE AFFECTED
The insurance affected by the fire which occurred yesterday in J. F. Bullock's residence, Germain street, consists of \$4,000 with the Canadian National, on the house, and \$2,000 with the Queen, on the furniture.

THE VIKING SOLD
The five steamer Viking was sold at Chubb's corner yesterday by A. A. Wilson, K.C., high sheriff of the city and county of St. John, under an order of the Admiralty Court, to satisfy claim against her. The steamer was purchased by James S. Gregory for \$1,150.

PRESENTATION.
At a meeting of the Young Men's Bible Society of St. Luke's church last evening, there was presented to Arthur Lindsay, pianist, a leather cover for his book in recognition of his faithful services during the last year. The presentation was made by the pastor, Rev. R. P. McKim.

A HAPPY GATHERING.
The home of Mr. and Mrs. Edward Lapierre, 87 Newman street, was the scene of a jovial gathering last evening when a large number of young men and women assembled in the form of a surprise party and made the hostess the recipient of a dinner. During the evening dancing was enjoyed and an impromptu musical programme carried out, after which refreshments were served.

STILL WAITING TO BEGIN.
The city commissioners still are awaiting an opportunity to commence the discussion of the report of the assessment commission. Owing to the absence of Commissioner McLellan, the committee did not meet this morning, and, as there will be no meeting tomorrow, the work which was to have been devoted to this subject, will have passed without even a beginning of the work. The commissioners are hoping to make a start next week.

MRS. ALFRED H. ELLIS
Many will learn with regret of the death of Mrs. Alfred H. Ellis, widow of Rev. Thomas William Robertson of Musquash, which occurred at her residence, 114 Mecklenburg street, this morning. She is survived by three sons: Arthur C. from the front; Thomas W. R. of the Canadian Oil Company, Ltd., Halifax; and Harold G. D., of J. M. Robinson & Sons; two sisters, Mrs. Albert S. Pillsbury, of West Somerville, Mass., and Miss Kathleen Robertson of this city; one brother, James F. Robertson, city. The funeral will take place on Saturday afternoon from St. John's (Stone) church.

COMMISSIONER ON VASTY DEEP

Mr. Wigmore on Voyage on Raft This Morning in the Marsh Creek

The water and sewerage department has an awkward job ahead. While repairs were being made to the sewer main at the Marsh bridge, it was discovered that the concrete in one of the sluice ways was in bad condition. In order to get at the place it was necessary to build a raft. This was launched above the bridge this morning, when the tide suited, and Commissioner Wigmore and some of his staff floated down through the sluice and made an examination. They found that quite a large quantity of concrete has fallen away and that extensive repairs will have to be made. The work will be undertaken when the weather is suitable for concrete work.

The renewal of the sewer at Long Wharf, where collapsed sewer structure has been replaced by a cast iron pipe, were completed this morning.

Owing to the excavating being filled with snow, it was necessary this morning to stop work on the repairs to the drain pipes at the corner of Mecklenburg and Pitt streets.

Repairs are being made to a stop-cock at the corner of Prince William and Britain streets. A vault will be built to contain the new installation.

SEVEN IN FAMILY AND BUT ONE BED; ANOTHER SAD CASE BROUGHT TO LIGHT IN CITY

The president and secretary of the Children's Aid Society had another sad story brought to their attention yesterday. It was that of a young woman of fourteen and has five children, aged two months, one year and ten months, three years, five years and six years respectively. Her husband is thirty-three years old. Yesterday he was drinking and had a bottle, and there was no food or fuel, and the mother had to take her children into a neighbor's flat for warmth. She says that she has received only \$5 from the husband in four months, and that was found in his pocket when he was drunk. He was much trouble and was finally discharged.

In the home the husband, wife and five children have only one bed. The family has been in receipt of charitable relief many times, and more was provided yesterday, and an effort will be made to compel the husband to support his wife and children.

SLIGHTLY BETTER

Private Michael Dawson Had Been Seriously Ill With Pneumonia

Mrs. William McNulty, of 91 Newman street, received a letter yesterday from Miss Beatrice Coverhill, a nursing sister in a hospital in England, reporting that her brother, Private Michael Dawson, who was seriously ill with pneumonia, had slightly improved and that hopes are held for his recovery. Private Dawson left Canada with a unit attached to the first Canadian contingent and served for many months on the battle fields of France. Only recently Mrs. McNulty received a telegram announcing her brother's illness.

MUST NOT DO IT AGAIN

The matter of a by-law infringement, somewhat out of the ordinary, came before magistrate Ritchie this morning. A report was made by Policeman Blundell against four "females" for emptying scrub water from an up town tub into the public street. The magistrate asked one to explain but before she got through all were addressing the court, one trying to contradict the other, etc. After the storm had subsided the magistrate explained the meaning of a "portuguese parliament" saying "it was a place where everyone was talking together and no one was listening."

Number one finally said that she had been doing the same thing for seven years on and off and that on this particular day the sink became "plugged." The court said there was no provision in the act for this. Number two said that she was employed by No. 1, so that she was not the one to be blamed. The magistrate said that they could not under any consideration throw the blame on the public street. He allowed all to go and said that it would just be the same as if they never had been there.

James Richards, Charles Haley and G. R. Bustard were all fined \$10 for allowing their horses to stand on the north side of King square without foot straps for a longer period than permitted by the by-law. They all pleaded guilty.

FUNERALS

The funeral of Miss Mary J. McNamee took place this morning from her parents' residence, 28 Castle street, to the Cathedral, where requiem mass was celebrated by Rev. William Duke. Interment was made in the new Catholic cemetery. The pall-bearers were cousins—Fred Travers, Harold Travers, Harry Hunter, Kenneth Hunter, James Bowers and Francis Henry. The floral offerings were numerous and included a basket of roses from the police department; crescent, Harold and Fred Travers; cross of carnations and roses, Mr. and Mrs. J. Flood; wreath, William Gibbs; wreath, Charles Crawford; sheaf, Mrs. John W. Hamilton; sheaf, Olive and Hugh Hankins; sheaf, Miss Florence Isaacs; sheaf, Miss Eleanor and Miss Teresa McNamee; sheaf, Mrs. William Hurley; sheaf, Henry and Kenneth Hunter; sheaf, Miss Kathleen and M. Hunter; and a sheaf from Mrs. Frank J. Rafferty. A large number of friends attended the funeral and many were called to extend to the bereaved their sympathy in their great loss.

The funeral of James T. Mann took place this afternoon from his late residence, 28 Castle street. Services were conducted by Rev. R. T. McKim and interment was made in Fernhill.

The funeral of Miss Margaret Gancy took place this afternoon from the Home for Incapables to St. John the Baptist church, where services were conducted by Rev. P. J. McMurphy. Interment was made in the Holy Cross cemetery.

DEATH OF EMIL SCHLUETER

Wife Was Miss Adele Tiffin, Daughter of E. Tiffin of I.C.R.

News has been received in St. John of the death of Emil Schlüter, who occurred recently in the Galt Hospital, in Galt, Ont., after an operation for appendicitis. Mr. Schlüter, who was forty-six years of age, was a prominent drygoods merchant in Galt. He succeeded to the business established by his father, W. C. Schlüter. He is survived by his wife, formerly Adele Tiffin, daughter of E. Tiffin, traffic manager of the I.C.R. Mrs. Schlüter has many friends in St. John who will learn of her bereavement with sincere regret.

Special Special

We have received another small lot of those High-class Alarm Clocks, which proved so popular last year and, in spite of increased costs, are going to offer them on Monday, January 29, at same price as before, 99c. each.

These are 4 1/2 inches in diameter, nickelled and highly polished, and have bell inside the case. To set the alarm, the ball on stem is raised, and to stop it, it is simply pressed down. With every clock is a printed guarantee that it will run and keep good time for at least one year, and we have enough confidence in their quality to place our name on the dials.

REMEMBER, the only date on which they will be sold at this price.

Monday, January 29th
