Here Is How Russia Feels About The End of The War

Petrograd, Jan. 30.—In connection with the sitting of the Duma, an important semi-official pronouncement appears in the Bourse Gazette. It refers to the possibility of concluding a separate peace with the dual monarchy or, at any rate, with Hungary. It affirms that such ideas are devoid of foundation, and continues: "Peace will be made only after complete and final victory over Germanism. Only in that event an enduring tranquility prevail in Europe. This result could actually be obtained now, but for the statement it would be necessary to sacrifice 200,000 or 300,000 lives. Rather than bring about such a slaughter, the government, fully assured of the final victory of our arms, thinks it better that the war be prolonged."

IN HONOR OF SOLDIER BOYS GOING TO WAR

Reception For Walter L. Jones—Presentations to Several of the Volunteers

The home of Mr. and Mrs. Frederick Roberts was the scene of an enjoyable gathering last evening when they tendered a farewell reception in honor of their nephew, Walter L. Jones, of No. 8, Co. A. S. C., at which many friends were present. The house was prettily decorated with the colors of the allies. The dining room, where a dainty supper was served at midnight, was particularly attractive. A live piece of orchestra played bright and pleasing selections. Games and dancing were enjoyed, and following the supper there was a short round of toasts. "The King" was proposed by Sgt. J. C. Bond, and honored in music. "The Guest of Honor" proposed by Q. M. S. Harding, was responded to by Mr. Jones. "The Ladies," proposed by L. T. Roberts, responded to by J. B. Deves. Best wishes were extended to Mr. Jones for his success with the Army Service Corps and after a thoroughly enjoyable evening the guests dispersed in the early morning hours.

At his home in Main street last night a pleasant surprise was tendered George E. Wilson when friends assembled and in honor of his joining with the Army Service Corps for overseas duty, presented to him a gold signet ring. The presentation was made by George Armstrong and the evening was spent in games and amusements. An enjoyable turkey supper was last night given by Mrs. Connell, 148 street, for her son, Fred Connell, a member of the ambulance section of the 26th Battalion. The occasion was the recipient of a very nice pipe, and also a Bible which was presented by his uncle, John Moore. The evening gave pleasure to all.

Samuel W. Ferguson, a member of the 26th Battalion, will carry to the front a handsome wrist watch presented to him by his former employer and fellow employes in the John E. Wilson Company. Four Relatives in War. When her son, Roy Little, and her stepson, Wesley Masson, leave for the other side with the Army Service Corps and 26th Battalion respectively, Mrs. H. Little will have four of those dear and dear to her in the defence of the empire. Her husband, Harry Little, is a member of the first expeditionary force, having gone from here with the Army Service Corps, while a stepson, Eldon Masson, is on Salisbury Plain now with the ammunition column. Last evening at the home of Mrs. Little, 288 Brussels street, a pleasant gathering was enjoyed in honor of her son Roy and her stepson, Wesley Masson, each of whom was the recipient of a military wrist watch from those assembled. The presentation was made by Walter Money in behalf of those assembled. All enjoyed themselves in music and games.

The presentation of a wrist watch to Alfred E. Stephenson of the Divisional Ammunition Column took place yesterday. It came from the members of the Queen Square Methodist Sunday School in which he was an officer and efficient worker. The pastor, Rev. Hammond Johnson, made the presentation. Mr. Stephenson, who has just recovered after an attack of scarlet fever left yesterday to rejoin his unit at Fredericton.

PAINFUL ACCIDENT. While walking along Union street last evening Miss Babineau of Crown street suffered the bursting of a vein and was considerably weakened by loss of blood. She was taken into the pharmacy of Frank E. Porter nearby, and there first aid was rendered, and Doctor Baxter summoned. Later she was taken to her home.

Austrian official reports deny Russian successes in Galicia, the Carpathians and Hungary.

WEATHER BULLETIN. Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

THE BULLET LOCATED. Edwin Tracey, a soldier who was accidentally shot on Thursday, was taken to the hospital, is reported to be doing well today. The bullet, which entered his leg, broke a small bone. An X-ray picture assisted in locating the bullet. It has not as yet been removed.

TRAINS LATE. The Montreal and Maritime trains were each an hour and a half late in reaching the city today, due largely to the cold weather. The Boston came through on time.

THOUSANDS OF GERMANS SAY THEY WILL FIGHT NO MORE

Hands Tied Behind Backs, They Are Sent From Front For Court-martial—Shortage of Food and Open Mutiny in Flanders Reported

Paris, Jan. 30.—The following despatch was received here today from the north of France: "The German line in West Flanders is still being strengthened in order to offset the British reinforcements, which are being moved toward the front from the Seine Valley, where they had been kept since their arrival on the transports. Many of the German soldiers of the reserve classes are proceeding unwillingly into the West Flanders' death trap. Thousands of German soldiers recently passed eastward through Boulogne with their hands tied behind their back. They had refused to participate in further fighting and were being sent back from the front for trial by court-martial. German prisoners report that food is very scarce in the German army, and that many of the soldiers have openly mutinied."

END OF WAR BY MAY PREDICTED

Theory Advanced by London Financiers

German Funds Are Low—Say Enemy Cannot Long Stand the Strain

London, Jan. 30.—In financial circles here the prediction is being made that the war will end much sooner than is commonly believed, owing to Germany's inability to support the financial strain. Next May is mentioned as the probable date of the German collapse. Germany it is said, cannot hope to obtain outside financial assistance. The United States is the only country which could help her, and so the raising of an American war loan for a belligerent is prohibited by the American government as a breach of neutrality. German exporters to obtain capital there would necessarily be restricted to secret and individual action. The necessity which Great Britain found herself under of forbidding the employment of capital in foreign enterprises is the underestimated expenditure on ammunition which the contest would entail. Her preparations were enormous. My information is that the whole of the last capital loan she raised before the war was expended not in railway construction as was asserted, but in the purchase of stocks of ammunition, and she employed every possible means to prepare herself in this way. Vast as the German preparations were, however, they were inadequate to the needs of this war, and there is cumulative evidence to bear out the reports that Germany is already feeling the pinch and is husbanding ammunition.

In this connection an interesting story is being told. In the early stages of the war the Germans' lavish expenditure of shells was notorious. A single motor car observed on a road back of the Allies' lines was the target for a terrific tornado from German guns. A British officer, who underwent the experience of being thus shelled, mentioned the incident to Lord Kitchener in the course of a visit to the War Office. Lord Kitchener, according to the story, merely observed: "I would like to put motor cars in every road in France for them to waste their money on."

Short of Ammunition. In a conversation with the ambassador of a great power accredited to the court of St. James, a correspondent mentioned the financial predicament of the allies. The ambassador expressed no opinion on this phase of the subject, but made this remarkable statement: "I shall not be surprised to find the Teutonic powers collapsing from lack of ammunition. From the information at my disposal, I am of the opinion that Germany made only one great mistake in her preparations for this war. It was, however, a cardinal one. She underestimated the expenditure on ammunition which the contest would entail. Her preparations were enormous. My information is that the whole of the last capital loan she raised before the war was expended not in railway construction as was asserted, but in the purchase of stocks of ammunition, and she employed every possible means to prepare herself in this way. Vast as the German preparations were, however, they were inadequate to the needs of this war, and there is cumulative evidence to bear out the reports that Germany is already feeling the pinch and is husbanding ammunition."

FAIRVILLE NEWS. The serenity of the Hill was rudely disturbed the other evening when two citizens engaged in a sanguinary conflict, as a result of which one has been confined to the house since. It is reported the victor had some experience in the artillery and that may have accounted for his expert and well directed attack. The appearance of a third party brought the conflict to a close. It is believed more will be heard of the matter. Mrs. Duffield of Manawagonish Road entertained a few friends at bridge on Friday evening and a most enjoyable time was spent. Among these present were Mrs. E. V. Hamm, Mrs. Chas. Bartlett, Mrs. C. H. Allan, Mrs. Maylen, Mrs. H. H. Carr and Miss Bessie Compton.

AWAY TO PENITENTIARY. Deputy Sheriff Clifford left this morning for Rochester, Penitentiary with Scott Scribner and Irvine Stern. Former was sentenced to two years on a charge of stealing, and the latter to five years for forgery and passing bogus checks.

THE STEAMERS. The Allan liner Scandinavian is due at Liverpool on Sunday at noon. The steamer Bruce Head arrived on Friday at Dublin from St. John. The Raymore Head will sail from Glasgow Monday, enroute to St. John.

MAJOR "TOM" OF THE ST. JOHN SIGNALERS AT SALISBURY PLAIN

Major Thomas Powers

One of the most popular officers to go from St. John with the first Canadian expeditionary force was Major T. E. Powers, in charge of the signalling company organized here and well up in the list of staff officers in the divisional signalling unit. The accompanying picture shows him in characteristic pose, and also shows him looking his old self in general physical appearance. Incidentally his rubber boots are beset with an idea as to one of the causes why the Canadians have been anxious to get away from their quarters there. Major Powers need not tell his friends here in writing that he is well—this picture was taken at Salisbury Plain and gives all the information necessary.

FIFTY BOMBS DROPPED INTO DUNKIRK BY THE GERMANS

Only Damage Was to Private Property—Berlin Despatch Hints at Attack From Air by English on Ostend and Zeebrugge

Dunkirk, France, Jan. 30.—Six German aeroplanes threw bombs here last night. The dropping of the bombs was heard sometime before the aeroplanes arrived, and the tocsin was rung for the inhabitants to seek shelter, according to a plan arranged by the authorities. Fifty bombs were thrown, ten of them incendiary ones. Several private houses were damaged, but the result of the raid from a military point of view was nil. London, Jan. 30.—Wireless advice from Berlin report that of seven English aeroplanes which have bombarded Ost-

THE DRAGON

(A. M. Belding.)

A whirling sound far over-head, A bursting bomb, a cry of woe, And groups of children lying dead In mangled heaps on earth below. If this be war and these be men, Who slaughter thus the innocent, Command us to the tiger's den, But shield us from the Hun's intent. The ancient dragon, breathing flame, And redly gleams the flaming forge, Was but a monster mild and tame Beside this German aeronaut. A legend old the tale relates, How bygone, drowsing, evil fought, But now a sterner task awaits, An arm as strong, a sword as true. For never shall the earth be blest, Or may he free his hold to till, While this arch-Devil may rear his crest, And issue forth to blast and kill. But ready now the anvil stands, And redly gleams the flaming forge, Where Fate beats out with giant hands The weapon of the new St. George. The sword of vengeance will not spare The brood that plunged the world in gloom, Nor earth, nor sea, nor God's free air Give refuge from the stroke of doom. Enough of pain must man endure Without the lightning curse of war; Distress, disease and death are sure, And constant cares his blessings mar. But freed from war and war's alarms, His genius, trained to nobler tasks, Invests the earth with subtler charms And life's true potency unbars. So shall it be when man is freed From this dread monster of the Rhine, Whose venomous hate and ravelling greed Have lit the bomb and sowed the mine. THIRD OF FAMILY TO GIVE LIFE FOR HIS KING. Calgary, Alb., Jan. 30.—Douglas Leach, of the Princess Patricia's, whose death is recorded in last night's casualty list, was a South African by birth, and was twenty-four years old. He had been in Calgary for six years, and gave up a position in the court house to enlist. Two cousins of Leach were killed while serving with South African forces in German Southwest Africa.

Canadians To Continent But Not Yet To Front

Seasoning On Lines of Communication Likely—Report Says Canadian Boots Barred—British Drive Back Three Attacking Battalions of Germans

Ottawa, Ont., Jan. 30.—The Canadian army at Salisbury Plain is moving immediately to France, if it is not already on the way or landed on the continent. The militia authorities refuse to make any official statement, but it is understood the cables have told of the Canadian forces leaving at once for the front. It is not expected that they will be sent immediately to the firing line, but will be used along the lines of communications to secure further training. They will be ready for reinforcements and will be in the way when the big forward movement comes. As soon as the first contingent has all moved from Salisbury it is expected that the second contingent will proceed to England.

CANADIAN BOOTS BARRED. Toronto, Jan. 30.—A World cable from Salisbury says that an order was issued from camp headquarters on Friday stating that no Canadian footwear will be worn by the men when they go to the front, as the boots have been found to be unsatisfactory.

BRITISH DRIVE BACK GERMAN HORDES. Paris, Jan. 30.—The French War Office today reported: "Generally speaking, the day of January 29 passed quietly. In Belgium there were artillery engagements. In front of Cutchy near Labasse, the British army drove back an attack delivered by three German battalions. The Germans in this case suffered heavy losses."

"To the north of Arras, near Neuville-St. Vaast, our heavy artillery brought a German battery under its fire, and caused the caissons of the enemy to explode. In the sectors of Albert, Roye, Soissons, Craonne, Rheims and Perthes, there were, yesterday, artillery engagements at times rather severe. Our batteries acquitted themselves efficiently. In the Woerwre district, near Flirey, the Germans exploded a mine, the object of which was to blow up our trenches. As a matter of fact, all they did was to destroy their own."

GERMANS' LOSS 2,000,000. Paris, Jan. 30.—The French army bulletin estimates that, from August 2 to December 1, the German army has lost approximately 2,000,000 men in all theatres of war in killed, wounded and captured.

Russians Rout Turks and Have Occupied Tabriz

Colors, Guns and Military Supplies Captured—No General Advance at Suez Yet

Petrograd, Jan. 30.—Success by the Russians in the vicinity of Tabriz, Persia, is indicated by official communications as follows: "In the valley of Atashkert, we came in contact with the enemy, and after a stubborn battle, captured their colors, guns, and military supplies. The enemy himself retired toward Tabriz, abandoning on the battlefield many hundreds of killed."

London, Jan. 30.—The Paris correspondent of Reuters' Telegram Company telegraphs that he learns that the Russians have entered Tabriz, which the Turks occupied in January.

Paris, Jan. 30.—The Turkish right wing which invaded Azerbaijan was routed by the Russians, who have returned to Tabriz. The Turks are said to be retreating toward Maragha, fifty miles south of Tabriz.

NO GREAT MARCH ON SUEZ. London, Jan. 30.—The Times' Cairo correspondent telegraphs: "The recent troubles with the Turkish advanced parties are likely to prove the prelude to further unimportant encounters with small bodies of the enemy, who have pushed forward presumably with the object of ascertaining the strength of the allies' positions. Thus far there is no proof that the enemy's main forces have yet been definitely committed to an advance across the Sinai peninsula along the Suez Canal defences."

POST CARDS ATTACKING BRITAIN CONTINUE TO PASS THROUGH MAILS

Here is a Sample Which Came to St. John Board of Trade Office

Post cards attacks upon Great Britain continue to pass through the mails. Here is one that was received at the Board of Trade office yesterday bearing the Pittsburg stamp, but without any signature: "England's appeal to the U. S. to feed the starving Belgians is an act of impudence when the mother land destroyed their country for resisting the Germans, who today would be in London. England is certainly heartless and cruel as the Belgians lost all to protect the motherland. Ungrateful and treacherous England is at the bottom of all this world's troubles. But this is her retribution and so she deserves it."

Fire Loss for 1914. Saskatoon, Sask., Jan. 30.—The total fire loss for 1914, amounted to \$208,978.22, of which all save \$7,820 was fully recovered by insurance. One hundred and sixty-one outbreaks occurred. The fact that seventy-one of these happened in dwellings is considered by the authorities to be inexcusable, and due to the culpable carelessness of householders.

A New York despatch says the German cruiser Karlsruhe is able to keep aloft because she has a small fleet of collars and traps to supply her and act as scouts. They have wireless equipment.

Es-War Secretary Seely will, it is reported, be made a brigadier general on the British headquarters staff.

FIVE PROPERTIES IN THE CITY ARE SOLD

Taylor & Sweeney, real estate brokers, report the sale of five properties, as follows: Freehold, 77 Exmouth street, two family house, electric lights, modern plumbing, etc.—Sold for Gilman Scribner to Mrs. Annie T. Ryan. Leaschole, 45 St. Paul street, two family house with barn.—Sold for James P. Stackhouse to a local purchaser. Leaschole, 91 Hillyard street, three family house.—Sold for William Crosby to Herbert G. Carrey. Leaschole, 88 Chesley street, two family house.—Sold for Mrs. A. E. Logan to Captain J. E. Porter. Leaschole in River street, two houses, one two stories, the other three stories, five tenants.—Sold for Samuel Gilbert to W. Stephen Hamilton.

CHANGE IN MAKE-UP. After Monday next with the exception of the dining and sleeping cars, no C. P. R. cars will be taken through to Halifax, but in future I. C. R. cars will be used. The reason is said to be a question of the cost of mileage. It is possible that I. C. R. cars will be run to Montreal.

THE COUNTRY MARKET. Despite the cold weather there was a good run of business in the country market this morning. Supplies of meats and vegetables were plentiful, dairy products fair, while poultry was scarce and high prices ruled. Turkeys brought thirty cents, chickens from \$1.50 to \$2, fowl twenty-five cents, geese \$2 and ducks \$1.50 to \$2.

The Austrian foreign minister has asked Roumania not to foment trouble among people of their race in Transylvania.

THIRTY TWO BELOW; ONTARIO SOLDIERS SUFFER SEVERELY

Caught While on Route March and Have to bivouac in Open

London, Ont., 30.—Scores of men of the 16th Battalion had their cars, noses and hands frozen last night as a result of having to bivouac in open fields with the mercury at 22 below. The men had only their great coats, and were very cold. They were caught eight miles from the barracks, while on a practice march, and ordered to sleep where they were.

BULGARIAN AND BELGIAN WED HERE

A Bulgarian wedding was celebrated in the city last evening in the C. P. H. hotel in North street, Rev. W. W. Malcolm uniting in marriage William Zeff, of Bulgaria, and Ethel Baptist, of Belgium. The guests included members of the British army, and following the service all adjourned to a new hotel in the city. There the bride and groom were entertained by the groom's relatives. There was a most bounteous supper. The gifts to the bride were all brought into the dining room and displayed with the "donors' cards" attached. Native choruses and dances formed a programme of merriment after the supper.

WAR NOTES

"Ringleaders in the affair of the steamer Komatiks in the Indian Ocean and several returned emigrants from Canada are charged with dealing a train in India and seeking also to subvert the loyalty of an Indian regiment. The British government may yet be forced to intervene in the matter of the Komatiks. Rear Admiral Peary pleads for a more powerful American navy, and points to the British navy and its work as an illustration. He adds that the war has paralyzed exploration. The mayor of a French town has been suspended from office because as a handicap he shot at a German aeroplane as it flew over the town.

EIGHT BELOW AS COLD WAVE SWEEPS OVER CITY AT END OF JANUARY

After an unusually mild month January is showing what it can do in the way of cold weather before it closes. The cold wave which has been sweeping the west reached St. John during the night and the lowest point was reached this morning when the official thermometer registered eight degrees below zero. This is the coldest since the week between Christmas and New Year's. The indications do not seem to point to a long continuance of this kind of weather, and a milder type may be expected before long.

BUSINESS MEN HERE
GIVE INTERVIEWS TO
MARITIME MERCHANT
T. H. Estabrooks and W. S.
Fisher Talk of Matters Other
Than Tea and Hardware

In a series of interviews with St. John
merchants in this week's issue of the
Maritime Merchant are two which deal
with matters of interest apart from ordi-
nary business concerns. One is with
T. H. Estabrooks and the other with
W. S. Fisher. We quote:—
"We sat for an hour in the shade of
the palm in T. H. Estabrooks's office,
and strange to say, we came away with-
out hearing Mr. Estabrooks refer to the
business situation at all. What we talked
about was the need for establishing a
working arrangement between the govern-
ments of the maritime provinces
whereby certain rules and regulations
which obtained in one province would be
effective in each of the others.
"An interesting, Mr. Estabrooks
mentioned the public schools. Today, a
teacher with a New Brunswick diploma
is not permitted to find employment in
Nova Scotia without passing a new ex-
amination. Just what the difference be-
tween school subjects in the two prov-
inces is, we do not know, but we suspect
it is very little, and it is Mr. Estabrooks's
opinion that the time has arrived when
the provinces should get together with
regard to this and other matters of
mutual interest. Really, there is no
difference in the people and the pro-
vince of life are practically the same.
Why then should not some consideration
be given to standardizing our educational
and other efforts, so that our population
would be interchangeable, so to speak,
in practically all departments having to
do with the public welfare?
"We ought to be able to use a Sackville
school teacher in Pictou and vice versa.
Further, it seems to us that an insolv-
ency law which is good in Cape
Breton and Yarmouth, ought to be
equally good in Westmorland, N. B., and
all the counties of Prince Edward Island.
And so in many departments it seems
clear that if our efforts could be stan-
dardized, it would be an advantage to
all concerned.
"We commend Mr. Estabrooks's sug-
gestion to the consideration of the new
executive of the Maritime Forward
Movement. Here is a subject on which
some time can be spent, for while we
have referred only to one or two things
there are numerous others in which
standardizing would be an advantage.
"It is not just hardware, or tea, or
the war, that we talked with W. S.
Fisher. The thing Mr. Fisher chiefly
discussed on was agriculture. He thinks
the time is not far distant when our
eastern farmers will be able to make
much money raising cattle. He does
not know that they can do this today,
at least he is not sure that they can—
but he thinks the signs of the times all
point to a great shortage in the supply
of beef, and therefore of an advance
in the price of cattle.
"Mr. Fisher expects to see an increased
interest in mixed farming in New
Brunswick from the present time on.
He thinks there are several good reasons
for this expectation, and the first one
is that many farmers who were building
their all on potato growing and prac-
tically nothing else, have met with dis-
appointment. The second reason is that
the introduction of cream separators, and
new inventions of one kind and another,
have made things possible in mixed
farming, that would have been out of
the question ten years ago. And lastly,
said Mr. Fisher, there is the price of
farm products. I believe it is relatively
higher than that of any other commo-
dity in general use at the present time.
That farming as an industry in the
provinces is likely to pay, I feel assured;
consequently I feel it is likely to have
a much bigger following than it has.

There will be found the picture of a modern gun of the kind that is being used in the
present war. At a glance the gun and some old trees appear to be all there is in the
picture, but by careful scrutiny some soldiers' faces will be found. There are 19 of
them in all. Can you find them? It is no easy task, but by patience and perseverance
can be accomplished.
You may win a cash prize by doing so. Many have done this as will be shown by the
names and addresses published below. If you find the faces mark each one you find with
an X and cut out the picture and send it to us, together with a slip of paper on which you have
written the words "I have found all the faces and marked them." Write these five words
plainly and neatly, as the case of ties, both writing and neatness will be considered factors
in cash and One Hundred premiums given away, it is worth your time to take a little trouble
over this matter. Remember, all you have to do is to mark the faces, cut out the picture
and write on a separate piece of paper the words, "I have found all the faces and marked
them."
We do not ask you to spend One Cent of Your Money in order to enter this Contest.
Send your answer at once; we will reply
by Return Mail telling you whether your answer
is correct or not, and we will send you
a complete Prize List, together with the
names and addresses of persons who have re-

Names of cash prizes in our late competitions
will not be listed in our late competitions.
This competition will be judged by two well
known business men of established industry, who
have no connection with this company, whose de-
cisions must be accepted as final.
Below will be found a partial list of the
names and addresses of a few persons who
have won some of our larger prizes in recent
contests. Although these persons are nat-
urally unknown to us, they are our refer-

THE WAR NEWS

The Russians claim to be advancing in East Prussia and to have driven the Austro-German army back in the Carpathians, capturing considerable ammunition and stores.

themselves. There would be much less worry over the boy problem if fathers generally could retain a close intimacy with their sons throughout the period of early growth and mental development.

BUSINESS CONDITIONS

Mr. I. C. Stewart, publisher of the Maritime Merchant, spent several days in St. John last week, and in this week's issue of the Merchant prints two pages of interviews with St. John business men, and also gives his impressions regarding business conditions as gathered from these conversations.

There appears to be little doubt that the Canadian contingent is to be removed at once from Salisbury Plain to France. A London cable to the Montreal Gazette says that a start has already been made, and that the greater portion of the contingent will probably cross the channel on Monday.

HONOR TO WHOM, ETC.

Far be it from the Times to detract from the glory of the halo which the St. John Standard forever sees shining about the head of Hon. Mr. Hazen. Regard for the simple and unblended truth, however, makes it necessary to point out that the Standard's hero worship may at times go to extremes.

"The decision to place fish on the ration is a result of an agitation by western Canada fish operators. The fish catch in the northern lakes of Manitoba and Saskatchewan has been unusually large this season, while the market is poor. They have been in danger of losing tons of fish, while all fishing operations would have to cease. They made representations that some of this surplus output should be fed to the soldiers."

It will thus be seen that it was the gentlemen who had fish to sell who were gazing eagerly around, and who yearned to have the noble defenders of our country supplied with a proper fish diet, and who set out with characteristic energy to supply the omission. This brought them of course to the door of Mr. Hazen, the acting minister of militia. Fish may be the most excellent diet in the world for soldiers, and there can be no doubt alternative, but it is really to the desire of fish merchants to sell fish that they owe the opportunity.

FATHERS AND SONS

The Father and Son banquet at the Y. M. C. A. last evening was designed to direct attention generally to the great value of comradeship between fathers and their sons. It is unquestionably true that in too many instances the father's absorption in the task of earning a livelihood or endeavoring to gain wealth, estranges him too much from the life of his boys, and both the father and his boys are the losers thereby.

Mr. Stewart observes, however, that much depends upon the mental condition of the people. The fear of something that may happen tends to develop a shrinkage in business, and this mental condition is something that must be reckoned with. It is nevertheless very gratifying to note that a keen observer finds that business conditions in this province are sound, and that in his opinion continued good news from the seat of war would have a stimulating effect in keeping trade well up to the normal.

The members of the city council have begun the consideration of the taxation question, and it may be hoped they will not cease their labors until some of the absurdities of the present assessment system have been removed.

Mr. Walter L. Sawyer, whose death in Boston is announced, is well remembered by many St. John people as a clever writer not only of news paragraphs and special articles, but short stories.

The Free Kindergarten Association, while it has funds to continue its valuable work for several months longer, has been so crippled by the withdrawal of the civic grant that its future is very doubtful. The position of the Playgrounds Association is very much worse, while the other organizations which lost their grants will also be greatly crippled.

If the United States attempted to purchase the German vessels now interned in American ports, and use them in trade in such a manner as to provide Germany and Austria with needed supplies, the governments of Great Britain, France and Russia would not only object, but the vessels engaged in such trade would undoubtedly be seized. A Washington despatch says that the administration assures Congress that "there will be no foreign complications," but to this the opponents of the measure reply that there are no other vessels in sight to be secured under the ship purchase bill than those of Germany and Austria. It is hardly conceivable that the United States would pursue such a course in this matter as would practically make it an ally of Germany.

The Chauffeur's Lullaby. (New York Sun.) Velvet roads glide up to meet you, Skin beneath and rush away, Others can't hunk hunk to greet you, "Babe, babe," they cry today. Hark! The valves sing soft and steady, Silent chains run smooth and swift, Cylinders are coil and ready, Steel gears humming as they shift. Strength of sixty horses rocks you, In your tonneau cradle, sweet, Staunch springs bend so nothing shocks you.

While the lightning pistons beat, Ah, in slumber you are stirring, Motion fills your dreams with joy, Yes, that is the motor purring, Little mile-a-minute boy! H. Stanley Haskins.

AN ACROSTIC

Son of a good and gallant sire Ireland is proud of thee her lyric Kings through the thunder and fire.

Daring the danger and the fate Awaiting, whatsoever it be, Vainly does death for heroes wait, In flaming letters bold and free Among the names of heroes past Descend their names, who rode the sea.

Brave as the best! until the last England shall place thee honored name Among the names of heroes past That swell the honor roll of fame. Then Health! Sir David, Britain's friend, Year after year, until the end. HOPE A THOMSON.

"Canvasses" said the artist, flattered by the presence of the millionaire in his studio. "Yes, sir, I shall be happy to show you my best canvasses. Something allegorical? Or do you prefer a landscape?"

"What I want," said Mr. Newrick, eminent contractor, with decision, "is something about a yard and a half long and a yard wide, to cover some cracks in the fresco!"

Two-thirds of Jones' makeup is curiosity, the other third wit. A short time ago he met his neighbor proudly displaying a valuable sore. "That is a fine horse you have there, Brown," he exclaimed, cordially. "How much did you give for him?" "I gave my note," was the crisp rejoinder. "Well, you got him cheap," said Jones.

A friend of Nat Goodwin's was staying with the actor at his home in California in the hope of obtaining relief from chronic dyspepsia. One day he was taking a walk along the beach with his host.

"I have derived relief from drinking a glass of salt water from the tide," said the invalid solemnly. "Do you think I might take a second?" "Well," he replied, with equal seriousness, "I don't think a second would be missed."

"Why didn't you offer that woman your seat in the car?" "I make it a rule never to offer any but old people my seat."

"Still, she wasn't very young." "And I am always careful never to insinuate by offering my seat that I consider a woman old."

The arithmetic lesson that day had been hard and trying and now, at the closing hour, Tommy stood before his teacher waiting to hear results.

"Your last problem is wrong," was the verdict. "You will have to say after school and do it again."

Tommy looked at the clock. "Tell me, please, how much am I out?" he asked. "Your answer is two cents short."

Tommy's hand dived into the pocket where his most treasured possessions were stored. Swifly he separated two pennies from a bunch of saucerings, a penknife and some marbles and pieces of chalk.

"In a hurry, please," he said; "if you don't mind, I'll pay the difference."

A Comparative Value of Diamonds. We are often asked how Diamonds compare in price in Canada with those offering them in the United States.

We are often quoted the fact that some American houses advertise Diamonds at around \$90.00 a carat.

Diamonds may be had at any price you wish to pay.

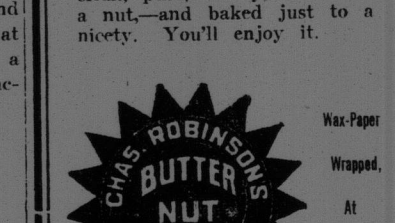

On a recent visit to the American markets, I was shown Diamonds as high as \$850.00 a carat. The average price in the best stores for good stones is around \$350.00 per carat. This is just about right, as it leaves us with preference of the duty.

Diamonds enter Canada duty free. Diamonds pay 20 per cent entering the States. We sell good stones from \$225.00 to \$300.00 a carat.

How to Make Your Hair Beautiful Ten Minutes' Home Treatment Works Wonders, Stops Falling Hair, Itching Scalp, Dandruff, Makes the Hair Soft, Brilliant, Lustrous and Fluffy. Better than all the so-called "hair tonics" in the world is a simple old-fashioned home recipe consisting of plain Bay Rum, Lavona (de Composee), and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and 1-2 drachm Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in an 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous, and fluffy. To stop the hair from falling and to make it grow again rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use and you will not find a single loose or straggling hair. They will be locked on your scalp as tight as a vice. Dandruff will disappear to the effect the eruption measures proposed by Commissioner Potts would have action was deferred until the meeting of the council on Monday or Tuesday. The raising of the valuation in such portions of Stanley ward as benefit by the city services to the same rate as imposed in other wards was also urged by Commissioners Potts and McLellan. The council deferred action on a

issue of \$25,000 for water and sewerage extension in Adelaide road with a view to investigating the possibility of straightening the Millidgeville road before the extension is made. The lease of a portion of Rodney wharf to the C. P. R. was renewed for twenty-one years at an increased rental. With the appointment of R. Fraser Armstrong by the council as superintendent of mains having control of lands connected with the water system as well as the mains, all connection of William Murdoch, city engineer, with the control of the water system is at an end. F. W. Tapley was appointed junior clerk in the safety office at a salary of \$1,000 a year. Commissioner McLellan asked and was given authority to examine the books of the board of assessors with the object of voting intelligently on the appointment of an assessment commission whenever such commission is appointed as provided for by the charter. Justice of Peace Praises Dr. Chase's Ointment

After Nine Years of Agony He Escaped an Operation by Using This Great Healing Agent.

As a means of healing sores and wounds that defy ordinary treatment Dr. Chase's Ointment has long stood supreme. It is known far and wide as a positive cure for eczema and piles. Whatever uncertainty there may be about the results obtained by the use of medicines taken internally there can be no question of the healing of the skin when Dr. Chase's Ointment is applied. You can actually see with your own eyes just what takes place. The sore parts are cleaned, and gradually the new skin is formed and the sore becomes smaller and smaller, until it finally disappears. It is often wonderful the results which are accomplished in a single night by the use of this great healing ointment. Mr. S. A. Heath, J.P., Fitch Bay, Que., writes:—"Nine years ago I was taken with an abscess, and cannot begin to describe what I have suffered as a result. I was examined by two doctors, both of whom said I would have to undergo an operation to be cured. Thanks to Dr. Chase's Ointment, it has rendered an operation unnecessary, and has completely cured me. I cannot say enough in praise of this wonderful ointment which cured me after nine years of agony." Dr. Chase's Ointment, 60c a box, all dealers or Edmondson, Bates & Co., Limited, Toronto.

James G. Carleton and Smeaton D. Wilson, as previously reported, and also the sale of a house and lot in Lancaster, for which \$65 is paid in yearly rental, to William S. Mullin, at \$1,000, and the recommendations were adopted. Fred. Townsend and Mrs. James O. Dell, property owners in Rock street wrote, complaining that the street was being made a public dump and the communication was sent to the commissioner of public works.

A communication from the Canada Wire & Nail Co., asking in view of the hard times and their effort to keep their new plant going for a three year exemption from all taxation was referred to the mayor. W. Walker Clark, former chief of police, asked for four days' pay between the time he resigned and the day his resignation was accepted by the council and the commissioner of public safety was advised to grant the request.

An invitation from the Canadian Union of Municipalities to send representatives to the annual meeting at Ottawa February 8 was referred to the mayor. A communication from J. McCarthy informed the council that he had a horse impounded for six weeks and did not know what to do. It was referred to the commissioner of public safety. The council adjourned.

Penniless Old Men
You know many of them—men who in their prime made plenty of money, but who spent as freely as they earned.

A PAGE OF FUN

HOW COULD IT HAPPEN? Hubby—The moths have eaten everything in this closet. Wife—I don't see how they could get in. I kept the door locked all summer long.

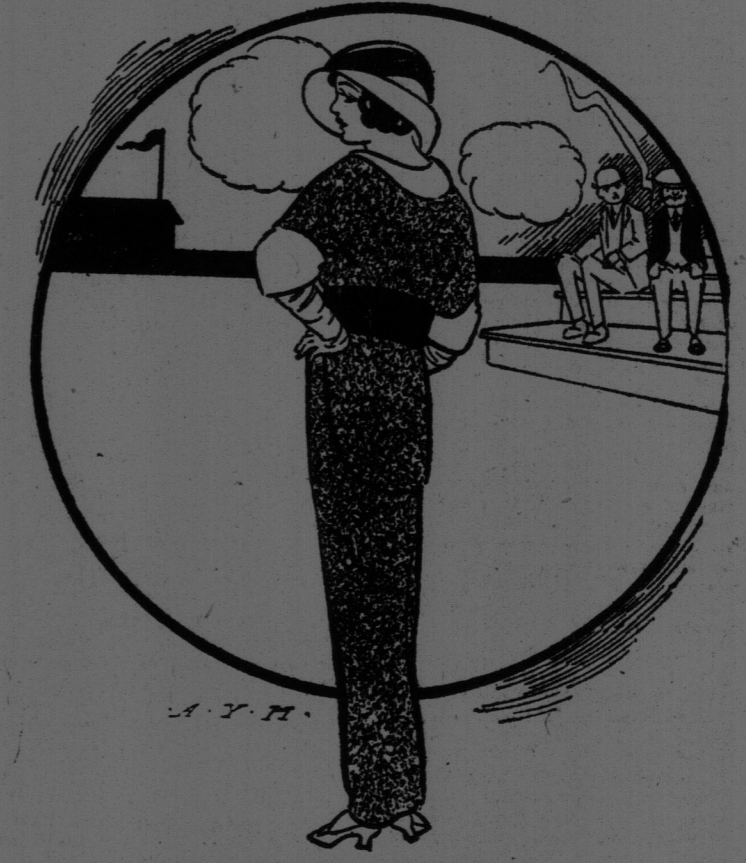

SO KIND. I'm afraid, Bridget, that we will not be able to live together any longer. Indeed, mum; an' where is it you do be gain'.

A Case In Point I SEE," said the man who had been scanning a newspaper as he enjoyed his cigar—"I see that at the present time there are no less than six Counts and Lords here with us in search of American brides." "Yes," briefly replied the one addressed. "They want rich ones, of course." "Yes." "It's got to be a real matter of business." "I've heard folks say there ought to be a law about such things." "What's your idea about it?" "I'm on my way to Reno, sir, and don't care to talk." "To Reno, not to get a—"

THAT WILD SHAGGY APPEARANCE. "Do you writers rumple up your hair to accelerate thought?" "No. We do it to scare off collectors."

AT THE FOOTBALL GAME. Riggs—Plague take that woman! Wiggs—Why, old man, she is the most beautiful girl in this town. Riggs—That may be. But she obstructs my view of the left goal.

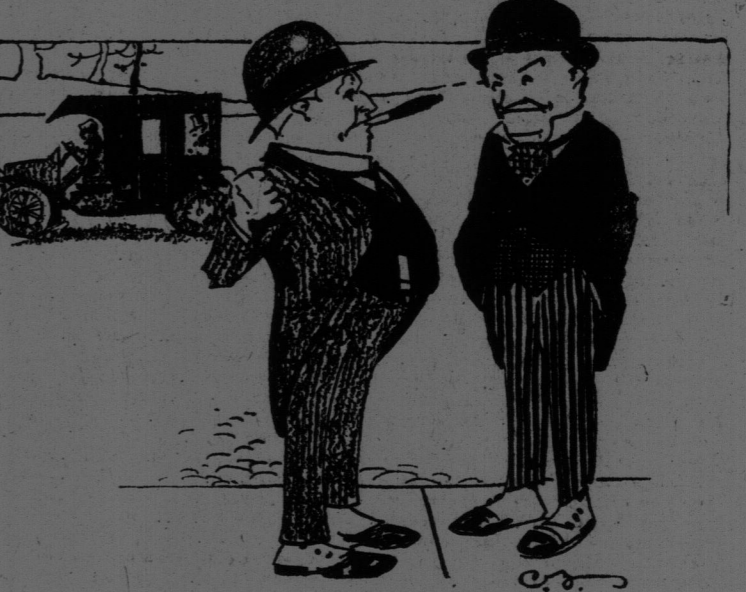

A MISTAKE. Pa—What did you mean by telling your ma I kissed the maid? Willie—I meant "the cook."

He Caught On "AY," said the smiling old gentleman as he halted under the awning to get out of the fall shower. "I've caught on." "To what?" was asked by another man who had also left his umbrella at home. "To football." "Why, there's no game today." "No club game, but I've caught on just the same. Say, I've read a heap about football, but could never understand it until half an hour ago." "It's as easy as baseball to see through." "Mebbe it is, but it has always been too much for me."

DIDN'T SEE THEM. Ethel—Tom, I don't see any cripples! Tom—Of course not yet, my dear; the game is young. What did you expect? Ethel—Well, where are the quarterbacks and halfbacks who were to play?

A Flaw in the Honeymoon THE young husband shook his head disapprovingly. "I am afraid, Helen," he said, "that you will never understand mother's method of utilizing trifles. Why, mother, with just a scrap or two, would make as nice a pie as you ever saw."

IN LUCK. Bobbe—See that old fellow riding the solid gold limousine? Dobbe—Must be a millionaire, eh? Bobbe—Millionaire! Why he owns a whole ton of coal!

HER EXPLANATION OF IT. "What are you laughing at Maude's letter?" "She writes that they had foggy weather all the way across." "I don't see anything funny in that." "No; but she adds that the captain must have neglected to take out his clearing papers."

OVERHEARD BETWEEN CARS. Yes, I used ter be a foist-class aeronaut until I was taken sick while up in me balloon. Uh, what was de sickness? Aw, I was taken wid a high fever.

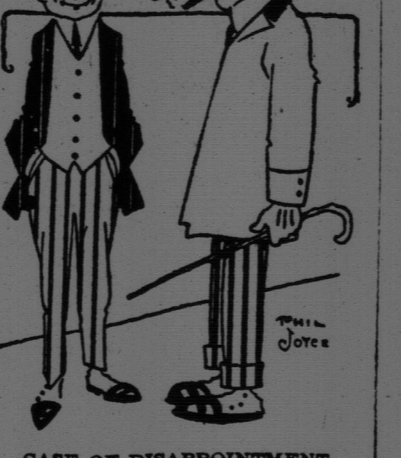

Hard To Understand Woman "H. You can't please a woman," he said, disgustedly; "it's no use trying." "What's happened now?" "I met that pretty Miss Sweet in a dark hallway and kissed her. I didn't think she'd mind, you know." "And she did mind?" "Well, she pretended to be very angry, so I thought I'd smooth things down by telling her that it was all a mistake; that I thought she was

IN ANCIENT TIMES. Jester—Terrible news! The enemy has scaled the walls and captured three of your court jesters. What shall we do? King—Why, recover my wits. Ha, ha!

ONLY GOOD ONES. I'm sorry, kids, but there ain't another single wormy chee'nut in the bag.

CASE OF DISAPPOINTMENT. "Did you ever know a girl to die for love?" "Yes." "Did she just fade away and die because some man deserted her?" "No; she just took in washing and worked herself to death because the man she loved married her."

SO KIND. Hubby, dear, I want some furs this winter. All right, dearie. I'll get you a set of ear muffs.

CAUGHT. Oh, it's you, you naughty boy! I thought it was burglars in the pantry. So did I, and I was lookin' for them.

Florence Webber Starring Again

Actress Who Scored in "The Climax" in St. John Back in New York; Variety of Other Stage News; Percy Haswell in South; St. John Girl in Stock; Grace George in New Play; The Local Stock; Amateurs Next Month

Florence Webber, who starred for two years in "Naughty Marietta," and who was the only woman in the cast of "The Climax" when it played in St. John, has placed in the hands of the St. John people a new play, "The Sins of Society," which she will produce in the Grand Theatre, St. John, on Monday and Tuesday next.

Cecil Raleigh, an English playwright, author of "The Sins of Society," "The Whip," and other melodramas, left an estate valued at \$41,780 according to his will which was recently offered for probate in the London courts. Miss Ada Shaw, his secretary, receives the entire estate. Mr. Raleigh's widow is at present residing in the United States.

Blossom Baird, a local girl, is doing well in stock in Florida. At the Toy Theatre, Boston, Gertrude Kingston, a highly reputed comedienne of the London stage, who has been playing in New York recently, will play in "Great Catherine," which will be produced in the Grand Theatre, St. John, on Monday and Tuesday next.

Miss Phyllis Nielson-Terry is going into the variety theatre in the third act of "The Evening" at the Grand Theatre. The play is by the author of "The Sins of Society," and is a comedy in one act.

George Grossmith and Edward Laurillard, who produced "Tonight's the Night" at the Grand Theatre, New York, and who are presenting "Potash and Perlmutter" and "Peg O' My Heart" in London this season, have decided to establish a New York office, the policy of which will be to produce American plays in London and English plays in New York.

Frank Mills has been engaged by Charles Frohman to play the leading character part in the American stage production of "The Millionaire," which will be produced in the Grand Theatre, St. John, on Monday and Tuesday next.

Jane Wheatley is now playing the widow in "On 'Em" at the Grand Theatre. Helen Lackaye having joined the Chicago company for her original production of "The Rejuvenation of Aunt Mary."

Amateurs in Play The announcement that another amateur production was to be given on the night of the 28th inst. has been met with interest.

MY TIRED FEET ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "TIZ"

"Just couldn't wait to take my hat off!"

Just take your shoes off and then put those weary, sore, swollen, aching, burning, corn-riddled, blisters-tortured feet of yours in a "TIZ" bath. Your feet will wriggle with joy; they'll look like you and almost talk. Then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out, aching, burning, it's grand—it's glorious. Your feet will dance with joy; you will find all pain gone from corns, calluses and blisters.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent bottle of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get, how comfortable your shoes feel, when you wear them a size smaller if you desire.

To Put on Flesh and Increase Weight

A Physician's Advice. Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and gain all the time.

It's all about the quality of the food they eat. The fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless yet wonderfully effective and a single tablet eaten with each meal offers has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Die"

His Remedies and Book Sent Free. Captain Collins sailed the seas for many years; then he sustained a bad double rupture, but soon forced him to not only remain ashore, but kept him bedridden for several weeks. After doctor and nurse after nurse, he must either submit to a dangerous and abortive operation or die.

He cured himself instead. Captain Collins made a study of his own case, and the result was a book, "Cure Your Rupture Like I Cured Mine," which is now being sold in all parts of the world.

Encouraged by the success of "The Only Girl," Mr. Webber announces that he will present Guy Bolton's play, "The Captive," in New York within the next two weeks.

Col. George Cornwallis West, who has been playing in Belgium with the British naval forces which operated in the North Sea, has arrived in Chicago with his wife, Mrs. Patrick Campbell at the Blackstone.

James K. Hackett, whose income is now \$100,000 a year, has decided to produce "Macbeth" to make the production elaborate in every detail, the actor will draw upon his "million" fortune for the purpose. Mr. Hackett has always been ambitious to play "Macbeth."

Why is it that when a man writes a play he at once seems to lose all sense of personal vanity, asks Walter in Chicago in his play, "The Millionaire," and it is predestined to popularity; and paradoxically, he has not confidence enough in his own work to produce it, or he is contenting everybody he knows concerning the masterpiece, and some people he does not know.

Specialist Explains Cause of Stomach Trouble

VALUABLE ADVICE TO SUFFERERS. "There are many different forms of stomach trouble," said a well-known specialist recently, "but practically all are caused by excessive acidity of the food fermentation. That is why the results obtained from the use of drugs are usually so disappointing. Admittedly, fermentation, from their digestive and food contents to be the underlying cause of most forms of indigestion, it naturally follows that the use of a reliable antacid, such as a few grains of magnesium, which is so frequently prescribed by physicians, will produce better results than any known drug or combination of drugs. Accordingly, I almost invariably advise those who complain of indigestion, or who get some burred stomach, to get some burred antacid magnesium (note the name carefully, as other forms are unsuitable for use) and to take it on an empty stomach, from one to two teaspoonfuls of the powder, or two 5-grain compressed tablets, with a little of this liquid, immediately neutralizing the acid, and stopping the fermentation, removes the cause of all the trouble and restores normal and healthy digestion."

STOP CATARRH OPEN NOSTRILS AND HEAD. Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and relieving the inflamed mucous membrane and get instant relief.

He explains Miss Walker's popularity in the picture theatre.

Joseph Smiley, of the Lubin Company's force of directors, did some tall hustling when he completed a three-reel picture, "The Girl in the Red Coat," which is now being shown in a four-reel version, and Smiley wanted to complete it to the best of his ability.

Twelve of the Vitagraph Company's popular stars, including Edith Storey, Ned Finley, Norma Talmond, and Wally Van Dyke, Harry Mory, Wally Van and members of the company at Santa Monica, Cal., were in the picture theatre programme, New York, this week.

The three-part "O'Garry of the Royal Mounted" was written and produced by Ned Finley, and presented by a cast in which Edith Storey, Mr. Finley, S. Rankin Drew, Logan Paul and Jack Brown appear in exceptional prominence.

Sidney Drew and Jane Morrow (Mrs. Sydney Drew) in "The Homecoming of Henry," Norma Talmond and Van Dyke Brooke in "The Barrier of Fate," Harry Mory and Wally Van in "The Chief's Guest" and Myrtle Gonzalez and Alfred Voburg and members of the Western Vitagraph Company in "Life's Game," a thrilling dramatic story in two parts.

Says the New York Sun—"One of the most successful features of 'Hearts and Highways,' was the bill at the Vitagraph Theatre last week, was the acting of Lillian Walker in the leading role. The young actress' grace and beauty as well as her expression of the emotions of the role she played were in high degree representative of the finest traits of art of acting before the camera. Her appearance in this role was a triumph."

"The British hospital at Furness," says Sir Frederick Treves, "has passed through many vicissitudes but it is now well established and in excellent order. It deals solely with Belgian wounded. In the main ward, a fine hall, is a little room in a bed very much too big for him. He is a refugee from Ypres. In one of the many attic rooms that unfortunately place his feet was smashed by a shell and as a result the limb has had to be amputated. He is doing well. What has happened to his partner is not known. He is probably alone in the world. In a basket on the floor by the child's bed is another refugee from Ypres, a puppy of very indelible breed. He was probably thrown by some compassionate soul into a cart which was flying in haste from the burning town. "It is a curious picture," concluded Sir Frederick, "the white-washed refectory full of gravely wounded men, some still groaning with pain, some nearing death, with, high upon a wall, a kindly statue of the Virgin looking down upon the scene, and in the centre of the room the stove, the ridiculous puppy and the one-legged boy."

Such a description will clearly show to some, who little know, what kind of work is now being carried on by the Red Cross Society behind the battle line and how necessary it is for the society to have all the available material necessary for carrying on the work.

Germany's action toward Belgium was and always must be held to be, the greatest crime in history.—Lord Curzon.

A GREAT WEEK AT THE OPERA HOUSE PROMISED

Two Fine Dramatic Bills, New Vaudeville and an Amateur Contest For Prizes

Tonight will close the second week's engagement of the popular Young Adams Company at the Opera House, with a performance of "The Convict."

The members of the 26th Battalion carried out a programme of field exercises last night near Rockwood Park which proved most satisfactory. A full moon aided the men in their manoeuvres.

Sweetheart. This play has made quite a hit with local theatre patrons and has drawn crowded houses the last part of the present week.

The company will start the third week of their stay here on Monday evening with a presentation of "A Wife's Sacrifice." This is a splendidly written drama by one of the foremost dramatic authors and under another title had a long run in New York and other cities.

The manager of the company states that it is one of the best plays the company will present during the present engagement.

An entire change of vaudeville will be shown this week. Last week the programme consisted of choice comedies—will be given away to the students at the Wednesday matinee.

For the last half of the coming week, "The Cowboy's Revenge" will be offered. The title might suggest to some that the play was the usual "blood and thunder" but it is not. It is a dramatization of a very popular story that ran serially in one of the prominent magazines of the last year and, while it has a few thrills, the situations are not overdrawn.

Pistols are shown but they are not fired—the scenes are intensely dramatic, but never inconsistent, and in other cities the play has been well received and considered one of their best offerings.

Friday evening of next week there will be a big amateur contest open to all local applicants for stage honors. Three valuable prizes will be given to those who do the best "stunt," the most interesting being the judges. Already the management has received a number of entries, and there is no doubt that the audience on Friday night will see two big shows for the price of one.

TRUCE POSSIBLE IF THE UNITED STATES BUYS THE DUTCH GERMAN SHIPS.

Washington, Jan. 29.—It may be stated with positiveness that if the United States purchases interested German and Austrian ships under the provisions of the pending ship purchase bill it will become involved with the Governments of Great Britain, France and Russia in a controversy vastly more serious than that which has confronted this nation in many years.

Although the administration is refusing to disclose just what it intends to do if it succeeds in having the ship purchase bill passed, there is no mystery at all about what the allied governments in the European war will do in case the proposed government-owned corporation buys and puts into trade with Germany and Austria vessels now owned by their enemies.

Positive and authoritative statements that these vessels under such circumstances will be treated as enemy vessels are now obtainable in Washington and leave not the slightest doubt as to where the allied governments stand on the issue.

A NEGLECTED COLD WILL VERY OFTEN TURN TO CONSUMPTION.

Never neglect what at first seems to be only a slight cold. Perhaps you start to cough, a little irritation in the throat, and then it gets lower down, settles on the lungs and bronchitis sets in, and you start to raise phlegm of a greenish, yellowish color, and you cough persistently.

If you let the simple cold run it will surely develop into something very serious, and perhaps consumption.

On the first sign of a cold or cough go to your dealer and procure a bottle of DR. WOOD'S NORWAY PINE SYRUP.

A few doses will convince you that it is just the remedy you require.

Mrs. J. W. Pearson, Amherst, N.S., writes: "Some time ago my daughter had a very bad cough which settled on her chest. She had no rest day or night. I gave her everything I could think of, but without doing her the least bit of good. At last I thought of Dr. Wood's Norway Pine Syrup, so I got a bottle for her. She had not taken half of it before she got relief, and with the remainder she was completely cured. Now she is as healthy as ever, and I know my own mind as to what to get for my children."

Dr. Wood's is 25c and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Gem's Hits Next Week

A Strong Lot of Photo Plays, Every One a Winner—Ending With "The Perils of Pauline"

One glance at the programme for the Gem Theatre for next week will convince the reader of its superiority and of the fact that each change of show will afford features of unusual interest, closing with "The Perils of Pauline" on Friday and Saturday next, the biggest picture serial ever offered in St. John.

For the opening show on Monday and Tuesday the Gem has secured a Broadway Star production with a clever Vitagraph cast headed by Tefft Johnson, in the three part romantic drama "The Locked Door." This great feature has a highly fascinating moral side and was produced in collaboration with the New York fire and police departments.

A Sterling comedy "Dot's Chaperon" will close the bill. For the mid-week change Grace Cunard and Francis Ford, two distinct favorites, will be seen in "The District Attorney's Brother," a drama of much power and heart interest, and in the same show will be Mary Fuller, whom everybody loves, in "The Phantom Crackman." Another unusual picture for this change is a comedy enacted entirely by a well trained gang "Fido's Dramatic Career." On Friday or Saturday the Gem will present "The Perils of Pauline." It's the best yet.

The members of the 26th Battalion carried out a programme of field exercises last night near Rockwood Park which proved most satisfactory. A full moon aided the men in their manoeuvres.

SCALY, ITCHING BURNING RASH. On Wrists. Soon On Shoulders. Stinging Pain. Could Not Sleep. Used Cuticura Soap and Ointment. Rash Disappeared.

So, Boston, Que.—"I first had a fine scaly rash appear on my wrists which soon became very inflamed and caused me great suffering by the burning, stinging pain. These soon broke out on my shoulders and I could not sleep nights for the itching and burning. It was like this for two months or more."

"I had medicine and had tried several remedies but nothing did me any good. I had read of the Cuticura Soap and Ointment so I decided to write for a trial. I first bathed in warm water using only the Cuticura Soap freely then applied Cuticura Ointment and was soon cured and free from all this trouble. The rash disappeared and I have not been troubled since." (Signed) Albert Little, Jan. 28, 1914.

Samples Free by Mail. "Why should I use Cuticura Soap? There is nothing the matter with my skin, and I should Cuticura Soap was only for skin troubles." True, it is for skin troubles, but its great mission is to prevent skin troubles. For more than a generation its delicate emollient and prophylactic properties have rendered it the standard for this purpose, while its extreme purity and refreshing fragrance give to it all the advantages of the best toilet soaps. Cuticura Soap and Cuticura Ointment are sold everywhere. Liberal samples of each mailed free, with 25-c. skin Book. Address postcard "Cuticura, Dept. D, Boston, U. S. A."

COULD NOT STAND ON FEET. Mrs. Baker So Weak—Could Not Do Her Work—Found Relief in Novel Way.

Adrian, Mich.—"I suffered terribly with femial weakness and backache and so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing under the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

The Man In The Street

Cheer up! Summer will be here in a few months.

Then you won't have to worry because those new cars are cold.

During this little spell of weather ten minutes physical exercise in the new cars on your way to work in the morning, "skin-the-cat" and other feats, with the aid of the straps for instance, would warm you up some.

If the price of flour goes much higher we'll be saving the barrel hoops as souvenirs.

Familiar quotation—"He was the recipient of a wrist watch."

William Shakespeare was England's foremost writer; Germany had Emanuel Kant. Now with a little rearrangement you see the English Will and the German Kant.

The department of agriculture intimates that Canadians should raise more wheat while the Europeans are devoting themselves to raising Hades.

News head said "Fresh Troops Annihilated"; that is what they get for getting fresh.

To West St. John people the defeat of the Thistle curlers by the Carleton club yesterday was recognized as vastly more important than the Russian victory in the east.

Judging the criticism his campaign has evoked, some of the Philadelphia clergymen seem to regard Evangelist Billy Sunday as one of those nut Sundaes.

One of the pleasant features of the wrangle across the border about the literary test for immigrants is that those most interested cannot write long letters to the papers about it.

Man in the street suggests another method of raising money for the patriotic funds. His idea is to charge an admission fee to allow the public to see the heavyweights of the police department doing their daily physical exercises.

The military training for the cops is a good idea though; some of them could swap their chest and waist measurements with advantage.

Will the chief's campaign against those who profess to pry into the future affect the daily weather forecast?

The man in the street says he would just as soon pay \$10 taxes on his income as \$20 extra on his rent.

CITY WOULD SELL.

The holders of the leases of the houses on city lands in Lancasters whose leases are expiring are being given an opportunity to purchase the properties if they wish to do so and are willing to pay a reasonable figure. The city is not unduly anxious to unload but the commissioner in charge regards it as good policy to allow the occupants to become owners of the properties if they wish to do so.

CREDITORS' MEETING.

At a meeting of the creditors of William Lilley & Sons, yesterday afternoon in the office of J. A. Sinclair, the appointment of John Kennedy as assignee was confirmed and J. G. Willett and W. G. Estabrooks were appointed inspectors. The assignee reported that he had an offer of \$1,000 cash for the stock-in-trade, plant, fixtures, etc. This was about fifty per cent of the valuation placed on these assets and the assignee was instructed to accept the offer. The name of the purchaser was not revealed.

BUSY SESSION OF PROBATE COURT

J.W. Kierstead's Insurance Policies—Matter of Several Other Estates

In the probate court here, the matter of the estate of Mrs. Florence Annie Kierstead, late of Grand View, P. E. I., was taken up. She was the wife of Jacob Whitfield Kierstead, since deceased, who, at the time of his death, was domiciled in Hampton, N. B., but at the time of his wife's death they had their domicile in St. John, N. B. She died in December, 1898. There were two policies of insurance on her father's life for \$10,000, payable to her but with reversion to her husband. Subsequently her husband married again and he made the policies payable to his second wife. The company now requires a release from the first wife's estate. She died without issue, and whatever interest she had in the two policies then went to the husband, Alvah Hovey Chipman, of Hampton, broker, having been appointed one of the administrators of Jacob Whitfield Kierstead's estate, on his petition he was appointed administrator. The value of the husband's interest in such policy is technical only, and is placed at the nominal value of \$100. Horace Parer is proctor.

The court also took up the matter of the estate of Miss Jessie Fraser, late of Gardiner's Creek, Simons. She died intestate, leaving no next of kin within this province, George C. Forbes of Gardiner's Creek, farmer and William J. Forbes, of East St. John, grocer. Besides these two, she left William Forbes of Boston, and the children of Peter Forbes, a couple of California, whose addresses are unknown. On the petition of the two next of kin resident within this province, John A. Sinclair, barrister-at-law, was appointed administrator. There was no real estate; personally \$1,168 in the Savings Bank. Kenneth J. MacRae is proctor.

The court also dealt with the matter of the estate of Charles Frederick Godfrey, late of Fairville, carpenter. He died from the effects of an accident on January 5. He left no will. Surviving are his wife, Mary Godfrey and four sons and four daughters, all under age. On the petition of the widow and children, James E. Anderson, of Fairville, carpenter, a brother-in-law of the deceased, was appointed administrator. Real estate consists of a property in an avenue, valued at \$3,000, on which there is a mortgage for half that amount. Personally \$200 in life insurance, \$1,400. George H. V. Belyea is proctor.

In the matter of Gladys G., Charles E., Viola T., William F. Clifford, Hattie M., Blanche L. and Harvey LeRoy Godfrey, infant children of Charles Frederick Godfrey, James E. Anderson of Fairville, uncle by marriage, was appointed guardian. The infants' estates consist of an interest in real estate, George J. Belyea, executor.

The court also dealt with the estate of Daniel Coram, late of Carleton, fisherman. He died in last November, intestate. He was a son of the late Joseph Coram, M. P. P. He had never married. His next of kin are Mary M., wife of Walter G. Weisford of St. John, teamster; John G. Abram, railroad employe; John A. Abram, carpenter; Elizabeth, wife of Harry Crozier all of Providence, R. I., the children of Esther Abram, a deceased sister; Ella M., Herman and Smith, children of Elizabeth Roop, another deceased sister; Amelia M., wife of Joseph P. Smith, of St. John; Joseph Langford, of Westport, South Dakota, hotel-keeper, and Walter E. Coram of Waterloo, Iowa, shoemaker, the call of the court, was appointed administrator. There is no real estate; personally consisting of leasehold in force in the city of St. John, valued at \$100. Baxter & Logan are proctors for the petitioner, S. A. M. Skinner proctor for an alleged next of kin.

The court today dealt with the matter of the estate of Frank Hunter, clerk. He was a resident of Chicopee, Mass., and died unmarried and intestate in Springfield, Mass., in last December. He was a son of Andrew Hunter, who, with Frank Hunter's two uncles, William and James, died before him. William Hunter, an uncle, also died intestate. He left a small estate which Margaret Swett, his sister, an aunt of Frank Hunter, was appointed administratrix in the Surrogate Court of Suffolk County, Massachusetts, and now to close that estate, Mrs. Swett, who is widow of Shaw Swett, a sergeant in the United States Army in the Civil War, asks for administration of Frank Hunter's estate, and is accordingly sworn in as such. There is no real estate; personally under \$200. Stephen W. Palmer is proctor.

The will of Miss Catherine Fraser, late of Gardiner's Creek, Simons, was proved. She gives all her estate to John A. Sinclair of St. John, barrister, and to her sister, Jessie Fraser of Gardiner's Creek, in trust to hold the real estate for the sister for life, and after her death to pay it to her son, George C. Forbes of Gardiner's Creek, a farmer. The rest of her estate she gives to her sister Jessie. Such sister having died, Miss Fraser died intestate as to her personally. Her next of kin are two first cousins, George C. Forbes and William J. Forbes of East St. John, grocer; William Forbes of Boston, a son of Alexander Forbes, a deceased cousin, and the children of Peter Forbes, a deceased cousin, who reside in California. The real estate consists of a property at Gardiner's Creek valued at \$700; personally \$800. John A. Sinclair, the surviving executor, was sworn in as such. Kenneth J. MacRae is proctor.

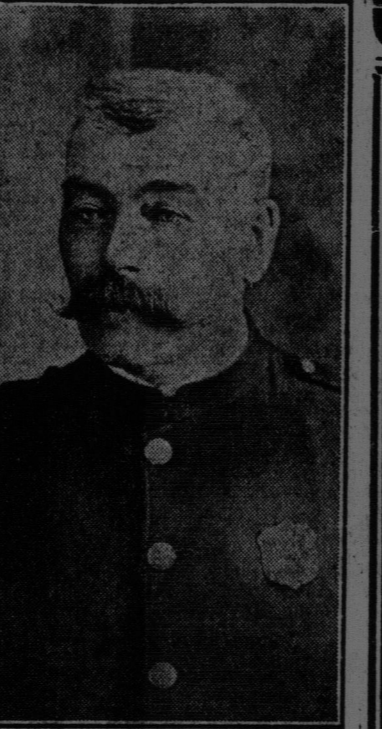

Bread Goes Up a Cent

Local Bakers Send it up on Strength of Increase in Flour Price -- Nine Cents to Consumer

The Bakers' Association announced that the price of bread will be increased one cent a loaf here on Monday next. This will make the price nine cents to the consumer. A prominent baker in conversation with The Times this morning said that this step had become necessary because of the great increase in the price of flour. On August 2 Manitoba flour was \$2.45 a barrel, but immediately thereafter sharply and rapidly advanced, and today the price is \$3.45 a barrel. Ever since August, this baker said, they had kept the price of bread down, although under ordinary conditions they would have been justified in advancing the price some time ago.

The bakers, he said, were sometimes criticized and unfair comparisons made. In order to make a fair comparison of bread prices in different cities in Canada it should be stated exactly what grade of flour was used in each case, and this was not always done. He said it was true that bread was sold a little cheaper in England than in Canada. This was due to the fact that flour was probably sold a little cheaper in England than in St. John, but it was also true that there was less expenditure in England for wages, rent, light and fuel.

AT HIS NEW POST

Ex-Sergeant Henry Kilpatrick

Former sergeant Kilpatrick, who recently resigned from the police force to accept a post as superintendent of the city watchmen at West St. John, Kilpatrick was on the police force for thirty one years having served under the late Captain Hawkins in the town of Portland, and later on the city police force. It was while doing service in the city that he was promoted to the position of sergeant, which office he held until the time of his resignation. During his long and faithful service he won the respect and esteem of many friends and was considered a first class official and a conscientious worker. His many friends will be pleased to hear that he likes his new occupation, and has inaugurated a new system which is a decided improvement over the old.

SOME COMMENT ON THE ESTIMATES

A correspondent asks how the mayor knows there will not be enough money to give the school board that \$10,000. He says the daily papers contain a notice, signed by all the assessors, giving the citizens thirty days from January 5 in which to send in true statements of all their assessable property, and therefore February 4 would be the earliest possible date on which the assessors could figure the correct amount on which taxes could be levied.

The correspondent contends that if the departments at city hall had kept their estimates below those of last year, as was done by the school board, there would have been no angry meetings in the board of trade. He also declares that the school board is more efficiently managing its affairs than the various civic departments are doing with theirs and that therefore if there is to be any further cut in the estimates it should be made at city hall and not by the school board.
