## GOOD THINGS COMING TO THEATRES OF ST. JOHN

### Prune Strike Broken at John Grier's Orphanage

#### Director Develops Humor in Child Tragedy of "Daddy Long Legs"

Humor, with tears that tread upon smiles, is the keynote of "Daddy Long Legs," screen version of the famous story by Jean Webster, in which Mary Pickford will be seen at the Imperial starting next Monday. In this, the first of the productions to be made by her own company, Miss Pickford, as "Judy Abbott," easily has the best role of her career. As a poor orphan child, ever helping those about her and making the most of her little means, she finally rises to wondrous heights.

How the pathetic little ones in the orphanage "carry on" when the hypocritical matron is trying to make them "show off" for the trustees of the institution; how they go on strike against prunes; and how "Judy Abbott" (the shining little orphan played by Miss Pickford) aided by a freckle-faced little boy, play tricks upon the matron's little boys, are only a few of the humorous episodes in which the picture abounds.

As well as being a picture which will tug at the heart strings of every parent, "Daddy Long Legs" will make the children and the childless elders laugh, for there are dozens of sweet and funny little children in it who play the parts of orphans in the great home where the early part of the action is laid.

## NORMA TALMADGE CONTINUED TONIGHT

### Imperial Theatre Will Extend Engagement of "The Probation Wife" One More Day

The splendid photoplay, "The Probation Wife," which attracted more capacity business to the Imperial yesterday, is to be held over again tonight and will be shown at the usual hours, 8 o'clock, 8:40, 7 and 8:45. There will be the Burton Holmes Travelogue, "Giantism," "The World," etc., as new features. Tomorrow Bert Lyell will be starred in "Blackie's Redemption."

## UNIQUE SHOWING

### A GREAT PICTURE

The crowds that filled the Unique Theatre yesterday and saw William Farnum in the 1919 version of "The Plunderers" were well entertained. This is one of Mr. Farnum's many screen successes, and in its 1919 form it is even more gripping. The star never leaves you a dull moment during the entire play. One man leaving the theatre declared, "Bill Farnum is there," and that expresses the pleasure derived from "The Plunderer." The play has been re-made and an added charm has been given to it.

## TO PENITENTIARY FOR FIVE YEARS

Montreal, July 30.—Five years in the penitentiary was sentence passed by Judge Choquette yesterday on Joseph Eugene Champagne, found guilty of forgery.

Champagne was accountant and cashier for the local branch of Wolf, Sayer & Heller of Chicago, and he had appropriated \$40,000 of the firm's money through forgery.

Champagne lost a lot of money in local theatrical ventures which he financed.

## COURT HOLDS BONE-DRY LAW IN N. DAKOTA NOT LEGALLY PASSED

Bismarck, N. D., July 30.—North Dakota's bone dry law was declared not legally passed by the legislature in an opinion of the state supreme court handed down yesterday in the case of the state against John Schmitt.

Schmitt was convicted in the lower court of bringing liquor into the state in violation of the law. He appealed on the grounds that the act was not legally passed and the supreme court upheld that contention.

## FOREST FIRES WORSE

Spokane, Wn., July 30.—Increasingly threatening forest fire conditions in the Lolo National forest on the Montana-Idaho state line, and in the Selway and Nez Perce National forests in Northern Idaho, were reported to the United States district forest service yesterday. So dangerous did the situation appear that a separate fire fighting organization has been formed.

### "BONNIE ANNIE LAURIE"

Tonight and Thursday the Star Theatre will present Peggy Hyland in the title role in the William Fox production "Bonnie Annie Laurie." The story of this picture fairly breathes of Auld Scotland. This feature has made a decided hit wherever shown, and should prove a big attraction for North End. Other subjects on this programme, "All Babs and The Forty Thieves," which was advertised for tonight, will not be shown until next week.

### SCHOOL CHILDREN AND TEACHERS ASSEMBLE TOMORROW

The second rehearsal of public school children for the choral welcome to H. R. H. the Prince of Wales will be held in the children in the High School assembly hall tomorrow (Thursday) forenoon at 10 o'clock, not Tuesday next as mistakenly stated in one paper. All children, even up to the highest grades, are requested to attend. The teachers and principals are to meet at the same time to confer with Dr. Emery, chairman of the trustees board, relative to the approaching celebration.

### CHICAGO DEAD NOW

#### 27; STREET CARS STILL IN THE BARN

Chicago, July 30.—Rioting between whites and blacks continued long after midnight and several casualties were added to the list of twenty-seven dead and hundreds of wounded. A large negro residence at 57th street and Wentworth street was burned by whites, but the occupants escaped.

Ten regiments of Illinois troops from Cairo, were reported on the way to Chicago to increase the available soldiers to more than 7,000, but none had taken up patrol duty, the city officials refusing to concede defeat and ask military aid.

### No Cars Today

Chicago, July 30.—Strike-bound Chicago today found hope of relief in the announcement that chiefs of the surface and elevated men's union planned a referendum vote of the entire union membership to determine whether the strike vote taken at last Monday's mass meeting should be sustained. It was said that another twenty-four hours was passed before the referendum vote can be completed.

Meanwhile the tie-up was as complete as yesterday.

W. D. Mahon, president of the International Union of Street Car-men, had been summoned from Detroit, before putting the referendum vote into operation. The conservative element believes this will result in showing that the vote does not represent the majority of the union membership.

### WINNIPEG T. AND L. COUNCIL VOTES FOR THE ONE BIG UNION

Winnipeg, July 30.—The split forsores for some time by those in the labor movement actually occurred last night when the Winnipeg Trades and Labor Council, by a large majority of the delegates, was understood to have voted for the one big union and ordered the secretary of the council to turn over all the council's property to the new organization. There were about 120 delegates present out of a total membership of about 300. Prominent members of the council declared after the meeting that it was not a representative one, as the tactics of the radical members towards those not in agreement with them were declared such as to keep away many of the delegates of the sane type.

### AN OPPORTUNITY THAT IS NOT BEING TAKEN ADVANTAGE OF

The Canadian Manufacturers' Association recently advertised the sailing of the S. S. War Beryl by the Canadian Pacific Ocean Services, Limited, from Montreal to Antwerp about July 29. Replies to circulars sent out would indicate that there is very little traffic offering. There are undoubtedly reasons for this but it is interesting to note that considerable quantities of manufactured products have moved from the United States into Belgium during the last three months. Some of the commodities forwarded are also manufactured in Canada, and the rates for cargo on the War Beryl are the same as those being quoted by the United States Shipping Board from New York.

The list of goods forwarded include: tobacco, cigarettes, leather, men's paperware, carbon paper, paper, glucose, methyl alcohol, glassware, cosmetics, cotton waste, cheese, lead, confections, macaroni, malt, boots, iron and steel, nails, cotton and khaki tissue, kit bags, cocoa and chocolate, motor cars, condensed milk, preserves, chewing gum, paper pulp, rails, agricultural machinery.

### SUBMARINE LOSS OFF AMERICAN COAST

## Got Your Home Mortgaged?

Then, of course, you'll pay off the mortgage in time. But suppose you should die suddenly—will the mortgagee foreclose? Or will your wife be able to meet the payments?

Even if she can pay off the indebtedness won't it make a big hole in her resources?

Well then, why not ensure its repayment, whether you live or die, by means of an Endowment policy for the amount of the mortgage?

Hundreds of men have adopted this method. It is the surest way yet devised for protecting the home.

It is said these will increase her majority. Mrs. Ramsland is the first woman to be elected to this legislature and the second to contest a seat. Her opponent, Mr. Whelan, a returned soldier, ran as an independent. The contest was caused by the death of Mr. Ramsland, husband of the successful candidate.

## SOME DIFFICULTIES OF SUGAR DISTRIBUTION

Ottawa, July 30.—Inconvenience caused by strikes in Canadian sugar refineries some weeks ago, coupled with the unfulfilled expectation of jobbers and buyers of sugar that there would be a drop in prices are factors which count in difficulties of sugar distribution at present, according to refiners. At a conference called by the Canadian Trade Commission, complaints were read from western fruit packers that eastern refiners were exporting sugar at profitable prices while the home interests were under a shortage.

The maximum amount that a letter carrier in Toronto can earn, it is pointed out, is \$1,200, including the bonus recently increased to \$420 a year.

The Evening Times and Star

ST. JOHN, N. B., JULY 30, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

REGENERATION OF RUSSIA. St. John owes a debt to Chantauqua. The remarkable series of addresses delivered during the last week, relating to Russia by persons who were there in war-time and could speak with authority, have given all who heard them a much clearer knowledge of the problems to be solved in Europe. Aside from any other feature, and all were very interesting, these addresses made it worth while to have Chantauqua come to St. John.

Discussing Bolshevism, the speaker pointed out that it did not come suddenly from the sky, or as a flash of lightning leaping across the sky; but came from the soil of Russia, as the product of one hundred and fifty years of misrule. The reason Kereskys failed was that he did not touch the question of land ownership, which is vital to the Russian peasant. Lenin and Trotsky saw this and told the peasant to take the land by force. This was not the right away, but it appealed to the peasant who had been so oppressed, and in the speaker's opinion this is the explanation of the fact that Lenin and Trotsky have been able to hold power as long as they have.

Montreal Herald.—"Mr. Gompers predicted a labor revolution if the United States went dry for beer on July 1st, but strange to say he sailed away to Amsterdam without waiting to see if such a terrible prophecy would be fulfilled. Being a close friend of the President he may have had assurance from Mr. Wilson that the executive powers would be exercised to prevent the catastrophe. So far the situation is still far from clear as to the state of the law, and Congress is passing a special law making it clear that no beer shall be sold under the war-time measure which was to become law on July 1st. Prohibition has, not been a revolution, Mr. Gompers was unduly apprehensive, perhaps owing to the fact that he was born in England where beer is as the ark of the covenant."

It is wise on the part of the city council to get as nearly as possible correct estimates of expenditures by each of the various celebration committees. This will prevent large bills for unauthorized expenditures. At the same time the citizens will support a generous policy for St. John must make the occasion one long to be remembered.

"Hard Belligerent" Smith asserts that his superior officers knew all about the cruel treatment of American soldiers at Prison Farm No. 2, in France, and that conditions were far worse in other camps. Our neighbors have their own share of sensations relating to the war.

Parents and teachers should do all in their power to aid Chairman Emery of the school board and those who are associated with him to make the children's welcome a notable feature when the Prince of Wales arrives in St. John.

THE TRUTH BROUGHT OUT. Sometimes a lie is overtaken before it has a chance to do much mischief. This is the case in regard to the falsehood the Standard sought to spread in regard to the Retail Merchants' Association and the roads.

A young woman, on being introduced to Sir Robert Ball, expressed her regret that she had missed his lecture the evening before.

WORKMEN'S COMPENSATION ACT, 1918

Notice to Employers of Labor. WHEREAS on the 17th day of April A.D., 1919, His Honor the Lieutenant-Governor and Council did by Order-in-Council bring within the scope of Part I of the "WORKMEN'S COMPENSATION ACT, 1918," from and after August 1st, 1919, the following industries, viz: "Persons employed in the woods in logging, cutting of timber pulp-wood, fire-wood, railroad ties or sleepers, river driving, rafting, booming, or the transportation of logs, timber, pulp-wood, fire-wood or railroad ties or sleepers."

LIGHTER VEIN. "Here, waiter ask the orchestra to play the Toreador song while I eat this steak. I feel like a bull-fighter."

Parents and teachers should do all in their power to aid Chairman Emery of the school board and those who are associated with him to make the children's welcome a notable feature when the Prince of Wales arrives in St. John.

Other provincial centres will be well represented here in the August celebration. There is the more reason that St. John should be neither niggardly nor slow in making its share of the event a success.

It is very evident that an influence not far removed from the present police court is being exerted to prevent St. John from getting a juvenile court. This is a regrettable development.

Hon. Mr. Veniot scored heavily yesterday. He "put it all over" the Standard. That forlorn Journal will now be compelled to break out in a new place.

Harvesting is now in progress in the west. The reports indicate a short crop of wheat.

RECENT WEDDINGS

**Freeze-Anderson.**  
Miss Clara May Anderson, daughter of Mrs. Elizabeth M. Anderson of Vancouver, was united in marriage to Frank Roy Freeze in Calgary on Wednesday, July 28. Mr. and Mrs. Freeze are expected at Mr. Freeze's home in Kings county early in September.

A wedding of much military and social interest was performed yesterday at the residence of the bride's father, W. H. Bell, 215 King street east, when his daughter, Miss Emma Bell, became the bride of Frank R. Bleyler, Q.M.S. with machine gun company, 11th infantry, 28th Division, A. E. F., and a resident of Chester (Pa.). The ceremony was performed by Rev. D. J. McIlhenny, the pastor of Central Baptist church in the presence of relatives and friends. Little Miss Jean Bell carried a basket of roses as flower girl. The bride was becomingly gowned in a sand colored suit of tulle with hat to match. Miss Alice Clarke, cousin of the bride, played the wedding march. An elaborate wedding supper was served and the happy pair left on a honeymoon trip for Prince Edward Island, the Annapolis Valley and southern cities, after which they will reside at Chester (Pa.), where Mr. Bleyler is a prosperous pharmacist. The father's gift to the bride was a valuable piano, and there were many nice presents of silver and cut glass besides substantial checks.

### WOMEN PLAN FOR THE CELEBRATION

Home Accommodation for Visiting Soldiers The Biggest Problem

The women of St. John to the number of about forty took initial steps in organizing for the coming entertainment of New Brunswick returned soldiers in the city on August 14. Mrs. G. A. Kuhring, appointee of the central executive, presided. No doubt the inclement weather had a deterring effect upon attendance but the discussion of matters brought up was enthusiastic, evidencing a lively interest in the task the ladies have willingly undertaken.

Mrs. Charles F. Sanford was chosen secretary and on the platform with Mrs. Kuhring sat Mrs. R. T. Hayes, wife of the mayor, Miss Amelia Halsey representing Mrs. A. J. Mulcahy, unavoidably absent, and Mrs. H. A. Powell.

Mrs. Kuhring explained the work it would be expected to organize and solicit housing accommodations, establish rest stations, information bureau and other comforts for the six or seven thousand returned men said to be coming for the celebration. While, perhaps, it might not be possible or necessary to provide beds and breakfast for all of this number—the military authorities expect to take care of two thousand

—yet the utmost vigor must be exercised in assuming the duty so that no stone will be left unturned in assuring the boys comfortable quarters. It would be most unfortunate condition and highly creditable to St. John if a thousand or even a few soldier-queets were to be crowded into the streets for lack of hospitality.

Mrs. Y. F. Smith moved that the services of the clergymen of the city be enlisted in advertising the need of accommodations among their congregations through the medium of the pulpit. Miss Fullerton seconded that motion.

It was agreed that a central bureau for the receiving of hospitality offers be opened and that the lobby rooms offered by the Imperial Theatre be thankfully accepted, Mrs. McNeil making a motion to that effect seconded by Mrs. Powell.

Miss Amelia Halsey offered the acceptable suggestion that each church parish in the city, of all denominations, be organized by workers of that particular parish to find out how many soldiers will be accommodated and the result of this canvass be posted in a systematic way in the central bureau.

Mrs. Kuhring thought that if the estimate of six thousand men made by the G. W. V. A. officers proves to be correct that such public places as schools, federal government buildings and others may be called upon to take care of the men at night as well as private homes and the military establishments.

As an auxiliary to the housing of soldiers in the homes of the people it was felt that there should be a system of rest rooms and hand-luggage check rooms as well as information offices. Accordingly ladies were appointed to take this matter up with Trinity Episcopal, Queen Square Methodist, St. James' Episcopal and the Women's Institute in the Congregational church to see if these properties could not be employed for the purposes as they are located at the points of traffic most convenient to the crowds on the coming occasion. It was stated that the Y. M. C. A., the Y. M. C. I., the Red Triangle and other such organizations will hold open house for the soldiers.

Above all things the ladies urged that fullest publicity be given the need of accommodation in private homes for our boys' brief stay as the city's guests. It was suggested that a list of names of homes be kept going in the papers published at stated periods so that all may see how the movement is progressing.

At the conclusion of the meeting Miss Amelia Green was appointed to organize the Hebrew ladies of the city and Mrs. J. W. V. Lawlor was appointed to bring about the co-operation of the Women's Institute of which she is president.

**Commercial Travelers Hustling.**

The commercial travelers with their usual aggressiveness are getting their branch of the joy day festivities into great shape. They are going to entertain the boys after 8 o'clock on the evening of the 14th in the large mess hall, South End, and the leading features will be a dance, supper and continuous vaudeville show. W. J. Wetmore, Fred McLean and Joe Pritchard report more than progress in the refreshment section of this affair; Horace Cole who is looking after the music is building a wonderful programme and all the other workers are meeting with unstinted generosity on the part of people approached. On Friday afternoon the "drummers" will meet in the board of trade rooms to discuss it all over and renew their efforts.

An arrangement is being made by the school board to provide badges for the children to wear during the celebration. The chief of the Chatham fire department has signified his intention of bring-

### GOVERNMENT TO ASSIST IN BRINGING SOLDIERS HERE FOR THE BIG DAY

At the afternoon session of the government yesterday, it was decided to assist in bringing the soldiers from outside points to St. John to participate in the dual celebration of August 14 and 15. The government guaranteed the local committee who appeared before them in the morning that it would contribute an amount to assist in the transportation of the returned men, which amount will be determined as soon as more definite information is received as to the number of soldiers who will come to the city from provincial points.

Efforts are being made to induce the railway companies to grant reduced fares. The committee asked the government to assist them in securing this concession of one-way fare or less from the railway authorities. In accordance with this, telegrams have been sent to Hon. Frank B. Carvell, the minister of railways, the general-manager of the government railroads and the C. P. R. officials at Montreal.

It is felt that in requesting this concession the government and the local committee are asking something that should be granted. The request is not an exacting one, and it is felt locally that the efforts of those interested will not be in vain as much will depend upon the decision of the railways for the ultimate success of Soldiers' Day.

### KENTUCKY WHISKEY IS BEING SHIPPED OVERSEAS

Louisville, Ky., July 30.—Exportation of Kentucky whiskey has begun as a result of the lifting of embargoes in the British Isles, according to dealers here. Large shipments from warehouses throughout the state are being made to England, Ireland and Scotland, exports so far having exceeded 20,000 barrels, according to reports.

The distillers are represented as desirous of disposing of the big Kentucky holdings before constitutional prohibition in January halts exportation.

#### R. W. HANINGTON TO BE

CHIEF C.N.R. COUNSEL

IN BRITISH COLUMBIA

Son of Late Judge Hanington and Brother of Mrs. M. G. Teed of St. John

The Daily Colonist of Victoria, British Columbia, of July 18th, announces the resignation of Robert Wetmore Hanington, K. C., city solicitor of Victoria. The paper also gives notice of his acceptance of the position of chief counsel for the Canadian National Railways for British Columbia. He will enter upon his new duties on Sept. 1.

Mr. Hanington has been city solicitor since Nov. 1, 1915, having succeeded F. R. Robertson, K. C., now of Halifax, N. S.

The mayor of Victoria says: "There is no doubt that Mr. Hanington has been one of the most able and efficient solicitors of the city of Victoria ever had."

Mr. Hanington is a New Brunswicker, and a son of Westmorland's shire town. He was born in Dorchester and is a son of the late Mr. Justice D. L. Hanington of the New Brunswick supreme court bench and a brother of Mrs. M. G. Teed and Mrs. Geo. E. Paynter, also of Major C. L. Hanington, now overseas.

Mr. Hanington is a graduate in arts of the U. N. B., and graduated in the L.L.B. course from Dalhousie College of Halifax. He commenced his legal career in St. John, N. B., in 1888. He went to the Pacific province in 1897.

The Daily Colonist of July 18th says editorially:

"While congratulating R. W. Hanington, the city solicitor, on the important new post which he has accepted, we cannot but regret that he is shortly to sever his relations with city hall. The honor which has fallen to his lot in being offered the chief legal representative of the Canadian National Railways in British Columbia is richly deserved."

"As city solicitor he has been a tower of strength to the municipality and has proved an admirable custodian of Victoria's interests."

"He is a municipal lawyer, well equipped for the task, as his record here of nearly four years goes to show."

"His ability and efficiency have been evidenced again and again, and a range of experience which he has been able to bring to bear upon the problems he has had to wrestle with has always stood with him and incidentally the city, in good stead."

"When Mr. Hanington leaves here the city will lose a most valuable lawyer, who gives the closest study to the af-

#### MOTHER TAKES LIVES OF HERSELF AND CHILDREN

Nelson, Ohio, July 30.—Several hours before authorities were to remove them to the Athens County Home yesterday, several children, six weeks to ten years old, were found with their mother, Mrs. M. St. Navis, burned to death or asphyxiated in their home at Kimberly, a small mining town near here.

The children were tied to their beds and coal oil had been sprinkled over the room.

It is supposed that worry over the separation caused the mother to destroy herself and the children.

FLYING MACHINE MAY REVOLUTIONIZE GAME

New York, July 29—John McGraw writes in the Herald: I see by the paper, as Mr. Dooley used to say, that Tommy O'Mara, a former Connecticut league baseball player, flew 120 miles from Colomby-le-Belles to Treves to umpire a game between teams of the Seventh Division in the American army of occupation. It seems to me that this is a slight hint of what aviation may do for baseball in the future.

It took a good many years to evolve such ocean greyhounds as the Mauretania from the little Santa Maria in which Columbus crossed the ocean, but it does not look as if any such time would be needed to evolve airplane liners now that the first hop over the water has been made.

In a comparatively short time we probably shall see passenger planes capable of speed of a couple of hundred miles an hour and with a carrying capacity of forty or fifty persons. When these get to be common enough so that their cost and running expenses will not be prohibitive, think of what a difference it may make to baseball!

It certainly will make the job of conducting schedules an easy one. At the present time trains and distance have to be considered as the major factors in the making of a schedule. In a comparatively short time we may be able to form a League of Nations, with London, Paris and Rome as members. In that case, however, I fear that we should either have to export a lot of players or else have a one-sided race. Baseball is still a strictly American game.

W. Penney of Newfoundland, deputy grand master.

Neil Stewart of Nova Scotia; C. D. Wright of Prince Edward Island, and George Langley of Newfoundland, were among the lecturers elected.

PROFITEERS UNMOLESTED.

(New York Sun.)

The universal cry is against profiteering of which there is abundant proof in all these countries, as there is today in the United States. Against that abuse it should not be impossible to adopt measures that will check it if not stop it. Yet the food extortioners and profiteers are permitted to go unmolested while lawmakers and official bodies solemnly discuss why nothing can be done.

Put Vim In Jaded Muscles

By stimulating and arousing the circulation with light applications of Absorbine, Jr., rubbed in thoroughly. This invigorating liniment acts quickly and surely. It is fragrant and pleasant to use—leaves no greasy residue on the skin.

As Absorbine, Jr., is a powerful germicide as well as a liniment, it is effective for prophylactic and aseptic uses; it destroys the germs in cuts and sores; it may be diluted and used successfully as an antiseptic and germicide for the mouth and throat.

Athletes will find it efficient for limbering sore, stiff muscles. A good formula for a rub-down is one ounce of Absorbine, Jr., to a quart of water or whisky.

This, he said, the government was not prepared to do because it would be only a temporary measure. More Home From Siberia. Vancouver, B. NEW PLAN FOR DIVISION OF THE BASEBALL MONEY

Cincinnati, Ohio, July 29—The National Commission yesterday announced that the club members of both the National and American Leagues had voted favorably on a new plan for distribution of the players share of the world's series.

The plan provides that the first three teams in each league will participate in the division of the money.

Sixty per cent of the world series receipts for the first four games will go to a pool which may be augmented by fifty per cent of the players' share of any inter-city games played between the teams finishing second and third in both leagues.

Seventy-five per cent of this pool will go to the teams participating in the world's series, sixty per cent of this to the winner and forty per cent to the loser. The remaining twenty-five per cent of the pool will be apportioned between the second and third teams in each major league.

The Phillies are not for sale. If any one comes along with \$750,000 he can buy the club but it is not on the market. The talk of dissatisfaction among the stockholders is all bunk, and even if it were not I control the club and will continue to do so for the next two years."

Fifty per cent of the players' share of the receipts of all post-season games between the second and third teams in the National and American Leagues shall be divided between the participants sixty per cent to the winner and forty per cent to the loser. The other fifty per cent of the players' share will go into the pool.

Players taking part in the world's series and post-season games must have been under contract to their respective clubs on August 31 previous to the series.

THE SOLDIERS' GRATUITY. To the Editor of The Times: Sir—The government seems to be giving very little attention to the returning soldiers' request for that \$2,000 gratuity. I can in no way benefit by this bonus being granted but nevertheless I am much interested in it as it is simply a demand for living and building up instead of for idling and pounding down and an anxious to know how much cash I can get out of it.

Where would that billion dollars come from is one of the seemingly big questions that is now being passed around. Of course we all know that Canada has been caught in the net and dragged down deep into the bondage of war tax and is no longer a refuge of those seeking to escape such burdens, but where are the divers who saw enough pearls on the bottom to carry on the war indefinitely? Did the pearls vanish when peace returned or have the divers become less venturesome? Where are the politicians who but a short time ago were offering war every man and every dollar? Surely the giving of one billion dollars to help build up Canada, to educate Canadian children, etc., could not bring about such awful conditions as the sacrifices and bloodshed which are being imposed upon Canada in order to supply all the possible needs of war.

And then there are those who are not helping to destroy the money would not help to destroy French and Belgian homes now lead Canadian soldiers to the hellish tortures of war which made a madhouse of Europe.

When it is peace it is "your boy and my boy." When it is war it is "our boys" but like so many of war's phrases there is no truth in this short sentence. The fact is that when it is war they are war's boys. Loved ones cannot claim or save them from the war in any way. Bernadette Vallier was carried to her church and she walked out unaided, is the summary of the event as related by Mr. Walsh, who declared that from what he saw, he had no doubt the cure was miraculous.

WHAT QUEBEC OWES TO AGRICULTURAL EDUCATION

(Montreal Herald.) This province is attaching as much importance to agricultural education these days as any other province of the Dominion. And the reason is that the results obtained from the activity along the lines of agricultural education in the past merit their extension in the future.

Since 1914 practical teaching of horticulture has been a feature of the teaching in primary schools in Quebec. It is estimated that in fourteen years no less than 61,568 pupils have been taught in the schools the rudiments of horticulture. They might only have been elementary principles, but those who have been watching the development say that this early training has aroused the natural curiosity of the school children, and left on their minds favorable impressions and ideas regarding the cultivation of the soil.

In Quebec housekeeping schools are located in different parts of the province. These schools carry out a programme of housekeeping adapted to the requirements of the people in their homes. Everybody testifies that these housekeeping schools are doing splendid work. In 1905 there were only two of these housekeeping schools, one located at Roberval and the other at St. Paschal. These schools received \$8,800 in grants. Today there are more than fifty housekeeping schools in Quebec, and an annual grant amounts to over \$200,000.

In Quebec agricultural experts are sent around the province to give the farmers in their homes the benefit of the latest improvements in agricultural practices. These experts are called district agronomists, and their work is altogether apart from that of the agricultural college. It is felt that the influence of the agricultural colleges is mainly felt among the young people, but the district agronomists instill agricultural knowledge not only among those too old to attend agricultural schools, but also among those who cannot afford leisure to be present at lectures or demonstrations. In Quebec, no farmer has any excuse for not adopting the best means of culture, because under the policy of the minister of agriculture, Hon. Mr. Caron, agronomists are attached to different districts, and as they visit the farmers at their homes, they give

consultations, lectures and look after the interests of agricultural associations. The short courses of agriculture constitute another sign of agricultural progress in Quebec. An itinerant school goes through the greater part of the province. Over 1,000 lectures are given each year in the rural centres, and it is estimated that 100,000 persons benefit from these agricultural courses annually. In some of the important agricultural districts, the agricultural courses last a week, taking place at the rate of three sittings a day. Sometimes there is more than one lecture to a sitting. The farmers of each district make it a duty to attend these lectures in large numbers, the average attendance being eighty-six.

These, among other reasons, explain why Quebec is making progress in her agricultural development.

WATERLOO HERO WAS HER FATHER. A correspondent writes to the London Times:— "A link with the past of the British army has been sounded by the death, at an advanced age, of the Hon. Lady Montgomery-Moore, the wife of a distinguished general, Sir Alexander Montgomery-Moore, who died only a few months ago. She was the last surviving daughter of John Colborne, afterwards Field Marshal Lord Eaton, whose brilliant charge per cent to the military secretary. She had known the Duke of Wellington well, and in more recent times, Lord Wolseley.

"Her mind remained to the last extraordinarily active, and she would always talk of her new books. If her interest was most in the events of the Peninsula War, it extended also to many other sides of life. She must have left on all who knew her the impression of a deeply religious and reverential nature and of a singularly decided and stimulating mind."

WHERE ALIENS SCORE. (Toronto Globe.) The despised alien begins to score. A large proportion of the miners of the anthracite districts consists of men of southeastern Europe who were formerly Austrian subjects, and as such were regarded with hostility in the United States as well as in Canada. Most of them were only nominally Austrians. The Slovaks and Croats especially were sympathizers with the movement for the emancipation of the Slavs within the empire and resented the attitude taken toward them on this side of the Atlantic. Now they are going back to their newly-freed countries, and the people who despised them, and in some cases demanded that they be expelled, may feel the pinch of cold this winter and begin to believe that, after all, the enemy alien had his place in the scheme of things.

Representative Bacon Slimp said in Richmond the other day: "There's something ghastly about German resourcefulness, something that reminds me of Bill's silk hat. Bill was on his way to Joe's funeral in a resplendent silk hat. A friend, also on the way to the funeral, met him and eyed the tulle enviously: 'Where did you get it, Bill?' he said. 'You don't own a tie—I know that.' 'Sh!' said Bill. It's poor Joe's. I borrowed it off the widow."
