BORDEN'S NEW LEADERS AND THEIR IDEALS

Conservative Alliance With Nationalists to Win Quebec—Some Frank Declarations of Policy

(Halifax Chronicle)

The announcement made in our Ottawa despatch on Saturday that the Borden government is planning a peculiar publicity campaign for the purpose of cementing the alliance with the Nationalists and holding in line the supporters of that party to whom, in large measure, Mr. Borden owes his return to power and his present majority, in the House of Commons, of great significance to the people of Canada, and for this reason, it serves to call attention to the power which the men whom Mr. Borden has accepted as his political belief-holders in the province of Quebec, exercise upon the policy and administration of the country.

These "new leaders" of the Conservative party who have dictated the present policy of contribution may well rejoice in the triumph which they have scored. Let us turn to their speeches to the electorate of Quebec in the last general election campaign to learn what motives inspired them and what policies they aim to enforce in Canada towards the Empire. One of the most prominent of these new leaders, is Albert Bérigny, who outlines his policy towards Britain and all things British in these significant words:

"The Laurier cabinet is a cabinet of imperialists who want to sacrifice Canada's interests and plunge into war with which we have nothing to do. The navy bill is an attempt by Ontario and the provinces of the west to extort from the people of Quebec a contribution which has England done for you? She has no need of your help, she is strong enough to defend herself. You must protest against helping in her wars; unless you do, conscription will come next."

The navy belongs to His Majesty. Is that a Canadian navy? Who is His Majesty? Have we any majesty here? This navy is wanted by the Lords of England, who will not pay taxation there, and are striving to get it out of the colonies."

Premier Borden's colleague, Deputy Speaker Blondin, now officially stated that one of the hopes and what policies of the new Conservative, is even more outspoken. He has announced his ideals and policy in these words:

"You are attempting to intimidate the electorate by shaking the English flag before it and by saying that we ought to contribute to the defence in all places and against all people of this protector (Britain) of our constitutional liberty, but we will not be made to forget that in 1837 it was necessary to bore holes in this flag with bullets in order to breathe the air of liberty. . . . We owe nothing to Britain. England did not take Canada for love or to plant the cross of religion, as the French did, but in order to plant their trading posts and make money. The only liberties we have are those we won by force, and today England tries to dominate her colonies as Imperial Rome once did."

Remember, England are the men who have been entrusted by Premier Borden to bring about the downfall of Liberalism in Quebec. Should they succeed it is not hard to imagine the reward they would demand for their work. Think it over!

Sometimes during the spring cleaning operations a good piece of furniture is burned. If the injury is severe a cabinetmaker should be consulted, but where the wood is only dented, and not broken, the marks can generally be removed by home treatment. First wet that part with warm water, then double a piece of brown paper several times and place it over the blemish; now press with a heavy warm iron, leaving it on the paper until the moisture has evaporated. If one application is not successful it must be repeated.

are being reared just outside of the town boundaries. In the opposite section of the city Regent and Adelaide streets are the scenes of great activity. New buildings are going up in fives and tens and the residences are the sort of which Amherst may be justly proud. The vacant lots which lie along Academy street are also in the hands of building contractors and everywhere stone, cement and lumber is seen. The Highland district is on the boom and many houses are now under way or have been partially completed. Taking it all together Amherst will have more money expended in real estate this coming summer than ever before.

A SEVERE SICKNESS LEAVES THE KIDNEYS WEAK

After recovering from a severe spell of sickness some time ago, I was all run down and suffering from poor blood, I would have pains in my back and hips and my kidneys bothered me all the time. I started taking Swamp-Root upon the recommendation of a friend and found it was just what I needed. My blood became all right and after taking a few bottles, I was surprised at the effect it had on my kidneys. They were entirely cured and I have much to be thankful for that your great remedy did for me.

Yours very truly,

INFLAMMATORY RHEUMATISM

Completely Cured by GIN PILLS

Mr. W. G. Reid, of Hamilton, Ont., one of the best known and most highly respected commercial travellers in Canada, was a cripple from Rheumatism and suffered terribly. GIN PILLS cured him. Mr. Reid writes as follows: "I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and I am now cured. I consider GIN PILLS the conqueror of Rheumatism and Kidney Disease."

Gin Pills is sold with a positive guarantee to cure or money promptly refunded. 25c a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto.

The commercial traveler had four minutes in which to catch his train. "Can't you go faster than this?" he asked the tram-conductor.
"Yes," the bell-ringer answered; "but I have to stay with my car."

No Need of Being Old or Wrinkled Before 75

Lillian Russell says any woman who has wrinkles before she's 75 is herself responsible for them. Sunshine and fresh air she considers more valuable as complexion preservers than nostrums and cosmetics.

The chief objection to cosmetics is that at best they only temporarily cover up defects. There are certain true aids to Nature, which may be applied with directly opposite effect. Ordinary mercurial wax, for instance, actually recedes a bad or oldish complexion, by gradually, almost imperceptibly, peeling off the worn-out scurf skin. Just one ounce procurable at any drug store, will soon unveil an entirely new and natural complexion, with an exquisite girlish color. Of course cutaneous blemishes, like pimples, freckles, fine lines, moth patches, liver spots, disappear with the discarded skin.

To prevent or remove wrinkles, a face bath which also produces natural results, is made by dissolving an ounce of powdered saxolite in a half pint witch hazel. This is immediately effective and gives no untoward after-effect.

RATHER DULL AT EASTPORT
Eastport, May 21—Very few fish are being received at the sardine factories these days, as thus far the season has been unusually quiet. The prospects for work in the canneries are not bright, at any rate, before fall. The laboring people of Eastport and vicinity are facing a serious problem after a long winter of illness. Those who could secure work in the Chamcook factory have gone there. Others have taken up hand line fishing in the harbor, by which they are also able to earn a few dollars each week. The situation is a difficult one for many of them to face, however.

Porton, Carleton Co., N. B., May 20 (Special)—"I find Dodd's Kidney Pills the best kidney medicine I have ever used. They have been of untold benefit to me."
The speaker is Mrs. John S. Dickinson, of this place. She is enthusiastic in her praises of the great Canadian kidney remedy, and not without reason. "I suffered from kidney trouble that started in a cold," she continues. "And for four years I was never free of it. I was treated by a doctor, but he did not seem to be able to do me much good. "I had rheumatism and neuralgia and my joints were stiff; my muscles cramped, and I was always tired and nervous. I perspired freely with the slightest exertion. I was depressed and low spirited, my limbs swelled, and I had a dragging sensation across the loins. "Nine boxes of Dodd's Kidney Pills made a new woman of me."
Are not Mrs. Dickinson's symptoms those of any run-down worn-out woman? They are also the symptoms of kidney disease. Dodd's Kidney Pills give new life to run-down women by curing their kidneys.

Don't Diet Yourself TO DEATH TO CURE DYSPEPSIA OR INDIGESTION. IT ISN'T NECESSARY.
While it is necessary for the dyspeptic to abstain from rich, greasy, highly seasoned food, it is useless and injurious to deprive the sufferer of a full supply of good nutritious food sufficient for the needs of the body.
Weakening the body will never remove dyspepsia, on the contrary, all efforts should be to maintain and increase the strength.
Burdock Blood Bitters will increase the strength, and at the same time enables one to partake of all the wholesome food required, without fear of any unpleasant after results.
Miss Martha A. Brooks, Gagetown, N.B., writes:—"I have been troubled with indigestion for more than seven years, have tried several doctors and different medicines, claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. I have taken only one bottle, and that one has done me more good than all the other medicines I have used. My appetite, which was very poor, is now good, and I can eat most everything without any disagreeable feelings."
Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BRITISH PROSPERITY
They are still talking in England about the financial statement made by Mr. Lloyd George, chancellor of the exchequer, in his budget speech. He was able to point out that despite the coal strike, the bad harvest and the trouble in the Balkans, last year was the most prosperous in the history of British trade.

MAKING FOR PEACE
Sir Edward Grey, the British foreign secretary, sent a message to the Peace Society in London yesterday, to the effect that there are greater causes for working for and strengthening the cause of peace than of war.

A REMINISCENCE
In its old-time stories the Halifax Recorder on Saturday last published the following paragraph:—
"By the arrival at St. John, on the 1st of August, 1850, of a barque called the Mary, 30 days from Dublin, newspapers were received that contained the intelligence of the death of George V, which event had taken place on the morning of the 26th of June. The Mary having the small-pox on board was obliged to undergo quarantine; but by the politeness of the health officer, who furnished the newspapers, the headline touching the death of his majesty were gathered and speedily laid before an anxious public."

CENTURY OF PEACE
The celebration of one hundred years of peace among English speaking people is likely to be marked by the erection of suitable monuments in England and on this continent to be identical in design and inscription. It is also proposed that chairs of British-American history be established in England, the United States and Canada, with interchange of professors and establishment of scholarships.

BIRTHDAYS OF NOTABILITIES

WEDNESDAY, MAY TWENTY-ONE.

Colonel, the Hon. E. G. Prior, a prominent figure in the political life of British Columbia, is sixty-years of age today. He is a native of Yorkshire, England, and went to British Columbia as a mining engineer.

The Hon. J. H. Barry, of Fredericton, Judge of the Supreme Court of New Brunswick since 1909, celebrates his fifty-fifth birthday today.

Thomas McDougall, retired general manager of the Quebec Bank, was born seventy years ago today at Three Rivers. His active career was spent in the service of the bank.

IN LIGHTER VEIN

A GLAD CONSENT.
"Do you consent to my marriage to Sam, Father?"

"Yes, my daughter," said old Jacob, "but I can not let you leave me. You are mine only child, and you and Samuel must live here with me old folks. You can have that second-story front room for twenty dollars a week."

WHAT HE WANTED IT FOR.
"I wish I had money enough to get married," he remarked.

"I believe in taking the world as I find it," remarked the plutocratic promoter of great trusts.

A CONTINUOUS PERFORMANCE.
"I believe in taking the world as I find it," remarked the plutocratic promoter of great trusts.

JUST POSSIBLE.
"I don't understand why we seem to be growing tired of each other," said a husband of but a few months.

WUFF!
"I went to the races at Lexington last week," said the captain of his house.

KEEPING FAITH.
"Ye—we got two good loads of silver—but look—it's the captain's house we've robbed!"

Mr. Borden in Toronto threatened the senate with dire results from his wrath if it should dare to reject the naval bill.

An appropriation of \$50,000 in the supplementary estimates for the extension of the breakwater to Partridge Island would appear to be an indication that the extension is to be proceeded with in a laudably prompt manner.

The Emperor of Germany has pardoned three British spies who were serving terms in prison. The fact is another evidence of the better feeling between England and Germany.

There is to be another race for the America cup. Sir Thomas Lipton's challenge has been accepted by the New York Yacht Club.

A letter from Centreville says that potatoes are worth 70 cents per barrel there, while the Port Fairfield, Maine, Review quotes \$1.50 as the price in that town.

The Convention of Sanitary Services of the Province of Quebec recently passed a resolution asking that all schools in the province be placed under the inspection of medical men, and delegations will interview both the Catholic and Protestant councils of public instruction, urging regular medical inspection of schools.

The citizens of Bangor take their baseball seriously. Thus the Commercial says in an editorial paragraph:—"On Wednesday, weather permitting, the Maine-New Brunswick league will open in this city. We join with local enthusiasts in hoping that the Bangor team will start off and continue a pennant winning clip, but in case the first few games result disastrously it must not be forgotten that the management has been obliged to gather a team in a week's time and has been obliged to take many of the players on faith without knowledge of their abilities. Do not let the loss of a few games at the start, should such come, cause a censure of the management, for it takes time to evolve a winner in any line, baseball not excepted."

BROWN BETTY TEA ROOMS OPENED

Many Patrons on First Day—Cosy Rooms, Prettily Furnished and Excellent Cuisine Win Instant Approval

Many people from different sections of the city yesterday afternoon and last evening dropped into the Brown Betty Tea Rooms opened yesterday for the first time by Miss Elizabeth M. Furlong, at 35 Charlotte street. They were particularly pleased at the cosy, comfortable appearance of the suite of rooms situated in the second floor of the Furlong building at the corner of Charlotte and North Market streets, and it is a safe prediction to say that it will be a very popular resort for afternoon teas, dinners and after theatre suppers. Invitations had been issued for the opening, and, in response to these, many people paid a visit to the new tea rooms and were charmed with the home-like atmosphere, the nicely furnished rooms, and the excellence of the dainties provided upon the menu.

The tea shop is situated on the second floor of the Furlong building, and consists of a large room about sixty feet by forty feet, and a smaller room about thirty-five feet by twenty, with a total seating capacity of upwards of 100. The rooms are decorated simply but in excellent taste. Blue is the predominating color, and the curtains in the many windowed rooms, which are papered in golden brown, and the china used in the various services, are of a pretty delf blue. The tables in both rooms will seat two, three or four, as the patrons may require, and there are numerous and attractive corners where those so inclined may sit and sip their tea, watch the passersby or discuss the latest gossip.

The rooms are well lighted, the larger one with six large Gothic windows, gaily decorated with the prettily colored blue curtains, and the smaller room with several windows, which look out on King Square. The latter is a very cosy little room, which may be had for private dinner or tea parties, or where the guests may sit in the warm summer evenings and listen to the band music in King Square. In the evening illumination is provided by several large globe lamps in the centre of the rooms, with smaller lamps of artistic design placed along the walls. Two large brick fire places lend an air of cosy comfort to the larger room.

In one of the apartments will be conducted a modern library, where for a penny a day the latest books may be borrowed. Later in the season an orchestra may be provided in connection with the tea rooms, and this will still further to their popularity.

\$250,000 EXPENDED IN AFRICAN MOTION PICTURE PROJECT

The Paul J. Rainey African Hunt Pictures illustrate in detail the famous expedition of Paul J. Rainey, the well-known Canadian hunter, who at an expenditure of \$250,000, conducted the greatest hunting party known in the world's history. The story of his other hunters, who in the past penetrated the most inaccessible portions of Africa in search of big game, employed in his endeavors, the aid of one hundred American dogs. These dogs were first trained to hunt big game in the case-brakes of Mississippi and Louisiana. Their wonderful courage so impressed Mr. Rainey that he felt sure that the dog and not the lion is the king of beasts. To prove this, he set out from America for Africa, and the story of the achievements of these dogs is told in a series of marvelous motion pictures, which will be seen at the Opera House next week beginning Monday.

Among the many pictures taken is that of a water-hole, which is said by Professor Osborne, President of the American Museum of Natural History, and Dean of the Faculty of Pure Science at Columbia, to be the greatest contribution to natural science of the past decade. The pictures of the water-hole were taken after a photographer had spent three days in a tree, waiting for the animals to emerge from their jungle homes. Here are shown such animals of the jungle as zebras, elephants, rhinoceroses, giraffes, deer, monkeys, etc., who come down to the water-hole to lave their thirst and bathe. From the pictures of these animals it would appear that an amicable or truce exists between them, and that the water-hole is neutral ground, where the animals meet, with an understanding that so long as they are there, they shall respect each other's peace.

Aside from the serious character of the pictures, many laughable scenes are shown, showing that the wild animals have a sense of humor. There are also many domestic touches, which are almost human in their character. As the pictures are displayed, a lecturer will explain in detail their character and the circumstances of the expedition from its inception until its termination.

HIGH MEDICAL AUTHORITY

"The Journal," the official organ of the American Medical Association, the organization of physicians of the United States, in a recent article lists a number of things the family medicine chest should always contain to be used in emergencies before a physician can arrive. One of the most important in the list is a good whiskey.

The great value of a good whiskey in emergencies has always been recognized by the medical profession. The stimulation afforded by whiskey has many and many a time been the means of saving life. In cases of accident, shock, or acute illness it may mean the difference whether or not you have it on hand.

But the whiskey you use should be good and pure. Duffy's Pure Malt Whiskey is made for the home, the hospital and the sick room. It is solely a medicinal whiskey. It is made from selected grain and the distilling process is carried so far that it exceeds in purity the requirements of the United States Pharmacopoeia. It is the best whiskey for you to have in the house, because it is for medicinal purposes.

Be sure to get Duffy's. Sold in sealed bottles only by druggists, hotels and dealers. Write our doctors for free advice and a free illustrated medical booklet. The Duffy Malt Whiskey Company, Rochester, N. Y. The Canadian Drug Co., Ltd., Local Distributors.

CANADIAN INDUSTRIES FOR LARGE DIVIDENDS

On May 14th, when the MADE-IN-CANADA train was formally opened at the Windsor street station, Montreal, by Mayor Lavallee, before starting on its transcontinental tour, Mr. David McNair, Vice-President of the C. P. R., stated in his address that there were not enough factories in Canada to supply home market demands. He gave as a case in point, the fact that the C. P. R. was compelled to enter the locomotive manufacturing field on account of the Canadian factories being unable to supply the demands of the road.

MOTOR TRUCKS FOR COMMERCIAL USES

The Montreal "Star" of May 12th, 1913, says: "CANADIAN DREDNOT MOTOR TRUCKS, LIMITED, is making an issue of PREFERRED STOCK. Since its formation, the business of this company has grown to such proportions that they have been compelled to make a further issue of their PREFERRED STOCK, for the purpose of erecting a much larger factory than they at present occupy."

The DREDNOT MOTOR TRUCK has come to stay. Merchants, manufacturers and others have found that "It Delivers the Goods." The horse cost of living is too high; and in a few years from now the horse delivery wagon will be a thing of the past.

We know of no industrial concern of its size in Canada that has such a great future as the CANADIAN DREDNOT MOTOR TRUCKS, LIMITED. We have analyzed the business very carefully, and in placing this investment before our clients we believe that this is the best offering our house has ever made.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, MAY 21, 1913

HE NOW BELIEVES IN "FRUIT-A-TIVES"

Because He No Longer Suffers
With Headaches

Taylorville, Ont.
I was a sufferer from fearful headaches for over two years. Sometimes, they were so bad that I was unable to work for days at a time. I took all kinds of medicine, was treated by physicians, but yet the headaches persisted. A short time ago, I was advised to try "Fruit-a-tives" and I did so, with I must confess, very little faith. But after I had taken them for three days, my headaches were easier and in a week they left me.
After I had taken a box of these tablets, my headaches were quite cured. My appetite was always poor and my stomach bad—and now my appetite is splendid and my digestion excellent. I had become thin and weak from the constant headaches, but now not only have I been cured of all these awful headaches, but my strength is growing up once more and I feel like a new man.

On the shady side of 140 Pounds

If your weight exceeds 140 lbs. the tell-tale scale urges the wearing of the La Diva No. 809 corset known as the "NU MODE" sustaining.

This corset not only improves the appearance by reducing the abdomen by as much as six inches, while helping a graceful and erect figure, but it gives great comfort either sitting or standing—freedom from pressures which soon turn to pain—freedom from breaking over the hips—these qualities being assured by their patented construction. Its price is only \$4.00.

Many imported so-called reducing corsets, which on account of customs duties are sold at from \$1.00 to \$3.00 more than the NU MODE are neither as comfortable nor as stylish.

There is a D. & A. or a La Diva model for every figure. Our catalogue, sent free on request, will help you to choose the best for yours.

BIG INCREASE IN ESTIMATES

\$23,000,000 in Supplementaries,
Making Total of \$202,000,000
With Railway Subsidies Yet to be Brought Down

Ottawa, May 20.—Supplementary estimates for the current fiscal year totaling \$23,470,816 were tabled in the commons this evening by Finance Minister White. There are some substantial votes for St. John.
The main estimates called for a total expenditure of \$179,152,183. When the supplementaries just brought down are added to this amount it will be seen that the total authorized expenditure for the current year amounts to the huge sum of \$202,622,999. This is an increase of \$88,000,000 as compared with the estimates passed by parliament last session. It is a record jump and indicates that the Rogers system of politics is beginning to strike its stride.
In addition to the expenditures provided for in the main and supplementary estimates, it is to be noted that the government has yet to bring down the railway subsidies which will run up, it is expected, well into the millions. There is expected further legislation granting the Canadian Northern Railway by way of subsidy and loan something like \$23,000,000. Finally there is the \$30,000,000 naval contribution not included in the estimates. Altogether the government is well on its way toward a \$300,000,000 budget.

A prosperous merchant was just beginning to recover from a severe attack of typhoid. Finally his nurse told him that he might have something to eat. Visions of a modest roast—an egg, some toast, and maybe a custard—occupied the patient's mind, only to be rudely dispelled as the nurse appeared with a spoonful of tapioca pudding. "And the doctor emphasizes that everything you do must be in the same proportion," she said as she left. In a short time a frantic ringing of the bell brought her hurrying to the room. "Nurse," gasped the man, "bring me a postage stamp. I want to do a little reading!"—Everybody's Magazine.

VARICOSE VEINS ABOVE ANKLE

Broke Into Sore, Itched and Burned
So Badly Could Scarcely Sleep,
Red and Inflamed, Cuticura Soap
and Ointment Entirely Cured.

217 Greenwood Ave., Toronto, Ontario.—
"My trouble was varicose veins above my ankle. It broke into a sore which was painful. The sore itched and burned so badly that I could scarcely sleep. The skin around it was red and inflamed. I could not wear a shoe for eight weeks. I tried several ointments but they didn't seem to do it any good. Then I was recommended to use Cuticura Soap and Ointment. I bathed with the Cuticura Soap and put a little Cuticura Ointment on and they gave the greatest relief. In a few weeks the sore was entirely cured." (Signed) Mrs. MacGregor, Feb. 21, 1912.

SALT RHEUM ON BABY'S HEAD

Woodstock, Yarmouth Co., N. S.—"My baby was about three weeks old when he had salt rheum on his head and forehead. It began in a little fine rash, which came on his head and down over his forehead and formed a hard, brown crust. It looked terrible, and it must have bothered him quite a lot, as he would not sleep. I used to wash him with the Cuticura Soap and hot water and put the Cuticura Ointment on, and in three weeks his head and forehead were clear. He is now too healthy of the Cuticura Ointment and Cuticura Soap." (Signed) Mrs. George B. Allen, Nov. 18, 1911.

That "SKUNKY" Taste in Some Beers is caused by the action of Light.

"Beer acted upon by light soon takes up the very disagreeable so-called 'light-taste,' and also a repulsive skunk-like odor. Beer so affected is offensive to the palate of most consumers, and there is probably nothing that will influence them more against any brand of bottled beer than to have once tasted beer possessing this 'light taste' to a marked degree. The presence of this defect, however, is not always the bottler's fault, as the consumer himself very often lets the beer stand in the light. But the consequences must usually be borne by the bottler."

Extract from "The Beer Bottler's Handy Book," published by the Wahl-Henius Institute of Fermentology.

LACROSSE

The Toronto Teams

With the Big Four Lacrosse season but a week away, both Toronto teams had their first practice on Saturday afternoon...

No less than twenty blue shirts were on hand at Scarborough Beach, including every player of last season's squad...

Harry Hyland of Montreal, who was traded for Buck Marshall, was brought up by Donahue, and did some good work.

Among those out were Querrie, Macleod, Rountree, Yeaman, Guy Smith and several others of last year's squad.

Some of the new-comers were: Carmichael, of last year's Eaton team; Stevenson, of Mattlands; and Orpie Winters, who tried out within the Indians last season.

WRESTLING

Zbyco-Le Marin

George Kennedy, manager for Le Marin, left Montreal last night for New York to meet J. H. Herman, Zbyco's manager to complete arrangements for the meeting of these two wrestlers on Saturday night at the Arena.

At the meeting tonight the men will come to an agreement over the referee. More than a dozen men have been suggested by both sides, which includes some of the best known officials at this business.

Kennedy will return on Wednesday while Zbyco will likely come over at the same time. Le Marin is now in Montreal and doing his work at the Canadian Athletic Club, being assisted in his work by several wrestlers who have appeared at Sohmer Park this season.

THE RING

"Cumbost" Smith got the decision in a 20-round fight with Jess Willard in San Francisco last night. Although fifty pounds lighter than his opponent, Smith forced the fighting nearly the whole way through and won easily.

Bud Anderson, of Vancouver, Wash., knocked out Jose Mandot, of New Orleans, in the twelfth round of a bout that was scheduled to go twenty rounds in Los Angeles last night. Mandot was the favorite before the bout started.

McCarty in Calgary

Calgary, May 21.—Luther McCarty, with his trainer and two sparring partners has arrived in Calgary for his bout with Arthur Pelkey here on May 24. He made his start in Calgary about three years ago and this is his first visit here since he left in 1911. He appears confident that he will dispose of his husky opponent in the earlier rounds of the match, but declares that he is expecting a hard battle. The bout is scheduled for ten rounds, Marguit of Queensbury. Tommy Burns will be referee.

The competition for the "Diamonds" at Henley this year promises to be an exciting one, judging from the number of first-class continental scullers who are expected to compete.

the present holder, nor Kinnear, the British Olympic champion, will do battle for the Old Country.

Butler, who has been granted the use of the Thames, has tried his new boat and is perfectly pleased with her. For the moment, however, he is somewhat at a disadvantage, having lost eight pounds in weight owing to his illness on the journey to England.

YACHTING

London, May 20.—The New York Yacht Club today called to the Royal Ulster Yacht Club definitely accepting Sir Thomas Lipton's challenge for the America's cup.

The races will take place in September, 1914, under the New York Yacht Club's present rules as to measurements, time allowance and racing rules.

POLO

Polo for Ottawa.

Ottawa is to have a first class polo team. It will be located at the new Connaught Park Jockey Club, and will represent the club. This will be the first time the sport has been really introduced to Ottawa and, with men of the standing of the club directors behind it, it is bound to be a great success.

It is unlikely that a team will be gathered together until next summer, the difficulty of organization, securing of polo ponies, etc., being considerable. However by next summer the club hopes to see some of the crack American teams, as well as the Toronto and Montreal polo clubs playing matches in Ottawa.

KIDNEYS WERE SO SORE

DIDN'T KNOW WHAT TO DO.

GRAVEL AND SMALL STONES

PASSED THROUGH THE URINE.

One of the most painful forms of kidney disease is Gravel or Stone in the Bladder, and is caused by the acid and lime in the blood uniting and forming a gritty substance which lodges in the inner surfaces of the kidneys or bladder, and sets up a painful irritation.

To relieve these terrible pains it is necessary to keep the kidneys healthy for healthy kidneys secrete fluids that dissolve the gravel and stones, and they pass out through the urine harmlessly and without pain.

Mrs. Elmire Baldwin, Windsor, Ont., writes:—"I was so weak I could not do my own work. I tried many doctors, and every one of them told me to go to some institution. Reading of Doan's Kidney Pills, I tried them, and am now well, and can recommend them to all. My kidneys were so sore I did not know what to do, but after using the Doan's Kidney Pills, you would be surprised at all the gravel and small stones that passed through my urine. Now I am well and able to do my own work."

Doan's Kidney Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The J. C. Milburn Co., Limited, Toronto, Ont. When ordering direct, specify "Doan's."

Charlie Mitchell, the Former British Champion, Not All In

By TOM ANDREWS

Recently there have been stories floating around that Charlie Mitchell, one of the cleverest and greatest boxers England ever turned out, had been in dire straits and about ready to "cash in" his checks. Mitchell toured the States on more than one occasion and was always popular with the sporting men throughout the country.

These same followers of the game will no doubt be pleased to know that the great fighter is not in such bad straits as rumored. An old friend in London writing me about the matter says:

"Charlie Mitchell, the old-time fighter, is able to get about again, and though still shaky from the effects of his recent illness, he looks to have many years of life in him yet. It is thirty years since he met John L. Sullivan in New York, and nineteen years since he fought his last ring battle, with Jim Corbett at Jacksonville. Most of the modern writers declare Mitchell to be the greatest boxer, or rather fighter, that this country ever produced, but it seems to be overlooked by these enthusiasts that Mitchell never succeeded in beating Jack Burke, the Irish boy, though they met on five occasions. Burke was a wonderful fighter and under modern conditions training would have made a wonderful champion beyond doubt.

"Mitchell's greatest feat was a draw of thirty-nine rounds at Chantilly, France, with the great John L. Sullivan. The Britisher at that time was little more than a middle weight, indeed he rarely exceeded 170 pounds at any time, whilst Sullivan was a big, strong heavy weight. In the course of a long fighting career extending from 1878 to 1888, Mitchell lost only three battles. His first defeat was the three-round affair with Sullivan in New York, away back in 1885, the second was at the hands of Dominick McCaffrey, a year later, also in New York, and the last was at Jacksonville in his last fight with Jim Corbett.

"Rumors had been afloat that Mitchell was in financial difficulties as well as physical, but I am able on his own word to give these stories a knock-out. Mitchell declares he has every comfort he could wish for and is pleased to be able once again to visit the ringside and chat with friends about by-gone days."

THE BAN ON TEACHERS WHO USE TOBACCO

That is Request of the W. C. T. U. of Spokane

Spokane, Wash., May 21.—Public school teachers who smoke are receiving the fire of the Spokane W. C. T. U., which has requested the board of education to engage no teachers who use tobacco in any form. Going a step further, they demand that those now on the payroll who are devotees of Lady Nicotine be given the choice of "reforming" or quitting their jobs. At a public hearing the foes of tobacco declared their belief that some of the school principals use tobacco, and that mothers endeavoring to stamp out the habit in their sons are stumped by the rejoinder, "Teacher smokes, why can't we?" "There is no one who says smoking is decreasing," said Rev. J. C. Johnson. "There is no natural tendency among boys to smoke—they do so because they see some one else do it. It is impossible for any teacher who uses tobacco to give sincerely the instruction of the evil effects of the weed, which our state laws require."

NEW BRUNSWICK MAN DEAD IN BANGOR

William Hale, one of the oldest residents of Bangor, died on Monday at the age of 91 years. Mr. Hale was born in Ireland, coming to New Brunswick when he was 15 years of age. He moved to Bangor about 1840, to Bangor where he has since resided. Mr. Hale was remarkably well preserved and retained his faculties to the last. He had an excellent memory and chatted most interestingly of matters that happened some 60 or 70 years ago. He recalled very clearly the events of the bloodless Aroostook war and had a somewhat personal knowledge thereof as he worked for the engineers who established the boundary line between the United States and New Brunswick under the Ashburton treaty. In his early days Mr. Hale worked as a woods boss and as a boss stevedore on Bangor wharves, including a position as head dock man for James Walker & Co. For a period of 21 years he was fish warden of the Bangor salmon ponds and was well known to the older local fishermen. He retired from that position some 15 years ago.

FOUND GARNETS IN SEWER EXCAVATIONS

Mayor Frink has several fine specimens of garnets which he picked up near the scene of the sewerage excavation operations in Adelaide road. The garnets are very pretty in coloring and Dr. Matthews, to whom they were shown, said they were fine specimens. They are embedded in a larger mass of felspar, which was blown from one of the veins of rock through which a trench was being dug. His worship has not yet had time to have the specimens properly mounted but it is likely that they will be among the decorations of the mayor's office for some time to come.

UNOFFICIAL CLEAN-UP ON STEAMER VICTORIA

The steamer Victoria was moved over to Rowan's wharf this morning and will be fitted up for service on the river. Since the new company secured possession of this steamer, some light-colored gentry have made a fairly good clean-up of the mussels on board. It is expected that the steamer will be ready for service in about three weeks, but it may take a little longer.

STREET MATTERS WERE CONSIDERED

Wants Part of Adelaide Road—Plans For Alexandra Street Extension

The city commissioners at their noon meeting today received a request from Jacob Meyer of Adelaide street asking that he be heard in regard to the line of the street in front of his property. It was decided to have him appear before the commissioners tomorrow morning and state his case. Mr. Meyer wants to exchange a section of his lot for part of the roadway. Mr. Dykeman gave a detailed account of what he and his associates would request from the city in regard to the improvement of Alexandra Heights. He asked that the city make application to the Railway Commission for the right to build a bridge over the C. P. R. tracks as an extension to Alexandra street. When the bridge is constructed the city is to pay half the cost. The bridge is to be of concrete and is to cost about \$3,000. Water and sewerage systems are also to be installed, and the property owners are to pay 10 per cent on the cost of constructing sewers and water extensions. The property owners are also to continue end of the streets to Bentley street and all the streets which completed are to be given to the city.

IN THE COURTS

Probate Court Estate of Henry Spears, pilot. Return of accounts of the executor, Edward Lantalam, the sole executor. The accounts are gone into and found quite correct, and order for distribution is made in accordance with the terms of the will, which provides for the payment of legacies of \$500 to each of three sisters or sisters-in-law—the rest, which amounts to about \$5,000, is disposed of among religious and charitable institutions as has already been announced. William J. Mahoney is proctor.

REAL ESTATE

Among the transfers of property registered during the half week ending May 20, were the following: Margaret M. Kane and M. T. Kane to William Levi property in Sea street, W. E. to J. V. Millidge to the city of St. John, property in Cranston avenue; B. H. Nobles to F. R. McMakin property at Marble Cove; David Stewart to A. P. Faunce property at Simonds. Eight acres of land including the Trafalgar property has been sold by R. J. Williams, manager of the Haymarket Square branch of the Bank of British North America, to a local syndicate. The land has a frontage of 800 feet in Marsh Road and runs back 1,250 feet to Westmoorland Road. It was recently acquired from the Fernhill cemetery. Several purchases of farm lands in New Brunswick have been recorded within the last few days. Mr. and Mrs. Leeming of Rippon, England, secured one of the most valuable listed with the settlement board. George Johnston, who was here last fall returned to the city several days ago from British Columbia and has purchased a large farm near Fredericton. It is understood that the purchase price was \$9,000.
