

BELIEVED THAT PUBLIC CAREER OF SIR ROBERT

Is Definitely Over and Ministry Now Has Many perplexing Problems to Solve.

THE CHOICE OF NEW LEADER

Will Not Be Free from Difficulty, Because There is More Than One Contender for the Post.

Special to The Standard.

Ottawa, May 11.—The coming week will be one of great reflection on the part of parliamentary leaders. The Ministry must definitely make up its mind as to the final character of the budget, and must also be prepared to meet possible far-reaching developments in consequence of the return of the Prime Minister; the Opposition will be called upon to select its conflicting positions on fiscal policy into at least the appearance of a united front on the budget; and the Agrarians must be prepared to make their first big fight upon what is the battle-ground of their choice.

Speculation as to Ministerial problems must start from the assumption—which many hold to be a definite fact—that Sir Robert Borden's public career is definitely over. For, despite encouraging and optimistic reports as to the Premier's health, it is freely stated, in the most intimate administrative circles, that his condition is not such as to warrant his return to the exacting and arduous duties of office. Therefore, it would appear that the problem before the Government and its parliamentary following now is to choose a new leader. Who this successor will be is extremely unsafe to predict, but one thing, at least, is certain, and that is that the Cabinet will not repeat its error of last winter when, through clash of interests and ambition, it was incapable of agreeing upon a chief, with the result that Sir Robert Borden, anxious to retire, was advised to do so by his physicians, was compelled to remain in office at the risk of his life.

Troubles For Ministry.

Unquestionably, the bulk of the troubles of the Ministry can be traced directly to this event. With the Premier absent, the Government was left to go to bed for Unionist and all that it represents. Party organization, essential to permanent success, was delayed, and the Ministry, split into factions; agitated and unformed public opinion was permitted a riot of undisturbed propaganda; the basis of Unionist aid or withdrawal from the war, was steadily undermined; the triumphant and seemingly impregnable party of 1917 met a procession of by-election defeats; and only the feebleness and inexperience of the Opposition, and the inexperience and crudeness of the Agrarians saved it from disaster in the House. Much, perhaps all, of this adversity would have been averted had the Ministry and party been united upon a well-defined platform and with its leadership problem cleared up; and although the parliamentary rank and file, which has been blameless throughout, realizes the futility of recrimination, it is prepared to deal ruthlessly with any and all attempts to perpetuate the source of the difficulty.

Several Contenders.

The bulk of Unionist fully conscious of Sir Robert Borden's outstanding qualities and realizing that no one else in the party can fill the void which his retirement would leave, yet take the view that the Prime Minister must not be made the victim of political exigencies, and must not be induced to take the manager's life and the life of his Ministry and party for the benefit of others. Many, in fact, would like to see him stand out his great career by voting the remainder of his active days to the task of English-speaking solidarity and friendship.

But the choice of a new leader, if a choice there be, will not be free from difficulty. It will not be easy, because there is more than one contender for the post, and wherever the mantle may fall, there will be danger of disunion and loss of strength among the friends of other aspirants for the crown.

Shortly after the beginning of the session Sir Thomas White loomed large as a favorite. His famous "carry on" speech had impressed the House; his support in the country was known to be powerful; and the Cabinet was said to be more agreed upon him than upon any other Minister. But recently his boom has been less great. He has been absent from the House for most of the session, which has greatly aided his rivals, and the persistent report that he is anxious to retire from politics has had a considerable adverse effect.

Melglen a Power.

Next to Sir Thomas White comes Mr. Melglen. The Minister of the Interior, always strong with the parliamentary rank and file, and more especially with its Conservative wing, has recently more than favorably impressed the House. One of the keenest debaters in Parliament, he has been a tower of strength to the Ministry, while the fine success of the Soldier Land Settlement scheme, one of the biggest undertakings of the country, has marked him as an administrator of foresight and capacity. Melglen, however, faces certain handicaps. Naturally aggressive, his methods have been anything but conciliatory, and this has affected his strength outside the House. He has influential enemies in Montreal and Toronto for reasons which are mostly

BOLSHEVISM MAKES RAPID ADVANCE

Paris Advances Learn That Armenia is Under Control of Soviets.

Paris, May 11.—Bolshevism is spreading rapidly from Baku, Trans-Caucasia and Georgia may turn Bolshevik promptly, according to detailed confidential reports received in official circles here. Armenia, it is said, is caught between the fighting Turks and the warring factions in Azerbaijan, while the Armenian railroads and the laborers in that country are controlled by a local Soviet which, it is feared, may gain entire control at any hour.

NEW YORK POST

VIEWS FAVORABLY

Appointment of Canadian Minister Plenipotentiary to Washington.

New York, May 11.—(By Canadian Press)—The "Evening Post," today editorially:—"A long forward step in the development of the idea of Imperial Unity within the British Empire will have been made when a Canadian Minister Plenipotentiary, appointed by King George, on the advice of the Canadian Cabinet, takes his place at Washington. The sense of nationality in Canada enormously developed by the war and reflected in the provision of separate representation for the Dominion on the Council of the League of Nations, will be still further enhanced. Statesmen of the House of Commons, frame of mind will discern in the latest evolution, another instance of British guile. Canada's Minister will be described as a candidate for London's interests. But those who can rise above the partisanship of the moment will discern in Canada's movement towards the status of a free sovereign, an evolution which we can regard with more than equanimity."

INTERRUPTED IN HIS ADDRESS

Pres. of Protestant Friends of Ireland Got in Badly With Winnipeg Club.

Winnipeg, May 11.—Because he made a reference to Englishmen engaged in industry in Ireland as Foreign residents, Lindsay Crawford, of Toronto, President of the Protestant Friends of Ireland, was interrupted when addressing the Kiwanis Club at lunch today. Several club members took the floor and said that such a reference should not be allowed at a meeting of such a kind. The speaker apologized, but on trying to continue his line of argument he met with determined opposition and had to quit.

FIGHTING OVER THE MARSHAL FIELD ESTATE

Capt. Marshal Field III. Asks Immediate Possession of Residuary Estate Valued at \$100,000,000.

Chicago, May 11.—The residuary estate of the late Marshal Field, estimated at \$100,000,000 is at stake in an action begun in Superior Court today by Captain Marshal Field III, a grand son who asks immediate possession of the estate.

The suit which was brought to secure a section of the merchant's will that, since the death of the plaintiff's brother, Henry Field the entire residuary estate should be surrendered to Captain Field.

Mrs. Nancy Perkins Field, III, widow of Henry Field, who was married last week to Mr. Tree in London, has filed a cross bill, claiming a dower interest in Henry Field's share of the estate.

A third claim is set up by Henry Anthony Marsh, four year old son of Henry Field and Peggy Marsh, a London chorus girl. Former Governor Edward Dunne, representing the boy, argued that two-fifths of Henry Field's interest should descend to his son.

The probate court recently decided against Peggy Marsh's son in a suit brought to collect a share of the \$5,000,000 trust fund created by Marshal Field.

QUESTION OF LANGUAGES IS TALKED OVER

French Members Demand That Election Proclamations Shall be Printed in Both Languages.

OPPOSITIONS SAY IF THIS PLAN ADOPTED

It Might Lead to a Demand in Districts Where There Were Various Foreign Elements to Require Other Languages Used Also.

Ottawa, May 11.—(Canadian Press)

The rights of French-speaking people in Canada to have election proclamations printed in their own language, were defended in the Commons this evening by members from Quebec and the Maritime Provinces. When the clause in the Franchise Act referring to the printing of proclamations was last before the committee, O. Turgeon (Moncton), moved that the clause be amended to provide for election proclamations in both French and English, instead of both languages being used only in Quebec and Manitoba. Hon. J. G. Gauthier opposed the amendment on the ground that it would open the door to a demand that the proclamations be printed in various languages, such as Italian and German.

Fernand Rivest (St. James, Montreal), contended that the argument would not hold water. Before becoming naturalized a man must retain either French or English. It was the narrow-minded school of thought in regard to the language which opposed the printing of proclamations in the French language. Hon. Jacques Bureau (Three Rivers), and Dr. H. S. Bellant (Beauce), protested that French and English were given certain official rights under the B. N. A. Act, and that these proclamations, as election documents, should be printed in both languages. Hon. W. B. Fielding declared that, as far as Nova Scotia was concerned, there was no demand for proclamations in French.

TWO PRESENTATIONS AT ST. VINCENT'S

J. J. O'Toole, Director of St. Rose's Dramatic Club, and Arthur McCloskey, Stage Manager of Auditorium, Were Presented With Pipes Last Evening.

The four-act Southern drama, "The Little Rebel," was repeated last evening to a large and appreciative audience which filled the seating capacity of St. Vincent's Auditorium.

Between acts three and four, J. J. O'Toole, the popular director of the St. Rose's Dramatic Club, and Arthur McCloskey, stage manager of St. Vincent's Theatre, were each made the recipient of a beautiful pipe.

O. J. Gahan, in a few well-chosen words, made the presentation on behalf of the members of the cast.

Both Mr. O'Toole and Mr. McCloskey, although taken by surprise, expressed their appreciation and thanks for the honor conferred.

SEEKING HELP IN NEW YORK

Newfoundland Veteran Hopes to Have Sight Restored.

New York, May 11.—Ellis Island officials announced today they had admitted to the country for a special operation, Charles Ducey, a Newfoundland veteran of the war, who after having lost one eye by shrapnel, lost the sight of the second when a glass water gauge exploded on a coastwise vessel on which he was working after receiving his army discharge. Ducey is now in a New York hospital, firm in his faith that his sight will be restored.

THE FATE OF PRES. CARRANZA IS STILL IN DOUBT

Variouly Reported as a Prisoner and a Fugitive After Escaping from His Captors.

FOREIGNERS ARE REPORTED SAFE

Nothing of An Emergency Nature That Calls for Action from the Gov't at Washington.

Washington, May 11.—Official reports, telling of the overthrow of President Carranza, of Mexico, were before President Wilson and his Cabinet today, but the new turn of events South of the border, was understood to have been given only passing attention.

Despatches have all indicated, thus far, that assurances of protection to Americans and other foreigners had been given by victorious leaders of the revolutionary forces, and there was nothing of an emergency nature in the situation that called for action by the Washington Government.

The question of recognition of the new government in Mexico, may arise soon. It was reported today, that plans for asking recognition were being made by revolutionary leaders. No such request has yet been presented, however, and officials here believed there must be considerable development in Mexico before it could be forwarded with reasonable expectation of acceptance.

The fate of Carranza will remain in doubt. He was variously reported as a prisoner and as a fugitive after escaping from the hands of his captors. A report tonight to revolutionary forces, taken in a sound-about way, took the form of a letter sent out by General Candido Aguilar, son-in-law of Carranza, and Juan Merino, commanding an escort on one of Carranza's trains.

Merino reported that Carranza had been raised the flag of revolt, and after engaging Aguilar's troops near Cordoba, he had made his way southward to San Juan de los Rios, a rebel leader. The report added that Merino and Sanchez were in pursuit of a force under Federico Carranza, Carranza's brother.

Revolutionary agents construed the selection of J. St. Jacques, Assoc., as Minister of Foreign Affairs in the preliminary organization of the revolutionary government, a post left vacant when the Hon. J. St. Jacques, Assoc., was appointed on April 23, as further indication of Colonel Obregon and Pablo Gonzalez, formerly rival candidates for the Presidency, are in an understanding.

SENATOR DOMVILLE'S ACTION PROCEEDING

Evidence Introduced Yesterday Proved Interesting and Gave a New Turn to the Proceedings.

Ottawa, May 11.—The appearance in the Excelsior Canada of J. C. Ehler, K. C. M. P., counsel for the defence; Central Railway of Canada, against which company Senator Domville has introduced a "radical" motion, gave a new turn to the proceedings this morning.

Among other statements made in the proceedings, Senator Domville was "dismissed" from the company, as president rather than retired, and that Senator Domville issued in London certificates for six million dollars worth of shares which had never been returned.

Senator Domville was again re-examined by his counsel, Mr. G. F. Kidd, K. C. and once more made the remark that he quitted the company in 1907 because he "did not want to get into the penitentiary."

Mr. W. D. Hogg, K. C. Ottawa, who was the legal advisor to the company from 1905 to 1907, was also called and made a statement as to the facts regarding the disposition of part of a loan of 40,000 pounds, which Senator Domville negotiated in London.

Mr. Hogg said that in evidence given by the Senator, the Senator was in error on certain points. Senator Domville had said that \$100,000 of the 40,000 pounds, was paid to the late Z. A. Hogg, Mr. Hogg accounted the purchase of the Ironside and Bancroft Railway. It was not sent to him. One hundred thousand dollars was deposited in Ottawa to the account of Mr. Hogg to carry on negotiations for the railway.

It never became the property of the Central Railway Company, however. He, Mr. Hogg, framed the resolution which awarded \$20,000 to Senator Domville by which all accounts were squared. Regarding the hand grants, Mr. Hogg said that he had given his opinion that the grants claimed were valid, and in this he had been supported by eminent legal talent, such as Justice Lacombe, Judge McLennan and Sir Charles Cripp. The case is proceeding.

GENERAL McLEAN "INCIDENT" AGAIN BEFORE COMTEE

The Hon. Member Explains and Offers Apology for Any Misunderstanding That Has Arisen.

MESS. PECK AND COOPER

Withdraw Their Resignations and Peace and Contentment Once More Reigns Supreme in Pensions Committee.

Ottawa, Ont., May 11.—(By Canadian Press)

The resignations of Col. C. W. Peck, V. C., and Col. R. C. Cooper from the Pensions Committee have been withdrawn. A statement from Brig-General H. H. McLean apologizing for any offence which his work may have unintentionally caused to returned soldiers, and their wives or widows, has been placed on the records of the committee, and the whole "McLean incident," which for some time threatened to disrupt the committee, has been settled.

Brig-General McLean's statement, which he read at a brief meeting of the committee this afternoon, was as follows:—"There has been a distinct misunderstanding as to words used by me in the select committee in regard to this circumstance. I regret exceedingly, if as nothing was further from my mind than to reflect in any way either on soldiers or their dependents, and while still affirming my statement as to what I did say on that occasion, I desire to apologize for any offence which my words may have unintentionally caused to the returned soldiers, their wives or widows."

(Signed) "HUGH H. McLEAN." The chairman, Hon. James Crerar, read a letter from Messrs. Peck and Cooper withdrawing their resignations in view of General McLean's statements. The committee then adjourned until tomorrow morning.

"In view of General McLean's statement, expressing apology for any offence which his work may have unintentionally caused to returned soldiers and their dependents, and in view of the fact that many returned soldiers and returned soldier organizations in Canada have requested us to remain as members of this committee, we have decided to withdraw our resignation."

(Signed) "C. W. PECK." "R. C. COOPER."

The special meeting of the committee was called by the chairman when, at noon, he received an announcement that General McLean wished to make a statement. General McLean and Colonel Cooper were in attendance when the committee met. Before a statement, outlined his reasons for calling the meeting, and also expressed the view that every member of the committee should join him in the assurance that there had never been, at any time, a lack of sympathy with the returned men. Every member of the committee was doing a lot of hard work in the interests of the returned soldier, and all were doing their best for the returned men and their dependents.

The statement of General McLean and the letter of Colonel Peck and Cooper were ordered incorporated in the record, and the committee adjourned until tomorrow morning.

NEW GLASGOW ROBBERS MAKE CONFESSION

Detail Freely to Crown Prosecutor the Whole Story of Their Escape.

New Glasgow, N. S., May 11.—(By Canadian Press)—Further progress was made today in connection with the Thorburn highway robbery which has attracted so much attention. After spending the night in the Stollerton lockup, and getting something to eat, they were thirty six hours without a meal when arrested, McNeil and McGillivray were taken before a Magistrate today and remained until tomorrow.

In the meantime they detailed freely to Crown Prosecutor Graham the whole story of their escape. They made no attempt to conceal any of their movements, and admitted the shooting robbery and the division of the spoils. This swag, they estimated to amount to about \$1,400 worth, and they made the count and apportioned it in a gulch on the side of McLeellain's Mountain. McGillivray says he fired the shot that killed Campbell, the cashier, and McNeil admits breaking open the bag and taking the money.

From their story it was learned that they were old pals and had worked together in the Canadian West, some years ago, where McGillivray suggested people did things never heard of in Nova Scotia. The pair, who they spent in Boston, only returning to Nova Scotia about a month ago.

FIND DECOMPOSED BODY OF WOMAN

Buried in Ashes in Cellar of South End House, Boston.

Boston, May 11.—The finding of the decomposed body of a woman in the basement of a house on Columbus avenue, in South End, was reported to the police late today. The body was buried in ashes. The woman was identified as that of Alice Arsenault, formerly a resident of Chelsea.

According to the police, the woman and a Greek waiter in a South End cafe for some time occupied a room in the lodging house where the body was found, posing as man and wife. Just before last Christmas she disappeared and the man told acquaintances that she had gone to Canada. So far as the police could learn she had not been seen since.

The medical examiner made an examination of the body tonight.

BOLSHEVIK DRIVEN FROM EAST BANK OF DNIEPER

Poles Have Established Themselves Firmly and Kiev is Reported Quiet and Orderly

Warsaw, May 11.—(By The Associated Press)—Polish forces have ousted the Bolsheviks from the Kiev bridgehead on the east bank of the Dnieper, according to latest army reports received here, and have driven them further eastward from the Dnieper.

The Bolsheviks have continued their artillery fire, but the shells are not reaching into Kiev.

The Poles have established themselves throughout the bridgehead and have moved their artillery to the east bank of the Dnieper.

Of the occupation forces which have been in Kiev most of the detachments have been moved across the river, or to the north or south of the city, and are guarding buildings or are doing guard duty about the streets. Kiev is reported quiet and orderly.

RADICAL SOCIALISTS WERE DEFEATED

Bitterness of Inveective Marked Day-Long Debate Between Conservative and Radical Forces.

New York, May 11.—The "Red Flag Internationalists" of the Socialist Party of America went down to their first real defeat in the party's national convention here today. By the decisive vote of 103 to 23 the convention crushed a "radical" declaration of principles, submitted by the delegation from Illinois, which provided for the "detachment" of the proletarian "initiation of citizenship" through-out the United States.

Bitterness of invective marked the day-long debate between the Conservative forces of Morris Hillquit, of New York, and the "Radicals" led by J. Louis Enders, of Chicago.

"You are afraid of the dictatorship of the proletariat," shouted Enders in closing the debate of the Illinois measure. "Yet you have the dictatorship of Palmer, Wilson and Burton. You cannot fool anybody by phrases, nor can you fool anybody with the decorations of this convention."

"There is only one road to victory. There is only one flag, the red flag of International Socialism. We can do nothing better than ally ourselves with our comrades in Russia, Italy and everywhere else where they live in International Socialism."

PROGRESSIVES HELD ANOTHER CAUCUS

FARMERS FROM UNITED STATES AND CANADA MET

In Conference to Discuss the Establishment of An International Board of Agriculture.

PLEA FOR BETTER UNDERSTANDING

Between Canadians and Citizens of United States and Between Farmers, Labor and Capital.

Chicago, May 11.—Representatives of farm organizations in Canada and the United States met here today to discuss the establishment of an International Board of Agriculture.

American farmers were represented by delegates from the National Board of Farm Organizations and Farmers' Unions affiliated with this organization.

Canadians present were: R. W. E. Burnaby, Toronto, President of the Canadian Council of Agriculture; N. F. Lambert, Winnipeg, Secretary of the Council; J. J. Morrison, Toronto, Secretary of the United Farmers of Ontario; and G. F. Chipman, Winnipeg, editor of the Grain Growers' Guide.

Mr. Lambert, who addressed the meeting, said that agriculture was completely organized in Canada and exercised immense influence on Dominion politics.

Milo D. Campbell, of Coldwater, Mich., who was until recently President of the National Board, made a plea for better understanding between Canadians and citizens of the United States and between farmers, labor and capital. "The thing which will solve the question of reducing greatly the cost of the military and naval arms of the United States."

The sessions will continue for three days and according to some of the leaders, a selection of a candidate for the Presidency may be made.

CONCEPTION BAY RAKED BY SOUTHWEST STORM

At Bell Island and Portugal Cove Heavy Damage Was Done to Buildings by the Storm.

St. John's, Nfld., May 11.—(By Canadian Press)—The southwest storm of yesterday afternoon was severely felt in Conception Bay. It began with sleet, and later torrents of rain descended. Not for years has such a storm been witnessed in Conception Bay, and the wind blew with hurricane force. At Bell Island the side of the court house was driven a wide force of the blast, and some damage was done at other places. At Portugal Cove, a new mill house was blown down, but, fortunately, no person was there at the time. Two spires were blown off the Methodist church and hurled some distance away.

The Church of England school house was thrown altogether out of plumb. It is expected that a good deal of damage was done in other parts of the Bay. The Euphrates started to tow a large motor boat from Bell Island to Kelligrew's, and when about a mile out in the bay the line parted. Fortunately, before this occurred, the owner was on his boat. Mr. Tilley, of Kelligrew's, was taken on board the steamer, or he would have been washed overboard and drowned. The sea made a complete breach over the motor boat which sank to the gunwale. The Euphrates was forced to return to the island, and later the wind and sea drove the motor boat on the beach at the island, where men secured her for the owner. The boat as she stands is worth \$1,000.

The Annual Meeting Of Y.M.C.A. Held

Session Was Conducted Last Evening—Officers Elected—Directors' Report Showed Work Conducted During the Year.

The Young Men's Christian Association held their thirty-third annual meeting in the Y. M. C. A. last evening in very festive surroundings.

The following men were elected from those nominated for the office:

- Messrs. G. E. Barbour, R. G. Schofield, F. A. Dykman, S. E. Fisher, T. Barbour, F. P. Ekin, W. E. Golding.
- Messrs. T. H. Somerville and R. Willert were appointed auditors.
- Notes of appreciation were passed to the Ladies' Auxiliary, the Young Ladies' League, the press of the city, Rev. R. P. McKim, the staff of the association and all others who have served on the association through committees and any other way during the year.

The devotion exercises of the meeting were led by J. Hunter White and closed by H. Usher Miller.

The report of the Board of Directors was lengthy, full of interesting facts of the work accomplished during the past year. It showed that the membership had kept up splendidly, and a good percentage of our soldier membership had been received for the six months offered.

The highest point in membership reached in the boys' department during the year was 605, in November. With increased accommodation, this figure, and a much higher one, could be sustained throughout the year, but the department is already overworked.

The resignation of A. M. Gregg left the association without a director of Boys' Work, but F. I. Woodworth looked after the work on his transfer to St. John from Nova Scotia.

The directors regret to announce the resignation of T. C. Armour, who is going to "Broadview," Toronto.

Repairs have been made in the building from time to time during the season which were greatly needed, but there are a number of building propositions that the board has been unable to carry out.

In religious work, the policy of the association has been to recognize fully the primary place of the Sunday School as the medium of religious instruction and the church for worship.

In the physical department the policy has been the greatest good for the greatest number and the gymnasium was often worked over time and even then failed to meet all the demands.

The report mentioned the large number of banquets, socials, tournaments, etc. that have been conducted during the past year and the reading room has been kept up to date.

Boston Opera Co. In Another Success

Presented World Famous Double Bill, Cavalleria Rusticana and I Pagliacci—Beautiful Voices Heard to Advantage.

The Boston English Opera Company won another triumph at the Imperial Theatre last night, when they presented the world famous double bill Cavalleria Rusticana and I Pagliacci.

Neither one suffered at the hands of the Boston English Opera Company. They have been seen and heard here on several occasions, but never to better advantage than last evening.

The beautiful tenor voice of Ralph Brannard was heard to advantage in the character of Turiddu. His unannounced was a pleasure to hear and the music of his voice all that could be desired.

The chorus was one of the best heard here. Their attack, shading of dynamics and general ensemble work were all that could be desired.

The company is giving St. John a rich treat, and none should let the opportunity pass without hearing them as many times as possible.

The physical department has been directed to suitable rooming houses in the city and assistance has been given to travellers passing through the city.

UNITED STATES IS CONSIDERING CITIZENS' UNION

New York Chamber of Commerce Investigating Feasibility of Formation of Such Organization.

New York, May 11.—An investigation of the "one big union of citizens" idea and its feasibility in protecting American communities from possible riot or food famine during strikes is now underway by 10 members of the N. Y. State Chamber of Commerce recently appointed by the president of the organization as a "Committee on Public Welfare."

Revolutionary labor upheavals and strikes designated as "outlaw" walk-outs by union officials and the employment of volunteer Americans in keeping the channels of communication and transportation open, are the objects of the inquiry.

The Chamber for several weeks has been listing and classifying volunteers who with no antagonism toward unions or parties interest in labor quarrels, obligate themselves to operate motor trucks or do any other work essential to the maintenance of commercial arteries open in times of stress.

Reception To The Visiting Rabbi

Both Jewish Congregations of the City United Last Night in Welcoming Dr. Samuel Rabinowitch of Brooklyn, N. Y.

Both Jewish congregations of the city united last night to tender a reception to Dr. Samuel Rabinowitch of Brooklyn, who was Rabbi of the Jewish congregation here some years ago.

Dr. Rabinowitch in reply thanked the congregations for their kind expressions of welcome. He congratulated them on the splendid office that they now own saying that it compared favorably with, in fact was equal to, any of the synagogues in Brooklyn his present home.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

Mrs. John Kadey, Chipman, N. B., writes: "I have used Milburn's Lax-Liver Pills for some time and can recommend them to any one suffering from heartburn and liver trouble. I tried other remedies, but they only relieved me for a short time. I always recommend Lax-Liver Pills to all sufferers, as I think they are a valuable remedy."

Dr. Loggie reported that the evening clinic is well attended and Dr. Farris stated that the books on the subject of prevention and cure are being read. Several patients have been taken to East St. John for examination and one is attending regularly for X-Ray treatment.

INTERESTING CASE AT ST. STEPHEN

Petitioner Seeks to Have Child's Father Dismissed as Guardian—Child Weak Mentally.

St. Stephen, N. B., May 11.—A case that has engaged much local attention for some time had its beginning and ending in a session of the Chancery Court held here this morning. Chief Justice Sir J. Douglas Hazen presiding. The case was a petition of Herbert N. Beach, of Honeysdale, and his niece, Lillian B. Robinson, to have the child's father, Samuel Robinson, of Lower Hill, dismissed as guardian of the girl, and Herbert N. Beach appointed in his stead. The petition was based on charges of cruel treatment towards the child by her father and her stepmother, made by the girl herself and being in the care of her father and stepmother. A small estate, valued at about \$2,000, was involved. M. N. Coakburn, K. C., was the attorney for the petitioners, and with him was associated R. B. Hanson, K. C., of Fredericton. N. Marks Mills was the attorney for Samuel Robinson, having associated with him J. B. M. Baxter, K. C., of St. John.

Court was opened in the Town Council room, a large number of interested spectators and witnesses being present. Immediately after opening, the court adjourned to Chipman Memorial Hospital, where the girl is a patient, and where her evidence was taken. The evidence given by the little girl on this occasion flatly contradicted the evidence given by her in her affidavit on which the case was based. Today she stated that all the work she had done, and which before she had sworn she was forced to do, was really done voluntarily by her, thus eliminating every element of cruelty and evidencing that the unfortunate child is mentally as well as physically unfit. The application was, therefore, withdrawn and the case was at an end.

Every Woman Needs IRON at Times. NUXATED IRON. If women would only take Nuxated Iron, they are pale, nervous and languid—there are those who might readily build up their red corpuscles, become ruddy, healthy and strong and healthy and as much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youthfulness disappears and their charms and vitality depart. A two-week course of Nuxated Iron works wonders in many cases. It is guaranteed or money refunded. All good druggists.

Stormy Debate On Parish of Lancaster

Attack on Provincial Government for Robbing Representatives of People of Rights by Appointing Political Healers to Administer Highways.

The anomalous position of the Parish of Lancaster was the subject of a stormy debate at the county council meeting yesterday, a feature of which was an attack by Councilor Donovan upon the Provincial Government for robbing the representatives of the people of time-honored rights by appointing political healers to administer highways. Councilor Campbell and O'Brien were overheard, though Councilor Golding took the affair rather as a joke.

Some time ago Councilors O'Brien and Golding withdrew from the Highway Board of Lancaster as a protest against the appointment of political healers to administer highways. Councilor Campbell moved that the Highway Board be reconstituted, and payment spread over 30 years. He wanted this done so the board could proceed with highway work, and pay for same out of this year's warrant.

Councilor O'Brien said the indebtedness had been rolled up in the last year, and he could not see how the amount could be bonded. The shortage was not on account of permanent work. Councilor Campbell was surprised. Mr. O'Brien knew how the debt was incurred. Provision had been made for an expenditure of \$14,000 at Millford, and \$6,000 more had been spent. The total debt of the Highway Board was \$20,000. In addition there were bills outstanding for \$1,500.

Financially the Highway Board was bankrupt. They had asked for increased rates, but did not get them. In January the council passed a bill to grant the Highway Board a bond issue of \$8,000, but this had been killed. Councilor O'Brien said there was a sad state of affairs in Lancaster. For political reasons two men had been appointed to the board, who were over-riding the council. One of the councilors formed the Highway Board. Now the only Highway Board was that of Lancaster, but the government placed two of its members on the board. Everyone knew the paltry attitude of the provincial government to road administration. Under the old system they had given Fairville good roads and sidewalks. They had spent a considerable amount on permanent and asked council to put through a bill to finance it. When the council agreed to the bill Councilor Campbell and the Highway Board started an extravagant programme. They voted to pay the secretary of the H. W. Board \$200. The secretary did nothing.

To stop the extravagance Councilor O'Brien said he had the bill withdrawn for a bond issue of \$8,000 withdrawn. Lancaster was opposed to the way things were being run by the H. W. Board.

Councilor Campbell said one of the appointees to the H. W. Board was a Conservative. That was how far politics was concerned. But Councilors Golding and O'Brien found they could not run things they resigned in outrage. All the extravagant expenditure was incurred here, all as a political stunt to elect the two councilors, adding Councilor Campbell.

Councilor Golding said Lancaster was the only parish in the province that has a highway board. The Provincial Government had appointed two members. He had objected to Councilor Campbell's motion to give the secretary \$200 a year. This secretary did nothing and knew nothing about the highway finance.

Councilor Donovan said years ago he elected representatives of the people to control of highway administration, but now the councilors had lost their authority in the parishes. It did not matter so much in Simonsia, but Fairville was growing place. He

had been surprised at the roads and sidewalks—work done under the representatives of the people. Politically he was opposed to Councilor O'Brien and Golding, but the majority should rule. The present situation was an insult to the Parish of Lancaster.

Councilor Thornton—Why should payment of this overdraft be extended over twenty years? In future if the parishes don't collect taxes, the city should not pay their bills? Councilor Mosher—Lancaster is getting sidewalks and not providing for payment. Councilor Schofield—How long has this overdraft been \$500 up? The secretary said the parish had a bond issue of \$15,000 for highway improvements ten years ago, and the interest and sinking fund had not been kept up. Councilor Schofield—If the overdrafts have been increasing for some years, it is unprecedented that the matter has not been brought up before. Warden—Was the money spent on permanent work? Councilor Campbell—It was spent under Councilor O'Brien's regime—for election expenses, I think. Councilor Schofield—The money should be paid back tomorrow. Councilor O'Brien—it will be paid when the taxes are collected. Councilor Campbell—The overdraft is \$8,500; the total revenue is only \$8,000. Warden—You will get no more money. Councilors Jones and Bentley said they needed more information. They moved a committee to investigate. Councilor O'Brien said the majority of the Councilors could run the parish. The present Highway Board did not know their business. Councilor Schofield—How would you have financed the overdraft? Councilor O'Brien—Through the Legislature. Councilor Campbell—You withdrew the bill which was before the Legislature to provide for a bond issue. You had no authority. You ought to be censured. Councilor O'Brien—You ought to be censured. Provision had been made for an expenditure of \$14,000 at Millford, and \$6,000 more had been spent. The total debt of the Highway Board was \$20,000. In addition there were bills outstanding for \$1,500. Financially the Highway Board was bankrupt. They had asked for increased rates, but did not get them. In January the council passed a bill to grant the Highway Board a bond issue of \$8,000, but this had been killed. Councilor O'Brien said there was a sad state of affairs in Lancaster. For political reasons two men had been appointed to the board, who were over-riding the council. One of the councilors formed the Highway Board. Now the only Highway Board was that of Lancaster, but the government placed two of its members on the board. Everyone knew the paltry attitude of the provincial government to road administration. Under the old system they had given Fairville good roads and sidewalks. They had spent a considerable amount on permanent and asked council to put through a bill to finance it. When the council agreed to the bill Councilor Campbell and the Highway Board started an extravagant programme. They voted to pay the secretary of the H. W. Board \$200. The secretary did nothing.

The Fight Against Cigarette Smoking

Matters Along This Line, Especially Among Minors, Discussed at Regular W. C. T. U. Meeting Yesterday—Reports Received—Other Business.

Matters in connection with the fight against cigarette smoking especially among minors were discussed yesterday at the regular meeting of the W. C. T. U. held in Orange Hall. The president, Mrs. David Hipwell, was in the chair and read Psalm 67, giving a short talk upon the same. (Mrs. Hipwell is a member of the Orange Hall. A collection was taken for flowers. The corresponding secretary reported that she had received four hundred letters which were distributed among members to be sent to Sunday schools for the anti-cigarette work. The president spoke of the lesson taught by Mrs. Laughlin, L. T. L. superintendent, of St. Stephen, who had induced a number of young boys to stamp out their "cigarette" habit. They had been induced for good. It was stated that while there is a law against selling cigarettes to minors, older boys were often purchased cigarettes for the younger boys and this custom was deplored. It was felt that it is only by education a reform can be effected. The president drew attention to the next meeting which is the annual one and asked that all members should be notified to be present for the election of officers. Reference was also made to the quarterly meeting to be held with the Fairville union this month. Mrs. Seymour told of receiving a letter from the Moncton Union stating that L. T. L. work was being done there. W. C. T. U. members were rejoicing over the good news which had come from Great Britain that workers there are hoping to have prohibition within a year. Mrs. Hipwell spoke of the necessity for interesting young mothers in temperance work and hoped that more might be accomplished along this line within a year.

There Are Rumors of General Election

Possibly About the Time Fixed for the Referendum on the Alleged Prohibition Act—Government Supporters Think This a Good Time.

There are rumors that the Provincial Government will call the general elections in a short time, possibly about the time fixed for the referendum on the alleged prohibition act. It is felt by the Government supporters that now is as good a time as any to face the electorate. The Government is in a position to make a bluff at water power development, and to hand out a great number of promises and road improvements. Then the signs of the continuance of the province which the province has enjoyed are now clouded by the uncertainty of the general situation. The rumors of the Government are showing their usual incapacity, and a restriction of credit may bring on bad times at short notice. The Government may decide to make the venture while the skies are fairly clear.

Brosseau's Manager Gives Flat Denial

Says No Ground for Truth in Statement That McTigue Was Offered \$10,000 to L. Down in Recent Fight.

Montreal, May 11.—Billy Moorehouse, manager of Eugene Brosseau, denied absolutely this morning there was any ground for truth in the story in the Halifax Evening Mail to the effect that McTigue was offered ten thousand dollars by a group of Montrealers to tie down on the occasion of their recent meeting. "The only English-speaking members of our party were Brosseau, Mr. Connelley, Billy Allen and myself," said Moorehouse, "and we did not see McTigue until he was in the ring. Moorehouse admits that the only time he talked of a return match for Brosseau was on the morning after the fight in Halifax, when McTigue stated that he could not give him a definite answer, as he was billed for four bouts at Frisco. Moorehouse heard from him, wired asking first if he would meet Tommy Robson and second, either O'Hagan or Choinisk. He received no reply to either wire, but later received a letter from Leighton, acting manager for McTigue, in which he wanted \$5,000 or 35 per cent of the gate receipts to the big professional fight. Moorehouse sent word that this was out of the question and Leighton came back with the request that some easy be secured for a bout in Montreal, and followed this up with a request for immediate action as several other promoters wanted the bout. No action was taken. Moorehouse stated this morning that as far as he was aware Brosseau asked him to write, but failing to do so, although he had seen him for a week as Gene had been out of town, but that Brosseau would commence training again next Monday. "There is only one way to find out if he is right and that is to test himself," said Moorehouse. "And he won't go into the ring again until he is right."

THE ST. PETER'S GROUND
The St. Peter's Y. M. A. grounds are being rapidly rounded into shape. It is expected that they will be ready early next week. The Inter-Society League opens on May 27th.

RESUME OF SPORTS IN THE OLD COUNTRY

English Derby Situation Altered Last Few Weeks—Gossip of the Boxers—Beckett and Burns Furnished a Surprise.

London, May 5.—Another fancied horse for the Derby race has been beaten and the big Epsom race looks far more open than it did. Of the 11 candidates for the Craven Stakes, nine are entered for the Derby, and Prince Palatine, a stable companion to Tetrasoma, was the big fancy. The son of Prince Palatine, however, never had the smallest chance of conceding 15 lbs. to Daylight Patrol, this son of Sunstar making backs of the field.

The Derby was second and was called the "Prince" on equal terms. In excess for the latter, it can be said that he is far from fit, while the Craven stake eased his mount when he saw it was hopeless to go after Daylight Patrol.

The Derby situation has undergone a big alteration and it looks all to go against Tetrasoma now Daylight Patrol only ran once as a two-year-old and he has certainly made splendid improvement. Here we may have a possible classic winner and the present odds of 100 to 6 against him for the Derby look far more tempting than the quotation against the favorite.

Nothing was more pleasing in the soccer world at the week-end than the splendid support given the final of the Football Association Amateur Cup between Dulwich Hamlet and Totton Park at Millwall. Upwards of 25,000 spectators attended, whilst the gate receipts reached £1,500.

Scotland appears to have an excellent amateur runner in J. Wilson who won the ten miles championship at Glasgow on Saturday in 52 minutes 4.2 seconds. This beats the previous best by a native amateur, which was 52 mins. 48.15 secs. by G. L. Wallack.

As Wilson was first man home in the international cross-country race at Belfast recently, he gives promise of being a useful runner for the Olympic Games—the 10,000 metres, the cross-country or the Marathon races being his chance.

Nothing had been scored at the end of time proper, extra points was the order, and during this kail, of Dalwick, scored the only goal of the match.

Indeed pleasing to note how well amateur soccer is going. Whilst the great attraction of professional soccer as an entertainment is excellent, it is only the home players who receive proper support, which is not playing the game.

The South End Leaguers Annual

Addresses by the Mayor and Others Last Evening—Reports Received and Officers Elected—Keen Interest Taken.

The annual meeting of the South End Improvement League was held last night in the King Edward School. Charles M. Lingley, president of the league was in the chair.

The president submitted his annual report in which he spoke of the excellent work accomplished in the South End grounds, where they had baseball and basketball in the summer and a skating rink in the winter.

He pointed out where mistakes had been made and he urged the appointment of a large committee. At present all the work falls on the shoulders of a few persons and naturally some matters escape their attention.

Mayor Schofield addressed the league briefly. He said it was satisfying to see so many young men taking such a keen interest in the work of the league. He would be glad to give any assistance that he could and said he would donate a trophy.

Fred A. Campbell, president of the Trades and Labor Council, assured the meeting that the Council would take an active interest in the different playgrounds this year. He was personally interested in sports. He had been a baseball player in his younger days and could do the hundred in 11 seconds, and he was a firm believer in healthy recreation.

The mayor, not to be outdone, said that if Mr. Campbell would pitch that he would do the catching.

A. M. Belding of the Playgrounds Association reviewed the athletic situation making special reference to the field sports day on the 26th of June. He referred to the work that the South End League are doing in regards to these sports and said it was desirable that the South End have entries in these sports also.

The election of officers then took place and resulted as follows: Chas. M. Lingley—Chairman. Thos. Killeen and Miss L. Warren—Vice Chairmen.

A. H. Ellis—Secretary. Alex. Wilson—Treasurer. Finance Committee—W. K. Haley, Alex. Wilson, A. H. Ellis.

Executive—W. D. Puddington, Frank Olive, Geo. N. Hatfield, Missus Marie Denham, N. Hatfield, F. Allan. Baseball Committee—John Malcolm, Chairman; Ed. Sage, Fred Doyle, Wm. McGivern, Myles Thorne, Wm. Holmes.

Athletic Committee—Frank White, Chairman; F. A. Campbell with others to be named later. Grounds Committee—G. N. Hatfield, Chairman; Kenneth King, Fred Stewart, Wm. Lewis, John Nixon, Captain Porter.

Basketball—A. H. Ellis, Chairman. Children's Playgrounds—Rev. H. A. Oddy, Chairman.

A general discussion followed on the work to be done on the grounds. The young men are desirous of having entries in the sports on the 26th. There will be three teams, perhaps four, in the Intermediate League and four teams in the Junior. There will be no team in the Senior League this year.

There was a very large attendance of young men at the meeting and they took a keen interest in the different discussions. They are very enthusiastic about the prospects for the coming season and intend to get to work at once.

Mr. Crosby Wants To Buy The Morgue

Criticism of Housing Board at County Council Meeting—Farm Maintenance of Free Employment Bureaus.

The County Council was in session three and one-half hours yesterday afternoon, and adjourned till 10 a. m. today.

A report was received from Accountant Blaisdell recommending that accounts of county institutions be all turned in to the County Treasurer, and that a purchasing board be formed to purchase supplies in quantities for all institutions. Referred to Finance Committee.

Secretary Colwell, of the Trades and Labor Council, wrote urging the County Council to support the move to have the Provincial Government take measures to provide maintenance of the public employment service. The letter said the public employment agencies kept out the pernicious private agencies which graft off both employers and workers.

The secretary was instructed to advise Mr. Colwell that the Council had already memorialized the Provincial Government to take steps to maintain the free employment service.

L. G. Crosby, being heard, said he was erecting molasses tanks on a site adjoining the morgue, and proposed to build a concrete warehouse. The morgue would be on the corner of this warehouse, and spoil its appearance. If the Council would agree, he was prepared to buy the morgue or remove it to another site at his expense.

Councillor Jones—I thought the morgue cost \$3,000.

Secretary—Oh, no, only \$1,900.

Councillor Jones—I have never seen the necessity of the building.

Warden—There has been one body in it since it was erected. Still, we need a morgue.

The matter was referred to the Building Committee, with power to act.

Councillor Schofield presented the report of the Finance Committee, as follows:

1. They recommend the payment of annexed accounts, amounting to \$982.30.
2. Your Committee have been advised that non-paying patients for admission to the St. John County Hospital must have a legal settlement in New Brunswick, that is to say one year's continuous residence in some certain city, town or parish in New Brunswick, except in case of married women and infants, who take the settlement of the parent or husband, and that there have been cases where applicants in need of relief and attention in hospital treatment and having no settlement in New Brunswick. Your Committee have been informed that a small fund subscribed to meet such cases has been exhausted.

The subject matter of this paragraph was referred to ex-Mayor Hayes, of the City of Saint John, who expects to present the details of this class of unfortunate persons to the Red Cross Society of Canada.

3. The attention of your Committee was drawn to the fact that there is a debit balance on the books of the County Treasurer against the Commissioners of the St. John Municipal Home Board, created by paying the warrant issued for the Municipal Home Board in full, while the taxes assessed for this service have not been collected to the satisfaction of the City of St. John or the parishes in full. The difference between payment and receipts being borrowed from the County's bankers. Your Committee recommend that the amount of the warrants of the several institutions be paid in full and the shortage added to the assessment on the City of St. John and the several parishes in the same proportion as the city and parishes respectively may be in short in their collections to the next assessment.
4. That the last day for allowing a discount on the last tax for 1920 be the 21st day of August next.
5. That the Parish of Lancaster Highway Board having been advanced the sum of \$5,331 for highway purposes, the action of the secretary and treasurer of the county be hereby ratified and confirmed.

The report was adopted.

Councillor Shanklin—Will any default in the taxes be put into the assessment next year? Or will the back taxes be collected?

Councillor Donovan—Each parish will have to make good the deficit in their taxes.

Councillor Shanklin—Men who don't pay their taxes will get off, then. I don't think that is fair.

Councillor Donovan—You know that there are men in the parishes who haven't paid taxes in thirty years.

RENTS UP

In reference to the Masonic building, Don. Thomson said they had a lease for \$900 up to May 1. They received a notice that the rent would be \$1,000. They had made an agreement at \$1,000 for two years. Approved.

Coun. Thomson recommended that the turnkeys be given \$110 per month, an increase of \$15 over their present salary. Agreed.

A letter was received from the Board of Health urging consideration of the problem of drainage and sewerage of east St. John, which was being built up rapidly. The Marsh Creek was becoming a nuisance.

Coun. Jones moved that the councilors of Simonds be a committee to confer with the Board of Health.

Coun. Jones motion passed, Coun. C. Schofield being added to the committee.

The County Housing Board reported that they had bought two parcels of land for \$11,000. On the Fairville parcel they proposed to put up 25 houses for workmen. On the parcel on Champlain street, West St. John, they would put up 10 houses of a better class. In addition they had loaned money to various parties building houses.

Coun. Thomson—By what authority did they advance \$10,000 to private parties who are not building on their own lots?

Warden—The money was apparently loaned to parties building to their own use.

Coun. O'Brien said the money was

St. John Deanery
Quarterly Meeting

Held in St. John's (Stone) Church Yesterday—Sixteen Clergy Attending Were Entertained by Canon and Mrs. Kuhring.

The St. John Deanery held its quarterly meeting at St. John's (Stone) church yesterday, opening with a celebration of the Holy Communion at nine-thirty. The celebrant was the Rev. Canon Kuhring, assisted by Rev. William B. Armstrong, adjourning to the school room in the absence of Rural Dean Sampson. Rev. Canon Kuhring was elected to the chair, and after a clever, thoughtful paper on the "Doctrine of God the Centre of our Theology," was read by Rev. Canon Kuhring followed by general discussion.

At the close of the morning's meeting the sixteen clergy attending were entertained by Canon and Mrs. Kuhring at luncheon. The guests included the clergy and deacons who were ordained on Sunday.

Mrs. Henry Culver left on Monday for Boston, Mass., when she will spend some months.

Canon Mesher—We ought to have definite information as to the amounts bonded, and the security.

Coun. Campbell said the report was not satisfactory. They should have more information.

Warden—The County Housing Board is composed of responsible gentlemen. The weakness is that the Council has no representation on it, and nobody to explain.

The Warden said if the City Housing Board had attended to all applications they would have expended more than the city's proportion of the loan. But the city board had made no loans to people building on their own account, because they were not prepared to live up to the regulations made by the Dominion Commission's report was received.

Warden Bullock presided, and present were Couns. Donovan, Thibault, Mesher, Campbell, O'Brien, Golding, Anderson, Bentley, Shanklin, O'Donnell, Howland, Schofield, Jones and REAL ESTATE TRANSFERS.

FOR WOMEN AMUSEMENTS

Came To Wedding By Airplane

King and Queen of Belgians Flew Over from Brussels to Attend Wedding of Lord Curzon's Daughter—Brilliant Affair in London.

London, May 11.—King George and Queen Mary and King Albert of Belgium, accompanied by Queen Elizabeth, were among the distinguished personages who attended today the wedding of Lady Cynthia Curzon, daughter of Earl Curzon, the foreign secretary, and Lieut. O. Ewald Mosley, M. P., in the chapel royal. The affair was one of great splendor, out-rivaling anything of a similar nature in London in recent years. Besides the royal personages, there was a host of diplomat and other prominent people present.

An additional notable touch was lent to the occasion by the fact that the King and Queen of the Belgians had come by airplane on Saturday from Brussels for the express purpose of attending the wedding. They were week-end guests of Lord Curzon. After the ceremony Lady Curzon gave a reception at Carlton House terrace, to which some hundred guests were invited.

The bride was attended by seven bridesmaids. She was given away by her father. The wedding presents were many in number and of great value. King George and Queen Mary sent the bride a diamond brooch, while King Albert and Queen Elizabeth presented her with a diamond and pearl bracelet. Prince Leopold, Prince Charles and Princess Marie Jose of Belgium each sent a diamond brooch. Other gifts included a silver plate dinner service from the Duchess of Marlborough.

SEX WAR FORECAST.

Prophets of evil days are extremely busy these days. If the world isn't coming to an end at an early date there is a probability that the blue will drop out of the sky and stain the Monday washing. Again comes the ominous note forecasting a war between the sexes. Not a family affair, but a regular war—a battle for supremacy. Not a sanguinary struggle for the survival of the fittest, but a fight in which numerical strength is to turn the balance in favor of the gentler sex, says The Winnipeg Telegram.

This time the man of defective vision and lugubrious voice is Edward Poitrel, a Frenchman who makes much of the fact that France has an excess of women. It is the excess of women over men in the world at large that is precipitating the catastrophe, ecstasy, or whatever designation may be bestowed upon this thing that is going to elude the milk of human kindness. The women will seek to run affairs and the men will resist the encroachment. There you have it—war. We do not believe a war is imminent. If it comes at all it will be after mothers quit mothering, after their sons and their daughters quit loving, and after the birds of spring quit mating.

SOME RECIPES.

Don't forget to try maple syrup instead of sugar in grapefruit. If one is serving a luncheon for children they will love popovers with their soup instead of crackers. A spoonful of whipped cream in each plate of soup adds to the richness of the food. In spring, especially, everybody needs plenty of butter and cream.

"Mystery."

4 tablespoons maple syrup.
3 cups milk.
3 cloves of garlic.
1 cup of dried mushrooms.
2 cups steamed veal.
2 cups tomatoes.
1 1/2 teaspoon thyme.
Bay leaves.
1 1/2 cups spaghetti.
Salt and pepper.
Cook garlic in butter and oil till garlic is brown. Soak mushrooms in water till soft and add water and mushrooms to garlic. Add meat, tomatoes, thyme and bay leaves. Simmer very slowly, stirring occasionally to keep from burning, for 2 or 3 hours. Season with salt and pepper. Cook spaghetti in salted water till tender. Drain and blanch. Put a layer of spaghetti in a buttered baking dish, add a layer of meat and gravy. Continue until all is used. Put in a moderate oven for 20 or 30 minutes.

Maple Custard.

2 1/2 cup maple syrup.
3 cups milk.
2 eggs.
1 1/2 teaspoon cornstarch.
1 1/2 teaspoon salt.
Canned peaches.
Scald half of the milk in the top of a double boiler. Beat eggs slightly. Add syrup, salt and cornstarch dissolved in a little cold milk, to eggs. Add this to hot milk and cook over hot water till thick. Add the rest of the milk, cold, and cook 5 or 10 minutes longer. Put a half of a peach in individual molds and pour over custard. Chill and serve.

REFLECTION.

When towards the tomb our trembling steps draw near
Oh, what would me in that advanced year
Give to redeem one single day
Of childhood's light and mirthful play?
One glorious day spent as a child,
In peaceful play or factious journey wild.
When unseen fancies bear away the mind
As clouds are lightly borne upon the wind.
Oh, rob me of my dusky bread,
Or of the roof above my head,
But leave me still sweet memory dear
When Angel Death's black robes appear.
—Alec C. Reidpath.

What They Are Wearing This Spring

New Tendencies in Clothes for Early Summer—Colors Which Predominate.

The question of colors in clothes is always a most important one, but one that is hard to write about, for it is practically impossible to describe a color so that everyone who reads about it will see it as it is. But pretty nearly everyone knows the characteristic colors of Chinese embroidery—there is a dark shade of blue and a light opalescent shade, a green that is almost a jade, much old rose, light lemon yellow and a darker citron color. Often in embroidery representing flowers, however, a great range of shades is used, producing an effect that is almost realistic. But it is the shades used in the more conventional designs that are spoken of as Chinese. And in the parlance of clothes nowadays one hears much of Chinese blue, Chinese green, Chinese rose, etc. It is these shades that are used in the colors of the embroidery produced in France. Quite different are the Egyptian colors—rather stony, cold-looking shades with considerable black red always predominating.

White Floss Embroidery.

In some of the newest designs you see white floss embroidery on white silk background and this, though it may not have been borrowed from China, is not infrequently seen among the finest of Chinese embroideries. White is more lugubrious combined with colors in the embroidery of some of the new frocks. In three charming frocks exhibited last week I saw white embroidery on brown, a bright green, a light yellow and dark blue on white. It is not unusual to see in the new blouses the use of opaque white beads embroidered on blouses of the light pastel shades.

Tourterelle.

Gray seems to be coming in for much popularity. Navy blue with a light touch of gray embroidery always looks distinctive. There is a new shade called in France tourterelle, meaning turtle dove, that is much admired.

Dyed Lace.

There is much use of dyed lace. In fact, by dying the lace to match the frock on which it is worn it can be used with much more variety than in the old way. To be sure, when you use undyed lace over another color you have a better opportunity to use its delicate design, but that does not seem to worry the fashionable woman of today who is willing to pay for most expensive laces without concerning herself to show off their delicate design. In fact, she wears her lace quite differently from the way lace used to be worn. Once you know lace was usually applied in a smooth piece as a collar, a bore, or a sash, but now even costly lace is applied in a more varied way, and with the most amazing lavishness.

In Lingerie.

Even in lingerie dyed laces are often used. On rose and flesh crepe de chine or georgette, lace is used to match exactly in fact, a collection of lingerie I saw yesterday all the light shades were used—lavender, green, rose and blue—and in each case lace was used to match.

Wool Embroidery.

In spite of the presence of spring and the coming of summer, one sees wool used in some of the new trimming. Wool embroidery is still popular, but the new uses are more varied than in cotton that cannot be produced in any other way. Besides, the colors have really widened in range, and are more than in cotton or silk. Sometimes appliqued figures are used to produce a design. They are stitched down with coarse stitches usually in contrasting colors. For instance, a charming little slip-on blouse worn recently at Atlantic City was of white with appliqued figures of gray woolen roods stitched down with red. They were used on the peplum and on the shoulders and the neck and sleeves were finished with a little red embroidery.

LADY ROBERTS CHAPTER, I. O. D. E.

Final plans for a rummage sale were discussed at the regular meeting of the Lady Roberts Chapter, I. O. D. E. held last evening at the residence of Miss Leslie Stimmer, Coburg street. The regent, Miss Helen Wilson, presided. Thanks were expressed to F. E. Williams for the use of the Victoria Rink for the purpose of holding a sale there. A paper on the I. O. D. E. Educational War Memorial was read, and the subject of earning talent money during the summer was talked over.

THE NEST.

When osen woods with buds are pink,
And new-come birds each morning sing,
When flicks may on summer's brink
Pause, and know not which to fling,
Whether fresh bud and bloom again,
Or hear-trost silvering hill and plain.

Then from the homestead grey
The oriole with experienced guest
Twitches the fibrous bark away,
The cordage of his hammock-seat,
Cheering his labor with a note
Rich as the orange of his throat.

High o'er the loud and dusty road
The soft grey cup in safety swings.
To brim ere August with its load
Of downy breasts and throbbing wings,
O'er which the friendly elm tree
Heaves an onward roof with sculptured eaves.

—James Russell Lowell.

Halifax Censor And Comedies

Henceforth All Movie Comedies for Nova Scotia Must be Given the "Once Over" by J. B. O'Connor.

Yards of slapstick—reels of mad chases in automobiles wending errand courses, figures of policemen, Chaplins, fat men and thin apostles, custard pies and laughing girls, all these must in future pass before the gaze of the Nova Scotia Board of Censors for in accordance with a new ruling all motion picture comedies to be shown in that province must henceforth be censored.

This does not mean that comedies have hitherto been uncensored. The Board of Nova Scotia differs from that of New Brunswick in as much that in Nova Scotia one must be the Board giving its entire time to the work, while in New Brunswick four men comprise the Board with Dr. H. S. Bridges as chairman. J. B. O'Connor holds the position of censor in Halifax. It is understood that until now the views of other Boards upon comedies have been taken by concealing all for Nova Scotia must be censored by Mr. O'Connor. If a picture is submitted by the N. B. Board work is sent to Mr. O'Connor while in turn reports here upon any film which meets with his disapproval.

Comedies have been rather under discussion lately, one St. John theatre manager stating that he had seen five before he found one which was suitable for a Saturday afternoon performance. Another man prominent in motion picture circles said that he was beginning to wonder when comedies would be funny again and if the craze for bathing girls in groups would pass. They are not, he said, really funny, and in many cases they are sad rather than amusing. On the other hand several very clever comedies have recently been released so it may be that the tide has turned and that some of the pretentious vulgarities have had a beneficial effect.

WOMEN IN THE SYNAGOGUE.

The Liberal Jewish Synagogue, which is the extreme left wing religious body in the Jewish community, is in principle in favor of the admission of women to the ministry. Orthodox Jews in England has no such view. Mrs. Redcliffe Salaman, who is a fine Hebraist and poet, has already preached in the synagogue at Cambridge. But in this latter instance the sermon was technically outside the service, so that Chief Rabbi could diplomatically evade pronouncing on the law of the matter. Some orthodox rabbis take the view that women are not admitted to the Jewish ministry and may not preach, but the whole point is very arguable.

The Jewish ministry must be distinguished from the Jewish priesthood, and the synagogue from the temple. Although the priesthood is confined to males, the Jewish law laid down in the duties of a minister. For obvious reasons the Jewish law laid down the rule that no religious obligations should be imposed upon women which bound them to specific performance of a specific duty. It is far from clear, however, that such a principle would rule them out from the ministry. In any case, it should be remembered that the idea of deaconess and adaptation is the living principle of Judaism.

JAZZ LINED FACE IRONED OUT BY BEAUTY DOCTORS

In Paris they call it the "tired tango face," but in London it is the "jazz lined face." During the war the beauty doctors were rushed by attending to many tired women workers. Long hours in the canteens gave their eyes and faces a weary look. Now many of the clients of the beauty doctors come to have massaged out-fatigue-lines caused by dancing into the early hours of the morning. Even young girls have lines around the eyes and mouth from too many hours spent in dance clubs.

TIPS TO HOUSEWIVES.

Housekeepers complain they cannot make French fried potatoes that are cooked through and crisp without cooking them first. Peel the potatoes, cut into quarters lengthwise and soak in cold water for an hour. Then plunge them into boiling hot water for a minute. Drain and dry on a towel. Fry in deep fat until delicately browned. The potatoes will be done through and crisp on the outside.

The Story of Today's Operas

The Bohemian Girl at the Matinee and Carmen, Grand Opera, in a Spanish Setting for the Evening's Attraction.

"The Bohemian Girl," written by Michael William Balfe is a universal popular work that has stood the test of time and rivalry. Its fame has not been confined to English-speaking countries, but became popular even in hyper-civilized Germany. The story is Austrian, telling of the kidnapping of a little princess during a stag hunt when gypsies were about. Thaddeus, an oppressed Polish exile and foe of the Austrian nobility, joins the gypsies and becomes enamored of Arline, the captive, who grew to be a lovely maiden. Years roll on and Count Arnetina's search for his child is breaking his heart, but a strange chain of circumstances reveals the truth. In a street fair gypsies are arrested for petty thieving, and a mediation, stolen years before from a member of the Duke's party, serves to link-up enough evidence to identify the gypsy girl culprit as the missing princess. The romance ends sweetly and with happy and reverent melodies. It contains the following gems:

"A Gypsy's Life," "The Heart Bowed Down," "I Dreamed I Dwelt in Marble Halls," "Thou Who in Night Supreme," "Then You'll Remember Me," "The Fair Land of Poland."

"Carmen"—Grand opera in a Spanish setting, written by Georges Bizet, native of Paris, has as its opening scene the public square in Seville where Jose, a young brigadier, keeps guard. It is in this square that he is attracted by the bewitching Carmen, cigarette girl, as she passes with a boy of factory girls. Carmen presses her wiles upon the handsome young soldier, tosses him a flower, and acquiesces to his advances. Escamillo, bullfighting hero, pays homage to the flirtatious Carmen as well, and again a heart is lost. The second and third acts of the opera deal with the love affairs of the three principal characters, and in the great scene outside the arena in Act 4, the story rises to marvelous dramatic heights, intensified by its musical interpretation. Among the more familiar numbers are:

"Love is Like a Bird," "My Mother I Behold," "Near the Walls of Seville," "The Gipsy Song," "The Tormented Flower Song," "I am Escamillo."

Do Not Take The Theatre Seriously

Says Tyrone Power in Address Before Local Council of Women at Winnipeg—Suggests Drama League.

Winnipeg, Man., May 11.—A vigorous invective of the apathy and indifference of the general public towards the production of good plays was delivered by Tyrone Power, when he addressed delegates to the Local Council of Women, at their annual meeting on the subject "The Relation of the Theatre to the Community." "There is no such relation," he declared. "People are not interested in the theatre and know nothing about it. They do not take the theatre and the actor seriously or realize that they can have the best plays and playrights if they cared enough to ask for them. There is some talk about uplifting the stage, but I tell you, it is not of the actors who require uplifting, but the public who must be uplifted to our standard. Let the theatre be more than a place of amusement—one of the noblest platforms in the world for spreading truth and light," he said.

In conclusion Mr. Powers declared: "I would suggest that if you want good drama, instead of twaddle and trash, that you form an organization similar to the Drama League of America, which has already accomplished wonderful things."

TIME THEY DID.

Stenographers and typists of Detroit, we are told, as one way of getting clear of the profane, have agreed to keep within a schedule of maximum prices for all such articles of apparel as hats, suits, shoes and coats. Like the overall clubs, this plan seems to have common sense behind it. The accompanying announcement, that "The girls also pledged themselves to take up home dressmaking and hatmaking," shows how very far afield the country has strayed in the direction of spending when it might have been saving.—Christian Science Monitor.

KNOWN IN CANADA.

A wedding of interest to those who knew the bridegroom's parents on their tour in Canada was that of Mr. Lawrence Henry Foster Irving, only son of the late H. B. Irving and Mrs. Irving and grandson of Sir Henry Irving, who was married recently in the Church of St. Pancras, London, to Miss Rosalind Frances Woolner, whose family is also known in the arts, her grandfather having been a sculptor. The bride was groomed in cream tulle, and wore the Limerick lace veil that had been worn by her mother. Miss Elizabeth Irving, the bridegroom's sister, was bridesmaid, wearing a gray crepe de chine dress. Lieut. Ralph Brunton, R. N., was best man. Lady Irving, whose marriage to the great actor took place more than half a century ago, was at her grandson's wedding, escorted by Mr. Austin Treason, the biographer of Sir Henry Irving. The bride and bridegroom left to spend their honeymoon in a tour of Cornwall. It will be remembered that Mr. H. B. Irving and Mrs. Irving known by her stage name as Dorothy Baird were in Montreal just before they sailed on the ill-fated Empress of Ireland, which went down in the St. Lawrence on May 29, 1914.

PERSONAL MENTION PROMINENT BAPTISTS

Rev. C. Q. Plescombe writes us that he is available for pastoral work. His address is Marysville. Before going overseas he held pastorate at Norton, Jones and Main Street, Marysville. Rev. W. H. Rankin writes hopefully of the outlook for service on the field to which he has been called. And the churches are rejoicing that they have secured such a man to lead them and to build them up in the faith of Christ. His address will be Cooty's, Queens County, N. S.

Further information concerning Rev. M. C. Higgins belongs to hand. Last week we noted the fact that he had resigned the pastorate of the church at Milton, N. S. He has accepted a call to the Clyde Avenue Church, Sydney Mines, as successor to Rev. A. Gibsons, recently settled at Annapolis. This is good news, both for the important interest at Sydney Mines and for the Baptist cause throughout Cape Breton.

The Baptists of Great Britain have lost one of their trusted leaders by the death of Sir George Macpherson. He was a member of the church at Acushnet, an active participant in all its work, and in particular, for a generation or more, he was a prominent worker in a westerly Y.M.I. (Y.M.C.A.) annual large Bible class. The denomination honored him with many positions of trust and responsibility. In 1910 he was President of the Baptist Union. At the second Baptist World Alliance, held in Philadelphia in 1911, he was one of the outstanding leaders.

Rev. D. J. MacPherson and the church at Sussex are enjoying a season of refreshing from the presence of the Lord. Special evangelistic services have been held for the last four weeks and are being continued, for this week at least. On Sunday evening three were baptized. On the previous Sunday eight were received into the fellowship of the church. Thus more than a dozen have been added to their desire and purpose to enter the Christian life. A spirit of earnestness and expectancy prevails.

Rev. W. R. Robinson was recently called to the old home at Newcaston by the sad news of the death of his mother. The funeral took place on Saturday, April 10th. Mrs. Robinson was a life-long member of the Presbyterian Church, but the Baptist pastor at Newcaston, Rev. E. A. Kinley, was ever so graciously asked to assist in the funeral services. Brother Robinson has been with the Ludlow Street Church, St. John West, for two years, and was never more firmly established in the confidence and love of his people.

The Fairville church has lost its general secretary, Mr. J. W. Baker, whose death occurred at Watertown, Mass., on Tuesday, May 11th. He was returning from a visit to his mother, Mrs. G. R. Baker, of Ithaca, N. Y., and stopped at Watertown to enjoy a visit with other relatives. There he was stricken with pneumonia and passed away after only three days of suffering. Though he had passed his four-score mark, his general health had been excellent, and his active participation in the work of the church had continued unintermittently. He will be greatly missed.

Last Sunday marked the thirtieth anniversary of the ministry of Mr. Charles Brown with the Furne Park church, London, Eng. A worthy celebration of the event was planned by the great church. Thirty years ago the membership of the church did not exceed seventy. Now it numbers 248. As a pastor, Mr. Brown worked in the fields and as a letter carrier at a wage of twopence a day. At the age of fifteen he left home for Birmingham with his bundle on his back, and labored there for eight shillings a week. He began his ministry as a local preacher, and later preached in the fields and as a letter carrier at a wage of twopence a day. The following from the Canadian Baptist will be read with interest, not unmingled with pain as it mentions the beloved missionary must lay down the work which has been so long the absorbing interest of his life: On Thursday night, April 16th, Mrs. Harry B. Frank Theodore Allen, Director Astronomical Research Bureau, Washington.

My paternal ancestry dates back to the pre-revolutionary period. My father was born at 30 Allen street, New York; that street having doubtless been named by or for my ancestors who owned farms in that locality. From childhood I have been proud of my American birth and the family traditions. But now I blush and hang my head in shame because of the notoriety which, through the acts, attitudes and motives of so many of those in high official positions, and in influential commercial, financial and other enterprises and organizations, with respect to America's concern in and moral obligations arising out of the great war.

Language utterly fails all attempts to fitly depict the terrible menace to our nation and its institutions, its most cherished ideals, its material and spiritual welfare and the personal liberty, health, safety and comfort of its people, during these months and years in which the Hunnish hosts were ravaging Europe and so nearly winning in their assaults upon the battlefields and upon the high seas. Had Germany been victorious, we and our children for many generations to come would all be the helpless slaves to the east iron discipline of Prussian "Kultur."

Granted that it was our intervention and seventh hour joining of our forces with those of the Allies that turned back and insured the final defeat of the Hunnish War Machine, that contribution gives us any moral right to retain, appropriate and complacently possess all the immeasurable advantages that the mere accident of locality and a train of fortuitous circumstances have caused to fall into our laps? No; by any decent, manly, just and equitable system of logic and reason.

It was not the fault of the administration that our entrance upon the war was so long delayed. Had positive action been taken, had positive measures of vehement pacifists had been thoroughly convinced of the menace aimed at our vitals, their rebellious protest and defiance would have made success impossible. Wilson waited for the psychological moment.

Yes—Americans are playing a low, selfish, calculating, calloused, and despicable part in our attitude toward our dealings with those who were glad and proud to hail us as allies a few short months ago. Those whom we elected to represent us in the halls of Congress have persisted in disgracefully dilly-dallying over measures of imminent import; hagling over the terms of the treaty and scheming like a lot of wolfish highwaymen or con-men to secure the distribution of booty secured in criminal raids. Instead of recognizing the awful and really disgraceful able facts connected with America's attitude toward, and conduct in the Great War, and earnestly seeking a candid, generous, upright and honest means by which we can, though belatedly, assume and discharge our equitable share of the awful cost of defeating the terribly real menace of civilization in general, and to our democratic ideals in particular, our representatives—especially these Senators opposed to and handling the terms and technicalities of the League of Nations charters—have willfully, deliberately and with malice in their hearts sought to "legally" stretch and if possible add to the incidental and accidental advantages that we have no moral right to retain possession of than one would have to retain a purse he happened to see

North End Citizens Were Assembled

At Meeting Held Last Evening It Was Decided to Form an Improvement League—Officers Were Elected.

At a meeting of North End citizens it was decided to form an improvement league. There was a very large number present, and it was decided which characterized the meeting previously, the North End League will bring good results. A letter was read from Commissioner Thomson regarding his inability to attend, but assuring the meeting of his hearty co-operation.

The following provisional officers were elected:

Hon. President—Dr. Roberts.
President—Chas. F. Stevens.
Vice-president—Fred Haines.
Secretary—Harold Thompson.
Treasurer—G. Parker Hamm.
Finance committee—Geo. P. Hamm, A. Marjette, Wm. Turner, Geo. E. Day, P. W. Hamlin, P. W. Munro, Geo. Martin.

A general sports committee of 25 members was also appointed. The officers were appointed a committee to draft a constitution, and the members of the Commercial Club present were instructed to bring to the notice of the Commercial Club the forming of the North End League and to ask the Club for its backing and co-operation.

W. K. Haley addressed the meeting on the playground idea, and the use that would be made of the recreation grounds.

Dr. Roberts also spoke on the benefits to public health of recreational centres.

The site that the newly-formed league has in view is a vacant field on the Lanadowne avenue extension. It is said to be an ideal site and can be quickly put into shape.

The Trapshooting Record Discussed

J. Walker Andrews, Secretary of St. John Association, Tells Standard About Killam Record—Sportsmen Will Back Local Man Against Egan of Halifax.

Last evening's Times contains the following:

"Halifax, N. S., May 11.—In connection with the score made by O. J. Killam, in the Olympic trapshooting trial contest at St. John on Saturday, a long run of 113 targets broken without a miss, H. G. Tolson, secretary of the Dartmouth Rod and Gun Club, in a letter to the press, states that this score does not constitute a Maritime record. Mr. Tolson says that Mr. Killam's score was made under different rules from those recognized by all club clubs in Canada and the United States, as he was allowed two shots at the one bird. Mr. Tolson says that J. Egan of Halifax, who, on Thanksgiving Day, 1918, broke ninety birds without a miss, having one shot only, still holds the Maritime long record for this feat."

Regarding the above, J. Walker Andrews, secretary of the St. John Trapshooting Association, informs The Standard that while Secretary Tolson of the Dartmouth Rod and Gun Club in his assertion that under Olympic (or English) rules a competitor is allowed a second shot at a flying target (it is quick enough for the bird to be visible for only about four seconds), he neglected to mention a more important factor, which is that, under the latter rules, the competitor stands farther from the traps, and must carry the gun between hip and armpit until the bird appears, whereas in the standard style of trapshooting the competitor is allowed to have the gun ready at shoulder and can fire immediately upon the appearance of the bird—a very great advantage. All trapshooters agree that the Olympic style is far harder—and therefore Mr. Killam's performance is all the more worthy of recognition. As a matter of fact, about Olympic style, Mr. Killam broke 124 out of 125 targets, and later 96 out of a total of 100, out of 225. It is doubtful if this has ever been equaled in Canada at any style of trapshooting.

Mr. Andrews further states that the St. John Association will be pleased to arrange with the Dartmouth Club for a special match between Messrs. Egan and Killam, of St. John, for, say, 200 targets, under Olympic and 100 standard—on neutral traps—possibly Truro; and he says the St. John sportsmen will back Mr. Killam to the limit. Since Killam and Egan are warm personal friends, this could no doubt be arranged, and he assures us that as far as Killam is concerned he is willing to shoot for "honour, money, or marbles"—any time, and any place.

Several friendly and interesting matches have been shot between the two clubs. On Thanksgiving Day, 1919, a team of five St. John men visited the Dartmouth Club, and they brought back the five-man Halifax cup, the two-man Maritime Championship shield, and several other prizes. Mr. Killam was a member of the St. John team, and on that day won the grand aggregate of the Dartmouth Club and he and J. L. McAvity won the shield, which St. John still holds. Later, on January 1st, of this year, our team again visited Dartmouth and again won the five-man team race. The Dartmouth sportsmen were prepared to give St. John a return match on Good Friday, but owing to the condition of the local trap grounds it was impossible to accommodate them. It is hoped that a friendly rivalry will long continue, and that the Halifax shots will be seen at St. John frequently this summer.

One thing is certain, the sport of trapshooting is making rapid strides in St. John, and from the attitude of the members of the local organization it is evident that they think that in Mr. Killam they have a real champion, and they are prepared to stand by him to the hilt. Reference to the all-Canadian scores on the sporting page will show that at present he has a good lead over the field for a place on the Canadian Olympic team.

Two matches of 100 birds each remain to be shot. Here's hoping that St. John gets representation in that great sporting event.

Is Fairville To Be Incorporated?

Provincial Government's Interference With Local Highway Administration in Lancaster Is Not Popular—Matter Causing Much Discussion.

As a result of the storm in the county council yesterday arising from the fact that the Provincial Government's interference with local highway administration in Lancaster is not popular, it was said last night that there would probably be a movement to have the town of Fairville incorporated, so that it could have control of its own affairs.

A meeting of the committee appointed to investigate the situation caused by the overdrift of the Highway Board was held last evening in the county secretary's office, and there was a long argument in which Councilors Campbell and O'Brien participated, but it was said the report of the committee would not be likely to pour much oil on the troubled waters.

The question is now one of whether a majority of the elected councillors or the appointees of the Provincial Government will control highway administration in Fairville. There does not seem to be any disposition to compromise, and the issue may be fought to a finish. Interest in the matter runs high in Fairville; it is not only that the question of local self-government is involved, but the deadlock is broken, and the question of the provision of a bond issue for \$4,000 is settled, the Warden may refuse to allow the Highway Board to draw any more money for work this year. At present the Provincial Government does not give the board anything, though under the old regime the grant from the province was \$3,000.

The Auto Indicator Safety Signal

Should be on YOUR CAR

It saves life, limb, and valuable property. The Auto Indicator Safety Signal is a CERTAINTY—not an experiment. It works MECHANICALLY, not electrically. The "Stop" and "Go" device works with the application of the foot-brake, and shows plainly on the rear of the car in place of the usual tail light. The right and left turn are operated by a convenient hand lever, illuminated at night—flashing from the red "Go"—the running signal—to the white stop. Not affected by jar or weather.

DAYLIGHT SAVING.

Whether St. John will have daylight saving time this year depends on the action of the retail merchants. F. A. Dykenham, vice president of the R. M. A., said yesterday that a meeting of the executive would be held in the near future to deal with the matter.

MUNICIPAL BUILDING.

At the meeting of the County Council this morning the matter of erecting a municipal building will be taken up. A general invitation was extended to architects to submit competitive plans, but none have been received, apparently because of skepticism as to what the county might do.

W. E. Fuller of Weyliffe College arrived in St. John recently and will assist Rev. R. Woman Struck By An Automobile

Mrs. Anne Stone Stepped in Front of a Car on Main Street—She Was Taken to Hospital Badly Bruised.

Mrs. Anne Stone, of No. 618 Main street suffered some painful injuries and a bad shaking up when she was struck by a Studebaker touring car No. 6074, driven by Edward Dawson of Acadia street, yesterday afternoon about four o'clock.

The accident occurred in the street just in front of Mrs. Stone's grocery store.

According to Mrs. Stone's own story she was crossing over from the opposite side of the street when she saw a car coming up Main street and some considerable distance away, the driver blew the horn several times. As the car neared, Mrs. Stone stopped, and the driver, who had slowed down, on seeing her do so, then increased the speed of his car. At the same instant Mrs. Stone changed her mind and stepped into the path of the car. She was grazed by the front mud guard and knocked down, she got to her feet, however, and was assisted into her store. The driver of the car returned a few minutes later with Dr. Stevens, who did not find her condition serious. By-standers who witnessed the accident stated to the police that no blame could be attached to the driver of the car.

The ambulance was called to take Mrs. Stone to the hospital about eight o'clock last evening. On being examined by the doctor in charge it was found that Mrs. Stone had suffered a bad bruise on the right leg, and she had also been bruised on the chest and the right shoulder; no bones were found to be fractured, but an X-ray examination will be made today to assure of that being the case. The doctor stated that as the patient was somewhat advanced in years the shaking up might have a serious effect, but it was hoped that she would be all right again in a day or two.

The Young Ladies' Bible Class of the Portland Methodist Church repeated their success of a few weeks ago when they staged an "Indian Night" in the Ludlow Street Baptist Church hall last evening. The young ladies clad in real Indian costumes, very cleverly depicted scenes from the life of the red men before the coming of civilization to America. The costumes were loaned by the Natural History Society for the occasion.

The pastor, the reverend W. R. Robinson introduced the players in a short address at the beginning of the performance. Vocal solos by the Misses Daley and Colwell, and a piano solo by Miss Brown added to the enjoyment of the evening. The Camp Fire Girls of the Albert Street School also assisted with an excellent series of songs and recitations.
