Foster's Corne Nursery Rhymes, No. 15. JOE BOGAN-IN MEMORIAM. It was a darksome windy night, And rain and sleet came tearing down, When from the outskirts of the town. Joe Bogan came home "stiff and tight," Cold Brook Iron Works,

A shocking hat smiled on his head, And several tears lay on his cheek; In vain he, mutt'ring, tried to speak, But speech from him long since had fled. His coat lay mildly on his back; His boots were towhides rudely made: The men who found him gently laid Him on a spike, then called a hack. They waltzed him up a flight of stairs, Then hastened to the TPharmacy, And there they purchased genna-tea And left him to his own affairs. The morning dawned, and with the sun Joe Bogan tried in vain to rise: His wife prepared a sweet surprise, And shot him with a wooden gun. She banged him on the head and nose, Until a stream of claret flowed; And with a broom his hair she mowed, And put a corn between his toes.

With grief poor Bogan that night died: He drinks no more pale brandy cold, Nor takes delight in whiskey old. But in a hearse he took a ride. Pray do not heed this warning late: I ask thee, lend to it an ear: Give drinking up, remounce thy beer, Else on a bier will be thy fate. TENNYSON.

The Montreal Gazette of Friday published an extraordinary classification of members elect to the Commons, giving the Government up to that date 113, it is possible for them to be. They have Opposition 59, Independents 12. It is well known that both of these gentlemen are Oppositionists.— Again, of those who are classed with the Government, quite a number are Independent, if not in Opposition. Mr. Ferris, Mr. Charles Burpee and Mr. Pickard almost invariably opposed the Government in the late House of Commencers the only work they grays of any we are sure that Haliax would rejoice to see the Governor-General's hag floating to them too dense an ignorance. It is true that Mr. Presbyterian minister himself once. These gentlemen were not elected as straight out Government supporters, nor were they elected as opponents of the Government. In Kent, Mr. Renaud, who had supported the Government in everything, including the formula of the constraint of the co the Government in everything, includ-ing the location of the Inter-Colonial peace." by a route the worst possible for the County, might fairly be considered the appearance of a rumor that appeared in Government candidate; he was certainly the tamest sort of a follower of Cartier and the French. Mr. Cutler, on the other hand, condemned the Government for the location of the line and on other points; but, at the same time, he declared in substance that he was prepared to bury the past and support or oppose the Government according to their future acts and policy. This was surely the acts and policy. This was surely the position of an "Independent"; and it truth, or bordering on the truth. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleaning and renovating effect on the digestive appearatus. HENRY OSBURN, MANAGER. JIM BOGBEAN.

Beneath his straw hat there peered an eye, And his empty stomach grew flabby and dry,

He whistled a tune with a vague unrest,

He tsallied out on the open street. And he sought in vain for a man to treat.

Some one came, but his pallid cheek Told the playful story he couldn't prepeat

For of all sad words e'er writ in a book. The saddest are, "by a a**peeler took."

Oft hath he stood 'neath the moon's bright glo And watched the Policeman come and go.

With a shambling gait Jim sauntered along, Humming a bar of a popular song.

His ballad grew faint and his breath got shorter When he halted in front of a pestle and mortar

And his lips turned white, and he shivered with

As he modestly asked for a couple of pills.

He looked as wild as an egg hard boiled, And he thought of his garments seedy and soiled.

Then he threw his pipe and his cup away, And ††"went on a keg" for a year and a day.

Notes.

*A bedstead or inexpensive couch.
†Probably some new air with which he want exactly familiar, hence "vague unrest."
†Meanch, walked out.
¡He was too full.
†His nose—a (very) free translation.

*A policeman.
?The usual sign of an apothecary: usuall made of wood covered over with gold leaf, and very much unlike a real postle and mortar.
†Han aphorism, and means, "Swore off."
