DEATH OF MR. JAMES GLOVER

Well Known Resident of Campbellton Passes Away.

By the death of Mr. James Glover Campbellton loses a respected citizen. He leaves to mourn his loss, a widow, two daughters, four sisters and two brothers. Mr. Glover was eighty-two years and two months old. He was a native of P. E. I. and came to this place in 1839. Rev. Mr. Drummond conducted the funeral service at his home and at Kempt Road church-yard.

STICKY WORK AT MISS POINT

We read the following in "L'Action Sociale" of Quebec, the truth of the story being vouched for: In the early days of May an Indian girl going into a store at Mission Point was molested by a young man, who thought with others that the Indian was proper game for the white. The girl, naturally frightened, hurried into the store for her purchase, which happened to be molasses. On being assailed again on leaving the store, she poured the can of molasses over him, which, needless to say, finished his fun. If all the Indian girls of the Mission had the same pluck, the many shameless prowlers would soon leave them alone.—Translated for the GRAPHIC.

THE SUMMER SCHOOL OF SCIENCE

The final arrangements for the teaching staff of this year's school have been made, and a number of well-known specialists are named as lecturers. Several of the professors of leading Canadian and American Colleges and Normal Schools are in charge of classes.

Outside of the regular daily sessions of the school, an attractive course of popular lectures has been arranged. Amongst other well known men who are to take part in this course are—Rev. Dr. Campbell on Scottish Life, Dr. G. U. Hay on Historic Memorials, Hon. Judge Carleton on Irish Wit and Humor; Dr. L. W. Bailey on What the Rocks Tell us.

Other lecturers will be Hon. Geo. E. Foster, Hon. Payson Smith, State Supt. of schools for Maine, Dr. McKay, Supt. of Education for Nova Scotia, and Dr. W. S. Carter, Chief Supt. for New Brunswick.

Already a large enrollment of teachers has been made, and a number outside of the teaching profession have also joined. The school meets in Fredericton on July 12 and lasts three weeks.

AS OTHERS SEE US.

The Island Farmer says:—Ronald Campbell returned last night from a short visit to Campbellton, N. B. His last previous visit was shortly after the fire when a few rude shacks and heaps of debris marked the site of the town. He was amazed at the transformation that has since taken place. Viewed from a distance the town looks complete, renewed and greatly improved, a much finer and more regularly laid out town than the old. Business is booming and the people are very optimistic as to the future. While there is still much to be done, it is being done systematically and rapidly and very soon the new Campbellton will be a much more beautiful city than that over which tears were shed less than a year ago.

Town Wins in Crockett Case

Ottawa, June 1, 1911.—Judgements were handed down in the Supreme Court of Canada to-day in the following New Brunswick cases. Crockett vs. Town of Campbellton, appeal dismissed with costs, the Chief Justice and Justice Anglin dissenting. This case was appealed before the N. B. Supreme Court. W. K. McKean vs. The Dalhousie Lumber Co., appeal dismissed with costs. The case of Crockett vs. Town of Campbellton has been twice before the Court at Dalhousie and was won by the plaintiff and twice before the New Brunswick Supreme Court when the defendants won on appeal. Citizens will be glad to learn that the case is now finally settled and the town has been successful in gaining a favorable decision.

Town Council Holds Meeting

Exemption of Improvements From Taxation Was Again Discussed.

The Town Council met on Tuesday evening His Worship Mayor McDonald presiding. Councillors present Messrs. Mowat, Pinault, McKean, White and Miller. Minutes of previous meeting read and confirmed. Communication from J. H. Wilson regarding the placing of a telephone pole with guy rope in front of his house. This was referred to Public Property and Street Committee. As there have been quite a number of complaints of this nature the town engineer was instructed to look into the matter. Communication read from Peter Clinch regarding rates on buildings which was laid on table. Communication from Building Inspector re violation of Building By-Laws laid on table. Application for a building permit received from the St. Andrews Presbyterian church, which was laid on the table. Councillor Moors entered the meeting. Councillor Alexander from the water and Sewerage Committee submitted report recommending the payment of accounts totalling \$260.91 which was received and adopted. Councillors Pinault and Miller from the Finance Committee submitted their various reports recommending the payments of accounts totalling \$82.18, \$36.00, \$28.88 and \$11.20 respectively. Reports were all received and adopted. Councillor Mowat in reply to the chair stated the matter of the new power station was having attention. Soundings were being taken on the east side of the property and a report would be submitted at a later meeting. Councillor White stated that the matter of the oil and brush nuisance in Ward III the committee were alive to the situation. The rain of the past few days was also an additional safeguard. Re the old Minto basement it was stated that arrangements had now been completed to have the water pumped out, the proprietor paying the cost. Councillor Lunan entered the meeting.

Under the head of unfinished business the clerk stated that as instructed he had opened up communication with Mr. Peter Clinch secretary of the Fire Underwriters, Mr. Clinch also having been in town and his views contained in the letter now before them. The letter stated that a permit for the planing mill could be given for a short period, that the underwriters would not accept church risks over 35 feet high in Andrew Street, that the Presbyterian church was further removed than he had thought and would be accepted as an isolated risk, the letter concluding with the statement that if firmer measures had been taken at the beginning there would not be the conflicting feelings of the present. Councillor Miller then moved and Councillor McKenzie seconded that a permit for the planing mill on Lansdowne street be granted on condition that the proprietor sign an agreement to remove the mill if so desired by the council on 1st May, 1912. Carried. In the matter of churches the architect (Mr. Hill) of the Methodist church was heard before the meeting. The building proper he stated was 34ft 6ins high to the ridge pole, and the spire was only 10 feet higher than this. He stated that the part of the spire above the prescribed height would rest on an iron base and be completely protected all round by iron.

Dr. Murray ex-Mayor of the town who was present gave his opinion as to his interpretation of the By-Law and at the end of discussion it was moved by Councillor White seconded by Councillor Pinault that the Methodist church permit be granted on the plans, explanations and conditions agreed to. Carried. In the discussion which then arose regarding the Presbyterian church, Councillor Miller thought that each church should be dealt with on its merits, but the trend of argument showed that there was no desire to make flesh of one and fish of another. If the By-Law was to be changed it must exempt all churches and on the face of that the council had the letter before them prohibiting

CAMPBELLTON'S BUILDING

Permits For Building Issued Showing a Value Of \$200,000.

The following figures, taken from the Building Inspector's Records, may give us a fair idea of the progress made in rebuilding the town. Although the contractors have for various reasons not been so much overwhelmed with work as they expected, still the buildings are going on, the spirit of energy displayed since last July being well maintained. From April 20th to May 31st there were issued 85 permits. For the month of May alone there were issued 57 permits. In April the value of the 28 permits issued was \$31,190 and for May \$168,700 a full total for the month and a half of \$199,890.

It may be noted in passing that of these permits only 4 were for brick and concrete construction. One part of the Inspector's report does not make such good reading as unfortunately applications for permits were refused showing a building value of \$30,500. These figures are taken from April 20th this being the date that the present Building Inspector took over the duties.

PRIVY COUNCIL SUSTAINS APPEAL

The Judicial Committee of the Privy Council has upset the judgement of an Ontario Court which awarded damages to a man who was injured while riding without authority on a railway train. The Privy Council held that while a railway by its sale of a ticket contracted to safely carry the holder, it had no contract with a man who had no ticket, and was in fact a trespasser, who might have been prosecuted for his act. The case in point happened on a train which was backing from one station at London, Ontario to another in a different part of the City and on which a trespasser jumped on the rear platform to steal a ride between the two stations. There was a collision and the man was seriously injured, resulting in a suit against one of the railways. The Trial Judge and Jury acquitted the railway. The Higher Court reversed this judgement and the railway appealed. The Court of Appeals in Ontario sustained the Higher Court, after which it was taken to the Privy Council, and the Lords of the Judicial Committee reversed all the judgement but the Trial Judge. The defendant had to pay the costs in all the appeals. Occasionally it pays a railway to fight a damage claim. It may get the case before a Court which gets at the sense of the situation.

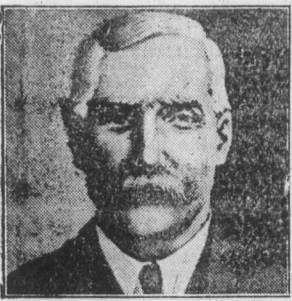

ECZEMA CURE A BEAUTY WASH

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-lives"

SHANLEY, Ont., Sept. 23rd, 1910.
"For certainly have the greatest discovered Headache Cure in the world. Before 'Fruit-a-lives' came before the public, I suffered tortures from Headaches caused by Stomach Disorders.
"One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications.
"I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying 'Fruit-a-lives'."

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years."
W. M. PITT
As Mr. Pitt says "Fruit-a-lives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-lives" at 50c. a box, 6 for \$2.50 or trial size, 5c. or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

THE THOUGHTLESS-NESS OF WOMEN

"The Mail-Order Women" Do Not Realize The Injury They Do Their Home Town

Says the Fredericton Daily Mail:—
"A discussion arose recently in regard to the practice of some ladies going to the larger cities to do their shopping or patronizing the mail order houses. One of the members of the group, while defending the ladies against any wrongful intent, stated that women did more harm through thoughtfulness than men did from deliberate malice. There seems to be considerable foundation for this contention, and certainly if our fair friends gave as much thought to the matter as they should they would appreciate the far-reaching effects of their actions."

"It is strange that women will give largely of their time, energy and money to visit educational and charitable institutions, with a public spirit and disinterestedness that is highly commendable, and yet will thoughtlessly do their community sufficient harm to more than offset their good work in other directions. Yet it is true that many of the evils which these ladies work so assiduously to overcome, are directly traceable to this pernicious habit of dealing with mail order houses."

"If there is poverty or distress, the ladies will bestir themselves. For the sake of sweet charity they will do wonders. They will organize bazaars and patronize them, paying ridiculous prices for things they do not want, or at least do not need. They will waste sufficient money in this way to buy many useful articles from our local merchants. If the same amount of vital force that was expended in these charitable schemes was directed in other channels, our whole community would be benefited, morally, physically and spiritually."

We emphatically state that much of this charity is necessitated by the worse than foolish habit of discriminating against our own town and our own neighbors. Our friends can surely see that if the benefit of their purchases remained with the local merchants, these merchants would be in a better position to contribute to local institutions, and would also be able to offer employment to many of the young people who have at present to seek other fields.

"Putting the matter in plain language, the women who do not patronize the merchants of the town, where their living is made, are blind to their own best interests. The fathers, brothers or husbands of these women are making their livelihood here for themselves and those dependent on them, and if some of these men are forced out of employment on account of lack of business, hard times, etc., the respective wives, daughters and sisters are apt to complain of things in general and this town in particular. How many of them will look into the matter sufficiently to realize that they themselves are, partially responsible for the lack of business?"

"If each reader of this article will give the matter careful thought we believe there would be a very great improvement in local business conditions. Do not wait for some person else to act. Do your duty as you see it. Deal at home."

There is a good deal of food for thought in the above, not only for ladies who shop abroad, but for merchants who buy foreign goods in preference to home manufactures and who fail to advertise persistently in the local papers and thus let the department stores (who know how to advertise their wares) get ahead of them.

DEATH OF FATHER FITZ-HENRY

Rev. R. H. Fitz-Henry, C. S. C., one of Quebec's most accomplished sons, was accidentally drowned at Kingston, Ont., and was buried at Quebec on Wednesday. Deceased, after a brilliant course of studies in St. Patrick's school, Quebec, entered St. Laurent College and followed a classical course, obtaining the degree of B. A., and winning first prize. He then entered the Congregation of the Holy Cross and followed the course in theology at the Quebec Seminary where he also took first prize out of a class of more than a hundred ecclesiastics. After his ordination he was for several years one of the foremost teachers at St. Laurent College. He was subsequently appointed Prefect of English Studies at St. Joseph's College, Memramcook, N. B., but owing to ill health he was compelled to abandon teaching. He was stationed on the North Shore for a time, and had been at Kingston for a year. Father Fitz-Henry was an eloquent preacher in English and in French. He was a contributor to the Montreal True Witness, the St. John New Freeman, and the Quebec Daily Telegraph, and his writings attracted much attention.

MRS. MARY T. GRAHAM (Union Advocate)

The death of Mrs. Mary Thompson Graham, widow of late Vernon Graham who pre-deceased her by eleven years, occurred at her home here Friday morning at 1:15. Mrs. Graham was 64 years old and had been a great sufferer for some time. Before marriage she was a Miss Fowler of Blissfield. She was a member of the church of England, and the funeral took place at St. Andrew's cemetery here on Sunday afternoon at 4:30. Rev. W. J. Bate conducting services. There was a very large attendance. The pall-bearers were: Messrs D. McQuarrie, Andrew McCabe, Henry Bell, Ald. J. G. Keith, John McCormick and John McAllister.

Deceased leaves following children, all living in Newcastle, Harry and Terence, of the I. R. C. service and Miss Florence. Her surviving brother and sisters are: David Fowler, Burleigh, Maine; Mrs. J. J. Baum, San Bernardino, Calif.; Mrs. Fred Fuller and Mrs. Wm. Price of Lowell, Mass.

THE RESULT IN MEXICO

The middle-class revolution, started in Mexico by Francisco Madero, Jr., about November 20, 1910, and terminated by the treaty of Juarez, on May 21st, instant, whereby President Diaz agreed to resign and hand the government over to Francisco Leon de Barra until a new election can be held, is apparently a complete success. President Diaz, since 1884, resigned office on the 25th, and on the next day left Mexico city with his family enroute for Spain. Mexico has never had a free government, and to establish freedom of elections, abolish slavery and restore to the masses the land stolen from them by Mexican and foreign capitalists during the regime of Diaz and his predecessors is a herculean task. Too Madero policy of moderation is not accepted by the whole of the revolutionists. There is a party who desire to amend the political system of Mexico as to give all men an equal opportunity but the genuine revolutionists will probably be silenced for the present, the new government granting sufficient reforms to keep the most powerful section of the nation quiet. The real struggle for Mexican freedom is yet to be decided.

ANOTHER SAD RESULT OF ALCOHOLISM

Richard Tabert Of Barryville Drowned at Ferryville Thursday Night.

Richard Tabert of Barryville, came to Chatham Thursday, hired a horse from Mr. Druet and drove to Millerton. He returned through Newcastle and Douglastown late that night, and his horse and carriage and later his own body were found in the ferry slip at Ferryville next morning. Deceased was about thirty-five years old and unmarried. He leaves two brothers and a sister. Deceased was known as a heavy drinker. He is supposed to have driven off the wharf, thinking the boat was moored to it.

CENSUS JUNE 1

The taking of the census begins tomorrow morning. Many questions will be asked. The amount of the salaries of all employees will be noted, also the amount of insurance carried, occupation, age, etc., religion and racial origin. No one need have any objections in answering all questions of the enumerators as they will be treated confidentially.

"Every person who without lawful excuse refuses or neglects to answer or who wilfully answers falsely any questions requisite for obtaining information sought in respect to the objects of this act, which has been asked of him by any enumerator or commissioner in execution of this act, shall for every refusal or neglect or wilfully false answer incur a penalty not exceeding \$100 nor less than \$10."

Men who always went to the custom tailors are now wearing Fit-Reform

The reason is simple and logical.

Fit-Reform Suits show the same careful tailoring—the same graceful lines—the same perfect fitting qualities—as the finest of the custom work, because they are the highest class of hand tailoring.

With these advantages—

The suit is ready, the day you select it—and the cost is anywhere from 25% to 50% less.

This may sound unreasonable to the man who does not know that the greatest designers and the most skilled tailors in Canada, are employed by Fit-Reform.

It is equally true that Fit-Reform commands the choicest fabrics that come from the looms.

All of which you can learn, to your complete satisfaction, when you come to look over our showing of Fit-Reform Suits.

SONS OF TEMPERANCE SEMI-ANNUAL MEETING

Demand Juvenile Courts, Public Playgrounds, Inspection
of Liquor and Better Enforcement of Law

The Sons of Temperance Grand Division of N. B., met in St. John Wednesday night and Thursday, May 24—25, G. W. P. Edward S. Hennigar in the chair, Rev. W. R. Robinson, Grand Scribe.

The North Shore was represented by Grand officers Rev. R. H. Stavert of Harcourt and H. M. Ferguson of Reston.

Reports showed three new divisions organized and a net gain of 91 members in last six months. Membership is now about 3000, of which more than 600 are in Kent and Northumberland counties.

In its semi-annual report the Kent and Northumberland District Division asked and strongly urged the Grand Division to co-operate with it in demanding from the Dominion and Provincial governments the following amendments to the Canada Temperance Act and Provincial License Law (sections 1 and 2 of which were moved by H. H. Stuart and Harold C. Stothart and unanimously adopted at its quarterly meeting at Harcourt, January 20th, 1911; and unanimously re-adopted, with section 3, recommended by Rev. W. J. Dean, H. M. Ferguson, A. L. Bakkirk, H. C. Stothart and H. H. Stuart, committee on the state of the order, added at the last quarterly meeting, held in Newcastle, April 7th ultimo):

1.—From the Dominion Government:

(a) That no liquor shall be imported into a District under the Canada Temperance Act by private individuals, all liquors required for legal purposes to be purchased from Vendors appointed by the said Government and residing within such district;

(b) That all persons arrested for drunkenness be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell;

(c) That each government Vendor of alcoholic liquors be required to annually publish a complete statement of business done by him during the year;

(d) That the privilege of obtaining prescriptions for liquor from Medical men residing outside of district under Canada Temperance Act be done away with, the only exception to be the case in which the medical man nearest to the patient resides in an adjoining municipality;

2.—From the Government of New Brunswick:

(a) To prohibit the importation of alcoholic liquors by any person or persons into any non-license district in said province;

(b) That all persons arrested for drunkenness, whether in license or non-license districts, be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell;

3.—From both governments such improvements in the method of enforcing liquor laws as will bring the Canada Temperance Act and New Brunswick License Law to as effective a standard as the Prohibiting Law of Nova Scotia.

The finding of liquor on any premises to be, until contrary is proved, deemed evidence of intent to sell, although no bar room appliances may be present; jaw officers to have power to search or seize liquor without warrant; the finding of liquor concealed or falsely labelled to be prima facie evidence of intent to violate the law; prosecutions for second offence to immediately follow first conviction, and no appeal from decisions of Stipendiary Magistrates.

The above drastic and radical propositions not appealing to the majority of the delegates, the Grand Division on Thursday adopted the alternative recommendations of the Grand Scribe, which were made the policy of the Grand Division, as follows:

(1) Consider the great need of supervised public playgrounds. They should be every organized community.

(2) The establishment of Juvenile Courts and an industrial university for the protection and salvation of young offenders and would be offenders against society.

(3) The proper classification and segregation of offenders.

(4) The establishment of a farm where drunkards may have a chance to redeem themselves. This has been tried in other provinces and in many of the states to the south of us, with good effect and is now past the experimental stage.

(5) The more rigid enforcement of our laws governing the sale of cigarettes to minors. In many communities officials make no attempt to enforce this law. In St. John it is openly violated.

(6) While prohibition is the goal, let us make the most of our present liquor license act and have it properly enforced, and seek, with the aid of the Moral and Social Reform Council, Temperance Federation and other kindred societies, such amendments as will make it easier for a man to do right and harder to do wrong.

(a) That all liquor should be thoroughly inspected.

(b) Treating should be prohibited by law.

(c) Saloons should close at 12 a. m. Saturday and 7 p. m. every other day.

(d) That all liquor should be consumed in the barroom of the licensed premises.

(e) The penalty for selling to minors and interdicts should be increased.

(f) All saloons should be open to public inspection.

(g) Those who suffer through the traffic should be able to collect damages from the saloon keeper for injury and loss sustained. This would safeguard the rights of the suffering mother, wife and innocent children.

(h) The placing of an agent in the field to organize and fight for prohibition and moral and social reform.

Rev. C. Flemington, Rev. R. H. Stavert, Rev. W. R. Robinson, W. L. Kirby, and J. R. Woodburn were appointed a committee to carry out this policy in New Brunswick.

PLEURO-PNEUMONIA AND BRONCHITIS

Brought Mrs. Baker to Death's Door. Father Morrissey's No. 10 Saved Her.

Of the many hundreds of cures wrought by Father Morrissey's No. 10 (Lung Tonic) few are more remarkable than the saving of the life of Mrs. John S. Baker, of 164 Rockland Road (North End), St. John, N.B. She wrote on Oct. 16, 1909:

"I wish to express my gratitude that I am living to-day, saved from the grave by Father Morrissey's No. 10 (Lung Tonic). This time last year I had pleuro-pneumonia and bronchitis, and had been given up to die, and had my lungs tapped in the City Hospital, and never expected to walk again; I was continually getting worse every day. I came home from the hospital, and everyone was watching for me to die. I tried everything but there seemed to be no cure for me.

"I began taking Father Morrissey's No. 10, and the second day I could eat without pain. I used 22 bottles of No. 10, as I was run down right into consumption, and for six months was just a shadow until I began to use it, and now I am in good health, and surprised most of my neighbors by gaining so quickly. I feel it my duty to publish it everywhere I can, as with all I can say I cannot recommend it too highly—it was a life saver to me, and I am very thankful to recommend it, as it is worth all it is said."

Father Morrissey's No. 10 is very different from the many preparations that simply relieve a cough. No. 10 relieves the cause of the cough, restores the membrane of throat and lungs to a healthy condition, and houses up the whole system, giving strength to resist future attacks.

Try bottle No. 10—bottle size 50c. At your dealer's or from Father Morrissey Medicine Co., Ltd., Montreal, P.Q. 22

Amatite ROOFING

Needs No Painting.

AMATITE roofing is unexcelled. It doesn't need to be watched over and fussed with and cared for.

It takes care of itself from the start. As soon as it is laid on your roof, you can go away and forget about it.

You don't have to paint Amatite every two years as you do the "rubber" kinds. Amatite has a mineral surface which needs no painting.

The mineral surface is better and more durable than many coats of paint.

Back of the mineral surface is a layer of pitch, the greatest waterproofing compound known. Back of the pitch is a layer of felt (a whole ready roofing in itself), and behind this is another layer of pitch and another layer of felt. The result is a strong, durable roof which can take care of itself in any climate without painting.

We will be glad to send you free a sample of Amatite Roofing so that you can see for yourself just what it looks like. Address our nearest office.

Everjet Elastic Paint
Low in price. Great in durability. Available for prolonging the life of rusty roofings, fences, iron work, etc.

Creonoid Lice Destroyer and Cow Spray
It will keep flies away from the cows. It will keep lice and nits away from the poultry, make everything sanitary and increase their output.

J. G. McCOLL, EDITOR H. B. ANSLOW, MANAGER

CAMPBELLTON, N. B., JUNE 2, 1911.

Presentation to Rev. Mr. and Mrs. W. G. Schurman.

By Judge Theodosius Botkin, American Consul.

Ladies and Gentlemen:

The last twelve months have been fraught with mingled disaster and blessings for the people of Campbellton. From the high plane or lofty heights of a serene enjoyment of abundance, well established and satisfactory business and industrial pursuits, and cozy, comfortable and happy homes they were suddenly hurled into sloughs of heart breaking disappointment, their business, and industrial pursuits, their homes and all their possessions in ashes. One noon smiled down upon a peaceful scene of busy life, glowing, prospective, contentment and unsuspecting happiness. The next mid-day sun found them all homeless, foodless and shelterless. No more charming scene of peaceful, pulsing life could anywhere have met the gaze of a practical philosopher than that which blessed the south shore of the Restigouche at high noon on Last July 11. No more appalling sight could have been found than this same community at the meridian hour on July 12! Perhaps in all the annals of the North American Continent, without the agencies of the incendiary, the surrounding crackling forest, or a wild scene covered prairie to feed and force the conflagration, was there never such a total destruction of a thriving town and all the property of five thousand people! At noon time all were full of happy, hopeful animation. Night came and the plowing stars also saw the entire town site converted into an angry, seething sea of flame! The morning dawned at last to light the unbroken plain of ashes and smouldering fires. Only six or seven homes were saved—NOTHING MORE! Thousands of men, women and children were homeless, shelterless, foodless.

But along the wires flashed the news of a whole community's direful distress, and then swift winged, "Charity, love's other name, Bear Heaven connecting link of being" came with food and raiment and the many other necessities of civilized life; and HOPE that "springs eternal in the human breast" re-asserted her away, and Courage and Buoyancy shook out their flags in defiance of Misfortune, and unconquerable Canadian Resilience proclaimed:

"Let's again be up and doing, 'With a heart for any fate, 'Still achieving, still pursuing 'Learn to labor and to wait."

Hasty homes were constructed, but temporary in their character, small, crowded and with meager furniture; business re-began in shacks that were a mockery of business houses. The first of another summer found the town rapidly re-approaching completion, and it will be a more beautiful town than ever before. Since again all is comfort, contentment and joy! The future is rosy with hope and confidence! The awful experiences of the past—tormenting and crushing as they were, have become reminiscences and the inspiring source of wisdom.

On the great seal of the State of Kansas there is inscribed the Latin motto: "Ad astra per aspera"—to the stars through difficulties. When the new Campbellton shall have been completed, when brick and stone structures shall face from both sides upon Water Street; when the greater and grander School building shall be erected; when the splendid church buildings that are to go up this summer shall be ready for occupancy; when the power plant shall be permanently re-established, and the larger, more commodious and more beautiful railway stations shall all be finished; then in that glad day of this people's triumph, may they too, remember that a Loving Heavenly Father has brought them through all the vicissitudes of the past to a contemplation of the blessed stars of success at last!

Here we will turn our reflections backward, and peer through the mists and the curtain of smoke that in memory hang about the last summer, autumn and winter's experience. And as we gaze backward we see certain forms moving here and there, visiting the brave and crowded families, the patient self-denying and often suffering people. We hear their words of friendly kindness, of heartfelt sympathy, of encouragement and wise counsel, and we see their hands extended to help and to guide. We all know their forms. They are God's servants, who have well learned and

remembered the admonitions of the Great Apostle—"Bear ye one another's burdens and so fulfill the law of Christ," are serving their Master by doing good for the good's sake and not for notoriety or men's applause. Yes, my friends, you watched them and I watched them, and all of us saw them do those things through all the weary weeks and the dragging months. We saw them carry good cheer into gloomy homes. We saw their words and works of kindness and fraternal sympathy light again the smiles on forlorn countenances. It may literally be said of them that "they smoothed the furrowed brow of care; they lifted the heavy burdens from the stooped shoulders of toil; they lighted anew or fanned into intenser flame the fire of hope and courage in the hearts of discouraged men and women; they brought back the rose tints of contentment, peace and happiness to the wan cheeks of the distressed; and at their coming the song birds of joy made music in the hearts of children."

Now, one more misfortune awaits Campbellton. One more of those families whom we have all learned to love for their usefulness, their unselfish devotion in our great trial period, is about to leave us and go to a distant field of labor. And we have met here this evening to give them a good bye greeting and to carry them a token of our esteem and love.

Rev. Mr. and Mrs. Schurman, this is no mere lip service. By your conduct in every line of duty since you came here a little more than a year ago, you have earned and you receive the respect of us all. We have long ago taken your full measure as a Christian minister, and wife, and I have been trying to portray the results of that measurement. I shall not say that you, Mr. Schurman, or any other good man has no foes, or critics. I don't know so well about that, but I do know that the only things in all the animal kingdom, including man, that does not have any foes, is a clam. But a wise Creator gave us a class no back head. I am sure you have a spinal column, that you have the man's courage of your honest conviction. Put getting back to your measure again, we have found you consistent Christians, a devoted minister and help mate, zealous citizens, wise counsellors, helpful neighbors. You have visited the sick, consoled the distressed, relieved aching hearts of their pain, encouraged the faint and comforted the weary. Why you, Mr. Schurman, have even worked with hammer, saw, plane and chisel in building and assisting to build shelter for our people! To leave you from our community is to us a great loss, but your duty calls you hence, and you must obey, and we submit to our fate. We will remember you. We will not forget your services to this community in those days of misery and want, when your brave words and braver examples were an inspiration to those about you. Nor will we forget that while the community was struggling from all its weary difficulties that succeeded the disaster of last July you were one of its chief pilots on its way upward toward the stars of success, re-established business and order, comfort and contentment in its thousand homes.

At the same time we are a bit selfish on our part, for we wish to be remembered by you. We wish you to remember that you have a host of good friends in Campbellton who will ever rejoice in your successes and happiness and sorrow over any griefs that may overtake you. So with our heartfelt fraternal love and as a token of our very highest esteem and kindest regards, we ask you to accept as a present from us these easy chairs, one for each of you, as a token and pledge of that love and esteem which you will carry with you from these devoted friends. Accept, please, and "God be with you until we meet again."

The swimming season has opened with several drowning accidents, and nothing can be done but to repeat the old warnings.

One advantage of the annexation of the Bahama Islands to Canada would be the possibility it would give us of boasting—that Canada is in the banana and pineapple belt.

Britain's first naval airship is named the Mayfly. We should have preferred "Mustfly." There is a feeling of uncertainty about the other name not in accord with the traditions of the Royal Navy.

HORSE RACING AT BATHURST

Good racing characterized the events at Bathurst Park, on May 24th. The track was in rather a rough condition to make fast time, in the classes pulled off, good contests prevailed, witnessed and enjoyed by a large number of spectators, and interested horsemen from all over the country. In the Free-for-all, two veterans scored down for the word Daybreak getting the opening heat, Zad up behind Gog, got busy and won the next two heats and the race, with Daybreak right on his wheel, time 1:13. 1:13. 1:13. The three minute class, five lined up for the word. Nell Parkside a speedy dark chestnut pacer made the rail birds sit up and look, she won the race with such ease. Lady Carmen, a beautiful black mare and speedy, but through her bad acting lost 2nd place. Don a good steady mover beat her out getting second, Lady Carmen getting 3rd, time, 1:23 1:25. 1:32. After the first heat in this class a complaint was made, that "Little Sam" was putted and that he had a fast mark. The owner being summoned to the stand, clearly proved that he was not a "ringer" the Judges allowed him to compete in the race. The colt race, two nice ones lined up for the word, Violet Be Sure, a pacer, and Bus Fux Jr. trotter. The pacer won out being a little slower. Time 1:41 1:42 1:47. Expressions of regret by many that Mr. Williamson's speedy mare did not compete in the free-for-all, she can go some. The Judges A. E. Cohoran, A. R. Wheeler, J. Rogers, Starter W. G. Fenwick, Times B. M. Jones, A. Campbell.

TAG DAY

All To Be Tagged a June 7th For the Benefit of Hospital.

Miss Ethel Malcolm has taken up the cause of the Hospital and with the assistance of a number of young lady friends will endeavor to raise a substantial subscription on behalf of the Hotel Dieu Hospital on Saturday June 10th.

This Tag Day subscription has met with great success in Montreal and other cities and has been a most prolific source of revenue for all the Institutions so far benefited by it. We trust that as much success will attend ours and that a bumper subscription may be the result.

Don't put all your money into one box. Take as many tags as you can, thereby contributing and giving all the girls a chance. On Saturday evening the money will be taken to the Hospital, where Father Wallace will open the sealed boxes. The Hospital is greatly in need of funds so carry on their work and it is hoped that a ready and hearty response will be made to this appeal, especially by those who can only give a little. Every coin helps in this, every one is expected to and should assist materially towards such an institution.

FOR FALLING HAIR

You Run No Risk When You Use This Remedy.

We promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity, for a reasonable length of time. It is a scientific, cleansing, antiseptic germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes deadroot and restores hair health. The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. Sold by all dealers.

Last week Conductor Ayer of the I. C. R. while on his run from Campbellton to Moncton counted no less than twelve moose along the line between Rogersville and Barabogus, in a distance of twelve miles.

Fire cards have now been issued giving instructions what to do in case of fire. We hope the rules will be carefully followed although we fear that the women folk will as before grab the baby first and run.

The Campbellton Dramatic Club are hard at work rehearsing a play which will be presented early in June. The club are looking forward to having a bumper house, and we hope our taste for the Thespian Art is not satisfied before this comes off.

There is one medicine that every family should be provided with and especially during the summer months, viz. Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

The Bathing Station at the old Minto basement is now being removed. On Tuesday night Chief Christie and a squad of firemen with their apparatus got busy removing the water. One of the firemen had a narrow escape from having a cold bath while fixing a gas valve on one of the hoses.

The new instruments for the Campbellton Brass Band have arrived and the members are hard at work practicing. The boys are enthusiastic and rehearsals are going with a good swing, conditions which point to a very successful season. NATIONAL DRUG TO SELL 3700 SHARES MORE

The annual meeting of the shareholders of the National Drug & Chemical Co. was held recently. The financial statement for the last business year was the best, as far as presented to the shareholders. The most interesting reports were from the Na-Dru-Co. and proprietary departments of the business. The former was established only eighteen months ago, and the manner in which the drug trade and the general public have supported the products of this department has decided the directors to spend large sums of money in still further advertising this important line of medicinal and toilet preparations.

In order to continue the development of this department, and to keep pace with the progress of the country by the opening of new branches, especially in the West, the directors have decided to dispose of 3700 shares of the 7 per cent cumulative preference stock of the company at par. A large proportion of these shares have been taken up by the directors.

Chicago is annoyed because four hundred people who have regularly received relief from the corporation as being destitute are found to be well-to-do. One family has a piano and a telephone; another owns a prosperous store. The leak has cost \$35,000 a year, while real paupers have been starving to death in Chicago every week. And yet some people say there is no need for charity organization.

A black and white photograph showing a close-up of a person's hands working on a large, textured surface, possibly a piece of fabric or paper. The hands are positioned on the left side of the frame, with one hand holding a tool or material. The surface is divided into sections by vertical lines, and there are various tools and materials visible, including what appears to be a ruler or straightedge. The overall scene suggests a process of construction or assembly.

Laws, in which they were assisted by Dr. Murray, Ex-Mayor of the Town.

After the council had reverted to the usual order of business at the request of Councillor Lunan, Dr. Murray was allowed to say something regarding the article in last week's "GRAPHIC". Dr. Murray stated that although this legislation to exempt buildings from taxation was not promised it was freely stated by him and others that they would ask for it and felt sure it would be favourably received at Fredericton. The speaker had taken the matter up himself and by telephone and wire tried all he could to get the Town Solicitor and our member the Hon. Mr. Currie to further this measure. No report had been received from either of those gentlemen, that is no written report, and all that was known of it was that the Legislature considered it too much of an innovation but were quite willing to pass the bill with a rider to it that a plebiscite of the people should be taken on the measure before it became law. As this was not done the bill was dropped.

Councillor Lunan thanked Dr. Murray for his explanation as he considered the report in the GRAPHIC was untrue, and that this council had nothing to do with the matter, and could not be called lethargic, apathetic and asleep.

Councillor White asked Dr. Murray what would be the effect of this dropping of the bill with regard to the assessments; and Dr. Murray replied that the assessors had no power to reduce the assessments.

After further desultory discussion as to whether the Council or the Town Solicitor were at fault the matter dropped.

Councillor Miller brought up the matter of the Town Bonds which would be for a term of 40 years in \$1000 denomination. These would likely be ready for September 1st and the Finance Committee were instructed to prepare the Bonds for issue as early as possible.

A plan of the property of Jos. Pichette was laid on the table showing a street south of the I. N. R. track and north of the Tobique Road which he proposed to deed to the town. The plan was accepted by Council, which then adjourned.

Dalhousie, May 31st.—The ability of the young people of Dalhousie to carry out a successful and highly enjoyable Dance, was once more amply proven by the result of the entertainment held in the Masonic Hall, Dalhousie, last Friday evening the 26th.

"An Informal Dance" was how the invitations read, and in this as in everything else, the Committee showed the complete grasp they had upon the arrangements, the evening being characterised by that delightful informality that has always marked such functions here.

The Chatham Orchestra was in evidence, and Mr. McEachern and his assistants were never heard in better form, so that with good music, a good floor and the necessary number of couples the success of the Dance was assured at the outset.

About 25 couples participated and your correspondent would here pay a tribute to the ability of the Junior Bachelors' committee through their Hon. Sec., Mr. W. L. Watt, and to their appreciated efforts in the way of decorations which were unique and tastefully arranged.

The Chaperons were Mrs. J. B. H. Storer, Mrs. J. V. Magee and Mrs. S. L. T. Clifford.

Dancing continued up till midnight when ice and cake were served, after which dancing continued gaily till an early hour when the strains of "God Save the King" terminated what was to all an extremely enjoyable evening.

Some of the costumes worn were: Mrs. Storer, pale blue crepe de chene; Mrs. Magee, mauve silk embroidered mull; Mrs. Clifford, point d'esprit over rose silk; Mrs. Baldwin, black silk eolienne; Mrs. Frank Barberie, cream satin; Mrs. Chip. Bateman, white embroidered tulle; Mrs. E. R. Gaudet, Kings blue silk; Mrs. Fred Pallen, black organdie; Miss F. Doherty, coral colored silk, braided trimmings; Miss Mollie Doherty, cream silk voile, pearl trimmings; Miss Jean McLatchy, (Campbellton) pale blue silk muslin; Miss Yvonne Samson, cream silk voile; Miss Opal LaBilloy, cream silk crepe de chene, gold trimmings; Miss Blanche Mercier, white net over silk; Miss Louise Barthe, old rose taffeta cloth; Miss K. Magee, pale green mull, pearl trimmings; Miss Gertie Barberie, white net over pink silk; Miss Vera McInerney, white satin muslin; Miss Mary Barthe, green silk eolienne.

GLENCOE.
Glencoe, May 29.—Mr. and Mrs. G. Boudreau are receiving the congratulations of their numerous friends on the arrival of a bouncing baby girl, at their home here. Mr. and Mrs. Magnus Firth drove to Tide Head on Friday evening.

Mrs. Peter Gerrard of town paid a visit to her old home here, on Monday last.

Miss Nellie Duncan spent a few days at the home of Mrs. Wm. Firth, returning to Tide Head on Thursday.

John S. Cooling and Stanley Kierstead have returned from the drive.

Mrs. Wm. Firth and daughter Mary spent Saturday in town.

Mrs. Alex. Columbe and daughter have gone to Eel River to live. The rain of the past few days has considerably raised the water in Christopher Brook.

The recent rain has greatly improved the crops.

WEDDING BELLS
HOPE—ALEXANDER

The marriage of Miss Lucy Alexander daughter of the late Mr. A. E. Alexander of Campbellton and M. R. Malcolm Hope, manager of the Bank of New Brunswick, son of R. Malcolm Hope Esq. of Perth Scotland, was solemnized at nine o'clock Thursday evening at the residence of the bride's brother Mr. Charles Alexander, Campbellton. The Rev. T. M. Drumm pastor of St. Andrew's church performed the ceremony. The bride who was unattended was given away by her brother. She was handsomely gowned in crepe meteor embroidered with pearls, and wore a wedding veil arranged over a coronet of lilies of the valley and carried a shower bouquet of lilies of the valley. The house was beautifully decorated with roses and carnations. A reception followed the ceremony after which Mr. and Mrs. Hope left on the Maritime for Quebec from where they will sail on the "Corican" for Liverpool. Their stay abroad will occupy about two months and will include the coronation festivities in England, a visit to the groom's home in Scotland and a continental tour. On their return they will reside in Campbellton.

Among the guests were the following:—Mrs. Alexander sr. in black; Mrs. H. S. Alexander, old rose with flower decoration; Mrs. Ed. Alexander, pale grey; Mrs. S. W. Nicholson of South Head Inn, aunt of the bride, in a white embroidered gown; Mrs. Nicholson, black chiffon veiling over pale blue satin; Miss Ethel Malcolm, white chamoise with white veiling; Mrs. A. E. McKenzie, beaded net over King's blue satin; Mrs. F. W. Campbell, white satin; Mrs. W. S. Montgomery, Dalhousie, black and white stripe silk; Mrs. F. F. Matheson, green poplin; Mrs. T. P. Drumm, white muslin with pink trimmings; Mrs. Dr. Lunan, pink foulard; Mrs. D. C. Firth, white serge; Miss Emma Mowat, pale blue with satin trimmings; Miss Sadie Mowat, pink muslin; Mrs. McLeod, champagne crepe du chene with tan trimmings; Mrs. E. Clark, green; Mrs. W. S. Thomas, Sussex, pale green satin; Mrs. Sproule, black; Judge Botkin, Police Judge Matheson, Mr. Chas. Alexander, Mr. Ed. Alexander, Mr. H. S. Alexander, Mr. Thos. Malcolm, Mr. A. E. G. McKenzie, Mr. F. W. Campbell, Mr. F. E. Lockhart, Mr. D. C. Firth, Dr. Price, Mr. F. E. Shepherd, Mr. A. A. McLeod, Mr. Powrie, Mr. J. G. McColl, Mr. J. L. Inay, Mr. P. H. Blyth.

Miss Theberge supplied music for the dancing and Mr. J. G. MacColl played the wedding march.

The death of William LaBilloy, cousin of Hon. C. H. LaBilloy, by drowning is reported to have taken place at Fort William, Ont. on May 1st. He was forty-four years of age and had been in the employ of the C. P. R. for many years. He was the youngest son of John LaBilloy, formerly of Dalhousie, and a brother of Joseph LaBilloy, formerly of Campbellton and now residing in Menounie. He was unmarried and resided with his parents who have the sympathy of many friends in their sad bereavement.

DRINK CURE A MIRACLE
No, Just Sound Science.

Many drunkards are sent to jail when what they need is medicine. Drink has undermined their constitutions, inflamed their stomach and nerves, until the craving must be satisfied, if it is not removed by a scientific prescription like Samaria.

Samaria Prescription stops the craving, restores the shaking nerves, builds up the health and appetite and renders drink distasteful, even nauseous. It is odorless and tasteless, and dissolves instantly in tea, coffee or food. It can be given with or without the patient's knowledge.

Read what it did for Mrs. G. of Vancouver:

"I was so anxious to get my husband cured that I went up to Harrison Drug Store, and got your remedy there. I had so much trouble giving it without his knowledge, I greatly thank you for all the peace and happiness that it brought already into my home. The cost was nothing according to what he would spend in drinking. The cure of drink was putting me into my grave, but now I feel so happy, and everything seems so different and bright. May the Lord be with you and help you in curing the evil. I don't want my name published."

Now, if you know of any unfortunate needing Samaria Treatment, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence is sincerely confidential. Write to-day.

wooden churches above 35 feet in Andrew Street.

In the end Coun. Miller moved and Councillor Lunan seconded that the amendment to exempt all churches from this section of the By-Law be passed and become law. On a division the motion was lost 6 to 2. For the change Councillors Miller and Lunan, against Alexander, Mowat, Pinault, Moores, White and McKenzie.

The Building Inspector's report was then taken up and after discussion it was moved by Councillor Alexander, seconded by Councillor Mowat, that the report of the Building Inspector be received and placed on file, and that he be instructed to take the necessary steps to proceed against any of the persons named in the report for infraction of the By-Laws. Carried.

The councillor then went into committee in discussion of the By-
