On Thursday evening, July 6th, the Willard-Moran fight pictures will be shown at the conclusion of the regular performance (about 9 o'clock.)

KENTVILLE NEWS

Miss Alice Kent spent Saturday with friends at F. Imouth.

People in want of milk can be supplied by sending post-card to J. A. Shaw, Kentville, 1 a&o x

Now for Haying Tools. To the Sunny South go. Rockwell has the best.

Irons, Strythe Snaths, Scythe Stones and Rifles. W. W. Rockwell.

Mr. and Mrs. Arthur Bezanon, Belcher Street, has remembered us with a box of fine large luscious strawberries.

Wanted—Two Girls for Station Restaurant. Apply J. Rooney, Kentville.

Get your Fly Chaser from The Hardware Man and keep the cows making milk. W. W. Rockwell.

Sadie, Call at the Sunny South Daylight Store and get a Strawberry Huller. W. W. Rockwell.

Misses Mary Channing and Myrtle Neary spent the holiday at Windsor.

Water Glass preserves the Eggs. Get it from W. W. Rockwell.

Miss Gertrude Eagles returned on Saturday from Middleton where she has been for some time.

Dad! Get one of those Cycle Grind Stones at Wylie Rockwell's.

Miss Gladys Kent spent the holiday at her home in Dartmouth.

Wanted—A competent stenographer with good Office experience. Apply to X. Y. Z., Advertiser Office.

Corporal Harry Walsh of the Machine Gun Section of the 85th N. S. H. has been promoted to Sergeant. This is a worthy promotion as Harry is most earnest and studious in whatever he undertakes.

A recital will be given by Miss Bertha McGorman of Charlottetown in Pastime Hall on Thursday evening next. It will be under the auspices of Colonel A. H. Borden and Capt. McDonald of the 193rd Battalion, and the proceeds for Borden Hall, Camp Aldershot. It is expected that the 85th Band will be in attendance and military and local talent will assist at the recital.

The Red Cross Society will hold their regular meeting in their regular rooms in the Court House the 1st Monday of each month beginning July 3rd. The hour of meeting is 7.30 p. m.

A splendid game of baseball was played on the Exhibition grounds, July 1st, Dominion Day, between the N. S. Highland Brigade team and the 97th American Legion team. The 97th won out with a score of 9-4. An immense crowd witnessed the game, the gate receipts being over two hundred dollars.

Do not miss the recital by Miss McGorman at the Pastime Hall on Thursday night. She is a graduate of the Emmerson School of Oratory and has been teaching at St. Francis Xavier and Mt. St. Bernard Ladies College. Miss McGorman will render Edward Peple's famous war dance "The Littlest Rebel", and other dramatic and comic selections. She will also present the sword dance and also in Spanish and other dances. She has been well received in Boston, New York and other cities. 85th Band and other talent will assist at this recital.

The Latest in Movies

Don't fail to see the Arena "Movies"—and see the same splendid bill of pictures that are being shown in the Empire Theatre, Halifax. See program for this week in another column.

Canadians Are Doing Great Work at Front

Ottawa, June 29—The following communique has been received at the Militia Department from the Canadian representative at the front:

Canadian Army Corps Headquarters in France, via London June 29—In spite of the inclement weather the consolation of our new positions progressed satisfactorily. Exceptional activity in reconnaissance was displayed by our patrols, and useful information as to the enemy's dispositions was by our patrols.

On one section of our front patrols of a Montreal Batt. examined some enemy saps. The following night three bombarding parties, under Lieutenant Mathewson, Lieutenant Rutledge and Sergeant Jones of this unit, went forward and established strong posts, which will check any further advance of the German line in this direction.

Artillery, trench-mortar and grenade contests were frequent, and at times severe.

On one occasion after a heavy bombardment of the enemy front line by our trench guns, the Germans raised a Red Cross flag above the parapet and were observed a number of wounded.

On the same day three German observation balloons opposite our front were successfully attacked by British aeroplanes, and fell to the ground in a mass of smoke and flames.

Our snipers met with considerable success. On the front of one division alone eleven Germans were accounted for by them in one day.

Russians Have Captured Town of Kolomea

Petrograd, June 30, via London, July 1—The Russians have captured the town of Kolomea, in East Galicia, according to the Russian official communication issued today.

The communication says: "An action is in progress near the village of Pstynne, northwest of Kutu (Galicia.) In the course of one of the combats here General Count Keller was wounded.

"Near the village of Solovine, between the Rivers Stokhod and Styry, to the west of Sokul, the Germans attempted to take the offensive, after emitting clouds of gas, which failed back in the direction of the enemy. The German attack was repulsed, but an artillery duel continues.

"Yesterday morning aviators dropped thirty bombs on Lutsk. "On the Dvina front the enemy artillery has bombarded our positions of Riga and the bridge-head above Ikskull. North of Illooukst the Germans last evening attempted to move forward, but were thrown back by our gunfire.

"On the evening of Wednesday light and heavy German artillery opened fire on our trenches in the Niemen sector northeast of Novo Grodsk. Under cover of this fire the enemy crossed the Niemen and occupied east of the village of Ghnessitche.

"Caucasus front: In the direction of Gemischhan, the Turks at dawn of June 28 took the offensive in great strength against our advance guards, and piercing the latter's front, penetrated to the rear.

"A hot fight ensued, but our troops recovered themselves and drove back the Turks, who suffered heavy losses. Pressing on the enemy heels our troops advanced and consolidated the ground won."

Austrians Panic Stricken Petrograd, June 30, via London—The War Office announces today the capture of the town of Obertine, south of the Dniester River, and villages north and south of that point.

For Immediate Sale—One car of 90,000 good Spruce Lathes. The Piercey Supply Co., Ltd., A. Cecil Margeson, Agent, Kentville, N. S.

British Hurl Million Shells A Day at German Positions

British Headquarters in France, June 30, via London—The fourth day of the British bombardment of the German positions sees no diminution of the volume of fire, which continues along the whole line without cessation, day and night, cutting barbed wire entanglements, demolishing first and second lines of German trenches and placing curtains of fire on the roads and communicating trenches.

*Considerably over a million of shells a day are being expended and there seems to be no limit to the supply of them. British infantry actions have been limited thus far to raids under cover of artillery and trench mortar fire, which ascertained the state of the German wire and trenches.

The new type of British mortar is capable of such rapid fire that 6 shots in the air at once proved highly serviceable, both in cutting of wire and the smashing of trenches.

Last night the sky, from 20 to 30 miles in the rear, toward the east, was brilliant, as though with the glare of the aurora borealis, from dusk to dawn. This was the only illumination along the roads for the movement of trucks and automobiles, none of which carried lights.

From a point near a group of batteries the correspondent witnessed a scene of grandeur under the canopy of a cloudless and moonless night, with broad sheets of flame and ugly flashes and darts of fire over the area of action. Today the sun is breaking through the overcast sky, for the first time in three days and is welcome to the artillery observers.

Successful Raids

London, June 30—The British official communication issued this evening, says:

"Our patrols and reconnoitering and raiding parties have continued active on the whole front, and have entered German trenches at many points and captured some prisoners south of Neu Chapelle a strong raiding party penetrated to the German support line.

"During the night we successfully exploded a mine south of Auchy Les La Bassee and occupied the crater. Under cover of a heavy bombardment the enemy attempted a raid in the same neighborhood, but was driven back by the our rifle fire. Northeast of Ecurie and about Habenzollern and Givenchy the enemy exploded mines without damage.

King Sanctions Return of Duke of Connaught

The term of the Duke of Connaught in Canada has already been twice extended. He first came for the period of two years and this was prolonged a year. The last period would have concluded when war broke out but he was then prevailed on by the British Government to remain in Canada two years more.

King George has given his sanction for the Duke of Connaught whose term as Governor General of Canada expires next October to return to England.

The King also excused Prince Alexander of Teck, whose appointment was made before the war, from being the successor to the Duke of Connaught, as the prince feels he cannot relinquish his military duties.

Sir Roger Casement Found Guilty and Sentenced to Death

London, June 29—Sir Roger Casement was found guilty of high treason today.

Later

London, June 29—Casement was sentenced to death.

STEAM MILL VILLAGE

On account of the tempest and heavy rain of last Wednesday the Red Cross workers were unable to meet.

Mr. J. E. Redden accompanied by Private Wm. Redden of the 193rd Battalion, Aldershot, spent Sunday with friends in Somerset.

Miss Myra Reid of Lakeville was the guest of her uncle and aunt, Mr. and Mrs. E. W. Reid. Miss Mary Kaiser of Northville, who has just returned from the Provincial Normal College, Truro, has been spending a few days with her brother, Mr. Joseph Kaiser.

Mrs. Mary Barnaby of Boston has been visiting at the home of her brother, Mr. J. J. Sawyer.

The report of rifles can be heard almost constantly, where the soldiers at Aldershot are practising target shooting.

Mr. and Mrs. Robert Collins and son Earl, of Brooklyn Corner spent Tuesday 21st at the home of the former's niece Mrs. J. E. Redden.

Mr. and Mrs. Waldo Boyle and son James, spent Sunday at Sheffield Mills, guest of the former's sister, Mrs. John Kinsman.

Mr. Harold Rafuse of New Ross made a flying visit to friends in this place on Friday, he was accompanied by his brother, Wentworth, who left on Monday for Alberta where he intends to reside in the future.

Mr. E. W. Reid has purchased a pair of fine two-year-old steers from Mr. George Mullins of Somerset.

Mr. Edwin Redden of the employ of Mr. Howard Robinson, Aldershot, spent Sunday at his home in this place.

Mr. Alfred Hiscoe of New Ross accompanied by his son, Percy Hiscoe of the 112th Battalion, Windsor, has been visiting at the home of his son, Mr. Oscar Hiscoe.

Mr. and Mrs. George Mullins and son Russell of Somerset spent Sunday with Mrs. Mullin's sister, Mrs. J. E. Redden.

Mr. E. W. Reid spent Wednesday at Northville on account of illness of his brother, Mr. Robert Reid.

BILLTOWN

June 24th. Miss Lalla Parker of Brooklyn Street spent the week here and was the guest of her sister, Mrs. Henry Bentley.

Among the soldier boys who were home for the 20th we note Brenton and Ralph Reid of R. C. G. A., Halifax, and Cecil Morton of the 112th Battalion, Windsor.

Mrs. Dr. Smith and sister, missionaries to China, will give an entertainment in the Billtown Baptist Church, Tuesday evening June 27th, Chinese costumes, etc., will be shown. It is to be hoped a large audience will greet these ladies.

Mrs. G. E. Kinsman entertained a few of the younger set on Saturday afternoon last in honor of Miss Carrie Weaver, teacher who will soon be leaving for home, Miss Weaver has had a very successful year here and will be much missed.

Miss Julia Sweet is spending a few days in Halifax.

Mr. Rue Parker, who has been quite ill with appendicitis is much better.

Miss Fannie Parker and Miss Bertha Miner visited Dr. Fales at Middleton on Saturday last.

The stork visited this vicinity in the rain on Sunday morning last and left a fine pair of twins at Stewart Porter's. Boy and girl.

Mrs. Fred Margeson is visiting relatives and friends in Kentville this week.

Mrs. Maggie Robinson, who has been visiting here from Mass., returned to her home last week.

New York, June 29—Charles E. Hughes, republican president nominee, announced last night in an interview with Col. Roosevelt, which lasted for more than two hours and a half that he and the former president were in "complete accord."

THE GRAY-DORT The Car that has captured Canada. THE GRAY-DORT—The wonderful car that was chosen from the entire American Market as the car best suited to the needs of the Canadian business man and farmer. The powerful car, enthusiastically sought by the automobile agents from every part of Canada, as the car most worthy of the backing of their name and experience. The car that within three days completely outshined the capacity of the factory for many months ahead—an unprecedented achievement. -The Gray-Dort has Arrived Here- Price \$850.00 The Car with every F. O. B. Chatha Vital Advantage Light in Weight—A Giant in Power Nothing could give a more delightful sense of perfect comfort than the roomy, deep-cushioned tonneau. But that's not all. Look at the big, pulsing heart of the car—the wonderful Planche motor. Four-cylinders, L-head type, cast en bloc with removable head—a motor with a long stroke of 5 inches—a colossus of boundless power. Come in to our Garage and let us demonstrate this Car to you. The Car you have been waiting for. A. L. PELTON & CO. Kentville, N. S. Main St.

Get Real Tire Economy! Motoring is two things—a pleasure and a business. One might say it was used sixty per cent. for entertainment and forty per cent. for commercial purposes. Yet no matter whether you use your car to get orders or ozone, your greatest economy will be the reduced cost of mileage. No accident ever befel an automobile but what the tires were forced to play a part in it. And no accident ever was averted but what the tires had a say in that, too. If you will drive fast, If you will make those sudden stops, If the city will water asphalt, If rain will make muddy roads; Why then—the possibility of skidding will always be with you, unless you figure on those elements of danger when you buy your tires. When you think of how to avert danger in motoring you immediately think of... DUNLOP TRACTION TREAD. DUNLOP TRACTION TREAD. SEAL OF QUALITY TRACTION

"No use, my friend, the current's too strong for you."

VAST CO-OPERATION

President Maharg of Saskatchewan Grain Growers Outlines Enterprise

At a convention of the grain growers of Northern Saskatchewan held in Prince Albert in December, Mr. J. A. Maharg of Moose Jaw, President of the Saskatchewan Grain Growers' Association, dealt with the ramifications of a gigantic co-operative system which will include every business activity from the operation of an incorporated grain growers' local to the manufacture of all classes of goods and the operation of terminal elevators.

Plan to Get Capital

Capital for this gigantic enterprise is to be raised by the sale of life memberships to members of the organization at \$12 each, and by the sale of debentures at \$25 each, the fund thus raised to be in the hands of the inter-provincial organization, which would operate in the three provinces.

The possibility of antagonism from the present mercantile system, both retail and wholesale, has already been anticipated by the forming of tentative connections with the parent co-operative organizations of the British Isles from whom supplies will be imported if necessary.

Caution Necessary

The efforts of the Grain Growers' Grain Company in the co-operative handling of agricultural implements is a case in point. The experience of the first year taught those in charge many lessons. The manufacturers and regular dealers in implements had for years impressed on Western Canadians the fact that the cost of doing business in implements in the West was greatly in excess of that in almost any other line of business. Statements of this kind had always been looked upon by the farmers as the specious arguments of men who were interested in perpetuating the tariff on implements and the general conditions under which implements were sold. It is evident, however, from a perusal of the Grain Growers' Grain Company's annual statement dealing with the agricultural implement end of their business, that the venture of the company in this field was by no means productive of the results that had been anticipated. The company was unable to sell the implements it handled such, if any, below what they could be bought for from the regular implement dealers, and it was unable to modify to any great degree the methods under which implements have been sold to the farmers for years.

It would seem evident, therefore, that the grain growers, individually and collectively, would do well to examine carefully into every new branch of their co-operative endeavors less they embark in enterprises which will turn out so badly that all their good work in other fields will be lost.

THE GRAIN GROWERS LOSE ON MACHINERY

The following extract from the annual report of the President of the Grain Growers' Grain Company, Mr. T. A. Crerar, for the year ending the 31st of August, 1915, will, we think, prove of interest to all of our readers.

There is no subject that has caused more controversy in the West than the price and conditions of sale of agricultural implements, and it is, therefore, interesting to learn what the experience of the Grain Growers' Grain Company was in their first year.

After referring to other fields of co-operative activity, Mr. Crerar deals as follows with the machinery item: "Coming now to the machinery part of it, the total volume of sales under this head is \$86,734.93. This is not as much as was expected it would be when your directors entered upon it. Considering everything, however, the volume can be regarded as fairly satisfactory. The expenses, however, in connection with this department have been very much heavier than we anticipated, with the result that while the gross revenue from this department has been \$8,898.11, the expenses in connection with it have been \$24,521.31, leaving a loss for the period of \$15,623.20. It will be noted that the gross percentage of profit is very slightly in excess of 10 per cent.

The overhead expenses here have been heavier than we expected. It can almost safely be said that we could have handled three times the volume, with comparatively very little additional expense, which would of course have made the total showing very much different from what it is. As a result of the experience gained, economies can probably be introduced that will considerably cut down the amount of expense. At the same time the margin of profit in selling may have to be increased."

WOULD HELP MINNEAPOLIS

The Fort William "Times-Journal" got out a very creditable special edition to secure the views of representative public men and writers on the wheat question. Among the most interesting articles in the paper is one which appeared under the following heading: "Free Wheat is not Benefit to Farmer but Slop for U.S." The article then quotes an interview given out recently by F. A. Hallet, President of the Minneapolis Chamber of Commerce, which throws light upon the interests that would be principally benefited. He says:

"Free wheat from Canada would do much to help Minneapolis. Minneapolis business interests would profit by it very materially. Even with the duty on as it is, the prices in Winnipeg are better by a small margin than they are right here. Yesterday's close showed that number one hard wheat brought \$1.04 here in Minneapolis. The same class of wheat brought \$1.05 in Winnipeg."

It is evident then that the enthusiasm for free wheat in Minneapolis is over the diversion of a large volume of traffic from Canadian to American channels, while the Canadian farmer would, on that particular day, have suffered to the extent of a cent per bushel by having the prices equalized, under a free wheat regime. Is it worth while for the Canadian grain grower to get access to a market that will lower the price of his product, and at the same time injure the general trade interests of Canada?

COMPARE MANITOBA WITH NEBRASKA

A Contrast and Example—How Manufacturing can be Developed in Agricultural Area—A Lesson to Hold

Manitoba has an area of 250,000 square miles, as compared with Nebraska's 251,332 square miles. Nebraska's population in 1930 was 1,066,000. The population of Manitoba is now under 500,000.

Omaha, the principal city of Nebraska, with a population to-day of about 162,000 last year, manufactured goods to the value of \$67,863,000, an increase of \$5,000,000 over the previous year. In the last four years this city has gained 41.5 per cent. in the volume of manufactured products. The amount of capital invested in manufacturing in Omaha is now \$51,264,000. Wages paid to workers have increased 20 per cent. in four years, and over \$19,000,000 worth of raw materials were used by Omaha factories during 1914. The six other cities in this state show what manufacturing has done. Lincoln has 49,000 population, Grand Island 13,000, Hastings 11,000, Beatrice 10,500 and Fremont 10,000. The figures given are on a very conservative estimate by the United States Bureau of Census at Washington.

Industries vs. Imports

It seems evident that Nebraska has developed her industries instead of developing her imports. Here cities have passed the "warehouse" stage. Surely self-interest would suggest to the Western Canadian that he buy the products of his own country, or goods made in the West for Western needs, if he can buy them of equal quality at equal price with anything else the market affords. These are stalwart, self-reliant times, and it is surely a better and broader Canadianism to face our problems of national development by engaging in a common task and standing together. If we are to develop we must support our home industries, we must show a spirit of unity and good will to our country. If we give the foreign manufacturer and foreign worker an equal opportunity with the Canadian manufacturer and Canadian worker, it is evident that the foreigner gets the best of the deal because the Canadian producer is accorded no similar favor in the foreign market such as are granted foreign goods in the Canadian market.

Shall we have manufacturing centres or merely distributing centres? Shall we steadily reduce our population by driving the worker and his family to where factories are a part of the economic system? Shall we reduce the home market to the minimum and kill a close and ready demand for the product of our farms? These things are a result of importing goods instead of making them, or buying by mail instead of buying at home, of dragging down instead of developing our Western cities, towns and villages. The development of manufacturing, the purchasing of Canadian-made goods, and the patronizing of the home-town store are a vital element in the welfare and progress of both city and rural community. Let us learn a lesson from Nebraska.

Tommy-Pop, what does it mean to say of a man that he bulldozed better than he knew?

Tommy's Pop—it merely means, son, that he isn't a government co-tractor.

Down to Realities

Canadians, and Western Canadians in particular, must take the Nebraska lesson to heart. The war has brought us all down to realities. If we are to be assured of a normal legitimate growth in Western Canada in the years to follow the war all of us will have to see to it that we do our share to stimulate this growth. We must give thought to where the goods we purchase come from; whether Canadian workmen are benefiting by our purchases as much as they should, and whether the policy we are supporting is one calculated to sustain on a reasonable basis the farming and manufacturing industries, which, in co-operation, are essential to national success.

Berlin, Ont., June 29—Providing the Lieutenant Governor in council ratifies by law the changing of the name of the city the name "Berlin" will be wiped off the map of Canada and the city will hereafter be known as "Kitchener." The electors have voted in favor of Kitchener, with Brock as second choice, and Adanas as third.

The body of Ernest J. Taylor, who was injured at his home, Cambridge, Kings County, by being kicked by a horse and brought to the V. G. Hospital for treatment, was forwarded yesterday morning to Cambridge for interment.—Chronicle.

Minard's Liniment Co., Ltd.,
 Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT, warmed on flannels and applied on my breast, cured me completely.

British Offensive Launched

British Headquarters in France, July 1st.—A tremendous British offensive was launched at half past seven this morning over a front extending twenty miles north of the Somme.

British Headquarters in France, July 1.—The British troops already have occupied the German front line and have captured many prisoners.

The terrific bombardment which preceded the attack lasted about an hour and a half. The British casualties have so far been comparatively light, according to official reports.

Paris, July 2nd.—The whole German line is now in danger as the Allies pressure continues along the whole front from the sea to Verdun.

London, July 3.—The allied armies are pushing forward along the whole line in what is developing into the greatest battle in the world's history.

Truly the Allied Big Drive is on.

KENTVILLE BOARD OF TRADE

Letter Writing Week a Success—About One Thousand Letters Written

The Board of Trade held an interesting meeting in Town Hall, on the evening of June 26th, President in the chair.

After the minutes of previous meeting had been approved, Dr. Moore moved that a vote of thanks and appreciation be sent to the Secretary of Agriculture for furnishing judges for the Horse Show Day, June 3rd.

A letter from George E. Graham was read calling attention to a clipping from the Maritime Farmer, that there are not enough sheep on the globe to fill the demand for wool.

Dr. W. B. Moore, Geo. E. Graham, T. P. Calkin, Graham and G. C. Roy were appointed a committee to go to Berwick and look into the matter.

Dr. Moore, Chairman of the Letter Writing Contest gave a concise report. About one thousand letters had been written. The Red Cross Societies did not respond, therefore the generous prize-offered them was not claimed.

Letter from W. H. Woodworth, Secretary of Farmers' Association re Sheep Raising read and it was decided that arrangements be made for a meeting with the expert sent by the Dominion Government.

The President introduced the matter of an entertainment for the officers at Aldershot and it was passed that the suggestion of the President be approved and that the Board co-operate in this matter.

Better service and increased accommodation at the Western Union Telegraph Office was brought to the attention of the Board, Mr. Graham offered to wire the District Superintendent to visit Kentville and look into the matter.

The President appointed Geo. E. Calkin and Wm. Yould, a Membership Committee.

Mrs. Dr. B. F. Bowles of Wollaston, Mass., who has been visiting he former home in Waterville returned home a week ago.

Grand Pre, 140
3—Mr. R. W. Ford, Wolfville, 61.
4—Miss Grace B. Walsh, Weymouth, 50.
5—Miss Daisy Fraser, Hantsport, 39.

Other schools participating were, Central Clarence, Annapolis County, Leminster, Hants County; Weymouth Bridge, Rossway, Digby Co., Port Williams, Yarmouth, with a total each of less than 25 letters. The total number of letters written by schools was 810, so far as recorded, but there were a number of schools whose letters were not recorded and it is safe to estimate the entire number at 1,000.

The business men of certain of our towns made notable response, at Digby in particular 14 business men sent out a letter devoted to the interest of that town on their business letter heads. Throughout the territory Yarmouth to Halifax it is now certain that at least 7,000 letters were written, many persons wrote letters who did not file a list with the secretaries of the Boards of Trade. The success of the undertaking in Digby County is largely due to the energy of Mr. Frank Nichols, Secretary of the Digby Board of Trade and to Mr. O. C. Dunham, Proprietor of the Digby Courier.

Mr. Roy S. Kelly, Secretary of the Yarmouth Board of Trade and Mr. Kempton of the Yarmouth Times did splendid work in Yarmouth County, at Kentville Mr. W. E. Porter, Secretary of the Kentville Board of Trade and Dr. W. B. Moore were the moving spirits, both gentlemen devoting much time and thought to making the Kings County campaign a success.

The Red Cross Societies did not respond. The results while not as large as hoped for are encouraging, it is the first united effort of this kind which has taken place in the Province and your Committee believes opens the way to a vaster undertaking of a somewhat similar character another year.

Results are being produced. The General Passenger Department of the Dominion Atlantic have received a number of letters of inquiry traceable to their effort and we hear of similar letters coming to parties in the towns which took up the idea.

It is worthy of note that an enterprising Kentville gentleman wrote Miss Mary Pickford the motion picture star, sending her one of two Dominion Atlantic Booklets, he received an answer reading in part:

"Really it makes me wish very ardently, that I might have the pleasure of paying a visit to Acadia. I predict that Evangeline Land will be over-run with tourists this summer if you send out many such invitations."

A Digby gentleman's letter has been answered by the Editor of the "Chicago Tribune," requesting further particulars.

Miss Kent is clearly the winner of General Manager Graham's \$25.00 prize.

The Secretary reported for Housing Committee.

The President introduced the matter of an entertainment for the officers at Aldershot and it was passed that the suggestion of the President be approved and that the Board co-operate in this matter.

The following were appointed a committee with power to add to their number.

Dr. W. B. Moore, Geo. E. Graham, T. P. Calkin.

Better service and increased accommodation at the Western Union Telegraph Office was brought to the attention of the Board, Mr. Graham offered to wire the District Superintendent to visit Kentville and look into the matter.

The President appointed Geo. E. Calkin and Wm. Yould, a Membership Committee.

Mrs. Dr. B. F. Bowles of Wollaston, Mass., who has been visiting he former home in Waterville returned home a week ago.

KENTVILLE PUBLIC SCHOOLS—PASS LIST

Names arranged in order of merit. Those bracketed are equal.

The Piano Builders Ideal

Every piano maker strives to make a high grade piano that he can place in your home for a low price.

Some make them unnecessarily elaborate—add expensive features not worth their cost. Those are expensive pianos.

Some make them so flimsy—for the sake of a cent saved, omit a dollar's worth of value. These pianos are also expensive: in spite of their low price.

The Morris Piano makers have struck the happy medium—a magnificent piano—a moderate price. Kentville people think so. They have eagerly bought this piano. New ones have come good to see and hear.

A Prisoner With the ruus

Major Stanley Jones, brother of Mrs. B. J. Lawson, who has been missing since the big battle which took place on the western front early in June, is wounded and a prisoner of war in Germany.

Word to this effect was received this morning by Mrs. Lawson from Mr. Clifford Jones, a brother residing in Calgary. Mr. Jones will leave immediately for France where Major Jones' wife is engaged in hospital work.

Major Jones has been with the Princess Pats since that famous battalion went overseas. Some time ago he was out of action by wounds, but on recovering rejoined his unit. After the terrible fighting of a few weeks back he was reported 'missing' and there was grave fear, now happily removed that he had been killed. Nothing is known here as to the nature of the latest wounds but it is believed that they are not serious. Major Jones, a lawyer in civil life, is a graduate of Acadia College Class of 1897. — Amherst Guardian.

Makes Astonishing Cures

Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause, or Money Back

There is just one way to cure dyspepsia and stomach disorders, trivial or serious and that is to tone up or put energy into the stomach walls, so that they will be able to properly mix or churn food.

Mi-o-na tablets quickly arouse the stomach from its inaction and in a short time it is able to do its work properly.

Harry Dodd, Bridge St., Hastings, Ont., says: "For seven years I had suffered and spent much money doctoring, but all to no avail. I could eat but little, as the food would ferment and sour, making gas which caused heart oppression; I was in constant misery, sour gas would belch from my stomach, I was languid and weak and had no ambition. I did not feel like going anywhere or seeing anyone. There was a constant dull pain in the pit of my stomach, I was unable to sleep, was nervous restless and would awake more tired than on going to bed. I tried Mi-o-na and soon found relief, and in less than six weeks Mi-o-na had completely cured me."

J. D. Clark the druggist sells Mi-o-na tablets at 50 cents a large box, under a rigid guarantee to do all that is claimed for them or money back.

Studying Price of Foodstuffs

It is understood that the Government of Canada has had recently under consideration the matter of the greatly increased prices of many commodities in Canada, particularly certain food products, and the question whether these increases are warranted or are simply the result of the manipulation of dealers. The price of foods, taken as a whole, has shown a steady increase during the progress of the war, and it is bringing a severe pressure upon the wage-earners in Eastern Canada.

Forced the Enemy to Retire

London, June 30—Overtone capture of which is reported in today's official Russian communication, is fourteen miles northeast of Kolomea. The occupation of this town by the Russians represents a further gain in the new drive over a twenty-five mile front which, according to yesterday's Russian and Austrian communications forced the Austrians to retire on a part of the front. Although there are reports that the Russians have captured Kolomea, they lack official confirmation.

Minard's Liniment Cures Dis-temper.

United States and Mexico Still Marking Time

Washington June 30—The Mexican situation stood today virtually where it was 24 hours ago, except that more National Guardsmen were hurrying to the border and the time allowed General Carranza to declare his intentions toward American troops in Mexico as growing shorter.

With the troopers captured at Carrizal back of American soil, apparently there was no intention on the part of the Washington Government to force an immediate issue on its demand for assurance that there would not be a repetition of the attack on General Pershing's forces.

Friends of Mrs. W. W. Colpitts, widow of the late Rev. Wesley W. Colpitts, have received news of her death, which occurred at Vancouver on June 13th. She was buried on June 14th beside her husband, who died a year and a half ago.

Mrs. Colpitts was formerly Miss Cornelia Davidson, of Greenwich, this County, and had many friends in the Maritime Provinces, her husband having been for years connected with the Methodist Conference of the Maritime Provinces.

She leaves four daughters, Mrs. Hugh Stewart, of Portage La Prairie, Man.; Mrs. T. H. Roberts of KERRISDALE, Vancouver, B. C.; Mrs. J. H. Matholland, of Jacksonville, Florida; and Mrs. Marshall Mizell, of Live Oak, Florida.

Her three sisters, Mrs. Gustavus E. Bishop, Mrs. (Rev.) Albert DeBrisay and Mrs. Esty B. Bishop, all died before her.

One of the marvelous features of the war so far as the British Empire is concerned, has been the spontaneous gifts from outlying portions of the world-wide empire. The little island of Dominica, in the West Indies which has a population of less than 30,000 people, mostly descendants of freed negro slaves, have actually presented the British Government \$50,000, as a thank-offering for British protection. These freed negroes have given, poor as they are, a greater contribution for patriotic purposes than many a rich county in Canada equally as populous.

The camp meeting at Berwick, N.S., will open this year on August 1st, at 7.30 p.m., and continue for a week, closing on the evening of the 9th. The Evangelists will be Rev. A. S. Rogers, D.D., of Halifax, N.S., and J. W. Bartlett, of Sydney, C. B. Rev. Prof. W. G. Watson, B.D., will be Bible Expositor.

Everything is being done to make the meeting a success and fruitful in results. The Association has issued a booklet giving full information about the meetings and accommodations and reduced travelling fares. Any person can have this booklet free by dropping a card to Rev. J. A. Smith, Secretary of the Association, Berwick, N. S.

The new pastor of a certain country parish during his sermon one Sunday morning not long back, stopped abruptly and asked:

"How many of those here are diligent students of their Bibles?"

"Fifty hands went up."

"Good," said the pastor. "Now, how many of you have read the second chapter of Jude?"

"Twenty-five hands went up."

A man smile overspread the divine's face. "That's also good; but when you go home and read the chapter again, you will doubtless learn something to your interest."

The point of this story, says the teller of it, lies in the fact that the Book of Jude consists of one chapter only.

NOTICE

All bills due me must be settled by Feb. 1st, 1916. After Dec. 31st, 1915 all blacksmith work will be strictly cash.

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or an male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon cultivation of the land in each of three years. A homesteader may live with a nine miles of his homestead on a farm of at least 50 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$1.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The act of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

Do Not Want to See Whiskey

The Nova Scotia Pharmaceutical Society in session in Halifax past the following Resolution:

"That the Nova Scotia pharmaceutical Society strongly disapproves of druggists being responsible for the sale of intoxicating liquors and favor the appointment of non-pharmaceutical vendors in every section."

British Capture or Destroy 81 Submarines

New York, June 29—A despatch from Montevideo today to a News Agency here, says: "Up to May 1, the British Navy has destroyed or captured eighty-one German submarines."

This information was received here today from a source close to the British Admiralty. Nets dragged between two trawlers were the most effective weapons against the submarine. High explosives trailed at a great distance behind ships engaged in submarine hunting, accounted for several U boats.

Drill Instructor at Aldershot

(Truro News)

Sergt. Maj. Jack Manners of Truro is now at Kentville, giving drill instruction to the officers and soldiers of the 193rd Battalion.

Sergeant Manners is an ex-Imperial Army Officer and is well qualified to give military drill instruction. When in England he was "Drill Instructor" at headquarters staff and Shorncliffe Camp for two years.

When the war started and the 17th Battalion was being recruited Sergeant Major Manners was among the first to enlist at Truro and went overseas.

Three Lines of Trenches Raked

Paris, June 30—The correspondence of La-Libere on the British front says:

"The intensity of the British artillery at certain points is frightful. Shell follow shell at only a few seconds intervals. The efficacy of the fire has been noted by reconnoitering parties. Not only first line trenches have been wrecked over a considerable area and some of them entirely straightened out, but the second line and third line defences have come under the British fire. Two munition depots, five miles in the rear have been blown up. The prisoners brought back by the British appear to be stunned."

The correspondents after highly praising the British trench raiders and the general spirit of the army adds:

"The British flying corps lately has been very successful. Time and again German aircraft have attempted to cross the Allies lines to spy out preparations and each time have had to retreat, pursued by British airmen. Since the beginning of the week, British aircraft have destroyed five German aeroplanes."

Arrival of Troops

Ottawa, June 30—It is officially announced through the Chief Press Censor's Office that the following troops have arrived safely in England:

65th Battalion, Saskatoon; 84th Battalion, Toronto; 102nd Battalion, Comox, B. C.; 77th Battalion, Ottawa. Engineers and signal corps draft, Ottawa; Medical Corps, Halifax and Winnipeg drafts and details.

Invalided Soldiers in the Dominion Now Total 2,000

Ottawa, Ont., June 30—Two thousand returned soldiers, maimed, wounded or invalided at the front, are now under the care of the Military Hospitals Commission of Canada. Sir James Lougher, Chairman of the Commission said today that he anticipated that by Christmas the number will be ten thousand.

Sea Monsters That Bring Good Prices

There are some fishes which, though not always wasted entirely, are by no means fully utilized. One of these is the horse mackerel, or tuna, a huge fish which sometimes reaches a weight of two of three hundred pounds. M. Pierre Lemy, a large Parisian merchant, engaged in the prepared food business, says that, after the sardine, the tuna is the fish most important as a preserved product. There is an upward tendency in the price of these fish at present in the United States market.

MORE ITALIAN TROOPS CALLED TO THE COLORS

New York, June 30—A News Agency despatch from Rome today says fulfilling its promise for a more vigorous prosecution of the war, the new ministry today called to the colors the classes of 1882 to 1895, and the third categories of the classes of 1882 to 1898. The call adds large forces to the army, though the exact number cannot be made public.

Germany Nearing Exhaustion.

Indications are in evidence that the rapid advances made by the Russians in their remarkable 14 days' campaign will not be maintained at the same rate. Resistance has become more stubborn, the Austrians having apparently been reinforced from other of their own fronts and from their German masters. But the successes our Allies have already gained have not only wholly changed the aspect of the southeastern theatre of war, but have rendered it unlikely that trench warfare can be resumed. An open campaign means the employment of many more men than are needed to hold entrenchments, and the drain on the already depleted reserves of the Central Powers is, therefore, all the more serious and exhausting. The announcement that boys of 16 and 17 are among the prisoners taken at Verdun is very significant, affording as it does striking and indubitable proof of extremity which threatens Germany. No nation puts boys into the field except as a last resort. It is the reckless throw of a desperate game against adverse fortune.

Alberta Dry

Edmonton, Alta., June 30—At ten o'clock tonight Alberta goes dry and tomorrow no liquor will be sold over any bar in Manitoba, Saskatchewan or Alberta. Saskatchewan retains liquor stores and they are operated by the Government. Alberta is discontinuing the sale of liquor as a beverage pursuant to a vote of the people last year, adopting legislation very similar to the Manitoba Act.

Japan's Demands

Japanese papers are demanding a revision of the Anglo-Japanese treaty so as to provide for (1) Equal treatment for Japanese immigrants in the British colonies; (2) Recognition by England of Japan's predominant position in China; (3) Japan's military participation in crushing possible revolts in India.

Canada's chief interest is in the first clause, which, if conceded, would compel the letting down of the bars against an influx of Japanese into Canada.

Sea Monsters That Bring Good Prices

A few years ago, sword fish fishery was unknown on our coasts. Now there is a special fleet of boats engaged in capturing swordfish. Eighty of these fish were caught last year at Ingonish, C. B. They ranged from 300 to 400 pounds in weight, and one was caught at Sydney which weighed 565 lbs. At 4 cents a pound, such a fish would be a prize for a fisherman. In Boston or New York the price of swordfish to the consumer is about 25 cents per pound. Thus, this once neglected fish is now yielding ample returns.

The same thing is true of sturgeon. A generation ago sturgeon were thrown up on the beach of the St. John river for manure, now, in some cases, good lake sturgeon are worth as much as a good-sized cow. 30 cents per pound has been recently paid for sturgeon in the New York markets, and the weight ranges from 30 to 100 pounds.

USE

"Corona" Dry Arsenate of Lead

for

Spraying Orchards and Potato Plants.

"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.

One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—

It is a perfect, dry, fine white powder, and does not contain 50 per cent water.

It is pure and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.

It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.

By using the same weight each time you spray, your mixture is always the same strength.

No sediment, no lumps, no water, never clogs spray nozzles.

CORRESPONDENCE

To the Editor of Advertiser:
Sir:—In an article appearing
in The Advertiser under date of
June 23rd, and signed "A Mem-
ber," I made premature state-
ments of the action of the Ay-
lesford Fruit Company; inas-
much as they were susceptible
of being used to prejudice
members of other co-operative
companies against the manage-
ment of the United Fruit Co.
which had advertised its an-
nual meeting to take place on
June 27th and 28th when del-
egates would have an oppor-
tunity to discuss their steward-
ship.

FRED CRICHTON.

The following letter was re-
ceived recently by Mrs. Scho-
field from Capt. B. L. Neily,
France giving the details of her
brother, the late Hugh Spen-
cer:

Belgium,
June 7th, 1916.

Dear Mrs. Schofield:
Long before you get this let-
ter you will have been officially
notified of the death of your
brother Hugh which took place
at No. 3 Canadian Casualty
Station near here last night,
June 6th at twenty minutes to
nine o'clock.

I was with him at the time of
his death and stayed until the
body was prepared for burial.

He was brought into the hos-
pital at 3 a. m. on the morning
of the 4th, wounded through
the kidneys, and from the first
it was seen that he could not
live. His lungs were also in-
volved. He was an ideal patient

and had everything done for
him that could be done to make
his last hours comfortable. Af-
ter the first he suffered very

little and on the morning he
died I went in to see him at four
o'clock and when I asked him
what kind of a night he had
had he said "fine, I slept great."
This was his spirit right
through, never complaining
and always saying he was get-
ting on well.

I saw him two or three times
a day while he was in hospital,
for although I did not know
him previously, I took an inter-
est in him especially as he came
from my native county of Kings
and I knew of your family.

The nurses who looked after
him were Miss Hare (who is
in charge of the hospital)
Miss Leslie of Montreal and
they both did everything they
could for him, especially Miss
Hare who has a brother in
Kentville with the C. P. R.

and naturally she took a more
friendly interest in him.
The night nurse (whose
name I do not know) and my-
self were with him when he
died. He will be buried today at
2 p. m. If possible and can get
away I will attend. I don't
know of anything I can tell you
more. He had the services of the
chaplain attached to the hospi-
tal. In fact he had everything
that could possibly be done for
him.

Miss Hare is writing you per-
sonally and while here I might
say—in fact I want to empha-
size the fact that she was most
kind and attentive to him from
the moment he was brought in.

I saw his pay book, note book,
a few letters and such like that
he had in his pocket, photos too
packed for you and they will be
forwarded by the authorities.

He asked me to write and
tell you he was wounded, etc.,
but I don't think he felt he was
not going to get better and we
didn't tell him for it would do
no good and perhaps only wor-
ry him.

That fight he came through
and in which he was wounded
was one of the worst which
has taken place in this war on
the whole front and he has
done his duty to country and
like thousands of others has
paid the supreme price.

If there is anything I have
omitted to tell you and which
you would like to know don't
hesitate to ask me.

I shall see that his grave is
marked.

Sincerely yours,
B. L. NEILEY, (Capt.)
c/o Canadian Corps, H. Q.
France.
