MURDER CASE IN GUINEA

No Stone Being Left Unturned To Reveal Murderer—Real Clues Absent So Far

(Clementsport)
The murder case in Guinea is affording excellent material for the press—column after column day after day, with a rehash of the heart rending details and perhaps with one new fact or suggestion and a few photographs thrown in from the reports. The simple fact is that the detective and the Attorney General's Dept. are hard at work and not leaving a stone unturned to bring the murderer to justice and very properly are not giving out to correspondents anything of value, as that would make it valueless. The local gossip is as variable and unreliable as the wind and does nothing to improve the minds of the voracious readers. We sometimes wonder why parents object to their children reading the "Nick Carter" stories, and "dime novels" and "police gazette" and yet revel in the sensational write ups of such cases as "The Perry and the Berry Murders". It may be possible that the murderer himself will read these lines. If so, he will know that he has not a happy moment. His dreams are troubled, he sees again the tragic scene. His waking hours are filled with fear for he knows that relentless justice is pursuing him up and down his length of days, and dogging his footsteps until at last it seizes him. It is only a matter of time no murderer finally escapes and the longer he is at large the more miserable he is. The murderer of Thomas Berry will be found.

PORT GEORGE

Mr. White, of Wolfville, student, conducted the services at the Baptist Church Sunday, October 29th, eleven a.m. Our Pastor, Rev. M. W. Brown has not fully recovered from his illness to take charge of the services. We are sorry to report that Capt. Henry Fritz on the sick list at his home here. Great many are down with colds that are going the rounds. Mrs. O. P. Nelly, who has very poor health, has gone to Melvern to spend the winter with her brothers, Harry and Will Weaver. Mr. and Mrs. Vivian Morse and baby from Nictaux are Sunday guests of the latter's parents, Capt. and Mrs. Henry Fritz. Mrs. Sydney Stevens is stopping with Mrs. Susan Spurr for an indefinite time. Mr. Boyd Fowler, from Lynn, Mass., is visiting his mother, Mrs. Bessie Fowler.

LAKE MUNRO

Mrs. Ida Silver and Mr. Ralph Vingo returned to Graywood after spending a few days at her home here. Mr. Laurence Munro and his mother made a business trip to Annapolis Wednesday. Mr. Robie Munro purchased a fine yoke of steers from Mr. Manning Sanford. Mr. Laurence Munro had the good luck of capturing a fine bear.

Mayor J. W. C. Dittmars is spending a few days in Halifax this week.

BEAR RIVER

B.Y.P.U. has resumed its meetings for the Fall. The following officers were appointed: Pres., Rev. R. S. Gregg; Vice-Pres., Miss Lilian Cornwall; Secy., Miss Bernice Power; Treas., Wendell C. Chute. Program Com., Chairman Ralph Harris, Social Com., Chairman Mrs. J. H. Cunningham.

Ralph Harris and Roy Miller were successful in capturing a bear last week. Also Waldo Chute was successful in getting a moose and bear. Mrs. Eleanor McClelland, of Boston, who has been visiting her cousin, Mrs. W. E. Reade, for the last two weeks, has returned to her home.

Mr. and Mrs. Brinton A. Rice who recently sold their property have moved into the house adjacent to the Advent Tabernacle.

Mrs. Roy Miller, who has been visiting her parents, has returned to her home in Carleton, Yarmouth County. Mrs. Mary Copeland, who has been visiting friends in Annapolis and Round Hill, returned home last week.

Mr. and Mrs. Willis Rice, of Nictaux, spent the week-end in town with Mr. and Mrs. Theibert Rice. Mr. Murray Harris has bought the house and property belonging to the estate of the late Mrs. E. Rice.

Miss Mildred Harris, who has been visiting friends in Kings County, returned home on Wednesday. Glad to report Augustus Copeland recovering from his recent illness.

THE MIDDLEMAN

The middleman is often of inestimable value to the producer and serves his turn to the community. But the middleman's interest has grown to an extent quite unknown, we believe, elsewhere, and the poor producer too often sees his goods passing from one middleman to another, each exacting his profit, till the farmer at one end and the consumer at the other are equally confounded—the one by the meagreness of his return and the other by the swollen price he has to pay. This is an old story, but surely the middleman is not insoluble? There must be ways of protecting the producer, and especially the small producer, from being slaughtered in the markets.

NOTES AND NEWS OF LAWRENCETOWN

Women's Institute Preparing For Big Time—Personal and Social Notes

The Women's Institute are busily engaged making preparations for the big sale of aprons and handkerchiefs, which is to be held in the near future. There will also be a social in connection with the sale when it will be possible to secure your fill for a nominal fee. Watch posters for date. This grand event takes place in the Demonstration Building, and each and every person in Lawrencetown should put forth an extra effort to be present and avail themselves of the opportunity for buying various useful articles. People from outside sections would do well to remember the sale and take advantage of the good roads while they last.

It is a matter of some wonderment to us as well as to some others with whom we have talked on the subject as to whether a nice up-to-date new building in Lawrencetown with a good site and two good stores in front suitable perhaps for a commodious barber shop, and some other establishment would be a paying proposition or not. True enough, the town has quite a number of buildings now, but is there a commodious barber shop?

We wish, and everybody else wishes, that if this new organization under which the chain of evaporators is to be linked together and opened for ten or eleven months out of the year, is going to act, that it would act quickly, and at least try to keep the hands that are now employed at the Lawrencetown evaporator busily engaged as long as possible.

The alteration begun by C. S. Lowell, contractor, at the Gem, are being rushed through and it is hoped that the work will be fully completed in the course of a week or so. It is then Mr. Sanford's intention to stock up with various requirements that have hitherto been unobtainable to a satisfactory degree in town.

Coal is on the move now, and many of the people must be packing in their full winter supply early, or late should we say? However Carl Morse, the local merchant, is keeping himself well busied by supplying the various orders.

Avon Mosher, Stewiacke, formerly of the Royal Bank staff, and who had been stationed at Lawrencetown in the earlier part of his career, was a recent visitor at the home of Mrs. W. E. Palfrey.

W. E. Hall has returned to his old post once again behind the counter at Shaffer's, Ltd., and as per usual greets the customers with the same old good natured spirit and smile.

C. Palfrey, of Royal Bank staff at Halifax, who has been a recent guest at the former home with his mother, Mrs. W. E. Palfrey, returned to Halifax on Saturday last.

W. Pye, from Ecum, Secum, Guysborough County, formerly employed in town on the electrical dept., is a visitor at the home of Mr. and Mrs. W. MacNayr.

F. Winslow has moved from Williamston where he has been boarding during the summer, to town, and is at present stopping at the home of John Hall, Sr.

Roy Bent, who has been vacationing at home, left last week for Sydney where he boards a steamer plying between North Sydney and St. John's, Nfld.

Several of the out of town employees came home on the "Owl" on Saturday night last, returning to their work on Monday.

Mrs. F. B. Bishop was a passenger on Saturday last to Halifax, where she will spend some time with her sister.

Miss Margaret Spurr, Round Hill, was a recent visitor at the home of Mr. and Mrs. R. R. Ritchie.

P. B. Durling has purchased for himself the big Oldsmobile 8, formerly owned by Mr. Borden.

Arthur Dechman, formerly stationed at Lawrencetown, is again back at the D.A.R. office.

Mrs. H. Henson, Upper Granville, has returned from her stay in Hampton greatly improved in health.

Miss Gladys Hiltz, of Nictaux, N. S., was the guest during the past week of Mrs. James Church, Chester.

HAMPTON

Mr. Bernard Mitchell, of this place, met with a serious accident, Oct. 25th, while picking apples in the orchard of Mr. Herbert Foster. He had the misfortune to slip and break his leg, just above the ankle. Dr. M. E. Armstrong set the broken bones, and Mr. Mitchell is doing as well as can be expected.

I notice in the different items reports of people picking apple blossoms, ripe strawberries, etc., so of course it will not do for Hampton to be left out. Miss Hattie Allen presented your correspondent with a nice bunch of Mayflowers as fresh and fragrant as they would be in the Spring.

At an early hour Monday, 23rd, a young stranger arrived at the home of Capt. and Mrs. R. P. Chute. He did not bring any baggage, but we understand he is to stay for an indefinite period.

Mr. Benjamin Foster and daughter, Mrs. Chester White, who have been guests of Mr. Foster's father, Mr. David Foster, returned to Lynn, on Friday 27th.

Some of our local hunters are simply slaying the big game, while others have to be satisfied with an occasional partridge.

Mrs. Annie Farnsworth returned home October 20th after a pleasant visit with her children and other relatives in Massachusetts.

Mrs. John F. Titus returned home Saturday 28th after spending a pleasant two weeks visiting friends and relatives in Halifax.

Mr. Joseph Marshall, of Kentville, spent Sunday, 22nd, with his family here, returning to Kentville 23rd.

SHIELD OF THE EMPIRE

Those who were privileged to see the picture at the Primrose Theatre, "The Shield of the Empire", were delighted at the splendid portrayal of Britain's sea power the first great link in the chain which bound Germany at the feet of the Allies, and made their victory possible.

Various stages were shown in the training of the boys into the men who have made and kept the navy of Britain at what it is today. The picture thoroughly and to a stir out patriotism and make us rejoice in being parts of the greatest Empire the world has ever seen.

Lieut. Smith made a number of graphic comments and explanations preceding the showing of the pictures and Miss Bisset sang in a good voice a number of patriotic songs between the reels. All in all, the picture was a splendid one which no person should think of missing.

NEW MANAGER FOR BRIDGETOWN ELECTRIC LIGHT CO.

Mr. C. M. Chisholm, the new manager for the Bridgetown Electric Light, Heat and Power Co., arrived in town a few days ago and has taken over his work here. Mr. Chisholm is a gentleman of wide experience in all lines of electric work and management and the business may be expected to grow and prosper under his management as it did under his predecessor, Mr. H. J. Campbell, during the years of his residence in Bridgetown. Mr. Campbell has gone to Mahone Bay where he takes over his new position as Superintendent with the Nova Scotia Power Commission.

Mr. Melbourne Wentzell is spending a week or so on business in Lunenburg and other South Shore towns.

BURGLARIES AT AYLESFORD

Two burglaries occurred at Aylesford a few evenings ago, one being the canning factory and the other the ice cream parlor of Mr. G. Tutts. At the former place the culprits were in search of cider, which is used in making vinegar, but they were soon discovered by the night watchman. From Mr. Tutts' premises they succeeded in taking about fifteen dollars worth of goods of various kinds. Since then two young men have been arrested, one of them being from Halifax, and the other from Ecum Secum, and removed to Kentville for trial.

FRANK WELTON CRUSHED TO DEATH UNDER WAGON

Aylesford, N. S.—A sad accident occurred at Millville, about two miles from here, last evening, when the seven year old son of Mr. Frank Welton lost his life. It appears that the little fellow had just come out of school when a wagon loaded with apples was passing, and unknown to the driver, the boy tried to get on the wagon, but missed his footing and fell to the ground, the wheel passing right over his body, killing him almost instantly.

AUTO COLLISION WALKER'S BROOK

Cars Meet With Terrific Impact—Occupants of Autos All Have Narrow Escape

Within an ace of a fatal accident occurred about 5:30 on Thursday evening near Walker's Brook, on the Main Road to Annapolis when two cars proceeding at a high rate of speed collided almost squarely head on.

One of the cars, a light racer, was driven by Wylie Stronach, and was coming up a grade, the second car was driven by P. A. Dimock, manager of the Valley Foods Product, the new company organized to take over the Graham chain of evaporators. In the car with him were G. H. Cunningham, of Moncton, traveller for Rubenold Roofing Co., of Montreal, and A. T. Mosher, a Halifax traveller.

The impact was terrific and made a practically complete wreck of both cars. Stronach suffered most severely of any of the auto occupants. He lost two teeth, received a nasty cut on the leg, and a number of painful bruises. Dimock got bruises and an abrasion of the shin. Mosher received cuts and bruises and Cunningham dited.

The whole party had a most miraculous escape from death. Just why such an accident should occur on a straight piece of road in daylight is not quite clear, but as Stronach's car is a very low model, and squally weather prevailed, obscuring vision thru the wind shield, it is presumed that he did not see the other car approaching until too late to avoid a collision.

The McLaughlin, driven by Mr. Dimock, was pulled into town last evening by one of Mr. O. C. Jones' cars. One running board was torn off completely, the front of the car store in and much other damage done.

Mr. Stronach's car was brought in Tuesday morning on a cart, with injuries too numerous to specify.

ENORMOUS AMOUNT SPENT BY FRENCH IN NORTHERN AREA

Paris.—The money spent for the reconstruction of northern France, estimated by the Germans in the Great War, is entirely responsible for the deficit of 4,000,000,000 francs in the French budget for 1922, declared Maurice Bokanowski, the budget reporter, to the Chamber of Deputies in advocating that the problem be faced squarely, with concrete proposals of an arrangement to collect from Germany.

M. Bokanowski said that this reconstruction work, coupled with the war expenditures, had caused the French public debt to increase from 32,000,000,000 francs to 221,000,000,000 francs since 1914.

The budget reporter advocated abandonment of the policy of issuing short term internal loans and treasury and national defense bonds, as the interest on these bonds alone now amounted to more than 4,500,000,000 francs annually, or a larger amount than the deficit.

LOCAL BOY MARKS A FINE ADDRESS

The Young Peoples' Society Convention (Nova Scotia Methodist Conference) held well attended sessions at Kentville, October 27th to 29th, where a most full and interesting program was rendered. On Saturday morning James Fay, of this town, gave an address on "Work Among Teen Age Boys". This was favorably commented upon and very highly spoken of by those present.

MYLES TO HANG JANUARY 4th

Ralph Myles, convicted of having murdered Florence Miles in the woods between Young Avenue and Tower Road last June, will be hanged at the County Courtyard on the morning of January 4th, 1923.

Local Happenings

Next Monday being "Thanksgiving Day" there will be a service (without sermon) in St. James' Church at 10:30 a.m.

The tern schooner Ronald C. Longmire, owned by the firm of J. H. Longmire & Sons, left Digby on Oct. 23rd for New York with a cargo of lumber. Up till time of writing, Tuesday noon, there is no report of her. No special anxiety however is felt as trips of this kind late in the Fall are apt to considerably exceed in length those of the Summer months.

News items sent to the office by mail must be accompanied by the name of the sender, not for publication but as an evidence of good faith. This explanation will explain why some contributions did not appear this week. We are always pleased to receive genuine news items but we must know their source.

Messrs. Arthur and Joseph Harris, Conard, N. S., killed an ox last week, selling to Lyons Bros., Canning, N. S., which, when dressed, weighed 1,000 lbs., the largest creature ever killed in Canning, also a Spring lamb weighing 66 lbs. The heaviest stock in former years was sent to the cities, now farmers are now realizing that heavy stock can be disposed of advantageously in their own towns.

Local parties are considering the importation of Annapolis Valley apples to North Sydney by water. Apples are selling in the Valley at one dollar a barrel; but the freight costs by rail make the selling price out of all proportion to the production cost. It is proposed to find a market for a cargo of Scotia coal at an apple shipping centre in the Bay of Fundy and bring back a cargo of No. 1 fruit.—North Sydney Herald.

The community was shocked and saddened to hear of the sudden death of Mrs. Reid Sabean which occurred at the hospital at Middleton on Monday. She became a bride only a few months ago and, although she spent only a short time in this place, she made many friends here who extend the most heart-felt sympathy to the young husband and also to the bereaved parents, Mr. and Mrs. Wallace Banks, Brickton.

Mr. Silas Banks, who has been confined to the house with a bad cold is improving and able to be out again.

Mrs. Lella Sutherland, of Halifax, is spending a few weeks with her parents, Mr. and Mrs. Allister Banks.

Mrs. Stark has returned home from a few weeks stay at the home of Mr. and Mrs. Wm. Messinger, Clarence.

Mr. and Mrs. Basil Hill are receiving congratulations on the arrival of a daughter, (Verna Marjorie).

Mrs. Asabel Whitman visited at the home of Mr. Emdon Banks, Nictaux, on Wednesday and Thursday.

COLONIAL MOTOR COMPANY HAS THE GOODS

Encouragement for the greater production of beef, pork, etc., is given our farmers by the Dominion Atlantic Railway establishing a special meat car service from Annapolis to Halifax, picking up fresh meat at intermediate points Annapolis—Kentville Tuesday, and Kentville—Halifax Wednesday of each week. This car is fitted with hooks for hanging meat clear of car floor thus ensuring cleanliness. By the establishment of this special service during the cooler months for which no additional charge is made, the D.A.R. are doing their part in the development of the fresh meat industry which should be given more attention by all farmers.

SKATING RINK NOW BUILDING

Location Settled And Structure To Be Erected In Shortest Possible Time—Curling Space Provided

The matter of the location for Bridgetown's new rink has, after a considerable amount of negotiation, been finally settled. The purchase made by the Bridgetown Rink Company is the DeWitt lot opposite the athletic grounds. This is a very convenient location and was generally considered the most suitable and the nearest to the centre of the town of any of the lots available.

All papers and documents in connection with the transfer were duly signed, sealed and delivered last week and work of assembling stock on the ground commenced. This week construction work began in earnest and the contractors the firm of J. H. Hicks & Sons, are putting a large force of men on the building and will rush the job to completion as rapidly as possible. Operations will, of course, depend somewhat on the weather, but it is expected that the structure will be completed before the middle of December, so that with the usual weather an opening may be possible on Christmas Day.

The new building will have an ice space of 60x160 for hockey, races and skating generally. There will also be an ice space for one curlers rink which will, it is expected, be a lively spot during the winter with present devotees of "the roaring game" and forces still to be recruited.

A balcony will be built for band purposes and there will be ample dressing room space for both skaters and curlers. The new rink will fill a long felt want in athletic circles in town and furnish healthful amusement to all who enjoy skating.

The building will cost in the neighborhood of eight thousand dollars. Bridgetown will, it is understood, have the only curling rink in this portion of the Province between Windsor and Yarmouth.

"As Good as Gold"

O. T. Johnson, agent for firm of M. T. Kane, monuments and headstones, St. John, N. B., arrived here Saturday to set up monument for late Capt. Abram Holmes family. The stone and its setting weigh about 2 1/2 tons, and is a very fine black granite. Mr. Johnson is staying at Chestnut Cottage.

The cold wave of the past three days has subsided. Water was frozen in tubs about 1/2 inch each night and we had in this district about 1 1/2 ins. snow fall.

Mrs. Sarah Holmes and daughter, Mrs. Grant Morrison, and Mr. and Mrs. Willard Bogart, expect to go to Boston for the winter, next week.

The Council Election promises to be quite interesting and they claim political trickery is becoming rampant.

Harvey Holmes came home from Berwick Friday. He is called the champion apple picker of the county.

The apple car came here last Wednesday and is being filled chiefly with cider apples for M. W. Graves & Co.

The mill bed is completed and the Port Wade Lumber Co. will be saving the frame and covering soon.

Roy Westhaver and Willard Apt went to Lynn on the 29th to stay indefinitely.

Apples are not all gathered in this place, but none have frozen during the cold wave.

Capt. John W. Snow is loading second load of apples for North Shore. Mrs. D. K. H. Apt visited at Annapolis Royal on Saturday.

OBITUARY

MRS. AVIS SMITH HARDWICKE
The death occurred at her residence on St. George St., Annapolis, October 12th, of Mrs. Avis Smith Hardwicke, widow of the late R. Leslie Hardwicke, for many years Town Steward, in the 82nd year of her age. She was a daughter of the late Sidney Smith Saunders, of Lequille, and a grand daughter of David Eason, one of the original settlers of this community. She leaves one sister, Mrs. Fannie Ritchie, of Lequille, and four children: Mrs. R. D. Foster, Mrs. Messenger, Mrs. Gosner and R. L. Hardwicke, one brother Sidney, of Acadiaville, Digby Co., all of whom were present at the funeral which took place from the house at three p.m. on Saturday with service conducted by Rev. T. A. Mellor, Rector of the parish, who spoke feelingly and sympathetically on the subject of Christ's wonderful grace given in the time of suffering.

The hymns chosen were: "There is no night in Heaven," "Come unto Me, ye weary and I will give you rest," words which were frequently on Mrs. Hardwicke's lips during the last days of her illness, and "Abide With Me."

Rev. H. S. Wainwright took the prayers. Interment was made in the family lot at Woodlawn.

A kindly old lady, Mrs. Hardwicke was all her life, identified with the interests of the community and was one of the passing generation whose deeds will be gratefully remembered by her descendants and many friends.

NORTH WILLIAMSTON

Mrs. Bessie Mudgett and friend, Mrs. Ruth Curtis, motored from Intervale, N. H., arriving at the home of Mrs. Mudgett's father, W. E. Hilsley, on the 5th inst., travelling a distance of 500 miles in four days. They also visited friends at Deep Brook, Prince Albert, Kingston, Berwick and Wolfville. They left for their homes in N. H. on the 12th.

Miss Ella DeLancey and two children are staying with her parents, Mr. and Mrs. Geo. Darling, of Lawrenceville South. Mrs. DeLancey will be very much missed in our community.

Mrs. Wm. Shaw attended the funeral of his little niece, Blanche Smith, of Kingston, on the 12th. She was accompanied by her father, W. A. Bent and Mrs. H. D. Beaman.

Mr. and Mrs. George Burbridge, of Halifax, and Mr. and Mrs. Brenton Lee, of Berwick, were recent guests at the home of Mr. Unacke DeLancey.

J. R. Hilsley found Mayflowers on the 16th.

WEDDING

ELLIOTT-GORDON
The marriage of Miss May Moffatt Gordon, daughter of Mr. and Mrs. Geo. Gordon, of Brookline, Mass., and grand daughter of the late Micner Tupper, of Bridgetown, to Mr. Joseph Kittredge Elliott, Technology '05, son of Mrs. John Elliott, took place Wednesday morning, October 11th, at the home of the bride's parents, Brookline. The ceremony was performed by Rev. Wm. R. Campbell, pastor of the Highland Congregational Church of Roxbury, Mass. A reception followed and later Mr. and Mrs. Elliott sailed. On their return they will take up their residence at 4 Cypress Terrace, Brookline, Mass.

Mr. and Mrs. John Jackson and family, of Paradise, were the guests of her sister, Mrs. Norman Buckler.

Miss Mildred Hannam spent Sunday at the home of her father and mother, Mr. and Mrs. Clarence Hannam.

Mr. Aubrey Rice, of Lake La Rose, spent Sunday at the home of Mr. Grey Gillis.

Miss Minnie Jackson was the guest of her uncle, Mr. Appleton Buckler, Sunday.

LOWER GRANVILLE

The Willing Workers held a supper in the new hall on Wednesday evening 18th inst. Although the evening was stormy, the attendance was very good, the sum of \$43.10 being realized for hall purposes. The guess cake contributed by Mrs. Walter Hudson helped considerably toward the funds.

The Women's Institute will meet at the home of Miss Bertha Hudson on Friday evening, 27th inst.

Mrs. W. Apt. of Granville Ferry, was the week-end guest of Mrs. Dora Hudson.

MELVERN SQUARE

Mr. Abram Baker, who has been in failing health for the past two years, which he has spent with his sister, Mrs. Arthur Gates, who tenderly cared for him during that time, passed peacefully away early Wednesday morning. Funeral service was conducted by a former pastor, Rev. Mr. Howe, who spoke comforting words from the 14th chapter of St. John's Gospel.

A large number of friends of Miss Vera Marshall gathered at her home on Thursday evening and showered her a number of useful gifts. Refreshments were served and a very pleasant evening spent.

Mr. and Mrs. Wheelock Marshall, of Bridgetown, were week-end guests of her mother, Mrs. Mary Gates.

Mr. Reis Baker, who has been confined to his bed, with Dr. Miller in attendance, is much improved.

The sum of \$24.00 was realized at the pie social held in the parsonage on Friday evening.

Miss Annie Martin, who has spent several weeks in Lower Clarence, has returned home.

Mr. McLoud, of Wolfville, occupied the pulpit of the Baptist Church on Sunday.

Mr. Stanley Marshall of Bridgetown, was calling on friends here one day recently.

ROD AND GUN

Shottamen and lovers of the outdoors ought to find a lot of pleasure in their perusal of the November issue of ROD AND GUN IN CANADA. The usual collection of stories, articles and features is not only extensive and generous, as usual, but it is of particularly high quality, a well Raymond Thompson is the author of a "writing" article, entitled, "The Scourge of Quil" while "Madwasink" is a charmingly illustrated article that is full of interest. The departments are all instructive and well-balanced. A feature is a complete table of the trapping laws of the Provinces of the Dominion, while the Trap Line Department, edited by M. U. Bates, offers a wealth of valuable information which the trapper will not want to miss.

ROD AND GUN IN CANADA is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

He Could Hardly Swing a Sledge Says Knickle

"Four bottles of Taniaic put me in such fine shape I can do a hard day's work and still feel fresh at quitting time," declared Ernest Knickle, well-known young blacksmith residing at Pelham Street, Lunenburg, N. S.

"I suffered terribly from stomach trouble and was so badly run down and weak that sometimes it was almost more than I could do to swing my sledge. I would have such awful pains in the pit of my stomach after eating that it would almost double me up like a horseshoe, and my food felt like a lump of iron in my stomach. Gas bloated me up terribly and I would be dreadfully nauseated. I couldn't sleep well, lost my appetite entirely, and got in mighty bad shape all around.

"A lady who had been sick in bed before she took Taniaic was telling our neighbors what a grand medicine it was, so I thought I would give it a trial. Well, it simply rids me of all my troubles, and you can bet that if I ever get back in that condition Taniaic is the first thing I'll go after."

Taniaic is sold by all good druggists.

DOES CANADA NEED SETTLERS?

Many will be inclined to ask if the proposal to bring hundreds of thousands of settlers to this country is a wise one; it will be suggested that the cities are already over-crowded, and the farmers we now have already produce more food than Canada can eat or find a market for. Therefore what shall we do with large numbers of immigrants?

The answer is that the larger a population becomes the more work it creates. Men live by contact with each other. Given good stable government Canada can absorb any number of immigrants and by the creation of a distinct Canadian national sentiment she will be able to hold them permanently. If new settlement takes place to such an extent as to create a very large surplus over the home demand the government will be obliged, willing and happy to find markets for it. All we require just now is recognition of the fact that Canada's prosperity is interlocked with the prosperity of the farming and that farming is the occupation and business most worthy of our support and assistance in freight, tariffs and all else.

More farmers in Canada will mean prosperous railroads, lower freight rates (for the government can and will get them), a lower per capita national debt, lower taxes, more revenue for construction of roads, bridges and other improvements, busy factories turning out the machinery, implements, clothing, furniture, and all other requirements of a busy nation. In short, a large and ever larger farming population will be the starting point of our country's greatness until in due course of time the unmeasurable tremendous water-power of our rivers will make Canada the manufacturing area of all America.—Farm and Home.

A SAD CASE

Mary Ellen MacDonald, of Antigonish County, was admitted to the N. S. Hospital, October 4th. She will be remembered as being featured in the "Herald" in that organ's fairy tales in connection with mysterious fires in her home at Caledonia Mills, Antigonish County, several months ago.

She had evidently been reading the "Herald" and the statements therein may have affected her mind. It is a sad case and we deeply sympathize with Miss MacDonald and the "Herald"—Acadian Recorder.

A SHELBURNE BEAR STORY

Shelburne.—Among many of the interesting stories which are told of hunters and hunting, the story of the bear which shot himself is perhaps the most interesting which has come to local ears for some time. This is a true story of a bear who shot himself at Middle Ohio in Shelburne Co., N. S. This bear, for some time past, had made himself a nuisance and a menace to the people of that community by stealing out by night and helping himself to a nice sheep once in a while and then scurrying off into the woods, there to devour his prey.

There were few people in the village who had not been the victims of his thieving excursions, but in spite of all the efforts which were made to capture this beast no one succeeded in bringing him to justice, and the greedy rascal remained blissfully at large. However, "Every dog has his day," and probably that saying applies to bears as well, for, could Bruin have only known it, his day of reckoning was not far distant.

On one of his nightly visits at the home of Howard Bower, he became bolder than usual, and coming up to the house his curiosity overcame him and he stared boldly in at the window. This was not a wise thing on the part of Mr. Bruin, as Mr. Bower saw him, and seizing his rifle and rushing out of the house, fired at the bear, who disappeared into the darkness.

For some time after Bruin probably changed the scene of his unlawful activities, as little or nothing was heard of him until he commenced his recent depredations in Middle Ohio. He then appeared in the vicinity of Mr. Thomas McKay's home, and each morning when that gentleman went out Bruin's tracks were plainly visible in the frosty grass, and Mr. McKay knew that unless they were able to bring this monster to account, it would mean the loss of several sheep and perhaps other live stock as well, so he determined that Bruin must be caught.

To do this he took a rifle down to that part of the field where the bear's tracks were the most plentiful and fixed it so that it pointed down the path. Then he loaded and cocked the rifle and tied a string to the trigger and ran the string through a pulley and across the path, so that when Bruin came for his slice tempting morsel of fresh moose meat he would bump into the string and set the gun off.

They were soon rewarded for their trouble, for as the bear came back he did everything that it was expected he would do. He pulled the string and the gun went off and killed him instantly. He was found the following morning, and after he had been skinned was found to be eight feet long. It was also found that he had three ribs broken on one side, which had partially healed, and which was presumed to be the wound which was given him on the night of his visit to Howard Bower's.

Needless to say, Mr. McKay and the rest of the community are glad that this marauder has at last paid the penalty, and the sight of Bruin's hide nailed securely to the walls of Mr. McKay's wood shed is more than sufficient to evoke smiles of satisfaction from the friends and neighbors.

BELLEISLE

Much sympathy is extended Mrs. I. J. Parker in the recent death of her youngest brother, the late Dr. Edward Blackadder, of Halifax. Dr. Blackadder made many friends here during his visits to his sister. All deeply deploring his early death.

Dr. and Mrs. Charles Parker, after spending two weeks with Mrs. I. J. Parker, left on Saturday to visit Mrs. James Wilding, of New York, the doctor's sister. From there they go to Regina, their future home.

Rev. and Mrs. C. L. Gesner and little son Herbert, of Port Grenville, are visiting Mrs. G's parents, Mr. and Mrs. H. W. Bent.

Mrs. R. Henry, formerly Miss Emma Willett, of Florida, was a recent guest of Mrs. Eugene P. Troop last week.

Mrs. I. J. Parker spent a few days last week at Granville Ferry, the guest of Mr. and Mrs. William Amherst.

Mr. Jack D. Bent and Mr. Ernest M. Bent have each recently had the telephone installed in their homes.

Miss Muriel Parker is visiting her sister, Mrs. W. L., and Mrs. (Dr.) M. P. Nichols, of Aylesford.

THE INTERNATIONAL RACE

To say that the result of the International Fishing Schooners Race, the *Bluenose*, over her American rival, the *Henry Ford*, was enthusiastically received throughout all Canada, but particularly Maritime Canada is putting it mildly indeed.

Pleasant as it is to win, and we all like it, it is better still when occasion compels a loss to be a good loser. There are better things than merely winning.

There was a higher crown to the achievement of the *Lunenburg* vessel than her winning pleasant as that undoubtedly is to all Canadians—it was the thoroughly sportsmanlike attitude of Captain and crew. Through a number of bickerings and disputes which have no place in true sport they kept an even and unworried attitude and thus won for them respect in the minds of all who saw the game for the games sake.

The *Bluenose* thoroughly demonstrated her superiority in real fisherman's weather, and most nearly fulfilled the ideal of the schooner built for heaviest service and the one which thoroughly complies with the spirit and ideals which originated races of this class.

Protests, it is true, were made in connection with the race, protests which very possibly would not have occurred at all in a race of Halifax. That these were on eventual sitting thrown out is a matter of general congratulation. They had no basis in fact and the whole business was mere jockeying without an iota of true sportsmanship involved.

As to the merits of the two vessels the *Bluenose* is clearly the superior in any good stiff sailing breeze while the *Henry Ford* is the better craft in light airs.

These contests will always be Nova Scotia and Newfoundland versus Nova Scotia and Newfoundland with one vessel sailing under the Stars and Stripes and the other under the Union Jack.

The question has been discussed as to whether races of this class increase National good will and some have called this into question. That depends altogether upon the contestants and their supporters generally and is purely a question of good sportsmanship vs. winning at all costs. This year sportsmanship prevailed though it must be admitted against some odds. However that is past history now. All that is up to contestants and their supporters is to comply with conditions play the game and let the best vessel win.

WISE CONSERVATION OF FORESTS

The Pulp and Paper Magazine refers in the following terms to the important decision of the Nova Scotia Government in withdrawing sale or

lease of the remaining Crown lands: "At last, a Canadian Province has proved its appreciation of the fundamental value of the forest to agricultural as well as to other industries. Trees have an important influence in moderating climatic conditions, in regulating stream flow, and in maintaining the water table where the roots of plants can reach the moisture required. The need of conserving the forests for the insurance of the wood using industries is well-known. The farmer also needs wood for his houses and barns and for the churches, school houses and stores that minister to him. Left to himself, a settler will often clear more land than he can cultivate, and more than one has taken up land merely to skin it off timber, leaving the slash to be a fire hazard and a breeding ground for bugs."

Nova Scotia realizes that proper cultivation of her cleared land will be more than her population can attend to. Then why clear more? The question is answered by the ruling that a halt has been called in the indiscriminate clearing of forest land in the Peninsular Province. Crown lands are withdrawn from sale or lease. The slogan for other Provinces as well should now be, "No more forested land for settlement purposes." There is plenty of cleared land now going to waste in Canada.

Another instance of this growing appreciation of the value of trees is the case of a pulp and paper company in Quebec, that is actually encouraging the growth of trees in what would be good farm land in order to ensure a continual supply of wood to their mill, and so provide employment in the future for the people in the town that has grown up with the mill."

GOOD NEWS

Dr. W. H. Collins, director of the Geological Survey, Department of Mines, on his return from a three weeks' visit to the various field parties who are at work surveying the mineral industry of Nova Scotia and New Brunswick, is most optimistic. He reports new coal beds the existence of which was unsuspected, and deposits of oil shale in both Provinces, associated with coal measures. They are not yet being mined, but constitute the basis of an important future mining industry.—(C. P. R. Bulletin.)

CANADA LEADS

Of the three great salt water fishing areas in the world—North Atlantic, North Pacific and North Sea—Canada controls one-half of the two first. Sea-fish include salmon, cod, lobster, halibut, herring, mackerel, haddock, etc.—(National Resources.)

F. W. Fraser left on Tuesday for St. John and Montreal.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

"Great rats, small rats, lean rats, brawny rats, Brown rats, black rats, gray rats, tawny rats, Grave old plodders, gay young frisk-ers, Fathers, mothers, uncles, cousins, Cocking tails, and pricking whiskers, Families by tens and dozens, Followed the Piper for their lives." —Robert Browning.

Rat stories from authentic sources, substantiated by the number caught or killed in different parts of the village would indicate the necessity of advertising for a modern "Pied Piper". We have been expecting our merchants to fill a window with "guaranteed" rat traps. They would do a rushing business. This, coupled with a few large cheeses, would make a double sale—the threatened tax on cats would be a calamity. Yet we feel sure if the prolific offspring of the vermine race in the countryside were coupled with the rodent offspring it would throw any cock-fight into the back ground. The probable cause is the extremely wet season which has driven these vermin into the haunts of men.

The Government demands that all motor vehicles shall carry a red light in the rear. Yet the same Government's Highway Board uses a white light as a danger signal. The bridges under repair on the main highway in this vicinity, and on the road to Bear River are marked by white lights, and in such a way that to one approaching them they look like an auto in the distance. The local men, Messrs. Harry Potter and Robt. Spurr would use the red lights if they could get them. No blame can be attached to them. In fact the former camps beside his work and the latter keeps a night watchman, but it would be an interesting legal point, if an accident occurred at one of these places whether the Highway Board could get out of paying heavy damages. But the G. H. B. have a happy faculty of taking chances and we must admit that they usually get by, but they have been caught badly before—and may again. Why not gentlemen, send some red cotton or red cheese cloth to the bridgemen if you cannot afford the red globes and thus comply with the law?

While all rejoice at the victory of the "Bluenose" in the recent International Schooner Race, yet to all "true sports" there is a bitter disappointment. There seems to be a difference between people who enter into various contests. Some go in to win at any cost—trickery, bribery or any method good or bad. Others go in to win if possible by fair means but no victory can compensate them for loss of character. We admire the spirit of the sailing committee and others who stood on principle—but why was the unfortunate mess necessary at all. We trust that never again will such disagreeable conditions arise. True sports want the best boat to win whether she flies the Union Jack or the Stars of Stripes—Congratulations to Capt. Walters and each member of the crew of the *Bluenose*.

The Council election takes place on the 7th of November. Some regard this event of little or no importance, but it is just as important as the coming election. If it is asleep, then no interest is taken. If awake, then it is keenly contested. Let two things be remembered during the coming election.—1st, It is a sin to run

on political lines—and a man who votes for a Councillor simply because he is a Liberal or Conservative, and for no other reason is guilty often of sacrificing his district for party. 2nd, Vote for the man whom you honestly believe will do the best for this district. All will not think alike but you have the same right to your opinion as the one who differs from you. On the 7th then "No Political Party". All for the good of the district.

Mr. and Mrs. Ezra Hamilton are to spend the Winter months with Mr. and Mrs. Amos Prall and are doing their own house in Clementsport. Mr. Hamilton, who has been laid up for many weeks, is now able to be about with the aid of a crutch. He desires to thank all his friends who so kindly remembered him during his illness. Mr. Hamilton is well known in the community and if one word is used to describe him it is the word "Faithful". We trust the old couple may have a happy Winter and return renewed in health and strength.

Messrs. R. V. Dimars and Frank Dittmars, of Deep Brook, are constructing an ice pond for Mr. Herbert Hicks. It is situated on the site of the old one. The dam which is a substantial concrete one about 75 ft. long, is a little south of the old dam. This will back up a considerable body of water, and we feel sure the genial Mr. Hicks will be glad thus incidentally to provide winter sport for the old and young by permitting skating this Winter.

The actor Eskimo is reported at Briar Island in distress. She was out in Thursday night's (Oct. 26th) blow, lost her deck load and her hull damaged to the extent of \$1,800. Value of deck load was about \$300. After temporary repairs at Briar Island she will be allowed to proceed to her destination—Lynn, Mass.

Mr. Fred Roegies is back at his old stand in the blacksmith shop. His friends are glad to know he has recovered sufficiently to be able to make forge fires glow and the anvils ring.

Mr. Judson Prall, while on his way moose hunting near Lake Katie, shot a fine deer.

"THE SEA RIDERS"

This picture the first of the Canadian Maritime Motion Picture Companies Productions to be released here, was made complete from the beginning to the end of its six reels of continuous red blooded action right here in Nova Scotia.

If you knew the man you loved was unfaithful, worthless and a crook, and you found him locked in a death grapple on the deck of a schooner, fighting for his life with the man you promised to marry, what would you do?

Could you do as Betty Bouton does in "The Sea Riders" at the Primrose Theatre Monday, Nov. 6th and Tuesday, 7th.

See Marty Simpson—Hardened by dangerous living, brutalized by de-baucheries in many parts, scheme, fight and plan to gain control of his employers fishing interests.

See Edward Phillips, the discouraged, hopeless drifter, awake to new interest, and new independence thru the refined kindness and sympathy of the old captain's grand daughter.

See Betty Bouton? struggling against a destiny that appears fated to engulf in hopeless ruin herself and her captain grand father, in "The Sea Riders".

GRANVILLE CENTRE

The W.M.A.S. of the U. B. Church will observe Crusade Day, Thursday, Nov. 9th. Regular meeting and tea at Mrs. C. E. Withers in the afternoon. In the evening a public missionary meeting will be held in the church, commencing at 7.30. Thank-giving in aid of missions.

Mrs. James Henry, of St. Petersburg, Florida, recently visited relatives here. Mrs. Henry, formerly Miss Emma A. Willett, received a warm welcome from her friends in this, her former home, after an absence of fifteen years.

Mr. Clyde A. Gillatt, of the Inspection staff of the Royal Bank of Canada, with headquarters at Port of Spain, Trinidad, is visiting his parents, Mr. and Mrs. W. F. Gillatt.

Mrs. J. Campbell Willett, of Dorchester, Mass., has returned home after spending several weeks with relatives here.

Mrs. R. R. Longmire, Miss Florence Longmire, and Mr. and Mrs. Rupert Troop, spent the week-end in Falmouth.

Mrs. W. W. Troop, Miss Hettie Troop and Mrs. Norman Wade spent last week visiting relatives in Yarmouth.

Mrs. F. P. Mills recently visited her sister and their relatives in Massachusetts.

TORTURED BY KIDNEY TROUBLE

Quickly Relieved By Short Treatment With "FRUIT-A-TIVES"

MADAM LALONDE

170 CHAMPLAIN ST., MONTREAL, P.Q.
"I am writing to tell you that I owe my life to 'Fruit-a-tives'. This fruit medicine relieved me when I had given up all hope of recovering my health."

"I suffered terribly from Kidney Trouble, Dyspepsia and Weakness. I had these troubles for years and all the medicine I took did not do me any good."

"I read about 'Fruit-a-tives' and I tried them. After I had taken a few boxes, I was entirely relieved of the Kidney Trouble, and Dyspepsia, and had gained in strength."

"I hope those who suffer with Kidney Trouble, Dyspepsia and Weakness will take 'Fruit-a-tives' to recover their health."

JEANNETTE LALONDE.

N. B. LUMBER INDUSTRY

Mr. Angus McLean, the head of the Bathurst Lumber Company, Ltd., says: "The lumber industry of the Province so far as the saw mill end of it is concerned has reached its high water mark and the tide is now receding and will continue to ebb rapidly until there is little or no incoming tide in that direction. That will, of course, have its disadvantages but there is no occasion for despair. The Pulp and Paper Mills will be the backbone of the lumber business in the near future and will replace the lumber mills of the country to a very large extent. Under the new order a tremendous waste of lumber will be practically eliminated. Pulp and paper plants will be able to utilize every part of a tree down to a three inch top and in addition to that the expenditure for labor will be fully three times as much in manufacturing one thousand feet of timber into paper than on one thousand feet manufactured into lumber."

NEW PASTURAGE CROP

Commenting on Principal Cummins' remarks at the Pictou Exhibition re a new clover for pasture, the Truro News says:—

We would like right here to call attention to a little experiment with "Hubam," an annual white sweet clover, that has been made this season. The little patch of this wonderful and vigorous growing clover, first given to the world from the Iowa Experimental Farm in 1915, is now 5 1/2 feet in height at the "Forest Lawn" Experimental Farm, Prince Street West. Its fragrance fills the air, and Truro-bred cows "moo" for it from nearby pasture lands. We hope the N.S.A.C. authorities will look into this new clover. It costs about \$1.50 a pound.

PROSPEROUS LUNENBURG

An inspiring sight is to visit our wharves today. At the wharves and anchored in the stream are some seventy vessels, mostly engaged in Lunenburg's great industry. A rough estimate of the value reaches the sum of \$2,100,000, all local capital. Further one can see from Myra's Island to First South, acres of fish in the process of curing, aggregating 15,000 qts., which at the present market prices would be easily valued at upwards of \$150,000. This is a volume of business that is an evidence of prosperity that few other towns of equal population can boast, and of which we are greatly proud—Lunenburg News.

LOCAL W. C. T. U. HEARS REPORT

The annual convention of the Provincial Women's Christian Temperance Union was held in Halifax on October 3rd to 5th in St. Matthew's church. The sessions were well attended from 9:30 a.m. till 10 p.m. by about fifty delegates from the various unions of the Province of Nova Scotia. The keynote was spiritual, recognizing that the call to service is from above. Dr. Clark, of St. Matthew's Church, in the devotional half hour opened up new vistas of encouragement for the darkest day, showing that God is the Power House, and results were only limited by our prayers and faith.

Addresses of welcome were given, and eloquent tributes were paid to the work of the Union by the following clergymen: L. J. Donaldson, A. L. Huddleston, Dr. Bond, Dr. Clarence McKinnon and Mr. Tanberg. The President's address showed the many activities and the wide ramifications of the work. The reports of the Superintendents proved that much practical work had been done during the year.

On Wednesday evening a double treat was provided by Mr. and Mrs. H. P. Newcombe, of Canimog, the former taking for his subject a real view of the work, while the latter presented the effect of the national spirit, and how this spirit should be developed, pointing to the schools as the hope of the nation.

During each session the strenuous work was relieved by choice music provided by local talent. Receptions were held at the home of Mrs. J. T. Wilson and at the Women's Council House. The Commercial Club placed cars at the disposal of the members to view the city. On Thursday evening an organ recital was given by Prof. Hollis Lindsay on the grand organ at St. Matthew's, when Mrs. Covey contributed a vocal solo, after which a stirring address, comparing the condition of the women of India twenty years ago with the present, was given by Miss Archibald, who was dressed in the gorgeous robes of an Indian Princess. A beautiful bouquet of carnations was presented to Mrs. Ada Powers on her retiring from the office of President, having served the Union for eleven years.

A Union has just been formed in Bridgetown to carry on the good work, meeting on the third Monday of each month at 3:30 p.m. in the Board of Trade rooms. All women are cordially invited.

The report as above is a summary of a more extended one given by Miss I. M. Creighton, local delegate to the annual Provincial Convention.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian Fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, coughs and colic, and night the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

VICTORY

Messrs. Fred Simpson and Oscar Berry came out of the woods Saturday, but were not successful in capturing an antlered monarch. We trust they will have better luck next time.

Miss Ida Berry and Miss Ethel Deraney were the week-end guests of Mrs. Bernard Aloor, Bear River.

Mr. Arthur Pulley is holding a big dance in the near future, in honor of his sons' arrival from the West.

Miss Pearl Milbury, of Clements-Port, spent a few days with her mother, Mrs. Kenneth Milbury.

Missions were held in the Anglican Church here by the Rev. A. W. L. Smith, during the past week.

Mr. and Mrs. John Simpson and family spent Sunday, October 22nd, at Clementsvale.

Mr. Delbert Wagner has returned to this place, visiting Mr. Willard Rosencrans.

Miss Bertha Fancy was the guest of Mrs. Joseph Darres a short time ago.

Miss Eleanor Darres is visiting her sister, Mrs. Elen Darres, Bear River.

Service was held here in the Baptist Church, Sunday, October 22nd.

Mr. Arthur Pulley will be spending his vacation at Caledonia.

Miss Daisy Wagner is visiting Mrs. Willard Rosencrans.

Do I hear wedding bells?

NEWSPRINT MILL AT BATHURST

Bathurst, N. B., is about ready with a newsprint paper mill, the first in the Maritime Provinces, and will in time have a capacity of 100 tons daily, but starts with 50 tons per day at once. The big lumber industry in New Brunswick is fast passing over to a great paper industry, that will give employment to many hundreds.

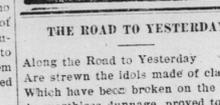

WHERE GOLDS STRIKE

The throat, breathing passages and lungs are the weak spots of a man's body. And these are the very organs most likely to be attacked by a cold, influenza, or any of the many ailments that come in contact. At the same time, by destroying all disease germs, these medicinal fumes prevent the development of colds, coughs and serious chest trouble.

Carry Peps with you, and when you get down and over-exercised, put a little in your mouth. Also as a protection against germs, keep a Pep in your mouth, when breathing the impure air of a crowded theatre or store.

For colds, aches, or chest troubles, which have already developed, Peps is equally valuable. Also for bronchitis, sore throat, laryngitis, etc. All dealers sell boxes.

THE ROAD TO YESTERDAY

Along the Road to Yesterday Are strewn the idols made of clay Which have been broken on the trail As worthless damage, proved to fail In time of need, which having thrown Aside, and having lighter grown, We marched ahead with lighter feet, Life's best and worst resolved to meet.

Along the Road to Yesterday Are hours depressed and moments gay, Hours that were bitter or were sad, Hours when our aim in view we had, Hours when the world we looked upon.

As almost lost or almost won; But on and on we always moved, In love with life, in life beloved.

Along the Road to Yesterday Our toys are moldering away; But playthings were our working tools, And we have been deluded fools, Believing that our earnest play Would win us rest and peace some day.

Not heeding Nature's stern decree Against our frail humanity.

Along the Road to Yesterday There are, though, gems among the clay; The hopes which have been filled in part, The nobler striving of the heart, The kindly words, the generous deeds, The faith that up to Heaven leads; These make, though weak—and brief their time— The Road to Yesterday sublime.

MAGIC BAKING POWDER

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

YOUNG'S COVE

Amongst the many Summer visitors who spent their vacations in their old homes here were: Mr. George F. Hogan, barrister, of Lynn, Mass., accompanied by Mrs. Hogan, daughter Eleanor, also two lady friends. All returned home after spending a few pleasant weeks at Mr. Hogan's seaside cabin at the Hogan Cove here. Mr. Hogan is one of the few Young's Cove boys who has made good in Uncle Sam's domain, who doesn't forget his old friends and success has not spoiled.

For aae M. Farnsworth has about finished putting the Logan bridge in new, after having a lot of men at work building and repairing the roads here most of the available time since Spring, but the recent freshet has caused considerable damage, making more repairs necessary.

Mrs. Katie Guest has returned home after spending three pleasant weeks with her grand daughter, Mrs. Gordon Marshall, of Beauséjour, Mr. and Mrs. Marshall also came over in their car and spent Sunday with Mrs. Marshall's parents, Mr. and Mrs. Watson Guest.

Sorry to report Rev. Percy Hamilton, who has labored so successfully in this field for the past year, is about to leave for another field. His place here will be hard, if not impossible, to fill. It has seemed like a new place since he has been with us.

Mr. and Mrs. John R. Bent, who had their son Maurice, daughter, Mrs. Rogers, Mr. Rogers and two children, also widow of their son Howard, with her, little son Howard, with them for some time. All returned to the States after having a pleasant visit.

Mr. Harry Stirling, of Milford, accompanied by his mother, and cousin, Miss White, and aunt, Mrs. Arthur Ordie, of Greywood, motored over here lately and spent Sunday with Mr. and Mrs. Lorne Clayton.

Mr. H. A. Steadman has men at work in the woods getting out timber to finish the Criss Cove wharf on which he has a commission. The continuous rough weather is making the work quite slow.

Mr. Herman Young has gone to Boston for an indefinite period. He is working as a carpenter work there. Mrs. White who has been boarding with Mrs. Young for the Summer has returned to her home in Yarmouth.

Mr. Ernest Steadman, wife, and little son, of Lynn, also spent several weeks at their old home here, after three years absence.

Miss Ellen Bent spent some weeks with her parents, Mr. and Mrs. Wm. D. Bent. She is a stenographer in the States.

Several of the young men from here are working in the Valley helping the farmers do their Fall's work. Mrs. John B. Young has returned home after spending some time with her daughter in the U.S.A.

UPPER CLARENCE

Mr. L. W. Elliott and family were very much alarmed on Saturday last when a fire broke out in the house caused by the chimney getting afire, but with the help of neighbors the fire was extinguished before much damage was done.

Miss Priscilla Elliott, who has been spending the Summer months with her parents, Mr. and Mrs. L. W. Elliott, has returned to U.S.A. where she will take up her work again, nursing.

Miss Edwina Elliott supplied for Miss Kinsman (teacher) on Monday last while the latter was at home taking care of her mother, who fractured her collar bone.

The road men have just completed a new bridge at the end of the Barton Mountain road, which was needed very much, and will be appreciated by all.

Mrs. Albert Banks was visiting at the home of Mrs. C. T. Sanford's on Tuesday last.

The fruit company have just had a telephone installed in the new warehouse.

Congratulations to Mr. and Mrs. Godfrey on the arrival of a son.

Quite an epidemic of colds going around.

CLARENCE

H. G. Wilson, of Augusta, Maine, was a recent visitor while here. He and A. J. Wilson motored to Halifax.

Miss Priscilla Elliott went to Boston on Friday. She expects to engage to district nursing.

Mrs. Hettie Marshall has returned home after spending the Summer in Digby.

Mrs. Annie Jackson spent a few days in Digby, returning on Tuesday.

SYDNEY'S N. S. T. A. REVENUE

Sydney's revenue from the Nova Scotia Temperance Act enforcement, from June 29th to September 30th, inclusive, amounted to \$7,133.15. During that period there were 35 convictions entered in the city court against violators of the N.S.T.A., 32 offenders paid fines, three went to jail and 18 cases were dismissed.

Mr. George Brenton, formerly teller in the Royal Bank branch here, but now in the Moncton branch, was a visitor to town recently.

NATIVE TREES AN ASSET TO THE FARM

If a man values the pleasure and comfort of his family, he should make every possible effort to enrich, beautify and broaden country life, and in achieving these ends he will increase his own health and happiness manifold. If boys and girls are to be kept on the farm, their impressionable years should be filled with ennobling pictures thrown upon nature's canvas—the earth. Country life can be made infinitely more charming and satisfying by the presence of trees.

Comparatively few farmers appreciate the economic value of trees growing on their farms. They prevent the surface soil from washing away, protect his herds and flocks from rains and storms, and temper the chilling winds that sweep across the home grounds. Why not begin planting trees to take the place of the forests that had such a modifying influence on the climate? Some of the old timber lots were really not well placed; they did not shelter economically. Now, why not begin planting trees to take their place? Why not put out small timber lots that will break winds of winter and some day make good timber for use on the farm?

HOW TO AVOID WINTER COLDS

With the arrival of the season of closed windows and artificial heat there is always a steady increase in the number of cases of diseases of the air passages, such as common colds, throat troubles, bronchitis and pneumonia.

Our habit of over-heating and under-ventilating our homes and places of business is the chief cause.

The change from the moist, healthful outdoor air of summer to the dry, over-heated, and often stuffy, air of the household or office is associated frequently with less exercise, less sleep and too much food. These unhealthy habits make our bodies less able to destroy the germs causing the diseases mentioned.

To remain healthy during the winter it is important to have daily some vigorous exercise out-of-doors, also fresh air indoors without chilling and to take simple nourishing foods without excess of eating. We should see that the skin and bowels are kept in order.

THE IDEAL GIRL

(By Doctor Frank Crane)

A young lady correspondent writes to me that having read my article on "How to Make Love" some time ago. She rather approved of it, but criticized the fact that it was addressed entirely to young men. She says:—"Now, would it be asking too much to have you submit in your column some real honest-to-goodness rules whereby a young woman can improve her technique from a man's point of view?"

This is a reasonable request, and going to the barrel of rules which I keep handy for all purposes, I extract the following, which are hereby offered:

1. First of all, remember that there is just one thing that every human despises and that is egotism. Hence, if you wish to push young men from you, be egotistic.

2. If you want to be popular with the boys, don't be selfish. Selfishness, of course, is a form of egotism. You may have charm enough to get away with it at first, but by and by selfishness always spoils love.

3. Speak low. Remember that the low voice is an "excellent thing in woman." Do not talk loud, nor laugh loud. And, for that matter, do not dress loud. The kind of men that immediately makes a hit with are not the kind that you want to know.

4. Be good. I am not mentioning this from a religious or moral point of view, but merely as a lure for the opposite sex. Maybe you don't know it, and maybe you know it, and remember it is an injustice, but no man loves a girl unless he has an idea that she is better than he is.

5. Don't try to shock the boys. Shocking them may make a sensation and attract attention to yourself, but it costs more than it comes to. It is always a losing game for you. Don't tell risqué stories. Don't smoke cigarettes.

6. Be chaste. What I mean is, guard your modesty and cling to your self-respect. Don't sneaker at remarks that are off color. Don't let a boy put his hands on you. Remember that your very last defence and your principal charm is the sanctity of your person.

7. Be a good sport. By this I mean do not be a prude, and do not look for affronts where they are not meant, and do not see them when they are meant. Be in favor of things. Be a good pal.

8. Be healthy. Be an outdoor girl. Boys are attracted to girls who are not only feminine but vigorous and strong. The kind of man that wants the clinging vine usually develops into a tyrant. The right sort of man wants an equal and a friend.

9. Above all things, be cheerful. Keep the sparkle in your eye and the corners of your mouth turned up. Be optimistic. Be enthusiastic. Be positive. Everybody likes sunshine and men take to it as a monkey takes to sugar. The average boy is apt to be tragic, and the girl that appeals to him is the girl who is not tragic.

10. Don't be sensitive. If you are sensitive, don't show it. And if you keep all these rules and can't attract the boys, don't blame me. I have done the best I could.

CRIPPING PAINS OF RHEUMATISM

Cannot be Banished by Liniments—Is Reached Through the Blood.

Thousands of men and women suffer severely from rheumatism. Crippling pains in the muscles and joints make every movement a torture. Many people think rheumatism is due to cold or wet weather and they try to banish it by rubbing the painful parts with liniment. This is a great mistake; the rheumatic poison is in the blood and liniment and rubbing cannot do more than give temporary relief. If you are a victim of rheumatism or lumbago the way to rid yourself of it is by making the blood rich and pure, for only in this way can the rheumatic poison be driven from the system. To enrich and purify the blood, Dr. Williams' Pink Pills should be taken. They act directly on the blood, making it rich and red, and in this way the trouble disappears. Thousands of people have proved this, among them Mrs. H. King, Croydon, Ont., who says:—"I was attacked with rheumatism in my right arm and shoulder. It pained me so that I could not raise the arm to comb my hair or feed myself. I commenced taking Dr. Williams' Pink Pills and after taking three boxes I seemed all right again. About six months later, however, the trouble came on again, this time in my left arm. Again I took Dr. Williams' Pink Pills with the same beneficial results, and since then I have had no return of the trouble. Now I recommend Dr. Williams' Pink Pills whenever I get a chance."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

After This Month

the practice of house to house collecting of accounts due the Bridgetown Electric Light, Heat & Power Co. will be discontinued. The manager respectfully requests that all such accounts be paid at the Company's office, which will be kept open on all regular business days from 9 a.m. till 5:30 p.m.

This action has been decided upon because the manager believes it must be inconvenient to most people to keep money in the house to pay a collector any time he calls. It is also inconvenient for a collector to have to call several times, simply because other people have business of their own and are therefore not always at home.

DISCOUNTS WILL BE ALLOWED UNTIL THE TENTH, AS ALWAYS, AND NOT AFTER. ACCOUNTS UNCOLLECTABLE IN THIRTY DAYS WILL BE DISCONNECTED.

Warehouse construction for the season is now practically all finished. Last week J. H. Hicks and Sons finished the rebuilding of the Sheffield Mills warehouse which was destroyed by fire the latter part of the Summer. The new structure 40x140 has a storage capacity for about 5,000 barrels.

DAUGHTER WAS WEAK AND NERVOUS

Mother Gave Her Lydia E. Pinkham's Vegetable Compound with Happy Results

Cobourg, Ontario.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly.—Mrs. Joux Toms, Ball St., Cobourg, Ontario.

Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a trial. It is prepared from roots and herbs, and can be taken in safety by young or old. It has been used near fifty years, and many women owe their good health today to the timely use of Lydia E. Pinkham's Vegetable Compound.

Blue Bird Tea

Brings Happiness

Is not a signal that the water is ready for tea making; the water must actually be bubbling (and for the first time) to insure the best cup of the best tea.

Paring and Cider Apples

Owing to the uncertain market condition for evaporated fruit prices paid for paring apples are necessarily dropped.

Following are prices for evaporators and ciders until further notice.

Sound tree run apples 2¢ and up wards for paring 60c per barrel.
 Sound drops 2¢ and upwards 40c per barrel.
 Cider apples 30c per barrel.

ANNUAL MEETING WOMEN'S INSTITUTE

Election Of Officers and Considerable Other Business—Vote of Thanks to Retiring Officers

The Women's Institute held their annual meeting in the Board of Trade rooms on Thursday afternoon a considerable business was done. Secty.—Treasurer's report read and approved. President's report accepted.

The officers for the ensuing year were elected as follows:
 President—Mrs. Harry Magee.
 Vice-Pres.—Mrs. Owen Price.
 Rec. Secty.—Mrs. Ed. A. Hicks.
 Cor. Secty.—Mrs. Harry Abbott.
 Treas.—Mrs. J. E. Lloyd.
 New committees formed:—
 Home and School Convener—M. F. Bath.
 Home Economics—Mrs. R. Meenger.
 Agricultural—Mrs. E. R. Orlando.
 Public Health—Mrs. Francis Grant.

The Executive is composed of officers and conveners of committees. A hearty vote of thanks was extended to the retiring President and other officers for their faithful and the good work done during the year. The meeting was followed afternoon tea.

We will soon be getting the Xmas boxes ready to make the two fortunate ones in our town happy Xmas times. Will the ladies and gentlemen of the town kindly be us by donations of clothing, money etc. We have always met with a generous response in the past and confident for the same this year.

BRICKTON

Our community was saddened learn of the death of Mrs. Reid's Beans which occurred at the Memorial Hospital, Middleton, on the 1st ult. The deceased became a bride only a few months ago. She was formerly Pearl Banks, daughter of Mr. and Mrs. Wallace Banks, was years of age, and having a cheerful disposition, and was well liked all who knew her. Much sympathy is felt for the young husband, the bereaved parents.

Mr. D. W. Bezanon had the fortune to be thrown out of a one night last week, and received a cut about the face, but we are glad to see him able to be about again.

Mrs. Willie Bezanon and Howard spent last week in New Williamston, the guests of Mr. Mrs. Howard Bezanon.

Mrs. G. R. Harnas has returned home after spending two weeks Clarence at the home of Mr. and Mrs. Jabez Godfrey.

Fletcher McLeod, who has been working on the roads here, returned to his home in Margaree, C. B., Friday last.

Mr. Willie Bezanon, Jr., has turned home from Nictaux where he has been cooperating for a short time. Guy Wentzell has returned from the West.

We wish our editor and all readers of THE MONITOR a joyous Thanksgiving.
