Firmly Determined to Restore Peace, He Will Not Scruple to Make Obstructionists Pay Price, He Declares—Troops Despatched to Quell Disturbances at Saltillo.

MEXICO CITY, Feb. 21.—(Can. Press.)—That the new administration in Mexico expects to use the methods of Porfirio Diaz so far as possible in governing the country was made evident today in a conversation...

President Huerta declared that no matter what the cost should be or who the men that paid it, peace would be restored in Mexico. He said it was his ambition that when he left the presidency, people would say of him: "He has restored order through Mexico, made safe the investment of money and rendered secure the lives and interests of all, both foreigners and Mexicans."

Calmly and dispassionately President Huerta outlined his program for the use of the army in restoring and maintaining order. He admitted that in many parts of the republic where the news of the change in government had not been received, all was not in accord with peace. To these sections, he said, he would send emissaries...

Suffragists Given Reverse in N.B.

FREDERICTON, N.B., Feb. 21.—(Can. Press.)—In the legislature today the resolution of Donald Munro, M.L.A., of Carleton County, for permission to introduce a bill amending the New Brunswick Election Act, so as to give women the same right to vote at provincial elections they now enjoy in municipal elections, was defeated 21 to 10.

MRS. PANKHURST NEARLY MOBBED

LONDON, Feb. 21.—(Can. Press.)—Mrs. Emmeline Pankhurst, the militant suffragette, who has declared that she was responsible for the dynamite explosion which recently wrecked the home in Surrey of David Lloyd George, chancellor of the exchequer, met with a mixed reception at a meeting held tonight in the Chelsea Town hall under the auspices of the Women's Social and Political Union.

Police Protection Alone Saves Her From Hostile Crowd—Taunts Authorities Because of Inaction.

When Mrs. Pankhurst appeared on the platform she was greeted with groans, hisses, yells and cheering, and only a large force of police in the hall prevented the hostile section of the audience from attacking. When she left the hall Mrs. Pankhurst twitted the authorities for being afraid to take advantage of her assumption of responsibility for blowing up Mr. Lloyd-George's house and sending her to jail. She declared that short of taking human life, the militant suffragettes intended to do everything possible to settle once for all the political status of the women of this country.

THREAT TO KIDNAP MISTERS.

LONDON, Feb. 22.—(Can. Press.)—How to deal with the militant suffragettes a problem which is being discussed anxiously by the public, and suggestions of various kinds occupy many columns of the daily papers. The latest plan of the militant wing, according to The Standard, is to kidnap the cabinet ministers, and the police are taking the precaution to shadow the ministers whenever they appear in public.

OTTAWA, Feb. 21.—Miss Lulu Abbott, secretary of the Ottawa Woman's Suffrage Association in an interview today, said: "I hope Mrs. Pankhurst and her followers will not have to resort to shedding human blood, but if I were in England and found it necessary to do so, I would not hesitate. At present we have no need to resort to militancy in Canada, but if we had been trying to get the vote for over 50 years by constitutional methods, and had received no satisfaction, then militancy here would be justified. GUELPH RAILWAY TO CUT CIVIC DEFICIT

GUELPH, Feb. 21.—(Special.)—Col. A. H. MacDonald, secretary of the Guelph Junction Railway Board, has received a cheque for \$11,162 from the C.P.R., being the city's share of the last quarter's earnings of the G.J.R. This material increase over what was anticipated means that the deficit in last year's civic finances, which was placed at over \$3000, will now be reduced to about \$1500. This is accounted for by the fact that only \$9000 was estimated as the revenue for the quarter.

It is claimed that the steady growth in the revenue from the city's utility will fully justify an estimate of \$40,000 in this year's receipts from the Guelph Junction Railway, a very material term towards the reduction of the city's tax rate.

GOVERNMENT KILLED MEASURE WHICH ROWELL UNEXPECTEDLY SPRANG IN THE LEGISLATURE

Opposition Leader Tried to Block Second Reading of Act Respecting Labor in Factories and Shops, Which He Dubbed Antiquated, by Introducing Amendment—Not Half of the Members Voted on It.

It was indeed a surprise that N. W. Rowell sprang on the government in the legislature yesterday. Not satisfied with the provisions in the revised act respecting factories, office buildings and shops, introduced by Hon. S. Duff, he attempted to hold back its second reading. In doing so he brought about a division of the house, which was an unexpected occurrence for a Friday, as many of the members leave their parliamentary duties to return to their homes for the week and after a speech criticizing the government for bringing down an "antiquated measure," Mr. Rowell moved the following: "This bill will be not read a second time, but that it be resolved that it is the duty of the government to immediately introduce a measure embodying modern principles of factory regulations and inspection, so as to more effectively safeguard the lives, health and physical and moral well-being of the men, women and children employed in the factories and shops."

Surprise to Premier to exasperated at the introduction of the amendment. It is the purpose of the hon. member to bring the act on the amendment? he asked, to which Mr. Rowell replied in the affirmative.

It is the duty of all the members on both sides of the house to give careful consideration to all legislation," said Sir James, "I do not wish to object to what my hon. colleague put forward. But I wonder under what circumstances the hon. member would admit that the government had ever done anything that was right. He at least would never do it consciously. This motion is indeed a surprise. I don't care whether or not the act is up to date with other countries. So long as it is up to date with common sense, I'm satisfied. There is no country in the world where there is as little to complain of in regard to conditions of labor surrounding children. It seems to suit the hon. member to exaggerate and multiply, it suits him to point out that in this favored land of ours the labor conditions are such that call for more legislation. I defy him to show proof. This bill should pass its second reading. The hon. gentleman has taken a course which is certainly unheard of. An amendment comes down in an unusual way after that 'detestable revision committee' has brought the present act merely up to date. Instead of amending it he takes an unheard-of course of stopping its second reading. Why does he not introduce a bill himself?"

When the vote was called for there were just 44 members, less than one-half the entire roll, in the house, and the government swamped the Rowell amendment 28 to 8.

Points Out Duties. Replying to Mr. Duff's statement of what the revisions in the bill were, the leader of the opposition labelled the act as an antiquated measure which should be brought up to date. "Child labor is not properly dealt with," he said. "Children who are under the age of 14 years, still have to work hours which are too long. There is nothing so important as limiting the hours which children are to work. There is nothing to this effect in the act."

He then stated that there was too much loss of human life because of unguarded machinery, and the act should contain some provision which would lead to the cancellation of the working of overtime was also sanctioned under the act in excess of what it should. He said that seven of the nine factory inspectors had reported the elimination of overtime work in factories, but the government had not acted upon their suggestions. The inspectors had also reported that in the working in basements, save bakeries, but their advice was not embodied in the act. "The act also provides for an increase in the number of factory inspectors, the present staff being entirely too small. In conclusion I think that the act is antiquated and many modern principles that should be embodied in such a measure."

Allan Studholme, member for East Hamilton, also criticized the government. He said that child labor, especially in cannery factories, was not properly dealt with in the present legislation. He voted with the opposition.

"Can the prime minister tell me of any occasion when the government acted on the proposals of the opposition?" asked Sir James Clarke, Liberal for N. Northumberland.

"If he can he is older than I think he is. It seems that his idea is that we accept everything the government puts forward; that we are supposed to be an opposition. The municipal bill was shown thru the committee. We carried suggestions that clauses should stand over, but nine times out of ten the government applied steam roller methods."

Mr. Clarke then branched on the child labor question, which he considered the government was not properly looking after. After picturing ill-fed, half-starved children because of the present law, he wound up like this: "Great God, Mr. Speaker, we ought to protect these children."

Stirred Up Debate. J. G. Anderson, Liberal for South Bruce, brought on a lively debate when he charged the minister of agriculture with not properly looking after the interests of British immigrants who came to the country to take up land. Mr. Anderson moved for the return of all documents, correspondence and papers passing between the British settlers and the government, and all reports of conditions at Jeannette, speaking in his motion, he said that the Thames Valley Land Company, which comprised land speculators from Toronto, had purchased 45,000 acres of land in the county of York, and an acre, had subdivided it into 10 acre plots, and then sold it to "unscrupulous" Englishmen at an enormous profit, or at about an acre.

were being imposed upon. But this is not the first occasion that events of this kind have occurred. These settlers became dissatisfied and appealed to the government for an investigation. Many of them have returned to their home land, and will, no doubt, spread the news around, which will be against getting desirable immigrants."

Mr. Anderson then referred to the National Land, Fruit Packing Company, now defunct, which had sold much stock to Englishmen not conversant with conditions. The Premier interrupted and said that the Liberal member should confine his remarks to his own country. He would do so by putting forth another motion. Then followed a spirited dialog between Mr. Anderson and Mr. Rowell and Sir James. The Speaker ultimately ruled that Mr. Anderson's remarks were irrelevant.

Settlers Gullied. "The promoters of the Kent County affair were also connected with the National Land, Fruit and Packing Company," replied Mr. Anderson. "But if I am out of order on this point, I will raise another point." He said that there were several companies in Ontario who had gullied unsuspecting people. "The department of agriculture should work to get out the very best class of immigrants and use every effort to see that they are not imposed upon when they reach Canada."

Mr. Duff replied that he did not know the promoters of the Thames Valley Land Company. "I am not supposed to go nosing around and looking into the personnel of companies whose work has no connection whatever with my department. The first intimation I got of the Kent County affair was last December, when the hon. member read me from some dissatisfied British settlers who had purchased land from this company. I asked them whether they wanted an investigation or a settlement by the company. They desired recompense."

Mr. Duff denied. "I most emphatically deny that this scheme had the endorsement of my department," said the minister of agriculture.

"Then Arthur Hawks and other gentlemen must have said what was untrue," chimed in Mr. Anderson. Mr. Duff said that the company had stated that they did not desire to retain any dissatisfied settlers on the land and offered to make repayments. "In many cases the money was returned," said Mr. Duff. "In one or two cases the dispute between the company and settlers had reached the courts. I am quite prepared to bring down the papers for which the hon. gentleman asks."

Then Sam Clarke, Liberal for West Northumberland, entered the debate and took occasion to point out to Hon. Mr. Duff some of his duties. "As minister of agriculture he is held responsible for all matters in connection with agriculture," he said. "There is no doubt that he knew that the proposition to bring out settlers and sell them land was on foot. And there is no doubt that the settlers were misled, the minister of agriculture having stated that they were recompensed. There is only 25 per cent. of the land of Ontario under cultivation, and we are striving for settlers for the undeveloped districts, and I contend that it is up to the minister of agriculture to guard every settler after his rights. He should have dug up the entire history of this company and shown to the world that Ontario is not open to such exploitations."

Mr. Rowell then read the premier's statement regarding the affair, which was published some time ago. According to the Liberal leader this statement inferred that a settler should look over his land before assuming his obligation. This, he declared, would tend to retard the investment of English capital. "The minister of agriculture should have investigated thoroughly this case and exposed those who were guilty, if there were any such. We should not seek to keep British capital in our land and attract rather than repel it."

"Same Old Story." Sir James intimated that the minister of agriculture deserved every credit for treating the Kent County settlers the way they deserved. "We should not receive, as it was in the habit of receiving the encomiums of the people."

"The same old story," said Mr. Clarke. "The papers will show that the department was blameless," concluded the premier.

Allan Studholme, labor member for East Hamilton, also criticized the government. He said that the settlement did not recuperate the settlers for the loss they sustained. They would have to start all over again.

Bill Ruled Out.

The legislature had no sooner opened its afternoon session than a skirmish took place between the premier and the leader of the opposition. N. W. Rowell was the first man in his hand who had a notice in his hand which seemed to give him trouble, and immediately began to express his disappointment that the bill should be an act for raising money on the credit of

Settlers Gullied. "The promoters of the Kent County affair were also connected with the National Land, Fruit and Packing Company," replied Mr. Anderson. "But if I am out of order on this point, I will raise another point." He said that there were several companies in Ontario who had gullied unsuspecting people. "The department of agriculture should work to get out the very best class of immigrants and use every effort to see that they are not imposed upon when they reach Canada."

Mr. Duff replied that he did not know the promoters of the Thames Valley Land Company. "I am not supposed to go nosing around and looking into the personnel of companies whose work has no connection whatever with my department. The first intimation I got of the Kent County affair was last December, when the hon. member read me from some dissatisfied British settlers who had purchased land from this company. I asked them whether they wanted an investigation or a settlement by the company. They desired recompense."

Mr. Duff denied. "I most emphatically deny that this scheme had the endorsement of my department," said the minister of agriculture.

"Then Arthur Hawks and other gentlemen must have said what was untrue," chimed in Mr. Anderson. Mr. Duff said that the company had stated that they did not desire to retain any dissatisfied settlers on the land and offered to make repayments. "In many cases the money was returned," said Mr. Duff. "In one or two cases the dispute between the company and settlers had reached the courts. I am quite prepared to bring down the papers for which the hon. gentleman asks."

Then Sam Clarke, Liberal for West Northumberland, entered the debate and took occasion to point out to Hon. Mr. Duff some of his duties. "As minister of agriculture he is held responsible for all matters in connection with agriculture," he said. "There is no doubt that he knew that the proposition to bring out settlers and sell them land was on foot. And there is no doubt that the settlers were misled, the minister of agriculture having stated that they were recompensed. There is only 25 per cent. of the land of Ontario under cultivation, and we are striving for settlers for the undeveloped districts, and I contend that it is up to the minister of agriculture to guard every settler after his rights. He should have dug up the entire history of this company and shown to the world that Ontario is not open to such exploitations."

CONSOLIDATED REVENUE FUND OF ONTARIO

Not printed. Sir James Whitney then declared that the bill was out of order because it concerned public funds. "A minister cannot say a bill relating to public funds before the house," he said. Mr. Rowell disputed the premier's statement, and argued that the bill was perfectly in order. "We should be perfectly in order to a single rule which this bill contravenes. We admit that we could not bring in a bill either for the raising of revenue or applying of revenue to any cause. In this case we do not propose to change the appropriation; all we propose to do is to amend the act so as to provide that the act that shall pass upon the appropriation shall be the legislative assembly and not the lieutenant-governor in council. I submit that this instruction should not have been given and that the bill should now be printed."

Another Way. Sir James answered the leader of the opposition by again declaring that the bill was out of order, and he also stated that the object of the proposition could be attained in a much easier manner if they only chose to proceed along other lines.

As the skirmish quieted down Speaker Hoyle rose to say that he had given instructions that the bill should be declared out of order on the ground that it affected the revenue.

Spring Displays at the Simpson Store

Harbingers of the Arriving Season, Flowers, Birds, and Music

usher in on Monday the new displays of exquisite apparel for Easter wear. The cold months have seen the preparation going steadily on in the workrooms of two continents to spread for your choosing wonderful materials in a hundred weaves and hues, and to marshal for your delectation hundreds of handsome suits and gowns and many cases of garden-like millinery. Each article bears in line and tint the authority of the great modistes of Europe and America. To you who are planning for your Spring and Summer costumes there are everywhere hints of the newest manner of combining these beautiful materials in harmonious creations, lessons in color schemes, revelations in smart cut and striking trim. The invitation is more than a mere request; it is a command to attend the most brilliant affair of Fashion's Court, and a promise not only of pleasure, but of profitable knowledge of the styles and prices for the present season.

Simplicity is the Key- Note of the New Millinery

But it is a simplicity that is the height of artistic accomplishment. The shapes now are small and are made to fit snugly the new close coiffure; turbans, with narrow brims and petit shapes of Italian Milan, Peco or Horsehair, and trimmings that accent the lines by contrast or by harmony. These small hats are well adapted for Spring wear, before the stronger sun calls for larger ones to shade the face. Large hats are here too, but the weight of Easter demand will be for smaller styles.

There are English Tailored Hats that call for severe lines in suit and coat, and fussy little French Chapeaux that offer endless possibilities in combination with becoming hair arrangement and more elaborate costumes. Much of their novelty is due to the exceptional ranges of new shades and materials that come to us this year from abroad. Soft draped satins, crepe de chine, ribbon and maline, hemp brims, starched upright trimmings, slim wings like rockets, plumage, flowers galore, all suffused with rich and glowing colors.

A new list of color names must be learned this season, for each name denotes an absolutely fresh note in the color harmony. Gone are the days of crude reds, blues, and yellows. To-day it is tete-de-negre, seal brown, taupe, coque-de-roche, sable, coqueillage, primrose, cerise, and empire green—some of them familiar, others absolutely without precedent, but every one is a blend of other shades.

But why pile up dry descriptions when the wonderful millinery itself is filling the rearranged and enlarged department with pulsating color and bewitching form?

*We bid you welcome to our
Greatest Spring Opening*

The Foreword of the Mantle Section is Spoken

in no uncertain tone by a splendid showing of new models, not extreme in cut or decoration, but holding to the best standards of good tailoring. New features are found in every suit, adapted to the flawless taste of our patrons. The lines are smart and attractive, embodying ideas evolved in Paris and New York, where, in fact, many of the costumes were designed and executed. The Cloaks and Suits cover every requirement of Spring and Summer wear thoroughly. Floral decorations and a new arrangement of the department lends a suitable background for the display and every provision will be made for your comfort. Meet your friends in the department.

Spring Dresses

Again this season one-piece dresses furnish a large part of every woman's wardrobe. The new models include many dainty dresses of sponge, checks, Bedford cords, serges, and wool poplins in light weights; also eoru and white nets, charmeuse, silks, and dainty chiffons. There are dainty fluffy gowns and strictly tailored ones, all showing the New York and Paris imprint in cut and general scheme as well as the color combinations.

Girls' Spring Coats

Include serges, viennas, and tweeds in a variety of colors with contrasting trimmings. Ages 6 to 14 years.

*The
Robert Simpson Company Limited
invite
You and Your Friends to attend
The Spring Opening Displays of
Millinery, Silks,
Dress Goods, Cloaks and Suits,
on Monday, February the twenty-fourth,
nineteen hundred and thirteen.*

Many Entirely New Silk Fabrics

give many fresh opportunities for color and texture combinations in the new Spring designs. Monday's showing will place before you the newest fabrics exactly as shown in Paris, London, and New York, and many exclusive patterns made for this Store only.

Conspicuous in the newer ranges are Brocades in Crepe Meteors, Crepe Charmeuse, and Crepe de Chines, Broche, and florals in many weaves. Many are a pleasing revival of more or less applique styles.

New Silk Crepes come in a variety of weaves in Crepe Meteors, Crepe Souraine, Crepe Charmeuse, and Crepe de Chines.

In Charmeuse Satins, the shadings for this season surpass anything yet attempted in richness of finish and softness in color.

New All-Silk Suiting Serges come in Bedford and Regence Cords, Diagonal and Surah Twills, and fine Faille and Bengaline effects in plain and shot colorings.

Fancy Silks include: New Stripes, Checks, Taffeta, Broches, Paisley and Oriental effects, in endless variety.

The new Draping Marquesettes are shown in many fine bead and border effect.

Changes in Suit Models

are very decided. Sleeves, skirts, ornament, and general lines all are modified, showing distinctly the influence of the "Near East." We have had costly models from the best foreign houses reproduced in Bedford cords, wool poplins, eponge, serges, striped and checked worsteds. The collection is surprisingly complete, as a reference to the authoritative French and American publications will show.

The cutaway coats, with deep fronts, belts, and draped skirts have a Russian or Bulgarian effect in many of the new suits, while Persian and Bulgarian shades are frequent in silk collars and other trimmings. Quaint buttons and rich laces also find uses that lend individuality to some of the suits.

Our better suits are practically exclusive, in many cases absolutely so, as we often have only one or two, and in most cases the output is strictly limited. Make an effort to come early this season and select your suit before they are widely shown.

Coats for Women

The last seasons have brought into unusual prominence the Spring coat, to be worn with one-piece dresses or over shirt waist and skirt.

Our 1913 showing is very comprehensive. There are English "Top" Coats of blue and white checked material flaked with gold; coats with colored linings or of double-faced cloth; New York coats of white chinchilla; coats of blue with tan trimmings, etc., a variety without limit showing the loose lines and one-sided fastenings, rolling collars and big revers that characterize the year's best offerings.

The New Skirt Section

Invites your inspection of a replenished stock of new models, showing all the new draped effects, high waistlines, small button ornaments, etc., and a full range of materials.

Crowd of 8000 at Arena Sees St. Mikes Defeat Midland by 5 Goals to 2

ST. MICHAELS ENTER SENIOR FINALS OUTPLAY MIDLAND AT ALL STAGES

Toronto Always Best and Captured Semi-Final Round With Ease—Biggest Hockey Crowd Ever—The Details.

Playing just such a game as trounced Midland in their own town on Tuesday night, St. Michaels came thru with a 5-2 victory last night and earned the right to play T.R. & A.A. in the Senior C.H.A. final next week. This gave St. Michaels the round by 6 goals, or 9 to 3, on the home-and-home game.

The Saints bonked up the Midland front line so tight in the first half that they made a sorry showing, and they were outclassed for every minute of the half-hour in the second half. Midland tried a little checking of their own, and made a much more determined stand.

Midland let the St. Mike forwards run loose in the first period, and, with the light blue and black using body and stick in telling fashion, the northern town outfit looked bad. The very Lafamme was all over the ice with his poke check, and McCamus, Gordon and Richardson gave him able assistance.

Failed to Get Thru.

Midland did not have a half-dozen shots in the early period, while St. Mike tore right thru to the net, and Scott was called upon to do some fast clearing. Four goals were the St. Michaels' share, while Midland managed to get one past Thompson.

It was a clean fixture, but the brand of hockey was not of the best. Midland were slow to get started, and did a lot of useless circling, and on several occasions Macey drew out yells for holding the puck behind the net.

Ferry Lafamme is made of the real stuff. He started out with a very sore leg, from the Midland game, and before the first half had ended he fell on Lafamme's skate and opened a nasty gash over his eye. It took five stitches to close the cut, and Jerry gamely went into the fray in the second half. It failed to do any good.

The Arena was packed in every section, and close to 8000 fought to get a look at the game. The big crowd had the arena roars to Midland in that first half, and cheered them when they made it look like a contest after half-time.

McCamus Was Brilliant.

McCamus played brilliant hockey. His speed and back-checking was a big factor in the Saints' showing. He held down centre ice to perfection, while Lafamme was busy with the doctor.

Midland failed to show much of their brilliant combination, that has been a feature of the other games with the chaps, and after the Toronto team had opened up in the first half they faded badly and never had a man up for the pass.

Richardson held Beauty tight all night, and Lafamme kept Chase in the back-ground. C.P.R. Joe Lavereau was the hardest-working man on the victory line. He kept plugging away all night and his shots were always dangerous.

Jimmy Dissette played his usual good game, and lived up to the first half with his lone rush. Midland were kept well out all night, and Macey was always skated their man into the corner.

The Play.

St. Michaels started right in to set a hot pace, and Midland were helpless. The Toronto team kept the play at the Midland end, and the Midland forwards checked all the way, it soon developed into a poor-looking exhibition. Lafamme and Richardson tore thru the Midland defence, and Dutchy followed Lavigne around behind his own net and secured. Lafamme was waiting for the pass, and the goal mouth, but Scott took it on his pads.

Lavereau carried the puck down a yard, and Richardson held his checks, and again the rush was at the Midland net. Murphy and Dissette both took a hand at the rushes. Jennings and Lavigne were doing the best they could under the circumstances, while the Midland forwards failed to check.

McCamus netted the first goal when Gordon carried it down and passed out from the corner. Lafamme went right back to the Midland end from the face-off, only to lose it. A minute later Jerry came back again and went thru all alone, skating around the defence and turning and shooting it past Scott. St. Mike 2, Midland 0.

McCamus and Richardson took a couple of trips down and showed some nice passing, but Scott stopped each time.

How They Got the Third.

It was the McCamus-Richardson combination that tallied the third, and it was pretty down. McCamus carried the puck in thru the centre and passed to Richardson, who closed in fast on the left side. Richardson found the net with a nice shot.

Midland's first piece of combination took them right thru, but Thompson cleared it easily. Jimmy Dissette secured with Richardson close by. Jimmy gave Dutchy the pass right in front and goal number four was notched.

Midland tried a couple of two-man rushes, but Dissette broke them up every time and carried it right back. It was here that Lafamme's poke check came in. Chase was dropped and the teams finished the half with six men.

Midland's only tally of the half came when Nichols and Macey carried it thru and Lavereau took the pass on the side and netted it with a nice lift. Midland lost all their team play and started lone rushes, but they were stopped every time.

Macey supplied the crowd with some rag, but it failed to take. He quit cold and let his man run wild. Nichols did all the lone work, but could not get past Murphy and Dissette.

The half ended St. Mike 4 and the visitors 1. The score just about indicates the play.

Midland Did Better.

Midland came back stronger after the rest and fighting back with the checking they looked much better. Lavereau and Beauty got in some telling work, while Chase did some good shooting. The only fault that they showed was the shoot too far out. They didn't try to get thru the big St. Michaels' defence and

with a little more team play they would have done more.

Beauty got loose from Richardson a couple of times and waded in, only to lose possession when he hit the back wall. It went from end to end in the first fifteen minutes and both goal-minders knew they were in the game. Dissette broke thru after rush and carried it down, but Scott stopped the shots.

Chase and Lavereau worked a double pass right in front of the Saints' net and that was all that was to be seen. The final St. Michaels' goal was scored by Macey from near centre ice. At that the most of them were dead on.

The last score of the game went to St. Michaels, when Murphy relieved and carried to the other end. Lafamme took the pass and shot from the side. The puck hit the side of Scott's leg and bounced back into the net. The final St. Michaels' goal was scored by Macey from near centre ice. At that the most of them were dead on.

WHITBY (13) Feb. 21—Whitby Intermediate group 1, and Peterboro Intermediate group 2, played the first round of hockey, home and home games. Whitby won by 12 to 2. Peterboro fought hard from start to finish, but Whitby gave no quarters and tallied repeatedly. Charles Blanchard and Frank Rice especially were conspicuous for their great work, while every man for Whitby played excellent hockey. The return game will be played at Peterboro Monday, Feb. 24. The line up:

Peterboro (9): Goal, Flowers; point, Bond; cover, Beards; centre, Hall; rover, Hart; right wing, Kennedy; left wing, Ross.

Whitby (13): Goal, Juby; point, Smith; cover, McIntyre; centre, Rice; rover, Art. Blanchard; right wing, Watson; left wing, Charles Blanchard.

Markham Tournament.

MARKHAM, Feb. 21.—In the tournament here tonight, Standard Bank easily defeated Stouffville, and Riverdale put Brougham out by 2 to 1. This game was fast and exciting, being marked by close checking and good team play on both sides. Tomorrow night North Toronto and Thornhill will play on both sides. The return game will be played at Standard Bank.

Stouffville, 1; Brougham, 1.

BUFFALO AND RETURN, \$2.70.

Good returning any train Sunday or Monday following. Parlor cars and first-class coaches. Tickets at all Canadian Pacific offices. Ticket Office, No. 16 East King street.

Hockey Gossip

On Monday night the Bank League will stage their semi-finals, and games will be down for decision. The first will bring Dominions and Royals together, and the red and black will have their full line up out. In the second game, Commerce and Standard will clash, and this promises to be a red-hot affair. Lew Brown will handle the games.

The crowd had a grand time watching "Glad" Murphy bounding around, and his tumbling raised many a laugh. He played with a broken skate nearly the whole evening.

The band did the come-back set; at least, they played all the old favorites and some of the new ones, and they kept the crowd in high spirits before the game. After that they were not needed.

Macey displayed a calibre of hockey that closely resembled his copper-colored face, namely, yellow streak.

"Iceberg" Jimmy was there all the time, and even his pocket rushes never seemed to get him excited.

The Weston hockey tournament starts next Wednesday. Entries close the same day with Secretary Chapman.

Woodstock Springs Surprise.

STRAITFORD, Ont., Feb. 21.—Woodstock Juniors won the game of the series. The score at half time was 1 to 2 in Woodstock's favor. The teams: Woodstock (4): Goal, Childe; point, Subotherick; centre, Armstrong; left wing, Smith; right wing, Jones. Referee, Hancock, Toronto.

RECORD CROWD AT ARENA GAME

Two Thousand Turned Away—A Hundred on the Rafter—Only a Score From Midland.

St. Michaels and Midland last night at the Arena played to a record hockey crowd, as far as Toronto is concerned, and possibly Montreal or any other place. It was, of course, too late to get the actual count, but Managers Soland and Bellingham estimated the attendance at 8000, made up as follows:

Reserved seats 3,450
 Box seats 350
 Front-row bleachers 450
 Bleacher seats 1,300
 Standing rear reserved seats, 1,800
 Standing rear bleachers 600
 Perched in rafters 100

Total 8,000

Easy Crowd to Handle.

Inspector Geddes had charge of the Arena and his police performed their work without a flaw. He estimated the crowd turned away at 2000. The bleacher door, on Mutual street, was opened at 8.30, and the reserved seat entrances, on Mutual and Dalhousie streets, at 7. It was not until the standing room admissions went on sale that the police had any difficulty in keeping the line in line, and it was necessary to close the doors. However, by 9.30, or shortly after half-time, those unable to gain admittance from home, and quiet again resigned supreme at every door.

As the prices were popular, the money was not so large as at least the pro. game between Tecumseh and Toronto, which was \$4000, but ranging from 25c in the bleachers up to \$2 in the boxes, the total gate last night would reach well over \$2000. The Midland players received only \$2000, the rink forty per cent, and the home club sixty per cent. As the former Arena attendance, when these two teams played, was over 6000, the St. Mike's will be able to pay their own way, should they go to Winnipeg in quest of the Allan Cup.

Twenty From Midland.

Midland went into the game apparently without heart. Their supporters who came down with the team numbered in the twenties, and it was not until near the close of the first half that the northern boys showed any life. They revived in the second half, tho the "college" team just missed a couple early in the period. Chase notched one after 10 minutes, and it was 4 to 2, with the St. Mike ahead five in a hot one right when the left boards at a sharp angle, and soon the bell tingled to finish the story.

Next, T.R. & A.A. take their turn. The betting is 2 to 1, with the St. Mike's favorite, and it is all over you'll wonder why 4 to 1 was not offered and refused.

ARTIST DOWD AT THE HOCKEY GAME

BASEBALL ROMANCE JEFF TESREAU HERO

Giant Pitcher to Wed the Telephone Girl Who Kept His Family Posted.

ST. LOUIS, Feb. 21.—Jeff Tesreau, the leviathan pitcher of the New York Giants, who passed thru St. Louis on his way to Marlin Springs, Texas, has an incentive to do good work this coming season which was absent in previous years, as he has the promise of Miss Clara Young of Perryville, Mo., to become his bride if he maintains his pace of the last season.

Miss Young is the daughter of the former sheriff of Iron County, Mo., and is a telephone operator at Perryville. She was an enthusiastic follower of the baseball going during the world's series last year, and kept the Tesreau family informed of the trend of events in the memorial meeting between the New York Nationals and the Red Sox of Boston. In this way quite a friendship sprang up between the families, and when Jeff returned as the conquering hero the friendship of childhood blossomed into ripper love.

Jeff has invested his earnings in Missouri farm land, and, altho he is quite young in baseball, and, according to the law of baseball averages, has many years of valuable service in front of him, he is preparing for the proverbial rainy day, and has planted quite a nest egg away of the future.

New Edinburgh in Final.

OTTAWA, Feb. 21.—New Edinburgh put Stewarsons out of the interprovincial race by beating them 12 to 2 at the Arena tonight, and will now meet Ottawa College in the final next Wednesday night, before which time Father Stanton hopes to have Fred Denison declared eligible.

Stewarsons went in tonight's game minus Dion and Gilmour, while Smith and Graham carried heavy handicaps in the form of injuries sustained in the college game last Wednesday night.

Tonight's game was a burlesque. The players tripped and slashed at one another. In the third period Kerr and Burnett clinched and were banished for the balance of the match.

What Is "Style" In Men's Clothes This Spring?

STYLE includes beauty of fabric and perfection of fit.

Yet ideal fabric and fit do not of necessity mean Style. So it is obvious that he who talks of fitting you well in handsome materials may not give you one iota of Style.

And it is equally true that he who offers you, as "an inducement," choice among a great number of "styles" of ready-for-service garments is not offering you "Style," but only "styles"—a word which means simply "ways" of cutting the garments.

When Paquin of Paris designs a gown for women it is Style itself. When a dozen modistes have copied this gown and it is sold in countless

Shops, then Style is no more. Popularity has taken its place and speedily degenerates to the commonplace.

True Style has naught to do with that which is Common.

Here, where we personally make our clothes for men, and only as we need them, and where the average time from the bolt of recently-selected fabric to your back is but a few days, we have the opportunity seldom achieved elsewhere to produce garments that are Style itself.

This is a matter of artists' skill applied at almost the precise moment when Style declares itself.

And it is ever true here that price paid will be forgotten when supreme satisfaction in your purchase is still yours.

Come In Today

The entire assembly of wonderful color effects and weaves will be here for you to select from today. We will usher in the early Spring Season promptly at 8 a.m. You can come to look—never mind about buying now unless you really desire to do so.

SATURDAY MORNING, FEB. 22, 1913

CAPITALIZATION OF PUBLIC SERVICE CORPORATIONS.

Altho the bill promoted by the Ritchie and Ontario Navigation Company for authority to increase its capitalization to \$15,000,000 passed its third reading on Feb. 17, in the form originally presented, the debates, and still more particularly the division, revealed a remarkable advance of parliamentary opinion in the matter of the stock issues of public service companies.

While two separate debates took place, the points discussed were practically identical. The first on section one—the operating section—of the bill was introduced by the member for South York, who pointed out that the Ritchie and Ontario Navigation Company recently took over the Niagara Steamship Line and now has control of the navigation on the St. Lawrence route from below Quebec to the Welland Canal.

Five weeks after the attack Lord Hardinge had recovered sufficiently to attend a meeting of the Indian Legislative Council. After expressing his gratitude to Almighty God for His merciful protection of his wife and himself and his real grief for his attendant, who lost his life, the viceroy declared that the incident would in some sense influence his desire for kindly intercourse with and accessibility to the people.

Editor World: Having read the article in The World of a late issue regarding the unclaimed money of the York County Loan and Savings Co., I wish to add my comments thereon, and also to express my approval of the suggestion for a final disposition of said money by W. F. Maclean, M.P.

The 17th annual banquet of the Pickwick Club was held at McConkey's Thursday evening. President J. B. Robertson, B.A., was in the chair. The following toast list was very eloquently disposed of: "The King," proposed by the president; "Empire," by F. E. Ferguson; "Canada," proposed by President Robertson and responded to by Mr. J. D. Trees; "Army and Navy," by Mr. Charles Downey and Mr. Arthur Brudigan; "Pickwick," James Nicholson and A. R. Oldham; "Ladies," Dr. J. P. Mitchell and Mr. L. V. Webber; "Sister Clubs," Pres. Robertson and J. D. Trees; "Universities and Colleges," Messrs. W. D. Greet and Cecil Jenkins; Songs, humorous and otherwise, were rendered by Messrs. Downey, Mews, Mitchell, Webber and Robertson.

BLOOR STREET VIADUCT. It looks as if this proposal to build a concrete viaduct on the Bloor-Danforth stretch is simply another plan to hold back the erection of the structure. The question was thrashed out

last year, and a steel viaduct was agreed to. The World would have preferred concrete, but it is not the material, but the actual viaduct that is of importance.

A POPULAR APPOINTMENT. It will be a pleasure to many newspaper men to hear of the appointment, just announced of Mr. W. J. Watson of The Ottawa Vindicator, to the police magistracy of that thriving town.

CORPORATION VOTES. Sir James Whitney's government will find it difficult to explain to the plain people of the province the reason for giving a vote to corporations on money bylaws in municipalities while refusing any say in the disposition of their taxes.

HEROES OF DUTY. While the world was ringing with the heroism displayed by Capt. Robert Falcon Scott and his companions on his fateful expedition to the Antarctic Pole, an equally fine example of devotion to duty passed with but bare notice. It was given by Lord Hardinge, viceroy of India, who was injured generously by the explosion of the bomb thrown on the occasion of his visit to the site of the new capital.

YORK LOAN FUNDS. Editor World: Having read the article in The World of a late issue regarding the unclaimed money of the York County Loan and Savings Co., I wish to add my comments thereon, and also to express my approval of the suggestion for a final disposition of said money by W. F. Maclean, M.P.

PICKWICK CLUB BANQUET. The 17th annual banquet of the Pickwick Club was held at McConkey's Thursday evening. President J. B. Robertson, B.A., was in the chair. The following toast list was very eloquently disposed of: "The King," proposed by the president; "Empire," by F. E. Ferguson; "Canada," proposed by President Robertson and responded to by Mr. J. D. HEQ HAVE YOU TRIED IT? It's mild, mellowed, matured. (R.73)

The Philosopher of Folly

A HINT OF SPRING. The wild winter winds may be wailing, the snow may lie thick all around; the breath that we've finished exhaling may freeze and fall swift to the ground; the fields may be dreary and chisome; the fire up the chimney may roar; the blizzard may blizz over the hill some, and keep on a blizzing some more—but Winter must stop his caving log—his orders have come to vacate; for soon now, in spite of his snorting, fair Springtide will show him the gate.

Now when the thermometer's falling until soft holes in the ice, it isn't so very appalling, for spring will be here in a trice. You say, "It's exceedingly early to talk of the coming of spring—some people's brains must be curly" and so on, and that sort of thing. My friend, if you don't know you oughter, that now spring is well on the way; your sister, your wife or your daughter on this will have something to say. They'll give you a thousand good reasons, but this is the thousand-and-one for knowing the times and the seasons—The spring has already crossed the border, and coming by shiploads from France; old Winter must be in disorder before their determined advance. So all we wise men will be saving our pennies and nickels and dimes; from now on we'll do our own shaving, for spring will be with us betimes.

THE ARGUMENT OF TONIGHT'S OPERA Count Almaviva serenades Rosina, the rich ward of a certain Dr. Bartholo before the latter's house in a square in Seville. The count asks the barber, Figaro, who approaches singing, for assistance in meeting Rosina. Figaro advises the count to disguise himself as a soldier and by feigning drunkenness to gain admittance to the house. The scene changes to a room in Dr. Bartholo's house where Rosina is writing to the count whom she knows only as Lindoro. The supposedly drunken soldier enters, Bartholo vainly endeavors to remove him, but he manages to hand Rosina a letter. The watch arrives on the scene and Almaviva escapes being arrested by mentioning his name to the officer, much to the amazement of Bartholo and Basilio. Almaviva again appears at the house of Bartholo disguised as the music-master. He is bribed by a full purse from Figaro to play the part of an invalid. Bartholo detects the trick and rushes to a notary to have a marriage contract drawn up. The count and Figaro enter through a window, and when Bartholo arrives with a notary he is again bribed to witness a marriage between the count and Rosina, while the befuddled Bartholo is pacified by being allowed to retain Rosina's dowry.

MAY BE MOTOR RACE IN RAPIDS

Larsen, the Dauntless Dane, Challenges Hero of Atlantic Trip.

NIAGARA FALLS, N.Y., Feb. 21.—(Special.)—After arriving here from out several days ago, Captain Klaus E. Larsen, who twice navigated the whirlpool rapids in a motor boat, has announced his determination never to again dare death in a rapid trip. He said today that he had challenged Thomas Fleming Day, a noted yachtsman who crossed the Atlantic Ocean in a motor boat last year, to a motor boat race thru the rapids.

When Captain Larsen arrived here he was penniless. He said he was thru with during tests of seamanship. Then he obtained a job in the local manufacturing plant. Since he went to work and knows he has a pay envelope coming every week he has regained his nerve and announced his challenge to the conqueror of the ocean.

I haven't enough money to build a boat to make the trip and don't expect to earn sufficient between now and next summer, but I have been offered sufficient financial backing to carry out my project," said the navy little Dane.

First Bronchitis Then Lung Trouble

It Frequently Rouses Latent Consumption Into Activity, and Should Be Treated Now.

Is Your Cough Bronchial?

The symptoms of Bronchitis vary according to the progress of the disease. The cough, which is never absent, is sometimes hacking, short, annoying; at other times very deep, irritating and distressing; usually after coughing there is soreness in the chest and aching in the breast. As the disease progresses the expectoration becomes thicker, the pulse grows weaker, the breathing short, and emaciation and debility. Unless checked this condition runs into consumption. Bronchitis is very prevalent, but is not incurable. Catarrhone cures even the worst cases. Catarrhone inhaler sends the healing medicated air into every air passage in head, bronchial tubes and lungs; it reaches the germs and destroys them. Catarrhone soothes and cools the inflamed membranes, quickly cures the dry cough and feverishness, and the laborious breathing and coughing. The wind-pipe are relieved at once. When Catarrhone is inhaled, Bronchitis is cured in one to five days. It has been extensively used, and never once failed. Even cases of 5, 10 and 20 years' standing that have baffled the skill of the best physicians have been cured by Catarrhone. Your doctor can tell you that Catarrhone is one of the greatest discoveries of the century, and that the prescriber for Bronchitis, Asthma and Catarrh. Get it today, and be cured. Large size Catarrhone contains 2 months' treatment, price \$1.00; small size, 50c. All dealers, or the Catarrhone Co., Buffalo, N. Y., or Kingston, Canada.

"Rebecca of Sunnybrook Farm" will return to the Princess Theatre next week, with matinee Wednesday and Saturday. In these days, when every play has a purpose or a preachment, and the uplift impulse is strong, the drama without a problem comes like the refreshing showers in a summer drought. And "Rebecca of Sunnybrook Farm" is such a play.

Mrs. Williams and Charles Thompson have most happily presented such well-remembered incidents as Rebecca's arrival at the brick house, where the strict routine forces her to run away; the soap padding excursion, that introduces Mr. Aladdin, and incidentally the love motif; the pathetic Simpson family; finally, graduation day, when Rebecca, standing on the threshold of womanhood, faces the future with a promise of future happiness to be shared with Mr. Aladdin. These somewhat unrelated scenes are fused together by the many little happenings of New England village life, and four artistic settings add an atmospheric background.

Edith Williams is the ideal in the part of Rebecca that impersonation is forgotten in her naive and ingenuous handling of the role, and she seems really only a child in years. The long dresses of the final scene come as a complete surprise. Archie Boyd will again act as the wisecracking, souled stage driver, comforting Rebecca in her troubles, and playing the rustic diplomat for all Riverboro. Others of the original cast are: Day, Eliza Glassford, Ada Deaves, Viola Fortescue, Hayward Ginn and Stan Colt.

The matinee on Wednesday will be at popular prices. Echoes From "The Red Widow." The much heralded musical play, "The Red Widow," which Cohan and Harris will present the popular comedian, Raymond, and the musical comedy, "The Red Widow," for one week, starting Monday night, March 3, has enjoyed phenomenal prosperity since it was first produced in Boston. From Boston the widow was taken to New York, where for seven months she held court at the storied Theatre, and it is said that the elite of New York succumbed to the charms of this Russian piece. It is a work by Channing Pollock, Remond Wolf and Charles J. Gebert. The story is hung upon the adventures of an American millionaire journeying in Russia, where he became involved with a desperate band of nihilists, of which The Red Widow (played by Eliza Glassford) is the ring-leader. It is said that the plot required the services of upwards of one hundred people, and it was presented the same as it was during the successful engagement in New York City.

Miss Billie Burke in "The Mind the Paint Girl." Miss Billie Burke, who is said to be the most beautiful woman in her repertoire this season in Pineroy's comedy, "The Mind the Paint Girl," is coming to the Princess Theatre on Wednesday night, March 10. She played the piece until after the holidays at the Lyceum Theatre, Philadelphia and Baltimore, and now she is presenting it at the Hollis Street Theatre, Boston, and is reported to have made a big hit in it. The play tells a story of the private life—that is, the life of the stage—of a London comedy star, who is called upon to choose between two men, a young lord whom she loves, and an ex-actor, who is a man of letters and has ruined. The choice she makes isn't exactly the one she'd naturally be supposed to make, and that makes the play all the more interesting. Miss Burke, of course, plays the girl, and it is said that she has a most beautiful voice. It gives her a chance not only to display her wonderful charm, but also to prove to the world that she is an actress of real power.

Next Week's Operas. The engagement of the Montreal Opera Company, which has so far been a series of almost unalloyed triumphs, and has created thousands of friends in this city for this truly great artistic enterprise. Next week will be a series of almost unalloyed triumphs, and has created thousands of friends in this city for this truly great artistic enterprise.

Oratorio Society. The Oratorio Society of Toronto, Dr. Edward Broome and G. H. Knight, Mus. Bac., conductors, will give two concerts this season in Massey Hall, on Monday, March 31, and Tuesday, April 1. The society has the co-operation of the New York Philharmonic Orchestra, Josef Stransky, conductor, with its full strength of eighty-two players. The society will be augmented by the Choral Club of the Ladies' Musical Club, 100 voices, and a Children's Chorus of 600 voices. The Oratorio Society numbers 200 voices and most enjoyable programs will be given each evening. Subscription lists are now at the music stores, and also at Massey Hall, where orders may be sent by telephone. The lists will close on March 11.

John McCormack. The coming to Toronto of John McCormack for the first time is being eagerly looked forward to by those who know the reputation of this peerless Irish tenor. The success of John McCormack last season in London have been more decided than ever before. His bigger experience having made him a greater artist in every way. With the king of England he is a pronounced favorite, and England's social leaders delight in the opportunity to do him honor. There is that one strain in McCormack that makes him ever lovable to his fellow-countrymen—his affection for the ballads of his native green land, which he sings with so much pathos and understanding of their beauties. This is largely due to the fact that he enjoys singing them as much as his audience love to listen to them.

Jesse Ketchum Ex-Pupils' Association. The annual meeting of the Jesse Ketchum Ex-Pupils' Association was held at the school Thursday evening, Feb. 20. The officers presented their annual reports to a well-attended and appreciative gathering. The election of officers resulted as follows: President, R. Robinson; vice-president, J. P. Heighon; secretary, H. Hewitson, 131 Day; treasurer, H. Babby (all elected by acclamation), who with the following constitute the executive committee: Miss Agnes Britnell, Miss Glenister, S. Wood, S. Taylor, C. A. Bradshaw, C. Babby, Miss Cartwright, R. H. Doney. The annual at-home will be held April 4 at the school, and all Jesse Ketchum ex-pupils are asked to co-operate by enrolling with the secretary at once, enclosing \$20 dues and by coming to the at-home April 4 at Jesse Ketchum School.

ing in a real theatrical environment for the first time in this city since she went into grand opera. The work to be presented, that being written by Puccini's ever popular "Madam Butterfly." She will of course sing the title role and the Suzuki will be Yvonne Courtes, who made such a signal success in the part last year. The noted tenor or Saccetti will make his first appearance here as Pinkerton. Others in the cast will be the fine basses Goddard and Gery and the famous baritone Rudolphe Fornaria.

The return of Carmen Melis in her great role of "Thais" on Wednesday night is sure to draw forth a bumper audience. Riddez will again be the Athanel and Roland Conrad the Nicias. Others in the cast will be Goddard, Florence Ingram and Les Choussol.

The widely asked for production of "La Boheme" will take place on Thursday night, with Alice Wilton as Mimì, a role in which she is celebrated. The Rudolfo will be the great tenor, Leon Laifite and the beautiful mezzo Edith Bernese will make her debut here as Musetta. The other Bohemians will be played by Huberty, Montella and Cervi.

On Friday night Massenet's "Hérodiade" will be repeated by general request, with Elizabeth Amsden as Salome, Maria Claessens as Herodias and Jean Riddez as Herod. The famous Goddard and Gery and the famous baritone Rudolphe Fornaria.

"The Bird of Paradise," which comes here direct from Chicago, plays a week's engagement in the Alexandra Theatre, commencing March 3.

The Messrs Shubert will present Andrew Mack and Chrystal Herne in the leading parts in a new play of Washington life by George Scarborough at the Alexandra Theatre week of March 10. The piece bears the interesting title of "At Bay," and gets its name from the fact that an innocent woman, when at bay with a designing blackmailer, did not hesitate to shoot the blow that killed him. She is protected in her trouble by Captain Lawrence Holburn, a young Irish adventurer, played by Mr. Mack. Others in the strong cast are Edwin Mordant, George Burnum, Charlie MacIntosh, Robert Lowe, Charles Sturges, George Drury

Hart, Phyllis Young, Charles Mason, S. E. Hines, Harry S. Hadfield, and John Herna.

MAJ. BOUTILLIER RETIRES. KINGSTON, Feb. 21.—(Special.)—Sergt.-Major Boutillier, who is instructor of artillery at the Royal Military College, has retired after eighteen years' service at the college and a military career of 27 years.

"ELECTRICITY IS LIFE"

If you want to get up in the world and make your mark; if you want to be pointed at as a successful man; if you want to be a man among men, you must be full of electricity—magnetism. Brooding over your trouble—spending hours and hours rereading your past follies and mistakes—despairing of help, will not add to your capital of nerve power—will not help you down the shadows and get you into the sunlight of happiness and success. Life is made of hurry and worry, hard knocks and excitement. YOU HAVE HEARD IT SAID THAT OPPORTUNITY KNOCKS BUT ONCE IN A LIFETIME.

DR. McLAUGHLIN'S ELECTRIC BELT I can point to hundreds of men to-day who came to me broken in health and spirit—absolute physical wrecks, hopeless, despondent, who followed me on in the world. Many of them say that my Belt saved their lives. 1821 Heath St., Fort William, Ont., April 4, '12.

Dear Sir:—It gives me the greatest pleasure to let you know that your Belt has fulfilled all that you promised; in fact the change that has been wrought in my system in a month is wonderful. I have benefited by the wonderful curative properties of your Belt. Believe me, yours truly, R. Walker. Weak Kidneys—Back—Bladder. Petrolia, Ont., March 5, 1912.

Dear Sir:—I intended to write you some time ago but neglected it. I am very well satisfied with the results from your Belt and I strongly recommend it to anyone needing it. Yours truly, Henry Sykes.

You need this—it's free. You ought to read my free 80-page illustrated book regarding the cure of disease without drugs. This book explains many secrets you should know. It tells all about my Belt, and cost of treatment. It is absolutely free, if you'll bring or mail me this coupon. Cut out the coupon now.

REAL ESTATE NEWS

TRUSTS AND GUARANTEE START TEN-STOREY BUILDING IN MAY ENGINEERS' CLUB HAVE BIG PLAN

Quarter-Million-Dollar Bay Street Building Is to Be Put Up by Trusts Company—Engineers Figuring on Ten-Storey Club and Office Building For Temperance and Sheppard Corner.

It transpires that the ten-storey building that some time ago was announced as being projected for Bay street, next to Molson's Bank, is to be erected by the Trusts and Guarantee Company.

The new structure will cost about \$250,000, and will occupy a space 50ft on Bay street by a depth of 95ft. The Trusts Company will occupy the ground floor and basement and possibly the first floor up.

The Trusts and Guarantee property at 43 and 45 West King street has not been disposed of yet, the management saying that they are in no hurry to sell; the buildings on the property will carry it comfortably for a long while after the company has vacated.

1—Site of Trusts and Guarantee ten-storey building. 2—Proposed location for Engineers' Club.

SALES MADE IN THE COMMERCIAL AREA

Four Transfers Reported by R. B. Haley & Co. West of Peter Street.

A great many sales are going thru in the "commercial district," as the section west of York street has become known.

A BIG ADVANCE SALE IN NEW FIRM'S FIRST

Belt Line Frontage in Fairbank Heights Snapped Up Early.

Toronto's newest real estate firm, M. S. Boehm & Co., places its first subdivision on the market next week and judging from the advance sale of their first property is a very lusty infant.

They have sold to a syndicate the property owned by Louis Geiber at 355, 357 and 359 West Adelaide street, 69ft. by 80ft. at around \$385 a foot.

AMERICAN SOAP FIRM BUYS HERE

Factory at Corner of Britain and George Streets Sold Yesterday.

The Coulter, Campbell factory at the northeast corner of George and Britain streets was sold yesterday to the R. J. Johnson Soap Company of Milwaukee, best known as the makers of Palmolive soap.

The property, which brought \$20,000, was sold by F. H. Ross and Company. The George street frontage is 36ft., and the depth 132ft. The building is three storeys, and the total assessment is \$11,050.

MILLER'S AGENT ENDED LIFE TWO YEARS AGO

OTTAWA, Feb. 21.—J. F. Fraser, who in the court proceedings in the Miller case was mentioned by Miller as his Ottawa agent, committed suicide at Rockcliffe Park in Ottawa a year and a half ago.

For some years he was commissioner of lights, and when the enquiry into the department was begun, he was suspended on suspicion of grafting. This was fully established in the enquiry by Judge Cassels, after which Fraser was dismissed. His suicide occurred two years afterwards, the meanwhile he was out of Ottawa most of the time.

NEW ARTISTIC LAYOUT ON HILL

St. Clair Boulevard Is Name of Part of Novitiate Property.

A new property, with a southern slope toward a proposed city park, is being laid out on the "hill" by Dunington-Grubb and Harries, landscape architects, and will be placed on the market shortly by R. B. Haley and Co.

WEST TORONTO'S BUILDING BOOM

Building operations will shortly be commenced on the new public school building for Ward Seven on South Keele street. The permit for this latest addition to West Toronto's educational buildings was taken out yesterday by the board of education and provides for a three storey brick and steel structure to cost \$85,000.

Another Record Day AT SILVERTHORN HEIGHTS

Last Saturday's attendance at the sale of lots at Silverthorn Heights created a new record. Notwithstanding that winter is considered the "off season" for buyers of real estate, a tremendous crowd came out to the property, and thirty lots were sold during the afternoon. One hundred homes will be built this spring.

Ontario oats—No. 2, 35c to 36c per bushel.

MONTREAL GRAIN AND PRODUCE.
MONTREAL, Feb. 21.—Cables on Manitoba wheat came steady to 1/4d lower with a fair demand from foreign buyers for all grades for nearby shipment and some business was done, but the tone of local advice here was not so encouraging. The same disposition on the part of buyers to operate as freely as of late, notwithstanding the Argentine market and total world's shipments that were generally expected. Flour was considered to be a better buy for American buyers, and considered disappointing, as this is the height of the shipping season and of this week's total bulk of wheat is being shipped to the continent. Canadian offers are firm and the price for American buyers is steady. Ayres helped the advance. During the morning the market eased slightly with a decline in the price of wheat. Advice from India are more favorable and the political outlook is also more favorable. Indications point to smaller world's shipments this week and this week to hold the price.

Winnipeg Grain Market.
Winnipeg, Feb. 21.—Trading was quiet, with interruptions adding to the dullness. Opening prices were 1/2c to 3/4c higher on Liverpool cables. The close was 1/2c lower for both months. Cash grain was lower, while offerings were indifferent. Prices were 1/4c to 1/2c lower for contract grades. Off grades were also lower.

WINNIPEG, Feb. 21.—Trading was quiet, with interruptions adding to the dullness. Opening prices were 1/2c to 3/4c higher on Liverpool cables. The close was 1/2c lower for both months. Cash grain was lower, while offerings were indifferent. Prices were 1/4c to 1/2c lower for contract grades. Off grades were also lower.

WEAKNESS IS SHOWN BY STEEL STOCKS

Gradual Wearing Down of Prices Continued in the Toronto Stock Market.

HEAVINESS THE RULE Specialties Under Pressure Again—New Line of Records Built Up.

The gradual wearing down of prices was continued in the Toronto Stock Exchange yesterday, the list showing considerable heaviness on the whole, led by the steel issues, which were under pressure throughout.

The downturn in Dominion Steel Corporation ran into 2-1/2 points, the shares sinking to 51, the lowest figure since August 1911.

Specialists on Downgrade. Further weakness in the specialties evidenced the fact that the liquidating propensity had by no means abated.

MINING MARKET STRONG

Hollinger at New Record For Month—Spasmodic Weakness in Evidence.

Mining stocks showed an undercurrent of buoyancy yesterday which could be accepted only as an indication of the sound technical situation of the market and the sustained public interest now in effect.

The most significant feature was the rise in the City of Cobalt, which gave another exhibition of buoyancy, with the price up to a new high record since 1910 at 46 1/2, a gain of 4 1/4 points for the day.

In the Porcupine the strength shown by such issues as Hollinger and Crown Reserve was the feature. The former closed at 115 1/2 bid, up 15 points for the day.
