IRISH LABOR PARTY MAY DRAW HOT POLITICAL FOES TOGETHER OLD LINES BROKEN IN BATTLE

Nationalists and Orangemen Stand Together in Common Cause Against Employers, and New Movement Promises to Be Potent Force—Leader of Capitalists a Home Ruler.

DUBLIN, Ireland, Sept. 18.—(Can. Press.)—The strike of the transport workers here is believed by some observers to indicate the birth throes of the Irish Labor party, destined to wipe out many of the traditional lines of cleavage in the political, religious and industrial life of Ireland.

The historic and bitter feud between Nationalist residents and the members of the Royal Irish Constabulary added to the ferocity of the street fighting during the riots, but the strike itself was a clear-cut issue between employer and employee over the question of labor unionism.

The main line of the controversy, James Larkin, is a picturesque character who imbibed his union principles while working in the steel mills of the United States. When he began his work of organizing transport labor in Ireland he found practically a virgin field for his efforts.

No Party Ties. Larkin is not even an Irishman, having begun his career at the Liverpool docks. He believed in the same methods introduced into Ireland by men who had secured their union training in England, so he soon broke from these leaders and proceeded to organize the transport workers of Dublin on the basis of similar organizations in the United States. His efforts met with bitter opposition from the employers.

The leader of the capitalists in the Dublin fight, William M. Murphy, was formerly a Nationalist member of parliament for Dublin, and is a man of extensive financial interests, which is regarded here as an ironical comment on the theory that all the industrial wealth of Ireland is in Ulster. He resisted the strike with uncompromising vigor, and the other capitalists of Dublin joined him to a man. He believes in fighting fire with fire, and his favorite weapon is a sweeping and merciless lockout of every laborer believed to have the slightest connection with the Transport Workers' Union.

Old Animosity Forgotten. The old rallying cry incident to the question of home rule were forgotten when the strike trouble actually began, and Nationalist, Catholic and anti-home rule Orangemen found themselves allied on one side against a similar alignment on the other.

Larkin is boycotted by all the Irish press and by several of the powerful organizations which put him above everything else, but in spite of this opposition he has rallied about him a force which promises to develop into a political party.

Should home rule for Ireland become an actuality, far-seeing Irish politicians believe the new government will find a fresh alignment of parties organized on the basis of economic differences instead of, as hitherto, the sharply divided Protestants and Catholics, Nationalists and Orangemen.

Sir George Richardson Accepts Command—Expects to Have Hundred Thousand Troops.

BELFAST, Sept. 18.—(Can. Press.)—Capt. James Craig, Unionist member of parliament for the east division of Down, announced at a meeting here tonight the acceptance by Gen. Sir George Richardson of the post of "general officer commanding the volunteers."

Sir Edward Carson, leader of the Irish Unionists, who is continuing his inspection trip thru West Down, expressed the hope, in addressing the volunteers that the next time he saw them, "every man will have a rifle on his shoulder." He advised them to leave no stone unturned to resist the invader.

Banquet in Forget's Honor

OTTAWA, Ont., Sept. 18.—(Special.)—Hon. Robert Rogers and Hon. Louis Coderre, secretary of state, will attend the banquet to Sir Rodolphe Forget, M. P., at St. Ann de Beaupre, Quebec, on Saturday night. The Conservative members of the district are giving the banquet.

PRINCESS DIED BY OWN HAND

Unable to Wed Banker's Son Without Relinquishing Rank, Daughter of Prince William Shot Herself.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. BERLIN, Sept. 18.—Princess Sophie of Saxe-Weimar, daughter of Prince William, committed suicide with a revolver at her father's house in Heidelberg Wednesday afternoon. It is believed the cause of her rash act was a love affair with Hans von Bleichroder, son of a well known Berlin banker, who was ennobled by Emperor William.

The engagement to Bleichroder was announced some months ago, then denied, not by Prince William, but by the reigning grand duke. The opposition of Prince William was based on the fact that Hans von Bleichroder's father refused to abandon his Jewish faith in order to facilitate the son's wedding.

It is stated that the grand duke would have consented to the marriage if the princess had consented to relinquish her title, as did her brother Hermann, when marrying beneath his rank, but this she declined to do. Hermann afterwards settled in London as Count Oettern and became involved in financial troubles. An uncle, Prince Bernhard, also surrendered his rank.

When news of the death of the princess was first published, it was given out that she had died from paralysis of the heart, but this evening the truth became known. The princess retired to her room apparently in usual spirits. After a few minutes a revolver, a shot was heard from her room and when members of the household entered, the princess was already dead, shot thru the forehead with a revolver.

The princess was a good horsewoman, a keen motorist, splendid yachtswoman and versatile linguist, speaking most of the European languages. Both in features and in character, she was said to bear a strong likeness to Queen Victoria in her childhood.

TWO ACCIDENTS AT BUSY CORNER

Owen McCarron and John Gibson Struck by Motor Cars at Queen and Bathurst.

Two motor accidents occurred at the intersection of Queen and Bathurst streets yesterday. The victims are now in the Western Hospital, and although one man is in a dangerous condition the other will likely recover.

While crossing the intersection Owen McCarron, 200 Oakmount road, an ex-sergeant of the Toronto police force, was knocked down and run over by motor car No. 21894, driven by James M. Gooderham, 21894 Warren road. McCarron was rendered unconscious and was rushed to the Western Hospital in the motor car. Last night it was feared that he had been internally injured and his condition was said to be serious.

The motor car was proceeding east on Queen street and McCarron was running from the north side of Queen street to the southeast corner of the intersection to catch a Bathurst car. Gooderham did not see him in time to avert the accident.

John Gibson, aged 42, who lives with his mother at 272 Victoria street, was seriously injured at the same corner at 2 o'clock. He was conveyed to the Western Hospital in the motor car which struck him, and it was reported last night that he had a good chance of recovery.

Gibson is an employee of the Toronto Plate Glass Company. He was crossing from the north side of Queen street to the south side to catch an eastbound car. He stepped from behind a westbound car that had just passed and the motorist failed to see him in time to stop his car.

FIFTY THOUSAND PEOPLE WHO LIVE ON THE FRINGE OF CITY LIMITS WANT TO BE TAKEN INTO TORONTO

Some members of the city council are giving serious thought to the increase in population for the past year. That increase, as shown by the completion of the 1914 assessment, is 28,305. It is estimated that the increase would be very much higher were there cheaper land within the city for the erection of homes for workingmen.

Those who are familiar with conditions in the thickly populated area, immediately beyond the city limits, do not hesitate to declare that a population of fully 50,000 is in those suburbs. They contend that the 50,000 people are living on the outer fringe of the city limits because they cannot get land within the city limits, cheap enough to permit them to own their homes.

There are aldermen who are in touch with public sentiment in those suburbs who are learning that a majority of the residents are becoming fearful of the increase of unsanitary conditions, and have become anxious to have their property taken into the city, so that sewerage and pure water supply will be assured them before the unsanitary conditions become intolerable. These aldermen are now agitating for the annexation of those

Rioters Now Face Trial

NANAIMO, B. C., Sept. 18.—(Can. Press.)—By the first of next week everything will be in readiness for the trials of the 168 men arrested in connection with the riots, pillaging and destruction of property during the three days when law and order were ignored in South Wellington. Extension, Ladysmith and Nanaimo. His Honor Judge Charles Baker, resident judge of the county court, will try the cases, which will occupy many weeks.

TRY TO BLOCK SULZER'S TRIAL

All Legal Technicalities That Can Be Devised Will Be Resorted to by Lawyers.

By Louis Seibold, Staff Correspondent Toronto World.

ALBANY, N. Y., Sept. 18.—William Sulzer, the 42nd constitutional governor of New York, was placed on trial before a high court of impeachment today, to answer an indictment returned by the assembly, charging "high crimes and misdemeanors" affecting his official acts and personal integrity.

He was not present when the 48 senators and 9 of the 10 elected and designated justices of the court of appeals were sworn to try him fairly and impartially for the offenses alleged against his honor and the welfare of the state, or when his name was called to appear at the bar of his legally constituted peers.

The proceedings, conducted with impressive dignity, progressed only to the preliminary stages, owing to the organization of the court, but brought out in unmistakable clearness the fact that Mr. Sulzer will question the right of the highest tribunal provided by law to try him; that he will report to such technicalities as his legal advisers can devise to prevent his actual trial.

Until the rules, which a committee of two senators and one judge of the court of appeals were framing tonight, are reported tomorrow, the actual scope of the efforts of Mr. Sulzer to disqualify his 57 judges cannot be determined.

The trend of the proceedings today justified the conviction that the court of appeals passed by the technical evasions projected by his defense will be swept aside and that the court will proceed to determine his guilt or innocence by the process established by constitutional customs and practices.

TURCO-BULGARIAN FRONTIER DEFINED

Protocol of Treaty Was Signed by the Delegates Yesterday.

CONSTANTINOPLE, Sept. 18.—(Can. Press.)—The protocol of the treaty defining the Turco-Bulgarian frontier, which was signed today, provides that the new frontier line shall begin on the Black Sea at the mouth of the River Pasova, immediately north of the town of Smedia, 25 miles above Midia.

The line joins the old frontier near Devlikt Agatch and follows the old frontier as far as Soudjak. It then passes two kilometers to the south of Mustafa Pasha and two kilometers to the east of Ortaok, joining the Maritza river at Mandra. It follows the course of the river as far as the delta, where the frontier is formed by the right branch of the river.

Huerta Said to Have Relinquished His Ambition, and Will Assist Diaz in His Campaign—Important Concession Made to Catholic Party.

(Special to The Toronto World).

MEXICO CITY, Sept. 18.—President Huerta today directed War Minister Blanquet to order Felix Diaz to return immediately to Mexico in instructions cabled Diaz thru the Mexican legation at Paris.

No public announcement of this decision has been made here, but the government official who is The Toronto World correspondent's informant, said it was doubtful if the news would be given out officially. In reply had been received from Diaz.

Huerta's decision permits Diaz to return to the republic after summarily dismissing him from his post as a diplomatic mission. It is thought here that Diaz was invested with ambassadorial powers to convey to the United States the appreciation of the Japanese court in accepting a special embassy to the centennial celebration here three years ago, solely for the purpose of eliminating him as a presidential possibility, but that he now will be a candidate at the elections next month.

Assuming that he participates with Huerta's approbation there is little doubt that, with Huerta's assistance, his election will be assured. The world's informant says that it is reasonable to assume that Huerta would not have ordered Diaz back to Mexico at this time unless he had made up his mind to permit him to enter the political fight.

Has Huerta Given Up? The fact is that Diaz, as an army man, would have been forced to return by the war minister. If he returns immediately it may be taken as evidence that Huerta has relinquished his own ambition to be constitutional president.

When it becomes known here that Diaz is coming in, a great impetus will be given his candidacy, which, until now, has existed chiefly in the columns of newspapers financed by Diaz's "friends." Little Diaz sentiment exists in the country. But sentiment would be created for him overnight if he should enter the race with Huerta's "approval." The question is to what extent will Diaz be acceptable to the northern factions in arms against Huerta.

Important Concession. With the naming today of Eduardo Tamariz as minister of public instruction Huerta made an important concession to the Catholic party to the disapproval of the Liberals.

The policy of the government heretofore has been not to place political aggressive Catholics in charge of the department of education. The Liberals always have made a strong point against the possibility of introducing religious instruction in public schools.

Tamariz is young and never before has had political office, but has been conspicuously active in the councils of the Catholic party. Liberals already are taking measures to protest against his confirmation.

The decision to permit Diaz to return may have been hastened by a notice from local bankers that the recent 10,000,000 loan would be the last financial aid he could expect unless the internal affairs of the country took a radical change for the better.

European bankers already have shown themselves chary of loaning money in lack of recognition by the United States of the Huerta government.

REGULARS FACE CHARGE OF ARSON

Two Former Members of R. C. Dragons on Trial at Kingston.

KINGSTON, Sept. 18.—(Special.)—Frederick Gabriel and Alexander Main, former members of the Royal Canadian Dragons, Toronto, charged with setting fire to the riding stables at the Royal Military College, were before Magistrate Gervill today. Both men pleaded not guilty.

Francis King, conducting the prosecution for the government, presented a written document said to be a confession signed by Gabriel, Tr. J. Riney, counsel for the accused, objected to its being given to the court on the ground that Detective George Davy, of the Third agency, who made the arrest, had not sufficiently warned Gabriel. The detective admitted that he did not warn Gabriel before the arrest occurred. The day after the fire occurred he was transferred to Stanley Barracks, Toronto, but he never reported the confession.

The cases were not concluded.

STABBED BY COMPANION. KINGSTON, Sept. 18.—(Special.)—Alexander MacGregor, a small boy, was stabbed in the abdomen with a butcher knife in the hands of a companion and only saved from death by the coat and vest he was wearing. A lad named Mitchell did the stabbing, which occurred in a quarrel. The police have not been asked to take action.

The advantage of buying at Dineen's. The prices asked for men's hats at Dineen's are the same as those asked by hatters everywhere in Toronto. The prices are popular. But for the same money you get a wider variety and a better quality to select from. That is the advantage of buying your hat at Dineen's, 140 Yonge street.

CANADA'S WHEAT NOT ALLOWED FREE ENTRY

United States to Keep Up Imports on Wheat and Flour Against Countries Which Make Levies on Its Own Products—Countervailing Duty on Potatoes.

WASHINGTON, Sept. 19.—(Can. Press.)—A settlement of the differences between the senate and the house over the proposed duties on wheat and flour was reached by the Democratic members of the tariff conference committee today. The nature of the agreement was not made public, but it is understood that the house members finally accepted the senate amendment almost without change.

Under this provision, both wheat and flour would go on the free list and a duty of ten cents per bushel would be assessed against wheat imported from a country levying a duty on American wheat, and a duty of 45 cents per barrel against flour imported under like conditions. The house had put a straight duty of ten cents per bushel on wheat, and had free listed flour with a countervailing duty of ten per cent. ad valorem.

Today's agreement established a precedent, which, it is understood, will be followed in other cases in imposing countervailing duties.

Potatoes Dutiable. It is expected that the conference will approve a countervailing duty of ten cents on potatoes, which both houses have put on the free list, and that the countervailing duty on wood pulp, put in by the house and later stricken out by the senate, may also be adopted.

Wide differences of opinion developed in the conference over the duty on lead and zinc ore, burlap, ferro-manganese ore and several other items. An agreement was reached on the meat inspection provision as applied to free meat from abroad, and the senate will be rewritten so that the rigid provisions of the American inspection laws will be applied in some of their more important features to imported meats.

Fruit Brandy Exempt. A slight session of the conference was held tonight for the first time, owing to the slow progress made on the bill today.

The decision of the conferees to drop senate amendments proposing a duty of \$1.10 a gallon on all fruit brandies used to fortify sweet wines, was vigorously attacked in the senate today by Senator Pomerene. He declared that if the provision were dropped, he would make a fight on the floor of the senate against an approval of the conference report. The amendment met objections from the house conferees. By an agreement reached several days ago, it was proposed to eliminate the provision and take up as a separate measure at the next session of congress.

HOTELMEN TO CONVENE HERE

Demonstration of Strength Regarded as Good Tactics in View of Situation in Ontario.

WINNIPEG, Sept. 18.—(Can. Press.)—From the fact that Ontario is the weak place in the licensed hotel organization of Canada, and that a display of strength is required here, it was decided by the convention of the Dominion Hotelkeepers' Association this morning to hold its 1914 convention in Toronto. It was the desire of the hotelmen that the gathering should be held at the time of the spring meeting at the Woodline track, and in consequence the convention will take place at the end of May.

George Wright of Toronto, who has been provisional president, was re-elected president, and E. J. Roche of Winnipeg was made first vice-president. Charles Underhill of Saskatoon, was appointed second vice-president, and J. S. Ryan of Vancouver, third vice-president.

The executive was made up of one man from each province in the Dominion as follows: A. E. Blackburn, Vancouver; C. H. Belanger, Edmonton; R. J. Barry, Saskatoon; D. A. McRae, Winnipeg; George Hodder, Port Arthur; D. Raymond, Montreal; W. E. Raymond, St. John, N.B.; J. B. Fairbanks, Halifax, N.S.; and John Laube, of Dawson City, Yukon.

It was left to the executive to appoint a permanent secretary. The post has been filled by W. T. Edmonds of Winnipeg.

ANTI-HERESY INDIGNATION MEETING HELD BY SYNOD

Hon. S. H. Blake Gained Great Victory When His Resolution Was Adopted Reaffirming the Attitude of the Anglican Church Respecting the Inspiration of the Bible.

Hon. S. H. Blake transformed the American into an anti-heresy indignation meeting yesterday by fervid diatribes against the higher critics. The climax was reached early in the afternoon session when the traditional attitude regarding the inspiration of the bible was received with loud

the foundation of our church. Now is the time for us to abjure ourselves. The first eleven chapters of Genesis is one of the great arches upon which our church is built, an arch that stretches from the creation to Calvary, and upon which our religion is built.

Mild Protest.

applause and the singing of the doxology. Mild protests against Mr. Blake's broadside on "modern scholarship" and made by one or two of the members of the synod, but those favorable to the scientific study of the scriptures heard Mr. Blake's strictures with apparent amusement.

Rev. Dyson Hagler precipitated the discussion on higher criticism, in the morning session.

"That in the present crisis of the world's history it is the duty of the church to stand for the highest truth, and that the authority of the Bible is not less than ever, the authority of the Holy Scriptures, and in order that the truth of the Bible may be made more fully attested, this synod approves the proposal for a universal Bible Sunday to be observed on the third Sunday before the first of September, and on an occasion for a special annual review of the position of the Bible in the world, and of the need of its translation and translation, and a more common recognition of its claims as the basis of the life in the individual and national life."

Not Strong Enough. The great strong enough for Hon. Mr. Blake, who exclaimed, "I think the wording of the resolution is not strong enough, and I don't think it is most unfitting. It speaks of 'a more common recognition of the rights of the individual and of the individual and national life.' What empty working. In these days of war and of the Bible mentioned? Is the name of God referred to in the house of common council? Is the name of God mentioned and that by a man whom I honor for it."

—Mr. W. A. Charlton. None of the great strong enough. The great strong enough have much to do with God as far as I am sea, except the poor heathen nations. The great strong enough nations—the great Christian nations—

"If we Mr. Proctor, gibly pass these lines, we are nothing, and we should never be taken for what we did pass, we are merely wasting our time and the time of others. It would be a holy thing. The resolution speaks of the authority of the Holy Scriptures. Is it the authority of the Holy Scriptures? Is it the authority of the British Secession? Is it the authority of the British Church? Is it the authority of the British people? Is it the authority of the higher critics? I wouldn't give you a rap for it. It is a resolution that would be a great boon to the church, but it is a resolution that is difficult to see that in this respect."

CHILDREN WILL RECEIVE PARENTS

McCormick Playground Centre to Give a Reception This Evening.

The McCormick playground centre, Brock avenue, will give a reception to the parents of the community this evening from 7 to 9 o'clock. During the evening the boys and girls will give demonstrations of all playground work. The girls will give in costume the following folk dances: Norwegian mountain march, Swedish clasp dance and the Highland schottische. Between the folk dances the boys will play basketball. There will also be drills, maize dances and playground games.

An interesting feature of the playground work this year at this centre was the children's garden. This garden was divided into a number of beds with three children to each bed. These beds were planted with flowers or vegetables and weeded, watered and taken care of by the children. The beds were judged this week and the following were the prize-winners: 1. Jack Fleming, Bert Berkshaw and Jack Platt; 2. Agnes Sutherland, Dora Stein and Rita Booty; 3. Nola Fleming, Effie Sutherland and Mr. Booty. This is the first year for this work and has aroused much interest from parents as well as children. Prizes will be presented to the champions on the senior baseball team and to the winners of the several playground baseball leagues. The work done during the year in raffia, elastine and sewing will be on exhibition. The Queen's Own Band will be in attendance.

PORT HOPE MAN'S SUDDEN SUMMONS

Lieut.-Col. J. D. Smith Drops Dead While Taking Luncheon.

PORT HOPE, Sept. 18.—(Special.)—John David Smith, one of the town's most highly respected citizens, dropped dead yesterday at the residence of his brother, Mr. Seth S. Smith, barrister, while taking luncheon. Mr. Smith, who was in his seventy-seventh year, was born in Port Hope, being the son of Elias P. Smith. He was married to Miss Emma Smith, daughter of the late John S. Smith, formerly mayor of Port Hope, and is survived by four sons: Elias P. Toronto; Rev. Carl, Arlington, N.J.; P. broker, Toronto; Vernon S., Wilmette, Ill. Mr. Smith was treasurer of Port Hope and an officer in the Midland Loan and Savings Company and lieutenant-colonel of Lindsay volunteer battalion. The funeral will take place on Saturday afternoon.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

COFFEE AND OYSTERS FOR TWO
Coffee and oysters for two sounds cosy and nice and suggests your best girl, in her new tailored suit, on the Avenue some wintry afternoon, or a homeward trip from the football game or just an after theatre lunch.

"Got any oysters?" you ask and the rosy-faced waitress or the burly waiter takes his stand by the diners with knife in hand ready to open a dozen blue-points, or Cape May alits or coves or saddlelocks. Only the ladies don't like their oysters served in this way, they prefer an oyster stew; or oysters roasted, fried, pan-fried, or in an omelet. Unless it is early in the morning, when we've been going a bit the night before, then like our brothers, we love the oyster in his pearly shell, with a sprinkle of cayenne and a dash of lemon. Cruel to eat them so, Dr. Wiley? Not a bit of it. Why it would be cruel to deprive us of them.

At noon the milk stew is best; heat as much milk as you will need, drain the liquor from the oyster and add it to the milk with a half a cup of rolled cracker crumbs. When the milk is hot add the oysters and move the mixture from off the direct heat of the fire. It must never boil or the fine flavor will be lost. In about two minutes you will see the ruffles on the oyster curl. Season with butter, salt and pepper and serve at once.

Oyster omelet. Make a good-sized omelet with fresh eggs. Chop a dozen medium sized oysters, season them well and add them to the omelet as soon as it goes into the pan. Finish as usual.

Oyster shortcake. Seems as if oysters like to be fixed this way they taste so good, and if you mix a little cold chopped chicken in with them, they are even better.

Make short, rich baking powder biscuits and while they are baking mince the oysters and cook them in a cream sauce thickened with cornstarch, season with salt and pepper.

Open the biscuits and butter them and put the oyster mixture in them and eat at once.

Fried oysters, hotel style. Beat the yolks of two eggs with two tablespoons of milk. Have the oysters well drained, dip them in the egg mixture, roll them in fine crumbs, season them with salt and pepper. Continue in this way until all the oysters have been dipped and then dip them in bread again and at the last, just before lowering them into the hot fat pat the dry, fine crumbs over them. The fat should be very hot and the oysters fried in the quantities needed and served on hot plates at once.

The patted oysters of the Baltimore market are famous; the oysters are sold ready breaded by the dozen. Cracker crumbs are rolled and sifted and seasoned and used for the patting process. Cracker dust holds the moisture of the oyster without becoming soggy or swelling and is better than flour or bread crumbs.

Panned oysters. The squatty little brown earthen baking dishes are ideal for this savory food. Butter the dishes and in each one place a round of buttered toast, on this lay as many oysters as will cover it. Season with butter, salt and pepper. Set the dishes in a steady oven, not too hot, until the oysters ruffle and crisp. Serve in the dishes they were cooked in (on a plate of course, to save the table from heat) with brown bread and a sharp pepper sauce.

If you have oyster shells use them for the above recipe instead of the individual casseroles.

Scalloped oysters always remind one of church socials, for it is at such gatherings that they are often served. This recipe is from a good sister who is noted for her fine scallops:

Put sifted cracker crumbs in a buttered baking dish. Cover with a layer of oysters, season and add a layer of crumbs. Continue this until the dish is full. Pour a little milk over all and add bits of butter on the top. Bake twenty minutes covered, then remove cover and brown ten minutes.

TYPHOID OUTBREAK FROM BAD MILK

Investigation in New York

Traces Disease to Common Source.

NEW YORK, Sept. 18.—(Can. Press.)—One hundred and forty-seven cases of typhoid fever reported since Sept. 1 in the lower east side were traced today to infected milk. The health department found that all this milk came from one company, and immediately ordered the company to cease selling anything but pasteurized milk.

The recent typhoid epidemic was one of the most virulent the health officials have had to contend with. The health department found that all the families infected got their milk from one dealer, who obtained his supply from one company. The company received its milk from an up-state creamery, which bought the product of a number of farmers. The department is now trying to trace the infected supply to its original source. A single case of typhoid on one of the farms might have caused all the mischief.

The Meaning of the Kindergarten

The mother's instinctive feeling that the restlessness of her child is necessary to its well-being gives her strength to endure what would be unendurable confusion and noise to anyone who has not the maternal instinct. But the wise mother who has changed this dim instinct into bright insight turns the riotous restlessness into happy play or other activity.

I am going to repeat a statement made earlier this week. It is so important that I am going to repeat it until it sinks right into your inner consciousness. I am not perfectly sure what inner consciousness means, but I know that you know what I mean when I say: Making a restless child "keep still" is a repression of his nervous energy which irritates the whole nervous system, causing ill-temper and general discomfort. If this force could be properly expended by directing it in right channels the child would always be happy and sunny-tempered.

The mother who understands how to turn restless activity into well-defined, wholesome work or play not only lessens the strain upon her own nerves but what is of more importance often avoids a clash of will power between herself and her child.

I have heard mothers say: "I do not want my child to go to kindergarten. Why they only play there. I want Willie to learn something."

You see, do you not, how those mothers misunderstand child nature? And just while I am talking of the kindergarten, I wonder how many of my readers know the great idea which inspired that wonderful educator, Froebel, to found the kindergarten and plan its games and gifts. No one can easily comprehend Froebel without understanding his idea of the meaning of life—that the chief end of education should be to bring the human soul to a consciousness of his oneness with the Divine source of all things. This feeling of oneness with God was to him the greatest possible inspiration that could be given to a child to awaken it to a faith in itself.

THE GARDEN

Snowflakes—Anemones.

We must hurry along over our descriptions of these early-blooming spring bulbs, because there is so much to do in these early fall days that there is no time to lose. We will finish today a hurried description of the snowflake and the anemone.

The snowflake comes into bloom at the same time as the snowdrop and rivals this angel flower in delicacy and favor.

The flowers are very fragrant, extremely hardy and are rather larger than the snowdrop. Sometimes as many as four or five pink-tipped snowy bells are found hanging from the slender green stalk. They last for some weeks, fading out just as the flowers of the snowdrops and crocuses or glory of the snow come tripping along.

They are excellent little flowers to combine with the snowdrops, and may be planted along with them. People are not as well acquainted with the snowflake as they should be, because it is a bulb really worthy of all the attention that can be spared to it.

The delicate violet-like odor makes the flowers valuable for bouquets, and because it is a bulb really worthy of all the attention that can be spared to it.

The anemones are a tribe of flowers that are not strictly speaking, bulbs, yet so commonly are they spoken of in this class that for convenience sake we will speak of them as bulbs.

The genus to which the anemone belongs is a vast one and hardy to such a degree that no garden should be without five varieties, chosen from among the dozens of suitable species. The flowering season of the many varieties extends practically over the whole year, and one should have little difficulty in choosing some suited to their special needs. One of the most satisfactory points about this tribe of flowers is that once established firmly it increases in beauty and luxuriance as the years go by.

All that is needed is undisturbed possession of their own pots and to be left alone.

Anemone apennina appears early in March with feathery green foliage and bright blue flowers and certainly surpasses in chaste and lovely beauty anything we have yet seen for rockery decoration.

Anemone fulgens, the scarlet wind-flower should be planted in fence corners and under evergreen trees, where the intense scarlet of its single and double blossoms, like deep cups shining out from dusky corners, is a delightful surprise.

Anemone ranunculoides is a glorious deep yellow and may be used with splendid effect in dark fence corners. The common name for this last is wood ginger.

These all flower in early March, and even the last days of February the situation and weather being suitable.

Beautiful Japan.
Beautiful as Japan must always be, with her flowers and her picturesque Oriental color, she is loveliest of all in October. Bright sunshine out of a clear sky atones for the inclosing days and the crimson tints of the fading maple leaf turn many a mountain side into a vivid red. Now, therefore, it is time for the traveler to turn westward, flying over the Pacific in the swift new C. P. R. beauties, the "Empress of Asia" or the "Empress of Russia" to Yokohama, for Nikko, with its lacquered shrines, the groves of cryptomerias, or for Fujiyama, the sacred mountain whose white capped peaks bring happiness and good luck to all who see it. For particulars see any Canadian Pacific agent, or write M. G. Murphy, district passenger agent, Toronto.

TOO MUCH FRUIT FOR THE MARKET

Prices Were Cut in Order to Clear Out Yesterday's Shipments.

The crying need for a new fruit market is becoming every day more apparent. Just now when the present building is heaped up on every side with the peaches, plums, grapes and other fruit, the platforms packed to their utmost limit, and the cars with their freight still unloaded standing on the tracks about, the necessity seems an urgent one.

The peaches in the market are of the very best grade, some remarkable in size and in such quantities that laggard housekeepers need have no fear, as the opportunity for laying in a goodly store is still within their reach. The prices are within the purview of all, ranging from 25 to 60 cents wholesale. The chief difference is, of course, in size, but it very often happens that the smaller fruit is to be preferred to the larger for the purposes of preserving, and good pouches of this class may be had from 25 to 30 cents a basket. No. 1 Crawford and Albertas bring from 40 to 50-bag baskets—and some even command 60, but these are exceptionally fine specimens.

Six-quart quince baskets are selling at 25 cents, the large size basket calling for 40 or 50 cents, according to quality. Choice "Reine Claude" plums are going at from 40 to 50 cents a "bino" basket. Black grapes in 6-quart baskets bring 20 cents, and choice Delawares are running at from 25 to 30.

Owing to the thrush of sugar melons and the scarcity of room, the fruit sold at from 15 to 25 a basket, or at almost any price to get them out of the way.

The fine weather is one encouraging factor.

aspect of the present rush of fruit. Otherwise losses would be many. All conditions, however, point to the immediate need of a new and much larger market than the one now in use.

The first meeting after the holidays of the Sherbourne Union, was held on Wednesday afternoon. The president, Mrs. Fletcher, occupied the chair. After appointing delegates to the Dominion and provincial conventions Mrs. Savage gave a most inspiring address from the words: "Am I My Brother's Keeper?" The earnestness with which she reminded her hearers of the responsibilities each one bears to those with whom we mingle, touched all hearts and will not soon be forgotten. The Sherbourne Union meets on the third Wednesday of each month at 8 o'clock in the Sherbourne street Methodist Church.

Makes Ugly Hairs Vanish From Skin

(The Modern Beauty.)
Unlignit hair or fuzz is quickly banished from the use of a thick paste made by mixing some water with a little powdered delatone. This is applied to the hairs not wanted after two or three minutes removed and the skin washed, when it will be found to be smooth, firm and hairless. Hardly is more than one application necessary even for a heavy growth.

Rubbing pyroxin on eyebrows causes them to grow thick and glossy and if a little is applied at last roots with thumb and forefinger, the eyelashes will come in long and have a slight curl. Be careful and don't get any where so hair is wanted.

Instal Pari-Mutuels and Eliminate Undesirables

OTTAWA, Sept. 18.—Since the murder of the bookmaker's clerk, Rubenstein, in this city a few weeks ago, a strong opposition to the bookies at Connaught Park track has developed locally. It is felt generally here that the bookmakers bring with them a gang of track followers not wanted in Ottawa, and that the best way to rid the city of these undesirable is to install the pari-mutuels. It is a known fact that there are seen in less numbers where the iron men are located. The race-track followers of the city are not in favor of the machines, a majority of them having attended meetings at Blue Bonnets and seen the pari-mutuels work, but a great many of the directors of the local track think them the best solution of the betting problem. Several of the directors have given out the information that the machines will be installed here next spring, probably a couple of them being put in as a trial.

HERE IS ONE GAME ENGLISHMEN SEE SUPERIOR

Harry Vardon and Wilfrid Reid Lead the Field by Two Strokes in First Half of U. S. Golf Tournament at Brookline.

BROOKLINE, Mass., Sept. 18.—Playing golf on a course seldom seen in America, two of the trio of English professionals, Harry Vardon and Wilfrid Reid, led the field in the first half of the nineteenth annual open tournament of the United States Golf Association here today, and at dusk led the field by a margin of two strokes.

Harry Vardon and Wilfrid Reid turned in cards of 147 for the first 36 holes. Edward Ray divided second place with Herbert Strong of the Inwood Club of Inverness, Scotland, and J. H. Barnes of Tacoma, Wash., were bracketed in third position with 149. After the leaders came a long line of professionals, broken here and there by the name of a prominent amateur.

Francis Ouimet has the honor of showing the way for the amateurs with a card of 151, which placed him in a tie with Willie Hoggan, Alex Ross and George Argent for fourth place. Louis Teller, the French pro, turned in 152 for the initial half of the championship play, which gave him fifth place in company with C. J. Thom of Shinnecock Hills. Fred Herreth, the Long Island amateur; Jack McDermott, present champion, and Jack Hutchinson divided the honors of sixth place with 153, while Jerome Travers, the amateur champion, had to be satisfied with a card of 156.

C. R. Murray of Royal Montreal and George W. Cummins of Toronto turned in cards of 160, while Karl Kellner of Ottawa ended the day with a score of 163. In the midst of this sensational golfing, Edward Ray, the giant Englishman, stood out as the hero of the day's play, starting poorly on his morning round, he came back with a really wonderful afternoon round in 70, breaking the course record and lifting him from ninth to second place. His two countrymen, Harry Vardon and Reid, while two strokes better on the day's play, were far more consistent, and their work lacked the brilliant rally and thrill that caused Ray to be applauded as he belted by a gallery quick to recognize the courage and ability of the Englishman.

Weather conditions were perhaps more favorable to the invading pros from the British Isles than the entries from the States. It rained heavily until shortly before the starting hour, but fair ways and greens lost much of their keenness. Overhead leaden gray clouds blocked out the sun, and the air was heavy with humidity. The English players, with their long carries from the tee, gained an advantage over the amateurs, who were handicapped by the heavy turf.

Englishmen Get the Gallery. Vardon and Reid divided the early-day gallery between them, and the spectators were well repaid for their long journey around the course, for both played phenomenal golf at times.

Reid held the youngsters in check nearly all the way, and a better style of work-out could not be seen. He played with great ease and confidence, and his play was a model of the kind that the Englishmen are expected to be on the day's play. He was in the lead with his more powerful play, and he was in the lead with his more powerful play, and he was in the lead with his more powerful play.

RUGBY GOSSIP

The Varsity squad put in their most useful workout of the season last night, and the midfields were given something to look at. Honorary Coach Dr. Wright kept the backs kicking and catching, and the wings had their first taste of the signal work.

It was an hour of real hard work, and as it was only the fourth turnout, it was surprising the speed that was displayed. Jack Maynard is in tip-top shape, and his passing and kicking was of mid-season form. Peter Campbell worked at the quarter job. Cassels and Storms, the former F.M.C. men, are big boys with the needed speed and reach. Red McKenzie is going back, and will be a great asset to the team. The former F.M.C. player, Reame, the former Alto player, has been back, and will be a great asset to the team. The former F.M.C. player, Reame, the former Alto player, has been back, and will be a great asset to the team.

Dode Burkart made his initial appearance with T. R. & A.A. last night, and kicked the ball around for a couple of hours. Eddie Beaton and Hal Eberly were also on the job. Ted White has a lot of weight to take off, but he is coming round fast. Fenover, the former Winnipeg man, is out nightly.

Argonauts have lost a promising youngster in Pile, who broke an ankle at Wednesday night's practice. Pile is trying for a back-line job and showed considerable promise.

The first meeting of the Hamilton Rowing Club football section was held last evening, and any doubt about them having a team to put into the O.R.F.U. is a thing of the past, for the number of names they received last night, without counting the names they had received before, is sufficient to put one of the best teams on the field that has represented a senior O.R.F.U. team in this city. The following men signed their names and promised to turn out with the Rowing Club this season: J. Moore, E. Moore, E. Prellip, J. Burns, and several other noted players, who have been anxious to break into senior company for several years past.—Hamilton Times.

W. R. Marshall, one of Hamilton's greatest athletes, and a one-time famous footballer, has been asked to accept the position of manager, and with Dug Palmer as coach of the Hamilton Rowing Club senior O.R.F.U. team.

Judeans will hold a regular practice tonight at Technical at 8.30, and signal practice at club rooms at 8.30.

Billy Young, George Stuart and the other Tigers who could not make the trip were practicing daily at the cricket field.—Hamilton Herald.

TWO JOCKEYS DISCIPLINED.

MONTREAL, Sept. 18.—The stewards ruled against two riders at Donval Park this afternoon. They ordered the badge of Jockey Denner taken up, denying him further privileges of the track, and at the same time told Jockey Ferguson not to accept any more mounts at the meeting. The case of these boys will be handed over to the C.R.A. to deal with.

FOUR CANADIANS LEFT FOR U. S. GOLF HONORS

Cumming, Keffer and the Two Murrys—Their Draw for Today.

BROOKLINE, Mass., Sept. 18.—(Staff Special.)—Just as a hydro planet means a tuning up before starting in any big race, so in golf the preliminary round is a fine faint idea of the possibilities of the players. The two rounds which have been played in the U.S.G.A. open championship at the Country Club here only seemed to warm the contestants to their task so that when they started in the first round of the championship match this morning they were well keyed up for the struggle.

This fact was well evidenced as the scores for the first round began to come in. The preliminary round was a tuning up for the main event, and the players were well keyed up for the struggle.

W. Hagin of Rochester made a very brilliant showing for such a youth, and 53 was his mark.

Albert Murray of Kanawha led the Canadian players with 158. His score of 78 in the morning was a good start, but he fell away for an 82 in the afternoon.

REAL ESTATE NEWS

OPTION TAKEN UP
AFTER TWO YEARS

Corner of Winchester and
Parliament Site for Apart-
ment House.

An option of the southwest corner of Winchester and Parliament streets, which has been running for over two years, has been taken up by the holder, W. F. A. Chubb. It is probable that the present building will be torn down shortly and an apartment house erected on the site. The sale price is given at \$12,000 and an exchange of other properties. The assessment amounts to \$15,532, of which \$8,922 is placed on the land. The lot is 105 feet square. Chas. F. and Herbert E. May, who were the executors of the May estate, were the owners.

THREE HOUSES ON
MUTUAL ST. SOLD

Three houses, from 109 to 113 Mutual street, have just been sold. Although the price paid for the property is not yet known, the assessments amount to \$12,300. There are 72 feet frontage on Mutual street, which is assessed at \$109 a foot. The depth of the lots is 119 feet, five inches. These houses, which are a few doors north of Wilton avenue, were purchased by Mark H. Keyfetz from Walter D. Gee and his wife.

BRIGANDS TAKE
MONEY AND AUTO

At Point of Revolvers Robbers
Hold Up Ohio Motor-
ing Party.

TOLEDO, Ohio, Sept. 18.—(Can. Press).—Motoring from Toledo toward Herman C. G. Loyles of St. Louis and party of five were held up by three men in an automobile six miles east of Bryan, Ohio, at early hour today. At the point of revolvers the thieves secured \$2000 in cash, a gold purse carried by one of the women, several diamonds and other jewelry.

The brigands drove away with the two cars, leaving the Loyles party in the road. They walked to a farm house, where, driven to Bryan and roused Sheriff Samuel Weinland. Following the tire tracks the sheriff found the two automobiles at a farm house out of gasoline. Weinland was shot in the left arm and another bullet inflicted a deep wound in his head. He grappled with one man and

DISPUTE OVER WILL.

Robert Harris Wants Possession of
His Wife's Estate.

Because his wife left the bulk of her \$6000 estate to John Thomas Loftus, her legal adviser, Robert Harris is opposing the granting of letters probate, alleging undue influence and breach of covenant. He claims he had built an addition to the house on the assurance that the estate was to pass to him on her death.

A. R. Lewis, who had drawn up the will at Loftus' request, holds that Mrs. Harris was a shrewd, careful business woman and quite capable of executing a will.

Her desire was that her husband should get nothing on account of his being unkind to her and having struck her on one occasion. On the other hand Loftus had been exceedingly kind in his dealings with her, and she decided to leave the property to him.

Toronto the Home of Dominion
Alliance "and All the
Faddists."

WINNIPEG, Sept. 18.—(Can. Press).—The Dominion Hotelkeepers' Association decided this afternoon to meet in Toronto next year, probably during the May Woodbine meet. Mr. T. Ryan of Toronto urged that it would give strength and prestige to their cause to hold a convention in the Queen city. It was the home of the Dominion Alliance "and all the faddists." It would be a sore thing for their enemies in Ontario.

Mr. George Wright, Toronto, was re-elected president and E. J. Rochon, Winnipeg, first vice-president.

Another Popular Outing. Thousand Islands and Return, \$5.50.

The Richelieu & Ontario Navigation Co. will run another popular week-end outing from Toronto to the Thousand Islands and return, Sept. 20th, for the exceptionally low sum of \$5.50, including berth and evening dinner in each direction; also 50-mile ramble among the Thousand Islands. The scenery among the Thousand Islands is now at its best and no doubt many will take advantage of this very low rate to enjoy a delightful week-end outing before the season closes. Tickets and information at ticket office, 45 Yonge street, corner Wellington street.
