The copy filmed here has been reproduced thanks to the generosity of:

Archives of Ontario
Toronto

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Archives of Ontario
Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Committee rose recommending the adoption of the report.

Upon motion of Mr. Thos. McDonald, seconded by Mr. O'Callaghan, the report was adopted in Council.

Whereas, when the Nation River Drainage By-Law was passed, some six years ago, an understanding with the Dominion Government existed, or was believed to exist, to the effect that that Government would remove the dam at Chesterville. That in consequence of such understanding, or presumed understanding, this Council failed to provide in the By-Law for that part of the work of improvement on the river. That in consequence of this the dam has not only remained in the river to the great injury of the people in whose interest the work was undertaken, but the enlargement of the mills in connection with the dam, and the increased railroad facilities have made its expropriation much more expensive than it would have been at the time the By-Law was passed. It is therefore moved by Thos. McDonald, seconded by Oscar Fulton, and resolved:—1st. That in the opinion of this Council assistance should be solicited from the Dominion Government to at least, in some measure, compensate the people for the loss arising from the delay, and 2nd. That a deputation, consisting of the members of the Drainage committee, be appointed to wait on the Minister of Public Works and press the matter on his attention.

Report of Committee on Education.

Members all present.

Your committee beg leave to recommend that the following gentlemen be appointed as High School Trustees in the following High School Districts: No. 1, Williamstown, G. H. McGillivray, re-elected; Simon Fraser, in lieu of Ewen Dingwall, resigned, and Jno. R. McDonald, St. Raphaels. No. 2, Alexandria, Jno. A. McDougall. No. 3, Cornwall, Jno. Bennett, re-elected. No. 4, Morrisburg, William Whittaker. No. 5, Iroquois, Jno. Harkness, M. D.

The committee also recommend that the following gentlemen be appointed County Examiners, viz:—R. B. Carman, Esq., D. A. McDermid, P. S. I., for Glengarry; A. McNaughton, P. S. I., for Stormont, and Arthur Brown, P. S. I., for Dundas, and that an allowance of \$145.00 be allowed each Inspector as travelling expenses, and that a By-Law be introduced to give effect to the foregoing recommendation.

All of which is respectfully submitted.

Council Room, Jan. 29, 1890.

Report of the Finance Committee.

Present—Jas. Dickey, John S. Ross, Isalah Warner, F. D. McNaughton, J. D. Annable, E. O'Callaghan, A. B. McLennan, D. J. McLeod, D. McNaughton, D. A. McDonald, P. A. Stewart, A. A. Stewart, A. Kennedy.

Your committee have examined and passed accounts amounting to \$966.68, as per Schedule A hereto appended, to cover which a by-law will be submitted to the Council for adoption.

Accounts were presented by Messrs. Rayside and Pringle for services rendered as arbitrators in the matter of the Chesterville dam, and have been referred for taxation. Your committee would recommend that the Treasurer be authorized to pay them as taxed, as well as the account of Judge Carman, on production of the certificate of the proper taxing officer.

The Treasurer's Financial Statement has been approved by the auditors. It shows the net expenditure to be \$17,714.95, while the net revenue was but \$13,082.58, leaving a deficit of \$4,632.37. This was met this year by the amount falling due from the trustees of Aeneas McDonald, but this can only continue for one year more. The net indebtedness now, if all the rates were in, would be a little over six thousand dollars. This of course would increase during the year, but if the Council at the June session increase the levy so as to fully meet current expenditure and provide a small sinking fund, we might yet get along without issuing debentures.

Your committee have had before them the Treasurer's books, and find they are duly signed by the auditors.

The bonds of the Treasurer expire on the 1st of March; would recommend that the Warden be instructed to see that they be properly renewed.

Would also recommend that a by-law be passed to renew the notes at the Bank of Montreal when necessary; the note re Nation River drainage to be renewed but for one month, as it is believed that by that time the arrangements being made for the sale of the debentures will be concluded.

The re-payment of the Scott Act fines, illegally imposed, may make it necessary before the June session to borrow some more money. Your committee would therefore recommend that the Warden and Treasurer be authorized by-law to borrow the further sum of two thousand five hundred dollars, if necessary.

Would recommend no change in salaries.

OSCAR FULTON, Chairman.

Cornwall, Jany. 30th, 1890.

Report of the Special Committee appointed to obtain Legal Advice respecting the Validity of the By-Laws re Nation River Drainage and Expropriation of Chesterville Dam.

Members present—Stewart, Fulton, McNaughton, Doran and McDonald.

Your committee before submitting the questions in doubt to the counsel interviewed the disputants and after giving the matters careful consideration recommend that a compromise be effected between the parties as follows:—

That the Nation River Drainage Committee pay Messrs. Munro and Barrie the sum of \$14,500 in lieu of \$17,000 as awarded by the Board of Arbitrators for the expropriation of the Chesterville dam, also the sum of \$400 being the assessed costs of the Arbitration in behalf of Messrs. Munroe and Barrie, also that each party pay their own costs in the appeal.

That the said sum of \$14,900 be paid to the said Munro and Barrie before the dam is removed, and the said Munro and Barrie consent that this amount so agreed on be made an order of the Court.

Munroe and Barrie have consented to this settlement and so signified it by their signatures to the documents hereto attached.

Your committee respectfully recommend this Council to urge the acceptance of this settlement by "The Nation River Drainage Committee," and ask that a By-Law be submitted for providing funds for the payment of the said amount agreed upon.

All of which is respectfully submitted.

THOMAS McDONALD, Chairman.

That the Nation River Drainage Committee pay Messrs. Munroe & Barrie the sum of \$14,500 in lieu of \$17,000 as awarded by the Board of Arbitrators for the expropriation of the Chesterville Dam, also the sum of \$400.00, being the assessed costs of the arbitration in behalf of Munroe & Barrie; also that each party pay their own costs in appeal. That the said sum of \$14,900 be paid the said Munroe & Barrie before the dam is removed, and the said Munroe & Barrie consent that this amount shall be made an order of the Court.

To all of which the said parties have agreed.

Cornwall, Jan. 31, 1890.

MUNROE & BARRIE.

Special Report of the Nation River Drainage Committee.

Your committee have had under consideration the report of the Special Committee appointed to take legal advice respecting the validity of the By-Laws re Nation River Drainage; and expropriation of Chesterville Dam, in which it is proposed that Messrs. Munro and Barrie receive \$14,500.00 in lieu of the \$17,000.00 awarded by a majority of the Board of Arbitrators for the expropriation of the Chesterville dam, also the \$400.00 awarded to Messrs. Munro and Barrie on account of costs, it being understood that the amount be amended or reduced to that figure in the High Court by consent.

And that the Council provide without delay the necessary funds to pay Messrs. Munro and Barrie pending the issue of debentures so that the dam can be removed before the spring freshet.

Under all the circumstances and in view of the urgent request of the Council and the desire of the committee to secure the early removal of the dam your committee feel constrained to give their assent to the proposed arrangement, and will endeavor to do their part to carry into effect the wishes of the Council.

Report of the Committee on Printing.

To the Warden and Council of the United Counties of Stormont, Dundas and Glengarry.

Members all present excepting D. McDonald. Your committee beg leave to report that the minutes of the Council were printed according to the contract, were satisfactorily done, and were forwarded by the clerk to the Reeves and Deputy-Reeves of the municipalities as usual. Your committee would recommend that the Clerk do notify all newspaper publishers in the United Counties that sealed tenders will be received by him until Thursday, 30th Inst. at 7 p.m., for the printing of sixteen hundred copies of the minutes including the detailed financial statement—together with 500 extra copies of said statement to be printed after the January Session—also the convictions separately. Quality of paper and workmanship to be equal to that of last year, and to be delivered before December 1st, 1890. The terms and conditions not herein mentioned shall be those set forth in the report of 1888, and usually followed. The lowest or any tender not necessarily accepted. All of which is respectfully submitted.

W. M. DORAN, Chairman.
Committee Room, Cornwall, Jan. 29, 1890.

Supplementary Report of Printing Committee.

To the Warden and Members of the Counties' Council.

Your Committee beg leave to report as follows:

We have examined the tenders for printing minutes, financial statement and convictions, and recommend that the contracts be awarded to W. Gibbens, of the Cornwall STANDARD, his tender being \$98.00 for the printing of the minutes and financial statement complete, and that the tender of G. P. Graham, of the Dundas Co. Herald, for the publishing of convictions, be accepted at his tender, \$10.00, both tenders being the lowest.

All of which is respectfully submitted.

W. M. DORAN, Chairman.

Report of the Nation River Drainage Committee.

To the Warden and Council of the United Counties of Stormont, Dundas and Glengarry.

Gentlemen,—As you have already learned by the report of your arbitrator, Judge Carman, the arbitrators, Judge Carman, of Cornwall; Jas. Rayside, Esq., of Lancaster, and Thomas Pringle, Esq., of Montreal, met at Chesterville on the 26th November last and devoted nearly two days to viewing the premises and taking evidence on behalf of the claimants and then adjourned to meet at Cornwall on the 4th December, where the examination of witnesses was concluded on the evening of the 5th. Your committee attended throughout the investigation to assist in presenting the case for the respondents.

When the taking of the evidence was finished, your committee met in the treasurer's office, when, on motion of Mr. Kennedy, seconded by Mr. R. D. Fulton, it was decided to ask for tenders for the removal of the dam, and the chairman was instructed to advertise accordingly, giving to the 23rd inst. to receive the tenders. He was also instructed to attend the argument, which was fixed for the 23rd inst. On this latter your committee will not dwell, as it and the subsequent proceedings of the arbitrators are so fully dealt with in Judge Carman's report.

Your committee met in Morrisburg on the 28th Dec. All the members being present, to open the tenders and for other business.

The following tenders have been received by the chairman, viz.:

Jas. K. Smyth	\$387 00
G. B. McPhail, with material	299 78
" " without " 	320 75
Larue & Dillon	900 00
Theron Sharp	375 00
Henry Bradley (Cryslor)	300 00
Wm. Payne	349 00
Samuel Crabar	349 00
Edward Bary	500 00
Geo. S. Ault	374 00
Sidney Ault	369 00
James McAnat	469 75
Alvin Gillant	800 00
Isaac Johnson	500 00
John Riddell	395 00
Thos. Smith	396 00

It was then agreed that the chairman communicate with the two parties, McPhail and Bradley, who were not present, and if either furnished the necessary security to accept subject to approval of committee at its next meeting, if not to go in turn to each, taking them in order.

The committee received a copy of the award ordering the payment of \$17,000 and \$400 to Messrs. Munroe & Barrie, for their dam and costs, respectively signed by two of the arbitrators, Messrs. Rayside and Pringle. The chairman had been advised by the committee's solicitor, that Judge Carman, the arbitrator appointed by the Council had protested against the award being made until he had further time to go into the evidence or until the 3rd Jan. prox., the date to which the arbitration had been adjourned.

Your committee considered the amount exorbitant, it being understood, however, that Judge Carman was making a digest of the evidence, and would make a report or give a written opinion thereon on the 3rd prox. It was agreed that no definite action be taken until we were in possession of that, and the

chairman was instructed to get a written advice from Mr. Letch, their solicitor, as to the course the committee should pursue not only in this matter but also with reference to the removal of the dam pending the final decision, and the committee adjourned to meet again in Morrisburg on the 8th Jan.

Committee met pursuant to adjournment on the 8th Jan. All the members being present.

The report of Judge Carman and his award, an opinion from which it appears that, according to the evidence, the claimants, Messrs. Munroe & Barrie, would be entitled to receive \$8000, was laid before the committee, also a letter from Mr. Letch, the committee's solicitor, saying that in his opinion the immediate removal of the dam would not effect the right of appeal, some advising an appeal on account of the amount awarded being so large as to shock the conscience, and for other reasons. In view of these and of the reasons set forth in the previous minutes, it was moved by Mr. Kennedy, seconded by Mr. Dickey, that Mr. Letch, the solicitor, be instructed to take the necessary steps for an appeal to the High Court to set aside award or re-refer the award made by Messrs. Rayside and Pringle two of the arbitrators in the matter of the Chesterville dam. This was unanimously carried.

The Chairman reported that he had written McPhail and Bradley, the two lowest tenderers, and received no reply.

After some discussion, it was moved by Mr. Kerr, seconded by Mr. Kennedy, that the contract for the removal of the dam be not now let, but stand over until the meeting of the Counties Council.

This was carried, the committee thinking it better in view of the early meeting of the Council, to defer the awarding of the contract until the approval of Council should be secured.

Mr. D. R. Brown, the Engineer, in view of the fact that previous engineers employed on this work received \$9.00 per day, did not wish to accept a less amount, but in view of his long connection, has consented to accept six dollars and expenses, which was granted by the committee.

The Treasurer, Mr. Mattice, was in Toronto, some weeks ago, and called on the Provincial Treasurer, with reference to the purchase of the debentures by the Ontario Government. The Treasurer expressed some doubts as to whether the Government could purchase County Debentures under the Municipal Drainage Act, but referred the matter to the Atty-General, and after getting his opinion wrote Mr. Mattice—a copy of his letter is herewith appended. From this it appears that there is no direct warrant in the law for purchasing County debentures, but in view of the fact that the Government already holds debentures issued under the same by-law, it is believed that when the matter is considered by the Commissioner of Public Works, a way will be found to place the debentures with the Government; if not they will be disposed of in the open market.

Police Magistrates for Dundas and Stormont, respectively.
 Those imposed by Mr. Bone were imposed between June, 1887, and the close of that year, and amounted to \$1,880, the receipt of which is acknowledged by the Treasurer; while Mr. McIntyre paid in two fines of fifty dollars each.
 This matter has been before the Council for some time now. When first presented the Council had no precedent to guide, and being uncertain as to their rights and liabilities, it was thought best to withhold payment from the claimants until satisfied that they were entitled to have the monies refunded to them. Three actions have been brought in the Division Court here, each one of which has been decided against the Counties and in favor of the claimants. As the points raised in these cases cover all points in dispute and make it reasonably clear that the parties who paid fines on the order of Mr. Bone or Mr. McIntyre, while acting as Police Magistrates for the County of Dundas, or the County of Stormont, in the case may be, are entitled to recover. Your committee would recommend that all fines paid in to the County Treasurer in pursuance of convictions made by Mr. Bone or Mr. McIntyre, while acting as Police Magistrates, and now in the hands of the Treasurer, be repaid to the parties from whom collected, and that a By-Law be passed accordingly.
 The total amount received by the Treasurer to date is:
 From Mr. Bone.....\$1880 00
 " McIntyre..... 100 00
 Or in all.....\$1980 00
 Of this, there has been paid in pursuance of judgment, in the Division Court 180 00
 Leaving a Bal. to be repaid of. \$1800 00
 The amount now at the credit of the Scott Act Fund is \$3,939.91, so that after the payment of these claims there will still remain \$2,139.91, but as there are still some unsettled matters in connection with this matter, it is thought best to take no action with reference to this balance until every possible claim against the account is satisfied.
 All of which is respectfully submitted.

Report of Special Committee on Pedlars' License.
 Members present—Thomas McDonald, D. McNaughton, A. Kennedy, O. Fulton, John S. Ross, A. A. Stewart, Wm. Doran, E. O'Callaghan, F. D. McNaughton, Thomas Hamilton, James Dickey.
 Your committee have had under their consideration By-Law number 860, and recommend that the above named By-Law be amended by inserting in clause A instead of \$50 the sum of \$50; in clause B, instead of \$25 the sum of \$50; in clause C, instead of \$40 the sum of \$75. And that section twelve be struck out and the following be inserted instead thereof, viz:
 That the fines imposed for the infraction of the above By-Law be distributed as follows: one-third to the preventive officer prosecuting, one-third to the treasurer of the municipality in which the prosecution was instituted, and one-third to the treasurer of these United Counties.
 And your committee would recommend that

a By-Law be prepared in accordance with this report, and further, that the By-Law shall come in force and effect immediately after the passing thereof, but shall not effect any licenses already issued.
 And we further recommend that one thousand copies of the By-Law be printed and circulated in the different municipalities.
 All of which is respectfully submitted.

Report of Committee re Scott Act Fines.

Present—Messrs. Thos. McDonald, A. Kennedy, James Dickey, A. A. Stewart, W. M. Doran, D. A. McDonald, P. A. Stewart, J. S. Ross, O. Fulton.

Your Committee have had under consideration a Return of Convictions made by A. C. McIntyre while acting as Police Magistrate for the County of Stormont from 1st July, 1887, to the following October, and also an explanatory letter in connection therewith, as well as a letter from D. P. McKinnon, License Inspector.

It appears that instead of paying directly to the County Treasurer, Mr. McIntyre paid most of the fines received by him to Mr. McKinnon, License Inspector, and they were paid by him

to the Treasurer. The fines illegally imposed and collected, and not yet returned, are, so far as can be ascertained, as follows:—

H. D. Gillies.....	\$50 00
John Elliott.....	50 00
S. M. Southworth.....	50 00
W. Stubbs.....	50 00
P. S. Ryan.....	49 60
J. J. Poapst.....	34 00
Regis Dupuy.....	50 00
Frank Barua.....	50 00
	<hr/>
	\$383 60

There were also two fines of \$50.00 each paid that were returned by previous By-Law, making in all \$483.60 received by the Police Magistrate, while he, or the License Inspector, appears to have paid in cash but \$430 15 and to have held for costs..... 47 45

or in all..... \$483 60

Your Committee recommend the passing of a By-Law for refunding to the parties as above enumerated the fines illegally imposed, while at the same time calling the attention of the Council to the retention of the \$47.45 which it appears to your Committee should have been paid to the Treasurer.

We would also add that we do not regard this Council as responsible for any monies not paid to the Treasurer, but in view of the difficulties surrounding the question, recommend as above.

All of which is respectfully submitted.

A. HARKNESS, Chairman.

Committee Room, Cornwall, June 17, 1890.

Report of the Nation River Drainage Committee.

Your Committee beg leave to report that immediately after the January session the tender of Wm. Payne, for the removal of the Chesterville Dam, was accepted, and a contract entered into with him for the completion of the work, proper security being taken. The price to be paid is \$319.00. An opening was to be made in the dam four feet deep and one hundred feet wide before the 15th of March, and the balance of the work was to be done not later than the 1st September. The opening has been made and the contractor has been paid \$100.00 on his contract.

A claim was made on behalf of the Canadian Pacific Railway, to the effect that the removal of the dam would endanger their bridge below Chesterville, and an invitation extended to your Committee to meet and confer with the Engineers of the road. The invitation was accepted, and a meeting was held at Chesterville on the 25th April, the Railway Company being represented by Mr. E. G. Henderson, Assistant Engineer. An examination of the bridge and the river in its vicinity convinced your Committee that the removal of the dam would lessen, rather than increase, the danger, and that in any event they were in no way bound to preserve an artificial barrier in the river to protect the property of the Railway Company.

Your Committee beg further to report that Mr. Crown, the Engineer appointed by the Council in October last, has completed his survey and assessment and filed his report, a copy of which is herewith submitted.

From this it appears that the total estimated cost of the dam and its removal, the lowering of the shoal and the legal, engineering and

other expenses connected therewith is \$50,130.11 To apply on this we have a grant from Dominion Government of...\$5,500.00 And from Local Government, 3,000.00 In all..... 8,500.00

Leaving..... \$11,930.11 to be provided for by assessment.

It was understood at one time that the grant from the Dominion Government would be \$9,500.00. In fact, your Committee when they waited on the Minister of Public Works were assured by him that he would recommend the placing of that amount in the Estimates, on condition that we would provide the balance from local sources. We acceded to the conditions imposed, and the amount named was placed in the Estimates, but subsequently \$1,000.00 was withdrawn. The Minister has, however, intimated that it may be granted another year. In the meantime we have prepared a By-Law providing for the whole amount not covered by the present grant, which we recommend the Council to pass, and if the additional grant be secured another year it can be applied in reduction of assessment.

At the October Session of 1889 a By-Law was passed for the issue of debentures to cover amount expended by this Council on old contract and not provided for by previous issues, and also to provide the necessary funds to complete the old work.

It was intended to issue the debentures at the close of 1889, and they were prepared accordingly, the amount being \$11,228.52, with interest at four per cent. running for ten years from the close of 1892.

The Ontario Government was asked to purchase the Debentures, but as the law did not provide for the purchase of any but Township debentures, no arrangement could be made until the law could be amended to meet our case.

This was done at the recent session of the Legislature, and we are pleased to be able to report that the proceeds were received by the Treasurer on the 16th Inst. The amount received was \$11,658.35, \$11,228.52 being the face value of the debentures and \$230.30 interest since 31st December last.

All of which is respectfully submitted.

A. HARKNESS, Chairman.

Committee Room, Cornwall, June 17, 1890.

Report of Road Committee.

Members present—Messrs. Geo. Hodgins, Wm. H. Lane, A. A. Stewart, J. J. Kennedy, J. H. Whitaker, Wm. Banford, A. Kennedy, D. C. Campbell, Thos. Hamilton, John P. Grant, D. J. McIntosh and F. D. McNaughton.

Your Committee have had before them a petition from the Municipal Council of the Township of Kenyon, asking permission to open a certain street of forty feet width in the Village of Maxville, in said Township, said street being a continuation of St. Catherine street from King street to the roller grist mill.

It is recommended that the prayer of this petition be granted, and for this purpose a By-Law be introduced at the present session of this Council.

All of which is respectfully submitted.

Report of Special Committee on Pedlar's Licenses.

Present—Messrs. Thos. McDonald, A. Kennedy, D. McNaughton, O. Fulton, J. S. Ross, A. A. Stewart, Wm. M. Doran, E. O'Callaghan, F. D. McNaughton, Thomas Hamilton and James Dickey.

Your Committee have had under their consideration the By-Law for licensing Hawkers and Pedlars, and it was agreed that By-Law No. 909, and all other By-Laws and parts of By-Laws relating thereto, be and are hereby repealed; and your Committee recommend that a new By-Law be enacted, and that the annexed By-Law No. 924 be adopted by this Council.

All of which is respectfully submitted.

D. McNAUGHTON, Chairman.
Committee Room, Cornwall, June 19, 1890.

Report of Finance Committee.

Present—Messrs. Dickey, Hamilton, Ross, Warner, McNaughton (F. D.), Watson, O'Callaghan, McLeod, McNaughton (D.), Stewart (P. A.), Stewart (A. A.) and Kennedy (Mountain.)

1st.—Your committee have passed accounts amounting to \$1,560.11 as per schedule marked "A" and would recommend the passing of a by-law for their payment.

2nd.—We have also had under consideration a petition of one Donald J. McDonald, of Alexandria, a constable, who claims that he was stabbed and otherwise injured by a lunatic, whom he was, in discharge of his duty, trying to arrest, and asks this Council to pay him \$25.00 to cover cost of medical attendance, loss of time, &c. We recommend that the matter be referred to the local Council, who may be more familiar with the circumstances.

3rd.—We have also had under consideration an application from John Middagh, of the Township of Winchester, who was appointed by By-Law No. 743, of the Council, to remove obstructions from the road between Williamsburg and Winchester. Mr. Middagh asks that he be recouped for costs incurred in defending suits brought against him for removing obstructions as directed by the By-Law.

It appears that Mr. Middagh had first to defend a suit brought by Samuel Hill, of the Township of Williamsburg, before the Police Magistrate in Cornwall, and which was unsuccessfully appealed to the Sessions, and subsequently to defend the suit brought by Wm. Connor in the Superior Court, as well as to share in the costs of the suit brought by Hill, in which this Corporation is made a party, and that his expenses have not been less than one thousand dollars.

It appears also that these latter suits, which were carried by the Counties and by Mr. Middagh to the Court of Appeal and were argued in March, 1889, were by the unanimous verdict of that Court decided in favour of defendants and judgment given for costs. Further delay has, however, been caused by plaintiffs giving notice of appeal to the Supreme Court. In the meantime Mr. Middagh finds bills pressing without the means of paying. Your Committee would recommend that he be paid four hundred dollars on account.

4th.—Your Committee have also considered the petition of Geo. Ross, of the Town of Cornwall, asking for a return of fines paid in obedience to convictions made by the Police

Magistrate, of Cornwall, on the ground that the convictions appear bad on their faces. Mr. Griffiths, of Winchester, was heard on behalf of the petitioner. Your Committee cannot recommend the repayment of the fines otherwise than as previous fines have been repaid.

5th.—Your Committee would recommend that the time allowed for the sale of lands for arrears of taxes be extended for one year.

6th.—Notes amounting to \$18,500.00 on account of general county purposes are now held by the Bank of Montreal here. Would recommend that the Warden and Treasurer be authorized to renew from time to time as may be necessary.

7th.—The published report of the auditors for the year 1889 shows an expenditure of \$17,714.95, while the revenue was but \$13,082.58, leaving a deficit of \$4,632.37.

Similar or larger deficits grace our accounts each year for the last three or four years, notwithstanding the efforts of the Council to keep down expenses. The increase is due partly to recent legislation tending to increase the administration of justice expenses, and the cost of the supervision and management of the schools, and largely to circumstances over which the Council has no control, and it has become abundantly evident that the levy must be increased if we are not to continue to run behind from year to year. Still, on account of the present indications of a light crop and general depression in business, your Committee would recommend that the rate be continued at 75-100 of a mill on the dollar, and the deficit for the present year met by the monies coming in on account of the late Treasurer, and that debentures be issued for \$15,000.00 to cover accrued liabilities, such debentures to bear interest at five per cent. and be payable in fifteen equal annual payments.

A. HARKNESS, Chairman.
Committee Room, Cornwall, June 9, 1890.

Supplementary Report of Finance Committee.

Your Committee beg to report that they have examined the Treasurer's bond. The Treasurer is held in \$12,000.00, and eight sufficient securities in \$1,500.00 each. The bond is properly executed and deposited in the vaults of the Registry Office, Cornwall.

A. HARKNESS, Chairman.
Committee Room, Cornwall, June 20, 1890.

BY-LAW No. 928.

By-Law to extend the time for the enforced collection of Non-resident Taxes.

Whereas power is given to Counties' Councils by Chap. 193, Sec. 101, R. S. O., 1887, to extend beyond the term of three years, the time for the enforced collection by sale of non-resident lands by By-Law,

Be it therefore enacted a By-Law of the Corporation of the United Counties of Stormont, Dundas and Glengarry, that the time for enforced collection, by sale, of non-resident lands be and the same is hereby extended for the period of one year.

Passed, signed and sealed in open Council this 20th day of June, A. D., 1890.

REPORTS.

Report of Committee on Communications.

Present, A. Harkness, F. W. Rowe, J. S. Anderson, Samuel Howes and D. McNaughton.

Your Committee have had under their consideration a notice that the Morrisburgh High School had been raised to the status of a Collegiate Institute.

Your Committee have also had under their consideration a communication from the Ontario Agricultural College, giving notice to the Counties' Council of the United Counties of Stormont, Dundas and Glengarry, that there is a vacancy in the above college for two scholars from the above-named counties.

Your Committee have to report that after the necessary advertisements in the matter had been given, no applications have been received, and would recommend that the Reeves and Deputy-Reeves of the different municipalities would make an effort to fill the vacancies.

All of which is respectfully submitted,

D. McNAUGHTON, Chairman.
Committee Rooms, Cornwall, 28th, Oct., 1890.

Report of Road Committee.

Members present—Messrs. Geo. Hodgins, Wm. Lane, P. A. Stewart, J. J. Kennedy, Whittaker, Mackenzie, A. A. Stewart, Wm. Banford, A. Kennedy, Hamilton, I. W. Warner, J. P. Grant, D. C. Campbell, D. J. McIntosh, D. McDonald and F. D. McNaughton.

Your Committee have had before them a petition from Oscar Fulton, Reeve of Roxborough, and others, asking permission to close a certain portion of the original road allowance between the 2nd and 3rd Concessions of the Township of Roxborough, at Lots

Nos. 9 and 10, in said concessions, and open a new road in lieu thereof.

Your Committee recommend that the prayer of this petition be granted and that for this purpose a By-law be introduced and passed at the present session of this Council.

Your Committee have had also before them a petition from Miles Brown, Reeve, and the other members of the Council of the Village of Chesterville, praying that a caretaker be appointed by this Council for the iron bridge in said village of Chesterville spanning the Nation River.

Your Committee are of the opinion that the said bridge does not come under the jurisdiction of this Council and therefore cannot recommend this Council to grant the prayer of said petition.

All of which is respectfully submitted.

F. D. McNAUGHTON, Chairman.
Committee Rooms, Cornwall, 28th Oct., 1890.

Report of the Nation River Drainage Committee.

To the Warden and Council of the United Counties of Stormont, Dundas and Glengarry.

Your Committee beg leave to report that since the June session the removal of the dam and lowering of the shoal at Chesterville has been effected. The letting the water out of the river exposed some slight shoals and other obstructions up the river, which it became necessary to lower or remove to give full effect to the work. This has been done by Mr. Smyth, the contractor for the work, on the shoal at Chesterville. The work at Cass' bridge and in the South Branch is reported by the contractors as completed, though not yet accepted or settled for.

The contract price for the work at Chesterville—\$349 for the dam and \$570 for the shoal—has been paid, and \$1,100.00 on progress estimates for work up the river at Cass' and in the Branch.

It is expected that the whole work will be finished and a settlement effected within a few days, when a full report will be made.

As it is important that no obstructions be allowed to accumulate or to be placed in the drain or stream, your Committee is of opinion that a caretaker or inspector, as provided by Section 588 of the Municipal Act, should be appointed, and would recommend Mr. E. W. Welr, of Brinston's Corners, as a fit person—the remuneration to be \$2.00 per day while necessarily employed.

A. HARKNESS, Chairman.
Committee Room, Cornwall, Oct. 30, 1890.

Report of County Property Committee.

Members present—Messrs. J. P. Watson, Samuel Howes, E. Dingwall, Jas. McKenzie, C. Locke, D. C. Campbell, J. S. Anderson, J. J. Kennedy, J. H. Whittaker, J. R. Cryster and D. McDonald.

To the Warden and members of the Counties' Council of the United Counties of Stormont, Dundas and Glengarry.

Your Committee beg leave to report that they have examined the gaol and offices and find all in good order and very comfortable for the inmates. There are only six persons confined in the gaol, and no complaints.

The Committee would recommend the necessary steps to be taken to repair the drain leading from the Court House wall to the main sewer.

We would also recommend the pointing of a

portion of the wall where the mortar has fallen out.

All of which is respectfully submitted.

Report of Special Committee on the Hill vs. Middagh, &c., Suits.

Members all present.
 To the Warden and gentlemen of the Counties' Council of the United Counties of Stormont, Dundas and Glengarry.
 Your Committee beg leave to report as follows:

Your Committee experienced considerable difficulty in arriving at a proper understanding of the facts of these cases, so as to enable them to make an intelligible report, owing to the papers in connection with the matters being in the hands of the solicitors for this corporation.

This case was originally commenced on petitions presented to this Council, praying for the opening up of part of a road situated between the townships of Winchester and Williamsburg. Acting on those petitions, the Council in June, 1883, appointed as their commissioner George Dillon, who was replaced in June, 1884, by John Middagh, of the township of Winchester, who proceeded to act under By-Law 709. Against Mr. Middagh a complaint was laid before the Police Magistrate of Cornwall for unlawfully and maliciously cutting down the trees of Mr. Hill, and upon the hearing of this complaint Mr. Middagh was convicted and fined. Mr. Middagh then lodged an appeal from the conviction aforesaid before the General Sessions, but the appeal was dismissed and the conviction affirmed. We find that at the October session of 1881 Mr. Middagh appeared before the Council, when the chairman of the Road Committee, Mr. Harkness, was appointed to take legal advice, and, if necessary, to employ counsel in the interests of this corporation, and of Mr. Middagh also, while the latter was acting under and according to instructions of Council. The suit in question soon followed, and at the first hearing before a single judge, Mr. Justice Armour, the judge presiding, gave judgment against the Counties. An appeal was taken by the Counties to a Divisional Court of the High Court of Justice, composed of three Judges, whose decision was adverse to this corporation and upheld Judge Armour's judgment. The Counties then appealed to the Court of Appeal for Ontario, and upon an exhaustive argument of the merits of the case the judges in appeal reversed the decisions and judgments of the lower Courts and sustained the contention of the Counties' Council, and judgment accordingly given in favor of the Counties, with full costs. The two suits—

which by this time became inseparably connected, viz., Hill vs. Middagh *et al* and Connor vs. Middagh *et al*—were carried by the respective plaintiffs before the Supreme Court at Ottawa, where they have been placed on the list of appeals to be argued before that Court in February next. This, then, is the present position of these two suits in each of which the United Counties are parties defendants.

Your Committee find on looking over minutes of Council of former years, that this Council has from time to time been called upon to pay, and has paid out, large sums of money in connection with these two suits, amounting to about \$3,000, and they understand that there is still a large liability outstanding for costs and charges in connection therewith.

Your Committee find that a committee was some years ago appointed to take charge of the conduct of these suits, but for some reason such committee has not been reappointed for the last two years. We would therefore recommend that a committee be appointed at the next January (1891) sessions of this Council to examine into all accounts in connection with these suits, for the protection of this Council; and would further recommend that all papers, accounts, vouchers, statements and bills of costs in connection therewith, or in any way relating to the same, since the 'time of the institution of the suits, be placed at the disposal of such committee.

All of which is most respectfully submitted.
 E. O'CALLAGHAN, Chairman.

Report of the "Scott Ac." Committee.

Present—A. Kennedy, Dickey, O'Callaghan, F. D. McNaughton, P. A. Stewart, A. A. Stewart, D. A. McDonald.

Your Committee having had referred to them by resolution of Council a matter affecting the refund of Scott Act fines to certain parties in Stormont, and that this matter was reported on in June last, and it was then recommended that the following parties be refunded fines illegally imposed and collected, as follows:—

H. D. Gillies	\$50 00
John Elliott	50 00
S. M. Southwark	50 00
W. Stubbs	50 00
E. S. Ryan	49 60
J. J. Poapst	31 00
Regis Dupuy	50 00
Frank Burna	50 00
	\$383 60

We found also that out of two fines which were paid subsequently \$47.45 was retained by the Police Magistrate for costs in previous suits, and that the parties who paid these fines got the full amount refunded, while the parties above named had the \$47.45 withheld from them pro rata, the by-law based on the report of committee having been so amended in its progress through committee of the whole.

As it appears evident that this money has been retained either by the Police Magistrate or the Inspector, your Committee recommend that the Treasurer make an effort to secure the depositing with him of this balance at as early a date as possible, and that it be then paid over to the parties from whom it was originally collected.

All of which is respectfully submitted.

4th. • We have also had under consideration an application from Mrs. McMartin, gaol matron, for an increase of salary, her present salary being \$100 a year. This application was made to, and we believe, approved by the Counties' Property Committee at a previous session, but as it was ascertained that salaries were dealt with by the Finance Committee, it was not reported to the Council. In view of Mrs. McMartin's efficiency and long service (20 years) and the arduous and unpleasant nature of her duties, your committee recommend an increase of \$25 per year, the last quarter of this year to be included.

5th. The Treasurer's account at the Bank of Montreal has been overdrawn nearly \$5,000.00. As there are large receipts expected within a few days, it may not be necessary to borrow, but lest there be a delay that might embarrass the Treasurer, your committee recommend that a By-Law be passed authorizing the borrowing of \$5,000.00 for such time as may be necessary to meet current expenses until rates are collected.

6th. We would also recommend that By-Laws be passed authorizing the renewal of the notes on account of the Chesterville Dam Expropriation until the debentures can be negotiated, and those on General Counties' Account until next session of Council.

7th. Your committee have considered the petition from John A. McDonald, of Williams-town, who purchased two Pedlars' Licenses between the January and June sessions when they were held at Fifty Dollars, asking that excess over present price of licenses be refunded. On enquiry we find that two other parties—R. B. Abbott, of Brinston's Corners, and Goldstein Bros.—are in the same position. Your committee recommend that the four parties named, or their proper representatives be given their licenses at the present rate—\$10—and that the Treasurer be authorized to refund the additional \$10 on each license.

All of which is respectfully submitted.

A. HARKNESS, Chairman.
Committee Rooms, Cornwall, Oct. 20th, 1890.
Schedules above named are attached to and printed with By-Law No. 921.

*NOTE—Clause four of the above report was rejected by Committee of the Whole and therefore not adopted in Council. The remainder of report adopted both by committee and in Council.

Report of the River Beaudette Drainage Committee.

Present—A. B. McLennan, Chairman; J. B. Snider, John J. McRae, Ewen Dingwall, D. J. McLeod.

To the Warden and Municipal Council of the United Counties of Stormont, Dundas and Glengarry.

Your committee beg leave to report that they have examined the various accounts and statements of the Treasurer and Commissioner and find that the total expenditure in connection with the said Drainage amounts to \$8,816.27. That the amount still available to prosecute the work, including the Ontario Government Grant not yet in Treasurer's hands, is \$2,812.00. That the amount of rock taken out up to 19th Inst. is 4,472.02 cubic yards, thus exceeding the estimate by 3,132.36 cubic yards. Amount of clay, gravel and loose stones taken out, 3,737.29 cubic yards, besides clearing the channel of the river of a considerable quantity of loose stones and driftwood. Work on excavation has been done as far up stream as station No. 905, at which point the rock appears to dip. Your

committee recommend that the time for the completion of the work be extended to the 1st of November, 1891, and that the Commissioners and Committee be authorized to hire men and do all other acts necessary to ensure the completion of the work on the date above mentioned, in default of the contractors prosecuting the work to the satisfaction of the Commissioner and Committee, all such expense and costs in so prosecuting the said work to be charged to the contractor, and that the said extension be made conditional upon the due and diligent prosecution of the works by the said contractors, otherwise the works may be taken out of the hands of the contractors and carried on by the Commissioners and Committee at the expense of the contractors and their sureties.

All of which is respectfully submitted.

A. B. McLENNAN, Chairman.
Committee Rooms, Cornwall, Oct. 30th, 1890.

BY-LAWS.

BY-LAW No. 921.

A By-law to provide for the removal of the dam and the lowering of the shoal in the Nation River at the Village of Chesterville, and for draining of parts of the Townships of Matilda, Mountain, Williamsburgh and Winchester, and of the Village of Chesterville, and for borrowing on the credit of the United Counties of Stormont, Dundas and Glengarry, the sum of eleven thousand nine hundred and thirty dollars and sixty-four cents for completing the same.

Read a first and second time and provisionally adopted the seventeenth day of June, A.D., 1890.

Whereas the Municipal Council of the Township of Matilda, one of the townships interested has made application to this Council requesting that the dam in the Nation River, at the Village of Chesterville in the Township of Winchester, be removed, and that the shoal on which it rests be lowered for the purpose of draining the low lands in the vicinity of the Nation River, and its tributaries in the Townships of Matilda, Mountain, Williamsburgh and Winchester.

And whereas thereupon this Council procured an examination to be made by D. R. Brown, P.L.S. (being a person competent for such purpose), of the said dam proposed to be removed, and of the said shoal proposed to be lowered, and also of the said locality proposed to be drained, and has procured plans and estimates of the work to be done by the said D. R. Brown and an assessment to be made by him of the real property to be benefited by such removal and lowering, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such removal and lowering, by every road and lot or portion of lot, the said assessment so made being the assessment hereinafter by this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said D. R. Brown in respect thereof and of the said removal and lowering being as follows:

"To the Warden and Counties' Council of the United Counties of Stormont, Dundas and Glengarry.

"Gentlemen,—I beg to report to your honorable body that in accordance with the provisions of By-Law No. 899 for the removal of the dam and lowering the shoal in the Nation River at the Village of Chesterville,

"In the Township of Winchester, for the purpose of draining the lands and highways in the Townships of Matilda, Mountain, Williamsburg and Winchester, that I have made an examination of the Nation River and the lands that will be affected by the proposed improvement. I find that it is necessary to make said improvement for drainage purposes. There is a large tract of land and certain roads along said river and its tributaries, that are more or less flooded at certain seasons of the year. These lands together with the roads I have assessed in proportion to direct benefit, and there are other lands and roads, the improvement of which has contributed to the flow of water that now floods the low land, and as the Nation River is not a proper outlet without said improvement, I have assessed said lands and roads for outlet.

" All the lands assessed are 111,880 acres.

" Total levy on lands.....	\$11,061 64
" Total levy on roads.....	869 00

" Amount to raise..... \$11,930 64
 " This sum I have assessed against the Municipalities and lands to be benefitted and using the drain as an outlet, as shown in the annexed schedule, and a profile of the shoal to be removed is hereunto attached.
 " The cut is to be 60 feet wide at the bottom with a slope on each side of 2 feet horizontal to 1 foot in depth, and the work when completed to be kept in repair and maintained at the expense of the municipalities and lands

" assessed for their construction, said municipalities and lands paying in the same relative proportion as for construction.

" I have the honor to be
 Your Most Obedient Servant,
 (Sd) D. R. BROWN, P. L. S.
 Cornwall, 6th June, 1890."

And whereas the said Council are of opinion that the removal of the said dam and the lowering of the said shoal is desirable; Be it therefore enacted by the said Municipal Council of the United Counties of Stormont, Dundas and Glengarry, pursuant to the provisions of the Municipal Act

1.—That the said report, plans and estimates be adopted and the said drain—or removal and lowering—and the works connected therewith be made and constructed in accordance therewith;

2.—That the Warden of the said United Counties may borrow on the credit of the Corporation of the said United Counties of Stormont, Dundas and Glengarry, the sum of eleven thousand, nine hundred and thirty-one dollars and sixty-four cents, being the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than \$100 each and payable within ten years from the date thereof with interest at the rate of four per centum per annum in ten consecutive annual instalments to be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal (as nearly as may be) to what is payable for principal and interest during each of the other years of such period of ten years, such debentures to be payable at the Bank of Montreal, Cornwall;

3.—And for the purpose of paying the sum of \$10,957.02, being the amount charged against the said lands so to be benefitted as aforesaid other than lands or roads belonging to the several municipalities or Townships interested, and to cover interest thereon for ten years at the rate of four per cent. per annum, the following special rates over and above all other rates shall be assessed and levied in the same manner and at the same time as taxes are levied upon the undermentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively shall be divided into ten equal parts, and one such part shall be assessed and levied as aforesaid in each year for ten years after the final passing of this By-Law during which the said debentures have to run:—

C. J. MATTICE, TREASURER.

TO THE WARDEN AND COUNCIL OF THE UNITED COUNTIES OF STORMONT,
DUNDAS AND GLENGARRY, CORNWALL,

GENTLEMEN :—

We have audited the Treasurer's books and accounts for the past year, and now beg to report thereon :

The assessments levied by the Council have been duly shown in the accounts for the year.

The cash disbursements have been fully and satisfactorily vouched for, and the balance on hand has been duly accounted for as at the credit of the Counties with their bankers.

Furthermore, the detailed and summary statements signed by us are correct in every respect.

We desire respectfully to call your attention to the fact shown in these statements, that the present deficit of collectable and available assets to meet the current liabilities, amounts now to the sum of \$6,338.22 ; and that the revenue annually levied to meet the expenditure is (as evidenced by the accounts for the past two years), insufficient to the extent of about \$5,000 annually, at which rate in a few years, the deficit will become a serious amount.

The books and accounts have been kept accurately and methodically, and the Treasurer has afforded us every facility in the performance of our duties.

We are, gentlemen,

Yours truly.
