TORONTO MEN PROTEST AGAINST HOME RULE AFTER HEARING LONG

Proposed Dismemberment of the United Kingdom is Contrary to the Best Interests of the Empire They Say—Right Hon. Walter Long Given an Ovation in Massey Hall.

Ulster Stops the Way

"Ulster stops the way because she believes that home rule means the desecration of the Union Jack."
"If Canada with one voice declared itself in favor of home rule, those in Ulster would still oppose it, because they are in deadly earnest, and on that account you will never be able to force home rule, because it means the loss of British liberty and freedom." Rt. Hon. Walter Long.

Three thousand deep-throated voices verbally shook the walls of Massey Hall last night when they moved with one accord a resolution against the adoption of home rule in Ireland.

Thousands more lined the streets outside and re-echoed the cheers that emanated from within. Orange Young Britons paraded the streets playing the "Protestant Boys" with might and main, followed by Orange lodges, members of which had arrived too late for admission to the assembly.

As the crowds filed in the portals each individual was presented with a miniature Union Jack, which the audience waved frantically when giving vent to its vociferous greetings to the principal speakers as they filed on to the platform from the rear.

"Home rule has to be preached in Canada from two different points of view," declared the Hon. Walter Long at the outset. "There are many people in Canada who hold imperialistic and conservative views, who believe that because self-government in Canada has been such a success, it would be so in Ireland. But I want to give you a comparison between home rule in Ireland and the autonomy which you enjoy here. It is just the opposite."

One Source of Danger

One source of danger pointed out by the ex-secretary of Ireland was that the Irish government would be given power over its customs and customs-houses, which would be ample opportunity for the Nationalists to discriminate against British trade. He pointed out that under the home rule bill the government would control her own judiciary, and this, coupled with her right to send forty members to the imperial parliament, would give them power over the local affairs of the British Isles, which she denies the British Isles to have over her.

"The anti-home rulers are quite willing to give to Ireland all that is necessary for the development of her own resources, but they will never allow her to trifle with her imperialistic connections by tampering with her customs." (Cheers.)

Can't See Difference.

"I am not one of those who believe that because local self-government has worked well in Canada it will also be successful in Ireland and I am sorry to note that there are many who cannot see the difference."

"The British Empire is a very curious body," he continued, "and it has been formed in a very haphazard fashion, and there are no two overseas dominions where the system of government is identical, and if conditions in Ireland were the same as in Canada, would not the British government find something good which it could also apply to home rule?" The bill is bad in itself, and there is not a precedent embodied in any one clause." At this juncture Mr. Long made a plea for fellow-feeling, stating that nobody has a right to ask them to do for Ireland which he would not see instituted in Canada.

Ulster Stops the Way.

"We must never grant it just because Ireland demands it for some extraordinary reason, and even if you would, it will never be recorded upon the statutes, because somebody stops the way, and that somebody is Ulster." (Cheers.) Mr. Long stated that he was ashamed of his political confederates who had characterized the Ulster meetings as a

NEGRO SHOOTING FOLLOWED A QUARREL

Cobb and Brady of Negro Club Got Into an Argument While Matching Two Dollar Bills—Cobb Shot Brady in the Leg, Escaped, and is Still at Large.

An attempt at murder was made last night at about 10 o'clock at the Negro Club on West Adelaide street, opposite the fire hall, when Virgil Cobb, in an altercation with another negro by the name of Brady, pulled a revolver and fired at him. The bullet entered Brady's right leg, just above the knee. He was taken to St. Michael's Hospital, where it was said he would recover.

The two men were matching \$2 bills. Cobb dropped a dollar bill and stooping over to pick it up was unable to find it. Someone had taken the money and had kept it. He accused another colored man sitting at the same table. He denied the theft and while the argument was waxing hot, Brady, who is manager of the club, entered the place. His entry seemed to further inflame Cobb, especially as Brady made an endeavor to pacify the quarrelling and had pulled a revolver and fired two. Cobb pulled a revolver and fired. Constable Ironsides was nearby and hurried to the club. When he arrived Brady had disappeared, and the most thorough searching of the entire vicinity could not unearth him. Detectives Wallace, Newton, Archibald and Elliott were sent down from headquarters, but they were too late to be of much assistance. Brady made good his getaway and is still at large.

C.P.R. Stock Issue to Be Allowed And Will Be Offered at \$200 a Share.

An interesting rumor was circulated in Toronto financial circles yesterday on C. P. R. The rumor stated that the cabinet had decided to grant the application for the increased capital asked for by the railway, but that in order to placate public sentiment the new stock was to be offered at \$200 a share to present shareholders. With a 10 per cent. dividend, it is argued that investors would find this a reasonable return. The rumor also said that the authority to increase the capital would be announced from Ottawa prior to the meeting of the C. P. R. shareholders next week. C. P. R. stock was exceptionally strong yesterday, selling up to 281 1/8. This was accepted as the result of inside information of the government's intention.

CHEESE SCALES OFTEN MISLEAD

Startling Prevalence of Short Weights Discovered by Commission—Weights at Montreal Not Faulty.

OTTAWA, Sept. 27.—(Special.)—The report which the commission appointed by Hon. Martin Burrell, to investigate the shortage of cheese weights at the port of Montreal, will make to the department of agriculture, will contain some startling information relative to the industry in Eastern Ontario.

R. A. Pringle, K.C., chairman of the commission, states that Commissioner Macdonnell and J. D. Lemieux had visited the great majority of the factories in Eastern Ontario and Western Quebec and found the scales at all of these factories, without a single exception, out of order, and not returning accurate weights. This it is believed will, to a great extent explain the discrepancies found in the weights at Montreal, and the complaints so frequently complained of by cheese makers and salesmen.

Altho Messrs. Macdonnell and Lemieux visited a great many factories, the number is only a small proportion of the total number in Ontario, or even Quebec. It is believed that the false scales must be very numerous, and that the situation calls for immediate action.

LARGE FACTORY ADDITION.

Christie, Brown & Co. have purchased all the land south of their Dundas street factory down to King street, and will erect a large addition just as soon as arrangements for taking over the property and the building plans are completed.

Ward Three Elections

Already there has been activity regarding the coming election contests, but at the present time no ward presents such an interesting outlook as ward three. Ald. Wainless proposes to appeal to the electorate there next year instead of ward four. A. E. Burgess is also out for one of the seats. George Cassels, formerly of the works department at the city hall, is canvassing as the present time. Ald. Rawlinson and McBride will both offer themselves for re-election, but Ald. Maguire may be an absentee. He has ambitions to be a controller. There is a possibility of other candidates joining the fray later, and thus the business ward gives promise to be the chief arena next New Year's.

LIFE TERM FOR WM. FERGUSON

Man Who Shot Inspector Herbert on Ferryboat Escapes Death Penalty.

DETROIT, Sept. 27.—(Can. Press.)—The first murder trial in Michigan in recent years that has involved the possibility of capital punishment for the accused, resulted today in life imprisonment at Fort Leavenworth, Kan., when a jury in the U. S. district court found Wm. A. Ferguson, guilty of killing H. C. Herbert on July 23, on a ferryboat plying between Detroit and Windsor. The jury recommended life imprisonment.

Ferguson shot down the inspector a few moments after he had been refused admission into Canada because of physical defects. He blamed the inspector for causing his return to Detroit.

CROPS ARE GOOD IN KENT COUNTY

James Boyd Says Tobacco Yield Will Average \$300 an Acre, Beans and Corn \$70.

Mr. James Boyd, Cedar Grove, one of the judges in the field crop competition for the government, called on The World yesterday on his return from Kent County. He is enthusiastic over the crop results of that district. The chief products of Kent are tobacco, beans and corn. The tobacco yield will average \$300 per acre; beans and corn about \$70 each per acre. Mr. Boyd says that the Erie shore is experiencing remarkable building activity. Americans in numbers are coming in and subdividing large farms into smaller ones for peaches and vegetables. This land sells from \$100 to \$150 per acre, a big increase over prices of a few years ago.

DAVID FASKEN GETS \$125,000

Judgment for That Amount Will Be Given in His Suit for \$600,000

It is understood that David Fasken, a Toronto lawyer, will be given judgment today by Chief Justice Falconbridge for the sum of \$125,000, in connection with his suit for commission in the La Rose stock flotation. The chief justice concluded the case yesterday and reserved judgment, which he will hand down at Osgoode Hall today. Mr. Fasken, who was solicitor for the original directors of the mining company, sued these directors, David A. Dunlop, John McMartin, Duncan McMartin and Louis Henry Timmins, for commission on 10 per cent. basis which he declared amounted to \$630,900. The hearing lasted several days.

MONEY IS SENT TO MELBOURNE FAMILY

More Than \$50 Received by The World to Help Earls court People Who Are Suffering From Consumption While Mother Works—Mr. Simpson in Charge of Fund.

Toronto people are big-hearted. When anything that they think is worthy of help is brought to their notice they are quick to respond. The story in yesterday's World relative to the sad condition of the Melbourne family at 361 Ditching road, Earls court, has met with ready sympathy from many in this city. Without the least endeavor on The World's part more than \$50 came into this office yesterday for the family. One gentleman sent his cheque for \$25. The only stipulation he made was that his name should not be mentioned.

The George R. Gregg Company, Ltd., sent \$20, which amount was subscribed by the various employees of that firm. "J. P." sent \$2, and did someone from "In His Name," a Yorkshire Lad donated \$5.

This paper is more than pleased that Toronto people recognize the need of the family. Mrs. Melbourne works for a few hours daily at Simpson Brothers picture gallery at 37 1/2 Yonge street. Any other donations that citizens wish to make should be sent to Mr. Simpson, who will see that Mrs. Melbourne receives the money.

It did one's heart good to note the bright light that shone from Mrs. Melbourne's eyes yesterday afternoon when she was told that good-hearted people in this city had taken her troubles more or less on their shoulders and were endeavoring to do what they could towards alleviating her misfortunes. She is a deserving woman and did not ask that her troubles be aired publicly.

Many people went to her home yesterday and took with them edibles and other comforting things.

A brighter outlook on life has opened for her and her family, but notwithstanding the turn for the better she is still working away and will continue to do so as long as she is able.

Boyerne Flag Inspired Orangemen of Belfast To Frenzied Cheering

Gathering of 3,000 in Ulster Hall, Moved by Spirit of Stern Resolution To Oppose Home Rule to End—Addresses Were Devoid of Heroics.

BELFAST, Sept. 27.—(Can. Press.)—The singing of the national anthem by an audience of three thousand persons comprising everybody representative of Belfast's great industrial mercantile, civil and religious community tonight brought to a close a great anti-home rule meeting in Ulster Hall amid a fervor which was not equaled even by the anti-home rule convention of 1882. The meeting renewed the adoption of the resolution passed at that convention protesting against home rule parliament for Ireland.

The supreme dramatic moment of the memorable gathering tonight was the unfurling and presentation to Sir Edward Carson, the chief propagandist against home rule, of the flag carried by King William at the battle of the Boyne. The flag was greeted with frenzied cheering.

Speeches Not Militant.

No new pronouncement of Unionist policy was made at the meeting. The Ulster watchword is "We will not have home rule," but none of the various speakers nor the letters of the influential Unionist leaders which were read in their absence attempted to reveal the plan of resistance. If such a plan exists, should King George sign the home rule measure. In comparison with the demonstrations held elsewhere during the past week the absence of talk of armed resistance was noticeable. Also there was less of a display of the military spirit in Belfast today. The day, however, gave a remarkable indication of Ulster's determination not to accept home rule. This determination was expressed in an orderly and enthusiastic manner which can hardly fail to provide the government with food for serious reflection.

Wide Disaffection in Army.

The Weekly Outlook tonight makes the startling announcement that one-third of the officers in the British Army are Irishmen, that over 90 per cent. of them are Unionist Protestants, and that they are now considering how to resign their commissions in order

to lead Ulster in arms against home rule. A vast crowd had congregated about Ulster Hall hours before the time of the commencement of the meeting. Proprietors of neighboring warehouses took precautions against possible trouble by barricading their windows.

The most conspicuous feature of the decorative scheme in the hall was a device stretched across the front of the platform, the big letters of which read: "We will not have home rule."

In the absence of the Duke of Abercorn, who was unable to attend, Lord Londonderry presided. Among those on the platform were Sir Edward Carson, the Marquis of Salisbury, Baron Willoughby de Broke, Lord Charles Beresford, the Earls of Kilmorey, Clanwilliam, Erne and Lettrim, and Frederick E. Smith and many other Unionist members of parliament.

Ulster's Rallying Song.

During the wait for the speechmaking to commence the crowd frequently burst into song. Among these songs was one beginning: "Ulstermen the time has come again. To stand united man to man with all our might and main." This song aroused the greatest enthusiasm.

Lord Londonderry, in opening the proceedings, said the determination of the Unionists of Ulster to oppose home rule never had been more significantly shown than in the campaign which was just closing. Those that signed the covenant law, he declared, would abide by it at all hazards.

"Premier Asquith and John Redmond (loud hootings) will learn from it that Ulster is not bluffing. The covenant will be something that they cannot ignore."

"The government has wrecked the constitution," said Lord Lansdowne's letter, "but it also has succeeded in wrecking its own reputation. The recent by-election revealed the extent to which it is discredited and in its stead."

KEEN INTEREST IN BIG CONTEST

All Toronto and Vicinity Prepared to Compete for \$5000 in Prizes.

Never before in the history of a Toronto newspaper has the public been offered such an extraordinary opportunity to participate in such an attractive and fascinating competition as The Toronto Daily and Sunday World is going to conduct.

Thousands and thousands of World readers are preparing to enter the contest. From the very first announcement there came from all parts of the city and surrounding vicinity many hearty comments of delight and surprise upon the generosity and liberality of The Daily and Sunday World in its offer of such splendid and costly rewards.

As details of the contest follow from day to day the interest continues to grow into immense proportions, until, in fact, all Toronto and surrounding vicinity are talking and clamoring for the opening with picture No. 1, which will appear on next Thursday, October 3.

The contest will, no doubt, prove the most gigantic ever conducted. In fact it is sure to be gigantic. Considering the great values of the prizes it could not be otherwise.

That every reader of The Daily and Sunday World will have an equal chance to secure one of these prizes is doubly assured. Think of it! There is more than \$5000 in capital or grand prizes alone! The minor prizes are yet to be added, and they will also be announced very shortly.

KEY SAVES LIFE OF MONTREALER

Armenian, Running Amuck, Fires Revolver at Charles Handyside—Bullet Was Stopped by Metal

LONDON, Sept. 28.—(C.A.P.)—Chas. Handyside, Montreal, who is staying in London with his wife and daughter, narrowly escaped death in a Tottenham Court road melee yesterday morning when an Armenian named Titus shot five people, one of them fatally. Handyside said:

"I was standing near Tottenham Court road waiting for my wife and daughter from the dressmaker's. Suddenly I saw a tall man with something in his hand rushing towards me. As I raised my shoulder slightly the man passed for a second, faced me and then, firing the revolver, darted off again. Three hours afterwards when I got back to my hotel, I remembered I had the key in my pocket. I took out the key and then saw that there was a great hole in it. I felt the lining of my overcoat and there found a bullet right at the bottom of the coat. The bullet entered my overcoat just below the heart and if Providence had not caught me to have the key with me I should have been killed. I am going to keep the key and bullet as a souvenir."

COLOR SCHEME FOR MOTORISTS

Ontario Motor League May Adopt System Which Will Save Time and Prevent Inconvenience.

The Ontario Motor League have hit upon a unique and practical scheme for the routing of their motorists. The new idea is to cover each route between cities and larger towns, and adopt a color scheme, one color for each road. For instance the thru road from Toronto to Winnipeg would be blue; on each leg of the route or twelve to twenty miles would be painted a blue strip, say about ten feet from the ground. This scheme could also be applied to the country where permission to apply the paint would be allowed. Motorists touring the country by the aid of the handbooks which the league would issue in conjunction with the scheme could keep straight on their route without stopping to read signs, but by just following the blue poles to Windsor, or the red poles from Toronto to Niagara Falls, and so on.

Mexican Rebels Loot Camp of Contractor

Protection of Federal Troops Being Removed, Brigands Took Control of Situation.

JUAREZ, Mex., Sept. 27.—(Canadian Press.)—Rebels raided the camp of William Orr, a contractor employed by the Mexican Northwestern Railway, and forced the American to give over his payroll, amounting to about \$10,000 and about \$20,000 worth of commissary supplies. Orr's camp is situated at Cumbre, in the Casas Grandes district, and a report was received a few days before the rebel raid, Orr reports.

MALL MISSION. The work of this strikingly successful mission, whose centre of operations is Paris, France, has received a great impetus during the past year by the erection of a large central hall, for which \$100,000 was contributed by sympathetic Americans thru the American MCAI Association. Mrs. McCreary, a resident of Toronto, and a relative of the founder of the mission, is interesting account on the read at the opening meeting of the Parkdale Auxiliary of the Canadian MCAI Association on Tuesday evening next, at the home of Mrs. E. A. Rogers, 210 Clarendon street. The speaker of the evening will be Rev. E. Caswell, of Parkdale Methodist Church, who has recently returned from a continental tour.

ORIGINAL FAIR WAS GREAT SUCCESS

Bigger and Better Exhibits in Every Department, Larger Grounds and Midway—Horse Show Was Feature of the Day, With Fine Cattle, Sheep and Swine.

It is only once a year that the residents of Oakville hold anything of the kind, but when they do the occasion is one long to be remembered by those who attend. Yesterday was no exception to this rule, with the Oakville annual fair was favored by the weather and other circumstances very auspicious for its success.

Excellent Cattle. Some fine cattle were entered in the stock contests and those who had seen the ones exhibited at the Canadian National Exhibition wondered how they compared with those at Oakville. As a matter of fact many of the cattle were entered at the Toronto fair also.

Fruit and Vegetables. It was noticeable that the corn on exhibit was poor in comparison to other years. Potatoes were good and also the other products of the farm, with the possible exception of beans. "St. Lawrence" apples were about the nicest in the apple line for this time of the season. "Wealthies" were good, but a little green, as was also the case with the "Snows." The other fruits were better in many respects than that shown at other fairs.

GREATEST ARTISTS IN WORLD. The orchestra which Mr. Nathan Frank has organized for the Toronto Musical Festival, which begins at the Arena on Monday, October 7, will be one of the finest that have ever been heard in this country. It consists of sixty-two musicians selected from the Metropolitan Opera House and the New York Philharmonic orchestras. Perhaps the most celebrated man in its personnel is Xavier Rietter, admittedly the greatest French horn player in the world. His playing in the Carnegie Hall concert, which was heard here last January, is still a glorious memory among local concertgoers.

Woodbine Four Favorites Finish in Front Program Today Hockey International Meeting Tonight

Cast Steel Paying 33 to 1 Wins the Rothschild Cup

Four Favorites and Three Long Shots Land the Coin on Friday at Woodbine Park—Big Program for Closing Day.

Favorites had a good Friday at Woodbine Park, four of them finishing in front—Idle Michael, Julia Armour, Moving Picture and Apaster. The other three winners, however, were long shots and outsiders viz., Mattie L., in the first race, paying 16 to 1; Chemulpo, in the third, at about 9 to 1, and Cast Steel, in the Rothschild Cup, handicap, at nearly 33 to 1.

Church Bell fell to her knees after they broke in the first race of the president might have earned brackets. Mattie L., long shot, took the lead from Old Cola, after going a furlong, and the favorite had all he could do to save the place from Schoenast. Church Bell made up a lot of ground after she stumbled, but hadn't enough left to get in the money.

Idle Michael was best in the first steeplechase. Church went down on the clubhouse and Biggs ran out the first time round, thus the only opposition was Dr. Heard, and you know how fast he is on the flat. So did Allen, and all he had to do was make no mistakes, and he didn't. The Doc drew level at the last jump and Mike let out a link for an easy win. Killowen went back over the course for the show.

There were several good things in the fifth, including Siasa Group, from Hill-cress, Ont., and Carleton, former 2000-foot, and they both finished in the money. Chemulpo, at 9 to 1, was the villain that spoiled the horse. Mordon did not get her going till well up in the stretch, and then she ran over the opposition. Siasa Group second and Carleton third. The best Phivous, the favorite, with Tushan up, could do was first of the also-rans.

The maiden two-year-old event was like a steeplechase, with them all down except one. Moving Picture was it, and the rest nowhere. Robert Davies' Oxenilly was too good for that field, making them look common. After a start from behind for the place, with Sweet Story third. Brydown, representing the Pres-ervative Stable, was made a false favorite by the public, and finished outside the money.

Julia Armour and Broseau alone stood up in the second steeplechase, the former leading most of the journey, and the latter last until four went down. Simon Dale and Tom Kirby fell at the last hurdle from sheer exhaustion, the former pinning his rider's leg under his stirrup. On being released, Ryan gamely remounted and finished third.

Cast Steel, rank outsider, landed the Rothschild Cup in the evening, by a strong finish. Inspector Leestrade failed to get up until reaching the straight, and then headed off Amberite for the place, the latter a nose in front of Live Wire, the favorite.

In the closing event, Apaster just beat Idle Michael at the finish. Naughtly Led third without opposition.

There was a little crowding and slashing in the sixth race. Ferguson gave

HANG UP NEW RECORD FOR YEAR

Senators Defeated Athletics 5 to 4 in Nineteen Innings Game—American League Scores.

At Philadelphia—Washington and Philadelphia in battling for second place broke the major league record for this season when they played 19 innings yesterday afternoon, the former winning 5 to 4. Two games were to have been played, but the contest lasted a trifle more than four hours and could not have proceeded further on account of the gathering darkness. The visitors scored four runs in the first two innings on five hits, two battery and fielding errors and a fielder's choice. After that Plank held them to no runs and six hits for sixteen succes- sive innings. In the nineteenth Williams received a base on balls and Johnson third on Moeller's grounder. Foster forced Moeller at second, Barry to Collins. In trying for a double play Collins threw wild and Johnson scored the winning run. Groom pitched the first nine in- nings for Washington. Twice, with the bases filled, scoring was prevented by double plays and in the seventh, with the bases filled and one out the home team scored on an out. Four hits and an error in the ninth enabled Philadelphia to tie the score. Johnson, who took Groom's place in the tenth inning, was also hit especially by Foster and Moeller, who vented scoring. Plank, a veteran of 13 seasons, outpitched both of his younger opponents, the majority of Washington's runs being due to battery and fielding miscues. Scores: Washington. 130 000 000 000 000 1-12 R.H.E. Philadelphia. 000 103 000 000 000 0-4-24 Batteries—Groom, Johnson and Wil- liams; Plank, Egan and Lapp. Hit- ting—L. Lous—Hard and timely hitting drove Chicago two games from St. Louis the first 9 to 5 and the second, which was stopped at the end of the seventh innings because of darkness, 5 to 2. series of bluffs. "Do you think that these men have arrived at these conclusions lightly?"

"I have met many men who state that possibly Ulster is right, but its policy is wrong, that it is revolt and revolution, but I tell them they have a right to protect their liberty."

"Ulster has the right because home rule demands the loss of liberty to herself and children," he concluded.

At the close of Mr. Long's speech, Col. Scott moved the following resolution, which was seconded by the Hon. Tom Crawford, M.L.A.

BOYNE FLAG INSPIRED ORANGEMEN'S CHEERING

Continued From Page 1.

temp. to wreck the union, it will fall as its predecessors failed in 1886 and 1887.

The lord mayor of Belfast, after the reading of the letters, moved a resolution denouncing home rule.

Presented Historic Flag. There was a dramatic scene when Sir Edward Carson rose to speak. The entire audience stood and cheered him for several seconds, and then burst into the refrain "For He's a Jolly Good Fellow."

Then the stalwart Col. Wallace, representing the Orangemen, advanced slowly to the platform and unfurled, waved solemnly and presented to Sir Edward Carson the flag which was carried to the front by King William at the battle of the Boyne.

In making the presentation, Col. Wallace delivered a stirring little speech, concluding with, "This flag will be borne before Carson at the signing of the covenant tomorrow."

The audience here broke into a storm of delicious cheering and hat waving which lasted several minutes. Sir Edward Carson, holding the flag aloft, replied to Col. Wallace:

necessary steps, but will shrink from any necessary one. The signing of the covenant may be either the end or the beginning of drastic action. That depends not on you nor me, but upon the government. I tell the government speaker, the world over, that under no circumstances will we accept a home rule parliament in Ireland.

Prolonged cheering greeted the speaker, the entire audience again rising. A similar outburst occurred after the following passage in Sir Edward's speech:

"A great man in the American War for independence said: 'Establishments will not fascinate nor threaten timidly, for under God we are determined called upon to make our exit we shall die as free men.' My watchword to you tonight is 'Ready.'"

Sir Edward then left the hall to address the overflow meeting outside.

Bonar Law's Support. Many letters from prominent Unionists were read. These apologized for their inability to attend and expressed sympathy with the objects of the meeting.

As leader of the largest party in the house of commons, Mr. Balfour declared to assure the people of Ulster they do not stand alone but can rely upon the support of the whole Unionist party."

"Nothing can make me believe that the British people, or even the house of commons which now so grossly misrepresents them, would ever attempt to place Ulster out of the union."

Let me not be told that there ever will be found a British government sufficiently subservient to anybody as to Ulster: 'Leave us or we will shoot you down.'"

He was accompanied by Col. Wallace, who carried with him the Boyne flag. The meeting inside the hall proceeded with brief speeches by the Marquis of Salisbury, Lord Beresford, Mr. Ward and others, to the accompaniment of vociferous cheering on the outside.

The resolution denouncing home rule for Ireland was carried by a clean vote amid renewed scenes of enthusiasm.

Great Street Demonstration. When Sir Edward Carson stepped out upon the little platform built over the portico of Ulster Hall to address the overflow meeting, he found the street beneath him forty feet wide and for sixty yards on either side of the hall, a compact mass of cheering people, mostly men.

This crowd was estimated to number 20,000, while all the side streets were almost as badly jammed.

The appearance of Sir Edward beneath the folds of the Boyne flag was the signal for a tremendous demonstration.

Sir Edward then made another stirring speech, concluding it by saying: "We will preserve our birth right; and I tell those who govern us, without fear or hesitation, that if they wish to fight, then, by heaven, we are ready."

The late Mr. Anderson was born in St. Andrew's, Quebec, and, removing to this province comparatively early in life, he settled in Tara, where he married Elizabeth, daughter of the late William Glover of Invermay, Bruce County. Being in business for many years, he removed to Meaford, where he was engaged in the mercantile line for eleven years, after which he removed to Toronto. He had lived in this city for 25 years.

Mr. Anderson was held in the highest esteem by all who knew him. His exceptional conscientiousness in business had attracted a wide circle of friends. He is survived by a widow, one son and two daughters, all living in this city.

His pastor, Rev. Mr. Caswell, will conduct the services at his late residence, 140 Cross avenue, at 2:30 today, the interment subsequently taking place in Mount Pleasant Cemetery.

Metal For Measuring Variations in Height of Towers. Invar is a nickel steel containing 35.7 per cent of nickel, and it has the remarkable property of enduring great temperature changes with practically no expansion or contraction. This has made it valuable for making measurements among them that of the variations in the height of the Eiffel Tower due to heat and cold. In experiments described by M. Guillaume, a long wire of invar remaining constant, the recording lever is shifted up and down with the lengthening and shortening of the tower. The large changes due to heat and night are all shown and there are also interesting irregularities from wind, gusts, showers and other occasional conditions of short duration.

CHURCH UNION BEFORE SYNOOD

Anglicans Will Consider Fuller Measure of Co-Operation—Division of Ecclesiastical Provinces.

MONTREAL, Sept. 27.—(Can. Press.)—The division of the ecclesiastical province of Canada, the discussion of practical church union and an expression of appreciation for the work of the Salvation Army are the three matters which figure on the circular issued by the Archbishop of Ottawa convocating the synod of the Province of Canada for the seventeenth October next.

Under the heading of new business Canon VIII. of the general synod for the formation of an ecclesiastical province for the civil province of Ontario.

There are two notices of motion by C. O. Ermatinger. The first proposes that Christian unity is an ideal which should be promoted whenever a fitting opportunity offers. That as a measure to that end a fuller measure of co-operation between Christian churches is desirable. That the general synod be therefore petitioned at its next session to adopt measures for fuller co-operation in all matters not involving any sacrifice of principle or infringement of jurisdiction of diocesan bishops, with other churches willing to reciprocate, such measures to include comity of domestic missions in places where local conditions and necessities call for its application.

The second motion proposes to express appreciation of the life and work of the late Gen. Booth and to wish his successor godspeed.

WHAT HE THOUGHT. If any man ever admired his wife, that man was Howler. And when the Fitzhobbs asked Mrs. Howler to get up and sing, "There is a Garden in My Face," the husband glowed all over with delight and pride.

"No matter that she had a face like a hippopotamus and a voice like an elephant, he sat beaming as she sang, and could not refrain from bending over to his neighbor and whispering: 'Don't you think that my wife's got a fine voice?'"

"What?" said the neighbor, who was a little deaf.

"Don't you think my wife's got a fine voice?" repeated Howler.

"What?"

"Don't you think my wife's got a fine voice?" roared Howler.

"Sorry," returned the neighbor, shaking his head.

FEARED HE HAD CONSUMPTION

"Fruit-a-tives" Cured Him

HUGH MCKENNA, ESQ. ST. STEPHEN, N.B., Jan. 15th, 1911. "I wish to tell you of the great good 'Fruit-a-tives' have done for me. For years I was a martyr to Chronic Constipation and Stomach Trouble. I was greatly run down and my friends feared I had Consumption. I tried numerous doctors and all kinds of medicines, but received no relief until advised to try 'Fruit-a-tives' by Mr. McCready of St. Stephen, and am pleased to say that I now enjoy excellent health. 'Fruit-a-tives' are the best medicine made, and I strongly advise my friends to use them."

"Fruit-a-tives" is the only medicine that will positively and completely cure Constipation. This wonderful compound of fruit juices acts directly on the liver, causing this organ to extract more bile from the blood, and to give up more bile to move the bowels regularly and naturally.

DASH OF BAD BABY CAME NEAR DING

Head Broke Out. Spread to Arms, Legs and Entire Body. Itched So He Would Scratch Until Blood Ran. One Box of Cuticura Ointment and Nearly One Cake of Cuticura Soap Cured Him. Has Had No Return.

"When my boy was about three months old, his head broke out with a rash which was very itchy and very distressing. We tried everything we could but he got worse all the time, till it spread to his arms, legs and then to his entire body. He got so bad that he came near dying. The rash would itch so that he would scratch till the blood ran, and a thin yellow crust would form over his pillow in the morning. I had to put mittens on his hands to prevent him scratching his skin. He was so weak and run down that he took fainting spells as if he were dying. He was almost a skeleton and his little hands were thin like sticks of wood.

The Nursery

Every youngster in town will wish next week to be she lived in Wychwood or Riverdale. For in these two centres, the splendid new library idea is introduced—story-telling for the children.

You cannot find a child any place that does not respond to the lure of the fairy tale or child-story. It matters little what the subject is, so that it is told in an interesting way, it will appeal to the young mind.

"The Pink Lady" Coming. "The Pink Lady," Klaw & Erlanger's international musical comedy success, is again playing to big audiences at the firm's beautiful New York house, the New Amsterdam. It is presented by the same company that has so successfully introduced the Caryl-McLellan offering, playing for more than a year in New York, Boston, and then going to the Globe theatre, and then to the Grand Opera House, London.

NEXT WEEK AT THE THEATRES

Kitty Gordon in "The Enchantress." The most spectacular of this season's musical successes, Victor Herbert's "The Enchantress," with beautiful Kitty Gordon in the stellar role, will be the attraction at the Princess next week.

"Bought and Paid For." There has been a great deal of interest manifested in the forthcoming engagement of George Broadhurst's stirring drama-comedy of married life, "Bought and Paid For," which comes to the Alexandra Theatre, Monday night, for a week's stay with the usual Thursday and Saturday matinees. The success of "Bought and Paid For" cannot be denied, even by its most ardent competitors for public favor.

"The Enchantress" is a genuine light opera woven around a lovely story of the crown prince of a mythical kingdom—a story brimming with humor and amusing situations, and its entire absence of the innocuous horse-play so common in the light operas of the past. The book is the combined work of Mme. Fred Gresson and H. B. Smith. Mme. Gresson is well known as the author of "La Passante," which is one of Mme. Rejane's most popular impersonations and her light Gallic wit is evidenced in her other charmed domesticity. He comes home intoxicated, in which condition he is entirely another being. Thus it occurs that in the second act, Stafford comes home with much under the weather after spending an evening at the opera, and discharges his wife by his insinuations, and by forcing his wife to leave him for good.

REFORM BOARD TO COMMENCE CAMPAIGN

Methodist Temperance and Moral Reform Committee Add Three Secretaries to Cover Dominion for a National Crusade Against Vice.

Three new secretaries were appointed by the Methodist branch of temperance and moral reform. A great educational campaign is to be held throughout the Dominion and Newfoundland, which is included in the Methodist General Conference. The campaign will not be immediately directed towards seeking changes in the laws, beyond seeking the appointment of the board of censors for theatres as announced yesterday in The World.

Rev. Dr. Moore was authorized to confer with the governments of the respective provinces to ask them to have an investigation by a commission to report on the advisability of making it compulsory for medical certificates of freedom from contagious diseases necessary before marriage licenses are issued.

The new secretaries will be: Rev. J. H. Haselwood, Toronto, for Ontario; Rev. John Garbutt, Cobourg, for the western provinces; Rev. W. J. Smith, Hamilton, for the maritime provinces and Newfoundland.

It was agreed to co-operate with the Presbyterian board in establishing rescue homes for girls.

Banish the Bar.
A resolution commending N. W. Itwell's banish the bar policy was adopted.

A protest will be sent to Ottawa against Indians being granted leave to take part in parades in their war paint at fairs, and expressing regret that this took place during the visit of the Duke of Connaught at Calgary.

Went Law Made General.
The Dominion Government will be asked to make the law respecting section by certain employers general so that it would include restaurant keepers. This was on account of allegations respecting the employment of white waitresses in Chinese restaurants.

The moral reform magazine to be issued by the branch, is to be started in January.

A resolution commending the Women's National Council's efforts to protect feeble-minded girls was adopted. Hon. Sam Hughes was asked to stop the serving of liquors at the officers' and sergeants' messes in barracks and armories, as well as at annual camps.

The question of international peace was discussed, a resolution being adopted commending "jingoism" in the form of talk of war between England and Germany, and declaring in favor of the principle of arbitration of all matters of dispute between nations.

GOOD TRAIN SERVICE APPRECIATED.
The citizens of Toronto have evidently appreciated the North Toronto-Ottawa-Montreal service, as the business is constantly on the increase, necessitating extra equipment nearly every night.

North Toronto Station serves one of Toronto's most largely populated residential districts, and the up-to-date service offered to Montreal and Ottawa equalizes the traffic, preventing congestion at the Union Station.

An exclusive feature in connection with the North Toronto route is the electric-lighted compartment cars, which are operated in addition to standard sleepers.

Convenient daily train service as follows:
Leave North Toronto 11.40 p.m.; arrive Ottawa 7.50 a.m.

The Sunday World this week consists of five sections of pictures and news articles. Some of the features of Canada's greatest weekly paper are:

"Settlement Work in Toronto," a strong story by Kenneth Douglas, of the work being done toward the moral uplift of the foreign element; Jean Blewett, the well-known Canadian writer, describes a visit to the valley of the Peace River; Archie P. McKishnie begins a series of nature studies, and this week writes about the "Black Pirates"; Kit, in a column of comment and opinion, discusses some of the superstitions of the East; a column of religion and social service, edited by Kenneth Douglas, discusses some of the problems that are met with in Toronto every day; Lou Skuce illustrates the art of posing the feet, a splendid drawing in colors; "The Open Season on Stacker's Point," a Canadian short story by R. G. Page; F. E. Smith, M. P., writes on "British Parliamentary Oratory"; Albert Ernest Stafford, in his "Crusts and Crumbs," discusses the achievements of Dr. Franz Hartmann; all the regular departments are included—real estate, music, literature, the stage; the song feature this week is "Dougherty."

In the illustrated section the opening of the O. J. C. fall meeting is fully covered. Other pictures are: Monday night's banquet by the Board of Trade to the Rt. Hon. R. L. Borden; the Ladies' Reception Committee who entertained Mrs. R. L. Borden during her stay in the city; Laurier at Cobalt; Baptist Men's Union field day; a splendid picture of Lady Evelyn Ward, who has recently come to Toronto to reside; opening of the McCormick Recreation Centre; large picture of Joe Kelley, leader of the victorious Maple Leafs; the Brampton Fair; congestion of peaches on the Yonge street Wharf.

The news and sporting sections will contain all the happenings of Saturday up to the last minute. Ty Cobb, the greatest baseball player of our time, will write for The Sunday World his opinion of the coming battle between the New York Giants and the Boston Red Sox for the championship of the world.

RAILWAYS GIVE NOTICE THAT THEY WILL APPEAL

Want Three Engineers to Report on Grade Separation—Work on Union Station Is No Nearer Commencement Than It Ever Was.

The erection of the proposed Union Station is no nearer commencement today than it ever was, and according to the evidence of the railways' respective legal representatives, the railways cannot come to an agreeable settlement. With statements to this effect before them, the railway commissioners at yesterday afternoon's session at the city hall, without issuing any order, asked that the railways submit a joint statement as to what compromise they may or may not have effected since the railways were brought in-council for the appointment of three independent engineers, who will report on the grade situation.

Mayor Geary insisted upon the reasonableness of the railways being asked to state right away just what they intend to do, whether they are going to erect a station or not. "It is just this," he emphatically declared the mayor. "We want to know just where we are and it is only reasonable to expect a decision right now."

E. W. Beatty, K.C., solicitor for the Canadian Pacific Railway, was not in a position to give the mayor the information asked for, as he placed the onus upon the Grand Trunk Railway.

Too Mysterious.
When referring to a remark made by the mayor that the C.P.R.'s movements were a little too mysterious, he said: "What the C.P.R. has to do in compliance with the order from the board is not much of a mystery. The G.T.R. have contemplated the erection of a station, and they have obtained the powers of expropriation, and also its engineers are preparing the plans. The mayor's actions seem to be against the C.P.R. and G.T.R. collectively, but it does not affect the C.P.R. We are not adverse to joining with the G.T.R. so long as our rights are protected."

"The Union Station depends upon the construction of the proposed viaduct," declared Mr. Beatty. "and I may state that the C.P.R. is unalterably opposed to the viaduct because it is dangerous and affects our property to its detriment. The work could not be commenced until next spring, and another thing, the eastern end is being held up waiting reports from Engineer Mountain. So far as the C.P.R. is concerned, providing it was willing, it has not received any definite plans."

Had a Long Time.
Chairman Mills—"You have had a long time to consider, and why doesn't the C. P. R. make its line of action clear?"

W. H. Biggar—"The present condition of affairs was brought about by the sudden change of management."

The Mayor—"This appeal will not meet with much success anyway. But we should not prejudice the chances they are taking. We know they cannot start the actual work until next spring, but they can prepare the plans. The railways have been jockeying from one argument to another, and now that they are cornered, they bring forward this appeal. I know of railwaymen who are themselves ashamed of the existing station. There is nothing in the world preventing these men from getting together, and coming to some definite agreement."

Chairman Mills—"What can the board do?"

The Mayor—"The board can make an order demanding some action."

Chairman Mills—"We have been informed that negotiations are still pending."

The Mayor—"Yes, and they are no nearer completion than they ever were."

The Railway Men—"No, no, no. We are now under a better understanding than we ever were."

The Mayor—"Then you are close enough to give us a decision right away."

It was decided that the railways will submit a joint statement as to the conditions of affairs in three weeks.

Must Be Joint Work.
The G. T. R. has assumed the onus as to the station, and the C. P. R. differs with it upon certain grounds, but it is acknowledged the fact that the work must be done jointly, and it is with a knowledge of these circumstances that the respective presidents are now conferring on the question.

"There will be no delay on that account, because the winter will hold back the work, and a final decision will have been reached ere the spring chaws set in. It would be unwise for us to spend such large sums without a final settlement having been reached. We do not even know what levels have been decided upon."

W. H. Biggar, K.C., concurred with Mr. Beatty, and stated that the G. T. R. will probably join with the C. P. R. in their appeal against the viaduct. "How can the G. T. R. proceed with the construction of the station without the concurrence of the other railways?" he asked.

"This appeal to the governor-in-council should not operate in any way as a stay," put in the mayor.

W. H. Biggar—"The appeal would never have been made, had not the other railways said they were not coming in, then we will not build so large a station."

General Hsu Favors Missionaries

Rev. A. R. Saunders of the China Inland Mission, arrived in the city with his wife and daughter on Friday afternoon from their station at Zang Cheo. Mr. Saunders left Toronto, where he was assistant secretary of the Y.M.C.A. for China, twenty-five years ago. He is now superintendent of the work of his mission in the Province of Kiangsu, and holds a place of high esteem among missionaries of all sections. During their six days' stay in the city Mr. Saunders will speak in Westminster Presbyterian Church tomorrow morning, at the Y. M. C. A., Yonge street, in the afternoon, and at Cooke's Church in the evening.

There will be a special public meeting called by the China Inland Mission on Monday night, at 8 o'clock, in the Toronto Bible Co.'s, 10 College street, when both Mr. and Mrs. Saunders will speak. Mr. Saunders will tell the story of how General Hsu Pao San, commander of the second army corps of 30,000 men, and the man who has kept his district in peace all through the changes in China, has manifested his confidence and regard for the missionaries and their message. He has arranged for officers and troops to meet in a large hall, 150 at a time, each Sunday morning to hear the gospel. At the opening meeting when the brigadier to represent the general made a short opening address before handing the meeting over to Mr. Saunders. The substance of his remarks was: "The change from a despotic monarchy to a republic in such an incredibly short space of time, and present conditions of peace in most parts of our land, are due in large measure to the work of the missionaries to Jesus, and it is right and proper that we meet to publicly express our thanks to Jesus for His protection. I have also invited Mr. Saunders to arrange for weekly preaching services, that you and I may hear the doctrine and learn what Jesus wants us to be and to do." These services will be carried out during Mr. Saunders' absence by thirteen or more missionaries, of various societies from Nanking, Shanghai and elsewhere, who will take a Sunday once in three months.

Mrs. Saunders will tell, among other things, of the contrast between their being driven out of China with cruel beatings and exposure and hard travel on a forty-nine days flight to the coast, in the Boxer year, 1900, and their being escorted—only eight weeks ago—by thirty military officials to the general's steam launch and sent off with wishes for a speedy return, and with five thousand soldiers lining the banks of the canal and firing crackers in salute as the launch passed down.

TURKEY PLAYS FINAL CARD IN CONFERENCE

CHIASSO, Switzerland, Sept. 27.—(Can. Press.)—The impression prevails here that Turkey is playing her last card in order to find out whether Italy's position in regard to the sovereignty of Lybia is immovable.

The Italian minister to Switzerland, F. Cuccchi-Boasso, has gone to Italy, ostensibly on his vacation, but really to inform the Italian premier as to the latest details of the negotiations going on at Ouchy. These would be difficult to explain by letter and even more so in ciphered despatches.

Peace Outlook Brighter.
ROME, Sept. 27.—(Can. Press.)—The fact that the Turkish Government has sent Rechad Pasha to Ouchy to take part in the peace negotiations in progress here between Italian and Turkish delegates revives the hope here that an amicable understanding will be reached. This feeling is the outgrowth of the fact that Rechad Pasha for many years was Turkish ambassador to Italy and knows the country and its people thoroly.

RECTOR OF ST. BARNABAS
Lord Bishop of Toronto Appoints Rev. L. B. Vaughan.

The following appointments have been made by the Lord Bishop of Toronto: Rev. L. B. Vaughan, rector of St. Barnabas Church, Halton street, in succession to the late Rev. W. Moyes Clark, M.A., and the Rev. H. D. Raymond to the staff of Wyckoff College.

The bishop, having returned from Bonhead, where he instituted and inducted the Rev. T. N. Lowe as rector of Tecumseth and Bonhead and held a confirmation, will preach at the reopening of the Church of the Redeemer on Sunday morning and at the Cathedral at 7 o'clock p. m.

The last services for the season will be held in St. Andrew's Church, Centre Island, by Bishop Reeve, on Sunday at the usual hours, 11 a. m. and 7:30 p. m., and there will be a celebration of Holy Communion at the former service as well as at 8 p. m.

SELF-PROPELLED TROLLEY FOR SUBURBAN SERVICE

Canadian Northern Railway Has Bought a Car Which Already Has Covered 1000 Miles and Came to Toronto From Guelph at Thirty Miles an Hour.

Country folk between Toronto and Galt saw a strange sight yesterday. A self-propelled car, self-propelled, its own power-house being on board, whizzed along the Grand Trunk rails at the speed of a fast train. It went the distance of 45 miles in 2 hours and 11 minutes, or about 30 miles an hour, and never slackened its speed except to get on and off the rails. This car is now in the Union Station yards and was the cynosure of many eyes for hours after its arrival here.

The fact that the Canadian Northern Railway has purchased it looks as though there is some truth in the talk of electricity becoming the power in transportation of the future. This car will be given a trial trip from Toronto to Richmond Hill over the Ferry Road line of the C.N.R. this morning, when several officials of the company will be there. The car will afterwards be used in a local service between Sutton and Schomberg, which is an innovation for a Canadian road.

The International Electric Co. of Detroit owns the patents of the car and the Preston Car and Coach Co. of Preston, Ont., are the Canadian manufacturers. Among those in the party which came to Toronto from Galt in the car were Charles Wright, general sales manager for the Preston Car and Coach Co.; Dr. J. M. Wilson of the Grand Trunk; Stratford; William M. Bennett,

vice-president of the International Electric Company, Detroit; William Farwell, superintendent of terminals, G.T.R.; and George Mitchell, superintendent of bridges, G.T.R. The car was invented by the Marik Gas Electric Co. of Galt, the first one of this make to come into Canada, although many American roads use them. It has a seating capacity for 42 people, and the particular one has a single truck, with the power plant in the trucks, there being no floor space taken up by the out of the factory the car has covered a distance of over 1000 miles, giving an illustration of its reliability. It can attain a speed as high as 50 miles an hour. As an idea that it is comparatively cheap to operate a car of this character, it costs on an average three cents a mile. This is slightly higher than in the United States, where gasoline can be obtained at a lower price.

Its advent into Canada is another indication of the fact that the Canadian roads will soon put electric cars of this sort on the branch lines, in order to reduce operating expenses. It has been found a testing game for most railways to handle traffic over spur lines, and by using the gas-electric car the expense is much lower and the results even better, according to railwaymen.

MAN CAUGHT NOT ROBBER

So Say Seattle Detectives Concerning Arrest at St. Louis.

SEATTLE, Wn., Sept. 27.—(Can. Press.)—The man arrested in St. Louis, according to detectives directing the search here, is not Al. Addison, alias Albert Anderson, the last of the trio believed to have committed the actual robbery of the New Westminster Bank. Addison was Charles Dean's partner in a bowling alley in Tacoma, and also in the ownership of a swift gas-coach in which the thieves are supposed to have escaped from New Westminster. It was the theory of detectives here

that the actual robbery was done by John McNamara, Charles Dean and Addison. The two former are in prison awaiting trial. Addison has never been found. All the other arrests in various parts of the country in connection with the robbery are said to have been of men accused of handling stolen bills.

Owing to the large amount of water-power in Switzerland, electricity can be applied to a good advantage and a low cost, for heating buildings, and it is stated that it is also being used in a number of instances for the heating of churches. Among these are the churches of Walfalden, Schwilbrunn, Arosa, Sils, Brugg, Aengst and others.

Judgment of Denton, J. J., of the County of York, of June 18, 1912. Plaintiff, a real estate agent, brought action to recover \$412.18, commission claimed on the sale of a parcel of land for defendant on the west side of Avenue road. At the trial judgment was awarded plaintiff for \$412.18 and costs. Appeal argued and dismissed with costs.

Before Garrow, J.A.; Maclaren, J.A.; Meredith, J.A.; Magee, J.A.; Lennox, J.
Re Macdonald and City of Toronto—H. L. Drayton, K.C., and C. M. Colquhoun for the city; J. S. Fullerton, K.C., and H. C. Macdonald for Mrs. Macdonald. An appeal by the City of Toronto from the award of H. L. Drayton, official arbitrator, awarding \$1587.40 to claimant for land taken under bylaw No. 4741 by the city for the widening of St. Clair avenue, being the front ten feet of lot 44, and \$250 for injuriously affecting the remainder of claimant's land by such taking under claim added by amendment. The appeal of the city is as to the \$250 allowed for damages under the claim added by amendment. Judgment: Appeal allowed with costs. Cross appeal dismissed with costs.

Before Moss, C.J.O., Garrow, J.A., Maclaren, J.A., Meredith, J.A., Smith v. G. T. R. Co.—I. F. Hellmuth, K.C., and W. E. Foster for defendant; J. R. Logan (Sarnia) for plaintiff. An appeal by defendant from the judgment of a divisional court of Feb. 14, 1912, allowing an appeal from the judgment of Britton, J., at the trial on Dec. 15, 1911, and directing judgment to be entered for plaintiff for \$1800 and costs. This action was by Jean Smith, widow of Charles Franklin Smith, a locomotive engineer, in employment of defendant at the time of his death, who was killed by his engine plunging into the Welland Canal thru an opening in the bridge, which bridge was alleged to be open thru negligence of defendant. Judgment: Appeal allowed. Judgment of Britton, J., at trial dismissing action restored. The appellants to have costs in the divisional court and here if asked.

Zufelt v. C. P. R. Co.—I. F. Hellmuth, K.C., and A. MacMurchy, K.C., for defendant; W. M. Douglas, K.C., and G. F. Mahon (Woodstock) for plaintiff. An appeal by defendant from the judgment of Teetzel, J., of Sept. 28, 1911. This is an action for \$10,000 damages by Leah Zufelt and Adeline Zufelt, father and mother of Ernest Zufelt, who while driving on Zorra street, in the Village of Beachville, on the evening of Jan. 4, 1910, was struck by an engine of defendant and killed. The plaintiffs allege negligence of defendant; J. R. Logan (Sarnia) for plaintiff. An appeal by defendant from the judgment of a divisional court of Feb. 14, 1912, allowing an appeal from the judgment of Britton, J., at the trial on Dec. 15, 1911, and directing judgment to be entered for plaintiff for \$1800 and costs. This action was by Jean Smith, widow of Charles Franklin Smith, a locomotive engineer, in employment of defendant at the time of his death, who was killed by his engine plunging into the Welland Canal thru an opening in the bridge, which bridge was alleged to be open thru negligence of defendant. Every day we have evidence that the weakling has no place in the busy humdrum life of to-day. It takes nerve and strength to go up against the obstacles we are now forced to encounter, and this the weakling lacks. Look about you and see the successful man of to-day—it matters not whether he be a merchant, lawyer or laborer—with head erect, eye clear, strength in his every movement. He is ready to tackle any problem with that enthusiasm which insures success.

I can make just such people of weaklings. I care not how long they have been so, nor what has failed to cure them. Let them wear my

Dr. McLaughlin's Electric Belt

every night as I direct, and in place of the weak-nerved, debilitated being, I will show you a strong person, full of vigorous life, with nerves like steel and ready to look anyone in the face and feel that he is the equal of the best of them and can do what they can do.

You will say this is promising a great deal. I know it, and can show you evidence that I have done it for thousands of weak people, and every one who has spent from \$20 to \$500 on drugs before they came to me as a last resort. Are you weak or in pain? Are you nervous? Weak Stomach, the blessing of health and strength? I can give you more than you feel as you did in your youth. My Electric Belt is worth while you sleep. It gives a soothing, genial warmth into the body. This is life-vigor.

Dear Sir—I have used one of your Belts and found it very satisfactory in every way, and can recommend it to anyone suffering from weakness or debility.

Sensational Advance in Hollinger-Pearl Lake Jumps

WHEAT GOES DOWN ALL NEWS DEPRESSING BIG DELIVERY PORCUPINES LEADERS BUYING OPPORTUNITIES

Price Makes Net Decline of Half Cent as Day—Weakness in Evidence Throughout Session and Closing Rally Was Moderate.

CHICAGO, Sept. 27.—Wheat today touched the lowest price so far this season. Predictions of big wheat shipments were chiefly responsible. The market finished steady but 1/4c down all around compared with the night before. The outcome in corn was a decline of 1/4c to 1/2c and for oats a loss of 1/4c to 1/2c. Latest trading left provisions ranging from 5c off to an advance of 2 1/2c.

Rallying power seemed to have vanished from the wheat pit. Commission houses were fair buyers on the whole but offerings remained heavy throughout. It was estimated world shipments would be nearly 4,000,000 bushels greater than for the corresponding week a year ago. The fact that although a light export business was reported, cash demand, as a whole, dwindled, increasing the weakness.

Delivering September Contracts. Kansas City promised heavy receipts for next week. In this connection a leading firm here said to be largely interested in Kansas City, was a liberal buyer of the September option in Chicago, but a seller of May at 1/4c difference. On the other hand, mills at Minneapolis were reported delivering wheat on September contracts, a procedure almost unknown in that market.

Buying demand for corn received a check thru the weakness of wheat and because of break in cash prices. Oats became easy in sympathy with other grain. Commission houses sold on all hard spots.

Scattered liquidation took the edge off the provision market, especially for nearby delivery.

Northwest Receipts. Receipts of wheat at northwest points were as follows:

City	Thurs. ago	Last wk.	Last yr.

Hollinger, Pearl Lake and Jesper March at Head of Upward Procession—Cobalt Strong But Less Active—Sales Very Easy.

The mining market was again buoyant yesterday, with the buying orders training into new favorites as is usually the case in a market of this kind.

The Porcupines were all very strong, with Hollinger as the favorite. This stock opened at 11 1/2, being an advance of 1/2c on the previous day's last sale, and sold up to 12 1/2.

It seemed impossible to buy this stock without advancing the bids 25 points. The buying of this stock is very much the same as in the case of the other stocks.

Jesper was another strong performer. Opening at 36 on large dealings it steady figure 36. Montreal has been a steady purchaser of this stock for some time.

Swastika sold up three-eighths of a point, closing at 9 1/2 asked. This stock was not as active as its usual wont but continued strong.

Union Stock Yards. Receipts of live stock at the Union Yards were 15 carloads—122 cattle, 189 hogs, 1 sheep and 4 horses, out an increase of 267 sheep and lambs and 185 calves in comparison with the corresponding week of 1911.

At the Union Yards the above figures show an increase of 188 cars, 248 cattle, 363 hogs, 250 sheep and lambs, 22 calves and 1 horse, compared with the same week of 1911.

VALUES \$30 TON ACROSS PEARL LAKE 18-FT. VEIN.

Manager Gives Particulars of Find at 400-Foot Level—Company Will Now Install Twenty-Stamp Mill at Once—Property Proven One of Best in Porcupine.

Burr E. Cartwright's optimism and mining intuition has again been rewarded. For many months he struggled along, often against advice, to prove the Timiskaming. His confidence and patience were repaid, and it now appears as though he will reap a reward from the Pearl Lake development.

Mr. Cartwright was one of the first to have faith in Porcupine, and despite many failures this has not been repeated. "Pearl Lake will make good," he has repeatedly disbelievers, and last week's statement of the property has verified the statement.

The Pearl Lake property was tested by diamond drilling to greater depth than any other claim in Porcupine. At the 400 ft. level the drill ran into a promising vein and other veins were tapped at various levels.

But the 400 ft. vein was the one that President Cartwright looked to prove the high value of the Pearl Lake claim. Situated in close proximity to Hollinger and with veins which can be traced from that mine, the Pearl Lake property has been expected of the Philadelphia capitalists who put their money into the Pearl Lake Co. and so after a thorough examination and inspection by high-class mining engineers, and the colonel, who arrived in Toronto from Porcupine, was not a bit excited over last week's

BROOMHALL'S SHIPMENTS.

Broomhall estimates wheat and flour shipments for the week, exclusive of North America, at 80,000 bushels, a 10,000 bushel week of the Pacific coast, and 10,000 bushels of the United Kingdom, and 10,000 bushels of the United States.

WHEAT AND CORN VALUES FORCED DOWN.

Prices of wheat and corn have been forced down by the heavy shipments of the United States and the United Kingdom.

PACIFIC'S GREAT EARNINGS.

It was estimated that Union Pacific, on the basis of figures published Thursday, earned at rate of more than 20 per cent, on stock in August, and that Southern Pacific earned at rate of 14 per cent in that month.

CANADIANS IN LONDON.

BIG LOCAL MEN ARE IN NEW BOND COMPANY

John C. Eaton, Sir John Gibson, Sir William Whyte, George E. Drummond, G. T. Somers and Others Are To Be Directors and Trustees—G. O. Somers Manager of Canada Bond Company.

Several well-known financial men, actively engaged in the commercial development of Canada, have organized the Canada Bond Corporation, Limited, with a capital of \$3,000,000 head offices at 49 Yonge street, to deal in municipal and industrial bonds and securities.

The corporation's directors and trustees will include the following: Sir John Gibson, lieutenant-governor of Ontario; John C. Eaton, president of the Montreal Star; J. A. M. Aikins, director of Canadian Pacific Railway; Winnipeg; George E. Drummond, Montreal; Sir Hugh Graham, proprietor of the Montreal Star; J. A. M. Aikins, member of parliament, Winnipeg; G. T. Somers, president Sterling Bank of Canada; Hon. Geo. W. Brown, lieutenant-governor of Saskatchewan; Hon. James A. Lougheed, Calgary; Hon. Theo. W. Peterson, lieutenant-governor of British Columbia; W. K. George, president Standard Silver Company, Toronto; Hon. James H. Ross, Regina; and several leading financiers of Great Britain. The Bank of Nova Scotia and Bank of British North America will do the corporation's banking. T. Watson Smith, C.M., has been appointed auditor. Thomson, Tilley and Johnston of Toronto are solicitors, and George O. Somers has been appointed manager. Offices will be established in London, Eng.; Montreal, Winnipeg, and several leading cities of the Dominion.

All of the men associated with the company are well known to the financial and investing public. George O. Somers, its manager, has recently relocated here after having been actively engaged in the development of the Canadian and American northwest and Pacific coast country. He was in railway service at Winnipeg for several years and subsequently, he was associated with James J. Hill in the development of the Great Northern properties and the country opened up by them, retaining the position of assistant vice-president to assume the management of transportation and purchases for the United Fruit Company, which was incorporated in New York City. His intimate association and personal acquaintance with the commercial interest of Canada, the United States and the tropics will be of great value to this new undertaking of which he will have the management.

Pending the completion of stock-takings arrangements of prospective English shareholders, the officers have not been chosen.

Manager Somers left last night for the west on company business.

CANNERS DOWN, BRAZIL RIVERS AND TOOK ADVANCE

Toronto Market Rather Irregular—Spanish River Carried Higher on Slight Demand—Old Country Buying Brazilians—New York's Activity Distracts Attention.

Considerable irregularity developed on the Toronto Stock Exchange yesterday. Brazilians held the premier position again for activity and strength with a price ranging 3-8 above par and thereby carrying out the statements which were made four weeks ago. Several thousand shares were again dealt in and although there must have been considerable realising this was all absorbed, and the lowest sale for the day was at 100-1-4. It is not expected that any financing in connection with the Brazilian shares will affect the local market as it is claimed all provision has been made for this in London and a good deal of the recent buying has been for old country account.

The weak issue in the market yesterday was in Canada which was evidently under considerable liquidation. The stock sold in the early trading as high as 74, and then steadily reacted to 70 before there was any recovery. At the close 72 was bid for the stock and 73 was offered.

Tooke was another specialty in which inside operations were conducted, and the price rose from 43-5-8 to 46-3-8 with a sale of an odd lot of two shares as high as 47. The close was slightly higher at 47. The demonstration in this case was understood to be purely for market effect and the purpose of distribution.

BANKS MAKE SMALL GAIN ON TREASURY

For the first time in recent weeks the banks made small gain on the day from subtreasury, but there was nervousness over possibility of calling of loans during day.

GOOD ABSORPTION OF THE BEST STOCKS

Erickson Perkins & Co. wired J. G. Beatty at close of the New York market. Under the leadership of U. S. Steel Corporation stocks showed moderate strength this afternoon with small selling pressure. The banks seem likely to make a fair showing in tomorrow's statement, the keenness of speculators on the prevailing euphoria that banking interests do not want a runaway market at this time, even if it were warranted on general conditions. But there was good absorption of the best stocks, nevertheless, many of them are being bought to take out of the "street." There is doubtless some buying of securities in anticipation of October first disbursement.
