RECIPROCITY STILL WITH US.

In a letter to the New York Times, Prof. Goldwin Smith points out the advantages of closer trade relations between the United States and Canada. He says in part: "If the constant flow of Canadian migration into the United States and the present rush of American migration into Canada do not impair nationality on either side it is likely to be impaired by the interchange of goods."

"Canadian imperialists anxiously protest that there is no such thing as annexationism in Canada. What is certain is that question is not at present in any way before Canadian people, or so far as appears to us before American people."

The writer does not think the American senate can permanently veto reciprocity.

Hagerman. Several of the Sunday school workers attended the S. S. convention at Markham. C. N. Hagerman was elected president.

The Methodists are making extensive repairs in the basement of the church.

Anniversary services in connection with Hagerman Methodist Church will be held to-morrow at 11 a. m. at 4 o'clock. Rev. J. F. Knight, M. A., of Victoria University, will preach. Special music in the morning by a Juvenile choir. Aid in the evening by Unionville choir.

Where the Roses Bloom. Brampton, Jan. 25.—(Special.)—The delegates of the American Carnation Society, holding from nearly all quarters of the United States and Canada, visited the Dale conservatories here to-day.

Anniversary services in connection with Hagerman Methodist Church will be held to-morrow at 11 a. m. at 4 o'clock. Rev. J. F. Knight, M. A., of Victoria University, will preach. Special music in the morning by a Juvenile choir. Aid in the evening by Unionville choir.

HAMILTON HAPPENINGS

CIVIC LIGHTING PLAN

ENQUIRIES TO BE MADE

Board of Works Appoints a Committee—"Cataract" to Be Pursued.

Hamilton, Jan. 25.—(Special.)—The new board of works had its first meeting this evening. A special committee was named to make enquiries as to the cost of establishing a plant to light the city streets. The contract with the Cataract Company will expire in July, 1909. The city solicitor was instructed to advise the company that unless it reduced the street lighting rate from \$85 to \$65 a lamp per year the city would proceed at once with abolition. The city's claim already amounts to \$20,000. Steps will be taken to compel the company to put its wires underground, and the city solicitor was asked to bring in a report as to the city's power in the matter. The T. H. & B. asks for permission to build a new line from its present freight line to the Westinghouse Company. A large deputation protested that Hamilton was becoming nothing more than a railway yard. The city engineer was asked to go over the route with a special committee Saturday afternoon to see if some less objectionable route cannot be chosen. The teamsters applied for an increase of pay from 40c to 50c an hour; referred to a sub-committee. The board foreman's application for an increase from \$15 to \$17 a week was laid over. Chairman Stewart, who had passed the age limit, and it is likely he will be retired.

Parks Board Insistent. The parks board decided to insist upon having its full appropriation of \$18,500. The payment of \$2,000 on the Woodlands Park mortgage was made. An appropriation of \$1000 was set aside for the North End Park.

The fourth annual bachelors' ball was held at the Hotel Royal to-night. The hotel was handsomely decorated. About 150 couples attended. The supper and service given by the hotel management was beyond reproach.

The harbor and beach committee will make efforts to get control of the city dock property, and will tear down the sheds and make other improvements. At their meeting this afternoon, Thomas Beatty was reappointed caretaker of the swimming baths. A committee was appointed to see that the City of Hamilton Company does not fence in all the roadways running across the beach.

The first Sunday school concert and ball at the armories, Col. Logie presided.

Some of the business men of the city will apply to the Ontario legislature for a charter for a business men's club. John T. Hall, assessment commissioner, has been offered a year's term as public agent for Medicine Hat.

E. J. Brebner, a well-known tailor, was arrested this morning and taken to St. Catharines on a charge of fraud. The St. Catharines branch of his business assigned and it is charged that part of the goods from the branch were removed to Hamilton.

The bricklayers and masons will have an eight-hour day, with pay at the rate of 47 1/2 cents an hour, beginning on April 1, and the carpenters have also been granted an increase to 40 cents an hour, with an eight-hour day.

Open ready for business, barber shop, Federal Life. Fred H. Sharp, eight years Hotel Royal.

Hon. J. S. Hendrie was able to leave the City Hospital, where he underwent a slight operation, to-day.

The strike on the Bank of Hamilton building has been settled.

Roller Rinks Are Doomed! Jim McKay has opened a new and up-to-date pool parlor, corner York and Park. Call and see him.

YORK COUNTY AND SUBURBS

TORONTO JUNCTION.
Toronto Junction, Jan. 25.—A special meeting of the town council was held to-night. Communications were received from G. W. P. Hoag re income tax, and referred to the executive committee. The resignation of J. Clark from the board of health was accepted. E. L. Pin of Toronto offered \$20 for the old timber taken out of the Weston road bridge; referred to property committee. J. Broom notified the council that unless the council and city were returned forthwith he would take action to recover to the amount of \$1000; referred to the claims committee. Councilor Irwin informed the council that there is a petition in circulation asking the council to enter into negotiations with the Bell Telephone Company, with a view of getting the same rates as East Toronto. A bylaw to cancel the franchise of the Toronto Suburban Railway Company on all streets south of Dundas-street was read for the first and second time. A bylaw to take over certain lands on Rutley-street for a new town park was read three times. The solicitor read a petition asking the legislature to enable the council to issue debentures to the amount of \$100,000 to pave Dundas-street, for construction of sewers and for the power to enter into a contract with a company for a supply of water. At the police court this morning, P. Ford of Markham was fined \$20 and costs for assaulting Mrs. Burns, who resides in the same house.

About Sunday school children of Victorian Presbyterian Church held their annual entertainment. After luncheon they were addressed by J. J. Street Foreman Moon had four or five snowflakes going all day clearing off the sidewalks.

Chester. The Young People's Society of St. Barnabas Church, 100 St. John's, St. John's, N. B., and St. Clement's, Leslieville, in the Danforth, held an evening of social games and with a musical program. Those who contributed were Misses Maude Proctor, Ethel Proctor, Lizzie Armstrong, Gertrude Proctor, Messrs. Albert Armstrong and H. Coleman. Rev. G. H. Doehring and A. E. Hewitson. The Y.P. Society is giving a party on Tuesday evening, and after the ride to the residence of Mr. and Mrs. James Armstrong.

North Toronto. The entertainment given in Christ Church on Thursday evening in aid of the choir fund, decided a success. Those who contributed were: The Misses Sparks, Kerr and Hodgkins, local soloists; Messrs. Albert and S. J. Douglas, cornet solo, and the Arion Orchestral Club.

Rev. Mr. O'Neil of British Columbia will preach both morning and evening in the Davisville Methodist Church to-morrow.

Lawson Hill of Davisville is being visited by his brothers, William Hill of Churchhill, Ont., and Moses Hill of Bloomington, Ont.

East Toronto. The members of East Toronto Lodge, I.O.O.F., No. 283, are requested to attend the funeral of the late Mr. Kane, at his mother's residence, Norwood road, at 3 p. m. to-day. Interment at Norwood Cemetery.

Wychwood. Wychwood district is rapidly increasing in population. All classes and creeds are represented in this locality. It enjoys the privilege of a Methodist Church, a Presbyterian Church, a branch of the Church of Christ, and an outpost of the Salvation Army. It has a large percentage of adherents of the Church of England, and the authorities of the latter denomination have arranged for the establishment of a church in Wychwood Park, where a site has been reached in the little town of Wychwood and St. Clair-street, with the purpose of erecting a building next spring.

County Council. Councillor Pugsley yesterday introduced a motion to petition the legislature to amend the Municipal Act to allow non-resident tenants to vote at municipal elections. The law has hitherto been that tenants, who renting land and paying taxes therefor, were unable to register their votes. A long discussion also took place over a notice of motion by Councillors Poole and Legge, asking that the legislature reinstate section 8, chapter 279, releasing individual land-owners from

CHILDHOOD AILMENTS. As a remedy for all the ills of childhood arising from derangements of the stomach or bowels Baby's Own Tablets have no equal. You do not have to coax or threaten your children to take them—children like them. The ease with which they can be given as compared with liquid medicines will appeal to every mother. None is spilled or wasted—you know just how big a dose has reached the little stomach. And above all mothers have absolute guarantee that the Tablets contain no opiate or poisonous soothing stuff. They always do good; they cannot possibly do harm. Mrs. Edward Donovan, St. Agatha, Que., says: "I am delighted with Baby's Own Tablets. I know no medicine that can equal them in curing the ills of young children." You can get the Tablets from any druggist, or by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

decision in the matter of an arbitration between the Aurora-Schomberg Railway and some of the owners, whose farms this road traverses. The arbitration was held five years ago by Judge Morgan, but not an inkling of the judgment has yet been received. The railway has during the whole of this time had the use of the portions of the farms involved, and those interested are wondering whether it is the intention of the judge to hand out a decision at all. Walter Fleury and Mrs. J. Rogers are two of those whose farms are thus tied up in King Township. The question is being asked, Would the corporation have waited so long for a decision if the positions had been reversed?

Mr. M. J. Newton, formerly of the Empire, is now proprietor of the Imperial Hotel, corner King and York-streets, European plan.

For sale in five, ten or twenty-acre lots—the old Madill farm, situated just outside the Village of Weston, being east half of lot 10, concession 5. The soil, being a deep rich loam, is especially adapted for gardening. Terms easy to suit purchasers. For particulars apply to Riley Bros., Emery, or McEwen & Saigeon, Weston.

The Hayter-street Creche is closed up; the board of management having secured better and larger quarters elsewhere.

SERVICES AND GAVE THEM THEIR GREAT AND INCREASING VALUE.

All these companies have in their measure the class of stock which is now described as "water." "Water" is introduced into any public service corporation's capital in an endless variety of ingenious ways.

The Toronto Street Railway has \$5,000,000 of "water" in its stock composition. At the present rate of dividend this means that \$500,000 has yearly to be obtained from the earnings of the enterprise.

The request made by the Toronto Electric Light Company for power to increase its capital by the issue of \$1,000,000 of new stock at par, when the present stock is quoted at 90 per cent. premium, is another attempt to grab \$600,000 of anticipated profits and to saddle this public-service enterprise with another \$75,000 of "watered" stock.

THE SUNDAY WORLD.

Are you keeping a file of the illustrated section of The Sunday World? The suggestion was made some time ago, early enough for those who cared to do so to preserve their copies each week.

Every number of The Toronto Sunday World contains a variety of fine, half-tone illustrations, of more than evanescent interest.

TORONTO AND ITS FRANCHISES.

That the Toronto street cars are habitually, at certain periods of the day and more or less always, overcrowded, is a fact which cannot be denied or disputed.

The Toronto street cars are habitually, at certain periods of the day and more or less always, overcrowded, is a fact which cannot be denied or disputed.

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

Forty-eight Article. We believe that the action of the board of railway commissioners in enacting legislation authorizing the collection of car service charges without exacting an equivalent return from the railway companies was prejudicial to the interests of the people of Canada.

The board of railway commissioners should be called before the house of commons and asked to explain their refusal to grant the people equal protection with that given the carrying companies.

When the railway companies decide that it would be in their interest to make changes in their tariffs or in their regulations, they do not wait for someone to suggest that certain things should be done—they simply go ahead and do them.

It is utterly absurd to have tariffs filed with a board of railway commissioners for approval, and have those tariffs sanctioned and made legal without the slightest attempt at inspection by the members of that board.

The board of railway commissioners should be the most useful body in Canada; it is instead the greatest farce that has ever been placed before the people.

GRAHAM TO LEAD LIBS. BY UNANIMOUS CHOICE.

Brockville Editor Accepts With Condition That Party Through Province May Act as They Please.

George Perry, Graham, M.L.A. for Brockville, was selected by the Liberal caucus of the local house yesterday as leader of the party for the present session.

Mr. Graham was nominated by G. M. Cameron, and with a significant vote would have justified his election decision.

HON. G. P. GRAHAM.

Mr. Graham made the following statement after the caucus, which he could not be persuaded further to supplement.

"After full consultation with the members and understanding their views as well as the views of the Liberal caucus, I accept the leadership with the explicit understanding that neither my action nor that of the Liberal caucus will interfere with the freest action of the great Liberal party throughout the province."

His Career. Mr. Graham was born March 21, 1852, at Eganville, Renfrew County. He is rather over medium height and looks rather distinguished, with silvery hair and the urbane expression of a successful newspaper man.

Mr. Graham is a good speaker, ready and witty and always good-humored. His reputation in every respect is immaculate and should be not adopt as an article of faith a belief in the impossibility of the Ross administration.

He is a general favorite and with a clear-eyed smile of much sweetness exerts great personal magnetism. He is interested in amateur sport, hockey, lacrosse, baseball, football and rowing.

STREET CLEANING ESTIMATES HALVED BY THE ALDERMEN

Thinks Dr. Sheard Too Lavish in Use of Water—Board of Health Outlook.

The civic board of works wrestled with Dr. Sheard's street cleaning estimates for two hours yesterday afternoon, and struck off about \$47,000. It was upon considering the items of \$22,748 for general flushing of streets, and \$33,322 for macadamized road cleaning that the board was struck with the need for economy. The amounts were cut in two. From the estimate of \$68,442 for general street cleanings, \$40,000 roughly, was deducted, standing for the reduced rotary sweeper service. The estimates, as they go forward to the board of control, represent a sum of about \$465,000, as follows: Scavenging, \$155,283; street watering, \$43,922; asphalt cleaning, \$53,858; general street cleaning, \$54,449; general flushing, asphalt and brick residential streets, \$26,874; macadamized road cleaning, \$16,461; western destructor, \$12,884; new crematory, \$20,000; new horses and carts, \$20,000; eastern stables, \$10,000. Dr. Sheard explained that his request for \$25,000 more for scavenging was for the building up of the northwest section of the city. The item of \$8000 more for street watering was objected to by Ald. McBride. Dr. Sheard pointed out that the flushing was done mainly on downtown business streets. The residential streets had not been so treated last year. The alderman held that street sprinkling would be of better effect than a single daily flushing in keeping down the dust, while Ald. Chisholm objected to a daily flushing of asphalt and brick residential streets. Ald. J. J. Graham said he had heard many complaints about the dust arising from macadam roads, and approved \$25,000 provided for the work. Ald. Vaughan declared that flushing was a great success.

To Buy or to Hire.
Ald. J. J. Graham declared that streets in the suburbs should be given as much attention as those downtown, and Ald. McBride agreed. The item of \$25,000 for cleaning macadam roads provides for weekly cleaning, not including watering, which is under special contract. The committee agreed that a tri-weekly flushing and bi-monthly flushing should be sufficient. Dr. Sheard, supporting his request of \$20,000 for new horses and carts, declared that the system of hiring was unsatisfactory. Ald. McBride asserted that the system worked to the satisfaction of the foremen of the department. "Bring them forward," advised Dr. Sheard, with warmth. "If I did they'd lose their jobs," retorted Ald. McBride, who had heard Ald. McBride opined that the city would be served with more loyalty by a regular staff of employees than by a

makeshift lot, and the board approved the recommendation. Ald. McBride, who was spending a very vigorous afternoon, objected to the increase in salary from \$15.00 to \$17 a week for foremen in the street cleaning and scavenging departments, but without avail.

Board of Health.
Ald. Church is chairman of the local board of health. The position to which, by the way, no honorarium attaches as with the other civic committees, was conferred upon him at yesterday's meeting, at which were present the mayor, Ald. J. J. Graham, Dr. Noble and Ald. Church. Ald. McBride, Dr. Lynd and ex-controller Shaw were absent.

It was a quiet affair. No one seemed to have any desire to oppose Ald. Church, and when the mayor announced that Ald. McBride, who was heard to say "I am not sure that the board will not make an order that will jeopardize the city's interest in the future," he said, "It was decided that the proposed conference should be held. The mayor says he will move to have the city solicitor instructed to apply to the railway board for an order restraining the company from changing their routes, pending the decision of the privy council on the appeals now standing."

That Application.
Controller Harrison asked what the city would do in regard to the Toronto Electric Light Company's application to increase their capital stock from \$3,000,000 to \$4,000,000. The city solicitor said that as Ald. Church's motion to have an act applied for empowering the city to expropriate the Electric Light Company's plant had passed by the legislative committee, the city was interested in seeing that no unnecessary increase was granted. Mr. Chisholm was instructed to report on what grounds the city should oppose the application, if it was decided to do so. An interesting instance of City of Toronto bonds that have been allowed to mature is that of the \$100,000 bonds issued 15 years after they became due has just been brought to light. City Treasurer Coady tells the story as follows:

"Seven thousand dollars of City of Toronto debentures matured in 1885, but were never presented for payment. The interest was regularly paid until the debentures matured, and, although the city solicitor had asked the holders to present them when the bonds were never presented until yesterday. It appears that the owner, the late Dr. Thornton of New Richmond, Que., kept these debentures with certain Montreal debentures after maturity among his papers, evidently thinking that when the interest coupons were all paid the debentures were of no value. Dr. Thornton died on the 2nd inst., and an agent of his estate on looking thru his papers found the debentures, and has made application to the city treasurer for payment of \$229,750 for the debentures and interest, since maturity. The bonds would have been paid over a year and a half hence, and it is thought that interest is outlawed now after the expiration of five years, but it is certain the corporation will not take advantage of the statute of limitation, but will pay all that the holders can receive on their bonds."

Interim Appropriation.
The city engineer considers, as to the suggestion of the Guild of Civic Art that Sheppard-street and Victoria-street should be extended to provide for a car line to parallel Yonge-street, that the great difficulty would be the fixing of a basis of assessment on surrounding property. The city will entertain to luncheon on the 29th inst. the next convention of the Union of Western Ontario Municipalities, to be held within the next five weeks. The board of control has, upon recommendation, made an interim appropriation of \$229,750 for the use of the city departments until the estimates are adopted, \$271,350 being for uncontrollable and \$56,400 for controllable expenditure. Property Commissioner Harris has finally succeeded in having removed the shack at the corner of Harbour-street and the roadway leading to Geddes' wharf, used as a refreshment booth for many years by Mrs. W. J. Ryan of 525 Parliament-street.

SPHYLIATED.
New York, Jan. 25.—Two boys were killed by illuminating gas in their home in Jersey City to-day, and a man who occupied a room in the same house was overcome and may not recover. John Kussel, the boarder, turned the light low when he retired last night. It is believed that the flame was extinguished when the pressure was reduced during the night.

markable haste.
"I think I may say that their celebrity in this case was extraordinary," he continued. "They made an order, and made it before 10 o'clock in the morning, which could not have been more satisfactory if it had been made by a board of street railway solicitors."

"The city has nothing to expect from a board that will act with such extraordinary speed," he added, and suggested a conference with the city's legal department, when the whole matter could be gone over thoroughly. "I am not sure that the board will not make an order that will jeopardize the city's interest in the future," he said. It was decided that the proposed conference should be held. The mayor says he will move to have the city solicitor instructed to apply to the railway board for an order restraining the company from changing their routes, pending the decision of the privy council on the appeals now standing.

FAMINE AND PLAGUE.
Awful Conditions Chinese Are Facing—Foreboding Driven Into Danger.
Washington, Jan. 25.—The Red Cross regards the famine in China as the gravest problem with which it has to deal at present. Cable reports say that the refugees are being forcibly driven back into the famine districts, where smallpox is adding its terrors. No relief is in sight until the harvest of next year's crops in June, and there is no seed what available for planting. The Red Cross is endeavoring to supply, thru voluntary contributions, but response to the appeal for help has not been encouraging.

A MURDER.
Victoria, B.C., Jan. 25.—(Special.)—The provincial police were to-day advised of the murder at Salt Spring Island of a settler named A. Douglas of Beaver Point. George Williams, a settler, is suspected.

Believes in Victoria.
Dr. Otto Schreiner, doctor at philosophy from England, is registered at the Queen's. He is a German by extraction, and, as he states, by education as well, but being a British subject can properly share in the claims of the empire. He is first cousin to the late Premier Schreiner of Cape Colony, and Olive Schreiner, the authoress of "The Story of an African Farm." He has circumnavigated the globe sixteen times, besides taking various other extensive journeys. He declares that Victoria is set to be Canada's trade center, and in another decade will be the premier western port.

INSURANCE COMPANIES LOOK ASKANCE
AT A MAN IF HE CANNOT ANSWER THE QUESTION, "HAVE YOU EVER HAD RHEUMATISM?" WITH A GOOD HONEST "NO!"
So you see how it bars happiness and comfort if you neglect the means to prevent and cure—the great South American Rheumatic Cure is the effective means, and while lack of provision for your "loved ones" from such a cause may be counted secondary to a life of suffering to oneself, it is one of the many sides in the study of health that we should take in dead earnest. Every disease has its symptoms—every ailment that flesh is heir to has its note of warning, and it's for us to heed or suffer the consequences; and who does not know the signs by experience or observation?—fever, chills, sweating, shooting pains, numbness, aching muscles, stiffened and swelled joints. The great South American Rheumatic Cure gives ease from the first dose and it gently and effectually eradicates the trouble from the system. It gets at the root of the evil and it gets there quickly—most stubborn cases cured in one to three days. Influential physicians prescribe it as the best and surest cure they know of.

IS MAKING ENQUIRIES INTO ELECTRIC LIGHT

W. H. Hoyle, M.L.A., Asks for an Order in Legislature for Certain Information.

W. H. Hoyle, M.L.A., has brought up the matter of the increase in the capital of the Toronto Electric Light Company by asking the legislature for an order of the house for a return giving the following information regarding the company: Date of incorporation; applicants for incorporation; objects of the company; names of the provisional directors; amount of capital; increase of capital stock; names of the directors and shareholders of the company, according to the last return to the government. The government will scarcely have the temerity to grant the application for an increase before such information be forthcoming, and should it prove that the new stock to be issued is not within the terms of the bill to be introduced by Hon. W. J. Hanna on Monday, it is unlikely the application will be approved until it is brought within these requirements. At the present market price of Electric Light stock, if \$1,000,000 is the amount required, very much less stock than a million at par would supply the treasury need. The difference estimated at from \$300,000 to \$400,000 represents water in the stock, which it is the aim of the government bill to eliminate in the future. The application has not yet been considered by the government, Premier Whitney stated yesterday, not having reached the council yet thru the various stages of official procedure.

Mid-Winter Reductions A Bank Account Free

Some people don't understand even yet how much we're doing to encourage business during the usual dull season. In addition to big reductions in all kinds of Clothing and Furnishings our offer of a free Bank Account with every \$5 purchase is decidedly the most liberal proposition in sight. It means an extra cash discount of 20% in addition to the bargain, and is just as effective as though we handed you back the money. But because the majority of people spend whatever they get we hit on the plan of:

—A SAVINGS ACCOUNT IN THE FARMERS' BANK WITH \$1 DEPOSITED TO YOUR CREDIT WITH EVERY \$5 YOU SPEND HERE

That offer is sufficiently liberal in itself to be immensely popular and those who have taken advantage of it are loud in its praises. And just to show you how thoroughly in earnest we are as regards bargains we challenge any store to show better values than these for Saturday's trade.

In Addition to the Free Bank Account We Offer Big Reductions in Men's Clothing

- 35 Men's Dark Grey Full Length Overcoats, good heavy weight with silk velvet collar. Regular price, 8.50. Stock taking sale **4.95**
- 42 Men's Tweed Suits, in 4 shades of dark and brown, all sizes up to 42. Some of these have been 8.50 down to 6.75. Stock taking sale price..... **4.75**
- 42 Men's Tweed Overcoats, in 7 shades of Scotch Tweed. SB and DB with silk velvet collars—mostly medium shades of grey and brown. These we have sold for 12.00 and 15.00. We intend to clear them. So the Stock Taking Sale Price is..... **9.75**
- A Special Line in Men's Tweed and Worsted Pants. All with the neat panting stripe effect in worsteds and Scotch tweeds—made with 3 and 4 pockets, and just a medium style of cut. Just the pant for best wear. Our usual 2.95 and 3.50. Stock Taking Sale Price..... **2.75**

Big Reductions in Boys' Clothing

- Youths' Overcoats, Chesterfield styles, heavy Scotch tweeds. Some have velvet collars. Sizes 33 to 35. These coats are our regular 10.00, 11.00, 12.50 lines, and to-morrow we intend to clear the lot at **6.99**
- Youths' Long Pants, good strong tweeds. Well made and tailored. Sizes 28 to 31 in. waist. The regular prices of these are 2.25 to 3.00. Special for Saturday..... **1.95**
- Boys' 3-piece Suits, English Worsteds and Scotch Tweeds, dark patterns. Sizes 28 to 33. These suits are well made and trimmed, and are our regular 5.50 to 7.00 lines. Special for Saturday... **4.49**
- Boys' Norfolk Suits, imported tweeds. Sizes 22 to 26. Regular 3.50 to 4.50. Special for Saturday..... **2.49**

Men's "Hope" Shoes at \$3.50

The recent increase of over 50 per cent. in the price of leather is affecting shoe values all over and making it more and more difficult for bargain stores to make good. If you pay a low price for shoes these days you may depend there is something wrong. For ourselves we stick to our own make and continue to sell "Hope" shoes at \$3.50 as an advertisement, even though we lose money. Absolutely nothing in Canada to equal them for the money.

Cigars and Tobaccos

Jamieson's Five..... 5c each
Box of 50 Cigars..... 90c box
10c Bofesford..... 10c Manuel
Sat. 5c..... Victor Sat. 5c

15c CLEAR HAVANA DON AMERO SATURDAY BARGAIN

10c Creme de Creme 5c
6 for 25c..... Amadora 3 for 10c
10c Brier..... 9c 10c Starlight 3 for 25c
Smoke Rounded Corner Cigarettes..... 20 in pkg. 15c pkg.
Pipes at Reduced Prices.

Public Amusements

The coming of Jessie Busley "in the Bishop's Carriage" to the Princess Theatre next Monday evening for a week's engagement has awakened considerable interest among people of a psychological bent, owing to the sharp discussion recently instigated by Milton Michelson's clever book study of criminology from a woman's standpoint—the standpoint of a girl who is

MISS JESSIE BUSLEY
in "The Bishop's Carriage," a criminal by environment rather than by nature. The novelty of the theme has created an unusual amount of comment. Opinion in general has been of a diversified nature, ranging from the most enthusiastic encomiums of praise for the production as a whole to a rather critical analysis of the plot and theme, in which exception has been taken to the choosing of members of criminal classes for prominent characters. But where one critic has condemned the motive a hundred

ministers have come to the rescue, asserting that the moral of the story was the redemption of a lamb, which has strayed from the secure fold of respectable society. Those interested in the fascinating study of criminology the characterization of the role of Nance Olden, as portrayed by Miss Busley, is as nearly faultless as human ingenuity can contrive to make it.

Viola Allen will present her massive and beautiful production of Shakespeare's historical romance, "Cymbeline," at the Princess Theatre week after next. It is said that this, the third recent Shakespearean production made by Miss Allen, is by far the most elaborately beautiful, and that the character of Imogen is ideally suited to this delightful interpreter of feminine loveliness and dignified womanhood.

Next week Manager Shea offers another important star, Adele Ritchie, the Dresden China comedienne, who last season made the Social Whirl at the Casino in New York such an emphatic success. Adele Ritchie is dainty and charming, and she promises to sing four entirely new songs and makes the added promise that a new Parisian gown will be worn at every performance. As a special attraction Manager Shea offers Valerie Bergere and company in Roy Patricelli's one-act playlet, "A Bowery Camille." This new vehicle gives Miss Bergere a splendid opportunity. She is surrounded by a capable company and a Bowery Camille runs the gamut of human emotions and from tears to laughter. An announcement will be made later when Miss Bergere will be made Japanese playlet on, as it has been re-announced. Cliff Gordon, known as the German politician, one of the cleverest German comedians on the stage, makes his first appearance here in several seasons. Kremka Bros. are acrobatic acrobats of the highest class. These men have been doing some sensational work in the last few weeks. Etienne and Davis have a singing and dancing musical sketch, which they call "My Sweetheart." In the musical hits in this act are introduced "Keep on the Sunny Side" and "The Different Way Folks Say Good-bye."

The dramatic farce (in costume) to be given by the senior students of Miss Berneice Parker, assisted by Mr. Frank Bernrose, tenor; Miss Evelyn Parker, soprano; and Miss Perle Chelew, accompanist, in St. George's

J. C. AYER CO., Manufacturing Chemists, Lowell, Mass.

SKIN DISEASES

Salt Rheum, Pimples, Erysipelas, Ringworm, Shingles, Scald Head, Itching Sores.

All diseases of the skin are more or less directly caused by a bad state of the blood, which produces acrid humors and corrupts the secretions.

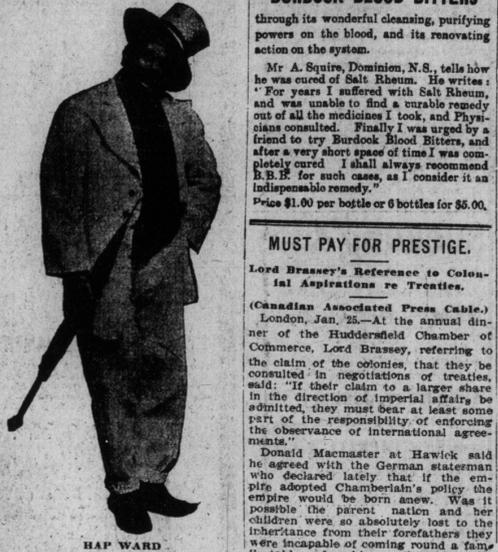

No one can expect to have a clear, bright skin when the blood is in a disordered condition, and the stomach, liver and bowels acting feebly in consequence.

All the above skin diseases, in fact, any disease arising from a bad condition of the blood, are curable by

BURDOCK BLOOD BITTERS

through its wonderful cleansing, purifying powers on the blood, and its renovating action on the system.

Mr. A. Squire, Dominion, N.S., tells how he was cured of Salt Rheum. He writes: "For years I suffered with Salt Rheum, and was unable to find a curable remedy out of all the medicines I took, and Physicians consulted. Finally I was urged by a friend to try Burdock Blood Bitters, and after a very short space of time I was completely cured. I shall always recommend B.B.B. for such cases, as I consider it an indispensable remedy." Price \$1.00 per bottle or 6 bottles for \$5.00.

HAP WARD
Famous Punisher Grand Next Week

him by his family in the hope that he can be cured of his laziness. The curious people by which he finds himself surrounded give Bill a new interest in life. The list of song successes will include "Mary Wise," "I'm the Leading Lady," "Wonderland," "My Irish Girl," "Things That Happen Every Day," "When Dreams Come True," "Larry," "I'm Wise," "The Wedding of the Blue and Gray," "Lou, Lou, Lou." Among the large company will be found Lucy Daly, Fred Wyckoff, Robert Evans, Abe Friedland, Richard Barry, John Hart, Harry Parent, Chas. (Sandy) Chapman, Marian Merrill, and Madeleine Buckley.

A novelty in the first act of the new melodramatic production, "At the World's Mercy," is the taking thru lock of a canal of a full-sized canal boat. The boat first appears drawn along the surface of the stage, and is water by the regulation mules, and

then it moves slowly into the lock. Here, by the aid of mechanical devices, it is made to go thru in the same manner that a canal boat would do in reality. This probably the first time this effect has been successfully attained on any stage. "At the World's Mercy," with its splendid production and cast, will come to the Majestic Theatre next week.

The best of entertainments is offered by "The Avenue Girls," the next week's attraction at the Star. The specialties are such as are seldom seen outside of the leading vaudeville theatres, and the material with which the actors are supplied is fresh from the music mint and fun factory. There are such people in the company as Olga Orloff, songstress; Charles Johnson, German dialect comedian; Elsie Leslie, soubrette; Phil MacFarland and Mike MacDonald, experts in the creation of laughter; The Hatts, gifted musical artists; and Le Roy and Le Vanton, Europe's foremost sensational gymnasts. The two musical varieties are "Tiger Springs" and "The Get Rich Quick Brokers."

Twilight Organ Recital.
Arthur Ingham will perform the following excellent program upon the grand organ in Central Methodist Church this afternoon at 4 o'clock: "The Grand Rondo, in B flat, (Hollins); Allegro Cantabile, in F minor, from the Fifth Organ Symphony (Widor); Capriccio, in B flat, (Wolstenholme); Handel's Concerto, "The Cuckoo and Nightingale"; Gavotte, in E flat, (Ingham); Wagner's Romance from "Tannhauser"; "The Evening Star"; Toccata, in G major, (Dubois); and Lemare's Marche Modere, in E flat. Frank Bernrose, tenor, will sing songs by Sullivan and Benedict.

Canadian Club.
Prof. F. C. de Sümichrast of Harvard University, and president of the Victorian Club of Toronto, will on Monday address the Canadian Club on "The British Empire Within and Without."

WOMAN'S WORLD:

The Winter Girl.
Wearing her hair, with all its wealth of heads, tails, feathers and flowers, slung over her left arm to leave her hands free, is a way of the winter girl which amounts to a fad. From the long-skirts of her most fanciful and fashionable tailor-made, is readily traced the evolution of the characteristic 1896-97 fashion. Her stie, tremendously long, also has its way of being worn, which is to be twisted around the neck, with the short end in front and all the rest to hang down at the back, to the hem of the skirt, if possible. Perhaps the prettiest and she has the possession of four or more tiny brooches, with which is fastened in the standing out roll of a ruche, which is the inevitable accompaniment of the well put on blouse. These little pins are chosen in other than bar shapes, being snorter and wider to fit down more closely around the neck, as, for instance, little openwork butterflies of gold or silver filigree or twists of wire.

Nursing at Home Mission.
The annual meeting of the Nursing-at-Home Mission was held yesterday afternoon in the hall of the Mission Home, Hayter-street, Hon. S. H. Blake presiding. The reports of the nurses and Dr. McPherson were received and adopted, and resolutions were tendered in thanks to each for their unselfish and gratuitous work in helping to relieve the pain and sickness among the poor of the city. The receipts during the year were \$273, the disbursements \$229, and in the dispensary \$276 was received and \$261 expended. During the year 754 patients were visited by doctors and nurses at an expense of \$290; 5976 sick people altogether were visited by the nurses, and 3842 cases treated in the dispensary.

MUST PAY FOR PRESTIGE.
Lord Brassey's Reference to Colonial Aspirations re Treatment.
(Canadian Associated Press Cable.)
London, Jan. 25.—At the annual dinner of the Huddersfield Chamber of Commerce, Lord Brassey, referring to the claim of the colonies, that they be consulted in negotiations of treaties, said: "If their claim to a larger share in the direction of imperial affairs be admitted, they must bear at least some part of the responsibility of enforcing the observance of international agreements."

Whitely's Slayer.
Identified as Former Schoolmaster—Will Probably Reappear.
London, Jan. 25.—The police have identified the murderer of William Whitely, the aged merchant, who was shot yesterday, as Horace George Rayner. He is supposed to have been a schoolmaster, but recently was unemployed and lived in a cheap hotel at Bloomsbury. He told the proprietor of the place that he was the son of a wealthy London business man hailing from Yorkshire, from which part of the country the late Mr. Whitely came.

COLLISION WITH TROOPS.
Many Persons Injured During Eviction of Seminarists.
Yannes, France, Jan. 25.—There was a fierce collision today between 600 troops and the populace, led by the Marquis d'Anglade, during the eviction of the seminarists of St. Anne d'Auray. The crowd cried: "Long live the Prussians!" and in the fight many persons were injured on both sides. The marquis knocked out the eye of a commissary of police with an umbrella. The Marquis d'Anglade was arrested.

THE **Toronto Sunday World**

Pictorial Features for Jan. 27

NIAGARA POWER MAYORS
Twenty-two Ontario municipalities gave majorities for the Niagara Power bylaw at the recent elections. Incidentally they elected mayors who are enthusiastic supporters of the Beck plan of distribution. The Sunday World prints the portraits of a number of these power champions next Sunday.

VIEWS OF KINGSTON
This issue of The Sunday World was obliged to go to press before genuine pictures of the Kingston disaster were obtainable. A number of original views of Jamaican scenery, however, form a highly interesting feature of the issue.

NEW CITY COUNCIL
The Sunday World made a fine flashlight photograph of the first meeting of the Toronto City Council of 1907, which is splendidly reproduced.

GARRISON INDOOR BASEBALL
To make a flashlight photograph in an arena as large as the armories is a very exacting task, but The Sunday World accomplished it successfully, securing a remarkable picture of the invincible Engineers playing indoor baseball. Truly, a very interesting picture.

SCHOOL OF SCIENCE RUGBY
The senior Rugby football team of the School of Practical Science won the Mulock Cup for 1906. Capital portrait group of the champions.

When the Street Cars Were Tied Up

ROLLER HOCKEY
Fine portrait group of the Old Orchard Roller Hockey Team, leaders in the new league.

NEW ATHLETIC CLUB
Excellent picture from a marvellous flashlight photograph in the rooms of the Young Toronto Athletic Club, a new organization.

ST. KITTS ROAD RACE
Group of officials who conducted the Martin electric road race at St. Catharines.

ENDS LIFE WITH CARBOLIC.

James Hackett, a Fire Department Engineer, Suffers Sudden Death.

James W. Hackett, an engineer on the fire department, committed suicide at his home, about 6.30 last night, by drinking carbolic acid.

It was his day off. He spent the afternoon at a theatre with his son, aged 12. The family dined at supper when he arose from the table saying he was going to the drug store. He returned in a few minutes, and went directly upstairs, saying good-bye to his wife. At the top of the stairs he drank out of a vial and threw it downstairs. He was found in his room, lying on his back, no sign of life, and his efforts were of no avail, and death occurred in half an hour.

No reason can be given for the act, except that he had been complaining of neuralgia in the head. Last July his son, the one he had in the theatre, was run over by a street car and lost a leg. The action for damages against the company was at that time being tried at the present assizes.

The deceased was 45 years old and had been a member of the fire department for about ten years. He was assistant engineer at Bay-street station for a year, engineer at Richmond-street for eight years, and Berkeley-street since December, 1905.

He was a member of St. John's Lodge, A. F. & A. M., the A.O.U.W., and an Orangeman.

He leaves a widow, three daughters, one married, and two sons. The funeral will take place Monday morning, at 10 o'clock, from the residence of Mrs. Mary Ellis, 200 St. George-street.

His comrades on the fire department were greatly shocked by the news, and he was popular with all who knew him, and was very well thought of by the officers.

He was one of the most exemplary men in the department, said Captain Grant, "steady and agreeable. His tragic death is a great surprise to us all."

SURPLUS TOTALS \$300,000 WITH \$7,000,000 REVENUE

Announcement Made by Mr. Ferguson at First Day's Session of the Legislature.

Apart from Hon. G. P. Graham's assumption of the opposition leadership, and the premier's announcement of an extra \$240,000 grant to rural public schools, there was little noteworthy in the legislature yesterday. The galleries were sparsely filled at 3.30 when the house opened, and some minutes were occupied with the presentation of petitions against the obnoxious clause 666 in the Municipal Act, which is evidently the number of the house in the constituencies. It deals with liability for damages for defective roads. Other petitions related to wire fence legislation. Messrs. Whitney, Fraser, Bowyer, Hoyle, McColg, Fox, MacKay, Devitt, Smith (Soo), Gallagher, Parsons, Thompson (C. Simcoe), Lackner, Smyth, Mahaffy and Sutherland performed this service for their constituents.

A preliminary vote on the estimates for \$30,000,000 was passed through committee. Surplus \$300,000.

G. H. Ferguson (Greenville) moved that the house "thank his honor for the astute speech his honor addressed to us." He spoke for 35 minutes and imparted the news that the government surplus would be over \$300,000, the revenue being in the neighborhood of \$7,000,000.

CONSUMPTIONS NOT HEREDITARY

Such is the Decision of the British Medical Association.

The old theory of Consumption being hereditary has been completely exploded by the investigations of the British Medical Association. Consumption is purely and only a germ disease. But lung weakness and contracted chest, which commonly coexist, are not hereditary, but are acquired, and are not hereditary. One of the world's most famous physicians spent his life studying this disease and finding a cure. As a result he gave to the world the most remarkable and successful cure for tuberculosis that has ever been known. This cure is now being used by thousands upon thousands of our people. It is a simple, safe, and sure cure. It is a cure that has been tried by thousands of our people, and it has been found to be a cure that is not only safe, but also successful. It is a cure that is not only safe, but also successful. It is a cure that is not only safe, but also successful.

Suckling & Co.

Pulpwood Concessions

Tenders will be received by the undersigned up to and including the eighth day of December, 1907, for ten per cent of the pulpwood on a certain area in the District of Nipissing, north of the Township of Bloomfield, Ontario, and immediately west of the interprovincial boundary line.

Funders should state the amount they are prepared to pay per ton, in addition to such duties as may be exacted from time to time, for the right to operate a pulp or paper mill, and to manufacture the wood into pulp in the Province of Ontario.

Funders making tenders will be required to deposit with their tender a marked cheque, payable to the Treasurer of Ontario, for ten per cent of the amount of their tender, to be forfeited in the event of their not entering into agreement to carry out the concession, etc. The highest or any tender not necessarily accepted.

For particulars as to description of territory, capital required to be invested, etc., apply to the undersigned.

Minister of Lands, Forests and Mines.

Toronto, Dec. 20th, 1907.

No collection of this notice will be paid for.

NOTICE TO CREDITORS

Notice is hereby given pursuant to the Revised Statutes of Ontario, Chapter 123, that all persons having claims against the estate of Daniel McCarthy, late of the City of Toronto, in the County of York, gentleman, who died on or about the 12th day of December, 1906, are hereby required to deliver to the undersigned solicitor for the administration of said estate, or to the undersigned, before the 5th day of February, 1907, full particulars of their claims, duly verified by affidavit, and that after said date the administrator will proceed to distribute the proceeds of the estate among the parties entitled thereto, having regard only to the claims of which he shall then have notice.

Dated at Toronto, this 12th day of January, 1907.

TORTURING SCIATICA.

A Severe Case Cured by Dr. Williams' Pink Pills.

Pierce darting pains—pains like red needles being driven through the flesh—in the thigh; perhaps down the leg to the ankle—sciatica. No one but the victim can realize the torture. But the sufferer need not grow discouraged for there is a cure—a sure cure in Dr. Williams' Pink Pills. These pills make new blood, this new blood feeds and strengthens the nerves and frees them from pain. The pain is banished to such a degree that the sufferer is able to get on his feet. I decided to give Dr. Williams' Pink Pills a trial, as first they did not seem to help me, but as they had been so highly recommended I persisted in the treatment and gradually noticed a change in my condition. The pain became less severe. I felt stronger and my appetite improved. I think I used the pills about four or five months before I was completely cured, but though I had the slight return of sciatica, I think Dr. Williams' Pink Pills are a marvelous medicine and so does my wife, who used them as a blood builder. She says they have no equal and never wearies of praising them to her friends.

Good blood is the secret of health—Dr. Williams' Pink Pills the secret of good blood. That is why they cure sciatica, rheumatism, indigestion, heart palpitation, irregular menstruation, and all ailments common to women. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Merchants Fire Insurance Company

ANNUAL MEETING

Notice is hereby given that the annual meeting of the Shareholders of the Merchants Fire Insurance Company will be held at the Head Office of the Company, in the Confederation Life Building, No. 4 East Richmond-street, corner of Yonge-street, Toronto, Ont., on THURSDAY, THE 14TH DAY OF FEBRUARY, AT 2 O'CLOCK P.M., to receive the Annual Report, elect Directors for the ensuing year, and for the transaction of such other business as may be brought before the meeting.

JOHN H. C. DURHAM,
General Manager,
Toronto, 26th January, 1907.

SCOTCH CONCERT.

Massey Hall Audience Enjoys a Splendid Program.

Nowhere was the birthday of Robert Burns celebrated with greater enthusiasm and higher appreciation than at the Massey Hall last night. As usual the Caledonian Society furnished a concert which gave voice to Scottish feeling, and the hearty applause accorded to his continued popularity and success. The feature was the "Royal Scots" Concert Co., who were assisted by Miss Helen Kirkby Ferguson, the Sisters Jaffray, Mr. Ruthven Macdonald and Piper George Murray. Altogether the 148th anniversary of Scotland's national poet testified to the strong national spirit of his countrymen and the assured popularity of Scottish brotherhood.

NOTICE

Monday, the fourth day of February next, will be the last day for presenting Petitions for Private Bills.

Monday, the eleventh day of February next, will be the last day for introducing Private Bills.

Monday, the twenty-fifth day of February next, will be the last day for receiving reports of Committees on Private Bills.

ARTHUR H. SYDNER,
Clerk of the Legislative Assembly,
Toronto, Jan. 2nd, 1907.

Uicers in the Flesh

Mean Bad Blood

As a result of debility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons.

Morbid, unhealthy matter accumulates and breaks out in sores that discharge and will not heal.

Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Hamilton's Pills cleanse and enrich the diseased blood drive out impurities and fill it with nutritious and strong building material.

Ulcers, boils and sores heal up.

Likewise all weakness due to impoverished blood is cured by these Hamilton's Pills, and eczema, eruptions and rheumatism go before it as chaff before a wind.

The skin grows smooth, complexion clears, health vigor and strength are evident on all sides.

A blood remedy for blood diseases, the formula of a famous physician—no improvement can be made on Dr. Hamilton's Pills.

Their use extends to the people of many nations, and has been proved that they do cure when all else fails.

No matter what your ailment may be, it has its origin in the blood. It is curable with Dr. Hamilton's Pills. Sold everywhere, 25c per box or five for \$1.00, and be sure to refuse a substitute.

Their use extends to the people of many nations, and has been proved that they do cure when all else fails.

No matter what your ailment may be, it has its origin in the blood. It is curable with Dr. Hamilton's Pills. Sold everywhere, 25c per box or five for \$1.00, and be sure to refuse a substitute.

TO PREVENT COPPER COMBINE

Metal Dealers in New England Form an Association.

New York, Jan. 25.—At a meeting held to-day representatives of the smaller metal dealers in New York, New Jersey and New England organized a new association to prevent the formation of a copper combine.

LEMIEUX SAYS HE'LL QUIT

If Bureau Gets Promoted, Cabinet Meeting Postponed.

Ottawa, Jan. 25.—(Special.)—The cabinet meeting which was to have been held to-day did not take place. Sir Wilfrid Laurier was confined to his house through indisposition and the meeting was postponed until tomorrow, but it is doubtful if the cabinet will meet before next week.

The premier has a strong snag. All information obtained on application to the Friends' Association to-night, the subject for discussion to be introduced by Mrs. Flora Macdonald is: "The Study of Political and Economic Conditions a Religious Duty for Both Men and Women."

TENDERS

Will be received by the undersigned up to and including the 8th day of February, for erecting the buildings at 144 and 146 King Street East, Toronto.

All information obtained on application to

DARLING & PEARSON, Architects,

Toronto, Ont. 513

At the regular monthly meeting of the Friends' Association to-night, the subject for discussion to be introduced by Mrs. Flora Macdonald is: "The Study of Political and Economic Conditions a Religious Duty for Both Men and Women."

NOTICE TO CREDITORS IN THE

Supervisors of the County of York, late of the City of Toronto, General Traveler, deceased.

Notice is hereby given pursuant to the Revised Statutes of Ontario, Chapter 123, that all persons having claims against the estate of the late General Traveler, late of the County of York, in the County of York, who died on or about the 12th day of December, 1906, are hereby required to deliver to the undersigned solicitor for the administration of said estate, or to the undersigned, before the 5th day of February, 1907, full particulars of their claims, duly verified by affidavit, and that after said date the administrator will proceed to distribute the proceeds of the estate among the parties entitled thereto, having regard only to the claims of which he shall then have notice.

Dated at Toronto, this 12th day of January, 1907.

LEE, O'DONOGHUE & O'CONNOR,
Dineen Building, Toronto,
Solicitors for the Administrator.

Canadian Institute.
The Canadian Institute will hold its usual meeting at the Library, 128 Col- lege-street, this evening, Dr. B. A. Bessley will give a lecture entitled, "The Marine Biological Laboratory on the Georgia Bay," with lantern illu- strations. The public are invited.

Coal From Japan.
Tacoma, Wn., Jan. 25.—Several car- goes of coal shipped from Japan will be received on at Puget Sound shortly to help relieve the fuel famine.

GREAT NORTHERN CREATED TO INJECT IN THE WATER
Attorney-General of Minnesota Begins Proceedings to Cancel Railway Charter.
St. Paul, Jan. 25.—Attorney-General Young today began mandamus pro- ceedings in the supreme court to com- pel the St. Paul, Minneapolis, and Manitoba Railway to show cause why its charter should not be forfeited.

SCHOOL REPAIRS.
Property Committee to Strike Esti- mates Next Week.
The idea of a new high school in the northern part of the city may be dis- couraged when the property commit- tee of the board of education is pre- pared to take definite action. In the com- mittee's special meeting yesterday (Jan. 24) it was reported that the property committee suggested that when the new Riverdale high school is completed it is charged to the Board of Education, and since the new technical school propo- sition is about to take practical shape Harbord Collegiate may be somewhat relieved. Additional rooms may be added, however. The committee will visit the various public schools and the colleges prior to next Friday to ascertain what additional accommoda- tion is needed. A special meeting will probably be held Friday night, when the estimates will be prepared.

WILL SUPPORT PRESIDENT.
In Move to Ameliorate Conditions in Congo Free State.
Washington, Jan. 25.—The senate committee on foreign relations today ordered favorably reported the sub- stantive bill for the Congo Free State, concerning the Congo Free State situa- tion.

RUSSIA WITHDRAWS TROOPS
Will Not Wait for Date Fixed in Jan. Treaty.
St. Petersburg, Jan. 25.—The Rus- sian government has decided to with- draw its troops from Manchuria im- mediately instead of awaiting the date, April 15, fixed by the Russo- Japanese agreement. The Russian government has notified the Japanese government of the decision, and of the steps al- ready taken by Russia, assuring the completion of the evacuation at an early date.

SPECIAL MEETING TO DEAL WITH TEACHERS' SALARIES.
A special meeting of the board of education will be called for Thurs- day night, to deal with the question of teachers' salaries, and also increased accommodation in the various schools.

Habit-forming Medicines.
Whatever may be the fact as to many of the so-called patent medicines con- taining injurious ingredients as broadly published in some of our papers, the influence, this publicity has certainly been of great benefit in arousing needed attention to the fact that many of these medicines are composed, thus, has com- pletely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Fur- thermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and all well recognized curative virtues.

"SWEATSHOP" WAGES.
Magistrate Kingford Rebukes Foreman Who Paid \$4 Per Week.
Magistrate Kingford yesterday af- ternoon read Nathan Bengal, a man- ufacturing tailor, 101 1-2 West Ade- laide-street, a lecture. Bengal had been summoned on a charge of non- payment of wages. The complainants were two Russian girls—sisters—who had been in Toronto a short time and cannot speak English. At the end of the week he tendered one \$2.50 and the other \$3.50. The mag- istrate told him that he could be ashamed to introduce such "sweat- shop" methods into Canada. In his defence Bengal said he was only a foreman for Henry Darling & Co. He left the court room in a bad temper and wondering what he would say to him about the extrava- gant extra expenditure.

WE OFFER FOR SUBSCRIPTION
50,000 SHARES OF THE
TEMISCAMING MINING COMPANY
 LIMITED
 (NO PERSONAL LIABILITY)
CAPITAL - - \$2,500,000

- A SHIPPING MINE.
- A MAGNIFICENT VEIN.
- WONDERFUL SILVER VALUES.

The company owns eight claims, five of which are located in the Cobalt District, and described as follows:

No. 1—Is in the Kerr Lake section, and is now producing some of the most sensational values ever seen in the Cobalt. Assays from the vein run clean thousand ounces per ton. Description of the claim: South half of the northwest quarter of the north half of lot one, concession three, Coleman Township, containing twenty acres, more or less, held under Brown Patent record in the Land Titles Office, and has the longest and probably the richest vein yet discovered in the entire camp, and in addition thereto there have been uncovered on it five other veins, which promise to be equally rich when developed to the same extent. On the first mentioned vein shaft has been sunk to a depth of 75 feet, and cross-cutting and drifting has been done for about 800 feet, and in the process of this work about three car loads of ore has been taken out. Native silver was first struck on this vein at the forty-three foot level, and at the seventy-five foot level, where the work is now progressing, it has developed an amazingly rich vein, running from eight to fourteen inches in width. It is the opinion of all experts that have examined the vein that it is not surpassed, if indeed equaled, by any vein in the entire camp. There is no doubt but that it will run at least thirty per cent. silver.

Upon the other vein a large amount of trenching has been done, and three other shafts, to a depth of twenty, thirty-five and forty feet respectively, have been sunk. The forty foot shaft is being worked night and day, and doubtless when the 75 foot level is reached equally as good ore will be found as in the first mentioned vein.

No. 2—Consists of the northwest quarter of the south half of lot three, second concession, Township of Bucke, forty acres, two veins each giving very satisfactory assays. This is three lots distant from the Green-Meehan.

No. 3—Consists of the southwest quarter of the north half of lot eight, concession three, Township of Bucke; very good vein, showing fourteen ounces to the ton.

No. 4—In Abitibi Lake section; has twelve distinct veins.

No. 5—Forty acres, lot one, concession four, Cook, forty acres.

No. 6—South half of lot twelve, concession four, Township of Barnet, forty acres; has a ten-inch calcite vein, with twenty ounces of silver on the surface.

TARIFF FAILS IN MISSION DISCOURAGES INDUSTRIES

C.M.A. Executive Declare Their Disappointment With the Government's Program.

Secretary Murray of the Canadian Manufacturers' Association yesterday made public the decision of the executive council of the association concerning the new tariff, which they, "as practical business men," have arrived at. The statement reads:

"The aim of the Canadian Manufacturers' Association, insofar as the fiscal policy of the country is concerned, has always been to secure for Canada a customs tariff which would not only encourage a logical development of industries already established, but would also serve as an incentive to investors to undertake new enterprises. The proposed tariff will not, in our opinion, encourage, either the establishment of new industries, or the further development of those already established. Its mere announcement has caused the abandonment not only of many proposed extensions of existing industries, but also of new enterprises, which, if carried out, would have secured to Canada the investment of millions of dollars.

"During the past four years all industrial nations have been experiencing unexampled prosperity, and as a consequence, the manufacturing industries of Canada, generally speaking, have secured a fair share of the increasing Canadian market. But even under these conditions, certain manufacturing industries have been exposed to unequal and unfair competition, which, if carried out, would have secured to Canada the investment of millions of dollars worth of goods were being annually imported into Canada, which might, under proper tariff conditions, be manufactured at home, to the immense advantage of workmen, farmers, investors and Canadians generally.

"The present prosperity of Canada, and the fact that the world is awake to her immense potentialities, suggests that it is the part of wisdom to encourage now the prompt investment of Canadian, British and American capital in our industrial enterprises, and this, in our opinion, can only be done by the introduction of a national tariff sufficiently protective. The workmen are busy and the country generally prosperous, that a real Canadian policy can be maintained. When the inevitable depression comes an increase in the tariff will not attract capital. Competition from nations which are already industrially developed or highly protected, forces such a policy upon Canada, if its industries are to be developed to times of prosperity and maintained in times of depression.

"We respectfully submit that we were warranted in believing that the new tariff would impose a higher scale of duties on articles coming from countries in which the tariff is high, and against Canada. The maximum schedule as submitted, is however, to intents and purposes, the same as the old general tariff, which has already been found insufficient to secure the extension of existing enterprises, and the establishment of new ones. The intermediate tariff is considerably lower than the general tariff. It is an innovation which will, if agreed upon, stand as a continuous invitation to countries competing with Canada to negotiate with a view to having it made effective. If the same should at any time become operative in favor of any of our Canadian competitors, it would deal a death blow to Canadian enterprises, and prove disastrous to many lines of industry. The government is to be given authority to have the same apply to any foreign country, without receiving the consent of parliament, and long as Canada's development is menaced by the unknown possibilities of such a tariff, capital will remain timid, and present industries will not be developed, nor will the establishment of new ones be encouraged.

"The principle of a mutual preferential arrangement with Great Britain is endorsed, but the present schedule favors of our Canadian producers on an equitable basis with their competitors in Great Britain, who enjoy many advantages tending to cheaper production."

NEW TRIAL ORDERED.

The divisional court has ordered a new trial of the suit brought against the street railway by Miss Brenner, a Russian Jewess, 18 years old, thereby reversing a decision by Judge Magee, awarding Miss Brenner \$500 and her father \$600. The divisional court's decision was due to the fact that the jury at the previous trial found contributory negligence on the part of the plaintiff.

GOING TO VANCOUVER.

Winnipeg, Jan. 25.—It is announced that R. Marpole, at present general superintendent of the Pacific division of the Canadian Pacific Railway, has been given an executive position, with headquarters at Vancouver.

LOUISA ST. SCHOOL OLD BOYS.

The fifth annual entertainment and reunion of the Louisa-street School Ex-Pupils' Association, which took place at the St. George's Hall last evening, proved a highly successful function. R. H. Butt presided, and on the platform were: Ex-School Trustee R. R. Davis, who was a pupil in the school when it was opened, and Trustee Harry Simpson. The program was furnished entirely by sons and daughters of ex-pupils, namely, C. Myers, Miss Pauline Cartan, Misses Hattie and Lizzie Nichol, Miss Rose, and others with Mrs. H. McGill, accompanist. Refreshments were served.

IN MEMORY OF BURNS.

Ingersoll, Jan. 25.—(Special).—The Burns anniversary was celebrated with great fervor to-night at a magnificent banquet held at the Daily House. One of the principal speakers was Rev. Jas. Burns, pastor of the Baptist Tabernacle. Dr. McKay, ex-M.L.A., was toastmaster.

FELL ON THE SIDEWALK.

Alma VanBustiri, 56 Elm-street, fell on the sidewalk on Yonge-street, and near a horse and carriage. She was taken to the General.

The annual dinner of the Canadian Order of Foresters of Toronto will be held at the St. Charles Cafe on Tuesday evening, Jan. 29. The high chief ranger,

\$20.00 MAY EARN \$1000.00.

QUICK PROFIT POSSIBLY ASSURED
 \$20.00 invested now may result in an income of \$1000.00. This may seem incredible, but we can convince you. The Lead and Zinc industry is a general proposition that makes it one of the most profitable enterprises in the world. We represent a Lead and Zinc company of Joplin, Mo., the Zinc metropolis of the world. The company has a positively proven developed mine—a prospect, remember. Shares are being drilled done, ore taken out and work progressing rapidly on this 50-acre tract. It's a big proposition. It has merit. We are offering a limited number of shares, just temporarily, at the extremely low price of 10 cents share (our value \$1.00, fully paid and non-assessable). And the price of these shares will surely advance in a short time, thus assuring almost immediate profit through increasing value. The company wants to construct mills in a hurry to concentrate the immense bodies of ore now in sight. \$20.00 will buy 200 shares now. Make it one of the most profitable investments you ever made. 200 shares should be worth \$2000.00. Not less than 100 shares will be sold at 10 cents a share, the installment subscriptions will be accepted of one-half down, and the balance in four equal monthly payments.

National Bank references as to officers and directors. Positive proof of title property given in report of State Mine Inspector, under three governors, as well as other experts. Write us for full particulars, including maps, ore assays, mining engineers' reports, superintendent's reports, references, etc.

PARRY SOUND TO NORTH BAY

Deputation Asks Government to Assist Extension of C. N. R.

To extend the C.N.R. to North Bay from Parry Sound was the project placed before Hon. Frank Cochrane and Hon. Dr. Reame yesterday by a deputation from Parry Sound, introduced by John Galna, M.L.A., and headed by Mayor Johnston. Others present were: Solicitor Powell, Councilors Perks and Beatty, Reeve Lawrence, McDougall Township; John Thompson, J. P. Moseley, A. Dwyer, Alex. Logan, T. W. Quinn, Joseph Farrier, magistrate; Peter Weller, John Campbell and George W. Hankinson. Parry Sound, it was represented, was the ideal spot for a smelter, and with the C. N. R. to North Bay arrangements could be made for a direct line from Cobalt to Toronto, with Parry Sound on the main line.

The part to be played by the government was that of a loving foster-father, to the extent of guaranteeing the bonds of the portion of the road to be built, in consideration of which the government would receive running rights. The distance is 70 miles. A proposed guarantee of \$20,000 a mile by the late government was frowned upon by the Conservatives.

The scheme will be considered by the government, and the deputation found grounds for satisfaction on their reception. The T. and N. O. Railway is already negotiating for running rights over the Grand Trunk Railway.

CAPITAL IS REDUCED.

Grant Hugh Browne Makes Announcement re Limited Cobalt Co.

New York, Jan. 25.—The fog of mystery which has enveloped the affairs of the United Cobalt Company from the time it was announced last autumn that Grant Hugh Browne, once vice-president of the United Lead Company, and, therefore, thought to be a representative of the Guggenheims, and Thomas F. Ryan, would accept subscriptions to the company's stock at par, has been dispelled by Browne. The company was to obtain options on thirty Cobalt mines, and the capital stock was put at \$10,000,000. Browne now announces that the capital has been reduced to \$2,500,000.

HIGH PARK GOLF CLUB.

The energetic committee of the High Park Golf Club are certainly to be congratulated on the success of their dance last evening at McConkey's. Music and floor were perfect and the dancing was begun in good time and carried out with none of the usual unnecessary delays.

A few of those present were: Mr. Simpson, Miss Simpson in pale pink. Mr. Roy Van Vlack, Mr. Harry Thompson, Mr. Tindale, Mr. Fous, Miss Mason, in pale blue, Miss Irene Britton, in spotted white net, Miss Bruce Fraser in white net, touched with pale blue, blue wreath in her hair; Miss Mabel Duthie, in Dresden organdie de soie; Miss Nora Stevenson, in pink silk. Mr. J. Macdonald, Mr. Plant, Mr. Atkinson, Mr. Macdonald, Miss Florence Crawford, in pale yellow; Mr. Moon, Mr. Birrell, Mr. Ghent, Mr. Harry Macdonald, Mr. Alex. MacKilvie, Mr. Peter Scott, Mr. Colin Campbell, Mr. Frank Sloane, Mr. Norman Smallpelce, Mr. Eight C. Meyers, Mr. Haig, Mr. Bunting, Miss Alyce Cooke, in pretty pink; Mr. Billy Cooke, Mr. Bert Greene, Mrs. Davidson, in black tulle; Mrs. MacEvoiy, Miss Gouinlock, the Misses Mills, Miss Ethel MacKay, Miss Embree, Miss Moon, Miss Anthonis, Miss Marjorie Murray, in pale blue, and many others.

KILLED AT LEVEL CROSSING.

Amprion, Jan. 25.—This evening Thos. Doolan, who lives a few miles from town, and father of A. Doolan, grocer, was driving a team of horses attached to a cutter, and, in crossing the G.T.R. tracks, was struck by the express from Ottawa and killed, as were also both horses. He had been in town attending the ice races and was intending to call on some relatives. He was somewhat hard of hearing.

GOING TO VANCOUVER.
 Winnipeg, Jan. 25.—It is announced that R. Marpole, at present general superintendent of the Pacific division of the Canadian Pacific Railway, has been given an executive position, with headquarters at Vancouver.

SURE CURE FOR SCIATICA.

Sciatica is really inflammation of the sciatic nerve, the largest nerve in the body. This passive inflammation is the product of a run-down condition, and in every case you may be sure the nerves are worn down fine.

The pain is the cry of the nerves for more food—for richer, redder blood. Rubbing on a greasy liniment can't help very much—you must treat the blood and rebuild the nervous system. This can be promptly done with Ferrerozine.

No holder of nerve force is more powerful. No tonic so quickly fortifies the muscular system, imparts such strength, such endurance and vigor. Any trace of Uric Acid and rheumatic poison are quickly driven out by Ferrerozine. The lowered condition of the system is changed into a reserve of vigor that defies further attacks of Sciatica.

Marvelous in its reconstructive and rebuilding power, quick to give relief, absolutely sure to cure—where can you find a better treatment than Ferrerozine? Sold by all druggists in 50c. boxes; try Ferrerozine.

DIARRHOEA AND DYSENTERY
 NOT CONFINED TO SUMMER.
 They affect people in the winter, too, in the case due to improper eating. In the other to congested conditions excited by cold. Quite easy to cure these troubles if the right remedy is used. Very small doses of Ferrerozine repeated every four or two hours remove any sense of discomfort. It removes the pain, relieves the immediate nervous trouble, that's why it never fails to cure. Not a pain or an ache, not a bruise or uneasy feeling that's not quickly cured by Ferrerozine. Hundreds of thousands of 25c. bottles sold every year.

Canada.

DINEEN'S STOCKTAKING CLEARANCE

An absolute clearance of everything in stock beyond such staple furs as are actually required for the tourist season. We are almost reckless as regards prices, insisting on big reductions with everything that belongs to Winter. For instance:

12 only Ladies' Fur-lined Coats, some tight-fitting and some loose, all this season's models, lined with lock-squirrel and some hamster, collars of lynx, Alaska, sable and sables squirrel, regular values \$55 to \$70, special to close at..... **\$31.00**

The well-known reputation of Dineen Furs, and the persistency with which we maintain values, makes this chance doubly special. We take Inventory next week and want to reduce stocks all we possibly can before then.

Dineen's

HON. A. G. BLAIR DEAD

Continued From Page 1.

said that Mr. Blair was a daring and successful politician. It is curious that he should have died at Fredericton, for he left that town in disgust after being defeated for the legislature in York County, while premier, years ago and several of his children are buried in (Ottawa). One daughter was drowned here a few years ago. Others married and live elsewhere. His widow and son, George Blair, law clerk of the railway board, reside in Ottawa.

Not After Cousin's Seat
Asked about Mr. Blair's intention to succeed Hon. John Costigan in the house, Mr. Crockett said, "That was not his intention; at least, he told me it was not, only a few weeks ago when I chanced to meet him in Montreal. He was the most dangerous opponent, in my opinion, that the Conservative party had in New Brunswick."

TO HAVE RE-ENTERED POLITICS
Intimated to St. John Liberals His Desire to Represent Them.

St. John, Jan. 25.—(Special.)—Judging from his attitude at the recent Liberal convention in this city, Mr. Blair's intentions were to contest St. John for the house of commons, if he could get the nomination.
"I may say," he remarked during his speech, "that nothing could give me more pleasure than to be back in parliament as a representative of the City of St. John, and when the time comes, if it is the wish of the people of this constituency, I would be willing to enter the field as the government standard-bearer here."
It is believed by those in inner circles that Mr. Blair's intentions were, if elected, to prevail on the government to make him chief justice of New Brunswick. Judge Tuck, the present chief justice, will be retiring soon, and there is no doubt Mr. Blair was anxious to succeed him.
It was plain that had Mr. Blair lived would have been detrimental to the Liberal party in this province. A split would have occurred and Zimmerman's power would have diminished rapidly.

Asked to-night in reference to Mr. Blair's death, Hon. H. A. McKeown said:
"A strong man has been called away while it was believed years of usefulness yet remained. Andrew G. Blair was the greatest living New Brunswick, and for a quarter of a century the gaze of the people of the province centred upon him as upon no other public man."

"A STRONG MAN"

Montreal Gazette Summarizes the Greatness and Weakness of Blair.
Montreal, Jan. 25.—(Special.)—The Gazette will say to-morrow:
"The sudden death of A. G. Blair will not cause the sensation in political life that a few years ago would have marked the event. Mr. Blair lived to understand how much of his strength even a strong man owes to his being seated in the place of power. Possibly with his notable success his

Bronchitis Curable

That's what doctors say about consumption and bronchitis.
But as they always spring from Catarrh, why not prevent it?
Catarrh cures because it kills. It heats the inflamed membrane—relieves coughing—clears the throat—frees the nostrils—makes you well.
Here's the result of "Catarrh-zone":
No more colds.
No more coughs.
No more frontal headache.
Sneezing is cured.
Hawking is cured.
Bad taste is cured.
A quick cure—a sure cure—the kind that stays cured follows Catarrh-zone, which is guaranteed for Catarrh, Bronchitis and throat troubles; try it.
Cure guaranteed with the complete \$1.00 outfit; small (trial) size 25c. Dealers or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

career was on the whole a disappointment to him.
It may be said of him that he was New Brunswick's politician. He disregarded party lines in the selection of his colleagues. By going into the opposition ranks, which, as a rule, were filled with Conservatives, and taking therefrom into his administration leading members, he avoided the consequence of defeat in a general election and created for himself the reputation of an astute manipulator of men. At Ottawa he was hardly as effective as he had been at Fredericton. When he first encountered the Conservative opposition in parliament, it included Sir Charles Tupper, Mr. Clarke Wallace and others, to whom a battle across the floor was a delight. When he sought to force measures thru the house of commons as he had been accustomed to in the legislature, he had left their interests, out of which he came wiser, but not so assertive.
He served his party well, using the great power, which control of the intercolonial gave him to weaken and destroy his opponents in the Maritime Provinces, teaching the trick, also, to his successor, who made even a greater, and to the country, a more costly success of it than he had done.

For the railways.
His chief legislative work was the Railway Act of Canada, creating a commission for the control of the railways of the country. In introducing this parliament he exhibited a knowledge of railways, railway law and railway operation that showed him to have greater powers of mind than had been conceded by ordinary observers and raised him in the estimation of parliament and the country. By common consent also he was designated as the proper person to take the chief position on the commission his bill provided for, and his successor, Mr. Kilham, has lately told how capable and how effective was his work in this connection he served his country well.

Before becoming chief railway commissioner he had resigned his portfolio as minister of railways and canals. He had been ignored by Sir Wilfrid Laurier in the cabinet negotiations connected with the national transcontinental railway scheme, and in resentment he had resigned. He was in the cabinet, giving his reasons for his course in a speech that will live for years in the memory of those who listened to it, and the like of which is rarely heard nowadays.
A resignation that created even greater interest in October, 1904, on the eve of the general parliamentary elections, when Mr. Blair retired from the railway commission, for the purpose, some of his friends announced, of taking part in the campaign against the government. The step was ill-considered, and the result, a plot of wide ramifications, and discreditable methods, designed to stampede the public and turn support from the government.

The truth in regard to this is yet to be authoritatively told. As things are what was said left a stain upon Mr. Blair's record that damaged him in the eyes of the public and weakened him as a possible force in public life. If the truth would clear him, those of his friends who know it should speak and make it known. Nothing, however, followed the resignation. He did not take the stump. He did not see Sir Wilfrid Laurier. The government was not defeated.
At the late Liberal conference in New Brunswick Mr. Blair appeared with the select of the party and evidently in full communion again. This was hardly the treatment that would have been accorded to a dark plotter against the light, even among the practical politicians, who pretend to speak for New Brunswick Liberals. Whatever the facts may be in this regard, however, it can be said that Mr. Blair's untimely death removes from our political life a strong man, who in some things did good and in others to the country and who knew how to win and hold the personal regard of his friends.

LIFE OF A. G. BLAIR.

Entered New Brunswick Politics in 1878 and Led Three Governments

Hon. Andrew George Blair, K.C., is of Scotch descent, and was born in Fredericton, N. B., in 1844. He received his early education at the collegiate institute there, afterwards entering the legal profession and receiving a call to the bar in 1868. He was created a Q. C. by the Earl of Derby in 1885.

Hon. Mr. Blair entered active political life in 1873, when he was elected for York County in the New Brunswick assembly. A petition was filed against his return and he resigned, his ability to have been the Canadian Club. He said: There is one thing more I ought to say: I think this country owes a deep debt of gratitude to the first chief commissioner of the board of railway commissioners, the Hon. Mr. Blair. Mr. Blair is a very able lawyer; he had much experience as minister of railways, and as the head of the Hannington administration and was called upon to form a government, and his executive ability was such that a single day sufficed for him to appoint his cabinet. His government was sustained in general elections in 1886, 1890 and 1894. Hon. Mr. Blair was a member of the interprovincial conference at Quebec in 1887. In 1892 he was appointed chief justice of the Supreme Court and in 1893 was vice-chairman of the Ottawa Reform convention.

On Sir Wilfrid Laurier coming into power in 1896 Mr. Blair was invited to enter the cabinet, accepting the portfolio of railways and canals. He was returned as member for Queen's-Sunbury, in 1900 he defeated Hon. George E. Foster in St. John, N. B.
Difference of opinion with the government's policy of constructing the Grand Trunk Pacific caused him to resign in July, 1903, from the government. In the ensuing year he was appointed chairman of the railway commission, but shortly after, resigning being just prior to the general election of 1904.

In 1905 he accepted the position of managing director of the Toronto Roller Bearing Company, resigning to become connected with the legal department of the C. P. R.
In the house of commons the premier, replying to Mr. Borden, defended the appointment of Mr. Blair as chairman of the railway commission on the ground of there not being "a better qualified or more competent man" in Canada; declared that the government had been influenced by the highest motives in making the appointment, which had been done despite Mr. Blair's opposition to their railway policy.

On March 15, 1904, Hon. Mr. Blair, taking advantage of the law making his decision binding over the other two members of the railway commission, decided in favor of the contention of the municipalities of Fort William and Port Arthur that the municipal phones should be admitted into the C.P.R. stations and freight sheds in competition with the "Bell" monopoly. Mr. Blair said his decision was simply an interpretation of the law.

THINGS FOR MEN HALF PRICE BUY ON SATURDAY

Business in our Clothing, Hats and Furnishings departments will be very much enlivened to-day by special Saturday price-cutting. Those who know what things are worth will find a harvest awaiting them. We only ask half-price on some.

self engaged in the most strange and peculiar transaction part in drawing up the Railway Act under which we are working at present, and in order to frame it he must have enquired fully into the different systems in vogue elsewhere. Mr. Blair went to the board of railway commissioners with a large amount of knowledge; more than any other man could have had in undertaking such work. He did great work in establishing the Canadian railway commission; he established it upon broad lines. I very much regret, and I think the country should regret, that he saw fit to retire so soon from the work of the board.
I can only say that it appears to me from my experiences since I have been with the board, that any defects in the system, or in the organization of the board, are almost if not wholly in regard to matters as to which Mr. Blair's ideas were disregarded and overruled, rather than as to those matters with which to which his ideas were carried out."

On Monday last his successor in the chairmanship of the railway commission, Mr. Justice Killam, paid a tribute to him in an address before the Canadian Club. He said: There is one thing more I ought to say: I think this country owes a deep debt of gratitude to the first chief commissioner of the board of railway commissioners, the Hon. Mr. Blair. Mr. Blair is a very able lawyer; he had much experience as minister of railways, and as the head of the Hannington administration and was called upon to form a government, and his executive ability was such that a single day sufficed for him to appoint his cabinet. His government was sustained in general elections in 1886, 1890 and 1894. Hon. Mr. Blair was a member of the interprovincial conference at Quebec in 1887. In 1892 he was appointed chief justice of the Supreme Court and in 1893 was vice-chairman of the Ottawa Reform convention.

Five Jurors Now Selected
WHITE KNOWN TO MANY
New York, Jan. 25.—Fifty-one talesmen were examined in fast time to-day in an effort to complete the jury which is to try Harry K. Thaw for the killing of Stanford White, and at the end of the day's session two names had been added to the jury roll, making seven in all. One hundred and one talesmen have thus far been examined, and five jurors remain to be chosen.
Harry Thaw seemed much more accustomed to his surroundings in the courtroom, and for the first time gazed interestedly at the crowd in the courtroom, which was limited, however, to talesmen, and newspaper writers. Thaw seemed especially interested in the reporters' tables, and tried once to read a large typed account of his trial in a paper one of the writers was scanning.
The work of going thru the jury list was extremely tedious. But this tedium was enlivened by a salesman named Ketcham, who said he was connected with an electrical supply house. He said that while he was not opposed to capital punishment for murder, he was opposed to the use of electricity as the mode of execution. When asked if he knew Stanford White, he replied: "I am glad to say I did not."
Another feature of the day was the
